Summer Program
Week of Aug. 7-11

Monday, August 7, Morning
9:15, beginners swimming; 11-12,
intermediate swimming.
Monday Night: Open house at
Youth Center, skating and ten-
nis. Tuesday, August 8, Morning,
9:12, golf (extra practice period).
Afternoon, 2-4, beginners swim-
ming.

Wednesday, August 9, Morning,
9:12, beginners and intermediate
swimming. Afternoon, 2:30, junior
and senior life saving, 3-4, tennis.
Thursday, August 10, Morning,
9:12, golf. Afternoon, 2:30, be-
ginners swimming; 3:30 to 4:30,
ball practice.

Friday, August 11, Morning,
9:12, competitive games with Se-
bring. Bring packed lunch, and
bathing suit. Leave for Sebring
at 9:00 and return at 3:00. Night,
open house at Youth Center.
Virginia Shepherd and Arlene
Sargent have passed their Red
Cross Swimming exams.

The city tennis tournament for
adults begins next week; a copy
of the schedule will appear in the
Avon Park dig and store windows.

**VISITING PASTOR
TO SUPPLY PULPIT**

Service at the Union Congrega-
tional Church this Sunday will be
conducted by John E. Pickens,
Jr., Pastor, Theological Seminary,
Bangor, Maine. Mr. Pickens ser-
ves as Pastor of two churches
near Bangor and is now on vaca-
tion visiting his parents, Rev.
and Mrs. John E. Pickens, Lake
Beard Lodge.

"Well... Maybe We Didn't Catch 'Em"

Karen and Wallace Kirkland, children of Mr. and Mrs. Manning
Kirkland are holding four bass that weighed 24 lbs out of a total
catch of over 100 lbs. caught recently at Arbuckle Creek by the
Kirklands and a party of friends.

VOLUME XXV Single Copy 5c AVON PARK, FLORIDA, FRIDAY, AUGUST 4, 1950 NUMBER 38

Moose Lodge Moved To New Quarters

The Avon Park Moose Lodge is now in their new home on Sebring Forest avenue, next to the Sun office.

Several local members have been working hard in decorating and getting the new home ready for occupancy. New settees, chairs, tables, reading lamps, pool table and shuffleboard for entertainment of the members and guests. The club is also equipped for checkers, and bridge for the members and their families to spend a pleasant afternoon or evening.

Saturday night, this week, a house warming party will be held to dedicate the new quarters. An Avon show, by some of the talented members will be staged and a buffet luncheon will be served by the Chapter of the Women of the Moose.

The House of God, at Mooseheart, Illinois is to be dedicated this month, and the members will be briefed on the program to be held at that time. Dignitaries from all over the world will be at the dedication and the program will be carried on all major networks and also televised.

The House of God is for the children of Mooseheart, that they may worship in the faith of their fathers. Now that the hustle and bustle of moving is over with, the Lodge is planning several activities for the children of Avon Park, one of which is in the making now, the sponsoring of a Browne Scout Troop. The Avon Park Lodge since their organization a little over a year ago, has sponsored a Christmas party for underprivileged children, organized a successful Easter Egg hunt, and underwrote the expenses of sending the Avon Park High School Band to Orlando.

Beautiful Pictures Now On Display

Folks who are interested in beautiful color photography, are invited to view a group of color pictures now on display at the Rush Studio.

There are 37 different photographs taken by J. Paul Garber, of activities at the Avon Park Schools. Mr. Garber presents these colored photographs to the school each year. The pictures show the band, baseball and basketball teams, coaches, May Day and individual players. The color work done by the Eastman Kodak Company is the finest to be had. Mr. Garber is to be complimented for his excellent work in taking the pictures and his generosity in presenting them to the School.

Highlands School Budget Increased

While the 1950-51 budget adopted by the Highlands County school board shows an increase of \$45,142 over last year, there will be no increase in the school taxes, according to Superintendent Fred Wild.

A boost of about \$600,000 in taxable assessments enabled the board to operate the next term on the same millage of last year. The budget totals \$750,506, which includes a boost of \$30,000 for white and Negro veterans schools at Avon Park and Sebring, cash reserves and some increases in teachers' salaries.

The capital outlay program involves \$80,399 for finishing and equipping the new gymnasiums at Avon Park, Sebring and Lake Placid, and for cafeteria alterations at those schools; also for purchasing property for future school needs.

The budget provides \$556,916 for instructional salaries and maintenance costs; the board anticipates the following revenue: \$44,121 from the Federal Government; \$324,254 from the State of Florida; \$27,500 from race track funds; and \$191,042 from taxation.

A P Team Will Meet Winter Park In Finals

By Leslie LaFlam

Dade City, August 2. — The Avon Park 69 American Legion baseball team opened their bid for the area playoffs Tuesday by whipping Post 5 from Tampa.

The Avon Park team had started off with two tallies in the second frame and made another in the third to go ahead to slugging later. Kelly scored when the first baseman took a bunt and Avon Park made another run in the third when Hill singled and scored on Jason's pop to center.

Avon Park clinched the game in the eighth with four runs. Jenkins strided the frame off by drilling a hard single to center. Harvey walked. Fields walked to load the bases. Hill drove a fat pitch out to the corner for three batters and the socks were partly unbuttoned. Hill scored on a grounder.

Hill struck out 13 batters to set a record in the tourney to date and he was the leading batter for Avon Park in this game by getting 2 hits for 5 times at bat. Kelly slapped a two banger.

Avon Park won the right to play in the area tourney by defeating Wauchula 7-6 in the finals of the District Eight playoffs at Wauchula last week. Avon Park was trailing 6-3 in the last of the seventh when the fateful error for the Hardee County boys happened. Hill failed to open the frame. Kelly made a double on error by the short stop. Reynolds singled and Kelly held up at third. Carson bunted and as a result got a base hit. Jenkins was walked to send Kelly home with the tying run. Wauchula hurler Scott got three balls and two strikes on Harvey before walking him to send Reynolds home with the winning run. Avon Park played two games in the playoffs and they had to win the hard way.

The Wauchula tourney was a double elimination affair like the area elimination at Dade City.

Avon Park will play the only undefeated team in the tourney Wednesday at 8 P. M. when they meet Winter Park. Winter Park advanced in the playoffs by whipping Ft. Pierce Tuesday afternoon 6-3.

Line score of Avon Park-Tampa game:

Tampa	000	100	000	1	3
Avon Park	021	000	048	7	6

Gonzales, (4) Vasquez, (7) Williams and Aronstam—Hill and Whitcomb.

State Repeats Contract Call For Highway 66

The State Road Department has sent another request to Highlands County for the resolution and right-of-way contract involving the extension of Road 66 from Lorida to Cornwell.

The latest request was wired to Circuit Court Clerk H. T. Petty. But Petty is powerless to comply because the board of commissioners of May 4 when they adopted the required resolution and executed the contract, only to later in the same meeting, pass a motion to hold up their delivery to the SRD.

Fears are felt in some circles that failure of the board to send the resolution and contract, which has been before them since April, may result in stoppage of the present clearing and grading on the road extension.

Mr. J. P. Harris, former resident of Avon Park, is critically ill in Tampa Hospital.

Avon Park C of C Has New Secretary

Claxton Fields, Jr., a graduate of the University of Florida and a member of the World War Veterans, has been elected as Executive Secretary of the Avon Park Chapter of Commerce on Monday, July 31 of this week.

Besides receiving his degree, Mr. Fields has completed work towards his Master's degree. While at the University, he was a member of the Lyceum Council, the organization which provides cultural entertainment for the student body, and which has been in existence since 1940. Besides acting for the Florida Players of the University, whose productions average \$30,000 a year, he also did advertising, promotion, and public relations work for them.

He has been an announcer for WGLD, radio station in Gainesville, as well as receiving practical training with WRYF, the University station in Tallahassee. He has had experience in advertising for radio and newspapers.

He served with the Air Force during the last war, and was a prisoner of war in Germany for a year.

Mr. Fields says that he is happy in his present position because he hopes it will enable him to promote the welfare of Avon Park. He promises to devote himself to the interests of Avon Park, and hopes that the townfolk will give him their cooperation.

He has returned to Avon Park, where his family lives, with his wife and baby, because he likes living here and because he feels that more young couples, instead of seeking more populous centers, should settle down in their home towns and help develop them.

Mr. Fields, the former Eleanor Chisholm, will return to teaching in the Avon Park Schools this coming school year.

Two Charged With Burning Auto Here

Two men, one a Tampa and the other from Avon Park, were in custody Tuesday night in connection with the burning of the Tampa car here Monday night.

Constable Robert Massey, of Avon Park, said he would file charges against Jerry T. Massey, of 6605-30, Six Mile Creek, Tampa, owner of the 1947 four-door sedan, and Monroe Brantley, of Avon Park, allegedly hired by Massey to apply the match to the car.

Massey, a truck driver, denied the charge and also denied knowing Brantley. He told Sheriff Broward Cook that he was willing to undergo a lie detector test in Tampa.

A denial of the charge was also made to Brantley, who had his driver's license several months ago as a result of a drunken driving charge.

John Howard, Massey's next door neighbor in Tampa, and his helper on the truck he drove, told Sheriff and constable that Massey went from Tampa Monday night to Howard's former home in Avon Park to get some household effects. En route Massey informed that he was going to ram a car, because he had no several hundred dollars, remains unpaid. Howard added.

Howard also told the authorities that while outside an Avon Park beer joint last night he overheard Massey make a deal with Brantley to burn the car for \$25.

Further, Howard said his brother, Carlton Howard, of Avon Park, on parole on a fruit dealing charge, accompanied Brantley on the car-burning mission.

The car bore a 1940 Hillabrand license, 3-4182, which Massey said he picked up in a Tampa junk yard several months ago because he had no license for his car. He added that he had driven the car without a license on many occasions.

Constable Massey related that Calvin Howard and Massey reported to it to him about nine o'clock Tuesday morning that Massey's car had been stolen during the night from the parking place in front of the hotel where they spent the night. Massey said told him the car had a "hot" tag on it. The constable then conveyed that information to Constable Ten Hackney in Tampa.

Massey also told the officer that he drove his car last night while drunk.

Four Avon Park Firemen Receive Earned Awards

Reading from left to right: Olin C. Harris, H. M. (Mack) Flowers, Chief W. W. Giddens and A. Engelmann.

At the regular meeting of the Avon Park Firemen's Association, held July 13 and 14, members received awards for outstanding services during the past year.

Fireman Olin C. Harris, of the first shift, and Fireman H. M. (Mack) Flowers, of the second shift, were named as "Best Firemen" for the past year.

Fireman W. W. Giddens, of the first shift, was named as "Best Fireman" for the past year.

A. Engelmann received a trophy for being the most outstanding associate member for the past year. Mr. Engelmann, who was a local fireman, has been a member of the Association for the past three years.

H. M. (Mack) Flowers received a trophy for being the most outstanding associate member for the past year. This award was based on fire-fighting, attending drills, meetings, and other activities that the Association participates in or sponsors. Mack has been an active fireman for the past five years.

At the Florida State College in Ocala in 1941, has been secretary of the Association for three consecutive years, and at the present time is employed by the Townsend Lumber Company.

On receiving the trophy, Mack made the following statement: "I would like to express my sincere appreciation to my fellow firemen for the confidence they have shown by voting me the most outstanding active member. I would also like to express my appreciation to Chief Giddens for his gallant leadership and to Mr. C. B. Cannon, my employer, for his leniency in permitting me to be absent from work during business hours, for without the cooperation of Chief Giddens and Mr. Cannon, it would have been impossible for me to have won the distinguished honor that I have."

Highlands County To Organize Home Unit

A Council to organize a home defense unit in Highlands County, as provided for by State law, has been appointed by Gov. F. Lee Warren. Its members are H. T. Plets, permanent chairman, Judge Howard G. Livingston, F. M. Wild, and Sheriff Broward Cook. The unit is for the purpose of preparing the County to cope with any emergency arising from war.

Col. Harry J. Hagemaster has been appointed County Director by the Council and is at present working on a tentative framework for the unit. The Council expects to meet soon, and will then release further and complete information to the public.

Mr. Plets, speaking for the Council, assures the people of Highlands County that the Defense Unit will do its utmost to spread its efforts adequately throughout the County, with every section being considered as important as the others.

The Council also urges every organized individual in Highlands County to cooperate and accept whatever job may be assigned to them.

William I. Byrd Dies In Wauchula

William Ivey Byrd, Sr., 82, retired carpenter who came here in 1937 from Fort Myers, died August 1 in Wauchula.

He is survived by three daughters, Mrs. Ernest J. Johns, Avon Park, Mrs. Anna B. Jackson, Palmetto, and Mrs. Mildred Roberts, Nashville, Tenn.; a son, William I. Byrd, Jr., Palmetto; three sisters, Mrs. Josephine Giff, Avon Park, Mrs. Callie Cato, Fort Myers, and Mrs. Della Jackson, Fort Lauderdale; three brothers, Jason and Noah Byrd, Punta Gorda, and James Byrd, Sanford, six grandchildren and seven great-grandchildren.

The funeral was held Thursday afternoon, August 3, 2:30 P. M., at the Florida Avenue Baptist Church. Rev. Cline Williams conducted the services. Burial was at Boguanville Cemetery. Stephen Funeral Home was in charge of the arrangements.

Palmerbees were: Woodrow Lewis, James Norris, Jessie Murray, Bert Frazell, Hubert Albright, Milton Willis.

Avon Park Firemen Attend District Meet

Mack Flowers, Secretary of the Avon Park Firemen's Association, and Grady Campbell attended the Sixth District Meeting of the Florida Firemen's Association held in Lakeland, July 31. The purpose of this meeting was to discuss the possibility of increasing the membership in the State Association and also to get more firemen interested in attending the State Association college held in Ocala each year.

The Business Session was held in the afternoon and at 6:30 P. M. a social hour was held. The local firemen were employed by all who attended.

Always a fresh supply of Rolls and Doughnuts at the Bake Shop, 6 W. Main St.

Is This You?

You were seen Wednesday afternoon entering the Postoffice wearing a pink cotton dress with large collar and white strap sandals. You are about 5 ft. 7 in. and have light brown hair. If this is you call at the Sun office or Highlands boxoffice and receive two passes to the biggest musical under the sun, "Annie Get Your Gun."

Last week's "Is This You?" was Adv. Jim Hicks

University of Miami Summer Band Camp

Jack Ward, Patricia Denmark, Paxton Hill, Dean Martin, Donald King, and Gene Gorman (Band Director) are shown as campers at the University of Miami Summer Band Camp in Coral Gables. This camp presents a combination music and recreation program. The schedule includes swimming, beach picnics, parties and other social events. Campers are housed in the new Campers' houses in the new Campers' houses and are fed in the Student Club. A concert is presented to the public each Sunday at 3:00 P. M.

4-H Girls Earn Swimming Medals

Twenty-nine local 4-H girls returned Saturday from a week spent in the 4-H camp at Quince, Ocala National Forest.

One of the highlights of the camp was the visit to Silver Springs, some of the girls had the ride on the glass-bottom boat, and the girls saw the snakes and the rattlesnake milked for the venom that is used for medicine.

A special feature of camp was the Red Cross Swimming Course in Lake Santee. Ten girls, namely: Carol Jean Holt, Ruth Still, Sebring; Elmer Ozer, Venus; Betty Scott, Patricia Pickett, Janet Stinson, Patricia Pickett, Betty Mann, Janet Beltz, and Shirley Massey, Avon Park, were the first five of which are now the proud wearers of the "Red Cross Junior Life Saving Emblem". The other five passed the course, but are too young to receive the Emblem.

Sandra Kelsey, DeSoto City; and Louise Schumacher, Sebring, were given "Beginners Swimmers" Certificates.

"Intermediate Swimmers" were Ruth Raulerson, Martha Young, Highlands Homes; Duna Parsons, Lake Placid; Gloria Harris, and Mary V. Mackintosh, Avon Park "Swimmers"; Betty Egan, of Charlyne Zimmers, Sebring; Carol Graetz, Carolyn Scott, Janet Mae Beltz, Harriet Mann, Shirley Massey, Patricia Pickett, Myrna Willis, Patricia Pollock, and Janet Stinson, Avon Park; Diane Parsons, Lake Placid.

"Senior Life Saving," Faye Hargrove, Venus, also a ribbon for the best swimmer at camp.

Hoarding—A Self-Defeating Game

From President Truman on down, we've had repeated warnings that foolish hoarding of food and other necessities can lead only one way—to rationing and price control.

As everyone recognizes, it isn't the occasional housewife alone who accounts for this rush to stock up in fear of war-induced scarcities. In times like these, there are always some merchants and speculators who give scare-buying an extra shove in their selfish desire to reap rich returns while the getting is good.

The threat of control only spurs such individuals to greater effort to beat the clamping down of the lid. And so the pace of the trend accelerates.

Most people, of course, are too sensible and patriotic to indulge in hoarding, especially when there's so little excuse for it as now. And most businessmen won't stoop to encouraging such practices, either. In fact, some high-minded firms have taken up the cry against them.

A striking example of this comes from Macy's, the huge New York department store. Its appeals for sanity was set forth in full-page ads in the New York newspapers, Macy's message makes a perfect editorial on the subject. Some excerpts:

"So far as we can see, there's no important shortage of anything, right now. Our own counters are bulging with merchandise. In many, many lines there's a surplus."

"And America's productive capacity today is at such a level—nearly double what it was in 1938—that it can cope with just about everything except a stampede of hoarding and panic-buying."

"The struggle in Korea may well last for a long time. But many experts believe it will remain limited in area and scope."

"Yet suppose the worst happens, suppose we do, despite all we hope and pray for, become involved in another full-scale war."

"All the more reason why every sensible American—and every decent American—should look on hoarding with revulsion. IT ALWAYS plays squarely into the hands of our enemies."

"In any state of affairs, peace, half-peace, or all-out war, hoarding is the worst thing we can do. Hoarders only hurt themselves. And their families. And their neighbors."

"So buy what you need or really want. But please don't be stampeded into buying what you don't want. You'll pay for it because you'll be spending money with no immediate benefit for yourself. And you'll pay for it again because it will help raise the prices you'll later have to pay for most everything."

"That says it plainly enough. Hoarding is a self-defeating game in which everybody loses. Let's all stop engaging in it NOW."

—Jacksonville Journal

A Youngster Makes Good

The triple and double egg-yolk producing hen owned by Mrs. Ray Barchel has a rival. A pullet owned by Claude Reynolds, still a novice in egg-laying, contrived to triple her yolk production one day. Being such a young thing, she could not achieve any notable increase in egg size and volume, but she did sub-divide the egg into three small yolks, each about a big as a penny, which nestled together in a pretty clever-legal design when the egg was broken.

The pullet is one of a flock of New Hampshire Reds that began to lay when they were only four months old. Some double-yolked eggs were found among the first eggs, and from time to time later, until at last the supreme achievement of the triple yolk was attained.

We commend the debutante hen that performed the feat—although her identity is not known—and hope that her efforts herald a long and productive career.

ROTARY MEETING

At the regular luncheon meeting of the Rotary Club last Wednesday, Bob Gibson gave a talk on the Boy Scout organization, its origin how it was brought to this country, and the various phases of scouting.

Visitors were George F. Wood, from Ft. Pierce, and W. W. Owens, from Fort Pierce. Mr. Wood is the new manager of the Florida Power Corporation here.

To Dedicate Statue at Mulberry

A replica of the Statue of Liberty has been erected by the Boy Scouts of Region Six, Boy Scouts of America, at the park of Florida Phosphate Division of International Minerals & Chemical Corp. near Mulberry, on State Highway No. 37. The statue will be dedicated at 4:00 P. M., Sunday, August 4, with an appropriate program.

AVON PARK SERMONETTE

Ten Reasons Why I Believe in Christ
By Robert C. Limer, Pastor
First Baptist Church

"These things have I written unto you that believe on the name of the Son of God, that ye may know that ye have eternal life, and that ye may believe on the name of the Son of God."—1 John 5:13

The natural man rebels against this teaching of the Word. The Bible definitely teaches on the security of the believer, but man rebels and ignores or seeks to explain it away. Some very vital matters are tied up with this important doctrine: (a) The Plan of Salvation, (b) The work of the Holy Spirit, (c) God's power to keep, (d) the plan truth of God's Word.

LET THE WORD SPEAK

1. Salvation is a Gift.
"But as many as received him, to them gave he power to become the sons of God, even to them that believe on His name."—John 1:12

"Jesus answered and said unto her, If thou knewest the gift of God, and who it is that saith to thee, Give me to drink, thou wouldest have asked of Him and He would have given thee living water."—John 4:10

These words speak to us of the free gift of eternal life. God gives salvation through His Son Jesus Christ. He is no Indian giver.

"For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord."—Romans 6:23

"For by grace we are saved through faith, and that not of ourselves: it is the gift of God, not of works, lest any man should boast."—Ephesians 2:8, 9

2. Salvation establishes a relationship.
"But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name."—John 1:12

"Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that when He shall appear, we shall be like Him, for we shall see Him as He is."—John 3:2

"When we accept Christ, we are saved and become Sons of God. This establishes a relationship between us and the Heavenly Father."

3. This Relationship is eternal.
"As thou hast given Him power over all flesh, that He should give eternal life to as many as thou hast given Him. And this is life eternal, that they might know Thee the only true God, and Jesus Christ, whom Thou hast sent."—John 17:2, 3

"And this is the will of Him that sent me, that everyone which seeth the Son, and believeth on Him, may have everlasting life: and I will raise him up at the last day."—John 6:40

This is not a temporary arrangement, but an eternal relationship. Just as I am my father's son, my acts do not change that relationship. The passing of laws doesn't change that.

4. The salvation depends on the Finished Work of Christ.
"And as Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up."—John 3:14

"When Jesus therefore had received the vinegar, he said, It is finished; and he bowed his head, and gave up the ghost."—John 19:30

Our Salvation is based upon the work of Christ and not on our merit. Salvation is the work of God and not the work of man.

5. The requirement for Salvation is made plain in the Word.
"To Him give all the prophets witness, that through His name whosoever believeth in Him shall receive remission of sins."—Acts 10:43

Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house."—Acts 16:31

"He that believeth on the Son hath everlasting life, and he that believeth not the Son shall not see life; but the wrath of God abideth on him."—John 3:36

There are but two conditions to salvation laid down in the Word of God. Repentance and faith. The Word definitely teaches that "Except ye repent, ye shall all likewise perish." Jesus said, "Verily, verily, I say unto you, He that believeth on me hath everlasting life."—John 6:47

Repentance and faith cannot be separated.

6. The Christian's Sins affect His fellowship, but not His relationship.
There are two words that every Christian should know: Relationship and Fellowship. As we are brought into the family of God when we receive Jesus Christ by faith. As we have seen, this relationship is eternal. The Word teaches that our mistakes and failures affect our fellowship, but not our relationship. When we sin, we should go to the Saviour and confess our sins, and if we do so in sincerity and truth, we have His promise of complete forgiveness and cleansing. Please read

Gardners Told Not To 'Munch' Florida Plants

It is fine to have pink and white flowers growing in your yard, but don't try sampling the leaves and stems.

Belmont West of the University of Florida Agricultural Experiment Station, pointed out that oleander and numerous other ornamentals grown in Florida are poisonous, and if parts of them are eaten, will cause a violent stomach ache or much more serious trouble.

Every once in a while, West explained, a child will eat a leaf and become ill and while the occasions are not frequent, they occur from time to time and it is a good idea for parents and others to know about toxic ornamentals so they can warn their children about them, the experiment station worker said.

If juniper or someone else eats parts of a poisonous plant or a plant suspected of being poisonous, the best thing to do is to get in touch with a physician at once, West advised.

Some of the poisonous ornamentals include delphinium, lantana, duck's foot, rosy yew, allamanda, barberry, red cedar, and deadly nightshade.

Other poisonous ornamentals found in many a Florida yard or garden include heliotropium, lantana, duck's foot, rosy yew, allamanda, barberry, red cedar, and deadly nightshade.

S. S. Representative To Visit Avon Park

A Social Security Administration representative will visit Avon Park and Sebring during this month and next to assist those who wish to claim old-age and survivors insurance benefits, to obtain Social Security account number cards, or need information as to the rights and duties of employees or employers under Federal Old-Age and Survivors Insurance.

He will be at the Avon Park City Hall on Aug. 22 and Sept. 28, at 1:00 P. M. He will be at the Courthouse in Sebring at 9:00 A. M., Aug. 22 and Sept. 28.

DRAFT QUOTA FILLED 100%

All six men called up for induction into the Armed Forces have passed their examination and been accepted, according to word received from the Highlands County Selective Service Board.

Among the inductees are: Billard Rutledge and Edward Clark, of Avon Park; Dick Seron, from Sebring; and Freddie Lee Johnson, colored, of Lake Placid. The other two names were unobtainable, but it is known that they are not local residents.

Orange Concentrate Is State's Most Solid Boom

A widening ateam of any "gold" that probably never will dry up is coming through Florida—and the state has never seen a boom as wild as this one.

The "gold" is orange juice concentrate, one of the most fabulous items to reach the market in U. S. history. A thorough report on "The Industry That Laid A Gold Egg" is featured in this week's Collier's.

The concentrate has brought orange juice to 10,000,000 people who never drank it before, either because they couldn't afford the fresh fruit, or didn't like to squeeze it, the article states. Twenty-two million gallons of it will flow into U. S. kitchens this year from 500,000,000 frosty cans.

The Collier's article says that Florida now grows more citrus than California, Texas and Arizona together.

Rival California, biggest orange producer among the states until five years ago, didn't emerge from the pulp plant state in concentration until 1948. It was only in 1948-49 season that Florida was able to overtake California, a change of status quantitatively. Even now a severe freeze in 1950, which did not wipe out the industry, Florida had dragged behind. The impetus of war brought single-strength canning into the picture and inspired a great increase of juice plantings.

Thus half a century of research went into the production of the fabulous new product. The man who officially gets credit for having led the multi-million-dollar brainstorm is Dr. L. G. McDowell, 39-year-old head of the Florida Citrus Commission.

Grade crossing trip. Figure the loss before you cross.

Everybody ENJOYS THE MOVIES

You and your family are missing America's finest entertainment unless you go to the movies often. And there is always a good picture showing at your friendly Floyd theatre. Tonight, take the family to a show... and relax in cool comfort.

OUR POLICY is to bring you the finest in motion pictures... at the most reasonable cost. Our staff is constantly reviewing pictures to see that only the best is presented for the enjoyment of you and your family.

Orange Concentrate Is State's Most Solid Boom

A widening ateam of any "gold" that probably never will dry up is coming through Florida—and the state has never seen a boom as wild as this one.

The "gold" is orange juice concentrate, one of the most fabulous items to reach the market in U. S. history. A thorough report on "The Industry That Laid A Gold Egg" is featured in this week's Collier's.

The concentrate has brought orange juice to 10,000,000 people who never drank it before, either because they couldn't afford the fresh fruit, or didn't like to squeeze it, the article states. Twenty-two million gallons of it will flow into U. S. kitchens this year from 500,000,000 frosty cans.

Adventists Delegates Home From Conference At Frisco

J. R. Young, chairman of the Walker Memorial Sanitarium and Hospital, and H. M. Baldwin, business manager, have just returned from San Francisco, California, where they attended the 46th session of the World Conference of Seventh-day Adventists. More than 15,000 representatives and delegates were attending this meeting according to the San Francisco Chronicle of July 16, there were 23,000 in attendance at the first Sabbath program, July 15. Following is a quotation from the Chronicle: "A record attendance of more than 23,000 persons marked the Sabbath services yesterday of the Seventh-day Adventists 46th world conference here. They jam-packed the Civic Auditorium and they crowded into lobbies and Pk Hall for loudspeakers. Continuing its report of the Sabbath afternoon Mission Pageant the Chronicle stated: 'The delegates came to life at the Civic Auditorium yesterday afternoon when exotically-garbed nations from the remote, glamorous corners of the world took a bow on the auditorium stage. The place was packed to the rafters, but no cheers went up as the pageantry unfolded. For this was a Sabbath conference of the quadrennial world conference of the Seventh-day Adventists, and these nations from the Congo, the Amazon, the Fiji, the Irawadi, the Yukon, and the Tyrol were, in fact, delegates. The odities after a while became such a commonplace, Stuart Goff, 41, of Richmond, Va., and Carlisle Haggard, 70, of Palo Alto, Calif., could sit beside the fabulous headress of a jungle devil dancer with no word concern whatever. The headress was worn by Edmund Clifford, a delegate from New South Wales.

Just 50 years ago, on Oct. 23, 1880, the first Adventist mission-ship sailed to the heathen south sea on the ship 'Pitcairn' built with funds raised by Adventist Sabbath schools in the United States. Then there were fewer than 30,000 Adventists in all the world. Now there are over 700,000. Then they had only 411 ministers and other laborers; now they have over 37,000—17,000 in direct evangelistic service and 20,000 in medical, publishing, and educational institutions. Then they had but a thousand churches; now they have 10,000. Then their total income was a little over a quarter of a million dollars a year; now it is over \$40,000,000. In 1880 the average employment was 100 men; now they use 700 languages and modes of speech, while their publications are issued in 185 languages. Of island groups listed in the 'World Almanac' last year, 150 were Adventist Sabbath schools. One delegate, Dr. C. H. Lohme, of Oslo, Norway, just a few days before the conference, was driving a reindeer over snow 45 feet deep. Another, Strauss Cuddey, from Beirut, sent his wife by boat two weeks before he left home, caught a plane and arrived in New York before she did. Another, Dr. George Rue told of his experience in aiding in the evacuation of all the Koreans from the communist mission in Seoul, Korea, to Japan.

"Never Mind Daddy, I'll Catch 'Em"

Little Nancy Wright, daughter of Mr. and Mrs. J. C. Wright, tries to cheer her daddy when he lost that "big one" on a recent fishing trip at Abuckee Creek.

First Summer Camp G. F. Woodham Now Rain Raising Havoc Held At Lake Denton District Manager FPC With Legion Games

The first in a series of summer camps to be held at the Lake Denton Assembly Grounds was held July 24 through 29 when 32 Boy Scouts, Ambassadors, boys aged 9 through 16, assembled for a week of fellowship, training and recreation. The Lake Denton Assembly Grounds is located about three miles south of Avon Park and is owned and operated by the Orange Blossom Missionary Baptist Association composed of 28 cooperating churches.

The morning program began with a morning watch devotional at 7:00 A. M. and included Training Union classes, Mission classes, and a R. A. Ranking class. A swimmer was also enjoyed. In the afternoon instruction in craft was given together with a directed recreation period during which football, volleyball, basketball and other games were enjoyed. A qualified music supervisor, George F. Woodham, led the night service which included a talent and song service. A talent show was held in the final night of camp, July 29. H. Sperring, pastor of the First Baptist Church of Sebring brought a Bible message in his charge, and the devotional period by the lakeside concluded the activities for the day.

This is the first year of operation for the Lake Denton Assembly and plans are already being made to enlarge and better it for a greater program next year. There are 41 registered for the G. A. and Y. W. A. girls camp which begins August 7.

The family of R. A. Peak was composed of Mr. Walter Pearson, camp director, Stauchula, Rev. D. H. Sperring, pastor, Sebring, Mr. Lewis Stancil, teacher and counselor, Stauchula, Mr. J. Barton, teacher, Wing, Sebring, Mr. Garth Spencer, Mr. William Bennett and Mr. Malcolm C. Brown, all from Avon Park. Mr. H. D. Drazos assisted by Miss Elaine of the cooking for the week.

Boys attending the camp were: Robert Cook, Donnie Linder, Bob Turner, Thayer Dixon, Jimmy Cooper, Marlyn Dixon, Jesse Murray, M. L. Collins, James Elder, Jerry Lee, Elmer, from Sebring; Charles Longbottom, Jr., George, Lovelace, Ronald Sauls, Ross Spear, from Stauchula; John Hickman, Edwin Sasser, Bob Hickman, Roger Davidson, David Moore, Donnie Nobles, William Reynolds Allen, Budley Griffiths, Fred Hutchinson, Bob Drazos, Roy Marcus Goodwin, from Bowling Green; Billy Que, from Sebring; and others.

Some of the "hidden tuition" charges are: a large number of children from low income families to drop out of school. The parents just can't afford to pay for the school extras. Dr. Earl Hutchinson, field representative of the office of education said, "He listed notebooks, pencils, paper, and other school supplies, laboratory fees, textbooks, caps and gowns, school clothes, camp uniforms and gear to be bought. Some of the 'hidden tuition' charges."

Dr. Hutchinson said that all the various drives and campaigns the children are asked to contribute to, he said. He told some of the "hidden tuition" charges.

That's because books required by one teacher frequently don't suit another. The cost of gym uniforms runs from 75 cents to \$7.50, graduation uniforms from 50 cents to \$8; graduation picture, 50 cents to \$20; graduation name cards, 50 cents to \$2.

Flowers, memory books and other graduation fees cost even more. Dr. Hutchinson said that the extra school charges in another state showed it cost school children from 40 cents to \$14.80 a year just for school expenses.

Notebooks cost the children from 25 cents to five dollars. That's because books required by one teacher frequently don't suit another. The cost of gym uniforms runs from 75 cents to \$7.50, graduation uniforms from 50 cents to \$8; graduation picture, 50 cents to \$20; graduation name cards, 50 cents to \$2.

Highlands County Board Agrees To Push Road 66

The Highlands County Board of Supervisors has agreed to push the improvement of State Road 66 from its present condition to a better one.

The board, which met in session last night, agreed to a resolution to the effect that the board should cause the improvement of State Road 66 from its present condition to a better one.
