County Board Hires Special Attorney

Over the objections of the two minority members, Commissioners R. L. Stokes and A. J. Tubbs, the majority bloc of the Highlands County commission last Monday hired Attorney Wilbur W. Whitehurst of Wauchula to represent the board in a "friendly" suit against Circuit Court Clerk H. T. Pety.

Both Stokes and Tubbs voted against Commissioner A. C. McAulay's motion to employ Whitehurst, which motion was seconded by Commissioner M. T. Grice. The vote was broken when Chairman Schumacher sided with Grice and McAulay.

Tubbs then moved that the employment notice be rescinded so that the suit could be handled by county attorney, thus saving legal fees. Stokes seconded the motion. On roll call the motion was defeated when Schumacher again joined with Grice and McAulay against the minority group.

The suit, a petition for a declaratory decree, was filed in circuit court Saturday. At that time Stokes said he had been informed that the Wauchula attorney, who secured the petition, would take the case without charge. Today, McAulay announced that the fee would be "reasonable" after Tubbs had asked if the fee would be \$100 or \$1000.

The majority bloc left the board room for several minutes before taking action on Whitehurst's employment. Meanwhile, Tubbs and Stokes, uninvited to the private conference, remained in their seats, and expressed displeasure over the seeming snub.

Involved in the suit is the right to hire an office assistant. The commissioners contend that they had the right to employ Mrs. Vera Powers, who was put on the payroll in June as an aide to county clerk Bill Martin, board accountant.

But, according to the commissioners, Assistant State Auditor Robert Austin, during a recent audit here, questioned the board's right to hire the assistant, contending that right was vested in the circuit court clerk. This suit seeks to resolve the conflict.

Attorney James W. Moore, state senator, said that unnamed citizens had asked him to take action as intervenors in the suit.

Grice indicated that a decision against the board would be appealed.

Sun Files Answer To Libel Suit

By Hayden Williams
Tampa Tribune Staff Writer

The Pensacola News-Journal, owner of the Avon Park Sun, Thursday, November 2, filed its answer to the \$50,000 libel action filed against it by Highlands County Commissioner Marion H. Grice of Avon Park.

Grice alleged that an editorial in the Sun, Sept. 8, libeled him. The News-Journal avers that the "matters and things contained in the published words, of which the plaintiff complains, are true and were true at the time of publication."

"But," the defendant adds, "the editorial was published in good faith, and without malice to keep the voters advised of the activities of the commission, especially in Grice's district, in order that they, at future elections, will be able to cast a well-informed, advised and intelligent vote."

The defendant also alleges its published observations on the commission's fitness to hold office are a logical conclusion, "and amount to nothing more than fair comment and just criticism of the plaintiff in his official capacity."

In its answer, the defendant also demands a jury trial.

Kinney wrote the editorial after Grice, at the Sept. 5 meeting of the commission, moved that a Sebring paper be given the general election ballot printing job because of "pretty unfavorable" stories about the commission in other papers.

In a previous issue, the Sun carried a story about a verbal spanking given by State Road Chairman Alfred McKethan for delays encountered on state road projects in the county.

\$55,000 TAXES ON FIRST DUE DAY
Colin DeShong, Highlands County tax collector, announced that over \$55,000 in taxes were paid November 1st, the first day payments became due.

The largest amount, \$8700, was paid by Mrs. Edna Carillon, of Arcadia, widow of Carey C. Carillon, prominent cattleman, on her large pasture holdings adjoining DeSoto County.

Children's Book Week Nov. 12-18

November 12 will mark the beginning of the 32nd Annual Children's Book Week, which will run through Nov. 18. Once again librarians, teachers and parents have a wonderful chance to promote the pleasurable pastime of reading - constructive reading - to young people. They have and excellent opportunity to promote better understanding of history, of current events, of the make-believe world - of life in general - through the significant instruments of books.

In this age education is largely transmitted through mechanized media - our children are being trained visually. But because of this "easy way" youngsters are denied the fundamental human heritage of thinking, they no longer have to use their imaginations.

So let us give our children an opportunity to make friends with books - timely books, topical books, as well as the timeless.

The Public Library will have a display of new books for children and also will show some adult books nearly a century old - architecture, history, biography, etc., and their counterparts in modern books.

Come to the library and get acquainted and look over our books.

Library Hours - Monday and Friday, 2:30 to 5:30 P.M.; Wednesday, 9:45 to 12:00 M. and Saturday, 9:30 to 8:30 P.M.

Rotary Work For World Peace

Rotary Clubs in 82 countries throughout the world are united in an endeavor to promote understanding, good will and peace. That was the message of Frank M. Rhodes, of St. Petersburg, Governor of District 24 of Rotary International, in addressing the Rotary Club of Avon Park Wednesday, following a conference with local Rotary officers, directors and committee chairman.

In addition to the activities of the Rotary 7155 Clubs in their own communities to promote this objective, Mr. Rhodes explained, over a three-year period Rotary International is spending \$750,000 principally to create better understanding among the peoples of different nations. One of the principal ways in which this money is being spent is on Rotary Fellowshipships.

These enable outstanding graduate students to study for one year, in countries other than their own, as ambassadors of good will. Since this program was established in 1947, 195 Fellowshipships have been awarded to students in 35 countries, with grants totaling nearly \$500,000.

"Devoted to service, Rotary provides a common ground for 342,000 business and professional executives throughout the world, regardless of nationalities or political or religious beliefs," the Rotary District Governor emphasized.

He said that there is a striking parallel between the program of Rotary and the United Nations Charter, and that, since the organization of the United Nations in 1945, Rotary Clubs throughout the world have been active in the development of an informed public opinion on the objectives of the United Nations in an endeavor to make it an effective instrument for free peoples everywhere.

AVON PARK SERMONETTE

Love Fulfilled Through Sacrifice
By Rev. Herbert D. Graetz
Union Congregational Church

There were three crosses on Golgotha. Three men died. The crosses on which the thieves died however, move us not at all. We find lifting power in the cross of Jesus. It is what that cross stands for that matters. If his life is good and his cause is right, his suffering is a fulcrum on which succeeding generations are lifted higher.

There is a red thread in the pattern of American civilization. The pioneer fought against the forest. He carried the fruits of struggle in his soul. There was something precious about it, writes Jay Boyd in "Marching On." Unless his father or some other man of toil staked there and kept scratching away, it would quickly vanish; the bog pen of the cow, the stab of the flimsy house would tumble down, vines and creepers would cover the ruins, the trees would come in and close the tiny opening in their ranks. All that would be left would be the marks of old furrows through the woods, touching memorials of heart breaking labor. American character was built through the woods, scientists, professional men, business men, tillers of the field, workers in factory and mine, keepers of homes, soldiers, sailors, aviators have left the impress of their courage, creative living and sacrificial dying upon the American way of life. This spirit comes to light in the life of Nathan Hale.

Nathan Hale taught school after graduating from Yale in 1773. He wrote his friends in New Haven. In July of 1778 he resigned to accept a commission in the Revolutionary Army. In September of 1778 he volunteered as a soldier on our mission behind enemy lines. He was captured and executed. Before his death he left a memorial to his love for his country in the words "My only regret is that I have but one life to give for my country." Dean Wiegman says of him: "Hale is a fine example of an American type that has persisted from the 18th century to the present. He sensed the great importance of the calling of the schoolmaster. It was no accident that such a man should volunteer for a dangerous mission and should give his life for the ideals which he held dear. So it has been for all those who have lived, toiled, fought and died for America. Love is fulfilled through struggle and sacrifice. God was near our fathers in the past. He is near to all who struggle even to death in this hour to secure and understand the spirit, the principles and the brotherly love in our American way of life.

COMMISSIONERS OPEN BIDS FOR ANNEX

Bids for the jail annex were opened at a special meeting of county commissioners Wednesday and ascertained the low bidder but withheld awarding of the contract until they were assured that the money was forthcoming. The annex will cost \$77,000, about \$7,000 more than anticipated, plus the thousands extra for financing.

The annex would provide facilities for 40 additional prisoners and for the segregation of youthful offenders from hardened criminals.

The low bidder on the annex was John H. Mann and Son of Fort Meade, whose bid was \$42,475 for construction as originally planned. The Roanoke Iron and Bridge Works, of Roanoke, Va., was the low bidder on the equipment with \$34,548.

MAN KILLED AS JET CRASHES AT BOMBING FIELD

An F-84 thunder-jet Air Force pilot was killed when his plane crashed and exploded Saturday morning at Avon Park Bombing Field.

The pilot was not immediately identified, pending notification of the next of kin.

The plane was said to be one of four thunder-jets on a training maneuver from the Turner Air Force Base, Albany, Ga.

The area in the Avon Park bombing range in which the plane crashed was closed to the public.

"Peace-time children are War-Times adults!"

I think war or a conflagration of any sort is most aptly compared with a heart murmur of an aged man. It needs but a little youth and vitality in the form of a "17-year-old injection" to flow into the diseased area to snuff out the eruption at the cost of a few paltry irresponsibilities, in such a manner as to settle the man's trouble!

This present Korean affair is just such a brute that needs a little of that "Youth" brand of liniment.

Please don't get me wrong because all I am trying to say is that these youths don't ask for any special praise. Rather they ask for or should I say pray for just a little recognition!

They don't do this openly now, they have it hidden inside them! Nevertheless, the fact remains, they do it!

"Devil's Gable"

By Doug Fields
Let There Be Hope
For There Is Still Youth!

I am particularly concerned this week with a group of very select young men, "Teen-Agers" of the seventeen year-old variety. You know it's a very amusing, but also a very serious thing when you think about it. During "Peace-Time" (if you don't consider this being silly, there have been a few years of peace, you know, a seventeen year old boy is considered by adults, the ruling class of people on this bleak earth, to be a juvenile and kiddish and with no head for responsibility!

Al! But when a nation, and an speaking of a "world power" with exceptionally educated, learned, and extremely wise leaders, who govern this "world power" with reasonable ability, finds itself faced with, shall we say a rather embarrassing situation as a similar nation that is also governed by such capable, mature minded, and scholarly men, please don't take the mood to be one of sarcasm, for I don't intend it to be such, who then is considered as the men of the world? Upon whom then, having never tasted the full nectar of life to its most savory flavor, as heaped the burden of acting as a disinfectant to heal the sore (wars) on the face of their loving Mother Earth? The answer lies within the head of the irresponsible, the juvenile, and the kiddish!

SHERIFF LOOKING FOR BOWLING MAN

Shady Boulevard Coker last broadcast a call to authorities throughout the state to pick up Preston Arnold of Avon Park, alleged gambling kingpin in Highlands County.

Coker also revealed that an information charging Arnold with violations of the statutes forbidding lotteries had been filed here October 28 by State Attorney Walter W. Woolfolk, who, with the sheriff, recently completed an investigation of gambling in the Northern part of the county.

There are four counts in the information, conducting a lottery and disposing of the money from it, setting up and promoting a lottery, disposing of lottery money, transmitting certain lottery tickets and coupons representing an interest in a lottery for money yet to be played.

All counts refer to Cuba. When Arnold is taken into custody, a \$4,000 bond will be required to obtain his release pending trial.

Incendiary or deliberately set wildfires accounted for nearly three-fourths of all woods fires in Florida last year.

CHEVROLET TRUCKS

with Chevrolet's Hypoid Rear Axle

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength... with single-unit housings formed into tubular steel beams, and spined axle-to-hub connections that deliver power more evenly. Gears last longer, too... pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. Come see these great Chevrolet trucks today!
