Postmaster Honored at Local Theatre

Photo by Lenny Rush Studio

Mayor Wiley Sauls, Jr., Theatre-Manager John Johnson, and Postmaster Douglas G. Perry are shown above as Mr. Perry receives a scroll denoting appreciation of his services to the community. The scroll was awarded by Hilano Theatre, through courtesy of Paramount pictures. The presentation honoring our postmaster was made on the stage of Hilano Theatre Friday evening, August 17, at 7:30, immediately before the showing of "Appointment with Danger", a motion picture about the postoffice inspection service, and based on a true story of one postal inspector's part in capturing a gang of mail robbers. The film has been endorsed by Postmaster-General Douglas.

Local Fishermen Land 30 Pound "Cat"

Dale Jordon and Donald Ford last Thursday night, August 16, at about 9 o'clock caught a 30 pound catfish on a trot line at Big Bonnett Lake south of town. In spite of the head of the fish weighing over 8 pounds, the boys cut 11½ pounds of steak that they report was mighty good eats.

School Registration

Supervising Principal A. B. Wilhite announces that registration for new pupils will be held on Thursday, August 30, at the elementary school and the high school.

Pupils who were in regular attendance at the close of last school year have already been registered and it will not be necessary for them to register again.

Pupils on all grade levels who are entering for the first time will report to the elementary school office and the high school office, respectively, on the above date between the hours of 9:00 A.M. and 12:00 noon and 1:00 P.M. to 4:00 P.M. for registration.

Pupils who will enter the first grade this year must have reached their sixth birthday on or before January 1, 1952. Such beginning pupils are required to present a birth certificate or other acceptable proof of age, and must register during the first school month. This is a state regulation.

School will open for the fall semester on Tuesday, September 4, with students reporting at 8:30 A.M., and remaining all day with a full day's schedule.

Specific details of the opening will be given in next week's issue of the Sun.

Woman's Club Plans Drive For New Library Building

Step Up Fellows and Take A Chance; Only Five Can Win

Seven days till post time, and the field is already crowded with candidates who have a desire to serve on the City Council. The voters will have a chance to pick five councilmen from a field of fourteen qualified at the time of going to press.

All you have to do to qualify is to be a citizen 21 years of age of this fair city, have 3 bucks to spend and a yen to serve your city. Who can tell? You may be the lucky (?) one to win. Laying all kidding aside, we believe that all who have filed have an honest desire to be of service to their city, as it is a cinch they are not candidates for the money the job pays.

Now the yen to be Mayor takes on a little different slant, as up to date only 3 have qualified for the office. The present Mayor, Wiley Sauls, Jr., is running for reelection and has as his opponents, O. K. McClure, a newcomer to the field of politics. Also running against Sauls is O. C. Wilkes, former Mayor of Avon Park whom Sauls defeated two years ago. There is no doubt but that the Mayor's race will hold the limelight during the campaign.

Mannin Kirkland, Ed Gough and C. H. Lewinton, present councilmen have filed for reelection. Councilman Delegal has not filed as yet. Councilman Shivers is publishing a statement in this week's Sun stating that he is not a candidate for either the council or Mayor.

The eleven other candidates who have qualified are: Grethel C. Fields, Jr., insurance man, Olin Cherry Jones, dry cleaning business; J. B. Sparks, insurance man; Stan Taft, contractor; Leonard B. Rush, upholstery and photographer; Wayne W. Albright, former marine; Mark Smith, grove man; J. G. Harrell, meat cutter at Kirklands Market; J. F. Weaver, merchant; Oscar E. Wolff, retired and L. G. Peters, grove man.

Cattle Testing September 17-22

V. T. Oxer, County Agricultural Agent, Highlands County, today stressed the urgency of having cattle tested for tuberculosis and brucellosis. He said testing is especially important to families owning cows and whose milk is being used without pasteurization.

In an interview with Dr. C. L. Campbell, Director of Brucellosis, and Tuberculosis for the State Live Stock Sanitary Board.

Mr. Oxer quoted the doctor as saying "that the incidence of tuberculosis disclosed in Florida cattle decreased slightly in 1950, and that although the percentage of tuberculous animals was relatively low as compared to the total number of cattle in the State, in some instances reactors which were disclosed by test could have transmitted the disease to humans."

"The percentage of brucellosis or Bang's reactors to the total number of cattle tested in the state", the doctor said, "has increased markedly in the past five years."

In line with its policy of eradication, the State Live Stock Sanitary Board and the U.S. Bureau of Animal Industry is presently conducting programs in the various Florida counties to test cattle without charge to determine the presence or absence of tuberculosis and brucellosis.

V. T. Oxer, County Agent, has extended the services of his department in assisting in the these programs. Those desiring to have their cattle TB and Brucellosis tested should contact his office immediately in order that he may assign them a definite date for test, as a group of field veterinarians will be assigned to this testing by the middle of September. He stated that this service will not be available again for three years.

Registration Supervisors Elect Roland Droit

Roland X. Droit, Highlands County supervisor, was elected president of the Florida Association of Supervisors of Registration at the closing session of its two-day convention at Hotel Sebring Saturday.

Droit succeeds John Dekle, of Hillsborough County, who served for two terms.

Other officers chosen were Rodney B. Thursby, Volusia, first vice president; Albert L. Crosby, Bradford, second vice president; Mrs. Lois Droit, Highlands, secretary; and Hugh Carlton, Polk, treasurer.

St. Petersburg was chosen as the site of the August, 1952, convention.

Bassinger, Highlands County's representative, and the only woman member of the Florida legislature; Representative Perry E. Murray, of Polk in 1949; and Attorney Howard G. Bailey of Attorney General Richard Ervin's office.

The lone woman legislator expressed her delight in seeing the large number of women among the supervisors and taking an active interest in politics. She also related incidents in the early days of Highlands County, an offspring of old DeSoto and Manatee Counties.

AVON PARK MAN TAKES LAKELAND CITRUS JOB

Robert D. Marshall, who began his citrus career 15 years ago with the Florida Citrus Commission, Tuesday was named sales manager of the Edwards Packing Company at Lakeland.

Marshall goes to the 20-year-old citrus firm from Avon Park where he served about three years as sales manager of Ben Hill Griffin, Inc. Prior to that, he was sales manager for the Haines City Citrus Growers Association for five years.

A native of St. Louis, Mo., Marshall first entered the citrus industry through a position as merchandising representative for the Florida Citrus Commission. He toured the Central United States for that agency for seven years before moving permanently to Florida.

City To Use 1950 Tax Valuations

At a special meeting of the City Council last Monday, with a representative of Hunnicut and Associates present, and about one hundred tax payers, the Council decided to stand by their previous action of rejecting the '51 assessment made by Hunnicut and Associates.

The tax for this year will be based on the 1950 assessment. The attitude of the citizens at the meeting did not allow much discussion by the tax expert present, as all tax payers seemed to feel that increasing their real and personal taxes, as had been done, was an injustice as no reason was given for the big increase on most property.

MEETING AVON PARK MOOSE LODGE

The Avon Park Moose Lodge meeting of August 16 had 24 members present. Following the meeting a lunch was served.

The Moose Lodge is seeking some boy who may feel that he will have to stay away from school on account of not having proper clothing to wear. The lodge last year assisted one boy in the matter of clothing, but this boy has left town. It is one of the projects of the Lodge to assist some needy boy in this matter.

Mrs. Lois Hines of Tallahassee spent the weekend with Mr. and Mrs. W. J. Heim.

New Juvenile Act To Be Explained

A meeting for interested persons with the new Juvenile Court Act will be held Wednesday, September 5. All interested persons, whether they are officials or not, are urgently invited to attend.

The 1951 legislature enacted the new Juvenile Court Act, which is a radical departure from the previous procedure in juvenile work and will afford opportunity for public officials and the public to be of real benefit to the youth.

The State Sponsoring Committee of the Act has set up five regional meetings to acquaint the public with the act, the Sebring meeting being the fifth. Judge Bowden Hunt of Bartow and Judge Howard G. Livingston of Sebring are regional chairmen.

The meeting will be held in the courtroom at the courthouse in Sebring on Saturday, Sept 8, with registration beginning at 9:30 and the meeting called to order at 10:00 A.M. The meeting is designed primarily for questions and answers.

There will be luncheon at the Sebring Hotel, with an appropriate speaker, and those who cannot attend the all-day session are urged to attend this.

At the meeting there will be representatives from the Attorney General's office, the Dept. of Public Welfare, Judge W. S. Griswell, president of the Florida Juvenile Court Judge's Assoc., Mr. Roger J. Waybright, the author of the Juvenile Court Bill, and others who are interested in the workings of the new law.

Legion Auxiliary Wins Merit Award

The Avon Park Auxiliary of American Legion Post No. won the citation for meritorious service awarded by the 8th District of Florida at its school of instruction for officers-elect, held at Venice on Sunday, August 19. The award states that the local auxiliary "merits special commendation and recognition for service in carrying forward the department program of the American Legion Auxiliary for 100 per cent membership."

The school, held for officers-elect of local posts of the 8th district, was attended by five officers-elect from Highlands Post No. 69 Auxiliary. During the instruction session, held from 1:30 to 4:00 P.M., outgoing district officers were retired, and presented with gifts. It was announced that the newly-elected district officers will be installed at Winter Haven on Sept. 1.

Members of the various American Legion posts were invited to attend the picnic luncheon, fish-fry supper and swimming party, which were the social features of the meeting.

Republican Woman's Club Meeting

The Highlands County Republican Woman's Club met Friday night at the Federated Clubs Building in Sebring with the Vice President, Miss Helen Manny, presiding. Mrs. Wally Curtis reported on the GOP meeting held recently in Orlando at which John P. Booth, international lawyer of Miami and President of the Florida Republican Men's Club, was the principal speaker. Mrs. Curtis reported Booth as saying that he gained the impression from recent European trips that there is more danger from "our acts" than from Russia. He said America's propaganda has failed and they are unconvinced we have an ulterior motive in spending money for their benefit. "They just can't conceive of us as an altruistic nation," he added.

Mrs. Curtis, in reporting on the message of Charles F. Batchelder, Chairman of the Orange County Republican Men's Club insisted that Florida Republicans "can and must offer a two-party government — a government of checks and balances, to Florida." He urged his listeners to go home determined "to begin on the precinct level and see that candidates are placed in every election with organization behind them."

The next regular meeting of the Highlands County Republican Club was announced for Sept. 21.

Mrs. Gladys Smith went to Clewiston Saturday to attend the golden wedding anniversary of Mr. and Mrs. M. T. Hood.

Mrs. E. G. Todd, ... the Avon Park ... library ... Sept. ... The ... Bill ... area ... A ... and ... with ... Sept. ... will ... asphalt ... floors.

The committee chairman states that the building is expected to cost from 12 to 14 thousand dollars. They have about half this amount on hand, that was a gift from Mrs. Hortense Audley, that was made in 1948. The balance will have to be raised by popular subscriptions.

A public library is one of the crying needs of this fast growing City, and the Woman's Club has been working on plans for this for a long time. It is hoped that the Civic organizations and citizens who can well afford to make substantial gifts will co-operate with the committee to put this drive over in 30 days time. It seems that every resident of Avon Park can well afford to give generously for this purpose.

Members of the Library Committee are: Mesdames E. G Todd, Walter Best, R. H. Jordan, A. C. Wester, Sr., Frank A. Truan, Alice Sherman, R. R. Porterfield, Alexander Gilmour, F. M. Butler and Miss Avis Slaughter.

Small Claims Court For Highlands County

The first step towards the creation and activation of a small claims court in Highlands County was taken Tuesday by the commissioners.

The step was taken on petition of 34 qualified voters of Avon Park, who cited the need of such a court, as provided for by recent legislative action.

A resolution setting up the court was adopted by the commission upon receipt of the petition.

No action was taken, however, to establish a juvenile court in the county, which is made mandatory, the state attorney general ruled in an opinion sent to County Attorney Keith Collyer, under legislation passed by the 1951 legislature.

The machinery for such a court will lbe set in motion before the Oct. 1 deadline, and the salaries for the juvenile court judge (who will be the county judge) and a counsellor set. The judge will appoint the counsellor. The appointee, the commission heard, will be County Prosecutor Otis Whitehurst.

The commission, as the county's civil defense board, reorganized with Circuit Court Clerk Harvey T. Piety as chairman. A director will be named at the Sept. 4 meeting. W. V. Higgins is acting director. He was named when illness forced Col. Harry Hagemeister to resign.

Teachers Taking First Aid Course

As a part of the schools' effort to improve the teaching of citizenship and civil defense, school personnel throughout Highlands County are taking a course in First Aid during the pre-school conferences now being held in the various schools.

The Avon Park school course started on Tuesday, August 21, with a two-hour session at the school auditorium. These sessions will be held daily for the pre-school period from 1:30 to 3:30 P.M. 18 hours of classroom instruction and an examination on same is required to complete the course. The course is also open to interested persons not connected with the schools.

Instructors for the course are Don Hansen and Guy Ganett, Sebring school personnel.

"TOO LATE TO CLASSIFY"

By Hubert Kay

A good friend, Don Lochner, public relations executive with the John H. Swisher and Sons organization of Jacksonville, recently sent a clipping to farmers doing something unusually well, calls my attention to an exciting new bulletin just issued by the U.S. Department of Labor.

It consists of 16 pages and is entitled "Fun in Homonyms, the Safe Way." You can purchase a copy for your very own by sending 30 cents in stamps or coin to the Government Printing Office in Washington.

Few of us realize how much the Great White Father is doing to protect and care for his children. It is really amazing to me now our understanding authorities around the bureaucrats manage to dig up the facts to be able to advise the public as they do.

Here I have been fooling around with hammers for more years than I want to mention and I never realized that anybody cared. It is comforting to know that from here on out I can indulge in this dangerous occupation, safe in the knowledge that good old Uncle Sam and the U.S. Department of Labor is standing squarely behind me, and all I have to do to be safe is read the book and follow instructions.

I have been mighty lucky, for in my extreme ignorance I failed to follow Rule 1, which says and I quote, "Wear safety goggles to protect the eyes." Now I've got a dozen or more hammers but in all my life I've never owned a pair of safety goggles.

In all these years it has never occurred to me that I might hit myself in the eye with a hammer. Now if it had said to wear a thumb guard, that would make sense on the basis of my personal experience. But who am I to start to removing thehand. Of course if you don't remove it and should hit the wrong nail don't worry. You will remove it anyhow and fast. I'm speaking from experience.

Personally I think the U.S. Department of Labor is to be congratulated on this magnificent bit of public service. Citizens and taxpayers of the nation should indeed be gratified with the knowledge that we shall have such wisdom and leadership to fall back on. Even to the driving of a nail we are cared for and looked after by experts.

On the other hand, the only guy I ever met who didn't know how to drive a nail with a hammer couldn't read either, and on him such literature would be wasted.

CORNELIUS GRANT DRAWDY

NOTICE

In answer to many questions, I wish to say that I will NOT be a candidate either for City Councilman or Mayor in the Coming election. Let me take this opportunity to thank the voters of this city once more for their support that twice put me in office as City Councilman.

This decision was reached due to the fact I cannot do justice to the position I hold with the Company I work for, and at the same time give time a councilman should give in helping administer City Affairs.

It is my hope that the best qualified candidates are elected. I will continue to work for the best interests of Avon Park.

Florida Produces Some Chickens

Florida produced 37,997,000 pounds of poultry meat for market last year, the Florida State Chamber of Commerce reported yesterday.

Special enterprises for raising broilers produced 69 per cent of the year's volume of poultry meat raised in the State. The balance consisted of poultry raised on farms. Included in the total is approximately five million pounds consumed on farm households. The total number of chickens raised for market reached 12,427,000 last year. Back-yard flocks which produced about 1,100,000 pounds are not included in these figures.

This week's business review of the State Chamber's research and industrial division brought out the fact that although Florida's poultry industry has expanded rapidly in recent years, the volume of poultry meat consumed in the State last year was virtually double the amount produced. Demand was met by importations from other areas.

Producers and farmers were paid a gross total of $10,622,000 for their 1950 crop of broilers and chickens. In addition to this poultry meat income, eggs sold brought $7,215,000 and turkeys $869,000, resulting in a total for the industry of $18,706,000.

THE SCREAM OF THE BEAST

Decency dies in shivering jaws
And youth writhes mangled by
running claws.
Hells carnival lulls and then
The war-beast screams.
"More men!"
More men for the pits where maggots crawl.
The Devil laughs loud as they heed the call
Ringing from steeple and stately hall:
The Beast stalks the world as his darkened den
Until he echoes the caverns as he screams,
"More men!"

21 PER CENT INCREASE IN CASH SALES FLORIDA FARM PRODUCTS

The last five years have brought a 21 per cent increase in cash sales of all Florida farm products, the Florida State Chamber of Commerce reported yesterday.

In 1946 Florida farmers and fruit and vegetable growers sold their crops for a total of $413,071,000. Increased production and greater values pushed the total to $498,335,000 in 1950, the highest annual farm income on record. The comparable national increase was 17 per cent.

In addition to cash receipts, Florida farmers and growers consumed $22,448,000 of their own products in 1950, and virtually [illegible] in 1946.

This week's business review of the State Chamber's research and industrial division lists the increase in receipts from livestock and livestock products as $27 million or 14 per cent, from 1946 to 1950. The sale of cattle and calves accounted for $17 millions of this increased livestock income.

All field fruit and vegetable crops showed $55 million, 17 per cent, more in 1950 than in 1946. Increased citrus receipts being primarily responsible for this gain and offsetting a decline in truck crop sales.

HUMAN INTEREST STORY

Sarasota — A mother fox and three baby foxes interrupted official state business at Myakka River State Park recently with several kinds of fox howls, Park Superintendent Allen Crowley reported to state park headquarters.

According to Crowley, the radio on the sill of the park business office seemed to let out an outburst of howls, like no other wildlife noises he had ever heard during nine years superintendency of this 26,000-acre park.

Crowley said he circled off the radio program and went on about his business of making out official reports, but the howls continued, varying from high pitched bays to low, mournful wails.

He looked around inside and outside the park office. Under the window sill, there was a mother fox, looking up at the silent radio, and howling for all she was worth.

"Catching sight of me," Crowley said, "She trotted away and disappeared."

On the following morning, she was back under the window sill, listening to more radio programs, accompanied by three of the cutest fox cubs he ever saw.

Veterans Information

By Melvin T. Dixon
State Service Officer

The need for more Veterans Administration hospitals has been well established and is further established by the remarks in the January newsletter of the Veterans Administration. The fighting in Korea, however, does not enter in any way into the VA's plans for new hospitals. The need for more VA hospitals is based entirely on the needs of veterans of World War II.

Churches of Christ, Scientist

Man's accounts to evil and asserts God's infinite goodness, intelligence and love for the universe, will be dealt with in next Sunday's services in all Christian Science churches. Subject of the Lesson-Sermon is "MIND."

The Golden Text is from II Timothy (1:7): "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

Also a selection from the Bible which was also in Christ (p. 467):

Most of these men would be good VA patients upon discharge, but the plan now to be used will speed up treatment and guarantee the best of rehabilitation.

The types of cases which are to be transferred from Armed Services hospitals to VA hospitals are: severe injuries to the nervous system, including quadriplegics, hemiplegics, paraplegics, the blind and the deaf, major amputees and neurological disabilities. It is also evident that cases requiring extensive plastic surgery will be transferred and, certainly, some of the active tuberculosis and psychotic cases will be released to the VA hospitals by the the Armed Services as quickly as possible.

The extent of the use of VA beds for this purpose will depend upon future casualty lists, and it is apparent that only certain VA hospitals will be used in this program.

This general plan will help us to retain many of the specialists now in the VA hospital system, which I feel is most important, and will also help reduce the demands upon the VA for essential medical personnel in the various branches of the Armed Services.

I would like to point out that this plan will not actually cause any permanent reduction in the number of beds available to veterans, because most of these men will be retained, and as a matter of fact, the use of our VA system for the care of these men will increase as the fighten gets heavier, necessitating additional new VA beds.

News Of Our Service People

Lieutenant Colonel Daniel M. Ellis, Jr., son of Colonel and Mrs. D. M. Ellis, of Avon Park, and Commanding Officer of the 435th M&S Group at Miami, has been selected to attend the USAF air-ground operations school, which is commanded by Brigadier General William M. Gross, at Southern Pines, N.C.

Sgt. Eddie Meeks, who has been home on leave, left Tuesday night for Fort Jackson, S.C., where he is now stationed.

UNUSUAL FRUIT RAISED BY SHERMAN DRAWDY

A fine big pineapple, golden-ripe and sweet-smelling, was brought into the newspaper recently. The unusual feature of this fruit, besides its size and perfection, was that it had 16 slips around its base, and five slips or suckers or whatever they are called at the top. We aren't too certain of pineapple terminology, but we think we mean those green portions of the pineapple from which other pineapples can be grown. We are certain this fruit was an unusual speciman of a Florida product.

The pineapple was grown by Sherman Drawdy, fourth grade pupil and son of Mr. and Mrs. W. A. Drawdy, in his own home yard.

MAJOR GENERAL LANCE MAKES STATEMENT

"No Florida National Guard Army units are on an alert status" was a statement given recently by Major General Mark W. Lance, the Adjutant General of Florida, in response to inquiries concerning the call of the National Guard into active military service.

"All members of the Florida National Guard may continue their normal civilian life and occupations" said General Lance. It is the present policy of the Department of the Army to give at least three months advance notice to units of the National Guard prior to call into active service.

UNEMPLOYMENT PAYMENTS WEEK OF AUGUST 6-10

Highlands County reported for the week of August 6 through 10 227 unemployed receiving a total of $3304 in check payments, as disclosed by the weekly Unemployment Compensation reports.

Unemployed workers within the state increased by a slight 446 during the same week, but due to a high average check payment, the amount of payments rose $9,401 to reach a total of $226,155.

Six of the 67 counties reported no idle.

Martello Towers, Key West, were built in 1863, to guard the Straits of Florida.

One of the hardest secrets for a man to keep is his opinion of himself.

PLATFORM IS SHORT AND TO THE POINT

Dale E. Spencer, of Kissimmee, has announced his candidacy for governor in the 1952 election at a recent Junior Chamber of Commerce luncheon. He was introduced by Bob Cody, editor of the Florida Cattleman.

Stating that "there is only one plank in my platform" — "kill the sales tax" Spencer said: "We must absolutely have one candidate who runs on the idea of killing the sales tax. I am that candidate."

Spencer, 50, the son of a minister, is married and has two sons. "If I am elected," Spencer said, "it will simply have to be on this one issue. I am not good looking. I have no cattle range, no orange grove, no bank, no social connections which could influence an election."
