One Traffic Accident In County July 4th

One automobile accident marred Highlands county's safety record on the July 4 holiday.

It happened at 10:15 p.m., on Highway 17, when Willie Ray Hall, 20, of Avon Park lost control of his car, ran off the road, and overturned. He was driving a 1941 Ford sedan towards Frostproof, and was apparently going at a rather high rate of speed.

Hall and his passenger, Calvin Caves, 26, also of Avon Park, were both injured and were taken by ambulance to Weems Hospital, Sebring. Hall sustained a badly fractured jaw, sprained left ankle, and minor lacerations about the body, and will be confined to the hospital for several days. Caves, who received severe bruises and a sprained left shoulder, has been released from the hospital after treatment.

The accident was investigated by State Highway Patrolman John E. Hicks.

EPISCOPAL YOUTH CAMPS

Camp St. Andrew for boys of 9, 10 and 11 years, now being held at Camp Wingmann by the Episcopal church, has an enrollment of 105. The Rev. Arnold Charnock, pastor of St. Barthlomews in St. Petersburg, is the director. The camp began on July 3, and will close July 13.

Camp St. Mary for girls will open Monday, July 16, and following that, Camp St. Francis, an interdenominational camp, will be held.

Mrs. Ada Dilley, who was in Walker Memorial Hospital for a while, is now at home again.

Citrus Notes By County Agent

This is the time of year to control scale on citrus. Oil spray is the best control known to date. Thoroughly applied at this time, between June 15 and July 15, it comes nearer to cleaning up the infestation than at any other season.

Oil spray gives a certain amount of shock to any kind of vegetation, but applied at this season when the trees are in a flush growth, it does very little damage. If applied later, it has a tendency to prevent the fruit from coloring properly and upsets the normal juice content.

It appears now that the 1950-51 Florida citrus crop is going to run about 101,000,000 boxes. About 32.5 percent of this was grapefruit, 64 percent oranges, and 3.5 percent miscellaneous. Processors used about 61 percent of the oranges and 53 percent of the grapefruit.

The United States crop of oranges is 9 percent larger than 1949-50, and 18 percent larger than average. The U. S. grapefruit drop is 26 percent over last year but 10 percent less than average. This is due to the extreme cold in Texas the past few years.

Dr. H. G. Hamilton, agricultural extension economist, advises that he thinks it wise for growers to slacken the expansion of citrus acreage lest we produce more fruit than the markets can absorb profitably.

Other recipients of the scholarships, from left to right, are: Phillip Armstrong, St. Augustine; Thomas Woods, Tallahassee; Lawrence Shackelford, Wauchula; and Robert Davis, Palm Harbor.

Highlands Civil Air Patrol Cadets Meet Tonight

County Committeemen For FHA

Leon T. Stephens, Ernest P. Massey, and George B. Waggaman were appointed Monday to serve a three year term as county committeemen of the Farmers' Home Administration.

County committees determine eligibility of farm loan applicants.

Leon T. Stephens will serve in Hardee County with Lonnie Shackleford and Andrew M. Marsh. Ernest P. Massey will serve in DeSoto County with Joe K. Burtscher and Donald S. McKay. George B. Waggaman will serve in Highlands County with Carl R. McIntyre and Floyd C. Payne.

Farm loans are made to those who cannot obtain credit from other sources. Loans can be obtained at four percent up to 40 years on purchase, development, or enlargement of farms. Repair, improvement, construction, or alteration loans also are made.

Up to $3,500 may be borrowed in a fiscal year at five percent interest to purchase machinery, livestock, seed, feed, fertilizer, or other operating needs.

Wilson H. Harrison is county supervisor with offices on the third floor of the Hardee County Court House in Wauchula.

Mr. Harrison said, that in the three counties, the FHA has made operating loans to 510 farmers, and has helped 115 others become owners of their own farms. Farmers cooperating in the agency's program have adjusted their farming operations so that they now have better pasture and are milking more cows, materially adding to their farm income. A number of the families have added new enterprises, particularly cattle. During the past year 80 percent of the loans have gone to returned servicemen.

County Tax Roll Increase

Highlands County's 1951 assessment roll is $18,790,578, an increase of $1,074,684 according to the books turned over to the commissioners Tuesday by Tax Assessor P. G. Gearing.

Non-exempt lands increased $392,290; personal property, $330,660, and homestead-exempt property, $353,040. The railroad and telegraph assessments, which are made by the state, showed a $1126 decrease.

Intangible property assessments also showed a $1,599,631 increase over the $10,630,298 roll of last year.

The real and personal property jump is due to new construction of houses and buildings, grove acreage coming into bearing, and improved pastures, Gearing said.

It had been announced previously that the commission would sit Tuesday as a tax equalization board, but no taxpayer showed up to register a complaint.

A tentative budget will be presented at the commission's next meeting, July 17. Various items in the budget were discussed at Tuesday's session, in addition to the following actions taken:

Awarded Hunt and Fritz, Sebring contractors, the contract for installing guard rail in the courthouse rotunda, hand rails on the north and south steps, and for the construction of a flag pole on the courthouse lawn. The bid, the only one received, was $1985.

Invited the Florida Supervisors of Registration Association to hold its next meeting at Highlands Hammock State Park, where the commission said it will give them a barbecue.

Highlands Asked To Cooperate In Scrap Metal Drive

Farmers, industrial leaders and owners of automobile "graveyards" of Highlands county were asked by the Federal Government this week to cooperate in relieving the present nationwide shortage of scrap supplies of steel mills so that the national program of rearmament could be carried out.

A concerted effort in ferreting out scrap steel and iron from plants, warehouses and other industrial centers, from farms and from automobile "graveyards" and getting it moved into market channels to save the nation from a grave shortage at this time was requested in an appeal received here from Merrill C. Lofton, southeastern regional director of the U. S. Department of Commerce in Atlanta.

Inventories of scrap iron and steel at the nation's 200 mills and foundries are "dangerously low," Mr. Lofton stated, and unless scrap supplies are appreciably expanded within the next four months the steel production program faces a serious crippling threat.

"Without sufficient supplies of scrap steel, which is essential to the production of new steel, a lag in the steel program would affect not only defense and defense-supporting industries but would limit production of civilian consumer goods such as automobiles, refrigerators and stove," he added.

The present consumption of scrap steel is the highest in history, Mr. Lofton said, even higher than in the peak years of World War II. The highest wartime consumption was 24¼ million tons a year. Last year, 29½ million tons were used, and this year the consumption is expected to rise to 32½ million tons or more, an increase over 1950 of at least 3 million tons, he said.

"Highlands countians can help in this worthy campaign by 'spotting' scrap metal that may be lying around and getting in touch with the nearest scrap dealer so that it can be moved to market and thence to the steel mills which need it very badly," Mr. Lofton said. "It will find its way eventually into some weapon of defense, or some defense-supporting instrument which will help us in our present fight against the aggression of communism."

One ton of waste paper equals the product of 12 trees.

James T. Landon

Hotel Commission Reorganized

State Hotel Commissioner James T. Landon will have a new title on July 1, 1951, but he will continue doing much the same work that he has been doing since January 12, 1949, when Governor Fuller Warren appointed him to his present position.

The 1951 legislature reorganized the Hotel Commission into the Florida Hotel and Restaurant Commission and provided that the commission would be directed by a commissioner to be selected by the governor and the state cabinet.

Governor Warren and the cabinet unanimously selected Landon to administer the affairs of the new commission.

The legislature also provided for an advisory council composed of the current state presidents of the various associations representing the industries which are supervised by the Hotel and Restaurant Commission.

The first advisory council will be made up of Sterling Bottome of St. Petersburg, president of the Florida Hotel Association; Vic Wilcoxon of Vero Beach, president of the Florida Restaurant Association; M. E. Weimer of New Smyrna, president of the Florida Motor Court Association; Peter Stein, Jr., of St. Petersburg, president of the Florida Apartment House Association and former Governor Doyle Carlton, president of the Florida State Chamber of Commerce.

These men will meet with the commissioner at least twice a year and advise him as to the wishes of the industry, and in general, work toward a close cooperation between the state agency and the industry.

The reorganization act, which becomes effective July 1, 1951, transfers all of the authority, rules and regulations of the 38-year old State Hotel Commission to the new commission. Landon will have much the same supervisory powers of the state's 1,500 hotels,, 12,185 apartment houses, 13,016 room houses, 3,303 motor courts and 17,937 restaurants that he has had during the past two and one-half years.

Mrs. Thomas Feary received word this week of the death of Clarence Boyden of Warren, R.I., who suffered a heart attack and passed away June 23. Mr. and Mrs. Boyden were guests at Mrs. Feary's home this past winter.

CHRIST'S LOVELINESS

He is altogether lovely. (Song of Solomon 5:16).

This was a tribute given by the truest man to the Saviour of men. Yea, our eyes behold Him as the perfect pattern. Material afforded by this one declaration would be exhaustless. Mercy drops continue to fall from His life down on the wounds of poor, helpless humanity.

He is altogether lovely in His origin. He came as the Son of God to die as the son of man. From the council chambers of redemption even before the creation of this universe we listen and hear a voice saying, "I will go, I will provide myself as the sacrifice." Where? For what? To Calvary for lost, wretched humanity.

He is altogether lovely in His intentions. When the cold dew of death was settling on His brow His only utterance was, "I came to do the will of my Father." His desire was to redeem fallen Adam's race.

He is altogether lovely in His method. The lips that could speak a world into existence never spoke any unkindness and never uttered an untruth. The eyes that behold even the secret sins of man only glistened with love, purity, and bliss. The arms and hands that held the innocent babes never closed against wretchedness or penitence. The bosom that has drawn all manner of transgressors to it never throbbed with sin, nor was excited by any unholy impulse. He who came to a world of greed and evil doers was free from all undue selfishness and His life was spent in going about doing good.

He is altogether lovely in His completed mission. Death could not chain Him, the grave could not hold Him, and this world could not keep Him. Redeemer He was and now Intercessor He is. Heaven now glows with preparations for a great wedding feast.

He is altogether lovely with His plans. From the ends of the earth. His calling for representatives. He wants to take your life and adorn it with grace, mercy, and pardon. He is looking for ambassadors to reflect His loveliness by their daily living. You, too, can be a mirror that carries the stamp of His image. Yea, He who is the chiefest among ten thousand wants to adorn you with the loveliness of His presence in your heart today. He is so lovely, attractive and glorious that they are coming from the ends of the earth to see the salvation of our God.

Majestic sweetness sits enthroned
Upon the Saviour's brow;
His head with radiant glories crowned,
His lips with grace o'erflow.

Since from His bounty I receive
Such proofs of love divine,
Had I a thousand hearts to give,
Lord, they should all be Thine.

Movie Promises No Saturday Murders

A resident of Avon Park who is the mother of a small child wrote to the Floyd Theatres office, objecting to the gory murder films shown on Saturdays in combination with the cowboy features so popular with our youngsters. She received the following reply from Carl Floyd, which she passed along to the Sun:

"Thanks very much for writing us in regard to our Hilana Theatre, Avon Park.

"We are very happy to know that you like everything about our theatre, except the shows we run on Saturday. In checking back the pictures we have played during the past 7 or 8 weeks, I find that you are absolutely correct, and that there have been too many murder and mystery pictures on Saturday. This was not our intention, and is the fault of our booker, as we had previously advised him not to book this type of pictures on Saturday. If you will go further than eight weeks back you will find that we did not book this type pictures, and I personally slipped up in not catching these as they came through. I assure you that I will watch these in the future and I am sure that you will see a change. For the next 3 weeks we do not have any murder or mystery pictures."

News From Walker Memorial

On June 18th in Tampa Miss Edith Corbett became the bride of Kirby Clark. Miss Corbett was the teacher of the Walker Memorial Church day school for the 1950-51 term. Mr. Clark is the son of the hospital matron, Mrs. Margaret Workman. On Monday, June 25, the bride and groom returned to Avon Park for a short visit with relatives and friends following which they motored to Miami.

Mr. and Mrs. Harold Phillpis are the proud parents of Karen Denise, a 7 pound 9 ounce baby girl born July 2. Mr. and Mrs. Phillips connected with the hospital the latter part of March. He is the insurance clerk in the accounting office and she has been secretary to the manager, Mr. Baldwin.

Dr. and Mrs. Thomas H. Biggs of Silver Crest Sanitarium, Albany, Ind., spent a few days last week with his brother, Bruce Biggs, x-ray technician of the hospital. Dr. Biggs and wife are touring the state for the first time. They were delighted with the beauties of the ridge section.

July 1 the Boyds and Randalls returned home from a 12,000 mile tour of the West and Northwest. Enroute they visited Adventist sanitariums in the interest of suggestions and ideas which might help the local institution in its service to the community. Among the sanitariums visited were the Porter and Boulder in Colorado; Paradise Valley, Loma Linda, White Memorial, Glendale and St. Helena in California; and the Portland Hospital in Oregon.

All the well known national parks in the West were visited with side trips to Tiajuana, Mexico and Lake Louise in Canada. Although the trip was very much enjoyed, they were glad to be back in Avon Park.

Mr. and Mrs. Boyd have charge of the accounting department and have been with the hospital since it was opened Mr. and Mrs. Randall came about two years ago. Mr. Randall is employed in the maintenance department and Mrs. Randall is the hospital anesthetist.

CHURCHES OF CHRIST, SCIENTIST

A more spiritual worship of God through individual purity, right motives, inspired thinking, and Christian deeds will be the central theme of Christian Science services next Sunday. Subject of the Lesson-Sermon is "Sacrament."

Jesus' words as recorded by John (4:23) constitute the Golden Text: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth."

Bible passages include Isaiah's description of true fasting: "Is not this the fast that I have chosen? to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke?" (Isa. 58: 6).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Our church is built on the divine Principle, Love. We can unite with this church only as we are newborn of Spirit, as we reach the Life which is Truth and the Truth which is Life by bringing forth the fruits of Love, —casting out error and healing the sick." (p. 35).

In quietness and confidence shall be your strength. —Isaiah.

MISS GLORIA GRAY GARBER

Gloria Gray Garber Is Engaged To Jim Hetherington

Mr. and Mrs. John Paul Garber, of Avon Park, have announced the engagement of their daughter, Gloria Gray, to Sgt. James Lee Hetherington, U. S. Army, son of Mr. and Mrs. William Michael Heatherington, also of Avon Park.

Miss Garber was graduated with honors from Avon Park High School. She attended Florida State University where she was a member of Delta Delta Delta social sorority. Presently, she is employed in the office of the superintendent of public instruction of Highlands County.

Sgt. Hetherington received his early education in Avon Park schools, and attended the Hilder School in Washington, D.C., before serving a year in the Naval Reserve. He was graduated from the Missouri School of Mines, where he was a member of Tau Kappa Epsilon fraternity, and received a BS degree in mining engineering in June, 1950. He was employed by Swift and Co. in Bartow before entering the Army. Sgt. Hetherington has completed a Leaders' Course at Fort Jackson, S. C. He left the first part of this month for Fort Riley, Kan., to enter Officers Candidate school.

Wedding plans will be announced at later date.

DO PEOPLE APPRECIATE WHAT THEY GET FREE?

This has long been a controversial subject but it has an answer, and we can prove it.

Just watch the happy expressions on the faces of the women—and, yes, the men—who will be leaving Donaldson's Park July 10, laden with plants, trees or shrubs, for which they have been yearning, and which they have been given "free."

There will be no question in your mind of appreciation.

Now, let's remember that some one has to supply all these plants, so let's redouble any previous effort we have made and get our plants collected and ready to take.

You might think your plants insignificant, but they may just be the ones someone has been longing for.

This is the last notice we can give. So let's remember:

Donaldson Park, Tuesday, July 10, from 9:30 a.m. to 11:30 a.m. and from 2:00 to 4:00 p.m.

VOCAL CONCERT NEXT WEEK

The following announcement is made by the Church of the Nazarene, through the pastor, the Rev. J. D. Benson:

"We take plasure in announcing the coming to our church of a quarteette of men signers whom you cannot afford to miss hearing. They will be here only one night, Thursday, July 12, at 7:30 p.m. A rich, well planned, spirit-inspired program of special singing will be presented by this quartette, the Athenian Quartette, of Nashville, Tenn.

"These fine young men have consecrated their lives to the work of God, and are endeavoring to promote the gospel of full salvation. Under the leadership of Rev. Clifford Keys, these young men direct a full program for the evening which will prove a blessing to all who attend. Come and bring a friend to hear this excellent quartette."

Floridians To Pay More Federal Taxes

Floridians have paid a total of $2,325,000,000 in federal income taxes during the past ten years, the Florida State Chamber of Commerce brought out today.

Of this amount $1,762,000,000 was paid in personal income taxes, including withholding taxes and Florida business and industry paid $563,365,000 of the income tax total.

Further, current increases in the federal budget indicate that Floridians will pay appreciably more federal taxes during the next fiscal year than they are currently paying.

Income taxes are only a part of federal tax collections. This week's business review of the State Chamber's research and industrial division gives the grand total of all federal taxes collected in Florida during the past ten years as $2,944,000,000. Additional estimates of "hidden" taxes raised this amount by $1,281,000,000. Significant items, other than income taxes, were $146,575,000 in estate and gift taxes; $146,294,000 in employment and carriers' taxes; $56,191,000 in taxes on tobacco products and $53,536,000 in liquor taxes.

These tabulations refer only to taxes paid, directly or indirectly, to the federal government and do not include state, county and municipal taxes.

Handling Milk

Milk is a finicky food, and you must observe the three C's to insure your family of complete safety. Keep the milk cool, covered, and clean. Milk, you know, is a good disease carrier, and unless careful storage conditions are observed the results can be somewhat undesirable.

Soil Conservation District News

By Sam Polston.

The Highlands Soil Conservation District has made the following accomplishments for the first half of 1951 ending June 30 in assisting its new cooperators in preparing complete soil and water conservation plans:

The district has assisted 23 cooperators in planning 28,453 acres of land within its capability and treating it according to its need for protection and improvement. The cooperators are as follows: M. C. Dopler, J. B. Sellers, D. V. Palmer, W. Z. Carson, James and Charles Maxey, Litton M. Walker, J. H. Hollenberg, J. R. Johnson, George Wilson, Julian O'Neal and Everett Boney, Consolidated Naval Stores (two plans); Dr. J. M. Gilbert, Ivey Futch, W. B. Crawford, J. C. and Ralph Durrance, Cleveland Boney, Denver Tope, C. R. Dasher, Walter Mandis, Joe Durrance, and Wessel Durrance.

The conservation farming practices planned for land use and treatment was worked out from a land inventory map made available to the cooperater by the Highlands Soil Conservation District. The land inventory map described each acre of land on the various farms, groves and ranches and its ability to do a particular job with a prescribed use and treatment and maintain its level of fertility.

Some of the land uses and treatment planned with the 23 new cooperators are as follows: Cover cropping 1711 acres, range improvement 17,817 acres, pasture improvement 7,668 acres, woodland protection 1,341 acres, farm drainage 20,203 acres, open drainage ditches 197 miles, three farm fish ponds, to be stocked, etc. These are long range conservation farm plans and are to be developed over a period of several years and maintained indefinitely.

The Highlands Soil Conservation District will be glad to furnish you with a land inventory map of your place and assist you in planning each acre within its capability and treating it according to its need for protection and improvement.

Information On Signal Indicators

The use of direction signal indicators now has the same legal status as hand signals, and in the case of vehicles having a total overall length of 24 feet must have front and rear signaling devices.

However, such devices must meet with the approval of the Department of Public Safety, Director H. N. Kirkman said today.

The patrol chief, explaining the requirements of the recently enacted law, said that the directional signal lamps or devices must be within the standards set by the Society of Automotive Engineers.

SAE standards, followed by the State Patrol, are in two classifications. Class A signals are those for use on commercial vehicles 80 inches or more in width. Class B signals are those for use on non-commercial vehicles and commercial vehicles less than 80 inches in width.

The Class A type calls for a signal lamp with a lens of not less than 12 square inches of illuminated area; the other classification may use smaller lenses.

Kirkman emphasized that single units containing right and left turns or lamps with arrows are not acceptable.

He added that vehicles using direction signal lamps or devices must be equipped with a visible or audible indicator to notify the driver that the mechanism is in working order.

Manufacturers of directional signal lamps and devices are required to submit such equipment to the patrol for approval prior to sale in this state.

In Florida 48 of the 67 counties now have active Farm Bureau organizations. In the U.S. there are 46 state Farm Bureau organizations.

Publishers And Families Will Be Guests Here Saturday

Plans are completed for the entertainment of publishers of the First Congressional District here Saturday. This is the first affair for the celebration of the County's Thirtieth Anniversary, and the Chamber of Commerce of Avon Park, Sebring and Lake Placid are doing all in their power to give the editors a gala day and we hope the weather man will cooperate with them.

Among the leading publishers of the state who are expected, is that well known writer and publicist, Russell Kay of Tampa. Mr. Kay is publisher of the Florida Newspaper News and Radio Digest. He with his wife and daughter have been attending a meeting of the State Chamber of Commerce at Miami on the 12th and 13th and will arrive in Sebring Saturday morning.

George Burr of the Winter Haven Herald, city councilman, and president of the First District group will be present to conduct the business meeting starting at 10 a.m., at Highlands Hammock State Park. Several publishers from the West Coast communities have sent in their reservations for the day. (We suspect they want to get away from salt water for a day).

A luncheon will be served at the Hammocks Inn, that we understand will consist of Florida grown products. A tour of Highlands Hammock Park and of the county will follow with stops at Lake Placid and the new 4-H camp. The tour will wind up at the Mandia Dairy Farm where Demos Mandia will serve his famous barbecue to the visiting publishers and directors of the Chamber of Commerce and the County Commissioners. Walter Betts will act as Master of Ceremonies at the barbecue. F. T. Haskins of Sebring will act as MC at the luncheon.

Father Butler Has Resigned As Vicar

The Rev. Frank M. Butler, vicar of the Episopal Church of the Redeemer, and priest-in-charge of St. Ann's Church, Wauchula, has resigned to become the rector of the Church of the Good Shepherd, Lakes Wales. He will go to Lake Wales October 1, 1951.

Father Butler came to Avon Park in 1949 from West Park, N. Y., where he had been rector of the Church of the Ascension. During his vicarage here, membership has enlarged in both the Church of the Redeemer and St. Ann's Church.

He and his wife are well-liked in Avon Park, and his departure is regretted by his parishioners and other friends.

Thieves Work Overtime Wednesday

Wells Motor Co. and the B&B Super Market were both broken into and looted sometime during Wednesday night, July 11. Tracks made by bare feet found at both establishments indicated that the same person or persons had committed both thefts.

The tracks at Wells Motor Co. seemed to show that two men entered through the fan ventilator space over the paint room. Cash amounting to approximately $30.00, a box of cigars, some candy and gum, were taken.

At the B&B market entrance was made by prying the lock off a back door. $41.00 in silver, a case of cigarettes, and a considerable amount of meat were taken. Frank Musgrove, manager, checked the store at 11 p.m., turning off parking lights and leaving a few lights on inside. When he returned in the morning, he found the inside lights off and a parking light on, which led him to investigate.

Avon Legion Juniors Take Doubleheader

By John Garber

The Avon Park Juniors held the Sarasota Juniors under control for 14 innings last Wednesday at Head Field, scoring a total of 16 runs to Sarasota's 8. The afternoon game brought Jenkins to the pitching mound for Avon Park and proved himself to have a steady arm and a keen eye for home plate. Jenkins allowed only one batter to reach first on walks, struck out six and gave up eight hits. This was his first time pitching a full seven inning game.

Reynolds captured all the hitting honors for Avon Park, driving out three hits for three times at the plate. His first hit, which came in the second inning, was good for a two bagger. Reynolds was the first man to reach base safely for Avon Park and his two base hit was the first hit of the day. Reynolds scored three of Avon's eight runs. Washington (Sebring) Jenkins, Hart (Sebring) and Spencer each received one hit.

Avon Park held the score at 8-1 going into the fifth inning. Sarasota went "all out" to even things up when Grubbs drove out a clean three base hit with one man on base. Howe, the next batter, connected with a smashing 365 foot home run, scoring their fourth and last run of the night.

GET FREE RAT POISON

Your attention is called to the mayor's proclamation, asking you to cooperate in the rat eradication campaign during the week of July 9 through 14.

Warfarin rat and mouse bait is being given free to all who ask for it. It can be picked up at Smith Hardware, Engelmann's Hatchery, or at Touchton Drug store.

Be sure to get your share. Remember, rats carry diseases, including the dreaded typhus, and also destroy much valuable property every year.

Mr. and Mrs. Sam McKenzie left for a stay at Hot Springs, Arkansas, on Monday of this week. They accompanied Mr. and Mrs. R. E. Padgett.

Proclamation

WHEREAS rats are deadly enemies by spreading disease; and

WHEREAS it is estimated rats cost the people of the United States over $300,000,000 annually; and

WHEREAS it is useless for one individual to clean up rats because of the influx of rats from the surrounding neighborhood; and

WHEREAS a community-wide campaign can practically eliminate rats, eliminating health hazards, food wastage and property damage:

NOW, THEREFORE, I Wiley Sauls, Jr., Mayor of Avon Park, do hereby call upon the citizens of this city to cooperate wholeheartedly with the Highlands County Health Department and the Highlands County Extension Service in the rat eradication campaign set for the week of July 9th through the 14th.

IN WITNESS WHEREOF, I have hereunto set my hand and seal.

WILEY SAULS, JR., Mayor.

Warns Fire Fans May Be Arrested

The city administration again wishes to warn fire fans, or in other words, people who feel they must follow the fire department to every fire, and generally make a nuisance of themselves by getting their cars or persons in the way of the fire department.

City ordinance No. 267 is going to be enforced, and we quote the following sections from this ordinance that should be warning enough for most people:

Section 2. It shall be unlawful for any person to drive any vehicle, walk or otherwise go within 500 feet of any fire which is consuming any building, structure or growth within said City unless authorized so to do by the Chief of the Fire Department of said city.

Section 3. Any person, firm or corporation convicted of violating any provision of this ordinance shall be punished therefor by a fine of not more than $100.00 or by imprisonment at hard labor upon the public works of said city for not more than sixty days or by both such fine and imprisonment, in the discretion of the mayor.

Lake Placid Woman Charged With Criminal Libel

The arrest of Mrs. Helen Hall, of Lake Placid, on a warrant charging her with criminal libel followed in the wake of a $25,000 civil action filed against her and her husband, A. L. Hall, in circuit court Friday by County Commissioner Clyatt McAulay, of Lake Placid.

Hall posted $1000 bond for his wife's appearance at the fall term of circuit court.

County Prosecutor Otis Whitehurst caused the arrest of Mrs. Hall. He signed an affidavit charging her with contriving to bring McAulay into public disgrace and to represent him as a corrupt and dishonorable public official.

Alleged false and libelous statements against the commissioner, Whitehurst charged, were contained in a letter written by Mrs. Hall and mailed to Commissioner Chairman A. J. Tubbs. The letter was read at the commission's meeting Tuesday, July 3rd.

One of the statements in the letter, according to the warrant, follows: "I do know that it is NOT because I made affidavits to the effect that he sold me bolita," that McAulay refused to fix a road Mrs. Hall sought repaired.

Mrs. Hall's statement was made in connection with her complaint that McAulay had neglected to repair a road leading to her home.

After the letter was read at the meeting, at Mrs. Hall's insistence, McAulay's colleagues ordered it sealed and impounded pending instruction from judicial sources or the state attorney or county prosecutor.

The civil action was based on a similar charge verbally hurled by Mrs. Hall at McAulay at the meeting.

McAulay won reelection last year as commissioner from District 4, winning in the first primary over A. L. Hall and L. L. Henderson.

Betty Hill Poses For Illustration

If you saw the full-page illustration by Artist Ken Riley on page 39 of the July "Redbook" magazine, and thought the girl in the middle looked like someone you might know, you weren't letting your imagination play tricks on you. For the model who posed for this portrait of a short-story heroine is well known to Avon Park. She is Valedia E. (Betty) Hill, daughter of Mrs. H. B. Hill of this city. A thumbnail reproduction of the head alone on page 64 shows the resemblance more clearly since attention is not distracted by the other figures.

The illustration was painted in New England, Betty being now in Worcester, Mass., where she appeared in a musical comedy which has now closed its run. She intends, however, to be ready for a part in another production. She was formerly with the Pinellas Players, a west coast stock company.

The director of the theatrical company of which Betty is a member sat for the figure of the man seated in the foreground of the illustration; he can easily be identified by the crooked walking stick he is clasping.

4 AVON PARK MEN JAILED IN ASSAULT

Four Avon Park young men were being held in the Highlands County jail pending the posting of $250 bond for each on aggravated assault charges preferred by Jimmy Maxey, of Sebring.

They are Donald Willis, Edward and Clayton Burkett and Robert Johnson.

Maxey was slightly cut under the chin Friday when the windshield of his Jeep was broken, allegedly by an unidentified object thrown by one of the defendents from the car in which they were northbound on State Road 17, south of here. Maxey was southbound, en route to Sebring.

Willis and the Burketts told County Judge Livingston this Saturday that they knew nothing about the offense. Johnson had not been apprehended at that time. He was picked up later in the day. He, too, denied being guilty of the charge.
