School Faculty
Entertained

The faculty of the elementary and high schools, together with some members of their families, were pleasantly entertained last Friday evening by the JOY Sunday school class of the First Methodist Church.

Mrs. Patti Hill, president of the class, was in charge of arrangements, and presided during the evening, introducing the new teachers. The Rev. H. Edward Garrett, who will teach at Avon Park, R. L. Cleveland, superintendent of the Sunday school, and Mrs. T. H. Maxwell, teacher of the class, were also present to honor the faculty.

About 75 people were invited for dinner. The menu was chicken salad, potato chips, lettuce and tomatoes, spiced peas, hot rolls, iced tea and apple pie.

Circle Elects
New Officers

The Pearl Todd circle of the Florida Avenue Baptist Church met at the home of Mrs. C. E. Harper last Friday night. The meeting was opened with prayer by Mrs. Nila Collins. The business was conducted by Mrs. Eric Lewis in the absence of the circle chairman. Bible study was conducted by Mrs. Wilma Lewis.

The nominating committee gave the following report of the officers for the upcoming year, which was accepted:

Circle chairman, Mrs. Ethel Lassiter, assistant chairman, Mrs. Anne Ruth Rogers; secretary, Mrs. Joan McAffee; treasurer, Mrs. Era Harper; reporter, Mrs. Wavy Frizzell; Bible leader, Mrs. Wilma Lewis.

Six members and four visitors were present.

The next meeting will be held at the home of Mrs. Eric Lewis on September 21.

Women of Moose
Chapter Night

Avon Park Chapter 1137, Women of the Moose, held their regular chapter night meeting Monday, August 27, 8:00 o'clock, in the chapter room. Guest speaker for the night was Governor Lookhoff, who asked the women to cooperate with the men to improve the chapter room.

Mrs. Wilton Stringer, chairman of the child care committee, asked anyone knowing of a school-age child, preferably a girl, who is in need of help, to call 253-W. The child formerly assisted by the chapter has moved away.

After the meeting, sandwiches and Coca-Colas were served.

Color Film Shows
How To Grow Roses

A color film showing the different phases of rose culture will be shown at Hilans Theatre on Friday, September 1, 5:00 A.M. There will be no charge of any sort for viewing this film, which is sponsored by the Garden Club, and presented at the theatre through the generosity of J. W. Johnson, manager. Everyone interested in the growing of roses is invited to attend.

Accompanying the film will be a 30-minute talk by Jay Ota Hanning, general manager of Golden State Nurseries, Atlanta, Ga.

Supper and Bridge
At Country Club

Members of the Avon Park Country Club held a covered-dish supper at Pinecrest last Saturday night, followed by an evening of bridge or sociable conversation, according to individual tastes.

Partners who won prizes for high scores at the bridge tables were: Mr. and Mrs. John H. G. Hutchinson, Mr. and Mrs. Robert King, Mrs. E. C. Toulson and Mrs. William Bewick, and Mr. and Mrs. E. W. Hart.

Churches of Christ, Scientist

The well loved story of the life and work of the Master Christian will be the topic of the services in all Christian Science churches next Sunday. The subject of the Lesson-Sermon will be "Christ Jesus."

A verse from John provides the Golden Text: "The Son can do nothing of himself, but what he seeth the Father do" (John 5:19).

That Jesus was conscious, at the age of twelve years, of his mission is clearly shown in the following verse which is among those in the Lesson: "And he said unto them, How is it that ye sought me? wist ye not that I must be about my Father's business?" (Luke 2:49).

Our obligation as followers of Christ Jesus is made evident in this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We must go and do likewise, else we are not improving the great blessings which our Master worked and suffered to bestow upon us" (p. 25: 28-31).

Triple Link Club
Business Meeting

The Triple Link Club of the Rockwell Lodge held a business meeting Tuesday night. The members are now making arrangements for little girls to be placed in the Christmas boxes for Avon Park and vicinity. They will concentrate on this work at all meetings until the holiday season.

At the close of the meeting, refreshments were had at Mrs. Virginia Carnegie's cafe.

Present were: Lillian Bridges, Amelia Dick, Elizabeth Mordis, Mary Smedley, Lulu Crawford, Belle Martin, Helen Harris, Margaret Vieg, Gladys Hagen, Cora Wray, Helen Mann, Bella Rosenberg.

Nazarene Sunday
School Picnic

On Saturday, August 18, 1951, the Nazarene Sunday school of Avon Park had its annual picnic. Two trucks and two cars were used for the transportation of the large group to the Lake Wales city park, leaving at 10:00 a.m. and returning around 3:00 p.m., with not one hungry or rested person in the crowd.

Wieners, sandwiches, salads, crackers, potato chips, various drinks, ice cream, gum and candy were served. Many games were played, including soft ball, soccer ball, three-legged races, wheelbarrow races, foot races, backward runs, all-fours races, with prizes given to the winning boys or girls' teams. After having a good time playing and eating, the group returned home safely, with tired limbs and full stomachs.

Plans are already underway for the next picnic.

News Of Our
Service People

Sgt. J. T. Landress was home on leave last Friday, Saturday and Sunday. He is stationed at Camp Stewart, Ga.

Morris Suggs, HM3c, of the destroyer USS Henley, left Sunday to rejoin his ship at Norfolk, Va., after spending about nine days on leave here with his parents, Mr. and Mrs. M. Talmage Suggs. Mr. Suggs is in charge of the health of the men on his ship, and will be the sole person responsible for the care during sickness or injury while the destroyer is on tour.

The USS Henley is scheduled to leave for northern European waters September 3, and will be in the Baltic Sea and Arctic Circle for about three months, later making a tour to the Mediterranean. Mr. Suggs expects to get leave for trips into Europe and northern Africa. The destroyer will be docked somewhere in Italy at Christmas time, and the crew have already made plans to have a party on board for orphan Italian children. The men have collected a fund to be used for the party and the purchase of gifts for the children.

Ben T. Stewart of this city and his brother, G. W. Stewart, Sr., of Tallahassee, have returned from vacationing in Cuba.

The City of Beautiful Girls

In the Spring of 1950 Paramount Pictures in New York City were looking for a location for a movie short subject. This story was to be built around an up-and-coming movie starlet, and to feature her activities in the sports field. Ann Williams, who said Cypress Gardens filled the bill.

In the Spring of 1950 Paramount sent a location crew to Cypress Gardens and spent almost three weeks filming Ann's daily life. Ann aspires to be a movie star. The picture portrays her work at Cypress Gardens as an aquanaut, the fun she has with her fellow workers and her boy friend, Trammell Pickett, how she works with Mr. Pope, owner of Cypress Gardens, on costumes, and other phases of her job. But then like in all movies she makes a happy decision to remain at Cypress Gardens rather than go to Hollywood.

The City of Beautiful Girls was released by Paramount Pictures early in 1951 and had its premier in Winter Haven, Fla. in the fall of 1950. It will be shown at the Hilma Theatre Thursday and Friday of this week.

BIG TENT REVIVAL MEETING CLOSING

The members of the First Baptist Church, along with the pastor, Robert T. Limer, are happy over the results of the revival meeting in the tent on South Highlands Avenue which closed Sunday night. Great interest and enthusiasm was city wide and the attendance was constant with 300 to 700 every night. People were saved and lives were rededicated in every service with 57 making profession of faith in Christ and a letter or statement with many surrendering to service for Christ.

The Church is grateful to all who helped in any way to make this meeting a success and for the fine way you received our evangelist and singer, Bennie Skinner and R. O. Stone, Jr.

ST. MARGARET'S TO MEET

The regular meeting of St. Margaret's Auxiliary of the Church of the Redeemer will be held Wednesday, September 12, at 3:00 P.M. at the parish house. An executive board meeting at 2:30 P.M. will precede the meeting.

All members are urged to come and bring a toy for the bazaar grab-bag.

PROBLEM DRINKERS

Persons addicted to the excessive use of alcohol are one of our most serious problems today. They are a menace to themselves and a burden to their family and friends. Problem drinking is not a disease, it is a symptom indicating mental and emotional disorder. It is not simply a weakness of will power. Some cases indicate that the individual has a tendency toward alcoholism not apparent in the normal or controlled drinker. In these cases, the person is labeled the chronic alcoholic.

Excessive alcohol seriously damages the human body. Evidence produced through research has shown that it induces the germ plasm. It has been said that children of alcoholics are likely to be both physically and mentally affected in this way. Two methods have been suggested for assistance in curing the problem drinker. The first is the reflex or aversion treatment, under the supervision of a doctor. Essentially it consists of establishing a reflex aversion to the sight, taste, and smell and thought of alcoholic beverages by means of a drug which causes vomiting. This method must be followed by psychiatric care. It has been found successful in only a minority of cases.

The second method is the group treatment through Alcoholics Anonymous. It appeals to the senses and will power of the individual. Members of the group are urged to help in the fight, and good results have been obtained.

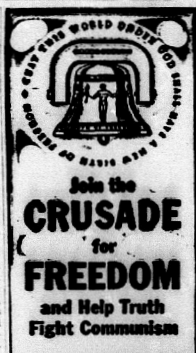

Doctors of medicine have been instrumental in working with this organization made up of reformed problem drinkers. Its members combine their experiences and suggestions to meet in others the will not to drink. Cases in 50 to 60 per cent of cases have been reported.

Suffered After Every Meal Due To Acid Indigestion

Recently a lady stated that she was troubled with indigestion after every meal regardless of what she ate or how much she ate. That she had tried about everything sold for stomach relief but with no success until she got INNER-TONE. She stated she was amazed with the results when she took this medicine. Now she eats without fear and is free from indigestion for the first time in years. INNER-TONE is the new formula of juices from Nature's plants combined with blood building IRON and nerve strengthening VITAMINS B-1, B-2, and B-6. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloat." So don't go on suffering! Get INNER-TONE at Touchton Drug Co.

Yvonne Head and Fred Montsodeca United in Marriage

The Rev. Herbert D. Graetz officiated at six o'clock Saturday evening at a double-ring ceremony in the Union Congregational Church which united in marriage Miss Yvonne Elizabeth Head and Fred Young Montsodeca, Jr.

The nuptial setting was illuminated by white tapers burning in branched candelabra, and the altar vases held fish-shaped arrangements of white asters, gladioli and poinsettia chrysanthemums. Mrs. Vaughan Driggers, of Jacksonville, presented a prenuptial program of organ music.

The bride, given in marriage by her father, wore a gown of Chantilly lace and ribbon. The portrait neckline of the fitted lace bodice was outlined with scalloped tulle and the long sleeves came to points over the wrists. Panniers of hand-cut scalloped Chantilly lace on each side of sunburst tulle plaques on the front and back of the bouffant skirt extended the full length of the court train. Her fingertip gloves sported French illusion was attached to a princess cap of the lace. She carried a white Bible topped with a white orchid showered with stephanotis.

Miss Ann Brodie was maid of honor, and Mrs. W. Head, Jr., of Jacksonville, sister-in-law of the bride, was matron of honor. They wore identical gowns of creamy blue velvet, fashioned with hooped skirts. Tiny self-covered buttons fastened the moulded bodices. They wore princess caps in matching blue velvet and carried sprays of full-blown red roses with trailing English ivy.

The bridesmaids, Miss Nancy Varn, of Fort Meade; Miss Mary Jane Sowell, Quincy; and Miss Gloria Garber, Avon Park, wore blue velvet gowns identical to those worn by the bride. They carried a spray of deep red roses and ivy leaves. Anne Johnson, of Jacksonville, and Mrs. J. A. Johnson, was flower girl. She wore a blue velvet frock and princess cap identical to those worn by the bride. She carried a white basket tied with white maline. She preceded the bride, scattering rose petals from a basket.

Edwin R. Carter attended the groom as best man, and usher groomsmen were James W. Kyles, of Gainesville; Angus Williams, Tampa; Richard Stratton and W. J. Head, Jr., brother of the bride, Jacksonville; Melvin C. Crumley, Bass, Jr., and Wiley Sauls, Jr., Avon Park.

Mrs. W. J. Head, mother of the bride, wore a period gown of wheat-colored satin with jacket of matching lace, with brown accessories, and a cluster of yellow roses at her waist.

Mrs. Clifford Craft, mother of the bridegroom, wore a mauve chiffon, with hat of mauve maline and silver accessories. She wore an orchid corsage.

Following the ceremony, Mr. and Mrs. Head entertained at a reception in the garden of their home on Lake Verona. The home was decorated with greenery and white flowers. A tiered white wedding cake formed the centerpiece for the bride's table on the terrace. The cake was flanked with white blossoms amid sprays of ivy leaves and white tapers burning in silver candelabra.

Those assisting in the hospitality included the Misses Leila Johnson, Elaine Worden, Thayer, Vickie Carter, Mary King, Arden Anderson, Patricia Smith, Margaret Lawton, Betty Jo Wells, Maude Badcock, Sujette Dorniney, Alma Harrell, Bettyne Davidson, and Mrs. Fred Reddick. Mrs. H. E. Keller, Mrs. Milford Dilley, Mrs. M. G. Whitcomb, Mrs. C. Parker Anderson, Mrs. J. A. Johnson, Mrs. S. S. Thayer, Mrs. Earl H. Ware, Mrs. Lillian S. Hayward, Mrs. Thelma S. Hart, Jr., Mrs. Gerald Wicker, Mrs. Julia B. Cline, Mrs. Ruby C. Bass, Mrs. O. C. Wilkins, Jr., J. L. Wells, Mrs. E. C. Weaver, Mrs. Roscoe Bass, Mrs. H. C. Worden, Mrs. Raymond Dilley, Mrs. J. F. Garber, Mrs. E. F. Armstrong, Mrs. E. R. Carter, Mrs. L. H. Brodie, Mrs. W. D. Smith, Mrs. William T. Smith, Mrs. D. C. Stull and Mrs. George Bowers.

When the couple left for a wedding trip, the bride wore a black velvet gown with black velvet accessories and an orchid corsage.

Mrs. and Mrs. Montsodeca will make their home in Gainesville, where she will be a member of the faculty in the public schools, and he will attend graduate school at the University of Florida and serve as student assistant on the coaching staff.

MISS CECILIA C. BULL.

Bull-Hagan Betrothal Told

Mrs. Edward Bull of Sebring has announced the engagement of her daughter, Miss Cecilia Bull, to Sergeant Lawrence Jerome Hagan, U.S. Army, son of Mr. and Mrs. Benjamin H. Bull of Avon Park.

Miss Bull was graduated from Sebring High School and attended St. Luke's Hospital School of Nursing in New York. She is presently employed in the office of Dr. H. W. Martin.

Sgt. Hagan was graduated from Avon Park High School before enlisting in the army during World War II. During that war, he made a tour of duty in Korea. He is stationed at Camp Stewart, Ga.

Wedding plans will be announced at a later date.

Wedding Party Rehearsal Supper

Immediately following the rehearsal for the wedding of Miss Yvonne Head and Fred Young Montsodeca, Jr., held at the Union Congregational Church last Friday evening, August 31, Mr. and Mrs. J. Head, Jr., Mrs. Ruby Bass, and Melvin C. Bass, Jr., were hosts for the wedding party at a buffet supper given at Pinecrest Lakes club. Mr. and Mrs. W. Head were also included among the guests.

The supper table, spread with a white linen cloth, was set beneath the mantle in the club's recreation room; and was centered by a two-tiered wedding cake, placed on a mirror wreathed with white tulle. The mantle was beautifully decorated with white hibiscus blooms, magnolia leaves, and white lighted tapers. Other decorations carried out the white and green color theme.

Mrs. J. Paul Garber, Mrs. W. W. Winfield, Mrs. D. G. Perry, Mrs. Edwin R. Carter, Mrs. H. E. Keller, Mrs. Robert J. Barben and Mrs. J. L. Wells assisted the hostesses and the host with the service.

Later in the evening, around 35 guests called on the wedding party at the club.

Jr. Women Hold First Fall Meeting

The Junior Woman's Club held its first meeting after the summer recess at the parish house on Tuesday night.

The program was a talk by Miss Verna Heim, Welcome Wagon hostess, on the origin of her organization and the duties of its hostesses.

John E. Hicks was elected recording secretary, to fill the place of Mrs. W. F. Carver, who has moved away.

Tentative plans were made for the annual Halloween carnival next month.

The club also voted to sponsor a fall fashion show, to be given at the Hilans Theatre and directed by Anna Belle Worden of the Kiddie Korner. The date will be announced later.

Hostesses for the evening were Mrs. Fred Reddick, Mrs. Earl Rich and Mrs. R. L. Padgett.

Visitors Attend Rebekah Meeting

The Eleanor Seavers Rebekah Lodge No. 65 met Monday night, with 17 members present and six visitors. Refreshments were served at the close of the meeting.

Bride's Luncheon Held Saturday

Miss Ann Brodie and her mother, Mrs. L. H. Brodie, entertained Miss Yvonne E. Head and her wedding attendants, including Mrs. Vaughan Driggers, organist, and Anne Johnson, flower girl, at a luncheon given Saturday noon at the Brodie home on East Canfield.

A color theme of white and green carried over in the luncheon room and the appointments of the table, with bridal motifs employed in both the decorations and the menu. The lace-covered table bore white candles, and was centered by a two-tiered bride's cake surrounded by a miniature bride and groom. Around the base of the cake stood miniature bridegrooms dressed in various period suits. Flowers were white blossoms and fern.

The hostesses presented Miss Head with a gift of crystals. The bride-elect presented to each of her attendants a silver compact engraved with the recipient's name. The small flower girl received a necklace of pearl beads.

Weekly Business Review

The income of the people of Florida reached the whopping peak last year of \$3,736,000,000. The Florida State Chamber of Commerce reported this today. The 1950 population and the 1949 total earnings last year were \$3,736,000,000 and \$3,736,000,000, respectively. The increase was 11 percent. Only five Southern states showed a greater increase in income per person than Florida and the State shows up 10th place with Florida in second place. In 1949, Florida's income accounted for 1.19 per cent of the income of all the people in the nation. The Florida population at that time was 1,600,000.

In 1949, 1945, fell slightly after the war and, rising again, was 1.19 last year. This week's business review by the State Chamber's research and industrial division lists the following amounts received by Floridians from different types of payments. Wages and salaries from all private and public sources stood at \$1,961,000,000, the income of proprietors of businesses, farms, industrial and other establishments reached \$602,000,000, income from property of all types, including rentals, dividends and interest was \$473,000,000, and \$200,000,000 was received by Floridians from such sources as public assistance, public retirement payments, workman's compensation etc.

\$3,584 FOR HIGHLANDS COUNTY UNEMPLOYED
A total of \$248,379 in unemployment insurance was paid to 14,367 unemployed workers in the state for the week of August 13-19, the Florida Industrial Commission stated today in its weekly report on these figures. This was an increase over the previous week.
In Highlands County, 237 unemployed workers were paid \$3,584 of the state's total \$248,379.

The forest industries of Florida employ more than 30,000 persons annually.

Willa McGuire, Cypress Gardens water ski whiz and perennial title holder, did it again at Lake Placid, New York. Against a field of the nation's best women water skiers, Willa skied off with three first places to win the overall girls crown at the Ninth Annual American National Championships. Willa is pictured making a fast slalom turn which is her specialty. She also added two new tricks for tournament officials to enter in their record books—tricks that on paper were impossible—but on water, Willa did them!

GOOD HEALTH

Answer to Question No. 1:
1. Measles is a virus disease which usually is spread by coughing or sneezing—before the skin eruptions appear and have indicated the nature of the ailment. Direct contact with a person who is coming down with measles is the usual mode of transmission. Between exposure and first symptoms, a week to ten days will elapse.
Answer to Question No. 2:
2. More women than men receive dental treatment in the United States each year. Fourteen women visit the dentist for every ten men. A total of 60,000,000 persons in the nation received some type of dental treatment during 1949.
Answer to Question No. 3:
3. Fewer child patients are hospitalized today for several reasons: they are protected from disease by preventive measures such as immunization, well-balanced diets, better sanitation and improved health knowledge on the part of their parents. With infants there is much less incidence of intestinal disorders because of improved knowledge of diet. The use of sulfonamides and antibiotics in the early stages of disease has also reduced the need for child hospital beds.

INTERNATIONAL PILLOW FIGHT

No method of cracking the Iron Curtain is being overlooked in the mighty struggle for men's minds. Thousands of these plastic pillow balloons, developed in the research department of General Mills, are being carried by free winds of the West as messengers of hope and courage to those in captive countries. This is another form of effective propaganda in the Crusade for Freedom. You can help win the cold war by contributing to the 1951 Crusade.

THE FORDOMATIC FORD GIVES YOU AN ENTIRELY NEW KIND OF DRIVING!

Combines best features of previous drives—Fordomatic gives you two automatic drives in one—a torque converter for smoothness—and automatic gears for get-up-and-go.

Fordomatic Drive optional at extra cost on V-8 only. Engine, motor, accessories and new adjust to change without notice.

Practically drives itself! Fordomatic thinks for you. It smoothly and automatically provides a countless number of drive ratios through which engine power is fed to the rear wheels.

You're boss every second. Step down on the accelerator and you get an extra spurt of power for hill climbing and passing. Going downhill you can shift to low at any speed for extra engine braking.

Easier rocking! It's even easier to "rock" out of sand, snow or mud with Fordomatic than with conventional drive. Just move the selector back and forth between low and reverse.

It's a gas-saving powerhouse! Fordomatic's automatic intermediate gear provides smooth, fast, economical "getaway" without wasteful engine racing. Uses no more gas than the savingful conventional Ford.

Over \$52 Million Spent On Florida Needy Citizens

Florida expended \$52,807,294.03 in Federal and State funds to provide varied services and assistance to needy citizens during the year ending June 30, 1951, the annual report of the State Welfare Department shows.

Of the total funds, \$33,756,192.01 came from Federal sources and the balance of \$19,051,102.02 from the State's general revenue fund.

Brief "case stories" are told in the report showing the varied activities of the Welfare Department. They show that new-born babies may be benefited by the program. The needy aged and blind, widows with children, and many others benefit from the department's aid.

In June of this year there were 69,223 aged persons receiving assistance; 70,556 needy dependent children; and 3,322 needy blind.

The State-operated program of services and assistance extends to people of all ages. The report declares: "For the people of Florida have said at the polls and through their Legislature and their Congress that they will provide for some of their neighbors who are in need."

In addition to providing to the needy aged, blind, and dependent children, the Welfare Department received 1,250 petitions for adoption for study and recommendation; 1,898 requests for services to children; 372 requests from unmarried mothers for social services; and requests from other agencies and institutions for services; and distributed a wholesale value of \$1,332,221 to schools, State and charitable institutions.

The foods came to Florida with any direct cost to the State. Because of insufficient funds, the report says, there will be limitations on services and assistance during the current two-year fiscal period. Less money is available for aid to dependent children; about the same for the needy aged; and about the same for the needy blind. Child welfare services will have to be curtailed.

Appropriations for administrative and service were reduced for the current two years and "that means applications cannot be processed as rapidly as now. There will be less travel, essential in reaching many of those applying for aid and receiving assistance and in administering the program. With a limited staff, those extra services, an integral part of any welfare program, will have to be curtailed," the report declares.

Emmet Safay, Jacksonville, is chairman of the Welfare Board which submitted the report to Governor Fuller Warren.

Sherwood Smith served as commissioner during the year, and is now State Welfare Director.

Summer Program More Successful

Under the sponsorship of the Highlands County School Board and County Superintendent, Fred Wild, the 1951 Summer Program reached its highest peak of service to the people of the several communities in Highlands County.

Comparison of the 1950 and 1951 statistics on the Summer Program reveals a large increase in the number of those taking part during 1951. This indicates that communities are becoming more aware of the opportunities which are afforded their youth, and as benefits of the program are recognized by more parents and children, greater participation will result.

Five centers for the program were in operation last summer, providing for both white and Negro.

Three new activities were included in the 1951 program: mid-day football for boys; basketball games between towns; social parties for the girls; and in one of the centers, instruction in playing musical instruments.

Mrs. Will Roberts returned last Friday from a trip to Texas where she visited her son-in-law and daughter, Mr. and Mrs. P. E. Price. The Price's daughter, Deborah Sue, who had been staying with Mrs. Roberts, returned home with her grandmother.

Colored Vote Gives Sauls Big Majority Over Wilkes

22 Election Dead Rest In Peace?

It's all over now and the dead rest in peace. By Wednesday morning the six winning candidates in the city election were banking in the "refugees" of defeat and fear of a third round.

The remaining 14 candidates, cast into the outer darkness of defeat and fear of a third round, were given decent burial in a graveyard in the Mall, each with his "dignified" epitaph.

How did Uncle Ed, if he had been elected, have wanted to die? Three anonymous graves, whose investigation proved to be unoccupied, provided opportunity for some prankster to attempt to enter a body that many consider all too alive and kicking for burial.

Perhaps most of our ghosts are not as quiet as the grave should be. Several have been seen walking our streets in their habit as they lived. And a gentleman who knocked at the graves on Wednesday evening, received responses from the spirit world. It's possible these bones might rise again, in spite of the gloomy finality of the following verses set to us by the spirit of J. F. Weaver.

In Memory of 14
Who Needed Votes

They are buried on the Mall in the sand.
Resting beneath the weeping palm-leaf fan.

The bread that giveth strength they wanted to receive.
The water pure that makes the thirsty live.

They wanted to help the taxpayer day by day;
But I am sure they will not pass again this way.

They wanted to give words of comfort for tears.
They had faith to conquer cruel debts and fears.

They wanted to see the other fellow they would say;
But I am sure they will not pass again this way.

They wanted to give good measure running over.
And unto angry hearts they wanted to pour.

But I am sure that will not pass again this way.
They wanted to give the citizens' faith.

They wanted to do all that their masters said.
They wanted to live right from day to day.

But I am sure they will not pass again this way.

Jaycees Political Rally Big Success

The big political rally staged by the Avon Park Junior Chamber of Commerce on the Mall Monday night, proved to be a very popular affair, bringing out the largest crowd for a rally of this kind in years. It was estimated that over 800 and 1000 persons attended the rally.

All candidates for Mayor and the city council were present, with the exception of those who either chose not to be present or had business that kept them away. The candidates were introduced in the order they had qualified, and each was allowed three minutes time to tell the voters why they should be elected to the office they seek.

The Avon Park High School Band entertained the crowd for thirty minutes before the speaking.

MRS. CARRIE SLOAN DIES

Mrs. Carrie Sloan died early Thursday morning, Sept. 13, in Glendale Sanitarium, Glendale, California.

She had many friends here, having visited Avon Park on several occasions.

During the spring of 1950, she fractured her hip and was at Walker Memorial Hospital for some time. Her health was never good after her injury.

\$787.50 Given In Drive; \$6000 Needed

Near the end of the second week of the drive for sufficient money to pay for the new library building, a total of \$787.50 has been collected. The fund is being increased surely, although somewhat slowly. It is still far short of the \$6000 goal.

This fund is being collected through personal calls made by members of the Woman's Club. If no one has called on you, someone will be certain to see you during this month. Keep the library in mind, and decide how large a donation you can make.

If you wish to make your contribution immediately, you may give it to Mrs. Verna Gregor at the Chamber of Commerce building. If you mail a check, make it payable to the Avon Park Public Library Building Fund.

Below is a list of those who have contributed to the fund:

Retired Teacher, H. J. Mummau, Dies

Howard John Mummau, 79, died Friday, September 7, at Walker Memorial Hospital.

Mr. Mummau was a native of Pennsylvania and came to Avon Park 25 years ago. He was a member of the First Methodist Church here. He taught in the public school here until he retired in 1942, after which he continued to be the most popular and respected teachers on the faculty. He was also a citrus grower.

His wife, also, a well-known teacher in the Avon Park school, preceded him in death many years ago.

Survivors include a brother, Jacob Mummau, of Berlin, Pa., and two cousins, Miss Jess Mae Hillegar of Berlin, Pa., and Miss Ruth Gleason of Somerset, Pa.

Funeral services will be held 3:00 P.M. Monday, September 10, at the First Methodist Church, with the Rev. H. E. Garrett officiating. Burial was in Bougainvillea Cemetery, Mistle Funeral Home in charge of arrangements.

Active pallbearers were: E. C. Crews, Hayes Maxwell, Colin DeShong, D. G. Perry, S. F. Longbottom, J. C. Murphy.

Honorary: C. W. Hood, C. H. Pardee, Dr. I. W. Chandler, L. D. McGiboney, and A. D. Wilhite.

Venus Soldier Awarded Bronze Star Medal

With The Third Infantry Division in Korea - Private Julius C. Pearce Jr. of Venus, Fla., has been awarded the Bronze Star Medal with "V" device for heroism in action.

Private Pearce, a son of Mrs. Ella Walker Pearce of Venus, serves with Headquarters and Headquarters Company, 2nd Battalion of the 7th Infantry Regiment, 3rd Division.

The Highlands County service man was cited for action which occurred April 5, 1951, near Tongmak-tung, Korea. The pioneer and ammunition platoon was suddenly subjected to a merciless barrage of artillery and mortar fire while working on a hill.

Private Pearce, while laying mission with a group of civilian laborers. The platoon leader ordered everyone to seek cover behind a nearby hill, but it was later discovered that four of the laborers were missing.

Private Pearce and a number of his comrades voluntarily braved the hail of fire and instituted a search for the missing workers.

He beheld two wounded laborers and learned that the other two had been instantly killed. With the assistance of his companions, he evacuated the stricken civilians to a place of safety.

The citation concludes: "Private Pearce's selfless mission reflects great credit upon himself and is in keeping with the high traditions of the military service."

Mr. and Mrs. R. E. Mayasack returned to their Avon Park home Monday. They spent the summer at Camp Highland, Sayner, Wisc., and in Chicago.

Bishop Short To Lay Corner Stone At Methodist Church

The First Methodist Church will be greatly honored this Sunday when Bishop Roy H. Short preaches at the morning service to the episcopacy of the Methodist Episcopal Church, which conducts the cornerstone laying ceremony for the new building. Bishop Short presides over the Jacksonville Area of the Methodist Church, which consists of the Cuba and Florida Conferences.

Bishop Short who was elected to the episcopacy of the Methodist Episcopal Church in 1948, has for a number of years been an influential and widely known leader in Methodism. In 1944, while pastor of the St. Paul Methodist Church, Louisville, Ky. he was elected to the editorship of The Upper Room, a daily devotional magazine.

Bishop Short possesses a quiet, spiritual poise and power which is contagious and helpful. The coming of this outstanding churchman to our town is significant, and great numbers of people will want to attend the service at First Methodist and hear this capable church leader.

Dr. Bruce F. Ganaway, District Superintendent of the Southeast District of the Florida Methodist Conference, will assist in the service.

The building in which the cornerstone will be laid, has been under construction for the past five months. It will greatly enlarge the services which First Methodist Church renders to the City of Avon Park. On the first floor of the building there will be a church office; a Sunday School Superintendent's office; a Pastor's study; a choir room; ladies' lounge; a dining room large enough to seat 150 people at tables, with a stage in one end; a fully equipped kitchen with adjoining pantry and service room; and three rest rooms.

On the second floor there will be a Sunday School room.

This Sunday promises to be an outstanding day in the history of First Methodist.

Rotarians Hear of Lake Byrd Lodge

Rev. John Pickett, manager of Lake Byrd Lodge was the guest speaker at Rotary on Wednesday. Lake Byrd Lodge is state headquarters of the Congregational churches and their organizations.

Mr. Pickett told of all the improvements that have been made in the future. He also spoke of the different organizations that have and are making use of the lodge and grounds.

Visiting Rotarians were Jim Maxey, Elgin Boyless, R. L. Taylor, Charles Long, L. A. Abmeyer, Jack Stephenson, Sebring, J. B. McClendon, Frostproof, R. E. Mayasack and E. F. Armstrong are again back in regular attendance after having spent the summer in the North. Marion Nelson had as his guest George Ammon of Lake Wales.

Ted Ward's Father Died Sept. 5th

Ted J. Ward, local merchant, was called to Champaign, Illinois, to attend the funeral of his father, Howard E. Ward, 85, who died Sept. 5, following a stroke. The elder Mr. Ward had been a frequent visitor at his son's home here.

Mr. Ward is survived by three daughters, Mrs. Helen Metzler and Mrs. Edna Schumacher of Champaign, Mrs. Mabel Shields of Dewey, Ill.; three sons, Frank H. Ward of Champaign, Leslie O. Ward of Riverdale, Ill., and Ted J. Ward of Avon Park, Fla.

Mr. Ward also leaves 17 grandchildren and 19 great grandchildren. Ted W. Ward and Jack Ward being two of the grandsons.

Mr. and Mrs. Ted W. Ward of Wheaton joined Ted J. Ward in Champaign for the funeral service Sunday, Sept. 9.

Grandsons of Mr. H. E. Ward served as pallbearers.

More About Audubon Tour

By The Bird Woman

In our last article an inadvertent omission was made. We were immediately deluged with requests by both bird and non-birders to write about the tour.

As a great many birds we saw, at least those most unfamiliar to us, were water birds. We will discuss a few of them.

In our own mind we rank them, according to beauty, dignity, and gracefulness. So we will list first the egret, then heron — belonging to the same family — then the crane, this or curlew, as it is also known and quite easily distinguished by its long curved bill, which seems almost out of proportion even for so large a bird.

Then there is the rail, which belongs to the same family as the quail and coot. Then grebe and wading along last, but not least, the duck.

Of course there are myriads of other water birds; some we saw, and some are not indigenous to this habitat, and others seen here only during migration.

To the average bird watcher there are a great many difficulties in identifying the birds, before we can be sure of a species or sub-species.

A great many birds change their plumage with the season. Some have a light phase, later on an intermediate phase and then a dark phase.

The male and female of a great many species are so different that they are difficult to classify unless one is familiar with this difference.

One of the most outstanding examples we have ever seen is the painted bunting. The male is the most vivid and multi-colored of any bird we know, yet its modest little mate is garbed in plain olive green; seeing them together you would realize they were mates, but seen separately it would take an expert to classify them.

This bunting is seldom seen about a city, for it is quite shy and likes to hide away among the low trees and shrubs around scrub pines.

A few years ago several pairs came to our bird bath for water, having located our mulberry trees, which were full of fruit.

Has any one ever found out how birds learn that there is food fruit in different localities where they are not accustomed to frequent?

Another thing that confuses the amateur watcher is the fact that many birds change their plumage at mating time.

The old saying "Birds of a feather flock together," is only true to a certain extent, for at some of the lagoons and ponds we saw a great number of species happily engaged in the endless pursuit of prolonging life by the "sweat of the brow" and without any visible bird United Nations or dictator to govern them they were carrying out the theory of "live and let live."

We did not see a heron fathering a nest of buzzards nor a jay sitting on the nest of a partridge. Since the creation of birds, species have kept their identities intact, and although they live in the same world, catch fish from the same brook, and insects from the same vegetation, yet each bird knows its kind, and there is no mixing of species.

The American egret or "big white bird" has been seen both near rail holes and around fresh water ways. It is the largest of the egret and has handsome plumage, which the hunters for its plume, and even the young have been sought by thoughtless people for food.

Yes, we have laws for protecting these birds, both state and federal, but for many years many were lost because there were not sufficient personnel to cover all the districts.

This species has yellow bill and dark legs, and it is often confused with the immature heron when it is in its light phase, but the blue heron is much smaller and has blackish bill and legs.

The showy egret, or "little blue bird," is sometimes called "the heron with a blue supercilium," but at times resembles the little blue heron in its light phase, but about the same size, but the difference being the black feet of the little blue heron.

During mating season the beautiful plume of the heron is a fact to remember that the egret is one of the most beautiful of all birds.

They do not fly by night and there is a legend which a great many superstitious people used to believe that they turn into frogs — probably because the swamps would be full of them by day and the next day they would be gone — and there are always frogs.

The season for ducks, geese and coots opens November 22, five days earlier than last year, and ends on the 1950-51 closing date, January 5. Shooting will begin at noon of the opening day for all three species with the daily hours being one-half hour before sunrise to one hour before sunset thereafter.

The day's bag for ducks will be four, only one of which may be a wood duck; for geese, 2 Canada and 3 Blue, and coots, 15. Possession limit will be two day's bag for ducks and one day's bag for geese and coots. Hunters are warned that a duck stamp is necessary for taking ducks and geese.

The first hunting of the season will begin September 15 when the marsh hen season opens. Shooting hours will be a half-hour before sunrise to sunset every day including the opening day and the last day, November 12. The bag and possession limit is an aggregate of 15 rails.

The bag limit on dove has been reduced this year from 10 to 8 birds per day with a possession limit of eight. The limit has been reduced in the Atlantic and Mississippi flyways states to further protect the birds where they have been hard hit for the last two years by a contagious disease and last year's severe winter.

Shooting will start at 12 noon each day until sunset. The season is from December 15 to January 13, except in Dade, Broward and Monroe Counties where the season is October 1 to 30.

Commissioner Director Ben L. McLaughlin said that hunting for the migratory birds would be allowed every day. He warned all hunters, though, that the use of rifles is prohibited when taking migratory birds and that shotguns must be plugged to 3-shell capacity.

known, is quite familiar to Florida residents. Some remain the year around, some from farther north come only in winter.

We have seen from a few pairs to over two hundred at one time on Lake Avon. They build a floating platform and attach it to a plant growing in the water and use it as a nest. They are quite fond of water as they swim completely submerged. Their food is mainly snails, frogs, and tadpoles, which they obtain by diving. That they do with the greatest ease and both up a hundred feet or more from the spot where they submerged.

I must not forget to mention the heron. It is migratory and is rather small compared with the ones we have discussed. It has pretty stripes on its sides, and is usually fat and plump.

CONSTRUCTION STARTED ON DRIVE-IN THEATRE

Wm. J. Hems, architect announces that land has been booked for the construction of the Seven Drive-In Theatre by the Floyd Theatres, on the Sebring road between Avon Park and Sebring. Plans were made for the Drive-In Theatre last year, and in November the National War Production Board restricted the use of materials for new theatres and places of entertainment. The month of September has been lifted from this freeze, that gives the Floyd Theatres and others a right to go ahead with construction.

Free Americans, continuing to and supporting the Crusade for Freedom, are tearing holes in the Iron Curtain. Have you helped?

This Week In Tallahassee

By J. Kenneth Ballinger
Florida Press Association

Tallahassee — State Senator J. Kenneth Ballinger of the 1st district has moved himself as a possible candidate for governor at the next election. The Tallahassee Sun has made an extensive report of his campaign efforts in the past few weeks.

Tallahassee — Monday, Sept. 17, will be opening day of Florida State University for new students. It is expected that about 15,000 students will arrive on campus. The university will be open for the first time since the closing of the school in 1947. The university was closed for the first time since the closing of the school in 1947. The university was closed for the first time since the closing of the school in 1947.

Tallahassee — First application by an electric utility for increased rates has been received from the Florida Power Corporation. It asked the state railroad and public utilities commission to restore rates knocked down by the Pinellas county utility board, and to give it an escalator clause tied to the price of fuel, so future rates could go up or down within a range determined by whether fuel oil increases or decreases. The company claims it can have rates restored to what they were before the county board operated on them, it can earn a little more than 5 per cent on its investment.

Tallahassee — Governor Warren has named W. Glenn Miller of Monticello to the state board of control, which has supervision over the schools of higher learning and for the deaf and blind. Miller replaces N. B. Jordan of Quincy whose term has expired and asked to be relieved after two 4-year terms. Miller graduated from Emory, is a hardware dealer and president of the Monticello Kiwanis club.

1952 Coast Guard Academy Exams.

Captain George E. McCubbe, Commander, 7th Coast Guard District, announced today that the 1952 competitive examination for the Coast Guard Academy at Annapolis, Md., will be held January 14 and 15, 1952, in the following cities: Jacksonville, Miami, Tallahassee, Tampa.

All applications should be postmarked not later than January 1, 1952. Applications are desired from high school seniors who are qualified physically and who will have graduated by June 30, 1952, with a minimum of 15 credits, 7 of which are in required subjects as follows: 2 units of English, 2 units of Algebra, 1 unit of plane geometry and 1 unit of physics. The physical requirements include the following: 17 to 22 years of age; 56 to 76 inches in height, with weight in proportion; 20/20 vision, uncorrected; for each eye, normal color perception; and a minimum of 20 vital serviceable natural teeth. Coast Guard Cadets pursue a 4-year course of instruction leading to a Bachelor of Science Degree in Engineering with eligibility for commissions as Ensigns in the Coast Guard. They receive, in addition to the required technical courses, practical professional training vital in the education of Coast Guard officers. This training includes summer practice cruises to foreign ports during which cadets put into actual use their theoretical and practical studies. Upon graduation and when commissioned, officers are assigned to active duty in one of the most fields of service.

Detailed information regarding requirements for entrance, academic curriculum and other aspects of cadet life may be obtained from school principals or by writing to the Commandant (PTF), United States Coast Guard, Washington 25, D.C., Commander, Seventh Coast Guard District, 2610 Tiger Tail Ave., Miami 33, Fla., or at the Coast Guard Recruiting Office located in the following cities: Savannah, Ga.; Atlanta, Ga.; Charleston, S.C.; Jacksonville, Miami and Tampa, Fla.

I wish to thank my friends and those who placed confidence enough in me to give me their vote in being one of their choice to help run the affairs of the City, and regret I did not get a sufficient number to enable me to prove to them their confidence would not be shattered.

Again I thank you.

Bobby Hall To Be With Westinghouse

Bobby Hall, recent graduate of the University of Florida, will leave Sunday for Pittsburgh, Pa., where he will be employed by the Westinghouse Electric Corporation. Upon arrival, he will enter the graduate student training program and will remain in this program for about nine months. At completion of his training, Bobby will be given a permanent position with the company.

Bobby received his bachelor of mechanical engineering degree, with honors, from the university in August. While attending the university, he was quite active in various organizations on the campus. During his freshman year he was elected to Phi Eta Sigma, national freshman honorary fraternity. While serving in the Fighting Gator band for two years, he became a member of Kappa Kappa Psi, honorary band service fraternity. Upon entering the College of Engineering, he was extended and accepted a bid to join Sigma Tau, national engineering honorary fraternity. In addition to these honorary fraternities, Bobby was active in various student service organizations.

He was a student member of the American Society of Mechanical Engineers and served one term as president of the organization. He was also actively engaged in the Ridge Club, Benton Engineering Council, Florida Engineering Society, and the Society of Automotive Engineers. Upon graduation, he was elected to Phi Kappa Phi, and has recently received word that he is registered as an engineering trainee in the State of Florida, which will eventually lead to his registration as a professional engineer.

Rotary Club To Welcome District Governor Wednesday

The Rotary Club of Avon Park on Wednesday, Sept. 26, will be host to V. Mallory Roberts, Governor of the 244th District of Rotary International, who is making his annual official visit to each of the thirty-three Rotary Clubs in west central Florida. He will confer with President Bob Gibson, Secretary "Army" Armstrong and other local officials on Rotary administration and service activities.

Mr. Roberts is Sales Manager of Kuder Pulp Sales Co. in Lake Alfred and is a member of the Rotary Club of Winter Haven. He is one of 263 Rotary District Governors supervising the activities of some 7,000 Rotary Clubs which have membership of 350,000 business and professional executives in 83 countries and geographical regions throughout the world.

Whenever Rotary Clubs are located, their activities are similar to those of the Rotary Club in Avon Park because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community betterment, undertaking, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, for example, 257 new Rotary Clubs were organized in 35 countries of North, South and Central America, Europe, Asia, Africa, and the Islands of the Pacific.

Accident on Fort Meade Cutoff

Four Miami men who ironically were injured seriously Thursday night, Sept. 13, enroute to Lakeland for a safety meeting with the Fort Meade cutoff road, were injured when their car ran off the Fort Meade cutoff road on 9 miles north of Avon Park on an unmarked curve and tumbled down a five-foot embankment.

Among the injured was W. J. Carlson, chairman of the enforcement committee of the Governor's Highway Safety Conference, who was to preside over the meeting in Lakeland Friday. He suffered a compound fracture of the vertebrae and two broken collarbones.

Also injured were L. D. T. Dollar, driver of the car, who is connected with the safety division of the Miami police department; Larry Hoffman, with the safety directors of Florida Light and Power Co. in Miami, and William Renegar, secretary of Miami Police Academy.

Dollar sustained a fractured vertebrae, cuts and bruises; Hoffman, severe cuts on his head and back; Renegar, a crushed leg and numerous bruises.

The men were taken to the Walker Memorial Hospital. All were to attend the enforcement committee meeting in Lakeland, which recommends action in the field of traffic law enforcement to discourage violations.

County Committee Set Up Monday

A Highlands County Beautification Committee was set up Monday night at a meeting here.

Mrs. Clarence Ziegler, Sebring, was elected Chairman and Mrs. C. Parker Anderson, Avon Park, elected Secretary.

Those at the meeting voted to have the Chairman appoint Vice Chairmen from Avon Park, Sebring, Lake Placid, and DeSoto City.

"The first county-wide project," officials will be clean-up or "Litter-Bug" campaign to be announced following that will be a program to secure the planting and care of a mile entrance on main highways for each city."

Some of the purposes or proposed plans of the group will be: elimination or screening of garbage dumps, scrap piles, old car graveyards, and other unsightly places; elimination and removal of unlawful signs; neatness of property; planting of lawns with flowering shrubs and trees around buildings; keeping signs to minimum necessary; making definite driveways and parking places with grass plots between them; and planting of native trees and shrubs wherever practical; in cooperation with State Road Department and County Commissioners.

Meeting of Citizens At Youth Center Friday, Sept. 21

Plans for opening the Youth Center will be discussed at a community meeting at the Youth Center Friday evening, Sept. 21, at 7:30 o'clock. Announcement of this important meeting has gone out to all members of the Avon Park Youth Association. The executive committee wishes to urge all parents of teen-agers, and other local citizens, who are interested in the welfare of the youth of Avon Park, to attend this meeting.

If the town is to continue its upward trends in progressiveness, better recreational provisions for the youth must be made. The Youth Association will necessarily base its decisions for a reopening of the Center upon the approval and interest shown at this meeting.

The City of Avon Park by placing the salary for a director in the budget has recognized the civic responsibility for the youth, but the personal cooperation of the citizens of Avon Park is imperative if success is to be achieved in this worthwhile project.

Wilkes Contesting Colored Vote

O. C. Wilkes, candidate for Mayor at the polls on September 11th, has moved to have the "colored vote" thrown out of the records that it is illegal, as two voting boxes for the ballots were used in place of one for colored voters.

The City Council met Friday night, Oct. 14th for the purpose of canvassing the vote. Wilkes appeared and challenged the legality of the colored vote. The Council adjourned until the next morning (Saturday) at 10 o'clock, when they met in secret session and questioned a few witnesses. They then confirmed the vote.

This left the door open for Mr. Wilkes to carry the question up to the Courts to decide. He has hired an attorney who is proceeding with the matter.

It has been stated that other discrepancies may come out in the case.

The final vote as confirmed by the canvassing board, gave Mayor Wiley Sals 510 white votes and 267 colored votes. O. C. Wilkes 544 white votes and 20 colored votes.

If Mr. Wilkes is successful in his challenge, the vote thrown out will make a difference in the vote for councilmen. It will automatically remove M. Kirkland and J. B. Sparks who were elected, and place Ed Gough and Oscar E. Wolff in the city council.

County Judge Howard Livingston announces that to assist those who work during the week or for other reasons cannot easily obtain regular office hours, that the office will be kept open Saturday afternoon of Sept. 22 and 29 till 5:00 o'clock for the sale of drivers license.

Corner Stone Laying Service A Success

Reading from left to right, Dr. Bruce F. Gannaway, District Superintendent of the Florida Methodist Conference; Bishop Roy H. Short, of the Jacksonville area of the Methodist Church; and the Rev. H. Edward Garbath, pastor of the First Methodist Church.

Last Sunday was an unusual day in the life of the First Methodist Church. Well over three hundred people gathered in the sanctuary to hear Bishop Roy H. Short preach a most helpful and inspiring sermon. The music was well rendered by the Chancel Choir and Mrs. Ted J. Ward, soloist.

Immediately after the worship

service a lovely marble cornerstone bearing the inscription "Weeley Hall, Jesus Christ the Cornerstone. Erected 1951," was laid by Colon DeShong and T. Hayes Maxwell. A metal box was placed in the wall. This box well rendered by the Chancel Choir and Mrs. Ted J. Ward, soloist.

children's names whose parents made a contribution to the building fund in their names; and a paper with the names of the Board of Stewards, Trustees, Study Committee, and Building Committees. After the ceremony, the Bishop pronounced the benediction. Thus, the special services of the day were over.

There's A Job To Be Done And Your Help Is Needed

The Avon Park Women's Club have undertaken a mighty big job, and the help of every citizen of Avon Park is needed to help them reach their objective. The project they have undertaken is a noble one, and will prove it's worth many times over for the residents of Avon Park, its visitors and the future generation to come.

The job is to give this City a much needed Library Building. A building we can all be proud of. As you know, a committee from the Woman's Club started the drive to raise the necessary funds for this work the first of this month with the hope that the drive could be finished in 30 days. The response has been good, BUT it must be a lot better in the next couple of weeks if this fine organization that has done so much in the past for Avon Park is to reach their goal.

The amount needed is around \$7000.00, and to date they have received \$2475.50.

When a representative of the Woman's Club calls at your place of business or at your home, give the request for a donation serious thought, and if you decide to give a dollar, ten or twenty or a hundred dollars, then go down into your conscience and think what a worthy project this is, and see if you can't just double the amount you had decided on giving in the first place.

Avon Park residents are known for never letting a worthy drive fail. For proof of this look around at the many beautiful places of worship, all built through the generosity and faith of the people. You can do the same for the Library if you really want to.

COUNTY DISTRICT MILLAGES ARE SET

Highlands County commissioners Tuesday set the 1951 millage for all purposes, including county operations, school operations, school bonds, and a levy for the Central and South Florida flood control district.

OLD SETTLERS PICNIC WILL BE OCT. 10TH

Everybody take notice! Send word to all former residents of Avon Park, "I'll meet you at Donaldson's Park at the Old Settlers picnic the second Wednesday in October."

More about it next week.

By order of the committee—Demos Mandis, president; Anny Bennett, secretary; Cora Wray, treasurer.

BAKE SALE SATURDAY

The ladies will see you again next Saturday, with a good supply of homemade cakes and pies for sale. The proceeds will go into the building fund of the Church of God.

Additional Donors To Library Fund

The total contributed to the library building fund, as now \$2475.50, a substantial increase over that reported last week, all contributed by the donors.

The door-to-door drive continues through this month. If you haven't been seen yet, you will be. Or, if you are anxious to contribute, you may send your gift to the Chamber of Commerce office. If you do, your name will be noted, so that no one will call on you for further donation.

Below is the list of those contributing since the report published in last week's Sun:

Founders Circle, Avon Park Garden Club, Wilman S. Wyant, E. G. Todd, Margaret S. England, Mr. and Mrs. Franklin Ward, Mr. and Mrs. J. B. Hevia, Virgil Hall, Dr. and Mrs. S. J. Ward, Rev. and Mrs. E. Rotary Meeting

At the regular Rotary meeting Wednesday, the members had the opportunity of learning all about cattle feeding in Florida from an expert in that line. Dr. W. G. Kirk of the Range Cattle Experiment Station at Ocala, who is a neighboring county of Hardee, was guest speaker. He told of what they are doing at the Station in regard to putting more meat on cattle, and experimenting with different grasses and feeds.

His talk was very interesting to the ladies, as well as those who know something of raising cattle. The experiments being performed at the Station is of great value to the rancher. The Station is operated in connection with the University of Florida.

Walter Brett had as his guest Rev. Frank Butler, Jack Stephenson, Rotarian of Sebring was present at the meeting.

The community needs educated men and women. Children should get all the education they can. They should plan to return to school now.

Meeting Of Board Of Commissioners

The Highlands County commissioners Tuesday set the salaries of the judge and counselor of the county court at \$1040 annually effective Oct. 1, when the court will be established, in accordance with recent state law.

County Judge Howard Livingston will preside over the court. The court will be appointed.

From 12 to 75 juvenile cases have been handled monthly in the county court. In addition to his other duties, the court will handle the juvenile cases.

W. W. Higgins, Sebring, realtor, took the seat on the commission Tuesday. Governor Warren appointed him Sept. 5, to fill the unexpired term of Commissioner John W. Schumacher, who was removed for incompetency. His term expires in January 1952.

The bonds of Higgins and Henry Bailey, insurance agency head, were approved by the commissioners. Bailey was named by the Governor to succeed Higgins on the county school board.

The commission will purchase an automobile name and date writing machine to be used by the county tax assessor, tax collector and supervisor of registration. Copies of the specifications may be obtained from Circuit Court Clerk Harvey T. Kety.

W. W. Williams, of Avon Park, reported a nine-mile hyacinth thicket in Arbuckle Creek in the Highlands County section.

The commissioners agreed to share the cost of a hyacinth-killing spray, which will be applied by property owners in that section.

—See you in CHURCH Sunday—

Jaycees Hear Talk By Dr. Beaumont

Dr. G. L. Beaumont, director of Highlands County Health Department, addressed members of the Junior Chamber of Commerce at their regular meeting Thursday night, Sept. 13, in the lounge room of the Florida Power Corp.

Dr. Beaumont told the Jaycees of the various functions of the health department. These functions include, among other, the control of communicable disease, diabetes and cancer; control, sanitation, and maternity and infant clinics. He commended the Junior Chamber of Commerce for doing a good job helping with the maternity and infant clinic here.

He also mentioned the various phases of sanitation, such as inspection of eating places, supervision of milk supply, and rat and mosquito control.

Dr. Beaumont has been director of the health department since 1946, and his territory, covering Highlands, Glades and Hendry counties, is the largest in the state.

Following Dr. Beaumont's talk, William Power of the Health Department displayed a film, "Mr. Williams Wakes Up," showing how steps should be taken to make one town clean and sanitary.

Probable Starting Lineup

Name	Pos.

Harper	P
Ellis	C
Pabor	SS
Kelley	RF

The Avon Park Red Devils, coached by Edson R. Carter and Joe Franza, make their journey to Ft. Meade tonight where they will play their first game of the 1951 football season. The Red Devils are in high hopes of catching up a "Win" in their first bid. The chances of defeating the Ft. Meade Miners is pretty hard to predict as their playing ability has not been tested yet. The Red Devils will do under game conditions will be seen tonight. The same thing holds true with the Ft. Meade Miners. Ft. Meade has but two returning lettermen on their squad this year. The Miners "B" squad coach last year is the new varsity coach this year.

The Red Devils will field a strong team this season that it has in the past few seasons, however the extent of which has not been determined. This year's team has gained in weight, height, and speed. Figure the weights tag, from the probable starting lineup. The back field will average 165 pounds and the back field will average 151 pounds. Still on the light side both on the line and in the back field, but an improvement over the past.

These improvements mentioned are not intended to mislead you. It is a fact that the team is anything other than that the team as a whole has improved. No predictions or promises for the outcome of this season are made either by this column or by the Red Devils' coaching staff. However, at the same time it has been made, it is felt that it has more so defensively than offensively.

To say which team will leave the field tonight in victory would be purely a guess. This writer is of the opinion that the Red Devils will win, but does not wish to stick his neck out and say they will come out on top. It is his guess that the points will decide the margin of the winner.

In addition to the starting lineup, Claude Sparks, Shirlon McCoy, and Jack Wingard will be the key substitutes, however, most of the players on the squad are expected to see action tonight. The remaining are Varnes, Collins (B. J.), Collins (M.T.), Davis, Cribbs, Griffin, Smith, and Lagoni. Glenn Harper will not play tonight due to an injured finger.

CAR ACCIDENT RESULTS
IN LEG AMPUTATION

Ronnie Edwards of Lake Wales was operated on at Orange General Hospital, Orlando, Wednesday, his right leg being amputated above the knee. He is reported in fair condition.

Ronnie is the 16-year-old son of Mrs. Bonnie Williams, Avon Park, and Jesse Edwards, Lake Wales. He is the grandson of Mr. and Mrs. H. Douglas of this city.

He was injured Friday, Sept. 14, when he lost control of the stripped-down car he was driving. He and the boy with him jumped when they saw that the car would hit a tree, but Ronnie's leg was pinned between the car and the tree trunk. He was injured at the hospital in Lake Wales, then rushed to Orange General Hospital in Orlando. Every effort was made to save Ronnie's leg, but amputation was finally necessary.

Cut flowers keep longer when a pinch of salt is added to the water.
