HIGH SCHOOL POW-WOW

By PAT LAGONI

Last Monday marked the beginning of a two week "March of Dimes" drive in the Avon Park schools. Mrs. Shearer has been appointed chairman in the high school and Miss Fountaine was chosen to head the drive in the elementary school. A goal has been set for the high school by the Senior class and the students are striving to do their part in this worthy cause.

The Red Devils and Devillets have played two more games since the last SUN. Friday night, the Avon Park team split a double-header with Lake Wales. The Devillets won their third game of the season to give them a three to one standing. The score was 25 to 21, with Anne Palmer scoring 11 of Avon Park's points. The Devillets gave the strong Lake Wales team a hard fight and were defeated by only four points, with the score being 27 to 31. Ralph Hill, back in the lineup after an absence because of injury, was high scorer for the boys with 12 points.

Monday night the teams journeyed to Haines City, where they lost a twinbill. The Devillets lost by a 35 to 40 score, while Joyce Basmore scoring twelve points. The Devils' score was 39 to 35, and Ralph Hill scored 15 points.

Last Sunday Avon Park's band presented a concert in the high school auditorium. A large crowd attended and seemed to enjoy the concert.

Next Monday and Tuesday, Jan. 23, and 24, the High School Library will sponsor "Miss Grant Takes Richmond," starring Lucille Ball and William Holden at the Park theatre. Lucille Ball plays the beautiful, but dumb secretary in this film which is classified as one of the top comedies of the day. Tickets are on sale at regular prices and may be purchased from the Library service students: Alice Collins, Shirley Hill, Pat Smith, Virginia Norris, Margaret Ross, Anna Villalita and Miss Anne Felton, school librarian. Miss Felton urges you to "Place buy tickets this week and help the library," so don't miss "Miss Grant Takes Richmond."

That's all for now, except a reminder to come out and boost our teams when they meet. Seeing this Friday night. They'll try to do better.

Soil Conservation Items

By HIRAM L. SWAIN

At their last monthly meeting the Highlands Soil Conservation District Supervisors voted to make the grass from the District Nursery plants available to District Cooperators for the following price: \$10 for a pick-up load of grass and \$50 for a 1 1/2 ton cattle truck load. Until the plants come into maximum production, the amount of grass to a single cooperator will be limited.

Cooperator Jess Durrance is planning to resume water control work on Hickory Branch, a rather wet area of his ranch. The Soil Conservation Service is assisting Cooperator Durrance in carrying out his Soil Conservation Plan with Highlands District.

The Soil Conservation Service Nursery in Virginia allotted around 100 Multiploids Rose plants to the Highlands Soil Conservation District for trial purposes. These Rose bushes make a very thick fence and also furnish cattle as well as provide a cover for wildlife. No attempts have ever been made so far to grow them in this area.

The rose plants were granted to the Archbold Biological Exposition at Lake Placid, Florida.

At eleven o'clock doughnuts and coffee were served by the refreshment committee. The next dance is slated for Feb. 10.

The Home Talent Showboard Tournament Friday and Saturday was quite an exciting event. Two teams were tied for first place with a score of 546 a piece. In the play-off, Mr. Beckwith and Mrs. Moore won over Mrs. Law and Mr. Lewis.

Another team, Walter Bowden and Fred Eggleston rolled up a score of 254, and in the finals, Mrs. Moore and Mr. Beckwith, Score 101 to 95.

The movie Saturday evening was of the same excellent rating as its predecessors. The subject was "Clear Track Ahead" and gave much information on the development and operation of the Pennsylvania railroad. We understand it made several groups of railroad men of our area, homesick.

What was planned to be a surprise prelude to the program for Friday evening, turned out to be one of the hits of the season. Mr. and Mrs. Harold Wilcox, of South Bend, Indiana, entertained the assembly with a delightful program illustrating many varieties of dance music, from early and stately minuets, on through the waltz, polka and two-step, to shag and various types of jitterbug rhythm.

While Mrs. Wilcox brought more music from the old piano than could have been deemed possible, Mr. Wilcox sang several songs appropriate to the period to which the music belonged.

The enthusiastic applause showed how much their program was enjoyed. Mrs. Mitten's humorous reading was also appreciated.

From eight-thirty to eleven, continuous music by the orchestra kept the dancing space filled, and also pleasure to the large group of onlookers.

Many cases of rheumatism seem to have improved since the last dance, but several more cavaliers would be acceptable.

At eleven o'clock doughnuts and coffee were served by the refreshment committee. The next dance is slated for Feb. 10.

Morris Ackerman Dies in Sebring From Heart Attack

Morris Ackerman, outdoor editor of the Cleveland Press, and winter visitor to Highlands County, died at Sebring, General Hospital, Monday afternoon of a heart attack.

He was stricken ill a week ago and had been under an oxygen tent for several days. Mrs. Ackerman and their son, Bill, who came to Sebring from Cleveland last winter with him when he died.

Ackerman first came to Sebring in 1926, and since that time has made Highlands county his winter headquarters. He was attracted to Sebring because of his friendship for the late Rex Beach, with whom he had fished and hunted for over a quarter of a century in all parts of the U. S. and Canada.

Just a month ago, upon Beach's passing, Ackerman wrote for the Highlands County News a tribute to his old friend, who he aptly characterized as a "man's man."

Sebring and Highlands county received invaluable publicity from Ackerman's columns in the Cleveland papers during the winter, most of them bearing a Sebring dateline.

On August 12, Ackerman celebrated the 35th anniversary of his Cleveland Press column which he had written daily, without missing a day.

Until recent years, Ackerman published the Sportsman's Guide, now being edited by his son. He began writing hunting and fishing stories in 1916 and in the years following, his articles appeared in the leading sportsman's magazines.

He was regarded as one of the leading game conservationists of the nation.

Ackerman was born in Madison, Ga., and often referred to himself as a "Georgia cracker."

Besides his widow and son, Ackerman is survived by a sister, Mrs. George Breitenbrecher, of Atlanta, Ga.

The body was shipped Tuesday to Cleveland, where funeral services were held Thursday afternoon at 2 o'clock.

Avon Park Red Devils and Devillets will be in Sebring Friday night to play the Blue Streaks and Strikekites in another twin bill between the two teams.

The first meeting this year between the two schools was a half and half affair.

Avon Park Boys and Girls lost a double-header Monday night to the Boys and Girls of Haines City by scores of 39 to 35 and 40 to 35 respectively.

Ralph Hill bucketed 15 points to lead the Devils in scoring and Ann Palmer tallied 11 points to top the girls in scoring.

Last Friday evening, Avon Park split a double-header with the Lake Wales Cag. squads. The boys lost to 31 to 27 verdict and Ralph Hill proved to be the sparkplug of the Avon Park Boys by sinking 12 points. The lassies defeated Lake Wales girls 25 to 21.

The Avon Park Girls have so far won 3 games out of 5 for 600 average, while the boys have one victory for five games, which is an average of 200.

AVON PARK SERMONETTE

By Rev. M. L. H. McMullen
A Retired Methodist Pastor
"Let us meet God in the Garden of Prayer"

Much is said about Prayer these days, it is something new, new, and refreshing to our souls.

It is a subject covered by many thousands of sermons, but it can never be exhausted, their entire lot do not go to its depths, or reach its heights, or encompass all of its power. There are many Prayer Books, Prayers printed or mimeographed, as well as many books on the subject of Prayer, some good, but unless we are in tune with the Infinite, God our Father, and Prayer is in Jesus name, they are mere words. But the most simple of Prayers, if from an honest sincere, contrite heart, can be clothed with the Power of the Holy Spirit, and offered upon a sacrificial altar of Prayer, and will find the ear of God, and the Heart of a loving Heavenly Father. An evangelist recently said "there is more of a tendency on the part of many folks to do more praying, but I could also add, that too much prayer these days is formal and selfish. Me and Mine."

If we analyze prayers of the many we hear offered, we find so much of asking, pleading for God to do this or that, and too little of praises and Thanksgivings, and real Worship in the great power of Prayer.

But just the same, there is a real need for honest earnest praying, and some interest has been awakened.

But even Prayer has become commercialized. There are many number of courses of study, books and literature, of various kinds, being put out at so much per course, or book, as the case may be. But when we look it over we find a very small percent of it is in harmony with the Word of God. Word teaches us how to Pray and reach God. Too much of it is put out by cults and sects that do not harmonize with God's Word.

I have studied all of these errors of cults and sects, and feel like I am in a position to know the facts.

I have even written to some of these worst offenders, and said "they would have much to answer for in loss of souls, which they have led astray." Their answer, if any, is "that they can do as they please." In other words, "I could just mind my own business."

In fact I agree up to a certain point, but Paul tells us to contend for the truth. But it is my business, and every man's business, to look after God's business. Let us not be led astray by the errors of our day and time.

In our last war it was said, "there were no atheists in fox holes," it may have been true, but there were thousands of lost souls in those fox holes. So it is today.

men do not have to be atheists to be lost, they are just lost souls because they have never been saved, by praying people, thru our Lord who came to save all who would come unto him.

There needs to be more prayer, more intercession. There is no higher calling than to be an intercessor with God, and many have given themselves to this great work. God knows where, and who they are, but God needs more intercessors.

Some of God's best intercessors are the shut-ins, sick and afflicted, who forget their own sufferings very largely, in Prayer for others. What a lot of good has been done by these intercessors. Only when we get to Heaven will we discover to what extent, and how far reaching has been the power of Prayer.

Oh for the men and women who know God, and have power with Him in Prayer, persevering Prayer, that leads you to pray on till God answers the Prayer, or shows you it is out of His will to answer.

Sometimes we pray, and get answers at once, some times God says wait, or it may not be for your good. For Him to answer Prayer, we must so learn to Pray that we shall have the very guidance of the Holy Spirit. God wants us to so love and walk, that we may have a constant fellowship with Him.

Some years ago I learned to Pray as I drove my car, or walked the streets, at any and all times. I am sure that God spared me from many accidents, that could have happened on dangerous mountain roads, where I was pastor for some years.

If God our Father thought it so important to have us "pray all ways" and "pray without ceasing" in the days of our Lord and apostles, surely we need to Pray more than ever, in these modern days we live in.

Read John 17th Chapter over and over, it will help you to see to what depths, and also the heights, our Lord prayed for His Disciples, and for you and I—and the beautiful and wonderful truth, stands out like a great cluster of diamonds, that this same High Priestly Prayer goes on for you and I.

It has no end to it, not until the Raptured Church is taken in to His Presence, and God says amen, and our Lord says amen, and the angels of Heaven break forth and sing the amen anthem, and the redeemed of the Lord sing, "We are Redeemed by the Precious Blood of the Lamb."

Friends, teachers, parents, do you not feel that we should stir ourselves more to Prayer. Pray your way to Heaven. Pray others into Heaven, and you are sure to find the most beautiful Garden of Prayer, at the end of Life's Sunway in the Glorious Heavenly Abode.

"TOO LATE TO CLASSIFY"

By Russell Kay

The Marines landed in Orlando last week and they had the "situation well in hand" from the start. The occasion was the launching of George Smathers' campaign for a seat in the United States Senate.

It has been my privilege to witness the opening of many political campaigns during the last 30 years but never have I seen one to equal the affair at Orlando last Thursday.

Long before the time set for the meeting motorcycles began rolling into town from every section of the state. The air was electric, everybody seemed to sense that something big was in the air.

Then hell broke loose, the vast army of Smathers supporters just had to let off steam. Like high school kids before a football game they paraded up and down Orange Ave. in gaily decorated cars.

The Coliseum, huge convention hall, was well filled an hour before the time set for Smathers' appearance. Experienced political observers estimated the crowd to be over 5,000. It was a different sort of enthusiastic greeting usually find at such gatherings—it was made up of folks representing all

walks of life, farmers, growers, business men, clerks, grove workers, employees, doctors and housewives. Notably absent were the political hangers on, the gumshoe boys and usual riffraff. Few of the old guard politicians were present.

There was no evidence of make believe, or staged enthusiasm. The platform was empty save for a speaker's pedestal. There were no important people seated on the rostrum, no flowers, no fake, hokey or blah.

Those in the audience sensed the fact that this was their meeting. It wasn't a political setup controlled by the blightest political leaders. They liked it. Timed for a statewide 24 station radio hookup, the meeting opened on the minute when Nixon Butt, Jr., local campaign manager, stepped to the microphone and introduced the speaker. The introduction was short and snappy. There was no blah, blah, no yackety yak, no eulogizing.

Then George Smathers stepped up. He is a big man, a handsome man. His manner was sincere and earnest. The vast audience seemed electrified. They came to their feet in a body and then went on to realize that they were made to realize that they were eating up valuable radio time on a statewide hookup.

Never in the political history of Florida has any candidate for any office ever gotten off to such an enthusiastic start as did George Smathers when he announced in Orlando last week. He will not find it easy to maintain such momentum, but we can depend on it that he will make every effort to do so and, as he expressed it

at a press conference following his address, he is younger, taller and stronger than his opponents and believes he can take it and hold his own in the melee.

Prior to the Orlando rally Smathers supporters had adopted the slogan "Beat Pepper," but after hearing their candidate and witnessing the demonstration they changed it to "Elect Smathers." But George is too smart and too experienced to develop any over-optimism. He knows better than anyone else that Pepper is no pushover. At the same time, he isn't falling for the boloney about his opponent's "invincibility," and he is prepared to give the Senator a run for his money.

There was no holding them. A demonstration followed, the like of which has never been witnessed outside of a national convention. As the band struck up "Dixie" the people already on their feet surged into the aisles and with banners flying they shouted and sang as they proceeded to parade around the hall. The amazing demonstration lasted for ten minutes and was only halted with greatest difficulty as they were made to realize that they were eating up valuable radio time on a statewide hookup.

Never in the political history of Florida has any candidate for any office ever gotten off to such an enthusiastic start as did George Smathers when he announced in Orlando last week. He will not find it easy to maintain such momentum, but we can depend on it that he will make every effort to do so and, as he expressed it

at a press conference following his address, he is younger, taller and stronger than his opponents and believes he can take it and hold his own in the melee.

Prior to the Orlando rally Smathers supporters had adopted the slogan "Beat Pepper," but after hearing their candidate and witnessing the demonstration they changed it to "Elect Smathers." But George is too smart and too experienced to develop any over-optimism. He knows better than anyone else that Pepper is no pushover. At the same time, he isn't falling for the boloney about his opponent's "invincibility," and he is prepared to give the Senator a run for his money.

There was no holding them. A demonstration followed, the like of which has never been witnessed outside of a national convention. As the band struck up "Dixie" the people already on their feet surged into the aisles and with banners flying they shouted and sang as they proceeded to parade around the hall. The amazing demonstration lasted for ten minutes and was only halted with greatest difficulty as they were made to realize that they were eating up valuable radio time on a statewide hookup.

Here Is Another Time The Anti-Trust Lawyers Were Wrong!

Ever since the anti-trust lawyers filed their suit to put A&P out of business, they have been making, in the newspapers and over the radio, various "allegations" about how they think this company does business.

Please remember that "allegations" are charges that have not been proved. In this case they will be disproved.

There have been times in the past when the anti-trust lawyers made very damaging "allegations" about this company that the courts eventually decided were utterly without foundation.

In our last advertisement we told you about the time the anti-trust lawyers charged that A&P, two other food chains and two labor unions conspired to fix the price of bread in Washington, D. C.

And yet, when this case came to trial, it was revealed that the defendants were actually selling bread at prices lower than most other stores in Washington, and there was absolutely no evidence that they had ever engaged in any such "alleged" conspiracy.

That was the time Federal Judge T. Alan Goldborough instructed the jury to bring in a verdict of "not guilty."

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But this was not the only time that the anti-trust lawyers made such serious "allegations" against A&P which were false. Again, and still again, they brought cases against A&P and suffered defeat.

As we have said, we think you are entitled to know about these other cases. And now, we are going to tell you about the second time the anti-trust lawyers were wrong.

The North Carolina Potato Case

In December, 1941, the anti-trust lawyers brought a criminal suit in Wilson, North Carolina.

They charged that A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, had conspired to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Can anyone imagine any charge calculated to be more damaging to a retail grocery business that must rely on farmers, day after day, for the food we distribute to our customers?

In this case the anti-trust lawyers gave a story to the newspapers, telling millions of farmers that we were the kind of people who would force their prices down, deprive them of a decent income, and lower their families' living standard.

These charges were false.

They made these charges despite the fact that it has always been A&P's policy to pay our farm suppliers fair market prices for all produce; to aid agriculture through better distribution of its products; to narrow the spread between farm and retail prices; and to help farmers build better markets for their products.

That is why many thousands of farmers all over the country are now coming to our support.

When the case finally came to trial, the anti-trust lawyers put on as their first witness a potato expert of the U. S. Department of Agriculture.

This expert, who was the anti-trust lawyers' own witness, testified that contrary to the anti-trust lawyers' "allegations," the defendants made every effort to help the Department of Agriculture in its efforts to aid the potato farmer in better marketing of his products and in getting a better price for his products.

When the anti-trust lawyers had put in their evidence and had argued their case Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty."

Judge Wyche said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes."

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case."

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So, here was a case in which the anti-trust lawyers made seriously damaging charges against A&P in which the Judge decided that there were no facts to support those charges.

That is why we say the anti-trust lawyers can be wrong and have been wrong.

That is why we say that they are wrong again, just as they were wrong in the Washington bread case and the North Carolina potato case.

We are going to show the American people that the suit to destroy A&P is really a suit against efficiency and against real competition.

The real question involved in this suit is whether businessmen are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people more for their money.

No one can make us believe that it is a crime to try to sell the best quality food at the lowest possible price.

Social Security Rates Increased To 1 1/2 Percent

Mr. John L. Fahn, Collector of Internal Revenue, today reminded employers and employees of the Florida district that the Federal Insurance Contributions Act provides for an increase in the tax rate under that Act to one and one-half percent on employees, based on all taxable wages paid on and after Jan. 1, 1950.

Ever since the beginning of the Social Security program, of which these taxes are a part, these rates have been one percent each on employees and employers, and Collector Fahn called attention to the change in order to prevent confusion in preparing January payroll.

This change does not affect the rates of income tax withholding from wages, which are the same as they were in 1949.

Employers were also reminded, however, that the regulations will be effective January 1 regarding the depositing and reporting of both the F.I.C.A. tax and income tax withheld from wages.

Starting with wages paid in January, employers who are liable for more than \$100 of these taxes in one month are required to deposit them in either a Federal Reserve Bank or a commercial bank authorized to receive such deposits for transmittal to the Federal Reserve Bank.

Deposits are required for taxes resulting from wages paid in the first and second month of each quarter. Each such deposit should be made not later than the fifteenth day of the next month, but may be made earlier if desired.

Employers will be furnished with blank copies of Treasury Department Receipt Form 450 to use in making deposits. Employers will fill out the receipt as a deposit slip. After the form and receipts are received and checked by the Federal Reserve Bank, the deposit receipt will be validated and mailed back to the employer for attachment to his quarterly return.

The year 1950 also will mark the nationwide adoption of a combined form for quarterly reporting by employers of income tax withheld and the employer and employee F.I.C.A. Taxes. The new form, Form 941, and detailed instructions will be mailed to employers late in March, in ample time for use in making the return.

Dr. Lee Heard In Sound Film At Baptist Church

"Pay-Day Some Day" Dr. Lee's Famous Sermon in Sound Film To be heard Feb. 1, 7:30 P. M. "Pay-Day Some Day" the greatest message of a truly great preacher, will be heard at the First Baptist Church, Wednesday night, Feb. 1, 7:30 P. M. This remarkable sermon has been preached by its author, Dr. Robert G. Lee, nearly 500 times to an estimated 1,000,000 persons. Since it is now in sound film, hundreds of thousands of people will be privileged to hear it who otherwise would not have had that opportunity.

Dr. Robert G. Lee, President of the Southern Baptist Convention, and popular pastor of the Bellevue Baptist Church of Memphis, Tennessee with a membership of more than 8,000, is considered one of the greatest present day preachers. Dr. W. A. Criswell, pastor of the First Baptist Church of Dallas, Texas, wrote Dr. Lee, "You know my prayer? 'Lord, make me one tonight'—one of the preachers that Robert G. Lee is."

Dr. Lee first gave this message, "Pay-Day Some Day" as a prayer meeting talk. At the close of the service, a deacon said, "Young man, I think you have something there. I would develop that into a full sermon." Dr. Lee sat up until 2:30 o'clock that night working on the message and when he was through it was practically the same as has been given so many times since. Dr. Homer A. Hammon, after hearing Dr. Lee preach this sermon, said, "I do not see how anyone can go to such a message and not be saved."

Dr. E. Schuyler English, in his "Life of Robert G. Lee" says, "Pay-Day Some Day" will surpass "Acres of Diamonds" in public esteem. He also says, "In 'Pay-Day Some Day' the sure judgment of God is clearly told and the gospel of our Lord, Jesus Christ, is presented in all its glorious invitation. Myriads of people, including gamblers, infidels, drunkards, even some who were planning murder—have been brought to faith in Jesus Christ by his Savior and to making public confession of their faith in the Word proclaimed in 'Pay-Day Some Day'."

Dr. Lee has given this sermon in sound film to the Baptist Bible Institute of Lakeland, Florida to be presented to churches all over the state. Seeing this film is just like seeing and hearing the preacher. The audience gets every word he says and sees every gesture, every movement he makes as he preaches. No one should miss the opportunity of hearing this great message.

Sure Way To Beat Gasparilla Traffic Is To Park Car

Tampa, Jan. 26.—Here's the one sure way to beat the traffic problem for Tampa's Gasparilla Parade Invasion Day parade, scheduled this year for February 6, and applies for that matter through the 11 day period of the Florida State Fair, Jan. 31 to Feb. 11. Get to Tampa earlier than early, park your car and forget it until all is over and you're ready to go home. And while you're in your car, follow the advice of police. That is the considered opinion of the men who know best: Capt. H. C. Hamm and Sergeant Tampa Flaherty of the Tampa Police Department's Traffic Division, and Lieutenant Joseph G. Gelling of the State Highway Patrol at Tampa—handling traffic is their business.

But for the officers who have to handle the traffic, it isn't quite that easy. In the office of Capt. Hamm, where the traffic plan of the police department, sheriff's office and State Patrol are coordinated, you can find a very thick file of assignments and plans for the day. That file is the result of years of experience in handling Florida's biggest annual crowd and it is constantly being revised as experience broadens, new problems arise and old problems become more complex.

"No matter how detailed our plans or how efficient our officers, traffic as heavy as that which converges on Tampa on Gasparilla Day always presents problems which are almost insurmountable," said Capt. Hamm.

"But our present day communication system enables us to solve them on the spot and to put the answers in the hands of the officers on the street," he continued.

"For that reason it is of paramount importance that the advice of the officers and follow their instructions. The officers know what's going on all over town, the motorist doesn't," Capt. Hamm said.

All traffic going through Tampa that day is being advised by the officers to avoid the central and downtown sections of Tampa. North and south-bound traffic should stay strictly on U. S. 41 and avoid the downtown section. East and west-bound traffic should stay on State Highway 600.

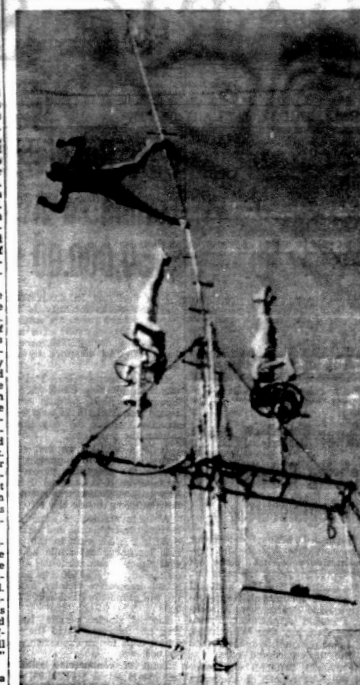

In addition, Capt. Hamm said all trucking companies are being asked to avoid Tampa, and cancellation of all deliveries in the city, except those absolutely necessary, is being sought for the invasion day.

Bayway Boulevard in Tampa will be closed from downtown to Magnolia Ave. from 12:00 o'clock noon, when the parade's invading ship passes the Platt Street draw bridge, until the parade is over. All drawbridges will be closed to boat traffic from 12:30 to 6:00 P. M.

Brown pot blight usually attacks longed pine seedlings, if it is going to attack them, when they are in the "grass" stages, but it can attack mature trees.

The state forest service will establish two new planting sites for tropical seedlings next year at Ft. Myers and in Hendry County.

Fire Destroys Building In Quarters

DIFFERENT PICTURE

The recent exchanges between Senator Claude Pepper and his opponent, George Smathers, paint a somewhat new picture. Mr. Smathers, came off a distinct winner. The Senator, famed for his adroit aptitudes in debate, and the suavity with which he dissociates words from thought, found himself neatly dumped in the area he has so long dominated.

Mr. Smathers is bright. Mr. Smathers is handy with repartee. Mr. Smathers is sincere. He is the latter because he manages to fit words to thought, rather than dissociate the two. So we see a different picture. We see an opposition in nowise daunted by the Pepper reputation. Claude found his best weapons suddenly in the hands of those opposing him, but augmented by high convictions and irrefragable logic. Perhaps he has learned that, after all, empty words are equally empty weapons. They serve only briefly, and never do they withstand a barrage of facts, of logic, of well grounded thought.

We have prophesied that the Senator faces such a fight as he never before encountered. In these first exchanges our prophecy is amply borne out. When Mr. Smathers responded that, now that Pepper will no longer speak to him, he presumes he also will be denied the friendship of Henry Wallace, Paul Robeson and Joe Stalin, Mr. Smathers makes the retort emphatic. He speaks a mouthful. He proves his mettle in the political arena. When he adds that he hopes the Senator's statement was a threat, rather than a promise, because he could not rely on the Senator's promise, he caps the first round with full-blown victory.

That his scoring touched a nerve, seems evident by the very lameness of the redoubtable Claude's response. It appears that, for the first time of public record, Claude had to pray for an answer. While we commend prayer to all, there are many, like us, who will think the answer with which Claude came up, was not the gift of prayer. Many will think he got his wires crossed.

The new picture shows Senator Pepper strictly on the defensive. It is a new situation, for him. He has an opponent worthy of his own steel. The issue of the election, as we see that issue, is not Pepper or Smathers, but Radicalism against Americanism.

Giving to both gentlemen the ultimate in goodness of motive, we cannot escape the issue as it lies before us. Mr. Pepper is a sturdy advocate of those things which insist upon deficit spending, European largess, Big Government. Statism. Mr. Smathers appears to have a less colossal impulse to entangle us in foreign warbirds; a hesitancy about shipping arms into danger zones and a realization that Mr. Stalin's cold war is a fight for Communism right here in our Homeland.

As between them, the voter should appraise and vote in accordance with his sacred conscience. That is all that these newspapers will ever ask of the electorate. If the "Home" vote does its duty, there will never be complaint from us. If the "professional" vote fattens again on the political laziness of the average American, then we feel cause for complaint; and we will make that complaint; and continue to make it, until America rouses itself to what is cooking on its very doorstep.

We add that it is, indeed, a different picture, when Senator Pepper, of all foreign warbirds, in the earliest hours of his campaign onto the defensive to such an extent that he finds his only ammunition in the utter nonsense he offered by way of response to Mr. Smathers.

"TOO LATE TO CLASSIFY"

By Russell Kay

Maybe you have heard about wingless chickens, but have you ever seen one? It sounds too good to be true, but they tell me that they really have developed such critters and they will actually be on display at the 1950 Florida State Fair in Tampa, Jan. 31 to Feb. 11. Where the wings used to be are nice juicy hunks of white meat, and since the birds can't fly they develop extra large drumsticks. Now folks, that's my idea of a sure-enough chicken, but I gotta see one with my own eyes and believe me I'll be down looking in 'em over in the Poultry Building on the opening day.

And speaking of the State Fair, I've been mused up with fair for last 20 years but I never get tired of 'em. I actually learn more at a Fair in the way of visual education than I could get out of a mess of text-books or class room schooling.

Take jet propulsion and other modern scientific developments. Why, do you know they are going to stage actual jet engines in miniature and show you step by step how the jets do their stuff. This will be an outstanding feature in the General Motors Show at the State Fair.

Joe Chiswood, the dare-devil of all dare-devils dropped into my office last week to tell me about his brand new 1950 Thrill Show. Why, it actually made my hair stand on end listen to the guy. His Hollywood stunt drivers are going to turn cars end over end and side over side, leap them through the air to crash head on and do a lot of other unbelievable stunts. They will have their show during the Fair and if you like hair-raising exhibitions you sure don't want to miss it. They will be featured on the afternoon of Feb. 1, the evening of Feb. 3 and again on Sunday afternoon Feb. 12. You can reserve your seats in advance if you want to and I suggest that you get your order in now to avoid standing in line.

They are letting the bars down on Children's Day, Tuesday Feb. 7. Not only will all school kids be admitted free at the main gates, but they are staging a grand two hour show on the grandstand with international stars doing their stuff and both children and adults will be admitted at the nominal rate of 25c. Any other day it would cost you a dollar to see it and I can tell you it is worth twice that much.

If you like auto racing you better be in your seat with your eyes bulging out on Tuesday Jan. 31, when they run the first heat in the International Motor Contest sanctioned races. Dirt track stars from all over the country will compete for the biggest awards ever offered at the State Fair. These cars do better than 100 miles an hour on the straightaway and skid into the turns like crazy. You can reserve your seats in advance for race, too, so you better make your reservations now.

If you like parades you better plan to come to Tampa and stay all week for the American Legion will stage a gigantic military parade on Thursday Feb. 2. The Legion has gone all out to make this the greatest event of its kind ever staged in the South. Governors of five Southern states along with many Legion dignitaries are scheduled to attend. The entire parade as well as crack drills will be reviewed from the Fair Grounds grandstand.

The big day, of course, is Monday Feb. 6, when Gasparilla and his Mystic Krewe stage their colorful invasion and capture of the city. Passing through the downtown streets the big parade will terminate at the Fair Grounds.

On Wednesday Feb. 8, the Junior Gasparilla Krewe will take over and children of Tampa will present a parade with clever, beautifully designed miniature floats. It will be one of the outstanding events of this year's Fair. It is a wonderful show and you will enjoy every minute of it.

Flori-stars and Flori-moons! And Flori-suns of Flori-rooms! Flori-frangence on the breeze! And blended blues of Flori-seas! Patterns drawn with pen and words.

Of Flori-folks and Flori-birds! Flori-bliss are fine, but unlike Don Blandine (who wrote the above quotation) your reporter often runs low on news about them.

Speaking of "blended blues" however, did you notice the gown, Mrs. Milton wore Friday evening, when she was mistress of ceremonies. It looked like sapphire stars and stars, and was a treat to the eyes.

Under such auspices, the party was a success, as usual, and provided again that it is the folks who enter into the suggested games, who have the most fun, rather than the ones who must be entertained.

An old-time stunt which produced much hilarity was "Musical Chairs". Twenty-one people started in the room, the numbers being quickly reduced by Mrs. Wilcox's gay music or rather by its stops-until Mrs. Glenn Mills was declared the winner. It was impossible to obtain the names of the winners of all the games and contests, but come next time and see. On occasions like this we feel keenly the need of a larger club house.

It is good to know that our members do not shy away from educational films as juveniles might, for the crowded room each Saturday night shows how much these splendid pictures are enjoyed. There was real profit in learning of the splendid contribution of the Central American countries to vital medical supplies, such as quinine; and necessary commodities such as hemp, all pictured in unforgettable detail. No less interesting was the second film, "Trees to Tribunes" showing the metamorphosis of millions of trees into millions of pages of modern newspapers. May it prove to be a worthwhile change!

Only the program will be the gala Shrine Parade on Thursday Feb. 9. If you like fun that is fast and furious, the laugh-a-minute variety, you sure want to see this show. New initiates, fantastically garbed, are dragged through the streets by the hair, branded unmercifully. Marching bodies in gay uniforms see to it that the proper tempo is maintained with their drum corps, patrol, band and chanters. Harold Lloyd, the famed movie comedian who is Imperial Potentate this year, is coming from Hollywood to review this parade.

The only parade that does not enter the Fair Grounds is the night parade staged by the Gasparilla Krewe on the evening of Feb. 8 in Ybor City, Tampa's Latin Quarter will garb itself in old world costumes, serenitas with high combs and mantillas and their escorts as "Spanish Dons" with street dancing and a night of gay fiestas.

This gives the highlights of Tampa's Fair and Gasparilla plans for 1950. Never has such a complete and comprehensive program been provided. Don't miss any of it.

time again. Mr. Sincro directed the program, and Mrs. Lucy Robinson was at the piano. Special numbers of duets and a solo were contributed by Mr. Sincro and the mens' quartette of Messrs. Pipher, Rodgers, Flagg, and Mann, accompanied by Mrs. Flagg. Thanking for our blessings and the best of wishes to music was most important. It is Mr. John Newhouse and Mr. W. J. Wyman who have done so much to improve the club grounds, and we wish to express our appreciation. Another project worthy of mention is the compiling of the complete list of club members according to states, this list placed in a frame and hung in a well-lighted place for reference.

This careful work was done by Mrs. Hill, Mrs. Maxson and Mrs. Heath.

New members this week include: Michigan: Mr. and Mrs. R. D. McNutt, Mrs. Ethel Collins, Mrs. Bertha Ross, Mr. F. E. McKeary, Georgia: Mr. R. L. C. Cleary, Dr. and Mrs. G. A. Woodward, New York: Mr. and Mrs. C. H. Croft.

Minnesota: Mr. and Mrs. R. H. Lorentz.

Colorado: Mr. and Mrs. L. L. Reed.

Illinois: Mr. Sam W. McBride, Tennessee: Mrs. Sue Sayler, W. F. Bervink.

Pennsylvania: Miss Ann Felton, Rhode Island: Mrs. J. J. Condit.

Ohio: Mr. and Mrs. L. B. Kent. Perhaps this paper will reach you in time to remind you of the Choral Singing group listed to meet Thursday evening at 7:30, in charge of Velma Lehman Wilcox. Mrs. Wilcox is an experienced organist and director, and all folks who like to sing will enjoy that evening hour.

She explained the remedial reading program as to measuring achievement and capacity; administering eye tests; for loss of hearing; and testing handedness and eyedness. Then taking the child where they find him and take him as far as his capacity allows by giving him an abundance of reading material at his own level.

She is very much encouraged with the progress that the children have made in their remedial reading. The classroom teachers report that the students read their textbooks with greater ease. Their attitude toward reading is much happier and they enjoy participating in the class room discussions.

Mrs. Rowe, likened the child unto a diamond, the parents must previous jewel and the teacher and parents the diamond cutter. The facets of the diamond were compared to different facets of learning: listening, talking, reading and writing. The first two are cut and polished by the parents before the child enters the public school. DIFFERENT PICTURE

The recent exchanges between Senator Claude Pepper and his opponent, George Smathers, paint a somewhat new picture. Mr. Smathers, came off a distinct winner. The Senator, famed for his adroit aptitudes in debate, and the suavity with which he dissociates words from thought, found himself neatly dumped, in the area he has so long dominated.

Mr. Smathers is bright. Mr. Smathers is handy with repartee. Mr. Smathers is sincere. He reacts the latter because he manages to fit words to thought, rather than dissociate the two. So we see a different picture. We see an opposition in nowise daunted by the Pepper reputation. Claude found his best weapons suddenly in the hands of those opposing him, but augmented by high convictions and irreproachable logic. Perhaps he has learned that, after all, empty words are equally empty weapons. They serve only briefly, and never do they withstand a barrage of facts, of logic, of well grounded thought.

We have prophesied that the Senator faces such a fight as he never before encountered. In these first exchanges our prophecy is amply borne out. When Mr. Smathers responded that, now that Pepper will no longer speak to him, he presumes he also will be denied the friendship of Henry Wallace, Paul Robeson and Joe Stalin, Mr. Smathers makes the retort emphatic. He speaks a mouthful. He proves his mettle in the political arena. When he adds that he hopes the Senator's statement was a threat, rather than a promise, because he could not rely on the Senator's promise, he caps the first round with full-blown victory.

That his scoring touched a nerve, seems evident by the very lameness of the redoubtable Claude's response. It appears that, for the time, time of public record, Claude had to pray for an answer. While we commend prayer to all, there are many, like us, who will think the answer with which Claude came up, was not the gift of prayer. Many will think he got his wires crossed.

The new picture shows Senator Pepper strictly on the defensive. It is a new situation for him. He has an opponent worthy of his own steel. The issue of the election, as we see that issue, is not Pepper or Smathers, but Radicalism against Americanism. Giving to both gentlemen the ultimate in goodness of motive, we cannot escape the issue as it lies before us. Mr. Pepper is a sturdy advocate of those things which insist upon deficit spending, European largess, Big Government. Senator Smathers appears to have a less colossal impulse to entangle us in foreign warbirds; a hesitancy about shipping arms into danger zones and a realization that Mr. Stalin's cold war is a fight for Communism right here in our Homeland.

As between them, the voter should appraise and vote in accordance with his sacred conscience. That is all that these newspapers will ever ask of the electorate. If the "Home" vote does its duty, there will never be complaint from us. If the "professional" vote fattens again on the political larders of the average American, then we feel cause for complaint; and we will make that complaint; and continue to make it, until America rouses itself to what is cooking on its very doorstep.

We add that it is, indeed, a different picture, when Senator Pepper, of all people, is forced in the earliest hours of his campaign onto the defensive to such an extent that he finds his only ammunition in the utter nonsense he offered by way of response to Mr. Smathers.

"TOO LATE TO CLASSIFY"

By Russell Kay

Maybe you have heard about wingless chickens, but have you ever seen one? It sounds too good to be true but they tell me that they really have developed such critters and they will actually be on display at the 1950 Florida State Fair in Tampa, Jan. 31 to Feb. 11. Where the wings used to be are nice juicy hanks of white meat, and since the birds can't fly they develop extra large drumsticks. Now folks, that's my idea of a sure-enough chicken, but I gotta see one with my own eyes and believe me I'll be down looking 'em over in the Poultry Building on the opening day.

And speaking of the State Fair, I've been musing about it for a long time. I've been to it for the last 30 years but I never get tired of it. I actually learn more at a Fair in the way of visual education than I could get out of a mess of text-books or class room schoolin'.

Take jet propulsion and other modern scientific developments. Why, do you know they are going to stage actual jet engine races? And show you step by step how the jets do their stuff. This will be an outstanding feature in the General Motors Show at the State Fair.

Chitwood, the dare-devil of all dare-devils dropped into my office last week to tell me about his brand new 1950 Thrill Show. Why, it actually made my hair stand on end listenin' to the guy. His Hollywood stunt drivers are going to turn cars end over end and side over side, leap them through the air to crash head on and do a lot of other unbelievable stunts. They will have three shows during the Fair and if you like hair-raising exhibitions you sure don't want to miss it. They will be featured on the afternoon of Feb. 1, the evening of Feb. 3 and again on Sunday afternoon Feb. 12. You can reserve your seats in advance if you want to and I suggest that you get your order in now to avoid standing in line.

They are letting the bars down on Children's Day, Tuesday Feb. 7. Not only will all school kids be admitted free at the main gates, but they are staging a grand two hour show on the grandstand about international stars doing their stuff and both children and adults will be admitted at the nominal rate of 50c. Any other day would cost you a dollar to see it and I can tell you it is worth twice that much.

If you like auto racing you better be in your seat with your eyes bulging out on Tuesday Jan. 31, when they run the first heat in the International Motor Contest sanctioned races. Dirt track races from all over the country will compete for the biggest awards ever offered at the State Fair. These races do better than 100 miles an hour on the straightaway and skid into the turns like crazy. You can reserve your seats in advance for races, too, so you better make your reservations now.

If you like parades you better plan to come to Tampa and stay all week, for the American Legion will stage a gigantic military parade on Thursday Feb. 3. The Legion has gone all out to make this the greatest event of its kind ever staged in the South. Governors of five Southern states along with many Legion dignitaries are scheduled to attend. The entire parade as well as creek drills will be reviewed from the Fair Grounds grandstand.

The big day, of course, is Monday Feb. 6 when Gasparilla and his Mystic Krewes stage their colorful invasion and capture of the city. Passing through the downtown streets the big parade will terminate at the Fair Grounds.

On Wednesday Feb. 9, the Junior Gasparilla Krewes will take over and children of Tampa will present a parade with clever, beautifully designed miniature floats. It will be one of the outstanding events of this year's Fair. It is a wonderful show and you will enjoy every minute of it.

"Flori-funks and Flori-moons" And Flori-suns of Flori-noons Flori-frugance on the breeze And blended blues of Flori-sons Patterns drawn with pen and words

Of Flori-funks and Flori-blids Flori-funks are fine, but unlike Don Blanding (who wrote the above quotation) your reporter often runs low on news about them.

Speaking of "blended blues" however, did you notice the gown Mrs. Mitten wore Friday evening, when she was mistress of ceremonies. It looked like sapphire skies studded with stars, and was a treat to the eyes.

Under such auspices, the party was a success, as usual, and proved again that it is the folks who enter into the suggested games who have the most fun, rather than the ones who must be entertained.

An old-time stunt which pro-

Last but not least on the parade program will be the gala Shrine Parade on Thursday Feb. 9. If you like fun that is fast and furious, the laugh-a-minute variety, you sure want to see this show. New initiates, fantastically garbed, are dragged through the streets by the hair, branded with hot irons, and tortured unmercifully. Marching bodies in gay uniforms see to it that the proper tempo is maintained with their drum corps, patrol, band and chorus. Harold Lloyd, the famed movie comedian who is Imperial Potentate this year, is coming from Hollywood to review this parade.

The only parade that does not enter the Fair Grounds is the night parade staged by the Gasparilla Krewes on the evening of Feb. 8 in Ybor City. Tampa's Latin Quarter will garb itself in old world costumes, senoritas with high combs and mantillas and their escorts in Spanish. Dance with street dancing and a night of gay fiesta.

This gives the highlights of Tampa's Fair and Gasparilla plans for 1950. Never has such a complete and comprehensive program been provided. Don't miss any of it.

duced much hilarity was "Musical Chairs." Twenty-one people started in this one, the numbers being quickly reduced by Mrs. Wilcox's say-so or rather by its stops-until Mrs. Glenn Mills was declared the winner. It was impossible to obtain the names of the winners of all the games and contests, but come next time and see. On occasions like this we feel keenly the need of a larger club house.

Perhaps some day!! It is good to know that our members do not shy away from educational films as juveniles might, for the crowded room each Saturday night shows how much these splendid pictures are enjoyed. There was real profit in learning of the splendid contribution of the Central American countries to vital medical supplies, such as quinine, and necessary commodities such as hemp, all pictured in unforgettable detail. No less interesting was the second film "Trees to Tribunes" showing the metamorphosis of millions of trees into millions of pages of modern newspapers. May it prove to be a worthwhile change.

Sunday afternoon was singing again. Mr. Simcox directed the program, and Mrs. Lucy Robinson was at the piano. Special numbers of duets and a solo were contributed by Mr. Simcox and the men's quartette of Messrs. Pipher, Rodgers, Flagg, and Mann, accompanied by Mrs. Flagg.

Thanksgiving for our blessings and the benediction of music was included in the beautiful closing prayer of Rev. Mr. Cummings.

In printing last week's notes, one sentence was omitted. It is Mr. John Newhouse and Mr. W. J. Wyman who have done so much to improve the club grounds, and we wish to express our appreciation. Another worthy project of mention is the compiling of our complete list of club members according to states, this list placed in a frame and hung in a well-lighted place for reference.

This careful work was done by Mrs. Hill, Mrs. Maxson and Mrs. Heath.

New members this week include: Michigan: Mr. and Mrs. R. D. McNutt, Mrs. Ethel Collins, Mrs. Bertha Ross, Mr. F. E. McLeary, Mr. and Mrs. Lawrence Hagan.

Georgia: Mr. R. L. Franklin, Dr. and Mrs. G. A. Woodward.

New York: Mr. and Mrs. C. H. Crofut.

Minnesota: Mr. and Mrs. R. H. Lorentz.

Colorado: Mr. and Mrs. L. L. Brod. Illinois: Mr. Sam W. McBride, Tennessee: Mrs. Sue Saylor, W. F. Bervinkle, Pennsylvania: Miss Ann Felton, Rhode Island: Mrs. J. J. Considine. Ohio: Mr. and Mrs. L. B. Kent. Perhaps this paper will reach you in time to remind you of the Choral Singing group listed to meet Thursday evening at 7:30, in charge of Velma Lehman Wilcox. Mrs. Wilcox is an experienced organist and director, and all folks who like to sing will enjoy that evening hour.

SEBRING, Jan. 22—(Special)—Mr. and Mrs. Albert Louis Johnson have announced the engagement of their daughter, Margaret, to Powell Harris Skipper, son of Mr. and Mrs. Albert Louis Johnson.

They also started plans for holding a Spring Circus-Carnival. The date to be announced later. The highlight of the evening was the talk by Mrs. Claire Rowe, the reading specialist in the Avon Park school.

She explained the remedial reading program as a measuring achievement and capacity; administering eye tests; loss of hearing; and testing handiness and eyesight. Then taking the child where they find him and make him as far as his capacity allows by giving him an abundance of reading material at his own level.

She is very much encouraged with the progress that the children have made in their remedial reading. The classroom teachers report that the students read their textbooks with greater ease. Their attitude toward reading is much happier and they enjoy participating in the class room discussion.

Mrs. Rowe, likened the child unto a diamond, the parents most precious jewel, and the teacher and parents the diamond cutter. The facets of the diamond were compared to different facets of learning; listening, talking, reading and writing. The first two are cut and polished by the parents before the child enters the public school. This process of polishing the diamond, is a life work, says Mrs. Rowe, and the teacher is not alone in this work. All who react to this diamond are responsible for its brilliancy and lustre.

Mrs. Seims Honors Silver Anniversary

Harbingers of early spring, were the lovely flowers Mrs. Roy Seims used, Tuesday afternoon, when she entertained with a Coca-Cola party at her home on Lake Lotella, honoring her house guest, Mrs. Frank Mullen of Elmira, New York.

Snadragons and pussy-willows were used in profusion. The refreshment table was centered with a low pottery bowl, filled with iris in blending shades of purple and lavender. Other table appointments were in crystal and silver.

A dessert course was served later in the evening.

Highlands County Community Concert Second Attraction Will Be Carlos Sherman Baritone Of Light And Grand Opera

Carlos Sherman, romantic baritone of light and grand opera, radio and concert stage will appear at the Avon Park High School Auditorium on Monday night, Feb. 6, as the second attraction of the Highlands County Concert Series.

Single admission tickets will be sold at the door for the benefit of non-members.

The doors will be open at 7:45 and curtain time is 8:40. Sherman will present the same program he recently presented in New York to a large and enthusiastic audience.

Graduation ushered him into some preliminary experiences—operas at Jones Beach, Long Island, Armando's New York smokers, and the remainder of the year's need for the prevention of destructive wildfires, and the remarkable growth of pine trees throughout Florida when they aren't killed or retarded by

Florida Forest Service To Exhibit At State Fair

TAMPA, Jan. 19. (FNS)—The Florida Forest Service exhibit at the Florida State Fair in Tampa, Jan. 31-Feb. 11, will tell the story of the state's need for the prevention of destructive wildfires, and the remarkable growth of pine trees throughout Florida when they aren't killed or retarded by

Forest visitors will see a three-part exhibit depicting in cartoon style the causes, effects, and means of preventing woods fires which annually burn 2,500,000 acres in Florida with damage of more than \$2,000,000. Ninety-seven per cent of these 25,000 fires were carelessly or deliberately set.

The exhibit illustrates that 66.2 percent of the fires are of incendiary origin, 10 per cent by brush and trash burners, 5.9 per cent by lightning, and the remainder by miscellaneous or unknown causes exceeding the 3 per cent caused by lightning.

Theme of the forest fire prevention exhibit is "You and Woods Fires." Since 97 per cent of the wild fires are man-caused, they can be prevented by you or the other man, the exhibit implies.

A Florida concern recently found Juniper wood satisfactory for use in manufacturing floats and baits.

In medieval France, believers in witchcraft always consulted a Jew. The baritone spent one season with the Chicago Opera Company. For many months he was scouted as a soloist with the Radio City Music Hall Glee Club and the Center Theatre live show.

Columbia Concerts recognized his talent and, in 1944, signed him to tour with the Nine O'Clock Orchestra as a soloist with the Radio City Music Hall Glee Club and the Center Theatre live show.

"The Merry Wives of Windsor." Later he appeared in Columbia's "Carmen" Company that included such notable artists as Donald Dickson, Frances Vernon, Regina Ronick, Winifred Heidt and Lucille Browning. Sherman proved his versatility recently by traveling with the "Blossom Girl" Company as a leading artist. He is now the baritone of the newly-formed Columbia Operatic Trio, together with soprano Agnes Davis and tenor Elwood Gary, presents arias, duets and trios from world famous operas.

Harold Lloyd, the funnyman of movie fame, will be in Tampa Feb. 9 and participate in the great Shrine Day parade and ceremony at the Florida State Fair. The comic Browning Sherman proved his versatility recently by traveling with the "Blossom Girl" Company as a leading artist. He is now the baritone of the newly-formed Columbia Operatic Trio, together with soprano Agnes Davis and tenor Elwood Gary, presents arias, duets and trios from world famous operas.

Baptists Have Dinner On Church Grounds

Winter visitors who have been attending the First Baptist Church will be guests of honor at dinner, Sunday.

The First Baptist Church is known as the friendly Church and members of this Church have extended their friendship to those winter visitors of our fair city who have chosen to make the First Baptist their church home during their stay here. It was last year that Rev. Liner conceived the idea of making them feel at home by having an old fashioned "dinner on the church grounds." A delicious meal was enjoyed by 30 after the worship hour at 11:00 o'clock all will gather on the church grounds for another feast of food and fellowship.

NOTICE: Winter Guests, if you have not registered yet this season at the Chamber of Commerce we would appreciate your dropping by and giving us your local and home address. We have been unable to add a number of folks in losing their friends because only a few have been in to sign our guest book. Thanks!

Frank Eyman Is Chairman Of Trustees

Frank Eyman of Lake Placid was elected chairman of the Highlands County Board of Trustees at its organization meeting in Sebring last week. County School Superintendent Fred Wild was named secretary of the board.

The board received recommended policies concerning the use of Highlands County School gymnasiums by non-school personnel. After discussion of the policies, they were adopted with the provision that the rate per hour charged for the use of gymnasiums be changed from \$1.50 to \$3.00 per hour.

These policies are as follows: Organized groups of non-school personnel may use the school gymnasiums under the following conditions:

1. Follow all local regulations regarding the proper use of the gymnasiums; such as type of shoes permitted on the floor.
2. School functions will have priority in the scheduling of the use of these facilities. Scheduling will be by conference with local school officials.
3. The schools reserve the right to operate their concessions during the functions of the non-school groups.
4. These non-school groups must assume responsibility for any damage to gymnasiums, their furnishings and equipment while they are being used by them.
5. A charge of \$5.00 per hour will be made for the use of the gymnasiums, computed from the time the court lights are turned on until they are turned off. This rate is based on actual cost of operation and covers cost of lights, gas and custodial services.
6. All payments will be made to the Board of Public Instruction, Highlands County.

HIGH SCHOOL POW-WOW

By PAT LAGONI

Dear 'old A.P.H.S. is still buzzing with activities as the second semester is getting well under way.

Thursday night, the 2nd of February marked a big occasion for members of the junior class when the school play was given in the newly-chapel program on the 27th.

In chapel, Mrs. Shearer announced that the Senior Class was leading in the March of Demos Campaign.

The Devils and Devillets traveled to Lake Placid Friday (the 27th) and helped the neighboring teams dedicate their new gym. The Devils topped the Devils by a score of 42 to 34. Anne Palmer led the Avon Park girls to a 20-24 victory over the Dragons with 20 points. At the dedication ceremony, Mr. Wilhite, A.P.H.S. Principal, and former Lake Placid principal, gave the dedication address.

Tuesday the 31st, the tables were turned. The A.P.H.S. boys won 23 to 22 and the girls lost 34 to 23 in a twin bill against Fort Meade.

Anne Palmer scored 16 points for the Devillets and Ralph Hill and Gene Cruise tied for scoring honors in the boys' game with 9 points apiece.

The Avon Park gym is near completion and the Avon basketball lovers are in hopes that it will be ready for Tuesday's game with Lake Wales. Nothing is definite but "we can dream, can't we?"

Gregor And Jake Return From Radio Shows In New York

Joe Gregor and Jules Jacobson, originators of the now famous Brown-a-Serve radio formula, are back from New York where they appeared on "We, the People," radio and television shows. They were accompanied by Mrs. Gregor and Mrs. Jacobson, six children, and were guests of General Mills, who bought the rights to use the formula.

In addition to appearing on "We, the People," Jan. 20, they also appeared as guests of the Betty Crocker program the following Monday. Several days were spent in rehearsing and preparations for the programs, which were well received by the radio audience, and afforded them an opportunity to put in a plug or two for Avon Park which they did in telling of their experiments in bringing out the new roll process, which was developed at their bakery here.

Accardo Arrested; Car Seized For Liquor Violation

With the permission of the State Beverage Department, Highlands County is planning to conduct a raid on the 1945 model car owned by Frank M. Accardo, 24, of Clever, Ill., and turn the proceeds over to the fine and forfeiture fund.

The confiscation proceedings may be started by State Attorney Walter W. Woolfolk, unless he turns the job over to County Prosecutor Ous Whitehurst. Permission for Woolfolk to proceed was given by Assistant Beverage Department Director Henderson today.

Accardo, who said he is a nephew of Tony Accardo, reputed ranking racketeer of the nation, was picked up Thursday night after he allegedly drove off without paying a gas bill at an Avon Park station.

When the car was examined by Sheriff Rowland Collier and Avon Park Constable J. M. Mawer, around 30 bottles of liquor were found in the trunk. None of the bottles bore the Florida excise liquor stamp, which resulted in a liquor law violation charge being preferred against Accardo, as well as a petit larceny charge.

Accardo was released on bond of \$1000 Friday to appear later in the county judge's and the circuit court.

Commission Denies Phone Rate Increase

The Inter-County Telephone and Telegraph Company's petition for a rate increase was unanimously dismissed "without prejudice" in Fort Myers, Wednesday, by Florida Railroad and Public Utilities Commission.

The dismissal came on a motion of Lewis Petteway, commission counsel, before the proposed cross-examination of company witnesses and before consideration of a petition for reduction in rates by the City of Naples.

The company operation of 18 exchanges in 12 Southwest Florida counties, had asked a 14 to 50 percent increase in general rates and a 25 percent rate for year-round hotels now paying nine-month rates for 12-month service. George W. Thompson, company president, said the firm will petition for another hearing before July 1.

The petition was dismissed, the commission staff said, because the company was seeking an increase based on investments in improvements which will not be completed until next July. The staff said such increases were not the policy of the commission.

"The utility," said Petteway, "requested an increase in rates to produce earnings of 8.3 to 7 percent on their claimed investment. On the record made here and the exhibits made, we have discovered the company's present earnings are slightly in excess of 8 percent. The staff would be impossible to increase the rates on the basis of the future showing without a showing of the estimates of the projected future income."

He says this week and three days earlier this week, which appear in Sebring approximately 400 pages of testimony and 50 pages of exhibits.

Garden Calendar

Flame Vine is spreading its lovely blanket of golden flower-ettes over fences, along highways, covering huge oaks with its flaming garlands. With this beauty all around us we wonder now why we didn't think to plant some under our perennials tree to bring color to its winter leaflessness. When the rainy season comes around we will remember to get some started. Perhaps you have a barren spot a leafless tree or a garden wall these colorful sprays would enhance.

Do you, too, always want the current bloomer but somehow let the time slip by for planting. Before you realize it is almost time for the blossoms to appear.

Then let this little column be "the string around your green thumb". Knowing when to plant, fertilize, prune and spray makes the greenest thumb greener, even in the driest of weather. As the weeks go by we will try to keep you posted on what needs to be done in your garden, to jog your memory and to make suggestions which we hope you will find useful.

Exceptions to the rule: Camellias and Azaleas take to transplanting well in full bloom. Now, when the numbers of many varieties in bloom is the time to select the plants you want, at least the ones you simply can't live without. See exactly what you are getting, have them transplanted, all balled and burlapped, to the most effective spot in your garden. Their beauty will be a joy this season and for years to come.

Some facts of planting and care: Camellias and Azaleas flourish under the same soil and climatic conditions. Both like shade, their natural habitat being under pines and oaks. In foundation planting, northern and eastern exposures are desirable. An acid soil is required. Beds should be kept heavily mulched with oak leaves or pine needles throughout the year. Mulching holds moisture, furnishes organic matter and discourages weeds. Since azaleas and

camellias are shallow rooted plants they should not be cultivated. In planting, the holes should be much larger than the ball of earth around roots of plant. Fill holes with leaf mold, peat, mulch or heavy loam and top soil, a handful of azaleas and camellia fertilizer may be added. Pack down firmly and water well then set plants in and mulch. Camellias need 8 to 10 feet azaleas may be planted closer for more showy beds.

Plants need a great deal of water during the blooming season and when putting on new growth but will die if water-logged. A few well known favorites among camellias are: Alba, Plena, Fritzi and Lilly, all beautiful whites; Chandler's Elegance, pink and white; Pink Perfection; Professor Sargent, an all season variety in red; Herma a variegated red and white.

In azaleas the more common Formosa is one of the showiest of them all, with its large single blossoms. Duc de Rohan is an early and profuse bloomer of coral red. Fielders White is a beautiful free bloomer. Cocinea Major and Pride of Mobile are also good bloomers.

Now is the time to dig and reset Amaryllis, Zephyranthes (rain lilies) and Crocuses that are crowded. New beds or pots should be filled with peat moss, bone meal and manure, preferably sheep. Feed with an application of liquid manure or balanced plant food, bi-weekly during the spring.

Roses need careful attention now that they are putting on much tender growth. Dust or spray regularly and water during the morning, soaking the roots, keeping the leaves dry to discourage mildew. Fertilize regularly, cultivate lightly and mulch with oak leaves.

A big bouquet of orange blossoms to JOE GREGORY and JAKE JACOBSEN for their appearance on "WE, THE PEOPLE" in New York. Congratulations to DOT EDGER, famed for her beauty since baby days, chosen MISS INTER-COUNTY. . . And over at the BRODIE home on Canfield street, there is much going on. . . Hadacol Helps No. Carolina Man Work Long Hours

There is plenty of hard work and long hours in the retail grocery business, and this is especially true for Paul Barnhart, 816 South Church St., in Salisbury, N. C. Mr. Barnhart works long hours at the Barnhart Super Market in Salisbury, one of the largest and most modern grocery stores in that thriving section of North Carolina.

The grind began to tell on Mr. Barnhart about three months ago and he wondered for a time whether he would be able to carry on at the same rigid pace. But that was before he heard the blessed news about HADACOL.

A lack of only a small amount of B Vitamins and certain Minerals will cause digestive disturbances... Your food will not agree with you... You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for temporary relief is misery afterwards. Many people also suffer from constipation. And while these symptoms may be the result of other causes, they are surely and certainly the signs of lack of B Vitamins and Minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this combination, HADACOL.

So it matters not how old you are or who you are... It matters not where you live or if you have tried all the medicine and diet which this wonderful preparation HADACOL is a trial. Don't go on suffering. Don't continue to lead a miserable life. Many people who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is misery afterwards. Give HADACOL a trial!

Don't be misled! Accept no substitute! Insist on the genuine HADACOL.

Sold at all leading drug stores. Trial size only \$1.25. But save money! Buy the large family and hospital size, only \$2.50. If you're a druggist, don't handle HADACOL, order direct from The Lelland Corporation, Lafayette, La., and when the postman brings your package just pay the amount plus the c. o. d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL, as directed, just return the empty container and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Mr. Barnhart

"I have been taking HADACOL for three months," said Mr. Barnhart. "I was weak, run down, nervous, had difficulty sleeping at night, nervous indigestion, gastric disturbances, headaches, suffered with stomach bloating and gas pains around my heart. After the third bottle, I started gaining weight, was relieved of stomach bloating, had no gastric disturbances, headaches or gas pains. I never felt better and worked long hours. I recommend HADACOL."

Mr. Barnhart, like so many thousands of other suffering people, had tried many preparations, but the beneficial results before he heard the wonderful news about HADACOL.

Mr. Barnhart puts in long, hard hours at the Barnhart Grocery store now, but is again his usual cheerful self, and when his friends comment on his improvement he

Where We Came In
Lesson for February 3, 1930.

A CIRCULAR LETTER came in the other day from a stranger who is not and bothered because he has discovered that Jews and Negroes can belong to Christian churches along with white Americans. The astonishing thing is not that should be true, but that any man should get excited over it. What the Apostle Paul was not that Jews were in the Christian church but that anybody else could be! We must recall that Jesus was a Jew; that all the apostles were Jews; that the first Christian church at Jerusalem was composed exclusively of Jews.

New Type
THE CHURCH AT ANTIOCH, one of the great commercial cities of the Roman world, was where we Gentiles came in. The writer is indebted to his former teacher, Dr. Charles Erdman, for noting that in which that church in Antioch was something new. They had no Old Testament. They knew nothing of the Old Testament scriptures, they had no interest in the Temple or in the history of Israel. Like most Gentiles, they had never thought of the Jew as a quaint but unimportant minority group. Now that these Gentiles were in the same church with Jews, there would be plenty of room for trouble.

Could a church made up of such different races become a true Brotherhood? So the old mother-church at Antioch sent up Brother Barnabas to look around. Barnabas was not the church's most brilliant mind, but he had a full bull of faith.

New Leaders
GOD DOES NOT ALWAYS give the greatest successes to the "big names." Nowadays every one who knows his Bible knows Paul and Barnabas; but in Antioch both men were unknown at first, and untired.

When God wants a Reformation he calls forth a Father, an obscure man who serves fitted at of the existing priestly mists. When God wanted to open up Africa he called David Livingstone; when he wanted men for the far interior of Asia he called Hudson Taylor. When he wanted light to shine down into the slums he called William Booth.

These were all peculiar men by the standards of their times; but it takes peculiar men to break away from tradition's heart-disease and break out new roads for the Gospel.

New Center
FOR SOME TIME Jerusalem was the capital of the Christian world. All roads led out from there, so to speak. With the rise of the Antioch church, however, a new center took the place of the old Jerusalem withered away. In later times Alexandria led, and then other cities.

For a thousand years Rome and Constantinople were the acknowledged centers of the Christian world. Now we have also London—New York—Geneva.

Many such centers have small beginnings. In America's early days the churches of Scotland sent over missionary offerings for the help of the struggling little church of New York.

In future years, who knows? Some church in Yunnan may be sending missionaries to the feeble folk left in the war-devastated ex-white world.

New Name
ANTIOCH is no longer a city of any importance. Missionaries left it, not from it. But Antioch left us something still cherished, a new name for believers: Christian. That name itself proves something.

One of the handiest ways to take the seeds out of pear halves is to flick them out with the little gadget at used to make melon balls.
