I'm Reddy For A Cozy Christmas

HIS Christmas business

Is lots of fun! Here I am, all wrapped up in my work... and you will be, too, if you persuade Santa Claus to bring you one of those wonderful electric blankets.

Now you might think because you live in the Sunny South that an electric blanket is an extravagance. "Why, Reddy," you say, "I only need a blanket about two months of the year!" But you and I know that in spite of statistics it does sometimes get down around freezing. For those few nights, you have to have several blankets... one just wouldn't be enough. And then, when the cold snap is over, they all have to be cleaned... and stored for three-fourths of the year.

Think what a blessing it would be to have just one blanket to clean and store each year! Not only that, but a blanket that keeps your bed an even, comfortable temperature whether it's merely a bit chilly outdoors, whether it's one of those truly cold nights, or whether it changes from one to the other in the wee small hours! You just sit the automatic control for the temperature that best suits you. The bed is warm when you get in... it stays that way all night long no matter what happens to the weather.

See your appliance dealer today... and make yours a cozy Christmas!

FIRST METHODIST CHURCH

W. J. Ashworth, Pastor

TEXT: "Why are thou cast down, O my soul?" Psalm 42:5

"In the night his soul shall be with me," Psalm 42:8

The Psalmist here expresses a universal longing, the longing for God. The Psalm referred to above is one of David's, written no doubt when he was being pursued by his enemies under the direction of King Saul, or perhaps his own rebellious son, Absalom. Life was not all sweetness for the saints of old. They had problems. They had their enemies. They were depressed in spirit. Augustine is often quoted as having said, "O God, we are made for Thee, and our souls are restless until they find rest in Thee." This statement describes a universal condition, for it was not Augustine alone, but every man was made for God, and is restless until he finds rest in him.

WHY ART THOU CAST DOWN, O MY SOUL? The Psalmist met and faced the issues of his own life in an honest and humble way. He did not charge his failures up to some one else. He did not say he was a victim of ill luck. Or that he was a victim of circumstances. But as a man of God, he knew that back of everything that had happened to him, there was a reason, a cause, and he was determined to know, not so much the "how" but the "why."

"Why are thou cast down, O my soul?" He knew that it was he, not God, that had failed somewhere along the line. He knew there was a lack of something, somewhere, and he was determined to find it. He knew, as many of us know, that nothing but God can satisfy the inner longing of the human soul. He knew, as many of us know, that if the sense of his love be withdrawn, life would lose its flavor, and that every enjoyment of life would become tasteless.

He knew, as we all know, that no ciphers of earthly comforts can quench the thirst of a soul that is longing and thirsting for

God. May I reemphasize that fact that, the universal longing of men of every age, has been the longing for God. No substitute for God has ever been found.

AS THE HART PANTETH AFTER THE WATERBROOKS, SO PANTETH MY SOUL AFTER THEE, O GOD. One of the great statements of a few decades ago said, "I have been driven many times to my knees by the overwhelming conviction that I had nowhere else to go. My own wisdom, and that of all my own men, seemed insufficient for the day."

IN THE NIGHT HIS SONG SHALL BE WITH ME. "All thy waves and billows are gone over me. Yet the Lord will command his loving kindness in the day time, and in the night his song shall be with me." He did not lose his faith in God. It is a wonderful thing to believe in God, to believe, as he has said, that the night is not all darkness, but after the heat and turmoil of the day, when a quiet, when the cares of the day are out of the way, it is then, says the Psalmist, that the Lord sings to me. What a blessed thing it is to hear the Lord's song in the night of trouble, suffering or sorrow! We can hear that song if we are on good terms with Him at the close of the day. Nothing can ever touch us with-

out the Father's knowledge. If we could but realize this truth, it would take the fear out of life and out of death, for as the poet sings:

"I know not where his islands lift

Their fringed palms in air,

I only know I cannot drift

Beyond His love and care."

I know not how He orders this universe. I know not how the stars are governed. I know not how many knobs and bumps I will have as a kindergarten pupil in this universe, but I do know:

"I cannot drift

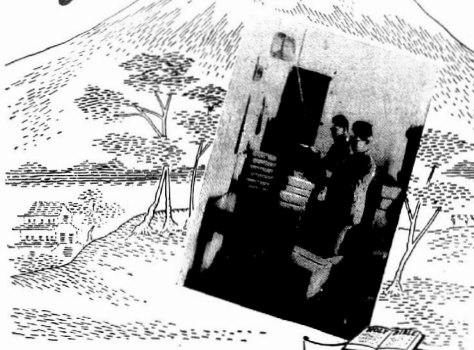

Beyond His love and care."

"The Lord will command His loving kindness in the day time, and in the night His song shall be with me. Therefore, be of good cheer! When the long day is over, and you walk in the scent of dusk down through the last valley, it will not be alone, for He, the Companion of all men, has pledged His word to be with you.—Amen.

More than 100 million pounds of coffee are bought annually in Columbia, South America, by buyers permanently stationed there by A & P Food Stores, this country's largest importer of coffee.

See you in CHURCH Sunday—

"SEND MORE"

"Send more Scriptures," cabled General MacArthur to the American Bible Society, and this in spite of the fact that over 2,500,000 copies have already been sent to Japan by the Society since VJ Day.

"Send more Scriptures," 7,856,000 copies, is the specific request of fifteen nations, unable to produce their own Bibles since the war.

From all over the world this urgent cry is being heard. It is up to us—all men of goodwill—to answer this plea.

We invested in bombs and battleships for the sake of a new chance for freedom under God. Now we must invest in Bibles which contain the one sure plan to make good that chance.

The two boys above are pictured in the receiving room of the Japan Bible Society. They are preparing Scriptures from America for distribution. Let us give our wholehearted support to this cause, which will bring the Word of the Lord to men of all nations.

For detailed information, write the American Bible Society, 450 Park Avenue, New York 22, New York.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest force for good in the world. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should support his Church and its work:

(1) For the sake of his community and nation.

(2) For the sake of his own soul.

(3) For the sake of the Church itself.

(4) For the sake of the world.

Which needs his money and his church regularly and send your Bible duty.

Winter Guests Club News

By DAVID ARTHUR BODIE

It is with profound regret and sorrow that we record the passing of two of our members last Sunday. Mr. John H. Hood and Mr. L. H. Park. Mr. Hood has been a sufferer all during the past summer, and his untimely demise leaves a void that will be long felt in this community. His obituary appears in another column of The Sun. Those of our members who knew him best always spoke of him with respect and affection. Mr. Park, a former architect, took up sketching and water-color painting after retiring and did beautiful work. Several of his pictures occupy places on the walls of our clubhouse. The Winter Guest Club extends its sincere sympathy to the bereaved families.

The Club news has been sadly neglected of late due to unavoidable circumstances of which some of you are already aware. We learn that Mrs. Rulison suffered a bad fall last week, and sustained some serious bruises. As this goes to press, we are glad to report that she is up and about and smilingly busy showing her troubles all away. We also have vague reports that Mrs. Kern, and Mr. Connelman, and perhaps some others, have been unsteady on their feet and have suffered more or less depending on the relative hardness and solidity of grassy ground, store floors, and concrete walks upon which they happened to land in falling. There seems to have been a plethora of tangled feet and subsequently stumbling lately, whatever the cause. Plethora is rather an unusual word in general conversation, and it is used here in recording this unusual epidemic of mishaps. It is derived from a Greek word meaning "fulness", "the state of being too full", "over abundance", etc. Pundits who may read this will consider it a painful twist of the true meaning but we are dealing with some painful experiences. Be that as it may, we who have been recent victims of this series of accidents, are being admonished by well-meaning friends, that we had better change our ways before something worse happens now that Highlands County has gone wet.

The covered-dish supper last Friday evening was a par with previous suppers we have attempted to describe. However, it was forcibly brought to our minds, the increasing inadequacy of our accommodations. The ladies in charge deserve special credit in handling the situation as well as they did under obviously serious difficulties. Since the utilities tax has been voted out, we have little hope that any extension to the clubhouse will be made this year, as a consequence, our indoor entertainments during the coming winter do not look promising.

Since our last entry the following members have been added to the list:

- F. J. Adams—Local address, 400 S. Central Ave.

Children's Society Appeal For Xmas

Christmas will be no different from any other day of the year for scores of utterly helpless, homeless, orphaned and completely destitute little children now under the care of the Children's Home Society of Florida in the five lovely home-like Receiving Homes of the Society throughout Florida unless a lot of kindly Florida citizens will come to the rescue with funds, foods, Children's wearables, toys, games and goodies promptly.

Marcus C. "Daddy" Fagg says, "Because of storms, floods, uncertain economic conditions, and other factors beyond our control, the Society's income has been tremendously decreased. Our immediate concern is the coming of Christmas. We just cannot permit these defenseless

See You IN CHURCH Sunday

BEERING WILL VOTE ON SUNDAY BAN ON BEER

When Beering voters go to the polls Dec. 14 for the annual municipal election, they will decide whether beer parlors must remain closed on Sundays, as well as choose city officials.

But the vote on the beer-selling hours is expected to be just a hollow gesture. The ordinance providing for Sunday closing will not go into effect until the county commissioners and other municipalities in the county adopt measures containing the same restrictions.

The beer dispensers voluntarily close their places of business from midnight Saturday until 1 P. M. Sunday.

Chief aid to the Physician in diagnosis of tuberculosis, the X-ray can "see" the disease before its symptoms are apparent.

Friendship Bible
Class Has Christmas
Dinner

Members of the Woman's Friendship Bible class of the First Methodist Church held their annual Christmas turkey dinner in the church annex on Monday evening. The husbands of members were invited guests.

The center of each of the two long tables was outlined with a flat arrangement of asparagus fern dotted, at intervals, with sprigs of brilliant red Brazilian pepper and foliage. This same exotic fall flower was used at the windows, and a large basket of poinsettias was placed at a vantage point. The napkins were in a festive motif.

Following the delicious turkey dinner, Christmas carols were sung, and Miss Dorothy Jones, at the piano, played a beautiful instrumental solo. Mrs. Mary Gresham led a unique contest, and Mrs. Lella Kirkwood read an appropriate story, to complete the program. A short business meeting was held, when reports were heard and plans were made for a Christmas basket.

Mrs. Gresham was chairman of the committee on arrangements for the dinner. Other members serving with her were Mrs. Hoyt Harris, Mrs. Kirkwood, Mrs. J. W. Chandler, Mrs. W. S. Rawlings, and Mrs. L. L. Hall.

Those present included ev. and Mrs. W. J. Ashworth, Mrs. Ida Ott, Mr. and Mrs. S. C. Pardee, Mr. and Mrs. E. S. Roberts, Mr. and Mrs. C. H. Pardee, Mrs. J. W. Harris, Rev. and Mrs. L. H. Jenkins, Mrs. W. B. Duval, Mrs. W. F. Grover, Mrs. R. G. Bigbie, Mrs. R. G. Harrison, Mrs. W. S. Rawlings, Mrs. L. L. Hall, Mrs. Carrie Craig, Mrs. L. W. Chandler, Mrs. Mary Hawthorn, Mrs. Alta Robinson, Mr. and Mrs. John Henderson, Miss Mildred Henderson, Mrs. Lella Kirkwood, Miss Dorothy Jones, Miss Lilvyn Jones, V. O. Grubb, Mrs. Mary Gresham, Mrs. W. M. Heberington and Michael Hetherington.

W. M. S. Executive
Committee Has
Meeting

The Executive Committee of the Woman's Missionary Society of the First Baptist Church met at three o'clock Monday afternoon at the church.

The meeting was opened with a prayer by Mrs. E. D. Locke. Plans for the month's work were made. Mrs. W. C. Touchton was elected to fill the office of General Program Chairman that was formerly held by Mrs. E. H. Puryear. The closing prayer was led by Mrs. Bernice Johnson.

The present were the Messrs. B. D. Locke, O. C. Wilkes, Albert Nelson, David Stuckey, Mark Smith, S. J. Pendleton, Jerry O'Hern, L. W. Wicker, H. L. McCully, and Bernice Johnson.

Lora Clements
Class Has Social

The Lora Clements Sunday School Class of the First Baptist Church held their regular monthly business and social meeting Monday evening, at the home of Mrs. Marshall Davis.

The meeting was opened with a prayer by Mrs. D. B. Locke. Mrs. C. A. Stinson presided over the business meeting. Mrs. R. C. Bigbie was elected class Minister and Mrs. M. D. Durrance was elected Stewardship vice-president. Mrs. Bernice Johnson led the devotion and closing prayer.

During the social hour the hostesses served a salad course of cookies and Coca-Cola.

Those present were the Messrs. Murray Wilson, A. A. Stinson, Albert Nelson, Bernice Johnson, Jack Delaney, B. D. Locke, R. C. Dean, M. D. Durrance, L. M. Shackelford, Billy Martin, R. C. Adams, P. A. McFarland, J. T. Landres, R. C. Bigbie, John Mathis and Cynthia Gallant.

Covenant Circle
Will Have
Christmas Meeting

The Covenant Circle of the Congregational Church will have a Christmas meeting at the home of Mrs. Robert Maysack, 905 North Lake Avenue, Wednesday afternoon, December 10 at 3 o'clock.

All women of the Church and friends are cordially invited to attend.

Mrs. Fletcher Will
Entertain BTU Class

Mrs. W. D. Fletcher will entertain members of the Adult Training Union Class of the Florida Avenue Baptist Church, at her home at 129 W. Bell Street, Saturday evening.

All members and officers of the Training Union are cordially invited to attend.

Buy Tuberculosis Christmas Seals and aid the work of Tuberculosis Control and Eradication.

Dancers Entertain
At Woman's Club

A revival of ballet, tap and specialty dances by the pupils of the Madeline Love English School of Dance was the highlight of the program at the regular meeting of the Woman's Club, held at 3 P. M., Friday, Dec. 3, in the Jefferson Hotel. Girls participating were: Jan Saylor, Bonnie England, Eileen Sachse, Carolyn Bolt, Elaine Worden, and Lella Johnson. The girls were especially lovely in the "Glowworm" number, in which they wore traditional white ballet costumes and pirouetted gracefully on the points of their pink satin slippers. The entire group also appeared in an amusing waltz clog. Jan Saylor sang and danced to "April Showers". Lella Johnson, Eileen Sachse, Carolyn Bolt, and Elaine Worden were the featured dancers. They presented an acrobatic number, while Bonnie England appeared in a solo ballet and a military tap. Mrs. England sang introductions for the dances, and Mrs. Vaughan Driggers was pianist.

Proceeding the dancers, a quartette from the High School sang several songs for the Club. Mr. Charpie, John Delag, Ray Whitcomb, and Wendell Driggers composed the quartette, with Lynn Longbottom at the piano, and these young folk proved again that Avon Park is not lacking in native musical talent.

During the business meeting, Dr. Ruth Miller proposed that the club undertake an intensive program, providing health education and aid to deserving individuals who cannot afford needed medical care, this program to be extended to both white and colored. The Woman's Club would work in co-operation with the health services of the schools, the P. T. A. and the various welfare agencies. If this program is put into effect, it will be an important addition to the club's functions, which already include sponsoring the library and the Girl Scouts.

The Club also decided to ask the assistance of other civic groups in arranging for a Christmas tree and town party on the Mall, to be held sometime before Christmas, date to be announced later.

Rounding off a full and entertaining meeting, Mrs. Esther Perry Hornbaker, retired teacher from Chicago and new resident of Avon Park, gave a witty and instructive talk on international relations. This talk was the first of a series to be given by Mrs. Hornbaker.

Jackson-Strange

Mr. and Mrs. Horace Jackson announce the marriage of their daughter, Miss Estelle Jackson to Eli Strange, of Tompah, Nebraska. The ceremony was preformed December 1, at Spartanburg, South Carolina.

Mrs. Strange attended Avon Park High School and was a member of the 1945 graduating class. At the time of her marriage, she was making her home with her aunt, Mrs. L. R. Moore at Spartanburg.

Mrs. Strange is employed as a barber in Spartanburg, where the couple will make their home.

Mrs. Bryan
Entertains Sunday
School Class

The Wesleyan Service Guild of the Methodist Church will hold their regular Christmas Meeting at 3 o'clock Monday evening, December 13.

Rev. Luther Price, Pastor of the Presbyterian Church at Sebring will be guest speaker of the evening, giving the Christmas Story.

This meeting is open to all ladies of the town.

Social Activities

Wesleyan Service
Guild To Have
Christmas Meeting

Mrs. H. Earl Bryan entertained her Sunday School Class with a Tacky Party at her home on East Main Street, Saturday evening.

Games were enjoyed by everyone after which a contest was held to decide on the most tacky costume. First prize was awarded to David Maddox, and second prize went to Anna Jean Bass. Mrs. Dorothy Williams created excitement and entertainment dressed as "Minnie Pearl" and also gave a brilliant performance of "The Little Boy Who Couldn't Talk Plain."

At the close of the party, refreshments of hot chocolate, marshmallow cake, potato chips and crackers were served to the following guests: Orville Pollard, Catherine Fletcher, Joyce Bigbie, Mary Ann Pollard, Thomas Bryant, Wilma Giddens, Tom Harney, Jerry Childs, Bernice Harney, David Maddox, George Wilkes, Helen Wiegard, Ralph Hudson, Eddie Meeks, Randolph Thompson, Clifford Mather, Kenneth Bryan, Royce Bryan, John Lunsford, Mary Lou Farmer, Shirley Anne Farmer, Margaret Bryant, Floyd Gillard, Rebecca Womack, Annie Jean Glass, Winfred Carlisle, Mr. and Mrs. Homer Maddox, Helen L. Bryant, Billy Miller, Waldy Newsome, Charles Gillard, Larry Thompson, Mrs. Abbie Lanier, Mr. and Mrs. W. A. Williams, and Mr. and Mrs. T. L. Williams and son, Ricky.

Highlands County
Concert Association

Community Concert Service (working with Columbia Artist Management) sent a representative, Henry De Verner of Daytona Beach, Florida, into Sebring to organize a series of concerts to be presented during the season.

Realizing that an enlarged membership could command better artists, Mr. Gearing, president of the Chamber of Commerce Sebring, invited Avon Park (also Lake Placid) to join with them in contracting for the Artist Service.

Mr. Keller called the Civic Groups and an Avon Park Committee attended (with Sebring Civic Group) the first business meeting with Columbia's representative for organizations.

A group of three concerts, presenting noted artists, will be held during the season and memberships will be sold to patronize appreciative of talent and good music.

The talent which comes to us depends on the number of memberships secured. The Avon Park Committee, therefore, urges the attention and patronage of all music lovers. Sebring has been most co-operative and Mr. De Verner is most anxious that Avon Park get all the recognition due to their participation.

It is his idea that Avon Park may grow into an independent organization if it be their wish and ambition for future development. Let's co-operate now and try for memberships and maybe one concert even for this season may be merited by our quota of patronage.

Towns all over Florida are organizing for this service and receiving advantage of this aid to culture and development.

Memberships for students are half price.

We want this service in our community not alone for our own good but also for the added interest to our winter tourists.

Contributed.

PTA MEETING DECEMBER 10

The Parents Teachers Association will hold their regular meeting at 3 o'clock Thursday afternoon, December 10.

Mrs. E. A. Martin will lead a panel discussion on Family Life.

All parents are urged to be present at this meeting.

Meeting Of Hibiscus
Garden Club

The monthly meeting of the Hibiscus Garden Club held at the Florida Power Corporation Customer's room on Dec. 2nd.

Plans were made for the January meeting which will be featured arrangements of Camellias and Analeas. Exchange of plants will also take place at this meeting.

The following were appointed chairman of the Standing Committees:

Calling—Mrs. Whitcomb; Exchange—Mrs. Fred England; Exhibit—Mrs. McGilberry; Parks—Mrs. Warren; Program—Mrs. Colyer; Publicity—Mrs. Frank England; Hospital—Mrs. Alderman.

Williams—Kitchens

Mrs. A. J. Williams announces the marriage of her daughter, Miss Doris Williams to Lawrence H. Kitchens, December 4, at Tampa, Florida.

Mrs. Kitchens at present is employed as telephone operator in Winter Haven. Mr. Kitchens is employed by the A. C. L. Railroad in Tampa.

It pays to read the Ads.

Water Fowl Season
Opens Today

Florida's 30-day migratory waterfowl season opens Friday, and Director Ben C. Morgan, State Game and Fresh Water Fish Commission, today reminded hunters of a new twist in the federal regulations governing gun plugs.

Effective this season, duck, geese and coot hunters will be required to use a plug that cannot be removed without disassembling the gun, Morgan pointed out. The new rule was made, he explained, after federal wardens discovered many hunters used a trick plugged gadget that could be inserted or removed at a moment's notice.

Daily shooting hours on waterfowl will continue from a half-hour before sunrise until an hour before sunset except on opening day when shooting will not be permitted until 12 o'clock noon.

Daily bag limits are set at 4 ducks, 1 goose, and 15 coot. Possession is limited to two day's bag on duck and one day's bag on geese and coot.

Dove season will not open until December 18.

VOLUME XXIV

Single Copy 5c

AVON PARK, FLORIDA, FRIDAY, DECEMBER 17, 1948

NUMBER 5

AS WE SEE IT

By Art Kinney

Generally a newspaper man's desk is pretty well littered with all kinds of copy and messages that people want to get published, and we freely admit that our desk is no exception to the rule, and sometimes things of value get lost. This happened to the writer, and we are wondering if it might not be the case with other desks in Avon Park. In cleaning our desk this week we found the Christmas Seals that were sent to us by the local committee and our conscience stricken both being same, and realizing the importance of these little seals we immediately mailed a check for them, and went home feeling that we had done our share in a small way to help relieve the suffering of several unfortunate people. The report is that Seal sales are lagging this year, so may we suggest that others search their desks and their minds, and if you have not already sent in your mite, try and do so at once.

The Sun this week is publishing the first part of the paper given by Byron Shockley at the Old Seaside home held here on Oct. 12th, and will try and publish the balance in the next issue. We call this to your attention as we know our readers will find it an interesting article.

A baby stink is a teen-ager who takes hush money.

At this writing the Winter Guest Club has 225 members. This is 52 more members than last year at this time.

We call your attention to an ad published in this week's Sun, and signed by the Chief of Police, that anyone caught shooting fire crackers within the city limits will be subject to a fine of not more than ten bucks and not less than \$5. Govern yourself accordingly.

Just—just another name for hood and mouth disease. Hood all day, talk all night.

"Florida From The Air," a feature the Miami Herald has been running for some time showing air views of different Florida communities, devoted the space in last Sunday's Herald to Avon Park. A 6 column air view picture with an interesting caption was run in the Sunday Magazine section, and prints of this picture, size 11 by 14, may be obtained from The Herald Library for \$2 each.

"Hearts, like doors, open with ease. To very, very little keys. And don't forget that two of these are: "Thank You Sir" and "If You Please!"—Anonymous.

AVON PARK MAN PUT ON PAROL
Circuit Judge Don Register Wednesday placed Al Cortez, of Avon Park, on parole for two years, after Cortez pleaded guilty to a resisting arrest charge.

The trial of Leo Yanti, of Avon Park, on two liquor law violation charges was continued until Jan. 24. On the same day, Robert Duncan, who entered a not guilty plea to a larceny charge, also will be tried.

The manslaughter charge against C. F. Wheeler, of Miami, was continued to Jan. 23.

See You IN CHURCH Sunday.

AN IMPORTANT MESSAGE

Look for me—I'll be there on Saturday, December 18th, at 5:00 o'clock p. m., at Donaldson Park, in the Jacaranda City, of Avon Park, with a gift for every child—Santa Claus.

The above message was flashed to the Avon Park Sun, with the request that we tell all of the fathers and mothers to be sure and have their children at the Park on time as Santa is a very busy man and has a large number of places to visit between now and Christmas. The report further states that in place of landing on Lake Verona, as explained last week, Santa will arrive in a sea plane on Lake Letela, some place along South Highlands avenue. He will be greeted by the High School Band and the proper dignitaries of the city, and will then proceed to Donaldson Park, where a beautiful Christmas tree will blaze forth in all its glory. Let's all be there and give Santa a royal welcome.

Business And Professional Men Back Citrus Mutual

Lakeland, Dec. 16.—Nearly 500 business and professional men interested in Florida Citrus Mutual attended a meeting in the Mayhall Auditorium here Monday night, heard reasons why it is so vital that action be taken at once to put over Mutual, and then decided to do something about it.

The group heard various speakers who outlined the situation at present and just what it means in dollars and cents to all of Florida for the Mutual plan of operation to become operative as soon as possible. Although a large percentage of the required production has been signed up, it said there is still considerable more tonnage required in order to put the plan into effect. It was explained that in order to have the plan in effect by the first of the year, it is necessary that the additional production be signed up now.

Business men and merchants described how the present situation is affecting business and as a result of this decided that whatever action necessary, must be taken quickly in order to prevent further losses in the industry, which has already been hard hit this season because of the low prices that have been prevailing.

There were groups in attendance from other citrus areas of the state who are vitally concerned in immediate results being accomplished. It was decided to give Mutual additional financial aid and a number of those present agreed they will arrange for meetings in other areas to give the drive for membership renewed impetus.

New Years Party Sponsored By Jaycees
The Jaycees and Junior Women's Club of Avon Park will co-sponsor a New Year's Eve party and dance at the Bonningham Officers' Club on Friday, December 18th.

In a joint committee meeting this week plans were laid to furnish the members and guests a full evening of New Year's Eve gaiety and fun-making with trimmings of dance-caps, noise-makers, serpentine, and plenty of delicious food served throughout the evening.

The climax of the evening will take place at the stroke of 12 o'clock-midnight when hundreds of brightly colored "Billion Bombs" will be showered down from a make-believe "Stratosphere Bomber" hovering somewhere in the attitudes of the dance hall.

Each person present will make a run for his life in the mad scramble to retrieve one of these "Bombs" as another souvenir of this New Year's Eve party.

This function will climax a series of similar dances and parties sponsored by the Jaycees during the Fall Season, all of which have been successful in every respect. With the additional cooperation of the Junior Women's Club, this party and dance promises to surpass all others by a wide margin.

CENTRAL FLORIDA EXPOSITION FEB. 21-26
Premium lists for the 37th annual Central Florida Exposition are off the press and ready to distribute. Crawford T. Bickford, general manager and secretary of the exposition, announces.

Dates of the 1949 fair, to be held at Exposition Park, Orlando, are Feb. 21 to 26, inclusive.

'TIS THE WEEK BEFORE CHRISTMAS

—AND ALL THROUGH THE HOUSE?

Annual Broadcast Of Christmas Carols

By Rev. H. D. Grants

The red hibiscus nods in borders edged by a carpet of green grass. The air is soft and filled with warm sunshine. The pasty-brown nose of the mockingbird. He pauses to listen to the sweet strains, when, suddenly, he becomes aware that he is hearing the heavenly music of a familiar Christmas carol above the song of the bird. He listens. The melodious music of the organ is ringing far away across the fields of home and business places of town and countryside. A lump comes to his throat. In the midst of summer in December he has forgotten the season of the year. Now, it all comes back with such force that he is almost overcome by the joy and hope that into men's hearts, the happy shouts of little children, and the smiles of the family gathered for the holiday.

This is the third year that the sweet strains of the Christmas carols will emanate from the tower of the Union Congregational Church at high noon. The broadcast, the gaily decorated Christmas tree, the happy shouts of little children, and the smiles of the family gathered for the holiday. The message of the carols is one of joy and hope that into men's hearts, the happy shouts of little children, and the smiles of the family gathered for the holiday. The message of the carols is one of joy and hope that into men's hearts, the happy shouts of little children, and the smiles of the family gathered for the holiday.

The public is also urged to cooperate with the firemen so that they may reach the scene of the fire as quickly as possible with little interference as possible.

MRS. STANSBURY FILES DAMAGE SUIT
A civil action for \$25,000 damages has been filed in the Highlands County Circuit Court by Mrs. Lena Stansbury against the Canada Dry Bottling Company of Florida, Inc.

Mrs. Stansbury claims the damages for injuries allegedly received when the defendant's truck on the state highway north of Avon Park in October. She seeks \$10,000 for pain and suffering; \$10,000 for past and future loss of earnings; \$5,000 for bodily impairment; and \$1,500 for hospital, medical and dental expenses.

FOUR AVON PARK MEN DRAFTED
Four whites and two Negroes have been notified by the Highlands County draft board to report for physical examination at Tampa, Jan. 4. Receiving the call were:

Whites—Thomas Gann Bryant, Clyde Alvin Bass, Harold Hines Rutledge and Henry David Clark, all of Avon Park.

Negroes—Edward Williams, Jr. of Sebring, and Fred Lee Johnson, Jr. of Lake Wales.

Popeen producers of the U. S. produced 77 million pounds of popcorn in 1947.

ORGAN MUSIC

A Concert of Organ Music will be broadcast from the First Methodist Church, beginning Monday, December 20th, each day from 3 to 5:30 P. M. Mrs. Ed Jackson will be at the organ and the chimes instrument. Solos and other selections will feature these broadcasts. Any one so desiring will be welcome to sit in the auditorium through these services, which will continue through the week.

Thanks To Law Enforcement Officers

The local fire department and its volunteers were called at 12:30 P. M. Saturday to West Nursery to extinguish a fire caused by electric wiring. The fire was quickly put out and very little damage was done to the building, but Mr. Ward, owner of the building, stated he was going to have the house completely rewired. The Avon Park Volunteer Firemen wish to express their appreciation to Bob Massey, contractor and Johnnie Hicks, state road patrolman, for their splendid cooperation in patrolling the traffic and permitting only firemen to reach the scene of the fire.

The city fire department has only two paid firemen. The volunteers are trained fire fighters and it is just as important that they get to the fire as it is the fire fighting equipment.

The public is also urged to cooperate with the firemen so that they may reach the scene of the fire as quickly as possible with little interference as possible.

WELFARE CHECKS MAILED EARLY
Mailing dates of State warrants covering State Welfare Board public assistance payments are being scheduled early in December so that all recipients will receive their checks prior to Christmas.

Florida's Parks and Recreation Department will announce today, this advance in the mailing schedule for December.

All Old Age Assistance warrants for Highlands County will be mailed December 18th. Aid to the Blind and Aid to Dependent Children warrants will be mailed December 20th.

Following a custom of several years standing, the State Welfare Board made the above arrangements with the State Comptroller's Office for the mailing of warrants so that all recipients could receive their assistance grants before Christmas.

Firemen To Sponsor Basket Ball Team

Avon Park basketball fans will soon have a chance to see Red Devil basketball ball stars in action again. The Avon Park Firemen, at their last regular meeting, voted to sponsor a town basketball team. The team will feature ex-Devis who have recently graduated from high school but who still have the cage spirit and the urge to continue in their favorite sport. It is rumored that a few ex-stars from other high schools who are now making their homes in Avon Park will also join the firemen team. Charles Jay and former Prostopack cage stars are two definite prospects for the team.

Members of the Firemen organization chosen to serve on the basketball committee are, John Zeigler, Charles Jay and Bill (Moe) Walker, players and assistants to the coach, Mack Flowers, and J. C. Still, publicity.

The Firemen agreed to sponsor the team at the request of several local basketball fans who believe that such a team will be a great asset to the citizens of the town as well as benefit the young people of the community.

Another important matter discussed and quickly acted upon was banded t-shirts, dressing, slacks and coffee. Walter Betts was chosen to make the t-shirts and to make the slacks and coffee.

Florida featured in three publications on hunting and fishing. Tallahassee—Florida's fishing and hunting has hit the national publicity jackpot this year, says the State Game and Fresh Water Fish Commission.

Three national sportsman's articles, with a combined readership audience of over two million, have featured Florida's two great outdoor sports in winter editions.

The January issue of "Outdoors," a special Florida edition, is devoted entirely to hunting and fishing in this state. The special, scheduled to hit newsstands this week, is full of articles by Florida writers including Wm. Weeks, Ernest Lyons, Rube Allen and others.

"Sports Field," the county's most widely circulated outdoor magazine, will also feature Florida's new arrival has been named the Maude. She weighs six pounds, eight ounces.

"Hunting and Fishing" for January contains a five page feature on Florida's outdoor sports with two full pages of pictures.

Mr. and Mrs. Edges Koppelberg proudly announce the arrival of a baby girl, December 12, at Walker Memorial Hospital. The new arrival has been named Maude. She weighs six pounds, eight ounces.

There are 3166 county governments in the United States.

Wm. C. Beckett Died Sunday Night

Funeral services were held at 3 o'clock Wednesday afternoon at the First Methodist Church for William Charles Beckett, 60, photographer and former newspaper man who died Sunday, December 12. Rev. W. J. Ashworth, pastor of the First Methodist Church, conducted the services.

Interment was made in Bougainville Cemetery with full military honors. Active pallbearers were Homer Gardner, Leonard Rush, O. K. McClure, Hayden Williams, Ray Wells and L. H. Hall. Honorary pallbearers were R. R. Brown, J. L. Deleag, Bernie Johnson, S. R. Longbottom, W. M. Hetherington, H. H. Shepherd, Herman Willford and Ernest Armstrong.

Mr. Beckett was born August 23, 1888 in Parley, Surrey, England. He was the son of William B. Beckett and Alice A. Brown. He was married to Mary Rose Orsted in Brownstown, Indiana, April 1915.

Mr. Beckett was a veteran of World War I, in France. He entered the Army as private and was discharged as Second Lieutenant. He was in the 3888 Central Postal Directory, 1920, was a member of the Winter Guest Club, American Legion, Florida Photographers Association and the Photographers Association of America.

Survivors include his widow, Mrs. Rose Mary Beckett, three foster children, Mrs. Helen Hoffmann, of Albany, Georgia; Mrs. John Rose Mary Beckett, of Albany, Georgia; Mrs. W. L. Beckett, of Albany, Georgia; Mrs. Earl Hartley, of Seattle, Washington; and a nephew, William Brown, of Norfolk, Saskatchewan, Canada.

Mr. Beckett was a member of the Avon Park Firemen's Association and the Avon Park Firemen's Association. He was a member of the Avon Park Firemen's Association and the Avon Park Firemen's Association.

Children's Committee Adopts Christmas Cheer Program

Co. Commissioners Honor John Hood

RESOLUTION

BE IT RESOLVED by the Board of County Commissioners, in a regular session held the 15th day of December, 1948, that we note with regret and sorrow, the passing from this life of our able, companion, and fellow County Commissioner, the honorable John H. Hood, of Avon Park, who has been one of the most effective members of this Board has been honored to have. He has at all times, honestly, fairly and carefully considered every problem that confronted this Board in his long service as a County Commissioner, and for his own District Number 1, but for the County as a whole. He has been a member of the Board since 1942, and it is a great loss to the County that he has gone into his district to build permanent roads in other sections of the County. He has been a member of the Board since 1942, and it is a great loss to the County that he has gone into his district to build permanent roads in other sections of the County.

We deplore the fact that he has gone from this land, but he is comforted to know that he has gone to a better land, than we have ever known, and that he has left behind him a legacy of good deeds and a memory that will live on in the hearts of all who knew him.

We join with his excellent wife, family, relatives and many friends who deeply sympathize in this irreparable loss.

BE IT FURTHER RESOLVED, that this Resolution be spread upon a separate page of our minutes in John's memory, and that a copy be sent to Mrs. John H. Hood, and that we do now adjourn in his honor until December 8, 1948 at 10 o'clock A. M. Board of County Commissioners.

By: N. B. Jackson, His Chairman.

Attested by: J. T. Piety, His Clerk.

City Council Meeting Held Monday Night

The Council was advised that Wells Motor Vehicle had been seized by the Police Cruiser, a 1948 Plymouth DeLuxe Sedan. This new motor vehicle was secured by the City by exchange of the old Plymouth two door sedan plus the amount of \$500.00 in cash. Considering the seizure of the old Plymouth, the Council feels that the cash outlay is well justified.

The body will be shipped Thursday night to Fayetteville, for burial.

Florida featured in three publications on hunting and fishing. Tallahassee—Florida's fishing and hunting has hit the national publicity jackpot this year, says the State Game and Fresh Water Fish Commission.

Three national sportsman's articles, with a combined readership audience of over two million, have featured Florida's two great outdoor sports in winter editions.

The January issue of "Outdoors," a special Florida edition, is devoted entirely to hunting and fishing in this state. The special, scheduled to hit newsstands this week, is full of articles by Florida writers including Wm. Weeks, Ernest Lyons, Rube Allen and others.

"Sports Field," the county's most widely circulated outdoor magazine, will also feature Florida's new arrival has been named the Maude. She weighs six pounds, eight ounces.

"Hunting and Fishing" for January contains a five page feature on Florida's outdoor sports with two full pages of pictures.

Mr. and Mrs. Edges Koppelberg proudly announce the arrival of a baby girl, December 12, at Walker Memorial Hospital. The new arrival has been named Maude. She weighs six pounds, eight ounces.

There are 3166 county governments in the United States.

YOUR NEWSPAPER

The Sun is the only paper booting Avon Park \$2 weeks a year. Your patronage will expand operation and bring further benefits to you.

As stated in last week's issue of this paper the Avon Park Children's Committee considered the matter of duplications in Christmas giving at the twisting Tuesday evening and adopted a plan to avoid duplication and make certain all families would be cared for.

The Chamber of Commerce was filled to overflowing with individuals and organizations gave evidence of their interest in the subject of Christmas giving. Rev. Ashworth, chairman of the Children's committee called upon Rev. Pickens to present his plan and a roll call of organizations showed that many were represented and all eager to help.

The Committee voted unanimously to set up a committee to take care of this project and asked Rev. Pickens to serve as Chairman. Later it was further voted as the Committee finds best; Beta Sigma Phi has collected many letters and toys and thus lighten the work of the Committee.

The Christmas Committee has but a short time to do a big job. Cooperation of all interested parties must be had if it is to be done. Some organizations have already given money to be used as the Committee finds best; Beta Sigma Phi has collected many letters and toys and thus lighten the work of the Committee.

IN THE NEWS AGAIN.
THE KKK

Where Dr. Green, of the KKK, is in the news again, and this time a little more radically than usual. He is quoted as saying that Catholics and Jews want to join the Knights of Columbus or the B'nai B'rith and are "read" because they can't join the Klan.

Dr. Green's view of the grade school teaching wherein we are warned against the "reduction of absurd" type of argument. Such as "All Jews have two feet. Therefore, all Klansmen are Jews." There are, all Klansmen are Jews.

Dr. Green's argument is not nearly as sensible as that. The Klan meets 12 times a year, but usually calls off the Summer meetings because of the heat. The meetings are not secret and no masks are worn. Also, no one is ashamed of being seen at the meetings as most Klansmen are ashamed. And quite properly so. The only activities consist of voting sums for their charities can be supported with the funds at hand. There are appeals to support the Red Cross and the Community Fund and other civic enterprises. There also is a report on the Jewish community welfare and another drawing card is extended to those in trouble or need. The membership list is not secret. The members go for the Knights of Columbus. Their membership list isn't secret. Their work is directed along religious channels.

Dr. Green's secret organization has been covered in the courts of fellow Americans. The Ku Klux Klan has a record in the history of conviction for murder, criminal assault, robbery, and other crimes. Some of their most prominent members are behind in the criminal conviction file.

The KKK meetings are secret. Meetings are secret. Most of the members are brought into membership by playing on the prejudices and fears of the Klan. Meetings usually include discussion of a violent, prejudicial nature.

I have on file the confessions made by Klan members of the "Kavaler Klub" beatings and of its existence to carry out physical attacks on those who do not meet with the approval of the Klan.

To compare the Klan with decent, orderly, religious and charitable meetings of the Knights of Columbus and the B'nai B'rith makes no more sense than that the drunk is the same as your child's kitten.

In fact, it is very easy to prove to the satisfaction of any thoughtful American that the Klan is an anti-American organization devoted to all its pious protestations of Americanism.

It is actively in opposition to the Constitution of the United States in that it openly preaches and practices that some Americans do not have the same rights as others and must not be allowed the protection of the Constitution of their country.

The Klan has a history of violating the laws of the states and municipalities in which they operate. In this state they have taken citizens out and beaten them, some dangerously, depriving them of their right or protection under the law.

Almost the only history the Klan has is a history of un-Americanism.

I understand what some well-meaning people join the Klan. There are many persons with just grievances who cannot find any official of their government willing even to hear them. Too often when they do manage to get a hearing they are given peevish answers. Fine talk about democracy, purity of the ballot, "good men in office" and so on does not help a person who labors under a real or imagined wrong or injustice.

To them the Klan and other organizations say, "I will protect you." It is the hate organization which says, "You are being unjustly treated. You are the victims of others."

That, too, is being un-American. Because the very essence of Americanism is to try and give every person a fair deal.

But there is no money for the shrewd and cynical men who get paid a part of every initiation fee in trying to eliminate prejudice and hate. So they promote prejudice.

The Klan, for all its claims to

Fifth Annual Worldwide Bible Reading

The daily reading of the Bible is urged in the program of the Fifth Annual Worldwide Bible Reading program, which will be sponsored by American Bible Society from Thanksgiving to Christmas.

This program is a plan to get millions of people in America and all over the world to read the same Bible selections daily for the 31 days in this period, according to Dr. James V. Claypool, who is director of the program. Last year 15,000,000 of the little booklets, which contain the list of suggested Scripture passages, were distributed and the list of selections was reprinted about 20,000,000 times. We expect to have an even larger response this year, when more and more people, both at home and abroad, according to reports, are turning to the Bible as a source of help and hope.

Among the eight rules the Bible Society has compiled for the effective reading of the Scripture passages are "Set aside and keep a definite daily time for reading. Read slowly and prayerfully. No snap shots but time exposures should be the rule." "Memorize one key verse daily."

Outside of the United States the program is under the supervision of the Society's 12 foreign agencies, which will produce the reading lists in the languages spoken in those nations which they serve. Thirty-four countries participated in the program last year. Chaplains serving with various branches of the Armed Forces in all parts of the world, also secured the material.

A National Sponsorship Committee of laymen, of which President Harry S. Truman is honorary chairman, assists the Bible Society in the promotion of the program.

The original forest area in the United States is estimated at 620 million acres.

Christmas Story in Scripture and Song

The following program will be presented at the First Methodist Church Sunday evening, December 10 to tell the Christmas Story in Scripture and Song.

Program—Joseph and Mary—Wendell Bruggers and Mrs. For. Richard Anderson. Shall Cover—

1. The Birth of Jesus—John 1:1-18
2. The Light of the World—John 1:9-12

Press Association Endorses Flood Control

The Florida Press Association passed a resolution endorsing the \$200,000,000 Central and Southern Florida Flood Control Project at its recent annual convention at Mt. Dora.

The resolution was offered by Owen Brice, Lake Wales News, and member of the resolutions committee, Louis Wadsworth, of the Suwannee Democrat, Live Oak, and new President of the Association, moved its adoption. His motion was seconded by Paul Rardin, publisher of the Everglades News, Canal Point, and John M. Gledhill, Assistant Editor of the Belle Glade Herald.

This important civic action of the Press Association adds another distinguished group to the long list of outstanding organizations supporting the project, Col. A. G. Matthews, Chief Engineer of the State Division of Water Survey and Research, declared here.

The resolution reviewed the drastic need for water control in the Central and Southern Florida area, the damage caused by flood and drought and the benefits to all of Florida from the project.

There are the words of God concerning the Son of Jesus Christ, spoken through the great Major Prophet Isaiah, seven hundred forty years before its literal fulfillment.

And at a time like this, when many of us are purchasing and presenting gifts one to another, it is very fitting and appropriate, to consider the first and greatest Christmas gift, ever offered to mankind. We are sometimes made to wonder how anyone could doubt the Deity, and Virgin birth, said, And She shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.—WON-

DERFUL! Yes! So wonderful, that he saves his people, (Not in their sins) but from their sins. A wonderful Name.

Neither is there Salvation in any other: for there is none other NAME under heaven given among men, whereby we must be saved. Rom. 4: 12. And again, Philippians 2: 9-10. Wherefore God also hath highly exalted him, and given him a name which is above every name: That at the NAME of Jesus every knee should bow.—Yes, the Lord Jesus Christ, is the greatest Love gift ever offered to mankind. Yet, it is surprisingly how few have really accepted him as their personal Saviors. To accept him means to be born again, born from above, to become a new creature in Christ Jesus, to pass from death to life. Do you know Him?

O! He is WONDERFUL.

AVON PARK SERMONETTE

CHURCH OF GOD
O. W. Thomas, Pastor
Isa. 9:5-7. For unto us a Child is born, unto us a Son is given, and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, the mighty God, The everlasting Father, The Prince of Peace.

Of the increase of his government and peace there shall be no end.—

These are the words of God concerning the Son of Jesus Christ, spoken through the great Major Prophet Isaiah, seven hundred forty years before its literal fulfillment.

And at a time like this, when many of us are purchasing and presenting gifts one to another, it is very fitting and appropriate, to consider the first and greatest Christmas gift, ever offered to mankind. We are sometimes made to wonder how anyone could doubt the Deity, and Virgin birth, said, And She shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.—WON-

DERFUL! Yes! So wonderful, that he saves his people, (Not in their sins) but from their sins. A wonderful Name.

Neither is there Salvation in any other: for there is none other NAME under heaven given among men, whereby we must be saved. Rom. 4: 12. And again, Philippians 2: 9-10. Wherefore God also hath highly exalted him, and given him a name which is above every name: That at the NAME of Jesus every knee should bow.—Yes, the Lord Jesus Christ, is the greatest Love gift ever offered to mankind. Yet, it is surprisingly how few have really accepted him as their personal Saviors. To accept him means to be born again, born from above, to become a new creature in Christ Jesus, to pass from death to life. Do you know Him?

O! He is WONDERFUL.

Lakes And Water

By

Bryson Shookley
Head of Meetings of The Old Settlers Association, Wed.
Oct. 13, 1948

My last paper (the one on Transportation) largely on the subject of the coming of the railroad in 1912. Science instructors tell us our best estimates of that date were only 85 percent efficient at the draw-bar—the fire, as a lighting medium, is 95 percent efficient—yet was this invention, as more than any other, that enabled us to become the world's greatest power—in my article stressed that, that three-week combination train on its bumpy new bed, back in 1912 gave Avon Park a stabilization of values as nothing else has before or since. That paper also told how we had put faith and funds into plans and contributions, that they didn't succeed, were equally as elaborate and interesting as those that had.

My next paper will be "English and other influences on the culture of Avon Park." What has been my home here since 1908 was known for decades as the Bumpy Place, it was built by Lord Bumbury in fall of '88. Lady Bumbury in her first year of residence. These candid, delectable, inquisitive, Americans—the very off-springs of all the Nations on earth. After hitting us over the head with that, you will probably prefer not to hear any more of her for another year or so. And so we come to my topic today which is, as you know, "Lakes and Water." It is easy to be talking of water, it is easy to assume my talk may be a bit "dry," but streams and bodies of water have done their full share in glorifying Florida and the lakes of Township 33-28 were the drawing cards. I am sure that caused it to be colonized and known by the pleasing name, Avon Park.

We are told it was the masses of yellow jessamine, gelsemium, unperuvians while festooned the bay where the first Spaniards were landing, that caused them to give our newly found shore the name Florida. We are told it was Palm Sunday, a day second to none among Spaniards and so it came easy for them to name the lovely greeting our shores so silently gave. To those in older times we are prone to believe with mass displays of gaudy colors, but it is to this lovely yet recent view that our peninsula owes its name—a name that only the very mention of it has likely caused a pleasant reaction in some human mind, in every human land on the globe.

Our township numeral 33-28, means that we are in the 33rd and 28th of a point near Tallahassee from where the Federal survey was based. Federal surveyors were under orders to survey each township into sections and quarter sections and to take the notes and bounds of any lakes intersected by section lines. Such lakes are known as meandered lakes—by federal law, the public is guaranteed riparian rights within 40 feet of them and any of their connecting streams. A surveyor's map of each township, with all this duly shown, is part of the War Department records in Washington.

Federal map of our township shows about one lake in five as a meandered lake. Twin Lakes, Verona and Lotela have that status. Access to such lakes is presumed to be along section lines, where not openly accessible, otherwise, only requirement being that party must not unduly molest any private property while using these riparian rights. Use of all other lakes and streams is under state law, which gives no riparian rights on duly enclosed or posted property. Owners of property along meandered waters are prone to point out that their deeds show full title into the water—these deeds are from the State of Florida and couldn't convey rights that only the War Department has charge of. This was fully tested long years ago by Mr. Hampton, an early settler at Avon Park who later bought on northwest corner of Silver Lake at Frontproof. He refused right of way along his shore and wound up by having to give full bouled rights between his property and Silver Lake.

Lake Clinch, which forms the western boundary of Frontproof, takes its name from Fort Clinch, which stood at its northern tip. This fort, named after the military officer of that day, may not show on recent maps but it was the nearest of that chain of forts: Ft. Myers, Ft. Ord, Ft. Greaser, Ft. Meade, Ft. Clinch, Ft. Kissimmee, Ft. Drum, Ft. Basinger, Ft. Pierce and Ft. Lauderdale—places that long before our day had lost all military importance but still retain that prefix. Their names, from the period when the Indians, having made an effective stand in the Okeechobee marshes, made a peace that accepted as their western boundary the stream from then on known as Peace River. But to keep on eye on them, Federal forces arranged a string of small forts manned by cavalry. These forts were spaced by a ride apart, at sites where there would be no lack of water and often where the water was more sides, would help in resisting attack.

There are conflicting tales as to how the Avon Park lakes came to be so beautiful classical names. I am inclined to believe that Penrose, the young surveyor, that Crosby engaged to lay out the colony, named most of them. Just before a bit of good education, but a bit aversive to actual work, he had the two still younger Byrds (also from Ireland) do most of the hard work, but his taste in map work was A-1.

The Byrds boys eventually joined an uncle on his Ceylon tea plantation, but having lived near Lake Byrd for a time, it was carried their name since. Pabor Lake, as I have told in another paper, took its name from Post Pabor, promoter and publisher of "Pabor Lake Pinescape." Pansy, the tiny lake he actually lived on, was named for an only daughter. On west is Vigo, long known as Buggy Lake, allegedly because it was lost a horse and buggy that by its being backed off into the lake to most of us (including Dr. Touchton, who owns it) Nemo, meaning I alone, was the lovely name of what in the "Boon" was Lake Lillian, this was done by promoter Howard Bennett in 1912. The lake was named for the amount of money it was taking to develop Highland Lakes.

Lake Lillian is pleasant and it is quite fitting that Mrs. Bennett's name should thus be left with the public. I still see myself as a boy for the first time, looking meditatively at that little dash of water, with no habitation in sight and thinking how pleasant and appropriate that four letter name would be.

Twin Lakes, often called "Sadie's," became Damon and Pythias, many seem fully aware of the story, out of Greek Myth, by which we have come to these twin synonyms of devotion; but in an area that sticks so close to the two base lines of the compass, I am struck that I am often asked: "Just which one of the Twin Lakes is this?" My "stock" reply goes about so: "That's the one that read them just like we do on the map. Before the R. R. came thru between them (thus blocking a neighborhood route—that was also the road to Frontproof, we often had occasion to mention the brief conjunctive stream between them that we had so appropriately dubbed 'The And'. Thus if I had said I had gone to Frontproof Thursday and was asked: 'What time did you leave?' I would reply: 'Oh I got to 'The And' about sun up.'"

In section 16, across the highway from Lake Byrd, what was Lake Thompson on the Crosby map has since been "prized up" as "Lake Brentwood." At the north edge of the township, Red Water Lake became recipient of the Spanish name Glenda on Crosby's map. A bit to the east is Julia, which later became Lake Denton, named for a promoter from Georgia, who at end of World War I backed some goose planing there and out on Oak Island past Lake Isabel out North-east of us. Big Carter and Little Carter location in the map, may, "Lakes Lotela and Angelo, which I suppose was classical enough Latin until I was told some man (likely Penrose) combined the names of his two daughters to form "Lotela," which would be "Pig Latin" instead.

On to the east of these, Little Lake Counterfeit hasn't anything funny about it—it is just that. It is said to have been the headquarters of a band of counterfeiters in the past civil war period. It is thus likely to have carried its name longer than any other lake in the township. Penrose established his home on Lake Letta and I have a clipping attesting this. The clipping is from a Bartles paper reporting that Mrs. Penrose had delivered a very instructive address.

I wish I was a full fledged authority on the depth of our lakes, but it certainly fails to vary in ratio to their size. Istapogayotte, or Reedy Lake, forms the eastern boundary of Frontproof—twice as big, but half as deep as Clinch on opposite side of town. Clinch, 50 ft. deep, is a fraction of a mile from world famous Crooked Lake that is twice as deep and two or three times as long.

Since Dr. Tim's day no one has tried to check the depths of Avon Park's lakes systematically (to my knowledge). Roughly all our lakes have been the same size they had on our first map, but variations in depth, from seasonal causes, have been greater in lakes that have no outlet, or overflow infrequently, than in those connected by usually active streams.

Little Lake Verona, whose 90 feet or more, makes it one of Florida's deepest lakes, has been over the highway while I doubt that Damon or Pythias, neither over 20 feet deep, have backed over two feet in the 40 years I've known them. I've checked Duck Lake, when it was just 74 feet at center and 5 of that was mud; but a glance at the banks makes me believe it has been double its normal depth in no day.

All thru 1907 we walked dry-shod across the outlet of Clinch when in the summer of 1909 you could hardly touch bottom with an oar—much higher than it is

now—but in the spring of 1909 a few of its lagoons became so high that we spread fish with pitch forks. Much of the shore shore for summer, the mosquitoes—still the main lake stayed intact; yet Old Times told how a certain number of our earliest families rode his horse diagonally across where it has likely been solid lake for a century.

A favorite assumption of some has been that our lakes may be fed out of the Georgia hills—that a ship-canal had been cut across Florida, our lakes might have disappeared. With the heaviest rainfall in the U. S. (outside of Puget Sound Area) it seems we should have enough to maintain our own lakes and so, I for one believe they are maintained by the seepage of our own rains.

What our surface water does to reach the sea is extremely interesting to me. Iron Mountain (base of Bok Tower) is said to be 515 feet, the highest elevation within 60 miles of the ocean, from the Hudson to the Rio Grande. Lake you again rise to 200 feet, yet from Crooked Lake to Lake Annie (southernmost lake of the ridge) every stream one finds in sight of old Road 8, every lake that overflows, is finding its way into Istapogayotte, through the low ridge that divides us from Peace River valley has never been over 7 miles in length and at the end of our Mall, less than one mile. Lake Annie is a small lake just southwest from the intersection of old road 8, with the Arcadia-Kissimmee River road from Lake Annie back to Lake Sebring all the water you saw along road 8 except the lake you skirted, passed under at the downtown Sebring City, striking the seepage Creek gorge, just north of Lake Placid community. From Lake Byrd and Viola into Crooked Lake all water join at north-west corner of Lake Arbuckle. Waters of south Avon Park, as you may know, pass under your Carter Creek, just beyond Letta, and a little further down they make quite a gorge before leaving the hills.

The head of this Carter Creek chain is Little Man, just the west of town two miles or more out in a flat stretch and on the edge of nowhere, one would hardly notice it. Fringe waters drop 32 feet coming to the next lake in the chain, Lake Letta, but somewhere beyond Lake Letta, Dr. McCartney, shortly after the turn of the century, intended to utilize these waters to generate power for his U. S. Army and U. S. Air Force. The future with confidence, ready employment, free retirement plan. For the ladies, opportunities in the WAC or WAF of fer careers with bright promise. Winter Guests Club News

By DAVID ARTHUR BRODIE

Notices on the bulletin board at the moment are:

Community Singing, Friday, December 17th, at 8:30 P. M.

Busy Fingers and Fancy Doers meet Wednesdays at 2:30 P. M. Boys, it looks as though the Rebecas are up to something. What are the Odd Fellows going to do about it? The Stitch and Chat Club put on a splendid gift show last year. Maybe the new organization plans to go them one better this year. Here's hoping!

Registrants listed since our last entry are:

Rev. W. J. Ashworth, Avon Park; Fred Eggleston, Greene, N. Y.; Mr. and Mrs. J. Jones, Kenosha, Wis.; Mr. and Mrs. W. Grady Tomlinson, Avon Park; Mr. and Mrs. F. E. Book, Girard, Ind.; Mrs. A. W. Rodgers, Pittsburg, Pa.; Mrs. S. B. Rodgers, Mercer, Pa.; C. E. Patton, Toledo, Ohio; Mr. and Mrs. Charles H. Swartz, Harrisburg, Pa.; Mr. and Mrs. Charles Brock, Sparta, Ky.; Mrs. L. M. Greer, Jackson, Tenn.; W. Lehr, Akron, Ohio; Arthur Hocking, Elk Rapids, Mich.; Mrs. C. M. Twombly, West Hurley, N. Y.; Whitesboro, N. Y.; Thos. Tan-

coway, Westlock, Alberta, Canada.

We now have 225 members to date, 52 more than we had a year ago at this time. Among those already here, we see a good many new faces, and we hope that they will find in our Winter Guest Club in Avon Park, a congenial place to spend a winter in Florida. The Club extends a hearty welcome to all.

To the new, as well as to the older members, this is probably as good a time as any to call attention to a growing attraction here, The Avon Park Public Library. It is situated less than two blocks from the Club grounds, and a block south on Verona Ave. from the Mall. We are most fortunate in having a librarian, Miss Slaughter, who knows her books and their authors, and is ever ready to help in selecting the kind of reading we wish, whether it is biography, fiction, standard works, or best sellers. Membership is one dollar a year. The Library is open four days in the week. The hours are as follows: Mondays, 2:30 to 5:30 P. M. Wednesdays, 9:45 to 12:00 A. M. Fridays, 2:30 to 5:30 P. M. Saturdays, 7:00 to 9:00 P. M.

We hope that our members will take full advantage of the library during their stay. Mrs. Amelia Dick had the misfortune to fall and hurt herself pretty badly last week. We all hope that she will soon recover from her injuries. Mrs. Samuel Norris has been

called to Milton, West Virginia, on account of the death of her father.

As this goes to press, we learn of the death of another of our members, Mr. William C. Becking. His obituary appears in another column of The Sun. The Club extends to the bereaved family its sincere sympathy.

Last Thursday we were honored by a visit from some shuffleboard players from the Sebring Club. All the participants seem to have had an enjoyable time according to reports that came to us and that honors were about even. This was a better showing than our team made at Sebring the week before. We have always enjoyed a friendly welcome whenever we visit the Sebring Club, and it is our earnest wish that its members will never be disappointed in us.

FOUNTAIN'S LAST YEAR'S ROOM ENTERTAINED

Miss Fountain's last year's third graders were entertained by "The March of Dimes" committee Monday after school. These pupils with a total donation of \$38.47 led the entire school in the drive. Singing was led by Miss Harrell. Then delicious refreshments were served by Mrs. A. R. Martin and Mr. Marion Nelson. The following teachers were guests: Miss Rhiner, Miss Harrell, Miss Harty and Miss Fountain.

Cuton goods, knit goods and cigarettes are large and important industries in North Carolina.

In over 22 years of business experience Jack Stephenson has never denied any family financial circumstances. Adv. if

PHONE 54American Legion
Auxiliary Has
Christmas Meeting

At Monday night's meeting of the American Legion Auxiliary, it was announced that 14 boxes of delicious and choice homemade cookies had been forwarded to the Crippled Children's Home in St. Petersburg. The cookies "resembling the luscious pictures shown in magazines," according to Mrs. Ben T. Stewart, chairman of this project, were made by the Home Economics department of the high school, under the capable direction of Mrs. Martha Allen, director. Mrs. Stewart also gave a report on the boxes sent to the Christmas shops in the three Florida veterans hospitals. The value of the contents of the boxes was placed at about \$100.00.

Mrs. Keith Collier presided at the business meeting, and Mrs. W. M. Hetherington elected secretary to fill the unexpired term of Mrs. Betty Proctor, who resigned.

Mrs. Marion Nelson, finance chairman, gave a splendid report of the recent Christmas card sales. She reported all the boxes of cards had been disposed of and her report showed a fine addition to the treasury. Members of the auxiliary have been selling the cards for the past month.

Mrs. Cora Wray, coupon chairman, reported a number of coupons had been turned in, and asked that members continue to collect them.

Sgt. Church, newly elected commander of the American Legion, was present and spoke briefly, assuring the auxiliary of the full cooperation of the Legion.

The members voted to contribute \$5.00 to the Leonard Wood Memorial fund.

The welfare report showed that \$45.00 in food and clothing had been donated by members during the past month.

A social hour followed the meeting and Mrs. Nelson and Mrs. H. W. Reddick served refreshments of pumpkin pie and coffee. An exchange of gifts from a miniature lighted tree, created a delightful yuletide atmosphere.

H. H. Hetherington, Publicity Chairman.

Plan Tea At
Christmastide
On Friday

The Ladies Aid of the United Congregational Church have planned a Christmastide Tea for Friday afternoon, December 17th, at 3:30 o'clock, in the church house on the northwest corner of the churchyard. Mrs. Charles R. Gunn, Jr., is chairman of the arrangements committee, she will be assisted by Mrs. Frank Conner, who has charge of the program.

San Souci Club Has
Christmas Party

Members of the San Souci Bridge Club enjoyed a business session with a fried chicken dinner at the Jacaranda Dining Room, Tuesday evening.

After the dinner, the club played bridge in the Palm Room. Mrs. Raymond Dilley won first prize and Miss Mildred Myers received second prize.

To add a holiday touch to the evening's entertainment, the group exchanged Christmas gifts.

Those present were: Mrs. J. Paxton Hill, Mrs. Phillip Boardman, Miss Millie Pearson, Mildred Myers, Mrs. Martha Allen, Mrs. Alice Sherman, Mrs. Raymond Dilley, Mrs. V. W. Driggers and Mrs. A. B. Wilhite.

Mrs. Mandis Entertains
Church Group

St. Margaret's Auxiliary of the Episcopal Church held their regular meeting and Christmas party at the home of Mrs. Demos Mandis.

Mrs. S. S. Thayer and Mrs. G. P. Thayer who were visiting friends in Avon Park were guests at this party. They presided at the table.

Gifts were exchanged in the party rooms that were lovely with their Christmas decorations.

Plans were made to distribute Christmas baskets during the holiday season.

Bennett-Bryan

Mrs. and Mr. J. W. Bennett of this city have announced the engagement of their daughter, Miss Elizabeth Bennett, to Riley Bryan, son of Mr. and Mrs. D. M. Bryan, also of Avon Park.

Miss Bennett attended school in Frostproof. She is now employed at The Palm Restaurant.

Mr. Bryan is a graduate of Avon Park High School. He served three years in the Navy. He is now employed with the Highlands Coca-Cola Bottling Company.

The wedding will be an event of December 31, at the Florida Avenue Baptist Church.

All friends of the couple are invited.

Wesleyan Service
Guild Has Meeting

The Wesleyan Service Guild of the Methodist Church held their monthly meeting at the First, Monday evening.

All members of the Church were invited to enjoy this special Christmas program. Rev. L. L. Price of Sebring gave a very inspiring Christmas Story. Mrs. Rosemary Cason read the scripture. Mrs. V. Driggers gave a reading on how the Carols were first inspired with Mrs. J. Tuten, Miss Anne Hardin, Miss Ann Sides, Mrs. Mathews and Mrs. Rosemary Cason singing each Carol as it was explained.

The hostess, Mrs. Irvin Ford, president of the Guild extended the invitations for all to partake of the refreshments with Mrs. L. Moseley as co-hostess.

A lovely candy dish was presented. Mrs. Jessie Tuten, who is leaving for Tallahassee where she will make her home.

Purveyors Honored
At Fish Fry

Members of the Avon Park Ministerial Association, gave a farewell fish fry dinner on the shores of Lake Isis, Wednesday evening in honor of Rev. and Mrs. E. H. Puryear and son, Bill, who will leave Avon Park Monday for Danville, Virginia, where the Purveys will make their new home.

Besides the guests of honor the following were present at the party: Rev. Lawrence Collins and family, Rev. and Mrs. H. D. Graetz, Rev. and Mrs. W. J. Ashworth, Rev. and Mrs. L. S. Huff, Rev. E. H. Austin and family, Rev. and Mrs. M. L. H. McCullin, Rev. and Mrs. Locke, Rev. and Mrs. L. Oser, Rev. and Mrs. J. W. Cummings, Rev. O. W. Thomas and family and Mrs. Nelson.

During the social period, refreshments of fruit pudding, buttered pecans and coffee were served to the following: Mrs. L. W. Wicker, Mrs. W. G. Robinson, Mrs. J. B. Coen, Jr., Mrs. Bernice Johnson, Mrs. P. A. McFarland, Mrs. Sam Howell, Mrs. R. C. Dean, Mrs. Albert Hansen, Mrs. B. D. Locke, Mrs. Albert Nelson, Mrs. J. M. Davis and Mrs. J. E. Spencer.

Carol Lynn Cason Celebrates Birthday

Carol Lynn Cason celebrated her fourth birthday Sunday with a birthday party.

Those invited to share the occasion with Carol Lynn were: Mary and Ann King, Ronnie Pabon, Joey Hevia, Marsha Kay Bunt, Steve and Claire Maxwell and Klippy Klueppelberg. The children spent one hour of the party at the new children's park.

Refreshments of ice cream and cake were served upon the return to the home of the honoree.

Mrs. Fletcher Entertains Adult B.T.U.

The Adult Class of the Baptist Training Union of the Florida Avenue Baptist Church held their social meeting at the home of Mrs. D. Fletcher, Saturday evening. Games were played after which a delicious covered dish supper was served.

Those enjoying the evening's entertainment were: Rev. and Mrs. Lawrence Collins and daughter, Sally, Mr. and Mrs. George Lewis, Mr. and Mrs. Charlie Proctor, Mrs. Delaney, Warner (Dude) Williams, Mr. and Mrs. Dewey Fletcher and Mr. and Mrs. Shaw.

It is said that river transportation in Mississippi is growing in great importance.

The state of Minnesota produces more butter than any other state of the Union.

Pennsylvania's annual production of bituminous coal approximates 114 million tons.

Girls Make
Christmas Cookies

The Home Economics girls, under the direction of Mrs. Martha Allen have been busy making cookies to be distributed to the Crippled Children's Home as their contribution to spreading Christmas cheer.

They have made over a hundred dozen cookies of the following varieties: Refrigerator cookies, chocolate, coconut, fruit, nut, spice, peanut butter, salty peanut cookies, coconut cream squares, filled cookies using figs, dates, and nuts, fig bars and date bars, oatmeal drop cookies, raisin and nut cookies and Breyers.

Besides the happiness these cookies will bring the recipient, they have been a very good experience for the girls.

Among the other gifts they have been making are aprons, pot holders, bedroom slippers, flower pots, dusting cloths, dish towels and pieces of clothing the girls have made for themselves. These were on display at the P. T. A. meeting Thursday afternoon.
