Legal Notices

IN THE CIRCUIT COURT FOR
HIGHLAND COUNTY, FLORIDA
Palmiter

NOTICE TO APPEAR
TO MARTHA ANN BOLLEN, Defendant,
vs. JAMES BOLLEN, Plaintiff.

TO APPEAR before the court on the 2nd
day of March, 1949, at 10 o'clock
a.m., in the hall of the circuit court,
at Palmiter, to answer to the complaint
captioned as above.

WITNESSES my hand and the seal of
said court this 1st day of March,
1949.

H. T. FERRY, Clerk of said Court.
(Court Seal)
KRISTIE E. VOLLMER,
Attorney for Plaintiff,
Avon Park, Fla.
11p-14-15

INVITATION FOR BIDS
The Board of the County of
HIGHLAND, Florida, in session this
1st day of March, 1949, has
resolved to purchase for Road & Bridge
District No. 1 at its meeting April
1, 1949, one new motor grader, John
Deere make, with power steering
equipment, 1000 lbs. capacity, and
preferably with 1000 lbs. capacity
and 1000 lbs. capacity. To be
delivered to the County at the
County Office at Sebring, Florida,
on or before the 1st day of April,
1949. The bids will be received
until 2:00 P.M. on the 1st day of
April, 1949. And for the purpose
of this Board to reject any and
all bids.

BOARD OF COUNTY COMMISSIONERS
HIGHLAND COUNTY, FLORIDA
MARSHALL E. BROWN, Chairman
IN THE COUNTY OF HIGHLAND, FLORIDA
JAMES BOLLEN, Plaintiff,
vs. MARTHA ANN BOLLEN, Defendant.

TO ALL CREDITORS AND PER-
SONS HAVING CLAIMS OR DE-
MANDS AGAINST SAID ESTATE:
You and each of you are hereby
notified and required to present any
claim and demand which you or
either of you may have against the
estate of JAMES BOLLEN, deceased,

Walker Memorial—

(Continued From Page One)
their part of the proposition. To-
day we have the result of the
combined labors of man, the Wal-
ker Memorial Sanitarium and
Hospital.

Much work had to be done be-
fore the buildings could be used
as a hospital and on October 23,
1947 carpenters, painters, plaster-
ers, etc., began their work of re-
novation. The elevator shaft was
made, partitions torn out, operat-
ing rooms made, delivery room
and nursery provided for, nurse
work rooms, utility and steriliza-
tion rooms etc., had to be ar-
ranged for, floors sanded and a
new roof was added.

On January 6th, dedication ex-
ercises were held. Three High
School Bands from the Ridge sec-
tion furnished music for the oc-
casion. Senator Pepper was the
principal speaker. Mr. Nathan
Mayo unveiled the plaque in
memory of Mr. Charles Walker.
After the program, guided tours
were conducted through the
building. Approximately two
thousand people were shown
through at this time. The remod-
eling was far from being com-
pleted and it was not possible to
show the third floor.

On January 10th, the first pa-
tient was received, Mr. William
White from Washington, D. C.
The first few patients were ad-
mitted under various handpans.
The elevator had not been in-
stalled, and carpenters were still
hammering, plaster was under
foot, and one could hear the con-
tinuous hum of the floor sanders.
At that time there was no Hygiene
therapy department, but at this
writing all these things have been
completed and operational reports
show that up to the present date
approximately 1500 calls have
been made through the outgoing
patient department, and 600 of
these since January 1st. Now
complete facilities for surgery and
dentistry are operated and the
hospital has been 64 babies born in the
hospital, including two sets of
twins.

The most recent of the adven-
tures of this institution has been
the purchase of the building
across the lake from the sani-
tarium. This will be used for a
chapel, church school and recrea-
tional purposes, and possibly
some part will be made into ef-
ficiency apartments, as the hous-
ing facilities have proved a prob-
lem since the staff is steadily in-
creasing. There are 42 employees
working at the hospital and some
of them have their families living
within easy commutable distance
from their offices. Through the
combined efforts of the staff of the
hospital the local merchants and
the citizens of this community
this wonderful institution has
been able to operate for the good
of mankind.

Electric Rates—
(Continued From Page One)
sidered the normal year for most
prices.

Brown pointed out that the
present reduction is based on the
following formula:

For each 5¢ increase in the cost
of fuel oil above \$1.50 the adjust-
ment will be 1/2 of 1%, or at the
present price of \$1.67, 3/4 of 1%.
For each 5¢ point change in the com-
posite price of the U. S. Depart-
ment of Commerce above 160, the
increase shall be 1/2 of 1%, or at
the present index 210, the adjust-
ment will be 5%.

"As our costs of doing business
come down, we will be delighted
to pass on additional savings to
our customer," said Brown.

Wind tunnels captured from the
Germans and modernized by
the Navy have developed speeds
up to 4,000 mph.

Heroic Effort—

(Continued From Page One)
rolled in the snow to put out the
flames. Then he hunted for the
child and could not find her."

In the meantime, Fawcett said,
the mother, Norma L. Porter,
somewhere escaped from the house,
carrying the youngest child, Lin-
da Kay Porter.

Sergeant and Mrs. Porter and the
one child were taken to the mili-
tary hospital at the Spindale
air force base, where the father
was stationed, Fawcett said.

Doctors there said Mrs. Porter
was badly burned on the left leg
and back, Fawcett said. Deputy
sheriffs were unable to talk to her
to learn how she got out of the
house, he said.

The youngest child was not
seriously burned, the doctors said.
Sergeant Porter suffered burns
but was able to be seen by her
reporter.

After the other members of the
family were taken to the hospital,
deputy sheriffs and firemen re-
newed the search for the missing
child, but could not find her.

Flames were so intense they
could not get close enough to see
if her body was in the burning
house, deputies said. The body
was found the next day lying on
the porch and was burned beyond
recognition.

The Porters lived on Espanola
road, two miles west of Medical
Lake.

Funeral services were held in
Espanola Washington and inter-
ment was at Fort George Ceme-
tery. Mrs. V. Porter flew to her
sons home and remained until af-
ter the funeral.

Limbs do not move up as a tree
grows.

Regatta Drains—

(Continued From Page One)

combine the better working parts of a master mechanic, an inspired driver and a third degree detective. He spends the early hours of the morning getting greasy in the trailer or beside his boat. In the afternoon getting cleaned in the boiling water of a dozen jowling boats. Then, at the start, he is a tiger with a stuffed alligator, they resemble an alchemist's den. The tiny shops are jammed with engines, tools, (propellers to the landlubbers) crash helmets, life jackets and a motley array of spark plugs and tools. These spark plugs burn out about as fast as a first sergeant's liver on two, must be replaced at frequent and expensive intervals. They are the same sort of plugs used in the big gas wagons at Indianapolis but differ radically from those used in the Kentucky Derby. Some of these amateur boys haven't even arrived at the trailer stage—they strap their craft to cartop carriers and ride happily to the start, where a little tuckler have trailers which will haul five of the tiny fast hulled skippers. Others have put fast bottoms on boats which they use for fishing when they are not racing. Boats, trailers and racing helmets are often treated with the same color scheme—a factor which makes one's head swim on a cloudy day.

It is quite possible that Florida is for an outdoor boom. In response of the amateur drivers to the Florida Federation of Outboard Club's Amateur Division, a phenomenal. Twenty-six clubs are now members of the FPOC and that represents the majority of the outboard drivers in Florida. People like to see a good boat race too as was evidenced by the huge crowd of over 1000 spectators that saw the contestants of the Lota Regatta do their stuff. Florida seems with racing boats and cars and local interest in this form of sport should increase as the time of the amateur drivers. People like to see a good boat race too as was evidenced by the huge crowd of over 1000 spectators that saw the contestants of the Lota Regatta do their stuff. Florida seems with racing boats and cars and local interest in this form of sport should increase as the time of the amateur drivers.

Speaking of waves, high waves caused the Lota Regatta to get started off just one hour late, the first event going at 10:15 a.m. This was the Mayor's Race, run for the Mayor's Cup and the start of the amateur drivers. Mayor Wilkes had made a most welcoming address to the drivers and guests. The Mayor's Race was won by Barney Gage of Tampa.

Seventeen events in all were run and never before had so many fast amateur outfits competed on the same course. Best winners of outboarders at Everett Greiner, Buster Pound, Gene Livingston, Boland, Claude Miller, Barney Gage, Lenny Rush, Bill Gleason and Bob Seale were the drivers to bounce their scooters over the course.

The town of Avon Park had been half-awake in outdoor activities for more than a week—Saturday night at the Jacaranda Hotel brought on more talk than the Noemberg trials—the lobby was a vivid mass of skittering tipsies who follow the men of burning gasoline from Key West to Pensacola, with their plywood thimbles strapped to trailers and their eyes swimming in the fire of the true fanatic.

You've seen these outboard racers, haven't you? They're about the size and thickness of a ball slipper. The unsurprising character who drives the things kneels behind a steering wheel—puts the other hand on the throttle and lets loose the power of many horsepower. In his place, we would also run up to Chattanooga and hire a substitute pilot. Any lingering desire you may have for a career on the bounding main can be satisfied by putting from one to five hundred dollars in a hull and up to four hundred dollars in an engine—life preservers, hardware and whatnot run a hundred more. Then there is the trailer which could cost 4 or 5 hundred more. Unless you want to be looked down upon as a sort of outboard Branch Rickey, you'll have to have at least two boats and three engines. When you examine the thunder-gutted little saucers, you will notice that they have the same shape as the things which the owners have filled and honed to the feather-edge so necessary in cutting up the water when you get too much air in the left lung. You turn a hairy green around the gills when you realize that half the field might run over you as you bobbed around in your life jacket. Of course the fin may not cut you if two. You may dodge that so that the propeller will hit the opportunity to mix your ears with whatever's inside your skull—id anything. The things are things of beauty and tuned for

'Cracker Politics'

By Allen Morris

The upcoming session of the Florida Legislature will be the roughest in years. Not since depression days have legislators, administrative officials and lobbyists been so worried about the prospects for 60 days of turmoil and strife. The Legislature is expected to pass a law which will be at least one extra session—these are limited by the constitution to a maximum of 20 days—immediately following regular session adjournment.

Here are some reasons this session is expected to supply more head-lines and dramatic incidents than the usual number of head-lines and dramatic incidents.

1. There is now a basic disagreement between some key legislators on the one hand and Governor Warren and the cabinet on the other over just how much money is needed to run the State. Few lawmakers, however, still insist that the State can get by without some new money—the question is how much and from what sources.

2. The seeming inevitability of new taxes, plus the fact that Governor Warren has said he will recommend not just one but several new taxes, means that lobbyists will be battling from the opening day on to protect the interests they represent from being taxed.

3. A coalition of lobbyists working against new taxes, plus the influence of key legislators who have demanded financial reforms and economies before they will support new taxes, easily could stall the finance and taxation program.

4. The Governor apparently is stalling his pledge of last summer that there would be no designated administration spokesmen in either house. While legislation is being drafted, it means a new example of the old saying that everybody's business is nobody's business.

5. The Governor's program when it is drafted are gravely concerned because as far as they know no day after tomorrow, they will be distributing small work assignments to the members of the Legislature. They are expected to be practical mechanics. If the Legislature does not have a bill working on various phases of his program, there has been no bill passed.

6. The Legislature will be in session for 60 days, but the Governor's program when it is drafted are gravely concerned because as far as they know no day after tomorrow, they will be distributing small work assignments to the members of the Legislature. They are expected to be practical mechanics. If the Legislature does not have a bill working on various phases of his program, there has been no bill passed.

7. DEPENDABILITY

UNDER the placid light of the sun, the old sold that seems to freeze the very air in the house, the day, the day, the day can be depended on to fail as long as he can stand in the traces.

Our organization offers retraining comfort in time of need. The service is not hampered by financial considerations. You can depend upon our policy of fairness to all.

One for the watchmakers will cause the Legislature to question of overruling a veto by Governor. William Jennings Bryan, Jr. of Brooksville, this ex-fortune pilot has long been interested in the career and exploits of "Stonewall" Jackson, famed Confederate general.

Rep. Elbert L. Kingfisher, Sr. of Cleveland, has been no less a skill in off-the-floor maneuvering.

A strenuous attempt to be made in the 1949 Legislature to create four more regulatory boards.

Sheriff To Speak At Farm Bureau

Sheriff Howard Coker will discuss the duties of the Sheriff at the next meeting of the Highlands County Farm Bureau at the City Pier at Sebring, Monday, April 11.

Coker will explain just what authority the Sheriff has, the extent to which he can function without signed warrants, and just what his legal obligations are in the enforcement of laws in the county.

All varying branches of law enforcement in the county are expected to be aided in his talk or a question period following.

The public is invited to attend.

WHEEZING COUGH
Persons, or wheezing cough as it is usually called, is the cause of more deaths per year than are caused by diphtheria and scarlet fever combined. This fact has been disclosed by medical authorities. Practically all of these deaths occur before a child is five years of age, and the greatest portion of them before the age of three. Yet, wheezing cough is so often considered light by the parents of a child who has it, that it is usually "let alone" and the child is left to take its course. It is a serious condition, however, and should be treated at once.

Pilot To Interview Local Air Force Applicants

Sgt. William E. Campbell, local U. S. Army and Air Force Recruiting Sergeant, announced today that Captain James S. McCabe, Atlanta District Aviation Cadet Procurement Officer, will be in Tampa on the 11th and 12th for the purpose of interviewing and specially testing all interested Aviation Cadet Applicants.

The Air Force has lifted the peacetime ban on married men for pilot training. For the first time since the early days of the peacetime Aviation Cadet Program in the 1920's, explained Sgt. Campbell, married men will be accepted on an equal basis with single men.

Men accepted by Captain McCabe for Aviation Cadet Training will be between the ages of 20 and 34, with two years of college education or the ability to pass an equivalent examination, and with high moral, physical, and personal qualifications.

The Cadet Program—providing months of flight, academic, and military training—has an estimated value of \$30,000. Graduates receive pilot wings, a Reserve Commission as a second lieutenant in the Air Force, and an assignment to three years of active duty at a salary beginning at approximately \$4,000 a year.

Sgt. Campbell pointed out that in order to save time on the part of applicants, they should take with them, a birth certificate, their high school diploma, and transcript of credits of any college education. Captain McCabe will be available at the Army and Air Force Recruiting Main Station at 418 Tampa Street in Tampa, between the hours of 9 A. M. and 5 P. M., next Monday, and Tuesday.

Mr. and Mrs. Harry Cook of Lake Wales were guests of Mr. and Mrs. Bob Barrett Sunday at their home in Lakeland. Mr. and Mrs. Cook were in Lakeland on their way to Tampa.

Al White, former manager of the Park Theatre, stopped in town and visited with his wife friends Monday afternoon. Mr. White is now office manager for the theatre in the Macon, Georgia office.

By Lou Lloyd

Remember the "Walking Blood Band," the Avon Park Firemen started? Anyone interested in joining same are asked to come to the city hall any Wednesday between 8:30 and 11:00 o'clock, where they can have a blood test taken and sent to the Walker Memorial Hospital for typing. The county health officer, Dr. Beaumont will be at the city hall for this service. Many people have expressed interest in this project but have forgotten the dates the doctor will be on hand. At the present time types B and AB are scarce and also there are a number of types A and O on file that can never be too many. Don't forget all you good people, come to the city hall any Wednesday between the hours of 8:30 to 11:00. Help someone today for the love you may need help. We wish to express our thanks to those who have taken an active part in this program and hope to have many more within the near future.

Remember Uncle Wigley? Well, it's time for his great grandchild, dressed with the long ears, cotton tails and little pink nose to come around and leave those brightly colored eggs in some place again. The little folks should get their usual excitement from looking for them.

Uncle Wigley's ears were long, and he heard a lot. His nose was short, and it didn't get into everyone else's business. And when he was a rabbit, he couldn't talk too much. Wouldn't be surprised if that didn't have a lot to do with the fact that he was so very very popular, and so wonderful.

But be that as it may, Happy Easter, folks!

Did you have trouble finding a parking place down town Sunday? If you did, and don't know the reason, tell it to a Moose! If they had all become excited once, there could have been a beautiful stampede.

Gonna have a soft-ball team, fellows?

Orange Blossom Ass'n Hold Meeting

Tuesday evening, April 12th the Orange Blossom Brotherhood Association held their supper and quarterly meeting at their new assembly grounds at Lake Denon. The evening started off with a very bountiful supper of spaghetti and meat balls, cake and ice tea. There was food left over and anyone not having enough to get well it should have been because they were beautiful. After the supper, a program was presented in the partially completed building.

Songs were sung with Chas Hartley of Wauchula leading, after which devotional services were conducted by Grover Terrell L. Taylor, of Wauchula, spoke of the future dreams for the Association and the possibilities of what will be there in the next few years, including dormitories for both boys and girls, and a playground around the edge of the lake. Training courses will be held throughout the summer and the best teachers obtainable will be secured to teach and coach the children.

Next came the business announcements, by the president of the Association, Malcolm Green, of the future dreams for the Association was brought by Mr. Walter Malcom, of Titusville, Fla. It was a very inspirational meeting, relating some of his own experiences.

A collection, or free will offering was taken upon the recommendation of one of the members and a total of \$130.31 was added to the treasury. There were about 125 members present and it is hoped that there will be a larger crowd at the next meeting to be held with the Wauchula North Church of Christ, July 12.

Applicants from 500 cities, U. S. possessions, Tokyo, London and Navy ships competed for recent NROTC appointments.

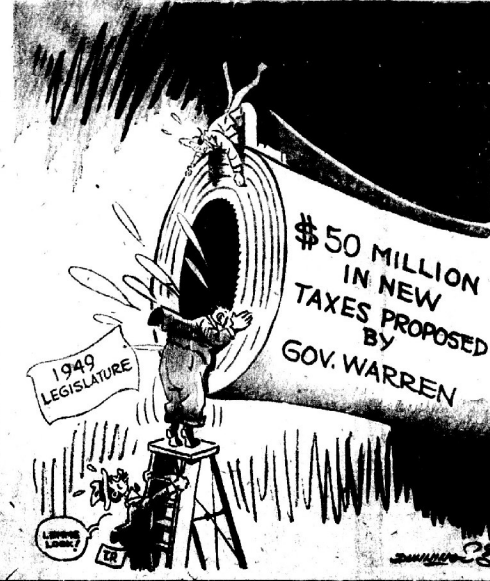

Navy Aerobics rockets launched from the USS Norton Sound, will measure comic rays 78 miles above the earth.

ANN E. GIVEN

Mrs. Ann E. Given, 63, passed away Monday, April 11, at her home at Lake Ida. She was a native of Missouri, coming to Avon Park in December of last year. Since she had been in Avon Park, Mrs. Given had been active in the Church of Christ.

She is survived by two daughters, Miss Meta Given of Chicago, and Mrs. William Auffer Heide of Owenville, Missouri.

Funeral services were held at 11:30 Tuesday morning, at Stephenson's Funeral Chapel, after which the remains were sent to Owenville, Missouri, for interment.
