Rotary Honors Lester Armstrong

Editor's Note: The following letter has been received by Mrs. Louise Armstrong, and we are proud to print the same.

The Rotary Foundation
of
Rotary International
Mrs. Louise Armstrong
Avon Park, Florida
Dear Mrs. Armstrong:

We have recently received a fine contribution to the Rotary Foundation from Mallory Roberts, District Governor. Rotary International. This contribution was made to the Rotary Foundation in memory of your late husband Lester Armstrong. In Governor Roberts' letter to the Foundation he wrote concerning Mr. Armstrong, "He was one of the most devoted Rotarians I ever knew and one of the best secretaries in our district, one that will be missed by his own club as well as all of us throughout the 244th District."

As you perhaps know the purpose of the Rotary Foundation is to advance peace, goodwill and understanding to the peoples and nations of the world. Since these are the ideals in which Mr. Armstrong so strongly believed, it seems most fitting that Governor Roberts should want to contribute to the furtherance of these ideals.

I know that Lester Armstrong's memory will live on in the minds and hearts of his Rotarian friends as well as all those who knew him.

Sincerely,
Philip Lovejoy
Secretary

The above picture was taken at the last regular meeting of the Blue Lodge at the Masonic Temple, when Reason Shivers, president of the Masonic Temple Association, presented Brother Ira McLarren with an honorary membership certificate in the association. The membership was awarded by the board of governors for an outstanding act performed by Mr. McLarren.

Mr. Shivers, on behalf of the association, states "We, as citizens, not only as Masons, of Avon Park, are glad that we have such fine friends who come to our town to spend winter after winter, often eventually buying homes and remaining the year round. We think that we can boast of having one of the finest group of tourists of any town in the state.

"Mac, we hated to see you go north, but we will be looking for you and Mrs. Mac and your friends back this fall—not for our financial gain, but because you and the other tourists serve our community and our churches, making our town a better place to live in by coming this way."

Studebaker; second year "You and Your Church" with Rev. Schulz; third year "Living as A Christian Today" with Rev. Nelson. Workshops, hobby groups and craft classes are held in the afternoon together with outdoor recreation and athletics.

MARINE CORPS, PLATOON LEADER CLASS

Lakeland, Fla.—(Special to the Avon Park Sun)—Sergeant Donald Lawliss, representing the Marine Corps Recruiting Office at Lakeland, announced the opening of the Marine Corps' Platoon Leaders Class.

Qualified Freshmen, Sophomore and Junior students will be required to attend summer training of six weeks duration but must attend both junior and senior courses. Upon satisfactory completion of this training and when graduated from an accredited college or university will lead to commission in the Marine Corps Reserve.

Sgt. Lawliss visits Avon Park on Tuesdays from 10 to 1 p.m.

(Written Exclusively for Florida's Weekly Press)

Washington — I had the first opportunity in a week the other night to be with my family for a meal. I saw my son John for the first time since the previous Sunday when I had visited with him briefly while carrying him to Sunday School on my way to the office.

The Senate held long sessions all week, opening two hours early and continuing until 10 p.m. and later daily. This probably will continue through July 5, target date for adjournment. We were at work continuously with scarcely enough spare moments for a sandwich.

* * * *

One of the important measures the Senate debated in detail was the Defense Production Act.

Some time was spent considering the section relating to the Wage Stabilization Board which many had blamed for the steel strike. I had objected many times to what appeared to be WSB partiality to one side in the wage dispute.

Senator Long and I joined in sponsoring an amendment which would have given the "general public" greater representation on this board than either "labor" or "management". I stated that the general public's interests in these matters should always be supreme, pointing out that "no part should ever have dominance over the whole." In other words, this was another case where we should guard against the tail wagging the dog.

We made a good fight, but lost by two votes. The scrap had made some impression, however, for an amendment finally was adopted to provide equal representation and the manner of operation of the WSB was substantially changed.

Senator Holland and I waited for weeks for the opportunity to remove the OPS law authority to control prices of fresh fruits and vegetables. It finally came late Wednesday night, and we persuaded the Senate to make this change. Senator Holland was magnificently forceful in his presentation and I was pleased to be at his side on this issue.

Soil Conservation

Several cooperators of the Highlands Soil Conservation District have been planting Hairy Indigo in their groves for a soil building cover crop. Mr. Cribbs of Avon Park and supervisor Cole Danley of Lake Placid is now planting indigo in their groves and Jim Sellers of Lake Placid is planting indigo in his pasture.

Walter Mandis of Avon Park reports a good stand of Alyce Clover and blanket of indigo in improved pasture. In addition to the grazing and soil building benefit from the indigo and clover he plans to cut hay for winter feed. Mr. Mandis fertilized at the time of planting and plans to refertilize each time he cuts for hay.

Supervisor Ivey Futch of Lake Placid has a good cowpea cover crop in his Arbrook grove and plans to work it into the soil this summer to build up the land and increase the water holding capacity.

Some of the fortunate ranchers that have planting stock are now planting pangola grass. M. C. Dopler has just finished planting about 150 acres, however, most people that have had the land ready are waiting for planting material. The ones that don't have a source of planting contact the Soil Conservation office in Sebring or phone 3001. The Highlands Soil Conservation District's nursery plots will be ready for mowing between the first and middle of July.

See You IN CHURCH Sunday.

Text: Exodus 3:14

THE RESPONSIBILITY OF LEADERSHIP

Moses' responsibility was the understanding service of His Creator. Present tense, for in the great I AM made of all time. He is a fitting example of what our leaders should be today. He possessed commendable qualities for leadership which are always essential.

First, Moses was a man of godly character. He was reared in the King's household as the son of Pharaoh's daughter. By choosing rather to suffer affliction with the people of God, than to enjoy the pleasure of sin for a season; esteeming the reproach of Christ greater than the treasures of Egypt: for he had respect unto the recompense of reward. By faith he forsook Egypt, not fearing the wrath of the king: for he endured, as seeing him who is invisible."

There are several things in the record of this great man that clearly indicate the high quality of his piety. He made a definite choice on the side of God and right. He identified himself with God's despised people. He had a vision of God's glory and lived not only for the day, but for the future.

The first and most essential qualification for leadership is character, genuine piety, and rightness of relationship with our Lord. A stream never rises higher than its source. The laborer must first be partaker of the fruits. Keep the leaders of a church godly, spiritual, genuine, sincere and true and the church of God will go on victoriously in this great conflict.

We must not only be morally and spiritually right, but we must be doctrinally correct, especially in our emphasis of that "holiness, without which no man shall see the Lord." If there is any wavering in the essential truths of our theology, then we should step aside and let others take our place who know where they stand and have some definite convictions.

Second, Moses received a Divine command and commission. "Now Moses kept the flock of Jethro his father-in-law, the priest of Midian: and he led the flock to the backside of the desert, and came to the mountain of God, even to Horeb. And the angel of the Lord appeared unto him in a flame of fire out of the midst of the bush: . . . and said Moses, Moses. And he said, Here am I. Come now, therefore, and I will send thee unto Pharaoh, that thou mayest bring forth my people the children of Israel out of Egypt."

Through all the changing scenes of the life and leadership of this great man, he never wavered nor doubted God's call and plan for his life. Every leader and every minister in the church must be God-called and God-commissioned. There is nothing like a definite call of God in the soul to hold the individual steady in times of pressure, storm, and stress.

We trust that it will not be thought that we are assuming too much to say that when, after prayer and without prejudice, a person has been selected to a position in the church by the vote of God's people, he is also selected by God for that place. When the church at Antioch led by the Holy Ghost, set Saul and Barnabas apart for a certain designated task, they were just assured that God had selected and appointed these called of God and called by the church. Similarly, you are under Divine appointment and commission. In the church, you can go for less and be content, or gain; but under God, you must labor for the interests of His Kingdom. You will note that Moses' task was a difficult one, but the fact that the great "I AM" was with him sustained him in his contests with wicked Pharaoh.

Third, Moses had a meek and humble spirit. When God appeared to Moses and gave him his call, we find this great man saying, "Who am I, that I should go unto Pharaoh, and that I should bring forth the children of Israel out of Egypt" (Ex. 3:11). Again, "Moses said unto the Lord, O my Lord, I am not eloquent, neither heretofore, nor since thou hast spoken unto thy servant: but I am slow of speech, and of a slow tongue . . ." He said furthermore, "O my Lord, send, I pray thee, by the hand of him whom thou wilt send" (Ex. 4:10-13). Although God rebuked Moses for his reluctance, yet his attitude reveals an admirable spirit.

In God's great work there is no room for human exultation. The God-called and God-commissioned leader must glory only in the cross of our Lord Jesus Christ. We can labor effectively only by God's help. Without Him we fail completely! The wisest and most capable among us know but little. Experience is a great teacher, but even those who have been longest in the ranks of leadership have much to learn. Let us then be humble servants of the Lord Jesus; otherwise we shall fail. Were it not for our great Captain there would be nothing but confusion and failure in the ranks, "but if Jesus leads this army, we shall outshine the sun." It is said that humility is the greatest of graces. Certainly there is no scriptural place for boasting over our own attainments or successes.

THUMB-SUCKING

Mothers sometime despair of ever making their child from the habit of sucking its thumb.

The habit usually becomes established during the early months of life, the teething period, or sometimes later. If it persists after one year, it is likely to run a long course disappearing between two and five years of age. It may even be kept up on into adult life.

For the very young baby, thumb-sucking requires no treatment. The action is so common among new borns until it appears that babies come with the tendency to suck some object. Since the hand is the object most often closest to the mouth, the baby siezes the thumb or the first fingers. The tendency usually disappears after the first few months.

If the mother worries about the baby sucking its thumb or fingers, a pacifier can be substituted. This can be taken away toward the end of the first year.

When thumb-sucking is indulged in during the waking hours after the first year, treatment should be directly toward correcting the underlying cause, usually over-fatigue, boredom or unhappiness. Rest, ample opportunity and facilities for play should be assured. In older children, promise of a reward, appeal to the child's vanity or will power, or the wearing of a glove as a reminder is usually successful.

Thumb-sucking is not harmful to the teeth but the sucking habit may displace them. When the pressure is removed the teeth usually resume their original position provided the habit is not continued for a considerable length of time. No deformity of the mouth will be caused unless thumb-sucking is carried to extremes.

Miss Sujette Dorminey Weds David Lanier In Church Ceremony

MRS. DAVID FREDERICK LANIER

Miss Sujette Dorminey, daughter of Mr. and Mrs. William Dunbar Dorminey, became the bride of David Frederick Lanier, son of Charles Everett Lanier, and the late Mrs. Lanier, in a beautiful candlelight ceremony at 8 o'clock Saturday night at the Union Congregational Church.

The Rev. Herbert D. Groetz performed the single ring ceremony in the presence of a large gathering of relatives and friends. Mrs. Earl Jackson, organist, presented a program of nuptial music preceding the ceremony. Miss Myrna Longbottom sang the Lord's Prayer (Malotte), as the couple knelt before the altar at the close of the ceremony.

A circular fan-shaped arrangement of palm fronds formed a background for myriads of white gladioli blossoms, and tall tapers burning in branched candelabra created a soft illumination.

The bride, given in marriage by her father, wore a picturesque gown of nylon tulle over bridal satin. A hand rolled nylon yoke was accentuated by an off-shoulder neckline embroidered with pearls in a floral design. Satin piping outlined the sculptured bodice, and the long sleeves tapered to points over the wrists. The bouffant skirt of tulle terminated in a chapel train. Her fingertip veil of silk illusion fell from a bouquet of imported hand - run Valencian lace, and she carried a sheaf of white nylon tulle and gladioli, centered with a white orchid, and showered with stephanotis.

Mrs. Richard B. Wiggins, of Ft. Lauderdale, attended her sister as matron of honor. She wore a gown of orchid nylon net, fashioned over taffeta, with narrow ruffles on the strapless bodice to match a bandeau style worn about her shoulders. The bouffant skirt was encircled with alternating ruffles of the fabric. Her flowers were orchid gladioli, accented with a purple fan of nylon net.

Mrs. Dorminey chose for her daughter's wedding, a dressy rose ensemble, complemented with an orchid gladioli corsage, worn at low waistline.

Howard Todd, of Lake Wales, attended the groom as best man. Ushers were Vernon Lanier, brother of the bridegroom, Richard Wiggins, brother-in-law of the bride, Terry Lawless, of Lake Alfred, and Buddy Campbell, of Sebring.

Mr. and Mrs. Dorminey entertained at a reception in the Palm Room of the Jacaranda Hotel, immediately following the ceremony. The decorated wedding cake encircled with gardenia blossoms formed the centerpiece for the bride's table overlaid with a white organdy cloth. Candles, in graduating heights, tied with satin ribbons and gardenias, burned in crystal candelabra at opposite ends of the table, to reflect on gardenias backed by a nylon tulle fan, which completed the decorations. A huge ball of gardenias centered the punch table, with sprays of the fragrant white flowers extending to the punch bowls at either end of the table. A huge fan of gladioli formed a background for the receiving line, and further emphasized the fan motif, chosen for the details.

Mrs. Vernon Lanier was at the bride's book, and the little Misses Sandra and Patty Wiggins, nieces of the bride, wearing crisp organdy pinafore frocks, in pastel shades, served wedding mints from silver baskets.

Others assisting in the hospitalities were the Misses Gloria Sheffield, Helen Jarrett, Patricia Smith, Arden Anderson, Ouida Fields, Mrs. Cecil Skipper, Mrs. Herbert Todd, Mrs. A. C. Wester Jr., Mrs. Robert Barben, Mrs. James L. Hetherington, Mrs. J. D. Kinsey Jr., Mrs. Fred Montedeoca, Mrs. William Hood, Mrs. C. O. Locke III, Mrs. E. G. Touchton, Mrs. R. L. Padgett, Mrs. Roscoe Bass, Mrs. R. R. Porterfield, Mrs. Earl W. Hartt, Mrs. D. G. Perry, Mrs. John H. Hood, Mrs. E. G. Todd, Mrs. W. Jack Head, Mrs. J. A. Johnson, Mrs. W. C. Touchton, Mrs W. S. Betts, Mrs. S Thayer, Mrs S. F. Longbottom, Mrs. L. D. McGilvery, Mrs. J. Paul Garber, Mrs. C. Parke Anderson, Mrs. T. H. Maxwell, and Mrs. W. M. Hetherington.

After spending some time with their guests, the couple left for a wedding trip to Nassau. The bride wore a smart grey theme fabric, with yellow and grey accessories, and the orchid corsage lifted from her wedding bouquet.

Upon their return, the couple will reside in Gainesville, where Mr. Lanier is a law student at the University of Florida.

Among the out-of-town guests at the wedding were Mr. and Mrs. Wilford Burkhart, Miami; Mrs. W. D. Dorminey Sr., Fitzgerald, Ga.; Mr. and Mrs. G .D. Workman, Winter Haven; Mr. and Mrs. S. S. Thayer, Thomas Thayer and Miss Tirzah Thayer of Orlando; Miss Edna Pearce, Fort Basinger; Mr. and Mrs. M. B. Wingfield, Daytona Beach; Murray Overstreet, Kissimmee; W. A. Lanier, T. L. Mrs. Putney Here Since 1895 Honored On Birthday

A pleasant little celebration took place last Friday at Mrs. Cora Wray's. It was Mrs. Putney's 85th birthday. Several of the neighbors — Mrs. Heim, Mrs. Weaver, Mrs. Sanders, Helen Mann, and Mrs. Walden — as well as several of her Episcopalian friends — Mrs. Gilmore, Mrs. Jordan, Mrs. Betts, and Mrs. Mandis — brought gifts, flowers, candy, and good cheer throughout the day. Fred Smith sent enough candy to last for weeks. All was very much appreciated.

Mrs. Caroline Everton Putney was born June 6, 1867, at Birmingham, England. Her father, John Hewey Everton, was owner of a wholesale grocery store. She and her brother, Charles, came from Canada to Avon Park with Mr. and Mrs. John Henry Cheape in October, 1895, the Cheapes being from The Isle of Wight and one one the wealthy and influential English families that have helped establish Avon Park as a friendly and cultured community.

On January 1, 1900, Miss Everton married Edwin DeForest Putney, a high school principal from Jamaica, Long Island, who came to Avon Park in 1890. He taught school here and Mrs. Mandis, Victor and Fred Smith, and Fannie Reeves Spink were among his pupils. He traded an apartment building for the Sperring grove, now owned by Fred Smith. Mr. Putney built three houses between State and Bell streets, and lived in one of them several years, but he is best known as the owner of 20 acres on Lake Thompson, now known as Lake Brentwood, where he built two houses, one of which he sold to Mrs. Beulah Marsh in 1913. The other, now owned by Charles Hale, was his home until his death February 3, 1940. He was one of the first to grow mangoes of the sandersk and mulgoba varieties, strawberries, lichi nuts, etc., on his rich muck land.

Mrs. Putney, who is a very intelligent and well-informed little lady, lost her eyesight in 1936, and the last three years has been tenderly cared for by Mrs. Cora Wray at 21 West Charles Street.

During her early days and until she lost her sight, Mrs. Putney was a faithful church worker, helping to raise funds for the building of two churches, the Union Congregational and the Episcopal, of which latter she is a member.

Library Committee Seeks Operating Funds

The Library Committee of the Avon Park Woman's Club met on June 9th to attempt to devise ways and means of financing its operations. Heretofore, the operation of this worthy service to this community has been financed through the fee of $1.00 annually for a library card, plus the small amount collected in fines for tardy books and an amount given by the City Council from the City's funds. In addition, the Woman's Club gives a small annual amount, and the annual Library Tea has brought in an average of about $100.00. The total from all these sources on the average amounts to $650.00 annually.

The minimum annual budget to operate the library so that it can be kept open daily would be approximately $2000.00. To bridge this difference of some $1350.00, the committee has decided to undertake a drive begining in September to secure sustaining memberships of $10.00 or more annually from interested citizens of the community to be entitled "Friends of the Library".

Mrs. E. G. Todd, chairman of the Library Committee, stated in a recent interview, "Surely there are 100 or more citizens of this community who, realizing the cultural value of our public library, would be willing to contribute that small amount annually in order to see it properly staffed and operated."

The Library Committee is composed of the following ladies: Mrs. E. G. Todd, Chairman, Mrs. Walter S. Betts, Treasurer, Mrs. R. R. Porterfield, Mrs. Alice Sherman, Mrs. R. H. Jordan, Mrs. Alexander Gilmour, Mrs. F. A. Truan, Mrs. A. C. Wester Sr., Mrs. Floyd Wells and Miss Avis Slaughter, Librarian.

POISONED MEAT FOUND

The dog and cat poisoner at work in Avon Park should be reminded that such a poisoner, if caught, is subject to a stiff fine or a jail sentence, by city ordinance.

Both dogs and cats have been victims of poison recently. Mrs. Ida Collins, who lost three pet cats, later found in a vacant lot near her home a piece of meat which she turned over to the police. The meat, sent away for analysis, was reported to have contained arsenic in fatal quantities. How can the person who is placing this poisoned meat around be certain that only the animals he wishes to destroy will eat it?

He: Do you believe in free love?"
She: "Have I ever sent you a bill?"
