Plans For Entertainment Of Editors July 14 Completed

At a meeting held Tuesday night in Sebring, plans were advanced for the entertainment of publishers of weekly newspapers in the First Congressional District of Florida.

Members of the Florida Press Association of the First District have been invited to spend Saturday, July 14th as the guests of Highlands County, Avon Park and Sebring. It is planned for the editors to meet at Highlands Hammock State Park at 10:00 a.m., for their business meeting. Following this a luncheon will be served at the park, and the visitors will then be taken on a conducted tour of Highlands County and a visit to the new 4-H Camp. They will then wind up the day at a barbeque dinner at Mandis Dairy Farm.

All this is made possible through the generosity of the County Commissioners who appropriated $100 to help defray expenses, and the Chamber of Commerce of Avon Park and Sebring who will make up the difference.

This convention while small, will mean a lot to Highlands and the towns of the county, as publishers are known to be the guests that will return home and in place of writing a personal "thank you" note, they will publish the story in their respective papers of their visit to the county and towns that were their hosts for a pleasant day.

City To Observe Quiet Fourth

No special celebration has been planned by any organization in Avon Park for the celebration of the Glorious Fourth of July holiday.

Most business places will be closed for the day. The drug stores will observe Sunday hours.

The Sun office will be closed all day, and we are asking that all persons who are planning on being away over the Fourth, or are entertaining at home will call us early and let us have the information if they wish to have same in the paper.

Recent guests of Mr. and Mrs. Webb Hazen were Dr. and Mrs. Richard Townsend of Belle Glade. Their sons, John and Dick Townsend, were the guests of Freddie Guerndt.

20 From Avon Park Go To Band Camp

The Band Camp held each summer by the University of Miami will begin the first of next month to last five weeks, and 20 band members from our high school will attend. Gene Gorman, director of our band, will again be on the teaching staff, leaving for Miami on Friday of this week. Ted W. Ward, who recently received his degree of bachelor of music in education, will also be on the staff.

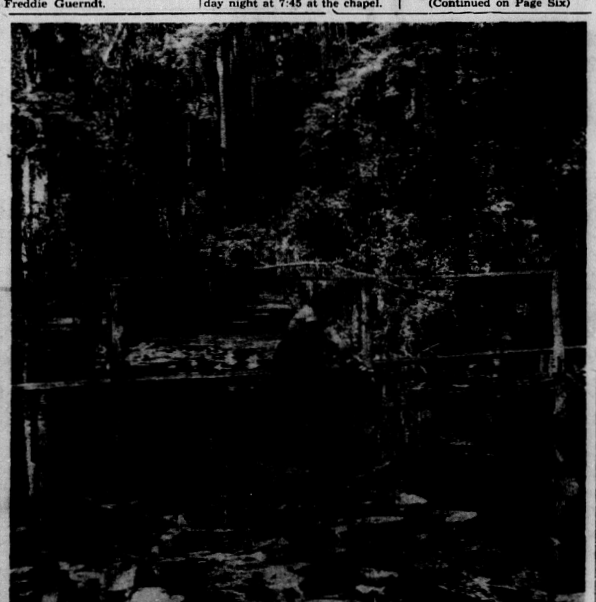

From 150 to 175 will be enrolled in the camp, and there will be 25 instructors. This camp provides the music student with much valuable instruction, and also with a good deal of the fun that goes with being at a camp—all in all, the young musicians have an interesting five weeks.

Avon Park people attending this camp are: Jack Ward, Charles Best, Billy Elwell, Snooky Hill, Jane and Beth Suggs, Virginia Landress, Donald King, Beverly Williams, Betty Sue Woodham, Martha Jo Little, Betty Childers, Robert Padgett, Joan Herring, Gloria and Pat Sheffield, Dean Martin, Jane Maxwell, Nancy Harris, Peggy Martin.

Baptist School Commencement Friday Night

Friday night at 7:45 the First Baptist Church will conclude its two weeks of Vacation Bible School with commencement exercises. The boys and girls will march into the auditorium carrying the American and Christian flags just as they have done throughout the school. The program will consist of flag salutes, recitation of scriptures and singing. All the children have been busy with handwork which will be displayed for parents and friends to see after the commencement services.

Woodruff Heights chapel, which is sponsored by the First Baptist, reports a fine school which has run simultaneously with the First Church. They also will have commencement exercises on Friday night at 7:45 at the chapel.

BEAUTY SPOT AT HIGHLANDS HAMMOCK STATE PARK—Dense tropical growth along the run of Billy Bowlegs Creek in Highlands Hammock Park provides a nature study seldom equalled in Florida. A New York model, Miss Rita Pellegrini, stops on the catwalk to adjust a shoe strap as Photographer Ted Shoemaker caught the unusually pretty scene. The park was recently voted a $65,000 fund by the Florida Legislature for improvements.

Mutual Renames All Officials

Lakeland, June 26 — Florida Citrus Mutual reelected its entire slate of officers for another year at a reorganization meeting today, during which the Florida Bankers' Association drew a mild rebuff for suggesting that the big cooperative secure its own packing and processing plants.

Lacy G. Thomas, of Groveland, was renamed Mutual president by unanimous vote of the 17 directors present. Continued along with Thomas were Vice Presidents William M. Moseley, of Fort Pierce; Alonzo B. McMullen, of Tampa; James C. Morton, of Auburndale, and W. H. McBride, of Seville.

Others reelected were Vernon L. Connor, of Mount Dora, secretary; Judge Clyde Maddox, of Wauchula, treasurer, and Carroll H. Yawn, of Lakeland, assistant secretary. A. V. Saurman, of Clearwater, was remployed for another year as general manager.

In a surprise move, Director Dan McKinnon, of Winter Garden, introduced a motion for the creation of a "bankers" committee, the purpose of which would be to keep the state's financial men informed on the operations of Florida Citrus Mutual.

David P. Nunn, Jr., of Kissimmee Park, a director from Osceola County, explained that the bankers have a citrus committee in their organization, "hence we should have a banker's committee." McKinnon was named chairman of the new bankers group to serve with A. B. Michael, of Wabasso, and Morton.

President Thomas read a statement from the Florida Bankers' Association dated June 14, which generally accused Mutual of failure to gain "absolute control over all Florida citrus from the grove through the packing and processing plants and into the markets."

More specifically, it stated that Mutual had failed to acquire packing and processing plants, adopt a master brand, create a sales organization, and adopt an advertising program. Such an all-inclusive framework was recommended by the citrus committee of the bankers' association June 21, 1949.

General dislike for the entire proposal was displayed by the directors. Open opposition was led by McKinnon who wanted no part of a plan which would re-

(Continued on Page Six)

C of C Meets With Telephone Company Representatives

The industrial relations committee of the Chamber of Commerce met with representatives of the Inter County Telephone and Telegraph Company Thursday morning, June 26, and were assured that work is being done to convert this area from manual to dial system telephone. Paper work is completed and engineers will be in Avon Park next week to make survey on work and material needed to complete the formulation of plans to start the project.

The present building will be retained and plans for modernizing are to be effected shortly. Two new toll switch boxes will be installed in the near future to expedite long distance service. Avon Park will continue as the control center. New books will include towns of this area and will be issued the first of November. Service in the meantime is to be corrected and adjusted to eliminate any cut-off in the change over.

Local Adventist Officials Attend Camp Meeting

"Danger Signals Along Life's Highway" was the subject of a talk given Monday by Dr. C. J. Larsen, medical superintendent of the Walker Memorial Hospital, at the annual Adventist camp meeting for the state of Florida, held on the grounds of Forest Lake Academy near Orlando. Dr. Larsen said that pains in the human body are signals of trouble just as ugusual noises that develop in an automobile while one drives along the highway are indications that something has gone wrong and an investigation should be made. Among other things he mentioned persistent headaches, pains in the chest, and progressive loss of weight as indications that medical counsel should be sought. He cautioned against undue anxiety over isolated pains, but pointed out that an early diagnosis and treatment is far better than waiting until a serious condition has developed.

In the 161 medical institutions operated by Adventists throughout the world, a program of health education is carried on along with that of the healing arts.

Other speakers on the program from Walker Memorial were H. M. Baldwin, manager, and J. R. Young, chaplain. Mr. Baldwin briefly reviewed the progress at the hospital since its opening on January 6, 1948, and outlined some of the improvements to be made in the immediate future. Mr. Young in his remarks showed the close relationship existing between peace of mind and physical health.

The Florida Conference of Seventh-day Adventists was organized in 1893. There are now 57 churches with a membership of 5,552. Most of the churches were represented at the convention.

Methodist Bible School Closes

The closing program of the Methodist Daily Vacation Bible School will be held Sunday evening at eight o'clock.

The program will consist of a presentation by each department of the things the children have learned and the work they have completed.

Among the numbers given will be songs, Bible stories illustrated by finger painting, flannel graph work, and parables told through the use of puppets.

The public is invited.

—See you IN CHURCH Sunday—

Avon Legion Juniors Undefeated To Date

By John Garber

The Avon Park American Legion Junior baseball team tucked under their belts their third and fourth victories last Friday and Monday, a winning streak of four consecutive wins with no loses. And if capacity, stamina and determination have any bearing on the "game," the Avon Junior's future games will be a guaranteed success. "Where there's a will, there's a way," and under the competent management of Coach Joe Franza they will find the way.

In Friday's game at Head Field the Avon Juniors were host to the Juniors from Naples, and being a good host, they let them off lightly by scoring a mere 5 run margin, Morris Harper connected for two hits and Jenkins, Kelley, and Washington (Sebring) with one each. Elder was the starting pitcher for Avon, striking out four batters and walking three. Whitcomb releived Elder in the sixth inning, striking out four also and gave up one base on balls. Elder was the winning pitcher.

	R.	H.	E.
Avon Park - - - -	7	5	4
Naples - - - - - -	2	3	10

Monday's game proved to be a thriller as the Punta Gorda Juniors pooled all their strength to hand Avon Park their first defeat, but the Avon Juniors had other ideas. The game was tied, 2 and 2, going into the 8th inning. Avon cinched the game, scoring 3 runs. Reynolds and Whitcomb shared the hitting honors by driving out three hits each. Harper was second in line with two, and Elder and Meeks next with one hit each. Whitcomb pitched the full seven for Avon Park with H. Hart (Sebring) catching. Smith was on the mound for Punta Gorda with McClelland catching. Whitcomb struck out 10 and walked seven. Smith collected two strike-outs and gave up three bases on balls.

Punta Gorda - - - -	2	3	3

Boys State And Girls State

Bruce Spencer and Jack Ward are representatives from Avon Park to Boys' State, being held in Tallahassee this week. They left Sunday morning, taking the bus from Arcadia, and will return this Saturday night. They are sponsored by the Rotary club and American Legion Post 69.

Charlene Hart will leave this Friday to attend Girls' State, being held next week. She is sponsored by the American Legion Auxiliary.

YOU MUST HAVE PERSONAL FISHING LICENSE

The abuse of one fishing license being used by two or more persons while fishing in Florida's waterways came under fire today as the State Game and Fresh Water Fish Commission inaugurated a drive to cut down such violations, according to George H. Inman, director of personnel.

Inman declared that his office was reliably informed that such violations, particularly with non-residents, were on the increase and he cautioned all wildlife officers and area supervisors to give closer and more personal inspections to all fishing permits. Inman also warned that all violators would be prosecuted.

SUMMER PROGRAM

The schedule for the public schools summer recreation program was published on June 22, and remains the same for succeeding weeks unless changes are announced. Of course, however, the special trip made to Highlands Hammock last week does not appear on following schedules.

PROCLAMATION

WHEREAS, in the month of July 1950, there were more than 10,000 accidents with 70 persons killed and nearly 2500 persons injured in Florida, and,

WHEREAS, this is a period when everyone is thinking of the brotherhood of man and the true spirit of independence and what it means, and the joy of living, and,

WHEREAS, the Florida Safety Council is calling on all citizens, American Legion Posts, veterans organizations, civic clubs, enforcement officers and others and is trying to make this month an occasion of solemnity and dignity in memory of those who have, and who are today paying the Supreme Sacrifice to reckless and careless driving.

NOW, THEREFORE, I Wiley Sauls, Jr., Mayor of the City of Avon Park, Fla., designate the month of July as a safe and careful month, urging that drivers and pedestrians be careful and cooperate.

Signed, WILEY SAULS, JR., Mayor.

Highlands County Civil Air Patrol Sets Cadet Program

Dr. Samuel A. King

Dr. King To Begin Practice Here

Dr. Samuel A. King will begin practicing here the first of July. He will be in the offices with Dr. H. W. Coleman.

Dr. King is a native of Concord, Ga. He received his A.B. degree from Emory University, and his M.D. degree from the Medical College of Georgia. He interned at Jackson Memorial Hospital in Miami, and served three years in the army during World War II.

He is married and has two children. Mrs. King was the former Patricia Butler. Her father was one of the pioneer doctors at Hollywood, Fla.

They will make their home on Lake Isis.

Make This A Safe Fourth of July

Motorists were asked today by Florida Highway Patrol Director H. N. Kirkman to enjoy July 4th in safety and in comfort by observing traffic rules and regulations.

At the same time, he expressed the hope that highway accidents are kept to a minimum during the national holiday, although patrol officers have been briefed for any traffic emergency.

Kirkman reminded motorists that the worst traffic accident in the history of the state occurred on Independence Day several years ago. In that wreck, eight people were burned to death after a collision between an oil truck and a passenger car.

"We don't want that to happen again," Kirkman said.

He warned against excessive speed, inattention, drowsiness, drunk driving and other traffic violations which, he said, caused the majority of accidents.

Kirkman did say, however, that a factor in favor of lower traffic fatalities on this July 4th was that it falls in the middle of the week. The holiday has fallen on week-ends for the past three years.

FOUR HIGHLANDS BOYS TO FORESTRY CAMP

At least four members of Future Farmer of America chapters from Highlands county are expected to attend the second week of the Forestry Training Camp which begins at Camp O'Leno on Sunday, July 1.

The Florida Forest Service reported today that it had received advance registrations from Ronald Hathaway and Lester Simpson of Lake Placid; and Richard Cason and Bobby Lovering of Sebring.

The forestry training camp, being held for the seventeenth year, gives the FFA members a practical course in farm forestry along with a balanced program of athletics and recreation.

With the State Department of Vocational Agricultural Education cooperating in conducting the camp, expenses are borne by Florida pulpmills, lumber companies and turpentine operators.

W. E. Davidson and his daughters, Mrs. Fred Reddick and Miss Bettysue Davidson, plan to leave the first of July on a trip to Texas, Mexico City and other points. Edwin Davidson will join the party in St. Louis, Mo., where he is employed by the U. S. Geological Survey.

At a meeting Friday night in Sebring, the Highlands county Civil Air Patrol held plans for a cadet program and 30 boys and girls 16-18 years of age. Captain John Thomas, new squadron commander, pointed out that any cadet upon reaching the 18th birthday, would then be eligible for membership in the regular CAP.

Capt. Thomas appointed Lt. Jack Stephenson as training officer in charge of the cadet program, and named four other members to assist in carrying out the program. Franklin Ward was named for the Avon Park area and was authorized to accept applications for membership in the cadets. Ward has informed the Sun that applications forms will be sent to those interested if they will contact him by phone during the day at 119-M or at his residence at night, 314-R.

In addition to orientation flights given cadets by CAP members, the program consists of courses on: The Air Age, History of Flight, Theory of Flight, Aircraft and Aircraft Engines, Jet and Rocket Propulsion, Aerial Navigation, Meteorology, First Aid and Protection Against Atomic Attack. Also the cadets will learn the principles of close-order drill and will take part in air search and rescue missions. The merit of the cadet program has been recognized by the Air Force to the extent that graduates of the program are usually given the rank of PFC upon enlistment.

There are no membership fees or dues for the cadets; the only cost is for a uniform and an aviation training manual. The uniform will cost between $10 and $12. A number of manuals will be provided by CAP members to cadets who are unable to buy their own.

Present plans call for meetings in Sebring with transportation provided there for Avon Park and Lake Placid cadets; however, it is hoped that by fall there will be enough cadets to institute a program in each of the communities.

William P. Duval Dies Suddenly

William P. Duval, 68, died suddenly of a heart attack early Wednesday morning, June 27, at his home in the Avolon Hotel.

Mr. Duval and his wife come to Avon Park from Birmingham, Ala., three years ago, and have operated the Avolon Hotel for the last two years. While in Birmingham, Mr. Duval had been employed by the Tennessee Coal and Iron Works for 30 years.

He is survived by his widow, Mrs. Minnie Lee Duval, and by three sons, James E. Duval of Orlando; William P. Duval, Jr., of Syracuse, N. Y., and Claude Wesley Duval of Columbia, S.C. He was the brother-in-law of Mrs. H. C. Bigbie of Avon Park.

The remains were forwarded to Birmingham on Thursday afternoon, with Mizelle Funeral Home in charge of arrangements. Funeral services will be held at 3:00 p.m. Saturday, June 30, at Angwine's Funeral Home, Ensley, Alabama.

Rotary Meeting

C. L. "Army" Armstrong, secretary of Avon Park Rotary Club and a delegate to the International convention of Rotary at Atlantic City, gave a full and interesting report on his attendance at the convention.

The Rotary Club will not meet next week as the Fourth of July holiday falls on that Wednesday.

Visiting Rotarians were: W. L. Arnold, Evanston, Ill., and Robbin Raelph of the Gulf Beaches, St. Petersburg.

SOCIAL SECURITY REPRESENTATIVE HERE

A representative from the Social Security office will be at the City Hall in Avon Park on Tuesday, July 10th and Tuesday, July 24th at 9:30 a.m., for the purpose of assisting on Social Security matters.

AVON PARK SERMONETTE

GOING SOFTLY

Rev. J. W. Cummins,
Retired Methodist Minister

Isaiah 38:15—"I shall go softly all my years."

This is one of the most interesting incidents in the Bible. Good King Hezekiah was sick, and for a change he was a good man. Most of the kings of Judah were rascals. A description of the reforms he inaugurated would fill all the space allowed for this sermon. Isaiah, preacher in charge in Jerusalem, visited the sick king. The record is blunt. Much of the conservation must have been omitted.

Isaiah said: "Thus sayeth the Lord, 'Set thy house in order for thou shalt die and not live'."

This had of course a startling effect on the kind. Naturally, he did what many a man since, in like circumstances, has done—he prayed. He had one advantage. He told the Lord that he had walked before Him in truth and with a perfect heart, and had done that which was good in His sight. When a crisis strikes, as is likely, it is well to be on praying terms with God. Better think that over.

Isaiah started home, and before he got out of the house, the word of the Lord came to him. He returned and told the sick king that the Lord had heard his prayer, and would add fifteen years to his life. Incidentally, he had one advantage over us; he knew he would live fifteen years longer. No one of us knows if he will live fifteen hours. Better think that over, too.

It was then the king said, "I shall go softly all my years." The meaning is, he designed to go thoughtfully, prudently, carefully. He would not rush pell-mell, helter-skelter, through life. If a body rushes like a scared rabbit down a crowded sidewalk, he is liable to hurt himself and others. Death rides our highways because drivers do not go carefully, all of which adds up in a spiritual sense to this: "Watch your step, brother. It is better to be safe than sorry, particularly when your sorrow does no more good than Esau's mourning over his lost birthright."

I helped hang a man once. That is to say, I visited him from the time he was placed in jail, stayed all night with him the night before his execution, stood within reach of him on the platform till the trap was sprung. How many, many times he said to me, "I never thought I would come to this." His trouble was he thought too late. It did him no good. He paid with his life the penalty of a crime rashly committed. "Going softly" would have saved him.

I do not know that anybody reads these sermons excepting the proofreader, and he has to, but if anyone reads this one, especially anybody who is exceeding the speed limit spiritually, he had better heed the well-meant advice of an old man, who has seen a lot of life, and knows what he is talking about, and put on the brakes, and do it now. Begin now to go softly, prudently, and religiously.

A friend of mine died suddenly a few years ago. In a city far from here, when he died, his son said to me, "My father thought more of you than he did of the other boys with whom he grew up." And this was the reason: when he was on the downward path, I had a sober talk with him and from that hour he began to mend his ways and his doings. He lived a long, useful Christian life, and was not, for God took him.

"I shall go softly all my years." Such going will bring you peace of mind, ease of conscience, and finally, a home in heaven.

OPENING SALE WELL ATTENDED

J. L. Scott of the Park Hardware, states that their opening sale held last Saturday in honor of moving to the new location next door to the Touchton Drug store was well attended by local people and a large number from other towns nearby. Free Coca Cola and other gifts were presented to all who called.

Mr. Scott says that the new location has provided them with more room, as they have more storage space, and also have space on the second floor.

The sale is being continued for a few more days. See their ad on another page of this issue of the Sun.

News About Mailing Packages Abroad

Highlands countians who plan to mail packages to persons abroad would do well to stop, look and listen before doing so, because there are now some new Federal Government regulations on the subject.

According to information received here from Merrill C. Lofton, regional director of the U.S. Department of Commerce in Atlanta, the post office in Avon Park will not accept such packages except under the following conditions:

If shipment of the package is prohibihited without a validated export license, such a license must be presented to the post office clerk with the package at the time of mailing.

If shipment without a license is permitted, the words "Gift—Export License Not Required"—must be placed on the address side of the wrapper and the word "Gift" on the customs declaration.

The reason for this is that the Department of Commerce's Office of Internal Trade and the Post Office Department are cooperating to plug possible loopholes by which intentional violators of the government's export control regulations are violating such regulations.

Only shipments to Canada are excepted from the foregoing regulations.

Mr. Lofton explained that the majority of shipments by mail, both air and surface, do not require an export license because they come within the category of gift parcels that do not exceed $25 in value. Such shipments are permitted without license to all countries except China and North Korea. Nevertheless, from now on the mailers of such packages must mark them "Gift—Export License Not Required," he said.

The Commerce Department official urged that residents of Highlands county who plan to mail packages abroad get in touch with the nearest Department of Commerce field office for further information on the subject. Such offices with full-time world trade experts available are located at Savannah, Charleston, S.C., Mobile, Jacksonville, Miami and Atlanta.

JOHN PETER THOMAS

John Peter Thomas, 56, died Wednesday, June 20, at Mayo, Fla., where he was visiting.

A veteran of World War I, he had been a resident of Avon Park for the past five years, coming here from Babson Park. He was born in Elba, Ala.

He is survived by his widow, Mrs. Maude Thomas; two daughters, Mrs. T. C. Boone, of Orlando, and Mrs. Beatrice Gillette of Sebring; a son, Amos Gunn, of Avon Park; two brothers, L. J. Thomas, of Dothan, Ala., and H. L. Thomas, of Montgomery, Ala.; a sister, Mrs. Nancy Cain of Elba; also by five grandchildren: Betty Janice Bishop, Barbara Marie Bishop, Sydney Louise Gunn, Amos Lowrey Gunn, and Arthur Philip Cody III.

Funeral services were held at 4 o'clock Saturday afternoon, June 23, at the Stephenson Funeral Home chapel, with the Rev. Carson Brittain, pastor of the First Baptist Church in Sebring, officiating. Burial was in Bougainvillea Cemetery.

Pallbearers were: Tom Meadows, Francis LaFlam, Mosey Pollard, Daniel Bennett, Bud Edge, George Gribble.

Nazarene Bible School Closes

The Rev. J. D. Benson, pastor of the Church of the Nazarene, reports that the church's vacation Bible school has proved to be very beneficial to all who attended during the past two weeks. The pupils have been taught Bible lessons, memory work, songs, and handicrafts.

The climax will come Friday, June 29, at 7:45 p.m., at the church on West Main street, with a program by the pupils, and an exhibit of their work. The public is cordially invited to attend this closing program.

The faithfulness of the superintendent of the school, M. H. Gribble, and of the teachers, is commended, and it is felt that they have been rewarded by the great success of the school.

Rayon, one of the most popular fabrics in use today, is made from wood, as is cellophane and some plastics.

—See you IN CHURCH Sunday—

Births

Mr. and Mrs. A. B. Wells of Tampa announce the birth of a daughter, Twila Lugene, on June 22. Birth weight was 7 pounds 5½ ounces. Mr. and Mrs. Wells are former residents of this city. Grandparents of the baby are Mr. and Mrs. Scott Wells of Avon Park.

• • • •

(The following births all occurred at Walker Memorial Sanitarium and Hospital):

• • • •

To Mr. and Mrs. Joseph Richard Hayle Wilson of Sebring, a son, Barton Drew, born June 21. Birth weight was 6 pounds 8 ounces. Mr. Wilson manager of radio station WJCM.

• • • •

To Mr. and Mrs. Elliott Ross Thornton of Frostproof, a son, Ellis Elliott, born June 22. Birth weight was 9 pounds 4 ounces.

• • • •

To Mr. and Mrs. Thomas Heald Emerson of Sebring, a son, Thomas Heald Emerson III, born June 22. Birth weight was 7 pounds 4 ounces.

• • • •

To Mr. and Mrs. Alphonse Jacob Arehart of Sebring, a son, Arthur Amos, born June 22. Birth weight was 6 pounds one ounce.

• • • •

To Mr. and Mrs. Eugene William Hamlin of Sebring, a son, David Eugene, born June 24. Birth weight was 7 pounds 2 ounces.

• • • •

To Mr. and Mrs. Paul Dale Jordon, a daughter, Julie Beth, born June 26. Birth weight was 7 pounds 2 ounces.

• • • •

To Lt. and Mrs. Albert Aaron Bean, a son, born June 26. Birth weight was 6 pounds 8 ounces.

To Mr. and Mrs. William Arthur Martin of Sebring, a son, Richard William, born June 26. Birth weight was 7 pounds.

• • • •

To Mr. and Mrs. Walter Stephen Mandis, a daughter, born June 26. Birth weight was 7 pounds 7 ounces.

Rat Eradication Campaign

By County Agent Oxer

Few living creatures are so closely related with mankind as rats. They are parasites on the human race, not on our persons but on our civilization, our way of living—yes, and on our pocket books.

The use of baits alone will not exterminate all the rats and mice on some properties. They will, however, reduce the population to a low level. Other methods of control, such as eliminating harboring places and rat-proofing, and the use of dead-fall traps should be applied before complete eradication can be attained.

Community action is the only effective way to fight rats. Controlling rats on only one premise in a community is like trying to sweep back the ocean with a broom. Even if one person rids his premises of rats at this time, more will come in from surroundings where control is not practiced. Hence, community action should not only include farms and dwellings, but, feed barns, houses, stores, restaurants, lumber yards, and every place that rats may use.

The week of July 9, through 14 has been set for rat eradication campaign. Bait containing the new Warfarin rat killer is being procured. Publicity will be presented through the newspapers, radio, civic clubs, and by the use of posters and individual letters, giving details on the procedures to be followed. Look out for these announcements and get prepared to do your part to eliminate the rats in Highlands county.

FISHING LICENSES DUE JULY 1ST

Fresh water fishing licenses for 1951-52 are now on sale at offices of county judges throughout the entire state, according to an announcement released today by the State Game and Fresh Water Fish Commission.

A supply of license blanks have been sent to judges in all counties, and these permits will become valid as of their date of issue. Current licenses expire June 30.

Cost of resident state licenses is $2, non-resident annual, $10.50, and non-resident 14-day, $3.25, including fee for issuing them.

INCREASE IN UNEMPLOYMENT SHOWN IN HIGHLANDS

The week of June 11-15 showed a decided increase in unemployment in Florida although 13 counties did not participate in the program. Highlands County paid out of the reserve fund $249 to 20 persons. A total of $114,282 was distributed over the state. The average payment amounted to approximately $15.64 to each recipient, under the new maximum $20.00 per week benefits, according to Raymond E. Barnes, chairman of the Florida Industrial Commission.

LADY HAMILTON MAKES LOCAL RADIO DEBUT

A fine new show is on the local air waves every Sunday at 1:45. It features the beautiful song styling of Lady Hamilton whose fine singing has won high praise from leading columnists including Winchell and Sobol. Under the sponsorship of Jordon & Son, jewelers, Avon Park, she will be heard over station W.J.C.M., Sebring.

For all who love music keyed to romance and reminiscence—yester-year's songs which make the most loved recollections of today—listening to Lady Hamilton will be sheer delight. Lady Hamilton's 15 minute show has charmed millions and is winning more devotees daily. Singing the songs that made fond memories for millions, Lady Hamilton—who in real life is May Belle Callaway—gives the melodies a haunting tenderness that lingers warmly, making spirits lighter and the whole world brighter.

A&P Has Grand Food Buys to Help You Plan for the

A&P Holiday Ahead

Customers' Corner

As you know, A&P has led the way in seeing that every item you purchase has the price marked on it.

This is not an easy job, but we took it on because we felt it would help you in your shopping, and help our expert checkers be sure that you are charged the correct price.

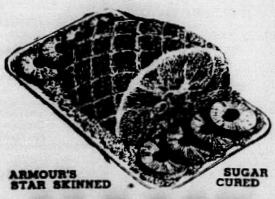

So, when you return home from your A&P, you can be sure that the price will be plainly marked, *not just on some items, but on every item you purchased.*

Do you find this price-marking system helpful? Have you any suggestions as to how we can improve it? Please write:

The Everglades Rat Snake

Contributed by Ross Allen's Reptile Institute, Silver Springs, Fla.

One of the most brightly colored snakes in America is the Everglades rat snake, found only in South Florida. It is bright in color, with pinkish eyes and a red tongue. It reaches a length of more than seven feet. The Everglades rat snake feeds mostly on rats and mice, which it kills by constriction. It is completely harmless to man.

Ahoy NEIGHBORS!

ANNA MARIA ISLAND has everything!

. . . a combination of vacation advantages that brings Central Florida folks back summer after summer to relax and play. They've learned (and you will too) that fishing is always better; surf bathing always finer; Gulf breezes always cooler on glamorous Anna Maria Island.

Plan a vacation with us this year. More and better facilities than ever await you: plenty of accommodations at summer rates; new beaches; better highways, including the beautiful new Cortez highway connecting Anna Maria Island with US 41 a few miles south of Bradenton.

For illustrated booklet and other information, write: Anna Maria Island Chamber of Commerce, Anna Maria Island, Florida.

MANATEE COUNTY FLORIDA

News Briefs From Over The State

The Florida Citrus Commission last week tentatively approved a $2,985,000 operating budget for the 1951-52 fiscal year.

The state agency okayed, subject to possible revision later, $2,000,000 for consumer advertising. The fund will be handled by the J. Walter Thompson Agency in a giant newspaper and magazine advertising campaign, supplemented by radio and television coverage. The remaining $985,000 is earmarked for general operating expenses.

The commission's advertising committee, headed by O. C. Minton of Fort Pierce, met earlier with members of the marketing committee of the Florida Canners Association.

Dawson Newton, retiring commission advertising manager, told the canners that Northern grocers were willing "to go all out" on a canned juice promotion campaign if they could get a 45-day guarantee that prices will remain stable.

Bradenton — Bradenton and Manatee County went overboard this week in celebration of the completion of the new Cortez highway and the opening of bids by the State Road Department for the $21,000,000 Pinellas-Manatee bridge across Tampa Bay.

The three-day event began with a buffet supper Sunday night and included a press breakfast Monday morning, a luncheon Monday noon, barbecue and tour of the area. Engineers, contractors and road officials from all sections of the state were in attendance.

State Road Department Chairman Alfred McKethan presided over the official phases of the meeting.

Mount Dora — Mrs. Chas. J. Brown of Mount Dora has been appointed chairman of the State Roadside Development Board for the Florida Federation of Garden Clubs.

She attended a board meeting at Gainesville Friday evening at which time the "Litterbug" idea was adopted as a statewide project. Plans are now being made to present the same idea to the PTA convention in the fall.

Tallahassee — Howe Sadler, director of the Florida State Advertising Commission and recognized as one of the state's ablest public relations executives, resigned his position at a recent meeting of the commission and is reported to have accepted a public relations post in Puerto Rico.

Beverley Grizzard of Lewisburg, a member of the commission, will direct activities of the commission until such time as a new director is appointed, it was announced.

Verses

When I was young my feet would
blithe and light
I would scale the mountains
pleasant a sight
I could see God's beauty as it
beacon light—
What is life if not joyous, sweet
and bright?

I know that I can ever smile
If I have rightly looked around
The sun is all that ever makes
The shadow on the ground.

I mean there is no darker side
That is not something good.
If it is only analyzed
And really understood.

The hours may be lonely
And the heavens overcast,
But if the rain or wind blows
wild
There is never one to ever last.

Today my troubles multiply
Tomorrow they must divide—
I take away my tears and add
A world of joy and pride.

And so it goes from year to year,
If only I could sweetly see
That everything is meant to
bring
Some benefit to mortal like me.

J. C. Wilcox.

SUMMER SKIING

CYPRESS GARDENS, FLA.—"Skiing is fun in the Florida Sun," says these four lovely Aquamaids as they glide over the water doing a ballet routine in their water ski show. Oh, yes! from right to left it's Betty Boone, Katy Turner, Shirley MacCalla, and Kathy Durlyn.

THE NIMMOS—All three of them—are shown above in one of their daring feats of horsemanship, scheduled for presentation as a feature of the seventh annual Silver Spurs rodeo at Kissimmee July 3 and 4. Dave and Dolores and Ethel will present trick riding and trick roping acts as part of the 1951 show's "accent on talent." In addition to such special acts as Mildred Murphy's trained horse and Nelle Austin's trick riding, the usual contest events will be held, in which cowboys compete for more than $1000 in awards.

Veterans Information and Service

By MELVIN T. DIXON
State Service Officer

The GI bill for veterans of World War II, signed into law June 22, 1944, reached its seventh anniversary last month, with one of its veterans' benefits still going strong, another nearly at the cut-off point, and a third already ended for most veterans.

The GI bill gave three major aids to veterans in their efforts to return to civilian life. One was a guaranteed loan program; the second, free education and training, and a third, allowances for unemployment and self-employment.

The GI loan program, extending to July 25, 1957, is but one year past its midway point. So far, about 2,690,000 veterans have obtained GI guaranteed loans for homes, farms and businesses, for a total sum of about $13.6 billion, with VA standing behind half the amount through guarantees and insurance. With only one-half of one percent defaulting on home loans, veterans have been a good risk.

The GI bill education and training program will reach its cut-off point for most veterans on July 25, 1951. Veterans discharged before July 25, 1947, actually must be in training on that date in order to continue afterwards. Those few discharged afterwards have four years from their discharge date in which to start.

During the seven years of the program, about half of the nation's 15,200,000 World War II veterans have taken some form of training under the GI bill. So far, the cost of the program has been more than $12 billion for tuition, subsistence allowances, supplies and training equipment.

The third major GI bill benefit—readjustment allowances for unemployment and self-employment—ended for most veterans on July 25, 1949, although a comparative trickle of applications continues from veterans who still are eligible.

So far, about 9,000,000 veterans have drawn readjustment allowances that have totaled $2.2 billion for unemployment and $600,000,000 for self-employment.

Although most veterans were eligible for a full year of the allowances, only one in ten exhausted his rights to the benefits. The average veteran, a survey disclosed, found a job after being on the rolls for only a month and a half.

World War II veterans discharged after July 25, 1947, have two years from discharge in which to obtain the allowances. Except for a small group of veterans, no allowances may be paid after July 25, 1952.

Your local Veterans' Service Officer will gladly answer your questions or write to the State Service Office, P.O. Box 1437, St. Petersburg, Fla.

National Safety Council figures show that about half the drownings each year take place in only three months—June, July and August. Don't take chances in the water.

Presented by your Doctor of Medicine as a Health Service of the Florida Medical Association and your Local Medical Society.

OBESITY

Obesity is a disease characterized by an abnormal appetite. Seldom, if ever, is it due primarily to serious glandular disease. This is a popular misconception behind which many obese individuals seek refuge.

Many constitutional diseases may frequently be avoided by proper nutrition and care in the selection of foods, since the maintenance of good health is dependent in a large measure on the food we eat. One of the most common dietary disturbances is obesity.

Excessive intake of food leads to the accumulation of abnormal amounts of body fat. Some people eat excessively during periods of stress and tension. Others eat just because they like to eat. Overweight is simply due to over-eating.

By far the majority of those who are overweight simply take in more food than is necessary to supply the daily energy required. The portion of food over and above the daily needs is stored in the fat depots. The sites of the greatest fat storage are in the shoulders, abdomen and hips.

Many diet fads make their appearance from time to time and gain undeserved popularity. Ideally a reduction diet should be a balanced diet and should be under a physician's supervision to safeguard one's health. A sane and sensible reducing diet consists of 1000 to 1200 calories properly balanced to contain a relatively high amount of protein, a moderate amount of carbohydrate and a low content of fat.

Carbohydrates, such as sugars and starches, are the main source of energy supply in the reduction program, while proteins supply the needed building blocks for tissue replacement and repair because of the natural wear and tear and breakdown of tissues which occur daily.

Hockett-Ward Wedding at Wheaton

(The following was taken from The Daily Journal, Wheaton, Ill.)

Margaret Evelyn Hockett became the bride of Ted Warren Ward on June 12 at the College Church of Christ, Wheaton, the day after he received his B.M.E. degree from Wheaton college.

Miss Hockett is the daughter of Mr. and Mrs. Wilmer G. Hockett of Evanston and Mr. Ward's parents are Mr. and Mrs. Ted J. Ward of Avon Park, Fla. Mr. Ward will be a full time instructor in band and music subjects at the Wheaton academy next fall. He organized and instructed the band there last year in addition to his school work. The new Mrs. Ward has attended the college for the past three years and expects to graduate in January.

The Rev. Wendell P. Loveless performed the double ring ceremony which took place in a setting of candlelight, palms and ivy. The bride was lovely in a gown of ice blue satin with a long train and a fingertip veil. She carried white rosebuds and lily of the valley on a white Bible.

Her maid of honor was Miss Jean Anderson of Evanston who wore pink taffeta with a hoop skirt and carried pink gardenias and ivy tied with blue ribbons. The bridesmaids were Miss Barbara Roost and Lee Kinney of Wheaton college. Both wore taffeta gowns of a darker pink. Their flowers were pink gardenias tied with pink ribbons.

The best man was Garth Spencer of Avon Park, Fla. Ushers were Jack Ward, Avon Park, a brother of the groom, and Robert Suplee, Wheaton college.

Maurice Fangerstrom, Wheaton college, played the organ preceding the ceremony and accompanied the soloist, Eugene Lye. Lester Groom played the wedding marches and throughout the wedding service.

The bride's mother was attractive in pink lace with navy accessories. The mother of the groom chose teal blue crepe with white accessories. Both wore white orchids.

A reception followed the ceremony in the dining room of the church. Hostesses were the Mesdames Wilbur Heap, Edward Cullison, Jack Kline, S. V. Kline, Jr., and Carl Jacobson, all of Evanston.

Out of town guests included four grandparents of the bride and the three living grandparents of the groom.

Mrs. Ward wore a pink linen suit with white accessories when she and her husband left for Florida where Mr. Ward will instruct in the University of Miami Band camp this summer.

Regular Meeting Of Women Golfers

The Ladies' Golf Association of the Avon Park Country Club held its monthly covered dish luncheon on Tuesday, June 19, with 22 members present.

The regular golf tournament was held in the morning, with Mrs. Charles O. Locke III winning the prize.

Hostesses were Mrs. Vernon Lanier, Mrs. Edwin Carter, Mrs. E. W. Hartt, and Mrs. Charles O. Locke III.

A business meeting followed luncheon. Usually the afternoons are devoted to bridge, but this was omitted. Members are asked to arrange their foursomes for bridge before the next meeting, to be held the third Tuesday in July, and are reminded that prizes are provided for those winning high bridge score.

Triple Link Club Elects Officers

At the meeting of the Triple Link Club on Tuesday night, the following officers were elected: Belle Martin, president; Lillian Bridges, vice president; Helen Harris, secretary-treasurer.

At the close of the meeting, refreshments were served at the Avon Park Cafe.

Present were: Gladys Hagen, Amelia Dick, Mary Fields, Lillian Bridges, Lena Trobitz, Agnes Cox, Tillie Yuster, Margaretha Vogt, Lulu Crawford, Helen Mann, Belle Martin, Mary Reed, Bella Rosenberg, and Cora Wray.

CARD OF THANKS

We wish to take this means of expressing our sincere gratitude to the many friends for their kind expressions of sympathy and beautiful offerings during our recent bereavement in the passing of our loved one, David Bean arnell.

Mrs. Clara Farnell and Family.

Women Of Moose Initiation

The Avon Park Chapter No. 1137 of the Women of the Moose held its chapter night program Monday night, June 25, at Moose Lodge.

Mrs. Clifford Cutchen of Frostproof was carried through the impressive initiation ceremony by Guide Pro-tem Bobby Ruth Thompson, also of Frostproof. A beautiful corsage of red roses was presented to the new candidate.

Refreshments were served following the ceremony.

During the business session, the chapter voted to donate $15 to the Avon Park youth center, and to make further donations when sufficient funds have been raised.

The next regular meeting of the chapter will be held July 9, 8:00 p.m., at Moose Lodge. Visiting members are invited.

T. J. Wards Hold An At Home

An at home was held last Friday night in honor of Mr. and Mrs. Ted W. Ward by his parents, Mr. and Mrs. T. J. Ward, at their home on Lake Verona.

The young couple had arrived the same afternoon, having spent their honeymoon driving from Wheaton, Ill., to Florida, breaking the trip by stopping in the Great Smokey mountains and at Fontana Dam, N.C.

For the occasion, the rooms of the Ward home were decorated with summer flowers.

Approximately a hundred guests called during the evening to greet the guests of honor and to view the displayed wedding gifts.

Cake and lime sherbet punch were served.

Assisting Mrs. T. J. Ward were Mrs. C. C. Cobb, Mrs. P. A. Naylor, and Mrs. L. E. Keck, all from Sebring; and Mrs. J. B. Coen, Jr., Mrs. S. F. Longbottom, Mrs. J. E. Spencer, Mrs. S. J. Pendleton, and Mrs. R. H. Lawhon.

Do You Call This Gossip?

Is it gossip when one neighbor tells another across the back fence that she heard a rumor going all over town about the Garden Club?

No, it is not gossip, nor is it a rumor—indeed, it is a fact.

The Garden Club is preparing for the greatest "Plant Give-Away Day" it has ever had.

Everyone is talking about it and asking questions, wanting different plants or shrubs. One hopes someone will bring an orange colored bougainvillea, another longs for a hydrangea or geraniums. Some want annuals. There is a demand for any plant or shrub or what have you.

Last year, one member brought a truck load of rooted poinsettias for distribution.

Now that the rainy season has started, let's divide what plants we have and help to beautify everybody's garden.

Time: July 10. Place: Donaldson Park.

Miss Verna Heim Welcome Wagon Hostess

Miss Verna Heim of Avon Park returned home recently from Memphis, Tenn., where she completed a course of instruction preparing her to represent Welcome Wagon, Inc., as hostess in this city.

Welcome Wagon service was originated in 1928 by Thomas W. Briggs, a newspaper man of Memphis, Tenn., who adapted a custom of pioneer days to present conditions. A student of American history, Mr. Briggs was stirred by the romantic tales of the rugged men who blazed their trails to a new land across the Western plains. As the covered wagons of the pioneers rolled toward the frontier, homesteaders from scattered settlements along the way met them in "Welcome Wagons" with food and water to refresh the travelers at the end of their long journey and extend a hand of welcome.

That gracious tradition lives on today in Welcome Wagon. A modern version of "old-fashioned" hospitality and goodwill is extended to the families of a community at the crucial moments of their lives. Daily, in 1951, throughout the United States and Canada—in more than 1300 towns and cities—Welcome Wagon hostesses will carry the good wishes of civic and business organizations to nearly a million families; to mothers of new babies; boys and girls on their sixteenth birthday; newly engaged girls; families moving from one home to another within the community, and newcomers to the city.

Select the Service that selects its men—U. S. Marines.

Leila Johnson is visiting Thirza Thayer in Orlando this week.

Miss Millie Pearson has gone to Bailey, N.C., for the summer.

Mrs. Margaret Myers of Louisville, Ky., is visiting Mr. and Mrs. E. O. Blanford.

Mr. and Mrs. Webb Hazen left Saturday for Morton, N. Y., to visit his mother, Mrs. Bell Hazen.

Mr. and Mrs. R. S. Hopkins returned this week to Traverse City, Mich., for the summer.

Mr. and Mrs. W. T. Hall have returned to Syracuse, N. Y., for the summer months.

Susan Jane Brown is spending this week in Orlando, visiting a friend.

Miss Yvonne Head will teach a first grade in the public schools of Gainsville next fall.

Mrs. Charlotte Smith and son, Stevie, left Thursday to spend a vacation in Arlington, Va.

Mrs. Ada Dilley, who is ill in Walker Memorial Hospital, is improving.

Miss M. E. Mallory, who has been ill in Walker Memorial Hospital, was able to return to her home the first part of this week.

Bill Brodie accompanied Mr. and Mrs. R. S. Hopkins to Traverse City, Mich., on Tuesday of this week, and will spend some time there.

Mr. and Mrs. R. E. Padgett, Jr., recently returned from a 10-day trip to Texas. While there, they purchased 8 semi-loads of pure bred Brahama cattle.

Mr. and Mrs. I. H. Ford and Betty Rose and Mr. and Mrs. A. B. Wilhite and Jim took a cruise to Nassau, in the Bahamas, over the weekend.

Mrs. Victor Hall, with her small daughter, Margie, will move to Tifton, Ga., this weekend, to be nearer her husband, Pfc. Hall.

Mrs. May Walden went to Lakeland Tuesday to spend several days as the guest of Mr. and Mrs. E. H. Perry, 316 Interlachen Parkway, former Avon Park residents.

Mr. and Mrs. Lyle Pope from Boulder, Colo., and Mr. and Mrs. Donald M. Shepherd from Denver, Colo., were the guests on Sunday and Monday of Mrs. C. H. Shepherd.

We are happy to report that Mrs. F. A. Voorhees is recovering from the injuries she received in a fall. It is expected that she will be able to sit in a wheelchair by next week.

Mrs. Eunice Carter, speech correction teacher, will not teach in the Avon Park schools next term. She will continue to give instruction to the speech-handicapped in the other schools of Highlands County.

Mrs. J. H. Mintz and Ronnie will leave Friday to vacation in Waynesville, N. C. They will stop over in Gainesville to spend Saturday with Mrs. W. H. Lookhoff, who is attending summer school there.

Episcopal Camp St. Andrew for boys of 9, 10, and 11, will be held at Camp Wingman beginning July 2 and will continue for ten days. The Rev. Frank M. Butler, vicar of the Church of the Redeemer, will teach Christian living at the camp.

Mr. and Mrs. E. W. Cribbs returned Tuesday night from a short stay in Lake City, where they visited her mother, Mrs. W. A. Bailey. Their children, Doug and Molly, who went with them, are spending the summer with their grandmother.

Mr. and Mrs. E. E. Sheumaker have returned from a two-weeks vacation trip. They went first to Nashville, Tenn., where they visited their son-in-law and daughter, Mr. and Mrs. Joe Wright, and attended the graduation of their son, Leon, from Peabody Teachers college. They then went to Oklahoma to visit Mr. Sheumaker's parents, Mr. and Mrs. E. Sheumaker.

Doug Fields, who entered Walker Memorial Hospital Sunday for observation and rest, was well enough to return home Tuesday.

Mr. and Mrs. T. J. Ward will drive to Miami next Tuesday to take their son, Jack, to the University of Miami Band Camp.

Members of the Church of the Redeemer will hold a picnic at Highlands Hammock on Sunday evening, July 1.

The Bible school of the First Methodist church is holding a picnic this afternoon (Friday) at Lake Isis.

Miss Carrie Pierson of Quitman, Ga., formerly of Avon Park, visited friends here over the weekend.

Mr. and Mrs. Harold Guerndt and children and Mr. and Mrs. Clare Stimson and family spent last weekend at Ft. Myers beach.

Mrs. Harry Ros, of New Yorrk City, arrived Monday to stay a while with her mother, Mrs. F. A. Voorhees.

Mrs. Barnett Nix of Washington, D.C., who has been staying with her sister, Mrs. David B. Farnell, will return home Saturday.

Miss Anne Page, who has been visiting her aunt, Mrs. C. H. Shepherd, left Thursday to attend the summer session of the University of Pittsburgh.

Word has been received that Mr. and Mrs. Howard Conger, who left last week for the north, have reached their destination safely.

Miss Marilyn Latham of St. Petersburg will be the guest of Miss Yvonne Head this coming week end. The two young women were roommates at Florida State University.

Mr. and Mrs. Ted W. Ward left Friday, June 29, for Miami, where they will stay during the 5-weeks duration of the University of Miami Band Camp. Mr. Ward is a member of the Band Camp staff.

Mrs. E. C. Wever and her grandson, Freddie Sachsenmaier, will leave Friday for Philadelphia, Pa., where Mrs. Wever will be the guest of Mrs. H. F. Sachsenmaier. Freddie will spend the month of July with Dr. and Mrs. Fred Fiske on a yacht. On the way to Philadelphia, Mrs. Wever and Freddie will stop in Arlington, Va., to visit Mr. and Mrs. H. R. Duckett.

Mrs. W. H. Kempton returned Wednesday afternoon from a six weeks trip to the north. She visited her son in Washington, D. C., and her daughters in Pittsburgh. While in Pittsburgh, she also saw Mr. and Mrs. H. B. Donaldson.

The Rev. H. Edward Garrett will be at Lake Juniluska, N. C., Monday through Friday of next week, to attend the Southeastern Jurisdictional Conference on Evangelism of the Methodist church. He is attending in his capacity as district secretary of evangelism of the Sarasota district.

Mrs. Agnes Davis from Jacksonville visited her parents, Mr. and Mrs. Floyd Hayes, over the weekend. She was accompanied by the Misses Jean Kennedy, Ann Hardenbrook, Shirley Copeland, Elda Copeland, Carolyn Copeland and Shirley Griffin, all of Jacksonville. While here, the party visited Bok Tower and Spook Hill.

Mr. and Mrs. William Gilliard and Maxine left Thursday of last week on a two weeks vacation which they will spend in Adele, Ga., visiting relatives.

The junior high camp held by the state Congregational Christian churches at Lake Byrd lodge began Wednesday of this week and will end July 5.

LYMAN B. WING
SUZANNE W. WING

June 8-15-22-29, 1951.

It is not good practice in well managed forests to cut any trees less than 8 inches in diameter at breast height unless it is done for thinning or stand improvement.

Mutual Renames All Officials

(Continued from Page 1)

move individuality from industry by having Mutual take control as an all-powerful, all-purpose agency engaged in packing, processing, advertising, and selling operations.

Morton also registered a hearty dislike for the program as outlined by the bankers. He said the acquisition of packing and processing plants "would not solve the problem, but would merely put others out of business." He added that the needs of today's citrus growers were being met amply by existing agencies. This was in rebuttal to a statement by the bankers that "current conditions point to the penalty citrus growers must endure because you have omitted these essential elements."

However, McKinnon's "banker" committee will meet with the bankers' citrus committee and a report will be submitted to mutual's board at its next meeting July 12.

The directors approved a report by Fred W. Davis of Lake Wales, chairman of the terminal markets committee. Davis, a veteran shipper and one-time chairman of the advertising committee of the Florida Citrus Commission, recommended:

1. Elimination of the part-time representation now in Detroit, Philadelphia and Boston, and to make arrangements for this information to be furnished daily to Lakeland by another reporting service group.

2. Assistants to be assigned to Harold Heisey in Chicago and Charles Boyles in New York "so they can spend more time establishing contacts and carrying on the work in other adjacent terminals."

Two resolutions were also sanctioned by the board. Dr. J. Hillis Miller, president of the University of Florida, and the Lakeland Chamber of Commerce were thanked for their large parts in Mutual's annual meeting on June 19.

The other resolution called upon the U. S. Department of Agriculture to continue for another year, the present export subsidy program for citrus, with grapefruit to be included in the plan.

Saurman was authorized by the board to schedule two citrus conferences during the summer, one at the state level in Gainesville, and the other at the federal level in Washington. The campus of the University of Florida will be the site of the state conference.

The present executive committee was also reelected for another year. It consist of Thomas, McMullen, Earle Brown of De-Land, McKinnon, Michael, Morton, and Earl W. Hartt, of Avon Park. Election of an advisory committee was deferred until a later date "for further study."

Stomach Distress Is Gone After Ten Years of Suffering

One man recently stated that for 10 years he was troubled with stomach distress and was weak, felt worn out, and terribly run down and he had tried many medicines but with no effect. Recently he started taking INNER-TONE and says after only two days he started feeling better. System is regular, headaches are gone and he eats, sleeps and feels fine, in fact is an altogether different man. INNER-TONE is the new formula of juices from nature's plants combined with blood building IRON and nerve strengthening VITAMINS B-1, B-2, and B-6. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloat." So don't go on suffering! Get INNER-TONE at Touchton Drug Co.

Tree farms grow best on old, worn-out fields where nothing else can be grown profitably.

Our forest resources are larger than any other nation's in the world with the exception of Russia.

95.1 percent of Indiana's total area is in farms; compared with 28 percent in Norway and 3 percent in Egypt, according to the Florida Farm Bureau.

To keep your vacation free of tragedy, the National Safety Council advises you to limit the distance you drive each day. Trying to covert too many miles leads to speeding, fatigue and mechanical failure. And it's no fun anyway!

Soil Conservation District News

By Sam Polston,
Florida Press Association

Millard Morgan, soil scientist of the U.S. Soil Conservation Service, headquarters Orlando, gave a very interesting and enlightening talk on land capability, its use and treatment to each of the two veterans agricultural classes. Mr. Morgan was guest speaker at L. H. Alsmeyer's regular class meeting on Tuesday night in Sebring, and Bill Post's regular class meeting on Thursday night at Lake Placid.

Mr. Morgan explained in down to earth language the scientific facts that go to make up the various soils located beside each, and explained all the physical characteristics that are considered when land is classified into one of the eight possible classes. Class one land being the best and only needing ordinary good farming practices applied to keep it in continuous use, class two land requiring at least one or two or more conservation measures applied to keep it in continuous use, and on down through land capability class eight which is not waste land as it may have been referred to in the past, but it has its definite use one of which is, or could be wildlife.

Morgan says a lot of the old-timers brag about their great accomplishments of wearing out several farms in their lifetime and that no one can tell them about their land or how to use it. He says it is no longer considered an accomplishment to wear out a tract of land. The old-timers may have had land to waste and new places to move to but that is no longer true. We have got to use our land properly so as to conserve it, enabling America to maintain the highest standard of living in the world, and repell its aggressors. It takes about three acres of land to support one person at our present standard of living and our population has just about reached that point. So if we hope to retain our present standard of living we must not waste any more land. It is a known fact that in China and other countries where lands have been misused and wasted that there is not enough good land left to support the populations, therefore, when this happens the standard of living must of necessity decline.

It takes about 1000 years to build one inch of soil and it can be destroyed in seconds.

The Highlands Soil Conservation District can furnish you with a land inventory map of your property upon your request.

In Iowa recently, the Clinton County Farm Bureau sponsored a movement to put orange juice machines in high schools.

NOTICE

Notice is hereby given that the Board of Public Instruction of Highlands County will accept bids up until 10:00 A.M., July 10, at the County Superintendent's Office, Courthouse, Sebring, from those desiring to furnish the material and do the labor in painting the outside of the Sebring High School-Elementary building and the Avon Park High School, Avon Park.

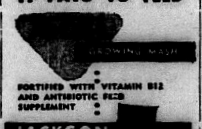

Complete specifications are on file at the County Superintendent's Office, Courthouse, Sebring.

The Board reserves the right to reject any and all bids.
