Remember The Homeless Children On Christmas

Four big families of children, who have known homelessness, neglect abuse and mistreatment before coming under the care of the Children's Home Society, are hoping and praying earnestly that they will not be forgotten on Christmas Day. These waifs of needy and destitute little ones are being lovingly cared for by the Home Society in its four Receiving Homes in Jacksonville, Pensacola, Lakeland and Miami, but they are all looking to you and other kindly friends to provide toys, dolls, goodies, cowboy suits, roller skates and some shoes, sweaters and other needed wearables for otherwise there will be many sad little faces and some great big tears of disappointment on Christmas morn.

We are appealing to all friends of needy children everywhere in Florida for money, or gifts that will assure our scores of pathetic youngsters a truly happy Christmas Day. Contributions of money should be mailed soon to R. V. Covington, Treasurer, 1649 Osceola Street, Jacksonville. Other articles, including anything that children can eat, wear or enjoy, should be sent to the Children's Receiving Home, 3165 San Diego Road, South Jacksonville, or to the Receiving Homes at Lakeland, Pensacola, or Miami," said Marcus C. "Daddy" Fagg, long-time State Superintendent, who during the past forty years has through the Home Society aided well over fifty-six thousand homeless and needy children, of every creed and belief, of all ages from every portion of the State of Florida.

Important

A box in which you may place contributions for the Children's Home Society in Jacksonville will be in the Barnett Bank from Monday morning, Dec. 11, through Saturday morning, placed there, according to annual custom, by the Senior Woman's Club.

Canned foods, new and used clothing and toys—anything usable you care to contribute—will be welcomed. Please help.

Hopewell Contest Very Successful

The "Miss Hopewell" contest, conducted by the Hopewell School, which began on Tuesday, October 12, came to a very successful end on Wednesday, Nov. 22, with a total of $386.62 raised.

The winner, Janie B. George, was crowned Miss Hopewell Monday night, December 4, 8:00 o'clock, at the Hopewell School, Avon Park. Her attendants were Mary Ann Goff and Betty Jean McDaniel. Immediately after the crowning a "Coronation Ball" was held at the school, to which the public was invited.

The contestants, their sponsors, and the amounts raised are: first grade, Patricia Butt, Mrs. Freddie M. Peterson, sponsor, $85.34; first grade, Earnestine Nelson, Mrs. M. I. Williams, sponsor, $8.00; second grade, Emma Tramel, Mrs. A. M. Tyler, sponsor, $62.22; third grade, Mary Ann Goff, Mrs. Mack L. Roberts, sponsor, $41.00; second and third grades combined, Louise Wraith, Mrs. Lottie M. Gray, sponsor; fourth grade, Helen Melissa Mrs. R. R. Edwards, sponsor, $10.00; fourth and fifth grades combined, Betty Jean Robertson, Mrs. Arvid N. Brown, sponsor, $30.44; seventh grade, Betty Jean Carr, Mrs. A. Van Parks, sponsor, $84.26; seventh grade, Janie B. George, Mrs. Essie B. Butler, sponsor, $60.43; eighth grade, Betty Jean McDaniel, Mrs. Dorothy W. Warren, sponsor, $67.57.

From the money raised the school has made two contributions, one to the P.T.A. toward the purchase of an electric water fountain, which is their project for this school term, and the other to the lunchroom.

Sponsors of the contest were Mrs. A. M. Tyler, chairman, Mrs. Burnell N. Brown, Mrs. Freddie M. Peterson, and H. L. Warner, principal.

The faculty of Hopewell School thanks all persons who contributed to the success of the contest.

Buy Christmas Seals And Become Allies Against T B

Noteworthy progress has been made in the fight against tuberculosis in this country, but further action is demanded to conquer this formidable foe which still takes the lives of nearly 1,000 persons a week.

Actually, further progress against tuberculosis depends upon the average citizen in this country, on people like you and me.

We can be their allies when we back sound programs for the control of tuberculosis and when we give financial support to the organized campaign of the voluntary tuberculosis associations against this communicable disease.

In our own community an organized campaign against tuberculosis has been waged for 25 years by the Highlands County Tuberculosis Association which receives its sole support from the sale of Christmas Seals.

The association's program of education, case finding, rehabilitation, and, through its affiliation with the National Tuberculosis Association, of medical research has helped save many lives, is bringing tuberculosis under control in this community.

You and I can help bring complete victory against tuberculosis. We can become allies in this important fight by our generous purchase of Christmas Seals.

Veterans On-the-Job Training Program

In order to continue to provide the highest type of service to the veteran and those business and professional people who have assisted in the Program of Rehabilitation for veterans, Samuel L. Collins, Supervising Inspector for veterans On-the-Job Training, wishes to remind all veterans of World War II and employers who might be interested in training veterans under the On-the-Job Training Program that the agency must be State approved and the veteran officially in training prior to July 25, 1951, the date set by law under the G.I. Bill.

Mr. Collins is now making a survey of employers and agencies who might be interested in training veterans under this program and will be glad to visit any agency and further explain the advantages to the employer and the veteran of the On-the-Job Training Program. Mr. Collins may be contacted through the Veterans Education Department, Board of Public Instruction, Office of the Polk County Superintendent of Public Instruction, Claude M. Harden, telephone 394 or P.O. Box 391. Or consult Highlands County Service officer, H. G. Roberts, at the Courthouse in Sebring.

This Week In Tallahassee

By J. Kenneth Ballinger

Tallahassee — Minor skirmishes in the coming legislative battle over finances were shaping up this week as state agencies sent in their first budget requests for the coming period. Some departments hold the line, others ask as much as 100 per cent increases, amounts needed for the 1950-51 operations. The state Tax Board, vested with authority to prepare budgets for the biennium, called for $8,992,800 to run institutions at Orlando, Tampa, Marianna, Lantana and Tallahassee. The state advertising commission asked for $1,000,000 instead of $500,000. On the other side of the ledger, the Florida Railroad and Public Utilities Commission leveled with a reduction of $7,000 over the last budget. Comptroller C. M. Gay followed with a reduction of $55,000 for the operation of his office, plus an additional drop in the cost of collecting the sales tax. The Comptroller served warning on all that as a member of the budget commission which begins its grind on December 18, he will vote against all increases except for schools.

* * * *

Tallahassee — Nathan Mayo, commissioner of agriculture for 24 years, was described here by Governor Warren as one man mainly responsible for the growth of agriculture in Florida. A meeting of agricultural workers heard the state system of farmer markets praised, heard Mayo describe the 1949 citrus code as forming the foundation of current citrus prosperity, and learned that 7,000,000 out of Florida's 35,000,000 acres are now in agricultural use.

HOW TO LIVE FOREVER

Assuming that you even want to survive the end of the world, and be included in the new and perfect world to come (naturally you do) — do you think you can make it?

All you have to be able to do is to pass the "entrance examination." There is nothing secret about it. We have a copy of the examination right here. Take a pencil now and see how you score on this easy questionnaire.

☐ Do you respect your father and mother?

☐ Do you refrain from taking human life?

☐ Do you avoid being lewd in thought and action?

☐ Do you refrain from stealing or desiring to steal another's property?

☐ Do you always tell the truth?

☐ Do you have due reverence for God and Christ and for their sacred memorials" That is, the Sabbath, etc.

What's Your Score?

Do you stand up pretty well under this examination? There is nothing very difficult about it is there?

You can easily tell that this is a brief summary of the Ten Commandments, found in Exodus 20, and given variously by Christ and the apostles in the New Testament.

Jesus summed them up even more briefly: "Thou shalt love the Lord thy God with all thy heart . . . soul . . . and mind. . . . Thou shalt love thy neighbor as thyself. He quotes these statements from the Old Testament and tells us: "On these two commandments hang all the law and the prophets." Matt. 22:37-40.

In other words, all that is required for eternity is that we put our whole hearts and lives into straight, clean, reverent thinking and living. All of the rules and laws of God spring from this great principle.

But, and to say, there is one catch to this. Your score on eternity's entrance examinations has to be 100 percent! Now, think a minute. Look back at that questionnaire. Are you really 100 percent? Have you ever slipped on any one of the points?

Then, unless you make up the difference with God's life-saving plan—forgiveness of sin—it is too bad for you.

If you are really sincere about this thing, God will forgive you for the mistakes you make—so long as you are reverently endeavoring to keep his laws.

These laws — as given in the Ten Commandments — are the guide posts to heaven. It is exactly true that we are condemned by those laws—because our lives do not measure up to them. But we are to do it—lower the standard, as many do today, or raise our level of living?

Christ compensates for our insufficiency—and that simply puts us back in harmony with the law, making us 100 percent.

Desire to Be Distinguished?

Jesus said of the commandments "Whosoever shall do and teach them, the same shall be called great in the kingdom of heaven." Matt. 5:19.

Some people, confusing these laws with the temporary ceremonial laws of the Hebrews, say the Commandments are no longer in force, but this directly contradicts the words of Jesus: "Do not think that I have come to do away with the Law or the Prophets. I have not come to do away with them but to establish them. For I tell you, as long as heaven and earth endure, not one dotting of an "i" or crossing of a "t" will be destroyed from the Law until it is all observed." Mt. 5:17-19 (American translation).

Want to Live Forever? Then, with faith in the compensating grace of Jesus keep your life in harmony with God's law. Study that law. Pray for forgiveness when you violate it. Remember it will be kept by those who will inherit eternal life (Rev. 14:12; Rev. 22:14). Next: Lost In the Woods.

This is No. 6 of a series telling briefly of the beliefs and hopes of 170,000 of God's people the Apostolic ministers and friends.

HERE ARE HINTS FOR YOUR FALL FLOWER GARDEN

If you have a fall flower garden in mind, don't go out and buy your plants and seeds before getting your soil ready for planting, Florida Grower Magazine suggests.

It is a common error among gardeners to buy their rose bushes before ever picking up a hoe, the magazine points out, but the wise gardener has found that it is much easier to provide the right soil conditions at the very start than to attempt to improve it as you go along.

The procedure improving the soil is the same whether it is hard clay or a light sand. You need some form of humus for your soil. It can be well rotted manure, native peat, leaf mold, black mold, black muck, or hammock sol.

After working the humus into a depth of about eight inches, apply and mix in thoroughly ten pounds of sheep manure and four pounds of a complete garden fertilizer for every hundred square feet of garden surface. You will have an excellent foundation for a flower garden.

Winter Guests Club News

Who's Who in the News

Lillian Hill Rodgers (Mrs. A.W.), who has charge of the clubs publicity for the ensuing year, has a charming personality, a vivid imagination and a keen sense of humor, a combination which makes interesting copy.

She was born and grew up in western Pennsylvania, descended from Scotch-Irish Covenanters on one side and from early Virginians on the other. Received degree of B.S. at graduation at age of 20 (valedictorian of class).

Instead of "pursuing a career," married her English professor that same summer. Had five children, two sons and three daughters. Always took time for church and S.S. work, also literary and study clubs. Hobbies sewing and reading. Recreations reading, music, bridge.

The following Avon Park people have joined the Club:

Tallahassee — About three per cent of Florida school children get no lunch, mainly because they have no money and are too proud to ask for free meals. The state department of education's recent survey also showed that more than seven per cent of the children come to school without breakfast. The department found further cause for worry in the belief that children who eat out are not exposed to desirable standards of nutrition.

Churches of Christ, Scientist

"GOD THE PRESERVER OF MAN" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, December 10.

The Golden Text is: "The Lord is my rock, and my fortress, and my deliverer; the God of my rock; in him will I trust; he is my salvation, my high tower, and my refuge, my saviour" (II Sam. 22:2, 3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He that is our God is the God of salvation; and unto God the Lord belong the issues from death" (Ps. 68:20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and thus bring it harmony.

Under divine Providence there can be no accidents, since there is no room for imperfection in perfection" (424:5-11).

7 IN HIGHLANDS TAKE PHYSICALS

The Highlands County Selective Service Board announced that seven men reported Wednesday at Drew Field, Tampa, for pre induction physical examinations.

Four men will report there for induction December 13. They are Roy Alfred Brooks and Mitlon Pollard (a transfer from Clewiston), both of Lake Placid; Sylvester Evans, of Avon Park, and Marcelus Mason, Sebring, both Negroes.

Two Negroes have been listed as delinquent. They are George W. Jones, of Sebring, and Jessie Hays, Jr., of Avon Park. Relatives and friends knowing of their whereabouts have been asked to notify the delinquents or the draft board here.

You are cordially invited to the first showing of

Soil Conservation News

By Sam Polston
Agricultural Engineer

The Soil Conservation Service regrets very much losing Mr Hiram L. Swain whom I am replacing. He resigned last week from the Soil Conservation Service to enter private enterprise in the South end of the Highlands Soil Conservation District. Mr Swain has been with the Soil Conservation Service for the last 7 years in Georgia and Florida.

I am a native Floridian and have been working with the Soil Conservation Service in South Florida for the last year. I am a graduate of the University of Florida, having received a Bachelor of Science Degree in Agriculture Engineering and a Masters Degree in Soils and Agronomy.

I have been working with Mr Swain in the Highlands Soil Conservation District for the past month, and have met a goodly number of the District Cooperators but there are many whom I have not been able to meet, so I would like to take this opportunity to invite the Farmers of the Highlands Soil Conservation District to our office in the Courthouse at any time and discuss their conservation problems. Perhaps we can help each other.

Our board of supervisors consisted of Mrs. Katherine Wiggs, town who is chairman Mr. Cole Danley, Vice chairman, Mr. L. L. Holmes, Mr. Dave Balch, and Mr. Franklin Ward, is very much interested in your conservation problems and willing at anytime to assist you in solving them. Also the Highlands Soil Conservation District still has the technical assistance of Lloyd Zorn and Claud Howerton available to the cooperators.

Conservation plans have been completed this week on 200 acres for Cooperator H. A. Pfaff, 420 acres for W. H. Calhoun, 271 acres for Alan Altvater, and 568 acres for Grover A. Keen.

The Highlands Soil Conservation District Board of supervisors held their regular monthly meeting Monday night, December 4, in the courthouse. Members of the board present were Vice-chairman Cole Danley of Lake Placid and Franklin Ward of Avon Park. Jack Zillis, District Conservationist of the Arcadia Work Group was here for the meeting.

Danley and Ward discussed the posters to be printed for the Highlands Soil Conservation District in January.

The recent farm plans of Nathan R. Hand, Miller and Berkowitz, T. J. Durrance, Dr. Stuart J. Ward, Roy E. Seims, Ivey Waldron, H. D. Tudor, M. L. Smith, and Harry M. Childress were delivered to the board of supervisors for review and approval.

The board of supervisors along with Mr. Zillis discussed at length the citrus irrigation problems in this county. Mr. Ward and Mr. Danley say that with the ever increasing acreage of citrus in the county, the supply of irrigation water is becoming more and more a serious problem, and the people who irrigate should strive for better distribution and more efficient use of water. Mr. Danley says cover crops in groves causes the applied water as well as the rainfall to enter the soil more uniformly, therefore reducing the dry spots which are so commonly found.

Mr. Bramlett of Ocala moved a combine into the district last week and began combining Hairy Indigo seed. The first plot to be harvested was 50 acres of the early variety from which 5000 pounds of seed was combined. According to Mr. Ward, this early Hairy Indigo is preferable for grove planting because the seed will mature early enough that it can be chopped or disced before cold weather. There are also approximately 250 acres of common Hairy Indigo, mostly in groves, to be combined. Due to the damage from cold weather in North Florida, it would be advisable for anyone wishing to plant Indigo next year, to obtain the seed before the supply is exhausted. The seed may be bought from Mr. Bramlett or any of the cooperators having seed harvested or contact the Soil Conservation Service office in Sebring or Lake Placid.

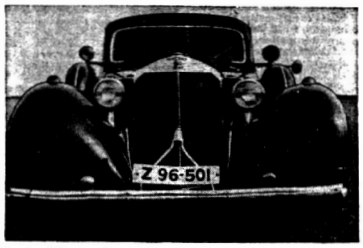
Hitler Auto On Display Friday and Saturday, December 8th and 9th



The Local Legion Post is featuring Friday and Saturday of this week, the display of the huge Mercedes limousine that was once the pride of the late but NOT lamented A. Hitler. The car and its heavy armour is being displayed here between the hours of 9:30 A. M., to 9:30 P. M. on both days. A freewill offering will be accepted to be used in welfare work of the Legion. The armored limousine length is 19 ft. 5 in., and weight 9,500 lbs., has a 70 gallon gas tank, 1¼ inch bulletproof glass, fully steel plated with ¼ inch steel body plate and specially built inner tubes. Speed of car is 102 miles per hour and gas consumption 3 miles per gallon. The car was captured May 7, 1945. The car will be displayed on the Mall.

Vets Information And Service

By Melvin T. Dixon
State Service Officer

Today I make what for those of you who may be called to active service in the armed forces of our nation. It is something which I sincerely hope will contribute to your peace of mind while you are engaged in accomplishing your important mission.

Service to one's country should be regarded as a real honor, but usually, it is not until later in life that you fully appreciate the privilege which was yours.

Leaving your family is a hard job, but the facts must be faced as they really are, so make all preparation necessary to take care of your family while you are gone.

There is an organization in our state, known as the Florida Department of Veterans' Affairs. In each county there is a Veterans' Service Officer who has an office at the County Seat and who is paid by the County. While you are away serving your country, this Service Officer will help your wife and child or parents. He will gladly assist them with such things as Family Allowances, when the time comes, and secure marriage certificates or birth certificates, or any other document that is needed.

This Service Officer is very familiar with the ups and downs of military life, for he served either in World War I or II. He is kind and considerate, and he knows his job. When you return to civilian life, he can be your very best friend.

In your County, your Service Officer is located in the County Court House.

If you should receive an injury, or contract some disease while in the service, keep a record of the dates and places where you were treated, and make a note of the names and addresses of your comrades, as you may need them in filing your application for compensation.

One thing more — caution your family, relatives or friends to save all letters and communications from you which may contain information valuable in establishing a claim for disability.

The dawn redwood is a conifer but sheds all its needles appearing as winter-bare as a poplar.

• • • •

March of Dimes money has shipped more than $1,000,000 worth of iron lungs, hot pack machines, and other vital equipment needed to fight polio to communities throughout the nation.

CHAIRMAN ANNOUNCES COMMITTEE ELECTIONS

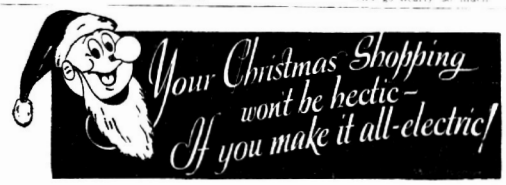
Election time for the P&M.A. County Committee is here, announces Chairman Carl R. McIntyre.

December the 9th at 8:00 P.M. in the Court House is when and where our Annual P&M.A. meeting is held. And where the Farmers' Committee is elected by the farmers to direct the action of the Agricultural Conservation Program for the coming year.

These Committeemen will administer the 1951 Agricultural Conservation Program which provides assistance to aid the farmer in carrying out wise soil and water Conservation Practices on their farms.

The following Committeemen, Carl McIntyre, Chairman; F. C. Payne, and J. B. Sellers have served for the past year. These Committeemen urge all farmers signed in the P&M.A. Program to attend and elect a committee for the coming year.

It pays as he goes he does not go nearly as much.



Take a Toaster...

Every good book given to our library is a brick in the house of knowledge.

FPC Expansion Will Bring Big Payroll

(Continued from Page 1)

of our Company in charge of all the Division and District operations. He has asked that I convey his warmest regards to his many friends here.

I would like to comment on the action of your Chamber of Commerce in the splendid letter which you sent to the Apalachicola Chamber of Commerce at the time of Ridgely Brown's promotion to manager of our western division with headquarters at Apalachicola. Brownie has always been one of the wheel horses of our organization and, while I know that you hated to see him leave, it is good to know that his work among you was so much appreciated that you saw fit to pay this tribute to him on the occasion of his promotion.

We are delighted that in George Woodham we had another man fully qualified to step in to the shoes vacated by Mr. Brown. While he has only been with you a few months, I feel sure that you have already found that he has a ready ear and a willing hand for any civic problem.

I would also at this time like to pay tribute to the many fine employees of our Company who live and work with you here in Avon Park. Our Company has more than 1400 such employees scattered throughout Central and West Coast of Florida and South Georgia. It is the basic philosophy of our Company that our employees should take an active interest in the civic work of their communities and assist in every possible way in the development of the areas which we are privileged to serve, for we realize that your success is our success.

I am glad to again come to the Ridge Section of our great state, and particularly to Avon Park. I have often commented that this area is the finest inland area served by our Company. Your rolling hills and beautiful lakes would certainly satisfy anyone so far as ideal living conditions are concerned.

I feel, therefore, that, before getting into the main topic of my talk tonight regarding our Company, I would like at this time to pay a real tribute to your Chamber of Commerce. As you know, during the past 10 years, Florida has been the fastest growing state east of the Rockies. Without the fine work done by the Chambers of Commerce of each of our local cities and communities and our Florida State Chamber of Commerce, I am sure that this would not have occurred. I have heard a great deal of the work done by your local Chamber of Commerce. I trust that you will give it your fullest support and that your coming membership drive will be most successful.

I feel highly honored that you have asked that we come to your meeting tonight to talk about our Company. Florida Power is my favorite subject. Perhaps I might be accused of being biased in favor of the Company in somewhat the same way as the minister said that he was biased on the side of the Lord. I have been with the Company for almost a quarter of a century and have seen it grow and progress through that period. It is a real pleasure to discuss with you for the brief time that we have here tonight the growth of the Company, its present territory and facilities, and our plans for the future, particularly as they relate to Avon Park.

The birthplace of our Company was Pinellas County, Florida, where the first 50 kilowatt plant went into operation on August 5, 1897. I have been unable to learn just exactly the origin of your electric service here in Avon Park, but I understand that one of our early predecessors was the Florida Ice and Power Company which built a small plant in Lake Wales, serving the Ridge Section from Davenport to Avon Park. This company later became a part of the Florida Public Service Co. with headquarters in Orlando, Florida, which in 1944 was merged with the Florida Power Corporation.

Our Company now serves 28 counties in Florida and through its subsidiary, the Georgia Power and Light Company, 21 counties in Southern Georgia. Our Company in this short span of 53 years has grown from that small 50 kilowatt plant into a system having 5 steam electric plants, 3 hydro electric plants and 2 diesel engine plants, with a total generating capacity of over 240,000 kilowatts serving over 150,000 customers and delivering to them more than 1½ billion kilowatt hours each year. Within the next 5 years our plans are to install additional generating capacity which will add more than another 120,000 kilowatts of generating capacity. One of these additional units will be located here in Avon Park and is expected to be completed during 1952.

This phenomenal increase in the demand for electric service and the expansion of our plant capacities to meet this demand comes from two sources. First is the rapid growth of our area. As I mentioned earlier, Florida has been the fastest growing state east of the Rockies. A great deal of this growth has taken place in the territory served by our Company. As an example, the customers of our Company in the Avon Park district increased from 1164 in 1940 to 2866 in 1950, an increase of approximately 150 per cent. During the year ending October 1950 we added 341 new customers [illegible] new customers.

The second factor contributing to this exceptional increase in demand has been the increase in the use of kilowatt hours per customer. During the same 10 years, the annual use of electric energy per residential customer increased from 1196 kilowatt hours to 2035 kilowatt hours, an increase of almost 80 percent during that short period. Our Company has great faith in the future of the area we serve. It is our policy that we plan many years in advance so that, when energy is required either for civilian or defense purposes, we will be ready to meet that need. At the present time we are building a new 40,000 KW plant at the head of Old Tampa Bay in Pinellas County which will be placed in service during the summer of 1951. That plant will be connected to this area through our substation at Ft. Meade by 110,000 volt transmission line costing approximately [illegible] million dollars.

Our next generating unit will be here in Avon Park. I feel that you will be interested in some detail in connection with this plant. It will be of the latest high pressure design of 40,000 kilowatt capacity. Your present plant, originally completed in 1927, is a 5,000 kilowatt plant which will mean that your new plant will be almost 4 times as large as your present plant. It is difficult to say just exactly what this plant will cost in view of the present unsettled conditions affecting construction prices. It will, however, provide employment here in your city for approximately 200 people with a payroll in the neighborhood of 2 million dollars. When completed, this plant will use 50,000 gallons of fuel oil each day. It is the only plant on our system where this oil must be hauled by railroad, which, materially increases our fuel cost. After thorough consideration, however, it was decided that the power needs of this area and its adjoining territory justified the establishment of the plant here, in spite of the increase in operating cost. Our 1951 budget for the Lake Wales Division is over 4 million dollars, the highest of any of our 6 Divisions and over 25 percent of our entire budget.

I think that this short resume of the growth and plans of our Company for the future will give you some indication of the problems which have faced us during the past decade, and will challenge us in the future. These business-managed, tax paying companies have met successfully the unprecedented demand which was placed on them during the past war and the post war period and are making plans for expansion which will guarantee that we will not be too little or too late if further demands should be placed upon us during the troublesome years which may be facing us.

Unfortunately, there are those in high places in our government who have attempted and are still attempting to nationalize the electric industry. I ask sincerely that you give this matter careful and earnest consideration. The nationalization of socialization of the electric utility industry would be only one step towards the socialization of our entire economy. Fortunately, there are others who have been forced to come to our rescue through threats in which they themselves were involved. The most notable of these groups have been the doctors who became tremendously disturbed at the prospect of socialized medicine. The creation of the various authorities, such as the Tennessee Valley Authority and the Columbia Valley Authority, are part of the master plan whereby the local government would in a large measure pass to the hands of those appointees of our Federal Government who would be placed in charge. Mr. David Lilienthal, once head of TVA, said: "Whoever controls energy controls people." Every phase of our American economy depends to an increasing extent upon electric power. For this reason we should all be alert for any movement which would threaten the freedom of our people at a time when we are fighting dictatorship throughout the world. Chambers of Commerce throughout the land have been the bulwarks of Democracy. Let us be sure to do our part to see that at home, as well as abroad, we lend our support to efforts which will guarantee the continuation of the freedoms which we all hold so dear.

In closing, I want to assure each of you that our Company has faith in your city, in this area, and in Florida. We have and will demonstrate that faith by seeing that an ample supply of electric service is available to meet every demand. We shall continue to be partners in the progress of Florida.

COUNTY AGENTS TO MEET AT PUNTA GORDA

Next year's program of 4-H club work for boys of eight South Florida counties will be formulated at a meeting of county agents and their assistants in Punta Gorda December 13, W. W. Brown, boys' club agent with the University of Florida Agricultural Extension Service, announced here.

Highlands County assistant agent, B. J. Harris, of Sebring, will be in charge of the program which will affect 800 boys. Representatives will be present from Manatee, Charlotte, Lee, Sarasota, Hardee, Highlands, DeSoto and Collier counties.

Youth work in the eight-county area, Brown said, has been concentrated on livestock, pasture improvement and truck crops. K. S. McMullen, of Gainesville, district agent with the Extension Service, will help plan the 4-H club program.

Gala Reception For New Members Of Jr. Women

The annual reception for new members held by the Junior Woman's Club at the Jacaranda Hotel Tuesday night, at 7 o'clock, was a festive occasion.

A lavish turkey dinner, with all the usual trimmings, was served on a table beautifully decorated in red, green, and gold, to exemplify Christmas. Cactus plants in graduated sizes, gilt and sprinkled with glittering artificial snow were placed to form a Christmas tree under which small gold angels sang. Red candles in gold holders, with green holley and red berries, also decorated the table. Place cards were in the form of little girls in Christmas togs, with sprigs of holley tucked into the brims of their tiny red hats.

Mrs. W. N. Kluberg read a prayer before the dinner. After the dinner, the president, Mrs. Walter Mandis, welcomed the new members.

A short business session followed the dinner, during which roll was called and new members introduced. Then the year books for 1950-51 were passed out. They are loose-leaf books in leather bindings, so that new pages may be inserted for coming years. Mrs. Hubert K. Bizzell, 2nd Vice president, was in charge of the year books.

All officers were also introduced, each giving a brief resume of her duties.

The evening closed with carol singing, led by Mrs. John P. Garber, Jr., who also sang a solo. Mrs. Kluberg accompanied on the piano.

Hostesses were Mrs. M. F. Stokey, Mrs. Herbert Todd, and Mrs. Ed Touchton. Miss Hilda Reddick made the decorations for the table, assisted in placing them by Mrs. Charles O. Locke III. Mrs. Herbert Todd was responsible for the place cards. Mrs. Stuart J. Ward, membership chairman, sent the invitations to the new members.

Mrs. Walter Betts, Senior Sponsor, was a guest.

New members welcomed were: Mesdames James Anderson, Floyd Freer, Earl Varnes, Charles Long, L. T. Mitchell, J. T. Landress, William Monroe, Robert J. Barben, Cecil Ferguson, R. H. Barringer, Garland Kelly, N. H. Booth, Cecil Skipper, Velma Weeks, Bob Willis, A. A. Bean, and George Gribble.

Birthday Party For Peggy Bussard

Peggy Bussard, daughter of Mr. and Mrs. Hubert Bussard, celebrated her ninth birthday last Saturday afternoon with a party given by her mother at their home on North Lake Viola.

The party rooms were decorated in the Christmas colors. A Christmas tree decorated with packages containing the favors, which were reindeer, angels, Santa Clauses and lambs, centered the gift table.

A novel way of reading the Christmas story, with all the little guests taking part, was enjoyed by all.

Elizabeth Howell won a prize for the peanut hunt.

Refreshments of birthday cake, ice cream, party mints, and punch were served.

Guests were: Betty Kay Wyckoff, Claire and Steve Maxwell, Sarah Lou Smith, Eva Campbell, Julie Bess Crichfield, Frances and Mary Lou Warren, Dale Nute, Lanelle and Linda Griffin, Pat Tondee, Sara Leslie Harrison, Gene Thomas, Clytee Coleman, Vickie Carter, Nancy Watford, Mary Lois Roberts, Elizabeth Howell, Misses Alma Harrell, Jerry Marley, Mildred Myers, Mrs. Mary Myers, and Mrs. D. O. Evers.

Susan Brown Has Birthday Party

Susan Brown, daughter of Mr. and Mrs. R. H. Brown, celebrated her thirteenth birthday with a party given at her home Saturday evening, November 25, from 7:30 to 10:30. The young people enjoyed several lively games, among them "Pin the beard on the turkey."

Decorations carried out a Thanksgiving theme. Refreshments were lime freeze and cake.

Guests were: Fred Meeks, Clement McFarland, Dick Reddick, Kelton Hill, Donohue Crews, Jimmie Waldron, Frances Fisher, Eileen Sachsenmaier, Leila Johnson, Edith Hagen, Lou Ann Austin, Peggy Martin, and Betty Sue Woodham.

Mrs. E. Ludington assisted Mrs. Brown.

Major and Mrs. Roy L. Pixler will leave next Monday to drive to California, where they will stay for about a month. They will stop over in Phoenix, Arizona, to visit Mr. and Mrs. John L. Hurd.

Christmas Tree For Public Use

Dr. Frances R. Bayley, retired Methodist minister, gave an inspiring Christmas message, "If Jesus Had Not Come," at the last meeting of the Senior Woman's Club, held Friday afternoon, December 1, in the Palm Room of the Jacaranda Hotel.

A beautiful program of carols appropriate to the holiday season was presented by a vocal quartet composed of Mr. and Mrs. J. Paul Garber and Mr. and Mrs. John P. Garber, Jr. Mrs. Garber, Jr., also sang one solo. They were accompanied by Miss Gloria Garber.

The theme of the program was "Fine Arts", of which Mrs. Ralph Herring is chairman. Mrs. Charles F. Kenney, co-chairman, had charge of the program.

Three new members were accepted by the club: Mrs. Guy Bolt, Mrs. G. S. Easton, and Mrs. G. H. Mills.

Mrs. Samuel Norris, president, read the Twenty-third Psalm as a memorial to the late Mrs. C. H. Pardee.

The club's annual card party will be held on Tuesday, January 9th. tickets will be on sale early.

The club is going to have a Christmas tree placed on the Mall, the tree to be erected and decorated by the Florida Power Company. This tree is for the use of the public, and after the holidays to hold a Christmas party around it, can do so.

Also, the club owns a Santa Claus suit which can be rented for $1.00 on occasion. Mrs. W. J. Hoel has charge of this suit.

Mrs. Norris, in behalf of the club, thanks all those who gave donations for the Christmas box for the Jacksonville orphanage and for the baskets to be distributed here. The donations were both plentiful and attractive, and were much appreciated.

Regular Meeting Rebekah Lodge

Eleanor Seavern Rebekah Lodge No. 65 held its regular meeting Monday night. After the business meeting, refreshments were served at the Avon Park Cafe.

There was one visitor, Yvonne Beall of Cambridge, Ohio member of Silver Rebekah Lodge.

Members present were: Bertha Kelley, Amelia Dick, Bertha Barker, Lillian Bridges, Esther L. Jones, Agnes Cox, Lena Kean, Mary Smedley, Belle Martin, Lena Trobitz, Tillie Yuster, Mildred Murphy, Elizabeth Mizelle, Bella Rosenberg, Gladys Hagen, Helen Mann, Cleo Lookhoff, Cora Wray, Mildred Waddell, Mary Fields, Margaretha Vogt, Virginia Corneglia.

Farewell Party At Moose Hall

The Women of the Moose held a farewell party at Moose Hall, Friday night, December 1, for Mrs. Ruth Stoddard, a member from New York who had been staying in Avon Park for several months. She and her husband expect to make their home here. However, Mrs. Stoddard was called home suddenly by her husband's injury in an accident, and their coming to Avon Park must await this recovery.

A large number of guests attended the party, including the men of the lodge. Refreshments were served, and a variety of attractive gifts were presented to Mrs. Stoddard.

5th Birthday Party For Anne Johnson

Little Anne Johnson was given a party Monday afternoon at her home in celebration of her fifth birthday. She is the daughter of Mr. and Mrs. James A. Johnson.

Anne and the group of children who were her guests had a happy time playing games.

The refreshment table was really decorated to carry out a Christmas motif; it was centered with a large sugar plum tree, with an individual tree at each child's place. The cake was appropriately iced in red, green and white, and ornamented with Christmas trees. Ice cream, candy, and cookies were also served.

SCHOOL XMAS PROGRAM

Section One of the Ninth Grade, with Mrs. Vaughan Driggers sponsor, will present the Christmas program in the high school auditorium on Friday, December 15, at 2:00 P.M. Colored slides illustrating the Christmas story will be shown.

All parents and friends of the school are invited to attend this program. The band and glee club will furnish appropriate music.

Mr. and Mrs. R. H. Bovard returned Tuesday, Nov. 28, from Tarentum, Pa., where they attended the wedding of their grandson. Mr. and Mrs. Herron Bovard and Patty also returned from Tarentum.

Shopping on the Mall

By Sun Staff Writer

For giving luxury in a little room, and at a cost not too great—there's nothing like a good cosmetic or perfume. And the packages to be found on the Mall are as lovely as the contents. There's perfume in a dainty little sled, tucked into crystal slippers or swans or attached to golden bells. Bottles of nail polish masquerade as quaint little ladies of earlier days. And there is also on the market a special package at a special price, introducing a new product of an established firm: it's a wonderfully smooth, moist powder base, packaged with an air-compressed face powder, and one of those long, long lipsticks, all come in six different complexion tones.

For men, there's a trim plastic travel case that rolls up to practically no size, and contains a razor, tooth brush, comb, lotion, toothpaste—indeed, everything a man needs for his morning grooming.

If you are not in Christmas spirit, and you still don't want to go to the Mall, there's a shopping service, a kind of celestial tree, loaded and sprinkled with bright stars, with the supporting trunk a tall candle. Very pretty.

Don't forget that small children love bright picture books. We saw several, and especially noted a large Christmas book, a green paper bell pops up when the cover is opened. There are records for children, too.

A housewife would adore those Pyrex casseroles which fit into colored wicker baskets—so you won't burn your fingers. Or she might prefer a luncheon set in dark green glass, square-shaped for modern living.

If someone in your family longs for a baton, you can find one along the Mall—even a baton that lights.

For women of all ages—and all types of temperament—there's some lovely jewelry to be found hereabouts. We noticed especially a large collection of pins, many set with brilliants, some shaped like animals, or musical instruments, or dancing figures, and others in more conventional form. They cost very little, and are so very attractive.

If Sonny wants to listen to Straight-Shooter Timothy, when you prefer chamber music, why should either of you endure frustration? Solve your problem by giving him a minute radio of his own, priced at less than $13.00. Its volume and tone are surprisingly good (yes, we listened to it).

There are some good-looking ties and dressing gowns for men in evidence around town, too. And nylon slips for ladies, with lace so delicate it seems it might melt in the air.

One store in town has a large stock of gift handkerchiefs and scarves. Also some attractive small purses. By the way, young girls like bill folds these days.

"Rumba" panties for very small girls—well, they have tiny ruffles across the bottom, and come in pastel shades and white. Cute!

We haven't room for everything, but we want to remind you that many of the products mentioned above are nationally advertised, in such magazines as "Life." In fact, most of the products you see nationally advertised can be purchased without leaving your home town, including cosmetics, all sorts of quality cooking utensils, Eastman and Ansco cameras, Schick electric razors, Westclox watches, G. E. and Westinghouse electric appliances.

Don't forget to buy gift paper and Christmas seals.

Firemen Enjoy Turkey Supper

The Avon Park Firemen, their families, and friends, enjoyed a turkey supper given by the association last Thursday evening, 7:30 P.M., at the Fire Station.

Immediately after the supper, Mack Flowers, secretary of the association for three consecutive years, briefly discussed the association's accomplishments since it was organized nearly five years ago. He also introduced the charter officers and the officers at the present time, and the officials of the Fire Department.

He then introduced Col. H. J. Hagemeister, of Sebring, who is chairman of the Highlands County Civilian Defense Committee. Col. Hagemeister discussed the defense program in general and pointed out to those present what would be expected of every man, woman, and child.

Other special guests included the Rev. and Mrs. H. Edward Garrett of the First Methodist Church.

Join our Public Library

Carol

As Joseph was a-walking
He heard an angel sing
This night shall be the birthtime
Of Christ, the heavenly King

He neither shall be born
In housen nor in hall,
Nor in the place of paradise,
But in an ox's stall.

He neither shall be clothed
In purple nor in pall
But in the fair white linen
That usen babies all.

He neither shall be rocked
In silver nor in gold
But in a wooden manger
That resteth on the mould.

As Joseph was a-walking,
There did an angel sing,
And Mary's child at midnight
Was born to be our King.

Then be we glad, good people,
This night of all the year,
And light we up our candles,
For he shall shineth clear.

Floor: The Cherry Tree Ballad: Old English

Mrs. T. J. McGinnis and Mr. and Mrs. W. L. Fogg visited Mrs. Lee Bowen to get ready for the Christmas holidays. Mrs. Bowen is ill at her home on Lake Byrd.

W. W. Stringer returned home Friday night from Detroit, Mich., where he had been for the past four months. His family remained in Avon Park.

Rev. and Mrs. E. T. Welles, from Perry, N.Y., have arrived in their house trailer to spend the winter in the south. They are now visiting Rev. Welles' cousin, Mrs. J. D. Sherman.

Mr. and Mrs. E. T. Sample of Warren, Ohio, are visiting Major and Mrs. Roy L. Pixler, and will stay in the guest house during the time of the Pixler's absence. Mrs. Sample is Major Pixler's sister.

Mr. and Mrs. R. L. Talley of Zanesville, Ohio, have again taken the Boyd cottage, Highland Lakes, after spending a few days with Mr. and Mrs. H. G. Bygate. Mr. Talley is Mrs. Bygate's brother.

Guests of Mr. and Mrs. C. R. Ginn last weekend were her brothers and their families: Mr. and Mrs. Burton W. Ames from Gainesville; and Mr. and Mrs. Byron Ames and daughter, Betty, from Zephyrhills.

Mrs. William Beckett has moved to Angusta, Ga., to live with her daughter, Mrs. Helen Hoffman. Her home on Butler Avenue was purchased by Mr. and Mrs. R. H. Gardner, formerly of Columbus, Ind., now permanent residents of Avon Park, on Highlands Ave., who have converted the Beckett home into apartments.

Mrs. R. H. Stodden spent Thursday and Friday of last week in Orlando.

Mrs. John E. Pickens was so unfortunate as to slip and fall in her home Sunday night, breaking her hip. An operation to secure the fracture, given Tuesday, is reported to have been successful, and it is hoped that Mrs. Pickens will soon be able to return to her home at Lake Byrd Lodge.

Miss Helen Jarrett is recovering from an operation she underwent at Walker Memorial Hospital Tuesday. It was expected that she would be able to return home Thursday.

Mr. and Mrs. M. G. Whitney and family have moved to Tampa, where they will make their home. Mr. Whitney is employed by the Atlantic Coast Line railroad.

Mr. and Mrs. E. Ward of Tampa visited friends in Avon Park Tuesday.

Mrs. H. C. Watson and Elaine spent Wednesday afternoon in Tampa on business.

Robert Mansfield of Wauchula is to be associated with Vaughn M. Hayes in the real estate business here.

R. F. Harden, who underwent an operation at Walker Memorial Hospital Monday, is recuperating splendidly.

Circle No. 6, W.S.C.S., First Methodist Church, met Monday afternoon at the Methodist parsonage, with 16 present.

Mr. and Mrs. M. C. Northup of Fort Ann, N.Y., are spending this week with their son, Dr. E. C. Northup, and family.

Mr. and Mrs. Ray Kepple have returned to Avon Park from Marianna, Fla. Their grandson, Dalmon Kepple, Jr., accompanied them and will remain with them for the holidays. Dalmon's parents, Mr. and Mrs. Dalmon Kepple, are stationed at Marianna.
