AVON PARK, FLORIDA, FRIDAY, MARCH 24, 1950

NUMBER 19

Mildred Murphy and her trained horse, Red Fox, are widely known to rodeo fans throughout the Southwest. Red Fox is a product of the Florida range, having been raised and trained on the Murphy ranch near Leola, Florida. Mrs. Murphy and her trained horse will perform at PTA carnival.

## Commissioners Approve Bond For Deputy Constable

The county commissioners approved a bond Tuesday for a deputy constable, but there appears to be no authority for creating such an office, according to legal authority.

The bond was approved for William Fowler, who has been appointed by Constable Lewis Butler of the Sebring district to serve under him.

Bond was also approved for James C. Murdock, new deputy sheriff recently appointed by Sheriff Broward Coker to succeed James Creed, resigned.

The board authorized advertisement for bids for the purchase of a new truck for District 8.

The commissioners also passed a motion to contact the Atlantic Coast Line Railroad and request the road to repair the superstructure of the overhead bridge at Lake Placid, and to bill the county for the portion for which the county is responsible.

Receipts of bids for the addition to the county jail was postponed 30 days due to changes in specification, on the recommendation of the architect. Bids will be opened April 18.

The board appointed blazers for viewing and laying out a route from the county road across the Arbuckle creek bridge through the Aisenmeyer and other property to the creek. Joe Hawkins, W. B. Crawford and Rudy Ashton were named.

## Double Funeral Held For Avon Residents Tuesday Afternoon

Double funeral services were held at the Union Congregational Church Tuesday afternoon at 3 o'clock for Edgar Lewis Thomas, 79, and his widow, Mrs. Mary Ann Thomas, 75.

Mr. Thomas died last Saturday and five days later Mrs. Thomas succumbed unaware of her husband's death. The Thomases came here 25 years ago from Minnesota, after their retirement from the grocery business.

They are survived by two sons, Virgil S. Thomas, Miami and Homer S. Thomas, of Lansing, Michigan; two grandsons, Homer S. Thomas, Jr., of Redonda Beach, Calif., and Ann Thomas, Miami and two great-grandchildren.

Mr. and Mrs. Thomas were members of the Congregational Church. Mrs. Thomas served as deaconess for many years and was an honorary deaconess at the time of her death. She was Treasurer of the Benevolent Society and was an active member of the Covenant Circle and the Ladies Aid. Mr. Thomas had not taken an active part in church activities in later years due to ill health. He was a member of Poinciana Lodge #248.

Funeral services were held at the Congregational Church Tuesday afternoon at 3:30 o'clock. Rev. Herbert Grate, officiated. Interment in Bougainville Cemetery with Stephens Funeral Home in charge of arrangements.

Active bearers for Mrs. Thomas were, J. R. Bennett, Robert McCabe, H. B. Donaldson, Raymond Dillon, Woodrow Lewis, C. D. Gilin.

Active bearers for Mr. Thomas were, Spencer Pickett, D.

## PTA Plans Big Circus On School Grounds For April

Plans are being made by the PTA for a Circus Carnival to be held on the school grounds, Saturday April 22. The circus will begin at 1:30 o'clock and continue thru the evening.

There will be a parade led by the high school band. Children will be dressed as circus characters, clowns, midgets, wild animals and other circus folk. Prizes will be awarded after the parade.

The big show will start at 3:30 o'clock. Circus acts are being arranged. There will be a large sawdust filled ring.

The feature attraction will be Mildred Murphy and her trick horse, Red Fox. This will delight both children and grown-ups.

A circus atmosphere will prevail over the school ground, with ponies to ride, little cars and fire trucks, soda pop, candied apples, pop corn, side shows and movies.

Another feature will be the Old Fashioned Store filled with a tempting assortment of merchandise, handmade articles made by PTA members and friends, a rummage and white elephant table, candies, cakes, vegetables and chickens.

Hamburgers and hot dogs, coffee, cake and pies will be served beginning at 4:30.

Mrs. Murphy will give another performance at night, after which there will be a basketball game between the parents and teachers.

## Marvin H. Walker Guest Speaker At Rotary Club

Marvin H. Walker, General Manager of the Florida Citrus Canners Cooperative at Lake Wales, in an address before Rotary, predicted that fresh citrus fruit and canned juices will continue in good demand in spite of the development of the frozen concentrate industry. He also said that labor will not be too seriously affected. He pointed out that employment has been somewhat slack this season because of the damage to grapefruit in the hurricane of last August and lack of uniformity in ripening of citrus making it difficult to meet maturity tests.

Mr. Walker called attention to the fact that prices of citrus this year have been the highest in volume in the history of the industry. He said that production in Florida will increase at the rate from 3 to 5 million boxes a year for the next five years. In his opinion the industry will sell this increasing crop at satisfactory prices.

The bigness of the citrus industry was indicated by the fact that the sale of oranges alone represents 1 percent of the total cost of living in the United States, or 2 percent of the cost of foods. The production of oranges is greater than that of apples, peaches and pears combined.

While Florida production of citrus continues to climb, that of California declines. Because of disease to trees and lack of water there has been practically no new plantings of citrus groves in California. Texas lost a third of her trees in last year's freeze. Arizona has been hurt by frost for the last three years. This all indicates the increasing importance of the citrus industry in Florida.

Mr. Walker spoke of the great growth of the frozen concentrate industry. Three years ago it produced 200,000 gallons, and its product went begging. The capacity of the present plants operating in the state is from 30 to 32,000,000 gallons, which represents one-third of the commercial crop. Mr. Walker credited the leveling off of the demand for frozen concentrate during the last five months to the rise in prices. Because of the rise in prices from 21c to 31c the citrus growers in some areas have fallen off. The whole industry is watching to see what the effect of sales resistance on the part of the housewife will have on the industry. In the month of February the average family buying represented 59 percent frozen fruit, 17 percent canned and 12 percent frozen concentrate.

The superiority of the Florida product is demonstrated by the fact that of all the concentrates sold in San Francisco, Calif., the product of one Florida plant accounted for 56 percent of the total, and at a price considerably higher than the California product. California is now producing 7,000,000 gallons a year.

In closing Mr. Walker said that the present tendency in Washington to reduce duties on imports in order to encourage foreign trade might hurt the citrus industry. A recent 50 percent reduction of duty on Italian lemons has brought the foreign fruit to the Florida market. A similar reduction on processed concentrates and juices from North Africa will

## Bomb Range Inspected For Air Academy

Two representatives of the U. S. Engineers came to Avon Park Tuesday to inspect the Bombing Range as a possible site for the Planned multi-million dollar Air Force Academy.

The two, Engineers Spooner and Koperski of the Jacksonville district office, spent the afternoon with a committee of the chamber of commerce going over compiled data to see if the Avon Park site met necessary requirements.

Bob King, president of the chamber of commerce, and head of the committee, said the engineers reported that the Range met all requirements, and that they will submit a report to that effect to the Air Force. Other committee members met with the engineers were C. E. Lanier, R. R. Brown and S. C. Pardee, Jr.

A second survey team, the engineers said, would follow them to make a more detailed study of the site.

This team will give closer scrutiny to the sites that have qualified for consideration, after a screening out process.

King says Avon Park has a chance. He discounts the reports that San Antonio, Texas, and that its site had already been agreed upon.

"That's a chamber of commerce propaganda coming from San Antonio," King said. "They're claiming the world just to scare every body else off. Avon Park definitely being considered and we have a good chance of being selected as the Florida site," King said.

The Florida Flying Farmers Association will hold their first 1950 meeting in Sebring, March 25 and 26. Already the Sebring Chamber of Commerce, sponsors of the meeting, has received reports from thirty-four members of the FFFA from as far north as Jacksonville and Tallahassee indicating their arrival by private planes at Sebring Air Terminal Saturday from 10 A. M. through the day.

The Sebring C. of C. has arranged for a tour of Highlands Hammock for Saturday afternoon followed by a fish fry at the Hammock lodge. The business meeting of the Association is scheduled for Saturday evening at the Hotel Sebring. Tours of individual ranches will be made Sunday before members take off for home.

The FFFA was organized at Ocala in October, 1948 and has increased its membership steadily to its present strength of almost eighty. Active members are restricted to persons engaged in agriculture who hold airmen certificates. The organization is open to any interested person.

The majority of members are ranchers and citrus growers who use their planes in their everyday operation. President of the FFFA is W. A. "Bill" Hump, a Clermont citrus grower. Another grower, Elmer Walker, Jr., of Vero Beach is vice-president, while the wife of a doctor-rancher of Palatka, Mrs. Doris Zeigler, is secretary-treasurer. Members from this immediate area include Ivey Futch, Lake Placid; Dr. L. W. Martin, Sebring, and G. F. Ward, Avon Park.

According to its usual custom the FFFA is inviting a person in agricultural aviation to join in the meeting. It is hoped that local flyers and ranchers will accept this invitation.

JIM HETHERINGTON HONORED

Jim Hetherington, senior at the Missouri School of Mines in Rolla, Missouri, and a member of Tau Kappa Epsilon fraternity, was recently knighted by St. Patrick in traditional ceremonies following the annual St. Pat's day parade. One senior is selected from each fraternity annually to honor St. Pat's, one of the feature events of the year, with its distinctive Irish distinction.

Hetherington, son of Mr. and Mrs. W. M. Hetherington, is a charter member of Tau Kappa Epsilon on MSM campus, and pledge-master of his fraternity.

He will receive his degree in Mining Engineering in June.

## Jay Cees Stage Campaign To Re-register All Voters

An intensive campaign is being carried on by the Jay Cees of Sebring and Avon Park to impress upon the public the importance of re-registering in the county's new permanent registration campaign. Every prospective voter, otherwise eligible, must re-register before April 1 in order to participate in the May 2 Primary.

In order to accommodate the people of Avon Park and other precincts, the county commissioners have authorized Supervisor of Registration Roland X. Drott to re-open the books in the precincts of the county. Accordingly, books will be open in Avon Park on Friday and Saturday, March 31 and April 1, next week.

Registration deputies will open an office at Wells Motor Company, and a volunteer crew of Jay Cees will assist with a booth at the band stand in the Mall. It is estimated that about 1,500 people in Avon Park should register to bring the city up to its full voting strength. President Martin of the Jay Cees promises there will be plenty of help on hand to get the job done next Friday and Saturday. So, if you are not signed up, go to Wells Motor Co. or the band stand booth and you will receive prompt attention.

The Jay Cees are carrying on an educational program with personal contacts, notices in public places and newspaper publicity to assist in the re-registration. They were praised by resolution of the board of county commissioners Tuesday, which said their efforts "are commendable and considered by this board to be worthy of high praise and civic commendation."

According to the resolution only about 80 percent of eligible voters had registered by the first of this week. The figures are about 5,000 out of a possible 9,000, Martin stated.

Mayor Wiley Sauls, Jr., is co-operating with the Jay Cees by giving permission to paint signs on the sidewalks, offering use of the band stand and booth in the Mall.

## Bisons To Open Home Schedule Here Monday

The Buffalo Bisons are winding up their second week of intensive drill at Head Field, preparatory to taking the road this week-end in a three-game series with the Philadelphia Athletics at West Palm Beach. The Bisons will open their home schedule at Headfield with Springfield at 2 o'clock in the afternoon. All Head Field games will be played in daylight. General Manager Leo Miller announced.

The Bisons will go to Bartow Tuesday to play Toledo, returning to Avon Park Wednesday for a special band benefit game, which has been arranged by Council President, Dr. Gough and managements of the Bisons and the Kansas City Blues, who will offer the opposition. Both teams have agreed to donate the entire gate for the benefit of the band uniform fund, a very generous gesture on the part of these gentlemen. Advance sale of tickets will be carried on by the High School Band Association, and Avon Park fans will be given an opportunity of seeing some first-rate baseball and making a contribution to the band. Admission charge will be \$1.00 for adults and 35 cents for students. This will be the regular charge for all home games, Miller stated.

Schedule for the balance of the week: Thursday, Richmond at Bartow; Friday, Richmond at Bartow; Saturday, Kansas City, here; Sunday, open.

The Regulars and Yonkers played two intrasquad games the past week, to get in some actual playing practice. In the second of the two-game series, Tuesday, the Regulars won over the Yankees amid a burst of home runs and won 15-4. Stewart and Block homered for the regulars, and Williams, Minor, Kirk and Eggers hit over the fence for the opponents.

The team left Thursday noon for West Palm Beach.

## BOOMERANG

The tale is told of the Australian to whom friends presented a new boomerang. The poor fellow spent the rest of his life in a futile attempt to get rid of the old one.

A recent court case involved the case of a pigeon lover who bought some homing pigeons and cooped them in his backyard. When neighbors complained, it was found that the man was violating law. The Court ordered him to get rid of the homing pigeons. You try that.

Both these situations make us think of Claude Pepper. A myriad shadows of the past are boomerangs he cannot shed. No matter how energetically he throws these from him, they complete an orbit and return. His words and actions are as the boomerang and the homing pigeons. He just cannot "get shed" of them. They are his very own. George Smathers need manufacture nothing by way of campaign ammunition. Claude has made it all for him.

The harder Pepper throws away the facts, the surer and more emphatic their return unto him. It is the nature of the boomerang. Every boomerang knows its Claude. Natural Laws effect the return of each to its proper place. There is a modicum of humor in Claude's phrenetic attempts to heave the old boomerang. He might as well strive to sink a cork or pour a quart of water into a pint container. He is hopelessly engaged in a hopeless task.

Those glib tributes to Joe Stalin which flowed so melliflously from the Pepper tongue, have turned into boomerangs to assault another portion of the Pepper anatomy. Those Pepper pleas for Henry Wallace's nomination over Truman, when all were certain that nomination went to the Presidency of this Republic, are now boomerangs, clustering instinctively about our Claude.

Natural Laws do operate. If Mr. Pepper is returned to private life, it may comfort him to know that the man who best him was Claude himself. Smathers needed help no greater than Claude provides out of his past devotions, his anemic allegiances, his gusty and garbled gyrations. Our opinion is that George Smathers is strong and able. He will give worthy representation in the Senate, regardless of the stature of Pepper.

That, however, does not deny us the amusing spectacle of the boomerang. Neither does it weaken our faith in the ultimate operation of Natural Laws, upon which the politically ambulant amours of Senator Pepper have raised such odd and unwelcome chicks to come home to roost on his doorstep.

## Winter Guests Club News

By LILLIAN HILL RODGERS

Felicitations and all good wishes to the Winter Guests Club's newest bride and groom, Mr. and Mrs. Fred Simcox. Married at an impressive ceremony in the Methodist Church last Wednesday, they plan to move in to their home as soon as the building is completed.

The popular husband and wife team tournament played a return engagement at the shuffleboard court last Saturday. After several elimination games, the winning teams included Mr. and Mrs. Pipher, Mr. and Mrs. Linpert, Mr. and Mrs. Heath, Mr. and Mrs. Kass, Mr. and Mrs. Wyman, Mr. and Mrs. Lane. In the semi-finals Mr. and Mrs. Kass and Mr. and Mrs. Lane, were winners. Rain interfered with the final game, which was postponed until Monday. On that day, Linpert prevented Mrs. Kass from playing, so the championship for this week was awarded to Mr. and Mrs. Lane by the Beall's, who direct this interesting activity.

Last Friday night's game and stunt program was another triumph for Mrs. Mitten, who is able to recruit more recalcitrant rangers for these programs than would be thought possible. (An unofficial censor suggests that modest and self-sacrificing heroes would be a more descriptive term for those taking part.) At any rate custom cannot stifle her infinite variety and the clever ideas she evolves adds much to the enjoyment of the club.

The first game "Musical Chairs" with Mrs. Wilson at the piano would seem to prove that the age of chivalry is past, for out of ten men and ten women beginning the game, all the ladies were without chairs while the last four or five men marched around and occupied them.

Other games ranged from a contest of those whose "bloomin' beliefs" were extra strong, to the radio interview, where strong imagination held sway and tall stories abounded.

The list of prize winners is incomplete, but included Robert Volland, Mrs. Gruber, Worth Rogers, Bill Beall, Glen Eastard, William Wyman, Harry Gibson, George Anderson, Ed Patton, Harry Mitten.

A nice card just arrived this morning from Adrain, Michigan, described as "a little bit of Ireland in our own dear U. S. A." The card from Mr. and Mrs. Lawrence Haas, members of our club, announced that they are back home with the family after a safe trip and a fine vacation in our sunny south, with happy memories of the good friendly people in Avon Park, and a plan to return there some day.

The last picnic of the season, under management of Mrs. Harold Davis and Mrs. Jarvis Smith, is scheduled for Tuesday evening, and will no doubt be a happy memory by the time this paper goes to press. Many members are leaving for the North at the end of this month, and we wish for them a safe journey and a return stay next year.

Mrs. Hoyt Kempton and Mr. and Mrs. Chauncey Nichols are visiting in Miami this week.

Mr. and Mrs. Charles Johnson have returned to Avon Park after exploring the east coast the past week.

New members this week are necessarily short terms. May their stay be longer next year. Mr. and Mrs. P. H. Stevens, Rochester, N. Y., Mr. and Mrs. Lee Lempert, Mr. and Mrs. John Williams, Miss Ann Hammond, Miss Mary Corbin, Tom Simpson, Andrew Transvitch, Charles Wilhelm, Frank Robinson, Fred Wells, Tom Kirk, Al Bursh, Joe Mangini, Bill Benton, Joe Nuxall, Otis Stephens and Clyde Eggleston.

Mrs. J. W. Johnson and Mrs. Kell Ledford of Canton, N. C. are the guests of Mr. and Mrs. J. W. Johnson at their home on Lake Lotela. Mrs. Johnson is the mother of Mr. Johnson and Mrs. Ledford is Mrs. Johnson's mother.

Mrs. C. F. Boyd and Mrs. T. A. Voukshian spent Monday in Orlando.

## A Statement by Rev. Robert T. Liner

There seems to be false rumors and misunderstanding regarding certain statements by R. T. Liner, pastor of the First Baptist Church, regarding our High School Band. I made a statement that, "I thought the 'school' was making too many demands upon our young people and that I planned to talk to them about it." My statement was carefully made and considered. Several parents of band members spoke to me afterwards and stated that they felt the same way. I made the statement because our young people had been expected to play in a band concert on Sunday afternoons (The Lord's Day) when they ought to have been in Church choir rehearsal. They were making "Band Trips" on Saturday night and getting home around 2:00 o'clock Sunday A. M., therefore many did not come to Church and Sunday School on Sunday morning or if they did they were so sleepy, tired and listless they did not get anything out of the services. Some had colds and sore throat, evidently from too much exposure to cool night air.

In my reference to speaking to officials, I was thinking that Friday night would be a better night (if they must be out so late).

Through misunderstanding, gossip and misconception someone has evidently started rumors that the "Baptists" were going to run the band leader out of town, and it was rumored he was resigning his position. Many folks seem to be disturbed, even going to the president of the chamber of commerce and others about it.

I have not talked to any school officials as of this date, March 18, 1950, because I had understood that the band trips and concerts were over for a time. There was nothing personal in my feelings or statements. I regard Mr. Gordon very highly.

I have a boy in the junior band, who, I hope will be in the high school band next year. However, I do want to say that I do not feel that any one phase of education should dominate or demand too much time from the physical or spiritual standpoint. The spiritual development and training, de-

## HIGH SCHOOL POW-WOW

By PAT LAGONI

Tuesday of this week marked the opening of the baseball season for the Red Devils. Their first opponents were the Lake Placid Dragons, who suffered an 8 to 2 defeat at the hands of our boys. The batteries for the Devils were Ralph Hill and Bobby Whitcomb, pitchers and Bruce Spencer, catcher. Avon Park made 4 runs in the second inning, three in the third and one in the fourth. Lake Placid chalked up one in the fifth and one in the last.

This Friday the red and white team will meet the Frostdrop Bullpups at Head Field. Let's all come out to the games and give the boys the support they need to keep up the good work.

Since last Friday was St. Patrick's Day, the chapel program was planned accordingly. Mrs. Hill's section of the ninth grade was sponsor of the program and Thea Sims read the devotional and announced the features. Joyce Thomas sang the prayer and the later sang a duet with Barbara Moseley. Mrs. Charlie led the group in a selection of good Irish songs. Mrs. Driggers accompanied at the piano. Among these songs were: "My Wild Irish Rose," "Mother Macgregor," "The Wearing of the Green" and many others.

Mr. Driggers, assistant principal, presided over the assembly since Mr. White was out of town attending a meeting.

Friday, the 17, was also the day of the flower show. Elementary and junior high school students showed their abilities in this field by their entries. The "Gardens of Other Lands" were exhibited by the 3rd, 4th, fifth grades and second section of the seventh grades.

The eleventh edition of the Devil's Chatter came out Wednesday, the 22nd with plenty of news of the happenings of A. P. H. S. The "Chatter" staff has drawn up a constitution for next year. They are also planning a party.

Tryouts are being held for "Bill's Night Out," the Senior

## Red Cross Drive Lags In County Time Extended

W. Clarence Schaeffer of the Highlands County 1950 Red Cross Drive, explained Monday, March 20, after a complete week of work by the various individuals appointed by him recently that there was a definite lag in securing memberships for this year's drive.

Mr. Schaeffer re-emphasized the importance of a successful membership drive in this community due to the fact that Highlands County lies directly in the hurricane path and that the County could easily be one of the first to have to call on the American Red Cross for immediate aid and stating further that, as willing as the Red Cross always is to contribute help wherever needed, the citizens of this County would feel a lot freer to make greater demands on the National Organization if they had gone over the top in their membership drive in this County.

Due to the definite lack of interest in the 1950 American Red Cross Drive campaign, the time has been extended to include the balance of this month and the campaign will be closed on Friday, March 31.

S-Sgt. and Mrs. W. K. Fields and son have returned to Washington, D. C. after spending some time with relatives in Avon Park.

### TO OUR FRIENDS IN AVON PARK

On September 9, 1946, we came to Avon Park to make a home for our old age. We knew no one and no one knew us, yet we made friendships that can never be broken. Mr. Arnold was very happy and I have been content.

And so it came about that we spent our 50th anniversary in Avon Park and Mr. Arnold said in quaint humor, "I have been so happy here, I have decided to try another 50 years."

So I want to express our gratitude and love to all who have done so much for our comfort and happiness.

Though we have grown old and have had to lay aside the activities of youth it has not been hard to turn our faces to the things that are eternal and carry on. We know that we are old, that time has sapped the strength that once was ours and yet we ever strive to scale the heights and catch a glimpse of light beyond the stars. Let us forget the years and weary ways, and use the strength God gives us day by day. For when we see that glorious morning break, we shall be young again, when we awake.

Eleanor B. Arnold.

## Soil Conservation

By HIRAM L. SWAIN

A preliminary water control survey was completed last week on the ranch of Cooperator E. W. Hartt of Avon Park. Mr. Hartt's ranch lies 4 miles north-east of Sebring, along Carter and Artock creeks.

Cooperator Hartt's reports that dry weather and frost has slowed the growth of grass down to a minimum and it seems that the same conditions exist this time of year almost every year. Attempts to grow White Dutch Clover for winter feed by Cooperator Hartt has succeeded only where good moisture conditions are found during the dry winter months.

Cooperator Hartt's soil capability map revealed and area of approximately 300 acres which fill the requirements for available moisture and the newly completed water-control survey has shown that this lowland area may be reclaimed for a clover and grass pasture. Cooperator Hartt believes that once he establishes this area to clover a good part of his winter feeding problems will be solved.

Two Soil Conservation Plans were written in the District last week. The ranch of Mr. Joe P. Ellis, covering 960 acres and Mr. F. W. Farr which covers 260 acres was planned.

## EXCHANGE CLUB NEWS

The Exchange Club held its regular meeting, Thursday, March 16, 12:15 P. M. at the Jacaranda Hotel.

Mr. Leo T. Miller, General Manager of the Buffalo Bisons, who are in spring training here, was guest speaker at this meeting. His topic for discussion was most interesting. He gave a history of the business administration of baseball, bringing out in his discussion the wonderful opportunity for boys in baseball to gain a general knowledge of our country through their extensive travels with a club, thereby, giving many boys something in an educational way that many of them could not obtain otherwise. Mr. Miller also stated that baseball meant much to a town in a civic way, since it has been the means for building most of the larger stadiums in the sport world.

## Red Devils Win First Baseball Game of Season

By LESLIE LAFLAM

The Avon Park Red Devils opened defense of their Ridge baseball crown Tuesday night by defeating the Lake Placid Green Dragons, 5-2 at Head Field. This was the initial game for the devils.

but the second for Lake Placid. Lake Placid started off the top of the first inning by loading the bases on a walk, an infield error, and a batter getting hit by a pitched ball. With one gone, Ralph Hill struck out two Placidites to end the threat.

Avon Park came back and scored in the bottom of the first. Lamb reached first on an error and went down on a passed ball. Ralph Hill

got the first hit of the ball game, by singing between third and short. Lamb scored on the hit. Davis took first on a fielders' choice and scored on F. B. Meek's long triple to right center. Meek's tallied when the Dragon shortstop fumbled Gaskin's slow roller. Clenny fanned to end the inning.

Avon Park scored four more runs in the second. Camara and Lamb straggled. Fields lined a

grounder to the Dragon shortstop, who tried for a twin kill and tossed wild. Camara crossing the plate on the error. Hill's long fly to left field was dropped, allowing Fields to score. Hill scored on the second baseman's error. Davis walked, stole second and crossed the plate on a bad toss by the Lake Placid shortstop. Avon Park made their eighth and final run in the 4th inning. Camara singled to center. Bruce Spencer followed with a sharp double to right center field and Camara crossed the plate.

Dave O'Connor made the Dragons' first run in the fourth when he stroled, and scored on catcher Smith's rap to center. The Placidites made their last run in the seventh on a walk, and a wild throw.

These Men Bound — Four Men Loose — Daniel 2: 24-27

This story described in the third chapter of Daniel happened about 2500 years ago. Daniel had interpreted the King's dream—told him that God was again going to give him power—that he (King) was the head of Gold. Doubtless the poor king let this statement go to his head and he became puffed up, and in his pride he tried to unify all the worship of the Empire. (I wonder if you are noticing the resemblances of then and now.) We hear much about unifying—Federal Council, etc.

He made an image of gold. Men today are making a God to suit themselves, denying the power of the true God. This image represents man. After making the image, Nebuchadnezzar called all the leaders together for the dedication time. Sweet music would be played and all were to fall down and worship. The penalty attached was the fiery furnace.

The walking with you. We cannot come through them without presence of Christ.

Life is full of Fiery Furnaces. Your life is not safe if Christ is not walking with you. We cannot come through them without presence of Christ.

## Peace River Anti-Pollution Protest Meeting Is Set

Mayor S. C. Smith of Arcadia has called a meeting for Friday at 8 P. M. protesting the pollution by phosphate companies of the Peace River. The meeting will be held in the court house in Arcadia, and everyone interested has been invited to attend. Game conservators promised that "the fur will fly."

M. A. Rosin, Arcadia lawyer, rancher and conservationist, made the announcement of the meeting by direction of the mayor. The announcement said, in part:

"The presence of Cecil M. Webb (Tampa) and all other members of the Florida Game and Fresh Water Fish Commission has been requested. With them we want the commission's biologists and technicians, together with Dean Joseph Weil of the college of engineering, University of Florida, and members of his staff who have knowledge about the pollution of the river."

Handbills advertising the meeting were circulating in Charlotte, DeSoto, Hardee and Southern Polk counties today.

"The fur will fly, I guarantee," said a spokesman for conservationists, anglers and ranchers.

I don't know what trial you are facing; but God's love and your love for God should prompt you to have courage. along the river. With the river, once a splendid fishing stream, soupy white refuse from one or more phosphate mines, landowners along the river recently became loud in their protests. Wildlife officers, men employed under the direction of Webb and the other game commissioners, have joined in the complaints.

The meeting is in protest of a recent announcement by University of Florida officials that dumping of refuse into the river by phosphate companies did not hurt fishing in the river.

## Chatter

Life is really never dull in a small town, there are so many things that have to be done, one right after the other, last week—Flower Show—this week—Amateur Night—Red Cross Drive—et cetera—and now come PTA CIRCUS—hear that MILDRED MURPHY and her horse RED FOX will perform—what a treat for Avon Parkers.

GOOD NEWS for all the GOOD children, in Avon Park. TED WARD has returned from New York City where he attended the American Toy Show, he reports the most wonderful new toys for girls and boys and ordered Santa to pick up a large supply for Avon Park—and another bit of good news—this time for the ladies—those lovely LAMPI dresses that you love to wear and which wear so well—can now be bought at Ward's.

Chatted with JANE BETTS down town yesterday and she tells me that—come Monday—NANCY and little JANE and TOMMY will arrive to spend two months with the Betts family at their home on Lake Lotela—this is JANE's first visit to Florida.

News Release from Brenau—Miss ARDEN ANDERSON, daughter of MRS. PARKER ANDERSON has just been initiated into ALPHA CHI OMEGA sorority. ARDEN is a freshman at Brenau College.

Speaking of Flowers and Flower Minded families—the JOHNSONS take the prize or should I say prizes—JULIE won the tri-color award for her artistic arrangement—JIM won the tri-color for his BRANDYWINE ROSE—daughter LELLA won a blue and a red ribbon in the Junior Exhibit.

Mr. and Mrs. Jack Rogers of Jacksonville, were weekend guests of their parents, Mr. and Mrs. Lewis Nader and Mr. and Mrs. L. M. Rogers.

Mrs. Frank Camp left Thursday for Sopchoppy, Fla. called by the serious illness of her mother, Mrs. B. F. Jackson. Mrs. Jackson spent most of the winter here, the guest of her daughter and left for her home the 1st of February.

Mr. and Mrs. Harold Henderson have returned to Auburn, Ala. after a week's vacation with their parents, Mr. and Mrs. Mark Smith and Mr. and Mrs. Uel Henderson. Mr. Henderson is a student at Auburn University.

Mrs. Hue Nunnallee and children, Jane and Tommy, of Wichita, Kansas, will arrive Monday to spend two months with their parents, Mr. and Mrs. Walter Betts, at their home on Lake Lotela.

Mr. and Mrs. George Spangler, Indianapolis, Indiana, are visiting Mr. and Mrs. E. O. Blanford at 24 S. Michigan.

## Births

## Bell Collector Enjoys Winter In Avon Park

Mrs. B. Ellsworth Young, Cleveland, Ohio, who is wintering in Avon Park, has a most interesting hobby, she collects bells. Ten years ago a gift bell started her collection. Mrs. Young's mother gave her a hand blown glass bell which she had seen made at the Chicago World's Fair in 1893 and suggested that her daughter start collecting bells.

The bells come from all over the world—Portugal, Italy, France and Germany. Many of them are antiques. All of them have a history. The school bell used by Ida McKinley is in the collection. She used it when she taught school.

Mrs. Young is a past president of the American Bell Society. She also has a set of 14 bells that are tuned to a scale. She finds her collecting a fascinating hobby along with the other 350 members of the American Bell Society.

Mrs. Young was a recent guest of Anton Brees at Bok Tower.

## Prize Winners in Friday's Flower Show

Tropical Splendor, Blue Ribbon by Mrs. R. R. King, Jr.

## Spring Flower Show Attracts Over 500 Visitors At Armory Friday March 17

A large crowd thronged the rooms of the Avon Park Armory, Friday afternoon and evening to enjoy the Annual Flower Show, sponsored by the Avon Park Garden Clubs.

Guests were greeted at the entrance by Mrs. Demos Mandis and Mrs. L. M. Lagoni, assisted by a bevy of young high school girls attired in pastel colored gowns.

Carrying out the tropical theme, refreshments were served from an umbrella table placed on the lawn at the entrance of the show. The silver punch bowl was filled with frozen orange juice and decorated with golden tropical fruit and Florida flame vine. Serving at alternate hours were, Miss Marjorie Hetherington, Miss Margaret Laybourn, Miss Pat Lagoni, Miss Pat Smith, Miss Anna Vikitia, Miss Joyce Wingfield, Miss Ann Palmer and Miss Virginia Norris.

Mrs. R. H. Jordan and Mrs. Ruby Bass were in charge of the guest book at the door.

The entire lower floor of the Armory was transformed into a tropical garden, palms, banana plants and other native plants were grouped to form pleasing vistas. The focal point of the show, was the garden scene, showing a garden wall, with a background of red bougainvilleas. Wrought iron tables and chairs completed this inviting spot.

Potted foliage and flowering plants were grouped on the stairs, showing a wealth of material grown in Avon Park gardens, including some very rare plants, like the Maya-cornus, grown in the H. D. Reddick garden, created a great deal of interest.

## U.N. COST: One Dime Each

Each citizen of the United States pays less than a dime for his share of the basic United Nations annual budget.

At least three members of congress disagree on whether this is too much, too little, or about right, according to the first issue of a weekly wall newspaper in color, the UN GRAM.

APPEARING for the first time this week, the new publication reports that Sen. Herbert R. O'Connor, Maryland, chairman of the senate committee on expenditures in the executive departments which recently issued a report asking that the U.N. be reduced to one-third its present cost.

Supporting the "too little" approach of Congressman Douglas, it says: "New York City, U.N.'s permanent home, pays more for garbage disposal than U.N.'s annual cost; its subway deficit would run the U.N. for six months."

AND BACKING UP Sen. Kefauver's view that the U.N. is too big, he says: "Upping the U.N. budget, by forcing out poorer members, would make it a 'rich man's club.'"

If the U.S. paid the increase, still others might resign, charging that the U.N. was the "creature" of the United States.

"Our aim," states publisher Wallace Thomson, "is to get people thinking and talking about the United Nations and the job it is doing in building the world community."

"We try, in this and all subsequent issues, to present a simple, objective analysis of the problems faced by the world's only machinery for peace, to anyone with the time and inclination to pause before a bulletin board long enough to read the U.N. Gram—a matter of minutes."

**FARM UNION:** Asks Red 'Bargain'

From a surprising source came a plea for the United States to "strike a bargain" with Russia and to spend 150 billion dollars in the next 15 years on the undeveloped areas of the world.

THE SOURCE was James Patton, president of the National Farmers Union. Patton said, "Somehow, I believe we will be able to find a way to live in this world with people who differ in viewpoint as to type of economy and social systems."

As we try to strike a bargain with those whom we are fighting in the cold war along with peaceful lines," he went on, "that all of us can lay down our arms."

"Let us lead out in America by placing at the disposal of the people of the world a sum of credit of 10 billion dollars for the next 15 years for the purpose of building up the Danube and the Yangtze, and for building mass productivity in all of the undeveloped areas of the world."

PRESIDENT PATTON'S proposal was magnanimous, generous, all-inclusive, but without mostly military. It would take the form of who operate on the theory that America can buy peace and good will with its dollars.

They might even add that America must be the most bated nation in the world, inasmuch as it appears it has no friends except those who are won and kept with money.

## Personal To Women With Nagging Backache

As we get older, strops and strains, over-exhaustion, excessive smoking or exposure to cold and excessive glare drive us into "backache." This may lead to more serious conditions of nagging backache, one of the most common and frequent pains many women suffer from. It is a condition that is not only annoying but also a warning sign of a more serious condition.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild, pleasant, and safe remedy for backache. It is a remedy that is not only effective but also a warning sign of a more serious condition.

### CONSTIPATED? READ THIS HAPPY LETTER

"Had tried method after method to relieve constipation, until I lost faith. Then I saw an ad about ALL-BRAN. I started to eat this Kellogg cereal daily, and was amazed at the fine results! Mrs. Anna Allibran, Camden, N. J., had one of many unsolicited letters from ALL-BRAN users. For you, too, there's hope, for lack of bulk in the diet. Simply eat an ounce of crisp Kellogg's ALL-BRAN daily, drink plenty of water! If not completely satisfied after 10 days, send empty carton to Kellogg's Battle Creek, Mich. Get double your money back!

## How To Relieve Bronchitis

Consumption relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and old mucus to make room for new, tender, inflamed bronchial mucous membrane. Tell your druggist to sell you a bottle of Consumption with the understanding you must like the way it quickly relays the cough or you are to have your money back.

Hadacol Helps Textile Workers Stay On The Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep

Many textile workers have reported the wonderful relief which has been brought them by HADACOL with its five B vitamins and four important minerals. Two of these workers, a young father employed by the great Cannon Mills at Kannapolis, N. C., and a mother, working at a mill in

nearby Salisbury, N. C., recently told us how HADACOL had helped keep them on the job.

Jay W. Barnhardt, Route 3, Box 34, Kannapolis, N. C., is 35 years old and the proud father of two children. His work in the Cannon Mills calls

for a great deal of standing up. "I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse until I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL, I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me, I eat and enjoy my food, I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL, and now takes five capsules three times a day in preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mrs. Maggie H. Poole, 1508 Carolina Avenue, in Salisbury, N. C., had become so ill that she was forced to give up her work, but soon after hearing the wonderful news about HADACOL she was back on the job and has been doing well ever since.

"I was tired, weak and nervous," said Mrs. Poole. "I suffered indigestion and food didn't agree with me. I also had headaches. After taking five bottles of HADACOL, I felt good and was back on the job at the mill. I had tried so many things that the HADACOL news was a real blessing to me. I have more appetite and eat what I want to. I feel better than I have in a long time."

Mr. Barnhardt and Mrs. Poole were both suffering from a lack of

Vitamins and the Minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B Vitamins and certain minerals will cause digestive disturbances. Your food will not agree with you. You will have an upset stomach. You will suffer from heartburn, gas, pains and your food will sour on your stomach. And while these symptoms may seem minor, they are the signs of a deficiency in the vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency, it is a warning sign that your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

So it matters not how old you are or who you are. It matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation HADACOL a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered for years with indigestion, heartburn, gas, pains, or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems lacked. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial!

Insist on the genuine HADACOL. Don't be misled. Accept no substitutes. We are so firm in our belief that HADACOL will help you that we sell HADACOL on a money-back guarantee. If you don't feel perfectly satisfied after using HADACOL, your doctor, your pharmacist, or your dealer will be cheerfully refunded. Nothing could be fairer.

Sold at all the leading drug stores. Trial size only \$1.25, but save money—buy the large family and hospital size—only \$3.50.

If your druggist does not have HADACOL, order direct from The LeBeau Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny postcard. Pay postman. State whether you want the trial size or the full size or the \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied.

## TOO LATE TO CLASSIFY

By Russell Kay

How often have you heard someone excuse his or her failure to register and vote with the remark, "What difference does it make, my little vote doesn't make anything."

They had a municipal election in Palm Beach not long ago to set up a new sanitary district. Out of 20,000 qualified and registered voters on the rolls, how many do you think took the trouble to vote? Only 3,525.

How did that election come out? I'll tell you how it came out. It was lost by ONE vote. Think that over, Mr. Citizen.

And while we are on the subject of what ONE vote can mean, did you know that three persons of the United States were elected with a margin of only one vote in the electoral college. They were John Adams, Thomas Jefferson and Rutherford B. Hayes. Hayes' election was contested and again he won by ONE vote.

And as further evidence of the power of ONE vote, the man who got the winning ballot for Hayes was a congressman from Indiana who himself was elected to congress by ONE vote. And to make it even more impressive, let me tell you that the man who cast that ONE vote that elected the congressman who in turn elected the president was cast by a man who was so ill he had to be carried to the polls on a stretcher.

Go look at your American flag. There are five stars there representing five states—California, Oregon, Idaho, Texas and Washington that got there by virtue of ONE vote.

In World War II, the draft law passed the House of Representatives by ONE vote. In the general election of 1948, Truman won each precinct in the state of Ohio where he defeated Truman and elected Dewey.

Now do you want to try and excuse yourself for not voting with that old silly wheeze about "my little vote doesn't make anything?"

## THIS WEEK IN TALLAHASSEE

By J. Kenneth Ballinger

Tallahassee — A report from State Auditor Bryan Willis showing money shortages and general mismanagement at Florida A. & M. College for Negroes has been a headline in the Tallahassee Press.

This is our country. It was the intention of its founders that the people should run it and control it. The power given them to do this was the ballot. When we, as citizens, neglect our duty and fail to express ourselves at the polls we enable a small minority group to dictate the amount of taxes we must pay, the amount of money to be spent and make laws that govern our daily lives.

Good government can only be when a majority of the people participate in elections. Don't lose sight of the fact that the Comies, the radicals, the speculators, the gimme folks and others with purely selfish aims all march to the polls and vote.

Smart political leaders have learned that they don't have to worry too much about the voters. They want the people to go to the polls and vote. If they had to get 60 or 80 votes out of each hundred cast, they would be in a different story.

How many they have to get in the coming election is up to you and your family, your neighbor and his family and their friends and yours. Talk to them. Get them to register now. The registration books close April 1—there isn't much time left. Be a good citizen and a good neighbor.

If your friend hasn't registered because he doesn't have a car and can't get to the court house, take a little time and take him there. Do this for America.

This is a job for everybody. The Chamber of Commerce can appeal to organizations and civic leaders, but in the end of the day it is up to you and me as individuals to "Get Out the Vote."

Tallahassee — Action to induce the interstate commerce commission to soften its rule preventing truck shipments of frozen citrus concentrate will be taken this week by the Florida Railroad and Public Utilities Commission.

Chairman of the commission, as a whole, All they have to do to get elected is round up the minority groups promise them that they will get the vote.
