"Solid protection, Mary"

"It looks like just a pretty piece of paper, Mary, this policy in the Life Insurance Company of Georgia. But there is a lot behind it. • First there is the integrity of a grand old company that for 56 years has known a sure and steady growth. There are more than three million of us who own $475,520,289 worth of Life of Georgia protection. The Statement of Condition shows how sound the Company is. Insurance in force increased $56,554,028 during the past year. And assets increased 26 per cent. The company has policy reserve funds of $18,174,612. In addition, Capital, Surplus, and Voluntary Reserve funds for the further protection of policyholders amount to $10,453,763—this is over and above all liabilities and legal requirements. Last year the company paid to policyholders and beneficiaries $6,534,674. • These figures mean a lot of protection for our family, Mary . . . if anything should happen to me."

AS WE SEE IT

By Art Kinney

The Democrats and Republicans agree o one thing, that Henry Wallace is not the man for president.

• • •

Do the Teen Agers want a Youth Center? . . . you bet they do, and they are starting out this week to prove it . . . a few weeks ago a group of them with their leaders appeared before the City Dads with a request for funds to carry on their activities at the Youth Center, and the Council did what they could for them . . . the writer was present at that meeting and noticed the sincerity of the group, decided to do something about it . . . what to do . . . we finally hit on the plan of putting the groupe to work . . . and boy they jumped at it . . . a team of ten members are starting this week to sell subscriptions to the Avon Park Sun . . . for every new subscriber at 2 dollars per year the young salesman get, we pay them 1 dollar and this dollar in turn will be turned into the treasury of the Youth Center . . . with a little co-operation on the part of the people solicited, the Youth Center should have no trouble in raising from a hundred to 2 hundred dollars . . . and there is no doubt as to whether you need the Sun . . . and we mean the SUN, your home town newspaper . . . keep posted and help the youth of AP at the same time . . .

• • •

We believe that there will be many newspapers supporting the candidacy of Henry Wallace for president . . . however few of them will be printed in the United States . . .

• • •

In order to have a little wit and humor in this column, we found the following . . . an airman had to parachute to safety owing to engine trouble . . . on the way down the open space he met an old lady floating up . . . "have you noticed a fellow going down-" he shouted . . . "no," yelled the old lady . . . "have you seen a gas stove going up" He, hem, about the time you're important enough to take two hours for lunch, the doctor limits you to a glass of milk . . .

• • •

Forty-one tax payers in Highlands County are looking for a job on the public pay roll . . . well some of them are going to be disappointed, and they are all fine people . . . as the saying goes "may the most capable ones win out," and the others can try again . . .

• • •

123 canines of AP are running around taking their fellow travelers "if they would like to see my vaccination" . . . yep, that's right folks, the doggie population kept the vet busy at the Fire Station last Saturday . . . those of you who did not have the time, or forgot to get your pets down to the Station last week will have another chance to have them vaccinated again this Saturday . . . and just a word of warning to all dog owners . . . it is the intention of the City Administration to enforce this ordinance . . . it is a measure of safety for your own children and the general public, that all dogs be inoculated against rabies.

• • •

If you haven't made your tax return or signed your homestead exemption you had better take care of it Saturday afternoon, P. G. Gearing will be at the McGinnis Insurance office at that time. See ad in this issue.

Action Delayed On Memorial Monument

At the regular meeting of the American Legion last Wednesday night, the question of placing marble facing on the World War II Veterans' Monument was again brought up. It was pointed out that funds were raised by subscription some years ago for this project, but nothing has been done, and that those funds, amounting to some $2,000, are still in bonds in the name of the Legion. At the previous meeting, a committee had been appointed to investigate the cost of doing the work, and Herbert Todd reported for the committee that prices of marble and monument materials were still unreasonably high. For that reason the Legion postponed action on having the monument until better figures can be obtained.

Eleanor Sawyer Rebekah Lodge meets in the upstairs Avon City Hall and all members are urged to come.

The Hospital Installs Automatic Elevator

In an interview with a representative of this paper, H. M. Baldwin, business manager for the Walker Memorial Sanitarium and Hospital, reported on the progress boing made in regard to the installation of equipment.

Mr. Baldwin stated, that the fully automatic elevator for the Walker Memorial Sanitarium and Hospital was officially turned over to the institution on Wednesday, March 17th. This elevator is of the latest modern design serving the basement and mezzanine landing from the side entrance, and the main, first, and second floors from the front entrance. This elevator was furnished and installed by the Bryce Elevator Company of Jacksonville. He also stated that the Operating Room has been virtually completed and as of this writing two major operations have been performed and several more are scheduled for the next few days. Hard green tile has been installed on the walls of the operating room, and a soft harmonizing shade of green on the ceiling. The room has been equipped with a new American Operating Table and numerous other pieces of new modern equipment. We are now ready to care for any type of general, major and minor surgery as well as any emergency cases, stated Mr. Baldwin. He further stated that the Maternity Department is also completed and that the Hospital has had two deliveries to date. The institution is now equipped with the latest audible paging system, and the patients' signal system to the nurse has been made available to the patient during the past week.

We invite those who have not yet visited this institution to do so and observe the various departments and services that have been made available to those living in the Ridge Area, Mr. Baldwin stated.

Red Cross Workers Redouble Efforts

The volunteer workers for the American Red Cross Fund Campaign are striving to make a 100 per cent coverage in their districts. All citizens are urged to cooperate with them in bringing the campaign to a successful conclusion. There will be a table at the Sarasota Bank on Saturday morning where the reports of workers may be brought for tabulation. If there are those who have not been called upon, they are asked to please make their contribution to the worker in charge of the table at the bank.

Rev. Herbert G. Graetz, general chairman, announces the following as the names of those who have been active in raising the Red Cross Fund for 1948 in Avon Park. S. F. Longbottom, treasurer, Rev. E. H. Puryear and John F. Wright, heads of the house to house and business divisions, respectively.

Mr. Robert Maysack, business division. The house to house division included the following workers: Mesdames W. H. Kempton, W. J. Head, Max Wild, R. J. Rutherford, C. Lester Armstrong, A. P. Johnson, R. H. Stodden, E. G. Todd, Charles Kenney, Walter Mardis, R. R. Brown, J. M. O'Hern, W. C. Touchton, Cora Wray, Homer Shepherd, A. D. Demorst, C. R. Wingfield, J. T. Williford, Jesse Totten, Sybil Sanborn, Kenneth Harris, Raymond Gerrard, Mary Elder, Ruby Alexander, Gladys King, Frank Armistead, L. E. McRae, Fred England, Miss Daisy Smith, Rev. John E. Wade and Mr. Malcolm Crews. Mesdames D. G. Perry, Walter Betts, C. Parke Anderson, Robert Porterfield and Miss Jane Perry had charge of the table in the bank. Mrs. Eastha Kelley and Mrs. Frank Cosselman had charge of the table at the Winter Guest Club. The Boy Scouts served in getting out publicity. The Girl Scouts had a table down town on Saturday.

FROSTPROOF WINS FROM AVON PARK

The Frostproof Packers edged the Avon Park Firemen team, 9 to 8 in an Orange Belt League exhibition game played here Sunday.

M. Landress and H. Rutledge rapped out three hits apiece for Avon Park while Long and Smith got two singles apiece for Frostproof.

Avon Park rallied in the ninth inning in the whole inning but the attack fell short of tying the score by one run.

Band To Compete In State Contests

"How does Gene Gorman do it?" "In so short a time after having only an average band, too." "That band sounds more in tune and plays better than most Class A and B bands." "A marvelous performance."

These comments came from various band directors after hearing the Avon Park High School Band play its concert performance at the District Contest at Fort Myers last Friday. Immediately after the last number was played, Mr. Gorman and the members of the band were beseiged by compliments from the astonished judges and numerous other directors who had come to hear what competition the Avon Park Band would offer them.

The judges wrote very complimentary statements about every section of the band. In reference to the "March of the Zouaves", Judge Al Wright of Miami Senior High wrote, "I wish that Fillmore (the composer of the number) could have heard this."

In the sight reading contest, in which the band is given only 2 minutes to look over brand new music before playing it, the band received a big hand from the audience and a special commendation from the judge, as Mr. Gorman said at the end of only 1 minute, "Let's go!" Many said that the band played as if they had been rehearsing the numbers for days.

As it this were not enough in itself to secure the right to compete in the State Contest in St. Pete, the band also made the 1st Division rating in marching performance. The special drill, "AP" received a double A plus rating from the judges. This was the first time our band has received a rating in all fields of competition.

Avon Park also comes home with the most 1st Division ratings in the solo contest. John L. Deloach, baritone, and Alice Jane Boggs, flute and Clarinet respectively; Jack Ward, trombone; Bobby Whitcomb, baritone; and Edgar Fuller, french horn; each made 1st Division ratings in the Junior High Contests.

The student conductor, Sue Ward, directed the Sarasota High School Band in the Conducting Contest received one 1st and two 1st Division ratings which were given. The other was given to the student conductor from the Sarasota Band.

All the soloists from our band played very well and far above the average. Those who received 2nd Division ratings were: Harold Worden, Garth Spencer, Wendell Driggers and Anne Puryear.

Local Rotarians To Clearwater Meeting

H. C. (Hal) Worden and C. L. (Army) Armstrong will leave for Clearwater this week-end to be present, the Avon Park Rotary Club at the first mutual convention of the newly created District 167-C of Rotary International. High ranking Rotarians of all sections of central Florida are expected to be present during the three days of the conferences March 28, 29 and 30.

Highlights of the business sessions are expected to be the address by Van Churchill of New Kensington, Penn., who will be present as official representative of Rotary International, and the annual address by District Governor Paul Stine of Orlando which is expected to keynote district activity for the coming year.

A full program of social activities also has been planned for both Rotarians and Rotary Anns, including a district golf championship at the Clearwater Country Club, boat rides, sightseeing tours and swimming on the famous Gulf beach at Clearwater.

Social highlight of the sessions will be the governor's banquet and the governor's ball, scheduled for Monday evening. J. O. Houze, mayor of Clearwater heads the entertainment committee, with Mrs. Herbert Grice, head of the Rotary Anns assisting. General Chairman of the convention is General George Estes. Convention headquarters will be in the Ft. Harrison Hotel.

Former Pastor Returns To Revival

The Reverend O. E. Burton

The Reverend Mr. O. E. Burton pastor of the First Baptist Church from 1940-46, returns to his old pulpit next Monday, March 29 to begin a series of evangelistic meetings. The meetings will run Monday through Thursday, April 9. Burton will preach at 10:30, each morning except Monday and at 7:30 each evening except S turday.

During Mr. Burton's pastorate here great crowds would gather frequently had to be set up in an overflow room. Since leaving Avon Park he has spent two years in the South Georgia Baptist Association, Port Wentworth, Ga., and is now pastor of the Ashley River Baptist Church, Charleston, S. C. Last year his church was one of the leading churches in the Southern Baptist Convention in baptisms and membership increase. First Baptist Church is happy to welcome this former pastor back to Avon Park and to invite everyone to hear him.

Music for the revival will be in charge of our regular choir director, Mr. E. D. Chapin.

The First Baptist Church is happy to announce that the installation of a New Hammond Organ which will be used for the first time this Sunday. With this organ, it will be possible to have the full church service broadcasted as the beauty and glory of the great hymns you will hear.

According to the usual custom there will be an Easter Sunrise Service on the church lawn at 6:30 a. m. The program and music will be in charge of Mr. Chapin and the Associate Deacons. The Pastor will bring an inspirational message.

Good Friday Service At The First Methodist Church

A GOOD FRIDAY SERVICE, from 12 o'clock noon till 3 p. m. will be held in the First Methodist Church Friday, with pastors from several of the churches taking part.

The program is as follows:

12:00 o'clock noon, a prelude of meditation; the call to worship and the invocation.

The study will be the seven words from the cross.

12:10 P. M. Rev. Herbey Graetz: "Take First Word," "Father forgive them for they know not what they do."

12:25 P. M. Rev. W. G. Crews. The second word: "Verily I say unto thee, today shalt thou be with me in paradise."

1:00 P. M. Rev. L. S. Hieff. The third word: "Woman behold Thy Son! Behold thy mother!"

1:35 P. M. Rev. E. H. Puryear. The Fourth word: "My God, my God, why hast thou forsaken me?"

1:50 P. M. Rev. McRae. The Fifth word: "I thirst."

2:15 P. M. Rev. Purvis. The Sixth word: "It is finished."

2:40 P. M. Rev. W. J. Ashworth. The Seventh word: "Father, into thy hands I commend my spirit."

Mrs. Luke Mosely and Mrs. Earl Jackson will be the organists.

Everyone is invited to attend all or a part of these services.

Macfadden Can Give Florida Publicity

Bernard Macfadden is basing his campaign for the governorship on a ten-point program for the promotion of health, industry, agriculture, education and tourist trade.

In a statement to the press Macfadden said he would "proclaim throughout the world the abounding virtues of Florida's steampacked revitalizing climate for physical, mental and spiritual upbuilding."

He would develop a nation-wide demand for Florida products of farm and factory and advertise to bring tourists and homeseekers to the state in ever greater numbers.

He advocates the reduction of war-time taxes and the elimination of bureaucratic agencies that add thousands to state payrolls with no benefit to the taxpayer. He would cut governmental costs sharply, eliminate dead wood and provide for a sound economical business administration of state affairs.

CARD OF THANKS

We wish to thank her friends for the beautiful floral offerings, cards and expressions of sympathy extended to Mrs. Reed during her illness.

Small Turnout For Shands Meeting

Most of Florida's cities and towns are on the verge of bankrupt collapse, W. A. (Bill) Shands, business-man candidate for Governor, told an attentative audience in Avon Park Monday afternoon, as he advocated legislative measure relief to these municipalities.

"The cities and towns are reaching out to impose extra taxes in a frantic effort to provide police, streets, sidewalks and other public services the people have a right to expect," Shands said.

"Sixty-five per cent of Florida's people live in cities and towns and contribute 65 per cent of the taxes collected by the state, while providing 90 per cent of the public services," added the Jacksonville attorney, cattleman and advertising executive. As your Governor, I will sponsor legislation to provide a fair return of state taxes to the municipalities."

Shands declared that he is not an advocate of a general sales tax and asserted, "my critics, the apostles of false economy, have misrepresented to the people the facts I introduced in the 1947 Legislature, by which they seek to label me as an adherent of a general sales tax."

"I threw what I introduced my 1941 tax bill," Shands added, "that there was not enough money to pay for benefits and services the people have a right to expect. I was not then and am not now an advocate of a general sales tax, but the bill I introduced was one solution to the financial problems that confronted us at that time.

"Those who label that bill a sales tax do not tell you that it did not place a tax on necessities, including staple foods. They do not tell you that it provided for a return of money to the municipalities and that it would have been a replacement tax and would have required a lowering of real estate taxes and that it would not have imposed any burden on people with small incomes."

Jack Head, Jr., and David Lahey, students at the University of Florida spent the weekend in Avon Park.

City Council Met Tuesday Evening

The regular meeting of the City Council scheduled for Monday, March 22nd., 1948 and which had been postponed due to the absence from the City of the Mayor attending meeting of the Florida League of Municipalities in Jacksonville, was held on Tuesday, March 23rd. It was reported that the meeting of the Florida League of Municipalities at Jacksonville was devoted entirely to the matter of finances of the various cities of the State and as to what steps might be taken to improve the financial position of the cities, practically all of which report themselves in dire financial distress.

The meeting of the League was addressed by Mr. English, Mr. Shand, Mr. Cooper and Mr. Watson, all candidates for the governorship of Florida. Each of the candidates stated that they were familiar with the need of municipalities for additional sources of revenue to meet the constantly growing needs of the cities and to meet the cost of repairing or repaving city streets, cable and sewer lines, which in many instances are in need of repair and some of which will require replacing in the near future. It was also stated that the present system of taxation of the various cities of Florida was unsatisfactory in many cases and that some means must be found to relieve the burden of taxation on the property owners of the various cities of Florida. It was stated that the present system of taxation of the various cities of Florida was unsatisfactory in many cases and that some means must be found to relieve the burden of taxation on the property owners of the various cities of Florida.

National Negro Health Week

Need for a health plan for the individual negro and his family will be emphasized in Florida during the observance of National Negro Health Week, April 4-11, it was learned this week.

Negroes in all sections of the State will be urged to pay special attention to cleaning their homes and premises, to check their health habits, seek proper medical aid and obtain any necessary corrective treatment. Fundamentals of good health will continue to be stressed to school children.

Although considerable advancement has been made in negro health, it was pointed out, records show that it is still lagging behind.

Twice as many negro mothers die in childbirth and almost twice as many negro infants die during their first year, it was stated. The tuberculosis death rate for negroes is much higher than for whites and syphilis kills five times as many negroes according to national figures.

BOY SCOUTS ON AN OVERNIGHT OUTING

Eighteen Boy Scouts, accompanied by Scoutmaster R. E. Mayrack, went on a camping trip at Highlands Hammock State Park last Friday and Saturday. Mr. Bill Schoenmaier furnished the transportation out and Mrs. T. H. Maxwell and Mr. L. C. Hooper brought them back alive.

Cooking, eating what you cooked, hiking, compass and measuring projects and games took up most of the time. A nature hike led by state Botanist Carol Beck, during which the boys saw a number of alligators, proved to be of great interest to those who went along.

An outing to the Legion beach is planned for 2:30 p. m. next Saturday. Instruction in beginning and advanced swimming will be given by the Scoutmaster.

City Council Met Tuesday Evening

(Continued from Page One)

At its final session, held Monday morning, March 22nd, the League did adopt a definite program requesting the financial assistance of the State and recommending that 1c of the State gasoline tax be paid to the cities by the State, such funds to be earmarked for the repair of city streets. The program, a copy of which will be furnished all newspapers in the near future, also recommended certain other forms of taxation to be levied by the State for the purpose of distribution to the cities. The Mayor stated that comments on the floor of the League meeting and discussion with representatives of other cities clearly indicated that all cities of Florida faced a serious situation in finding the funds necessary to put the cities in a position to be properly equipment: meet the rising cost of supplies and extend their roads, walks and other facilities as demanded by the constantly growing population. The matter of State aid to cities has been discussed for many years and it may be that some definite action to afford some relief will be taken at the next session of the legislature.

Mr. Perry appeared before the Council and requested that the Avon Park Squadron, Civil Air Patrol, be given a lease upon the Municipal Airport for one day, April 11th., 1948, for the purpose of conducting an Air Meet. Funds derived from the Air Meet to be applied to the Walker Memorial Sanitarium and Hospital to help meet the final alteration and equipment cost of that hospital. The Council approved the request.

The Council discussed the serious hazard to pedestrians along that section of Main Street from Highlands Ave., west to Donaldson Park. The Superintendent of Public Works was directed to construct a sidewalk on Main Street as soon as possible. Concrete slabs removed from the old foundations of Kings Courts will be used and the walk will be of the same type as that recently installed in the Mall near the band stand. By the use of the old foundations and native sand, it is believed the walk can be constructed at small cost to the city.

The Council approved the semi-annual payment of interest on the bonded debt of the City. This interest on the outstanding bonded debt of the City amounts to $16,638.67 for the six months period ending March 31st, 1948.

The Council also took notice of the fact that taxes levied on real and personal property for the year 1947 will become delinquent on April 1st 1948, after which date unpaid taxes will become subject to interest at the rate of 8 per cent per annum. The Council is hopeful that our taxpayers will meet the assessment before April 1st so that it will not be necessary to further increase the tax burden by the imposition of the interest charge prescribed by the City Charter. All members of the Council appreciate the heavy burden of taxation imposed by the Federal Government, the State, the County and the City, but it is necessary that the cost of operating the city be met and that the interest on our bonded debt be paid promptly.

The need for continued improvement in the appearance of the City, particularly Donaldson Park, was discussed. The visit of winter guests to the city is the source of very considerable revenue to our merchants and to the city as a whole. The establishment of residences by guests and retired persons from the north means continued growth. Visiting and new residents can be attracted to the City and help the community to grow and funds expended to make our city a better place to live is money well invested. The City Clerk was instructed to request the Chamber of Commerce to re-organize the Donaldson Park Planning Committee with a view to securing the interest and assistance of all of our civic organizations to making sound plans for improving Donaldson Park so that it may best serve as a means of attracting more visitors, new residents and providing recreational facilities for the children and young folks of the community.

The Council approved the application of John S. Osborn for the construction of a dwelling on West Bell Street near Central Ave.

The attention of all persons is invited to the legal notice appearing in this issue of the paper advising that the final public hearing by the City Council on the proposed zoning ordinance will be held April 15th, 1948. It was intended to hold this hearing March 29th, 1948, but it was found that Florida Statutes require that the meeting be not held until 15 days after the publication of the formal notice. While the Council regrets the delay, it hopes that many of our people will attend the hearing and advise the City Council of their opinions and wishes.

Winter Guests Club News

By David Arthur Brodie

The mild weather last Friday evening brought out an exceptionally large number of members and their friends. The bingo party inside, and the shuffleboard courts outside, were both well attended.

The latest registrants were Mr. and Mrs. J. A. Jackson, Clarksburg, West Virginia.

Mrs. Virginia Loyda, Gary, Indiana.

As nearly as can be ascertained at this writing, the following members have gone or are about to leave for home, or for other parts:

Mr. and Mrs. Delbert Peters, Hicksonville, Ohio; William Golden, Elkhart, Indiana; Mr. and Mrs. Frank Lane, Allegan, Mich.; Mr. and Mrs. Erving Boeugher, Zanesville, Ohio.

The community singing last Sunday afternoon was well attended and greatly enjoyed. An interesting part of the program was a scholarly expose of the twenty-third Psalm by Mr. Geo. Dingee of Moncton, New Brunswick.

Now, that the members are leaving for their various homes, this should be a good time to look back over what we have been doing during the winter just past, and ask ourselves whether our sojourn in Florida has been worth while. After all, it takes real money to travel a thousand miles or more and back, pay living expenses, doctor bills, and other incidentals, many of them, such as house rent, being extra because already provided for at home. No doubt there are many to whom a winter in Florida, or anywhere else away from home, is a serious sacrifice financially, especially where invalids are concerned. Such cases have been known.

It is also true that most people who come here have reached an age when adjustments to new conditions are not easily made. To leave a cozy, comfortable home where they are surrounded by familiar objects, and conveniences, family circles, and life-long friends and neighbors, and try to settle down to temporary quarters under strange surroundings, is not always conducive to the maintenance of even tempers, or normal blood pressures, which may not have been disturbed had they stayed at home. Neither does it help much to have to pay a dollar a pound for butter with firkins of the best packed away in the cellars at home. It is also quite difficult to maintain a serene countenance when being forced to pay 75 cents a pound for ham or bacon knowing that the smokehouse is full of home-cured smoked ham the equal of which can rarely be found on any market. We could go on listing the good things that we have to forego when we wish to spend a winter in Florida. Then the question arises, what compensating benefits do we receive for such sacrifices? Are these benefits worth the cost? We may assume at the outset, that the food we get is as good and as reasonable in price, as any to be had away from home, and that the water is pure and healthful. But what about the winters that we hear so much about, and which, in most cases constitute the chief attraction? We know that Florida has its cool spells when it gets the out-sweep from some of the blizzards that blow across the country from the northwest at times. We also know that few rooms are heated except, in the best hotels and in some private homes, and at such times some of our people actually suffer. However, many provide against these cool spells by the use of gas or electric heaters to take the chill off the rooms, and these usually work out quite satisfactorily. It so happens that a record in one instance is available and should be of some interest, especially to those who expect to come to Florida next year. Here are the chronological notes as they are taken from the record:

Nov. 9, 1947, first cool spell of the season. Used 3 K. H.

Nov. 26 to Dec. 2—7 days—22 K. H.

Dec. 27 to January 7—15 K. H.
January 8 to 22—30 K. H.
Feb. 1 and 2—14 K. H.
Feb. 15 and 16—3 K. H.
March 13 and 14—2 K. H.

The above data totals 89 Kilowatt hours, assuming that the heater used a thousand watts per hour. Allowing for errors and eliminating fractions, this record, which has been maintained for several winters has not exceeded 100 kilowatt hours in any single season, and at current rates cost around five or six dollars for the extra heating during the winter.

This record also shows that there were only 26 days that were cool enough to require extra heat, and then usually in the mornings and sometimes during the long winter evenings. It is understood, of course, that the occupant of the room was in normal health. Where invalids are concerned Ad—Writer Guest Club Items these data are likely to be considerably greater.

This record offers a fair conception of what to expect next winter. Warm and cool waves alternate. The days, or weeks between cool spells are, almost without exception, mild and sunny, when one can bask in the sun, or be comfortable in the shade. In cases of incipient, or chronic arthritis, or rheumatism, or other ailments which are aggravated by extremely cold weather, beneficial results have been obtained by spending a season in Florida, and even during cool spells, severe colds can be avoided by reasonable use of temporary heat in keeping rooms comfortable.

So, in considering what benefits we have received after a winter in Florida, each of us must weigh the known conditions at home, against the freedom from responsibilities, the privilege of lolling in the shade or sunshine while blizzards are raging farther north, the greater time spent out of doors, in summer garb, the availability of the best of citrus fruits in abundance at all times, the clear, healthful atmosphere, the prevailing low humidity, and the pure water all of which the interior of Florida affords.

As this goes to press, word has just been received that Mrs. Eva Reed, one of our club members, died in the hospital at Akron, Ohio, at 7:15 p. m. March 22nd. She had been ill for weeks here before being moved to Akron. Mrs. Reed was a relative of Mr. Rex Reed of Avon Park, and was held in high esteem by all who knew her. Funeral arrangements are not yet complete.

The members of the Winter Guest Club extend sincere sympathy to the members of her family.

SEVENTEEN—COUNT THEM! BLACK BASS

Justice of the Peace, Alton Elders on the right and Arlin King, of the City Market display as fine a string of black bass as any fisherman would be glad to have his picture taken with. On St. Patricks Day March 17th, the "Judge" felt that he should get away from the worry of a campaign for re-election, so in company of Arlin King, Alton Laflam and Hope Elder they journeyed down to the mouth of the Kissimmee River and at 4:00 p. m. they started in to wet their lines, and at 5:30 p. m. retired from fishing with 103 pounds of black bass to their credit. The largest fish weighed 7 pounds and the balance from 3½ pounds up. They show only 15 bass in the picture but his Honor is willing to take oath that the total catch was 108 pounds.

THE SHERIFF'S RACE

Dear Fellow Voters of Highlands County:

In the coming primary election there are three outstanding men in the race for Sheriff of Highlands County.

BROWARD COKER not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than eleven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.

He was in the armed forces of his country during the last World War from March 3rd, 1942 until October 16, 1945, or approximately 44 months. 21 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.

We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff his military record should be an influencing factor.

He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.

We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.

Faithfully yours.

"TOO LATE TO CLASSIFY"

By Russell Kay

[illegible] imagine a community [illegible] population of 1,870 with [illegible] streets, no chance of any [illegible] Florida sun, but [illegible] abnormal or desirable [illegible] in which to live— It is our State Prison at Raiford.

When this fact was called to [illegible] attention not long ago I [illegible] not believe it. While I had [illegible] given the matter any [illegible] thought, I was confident that a [illegible] existed at Raiford. In the [illegible] years of the institution's [illegible] there has never been [illegible] threat of such.

The religious program of the [illegible] and the work of personal [illegible] and activities have been maintained by the resident chaplain as well as possible within the facilities provided misguided [illegible] outside the institution's walls.

Now, after 30 years, the state is getting ready to provide a chapel and the Board of Commissioners of State Institutions has recently announced an appropriation of $50,000 for a building.

No provision, however, is being made to provide furnishing or worship equipment. All the state proposes to do is provide a bare unfurnished building. If it is to be furnished, funds for this purpose, which architect estimates place at $13,000, will have to come from private subscriptions.

That the prison is to have even an unfurnished House of Worship is largely due to the untiring effort of the [illegible] Chaplain who has diligently worked toward [illegible] end for years. Here he has [illegible] a building, but [illegible] concerned with the [illegible] equipping it for the [illegible] it was intended. [illegible] wants a good organ, [illegible] to lead in the [illegible] in the foregoing [illegible]

[illegible] looks to the outside church [illegible] come to his aid in solving this [illegible]

Here indeed is a worthy project [illegible] your club, your Sunday [illegible] or your church to under- [illegible] take. Twenty denominations are represented among the prisoners [illegible] and as the Chapel will be non-denominational, designed to serve the religious needs of all, the task of supporting the project applies alike to all groups.

The amount needed could be raised in one Sunday, if the ministers, priests, rabbis and pastors of our churches throughout the state would bring the matter to the attention of their people and call for a small donation. A few dollars from each congregation would do the trick and I hope that, as a result of this column, a great many will be reached.

If the readers of this column would spread themselves a committee of one to bring this matter to the attention of their minister and undertake to raise a small amount it would be easy to do, and I can think of no undertaking more worthy.

If every member of a Rotary, Civitan, Kiwanis, Exchange or other service club would take similar action and at the next regular meeting bring the matter up and call for voluntary contributions from members, I am sure the response would be immediate. If every club or church member would give the price of [illegible] of cigarettes or even a [illegible]-Cola it would more than [illegible] the small sum needed.

[illegible] it now that Florida's [illegible] Penitentiary a Chapel and all [illegible]

Florida Citrus Mutual Launches Campaign

Plans for a broad membership campaign which will attempt the signing up of 75 per cent or more of the state's citrus tonnage were approved here recently by the organizational committee of the Florida Citrus Mutual.

Members of the committee agreed that every possible means would be used to present the Mutual's program to the industry in an effort to gain the necessary tonnage of the state's citrus crop. It was also decided that every organization in the state affiliated in any way with the citrus industry would be informed of the Mutual's purpose and asked to cooperate in the membership drive.

The Mutual is a state-wide cooperative marketing association recently formed to stabilize the citrus industry through regulation of sales and orderly marketing.

Committee members agreed that the campaign, which will get under way as soon as possible, would concentrate on the following two points:

1. As goes the citrus industry, so goes everybody in the State of Florida.

2. The main hope of the industry is allocating fruit to uses for which it is best adapted and where it can get the best profit for all concerned.

The committee approved the printing of a booklet giving the charter, by-laws, and articles of corporation of the Mutual with explanatory notes on every point. The booklet is to be given wide distribution throughout the state.

Explaining its part, the purpose behind the Mutual was its secretary, Tom Turnbull, of Lake Alfred, who said: "The Mutual is not an inflexible organization, but rather a common ground on which the citrus industry can begin to put together an organization which has to be put together some time for the orderly marketing of the state's citrus crop. It may not be a perfect organization, but at least it's a rallying ground on which representatives of the industry have agreed to get started in an effort to unite the citrus industry."

Evidence that the Mutual is proceeding in its membership drive was presented by President Lott Maxcy, of Frostproof, who said small growers in the Frostproof area have signed up 1,800,000 boxes of fruit, 3% of the state's total crop.

Heavy fines and jail sentences can be levied against those who start fires in Florida's woods.

MARKETING Thrifty Shoppers

If you want to enjoy budget-busting holiday eating, join the Easter parade of thrifty shoppers . . . to A&P! I don't know of a better place to buy festive foods at everyday prices. And the variety is so big you'll get lots of ideas just by browsing around. Here are a few I came home with recently:

SMART BUNNY SALAD

Half a peeled fresh pear makes a honey of a bunny when you place it cut-side down on shredded greens, insert almonds for ears and whole cloves for features, and add a ball of cream cheese for a tail. Delicious served with A&P's ANN PAGE MAYONNAISE . . . the creamy-smooth mayonnaise wears by the season's best dressed salads.

BEST NEST

Wondering how to use all the eggs the Easter Bunny's going to bring? Here's a suggestion: Let the shelled eggs stand in beet juice till they're blushing prettily, place each one in a nest of fresh-tasting A&P CANNED SPINACH, and arrange around your ham or roast.

TRIO OF TOPPERS

Because no one hat style suits every taste, there are dozens of different Easter bonnets. And because no one coffee flavor suits every taste either, there are 3 different blends of A&P COFFEE . . . RIGHT O'CLOCK (mild), RED CIRCLE (medium) and BOKAR (strong). They're all tops . . . all sold in the whole bean, and Custom Ground when you buy, just right for best results in your coffeemaker. So, votes your choice . . . and rejoice!

EASTER SUNDAE

A very special Sunday like Easter rates a very special sundae recipe like this: Combine ¼ cup white corn syrup, ¼ cup sugar and ¼ tsp. salt. Cook till mixture reaches 240°F., or until a small amount forms firm ball in cold water. Remove from heat; add ½ tbsp. shortening and 1 cup of crunchy SUNNYFIELD CORN FLAKES—sold exclusively by A&P. Toss with fork till flakes are coated, and spread on cookie sheet to cool. Crumble and serve on ice cream. Enough for 10 to 20 sundaes. (Store unused topping in covered jar.)

Facts About Social Security Cards

"Over 90 million Social Security cards have been issued to people in the United States," R. C. Gehrken, Jr., Manager of the West Palm Beach Social Security office said today.

"Questions arise daily," he continued, "which show that the people having them are not clear about their use. All of you should remember:

1. "Your Social Security card is the key to your insurance policy with Uncle Sam. Hold on to it. You need it whenever you take another job to show to your new employer. You or your family will need it when you file claim for benefits."

2. "Your Social Security card should be safeguarded. Keep the bottom half in a safe place at home. If you lose your card, go to the nearest Social Security office and ask for a duplication, and you will get one with the same name and number that you were issued originally. Some three million cards are issued annually by local offices. The cost of these amounts to a considerable figure. You will be saving taxpayer money by taking good care of the card issued to you."

3. "If you change your name your local office can issue you another card with your new name but bearing the same number as your old card."

4. "Tell your family where you keep your Social Security card and that they should get in touch with the Social Security Administration as soon as possible, in the event of your death."

"It does not pay to be ignorant or careless—Are you ignorant of your rights under the Old-Age and Survivors Insurance Program? Are you losing Social Security benefits? Here is the way to find out: Write your Social Security office at 215 North Flagler Drive, West Palm Beach for complete information."

Mr. Howard W. Newton, Field Representative of the West Palm Beach office is in Avon Park City Hall at 2 p. m. on each fourth Tuesday in every month. Contact him for full information.

Elementary School Presents Program

Pupils of the primary department of the elementary school presented a delightful program at the March meeting of the Parent-Teachers Association in the high school auditorium on Thursday afternoon.

The third grade group sang four songs, God Bless America, Friendship Song, Dutch Kindergarten, and Easter Parade. The first grades presented The Dolly Show, followed by a novelty number by Majorette Eve Campbell. The second grades gave four songs in pantomime, I'm an Indian Warrior, Papoose, When My Mother Sits and Sews, and I'm Learning to Dance.

Vaughan Driggers led the opening devotional for the afternoon and the president, Mrs. R. H. Lawhon presided at the business meeting. Mrs. Lawhon appointed a nominating committee composed of Mrs. Leon Campbell, Mrs. Will Bennett, and Mrs. Ray Rutherford, who will submit their report at the April meeting.

Plans were discussed for the senior breakfast, and the president named the senior class home room mothers as the committee in charge of arrangements for this annual affair.

In the room count, prizes were awarded to Mrs. Addie Lee Best's home room for the elementary grades, and to Mrs. E. A. Shearer's high school home room.

Hettie H. Hetherington, Publicity Chairman.

Miss Louise Barnett

Engagement Announced

The announcement of the engagement of Miss Mary Louise Barnett to Edward Donald Todd was made at an afternoon party at the Edward G. Todd home on Lake Lotela Saturday when Mrs. Todd entertained a group of the younger set at bridge.

Mrs. William M. Reck, grandmother of the groom-elect, greeted the guests at the door and presented them with bridal tallies. Then orange juice was served on the porch by Mrs. Herbert R. Todd, daughter-in-law of the hostess.

After the guests were seated for bridge, the announcement was told in a clever, original verse, concealed in the decks of cards—"Hearts are trumps, and cupids the clubs—and here's some flash news about the Trumps. Hearts are really bursting with pride, for this summer Louise becomes Donald's bride." As Miss Barnett was receiving her wishes from her friends, she was presented a corsage of Bride's white roses, Japanese haw, and carnations, tied with meline and satin ribbon, which had arrived "by air" from Donald. After three progressions of bridge, individual prizes were awarded, and Miss Barnett received a gift of a bride's book.

The chosen colors of green and white were carried out with flower arrangements of white bauhenia verbenia, Japanese Haw, roses, and baby's breath. Wrapped pencils and score pads accented farther the color scheme.

Others who had been invited for a later hour joined the bridge guests for refreshments. The dining room table was covered with a lace cloth, centered by a silver bowl of bride's roses. Soft light was shed by tall white tapers in silver holders. Cupid announcement cards were placed on plates of green and white ice cream. Cake iced in green with white rosettes, meringues, heart-shaped mints, and salted nuts were served from the table by Mrs. C. E. Lanier, Mrs. D. G. Perry, Mrs. A. R. Martin, and Mrs. C. O. Locke, Sr.

Miss Barnett, daughter of Mr. and Mrs. Andrew H. Barnett, of Florence, Alabama, received her early education in Florence and her B. S. Degree from Florence State Teachers College. She was an active member of Y. W. C. A., and vice president of Kappa Mu Epsilon, honorary mathematics fraternity. She was a member of the Flor-Ala, weekly college paper.

Before coming to Avon Park she taught high school mathematics in Tuscumbia, Ala. She is at present teaching science in the Avon Park High School. In her short stay here Miss Barnett has made a host of friends, both old and young. She is assisting in Girl Scouts and Y. P. S. L. work.

Mr. Todd, eldest son of Mr. and Mrs. E. G. Todd received his early education in the Avon Park Schools, and was graduated from Bolles Military School, Jacksonville, Fla. He attended University of Cincinnati, and Apprentice school of the Newport News Ship Building and Dry Dock Co., Newport News, Virginia. After serving in the Navy two years he attended U. S. L. A., Los Angeles, California. He is now an optometry student at Pacific University, Forest Grove, Oregon.

The young couple plan to be married this summer and will make their home in Forest Grove. Their many friends extend best wishes for their happiness.

Former FCI men are helping the Florida Forest Service in the fight against malicious woods burning.

Alpha Omega Chapter Of Beta Sigma Phi Met

The Alpha Omega Chapter of Beta Sigma Phi held its regular meeting on Monday night at the home of Martha Bunting. Plans were made to attend the state convention which is to be held at Miami Beach on June 11, 12, and 13. A special meeting was called for Monday night, March 29 to prepare for the Benefit Bridge to be held April 8. Barbara Bridges acted as hostess.

SIXTH GRADES HAVE OUTING

The three sections of the sixth grade and their teachrs, Mrs. Boardman, Mrs. Bussard and Mr. Harrison enjoyed a tour and picnic to Highlands Hammock on Thursday. The all-day trip was made in the school bus. Plans are being made to make the combined educational and pleasure trip an annual event. Parents of some of the pupils accompanied the group on the outing.

Alpha Omega's Enjoy Barbecue

The Alpha Omega Chapter of Beta Sigma Phi held a barbecue at Pardee's Boat House on Lake Lotela on Saturday night, March 20. The members and their guests enjoyed barbecue with all the trimmings.

Mrs. Ben Stewart Elected President

The Eighth District American Legion held its 4th Constitutional Conference in Arcadia last Sunday. Avon Park was represented by commander-elect Johnny Vilkaitis, Capt. J. D. McEady, and Keith Collyer, and our Auxiliary was represented by Mrs. Ben Stewart and Alice Sherman.

The Auxiliary elected Mrs. Stewart District President for the forthcoming year, which means that she will head the Auxiliary of Arcadia, Avon Park, Bradenton, Fort Myers, Sebring, Sarasota, and Wauchula as well as several smaller posts in the same general area. Mrs. Stewart was also elected delegate to the national convention for the Auxiliary.

After reports of the posts, the Legion selected Fort Myers the outstanding post of the year in the district Keith Collyer pointed out to the members present the advantages to the Legion of selecting Avon Park as the State Headquarters for the organization, and vote of confidence was given by all assembled posts, and full support of Avon Park at the State Convention was assured.

Election of Legion District officers followed. George Smith, prominent member of the Arcadia post, was selected unanimously to lead the district for the coming year. Johnny Vilkaitis, present commander-elect of the local post, was elected alternate delegate to the national convention to be held in Miami later in the year.

An entertainment program followed, after which a very enjoyable buffet supper was served to all those present.

Birthday Dinner

Mrs. Agnes Cox was entertained with a birthday dinner at the Avon Park Cafe, by the Rebekah Club Monday evening. All had gathered when Mrs. Cox arrived and they sang "Happy Birthday." After dinner Mrs. Cox cut the large birthday cake and it was served with pink ice cream ala mode. After this the gifts were admired and cards read. Mrs. Cox gave an inspirational talk thanking the club for their kindness and thoughtfulness. At this time the quilt drawing took place and Miss Charlene Delegal, drew Mrs. Amanda Drawdy's number which was 234 and when the quilt was carried to her, she exclaimed "Well I had to wait until I was 75 years old to be lucky." I am so happy.

The decorations were beautiful American beauty roses being used for the center piece and different shades of pinks in smaller vases with the greenery along the center of the table. Members present were Mrs. Lillian Bridges, N. G. Eleanor Seaverns Rebekah Lodge No. 65. Mrs. Agnes Cox, D. D. P. Dist. No. 11. Mrs. Helen Mann, P. D. D. P. Mrs. Bertha Kelley, Mrs. Erma Fitrick, Mrs. Ann Scheonfeldt. Mrs. Pearl Spink, Mrs. Kathleen Currie, Mrs. Cora Wray, Mrs. Amelia Dick, Mrs. Caroline Turner, Mrs. Jewel Delegal, Mrs. Virginia Cornelia.

Birthday party was held for Mrs. B. T. Cox in Tampa last Wednesday. Some of her friends knew she was in Tampa every Wednesday so they waylaid Mr and Mrs. Cox thinking they would have both of them, but after prevailing with him they finally got Mrs. Cox, and carried her out to 4305 Branch Ave., where a number of her old friends were gathered. This party was planned by Mrs. Vicki Parker. Of course the birthday cake and all the decorations were there. The flowers were Tuberous roses. Mr and Mrs. R. H. Rogers brought Mrs. Cox home, returning next afternoon.

An Open Letter From Avon Park Youth Association

Dear Friends of the Youth Association:

This is a letter of thanks for your past assistance in helping to maintain recreational facilities for the Youth of our town and a friendly reminder of our financial status for the New Year. As you know, our Youth Center depends on contributions from various organizations, such as you, to keep open a place for the Teen-agers to go for chaperoned entertainment. Our town and county should be proud of the accomplishments to date of this group.

Below is financial statement of Avon Park Youth Association for period from January 7, 1947 to January 10, 1948 prepared by M. G. Whitcomb, treasurer.

To operate the Youth Center for year 1948 we will need to raise approximately $800.00. Of this amount $690.00 will be for Director's salary, altho there may be some saving on this salary during the summer months when the summer school program is in operation. We should also make plans to replace the Music Box and record player at the Youth Center. If this is done, we will need an additional amount of $300 to $500 for purchase of equipment.

Please send in your contribution for year 1948 as soon as possible to M. G. Whitcomb, Treasurer, Avon Park Youth Ass'n.

Sincerely yours,
AVON PARK YOUTH ASSOCIATION

School Health Program To Begin

Through the cooperation of the Children's Bureau, with the State Board of Health a special school health service program is being initiated. The work in Highlands County will be conducted during the period of March, 25, April 30, by Dr. W. F. deShazo, of the State Department, and Dr. G. L. Beaumont, of the County Health Unit, with the assistance of the Public Tucker, and Mrs. Lucille T. Rankin. The assistance of voluntary organizations (i. e. PTA), would be greatly appreciated and would speed up and facilitate the program's completion.

The Department of Health and Education authorities, with the sanction of the County Medical Society authorities, are cooperating in these problems, which are of natural interest and concern. In the future, it should simplify the School Health Program and give Highlands County one of the best.

The exact schedule for the schools throughout the County has not been completed as yet, but will be published in the near future.

Adjustments In Aid To Dependent Children

The District No. 8 Welfare Board has been notified by the State Welfare Board of the necessity for making adjustments in the monthly grants in the Aid to Dependent Children program to become effective during the month of February.

This action was taken by the State Welfare Board following a study of families now on the rolls, pending applications yet to be processed and funds available for the remainder of $99.00 as the minimum. After finding that applications had more than doubled over the previous year, due to the present high cost of living, the State Welfare Board advised the district it had no alternative but to take this action, in order of recognizing all needy eligible families.

Aid to Dependent Children monthly grants hereafter may not exceed $24.00 for the first child, $15.00 for the second child and $12.00 for all other children with a maximum of $99.00 as the most that can be paid to any family group.

In Highlands County there are 113 families receiving Aid to Dependent Children. Of this number 45 were affected by the action taken by the State Welfare Board.

HARD OF HEARING ?
The New ACOUSTICON is here. Extensive Research has made possible the tiniest, most powerful "all-in-one" hearing aid in all Acousticon History.

Our Laboratory Engineers have now overcome annoying background noises that so often interfere with the understanding of speech in the wearing of a hearing aid. In the words of these engineers — "Hearing with the New Acousticon is like hearing against the hushed silence of a velvet background."
Many hearing aids on the market today can give amplified sounds, but unless you are fitted for your particular loss, you do not always get understanding of speech. Eleven different receivers are used in our fittings—truly hearing aids.
DONE—SEE—HEAR! You will have a happy surprise when you try out this new marvel—The New Imperial Acousticon.

VOLUME XXIII | Single Copy 5c | AVON PARK, FLORIDA, FRIDAY, APRIL 2, 1948 | NUMBER 29

AS WE SEE IT
By Art Kinney

Along with the seasons you get a different variety of pests . . . in the Spring of the year its the pesky house fly, but even that insect is not as annoying as the pests that flock into the city and rings your door bell and wants to do you a favor, by selling you some gadget or vacum cleaner or something else . . . right now Avon Park is getting more than their share of the itinerant peddiers that insist you must buy from them . . . most of these birds, either male or female, have a trick approach of some kind to get into your house and try to hold your attention with a fine flow of oratory until they can get your signature on the dotted line and a piece of change out of you, and you have no way of knowing from these strangers whether you will ever receive the goods or not . . . your best bet, and to play it safe, is to remember that most any item that is manufactured can be purchased just as cheap, if not cheaper right here in AP from your local merchant or agent that lives here in town . . . and the profits on the deal remains here at home to help make Avon Park a better place to live . . . and your local merchant will stand back of the article he sells you.

• • •

"You ought to be ashamed of yourself, "the father told his lazy son . . . "when Washington was your age he had become a surveyor, and was hard at work" . . . "Yeah," retorted the son, "and when he was your age he was President."

• • •

TEST YOUR I-Q . . . read this sentence: FINISHED FILES ARE THE RESULTS OF YEARS OF SCIENTIFIC STUDY COMBINED WITH THE EXPERIENCE OF YEARS . . . now count aloud the F's in that sentence . . . count them only once; do not go back nor count them again . . . if you think your right look at the bottom of this column.

• • •

127 dogs got the needle last Saturday . . . this makes a total of 250 pets that were vaccinated and tagged . . . 125 short of last year, and we are willing to lay a bet of our silver (?) plated Boston bull pup door stop, against any live pup that the dog population of Avon Park has not decreased in the last year . . . Yes, we love dogs, and try to believe all that dope about their being man's best friend, but we doubt that man is the doggies best friend or he would have protected his pet by having him (or her) vaccinated and secured that pretty little tag that shows he has a best friend in man . . . "so what!" . . . City ordinance No. 176 says; "any animals (dogs) found on streets not wearing vaccination tags on or after March 27, 1948, will be subject to disposal" . . . well, if the City officals enforce this ordinance, and they say that they will, then Avon Park will have to provide a good size "happy hunting grounds" for disposal of "man's best friend."

• • •

67 counties in this great state of Florida and the guys running for State office can fish in all of them . . . regardless of lakes or streams . . . no restrictions to size or limit . . . but the fish they are after must be 21 years old and registered . . . not very funny, but it does help fill the column and remind some people that they must register if they want to vote.

• • •

Yes, we have had people tell us they did not know that they were supposed to have their dog vaccinated . . . on closer inquiry we found that these same people were not subscribing to the Avon Park Sun. We explained to them, that if they had read the Sun they certainly would know what is going on in this city . . . a legal notice calling attention to the ordinance was published for two weeks in this paper, along with several news stories on the vaccination, and besides all this, the City Council had 1500 hand bills printed and distributed calling attention to the compulsory vaccination . . . the Sun gives full coverage to all meetings of the City Council, and this item alone should be worth the cost of a years subscription to your local paper.

• • •

ANSWER TO TEST YOUR I-Q: There are six F's in the sentence . . . one of average intelligence finds three of them . . . if you spotted four, you're above average . . . if you hit five, you can turn up your nose at most anybody . . . If you caught six, you're a genius and most too good to be wasting your time on foolishness like this.

Senior Class Will Present 3 Act Play

"The Tin Hero," a farce in three acts, by Charles George, will be presented by the Senior Class of Avon Park High School, and directed by Miss Millie Pearson at the High School Auditorium Friday evening, April 9th at 8:00 o'clock.

The cast of characters are as follows:

Douglas Goodyear, a timid young man—Harold Hart.

Mrs. Blanche Goodyear, his mother—June Ward.

Grace Goodyear, his sister — Louise Lock.

Virginia Ferguson, his financee —Jimi James.

Baxter Warner, the president of "The Hero's Club."—Allan Alexander.

Mrs. Baxter Warner, his wife—Agnes Hayes.

Bunny Wheeler, engaged to Grace—Billy McGuire.

Annette Coverdale, the only female member of Club — Ethelle Hardin.

Adelaide Young, a friend of Grace's—Dot Simpson.

Victoria Esmond, a newspaper woman—Jeanette Jones.

Mlle. Claudette Bordoni, a young French woman—Julia Nader.

Spike Ryder, a champion swimmer—Harold Reeder.

What is more priceless in this world than a good, hearty laugh? On snap judgment, one would say, nothing. Then think how absolutely priceless two solid hours of continuous laughter would be. If you want a sure cure for the blues, if you want to forget your cares, your debts, the worries of everyday life, be sure to witness this performance of "The Tin Hero."

Plays of this type are supposed to be funny, but "The Tin Hero" upsets all precedent by being ten times as funny as the average farce comedy. Imagine the comedy that can be wrung from the situation of a fond and adoring mother, who exaggerates everything pertaining to her son.

Avon Park Boy's Body Being Returned

The U. S. Army Transport "Honda Knot" is due to arrive at the San Francisco Port of Embarkation on or about April 1, with 1,150 World War II dead from the Caribbean and Central America, it was announced today by Colonel R. B. Thornton, Commanding Officer of the Atlanta General Distribution Depot, U. S. Army, Atlanta, Georgia.

The remains of S2c Fred G. Johns of Avon Park, son of Mr. and Mrs. Ernest Johns is one of the 27 war dead from Florida that will be on the boat. About four weeks time will elapse before the body will reach Avon Park after the boat docks at San Francisco. Arrangements for a military funeral will be made.

Florida Business At High Level

Florida business, on the whole, continued at a high level through 1947 as shown by composite gauges examined by the research and industrial division of the Florida State Chamber of Commerce and reported in yesterday's weekly business review.

"The most reliable single gauge, bank debits, increased 9 per cent in 1947 over 1946. Gains by cities showed Jacksonville first with 13 per cent increase, followed by Miami with 9.2 per cent, Saint Petersburg 8.4 per cent, Pensacola 7 per cent and Tampa 6.6 per cent.

"Last year 3,988 new businesses were incorporated in the State ranking Florida eighth among the states in this respect. In view of this large number of new businesses, foreclosures were low.

"Non-farm real estate foreclosures reached their lowest level in 1946 as estimated by the Federal Home Loan Bank System, turning upward last year. Florida foreclosures followed the national pattern in 1947 and were 60 per cent below the 1935-1939 State average. There were 62 business failures in Florida last year, appreciably above the 1946 total but low in view of the postwar growth of the State.

"Dun's Regional Trade Barometer (designed to reflect the volume of consumer expenditure's) rated Florida highest in the nation (1947 over 1946) for six months of the year, among the highest for three months and approximately paralleling the United States average for three months."

Urges Flag Display On Army Day Apr. 6

Every American should display the flag on Army Day, April 6, Lt. George H. Croft, said here today.

"t's one way that citizens can demonstrate publicly the esteem with which they regard the accomplishments of the American ground soldier in war and peace."

Originally designated to commemorate the date on which the United States entered the first World War, Army Day gradually has become the day on which the U. S. Army and its civilian components: the National Guard, the Officers' Reserve Corps, and the Reserve Officers' Training Corps, make a kind of "annual report to the Nation.

Lt. Craft said that in many towns and cities, Army Day also is enlistment day for scores of qualified young men who mark the occasion by joining either the Regular Army or one of its civilian components.

"These young men," he said, "realize more than most that a strong America is a peaceful America. Their enlistment represents the highest expression of citizenship, an eagerness to help keep this country at peace by helping to keep it strong."

"Let's visit the local recruiting station," he suggested. "Pick up the literature there and see the kind of job our men in uniform are doing around the world to help strengthen the peace and nourish the instincts of democracy they are finding in peoples everywhere.

Colored Home Burns Early Thursday

At twenty minutes until three on Thursday morning, April 1, the Avon Park Fire Department received a call to Johnny Jones house in colored quarters. Upon arriving the firemen found the roof of the burning three apartment house caving in. Fighting the fire was made more difficult by a strong wind which kept changing directions. The firemen fought the blaze with all three trucks and equipment for over two and one half hours, saving only three trunks and a few odds and ends from one of the apartments. Fire chief, W. W. Giddens and Assistant chief, W. E. Gilliard were aided by active members, A. Engleman, J. O. Bridges, Mack Flowers, Durrah Martin, J. E. Martin, C. F. Shuman, J. C. Still, Grady Campbell, C. W. Watson, Charles Howze, J. D. Prevatt, C. A. Gay, Geo. Prevatt and A. Englemann, Jr., of the volunteer fire department.

Rescue 30,000 Pounds Of Stranded Fish

State wildlife officers have rescued approximately 30,000 pounds of fish stranded in shallow waters and "pot-holes" of four southwest Florida counties this month. District Chief Wildlife Officer, J. E. Albritton, State Game and Fresh Water Fish Commission, said today.

Albritton said the fish, mostly bream and bass, were taken by nets and transported in barrels of ice water to deep-water lakes and streams throughout the district. Fish rescue crews, he said, have been working in DeSoto, Charlotte, Manatee and Sarasota counties, and will begin operations in Hendry and Lee Counties this week.

Albritton estimated that "tons and tons" of game fish were left stranded by receding high waters in the area.

NO QUAIL RESTOCKING THIS YEAR

There will be no quail restocking this year, Ben C. Morgan, Director of the State Game and Fresh Water Fish Commission, said today.

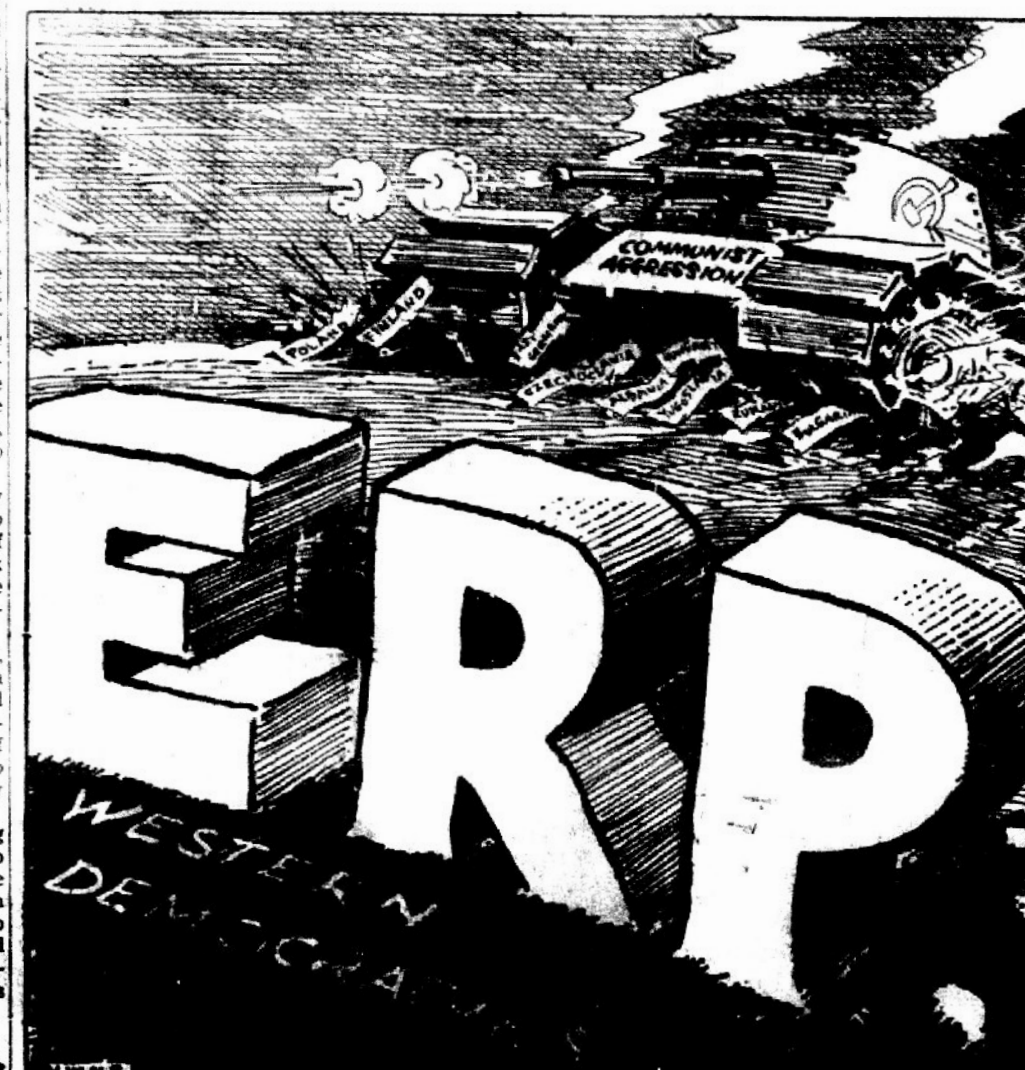

Morgan said the Mexican government had refused to permit export of some 40,000 wild quail ordered by the commission from a Texas broker.

Mexico, he explained, is America's only source of bobwhite for restocking purposes.

The director said the southern republic began clamping down on quail exports last year, and that Florida was the only state in the union to receive any great number. Last spring the commission released more than 36,000 bobwhite at a cost of $2 each.

On Easter Sunday, Bill Connell, Ouida Fields, Julian Martinis, Helen Jarrett, Mary Jane Wilson, Geri Connell, Dick Sebring, Nita Haskins, Silda Rheiner and Jimmy McEaddy attended the Sunrise services at Bok Tower, they returned for dinner at the Connell home, then visited Cypress Gardens, for the water skiing exhibition.

"The Last Barrier"

Range Station Field Day Friday, April 16

The clover and grass pastures at the Range Cattle Experiment Station will be inspected by cattlemen of southern Florida during the fourth annual field day in this Hardee County community April 16.

Featured speaker will be Dr. O. A. Rhoad of the Department of Animal Husbandry at the Inter-American Institute at Turrialba, Costa Rica. Formerly superintendent of the Iberia Livestock Farm at Jeanerette, Louisiana, Dr. Rhoad is one of America's leading authorities on the development of cattle for warm climates. He has worked especially with Brahmas and Brahman crosses.

Cattlemen are expected to gather at the Station around 10 o'clock in the morning. Dr. Rhoad's talk will begin at 11 a. m. The Hardee County Cattlemen's Association will serve a barbecue lunch at noon, at a nominal fee of 75c.

Dr. W. G. Kirk, vice-director in charge of the Range Cattle Station, says both clovers and grasses have made excellent progress during the past two years and the long-sought goal of year-around pasture is now in sight.

Last year's field day attracted around 700 visitors.

AVON PARK WINS OVER KISSIMMEE BY 10-0 MARGIN

The Avon Park Red Devils marked up their second straight Ridge Conference baseball win last Friday by blanking the Kissimmee Kowboys, 10 to 0, in a game played here.

J. C. Walker led the Red Birds attack with a home run in the second inning with two teammates on the base.

PIT BARBEQUE TO BE GIVEN SATURDAY

A Pit Barbeque will be given by the Masonic Temple Building Association Saturday, April 3rd from 10:00 o'clock a. m. till—just west of Joe's Pure Oil station on the Mall. Pork and beef plate dinner as well as sandwiches, coffee and soft drinks will be served. The proceeds will be used by the Masonic Lodge for completion of the new Masonic Temple that is being built on West Main street.

Donald R. Lane, of Miami, the Christian Science Committee Chairman on Publication for Florida, addressed the members and regular attendants of the Christian Science Churches in Sebring and Avon Park in the Christian Science Church in Avon Park on Friday evening, March 26. His talk dealt with the work of his office and activities during the legislative session.

A Clinic for Crippled Children

A clinic for crippled children under the direction of the Florida crippled children's commission and sponsored by the American Legion will be held at Arcadia, Saturday, April 10th.

This will be an all day clinic and will be held at the Elk's Club, registration of children starting 8:30 a. m.

The examining surgeons from the Legion Hospital will be in charge assisted by the physical therapists and the office staff.

We wish to ask your cooperation in having your child attend this clinic and to refer any other child that you believe may need our service.

Children from infancy to the age of twenty-one are eligible for this examination.

A lunch will be served the children at noon, under the direction of the Legion Auxiliary.

Circuit Court Opens April 6

Circuit court for Highlands County will open April 6 with the sounding of the docket for the Spring term.

State Attorney L. Grady Burton today filed 28 informations charging crimes ranging from breaking and entering to murderous assault. The latest informations are in addition to those previously filed in the office of Circuit Court Clerk H. T. Piety.

FIREMEN LOST TO PACKERS

Avon Park's Firemen lost the return game with Frostproof's Packers in Frostproof last Sunday by the score of 6-4.

A late ninth inning rally fell short by two runs which proved to be winning margin.

Walter Ward, fireman first sacker slammed a home run over the fence in the last of the ninth inning with one mate aboard.

AVON PARK TOPS FROSTPROOF, 18-1

Avon Park trounced Frostproof Tuesday afternoon, 18 to 1, in a scheduled Ridge Conference contest.

Spencer lead the Avon Park hitters with three singles and Wilson, Wise, and Cotton each got a single for the Bullpups. Batteries for the Red Devils were J. Walker, Martin, and B. Walker and for Frostproof, Wilson, Lyle, Waldry and Jones.

Joan Winterburger and friends, Cornelia Bullard and Betty Parker, students of Shorter College in Rome, Ga., arrived on Saturday night to spend several days with Miss Winterburgers sister, Mrs. Harvey Hogan. The girls attended an old fashioned rib-roast in Okeechobee on Sunday.

Mr. and Mrs. Geo. T. Elwell of Tampa visited Mr. and Mrs. A. McKee Elwell and Mr. and Mrs. Chas. Cannon over the weekend.

Red Cross Fund Drive Nears Goal

The workers in the Red Cross Fund Campaign were encouraged by the report of the local treasurer, Mr. Sam [illegible], that $895 has been received as of Wednesday morning. That is 89.5% of the accepted goal of $1,000. It looks now that Avon Park will again meet its quota, and the campaign will be brought to a successful conclusion.

Rev. Herbert D. Graetz, general chairman of this year's campaign, urges all who have not as yet enrolled to please do so by Saturday noon of this week. Any reports or contributions may be made at the Barnett Bank up to that time. The campaign will be officially closed on Saturday. Final reports will be carried in next week's edition of this newspaper.

Highlands Road Will Be Paved

The paving of a 12-mile stretch of road in Highlands County on which the State Road Department will let a contract April 13, will open up a rich agricultural section of south Florida, County Commissioner McClelland said Wednesday.

The road, old State Road 59 but now known as Road 66, extends from old road No. 8 at DeSoto City eastward to Lorida School. It traverses a rich vegetable and pasture area, and will attract many sports fishermen to fine bass streams and lakes of the section.

Big Air Show For Hospital Benefit

IMPORTANT

The various Civic Organizations have been having conflicting dates in their local civic activities. In order to compensate with this, we have been asked to maintain a monthly calendar of civic activities so that open dates may be easily determined

The Chamber of Commerce will be glad to establish and maintain such a calendar if the Civic Organizations will supply us the dates of their regular meetings and special events throughout the year. In order that this calendar might be made effective for the month of April, it is important that the April schedule of each of the various organizations be submitted to the Chamber of Commerce at once.

One of the big Air Shows of the year has been arranged by Avon Park Squadron Civil Air Patrol with Charles Gay acting as chairman, for the benefit of the Ridge Area Hospital Association. This mammoth [illegible] spectacle will be staged at the Avon Park Municipal Airport on Sunday April 11th [illegible]

Trophys will [illegible] for the following events

Spot Landings [illegible] pilots only.

Take Off [illegible] Private or better. [illegible] that you [illegible]

Bomb Dropping Private or better. And many other events during the afternoon.

All entrys must be in by 11:00 o'clock a. m., Sunday, April 11th. This show is being advertised at all other airports in the state and it is expected that a large number of planes will take part.

It is hoped that a large crowd will attend this show as all proceeds above expenses will be turned over to the Ridge Area Hospital Association, to help meet their obligations to the Walker Memorial Sanitarium and Hospital. The admission charge is small enough so that everyone can attend. Adults 50 cents, Children, 25 cents and Reserve Parking 25 cents tax included.

Soil Conservation Meeting At Arcadia

"Civilization cannot exist without food, fiber, and forest products. These essentials of civilization are based on two elements, soil and water. We soil conservation district supervisors have accepted the responsibility for leading a program that will so handle these two resources that future generations will have food, fiber, and forest products."

That was the message which the supervisors of seven of the Soil Conservation Districts in South Florida heard from Kent Leavitt, president of the National Association of Soil Conservation Districts, at a conference of farmers, ranchers, and agricultural workers in Arcadia last Thursday.

C. Parke Anderson, Katherine M. Waggaman and Ivey [illegible] represented the local District at the meeting of the farmers and ranchers, who govern the seven southernmost of Florida's 43 Soil Conservation Districts. V. T. Oxer, county agent and secretary for the Highlands District, and E. H. Klueppelberg, Soil Conservation Service technician assigned to the District, also attended the meeting.

Leavitt, Millbrook, N. Y., dairy farmer and chairman of his local District, listed three ways in which soil and water resources could be conserved, and immediately wrote two of them off the list as inconsistent with the American way of doing things.

"If a farmer in some European countries doesn't farm as the government dictates, the government takes his land away from him," Leavitt said, quickly adding, "We want none of that here.

"The second way of saving soil and water resources is to subsidize this work by paying everybody to do it. That also isn't the way we want to do it.

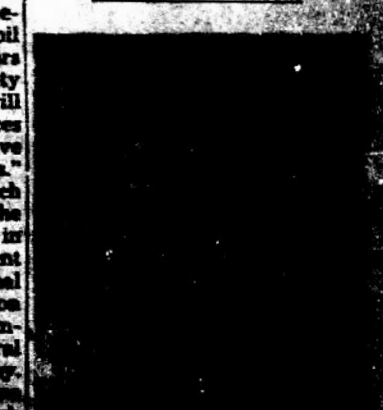

"The third way is the soil conservation district way, in which we farmers and ranchers elect our own officials, make our own program to solve our local problems, and then direct these programs. That is the way we are now doing the job."

Praising the soil conservation district movement as "the greatest thing that ever happened in American agriculture," Leavitt said that farmers and ranchers already have organized 2,000 Soil Conservation Districts which are governed by 10,000 landowners serving without pay.

"A Soil Conservation District is an organization of landholders to deal with any agency; state, federal, or private, that is interested in helping conserve soil and water resources," the National Association President explained.

The Peace River Soil Conservation District was host at the meeting, and J. H. Turner, District chairman, introduced Katherine M. Waggaman of the Highlands District, only woman Soil Conservation District Supervisor in the United States, who presided. Progress reports were given by supervisors or their secretaries for all Districts represented. Brief talks were made by Colin D. Gunn, State Conservationist for the Soil Conservation Service, of Gainesville; J. W. Sargent, Assistant Regional Conservator for the Service, of Spartanburg, S. C., and H. S. McLendon, Extension Conservationist of Gainesville.

Gordon M. Dean of Miami smashed the world's record and won a $500 award in the [illegible] Ruppert Fishing [illegible] by [illegible] ing a 10 pound [illegible] on a [illegible] rod in Dade County [illegible].

Edgar Klueppelberg Changes Vocation

Edgar H. Klueppelberg [illegible] ly announced that he has [illegible] ed the position of [illegible] vice representative [illegible] County, for the [illegible] Assurance Society [illegible] States, effective April 1, [illegible] headquarters will be [illegible] Park. Mr. Klueppelberg [illegible] Avon Park more than [illegible] ago to work with the Soil Conservation Service and, [illegible] shortly after his arrival [illegible] in charge of the local office [illegible] Soil Conservationist.

Prior to this time Mr. Klueppelberg served three years in the Army Air Force, two of [illegible] being spent in the European Theater of Operations. He graduated from the University of Florida in 1940 with a Bachelor of Science degree in Agricultural Economics. After graduation, he worked with the U. S. D. A. Farm Security Administration for two years before entering the military service. Since coming to Avon Park with his family, Mr. Klueppelberg has built a home in Holly Shores on Lake Lotela and says it is the intent of him and his family to be permanent residents of Highlands County. During the past two years, Mr. Klueppelberg has been active in locay Boy Scout work, the American Legion, the Avon Park High School Athletic Association, the Rotary Club and in the Methodist Church as a Steward.

Mr. Klueppelberg will have office space in the Harris Real Estate Office.

If you walk into a man's office, or his home, and he treats you rudely, you dislike him for all time. Even though he may some day attempt to undo his former rudeness, he can never entirely obliterate it. But—if he treats you with courtesy, if he respects your opinions, you are to some degree his friend for life. If some future day he does something rude to you, you will excuse him for it, saying "he was busy," or "he was tired out."

D. Carnegie

Then take these truths home to yourself. If you have never developed the Fine Art of Courtesy, do so now. Here are three rules to practice which will see you through:

1. Show your desire to please.

Joseph C. Grew, our former ambassador to Japan, says that the desire to please evinces an "I-want-to-like-you-spirit." And if you show a man that you like him, it isn't possible for him to dislike you."

2. Smile.

I don't mean a silly grin for there's nothing as tiresome as a [illegible] grin. Some politicians practice this method of winning friends and they couldn't make a greater mistake. Listen [illegible] you'll hear their constituents say "I wish he'd wipe that [illegible] off his face," and "Doesn't he know that the business [illegible] country is sometimes a serious matter?"

The Chinese have a proverb which runs, "The man who cannot smile cannot run a shop." Translated literally this means if you can't smile you can't sell.

[illegible] Billingsley, owner of New York City's Stork Club, [illegible] employee who comes in direct contact with customers [illegible] how to smile, to be pleasant and make the customer [illegible]

[illegible] the other fellow as you want to be treated. This [illegible] would probably do the trick, but the other two make [illegible]. Written hundreds of years ago, you've heard of it [illegible] the Golden Rule, and it is plagiarized from the Holy Bible. [illegible] rule that has worked so many years must have gotten results. There never has been, and there never will be, a rule more important nor more effective than this one. Try it out!

Tomorrow morning start out with the intent to show courtesy [illegible] with whom you come in contact throughout the entire day. [illegible] love to know your thoughts when you check up tomorrow night. I'd be willing to bet that you promise yourself a repeat performance.

RALPH McGILL

. . . One Southerner's Viewpoint

There could be a war. And quite easily. But, I don't think there will be one for some years to come. No one wants war at this time. No one is ready to support and maintain war. The Soviets would like a war they thought they could win. They don't think so now.

But there could be one. The situation is critical.

It could come from the trigger-happy Yugoslavs whose master, Tito (whose master is Moscow), daily feeds his troops and the people the raw meat of war.

In Trieste our troops and the Yugoslavs are glaring at one another across maybe 50 yards of space at a dozen road blocks. The fact that the Yugoslavs have been kept out of the city of Trieste, which they wish to take despite the United Nations agreement to the contrary, riles them until they are in a slightly rabid condition about it.

Success, so the boys say who have been in Yugoslavia recently, has gone to Tito's head. He is as fat as the late Herman Goering and has begun to design his own gaundy uniforms and to weight his bosom down with medals. He likes standing on the balcony and seeing the troops march by, in salute, and hearing the crowd roar:

"Zivel! Zivel! Tito!"

Power is a drug and a man with power always is in danger. Such a person would do well to have carved upon the foot of his bed, or to have written on the mirror where the morning shave is had, that line which a wise Oriental monarch had put where his waking eyes would see it:

"Even this shall pass away."

But, unfortunately, power backed by guns and control of all communications, transportation and by thousands of secret police, and by control of the courts, does not pass away without great travail and bloodshed, misery and suffering.

Tito in Yugoslavia and the war in China—a fire could start there. There is war in Greece, but it is not planned for world expansion.

Moscow will determine. Therefore, I do not think war is close.

There are all sorts of reports of reserve officers in the medical field being alerted and of general officers being notified of an emergency situation.

That is not true.

What is true is that the government is setting up the machinery of preparation. It's screening boards, the selecting boards and so on. And reserve officers are being notified of their classification into districts.

In the same manner the machinery of selective service was being maintained and made ready for use before the President spoke.

It would have been folly not to prepare it.

When the last war came we had almost no machinery of preparation. Only Roosevelt's wisdom in pushing through the selective service machinery—which Congress had maintained by the narrow margin of one vote a few days before Japan attacked us at Pearl Harbor—prevented a tragic delay in our start—which was unhappily slow as it was. We paid bloodily for lack of preparation.

There will be other "preparations" for possible war. We would be fools not to prepare.

We now are paying the price for not having gone ahead with universal military training at war's end. The Soviet Union counted heavily on our being unwilling to prepare. It could be aggressive because it knew our traditional reluctance to maintain military strength.

From the Russian viewpoint there was no reason to stop grabbing territory. There won't be *now* unless Russia is convinced further grabs mean war.

They will feel encouraged if our Congress, with an election coming up, stalls and delays on preparing.

It is unhappily true that our policy has provided the Soviet Union with a broad highway of action.

We haven't got an army any more.

Our air force is a shadow of 1945.

We have not stockpiled necessary materials.

The Soviets have cashed in heavily on the fact that the American people, with plenty of everything, don't understand why the rest of the world won't let them alone to enjoy it! The Soviets feel we will pull out of Europe rather than pay the cost.

About 93 per cent of all persons killed by fires are under the age of 25, a 5-year survey of fire casualties shows. According to the National Board of Fire Underwriters this show the great need for more effective fire prevention education among children and young persons.

The political pot will soon be red hot:
Soellbinders are now getting busy;
And sorry our fate, as early and late,
Their blarney is making us dizzy.
If Larsall go into Tophet's limbo
Then politics there must be humming
Since once in four years
Such a large bunch appears
And the biggest one ever, is coming.
After all their dures what a terrible mess
The American people are facing!
If this nation shall live
Common people must give
Greater heed to the things they're embracing.
If this country shall stand
As the Freeman's home-land
There is one thing we all should remember
With the leader who fights
For our great bill of rights
We must Battle From Now Till November.
If we sleep at the switch
Then, into the ditch
Our freedom will go, and disaster
Will come to us all
In Columbia's fall
For as slaves we will serve a hard master.
Awake, awake! Our Freedom's at stake!
As Americans we must not falter:
This time at the polls
We shall save our own souls
From being led 'round by a halter.
Like that used by Lenin,
And just now by Stalin,
To be treated as so many cattle:
Against such a fate as a Soviet state
Let us fight though we die in the battle.

STATE SENATE

Jeff Flake resigned from the Citrus Commission last year after serving 6 years as a member of that body. Those were the most prosperous years in the history of the Citrus Industry. Oranges sold at one time at $4.00 per box on the tree.

Lawyers make up less than 1 per cent of our population. More than 60 per cent of our State Senate are lawyers. Do you want to send still another lawyer there to represent 1 per cent of the people or do you prefer a business man and citrus grower who represents 99 per cent of the people?

Winter Guests Club News

By Dwid Arthur Brodie

Last week the Club members were treated to an excellent series of pictures by the Greyhound Bus Lines. This arrangement with the Company was negotiated by our Mr. Ira McLaren.

We are glad to note that T. G. Simcox is out and around after a serious illness.

Word has been received that Dr. H. S. Holmes is seriously ill at Daytona Beach. Those of us who were here last year, remember with pleasure our association with Doctor and Mrs. Holmes, and our sincere sympathy goes out to them in their misfortune.

Latest reports are that Mr. W. A. Luthye is still confined to his home by continued illness. Mr. Luthye is one of the Charter members of the Club and we hope that the coming Spring weather will soon restore him to his former good health.

Among the new arrivals last week were:

Ruth McLaren, Toledo, Ohio, Albert P. Ford, Lake Geneva, Wis.

Among those who have already gone home, or are about to leave are: Mr. and Mrs. P. H. Stevens, Rochester, N. Y., Mr. and Mrs. W. S. Stevens, Los Angeles, California, Mr. R. M. Gunn, Danville, Va., Edward Pfaltzgraf, Columbia, Ohio, Mr. and Mrs. J. W. Kuensel, Columbus, Ohio, Mrs. Alta A. Robinson, Toledo, Ohio, Mr. and Mrs. Robert Everhardt, Urbana, Ohio, Mr. and Mrs. Charles Yarsh, Chesterson, Ind., Mrs. J. C. McGuffin, Warm Springs, Va., Mr. and Mrs. Alf. Walker, Hilliards, Ohio, Mr. and Mrs. Ernest Mozema, Terentum, Pa., Mrs. G. B. Scollay, Midland, Mich., Mr. and Mrs. Clarence Tallman, Danville, N. Y.

The Winter Guest Club, in cooperation with the Chamber of Commerce, and the Avon Park High school, held what is known as "Avon Park Night," in the High School auditorium, and from the standpoint of entertainment it was a success in every way.

It is to be regretted that space will not allow individual mention of each performer. The music, and singing, and acting, each in turn, were delightful and all well rendered. Under Mr. Gorman's able instruction, the orchestra performed so smoothly and harmoniously as to delight and surprise those of us who had not been in close touch with its progress. The overture, Argentina, was specially enjoyable. The mixed chorus, led by Elbert Charpie, was also a treat, as was also a piano solo by Miss Ann Puryear. Miss Clara Jo Still sang "Roll Along Prairie Moon," "Little Sweetheart of the Ozarks," and "Home on the Range," to the delight of everyone present. Other treats were individual selections by Ted Ward on the flute, Jack Ward on the trombone, and a holiday concert by Singelli, on the saxaphone, each of which showed artistic skill and excellence.

But what shall we say of Miss Madeline S. Fountaine's Third Grade Class, in two comic dialogues? We might use the vernacular of the baseball field, and call them "Knock-outs," or in the gentle tone of the sewing circle, "Oh, weren't they just too cute for words!", or with a more professional air, "Those children were born actors." Certain it was that the rendering of these two acts, not only showed the aptitude of each juvenile performer in assuming the spirit—in other words, entering into it as though it were actual, but reflected the intelligence and patient guidance on the part of Miss Fountaine who supervised their rehearsals.

The actors in the first dialogue "Playing Truant," by Willis M. Bugbee, were:

Characters, Betty Jones, Betty Lou Dyal; Miss Ross, the teacher, Nancy Gim; Granny Briggs, a washwoman, Patricia Bassemore; Dusty Rhoads, a tramp, Richard Stevens; Mrs. Green, a little old lady, Juddie Lookneff; Umbrella mender, Edmond Phillips; School boy, Randolph Bolt.

The other comic dialogue was entitled "A Sick Pupil", by Marie Irish. Characters, Edith Graham, Edith Sims; Mrs. Graham, Shirley Mosely; Miss Westover, the teacher, Betty Jones; Jane, the maid, Clara Jo Still; School boys, Clarence Smith and Jimmie Rice; Dr. Cureall, Lawson Chapman.

Mrs. G. B. Scollay, a member of the Winter Guest Club, read a brief history of the development of the Club. As many requests have been made for copies of this sketch, both by members and others, this feature will be reproduced with next week's items through the courtesy of Mr. Arthur S. Kinney, Managing Editor of the Avon Park Sun.

James F. O'Neil, national commander of the American Legion, charged in Miami recently that Henry Wallace, third party candidate for president, was "selling a counterfeit bill of goods with his platform of peace and prosperity."

Colin English

Believes That Every Child Should Have An Equal Opportunity For A Good Education!

The welfare and education of Florida's children has been the life work of Colin English. He has been teacher, principal, county superintendent and school supervisor. And, during his three terms as State Superintendent of Public Instruction, he has raised the quality of Florida's public school program from substandard levels to well above the national average. Florida's present educational system now serves as a pattern for twenty-seven other states.

It is an established fact that the prosperity of any country, state or community depends directly upon the education of its children. Education is good business... it's the best business investment a state can make!

To protect our present gains, and assure continued progress in our educational program, we must elect a Governor who will give us forceful and vigorous leadership...a Governor whose heart is in education!

And, aside from his outstanding accomplishments in the field of education as Superintendent of Public Instruction, Colin English is fully qualified now to fulfill the duties of Chief Executive of our state. He has gained a thorough knowledge of governmental affairs through eleven years of continuous experience as a member of the state cabinet and other important boards and commissions, during the administrations of three governors.

As Governor, he will not have to spend valuable months feeling his way around... getting acquainted with the "job" of Governor. He knows now... and from the moment of his inauguration, he will be a full-fledged Governor!

Read the 33-point platform of Colin English... the first and one of the most important points is, continued progress in education and an equal opportunity for a good education for every child, no matter where he lives in Florida"

Colin English has already accomplished great things for Florida, and, as Governor, he will continue to do all of those things which will best serve the interests of all Florida. Compare the experience, record of accomplishments and other qualifications of those seeking this high office, and, you'll agree...

It is to the best interests of every man, woman and child of this state, that you vote for and

"TOO LATE TO CLASSIFY"

By Burrell Lay

As the campaign for Governor comes into its final month we find nine Democratic and two Republican candidates in the field and a more or less bewildered and apathetic public.

With no major issues of sufficient public interest to arouse much concern, candidates are finding themselves hard pressed in the efforts to make an impression. Nothing new or startling has been injected in the campaign so far.

A review of the various appeals made from the stump last week reveals what might be termed "standard, run-of-the-mill, routine" political gum-battings. Help for the farmer and citrus grower, a sound business administration, economy, elimination of overlapping bureaus, better schools, aid for the old folks, elimination of tax on gasoline for boats and agricultural use, better roads, improved public health, aid for municipalities, no new taxes—none of these has aroused any tidal wave of enthusiasm.

Those who have taken the trouble to turn out for the "speakings" seem to be more interested in what the candidate looks like, how he handles himself on the platform and who he has with him than in what he might say. No one knows how many of those who make up the "crowd" are qualified voters. A check of several gatherings in south Florida seemed to indicate that many were tourists, sun-hunters with time on their hands and a normal amount of curosity and desire for entertainment.

So far the eleven man free-for-all has proven a rather tame affair. Contenders have contended themselves with shadow boxing, [illegible] their opponents and [illegible] out of each others way, [illegible] the exception of Dick Cooper and Truell Pollitt who dash out [illegible] quarter. Cooper is wild [illegible] is maybe thirteen more [illegible] campaigning to the other boys [illegible] ignoring carefully and [illegible] anything to gain and [illegible] Cooper has braved [illegible] the big boys to ver- [illegible] and Pollitt [illegible] his scowling finger at [illegible] incumbents, which is [illegible] way to gain publicity and get [illegible] other guy's hair. For the [illegible] these antics of the less- [illegible] have accomplished little, [illegible] except that Fuzz Watson [illegible] Colquitt's invitation [illegible] and will meet him on [illegible] platform in Ocilla on [illegible] 20. Fuzz who will knock [illegible] only threat remains to be [illegible] but the event should draw a [illegible] crowd and prove a good [illegible]'s entertainment.

Other candidates are perfectly [illegible] to let Tom Watson have [illegible] honors and none is better [illegible] for the task than the [illegible] Tampan who knows his way [illegible] in anybody's ring. This [illegible] and Goliath event will at [illegible] break the monotony of the [illegible] and give the customers [illegible] something to talk about, but it is [illegible] doubtful if it will prove very [illegible] essential from a vote-getting standpoint.

Down Miami way, Bernarr Macfadden is beginning to flex his muscles and give evidence of getting in the melee in earnest. He [illegible] back at a big way this week at wisecrackers who have been kidding about his age by submitting to a thorough physical examination and checkup on March 18, 1941 by the Civil Aeronautics Administration for renewal of his private pilot's license. Macfadden came through with flying colors, the examination revealing him free from disease with no structural defects, vision and hearing okey. An experienced flyer, Macfadden plans to use his plane throughout the campaign.

Prognosticators and poolsters find general agreement that Fuller Warren is the man to beat and the question as to second map is about the most debatable one under discussion today. Answers vary depending on who and where you ask. Here it is Warren and McCarty, somewhere else it is Warren and Shands, or Warren and Watson, but the significant thing is that it is invariably Warren and somebody.

The boys seem to be pretty well launched for second place, Shands, McCarty, English and Watson all appear to have substantial followings and none at the moment has moved far enough away from each other to make their position clear. After that is anybody's guess who is where and events of the next week or so should tell whether or not a dark horse will develop. The only possibility I can see is Bernarr Macfadden who fooled the pants off a lot of folks in his senatorial race and is an admitted applecart upsetter.

A lot of folks are discounting Tom Watson and the polls put him well down the ladder but the name Tom Watson is worth a whole lot of votes on any ballot and now that he is backing it up with strong verbal barrage you can look for him to move up into the first division. The political fog and smoke is plenty thick and nobody seems to be able to see very far at this time.

Shame on California

LAKELAND, Fla. — California certainly slipped on this one and it made the publicity department of the Florida Citrus Commission quite pleased, for this picture of Martha Mitchell picking tangerines made in Florida was used in California newspapers under a Boise, Calif., date line. When did California start growing tangerines?

THE SHERIFF'S RACE

Dear Fellow Voters of Highlands County:

In the coming primary election there are three outstanding men in the race for Sheriff of Highlands County.

BROWARD COKER not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than eleven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.

He was in the armed forces of his country during the last World War from March 3rd, 1942, until October 16, 1945, or approximately 44 months, 21 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.

We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff his military record should be an influencing factor.

He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.

We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.

Faithfully yours.

Installation Of Eastern Star Officers

The chapter room was beautifully decorated with spring flowers on March 25, when the 1948 officers of the Eastern Star were introduced. Worthy Matron, Helen Harris introduced Mrs. Beatrice Brandon, Past Grand Matron as installing officer assisted by Agnes Cox Grand Marshal, Allene Howard Grand Organist and Loca Stucky Grand Chaplain and secretary.

The following officers were installed: Vera Hornsby-Worthy Matron, J. C. DeShong, Worthy Patron, Esther Jones, Associate Matron, J. N. Tomlinson, Associate Patron, Loca Stuckey, Secretary, Thelma Willis, Treasurer, Louise Tomlinson, Conductress, Neva Atherton, Associate Conductress, Llwyn Jones, Organist, Dempsey Norris, Marshall, Katheryn Ashworth, Chaplain, Vera Kirkland, Adah, Virginia Semineta, Ruth, Helen DeShong, Esther Elizabeth Crichfield, Martha, Gladys Hagan, Electa, Elizabeth Dampier, Warder, Thomas L. Dampier, Sentinel.

Vera Hornsby, Worthy Matron gave a very beautiful address telling her aims and hopes for 1948. Several members wished her a happy year and presented her with gifts.

The Associate Matron was presented a basket of flowers from friends in Ohio.

Mrs. Brandon presented to Helen Harris on behalf of Chapter her Past Matrons pin.

Sans Souci Club Met

On Tuesday night, March 30, the Sans Souci Club met for a Dessert Bridge at the Avalon Grill where strawberry shortcake was served. The center piece was a nest with various colored eggs guarded by a large pink plush rabbit. Place cards were hand painted ducks. Mrs. Philip Boardman acted as hostess.

After the dessert course, bridge was played at the Florida Power Customer's Room. Score pads were in the shape of Easter eggs with bunny face pencils. Mixed flowers and arrangements of yellow and purple glads were placed throughout the room. After dinner mints in flower shapes were placed on the tables.

In the first club Mrs. Elizabeth Driggers won Theatre tickets and in the second club Mrs. Thelma Dilley won Theatre tickets. Floating Prize of a candy egg was won by Mrs. Josephine Johnson. Guest prize, a box of note paper was won by Mrs. Ethel Redd.

Members present were, Mesdames Elizabeth Driggers, Eunice Carter, Patti Hill, Martha Allen, Helen Ginn, Thelma Dilley, Martha Bunting, Jo Johnson, Alice Sherman, Margaret Stewart, Ann Wilhite, Miss Mildred Myers, Miss Alma Harrell and Miss Millie Pearson. Guests were, Miss Louise Barnett, Miss Ann Felton, Miss Eleanor Chisolm, Miss Mattie Tompkins, Mrs. Ethel Redd and Mrs. Pearl Ford.

Dashing over seaside sands on aqua skis is becoming increasingly popular in Florida. Enterprising and daring beach beauties lash a tow rope to a lightweight Crosley Sports car and skim over the sand at breakneck speed. It is a thrilling sport.

Engagement Announced

Mrs. Cleve O'Hern announces the engagement of her daughter, Miss Bettie O'Hern, to Kenneth R. Hansen, son of Mr. H. C. Hansen of Savannah, Ga. Miss O'Hern graduated from the Avon Park High School in 1947. She is now employed as cashier at the Park Theatre.

Mr. Hansen is a graduate of LaBelle High School. For two and one-half years he was employed by the government in South America.

Plans for the wedding will be announced at a later date.

Parent Teachers Study Course

Announcement is made this week that a Parent-Teachers Association study course will be held on Monday, April 12 in the Sebring high school, from one until five o'clock in the afternoon. This is an annual study course, with schools in the county invited to participate; in fact a school must have certain representation in order to be accredited with the state organization. The course was held last year in the Avon Park high school. Mrs. C. R. Ginn, Jr., first vice president of the Avon Park PTA, and Mrs. Charles Sargent attended a called meeting in Sebring on Monday night, when plans were made for the forthcoming event.

The theme of the study course will be A County Study of Education Dealing With the Ten Basic Needs of Young People. Those attending the meeting will be invited to join the group in the study of the phase in which they are most interested. The course will consist of such major basic needs as scientific attitude; salesmanship and buying; how to use leisure time, and others. Each participant will have a chart and be able to grade the school represented.

At the close of the course, the groups will join together for an open forum, with A. B. Wilhite, supervising principal of the Avon Park schools and M. M. Ferguson, head of the Sebring school leading the discussions. The afternoon's program will open with a musical selection, group singing, and the Salute to the Flag.

Hettie H. Hetherington,
Publicity Chairman.

CUBS WIN EXHIBITION GAME . . . Chicago's Cubs made the New York Giants' local debut a bust at Wrigley Field, Los Angeles, holding a 6-4 advantage in the sixth inning of a very long drawn-out game. Pictured shows Giant catcher, Wes Westrum, putting out Hank Schenz at home plate in fifth inning. Umpire, who seems amused by the play, is Al Barlick. Giant at left is Bill Ayers, pitcher. Cubs won game by score of eight to six.

Each year 175,000 forest fires, or 375 per day, burn over 25,000,000 acres or an area the size of the state of Virginia. Fighting these fires requires a million man days of labor, or the equivalent of 100 crews of 100 men each working for 100 days.

In the five-year period from 1942-46 the number of fires increased 30 per cent, while the population increased less than five percent.

STRENGTH
won the War . . .
STRENGTH
can help win the Peace

Army Day—April 6—is a day of special significance to peace-loving Americans.

It's our chance to pay tribute to the magnificent fighting force that helped bring Victory and Peace.

It's an opportunity to meet a new, all-volunteer Army, to understand its duties at home and abroad and to review its three civilian components: the National Guard, the Organized Reserve Corps, the R.O.T.C.

But, most important, it's the day for each of us to consider the contributions we can make to World Peace.

What can we do?

We can reaffirm our belief that only a *strong* America can be a *peaceful* America.

We can support our men in uniform by attending Army Day events and exhibits.

We can encourage other young men in our community to take an active part in making America a Power for Peace.

AS WE SEE IT
By Art Kinney

An orchid to you . . . one big shot columnist originated that saying so we do not want to ape him, but we do want to say a great big THANK YOU to Rev. Herbert Graetz and his many helpers for bringing the Red Cross drive to a successful conclusion . . . few of us realize how much time these good people take from their other duties to conduct a campaign of this kind, and understand, they also contribute their share of the finances . . . so many thanks, your efforts are truly appreciated.

An 11 1-4 pound bass was caught in Tulane lake, last Friday by Charles Gay . . . right here in the heart of AP . . . Gay had a few minutes time and thought he would practice a little casting from the shore, and when he got the strike he thought that he must have hooked a turtle, so you can imagine his surprise when he finally got his catch to shore and discovered the large bass . . . he angler turned into a Paul Revere and his first stop was at the home of our ads ertising salesman where he displayed his catch, and then proceeded to get a picture taken of his fish and entered it in the Fish and Game Clubs "Fishing and Lying Contest" . . . it is understood the fish was then put in a deep freezer and last report is that the Gay family is still eating fish.

Thanks for the Walker Memorial Sanitarium and Hospital) was expressed to this writer last week, by a comparatively newcomer to Avon Park . . . Mrs. G. A. T. Washburn who has a home on Lake Lotela, called the writer and stated that she would like to tell us of her experience as a patient at the hospital . . . and by the way this lady is no stranger to hospitals . . . Mrs. Washburn said: "I have just returned from a few days stay at the Walker Memorial Sanitarium and Hospital and I want the people of Avon Park to try and realize what a wonderful institution they have right here on their door-step . . . never in my experience have I ever thought it possible to enter a hospital that gave such wonderful and efficient service as I received while there . . . the courtious and efficient service that I received from the general nurses equaled, if not exceeded any service a private nurse could have given . . . the beautiful room far exceeded any hospital room I have ever seen . . . and the meals were good and nicely served . . . everyone that I came in contact with did their utmost to make my stay as pleasant as possible." . . . Thank you, Mrs. Washburn for letting us tell your story to the people of the Ridge Area.

Tom Watson, candidate for Governor spoke here Monday night from the Band stand on the Mall . . . The Attorney General was scheduled to arrive here and start his speaking at 5:45 p. m., but was delayed about an hour in arriving, and as a result the crowd was rather small . . . Watson contends that the cost of state government can be reduced at least 25 per cent without impairing efficiency in any way, and that he is the man that can do it . . . he strongly opposes new taxes of any kind.

AVON PARK DEFEATS ARCH RIVAL

The Avon Park High School Red Devils scored a onesided victory over their old rivals when they completely slaughtered the Sebring Blue Streaks 24-0 at Fireman's Field in Sebring last Tuesday night. J. Walker hurled for the Devils and gave up 1 hit to the Streaks. He also got 2 hits four times at bat and slammed out a long home run in the second inning with one man on base.

Annual Conference At Congregational Church April 12-14

The Union Congregational Church will be host to the Florida Congregational Christian Conference which holds its sixty-fifth annual meeting here on April 12-14.

The sessions will open with a dinner at the Jacaranda Hotel on Monday evening. Rev. Herbert D. Graetz will bring the greetings of the local church at that time. Rev. Louis Schultz, Winter Park, will deliver an address on "Florida Faces Forward." At the evening session, which follows in the church auditorium, Rev. Ray Gibbons, National Director of the Council for Social Action, will speak on the subject: "Christianity in a Time of Crisis." The showing of the sound motion picture "Beyond Our Own" will bring the evening session to a close.

The morning session at 9:00 on Tuesday will be given over to business and an address by Mrs. Robert G. Williams on "The World Council of Churches." At 12:30 the Federation of Congregational Christian Women and the Laymen's Fellowship will hold group luncheons at Lake Byrd Lodge. The Conference address will be given at Bird Lodge, by Dr. Gibbons, who has chosen for his subject: "U. S.—U. N.—U. S. S. R." A consecration service will be held at the Lodge at 7:00 in which there will be the Dedication of the Women's Gift and the Celebration of the Lord's Supper.

The Wednesday morning session at 9:00 will be in the Congregational Church in which there will be a discussion of the proposed merger of the Congregational Christian Churches and the Evangelical and Reformed Church. The vote on the merger will follow. This will be a historic moment in the history of the Florida Congregational Conference and a vital move in the direction of church unity in America.

Representative William N. Tuttle will be registrar and Rev. David J. Davis, Miami, will act as chaplain for the Conference.

Sebring May Vote On Beer Sales Ban

Dry forces Tuesday won a partial victory in their fight to beat Sunday sales beer in Highlands County.

The Sebring City Council voted to instruct City Attorney Joe Kinsey to prepare an ordinance providing for a referendum on banning sales of beer in Sebring from midnight Saturday to 7 A. M. Monday.

The drys moved in on the city council after the Highland County Commission refused to adopt a countywide ban on Sunday beer sales until city councils of both Sebring and Avon Park had acted.

Sebring city councilmen, however, made it clear their action today did not necessarily mean the referendum ordinance would be adopted. Councilmen Fisher, Sauls and Ralph D. Eyman both said they'd make up their minds after seeing the ordinance.

Dry forces, represented at today's session by Tom Rev. Perry James and County Attorney M. R. McDonald, presented a referendum ordinance of their own, but the council voted to have Kinsey draw up one instead.

The clergymen and county attorney told the councilmen they could "set an example" for the Avon Park City Council and the county commission, but Kinsey protested they were "making Sebring the goat."

Guy McPhearson, attorney representing beer retailers of the county, suggested the county commission should order a countywide referendum. County Attorney McDonald said the commission couldn't do that.

Final Figures In Red Cross Drive

The people of Avon Park have again gone over the top in the annual Red Cross drive. Total amount collected amounts to $1,119.53.

"We are all pleased with the amount raised," says Rev. Robert D. Graetz, general chairman of the Fund Campaign, "and we want to sincerely thank all of our workers, and the good people of Avon Park who responded so magnificently to this year's appeal."

The U. S. Marine Corps has loaned a mobile hospital to each of the eleven Naval Districts within the United States for use in disaster relief work.

Some Teachers To Get Pay Increase

Additional pay of $100 yearly to Highlands County school teachers with eight to 10 years' experience, including at least two years in this county, was voted Tuesday by the county school board.

With the extra pay, teachers in that category will receive from $2,900 to $3,100 annually, depending upon their rating.

Contracts for the 1948-49 terms already have been sent the appointmentees, and are expected to be returned within a few days.

The school board disposed of two abandoned school properties getting $1,000 from Lykes Bros., Inc., of Tampa, for the Brighton property, and $800 for the Hicora school building from E. Ray Wells, of Avon Park. The two acres of land at Hicora were sold to Ceylon Carlton, of Hicora, for $1 per acre. The board said the land was given by Carlton years ago for school purposes with the understanding that it would revert to the former owner if the school were abandoned.

Study Course To Be Held At Sebring

A pre-planning conference for the Highlands County Parent Teacher Association Study Course was held at Sebring. It was decided that the time for the Study Course would be on local studies of education "The Ten Imperative Needs of Youth." The institute will be held in the Sebring school auditorium, Monday April 12, from one to five o'clock.

All parents are urged to attend this conference which will be conducted in the fashion of a workshop. Members of the pre-planning committee are as follows: Mrs. L. A. Alsmeyer, County Council Chairman, Mrs. Sarah Marston, president, Sebring, Mrs. C. R. Glenn, vice president of Avon Park local and Mrs. Sargent of Avon Park, Mrs. George Kelsey, president of the DeSoto City local, and Mrs. True secretary of the Lake Placid local.

April 15th Final Date For AAA Sign-Up

All growers who desire to participate in the P & M.A. Program (formerly AAA Program) for 1948 must come to the County Agent's Office within the next few days and sign a 1948 Work Sheet as April 15th is the final date.

The County Agent's Office must be notified at this time of any change in properties owned, leased or rented, groves planted, non-bearing come into bearing or any land bought or sold. April 15th is also the final date for reporting this to the County Agent's Office.

It will be appreciated if growers come to the County Office as soon as possible before April 15th instead of waiting until the last minute, so the office personnel can get their reports completed before the deadline.

DEMOCRATIC MEETINGS ARE ANNOUNCED

A series of meetings has been announced by the County Democratic Association that will give all candidates a chance to address the voters.

The meetings are called as follows:

School Building at DeSoto City at 8:00 p. m., April 13th.

School Building at Lake Placid at 8:00 p. m. April 16th.

Recreation Center at Sebring at 8:00 p. m., April 24th.

School Building at Lorida at 8:00 p. m., April 28th.

Band Stand at Avon Park at 8:00 p. m., May 1st.

Pioneer Resident Passes Away

Avon Park residents were grieved Friday of last week, by the death of a respected pioneer, Harry Dilley, who passed away at his home today. Mr. Dilley was born at Morristown, New Jersey, March 2, 1869. In early manhood he migrated to Michigan, where in 1901 he was married to Miss Ada A. Spink of Spink Corners, Michigan. To this union three children were born, at Benton Harbor, Mich.

In 1905 the family came to Avon Park and have resided here since that time. Mr. Dilley entered the contracting business here and credit is due him for helping to build Avon Park to the beautiful city it is today. Mr. Dilley was a member of the Congregational Church and a charter member of the Independent Order of Odd Fellows, and a member of the Old Settlers Association. Of a retiring disposition, he was loyal to his friends and to the civic duties of his chosen city, with the result that he endeared himself to all who knew him. This was amply proven by the many beautiful floral offerings and the large number of people who attended his funeral, that was held from the Congregational Church with Rev. Herbert D. Gratz officiating at 2:30 o'clock on April 5th. Interment was made in the Bougainvillea Cemetery that he helped create into the beautiful place it is today.

Mr. Dilley was one of the farmers of the town charter, served on the Town Council and the School Board, when we were a part of DeSoto County. In 1929 he purchased the Fairbanks subdivision and built the beautiful home where he died.

He is survived by his widow, one daughter, Mrs. Lillian Rood, two sons, Raymond and Milford, all living here in Avon Park. Active pallbearers were: S. DeShong, W. D. Dorminey, C. B. Ginn, Jack Head, Albert Hanson and C. W. Fabor, Jr.

Honorary pall bearers, L. D. Rogers, F. P. Armstrong, L. E. Parks, Wm. Hauptmann, W. F. Hall, C. E. Lanier, D. G. Perry, S. W. Hartt, C. H. Sheppard and C. R. Barnet.

Special music was rendered at the services by Mr. and Mrs. J. Paul Garber.

The Avon Park Sun join with the many friends of the family in extending their sincere sympathy to the bereaved family.

Cancer Society Fund Drive

D. L. Smith of the Highlands County Health Unit has been named County chairman of the fund raising drive to be conducted by the American Cancer Society during the month of April. Highlands County's quota for 1948 has been set at $1150. Contribution boxes will be placed throughout the county and you are urged to contribute early. There will be gift booths and literature for distribution in the Special State Bank, Sebring; the Barnett Bank, Avon Park; Mrs. Burch's Store, DeSoto City and the Lake Placid Drug Store at Lake Placid. If you wish to mail your contribution in, please send to Mr. Smith, any of the above named places, or Mrs. Maude Yawn, County Commander.

PTA Will Meet Tuesday, April 13

The April meeting of the Parent-Teachers Association will be held in the high school auditorium at 3:15 o'clock on Tuesday afternoon. Gene Gorman, director of the band, will present the band in concert, and individual numbers will be heard, also. Members and friends planning on attending the meeting are urged to take note of the change in date from Thursday to Tuesday. This change is made due to the fact that the band will leave on Wednesday for the state contest. Everyone is cordially invited to attend the PTA meeting on Tuesday afternoon, and to enjoy this especially fine program.

It's B & B for low prices every day. Adv.

Fire Department Called Out Tuesday

The Avon Fire Department was called Tuesday at 8:05 a. m. to fight a blaze at the home of J. C. Gilliard on Edgewater street, caused by a kitchen kerosene stove.

Fourteen volunteer firemen responded to the call and succeeded in holding the damage to the kitchen which was a total loss. The fire laddies moved the rest of the furniture from the house. Fire Chief Giddens announced that the damage amounted to approximately $1,250, partly covered by insurance.

The firemen reported that the only water available was that carried on the truck.

AVON PARK DUMPS LAKE WALES

The Avon Park Red Devils dumped Lake Wales Highlanders from the ranks of the unbeaten when they completely overpowered them 8-0 last Thursday night at Head Field. The game was the first one played under lights in Avon Park and it was a fitting tribute to that fact. The Lake Wales Highlanders were riding the crest of a three game winning streak and it was the fourth straight victory for the Devils. J. C. Walker went the entire route for the Devils striking out 15 Walesmen while giving up one hit. He also drove in two runs with a sharp single to center field and he scored on a single.

Death Of Former Avon Park Resident

Arvid A. Sjoquist, retired Chief Petty officer of the U. S. Navy, age 75, died at Bay Pines Veterans Administration Hospital at St. Petersburg Friday, April 2.

Mr. Sjoquist was a former resident of this city, and the father of Mrs. Norman England. At the time of his death the Sjoquist were living at St. Cloud. His body has been shipped to Cape May, New Jersey where he will be buried with full Military Honors by the Veterans Post of Wildwood, New Jersey, where Mr. Sjoquist was a Past Commander.

Born in Stockholm, Sweden, Mr. Sjoquist served 20 years in active service and 10 years in the Reserve service of the U. S. Navy. He retired with a Chief Petty Officer rating.

He is survived by his wife, Hilma, one son Charles of Chicago and two daughters, Mrs. Carl Kokes of Cape May, New Jersey, and Mrs. Norman England of this City, and three grandchildren.

Highlands County Spelling Bee

Mrs. Maude J. Yawn will serve as director of Highlands County Spelling Bee Contest which will be held in the Sebring High School Auditorium at 8:00 P. M. on Monday, April 12.

The judges for this contest will be Miss Anna Lee Adams, Principal Elementary School, Sebring; Mr. George Kelsey, Principal DeSoto City Elementary School and Mr. Vaughan Driggers, Principal Elementary School, Avon Park.

Two contestants representing the winner and runner-up in each school is eligible to participate in the county contest. The awards for the winner of the county contest will be made by Miss Freda Avant, Correspondent of the Miami Herald.

Game Club To Raise Minnows For Bait

The Highlands County Fish and Game Club will raise minnows in the club's rearing ponds both as a convenience to fishermen and to bolster the club's treasury. The minnows will be offered for sale, both wholesale and retail, when sufficient numbers have been grown.

This decision was reached at the club's monthly meeting last Thursday evening, following a bounteous baked spare rib dinner. The work recently repaired the rearing ponds and the expenses involved has been a heavy drain on the treasury and it was thought that the sale of minnows would enable them to carry on the regular work.

Club members also voted to order five acres of bass fry from the State for restocking Highlands County lakes.

At next month's meeting, John F. DeQuine, chief fisheries biologist, Florida Game and Fresh Water Fish Commission, will be the speaker and will bring an interesting message about fish life in Florida.

HIGHLANDS JURY VENIRE LISTED

After hearing pleas from several defendants, Circuit Judge D. C. Rogers drew a jury venire, to report at 9:30 A. M., April 12, when the Spring term of court for Highlands County opens. The venire:

Marvin Green, Jordon Sheppard, H. H. Hollenberg, N. A. Perry, J. W. Whitehurst, Phillip Correll, L. B. Browning, T. S. Lumpkin, I. G. Crews, Fred Mondedeca., C. E. Mann, W. M. Strunth, S. P. Cooper, Jesse W. Tuten, Jr., Irving A. Titus, Vernon Lanier, J. H. Sheppard, John R. Wilson, R. V. Simpson and H. C. Rutledge.

$2500 VOTED FOR HOSPITAL

The Highlands County Commission Tuesday agreed to contribute $2500 to the ridge area hospital at Avon Park.

The money, according to the records, is for the benefit of the county's indigents, who, it was understood, will receive reduced rates for treatment at the hospital.

Several months ago, the commissioners donated $50,000 to the hospital, but later rescinded their action after a group of citizens protested the giving of public funds to a private institution and the commission's attorney advised them that their action was illegal.

The board's attorney was not present when today's action was taken.

District Commander Installs Local Legion Officers

Air Show

The Avon Park Squadron Civil Air Patrol will put on one of the largest Air Shows to be seen in Florida this year, Sunday afternoon at the Municipal Airport. All profits from this show will go to the Ridge Area Hospital Association.

J. M. Stephenson of Sebring has volunteered the use of his two planes for the day to take passengers for an air ride. All money derived from this plan above cost of operation of the planes will go into the fund for the Hospital Association.

At the regular meeting of Post 69, American Legion Wednesday night, most important business of the evening was installation of the newly-elected officers. Eighth District Commander Roberts, of Sarasota, and District Commander-elect George Smith of Arcadia performed the installation ceremonies after expressing their pleasure at being present.

Both Commander Roberts and Commander-elect Smith promised to give their full cooperation and the cooperation of the entire Eighth District in endeavoring to bring State Legion Headquarters to Avon Park. They also praised the performance of the local American Legion Junior Baseball teams in previous years, but jokingly promised to do their level best to beat this year's team.

Installation followed with Johnny Vilkaitis being installed as commander, O. C. Harn as 1st Vice Commander, Clifton Craft as second Vice Commander, Leslie J. Lloyd as Adjutant, Herbert R. Todd, Finance Officer, John Bryant as Sergeant at Arms, R. DeVon Beddick as Service Officer, William M. Hetherington as Historian, Philip Boardman as Chaplain, and Keith E. Collyer as Judge Advocate.

First Baptist Revival Proves Successful

The revival which began at the First Baptist Church March 29 closes Thursday night. Crowds have attended every evening and many times the house has been packed. Up through the Tuesday night hour thirty people had been received for church membership, more than half of them coming on profession of faith for baptism. Some who had lost their church connection completely came renewing fellowship. One person has come from another denomination.

Several nights the overflow crowd made it necessary for us to set up the loud speaker in the basement. This proved to be such a convenience to mothers of small children that we have decided to let it stay up whether the crowds overflow or not. In this way if the baby cries and the mother wishes to take him out to avoid disturbing the worship she may go to the basement and continue to hear the service.

LOCAL ITEMS

Mrs. Allen Freeman, Mrs. Welch and Mrs. Ben Bozard attended a very important meeting of the 8 & 40 in Arcadia on Sunday afternoon. The occasion was the Initiation and installation of new 8 & 40 groups.

On Friday, April 2, Mrs. Dorothy Locke, Mrs. Earl Hartt, Mrs. Den Ellis, Mrs. J. A. Johnson, Jr., Mrs. C. P. Anderson and Mrs. Walter Betts attended the Flower Show sponsored by the Tampa Federated Garden Club, in Tampa.

Miss Lola A. Bowmer, first grade teacher at Avon Park was a special Sunday dinner guest April 4, in the home of Mr. and Mrs. C. E. Myers of Avon Park. Miss Bowmer enjoyed a delicious dinner and unusual hospitality shown her by the Myers during her short visit with them.

Miss Edna Pearce of Fort Bassinger visited Florida Southern College in Lakeland on Saturday and Sunday and attended the Alpha Chi Omega State Day on Saturday. State Day was attended by Alpha Chi Omega national officers from California and Texas.

James A. Heim, of Avon Park, student of Architecture at the University of Florida, has been pledged for membership in Gargoyle, honorary fraternity of the School of Architecture and Allied Arts. To qualify for this student must maintain at least a B average for first year and division work or pull average up to this letter.

Sgt. and Mrs. Frank Waddell of Tampa, returned to MacDill Field on Tuesday, after spending the weekend with Mrs. Cora Wray. His brother, Lindy, Waddell, who has been spending the winter with the Waddell's left for his home in Lewistown, Montana this week. The Waddell's were here to see Mr. and Mrs. C. D. Tallman before they left for New York.

Mr. and Mrs. C. H. Shepherd will have as their guests for the weekend, Mr. and Mrs. Clarence Ferrell of Gladwyn, Michigan. Mr. and Mrs. C. L. Shepherd of Lake Wales, their daughter, Mrs. Charlotte Smith, who is attending the University of Florida, their neice, Miss Nancy Shepherd of Orlando, and their sister, Mrs. Philip Shepherd of Arlington, Virginia.

NOTICE TO PARENTS

Parents of the Teen-Age group will be welcomed at the Youth Center Saturday evening, April 10th at 8:00 o'clock. Light refreshments will be served to all who attend. Plan to be there.

"FIREMAN WIN FROM SEBRING"

The Avon Park Fireman scored a 4-3 victory over Sebring's Fireman in an Orange Belt League exhibition game at Head Field last Sunday afternoon. John Ziegler went the route for Avon Park and gave up only 4 hits. Sebring had the lying and winning runs on base in the last of the ninth but Ziegler forced Carl to strike out, ending the rally. Carl led Sebring with 2 hits for 4 times at bat and Avon Park's 4 hits were divided among 4 batters.

'Cracker Politics'

By Allen Morris

The awesome, untameable force of voter opinion is beginning to crystallize on the governor's race.

Only the surface has frozen over so far, as politics publicly align themselves with one aspirant or another, but underneath this crust the average voters — the people who decide elections — are making up their mind.

In most communities, spot checks show, the choice has simmered to three candidates out of the field of nine—not always the same three, of course, although certain names recur with telltale frequency.

This is what local observers are saying:

In Ocala, Fuller Warren, Colin English and Dan McCarty are expected to skim the cream of the votes; in Orlando, Warren, McCarty and English; in Tampa, English, W. A. (Bill) Shands and Warren; in Lakeland, English, McCarty and Shands; in Apalachicola, J. Tom Watson, Warren and McCarty; in Madison, Warren, McCarty and English, and so on.

These are days that test men and machines. Already one major candidate's organization has begun to burst at the seams. Another aspirant has disheartened his supporters by a miserable television performance. Still another has built up momentum which, if unchecked, will carry him into the second primary [illegible] Fuller Warren, conceded [illegible] by observers.

[illegible] people are starting to take [illegible] seriously.

* * *

[illegible]ething new under the Florida sun: the ballots being [illegible] Richard W. (Dick) [illegible] candidate for attorney [illegible].

In adjoining columns of pen [illegible] and terse text, Ervin's [illegible] tell both his story and [illegible] clarity for companion [illegible] story.

[illegible] 38 grs, for example, is illustrated by a sketch of a [illegible] standing on the rear end of [illegible] truck, selling lots in a subdivision just chopped out of woods. The text reads: "Florida land [illegible] — free transportation, ice [illegible] and brass bands for prospective buyers. Teachers' salaries—$63 in 1925. Ticks threaten livestock industry—cattle dipping [illegible] passed."

On the Ervin side for the same period, the drawing shows Ervin receiving a law diploma. The story says: "In 1921, at age of 16, he served as engrossing clerk of the Florida House of Representatives—youngest to hold this responsible position in the history of Florida. Graduated University of Florida Law School in 1928—began practice of law in Pinellas county."

Those getting an Ervin leaflet are pretty sure to read the historical page and it will be difficult for their eyes to escape the Ervin name—an enterprising and perhaps unique piece of campaign literature.

* * *

Possibly earlier Florida candidates dramatized their life in drawings but Spessard L. Holland in the 1940 gubernatorial contest unquestionably established that form of graphic presentation.

Fuller Warren and Dan McCarty, and perhaps others in the current race for governor, are using pictorial biographies, with panels carrying them from boyhood to the present.

It's interesting to see what catches the eyes of casual readers.

On the Warren broadside, sampling has determined most people look longest and apparently most appreciatively at a panel which depicts Warren welcoming an overalled visitor through the open door of the governor's office. The accompanying legend says: "As your governor, you won't have to see anybody to see Fuller Warren."

Eye-catcher on the McCarty folder is a panel entitled "home lover," which shows McCarty first with his wife, the former Ollie Brown of Fort Pierce, at the time of their marriage in 1940, for she wears a wedding dress, and then, in another section of the same panel, with Mrs. McCarty and their two sons, Mike and Danny.

Incidentally, the McCartys are expecting another youngster in May.

Lex Green, in discussing his campaign to unseat Commissioner Richard A. Mack on the railroad and public utilities commission, had said both directly and by implication that he had the support of the family of his fellow townsman, W. M. (Bill) Wainwright of Starke, who died while a candidate for the place.

Cracker Politics has received the following letter, signed N. D. Wainwright, Sr.:

"I am writing you at the father of W. M. (Bill) Wainwright to correct any statement that Mr. Green might make to the effect that his announcement was with the blessing of the Wainwright family. If he made such a statement, it is false, as the Wainwright family is not supporting Mr. Green in his candidacy for the railroad and public utilities commission.

"We resent and condemn any efforts on Mr. Green's part to use the Wainwright name in attempting to be elected to the office for which he is a candidate. So that my friends throughout the state and my son Bill's friends may not be misinformed, I respectfully request that you publish this letter in your next column."

With each having local organizations everywhere as good or better than candidates for governor, C. M. Gay of Orlando, the incumbent, and Senator Edwin G. Fraser of Macclenny are waging a terrific campaign for the state comptrollership.

Gay has followed Fraser out on the stump, and both now are talking over the situation with the people through the amplifiers of their sound wagons.

H. A. Lee of Gainesville, self-styled "Lighthorse Harry," is in the race, too, but the votes he will poll on his own and because of the magical Lee name (although he was no relation to the late Comptroller J. M. Lee) hardly can do more than cause a run-off for Gay and Fraser.

In the five-year period from 1942 to 1946 the number of fires increased 30 per cent, while the population increased less than five percent.

McCARTY SPEAKS PLAINLY ON... AGRICULTURE

The citrus grower, cattleman and farmer must prosper if our basic economy is to remain sound. Florida people in these industries have the ability to solve their problems. I shall cooperate fully to provide a wholesome atmosphere in which agriculture may grow and develop. A contribution which the state can make to expansion of agriculture is an adequate network of farm-to-market roads.

... One Southerner's Viewpoint

THEY'LL NOW HUFF AND PUFF FOR GEORGE

There now will be an increase in the mighty huffing and a-puffing to blow down the Truman political house . . . which house, it must be said, is like a lot of the stouter ones seen today. You can throw a cat through it. In fact, some dead cats already have been thrown thru it.

Word that Georgia's Sen. Walter F. George will not bar his name from being presented to the Philadelphia Convention will loose some very good huffers and puffers indeed.

Among them will be James A. Farley.

He will not huff and puff in public, but he still is a powerful huffer in the New York and Eastern political circles. And he has something else that no one else in the Truman circle has—the know how.

He is not alone. There will be many more willing and eager to huff for Georgia's Senior Senator.

* * *

There will be quite a few additional influences which also will start puffing at the Truman house. In fact, Washington, which always sounds windy, will be positively gale-like from now until Convention time. All the boys have been looking for is a name. They couldn't find one. The dam has "bust," to speak, inelegantly, in New York and it shows signs of breaking in California, where the Wallace Communists and Left Wingers are making some progress.

I will be willing to wager a modest sum that within a short span of time, say a month, there will be a mild Walter George gale throbbing o'er the Potomac. The man has a lot of friends with political and financial muscles.

Sen. George is a conservative, and it is therefore all the more surprising to find him in such a sound spot on the Palestine issue.

Alone, of all the Southern Senators of conservative qualities, Sen. Walter George took a strong pro-Zionist position in the matter of Palestine. That is worth more than rubies and pure gold in the New York political mart.

The Palestine withdrawal in the United Nations has harmed President Truman much more than the civil rights issue in the south. That is why the New York Democrats are grumbling. They know that they can't possibly carry New York State with Truman. His campaign already is wheezing with political asthma. The Palestine reversal was political angina in New York and the Truman candidacy now won't climb any real political hills. And there will be hills.

Sen. George has maintained a dignified position on the civil rights proposals. He is against them. But he has not been among those hollering real loud on the issue. Whether Labor or the Negro vote would give him a hearing in the Key Northern States, where the electoral total is fat-pig than a chef's helper, remains to be shot.

The point is, he is a rallying point.

If the Democrats are going to be sunk in the November shooting there are many who would prefer to go down with Sen. George than with Mr. Truman.

* * *

And, if the Republicans should nominate Sen. Taft, there would be a real sure enough fight for the Presidency. I think a good many strong Republicans, who long have admired Sen. George, would very much prefer him to Sen. Taft.

Meanwhile, the huffing and puffing will grow louder.

Truman, not the civil rights proposals, has become the issue. The anger has centered on him.

Whether he can weather it remains to be seen.

If the New York Democrats formally disown him, as will be likely if repair work is not done on the Palestine issue, and if California follows suit, he cannot do anything else.

Historically, the situation is in many, many respect, like that of 1856. President Franklin Pierce was a good-natured, convivial, well-meaning man. But he was not a leader. He had alienated the North by assisting in passage of the Kansas-Nebraska Act, which repealed the Missouri compromise. And in that period the dominant Southern wing of the party had to have support of the Northern wing to win.

Four Senators, John Slidell and Judah P. Benjamin, from Louisiana; Jess Bright from Indiana, and James A. Nayard, from Delaware, headed the strategy which swept out Pierce and Douglas and brought in Buchanan. They, too, were good huffers and puffers.

At any rate, the plot thickens.

The U. S. Naval Reserve now contains more than 900,000 officers and men.

If all the conductors in the cables from an Iowa class battleship were placed end to end, they would reach from Newfoundland to the British Isles, or from Denver, Colorado, to Philadelphia, approximately 1,700 miles.

COSTA RICANS PROTEST RED DOMINATION . . . The Russian consulate in New York is shown being picketed by members of the newly formed Costa Rica league against communist domination, as a protest against alleged communistic interference in the civil war raging in Costa Rica. The league charges the communists want to control Costa Rica as a step towards taking over the Panama canal, in preparation for war. Costa Rica is 300 miles from the canal.

"SINGING COWBOY" . . . Sen. Glen Taylor (Dem.) of Idaho (above), demands that President Truman fire secretary of defense, Forrestal, for opposing the partition of Palestine to protect American oil interests in Arabia. Taylor, vice presidential candidate on Henry Wallace's ticket, said in a letter to Mr. Truman that Forrestal "has been most aggressive" in trying to have U. S. foreign and military policy shaped to "the interests of the oil companies."

BURTON PUTTING ON STRONG CAMPAIGN

L. Gracy Burton, candidate for the office of Attorney General, moved his campaign into the lower East Coast last week and reports the completion of a strong organization in this area.

In spite of the fact that all polls put him in the lead and friends assure him he will win in the first primary, Burton isn't taking any chances. He is campaigning strenously and will continue to do so until election day.

Political observers in the area consider Burton the Number One man and predict that he will get the bulk of the votes in this heavily populated section where registrations are the heaviest in years, 190,000 being reported in Dade County alone.

Opposes a General SALES TAX

Because a general sales tax is a nuisance to the business which has to collect it and to the consumer who has to pay it...and, because a general sales tax places the burden of raising state revenue upon the shoulders of those least able to carry it, Colin English is opposed to a general sales tax.

After eleven continuous years' experience, as a member of the executive department of the State of Florida, and of the State Budget Commission, Colin English is convinced that . . . with the sound, economical and practical operation of each department...no new taxes will be necessary to meet the existing services afforded by our state government.

And, with Colin English as your next governor, you can be certain of a sound and economical governmental operation...because that's the kind of administration he promises you. He has proved his ability as an executive and a statesman and a leader. He has gained a thorough knowledge of state government through eleven years of successful service as a member of the Governor's Cabinet and as a member of other important state boards and commissions, during the administrations of three governors. Colin English will work with the National Conference of Governors to secure an agreement with the federal government by which the United States will abandon certain fields of taxation...and leave them for the revenue of the states.

Colin English has already done great things for Florida...and, as your Governor, he will continue to do all of those things that will serve the best interests of all Florida. Read his 33-point platform, then, vote for and

Winter Guests Club News

David Arthur Brodie

Mrs. Alice Madeira, of Stony Creek, Conn., a former member of the Winter Guest Club, renewed old acquaintances here last week. It brought back pleasant memories to have her with us again, even for a short visit.

Mrs. A. W. Rodgers, who has been confined to the hospital, is out again, we are glad to learn. It is expected that she and her husband will leave for their home in Pittsburg-Hadley, Pa., within the next few days.

Mr. Arthur Hockin, of Elk Rapids, Mihc., expects to leave for his home in the next few days.

The first meeting of the new Board of Directors was held last Thursday evening, with Mr. William Mann, our new President, presiding.

Some of the Club members who were planning to leave this week, are hesitating about starting on account of the storms and floods in Georgia and Northern Florida. The reports that come to us are, that the waters are still rising, many sections of the main highways are badly damaged, and many tourists are either marooned, or are being detoured over rough and round-about roads.

A new drinking fountain was installed at the clubhouse last week—a much needed and eagerly welcomed improvement. The purchase of this luxury was facilitated by the liberal terms offered by Mr. Fred Smith, of the Smith Hardware Company of Avon Park. The Club extends its thanks and hearty appreciation to Mr. Smith for this, and past favors enjoyed through his friendly cooperation.

The covered-dish supper last Friday evening was well attended and apparently greatly enjoyed. It is really amazing how an announcement of a covered-dish supper brings out the members, especially those who live at some distance and seldom visit the Club in the evenings.

An announcement last week, the first sketch of the development of the Winter Guest Club, which is read by Mrs. Collay on "Avon Park Night" at the High School auditorium, is herewith produced at the urgent request of many of the members and citizens of Avon Park.

* * *

In undertaking to write a history of the Avon Park Winter Guest Club, we find ourselves wandering among a lot of fragmentary records, out of which it is difficult to select tangible material for a connected story. However, the following sketch may give some idea of what took place during these early years:

The first item that seems to indicate the beginning of an organization, is dated January 4, 1927, under the heading "AVON PARK PLEASURE GUEST CLUB", and under the same date appears another heading "AVON PARK QUOIT CLUB". Among the contributors, some names are well known to us yet, we find those of A. W. Forbes, W. A. Luthye, A. B. Nestor, R. A. Reed, and W. D. Deming.

No meetings or gatherings, or minutes are recorded, only names (not necessarily members) are listed. In 1928 and 1929, C. H. Pavlee and W. H. Drumond are added to the list. In 1929 and 1930 the names of Mrs. A. W. Forbes, R. H. Boyard, and Dr. Donaldson appear, and in 1930 and 1931 that of William Renniger.

During 1932 and 1933 we find records of disbursements for "fixing" shuffleboard cabinet, making cross, and other equipment, no doubt pertaining to the old courts in the Mall.

Early in February, 1936, a meeting was held in the Chamber of Commerce rooms, with Walter S. Betts, Secretary, acting as temporary chairman, at which time the name of the organization was changed to "Avon Park Winter Guest Club". The new Organization took over all the equipment, and cash on hand, of the Avon Park Pleasure Club, and at the same time, the Avon Park Quoit Club seems to have passed out of existence.

The officers elected by the new Club were:

President, Edward Hammand, Vice-President, S. V. Hunnings, Secretary-Treasurer, P. A. Costello, Assistant Secretary, Mrs. Mahrer.

An executive committee was named consisting of Dr. A. Steiner, Chairman, George Kohler, W. A. Luthye, Edward Murray, S. V. Hunnings, P. A. Costello.

Throughout these scattered items, frequent mention is made of contributions and other help given by the Chamber of Commerce, and the business men of the City.

Early in 1937 a movement was started toward providing a clubhouse, with the result that an old armory building and a donation of $200.00 was gathered by the City Council. This building was dismantled and moved by voluntary labor of club members, and is part of what is now our clubhouse.

The growth of the Club during the past 10 years, with its latest improvements, are matters of record and easily available. During this time the game of shuffleboard has become easily the chief interest, and form of recreation. The old courts have fallen into disuse, and in their stead, 10 new courts have been built and are in daily use throughout the season.

The membership this past winter is around 340 an increase over last year of over 30 percent, and our equipment is already inadequate. What improvements will be made to meet the growing membership, is an open question at the moment.

In closing, it would seem appropriate to add that the prime mover in the establishment of the Avon Park Winter Guest Club, was Dr. A. Steiner, a broad-minded, and liberal character, well remembered by those who lived here prior to 1941. He was not only an organizer of great ability but was a writer and poet as well. So as this is Avon Park night, and in memory of the good record that Dr. Steiner left here, we shall close this brief review with Dr. Steiner's poem, entitled:

AVON PARK CALLS

Whenever I think of Avon Park
While rolling along on my way to the North,
My vision grows dim, or the day grows dark,
And I think I'm a fool that I set forth.
The town of the famed Jacaranda tree
Will call and call till the days grow cool,
And then no doubt when I am free,
I will mend the ways of a sad old fool.

Napoleon Bonapart, when emperor of France, ordered the governor of one of his departments to shoot anyone convicted of setting forest fires.

The penalty in any state for careless wiring may be electrocution.

FLEW HITLER . . . Possible light on the mystery of Adolf Hitler is thrown by Frederick Maekensen (above), former German air force captain and grandson of field marshal von Mackensen. He asserts he flew in the formation which brought Hitler from Berlin to Spain and that his own plane crashed over france in April, 1945, when he was taken prisoner by the French. He is now paralyzed in both legs.

PRETENDER BIDS GOODBYE . . . Don Juan de Bourbon, pretender to the Spanish crown, standing at right, says goodbye to Leopold, king of the Belgians, in Havana, Cuba. The king, accompanied by his wife the Princess Bethy, left Cuba by plane for a trip to Jamaica. Don Juan recently flew to Cuba to meet the Belgian monarch.

The U. S. Navy and the Marine Corps now have 3,783 planes in an active status with an additional 3,245 in storage or otherwise in reserve.

Seventy-five per cent of Navy commanders retired since 1940 are receiving disability pensions whereas 99 per cent of Army majors retired are so listed.

MARKETING with Marjorie
Before April showers bring May flowers they're sure to bring plenty of dismal days...and the drearier the weather, the cheerier you'll want to make your meals. So here's a gay array of ideas to help you brighten up your table... and save money for a rainy day as well:

SUNSHINE SPECIAL
Here's how to make a cake that's sure to rise and shine even if the sun doesn't: Measure ½ cup shortening into bowl. Sift together 1¾ cups sifted SUNNYFIELD CAKE FLOUR from the A&P, 2 tsps. baking powder, 1 tsp. salt and 1¼ cups sugar. Add to shortening. Add ½ cup orange juice and ¼ cup water. Blend; beat 1 minute (count at least 150 strokes per minute.) Add 2 unbeaten eggs and grated rind of 1 orange. Beat 2 minutes. Bake in greased and floured 9x5x3-inch loaf pan in moderate oven, 350°F., about 55 minutes.

SPRING SPARKLE
To put lots of sparkle in your meals, serve lots of SPARKLE PUDDINGS from the A&P. Thrifty to buy and marvelous to eat, they're easy to fix, too. Just follow package directions. And for extra sparkle, add 2 tbsps. of finely-chopped peanut brittle to each serving.

GRADE AID
Make the grade as a smart shopper by always choosing the grade of canned goods that's best for your purpose! It's easy to do when you buy A&P's own brands—A&P, SULTANA and IONA—because the grade of most products in these famous lines is described on the label. A&P BRAND is Grade A; SULTANA, Grade B; and IONA, Grade C. Since the nutritive value of all 3 is the same, you can save safely by using Grade C in dishes like stews, pies and sauces, which don't require foods of uniform size or delicate flavor (factors determining the grade).

HONOR ROLL
One sweet treat that always takes top honors at my house is A&P's JANE PARKER JELLY ROLL. But it will go over big with your family, too, when they taste this delicate, oven-fresh sponge-cake roll with its luscious jelly filling. Serve one soon and see! You'll find the price surprisingly modest.

THE SHERIFF'S RACE
Dear Fellow Voters of Highlands County:
In the coming primary election there are three outstanding men in the race for Sheriff of Highlands County.
BROWARD COKER not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than seven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.
He was in the armed forces of his country during the last World War from March 3rd, 1942, until October 16, 1945, or approximately 44 months, 23 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.
We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff his military record should be an influencing factor.
He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.
We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.
Faithfully yours.
Broward Coker Supportrrs
(Both Veterans and Non-Veterans)
This message published and paid for by Veteran and non-Veteran friends of Broward Coker.

THANK YOU
I wish to express my deepest appreciation to the people of Highlands County for retaining me in the office of Clerk of the Circuit Court, without opposition.
I truly thank you.

Residents of Highlands County

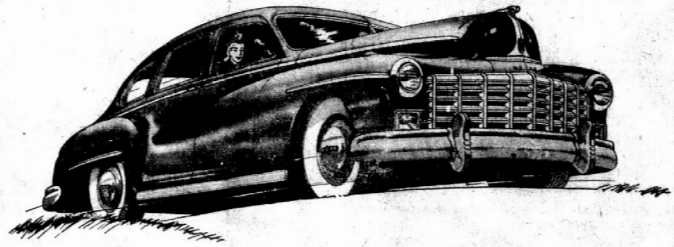

The Office of the County Judge is very important to you—for there is where estates of your departed ones are administered and the affairs of minors and incompetents are handled.

Th supervision of these should be under the guidance of an experienced and reliable Judge.

Past performance has proven that Howard Livingston has impartially and honestly carried out the duties of the office.

DODGE

THE WIDE OPEN SECRET

It's a wide open secret now that no other car at any price gives the kind of riding and driving quality that Dodge gives. This is proven with every new Dodge delivery, and the reason is no secret either. Dodge is the first car in history to give you the full combination of Floating Power, Full-Floating Ride, and All-Fluid-Drive. These, with new Super-Cushion tires, mean comfort and performance far beyond all limits of price.

In an effort to ban the sale of beer on Sunday in Sebring, a Miami Herald writer has brought to light a clause in many of the abstracts of that city and comments as follows:

This "liquor clause" as it is known, was devised by the late George E. Sebring, town founder. It tied up the city property with restrictions that forbid the premises being used for manufacturing, selling, handling or even giving away intoxicating liquor of any kind.

In fact, unless some pretty astute attorneys misjudge the situation, it is a violation to serve cocktails in many private homes. If anybody thinks this is a joke, it isn't. It is a legal and binding restriction, dating back to the early part of the century and was intended "for the mutual benefit and protection" of the community.

Most deeds, leases or contracts relating to lots in Sebring contain the agreement for the purchaser, his heirs and assigns "forever" to forbear to use the property for any purpose relating to liquor.

Indeed the very wording declares that the clause shall operate as a continuing contract by "whomsoever and into whosoever hands and ownership the same may pass."

"Thou Shalt Not Kill" . . . Most of us who have embraced the Ten Commandments as our standard of life regard the Fifth as the easiest to keep . . . Our prayerful inventory is taken with only passing interest in the divine law "Thou shalt not kill" because we are sure we could never be guilty of this unthinkable crime . . . We are wrong . . . . In 1947, 32,500 Americans were killed in traffic accidents . . . In each case, the vehicle involved was a weapon, in each case, it killed with the same cold finality of a gun or a knife . . . Yes, safety is a sermon . . . If the appeals of self-protection or common consideration are not enough to stay the dangerous driver, perhaps the Fifth Commandment is.

AVON PARK WINS SEVENTH STRAIGHT GAME

The Avon Park Red Devils won their seventh Ridge Conference baseball game last Tuesday night when they defeated Ft. Meade's Miners 8-1 at Head Field. It was the second meeting of the two this year, Avon Park won the first game 14-0. J. C. Walker hurled 1 hit ball and fanned 14 Miners. Ralph Hill was high for the Devils with two for 3 and Virgil Martin and Moe Walker each got 2 for 4. Ft. Meade is the first team to score a run off J. Walker and it was scored on a bad throw in the ninth inning. Cannon got the lone hit for the Miners and he scored their only run.

The Red Devils will play Frostproof's Bullpups here next Tuesday night at 8 o'clock. They played Frostproof a few weeks ago and defeated them 8-1.

PHONE RATES TO BE RAISED IN 27 CITIES

By a 2-1 order of the State Railroad and Public Utilities Commission, increases ranging up to $1.25 a month in telephone rental rates of 27 Central Florida exchanges of the Florida Telephone Corporation, were granted last week. The order affects about 13,000 telephone subscribers.

Benefit Air Show Proves Big Success

The air show put on by the Civilian Air Patrol at the Municipal Airport last Sunday was a success and due credit should be given to all those who had any part, large or small. The proceeds will be turned over to the Hospital Association, and as we go to press it is not known what the amount is, as all bills must be paid first.

First on the list was a spot landing contest for student pilots and the participants of this feat were from Avon Park, Frostproof, and Sebring, the winning honors going to Jimmie Cutchen of Frostproof. Next was a spot landing contest for those with a private flying license or better. Frostproof again came forward with Jerome Cutchen bringing home the colors.

One of the most comical contests came next, known as "Take off Pants race." Ross Robertson of Winter Haven, and Douglas Skipper of Avon Park took part in this. The idea was to fly the pattern of the field, land, take off their pants, get back in the plane, fly once around again and try to land as close to where they left their pants as possible, put them on again, and then taxi their plane off the strip. Ross Robertson of Winter Haven won this event. About six or seven persons were in the next contest, the Bomb dropping contest. Almost every town along the Ridge section was represented with the closest being Calvin Fletcher of Avon Park.

About 3:00 P. M. a squadron of P-51's from the National Guard Squadron of Jacksonville flew over the field several times causing considerable excitement and two of the planes returned a few minutes later and buzzed the field showing what performance and speed can be had from these fighting flyers.

An exhibition of climbing and barrel rolling was put on in an AT6 and there was many a breath-taking moment as it went thru its acrobatics.

The Martin Aviation Co. of Sebring was well represented with a Cessna 140 and an Aeronca. From Umatilla came a Luscombe and a Piper Cub Cruiser. Jack Stephenson of Sebring loaned one of his planes for the occasion and it was busy all day taking passengers for flights over the town. The money from this was also donated to the fund for the hospital.

Len Herman brought the Air inspector in an AT6 belonging to the General Aviation Corporation of Tampa.

A C-47 piloted by Lt. Col. B. D. Haulard, commanding officer of the 159th fighter sqdn. of Jacksonville, and co-piloted by Lt. J. M. Wilson of Jax, flew in with Brig. General Mack W. Lance, Adjutant General of Florida and Lt. Col. Ralph W. Cooper, Jr., State quartermaster of Fla. It was taxied up in front of the loud speaker and the public was allowed to go thru the plane and look it over.

Gen. Lance gave a short talk on the need of a national guard, and he was pleased to be back in Avon Park where he lived so long and was commander of the National Guard squadron here in 1927. He was warmly greeted by his many friends in Avon Park.

The loud speaker was furnished by Lt. Kreft of the Army Recruiting service and the announcing was ably handled by M-Sgt. Dalton Hall, Avon Park recruiting agent.

Once again we thank all of those who helped in any way to make this show a success that it was—the proceeds will be used for a worthy cause.

STATE'S REVENUE UP SLIGHTLY OVER 1947

Florida State General Fund receipts for this fiscal year are just a little more than last year, Comptroller Gay reported last week that $74,882,176 was taken in during the first 9 months of this year, compared with $34,578,663 during the same period a year ago.

The General Fund balance at the end of the third quarter stood at $27,280,797, which is $10,000,000 more than was on hand at the beginning of the year last July 1. That does not include $13,453,000 set aside for buildings now under construction.

MILK CONTROL HEARING HELD IN HIGHLANDS

Highlands County milk producers Monday again petitioned the Florida Milk Commission to supervise the market in the area comprising this milkshed.

After taking testimony from the producers, L. K. Nichols, Jr., administrator, said that the findings of the commission would be announced later.

New Officers Are Nominated For PTA

The nominating committee submitted the names of the new officers of the Parent Teachers Association at the regular monthly meeting of the organization, held in the high school auditorium on Tuesday afternoon. Mrs. Leon Campbell, chairman of the nominating committee reported the following officers had agreed to serve: Mrs. J. C. Wright, first vice president; Mrs. C. R. Ginn, Jr., secretary; Mrs. T. H. Maxwell, treasurer; Mrs. E. A. Martin, historian. These officers will be installed at the May meeting. The office of president was not reported filled at this time, and the nominating committee was given more time to secure someone to fill this office. Mrs. R. H. Lawhon, president, presided at the meeting.

An especially fine program was given during the afternoon, when Gene Gorman, director of the high school band, presented the four soloists, who are participating this week in the solo contest being held in St. Petersburg. Those representing the school in this contest are Jack Ward, John L. Delegal, Beth and Jane Suggs. Mrs. J. B. Coen, Jr., was the accompanist for the numbers. At the conclusion of the program, Mr. Gorman spoke briefly, and thanked Mrs. Coen for her cooperation in accompanying the band numbers, and presented her with a gift from the band association Rev. McRae, pastor of the Florida Avenue Baptist Church led the afternoon's devotional.

Announcement was made of the faculty play to be given in the auditorium on Friday evening, May 14, the proceeds to be given to the PTA. Miss Eleanor Chisholm is directing the play, and members were urged to keep the date open.

Attendance prizes were won by Miss Griselda Riner's home room for the elementary grades, and Mrs. E. A. Shearer's high school room.

Two new teachers from Stetson University in DeLand, who are interning in the school this semester were introduced. They are Miss Jamie Lee Whitaker and Miss Betty Thompson.

Public Health Nursing Week

Florida's public health nurses are being honored this week as this State joins the country in observing Public Health Nursing Week, April 11-17.

Spotlight of the observance this year is on the recruitment of students for training and public health positions, according to Miss Ruth Meettinger, Director, Public Health Nursing, State Board of Health.

However, in Florida, said Miss Mettinger, the response in the past few months to the need for public health nurses has been "excellent". There are now more than 300 nurses doing public health in this State with only a few vacancies left to fill.

Public health nurses perform many and varied daily tasks which are vitally necessary to show individuals and families how to protect their own health. Their activities cover the fields of child hygiene, maternity service, venereal disease and tuberculosis control, and, industrial, school and home sanitation.

Their service is a community service to which everyone may turn for help.

MOE WALKER HURLS NO HITTER

Moe Walker hurled the first no hit game in Avon Park's Devils last Thursday night as they blanked Auburndale's Bloodhounds 11-0 at Head Field. He fanned 16 Bloodhounds and drove in three of the Devils runs. He also led the Devils in batting with 2 hits for 4 times at bat. It was the sixth straight win for the Devils and their average in the Ridge Conference is a thousand.

Vaccinate Your Dog Against Rabbies

Mayor Wilkes states that a total of 265 dogs were vaccinated against rabies during the two days in March when Dr. Matthews was at the fire station to give injections against rabies. While the Mayor is pleased that so many persons realized the need of protection of the public against the danger of rabies, it is known that there are still many dogs at large in the city who have not been treated as required by the city ordinance.

The Mayor wants owners of dogs to understand that City Ordinance No. 176 requires that all dogs which have not been inoculated against rabies during the current calendar year and running at large shall be picked up, impounded and if not redeemed by the payment of the required fees within five (5) days, shall be destroyed. Dogs impounded may be redeemed by the payment of $1.00 plus a charge of 50 cents per day for each day impounded.

Arrangements have been made with Dr. Matthews, a registered veterinarian, to spend one more day in Avon Park so that owners of dogs may have one more opportunity to have their pets inoculated before the ordinance referred to is enforced. Dr. Matthews will be at the fire station from 9:00 A. M. to 6:00 P. M., April 24th, 1948. His fee for inoculation will be $1.50 per dog, payable by the owner.

Mayor Wilkes and the City Council feel that the proper protection of the children and grown persons from the danger and expenses of rabies demands that the city ordinance be rigidly enforced. The destruction of the pets of certain of our residents will be an unpleasant duty but, as stated above, it is felt that the protection of the health of our children and grown folks is necessary. All dog owners are advised that the availability of a registered veterinarian on April 24th will be the last one for this calendar year and that beginning April 25th all dogs found within the corporate limits of the city without a tag indicating inoculation against rabies for the current calendar year will be picked up, impounded and if not redeemed and inoculated within five days, will be destroyed.

This requirement as to inoculation has been given wide publicity by the newspapers and by circulars and it is felt that no further de'ay can be justified.

Weekly Business Review

Florida land now operated within soil conservation districts totals 21,584,671 acres (over half the state's land area), an 86.5 per cent it crease since 1944, marking the growth of this vital phase of conservation on the State, the research and industrial division of the Florida State Chamber of Commerce stated yesterday in its weekly business review.

The soil conservation program is a voluntary farmer movement which began ten years ago and now extends to all 48 states. It is of profound significance to all people as it provides for the permanent security of that essential resource, productive soil.

"Farmers, cattlemen, lumbermen and other Florida land owners had established, by the first of this year, 42 Soil Conservation Districts in more than two-thirds of the counties in the State. With the technical assistance of the Soil Conservation Service, all types of conservation work that will bring about better use and protection of the land are planned and carried out.

"The program covers lands used or suited for cultivation of fruits, vegetables, nuts and general crops, forest lands and submarginal land suited for the production of wild plants and animals. The service consists of various degrees of assistance made possible through State enabling laws. Powers thus granted to Districts range from voluntary cooperation in the settlement of the simpler conservation problems to the power to compel proper land use."

Avon Park Settler Passes Away

George Grant Budd, a resident of Avon Park for 60 years, was born the 27th of February, 1367 in Hunts Corners, N. Y. He died April 8, 1948. His parents were Jesse S. and Frances J. Budd, born in Rochester and Schhechtady, N. Y.

The Budd family came to Avon Park March 12, 1888 and until houses could be built, lived in the only available place, a log house built on the shore of Lake Tulane by Mr. King in 1886.

Mr. Budd was a carpenter. When Lord Bunberry built the Shockley place he walked daily to and from the banks of Lake Tulane to that of Lake Pythias.

He also worked on the Florida Development Co., building what is now the Masonic Temple. The Verona Hotel and sawed the lumber and made the furniture for the hotel. The men in the Budd family built the first school house which was situated near the present site of the Nazarene Church, and known as the little blue school house.

Mr. Budd married Miss Elvira Prescott of Arcadia, April 2, 1890, and from this union six children, four of them boys, were born. In February 1891 he took his family to Salem, Oregon, but returned in December '92 and lived at Crewsville. The past few years his home has been in Avon Park. Mr. Budd is survived by his wife, his four sons, one of whom James H. lives here. One daughter, Mrs. Devoe Smith of Adrian, Ga., one brother, Daniel H. Budd, of Jacksonville and 19 grand-children and several great-grandchildren.

His funeral was held in the Church of God, of which he was a consistent member, and conducted by Rev. Carl Bran, assisted by the pastor, the Rev. Crews. Burial was in the Prescott Cemetery, near Crewsville. The Church was filled with devoted friends and beautiful flowers that helped to show their appreciation of his fine character.

Candidates Address Teachers Meeting

James W. Moore and Jeff Flake, both candidates for election to the state senate, along with county commissioner aspirants C. M. Payne and N. B. Jackson from District 5, and R. L. Stokes and Ivey Waldron from District 3, presented their political platform to the teachers last Thursday, April 8, at the regular meeting of the Highlands County Classroom Teachers' Association.

Enlarging upon his attitude toward school bills and policies, each candidate spoke formally for about five minutes and then called for questions from the teachers. Views upon the use of race track money were aired and positions of the candidates in regard to this question determined. Without exception the candidates assured the teachers that they are behind the schools of the state and county.

Mrs. Alice Sherman of Avon Park, president of the association, appointed the following committee chairmen: membership, Mrs. Eunice Carter of Avon Park; program, Mrs. Patti Hill of Avon Park; legislative, G. W. Neubauer of Sebring; public relations, Mrs. Julia Titus of Sebring; international relations, Mrs. Edwina Lu-evanos of Sebring; teacher recruitment, Mrs. Madge Coker of Sebring; social, Miss Eleanor Chisholm of Avon Park; teacher welfare, J. D. Spooner of Sebring.

The C. T. A. was organized in March of the present year. Among the purposes of this organization are, promotion of cooperation among all school groups; study of all educational problems, and continued progress of Highlands County Schools.

The May meeting will be held at Highlands Hammock State Park in the county, who are interested in teaching as a profession, will be guests of the association.

State Orders Highlands To Refund Fines

The $10 fines assessed against two tourists from Illinois for having improper license tags on their cars were ordered returned to them today by the Florida Pardon Board.

The State Motor Vehicle Commission requested the action. It explained that Ira Viel, of Viney, Ill., and R. E. Moore, of Odin, Ill., were picked up at Sebring for driving with 1947 tags.

The Highlands County Judge fined them each $10. Then the state agency learned Illinois had extended its tag purchase deadline, and the notice to Florida was not received.

Florida law permits a tourist to drive with his home state tag as long as it is valid and until he goes to work in Florida or puts a child in the state's public schools.

Gubernatorial Candidates Support Citrus Mutual

Five gubernatorial candidates have written Latt Maxcy, president of Florida Citrus Mutual, expressing their interest in this new organization, and some of them have given their unqualified support of the program.

Fuller Warren of Jacksonville wrote, "I am given to understand that it is the object of this organization (Florida Citrus Mutual) to control shipments of fresh fruit to the terminal auction markets of the United States, and in this way to seek better distribution and consequently to bring an increased price to the grower. I am in complete agreement with such a program."

Colin English wrote, "It is gratifying to me that members of the industry have organized the Florida Citrus Mutual with orderly marketing as a prime objective. I regard it as a great step forward toward solving the problem and I am sure much will be accomplished. I have evidenced my feelings in the matter by joining the Florida Citrus Mutual and I shall give it all possible support."

Replies were also received from Bernarr Macfadden, J. Tom Watson and Basil H. Pollitt, in which they expressed extreme interest in the program of Florida Citrus Mutual.

Absentee Voting

County Judge Howard Livingston has informed us that voters who will be absent from their home county on May 4th, primary election day can vote by applying to the County Judge's office in the Court House for an official ballot. Voter should bring with him a registration certificate. Then on taking an affidavit that he will be absent, he will be given a ballot and be permitted to vote. Voting will start on Monday, April 19th and continue through Friday, April 30th.

Take A Good Look At Your Money

April 11 to 17th has been set aside as National Coin Week in the United States. With prices being high along with the wage scale in our country, there are many coins passing through the hands of people. The most of the population just think of them as coins to buy bread, butter, clothes and property while there are thousands that think of them as something to save. For there have been many coins stuck back through the years to carry on our means of exchange.

Many have heard of the valuable 1913 liberty head nickel, but thereare other valuable coins. The present day Lincoln head penny is one of value if you find the right ones. The 1909 coin that was struck at the San Francisco mint with V. D. B. on the back of the coin is one of the valuable ones. Maybe you have not taken time before you bought that package of gum to look at the mint mark or at any part of the coin only to see that it was a five cent piece. There have been other mints but today there are only three operating mints, one at Philadelphia, San Francisco and Denver. The mint mark on the Lincoln Penny can be seen just below the date on the front of the coin where the picture of Lincoln can be seen. There have been many coins minted commemorating different things which is a means of raising money for whatever the commemoration is for. One of the recent ones was the Booker T. Washington half dollar.

Coins can be collected in different ways. Just to pick them out of circulation which makes the hobby not so expensive. But to get a collection of real beauty you can send to one of the many coin companies across the country and buy uncirculated coins.

Then there is the paper money. How many of you remember the large dollar bills that use to be in circulation? But with the little ones that are now in use have you takep time to notice them in anyway?

During the war did you notice any with the word Hawaii on it? Also in the past did you notice any with the letter R or S on them. These were rather large red letters. The ones with S were made of synthetic material.

Mr. Jerome Shiltz, district representative for National Coin Week, here in Avon Park has a nice collection and because of this article if you become interested in the collection of money and would like to see or talk over money just contact him.

Births

Mr. and Mrs. J. W. Cothran announce the birth of a baby daughter, Judy Ann, born April 12. The little girl weighed eight pounds.

Born to Mr. and Mrs. Bernie Johnson a boy, Joseph William, at Colemans Hospital, at 9:30 p. m., April 14th. Weight, 6 lbs. 10 ounces.

Mr. and Mrs. Wilbur Giddens are announcing the birth of a son to their daughter, Mrs. Margie Ellerbee. The little tyke weighed eight pounds at birth and has been named Michael Levon. Mrs. Ellerbee is the former Miss Margie Flowers of Avon Park.

In 1947, 630 persons were killed and 21,000 injured on bicycles in the United States. On a bike, play it safe!

Reason Shivers Resigns From City Council

The resignation of Mr. Reason Shivers as a member of the City Council, submitted on March 23rd 1948, was considered and accepted with deep regret. The letter of resignation due to ill health was submitted by Mr. Shivers just prior to the meeting of the Council held on March 23rd but action at that meeting was suspended in the hope that Mr. Shivers would find it possible to withdraw his resignation and continue his service to the city. Mr. Shivers has served the city during his limited term with vigor, courage and a conscientious regard for the welfare of the community. The City Council hopes that he will continue to have an active interest in city affairs.

A recapitulation of expense incurred in the construction of the night-lighting system at the ball park was submitted to the Council. It was found that the proceeds of the sale of ball park revenue bonds to the amount of $5,850.00, was sufficient to pay all outstanding bills and permit the lighting of the grand stand and the construction of a wire barrier to be constructed on top of the grand stand for the purpose of reducing the loss of base balls hit over the roof of the grand stand. The Council also received a report on proceeds of the stadium tax levied to pay interest on Ball Park Revenue Bonds and retire such bonds as they mature. There seems to be no doubt but that the stadium tax will be sufficient to service the bonded debt of the ball park. The City Council expressed their pleasure upon completion of the lighting system and especially their appreciation to the employees of the Florida Power Corp., for their long hours of work and their skill in completing the installation in a highly satisfactory manner.

A committee representing the Negro Women's Civic Club, Avon Park, appeared before the Council requesting certain improvements in their section of the City. Their request included the installation of some street lighting; the installation of additional fire hydrants and improvement of roads and streets. Verbal request was also made by the committee for trash cans to be used to keep their section of the community in better condition. The committee was advised that the purchase and installation of some additional fire hydrant was being considered by the Council and was, in fact approved during the meeting. The committee was requested to designate points where street lights were desired and that this matter would be further considered at the next meeting. The committee was also advised that roads and streets would be improved as rapidly as conditions would permit. The Council was pleased to be advised by the committee of the fact that a clean-up drive would be initiated during the week of April 19th by the Negro Women's Civic Club.

Coach Carter advised the Council of his efforts to have the Ridge high school base ball tournament held at Avon Park this year. The Council assured Mr. Carter that the City would cooperate in every way possible to bring that athletic event to the city. A representative of the Avon Park Firemen who was present at the meeting also assured Mr. Carter that the Firemen would cooperate in adjusting their base ball schedule so as to make the field available for the tournament.

The Council was advised that the appraisal firm of Hunnicutt and Associates, who had been employed by the city to revalue all real and personal property over the corporate limits, would complete their survey on April 26th and would then be ready to open their records for examination by the property owners involved. They were also advised that Mr. Hunnicutt was desirous of meeting with all property owners at a public meeting for the purpose of stating the purpose of the revaluation survey, the methods used

Winter Guests Club News

David Arthur Brodie

Congratulations were showered upon Mr. and Mrs. A. W. Forbes last Friday evening, the occasion being the fifty fifth anniversary of their wedding day. It also developed that on April 12th, Mrs. Forbes was 86 years of age, but her many friends insist that she is only 36 years young. The whole Club membership joins in hoping that she is good for many years with us yet.

The winter guests are thinning out most noticably, so much so, that it is next to impossible to keep up with the exodus. Among those who have gone, or are about to leave are:

Mr. and Mrs. Oakley, Bridgeport, Conn.; Mr. and Mrs. W. J. Wyman, Waseca, Minn.; Mr. and Mrs. Edward Hammond, Rock Point, Maryland; Mr. and Mrs. Jacob Gier, Scotia, N. Y.; Mrs. Anna Jackson, East Palestine, Ohio; Mr. and Mrs. Fred A. Paddock, Terra Haute, Ind.; Mr. and Mrs. S. B. Fish, Williams Bay, Wis.; Mr. and Mrs. R. H. Boward, Tarentum, Pa.; Mr. and Mrs. Fred Eggleston, Greene, N. Y.; Mrs. H. Jaeger, Brackenridge, Pa.; Mr. and Mrs. Burt Nash, Howell, Mich.; Mrs. Tony Dick (with Mr. and Mrs. Fish); Mr. and Mrs. J. W. Kienzel, Columbus, Ohio; Rev. Pfaltzgraf, Columbus, Ohio; Mrs. Jennie Vail, Columbus, N. Y.

Undoubtedly there are others whose names should be listed here, but as yet, are not available.

Two new members were listed last week, Mr. and Mrs. Donald Robertson, Bloomfield, N. J.

The covered-dish luncheon on April 11th., was a most decided success. The occasion was a get-together in honor of our retiring President, Mr. Robert H. Boward, who, with Mrs. Boward, expects to leave for home soon. It was an "au revoir but not goodbye" send-off, as it is expected that they will be back with us next autumn. It is reported that there were around 85 and 90 members present. There were a few eulogistic speeches to which Mr. Boward responded in his usual easy and humorous style. As evening came on, a half-hour was spent in general singing, which at a distance sounded charmingly harmonious, out in the open park among the tall pines. Before parting for their various homes, it was generally agreed that it was the "end of a perfect day."

Now that the winter season is over, and our members are speeding northward, to diverge east, north and west near the boundary line of Georgia and Florida, all of us have food for thought and retion. Each is eager to reach his destination, happy in the thought of home and loved ones. Yet, with all of this happy anticipation, is a feeling of regret at parting with those 350 associates with whom we have shared the brilliant out-of-doors-winter in semi-tropical Florida. In the main, we know each one as he knows us. Each private life is ones own. Each day throughout the winter, we have met at the Club grounds, exchanged greetings, and with some of our more intimate friends of former years, a friendly tap in passing, a facetious remark, or a smile-provoking jest. We mingle with the crowd, or take a seat with others and watch the progress of the games, and at the same time, exchange comments on the weather, the news of the day, or more intimate affairs of the Club. As opportunity offers, we join in a game. We study the technique of our opponent, and strive to circumvent his fancy plays. The watchers on the side are not generally partisan. They applaud a brilliant play regardless of which side makes it. We play with all seriousness, but win or lose in good humor, and exchange congratulations afterward. If our opponent scores on us, we may call him a pirate, a ruthless scoundrel, or a trickster, but he just grins and does it all over again, but like the cowboy in Owen Wister's "Virginian", we say it with a smile, or in a tone that begets a smile.

Who is this average opponent who can call you a lobster without giving offense, and you give him back one better, if you can? You do not know. To you he is a fellow member, sharing the Club's advantages with the rest of us. He may be a merchant, a teamster, a detective, a railroad official, or a college professor. You do not know and do not inquire. All this will come eventually with longer acquaintance. He may be a "big-shot" at home, but he is just one of us here. He doesn't put on airs, nor does he today to anyone. He hears no profanity, and uses none. He is clean-cut, affable, or jocular, or he may be diffident, or even taciturn, but as long as he acts like a gentleman he is accepted as one.

The ladies too, take part in the games, and play for all it is worth. They laugh more heartedly than the men, when the game goes against them. They are just as formidable opponents, and invariably lead in the social entertainments. But what they cannot hide as well as the men do, is what they do at home. The secret comes out when there is a covered-dish supper, then the drab old clubroom is transformed into a veritable banquet hall, with tables set, just so, for a hundred or more people, and decorated with bouquets of choice flowers all of which bespeaks the feminine touch. And the food, how shall we describe it? Because of it? Because of its abundance, variety, wholesomeness, delicacy, and toothsomeness, no chronic dispeptic can resist it, and there is no room for a pernickety epicure. The whole layout proclaims that these ladies are not only good housekeepers, but prove that here in America, we have no need for French cooks. But woe betide the grim old pokerface who ventures into the kitchen when the feast is over, and the stacks on stacks of dirty dishes are yet to be washed, because kitchen help may not be had for love or money. He promptly finds himself with an apron around his waist, deftly tied behind his back, and smilingly told to get busy. He knows, of course, that knighthood is long past the blooming stage, but he soon proves that chivalry is still in lower when he accepts the proffered dish-towel with all the grace of a cavalier.

So as we allow our memories to run riot over the events of our winter's sojourn, the substantial people we have met from all over Canada and the United States, and the firm friends we have made, we find ourselves already looking forward with eager anticipation to being back among them next fall before the blizzards break loose in the more northern latitudes.

Last year, 2,600 persons were killed and 96,000 injured in U. S. traffic accidents as a result of driving on the wrong side of the road. Drive right!

Last year, 33 per cent of all persons killed on America's streets and highways were pedestrians. Watch while you walk!

All Real And Personal Property Being Revalued

(Continued from Page One)

and the results which it is believed will be achieved. Arrangements have been made with Mr. Wells and Mr. Wilhite for the use of the high school auditorium for the night of April 30th where Mr. Hunnicutt will address all those interested in the survey. Beginning on the morning of April 26th and continuing until the afternoon of April 30th., representatives of Hunnicutt and Associated will be in the Council Room at the City Hall prepared to make their records available for examination by the property owners concerned. The revaluation of property for tax purposes is a matter of great interest to the community and the Council hopes that every property owner will avail themselves of the opportunity to hear Mr. Hunnicutt at the high school on Monday, April 26 and that they will also call at the City Hall and examine the records pertaining to their property.

The resignation of Mr. Shivers also created a vacancy in the office of vice-president of the City Council. After consideration, Mr. R. L. Padgett was appointed vice-president.

The Council then gave further consideration to the matter of collection of delinquent taxes with especial attention to the matter of abatement of interest on taxes pertaining to the year 1941 and earlier and the subject of the payment of delinquent taxes by installments. After full consideration of the facts in the matter, the Council felt that it had no authority to waive the collection of interest on delinquent taxes and directed the City Attorney and City Clerk to proceed with collection. With reference to the matter of payment of delinquent taxes by installments, the Council was advised by the City Attorney that the provisions of the City Charter, as amended by the State Legislature in 1939, does permit of the payment of delinquent taxes in installments subject however to certain conditions. Pertinent provisions of the City Charter are quoted "That from and after the passage of this act the City Council of the City of Avon Park, Florida, may be ordinance permit the payment of current or delinquent taxes due or assessed against real or personal property in the said City of Avon Park by installment payments in such amounts or percentages and at such times as said Council may by ordinance determine; provided, however, that such installments shall not extend over a period of time longer than one year; and provided further that default in the payment of any installment provided for shall cause such property in default to revert to its status before the passage of this Act or the ordinance provided for herein."

The Council directed the City Attorney to prepare an ordinance providing for installment payments under the Act quoted above and also directed the City Clerk to advise each delinquent tax payer of the provisions of such ordinance.

TRUMAN OPENS NEW SAVINGS BOND DRIVE

President Truman opened the new savings bond drive tonight with the declaration that every dollar invested "will be a dollar working to win the peace."

He said the drive, which runs through June 30, is the most important since 1945. He said world peace depends on America, and America depends on a strong, sound economy.

"Every dollar that a family puts into savings bonds now will be a dollar fighting against inflation and high prices," Truman said in a five-minute speech broadcast over four networks.

He praised the city of Sandusky and Erie County, Ohio, for oversubscribing by 25 per cent their quota in a drive which was launched a week ahead of the national campaign.

No goal has been specified for the nation in the drive. Many areas, however, have set local quotas.

One of the major efforts will be a person-to-person canvass of industrial workers in an effort to double the 5,500,000 person participation in the payroll plan of bond buying.

The Man Best Qualified and Best Equipped to be Florida's Next Governor Is

DAN McCARTY

Says the Tampa Sunday Tribune in its Editorial Endorsement of March 28, 1948.

"Dan McCarty combines young manhood with matured experience; untiring energy with resolute purpose; straight thinking with clear vision; firm conviction with fair reasoning; full information with sane deduction; unyielding integrity with human tolerance; sound decision with effective action. His past performance assures his future achievement. "We are confident that we make no mistake in commending Dan McCarty to the favorable consideration of the people of Florida—and that the people of Florida will make no mistake in electing him Governor." Tampa Sunday Tribune Editorial, March 28, 1948.

FLORIDA POWER CORPORATION

'Cracker Politics'

By Allen Morris

Tallahassee—If there be a 16-year cycle in Florida elections, when the ordinary rules of political logic don't apply, then this is a sixteenth year.

Judge J. B. Whitfield thinks there is a 16-year cycle. Of all Floridians, he should know, for Judge Whitfield has been watching elections in Florida since the 1880s.

Now a justice-emeritus of the Supreme court, on which he served for 30 years, after having been state treasurer and attorney general, Judge Whitfield has seen more of the history of Florida in the making than any other living person.

In testing the factual basis of the Whitfield theory, let's start at the turn of the century.

Then, W. S. Jennings, a Johnny-come-lately to Florida from Illinois as a wizard oil salesman, was nominated over four outstanding Floridians. Selected at a convention in which Confederate soldiers and their sons predominated, Jennings was the first governor in a quarter of a century who had not been a Confederate veteran.

Sixteen years later, Sidney J. Catts, a Baptist minister from Alabama who had not even lived in Florida the constitutional time for election and the nominee of the Prohibition party, defeated W. V. Knott, the Democratic nominee, who was state comptroller and one of the most popular political personalities in the state.

Another 16 years and, in 1932, Brooklyn-born Dave Sholtz elbowed aside two former governors, John W. Martin and Cary A. Hardee, to capture the governorship.

Now this is 1948—another sixteenth year! What potential for surprise does the present field hold?

* * *

An interesting chapter in the continuing story of Lex Green, now an aspirant for a seat on the State Railroad and Public Utilities Commission, comes today from the colorful Starke personality who long represented the Jacksonville area in Congress.

It is particularly valuable for the light thrown upon the "purchased office" statement released by Green after the second gubernatorial primary of 1944, and also for its references to Bradford county politics as they play a part in the present statewide race.

"Dear Allen," writes Green.

"Reference is made to portions of your column printed in Florida newspapers under dates of March 27th and April 3rd, 1948.

"I shall, at the first opportunity, talk with you personally in detail concerning transpirations at the closing of the Governorship race in 1944. I prefer not to write about this. Immediately after the primary, I personally wired Governor Caldwell my sincere congratulations, and assured him of my cooperation. I have cooperated with him in each of his programs as I believe to be for the benefit of our State. I shall continue to do this, and I hold no ill feeling whatsoever personally towards Millard.

"Your impression that I ever stated, or even intimated, that all of the Wainwright family was supporting me in my race for Railroad and Public Utilities Commissioner is entirely wrong. I have never intimated or said by were supporting me. Family connections of this family, and many of my other friends, solicited me to run for Railroad and Public Utilities Commissioner after the passing of W. M. (Bill) Wainwright. Some family connections and members of the Wainwright family have told me recently that they were going to vote for me.

"N. D. Wainwright, Sr., whose letter you recently published, is a fine venerable gentleman, and was voted for for County office in Bradford County by my deceased father, myself and other members of my family, for between thirty and forty years. It is not strange that we have failed to support the same candidate in every instance. In 1944, W. M. (Bill) Wainwright managed the first primary of one of my opponents for Governor, and in the second primary supported my opponent. However, I was strongly supporting him in his race for Railroad and Public Utilities Commissioner, and would not have been a candidate, at this time, had he lived. He was my friend, my neighbor, and was qualified.

"It is, of course, the privilege of Commissioners Carter and King to vote for whomever they desire in this race. I shall, if elected, serve with them and cooperate with them in every manner possible for the best interests of our State, and for the proper and just adjudication of every case presented to the Commission. Both have told me that they are making no fight against my candidacy."

Green went on to say he was a "strong supporter" of the merit system in government, and would not sanction the discharge of any state employe without just cause. He said he desired election "upon such qualifications and merit as an Arch Supporter!"

I may possess."

Omitted from the qualifications listed for Dan McCarty in his campaign literature is the 16-day distinction of being a lawyer—so far, anyway, as the 1939 House of Representatives was concerned.

McCarty was a member of the House then, as Fuller Warren, now a gubernatorial rival.

Warren joined with a number of McCarty's other friends in drafting and passing a resolution declaring "the Duke of Indian River" to be a lawyer "with all the privileges and handicaps thereto pertaining," for the remainder of the session.

The facetious resolution (which may be found today on page 673 of the 1939 House Journal) described McCarty as "the youthful, handsome, forceful and eloquent gentleman from St. Lucie," but said he had made "slighting references" to lawyers.

"Particularly in the championing of legislation relating to the citrus industry, this distinguished son of St. Lucie announced to the world," continued the resolution, "that the opinions of gentlemen of the bar on farming questions were hardly worthwhile but that all ears should be turned to the words of a farmer."

The resolution went on to say that McCarty, while "posing as a farmer," possessed all the "natural characteristics and tendencies" of a lawyer. McCarty, therefore, was declared to be an attorney, "and not to the limited effort of being 'not enough lawyer to hurt,' but fully and completely."

* * *

This has been a year of heavy emphasis upon catch phrases and slogans—"Dan's the Man," "Win With Warren," and "Colin's Rollin'" among them.

Over in Suwannee county, Sheriff Arch Hunter, who also proclaims himself to be "Everybody's Friend," has a nifty—"Be Arch Supporter!"

It's gardenia time over Florida and here pretty Helen Olsen of Chicago looks pretty among the fragrant white flowers now in full bloom at Cypress Gardens.

There Should Be

on gasoline for fishing boats and farm equipment, says
FULLER WARREN

All Florida's Candidate for Governor

"I shall do everything in my power as Governor to correct this unjust levy. These boats and farm equipment do not use our highway system for which this tax is intended . . . our fishing and farm industries and other non-highway gasoline users should be encouraged by lifting this tax."

Fuller Warren means it when he says he will advance the interests of all the people of Florida. He is opposed to a general sales tax. He wants to return the State to "pine tree prosperity" through an effective reforestation program. He wants better farm-to-market roads. He wants the aged and infirm to get a real break through an expanded Health and Welfare Program providing better old age assistance. And when he is your Governor, you won't have to "see any one to see" Fuller Warren. His door will be open to every citizen of Florida!

LET'S PROMOTE A MAN WHO'S BEEN
TRAINED
For the Job of
GOVERNOR

Few men have ever brought to the office of Governor of our state, the experience...and, first-hand knowledge of our state government that Colin English will bring to the state capitol when he is elected Florida's next Governor! He has proved his ability as a leader, a statesman and an executive. He is the one candidate who, for the past eleven years, has been trained for the "job" of Governor. He is the one man who can take over the reins of Chief Executive of the State of Florida without any loss of valuable time!

His experience and knowledge of state governmental affairs have been gained through his eleven continuous years of successful service as a member of the Governor's Cabinet, and other important state boards and commissions, during the administrations of three governors.

We Floridians, who are paying for this advertisement, are privileged to express the strong conviction of the thousands of other men and women of our state who believe that the best interests of ALL Florida, will be served by voting for and electing...

Colin English
GOVERNOR

Don't Be Mislead By Political Mumbo Jumbo
How can a Senator influence the price of fruit? Is that an issue in this campaign? Did the Citrus Commission bring about high fruit prices, or was it the war? If it was the Citrus Commission, the present members should be indicted for allowing the present low market to exist. Who can better cope with the lawyer-senators in the Legislature, a citrus grower, or another lawyer? Isn't it absurd to say that because a man is a lawyer, he shouldn't be elected to a law making body?

One Southerner's Viewpoint

YANKS IN BERLIN ARE SURROUNDED, IN TOUGH SPOT

Gen. Lucius D. Clay, the Georgian who commands the American military forces in Europe, has said we will stay in Berlin. He will not retire, as planned. He will see it through.

It is important that he do so.

Somehow, Americans can't quite realize the American position in Germany, and especially do they not comprehend it in Berlin.

Imagine Germany to be a large pie.

The pie is cut in four relatively even slices. But in one of the slices take a biteuit cutter and cut out a small round hole in the center of that one slice. That would be Berlin. And the slice in which it is, is the one which belongs to Russia.

Berlin is about 100 miles from the American slice of Germany. We are allowed to use one road in and out of it, after obtaining special passes to travel it. We are allowed to fly planes in, but they must follow one narrow air lane. We are permitted to operate one train a day over the Russian rail line. If we leave, then arrests follow.

* * *

If Russia were to close the rail line, we would have to supply what soldiers we have there, and our civilian workers, by air.

If the Soviets chose to move in they could easily overwhelm the small force there and take Gen. Clay and the entire force prisoners to Russia. It would be the job of an hour or so.

Clay says they won't.

He says we must stay there if we are to establish our policy short of war.

He is right.

It is not a pleasant city. No polite word has been done on it. Before the war almost 5,000,000 persons lived there. Today a good 3,000,000 dwell in its cellars and its rooms round in the twisted, blasted ruins of buildings. They live purely, apathetic, hungry and without hope. The rubble is piled into great square mounds of bricks and bricks, to clear streets.

Two or three of the smashed buildings are left untouched. One may walk for blocks and blocks through empty, silent, broken, rusting skeletons of buildings.

It was a mistake to have chosen Berlin as the capital of conquered Germany. We know that now. But the Soviets insisted.

Now we know why. They have revealed it in the decision of last week to quit the Allied Control Council, the four-power organization set up to govern Occupied Germany.

The Russians want to force out the Americans, knowing the French and British will follow. They would then set up an all-German government—of Communists, of course—and the Soviets would then recognize it as the government for all four of the zones, or of all four of those slices of a theoretical pie we talked about before, including the one we occupy.

The same system would be followed in Austria, where we are hopelessly outnumbered. In Vienna we are out of our own zone, with great Soviet strength about us.

In both Germany and Austria our presence in the capital cities has produced interesting results. There was, for example, the matter of the newspapers. So eager were the Russians to get their papers into the American and British zones they proposed a free circulation of all papers. Gen. Clay and the British agreed.

But, the American zone papers began to go faster in the Russian zone than any other papers. The Russians didn't like that. They began to threaten news dealers who sold them. They bombed a few. They caused others to "disappear."

* * *

It is important to note that wherever the people have even a slight chance at a choice, they don't choose the Soviets.

The Soviets daily pour out abuse against the Americans on their radio. But they become almost hysterical with rage when a German speaks on one of ours. They made a public threat last week to see to it that those Germans who were "cooking a hot soup for themselves by aiding the Americans, were put into that soup when the Americans left."

It has never been easy for a German to stand up and be counted on our side because he didn't know how long we would be there.

He heard every day about the congressmen and the Americans who were saying we ought to pull out. True, he couldn't understand a country which had invested all its blood and money in Europe being ready to throw away all that investment by pulling out and leaving the continent to the Russians, who would replace the Nazis as a threat to world security.

So he went on with his meager rations, his money that wouldn't buy anything, and without any real hope for the future—and fear is always with him.

General Clay has seen the real picture all the time.

So, he says we will stay.

If he is wrong he will be overwhelmed.

If he is right he will be one of the reasons why the Russian aggression is stopped.

We have to go Clay's way or Wallace's way—which is to pull out and let the Russians have their way.

I hope more and more of us will go along with Clay.

THE SHERIFF'S RACE

Dear Fellow Voters of Highlands County:

In the coming primary election there are **three** outstanding men in the race for Sheriff of Highlands County.

BROWARD COKER **not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than eleven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.**

He was in the armed forces of his country during the last World War from March 3rd, 1942, until October 16, 1945, or approximately 44 months, 21 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.

We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff **his military record should be an influencing factor.**

He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.

We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.

Faithfully yours.

VOTE FOR Jeff Flake FOR STATE SENATOR

Jeff Flake was immediately recognized by his fellow Senators throughout the State as being one of the outstanding men in the Senatorial body. During his very first term he was appointed to some of the most important committees of the Senate. He was appointed Chairman of the Committee on State Institutions which is one of the most important assignments a Senator could have. He was also a member of many other important committees.

Jeff Flake immediately commanded the respect of the entire Legislative body. He used his very best judgment for the best interest of the Stae as a whole as well as his Senatorial District.

Jeff Flake went all out for the School Committee's program which should put the Schools in Florida on a parity or even better than most other States. He went all out for Schools in Highlands County,in taking 50 percent of racetrack funds for schools. Mr. Flake further pledges his whole-hearted cooperation in any and all legislation that comes up for the betterment of Schools.

Mr. Flake helped to sponsor a bill to put all citrus workers, either in packing houses, eanning plants, or in the gathering of fruit, on a parity with all other industrial workers whereby they can draw Unemployment Compensation during the season when work is not available for them. Every citrus worker should recognize this as outstanding legislation in his behalf.

Mr. Flake introduced and fought for a bill to stop the pollution of Peace River but was unsuccessful in this bill. Some of these same Attorneys that represent these big powerful phosphate mines are fighting Mr. Flake in his Senatorial race.

Mr. Flake supported a bill to raise the maximum old age assistance from $45.00 to $50.00 per month. Mr. Flake is always mindful of the fact the commodity prices have been rising steadily, and in many cases these old folk are entirely dependent upon the money they receive through this channel.

You all know that Senator Flake was elected to fill the unexpired term of Senator King and has been your Senator for only one year. It is a general democratic principal when a man is appointed or elected to fill an unexpired term, where he fills the office honorably, that he is entitled to a full term. We feel like Mr. Flake has done exceptionally well for the one-half term he has served and that he is entitled to a full term.

When Mr. Flake was elected one year ago, the people of Hardee County gave him 1304 votes to 290 votes to his opponent, which was approximately 80 percent of all votes cast.

All information we receive from the other three Counties of his District is that he will carry all three of them by a good substantial vote. We feel that it is our duty to get out and put Highlands County in The Flake Column.

$50,000 Sought For Canal Job

Flood damage to rich vegetable lands along Lake Istokpoga, an annual threat to a leading agricultural area, may soon be alleviated with completion of the Istokpoga Canal, which will connect the lake with the Kissimmee River.

A committee representing farmers and cattlemen of the area has tackled the job of raising nearly $50,000 with which to complete a missing link of five-eighths of one mile in the canal. The canal was started by the old Istokpoga Consolidated Sub-Drainage District, but was not completed.

The Lykes Brothers interests have offered to match dollar for dollar, funds contributed by others for the project. A committee planning to sponsor the project is composed of T. J. (Jess) Durrance, Charlie Lykes, Buck Carlton, Luke Smith and J. L. Wooten.

Seven Point Policy

The Department of the Army announced this week that it now has a seven point policy designed to meet the requests of all veterans who desire to re-enlist in the Army or Air Force.
The "Seven Doors" now open as enlistment opportunities for veterans are as follows:
Any veteran who has had overseas service since September 2, 1945, can enlist or his choice of any one of eight famous combat units now stationed in the United States and be assured three years service with that unit.

Florida's place in the sun rests upon the kind of state and local government we have to offer.

No one can successfully Challenge that Statement!

REMOVE ALL DOUBT
--ELECT--

W. A. (Bill) SHANDS
As Florida's NEXT GOVERNOR
He will not require experimentation .....
He knows about our state problems .....
He knows about our municipal ills .....
He is not dealing in platitudes .....
He has the courage to do something .....
He is confident that business like government is now our prime need .....
He is not dodging the issue. He is actually seeking remedies .....
He will WORK to put them into effect .....
He has no "can't be done" complex .....
He does not think a general sales tax is necessary and he will veto a general sales tax if passed .....

You Can't Go Wrong With Bill Shands

Senator Shands is winning his way toward success because he has gained the confidence of the people .....
He thinks straight and talks the language the people understand and appreciate .....
The truth and nothing else .....

Men with two years college or equivalent may learn to fly as an aviation cadet. Other requirements are: 20 to 26 1-2, single, mentally and physically fit. Successful graduates receive commissions in the reserve, and are placed on flying duty with the air force.
Certain occupational specialties which the veteran has held in any of the armed forces will enable him to enlist for that job in a grade depending upon his former grade, training and experience.
The army conducts the largest educational institute in the world. High school graduates have the privilege of selecting one of more than 80 courses and be accepted for that technical training before they enlist.
Under the aviation career plan men with a high school education or equivalent may select the air force school and trade they wish to learn prior to enlisting in the air force.
Only veterans can enlist directly for service in Europe. However, veterans and non veterans alike may volunteer for service in Japan.
Certain vacancies in the Third Army area are open only to veterans who can fill those positions, with a minimum of one year's duty in that area assured.
Full information may be obtained at the recruiting station, Hains building, in Sebring, or from recruiting sergeants on duty in Avon Park and Wauchula.

SAYS IT WITH MUSIC . . . Although Joe Scotti is only 11 years old and badly handicapped with a mysterious form of paralysis, he already has qualified as an accomplished organist. Joe (above) frequently plays at church services in Chicago and is known as "Little Joe."

FOR A HEBREW REPUBLIC . . . Barney Ross, former welterweight champion of the world, and later a marine with duty on Guadalcanal, signed with the American-Jewish brigade to fight for the establishment of a Hebrew republic in Palestine. Here Ross signs the roll for the "George Washington League for Palestine."

POOCH PONY PILOT . . . "Sonny Boy," canine mascot of a race horse stable in Belmont, N. Y., is quite at home in the saddle of "Major," one of the stable's ponies, during an early morning workout.

Everybody Likes the 'Jeep' Station Wagon

THE FAMILY like it because of its economy of operation, its comfort and distinctive styling—plus the roominess of its all-steel body. It carries six and still has space left over for parcels and luggage.

FARMERS like it because the removable seats make it a highly practical, dual purpose vehicle—ideal for personal transportation, unsurpassed for all around utility. Seats and interior are washable.

BUSINESS MEN like the "Jeep" Station Wagon because it is not only an efficient and economical courtesy car but is also ideal for many other uses, including light hauling and delivery service.

AS WE SEE IT
By Art Kinney

Dick Cooper, young candidate for governor will speak here at 4:30 this afternoon . . . we urge you to hear him as he will at least be refreshing compared to some of the old line campaign talks you have been hearing . . . we predict that Cooper will roll up quite a vote.

* * *

The city officials are safety minded . . . note the new side walk they are laying on Main street west from Highlands avenue . . . this is an improvement that has long been needed.

* * *

Be sure and attend the Mass Meeting to be held Monday evening at 7:30 o'clock in the high school auditorium, in regards to the revaluation of all taxable real and personal property in the city . . . this is a very important meeting so be sure and attend.

* * *

Starting this week the County is publishing the delinquent tax list in the Avon Park Sun . . . we suggest that you check it carefully.

* * *

Of all the political bally-hoo that we have listened to we like the following in free verse, entitled "Speak No Evil" by Tom Logue . . . the candidate is supposed to be a Homer G. Homespun . . . try it out and see how you like it.

Good evening,
All you handsome, intelligent
And civic-minded voters.
My name is Homer G. Homespun.
I come before you tonight
To plead my burning love
For each separate and individual item
On the following list:
The United States of America,
The State of Florida,
The county of Highlands, and
The City of Avon Park—
Though not necessarily in the
Order named—
My wife and children,
Your wife and children,
Liberty and justice for all,
Economy in government,
And good roads, leading everywhere
And back again.
Let me repeat the name,
Pressing it on the
Plastic tissues of your brains
So you'll more readily
React to it on May the fourth,
Which, as you no doubt know,
Is Election Day.
Your candidate,
The man who loves
These things so dear,
Is Homer G. Homespun,
By the grace of God
Your friend and neighbor.

I favor other things as well:
More cubic feet of schoolroom
For each cubic foot of child;
Higher pay for
Civil Service workers,
Especially those
In the audience tonight;
A mighty slash
In the public payroll,
And few if any taxes.
Come to think of it,
I pledge myself
To abolish all taxes,
With the possible exception
Of an insignificant levy
To pay the
Nominal salary
Of the job I seek.

My opponent hates children,
Loves taxes,
Is motivated by greed,
Has been in office too long,
And does not give
You voters
Credit for being as astute
As you really are.

Congratulations
On the shrewd and intelligent manner
In which you have heard
My shrewd and intelligent oration.
The name, if I may repeat,
Is Homer G. Homespun.
Known to one and all
As "Homey."
Think you can remember it?

DEVILS WIN FROM FROSTPROOF

The Avon Park Red Devils defeated their old rivals, the Frostproof Bullpups 17-4 at Head Field in a Ridge baseball game last Tuesday night. It was the second meeting of the two this year, the Devils won the first game 18-1. The Bullpups are the first team in the conference to score more than 1 run off the Devils and of the 6 runs scored against Avon Park, the Bullpups have scored 5 of them. Donald Johns got two hits for two times at bat to lead the Devils and Grady Wilson got two hits for 4 times at bat to lead the Bullpups.

May Day Program Will Be Held In The Park At 4 P. M.

J. C. Walker and Julia Nader, popular members of the senior class of Avon Park high school, will be crowned king and queen at the annual May Day program and Jacaranda Festival to be held in the park at 4:00 o'clock on Saturday afternoon, May 1. Elaborate plans are in preparation for the affair, which will be one of the outstanding events of the spring season, in connection with school activities.

The opening scene of the program will be a tableaux depicting the court of King Virgil Martin and Queen Gloria Garber, who will crown the new rulers, surrounded by their court of ladies-in-waiting, selected from the junior and senior classes. The new king and queen will be attended by representatives from each class in the high school, who were chosen by popular vote of classmates. Bibi Dean and John L. Delegal will represent the junior class, and Virginia Norris and Gordon Crews, the sophomores. The crownbearers and flower girls will be a group of pre-school age children, while the court jesters will be selected from the elementary grades. Mark King and Jay Clark will serve as crown bearers, and Betsy Ginn and Pat Touchton will be flower girls.

Following the crowning of the king and queen, the court and assembled guests will be entertained with special dance numbers, presented by the pupils of Mrs. Norman England. May Pole dances will be given by Mrs. Alice Sherman's class, and Miss Alma Harrell's fourth grade will be seen in a series of folk dances.

Opening the afternoon's festivities, and continuing throughout the program, will be selections by the high school band. Mrs. Annabelle Worden will announce the program, and will direct the pageant.

All floral bouquets and settings, including the decorations will be fashioned by members of the Avon Park Garden Club, sponsors of the event. Jimi James is representing the school in charge of arrangements.

The public is extended a cordial invitation to attend the Festival, and the accompanying program.

Cooper To Speak Here This Afternoon

Richard H. (Dick) Cooper, candidate for governor, will speak in Avon Park Friday afternoon at 4.30 p. m.

Cooper, who has been gaining ground steadily with an aggressive speaking tour through Florida, is an advocate of the South Florida Hospital in Highlands County.

The World War II veteran also is expected to discuss his proposals for old-age pensions, a veterans bonus, and economy in government.

Cooper is a member of Lions International, the VFW, American Legion, Methodist Church, and a director of the Florida Press Assn. He attended both Florida Southern College in Lakeland and Stetson University in DeLand.

He is a newspaper editor of 12 years experience, serving on newspapers in Fort Pierce, Lakeland, Clearwater, Sarasota, Orlando and DeLand.

6,921 Register In County Monday

Registration Supervising Roland X. Droit announced Monday that 6,921 Highlands County citizens had registered to vote before last Saturday's deadline.

Sebring, according to figures released by Droit, leads in registration with 2,894, and Avon Park is second with 2,793.

The Negro registration throughout the county is approximately 1200.

The Republican registration over the county is nearly 50.

The registration by precincts:

Avon Park 1, 1026; Avon Park 2, 780; Avon Park 3, 454; Avon Park 4 (Negro), 498; Sebring 5, 360; Sebring 6, 405; Sebring 7 (Negro), 526; DeSoto City, 167; Lorida, 162; Basinger, 36; Sebring 11, 855; Lake Placid, 538; Lake Placid (Negro), 113; Sebring 14, 808; Hicora 15; Venus, 159; Avon Park 17 (Negro), 65.

Mrs. Harry Childers and young daughter, Judy Kay, and Mrs. J. L. Boney of Wauchula and Mrs. F. F. Branyon and son John of Wallace, North Carolina, were the guests of Mr. and Mrs. Pete Boney Tuesday.

Highlands Draft Board Is Selected

The Avon Park Sun has received the following communication from County Judge, Howard Livingston:

I received a letter today from Mark W. Lance, Adjutant General of the State of Florida, advising the Governor has indicated that he will, upon the passage of a Selective Service Law, appoint a Registration Board for each County, composed of the following officials:

Chairman—Clerk of the Circuit Court, County Judge, Superintendent of Public Instruction.

This Board will have the following duties:

To organize, supervise and conduct Selective Service registration within its County in accordance with instructions received from the State Director of Selective Service, when a Selective Service Law requiring such a registration is passed.

The aim of the registration is to register all male persons, other than those exempt by law, of the ages designated in the President's proclamation when issued. It such registration takes place during a public school term, the State public school system will be used; if at any other time, the State election system will be used.

It was requested that a meeting of the tentative Board be held at the call of the Chairman for the purpose of planning for registration in the County. Pursuant to the call, a meeting was held by the Highlands County Board and plans were discussed for registration at the call of the President.

McCarty Outlines On Citrus Problems

Dan McCarty, the only candidate for governor with a participant's knowledge of Florida's sprawling and complex citrus industry, admits he "doesn't know the answers," but he does think he will come "closer to the correct solution than some candidates." McCarty's frank explanation of his stand on citrus problems is contained in a letter to Latt Maxcy, of Frostproof, president of Florida Citrus Mutual, which is trying to work out a system of stabilized prices and orderly marketing.

Mutual recently sent a letter to all gubernatorial candidates, asking their study of its program and emphasizing the urgency of the present critical situation in the citrus industry which is affecting the state's entire economy. Practically all the other candidates also have replied, most of them admitting they do not know too much about the ramifications of Florida's biggest business but promising to give it their sincere efforts once they get in office.

McCarty recognizes the industry's potent part in Florida's economy by his opening statement in his letter to Mutual:

"The truth of the matter is that the citrus industry must prosper or Florida's financial and economic health would collapse." The Fort Pierce candidate, manager of a large citrus cooperative organization, goes on to state:

"The livelihood of thousands of Florida families is dependent on citrus. My livelihood depends on citrus. Since I am of the third generation of a Florida citrus growing family, the difficulties of the industry are well known to me because they confront me as a grower and shipper. More than any other candidate I am affected by these problems, and would be naturally more inclined to seek their solution.

"Frankly, I do not profess to know the answers. You will readily agree, I believe, that I shall come closer to the correct solution than some candidates (who have no interest, except political, in the citrus industry), who declare the solution is in the regulation of green fruit shipping, or the appointment of a czar.

"Long before this campaign, I maintained that people in the citrus industry have the capacity and ability to solve their problems and I am anxious to cooperate to the fullest extent. Some of the best brains in the industry have worked out the present plan (Mutual) and I would be inclined to support a program in which the majority agree."

Baptists To Build Central Unit

Action was taken Sunday afternoon at a meeting of the Building and Development committee of the Orange Blossom Baptist Association, consisting of twenty-seven churches in Highlands, Hardee, and Polk counties, to vigorously push the erection of a large central unit and dock on the Assembly grounds at Lake Denton, south of Avon Park. Mr. R. A. Taylor, of Wauchula First Baptist Church is the chairman of this committee, and will head a financial campaign, starting May 2, to raise $8,000.00 among the churches and friends of youth. The assembly project is part of a permanent program of religious education and recreation sponsored by the churches.

Many prominent laymen and all Baptist pastors are on the promotional committee. Actual construction should be under way by the first of June, and materials will soon be deposited on the lakeside property, which is a beautiful plot of about four acres.

AVON PARK WINS FROM MULBERRY

The Avon Park Red Devils scored a 7 to 0 Ridge baseball victory over Mulberry's Panthers Wednesday afternoon as J. Walker pitched a no hit, no run game. The Panthers are coached by J. J. Stephens former Avon Park basketball coach. It was the ninth win in nine games for the Devils and they are heavily favored to cop the Ridge baseball crown they have won for 3 years straight. The Devils have to date scored wins over Ft. Meade, Kissimmee, Lake Wales, Frostproof, Auburndale, Mulberry, Sebring and have won return games with Ft. Meade and Frostproof. They will play the Lake Placid Green Dragons here next Tuesday night at 8 o'clock.

Mass Meeting Of Citizens Set For Monday Night April 26

Board Orders School Polls Cancelled

Because some Highlands County candidates feel that the results of proposed straw votes among the school children may influence voters in the May primaries, the county school Board has requested all principals to call off straw votes where names of actual candidates appear on the school ballots.

Garber's letter to the principals and department heads:

"This is to advise that the Highlands County Board of Public Instruction is not and will not support any candidate or candidates who are running for any county or state office in the May primary and general election next November.

"All persons connected with the school system have the right to personally support any candidate of their choice, but they should not attempt to influence any voters during the hours they are working for ——— of Highlands County.

"We do not want any posters or literature of any nature dealing with any political candidate posted or distributed in any school of the county.

"We have received objection from some county candidates to proposed straw vote by children before the May primary, since they feel the announcement of election results may influence voters. The county school board requests that these straw vote elections be discontinued where names of actual candidates are used.

"School principals will please pass the above information on to all teachers and employes in your school."

Legion To Sponsor Junior Baseball

At the regular meeting of Highlands Post 69 last Wednesday night, the fact that the American Legion is sponsoring Junior Baseball again this year was brought out. Two years ago the local team won the State Championship, and Avon Park's entry made a good showing again last year. It is felt that this activity is a beneficial one for the youngsters who participate, and of value in publicizing our city, while it stimulates good sportsmanship and competitive spirit. The baseball committee, consisting of W. M. "Bill" Hetherington, Keith Collyer, and Marion Nelson, will begin work immediately, and those interested are urged to contact one of the committee members promptly.

The resignation of Leslie J. Lloyd as post adjutant was accepted, and Floyd Q. Freer, local Western Union agent, was appointed to take his place.

The problem of addressing the large number of meeting notice cards was discussed and a solution offered by S. Colquitt Pardee, Jr., who offered to donate the use of his addressing machine to the post. This was accepted, and the treasurer was authorized to purchase the necessary addressing plates.

Will T. Connell brought up the question of blood donations vitally needed by Veterans Hospitals and Children's Hospitals, and urged all members and veterans who can give to contact Dr. Hubert W. Coleman at his clinic.

Capt. J. McEaddy, will attend the State Legion Convention in Panama City this week-end, and Commander Johnny Vilkaitis stated that he also expects to attend. Any member interested in going was urged to contact Capt. McEaddy before 3:00 p. m. Thursday, April 22.

W. C. (Bill) HILL

Mr. W. C. Hill, known to his friends as "Bill," of Avon Park, passed away Monday, April 5th, at the Veterans' Hospital in Columbia, South Carolina, after an illness of only a few weeks. He was a native of Florence, South Carolina, and is survived by three brothers who live in Florence and other parts of South Carolina, and a sister, Mrs. Faye Millard, formerly of Miami, who now lives in Florence.

Mr. Hill came to Avon Park October 1, 1947, as Manager of the packing house of Lake Byrd Citrus Packing Company and continued in this capacity until his illness of a few weeks ago.

The revaluation of all taxable real and personal property in the City of Avon Park by the appraisal firm of Hunnicutt and Associates of St. Petersburg will be completed this week, according to an announcement made yesterday by Mayor O. C. Wilkes.

In making this announcement, Mr. Wilkes said all records will be open in the Council Room of the City Hall for the inspection of the city's taxpayers for five days, from Monday, April 26th, to including Friday, April 30th. He also announced that, on Monday evening, April 26, that Mr. Warren P. Hunnicutt, senior member of the appraisal firm and nationally recognized appraiser, will address a mass meeting of Avon Park citizens to be held in the high school auditorium at 7:30 p. m., and explain in detail the methods used by his organization in making this revaluation and securing equality of assessments. A question and answer period will be held following the talk. All taxpayers and other interested citizens are urged to attend.

Mr. Wilkes explained that, on December 22nd, 1947, the City Council entered into an agreement with the Hunnicutt firm to make a complete survey and revaluation of all taxable real and personal property within the corporate limits of Avon Park for the purpose of establishing a scientific basis for the assessment of property and bringing about an equitable distribution of the tax burden. This work has been under way since the first of the year, he said, and the officers and staff members of the appraisal firm who have been engaged in the project are either engineers, architects or trained in municipal valuation work. This firm has specialized in the appraisal of cities for tax purposes and has revalued more than thirty Florida municipalities. They have represented many other cities and counties in valuation work, including litigation tax cases, condemnation and utility rate cases. In addition, they have engaged in many large valuation projects, including an oil refinery and bulk plant of the Standard Oil Company for Charleston County, S. C.; the Cassidy Bridge for the Florida Railroad Commission; all real estate of the Tampa Electric Company for the Public Utility Board of Tampa; the estates of Alfred I. duPont, E. W. Grayton, Mary P. Dupree, Florida Heitman, R. F. Olds, A. J. and J. D. Jones and other large estates for the U. S. Internal Revenue Bureau and State Comptroller's Office; the plant of Justice Industries and other large properties for the Reconstruction Finance Corporation. Mr. Hunnicutt is a member of the American Institute of Real Estate Appraisers, president of the Florida Chapter and a former president of the St. Petersburg Board of Realtors. He is recognized authority on property valuations and the subject of taxation.

"The Mayor and members of the City Council are anxious to have all property owners take advantage of the opportunity to hear Mr. Hunnicutt speak and visit the City Hall next week and personally inspect not only the valuations placed upon their properties but those of their neighbors as well, in order to assure themselves all valuations have been equalized," said Mr. Wilkes. He expressed the appreciation of city officials for use of the high school auditorium for this mass meeting, arrangements for which were made by Messrs. Wells and Wilhite.

Mr. Wilkes also stated that, due to the meeting at the high school auditorium on Monday evening, the regular meeting of the City Council scheduled for Monday, April 26th would be postponed until 7:30 p. m. Wednesday, April 28th.

"TOO LATE TO CLASSIFY"

By Russell Kay

As Art Linkletter tells us on the radio "People Are Funny," and as Edgar Bergen would put it, "How can they be so stupid?"—With the election just a few weeks away the aspirants are really getting steamed up and in some instances the hair-pulling and chin-kicking is under way.

For the most part, the boys running for state offices have conducted lady-like campaigns. They sling a barb now and then but nobody has rolled up his sleeves and started slugging.

They are leaving that to the minor league guys, the fellows running for Sheriff or States Attorney or Clerk of the Circuit Court. Those home town candidates always do put on a show and, while I haven't been able to attend many rallies outside of my own county, I want to say that in good old Hillsborough they are running true to form. Some of the boys are up to their ears in mud and the customers love it. Everyone paid much attention to the candidates until they started calling each other names in earnest a week or so ago. Now everybody turns out to see the show.

All this clowning and snarling, while first class entertainment if you happen to like that sort of thing, doesn't really mean very much from a vote-getting standpoint. The crowds that attend these local rallies have all pretty well made up their minds who they are for and the rival supporters attend just to hear their boy tear the pants off his opponent.

In Hillsborough County the candidates for Sheriff and States Attorney hold the spotlight. They are the boys the crowd turns out to hear. It is kind of pitiful when the poor little guy running for Committeeman to the National Convention or the gal who seeks the office of State Democratic Committee Woman takes the stand. They are in the same position as the preliminaries before the big fight. Nobody pays any attention to 'em and the time they take on the program is begrudged by the crowd. Even Gubernatorial candidates don't carry much weight at one of these local rallies. The customers aren't concerned with candidates for Governor at a local rally and such intruders only get in their hair.

Just for fun I started collecting cards at a rally here last week. All the wives, sons, daughters, uncles, aunts, cousins and hired help of each candidate were out in force each of them loaded down with cards, circulars and folders. I made at least fifty of them happy by accepting a piece of literature. When I got home I emptied my pockets and, boy, you should have seen the mess I had. If I was in the job printing business I think I would offer to distribute literature for candidates free of cost. I was one of the last to leave the park where the rally was held and I'll bet there was a couple of hundred dollars worth of printed matter laying around the ground for the trash gathers to pick up.

But getting away from the local clap-trap, I can't see much change in the state races. Each camp of course will tell you that their man is in the lead and they have proof in the form of reports from field workers, etc, etc. Labor is going down the line for so many candidates that it'll be a mighty neat trick if they do it. Even Tom Watson is claiming a strong labor vote.

I still rate Fuller Warren the lead man and won't venture a guess as to who is in second place. That will be a photo-finish as far as I can see. Colin English, Shands, McCarty and Watson are all bunched up, just as they have been for weeks and there seems to be little change in either temperature or tmpo. And I'm not discounting Macfadden and Cooper, either. Anything can happen in a race like this.

Fuller's opponents have dug up a "love letter" he wrote when he was in the Navy in which he advocated a more abundant life for GIs. I remember receiving a copy and I threw mine in the waste basket after a good laugh, and that was probably the biggest favor I ever did Fuller. It won't do him any good and he's probably written a thousand times he'd never written it.

John Lewis and his coal strike, while not a local issue, has done more for Tom Watson than any other one thing. It reminded folks that an arrogant labor leader is a dangerous thing and brings to mind the fact that Watson led the nation in advocating and fighting for the "Right-to-Work" amendment.

The two poor boy candidates are both pointing their fingers at others in the race asking where they are getting all their lush campaign funds. But this is a stock question that has been asked in every election and will continue to be asked, and nothing will come of it despite laws that limit expenditures. And speaking of laws that one is just about the silliest any group of lawmakers ever passed. Didn't they realize that campaign expenses are always paid for by friends and never by the candidate?

New Hope In Fight On Polio

New hope for progress in the fight against infantile paralysis was expressed today by Mrs. W. S. Betts, local chapter chairman of the National Foundation for Infantile Paralysis, in revealing plans for the First International Poliomyelitis Conference in New York this summer.

Mrs. Betts said preliminary announcement bulletins and invitations were being sent to local physicians and other qualified scientific and professional persons who may wish to hear leading authorities from all parts of the world pool their information on infantile paralysis.

The conference is being sponsored by the National Foundation as part of its search for a cure, preventive and more advanced treatment method of infantile paralysis, the local chairman said. It will be held in the Waldorf-Astoria Hotel in New York City July 12 to 17.

The Annual High School Music Festival, held in Tampa and St. Petersburg last week, was the best attended in the history of such events.

Stop Shipping Green Citrus

SAYS

FULLER WARREN

ALL-FLORIDA'S CANDIDATE FOR GOVERNOR

"The first thing we have to do is to insure that Florida fruit going to market is of good eating quality. Florida raises the finest citrus in the world when it is ripe. But entirely too many green, immature oranges are shipped," says Fuller Warren.

"Once we are assured that we are shipping only good quality fruit that will receive good consumer acceptance there are many other things that can be done to correct the present condition; improvement in distribution to avoid glutting, centralized marketing to avoid price cutting, placing canners under the Federal marketing agreement to avoid competition between fresh and canned fruit—and many others."

That is Fuller Warren's stand on the citrus problem. And when Fuller Warren is your Governor, you won't have to "see anybody" to see him. You will be able to take your problems to him—direct!

THE SHERIFF'S RACE

Dear Fellow Voters of Highlands County:

In the coming primary election there are three outstanding men in the race for Sheriff of Highlands County.

BROWARD COKER not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than eleven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.

He was in the armed forces of his country during the last World War from March 3rd, 1942, until October 16, 1945, or approximately 44 months, 21 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.

We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff his military record should be an influencing factor.

He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.

We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.

Faithfully yours.

Jeff Flake

and the

Citrus Industry

Jeff Flake has been identified with the citrus industry of Florida many years, and at present owns a small grove in Hardee County on which he lives. He resigned from the Citrus Commission more than a year ago after serving several years as a member of that body.

He knows the headaches of the small citrus growers and the backaches of citrus workers. He voted in the Senate to pay citrus workers unemployment compensation during the summer when they are unemployed. They received this pay during the past summer for the first time.

We believe that he is better qualified to represent us in the State Senate than a lawyer, with but little, if any experience in citrus. We say this without meaning to reflect on his lawyer opponent. If his opponent were running for prosecuting attorney or judge our preference would be for him. But the senatorship is not primarily a lawyers job. Therefore, we as citrus growers and workers prefer one who knows our problems to represent us in the Senate.

Re-elect JEFF FLAKE

To The State Senate

RALPH McGILL

. . One Southerner's Viewpoint

HE DOESN'T THINK THERE WILL BE WAR

A number of well-meaning persons have by mail taken me across their laps and applied the traditional hairbrush for saying I do not think there will be a war with Russia.

I still don't.

I do wish to make it clear that I know there easily could be a war, if some of the trigger-happy gorillas, of which Tito is a good example, should brush off the present restraining Soviet hands, or later be told to pull the trigger to provide diversion.

But, I don't think the Soviets will get into a war.

They believe there one day will have to be a war. Their aim is world conquest. But they will hope to keep on winning political wars in the pattern of middle Europe. And they will try to build up war potentials for a war of from 10 to 15 years from now.

They will count on persons like Henry Wallace, and on the earnest desire for peace, to prevent this country from becoming strong while they daily grow stronger.

But, for the time being there won't be a war.

There are many reasons. The best one is steel. War devours persons, materials, cities, hopes and character. But it chews with steel.

The steel production of this country today is about 92,000,000 gross tons.

And we haven't got enough.

* * *

The steel production of the Soviet Union is about 22,000,000 gross tons.

They will do well, within 15 years, to reach 50,000,000 tons. That is why they want to take in all the vast technical skills of the Germans and their genius for steel.

We are being led on the most foolish sort of course by Henry Wallace and those who follow his maddening policy of always praising the Soviet grabs and always damning his own country as imperialistic.

We do not need to become a military nation. God forbid.

But, if we do not become a strong nation and let the Russians see that any war with us would be disastrous to them, we will deserve the fate any other course will bring—of slow disintegration and frustration in the face of continued Soviet aggression.

We need Universal Military Training. The young men would not be in the Army. They would remain civilians. We need to build up our Army to about 900,000 professional men and develop the Reserves and National Guard units as the real force should trouble come. That would not be making us a military nation.

We disarmed and we "brought the boys home" so quickly—with the Wallaces and the Communists fiddling the time to which we danced—that we created the situation which allowed Russian to move boldly into Europe.

If we listen to the appeasers and the persons who think strength is not protection—when every freedom and liberty the world has known has been based on strength—we will defeat ourselves before the war begins—the war we need not have if we become—and remain—strong.

This is why they were so determined to absorb Czechoslovakia. The Czechs are the only people skilled enough to build precision machine tools to produce the modern weapons of war and—the atom bomb.

There is a great lack of know-how in the necessary job of producing the precision machinery necessary to set the bomb in motion.

The Czechs will become virtually slave laborers, as the Russians drive them—as they already drive their own people—at producing machines and at training workers for them. Technology, one of the greatest factors for at least temporary peace, is the lack of Soviet skills. They have made enormous progress. But they had vast distances to go. They are a nation with a peasant background. We are a nation, as were the Germans, British and Czechs, with a feeling for machinery and a talent for technology.

During the war the Russians got a synthetic rubber plant from us. They could not run it.

In the capture of Austria and other middle European countries, they got much fine American telephone equipment. They couldn't use it.

Many of the war plants taken from Austria have been shipped back to Austria and reassembled there so that the workers who know how to use them may produce goods from them. The Soviet workers had not been able to do it.

It will be years before the Soviets will be able to produce enough steel, machinery and technological skills to wage the sort of war the next one will be.

* * *

Lendlease kept them going in the recent war. But, even so, they had somewhere around 12 to 15 million casualties.

They believe in their future. They believe they will one day rule the world. But the Communist system has yet to show itself efficient enough to make that dream of conquest come true.

In Greece a few troops prevent the Communists from taking over. In Trieste, in Austria and in Germany the presence of a token number of American soldiers prevent the over-running of those countries as Middle Europe and Czechoslovakia have already been over-run.

FLORIDA Needs a Man, as GOVERNOR With a Record of *Performance*... Not *Promises!*

. . . For The Four Critical Years Ahead

★ ★ ★ ★ ★ ★ ★ ★

What the next four years hold in store for our state, our nation and the world at large, no one knows. But, whatever comes . . . Florida *must* be prepared!

The times call for an experienced man . . . a man with a successful record of public service . . . a man who can, *and will*, chart a sound and constructive course for our state government . . . a man who is equipped with the ability and with actual experience in state government . . . a man who won't have to flounder and grope his way around, trying to learn the job of Governor . . . a man who can take over the job of Chief Executive of our state without any loss of valuable time. Above all . . . Florida needs a man whose record clearly proves him to be a *performer* -- not a promiser!

Colin English is the man Florida needs . . . for the good and best interests of all Florida.

Remember, Colin English has served for the past eleven years as a member of the Governor's Cabinet . . . the executive committee -- and other important state boards and commissions, during the administrations of three governors.

Remember, in these important times, political promises are no better than the candidate who makes them . . . no better than the ability and public record of the maker to keep them.

Colin English has done great things for Florida . . . as Governor, he will do greater things for ALL Florida! You can judge men only by what they have done and accomplished . . . and, the soundness of their program for the good of all the people. Read the 33-Point program of Colin English for a greater Florida . . . then, vote for and

Winter Guests Club News

David Arthur Brodie

The final meeting for this season, of the Board of Directors, was held last Tuesday, to meet again on the second Tuesday of October, provided a quorum is available at that time.

The following members have already departed for the summer, or are likely to leave within the next few days:

Mr. and Mrs. J. W. Elting, Chicago, Ill.; Mr. and Mrs. W. S. Beall, Canton, Ohio; Mr. and Mrs. George Anderson, Hot Springs, Va.; Mr. and Mrs. William Mann, Buffalo, N. Y.; Mr. and Mrs. William Rulison, Rahway, N. J.; Mr. and Mrs. Hugh Dickinson, Woodmere, L. I.; Mr. and Mrs. Ira McLaren, Toledo, Ohio; Mr. and Mrs. R. H. Bovard, Tarentum, Pa.; Mr. and Mrs. George W. Dingee, Moncton, New Brunswick.

Undoubtedly there are others whose names should be included, but information is not available at the moment.

It was recently reported that Dr. H. S. Holmes was seriously ill at Daytona Beach. A recent letter from Mrs. Holmes, states that the doctor is improving satisfactorily, to the great relief of all the members who knew them when they were here last year. All hope that he will soon be entirely well.

Mr. and Mrs. Fred Book have just returned from a trip to Tampa and St. Petersburg, where among other activities, they attended the Band Festival, and the Parade of States. They report having had a most interesting and delightful time.

This number concludes the Winter Guest Club News, as such, for the summer season. Further news of the Club, until the autumn season opens, may be included in the local social news of the Avon Park Sun.

Mrs. S. E. Scollay, of Midland, Mich., and Mr. Cameron Vivian, of Stratford, Ontario, have been assigned by President William Mann, to carry on the Club news for the season of 1948 and 1949. The retiring correspondent begs leave to extend his congratulations and best wishes to Mrs. Scollay and Mr. Vivian, and hopes that they will receive the same quality of whole-hearted support and encouragement that has been extended to him during the years of his incumbency, and for which he is sincerely and gratefully thankful. Nurses Association Explains Shortage

The Florida State Nurses Association this week set forth its version of the cause and possible cure of an acute shortage of trained nurses in Florida.

According to Miss Elizabeth Reed, President of the Association, part of the shortage is attributed to increased interest in health care, development of hospitalization plans permitting more people to patronize hospitals and the increased use of nurses in new fields, such as industry and transportation.

Long hours, split shifts, lack of retirement provisions and low salaries are driving out some nurses who are already trained, the Association claims. Faulty distribution of nurses is another leading factor in the shortage. Nurses tend to concentrate in metropolitan areas where research and additional facilities are available, where salaries are better and where opportunities for recreation are more varied.

In order to make nurses available in places where there is a serious shortage, the Florida State Nurses Association has set up a non-profit counseling and placement service designed to promote a more equitable distribution of nurses by filling jobs which are now vacant and putting to work nurses who are without regular employment.

No permanent cure for the shortage is seen until economic security and more attractive working conditions bring nurging up to a par with other fields open to women.

In the spring a housewife's fancy rightly turns to thoughts of cleaning. But she still can't neglect thoughts of food for her brood. Below—some of mine:

LIGHTNING LUNCH

When hungry small fry come tearing into the house just as you're in the midst of tearing it apart, split, toast, and butter as many MARVEL SANDWICH ROLLS as they can eat (at least 2 apiece if they're as fond of A&P'sdelicious, oven-fresh rolls as my youngsters are!) . . . spread with peanut butter, jelly or cheese . . . and sound roll call! P. S. Here's another hunch for lunch: MARVEL SANDWICH ROLLS with chopped round steak. They make a hamburger heaven!

SPEEDY SUPPER

Do you have to hustle to rustle up supper on cleaning day? Serve A&P'S ANN PAGE PREPARED SPAGHETTI in its own tasty tomato and cheese sauce. Or combine a can of it with a cup of sliced onions sautéed in fat; pile into lengthwise halves of green peppers (boiled 5 mins. in salted water); place in shallow baking dish with a little water, and bake in moderate oven, 375°F., 25 mins. Serves 4.

LINOLEUM LOW-DOWN

If "water, water everywhere" is your spring-cleaning slogan, remember: Linoleum, like small boys, doesn't take kindly to too much water. Wash it with as little as possible, working on a small area at a time. When dry, apply BRIGHT SAIL LIQUID WAX which requires no rubbing or polishing. You'll take a shine to it and to all A&P's BRIGHT SAIL cleaning aids!

FISH FLASH

For an extra-easy dish, choose fillets of fish! And for an extra-flavorful fillet, fill it! Like this: Wipe 1 lb. of fillets with damp cloth. Melt 1 tbsp. shortening. Add ½ onion (diced), ½ green pepper (diced), and sauté 5 mins. Add 1 tsp. Worcestershire sauce and a 27-oz. can of tangy A&P SAUERKRAUT. Spread on fillets; roll like jelly roll and fasten with toothpicks. Put remaining filling in greased casserole with fillets on top and bake in hot oven, 400°F., 25 minutes. Serves 4.

Don't Buy a New Roof!

INDUSTRIAL PLASTICS' COMPOUND MAKES OLD ROOFS BETTER THAN NEW AT A FRACTION OF THE COST OF A NEW ROOF.

Thrifty property owners everywhere are welcoming the news of the "like magic" dark brown plastic compound manufactured by Industrial Plastics Company, Jacksonville, Florida, which is low in cost and which is spread over the surface of old, worn, leaky roofs where it penetrates every pore, seals all holes, cracks and leaks, then solidifies to form a top protecting film, without a joint, seam or nail hole, providing a solid, one-piece, plastic covering from one end of the roof to the other.

This amazing product which is sold under the trade-mark name of "PERMA-SEAL", will prolong the life of old roofs up to ten years and may be used over old felt, paper, metal and composition roofs, either flat or sloping. It is also used in the construction of low-cost new roofs and to waterproof, protect and preserve almost every part of every kind of building, from foundation to chimney.

This plastic compound, which is of a thick, semi-liquid consistency is packed in one and five gallon cans and in fifty-five gallon drums and is easily used by anyone. No heating is necessary.

PERMA-SEAL, in addition to filling a long-felt need for a superior, low-cost roofing material, is one of the most satisfactory waterproofing and preserving materials yet developed and is being extensively used for waterproofing foundations, rust-proofing all types of metal, preserving foundations, timbers, fence posts, etc., and for hundreds of other purposes for which its low cost makes it ideal.

If your favorite paint, hardware, building material dealer or concrete block manufacturer cannot supply you, you may call or write C. & M. Furniture Store, 22 So. Lake Avenue—Phone 333, Dealer for INDUSTRIAL PLASTICS PRODUCTS in this area.

Social Club Meets

Members of the social club of the Congregational Church enjoyed one of the most successful meetings of the year on Monday night at Lake Byrd Lodge.

A buffet supper of baked ham, potato salad, baked beans, hot rolls, cherry pie, and coffee was served at 7 o'clock.

A business meeting was held in the lounge of the Lodge and reports of committees given. The chairman of the Beautification of Church grounds announced the gift of two beautiful palms by Mrs. Peter Boney in memory of her son. The club also made plans to furnish the Sunday school building recently built on the Church grounds.

Later, games and singing were led by Rev. John Pickens.

Members present were Rev. Herbert Graetz, Mr. and Mrs. C. R. Ginn and guests, Mr. and Mrs. Ray Grovee of St. Petersburg, Mr. and Mrs. John Hood, Mr. and Mrs. Marion Thompson, Mr. and Mrs. Welch Fisher, Mr. and Mrs. Parke Anderson, Mr. and Mrs. Paul Garber, Mrs. Corbet Howell, Mr. and Mrs. Raymond Dilley, Mr. and Mrs. Edwin Carter, Mr. and Mrs. W. J. Head, Mr. and Mrs. Earl Hartt, Mr. and Mrs. Francis Shockley, Rev. and Mrs. John Pickens, Miss Althea Pickens, Mrs. Carolyn Good, Mr. and Mrs. D. G. Perry, Mrs. Peter Boney, Mrs. Ludine Dyal, Mrs. Martha Allen, and Mr. and Mrs. H. B. Donaldson.

Bride-Elect Honored

Miss Louise Barnett, popular bride-elect, was honored at a lovely garden party given at the Jacaranda Hotel, Saturday afternoon at 5 o'clock. The hostesses entertaining were Miss Alma Harrell, Miss Millie Pearson, and Mrs. Philip Boardman.

The exotic background of the garden and fountain was the setting of the party. Those in the receiving line were Miss Alma Harrell, Miss Barnett, Mrs. Philip Boardman, Mrs. E. G. Todd, and Miss Millie Pearson.

The punch bowl was encircled with fern and colorful picardy gladiolias. Baskets of stately glads, Easter lillies, and Candytuff added further to the beauty of the background.

Refreshments of brick ice cream, dainty cakes, punch, nuts and mints carried out the bridal motif of green and white. Serving at the punch table were Mrs. Herbert Todd, Mrs. Ruby Bass, Miss Anne Felton, and Miss Elise Hyman.

Miss Barnett whose engagement to Edward Donald Todd, son of Mr. and Mrs. E. G. Todd, was announced a few weeks ago, is the daughter of Mr. and Mrs. Andrew H. Barnett of Florence, Ala. At present she is a member of the Avon Park High School faculty. The wedding is to be an event of the summer.

The invited guests were the Mesdames Charles Sherman, Herbert Bussard, Edwin Carter, Vaughn Driggers, Talmadge Suggs, Elbert Charpie, G. L. Harrison, A. B. Wilhite, Maude Yawn, Robert King, Ruby Bass, E. G. Todd, Herbert Todd, W. F. Reck, and the Misses Lola Bowmer, Mildred Myers, Aline Best, Griselda Riner, Anne Farrior, Betty Thompson, Lena Harding, Anne Felton, Martha Brown, Isabelle Miles, and Elise Hyman.

American Auxiliary To Hold State Convention

Mrs. Ben Stewart left Wednesday to attend the Florida department convention of the American Legion Auxiliary which opens in Panama City, April 22. Accompanying Mrs. Stewart is Mrs. Florence Pearce, of Ft. Myers who is the President of the eighth district. Mrs. Stewart is delegate of the Avon Park Auxiliary.

The legion and auxiliary convention opens Friday morning. Pre-convention meetings include the annual march of the Eight and Forty, Thursday afternoon, at which Mrs. Joe Rovira, Tampa, will preside.

An executive board meeting of the auxiliary is scheduled for 4:30 P. M. Thursday, and a dinner at 7:30, with Mrs. Jane Fleetwood, Tallahassee, department president presiding and the Eight and Forty presiding the entertainment.

Mrs. Lee W. Hutton, of Excelsior, Minn., national president of the Auxiliary, will be the auxiliary's guest, and sharing honors with her will be Mrs. J. B. Kirkpatrick, Eustice, national vice president of the Southern Division.

SEBRING TO VOTE ON BEER SALES

Sebring citizens will vote June 22 on banning sales of beer from midnight Saturday to 7 A. M. Monday—but a favorable vote won't be binding unless all other legally incorporated municipalities in Highlands County, and the county commission as well, also vote to ban the Sunday sales.

Thus did the Sebring city council toss back to the county commission the hot potato the commission had passed on to the council after juggling it briefly.

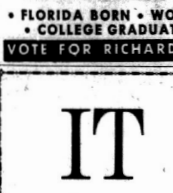

The council adopted an emergency ordinance tonight setting the date for the referendum but adding the reservations as to its effectiveness.

Births

Mr. and Mrs. James W. Anderson are announcing the birth of a son, James Alan, on March 2, at Mrs. Anderson's home in Centralia, Illinois. James Alan weighed 7 pounds, 6 ounces at birth. They returned home this week.

EVERYBODY LIKES TO HEAR A GOOD FAIRY STORY, BUT FEW PEOPLE BELIEVE THEM ANY MORE!

This Is No Time For Fairy Tales.

This Is A Time For Facts!

Bill Shands would like to say that he could wave a magic wand, combine a couple of offices, and save you $8,000.000 a year. He won't say it because it can't be done.

Bill Shands would like to say that if the population of Florida doubles or triples, all the roads, schools and other things needed could be provided with less money. He won't say it because it can't be done and anybody with even a modest amount of business experience knows it can't be done.

BILL SHANDS WILL NOT PROMISE WHAT HE CAN NOT DELIVER!

WHAT BILL SHANDS PROMISES TO DELIVER, HE WILL DELIVER!

Bill Shands promises the wisest possible expenditure of every tax cent collected. Bill Shands' record is a record of promises kept. That record will stand when he leaves the office of Governor.

This Is A Time For Fact, Not Fiction

As advertised by STORY & CLARK in the Saturday Evening POST

"The Gang always meets at Jane's!"

What's a young girl's popularity made of? Games and laughter, cookies and Cokes . . . and *so often*, of course, the ability to draw young friends around the piano, to dance and sing and *have fun* . . .

If you want your house to be "home" for the gang, *let your girl learn to play the piano.* Modern lessons are so easy, modern Story & Clark pianos are so inexpensive, contrasted with any comparable advantages you can give your child . . .

Let us show you the marvelous new Story & Clarks. Made by the Story family for 91 years—now being produced by their *third generation*—Story & Clark pianos are instruments of truest distinction, known everywhere as the world's *greatest piano values.*

Large Attendance At Mass Meeting

Mr. Warren Hunnicutt, senior member of the firm of Hunnicutt and Associates who have just completed a survey and revaluation of all taxable real and personal property in the City of Avon Park, addressed a meeting of taxpayers at the high school auditorium last Monday evening.

Mr. Hunnicutt reviewed in detail the methods used by his firm arriving at the valuation of the various types of property. He stressed the fact that the personnel engaged in the survey had been carefully trained in all phases of determining the exact data required as the basis for establishing a fair valuation. The data collected by the staff of field men was then referred to an architect and others with long experience in the field of appraisals.

It was also brought out that the survey included the preparation of a detailed record of each parcel of land, which will become a permanent record of the City.

Mr. Hunnicutt stated that all of the principal objectives of the survey was to produce a fair and unbiased valuation of each parcel to insure that the tax burden placed upon the owners of real and personal property would be in true relation to the value of each parcel.

After the review by Mr. Hunnicutt all those present were invited to ask any questions they desired. The interest of the large number of taxpayers present was evidenced by the many and varied questions submitted by the audience.

The City officials were pleased that so many of the property owners attended the meeting, it being estimated that more than 100 were present. They expressed the hope that each and every taxpayer would avail themselves of the opportunity to visit the City Hall during this week and personally check the valuation record on property owned by them as well as property owned by their neighbors.

Mr. Touchton, President of the City Council, stated that after the complete report prepared by Hunnicutt and Associates has been submitted to and accepted by the City Council, all property owners will be given the opportunity of appearing before the City Council, sitting as an Equalizing Board, and submit any complaints they may have as to the valuation placed upon any particular piece of property. When the meeting of the Equalizing Board is held, notice of which will be advertised in the Avon Park Sun, representatives of the appraisal firm will be present to assist the Board in checking to determine the merits of each complaint received. Mr. Touchton stated further the desire of the City Council is to arrive at a fair and unbiased valuation of each parcel of taxable property.

Air Force Pilots Put On A Wartime Show At Range

Representatives of the Avon Park Sun were guests of Lt. Col. Harvey Hogan, commanding officer of the Avon Park Bombing Range on Tuesday morning to witness the activities of the Strategic Air Command aerial gunnery meet being conducted this week among pilots stationed temporarily at MacDill Air Force Base.

After a hearty breakfast at the mess hall, the editor and Leslie Lloyd piled into a six-wheel drive truck piloted by Col. Hogan and headed for the target range. After riding that truck we sure were glad we had enjoyed a good breakfast. We had a few qualms at first that the Colonel was parking pretty close to the target, but we put on a brave front and proceeded to enjoy the show.

Low clouds and squally weather prevented a full-scale enactment of the day's scheduled shooting, and the super-speedy P-80 jet planes were kept grounded because of low ceiling, but enough of the planes made it here from MacDill to put on a show that was certainly worth getting up early to witness.

Bystanders could see the flashes of the guns before they heard the battle-crashes of each series of machine gun bursts. Bullets kicked up dirt and rubble high over the targets, and tracer bullets gave visual evidence of the bouncing, richocheting shells. Sometimes the bursts of fire spiraled as high as a hundred feet in the air, setting fire to grasslands far behind the targets.

Climbing after each burst, the Mustang pilots roared skyward at angles as steep as 60 and 80 degrees, regaining altitude in sharp pullups that sometimes seemed barely to clear the targets.

Around and around, 12 times in all, each set of three planes peeled off for the strafing run, then hauled back into the low-hanging clouds. When the final pass was completed, the nerveless fliers made one more tree-scraping dry run over the field, then headed back for MacDill.

Over on the skip - bombing ranges, much the same scene was being repeated, only you could see the bombs. You couldn't see the bullets.

As each Mustang roared in for the bombing run, watchers closely eyed the plane bellies. As the planes passed the 300-yard approach mark to the target, down dropped the little black packages of airborne destruction.

As the bombs hit, they scattered clouds of dust. Some exploded (practice bombs are loaded with sand but contain warheads that often blow up), throwing sheets of flame bouncing and whirling high into the air.

At seemingly foolhardy distances from the targets, range officers directed the plane missions by high frequency radio, talking both with the speeding plane pilots and with the control tower at Avon Park. The Avon Park tower was in radio communication with the MacDill tower 80 miles away, thus keeping operation of the planes in full knowledge of all concerned.

After each firing and bombing series was completed, the big signal flag was changed from white to red, signifying that the range was not clear. Then target crewmen drove out to the targets in their trucks and hauled back the frames of plywood holding the paper targets. Gunnery officers counted the bullet-holes in each target, chalking up the hits for each individual plane. After the holes were tabulated, crewmen pasted paper over the holes and set up targets again.

There was plenty of brass around the field today and each officer was just as busy working on details of the gunnery as were the ground crewman. This was serious business to them. One little slip could mean loss of a life, to say nothing of a $100,000 plane.

The gunnery was originally scheduled to begin at 6:30 o'clock in the morning, just after sunrise, because the air at that hour is less bumpy. Traveling at such high speeds, the planes bounce and bump with every air pocket, throwing off the pilot's aim as he sights his plane and fixed guns at the target.

But this morning an early-morning shower held up the missions and subsequent sorties were ordered between squalls that moved in and out of the coast. Men on the skip-bombing range were soaked while others on the air-to-ground range less than two miles away escaped the rains.

Colorful May Day Program To Be Given

The most brilliant and colorful May Day program ever to be staged in Avon Park will be held this Saturday afternoon in the Mall directly across from the Chamber of Commerce at four p. m.

J. C. Walker and lovely Julia Nader will be crowned King and Queen by Virgil Martin and Gloria Garber who reigned last year.

Following the tableaux the royal court and audience will be entertained by ballet dances, folk dances, the May pole dance, numbers by the Avon Park High School band and featured baton twirling.

Mrs. Anna Belle Worden is director of the pageant and rehearsals are underway this week for this outstanding event. The various dances are under the direction of the following, Mrs. Madeline England, Miss Alma Harrell, and Mrs. Alice Sherman. Gene Gorman, Band Director, has been rehearsing special numbers for this occasion.

The festival is being staged through the cooperation of the Avon Park Schools, the school band and sponsored by the Avon Park Garden Club.

The Garden Club Committee is headed by Mrs. Jack Head, and composed of Mrs. W. S. Betts, Mrs. Dan Ellis, Mrs. Earl Hartt, Mrs. J. A. Johnson, Mrs. C. P. Anderson, Mrs. Robert King, Mrs. E. G. Touchton, Mrs. Dick Keller, and Mrs. Roscoe Bass. This committee will be in charge of the throne decorations, stage properties and fashioning the floral bouquets for the court and their attendants.

C. A. Gay Leading In Fish Contest

Better fishing is producing an increase in interest in the fishing and lying contest sponsored by the Highlands County Fish and Game Club, according to J. Paxton Hill, president. He stated this week that the largest bass entered so far is an 11 1-4 pound one caught by Charles A. Gay, Jr., and was taken from Tulane Lake on a top water frog lure.

Second place is currently held by Nicholas Eismont with a 9½ pound bass taken from Brentwood Lake on a Heddon River Runt. Roy Taylor is in third place with a bass weighing 8 pounds, 10 ounces, caught in Lake Jackson on a Johnson spoon. Fourth largest bass was caught by Roy A. Waters in Wolf Lake, weight, six pounds, 3 ounces, landed on a Johnson spoon.

The largest gar entered in the contest weighs eight pounds, 12 ounces and was caught by John R. Smith in the Kissimmee river. No bream have been entered, as yet and the 1-lb. 4-oz. speckled perch caught by Adolph Manthey tops the list.

Proclamation

Realizing that the attractive appearance of the community is a source of local pride and an economic asset, and

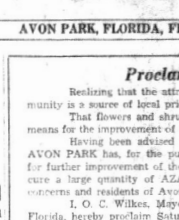

That flowers and shrubbery are the most important means for the improvement of the appearance of the city, and

Having been advised that the GARDEN CLUB OF AVON PARK has, for the purpose of providing the means for further improvement of the community, arranged to procure a large quantity of AZALEAS for resale to business concerns and residents of Avon Park, now

I, O. C. Wilkes, Mayor of the City of Avon Park, Florida, hereby proclaim Saturday, May 8th, 1948, as AZALEA PLANTING DAY and I urge all citizens, to the extent of their means to do so, to purchase Azalea plants for the beautification of their places of business and their homes so that our community may further improve its apperance so as to justly increased pride in our city and the admiration of visitors.

O. C. WILKES,
Mayor, City of Avon Park.

Dick Cooper Spoke Here Last Friday

Richard H. (Dick) Cooper, candidate for governor, urged action to establish the South Florida Hospital in Highlands County in a talk in Avon Park Friday.

Gaining ground rapidly with a whirl-wind tour of the state, Cooper is recognized as one of the best public speakers in the campaign.

A World War II veteran and newspaper editor, Cooper speaks directly and forcefully. Appearing without a coat, Cooper uses a "shirt-sleeves approach" in his speaking also.

Declaring that "Dick Cooper is primarily concerned with an aroused citizenry knowing of its own needs and willing to act upon them," he outlined the following program:

1. Minimum $60 monthly old-age pensions.

2. A state bonus to veterans based on enlisted service.

3. Intelligent marketing controls based on good standards of tree-ripened fruit to protect small citrus growers.

4. State-wide water controls and protection of beaches from erosion.

5. Consolidation and reduction of 123 state agencies and 1100 tax collecting units to effect 25-per cent reduction in state employes.

6. Public hearings by governor in at least one different county monthly.

Operating his own sound equipment, driving himself, and introducing himself to his audiences, Cooper has spoken more than 60 times in 59 communities during the past 11 days.

The gubernatorial candidate is a newspaperman of 12 years experience, editing papers in Ft. Pierce, Lakeland, Sarasota, Clearwater, Orlando and DeLand. He attended both Florida Southern College in Lakeland and Stetson University in DeLand.

J. Paul Garber Issues Statement

The articles that recently appeared in the Tribune did not give the people of Highlands County all the facts concerning the School Board action on political activities in our schools and in at least one case the reporter made a false statement.

Before the letter dated April 17 addressed to School Principals and Department Heads, Highlands County School System, signed by the Chairman of the School Board, was mailed, a majority of the School Board members had approved the letter and policy set forth in the letter. The matter had also been discussed at the last meeting of the School Board and all were in agreement that we did not want politics in our schools.

A special meeting of the School Board was called for Saturday morning, Court House, Sebring, 10 A. M., April 24th for the purpose of approving the policy set forth in the letter of April 17th. The following resolution was passed by the Board:

"Be it resolved that no posters or literature of any nature dealing with any political candidate shall be posted or distributed in any school or on any school property, including the County School Board Offices. That no straw vote elections be held in any school of the County effective this 24th day of April, 1948, involving City, County or State offices. The County Superintendent and Secretary of the School Board is hereby instructed to inform all school principals and supervisors of this ruling and request that information be given all employees of the Highlands County School system and to see that this policy is followed. The only exception to this resolution is granting permision to hold political rallies in any school of the County after 6 P. M."

All members of the School Board were present at the meeting held April 24th. The Superintendent and Secretary of the Board had advance notice of the meeting, but could not be present due to necessity of attending a school meeting in Miami. The Secretary of the Board does not have a vote, so his absence made no difference in the passing of the above resolution.

Children of any community can have all the straw vote elections they want, but we do not feel that straw vote elections should be held in our public schools prior to an election, where actual candidates names are used on the ballots. In the case of our County, we were told that one of the candidates for County office was to furnish the ballots to be used in the school straw vote election.

Many feel that our children have enough activities in our schools that are not provided for in the school program, without adding straw vote elections. The children can be taught in their civic classes how an election is held and how to vote and it is considered a waste of time to have all children in the school use some of their school time to conduct an election and vote.

The Board has been complimented on their stand by a number of candidates, as well as citizens not involved in the coming election. Most of criticism has come from a County news reporter who seems primarily interested in making sensational news out of happenings of little interest to a majority of Highlands County citizens.

J. Paul Garber, Chairman,
Highlands County Board of
Public Instruction.

Azalea Day

The Garden Club will sponsor an "Azalea Day" on May 8th from 9 a. m. till 6 p. m. in the Mall.

Beautify your front yard, back yard, and side yard with Azaleas.

Parade Of Fashions With That New Look

The swish of long skirts blended with the whir of sewing machines and chatter of busy girls is an excellent sign that the annual spring fashion show is well under way.

Under the direction of Mrs. Martha Allen, the Home Economics students have taken needles and thimbles and produced the frocks which will help to make this fashion show one of the most beautiful and attractive events of the school year.

The participants are beginning to feel butterflies in their stomachs as May 6, the date of the show draws near.

Not only will there be a modeling of the dresses, but also a clever skit has been arranged with the Misses Julea Nader, Margaret Lawhon, and June Ward as the characters.

The chorus of ten pretty girls will include the Misses Pat Smith, Lynn Longbottom, Louise Lock, Arden Anderson, Nancy Pickens, Ann Pabor, Vivian Dean, Nettie Lee, Rosemary Mena, and Mary Basemore.

Jimi James will serve as Mistress of Ceremonies.

Everyone is cordially invited to attend this colorful event. Thursday evening, May 6, 1948, at eight o'clock, in the high school auditorium.

Avon Park Boys Receive High Honors

Wendell Driggers, son of Mr. and Mrs. V. W. Driggers, and Ted Ward, son of Mr. and Mrs. T. J. Ward, have been chosen for membership in the National Music Camp at Interlochen, Michigan, for the coming summer, according to an announcement today from Dr. Joseph E. Maddy, President of the Camp. Entrance requirements are on a merit basis. Ted and Wendell both are pupils of Mrs. J. B. Coen, Jr., and Mr. Gene Gorman of this city and are students in Avon Park High School.

The National Music Camp has become world famous as one of America's outstanding educational and cultural projects. Its membership includes more than a thousand young musicians and artists chosen from nearly every state and many foreign countries. A faculty of nearly 100 prominent musicians and educators offers instruction in all branches of music, art, radio, drama, ballet and other related arts.

The 21st season's programs will include about 200 public performances and numerous broadcasts over local stations.

FARM BUREAU PROGRAM FEATURES CONSERVATION

At the regular monthly Farm Bureau meeting Monday evening F. C. Payne, president, introduced C. Parke Anderson, supervisor of the Highlands Soil Conservation District, who gave a very interesting talk on land conservation and what was being done to help conserve this land of ours for more and better production of crops.

After this address, Mr. Anderson introduced Mr. Holmes, of the State Office, who stated that his office was doing everything they could to cooperate with the farmer in conserving his land.

County Agent V. T. Oxer also spoke briefly. Then James Wier, group district supervisor, showed government films on conservation.

JOE B. HEVIA TO REGIONAL CONFERENCE

Joe B. Hevia and R. (Ed) Barr, representatives of Avon Auto Supply, Inc., Avon Park, automotive parts jobbers, left here yesterday to attend a regional conference of NAPA Jobbers in Jacksonville.

Joe B. Hevia, president of the Avon Auto Supply Company, explained that this conference is one of the regular activities by which the National Automotive Parts Association keeps its jobbers in position to render the most efficient service to repairmen and their customers.

"This year's conference will be literally a 'speechless convention,'" Mr. Hevia said. "Everything will be dramatized, rather than told. Highlight of the program will be a five-act stage presentation, featuring professional actors, and dramtaizing the ways in which NAPA's unique method of distribution makes possible exceptional service to car and truck owners."

Mrs. Ben Stewart and Mrs. C. H. Pardee spent Wednesday in Orlando on business.

Gregg Maxcy Packing Plant Completely Destroyed By Fire

POLLS TO BE OPEN FROM 7 A. M. TO 7 P. M.

Polls for voters in Avon Park will be open from 7 o'clock a. m. to 7 p. m., Tuesday, May 4th.

It has been suggested to election officials, that all those who can will try and vote from 9 a. m. till 4 p. m., so as to give the working people a chance to vote on their way to work, and when they return from work in the afternoon. There is an extra large ballot this year and it will be necessary to vote as fast as possible in order to get the voting done in the 12 hours allowed for it. However all voters who are in line at 7 p. m., will be given an opportunity to vote.

Voting places will be as follows:

Precinct No. one will vote at the Tourist Club.

Precinct No. two will vote at the City Hall.

Precinct No. three will vote at Wiley Sauls Store, corner of Verona and Cornell Avenue.

REVIVAL SERVICES

DR. O. N. CALLIS.
West Palm Beach

Revival services under the personal direction of Dr. O. H. Callis of West Palm Beach, will be held in the First Methodist Church, May 2, to May 16th. Dr. Callis will preach his first sermon, Sunday evening, May 2nd, at 8 o'clock. He will be assisted by Rev. Charles Shephard of Wilmore, Kentucky, who will have charge of the singing.

New Officers Elected American Legion

Panama City, April 28 — The Florida Department of the American Legion and Auxiliary ended its convention here with the election and installation of new officers and picking Sarasota as the 1949 convention city. The Legion elected Percal Reese, of Webb Palm Beach, department commander, succeeding Frank Caton, of Port Orange.

Other officers are E. Meade Wood, Mulberry, national executive committeeman; Arthur R. Boring, Plant City, alternate; Walter Gaylord, Jacksonville, historian; Maxwell W. Wells, Orlando, judge advocate; the Rev. D. C. Mallory, Jacksonville, chaplain; and Eddie F. Hurner, Miami sergeant-at-arms. Wilson and Hurner were reelected.

Four area commanders were named in place of department vice commanders, abolished by this convention. They were John Stringer, Panama City, West; Frank M. Wilson, Jacksonville, North; Frank Falsone, Tampa, Central; and Harry Cooper, Miami Beach, South. A. Reid Mann and E. A. Rowton, both of Sanford, were reappointed adjutant and assistant adjutant.

The auxiliary elected Mrs. A. J. McDonald, of St. Petersburg, department president to succeed Mrs. Jane Fleetwood, of Tallahassee, and Mrs. J. B. Kirkpatrick, of Eustis, national vice-president for the southern division, installed. Mrs. Fleetwood is executive committeewoman.

STATE FISHERIES BIOLOGIST TO BE HERE THURSDAY

John F. DeQuine, chief fisheries biologist of the Florida State Game and Fresh Water Fish Commission, will be the principal speaker at the regular meeting next Thursday evening of the Highlands County Fish and Game Club. A fish fry, complete with trimmings, will be served at 7:30 o'clock.

Keith Collyer spent Monday in Tampa on business.

The Gregg Maxcy Packing Plant at Lakeside on the Avon Park-Lake Wales highway was destroyed by fire on Monday of this week. The fire of unknown origin was discovered at about 9 a. m. Maxcy estimated the loss of building at $50,000 with insurance of $15,000. Machinery valued at $150,000 is a total loss. The plant will be rebuilt as quickly as possible.

Maxcy said the loss included $250,000 for the main plant building and machinery, and a small laboratory building and a structure for trucks; $100,000 for the stock of canned citrus on hand, and $50,000 for burned trucks.

Sebring firemen responded to a call, and later they were joined by the Avon Park department. But the building was a mass of flames—and doomed—when the firemen reached the site.

One of the Sebring firemen, Joe Erocelli, sustained burns on both hands when he attempted to drive a truck away from the flaming buildings. Other firemen were overcome by smoke and fumes from burning dusting sulphur in an adjacent building which caught fire from the main plant.

The office of the Maxcy Corporation and an adjoining meat market operated by [illegible], who also is one of Highlands County's leading cattle raisers, were saved from the flames. Several trucks and cars also escaped the flames, but two large semi-trailers were burned.

The fire was discovered by a member of a work train of the Seaboard Railroad which was on a siding near the plant.

Thousands of cases of citrus juice were lost to the flames. While the fire was at its height, and through the days following cans were hurled through the air. They popped like giant firecrackers.

Black, billowing smoke rose to great heights and could be seen for miles.

The plant, which normally employs about 125 people, was not in operation at the time of the fire.

The fire-leveled plant was built in 1930 on the site of the ruins of one which also was razed by flames. It, too, was owned by Maxcy.

The loss sustained in today's fire was the largest fire loss in the history of Highlands County.

Sebring Man Elected President Of FEA

M. Mitchell Ferguson, supervising principal of Sebring schools was elected president of the Florida Education Association at Miami last Saturday.

In 1932, he became supervising principal, athletic and band director of the Lake Placid schools, and remained there until 1939, when he returned to Sebring as supervising principal, which post he has held since.

Ferguson received his MA degree from Columbia University in 1937.

The new FEA head helped organize the Ridge High School Conference in 1926 and has served as its president four times. He is the current president of the Florida High School Athletic Association, and on July 1 will end his fifth year in that post.

Ferguson also is a past president of the Peace River Teachers' Association. He is serving his third year as chairman of the executive committee of the Sebring Methodist Church. He is married and has four children.

The election of Ferguson to the FEA presidency marks the second time a Highlands County resident has attained the honor. Col. F. N. K. Bailey, of DeSoto City, former county school superintendent, was elected to that office in 1936.

CHICKEN-OF-TOMORROW

Florida's poultrymen are continuing their search for a superior meat-type chicken with a 1948 Chicken - of - Tomorrow contest, which started March 29.

The new contest follows up the splendid progress made by Florida poultrymen in their 1946 and 1947 contests, sponsored by A. & P Food Stores, when they competed for awards of $7,000 against outstanding breeders throughout the country.

This year's contest, as outlined by State Chairman N. R. Mabry, Jr., will run for 12 weeks. On June 23 competing flocks will be sent to a central drawing place. Birds will be judged for livability, morability, marketing, plus consumption, rate of growth and body conformation.

"TOO LATE TO CLASSIFY"

By Russell Kay

Although this column is written only eight days before the election, I still feel unqualified to make any prediction as to the outcome. No campaign in my memory has presented as difficult a picture a week before election.

I still look on Fuller Warren as the man and will indeed be surprised if he fails to be top man, as far as second place, it is anybody's guess in my book.

It could be English, Shands, McCarty or Watson and I don't necessarily mean that they rate in that order. All four of these candidates have been running good races and I give them an even chance to finish in second place. I know that the various polls all discount Watson and do not include him as a contender, but I disagree. I figure Tom will make a mighty good showing, and it would not surprise me in the least to see him in the run-off.

But if he is, it will be by a pretty small margin and I would not be too soon put my money on English, Shands or McCarty because I consider them that close.

And when the smoke clears away if it is Warren and any one of the four candidates opposing him in the second go-round, you can look for the biggest political fight in the state's history.

Many people contend that whoever goes in the second primary with Warren will defeat him but I'm not too sure about that. Warren is strong; he will poll most of his strength in the first primary but his opponent won't get all the vote. Warren can be counted on to pick up his share. Cooper will get a good vote and so will Macfadden, and my guess is that Cooper voters will swing to Warren while most of Macfadden votes will go to his opponent. I expect Macfadden to run ahead of Cooper.

In the other races my guess is that Gay and Fraser will run neck and neck, with Lee far in the rear. I wouldn't venture to name the lead man in this race although from reports reaching me it appears that Fraser has a slight edge. But remember this is written a week before the election and a picture can change.

In the Attorney General's race it still looks like Grady Burton to me although Ervin has made steady progress, and Crews is a dark horse not to be discounted as he has more relatives than Fred Cone and is backed by a strong organization. McArthur started late and while he will get some votes, I can't see him as a contender in the run-off. It could be either Crews or Ervin.

As far as Commissioner of Agriculture is concerned it seems to be Mathis Mayo all the way. McClellan has put on a good race and conducted a clean energetic campaign, but he is up against a tough man in Mayo and nothing but a political miracle could make him Commissioner.

In the race for Railroad Commissioner, Green and Mack are running so close and kicking up so much dust that it is difficult to determine how they stand. Mack has made a splendid commissioner and has a fine record; his fellow members on the commission are supporting him wholeheartedly as are a legion of friends and well wishers, but Lex Green is a great campaigner and can count on a lot of votes in any race for anything, and it is anybody's guess here as in some of the other races.

In the race for State Treasurer, it looks like Ed Larson with very little difficulty. Doc Carlisle has made a valiant effort but Ed has too much on the ball and is too tough an opponent for most any contender.

Readers will note that I have attempted to call few shots in this election and for good reason. Simply because I don't know the answers any more than anybody else does. The election will be decided by a lot of folks who signed no poll cards, attended no rallies and have made up their own minds in the quiet of their homes.

How these folks think and feel will tell the story and all the pre-election predictions, as far as I am concerned, are just a lot of bogwash. I may even be wrong about Warren, but he is the only man in the race who seems to be first in everybody's book. I figure where there is that much smoke there must be some fire.

THE SHERIFF'S RACE

Dear Fellow Voters of Highlands County:

In the coming primary election there are three outstanding men in the race for Sheriff of Highlands County.

BROWARD COKER not only needs the job to support his wife and two children, but his record better qualifies him for the job than that of either of his worthy opponents. He was for more than eleven years a sober, efficient and fearless Deputy Sheriff in the Sheriff's Office that he now seeks. From such experience he is familiar with the duties and functions of the office.

He was in the armed forces of his country during the last World War from March 3rd, 1942, until October 16, 1945, or approximately 44 months, 21 months of which were served in the European Theatre of operations in the 814th Tank Destroyer Battalion, with more than five months in battle or the combat zone. He received the Good Conduct Medal with clasp for exemplary behavior, efficiency and fidelity. He was awarded the Bronze Star Medal for heroic service during the Battle of the Bulge.

We do not think that a man's military record alone entitles him to any preference in an election for public office, but we do think that a record for public service such as Broward Coker has is entitled to careful consideration and that for the office of Sheriff his military record should be an influencing factor.

He is a member of the Baptist Church Masonic Lodge, Lions Club, American Legion and Veterans of Foreign Wars.

We earnestly solicit your vote and support for BROWARD COKER for Sheriff. He has no outside interests, will devote his entire time to the office, and WILL NOT EMPLOY ANY DEPUTIES WHO ARE NOT COMPETENT AND COURTEOUS. A vote for Broward is a vote for fairness and justice.

Faithfully yours.

Richard W. Ervin
believes in cooperation

THE KIND OF MAN WE HAVE BEEN LOOKING FOR—

Special, April 28, 1948.

When he announced his candidacy for the office of Attorney General, Richard W. Ervin made a quiet, sincere statement. By his life and record here in his native state, you know he means what he says and that we can depend upon him.

HERE IS WHAT EPVIN SAID:

"The Florida and America we enjoy today are the result of Faith, Hard Work and Cooperation on the part of our fathers. There was no room in their lives for hate, petty jealousy and bickering among themselves. They were united in the fight to build a great nation, to conquer the wilderness and on occasion, enemies from abroad.

"I believe that the future of our state and nation can be only assured by the same qualities—faith, hard work and cooperation—among ourselves.

"With your assistance, as Attorney General of Florida, I pledge myself to carry out these three principles and objectives. I will keep the same vision of faith that our fathers had; I will work as hard as I am able for better government for our people, and I will always seek to cooperate with my fellow citizens and public official to build a safe and wholesome country for ourselves and our children."

We hope you will join us in helping Richard W. Erwin to become our Attorney General. We need his quiet, friendly and efficient service during the uncertain years ahead.

Florida has a GREAT future with COLIN ENGLISH as Governor

Colin English has the rare quality of vision . . . true leadership and 28 years of successful experience in public affairs.

Colin English is a man of action, with great capacity for getting worthwhile things done . . . promptly and efficiently, for the people of Florida.

As Governor of Florida, Colin English will continue to select and appoint the best trained men and women for each particular job to be done in serving the State and its people.

With Colin English as Governor---

★ Florida will continue to have the finest public school program in the country, providing equal opportunity for every child to have a good education;

★ Florida's natural resources will be developed and preserved;

★ Florida will have super-highways and improved and expanded farm-to-market roads;

★ Florida will have medical and dental schools to serve its citizens;

★ Florida will have adequate hospitals and a public health program to serve the needs of all the people;

★ Florida will have ALL the other fine and useful things for which Colin English stands and has set forth in his comprehensive 33-point platform;

★ Florida will have ALL these things . . . *without the burden of a general sales tax!*

With Colin English as Governor, Florida will have four years of good, progressive, efficient and economical government . . . under the leadership of a man tested and proved in state government.

Yes, with Colin English as Governor, Florida HAS a great future.

Citrus Industry

Jeff Flake has been identified with the citrus industry of Florida many years, and at present owns a small grove in Hardee County on which he lives. He resigned from the Citrus Commission more than a year ago after serving several years as a member of that body.

He knows the headaches of the small citrus growers and the backaches of citrus workers. He voted in the Senate to pay citrus workers unemployment compensation during the summer when they are unemployed. They received this pay during the past summer for the first time.

We believe that he is better qualified to represent us in the State Senate than a lawyer, with but little, if any experience in citrus. We say this without meaning to reflect on his lawyer opponent. If his opponent were running for prosecuting attorney or judge our preference would be for him. But the senatorship is not primarily a lawyers job. Therefore, we as citrus growers and workers prefer one who knows our problems to represent us in the Senate.

ALL FLORIDA!

"WHEN I am your Governor, I will diligently devote four years of consecrated service to the people of Florida. I will energetically apply the experience I have gained in public service in an earnest effort to make your State Government more of a blessing and less of a burden. I will never treat the Office of Governor as my personal possession, but rather as a sacred trust and solemn responsibility which has been temporarily committed to my keeping by the people of a great and sovereign State. At all times, I shall earnestly strive to so conduct myself that at the end of my term as Governor, you will still trust me as you did on inauguration day."

"Furthermore," says Fuller Warren, "when I am your Governor, you will be able to talk with me by simply coming to Tallahassee or by calling me by long distance telephone. You won't have to "SEE ANYBODY TO SEE IF YOU CAN SEE ME!"

Win With WARREN ALL-Florida's Candidate For Governor

Warren Leads In Straw Vote

By JIM MASSEY
Journal Political Writer

Fuller Warren tops the voting for governor in the final straw vote conducted by John H. Perry newspapers in 19 counties scattered through all sections of Florida.

The poll, which does not intend to forecast the exact outcome, but rather to give a sample of sentiment over the state, put Dan McCarty in the crucial second place, with Colin English a few percentage points behind.

The straw vote was conducted by The Jacksonville Journal, 17 other Perry newspapers, and the Fort Lauderdale News. In the poll, Warren received 31 per cent of the first choice votes, McCarty 23 per cent, and English 21 per cent.

W. A. Shands came up fourth, with 13 percent. Only scattered votes went to the other candidates.

* * *

But before you start jumping at conclusions and offer to bet the bankroll or the family jewels, we'd like to tell you there are several things to consider.

In the first place, the professional pollsters advised us that these percentages may be misleading, because we have not taken into consideration the proportionate population of the areas polled.

Also remember that results of this poll are not intended to be a forecast of the actual returns as they will be on the morning of May 5, because we have no poll returns from the large population sections, such as Miami, Tampa, St. Petersburg, and Orlando.

But for the rest of the state, we feel, however, that the results of second sampling of sentiment is a fairly accurate cross section and we, as we did when we announced results of our first poll on March 5, are passing it on to you for what it may be worth.

* * *

As in the first poll we made, we took the names of qualified voters from official registration lists in 18 cities and towns, here and there, over the state.

Then we sent each one a ballot and asked that they express their choice of gubernatorial candidates. We got back 45 percent of the ballots we mailed, which is a very high percentage. Usually, the return is about 30 percent.

As in the first poll, names of the voters were taken at random from voting lists, without regard to whom they were, where they lived, or what they did for a living. We checked, however, to see that they were Democrats. We didn't run in any Republicans, Independents, etc. and so forth.

This may be the last poll we will take in this campaign. All the Democrats in Florida will speak—all day long next Tuesday.

Then, after that, the gubernatorial race will settle down to two men.

There are three national forests and four state forests in Florida.

'Cracker Politics'

By Allen Morris

Florida voters are going to settle the question of whether age and out-of-state birth are valid issues in state cabinet races.

Ammon McClellan's chief complaint against Commissioner of Agriculture Nathan Mayo seems to be that Mayo is 71 years old, while R. T. (Doc) Carlisle's number one charge against State Treasurer J. Edwin Larson is that Larson was born in Meadville, Pennsylvania.

McClellan, a citrus grower in St. Lucie county, has shifted his campaign basis somewhat since first announcement of his candidacy on June 1, 1947, when he said "I know that the Honorable Nathan Mayo has made an outstanding record in that office and I hope the people of Florida will select me to carry out that work when he decides to retire."

Later, however, McClellan assailed Mayo's department for spreading into the inspection of "gasoline and penicillin, weights and measures, and 100 other oddities." McClellan opined that Florida's agricultural interests are enough to keep any one man busy.

However, true that may be, the election of neither McClellan nor Mayo could relieve the commissioner of agriculture of the tasks of which McClellan complains for those were imposed by the legislature upon the department of agriculture.

In defending Mayo against the indictment of old age, Mayo's adherents have searched history and determined to their satisfaction that "seventy per cent of the world's greatest achievements have been by men over the age of 70."

They have documented this conclusion with a list of examples, those among them: Charles Evans Hughes, chief justice of the United States at 80, and Oliver Wendell Holmes when nearly 90; Bernard Baruch, at 77 still the counselor of presidents and statesmen; Cordell Hull, rounding out his long congressional career with service at 70 as secretary of state, and Henry Ford, president at 80 of the Ford Motor Company.

Carlisle, a Jacksonille druggist first employed by Larson, stresses place of birth in his campaign, advertising himself as "native-born" and referring to Larson as "my opponent, from Meadville, Penna."

For study of its practical political value, the issue raised by Carlisle is perhaps the more interesting of the two in the Larson and Mayo campaigns, for the native-borns, like Carlisle, are outnumbered among Florida's people.

According to the last state census, of the 1,623,751 white Floridians, 762,329 were born here. This could not take into account those born of parents who came to Florida from other states and brought with them pride in their place of nativity which more or less has been instilled in the youngsters so their loyalty to Florida is divided.

Yet possibly a good answer to the question of whether Floridians vote for the man or the place of his birth may be found in Larson's background. He was elected to the state senate, not long after making his home in Florida twenty-odd years ago, from the district composed of Clay and Baker counties.

Even now, of Baker county's 4,947 white inhabitants, 4,119 were born in Florida, while of Clay's 8,221 residents, 3,892 first saw the light here.

Read this portion of Cracker Politics today as though it carried a label, "Reporter's Opinion."

Everyone with a known year-round interest in politics is asked these days about the outcome of the campaign for governor, now in its home-stretch drive to the first primary of May 4th.

Here's this reporter's opinion.

Three years ago—on May 19, 1945—the following appeared in Cracker Politics:

"Outlook—The next governor's race rather looks from this distance like an Army-Navy final, with Col. Dan McCarty of Fort Pierce pitted against Lieut. Fuller Warren of Jacksonville."

Nothing yet has occurred to change that opinion.

* * *

About this time every four years, when attention is diverted by the election of a new governor, the outgoing administration does the human and natural thing of trying to lodge its faithful in continuing jobs.

Insiders give this as the reason behind the Florida Industrial Commission's compulsory retirement—without pay—on May 31st of employes who have reached the age of 65. These observers point to the inclusion among the nine presently affected workers of Dr. Fons A. Hathaway, director at $7,500 a year of the employment service division.

Those who claim to see politics in the forced retirement of Dr. Hathaway point out the date of May 31st would permit an appointee of the present administration to complete the six-month probationary period for a permanent appointment just before the new governor and his industrial commission took over.

That appointee would have to be selected from a register of eligibles, but this has not prevented much of a problem in similar situations in the past.

This may be the answer to the politically-titillating question of what the administration intends to do for Ed Straughn, secretary to Governor Caldwell. Precedent was made four years ago when Ralph C. David, secretary to Governor Holland, came to the industrial commission as director of the unemployment compensation division. This position, however, was vacant at the time.

It also may be recalled that Governor Cone, in the declining days of his regime, caused his secretary-brother, W. Branch Cone, to be state selective service procurement officer, a place expected to outrun the Cone tenure as governor. This employment did not long outlast the administration.

It is expected, however, that Dr. Hathaway and perhaps others of those being retired will ask the court whether the commission can do this. In situations somewhat akin, courts have held the setting of a retirement age to be a legislative function, which in Florida has been exercised only to require teachers to quit at 70. The federal retirement age also is 70.

While the resolution came as a surprise, the commission said the policy had been determined upon its meeting last October 27, and was carried out under regulations adopted by the merit system council, a quasi-independent agency. Some of the nine employees will receive payments from the general state-county retirement fund, but these benefits must be small—around one-third of current salary—because this fund was established just three years ago.

Discussing the subject of women in business, Business Week Magazine reports that 46 per cent of the women holding jobs are married and over half of them are 35 years old or older.

The FGA reports that lima beans are in declining volume in the Pompano area. Baby limas are in good production around Plant City. Principal source of limas in the last half of the month has been from reduced acreage in the Everglades.

1,000 Attended Mutual Meeting

More than 1,000 persons attended the first of a series of mass meetings last Friday afternoon in Mayhall Auditorium, Lakeland, to hear about Florida Citrus Mutual. Growers, shippers and canners from many parts of the citrus belt attended.

Leading figures in the citrus industry were among the speakers. Many of those present are active in various phases of the industry, so that the gathering was a very representative group.

The reception given the organization at its first meeting appeared favorable.

Following the meeting a number of growers signed up, indicating their interest and faith in the new plan, designed to bring order into the chaotic industry. The various speakers stressed that the first objective will be to stabilize the price for citrus products.

Rollie Tillman, chairman of the Florida State Citrus Commission, president of the Lake Wales C. G. A., Inc., and a director of Florida Citrus Mutual, presided.

Doyle E. Carlton, former governor of Florida, and legal counsel for Florida Citrus Mutual, said the prosperity of Florida is measured by the prosperity of the citrus industry. He said that the chaotic, insane marketing system, with more than 300 marketing agencies competing against each other, will have to go. He said there is no order in shipping or distribution and that "there is no one to blame but ourselves."

"It is our problem," he said, "and the solution must be ours. We must substitute our heads for our heels. You always hear citrus people talking about 'they' instead of 'we.' The job is not 'theirs' but 'ours'. The Florida Citrus Mutual will be able to speak as one voice for the industry. Teamwork is needed and only teamwork, represented by Florida Citrus Mutual, will save the industry."

James C. Morton, director of Florida Citrus Mutual and chairman of the organization committee, chairman of the Citrus Division of the Florida Farm Bureau of Federation, and superintendent of the Waverly Growers Cooperative, told of the tremendous size of the industry, and said that it is a growers' problem and that it depends on their action, as to what the future course will be. He said, "our own stubbornness is stopping us. Some day we will get together to bring the industry back. But let's not make it too profitable, because then we will plant every acre to the Georgia line in citrus."

Following Mr. Morton's address, there was a question period, with a number of questions asked and answered. A series of illustrated panels were shown, depicting the story of Florida Citrus Mutual.

Rising from the audience to speak from the stage of Mayhall Auditorium, Ed R. Bentley, of Lakeland, president of the newly formed Growers, Inc., a growers' organization, said his group was solidly behind Mutual.

"Growers don't intend to stand by and see the disintegration of the industry," he said. "Their only hope is to support the Mutual."

On Friday morning there was a meeting in the Citrus Commission offices of county and district chairmen for Mutual's extensive membership drive. Mr. Morton outlined the story of Mutual and Don D. Patterson, administrative director, explained the details of the drive for members now under way. Many phases of the industry were discussed at the morning meeting. The committees will be announced later.

Girl Scouts Have Outing

The Girl Scouts camped overnight on the shores of Lake Verona, Friday night, April 23rd, by the light of a full moon and under the sheltering bamboo trees. Supper and breakfast were cooked over an open fire. Songs and games provided entertainment for the evening. An especially interesting event of the evening was a dance by Carolyn Bolt, Lelia Johnson, and Eileen Sachsenmaier.

Mrs. Smith and Retha Mixon assisted Miss Olive Knight, the Scout Leader. They wish to thank General Owens for his cooperation in having the grounds and rest rooms cleaned. Mrs. T. H. Maxwell for donations of milk and bacon, Mrs. Chas. Sargent for use of her truck, and Mr. Hayes Maxwell and Mr. Bill Sachsenmaier for use of a canvas.

Scouts present were: Edith Hagan, Frances Fisher, Jean Snyder, Wanda Green, Martha Smith, Margaret Bryant, Peggie Sheilds, Jeannette Lechery, Carolyn Bolt, Lelia Johnson, Eileen Sachsenmaier, Sharon Stringer, Edris Durrance, Katie King, Jane Maxwell, Sandra Shaw and Arlene Sargent.

Buffet Supper

A delicious buffet supper was given in honor of Beta Sigma Phi's Seventeenth Founders Day Program at the home of Miss Lwyn Jones on Highlands Lakes by the Alpha Amiega Chapter.

Lovely spring flowers were used throughout the party rooms.

The menu consisted of Italian salad, Southern fried chicken, baked beans, scalloped potatoes, English peas, mixed sweet pickles, potato chips, and homemade rolls. Coffee and Angel food cake were served during the business meeting.

President DeRheta Saylor was toastmistress for the evening and was assisted by Ouida Fields.

Miss Jones gave several vocal selections for the group.

Members present were: Mrs. Lloyd Jones, Mrs. DeRheta Saylor, Mrs. Martha Bunting, Mrs. Donna Courtney, and the Misses Barbara Bridges, Evelyn Pate, Peggy McEaddy, Llwyn Jones, Ouida Fields, and Geri Connell.

Juanita Morrell And Martha Jo Little Entertain

Juanita Morrell and Martha Jo Little were hostesses Tuesday night when they entertained at a weiner roast at the Morrell home on Verona Avenue. Honorary guests were Virginia and Ernestine Reddick who left Saturday for their home in Benevolence, Georgia.

Hot dogs, cole slaw, grape drink, and cookies were served to Jimmy Batton, H. L. Hufstetter, Jimmy Andrews, Jerry Childress, Billy Morrell, Dot Renfro, Myrtle Beasley, Virginia Reddick, Ernestine Reddick, Martha Jo and Juanita Morrell.

Delegate Returns

Mrs. Ben Stewart returned Monday night from Panama City where she attended the American Legion Auxiliary department convention. Returning with her were Mrs. Henry Pearce, past 8th district president, and Mrs. Harry McCabe, present president of the 8th district, both of Fort Myers. Mrs. Stewart reported that a good time was had by all attending.

Senior Class Has Picnic

The Senior Class of the High School enjoyed an all-day picnic at Kissengen Springs last Friday. Swimming provided the entertainment, and the sun, the sunburns. Delicious food consisting of baked beans, potato salad, sandwiches, cokes, and cookies was served to the Senior class, Mr. Frank Gerlock, Retha Mixon, Rev. Huff, who drove the bus, and the Chaperones who were Mrs. Floyd Hayes and Mrs. E. H. Puryear.

Mrs. Dorminey Entertains

Mrs. W. D. Dorminey entertained the Thursday night bridge club at her home on E. Pine Street last week, at 6 o'clock. Easter Lillies, daisies, and other spring flowers furnished lovely decoration for the rooms.

Mr. and Mrs. E. W. Hartt were high for the evening with Mr. and Mrs. C. E. Lanier winning second place. Mrs. Dorminey served a sweet course to the following guests: Mr. and Mrs. E. W. Hartt, Mr. and Mrs. C. E. Lanier, Dr. and Mrs. W. C. Touchton, Mr. and Mrs. D. G. Perry, Mr. and Mrs. John Hood, Miss Jane Perry, and Miss Sujette Dorminey.

Miss Marlene Jones of Lake Wales spent the weekend here with her grandmother, Mrs. J. B. Bryant, and family.

Rebekahs Attend Assembly

Agnes Cox, Chairman of District Deputy President, and Cora Wray, P. N. G., representatives from Eleanor Sovereign Rebekah Lodge No. 65, and Mildred Waddell, P. D. D. P., from Tampa, attended the 39th Annual Session of the Rebekah Assembly of Florida held in Leesburg, April 19 to April 22.

Helen Mann, P. D. D. P., Lillian Bridges, Noble Grand, and Mary Reed, Warden, attended the Installation Ceremonies Thursday evening, at which time Fannie Spink of Orlando, a Charter member of Lodge 65, was elected President of the Florida Rebekah Assembly.

Mary Reed was appointed Assembly Chaplain; Jewel Delegal, District Deputy President of District No. 11; and Agnes Cox, Chairman of re-enstatements.

The outgoing President, Norene Maassen of Arcadia, and the new President, Fannie Spink, received many beautiful gifts.

On Monday, May 3rd, President Fannie Spink will make her official visit to Lodge No. 65. She expects to bring 25 members from Orlando to put on the initiation work.

A banquet will be held at the Avon Park Cafe at 6:00 P. M. in her honor.

HOW TO CUT COSTS ON YOUR FARM ...Get a 'Jeep'

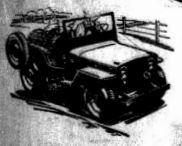

The Universal "Jeep" puts farming on a production basis, spreads its cost over many kinds of work. It lightens the farmer's tasks, works around the clock, does jobs that otherwise would require three or four separate machines.

TRACTOR WORK
The Universal "Jeep" operates hydraulic-lift and pull-type implements —has 4-wheel-drive power and traction for field work, with low speeds of 2½ to 7 m.p.h.

FOR TOWING . . .
The Universal "Jeep" makes a highly-efficient tow truck, capable of towing a braked load of 5,500 lbs., with plenty of reserve for steep grades and heavy going.

FOR HAULING . . .
The Universal "Jeep" carries up to 1,200 lbs. It has 2-wheel drive for conventional travel, 4-wheel drive for bad roads or off-road hauls.

FOR MOBILE POWER...
With optional power take-off, the Universal "Jeep" takes power wherever needed, operates many types of belt- and shaft-driven farm equipment.

CITRUS WORKERS KNOW THE FACTS ABOUT WALLACE SHAFER

Reprint from Winter Haven Herald June 13, 1941

Governor Holland, above, is shown signing into law the workman's compensation and unemployment insurance acts passed at the 1941 legislative session. Also shown was the Senator for the 7th District, who sponsored the measures in the senate and REPRESENTATIVE WALLACE SHAFER, right, who steered the bill through the house. Also shown in the photograph is Chairman Reeve Williams, then chairman of the Florida Industrial Commission.

The following news item appeared in the Winter Haven Chief, May 23, 1941:

30,000 WORKERS PLACED UNDER BENEFIT LAW

Citrus Labor Included In Compensation Law Scope By Legislature

Tallahassee, May 23 — The legislature voted yesterday to amend the present unemployment compensation law by placing 30,000 citrus packing house workers under it.

The house, which earlier had turned down a proposal to include the packing house employes, reversed itself and passed, 73 to 57, a senate bill broadening the law to cover such workers.

Representative Shafer, of Polk county, argued that packing house workers should receive the benefits of the law because they are in a "field of work exactly parallel to canning plant workers, who already are under the law." Shafer said citrus processing and packing definitely should be classed as manufacturing."

WISE OLD TABBY . . . A Chicago cat and dog hospital has been baffled three times by the appearance of a stray cat. Three times this "alley cat" has entered the hospital while anticipating the blessed event, given birth to her litters, and disappeared. Here she is shown with a nurse and her third litter. So far mama has made no provision for paying the hospital bills.

"NEW LOOK" IN HATS . . . Model Jean Murphy models the cup-and-saucer hat known as the "coffette" hat. It was introduced at the international beauty show in New York, and is an enlarged replica of an actual cup and saucer. Whipp maline, at crown, gives illusion of vapor rising from the cup.

ATHLETE IN ACTION . . . Miss Daphne Robb (above) is shown as she was the South African women's 100-yard dash championship at Capetown. Daphne set a fast pace, and equaled the South African women's record with a time of 11 seconds.

YOUR COUNTY JUDGE

I was born in Marshall, Texas, on February 19, 1907, and moved to Orlando, Florida, in 1924, on the grove that was settled by my grandfather in 1881. On the death of my grandparents, my father moved to Texas, raised a family of three boys, and then moved back to Florida in 1924, and now lives on the grove that has been in the family continuously since '81.

For the first two years in Florida, I helped to clear the land and reset the grove, for during my father's absence it had grown up. I fertilized and cared for the grove and did general truck farming.

In 1926 I entered the University of Florida and graduated from the law college in 1932. Returned to Orlando and practiced law there until 1940 when I moved to Highlands County.

Having been elected representative from this county, I served in the 1943 session of the legislature and assisted in passing laws increasing old age assistance and laws beneficial to the citrus industry, also the establishment of a hospital at Avon Park.

In 1944 I was elected County Judge and have since carried out the duties of that office efficiently, impartially and without favoritism, treating all alike and being just and considerate to all. I have conducted the court in such manner as to save the County money and causing parties appearing there and residents of the county to have confidence in its operation. Not a single decision I have rendered has been reversed in the higher court. This is not bragging, but showing that I study the cases as hard as the attorneys and endeavor to arrive at a decision according to the law and facts.

I am married and have three sons. Am an elder in the First Presbyterian Church of Sebring.

From experience gained in the office, I feel that I can render a real service to all of Highlands County and will appreciate your vote and support on May 4th for

COUNTY JUDGE

Yours very truly,

HOWARD LIVINGSTON

AS WE SEE IT
By Art Kinney

The column this week was put together on Monday, and we like to report that the fellows running for office are still going out of their way to speak to the voters . . . we are wondering how many of them will continue to be as friendly after the votes are counted Tuesday night . . . 'tis a queer world for John Q. Public.

* * *

In the many years we have been connected with newspaper work, we have had the pleasure of meeting many celebrities and distinguished men, and we cannot think of one of them that impressed us as much as the gentleman we had the pleasure of meeting Saturday night, General George C. Kenney, a four star General who came up "the hard way" the man who did so much toward winning World War two . . . the man who is loved by every man in the Air Force from the ground crew to the ace flyers . . . a fighting man with a heart of gold, that commands the respect of all who come in contact with him . . . a man, who at an informal party is just one of the "fly boys" . . . It was at this kind of a party that we met the General who was the guest of honor at a barbecue and party given by the Chamber of Commerce in honor of the General and the pilots who participated in the ground-strafing, bombing and rocket firing contests conducted at the Avon Park Bombing range by the Strategic Air Command last week . . . the meeting of this General shall remain with us always as the highlight of our career as a country newspaper publisher, not only on account of the similarity of our names, but we consider him as one of the truly great men of a great country.

* * *

Demos Mandis, our local dairyman and fellow booster of AP rates a 21 gun salute for the splendid barbecue he prepared and helped serve to the "fly boys" who were the guests of the C of C at the Legion Club Saturday night . . . you probably won't get the 21 gun salute Demos but you certainly will get the "gastronomic thanks" of all those who were lucky enough to sink their dentures into the luscious meal you prepared for the occasion, and I say this without fear of contradiction . . . whos, I still have campaign speeches singing in my head . . . buf no fouling, it was good.

* * *

Now "As We See It" must get down to some serious business . . . starting this week the Avon Park Sun will bring you the story in three installments of the "Financial Ills" of our good little city of AP . . . In the preparation of these articles for presentation to the tax-payers in a form that all can understand, (in place of throwing a cold financial statement at you). General Manager Orr hard working city executive, has labored long hours and burned much midnight oil to present the real financial story of our city to you . . . and the Avon Park Sun being the only paper that cares a whoop about AP is going to considerable expense to publish these articles that the tax-payers may get a true picture of the financial ills of our city . . . for that reason we ask you to read and digest these three articles, and then you will have a better picture of what a tremendous job your Mayor and city council members have on their shoulders . . . The story this week will deal with "Bonded Indebtedness" . . . the second will be on "Cost of Operating the City" and the third and final article will discuss the "City Water Department" . . . Allow us to suggest that you clip and save these articles for future reference. The first article is presented on page 2.

Meeting Of City Council Held Apr. 26

The Council was advised that the owner of a garage and service station had requested the city to repair the macadam and concrete entrance to his business establishment. After discussion the Council directed that entrances serving business establishments must be installed and maintained by the business to be served.

An increase in pay from $130.00 to $140.00 per month was approved for S. C. Folsom who is employed in the Park Department.

Applications for building permits submitted by L. C. Smith for a garage on east State St.; A. H. Bennett for a dwelling on W. Pine Street and R. P. Wyant for a porte cochers on his residence were approved.

There were submitted to the Council a series of three articles dealing with the financial position of the city. The articles deal separately with the payment of interest and principal on the bonded debt of the city; with the cost of operating the city and the operations of the Water Department. The Council approved the articles and directed that they be submitted to the Editor of the Avon Park Sun with request for publication as matters of interest to the citizens of the community. The first of the three articles appears in this issue of the paper.

Certain recommendations made at the open meeting held by the City Council on April 15th., 1948, when the proposed zoning ordinance was considered were acted upon. One recommendation was that automobile sales lots be permitted in the C-1 District. This recommendation was not favorably considered. The other recommendation made, that W. Main St., from Glenwood Ave., to Anoka Ave., be classified as R-2 instead of C-1 was approved and the proposed ordinance changed accordingly. The proposed zoning ordinance was then referred to the City Attorney for review prior to further consideration by the Council.

W. F. Ward Announces State Meeting

William F. Ward, President of the Florida State Horticultural Society announces that the 61st annual meeting of the Society will be held on October 26th to 28th inclusive with headquarters at the George Washington Hotel in West Palm Beach, Florida. Single rooms, $4.00 each and double rooms, $7.00 each. Three convention rooms holding 125 people each and one extra large room with a capacity of 350 people will be available for the meetings of the Citrus, Vegetable, Ornamental and Subtropical sections. This will permit all sections of the society to hold their meetings in the same building.

At present there are some 700 members of the Society and many new members are expected to join this year. All interested in the various phases of agriculture and horticulture are cordially invited to attend the annual meeting and become affiliated with this splendid organization. The dues are only $3.00 per year which does not cover the cost of publishing the "Proceedings" of the Society annually. The proceedings or annual report is sent to all members without additional charge and includes all papers presented at the annual meeting. It is especially valuable in bringing the latest developments in horticulture to the attention of the reader.

Mark the dates of October 26th to 28th on your calender and arrange to attend.

CITRUS MUTUAL NAMES E. G. TODD, CHAIRMAN

Appointment of committees and individual chairmen in 11 counties to direct the Florida Citrus Mutual's membership drive has been announced by James C. Morton, of Waverly, head of Mutual's organizational committee.

All of the county chairmen and committees will have the authority, Morton declared, to organize their areas and work as they see fit in an attempt to sign up growers, shippers and canners in their territories. E. G. Todd, of Avon Park, is chairman for Highlands County.

Don D. Patterson, administrative director of the Mutual, reports that the organization is receiving contracts from growers through the mail as the result of the recent mass meeting at Lakeland. Other meetings are to be held throughout the citrus producing areas of the state, he added.

A. P. First War Dead Returned Home

Avon Park's first war dead to be returned to its native soil for burial will arrive here Friday afternoon, May 7, at 2:30 o'clock. The remains are those of S2c Fred G. Johns, son of Mr. and Mrs. E. J. Johns of this city.

Seaman Johns enlisted in the Naval Reserves August 3, 1942, and died June 6, 1943, at Trinidad, British West Indies, of injuries received in the line of duty.

Funeral services will be held Sunday afternoon at 2:30 o'clock at the Stephenson Funeral Home in this city with Rev. E. H. Puryear offieiating. Highlands Post 69, American Legion, will conduct a Military funeral. All members of the Post and veterans are expected to honor the deceased by being on hand to pay tribute to their departed comrade. Interment will be at Bougainvilla Cemetery.

The firing squad will consist of former members of the Navy, and of an equal number of Army personnel. Avon Park Air Field will participate in the ceremonies. Color bearers and pall bearers will all be in uniform.

Seaman Johns is survived by his parents, Mr. and Mrs. E. J. Johns, one sister, Mrs. E. L. Thompson of Avon Park, and four brothers, Laurence, Donald and E. J. Jr., of this city and Cecil Johns of Fort Myers.

Flyers Entertained By Avon Park C of C

The Avon Park Chamber of Commerce entertained at a barbecue dinner at the American Legion Home last Friday night in honor of General George C. Kenney, commander of the Strategic Air Command, and officer pilots from the Avon Park Bombing Range, who had taken part in the manuvers at the field during the past week.

Of course the highlight of the party was the presence of the 4-star General. Dr. R. H. Jordon, president of the C. of C., presided as master of ceremonies in a very masterful way, in spite of his awe in being seated next to a 4-Star fighting man. After introductions of several officers who were in charge of the activities during the week, Dr. Jordon introduced Major Shoma, a congressional Medal winner, who in turn introduced the guest of honor.

General Kenney, was received with a burst of applause from the flyers and civilians present, and delivered a colorful speech "off-the-record", and then made the formal presentations of awards to the flyers that participated in the contests during the week. The General's appearance here will be long remembered by those in attendance at the barbecue.

Arbor Day Planting

All Kiwanis Clubs of Florida celebrated Arbor day, Monday, April 26th, by planting a tree with proper ceremonials. Fifty-four Kiwanis Clubs in the citrus area of Florida used a new variety of orange tree for their planting. This is a Greek orange, the parent tree growing on the Island of Crete. It is said to be about 150 years old and still vigorous and bearing well, the fruit being real early and of excellent quality.

The Greek orange trees were furnished without charge to the clubs by W. F. Ward, President of the Florida State Horticultural Society. Considerable publicity was given the planting by various papers throughout the State.

Mrs. F. A. Truan has gone to Baltimore, Md., to visit her daughter who is quite ill.

Child Is Killed On Way To Church

A most unfortunate accident occured Thursday evening, April 29th at about 8:00 o'clock, in front of the Church of God on South Verona street.

Sandra Baucom, 6-year-old daughter of Mr. and Mrs. James V. Baucom was killed when struck by an automobile driven by Mrs. Bernice Daniels of this city. The child, one of several children had just left the Church bus that had parked on the right hand side of the street headed north, which made it necessary for the children to pass in front of the bus in order to reach the church across the street. The injured child was rushed to the hospital, but died within a few minutes.

Survivors are her parents and two brothers, Nelson and David of this city and a half-brother, Kenneth, of Sarasota. Funeral services were held at 4:30 o'clock Sunday afternoon at the New Hope church, between here and Zolfo Springs, Rev. W. O. Crews, officiating.

AVON PARK TRIMS SEBRING, 6 TO 1

Avon Park won another baseball game Tuesday night, its 12th straight, beating Sebring 5-1 with J. C. Walker hurling his fifth one-hitter and running his strikeout record to 108 in 52 innings.

Walker also got two doubles. Spencer and Rutledge each got three hits for four times at bat.

J. Stevenson got Sebring's only hit.

DEVILS TRIP HIGHLANDERS

Avon Park's Red Devils went on the rampage last Thursday night and this time the victim was Lake Wales's Highlanders which they promptly disposed of. 6. J. Walker hurled for the Devils and allowed 3 hits and also contributed 2 hits to the game. Brother Moe slammed a round tripper in the 1st inning with no one on base. It was the second meeting with the Highlanders this year. The Devils won the first game 8-0.

Mother's Day, May 9.

May Day, 1948

Hear Ye! Hear Ye! In this tropical setting of palms and jacaranda, we have gathered in the Kingdom of May to pay tribute to our rulers of this green, blue and gold of sunshine. A carpet of green velvet has been laid for the approaching royal party.

Our theme for today is Florida, its beauty, and beauties.

Seated upon our throne, we gaze upon King Virgil of the House of Martin, one of our most popular Kings ever to reign, and queen Gloria, of the House of Garber, the fair, lovely and talented Queen Gloria. These two have reigned supreme for the past year and are now retiring in regal splendor to allow new rulers to dominate this country of May in the land of Florida.

Word has arrived that the maids in waiting are on their way to bid farewell to the outgoing, and pay tribute to the incoming royalty. Is it any wonder that we are so proud of our Kingdom of May, as we look upon these maids of grace and charm whose beauty is not surpassed in any other land than Florida.

Approaching the throne, in the order they arrive are:

Lady Betty Ann of the House of Anderson; Lady Helen of the House of Bryant; Lady Nancy of the House of Pickens; Lady Joyce of the House of Grice; Lady Mary Jo of the House of Hill; Lady Lillie Mae of the House of Collins; Lady Estelle of the House of Harden; Lady Rosemary of the House of Mena; Lady Arden of the House of Anderson; Lady Ann of the House of Pabor; Lady Doris of the House of Cannon; Lady Rosemary of the House of Lagoni; Lady Anne of the House of Puryear; Lady Jimi of the House of James; Lady Louise of the House of Lock; Lady Betty of the House of Spurlock; Lady Eloise of the House of Simms; Lady Agnes of the House of Hayes and Lady Dot of the House of Edge.

Fairer flowers do not bloom elsewhere.

Our Court trumpeter alerts us to the fact that the King and Queen's Royal party approaches.

First comes the Junior Maid of Honor, selected for her personality, popularity and prettiness, Lady Ruthinia of the House of Elder, escorted by that handsome Lord John of the House of Delgal.

Next arrives the Sophomore Maid of Honor, so selected because of her charming ways and well-told beauty, Lady Virginia, of the House of Norris. Lady Virginia is escorted by attractive Billy, of the House of Wingfield.

Following in fun and frolic are the favored court clowns, Preston Strenth and Jerry Casey.

Now comes our dainty and so joyful to behold flower girls, Donna Sue Pounds and Vicki Carter, followed by Betsy Ginn and Pat Touchton.

The jewels carrying the crowned jewels are none other than Jay Clark and Mary King.

Then in full glory of this day, befitting to the Kingdom of May in the Land of Florida is "Mirror, Mirror on the Wall, who is the Fairest of them all," Queen Julia of the House of Nader, and the man that makes the femine hearts flutter and the sportsmen envious, King J. C. of the House of Walker.

As they mount the throne to be crowned King and Queen of May, as beauty passes by.

Ward's New Store Now Open

Ted J. Ward, of Ward's Department Store announces that after several weeks of waiting for new fixtures, that they are now moved into the new location on East Main street. However, all of the fixtures are not yet in place, but they will be able to serve their customers promptly and with a large number of money-saving specials.

The new Ward's Store has over 3,000 feet of floor space and has acquired that "new look" of streamlining and flourescent lighting that gives you day light effect for selecting all material. Without a doubt the new store will be one of the very finest department stores in south central Florida, and is a big asset to Avon Park. We urge you to visit the store this week.

Revival Meeting

Evangelist D. H. Hadwin, of Winter Haven will conduct Revival Services at the Church of Christ of Avon Park, May 9-20.

The public is urged to come and hear these Bible lessons.

Miss Pearl Pearce spent Monday in Avon Park on business.

AP School Faculty To Present Play

The Avon Park school faculty will attempt to entertain the public May 14 with a comedy in three acts, "The Inner Willy," sponsored by the P. T. A. Its able director, Elinor Chisholm, finds it hard to bring all the busy teachers together at one time but expects the play to be one enjoyed by those attending as well as those presenting it.

The leading role, a well-behaved boy, is played by Frank Gerlock; his three old-maid aunts are played by Anne Farrior, Patti Hill, and Ann Sides; the conscience of Willy is played by Elbert Charpie; two young boys are Vaughan Driggers and George Harrison; the young girls of the comedy are acted by Chloe Lookoff, Juanita Graham, Griselda Riner, and Aileen Best.

March Of Dimes Campaign Successful

The total amount of funds raised in the recent March of Dimes campaign was $1,825.05, according to figures released by S. F. Longbottom, treasurer of the Highlands County chapter of The National Foundation For Infantile Paralysis.

Avon Park lead with $904.53; Sebring, $771.77; Lake Placid, $116.68, and DeSoto City, $32.07.

Mrs. A. R. Martin, county chairman of the campaign was assisted by a capable local chairman in each town. The schools played a large part in the success of the drive, and individuals and organizations throughout the county cooperated in a splendid manner. Mrs. Martin wishes to express to each individual, and the schools and organizations, her sincere appreciation for the successful campaign. Contributions continued to come in after the close intensive drive, and the announcement of the amount of the final total was withheld, until all funds were reported.

CARD OF THANKS

Our heartfelt thanks to the many friends for their lovely floral tributes and expressions of sympathy upon the loss of our devoted wife and mother.

Mr. C. E. Emerson,
T-Sgt. and Mrs. E. C. Clark.

Livingston Wins Over Pardee ...Coker Top Man for Sheriff

The May 4th state-wide primary is over with and candidates and voters can again settle down to an even keel until the run-off primary on May 29th. At the time of going to press, the governorship race will be run-off between Warren and McCarty. As the returns come in it shows Warren in the lead and the next return shows McCarty into number one place and they continue to see-saw back and forth. However we will let the radio and daily papers keep you posted on the state-wide races.

Here in Highlands County, some of the races for county officers are fairly close and there will undoubtedly be some run-offs. We give you the following figures on the county and local races. These however are not official. Next week we will give you the tabulated figures. Incumbents who were re-elected were:

County Judge, Howard Livingston, 3,017 over S. Colquitt Pardee, Jr., 2,584.

Tax Assessor, P. G. Gearing, 3,-803 over J. H. Twitty, 1,697.

Supervisor of Registration, Roland X. Droit, 3,924 over Mrs. Clara Pearce, 1,478.

M. H. Grice defeated Commissioner John Hood in District 1. Grice 824; Hood 522.

For the office of County Sheriff, Broward Coker, 2,588; Sumter Bass, 2,118; Philip Carroll, 1,898. There will undoubtedly be a run-off between Coker and Bass.

For Justice of the Peace, District 1: Alton Elders, present incumbent, 1,122; George Hayslip, 436; L. D. Roberts, 367.

For Constable, District 1: Bob Massey present incumbent, 984; W. A. Roberts, 376; Thomas Wells, 275; Johnny Wright, 651. There will be a run-off between Massey and Wright.

County Commissioner of District 3: Jim Jones, 338; Payne Ellis, 126; Shorty Schaefer, 1,-[illegible]; and Schumacher will go [illegible]

[illegible] District 5: Soule, 944; Stokes, 438; Waldron, 218; Winchester, 178.

C. E. Weaver, District 5 school board member, was re-elected over F. M. Young, L. C. Green defeated T. W. Cox. District 3 school board member completed his 24th year.

Walter W. Wolfolk of Lake Wales polled 2,920 votes for state attorney to 700 for Walter Sumner of Lakeland, in the county. From reports coming in from the 10th judicial District it seems Wolfolk will be elected by a large majority.

Attorney James W. Moore, of Sebring, received 1,976 votes against 734 for Senator Jeff Flake of Wauchula, in the 27th senatorial district. Reports from the other counties in the district show Moore leading by a safe majority.

Donald Ford and Fred Montsdeoca are listed in the probable starting lineup. They were stars on the Avon Park High School team prior to entering the University of Florida.

Mrs. Louise Lambert is visiting friends and relatives here.

New Recreational Centre for Avon Park

A new recreational center is being built on the shores of beautiful Lake Lotela. Reports from the lake front the well known Pinecrest hotel, and inside the corporate limits of the city of Avon Park, and one of which all citizens of this city can well be proud.

The owner, Edward A. Teppert, who after seeing Lake Lotela and spending some time here as a visitor, decided to pull stakes from his native Michigan and move to Florida and Avon Park. His first thought was that there was little recreational facilities for the local young people, and that all thought was that there was little recreational lines was solely for the benefit of the tourist, while the local young people as well as their elders had few clean and respectable places of entertainment to attend. Mr. Teppert decided to give the people of this vicinity just such a place where families could go and their children even unattended would be safe. The result was that Mr. Teppert purchased the property that was formerly known as the Blue Anchor and several hundred feet of frontage on either side of the old building.

The old building was partially torn down and entirely remodeled inside and out. A beautiful beach over one thousand feet in length was recently built by the dredging of approximately thirty six hundred yards of sand from the bottom of the lake. The dredging was done in deep water and the beach runs out gradually making it safe for both bathers and swimmers. When the beach and bath house operations which Mr. Teppert hopes will be by at least [illegible]

Information On Financial Condition of Avon Park

The Mayor and City Council, having assumed office on October 1st, 1947, completed the first six months of their administration on March 31st. They feel that the passage of just one half of the current fiscal year has given them sufficient data from which to evaluate, to a reasonable degree, the financial position of the City and have prepared a series of three articles dealing with the principal fiscal matters effecting the community.

With the exception of the special tax assessment made to pay the award in the case of Roger Giddens and the financing of the night lighting system for the ball park, the city finances are grouped under three major projects, those being:

First, payment of interest on the bonded debt of the City and the retirement of such debt.

Second, the cost of operating the City, including the police department, fire department, sanitary department, park department, street department and administration, and,

Third, operation of the City Water Department.

The first financial project, the matter of servicing the bonded debt of the City, will be reviewed in this article, the other articles following in subsequent issues of this newspaper.

After its incorporation as the Town of Avon Park and subsequently as the City of Avon Park, very considerable money was borrowed by the municipality for the purpose of improving streets, sidewalks, parks, street lighting and other needed facilities. After the so-called "Florida Boom," followed by the dark days of the depression, the city was unable to meet its interest payments on the bonded debt and was in default. After a great deal of difficulty and expense due to suits brought into Court by the bondholders, the entire bonded debt of the City was refunded in 1942 thru the investment firm of Crum-Sweeney Company, Orlando, Florida.

To meet the value of the bonds outstanding on April 1st, 1942 due the interest due thereon, refunding bonds dated April 1st, 1942, were issued in the gross amount of $1,863,567.73, which then became the total bonded debt of the City. These refunding bonds provided for the payment of interest semi-annually at the rate of 1 1-2 percent to April 1st, 1943; then 2 percent to April 1st, 1943; then 3 percent to April 1st, 1943; then 4 percent to April 1st, 1943 and 5 percent thereafter.

The contract under which the bond issue of 1942 was validated also provided that in the event the City defaulted on the payment of interest when due or otherwise violated the provisions of the contract, all bonds would revert to an interest rate of 6 percent per annum.

In view of the rising rate of interest possible under the 1942 contract and the possibility that the interest rate might, under certain conditions, revert to 6 percent, the then City Council, on September 30th, 1946, entered into an agreement with R. W. Spragins and Company, Memphis, Tenn., under which all refunding bonds of the issue of 1942, then outstanding to the face value of $1,430,042.49, would be refunded under a new bond issue dated October 1st, 1946. The interest rate under the 1946 issue varies during certain periods. The exact rate of interest payable under the 1946 issue is stated in detail further on in this article.

To go back to the 1942 issue, it will be noted that by October 1st, 1946, the face value of the outstanding bonds had been reduced from $1,568,567.73 to $1,430,042.49, a reduction of $138,525.24 represented by bonds which had been purchased by the City and cancelled. Additional bonds to face value of $40,000 were purchased by the City in August, 1947, for retirement. However, due to the fact that this lot of bonds were not purchased after advertisement, as required by the terms of the contract, certain bondholders threatened to institute court action and it was necessary to sell these bonds and return the money to the Sinking Fund. This has been done, thus removing the possibility of expensive court action and the further possibility of the outstanding bonds of the 1942 issue reverting to a 6 percent interest charge.

As is the state of this article, Spragins and Company have effected the exchange of bonds of the 1946 issue for an equal amount of the 1942 issue to a face value of $356,000.00. Consequently, at this date, there are outstanding against the 1942 issue bonds to a face value of $1,074,042.49 and against the 1946 issue $356,000.00, or a total of $1,430,042.49.

For the six months ending April 1st, 1948, bonds of the issue of 1942 carried interest at 2 percent per annum while those of the 1946 issue earned an average of 3 percent per annum. Total interest payments and bank fees for the six months period totaled $12,112.22. Due to a technical interpretation of the contract validating the issue of 1942, no payment of interest from the Sinking Fund would be made for interest earned to April 1st, 1948, in excess of 2 percent per annum, that being the rate prescribed in the 1942 contract for that period. Consequently the sum of $14,370.13 was paid from the Sinking Fund and the balance of $1,742.09 was met from the General Fund of the City.

As to the payment of interest charges after April 1st, 1948 and for the next several years, any outstanding bonds of the 1942 issue will carry a 3 percent annual interest while outstanding bonds of the 1946 issue will vary as to interest charges, according to series, from 2 3-4 percent to 4 percent.

Under the contract for the 1946 bonds, Series A bonds authorized in the amount of $100,000, will bear interest at 2 3-4 percent until maturity. Series B bonds, authorized in the amount of $227,000, bear interest at the rate of 3 3-4 percent until October 1st, 1951 and 2 3-4 percent thereafter. Series C bonds, authorized in the amount of $441,596, bear interest at 3 percent to April 1st, 1948; then 4 percent to October 1st, 1953 and 3 percent thereafter. Series D bonds, authorized in the amount of $561,465, bear interest at the rate of 3 percent to April 1st, 1948; then 4 percent to October 1st, 1953 and 3 percent thereafter.

Assuming that Spragins and Co., will be successful in completing the exchange of 1946 bonds for all outstanding 1942 bonds by October 1st, 1948, the interest charges which will become due on October 1st, 1948 for 6 month's period, will amount to $27,567.07 and for the fiscal year beginning October 1st, 1948, amount to $55,134.14. In the event the City purchases and retires a quantity of bonds prior to October 1st, 1948, the interest payment will be correspondingly reduced.

In order to present status of future interest payments in relation to taxes levied in the past and which may have to be levied in the future for payment of interest, the following comparison of past and estimated future payments for interest on the bonded debt are given.

Interest on bonded debt paid for the fiscal year beginning October 1st, 1946, $28,755.44. Interest to be paid for the fiscal year beginning October 1st, 1947, $43,679.29. Estimated interest to be paid for the year ending September 30, 1949, $55,134.14.

Taxes levied by the City annually on real and personal property are divided into two categories. First taxes for the payment of interest on the bonded debt and for the retirement of bonds. Taxes for this purpose can be levied against all real and personal property in the corporate limits of the City, including property to which the homestead exemption applies. The second category is the levy of taxes to cover the expense of obtaining the City. Taxes for operational expense cannot be levied on real or personal property which has been approved for homestead exemption unless the value of such property exceeds $5,000.00 and then only for that valuation in excess of $5,000.00.

All taxes levied and collected for the payment of interest on the public debt or for retirement of bonds, are deposited in the Sinking Fund, City of Avon Park and can be expended only for the purpose of payment of interest or retirement of bonds. Taxes levied for this purpose for one year and payable on October 1st, 1947, totaled $43,616.39. Of this amount $32,383.57 had been collected and by March 31st, 1948, leaving $11,232.82 to be collected. The balance in the Sinking Fund on March 31st, 1948 was $65,477.54.

Interest due on April 1st, 1948 and payable from the Sinking Fund to the amount of $14,370.13 has been paid. Interest due on October 1st, 1948, will amount to approximately $27,567.07. After allowing for payable tax collection between now and October 1st, and the payment of interest which will be due on that date, it appears that there will be a balance of approximately $49,333.91, which could be applied to the purchase and retirement of 1942 bonds as required by the contract covering the 1942 issue.

Under the terms of the contract covering the 1942 bond issue, the City is required to use such bonds in the Sinking Fund, which are over and above those required for the next interest payment, for the purchase and retirement of outstanding bonds and thus reduce the bonded debt and future interest charges. The City Council contemplates that it will advertise in the near future calling for bids for sale to the City of bonds to a face value of $60,000, which amount it is hoped can be purchased for approximately 83 cents on the dollar of face value or for a total expenditure of approximately $49,000.

To Summarize:

Bonds outstanding on March 31st, 1948, issue of 1942	$1,074,042.49
Bonds outstanding on March 31st, 1948, issue of 1946	356,000.00
Bonds outstanding on March 31st, 1948, both issues	$1,430,042.49
Interest due April 1st, 1948 and paid from Sinking Fund	14,370.13
Estimated interest due Oct. 1st., 1948	27,567.07
Estimated interest which will be due for the fiscal year beginning Oct. 1st., 1948	55,134.14
Cash in Sinking Fund March 31st, 1948	65,477.54
Probable collections April 1st to September 30th, 1948	6,971.18
Cash in Sinking Fund which might be applied to purchase and retirement of bonds	49,333.91
Probable face value of bonds which might be purchased and retired	60,000.00

It will be seen that the City has, since 1942, met interest payments on its bonded debt and has managed to retire bonds to a considerable value. However, the bonded debt is still large and sound business sense would seem to indicate the need for an annual retirement of a portion of the bonded debt, thus reducing interest payments and placing the City in a better position to secure funds in the future if the need should arise.

The next article of this series, that dealing with cost of operating the City, will appear in an early issue of this newspaper.

"TOO LATE TO CLASSIFY"

By Russell Kay

The policy of the present State Road Board in long range planning with the welfare of the state as a whole its first consideration is commendable, and if continued it will eventually give Florida a road system second to none and insure the taxpayers the maximum return on their investment.

The present board has demonstrated what can be accomplished when commissioners forget selfish interests and consider the needs of the entire state rather than the needs of their own individual districts.

This sensible policy has resulted in the elimination of much waste and effort. It prevents the construction of dead-end roads, so common in the state a few years ago, and has given Florida one of the best records in the country in the construction of good roads at minimum cost.

The present board is made up of men who for years have traveled highways of the state, not only in their own particular districts but statewide from Pensacola to Key West, and this is probably the principal reason for their ability to act and think of the state as a whole in mapping a long range improvement program.

Early in its administration the board established a practice of calling on the commissioners of each county in the state to give thoughtful consideration to the actual needs of their respective countries, and supply the State Board with a priority list of the construction jobs they consider the most needed with recommendations as to which of those listed should have first consideration.

This policy makes it imperative that the seevral county boards get together and iron out their own differences so that their appeal to the State Board will be unanimous as to their particular local needs.

While the State Board is not obligated to follow these county recommendations, it usually does so, provided such recommendations fit in intelligently with the overall needs of the state as a whole and with the needs of adjoining counties.

This cooperative policy has developed harmony and understanding between the state and county boards and enables all interests to work together efficiently and effectively for the welfare of not only the particular county or district involved but for the state as a whole.

Up until a short time ago I had no knowledge of how the State Board was conducting its program. I learned of it from my friend Courtney Campbell, commissioner of the First District, and I figured that probably a lot of other folks were uninformed on the subject so decided to bring it to public attention through this column.

U. S. SUGAR CORPORATION CLOSES 1947-48 SEASON

Florida's 1947-48 sugar cane harvest ended last week when the United States Sugar Corporation's huge Clewiston plant processed the 42,473rd car of sugar cane. Except for the usual clean up and repairs the plant will be closed until the next harvest season which will begin about the middle of October.

Only 10 percent of Florida's woodlands are owned by the federal and state governments. The rest is the property of farmers, cattlemen, paper companies, oil companies, etc.

Proclamation

Realizing that the attractive appearance of the community is a source of local pride and an economic asset, and

That flowers and shrubbery are the most important means for the improvement of the appearance of the city, and

Having been advised that the GARDEN CLUB OF AVON PARK has, for the purpose of providing the means for further improvement of the community, arranged to procure a large quantity of AZALEAS for resale to business concerns and residents of Avon Park, now

I, O. C. Wilkes, Mayor of the City of Avon Park, Florida, hereby proclaim Saturday, May 8th, 1948, as AZALEA PLANTING DAY and I urge all citizens to the extent of their means to do so, to purchase Azalea plants for the beautification of their places of business and their homes so that our community may further improve its apperance so as to justify increased pride in our city and the admiration of visitors.

O. C. WILKES,
Mayor, City of Avon Park.

CHURCHES OF CHRIST, SCIENTIST

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, May 9.

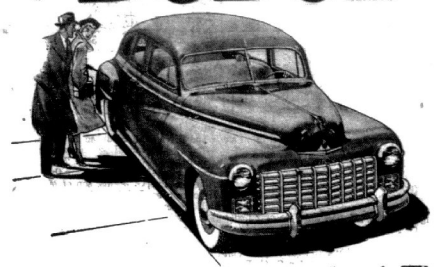

The Golden Text is: "If thou return to the Almighty, thou shalt be built up, thou shalt put away iniquity far from thy tabernacles" (Job 22:23).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lord, make me to know mine end, and the measure of my days, what it is; that I may know how frail I am. . . . And now, Lord, what wait I for? my hope is in thee" (Psalms 39:4, 7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The human mortal mind, by an inevitable perversion, makes all things start from the lowest instead of from the highest mortal thought. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend 'in infinite being'" (189:18).

DODGE

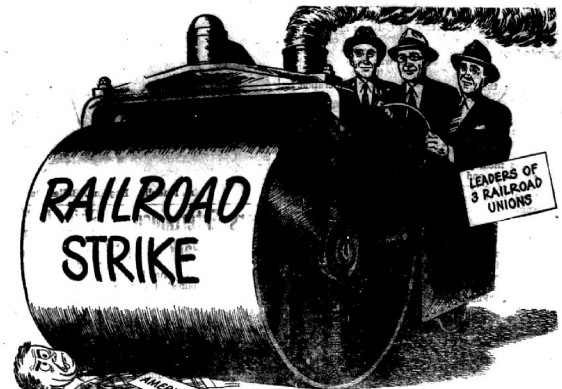

Hundreds of Thousands of Times

Hundreds of thousands of post-war Dodges are now in the hands of owners. They have advanced the average man's or woman's conception of a motor car. They have invaded all car markets regardless of price. They have delivered riding and driving qualities not known before. They continue to offer a new world of automobile experience. You can act with confidence on these facts today.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15½ cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15½ cents already has been accepted by the 15 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rule changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon their arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board, after hearing, evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

WALLACE PURRS, THE CAT GRINS

Some publishers are very kind to me, sending me occasional books. I have just received Henry Wallace's new book, and a slender one it is, "Toward World Peace."

I sat down and read it, since it is thin in pages, and I want to write about it honestly. I was one of those who, when Henry Wallace first came to politics, liked him for his freshness and his blunt honesty of expression.

I knew it was not he who "plowed under the little pigs," as his enemies said, that action being made by the full agricultural committee, which never had the integrity to come forward and speak in defense of Wallace. I knew, too, that he was not a failure, but a successful businessman, whose experiments in hybrid corn alone brought him in a sum of about $25,000 each year. When he was talking about corn and fields and soil conservation, things he knew something about, he was good. Maybe he was something of a dreamer, but so is every man who works with the soil and who knows skies and horizons. I want to be honest and admit all this.

But Wallace, the agricultural pioneer, who was to do his country a great service in developing hybrid corn and in experiments with pig breeding, became something else. He became a politician. And since he does not know much about politics, he has become a bad politician. That is by itself, harmful enough. But he has become something else. He has become a tool in the hands of those who use him for something else.

All of us have an ego. All of us like back-patting and we purr when our fur is stroked.

But Wallace, obviously, has come to like only to have his fur stroked and he lives always within reach of the eager hands which constantly are outstretched to keep their man purring—because, you see, he purrs their language.

Wallace has become so enamored of his own importance and his vision is so blinded by what is a surprising vanity and consuming ambition, in which hatred of Harry Truman is the driving force, that he is revealed by this little tract of his as little short of a foolish man.

I note that an admirer, with a fellow-traveler reputation, has written a review which says that the sayings of Wallace in this book remind him of the phrases and letters of Paine and Jefferson. Well, in a sense, they do, and they patently are efforts to take the thoughts of the two and put them into the words and the letters of Wallace.

As long as Wallace is rewriting Paine and parroting the phrases of Jefferson, he does very well.

But when he gets on his own he is not too good.

In a lofty manner, as if to escape it all, he writes that he leaves to history the judgment of those who consider a totalitarian Russia as they did a totalitarian Germany.

Wallace himself, not so long ago, was saying:

"Communism and Fascism are strikingly similar . . . like war, they begin and end with physical force, and their final outcome is likely to be as futile and devastating."

But now, as the Communists stroke his fur, he purrs out good things about the Soviet course and finds excuses and justifications for it. Now, as he is fed on the lotus of Communism, he purrs the party line of the Communist Party.

His speeches contain not only Paine and Jefferson, but more of Stalin and of the editorials of the Daily Worker.

He wishes that this country would join with Russia in saving the peoples of the world.

Russia has violated every major pledge made at Yalta. Yet, Wallace says:

"Russia has been criticized for the part she has taken in the Balkan States and particularly for refusing to permit Western observation and supervision of the elections in those countries. I have not joined in that criticism, for the simple reason that I know if the shoe were on the other foot . . . we would act as Russia has, if not more drastically . . . Russia simply will not permit us to run the politics of that area no matter what was said at Yalta."

That this is false, he must know.

Here, in the amazing statement above, he excuses Russia for violating her pledged word when this country and Great Britain had followed it to the letter—until Russia deviated from it.

His program for peace is to capitulate to Russia—to turn over world affairs to her. He no longer, then, can be interested in freedom for the individual, because freedom for the individual exists in no country where Russia governs.

His program is very remindful of that of a Georgia legislator. He stands for peace, for lower taxes, for more and better pensions and for more and more Federal aids for everyone.

Neville Chamberlain was as sincere as Wallace. Chamberlain wanted to give Hitler all he wanted, as Wallace wants to appease Russia. He did it in the name of "peace", as does Wallace.

Wallace purrs and the Kremlin cat grins.

Springtime is salad time . . . and a good time to spring some fresh combinations on your family and guests. So today I'm going to tell you about a few that are sure to be as welcome as the flowers in May.

FLOWERPOT-LUCK

For tempting taste buds, try radish roses with green pepper stems and water cress leaves! Arrange 3 of these flavorful flowers on each plate and add a flowerpot made like this: Soften 2 tsps. of A&P's plain ANN PAGE GELATIN in cold water. Combine 3 ounces softened cream cheese with enough milk to make 1 cup. Add a dash salt and 2 tbsps. softened Bleu cheese. Melt gelatin over hot water and stir into mixture. Pour into 2 custard cups; chill till firm; unmold and cut in half lengthwise. Place 1 half (cut-side down) on each plate under radish rosebush.

BEET TREAT

Want a bright bouquet for your spring salad bowl? Wash, drain and dry ¼ lb. of spinach. Chop the tender inside leaves and add 1½ cups of IONA CUT BEETS from the A&P, ½ cup diced celery and ¼ cup French dressing. Toss lightly and serve on lettuce. Enough for 4 to 6 portions.

DRESSING BLESSING

A good salad rates a good dressing . . . and here's how to make one that wins raves: Put ½ cup of A&P's ANN PAGE VINEGAR and 2 tbsps. chili sauce in a jar. Add 2 tbsps. salt, 1 tsp. sugar, 1 tsp. dry mustard and ¼ tsp. cayenne. Shake well. Add 1¼ cups olive oil, and shake till thick. Makes 1 pint. Strong for garlic? Pop a clove of it into the jar, too!

BEANS WITH SPRING ZING

There's nothing like bean salad to satisfy keen appetites . . . especially when it's made with A&P's SULTANA RED BEANS. I fix mine like this: Mix a 16-oz. can SULTANA RED BEANS with 1 tbsp. vinegar, ½ tsp. salt, ½ tsp. chili powder and ½ tsp. dry mustard. Chill thoroughly. Arrange on 2 cups of shredded cabbage; top with 8 onion rings and 8 green pepper rings, and garnish with sections of 2 tomatoes. Serve with salad dressing. 4 servings.

New COOK-KILL Bug Killer (Plus Secret Activator) Extane*

GUARANTEED FASTER KILL

Roaches, Ants, Waterbugs, Moths

than any insecticide you ever used

OR YOUR MONEY BACK!

Mr. Howard A. Stedman—Famous Insecticide Chemist Says:

Howard A. Stedman (Test available upon request.)

"I tested COOK-KILL and found that it paralyzed 84% of roaches in 10 MINUTES . . . killed 100% IN 24 HOURS. Using same method, 2% Chlordane or 10 68 killed only 78% in 24 HOURS. 10% DDT killed only 40% in 24 HOURS and never killed 100%."

*EXTANE: A secret activator exclusive with COOK-KILL. Non-toxic to humans. Safe. Yet makes miracle COOK-KILL kill hardest-to-kill roaches in ½ time of 10 68 or Chlordane.

That's why COOK-KILL is sold under a money-back guarantee.

Hospitals, Restaurants, Housewives, Public Health Authorities Praise COOK-KILL

SUE WAS FRANTIC. Mrs. Nellie E. Sagur, Denver, Colo., writes, "I had to fight cockroaches until I was frantic . . . now that I have COOK-KILL I have no further trouble."

NOW RARELY SEES ONE. Bess Mize, Rio Hondo, Texas, says, "I have fought roaches with every known available roach killer with unsatisfactory results. Before using COOK-KILL roaches were too numerous to count, but now we rarely see one."

'Cracker Politics'

By Allen Morris

And so we come to the end of the first primary campaign of 1948, and may say with Hamlet's Francisco—"for this relief, much thanks."

This has been a period of bitter memory for many.

Death has struck in the family of four of the candidates for governor—Dan McCarty, Fuller Warren, W. A. Shands and Colin English. (One slash of sunshine in the tragic scene: Bernarr Macfadden another of the aspirants, was wed between platform appearances.)

A sheriff seeking reelection died, as did a candidate for sheriff in another county, while elsewhere an aspirant for that office went crazy.

Three members of the 1947 legislature, after qualifying to face the electorate, decided in midcampaign to call it quits, and a candidate for the senate dropped out.

Perhaps on a greater scale than in the past because more money was available, the dollars sent into many a county to woo voters on behalf of candidates for governor, were spent instead for aspirants for local office.

The closing days were torn by wholesale flip-flops from one candidate to another, with desertions for present gain or future patronage right down the line of the ballot from governor to constable.

The powerful organization of a state cabinet officer, for example, either encouraging one candidate for governor for many weeks, suddenly was given the order to get out and work for a rival.

Friendships were broken, alliances smashed, hopes dashed—that's the sorry summary of the first primary campaign. Even the winners well may wonder who were their real friends.

Contradictory inferences may be drawn about the participation of U. S. Senator Claude Pepper in the gubernatorial race.

The first is that Senator Pepper spread his influence over the entire field of major contenders in the hope of having friends at the next governor's ear regardless of who may be elected.

The other, and more reasonable, is that the senator has taken no consequential part in the present campaign.

(Since the senator must run two years from now, a friendly governor could be quite helpful in a contest which promises to be difficult for Pepper. Hence, Pepper would have good reason for trying to throw about whatever political weight he possesses in the present race although wisdom may have dictated that he wait until the field was reduced for the second primary.)

It is not always possible to state with certainty the alignment of past Pepper supporters but on information and behalf a cross-section seems to look like this:

In the camp of Senator W. A. Shands — Oscar Johnson, who managed Pepper's campaigns and now heads up the Shands staff; Dan Chappell, key man for Pepper in the Miami area; Boyce A. Williams, Leesburg citrus grower and former federal official; J. D. Manly, Leesburg road contractor; Jim Clements, longtime right-hand man to Pepper in Washington, and, to the extent the Hatch Act allows, John L. Fahs, collector of internal revenue for Florida.

On the side of Dan McCarty are—Charles Smith, Pensacola road contractor; Charles S. Ausley, Tallahassee attorney and former state senator, and Rainey Cawthon, Tallahassee oil distributor and former state representative.

Allied with Colin English are—Al B. Block, Tallahassee printer, and Julius F. Parker, former law partner and present business associate of Governor Millard F. Caldwell.

With Fuller Warren are—W. J. (Pundy) Steed, Orlando lawyer and former spokesman at Washington for Florida citrus interests; John Montgomery, Miami Beach publisher; B. K. Roberts, Tallahassee lawyer, and, again to the extent of Hatch Act boundaries, U. S. Marshall J. B. Royall of Tallahassee.

Except for past support of Pepper, these men have little in common.

That fact, plus the independence of most of them gained of course in their respective professions, would tend to support the belief they went into no gubernatorial camp or another because of personal inclination rather than any wish of Senator Pepper's.

As for Florida's other U. S. senator, Spessard L. Holland, there can be little doubt as to where his best wishes were in the governor's race, for Dan McCarty came close to being a legislative protege of Senator Holland's.

Have You A Home For These Boys

The Children's Home Society of Florida is seeking good family homes for fourteen homeless boys from twelve to sixteen years of age, boys who have come to the Society permanently from broken homes, homes fo neglect, mistreatment or homes where death, illness and separation have left these boys utterly homeless and in need of love, care, education and a fair chance in life.

The Home Society does not require the legal adoption of these boys but it does desire that the boys should be accepted in every way as real and permanent members of the family—with the definite understanding that they will perform the little chores and duties that boys of their ages would be expected to do in any normal home.

These boys are in no sense delinquent boys, or behavior problems. They are normal, healthy boys, needing a lot of love, kindly care and patient discipline and training.

Following is a list of the boys, their ages and a brief word about each boy. Complete information will be given gladly by State Superintendent Marcus C. Fagg, 403 Consolidated Building, Jacksonville, Florida.

James B.—age 17 — wants a good home on a farm. Wants to earn his way.

Walter B.—age 16—big, strong boy—good disposition—eager for a good home.

Willard J.—age 16—fine looking, intelligent boy—deserves a real chance.

Don B.—age 17—high school boy—wants family to give him a college education.

Leo and Louis B. — age 13 — twin brothers, needing farm home where discipline will be given.

David B.—age 13—needs farm home—with patient understanding family.

Andy D—age 13—needs home with family understanding difficult boy.

Charles K.—age 13—easy going boy with pleasant disposition — needs guidance.

Ken P.—age 17—strong, husky boy—would do well on a nice farm.

Albert S.—age 12—strong, husky boy—full of mischief — not fond of school.

Jimmy and Bill S.—ages 12 and 14—brothers, desire a good home, together.

Elwood S.—age 14—easy going boy—needs home of affection and guidance.

A BIG ONE . . . This 38-pound striped bass (rockfish) was headed for Oregon Inlet and up the Roanoke river in North Carolina when it was interrupted by a commercial fisherman just outside the inlet. Billy Brown tries to show how big the fellow is.

Speaking at an American Legion meeting in Atlanta recently, Captain Eddie Rickenbacker said, "The only way we can fight a bloodless war against Communism is to be so strong and so instantly ready to strike that the Kremlin will think twice before calling for a show down."

In 1947, 990 Americans were killed and 22,000 injured by automobiles with defective brakes. Check your car and check accidents!

New Recreational Center For Avon Park

(Continued from Page One)

first when the present lease of the property expires, ropes and stakes will be set up and stretched at stated intervals showing actual depth of the water, regardless of the rise and fall of the lake level. A life guard will be on duty when necessary to further safeguard especially the children and those who do not swim. The life guard will also give swimming instruction to those so desiring it.

An addition to the existing dock is planned to extend to the edge of deep water and it is planned to install a diving platform and to hold at intervals aquatic sporting events such as swimming, aqua-planing and motor and sailboat racing. Plans are at the moment in progress to organize among local sport fans a boat club for the furtherance of such events. The plans being worked on at this time is for a local motor boat regatta on the Fourth of July and an outside invitational event for Labor Day. During the winter season similar events will be carried on at short intervals. A number of local sport followers have signified their intention to back the proposed program to the limit in an endeavor to create a better civic minded public along outdoor recreational lines.

South of the main building several out-door grills are being constructed along with picnics tables and thatched roof shelters for family picnic parties.

At the moment Avon Park does not have any really modern tourists cottages and he maintains that there is a crying need for such living facilities. Plans are being drawn at the moment for the construction of several such cottages. These cottages will be modern in every way and will include hot and cold water, a heating system, with a covered portecochere for autos. The cottages to have bedroom, bath and kitchen facilities and will be rented only on weekly, monthly or seasonal basis. A boat will go with each cottage.

There will also be a rental livery for row boats, motor kickers, canoes, a shuffle board court as well as archery and horse shoe courts will be installed. For fishermen live bait will be furnished.

The main building, recently remodeled, compares favorably with the better places in Miami, Tampa and other larger Florida cities, and one which locals can take a great deal of pride. The main floor or street level of the building has a large dance floor with beautiful mural decorations on the walls and all done in oil. One of the murals depicting the leaving of Columbus for Spain after his discovery of America, is over thirty feet in length and six feet in height. The dance floor and murals are lighted with indirect lighting effects. Immediately off the dance floor is the dining room overlooking the entire lake, as one enters the building he comes directly into the bar with it's beautiful glass bar and domed ceiling and indirect lighting effects. Attractive booths line either side of the room.

The kitchen is modern in every way and it is the hope of Mr. Teppert through the aid of a most competent chef to serve the general public steak, fish and chicken dinners and sandwiches at all hours.

Downstairs and on the lake level are the dressing and locker rooms for the convenience of bathers. This level is also to act at the community house and will have a snack bar, serving ice cream, sodas, soft drinks, sandwiches and coffee at reasonable prices.

Before starting the actual remodeling Mr. Teppert obtained the services of Mr. Charles M. Anspach, well known mural artist and engineer from Miami to lay out plans and to supervise construction and paint the murals. The results have been praised by everyone who has seen the work.

A large parking lot capable of handling seventy five automobiles has been constructed for the benefit of the public. The grounds will be landscaped making it one of the show places of Avon Park and vicinity.

Mr. Teppert has issued a general invitation to the public to come out and visit and inspect the new "Nautical Beach Club" under which name this unusual recreational centre will be known.

About 67 percent of the 37,500,000 acres of land in Florida is suitable for growing commercial timber. But because of wildfires and other destructive conditions, only a small percentage of the total is actually covered by profit-bringing trees.

Fishing Contest News

Charles A. Gay, Jr., with his 11 pound, 4 ounces, black bass is still leading in the fishing contest with the largest bass entered so far. With this entry he wins the April prize and stands a good chance for the grand prize.

Robert Lawton is following with a 10 pound, 4 ounces bass, taken from Grassy Lake. Nichols Eismont entered a 9 pound, 8 ounces, bass taken from Brentwood Lake and Vernon Tyree got one in Lake Jackson weighing 9 pounds, 2 ounces.

The largest gar, weight, 8 pounds, 12 ounces, was entered by John R. Smith. It was caught in Kissimmee River.

A speckled perch weighing one pound, 4 ounces, was entered by Adolph Manthey. It was taken from Lake Jackson.

A three-fourth pound bream, caught in Arbuckle Creek was entered by Sadie Hoffman.

RECENT OPINIONS BY ATTORNEY GENERAL

Persons may occupy automobile trailers while the trailers are being operated along the highways of Florida, according to Attorney General J. Tom Watson. The Florida law is silent on this subject.

A professional bondsman may seize his principal who is on bail in any county of the State of Florida for the purpose of surrendering the principal, according to J. Tom Watson, attorney general.

Mr. Watson's opinion is in answer to a question presented to him by the county attorney of Putnam county, and explains that a professional bondsman's rights are the same as other bondsmen on a bail bond.

A person diagnosed as having tuberculosis is not compelled to be hospitalized under the provisions of the laws of the State of Florida, J. Tom Watson, attorney general, asserted in an opinion to L. L. Lanier, general business manager of the tuberculosis board.

WEEKLY BUSINESS REVIEW

The industrial expansion of Florida since 1940 is shown in an increase of approximately 40 per cent in the number of manufacturing concerns, the research and industrial division of the Florida State Chamber of Commerce stated yesterday in its weekly business review.

"The eight-year gain in persons employed by Florida industry out-paced plant establishment growth and stood at 45 per cent.

"The greatest general expansion was shown in the manufacture of materials used for construction: lumber, wood products, cement and clay products. Other classifications registering high rates of increase were pulp and paper, tobacco manufacture, clothing and other textile products, foods, chemicals and printing and publishing.

"Mining, often broadly classified with manufacturing, has also shown appreciable expansion.

"Manufacturing in Florida has been characterized by two significant trends in recent years. The first is a greater utilization of the raw materials found within the State or near at hand. The second, and more recent trend, lies in the fabrication of products from materials and unfinished goods brought in from other regions to meet consumer demands of the State and Southeastern area."

Rebekah Lodge No. 65 Entertains President

Mrs. Fannie Spink, president, Rebekah Assembly of Florida, made her first official visit Monday evening at 8 o'clock.

The meeting was presented by a beautiful Banquet at the Avon Park Cafe on Main Street. Mrs. Spink found at her place a lovely Carnation Corsage. At the president's table were all distinguished guests. The tables were lovely with the center pieces of spring flowers of pasted shades. The place cards were three links handpainted with three small carnations combined with fern and could be used as a Souquet. At the president's table was a special three link center piece, and her salad was very attractive with the president's initials.

The menu consisted of a four course dinner; cocktails, crackers, salad, olives, celery, barbecued chicken, peas, candied yams, hot rolls, butter, coffee or iced tea and ice cream.

The banquet was attended by 53 members, 25 from Orlando, and 6 from Lakeland. Among them were several Assembly Officers.

The meeting was held in the Rebekah Hall on the second floor of the City Hall. Mrs. Lillian Bridges, Noble Grand, presided with her Corp. of Officers.

After Mrs. Spink was presented by Mrs. Bertha Kelly, Conductor, she was welcomed very lovingly by the Noble Grand. Mrs. Erna Fifrick gave a very interesting poem on "The Three Links" after which Mrs. Agnes Cox, in behalf of the Lodge presented Mrs. Spink with a three link brooch made of billsand and pinned it on Fannie's breast with a few well chosen words. Three Assembly Officers were presented at this time; Mrs. Mary Reed, Assembly Chaplain; Mrs. Ida Cole, Inside Guardian; Mrs. Elfreda Walker, Color Bearer. Mrs. Rena Knott, Jr., Past President Ladies Auxiliary, Patriots Militants, of Florida 26 Noble Grands P. N. G. and 5 past District Deputies were introduced and welcomed.

Under Degree Ceremony, Mrs. Anne Schoembern was initiated into the Order. The Degree work was put on by the Lodges of Orlando No. 12 and 36. As the lectures were given they were portrayed in pantomine, and they were complimented for their lovely ceremony.

Under good of the Order, Mrs. Spink gave a splendid inspirational lecture telling of her plans for the ensueing year, leaving us with much food for thought.

Mrs. Agnes Cox was presented a P. D. D. P.'s Jewel by Mrs. Spink and the Lodge. The Silver Drill was given Mrs. Spink for her special fund with which she intends to remodel the kitchen of the I. O. O. F. in Gainesville.

Kid Day

Every teacher who taught Seniors at all was most happy when the bell rang to dismiss school. Being kid day, Friday, April 30, was full of fun, confusion, and water from the blue million water pistols that were considered part of the necessary equipment for the little, first grade senior boys. With the costumes for girls, there was included the favorite doll or teddy bear. Boys and girls alike chewed and chomped on bubble gum and licked various colored lolli-pops.

The youngsters journeyed out to Lake Lotelia Legion Home for a picnic lunch. Some swam, and others tried to keep themselves and their dolls dry. Everyone brought his own lunch, with the exception of several lucky boys who were fortunate enough to have a girl who would consent to fix their lunch.

Of course people have wondered why they pick a special date for kid day, for certainly, the Seniors are nothing else. They did have a much better time than usual, for they weren't sent to the office for shooting water guns and weren't paddled for blowing bubble gum.

Senior Woman's Club Will Hold Luncheon

The Senior Woman's Club will hold it's annual luncheon today at one o'clock at the Parrish House.

Mrs. Robert T. Dewell of Haines City will install the incoming officers.

A strike of 750 workers at the big International Minerals & Chemical Corporation at Mulberry was averted recently when union members and phosphate company officials agreed on a wage schedule.

Third Grade Presents Play

Miss Madeline S. Fountaine's third grade is giving a dainty spring play, "Nona's Forest Friends," by Karin Ashbond, at chapel, Friday morning at 8:30 in the High School Auditorium.

The cast is as follows: Nona, the child, Edith A. Sims; Wanda, the gypsy; Betty Lou Dyal; Snoopy, the first bunny; Clara Jo Still; Droopy Ears, second bunny, Patricia Basemore; Mary's Lamb, Shirley Moseley; First Little Pig, Lawson Chapman; Second Little Pig, Charles Whitehurst; Third Little Pig, Elgie Harrison; Great Big Bear, Edmond Phillips; Middle-sized bear; Dale Landress; Baby Bear, Lewis Sellars; First Little Kitten, Betty Jones; Second Little Kitten, James Bass; Third Little Kitten, Harold Grantham; Bambi, the deer, Randolph Bolt; the Wolf, Juddie Lookhoff; Goldilocks, Nancy Ginn; Red Riding Hood, Peggy Barefield; Mary, Betty Sue Sapp; Father, Bobby Clemons; Mother, Dolores Hill.

Helen Garrett and Ovida Fields spent the week-end in Gainesille. While there they went to see a play at University of Florida in which Clayton Fields took part. On May 13 Clayton will put on a one act play which he wrote and produced himself.

Among those attending the home coming of the Glee Club at Stetson University, Thursday of last week were Mr. and Mrs. Albert Demorest. Mrs. S. J. Pendleton and Mrs L. W. Wicker. Winifred Demorest, a member of the University Glee Club, is an alto and also one of the business managers for the club.

Ward's Dress Dept. Opens Saturday

Mothers know what it means to move and we feel sure they will patiently bear with us as we move Friday and Saturday. Just look ahead to a store you can enjoy for years and it will help us over the present rough spots. We are making every possible effort to open all of the ladies departments this week. Thank you for waiting and thanks for the way you have already received our enlarged shoe department and Men's Wear.
