My Fellow Floridians—

May I take this means of expressing to each of

It is difficult to express my feeling for the
loyal, untiring work of my friends throughout Florida.
I believe I can best express my appreciation by continu-
ing with a clean and aggressive campaign and by giving
all of Florida a sound, honest and impartial adminis-
tration when elected.

AVON PARK, FLORIDA, FRIDAY, MAY 14, 1948

AS WE SEE IT

By Art Kinney

Warren or McCarty... take your choice folks on May 25th... it's going to be a burn finger set race any way you look at it as their both good men, and which ever one wins, Florida is assured of having a good governor.

Roland X. Drott, Supervisor of Registration was the top vote getter in Highlands county... with P. G. Gearing, Tax Collector, next in line in that warren matter of getting votes... it all goes to show that the public is ever willing to reward the efficient public servant.

What seems to be one of the biggest surprises in the election locally, was the up-set of Commissioner Hood by M. H. Grier. Hood has held the office for a long number of years, and has been a good servant of the county and district that he represents. He is immediately showed his good sportsmanship by his public congratulations to his opponent.

The five voting precincts of Avon Park should have done a better job for our county than the Roscoe Bass for sheriff polled 1,315 votes and S. Colquitt Pardee, Jr., polled 1,189 votes for County Judge, and this out of about 2,800 votes.

In Avon Park, Fuller Warren picked up 813 votes to Dan McCarty's 683, but "Dan's" the McCarty carried the county by a landslide. It looks like Warren backers were better organized in AP, but must have dropped a stitch in the county.

We expected a much closer contest in the Campbell's race, but if Fraser's organization in other counties was as badly handled as he is in Highlands, it is no wonder that he went down to defeat.

The public is completely satisfied with the Governor's race, and we honestly believe that the voters are intelligent enough to make their own selection. The McCarty and Warren race when you have candidates of the calibre of McCarty and Warren to choose from... it is our firm belief that the duties of a county newspaper editor is to give our subscribers the best news and leave the choice of whom to vote for up to the voters, unless there is something radically wrong with the candidate that his election to a high office would prove a detriment to the country, and in that case we would be willing to step in and turn the white light of publicity on the candidate.

We are pleased to announce that the popular Mann's Halfway Dairy is introducing this week a new idea in marketing... every new idea deserves the public's young and old, and realizing this Mann's takes great pleasure in presenting the Wise family, Mr. and Mrs. B. Wise, Bobby, Betty and Baby Wise... a healthy, rollicking typically American cartoon family that is wholeheartedly engaged in promoting the sale and increased consumption of milk. Follow these cartoon strips each week in this paper, you will find them entertaining and healthful reading.

"Dan's the Man" McCarty made a whirlwind trip through the County last Monday afternoon, speaking at Lake Placid and Sebring to a fine turnout of voters... The candidate for governor was scheduled to speak here in Avon Park at 8:30 p. m., but on account of a funeral being held here at that time his speech was cancelled by his backers here in Avon Park... He hoped for a few minutes and took hands with his many followers who had gathered in front of the Jacaranda Hotel for the occasion. It looks like McCarty's popularity is picking up in Highlands county.

Notes On Meeting Of City Council Held Monday Night

The City Council received from the firm of Hunnittel and Associates the complete tax assessment roll for real and personal property. In compliance with the provisions of the City Charter, the Council directed that such tax assessment roll be held open by the City Clerk for public inspection during the period from May 21st, 1948, to May 28th, and that a legal notice be published to that effect. The City Council then adopted a resolution, as required by the City Charter, fixing the day of May 21st, 1948, as that upon which the Council will sit as an Equalizing Board for the purpose of hearing complaints as to the assessments established. The City Clerk was directed to publish notice in the local newspaper a legal notice of the fact that the Equalizing Board would sit at the City Hall at 7:30 P. M., May 21st, 1948. The legal notice, covering the examination of the tax assessment roll in the City Clerk's office and the Equalizing Board will be four copies of the paper. The Mayor and City Council urge all property owners to call at the City Hall and examine the assessments as shown on the tax roll.

The proposed Zoning Ordinance for the City after review by the City Attorney, was given its first and second readings by the Council. The third and final reading will be held in the near future, after which the ordinance will be published or posted in public places as prescribed by the Charter. The Ordinance, as finally adopted, is the result of a great deal of work, study and thought by the Zoning Commission and the members of the City Council. It is felt that its final adoption will mark a distinct advance toward making Avon Park a more attractive place for those seeking homes, home sites or places of business.

The City Council was advised of receipt from Bunting and Company, certified public accountants, of the reported audit of the accounts of the City for the year ending March 31st, 1948. The report stated that there would be a special meeting of the Council on May 17th, 1948, for the purpose of considering the report and for the purpose of reviewing the financial position of the City.

The following applications for building permits were approved: Charles Sargent for construction of an addition to his home on E. Campbell Street, as well as the remodeling and renovation of the present building. Harold A. Furrer for addition to his home on North Summit Ave., for use as a dwelling. E. H. Green for addition to and renovation of the West End Service Station.

CAN NOW NET ROUGH FISH IN OKEECHOBEE. The State Game and Fresh Water Fish Commission Monday (May 10) authorized the supervised use of pound nets, and baited traps for catching rough fish and turtles on the St. Johns River and Lake Okeechobee.

Permission also was granted for using herding and shad nets on the St. Johns River during the open seasons.

State Representative Bill Hendry, of Okeechobee, and O. H. Morris, Wakulla, who represent the fishing interests at the meeting estimated that the Commission's new ruling would "result in putting more than 600 fishermen back to work" in the two affected areas.

Asserting that the ruling was granted for an "indefinite period" for scientific study, the Commission specified that all game fish caught in nets or traps are to be "returned immediately and unharmed" to the water.

Special permits for operating the fishing equipment will be issued by Director Don C. Morgan after applications have been approved by the district commission. The agency's law enforcement officers and biologists will be authorized to inspect traps and nets at any time.

During Monday's meeting, the Commission tentatively approved the proposed \$1,474,900 1948-49 budget. Of this amount, \$1,000,000 has been earmarked for law enforcement.

NUMBER 26

Ridge high school coaches, in a meeting at Lake Wales Monday night, selected Avon Park as the site of the annual conference baseball tournament, May 19-22.

The selection was due to the amazing diamond record of the Red Devils for the past several years, and to the recent installation of lights on the Devil's diamond for night play.

Sebring had submitted a bid for the tourney several months ago, but Coach Bill Stephens withdrew the invitation before a vote was taken. Fort Meade, which also now boasts of a lighted field, offered its facilities, if needed.

Edwin R. Carter, Red Devil athletic director, was named tournament manager and empowered to select the officials. He will announce his selections later.

Three games will be played on Monday, at 4 p. m. and 8 p. m. Two games nightly at 6 and 8 o'clock on Tuesday, Thursday and Friday, and the finals will be played Saturday at 8 p. m. No games will be played on Wednesday.

Six of the 11 conference squads will meet in elimination games Monday for the three vacant spots in the eight-team bracket. Semifinals will be played Tuesday at 6 p. m. and 8 p. m. Finals will be played Wednesday at 8 p. m.

Regular touring play will start Tuesday, as follows: Sebring vs. Kissimmee; P. M. Nance City vs. Kissimmee; P. M. Nance City vs. Kissimmee; P. M. Nance City vs. Kissimmee.

Thursday at 6 p. m. Lake Wales takes on the winner of the Sebring vs. Kissimmee game, and at 8 p. m. Avon Park takes on the winner of the Sebring vs. Kissimmee game.

The standings of the teams in the tournament are as follows:

Avon Park... 10
Lake Wales... 9
Sebring... 8
Kissimmee... 7
P. M. Nance City... 6
Fort Meade... 5
Auburndale... 4
Lake Placid... 3

Avon Park Ends Season With Victory. The Avon Park Red Devils ended their regular season Tuesday night with a 3-2 victory over Lake Placid's Green Dragons. Billy Rudebeck of the Devils and Drew Austin of the Dragons shared the batting honors for the game with a 2 each.

Rudebeck also slugged a double in the 5th inning. Avon Park regular season shows a record of 13 wins and no losses. Of the 13 games J. Walker has won 3 of them and Mo Walker has won 6. Both Walkers have pitched a shutout in the current season. The Devils have scored 152 runs in 13 games to their enemies. A THIN PIECE—THE BULLETLESS WAR

I do not wish to do a global, or think piece, but one seems indicated. I am a great listener, and it is with regret I hear persons saying that now the Marshall Plan has been passed and the Communists have given the Communists the back of their hand, that all is well, and the international good things high.

That is the great trouble with us. We keep trying to think of our problems in terms of a formula. Our thinking seems to run to the idea that if we can just make a formula and apply it to the problem we will attain that unknown quality of x, or peace. The Russians will then become quiet and quit nagging us, and all will go merry as a marriage bell.

That isn't so. I would that it were true. But it isn't. History has bequeathed us many more years of taxes, has cast us into a struggle between the Communists, and the Marxists, or Communists, and our own. Someone has got to win that struggle.

What we are trying to do with things like the Marshall Plan is to win it without going to war.

But, let us not deceive ourselves. The going will be rough. The Marshall Plan saved us from being knocked out of the ring in the early rounds of the struggle to hold on to the world's left of Europe. It was tough and good. It was the Marshall Plan which enabled the Christian Democrats to win in Italy. So, let's understand a few things.

We are not going to ship bundles of dollars to Europe. It is true the plan has been discussed in terms of dollars, and that is unfortunate, in a sense. What we are going to send to Europe is goods, not dollars. They are, in a sense, relief goods for the purpose of economic recovery.

These goods fall into two major classes: foodstuffs and industrial materials; finished and unfinished (machinery, timber and other raw materials).

That is why farmers should have been behind the plan all along. It will keep farm prices up. Certainly it will prevent a collapse.

Such goods will have a dual purpose. They will prevent hunger and will enable industries to have enough raw materials to make consumer goods something Europe desperately lacks.

So what about Russia? The Soviets know that Europe cannot have a free enterprise system even if Europe wanted it. A free enterprise system on recovery loans isn't possible.

The Russians go on the very plausible theory that for a finished people a planned economy is the only type economy which guarantees freedom from want.

That is why they give such encouragement to Henry Wallace. That is why they point with pride to the Chinese Communists in China, who offer a planned economy.

It is perfectly true that the Soviet system of planned economy has not produced freedom from want in Communist-dominated countries. But they keep promising and they do divide up land when they take over a country and give it to the landless.

Any demagogue in this country—as Huey Long demonstrated with "Share the Wealth," could get quite a following by advocating dividing up large farms and giving every landless fellow a farm.

So, let it not be assumed the Soviets will not fight the Marshall Plan with their own version. It will come down to this—will we continue to be willing to spend the necessary money to prove our own system to be best? Or will we default on it?

You cannot destroy Communism with a bomb. You cannot destroy any idea, good or bad, with force. We can't win this fight just by force.

In terms of world politics, the most important economic facts are the Marshall Plan and the great harvest expected in Russia and the Middle-European countries controlled by Russia. They used to be the bread basket of Europe. Grain production in these countries, plus that in Russia itself, is expected to be greater than the production in the United States this year. This will be of the utmost importance. The Middle-European countries will be self-sufficient in food and will be able to get help if needed.

This surplus of Soviet grain will be poured into Eastern Germany in an effort to feed it and make it more attractive than the British, French and American Zones of Western Germany and Austria.

We must meet that with a well-fed one, because hungry people are ominously affected by food. The Russians will certainly pamper their zones in an effort to make the Marshall Plan appear second rate.

So, we have no formula. We have not won the victory. The battle has just begun to win a war without shooting.

By Allen Morris

Ballot-short Fuller Warren may pay with his long-sought governing for a gamble.

While self-confidence is a necessary part of every candidate's approach, Warren created his present difficult situation through de liberately cultivating the idea he might beat the whole field in the first primary lead of \$5,000 to stomp his rival runoff.

As a result, when for many hours after the count of ballots started he was short even of being the high man of the nine, Warren's aim reached as might a nose-dive by a stomach puncher—they were sick of heart and of him.

Warren seems to have more of a problem than if he had gravitated into the second go-around without the reiterated suggestion of first primary triumph. He has the distribution of lipopid polls whose authority was vouchered for. These polls kept him in the lead in the statistical and gave him the finish the appearance of a fast-developing lead for those who had followed the polls.

His run-off pattern resembles that of 1944, when he was defeated by J. H. McCarty. In 1944, when McCarty was in Avon Park Monday, Mrs. J. W. Zimmerman was the guest of Mrs. Charles F. Kenney. Dan McCarty was in Avon Park Monday.

Home Economics Department Has Fashion Show

By Nettie H. Hetherington

Parade of Fashions With That New Look was the keynote of the annual style show presented by the Home Economics department of Avon Park high school in the auditorium on Thursday evening under the capable direction of Mrs. Martha Allen, faculty instructor. In a patio garden, some which transformed the stage into an elaborate floral background, the young ladies paraded before an assembled audience of relatives and friends to display the modern trend of latest fashion, of their own creation.

Tall floor baskets filled with early spring garden flowers in pastel shades were arranged on either side of the stage against a background of stately palms and other scenery to create a beautiful effect, a pedestal bathed with the soft light of a patterned miniature chandelier in the center of the rainbow were in small containers across the entire front of the patio, with the glow from colored spot lights casting a soft illumination, the special lighting effect emphasizing the various fashion modes.

Miss Jimi James, as mistress of ceremonies, was attired in a striking formal design of duchesse satin, and announced the models as they appeared from the back of the stage. The entrance was designated with a short stairway leading from an archway framed with floral draperies, through a huge silver ring, and extending to the floor. Soft music by the high school orchestra, conducted by Gene Gorman, and accompanied by Mrs. J. B. Coen, Jr., was heard throughout the program.

The first group who appeared were members of the 7-1 and 7-2 classes. These young girls modeled aprons, which they had made this year in the department. The garments ranged in style from the petite, crisp organza to the more voluminous type with wide, ruffled ties. Models in this group were Shirley Ann Giddens, Leola Jane Brown, Joan Herring, Dorothy Renfro, Ann Walker, Jacqueline Landress, Lola Keene, Emily Marshall, Fredonia Hart, Barbara Mosley, Ruby Purvis, Laverne Selph, Annice Jean Bass, Alyse Reed, Thelma Simms, and Mary Woods. Charlene Delera, Betty Joyce Selph, Betty Joyce Henderson, and Martha Jo Little.

Members of the 8-1 and 8-2 classes modeled blouses and skirts, this group appearing next in parade. Many of the full skirts featured the modish ballerina style and off-the-shoulder blouses, while others were in the more conventional style, according to the taste of the individual. Various color combinations were used in the separate garments to offer either a blend or a contrast in design.

Modeling blouses and skirts were Eloise Harrison, Ella MacChauncey, Cary Hill, Mrs. Sapp, Charlene Hart, Mary Lou Farmer, Marie Johnson, Francis Hart, Mary Ann Pollard, Jean Robinson, Joyce Murray, Catherine Fletcher, Juanita Merrill, Joyce Hill, Josephine Chapman, Betty Burt, Betty Joyce Henderson, Margaret Coltrane, Joyce Higgins, Elizabeth Jackson, Virgie MacChapman, Maxine Gillard, Jeanette Teal. Two garments were modeled by Betty Joyce Henderson.

The fifth grade girls and the advanced classes presented dresses, costume suits, blouses and skirts. The new evening black, cap collar, ballerina skirts, and modes of the day were displayed in charming fashion by this group of models. Many of these dresses and suits featured the intricate fashions of sewing, including long back zippers, detailed pleats and ruffles, and patterns that are not so easy to make. A number of these students modeled two garments each.

Those displaying the garments they had made in this group were Owen and Wynne Prevatt, Norma Thompson, Gertrude Elder, Lynn Longbottom, Patty Ann Howard, Martha Duck, Roberta Harris, Pat Smith, Myrtle Beasley, Katherine Meeks, Jennie Mann, Holly Newcome, Ruth Sellers, Mary Duck and Helen Wilson from the ninth grade.

The advanced class modeling last included Shirley Hill, Myrtle Scott, Helen Henderson, Daisy Mann, Jean Bryant, Laverne Purvis, Christine Burnard, Janet Sauls, Marjorie Hechinger, Wilma Willis, and Barbara Chestnut. At intervals throughout the program, a group of lovely models were presented in chorus, their dresses being approp to the modern lines they sang. A continuous garland fashioned of trailing greenery entwined with pink and blue blossoms, was carried by the chorus as they appeared and sang "Over the Rainbow, Look For the Silver Lining, Ballerina, I'm Looking Over a Four Leaf Clover, and Serenade of the Bell." In the first two numbers, the girls wore formal in pastel colors, and ballerina skirts and blouses in the next number. Each girl carried a

Surprise Party Held For Wrights

A surprise party was given by friends, honoring Mr. and Mrs. Johnny Wright at their home at Lake Lotela, Saturday, May 8 on their eighth wedding anniversary. The couple came home at 7:30 to find their home in readiness for the party. The tables were decorated with gladioli and lilies. A supper was served.

Those attending the party were Mr. and Mrs. G. D. Gordin, Mr. and Mrs. Marion Nelson, Elizabeth Hetherington, Johnny Villalobos, Mr. and Mrs. Leonard B. Huak, Mary Ellwell and Sybil Sanborn.

Revival Services

Revival service will begin at the Church of God, on South Verona Avenue, Thursday, May 13.

The Exangelist will be Rev. D. H. Kirkland.

Week-day services will begin at 8 o'clock and the Sunday services will begin at 7:15.

Everyone is invited to come.

Bill says the B & B is on the ball now.

A large four leaf clover fashioned of green cellophane as they sang "I'm Looking Over a Four Leaf Clover" and round silver tambourines from which hung small silver bells were used when the song "Serenade of the Bell" was heard. The girls composing the chorus were Bill Deane, Nancy Pickens, Pat Smith, Arden Anderson, Rosemary Mena, Helen Knowles, Len Faber, Louise, Nettie Lee and Lynn Longbottom.

A note of humor was introduced when a period skirt was worn, depicting the old fashioned girl of yesterday as she eloped played by June Ward. A little old fashioned trunk was brought on the stage, with a table heaped with a quaint skirt-waist, skirts that resembled the ballerina skirt of today after a fashion, canopies, hats and other articles of ancient vintage. This young lady, who represented the one who would be the grandmother of today, packed her trunk very carefully.

The later era, played by Ethel in a striking contrast, as she eloped. Ethel dashed on the stage with a small bag and bag which she packed "in a jiffy," reminiscent of the time when "the show was a girl."

Today's girl, played by Margaret Lawson, showed the rather ladylike trousseau of the modern young lady. Her luggage was a smart bag, which she filled with dainty articles, preparatory to her elopement.

Mrs. Allen modeled, during the evening, a beautiful apple green three-piece suit, designed with the new length coat with cap collar and full back, and the long jacket effect to the suit. Her accessories were in mauve, and her lovely hat which was her own creation, featured a moss rose trim in back, with a long pompadour. Her gloves, bag and shoes were mauve, and her costume jewelry was a strand of mauve pearls. The girls of the Home Economics department presented Mrs. Allen with a shoulder corsage to match her suit. Jimi James making the presentation. Mrs. Allen used the cutting and assembling of her suit as a guide to the classes.

In closing the program, Mrs. Allen very graciously expressed her appreciation to the parents and their splendid cooperation in furnishing materials with which the girls could work. She said that the mothers had purchased good materials, rather than the more inexpensive goods, thereby, not only lending an incentive to the girls to carefully fashion the garments, but also presenting a more practical side, as now they can use the clothes they made and be justly proud of them. She felt, she said, that the entire department had enjoyed a good year and the girls had gained much knowledge that would be a decided asset in maintaining better homes.

Last Friday at a luncheon meeting held in the Parish House reports of the recent State Convention in St. Petersburg and the installation of the officers for the coming year were the highlights. Mrs. A. C. Wester, retiring president, introduced Mrs. E. G. Todd, who represented the Avon Park club at the State Convention. They should hold to the real club spirit, a group of organized women in every community who can be depended upon to promote all movement looking toward the betterment of life."

The Parish House was decorated with magnolias, and corsages of gardenias were presented to "Welcome" the new officers. Mrs. Herbert Todd, and Mrs. Kenney. Mrs. Schroeder of Haines City was an out-of-town guest.

UP AND DOWN WITH THE STARS BY DICK MACKAY

ALL THE COMFORT IN THE WORLD, STILL SHE DOESN'T THINK ABOUT THE LIGHT AND HER VALUABLE EYES.

W. MAY WALKER
 Orphaned early in his childhood, W. May Walker, deprived of the assistance and advice of a father, worked as a sign-maker, shoemaker, plow hand, truck driver and fireman. Here in the sloughs, swamps, fields, highways and towns of Florida he encountered all of the hardships and obstacles that confronted a youth of his age. It was here he received his first education of thought and sentiment—it was here he knelt before nature's rugged majesty and received the royal stroke of a noble manhood that inspired him to study law at night. It was here he acquired the strength of mind and character that enabled him to meet the bar examination with one of the highest grades of his class.

Here in the midst of Florida he became a successful lawyer and won the confidence of his people. He twice elected him County Judge. The people of his district then twice elected him Circuit Judge, at which post he has served with distinction for eight years. His varied experience in life has given him a vast knowledge of the laws of nature which has enabled him to temper justice with mercy wherever extenuating circumstances would justify. An unsurpassed sense of justice has enabled him to settle with fairness the differences of his fellowmen who came before him. This has made him an outstanding jurist of this State and all that know him now recognize him as the fairest and truest of all the people of Florida. When Judge W. May Walker was elected Supreme Court Judge of Florida the people by their vote will have chosen one who was never for one Court of last resort who under the hand of justice and trials of all the people of Florida, who can sympathize with the Mother, Father, Sons and Daughters of Florida. A vote for W. May Walker is a vote to establish a new era of justice in the Court of Florida. Election. (An editorial in the Avon Park Sun, May 21, 1943, p. 4.)

EDITOR'S MAIL BAG
 May 18, 1943
 Dear Mr. Editor:
 On May 15, this coming Tuesday, those citizens who are public-minded enough will go to the polls for the Second Primary election. In this election you have your choice of many candidates for important offices in the State and in the County. We should be as concerned about the County offices as we are for the State offices. We citizens of Avon Park should be proud of our fine community and we should take pride in having Avon Park well represented in the County offices. You all had your chance in the First Primary to put in two fine Avon Park men and, although they were carried by a majority, it was not big enough majority. There is no earthly reason why those Avon Park men should not have carried Avon Park by almost 100% in the county election. You again have a chance for this in the second primary in your vote for Sheriff of Highlands County. It is time that Avon Park stopped its foolishness of a split vote and its failure to fully support its own worthy men in an important election. Maybe you've all forgotten it, but there's an old saying that "A house divided against itself will fall." So, all of you citizens of Avon Park with the privilege of a vote should get out this coming Tuesday and wholeheartedly give your Avon Park man, George Hiss, your full and complete support for Sheriff of Highlands County. That's all we ask of you. The Second Primary is just as important as the first was. Only in Avon Park should we be sure for the future in our First Primary.
 Sincerely yours,
 Clara M. McCrory.

DEMOCRATS ONLY ENCOURAGE REPUBLICANS

The fabric of politics continually is woven.

The character of property, when placed upon this fabric, is subject to change in color, both shade and depth.

The weaving of priorities, meanings of protest, and of other events, makes it possible to locate the national picture with a little more clarity.

The meeting of the Southern leaders at Jackson, Miss., is not important. It took on a new importance because of the fact that the Alabama election of Clegg in which a state pledged to walk out of the convention if Truman is nominated received a huge majority.

But this sort of pleading is not new and meaningless, since a nation will do nothing save to follow the pattern of the majority, government of the majority, government of the majority.

The light will go on in the convention, to prevent the Truman nomination. That, too, he will look more and more doubtful.

It is doubtful only because the Democratic Party powers have been unable to find another candidate. There just isn't one. Clegg, however, already has been elected at Columbia University.

On June 1, he will become president of that institution. His name was much substantiated by the drive to nominate him. It is merely a confusion of battle lines in leaders.

The real decision on Harry Truman, by the machine, will not be made after the Republican convention in June.

They determine then to go with Truman in the campaign, and they will provide enough votes for his nomination even if he South defeats him.

That is the heart of the South, the heart of the South.

Truman can win with the machine, without any Southern delay. If he gets full Eastern and Western support.

**FRED M. WILD FEATURED
SPEAKER AT CONFERENCE**

Fred M. Wild, superintendent of schools for Highlands County, will be among featured speakers at a three-day conference of county superintendents at the University of Florida, May 27-29.

Superintendents from 16 counties will participate in the conference program with representatives of the State Department of Education and Faculty of the University of Florida and Florida State University acting as consultants.

Forestry is Florida's third most important source of income. It brought more than \$176,000,000 into the state in 1935, an amount exceeded only by the \$770,000,000 tourist industry and the \$148,000,000 citrus industry.

Burning Florida's woods is like burning the dollars in your bank account. Florida's forests cover nearly 50 percent of all the land in the state.

About 75 percent of Florida's forest trees are pines. An additional 15 percent are hardwood, seven percent are cypress and the remainder includes nearly 300 different varieties.

Woman's Society Of Christian Service Hold Meeting

The Sub District meeting of the Lakeland district of Woman's Society of Christian Service was held at the First Methodist Church in Avon Park on last Thursday, May 20, with the groups assembling at 10:00 o'clock. Mrs. F. K. Siam of Wauchula, spiritual life chairman, opened the meeting with a short devotion.

Miss Frieda Zander of Ft. Meade, sub-district superintendent, presided at the meeting, and gave a brief address before calling on the various secretaries for reports on activities.

Mrs. Russell Alderman, Lakeland, promotion secretary, gave a most interesting talk on work of the society, stressing the importance of securing new members, and the value of life membership in the Woman's Society of Christian Service.

Mrs. C. Rucker Adams, Lakeland, district treasurer, gave the subject of finances and how they were applied, and stressed the fact that all reports should be sent direct to her at the close of each quarter.

Mrs. Eddie Kluppberg and Mrs. Frank I. Cason, both members of the Wesleyan Service Guild in Avon Park, explained the objectives of the Guild, and the splendid work this department is accomplishing. They gave a resume of the number of Guilds in the district.

Mrs. Ethel Ames, the secretary of status of women, spoke of the work of this division, which is deemed necessary to all societies. When the roll call was taken at this time, response was heard from WSCS in Arcadia, Lake Placid, Sebring, Avon Park, Wauchula, Ft. Meade, Alturas, Devenport, Ft. Meade, Ft. Myers and Lakeland.

At the noon hour, the Avon Park group were hostesses to the visitors attending the all-day meeting, at a luncheon in the church annex. Approximately 70 members enjoyed the luncheon and short social interlude, after which the afternoon session resumed in the church auditorium.

Miss Livyn Jones, talented Avon Park vocalist, and a member of the choir and soloist of the Methodist Church, presented the solo, "The King of Love My Shepherd Is," to open the afternoon program.

Mrs. C. A. Bruner, Ft. Myers, gave an address and report on Christian Social Relations. Mrs. A. W. Kimbrough, Arcadia, secretary of supplies told of the value of ordering the year books and other supplies in ample time, so that each society might get started on the study courses in time to receive full credit.

Miss Lolie Barnett, Lakeland, gave the report of the secretary of student work. She told of the necessity of keeping in close contact with the young people at home and in colleges.

Mrs. C. F. Weigle, Sebring, talked on Missionary Education, and Mrs. Susan gave an address on Spiritual Life, with members present giving testimonials in an inspirational service.

The meeting was brought to a close with Miss Zander addressing the group. She expressed her appreciation to each secretary for her splendid reports and cooperation, and on behalf of the WSCS members present from other churches, thanked the Avon Park societies for the gracious hospitality extended on this occasion.
