MAIL BAG(Below are excerpts from a letter
recently sent to Malcolm K.
Crews, City Clerk, from Colum-
bus, Ind., by a winter resident
and home owner.)My Dear Mr. Crews:
—They, the people in Avon Park,
likewise a pleasure and an honor
to be permitted to own property
and be part-time residents of the
beautiful, hospitable and pro-
gressive City of Avon Park.—The people in Avon Park
are sociable, friendly, kindly
disposed and that goes for the
tourists there also.—From my observation you
have and are rendering good gov-
ernment, fine service to the
people of Avon Park. This com-
pliment I wish to extend to you,
your fine office force, the Mayor
and to the members of your City
Council and others of your city
government I know.—The environment of the City
of Avon Park is wonderful. Mrs.
Volland joins me in this.Sincerely yours,

WHY GAS DOLLARS GO SO FAR
IN THE FORD SIXNO SIX-CYLINDER ENGINE
IN ANY CAR AT ANY PRICE
REDUCES GAS-WASTING ENGINE
FRICTION SO EFFECTIVELY!The main reason for Ford's high-compression Mileage
Maker Six economy is that the pistons travel a
shorter distance for every mile you travel. This
means that less of the gas you buy goes to
overcome piston friction (the major
cause of engine friction). It also
means that there is less engine
wear... and so, your Ford will
be worth more longer! Remember,
Ford's Mileage Maker Six is
the most modern of all
Six-cylinder engines!Fifty Years Forward

"TOO LATE TO CLASSIFY"

By Russell Kay

Listening to a quiz program the other evening I was impressed with the pitiful lack of knowledge displayed by some of the contestants relative to simple questions that every alert American should be able to answer unhesitatingly.

While contestants had no difficulty in answering such questions as "Name three members of the pitching staff of the New York Yankees," or "Identify the location of Madison Square Garden, Shibe Park and Soldier's Field," they were stricken dumb and were still speechless at the bell on such questions as "Name three members of the Supreme Court of the United States," and "Name

the 13 original states."

It evidenced the weakness of our educational system in teaching the simple principles of Americanism and our failure to do a real selling job for America in our schools and colleges.

Young America can promptly identify Barbara Stanwyck but has forgotten, if it ever heard of, Barbara Fritchie. We know more about "Minute Maid" than we do "Minute Men." The name "Sheridan" registers as "Ann" and not "Phil." The prefix "Old" seems more important in connection with the name "Taylor" than "Zachary."

It is heartening, in the face of this deplorable situation, to find that one of our institutions of higher learning has taken cognizance of the situation and has established a Department of

American Culture which now offers students a Major or Minor in the field of "The American Idea."

The American Course was inaugurated in the summer of 1931, with a seminar course on this history of American Education. By the fall of 1932 the complete course had been organized with 150 students enrolled.

Special Americanism classes include such subjects as The History of American Institutions, The Bible and Foreign Culture, American Literature, Comparative Government, Exposing the Fallacy of Communism, History of the United States, Christianity in America, American Music, American Art, American Writers, American Culture, and Management of American Labor Relations.

Florida Southern College is the first in the nation to establish a

course in Americanism. It is certain to spread to other educational institutions, and a few years from now Southern may point with pride to the fact that here began such an important advance in American Education. By the Florida Southern's plan of helping to make a stronger and greater America by making stronger and better Americans aroused the interest of many prominent citizens outside of the educational field.

These folks recognize that a small independent college needs funds to build such a new department. In the belief that Southern's leadership will help encourage other colleges to give more thought to teaching Americanism, an "Americanism in Education Committee" was recently organized under leadership of Samuel I. Fletcher of West Palm

Beach to raise funds through contributions to further this worthwhile movement.

The committee hopes to expand its activities throughout the state with a minimum goal of \$100,000 to maintain and enlarge Florida Southern's Department of American Culture. Chairman Fletcher has issued an appeal requesting anyone desiring to support the information to write him at 195 Belmonte Road, West Palm Beach.

"This is a 25 year plan to combat Socialism and Communism on the College Campus," points out Fletcher. If properly guided, it will give this nation better qualified leadership in the years ahead.

Let's all cooperate to make true Americanism as popular and familiar to the average citizen as hot dogs and Coca-Cola.

Year-Round, All-Around "Work Horse" The Universal Jeep Pays its way FAST!

SPRING

When roads are quagmires, rutted from thaws and you see cars and trucks stalled in mud up to the axles—watch and marvel at the world-famous 'Jeep' pull right through. Ideal for rural mail delivery... or for any vehicle operation that calls for schedules and emergency use.

SUMMER

Whether it's delivering cargo, digging post holes or moving stone, hauling trees or plowing—or any of several hundred jobs around estates, ranches, mines, farms, camps—the 'Jeep' is the pet of all who want those jobs done fast, well and in comfort.

FALL

Seasons never face the sturdy 'Jeep' "work horse". Jobs to be done in the Fall lead naturally to this reliable vehicle that can climb a 60 percent grade—that operates almost as smoothly and effortlessly off the highway as it does on.

WINTER

Here is where the 'Jeep' is in its glory—for deep snows or ice that stop dead most every other car or vehicle find the 'Jeep' operating normally. It's the power and drive to all four wheels that does the trick.

Never in the history of transportation has any vehicle earned such a reputation for unbelievable feats of "getting through" where nothing else can even move. Such exploits are now commonplace for the 'Jeep'. But they should mean much to you!

When you buy your 'Jeep' know that it is powered with the new Hurricane 4 Engine—70 h.p., high compression

that uses regular gasoline. This motor, which now delivers 20 percent more efficient power, is regarded as the finest of its size in the world. That motor is the heart of the 'Jeep's' great reputation.

You can make no wiser decision than to order a Universal 'Jeep' for year-round, all-round work... now. See your Willys dealer for a demonstration.

Soil Conservation News

Mr. Turner Wallis, Chief Engineer of the Central and South Florida Flood Control District gave a very interesting talk to the Sebring Rotary Club Monday on the activities and progress of the Flood Control District. Wallis stated that the efforts of the Highlands Soil Conservation District in the early 1950's had paved the way for a coordinated flood control plan for the county. The Soil Conservation District along with other local agencies are working in cooperation with the Flood Control District in an effort to fit the flood control facilities to the potential land development of this area.

Immediately following the luncheon a meeting of Flood Control, County Agent, Soil Conservation Service representatives and land owners was held. Jack Sims of Lake Placid stated the flood problem that was already apparent on Lake Placid, June and Francis. The Flood Control indicated that their hyacinth crew would clean the rubbish from Jack and Josephine Creek soon.

Representative Edna Pearce and Charles Lykes stated that the enlargement and extension of Slough Ditch was the number one Flood Control need of the landowners south of Lake Istokopos. Lykes stated that the landowners were unanimous in their belief that adequate facilities down the Slough Ditch route would solve 75% of the landowners flood control problems.

SEINING PROGRAM DISCONTINUED BY BOARD

Immediate cessation of its controversial seining program was announced by the Florida Game and Fresh Water Fish Commission after a hearing on the pros and cons.

The program had run for about three years and was supposed to prove, once and for all, whether limited seining would help or harm sports fishing.

Opponents of the program have contended since its inception that it destroyed more game fish than it preserved and was simply a device that permitted commercial fishermen to traffic in fresh water fish that otherwise would be kept off the market.

MRS. ROLAND L. DILLEYBeautiful Ceremony
Unites Miss Blair
And Roland Dilley

First Methodist Church was the scene Saturday night, June 27, of the wedding of Miss Mary K. Blair and Roland L. Dilley. The bride is the daughter of Mr. and Mrs. Harry E. Gibson, of Avon Park and St. Paris, Ohio, and the bridegroom is the son of Mr. and Mrs. Clifford Dilley.

The Rev. H. Edward Garrett performed the double ring ceremony. Mrs. J. B. Coon, Jr., organist, and Miss Lynn Longbottom, soloist, presented a program of nuptial music.

The bride, given in marriage by her father, wore a gown of white nylon over organza with lace medallions scattered over the skirt, and a foundation of bridal satin. The tulle bodice was fashioned with soft off-shoulder folds and puff sleeves, adorned with sequins and pearls. The skirt extended into a slight train. Her lace-edged veil of illusion fell from a halo entwined with pearls. She carried a white Bible topped with a yellow-throat orchid.

Mrs. Joe D. Kinsey Jr., sister of the bridegroom, attended as matron of honor. She wore a ballerina length strapless gown of Nile green nylon net, with a matching stole, and mitts, and full skirt over crinoline foundation. Her short veil was held in place by a narrow petal band and she carried a nosegay of orchid carnations.

Miss Barbara Pixler, bridesmaid, wore an orchid gown identical to that of the honor attendant with matching stole and mitts. Her short veil was attached to an orchid petal band and her flowers were a nosegay of green carnations.

Miss Cindy Metcalfe served as flower girl. Her dress of yellow organza and matching accessories was identical with those worn by the adult attendants. Gary Kinsey, nephew of the bridegroom, was ring bearer.

Mr. Dilley attended his son as best man, and ushers were Charles Whitehurst, Leon DeLaney, Bill Hood, and Harry Hood.

Immediately after the ceremony, Mr. and Mrs. Gibson entertained at a reception in the Palm Room of the Jacaranda Hotel. The bride's table, overlaid with a white damask cloth, held a tiered wedding cake as its centerpiece.

Out of town guests included Mr. and Mrs. C. S. English of Miami, Mrs. A. J. Turner and children—Bobby, Jeff, and Martha Ann—of Gainesville, and Mr. and Mrs. N. A. Lockett and son, Jerry, of Leesburg.

When the couple left for a wedding trip to Ohio, the bride was wearing a navy blue and white embroidered organza suit, with navy accessories, and an orchid corsage.

Upon their return to Avon Park, the couple will reside on Lake Angelo.

Bridge-Luncheon
For Miss Anderson

Miss Arden Anderson, whose wedding has been planned for August, was entertained at a bridge-luncheon at the W. S. Betts home Friday, June 19. Mrs. Betts, Mrs. S. N. Reeves of Wauchula, and Mrs. D. G. Perry were the hostesses.

The party was also a linen shower, with Miss Anderson receiving many beautiful and practical gifts for her future home.

Vivid hibiscus blooms decorated the party rooms.

Morning Party For
Miss Anderson

Mrs. C. E. Lanier and Mrs. H. C. Worden were hostesses at a morning Coca-Cola party for Miss Arden Anderson, held at the Lanier home on Lake Lotela Thursday, June 25. Guests called from 10:30 to 12:00 o'clock.

Refreshments were served on the loggia from a table spread with a white madras cloth and centered with white Juliana lilies. A smaller table held Coca-Colas in a tray of cracked ice, over which were scattered hibiscus blossoms. Arrangements of white flowers decorated the living room and loggia.

Mrs. Vernon Lanier, Mrs. David Lanier, Mrs. Nels Klueberg, Mrs. James A. Johnson, Mrs. W. S. Betts, and Mrs. Paul Rumspe assisted the hostesses.

Women of Moose
Install Officers

The Women of the Moose installed new officers Monday night at 8 o'clock. The installation ceremony was held at Moose Hall.

Officers installed were Estelle McGinnis, senior regent; Ruth Heim of Frostproof, graduate regent; Lois Smith, junior regent; Minnie Williams, chaplain; Mary Pollock, recorder; Elizabeth Wardlaw of Frostproof, pianist; Alma Middleton of Sebring, argus; Joyce Clark, sentinels; Lillian Williams, guide; Catherine E. Campbell, assistant guide.

The installing officer was T. J. McGinnis, past governor. Theresa Mott of the Sebring chapter was installing chairman. Mary Alice Elder was installing chaplain, and Bobbie Ruth Thompson of Frostproof was installing guide.

Refreshments were served after the meeting.

It was an open meeting. Members of the Local Order of Moose and guests were invited.

Youth Center Talk

This is an appeal to all teenagers to bring both their parents to a Youth Association meeting at the Teen Club on Saturday week, July 11. Get them to see this one night this year. This is not an election of officers, but an opportunity for them to see what needs to be done to help us have a better club. We particularly want you to bring them if they have any objections or suggestions.

Our club is one of the state's largest, and growing. We have Frostproof, Sebring, and Wauchula attending regularly. It is a city supported. It is a good place to spend your Saturday evening. It is here to stay. When we have to give up the Army as a meeting place, we will find another.

Jack and I have completed a year now as your directors. We want you to know—if you do it already—how fond we are of all of you. We have enjoyed being a part of your club.

Candlelit Ceremony
For Bass-Kimbrough
Wedding

Before a altar banked with palms, baskets of white gladioli and asters, and tapers in candelabra, the marriage of Miss Annvye Jean Bass and Curtis M. Kimbrough was solemnized in the Florida Avenue Baptist Church, Saturday evening, June 27, at 8:00 o'clock.

The bride is the daughter of Mr. and Mrs. Vernon C. Bass, and Mr. Kimbrough is the son of Mr. and Mrs. John P. Creel, all of Avon Park.

The Rev. Lawrence M. Collins of Clewiston officiated at the double-ring ceremony. A program of nuptial music was presented by Mrs. Trumie Hayes, pianist, and Miss Betty Joyce Selph, vocal soloist.

The bride was given in marriage by her brother, A. L. Vernon Eldred Bass, of Miami. Her gown was of Chantilly lace combined with nylon tulle over bridal satin; the molded, elongated Chantilly lace bodice had a scalloped neckline over an illusion yoke of tulle, with tiny collar and long, fitted sleeves, buttoned at the wrist, of the lace. A scalloped lace insert decorated the full skirt. The bride's fingertip veil of nylon tulle fell from a pearl tiara adorned with lilies of the valley. She carried a white Bible topped with a purple-throat orchid, and showered with carnations.

The maid of honor, Miss Betty Joyce Selph, wore a ballerina-length gown of pastel pink nylon net over matching tulle, fashioned with strapless bodice, and worn with matching stole, gloves, and halo hat trimmed with white lilies of the valley. She carried a nosegay of pink carnations.

Miss Fredonia Mott was bridesmaid. Her pastel blue gown and accessories were identical with those worn by the honor attendant. Her nosegay was of blue carnations.

Sgt. Donald A. Carter of Fort Bliss, Texas, was best man. Ushers were Gilbert C. Woods, nephew of the groom, and Clyde A. Bass, brother of the bride. A reception was held at the home of Mr. and Mrs. Floyd Hayes, 101 North Central. The bride's table, overlaid with a white cloth, was centered by a three-tiered wedding cake, encircled by fern and white Florida gardenias, and flanked by candelabra.

Mrs. Trumie Hayes, Miss Barbara Woods, Miss Fredonia Mott, Miss Betty Joyce Selph, Mrs. George B. Pittman, Mrs. Paul Conner, Mrs. Eldred Bass, and Mrs. Vernon C. Bass assisted with the festivities.

Out of town guests included Mr. and Mrs. R. W. Silvers of Sebring; Mrs. Talmadge Smith and Miss Barbara Woods of Orlando Beach; Mr. and Mrs. Paul Conner, Mrs. George B. Pittman of Tampa; Mr. and Mrs. Eldred Bass of Miami; Mrs. Annie Bass, Mrs. Kate Lawther, Mr. and Mrs. Hugh King, Gaynell King, and Phillip Roberts, of Wauchula.

When the couple left for a tour of the Florida east coast, the bride wore a navy-blue crepe dress with shirred bodice, with matching hat, white accessories, and white orchid corsage.

Upon their return, Mr. and Mrs. Kimbrough will reside on South Verona Boulevard.

Mrs. McAfee Given
Surprise Shower

Mrs. Joseph McAfee was honored at a surprise stork shower Tuesday night, June 25, in the Florida Power lounge room. Hostesses were Lois Cornican, Thelma Dilley, and Winona Watson.

Colorful bouquets of spring flowers decorated the room. Pink crepe myrtle and blue plumbago, scattered in fern entwined around the punch bowl, carried out the pink and blue color theme.

Several games were enjoyed, with prizes awarded to Mrs. A. B. Thompson, Miss Emily Marshall, and Mrs. Joseph McAfee.

The climax of the evening was the presentation to the guest of honor of a bassinet decorated with pink and blue and filled with many lovely gifts.

After this, refreshments of chicken salad sandwiches, potato chips, cup cakes iced and decorated in pink and blue, mints, punch, and pink and blue favors containing salted nuts, were served buffet-style by the hostesses.

Those invited were: Mr. L. L. Hall, Mrs. George Walker, Mrs. Charles Locke, Miss Emily Marshall, Mrs. E. T. Earnest, Mrs. McAlister, Mrs. Carolyn Walker, Mrs. C. R. Ginn, Mrs. C. A. Clark, Mrs. A. B. Thompson, Mrs. Elvin Thompson, Mrs. Lucille Cochran, Miss Holly Newsome, Mrs. Dixie Newsome, Mrs. Charles Metcalfe, Mrs. Fred Carter Sr., Mrs. John P. Garber Jr., Mrs. Lucille Childs, Mrs. Edna Shaw, Mrs. Mattie Lou Sparlock, Mrs. Mary Lumsford, Mrs. Henry Marshall, Mrs. James Hetherington, Mrs. W. J. Bigdon, Mrs. R. G. Landress, Mrs. H. E. Keller, Mrs. Dolly Yarnes, Mrs. Boyd Sellers, Mrs. Minnie Brannen, Mrs. Wayne Newsome.

Soil Conservation News

The use of hairy indigo in improved pastures in the Highlands Soil Conservation District seems to have a still brighter future since the rainy season has started. It has been the general opinion that areas seeded to indigo would have to be chopped every summer to keep the indigo coming back but the results seem to be the opposite. Several field inspections made this week on O'Neal and Boney, C. R. Disher, Cleveland Boney and George Wilson Ranches show excellent stands are coming back where the indigo went to seed last fall and no chopping or discing has been done.

If this proves to be successful as a natural reseeding plant without having any further treatment it will be still more valuable as a summer legume and improved grazing, however, several ranchers have expressed their belief that hairy indigo would overpay for itself in the nitrogen that it produces if the cattle didn't eat any of it. The effects of the nitrogen can easily be seen by looking at the difference in pastures where indigo grew last summer and where there wasn't any planted.

Some ranchers did not let last year's indigo plantings reseed themselves and as a result are having to reseed the same fields this year.

The best results have been obtained by grazing indigo pastures for a short time in the late fall, when it is about 12 inches high until late fall, at which time it should be allowed to reseed.

Heard a fella's mixed up a new shaving lotion that's supposed to drive the girls crazy... smells like money.

Game Board Cuts Budget

TALLAHASSEE — An operating budget of \$1,872,861.00 for the next fiscal year was approved by members of the Game and Fresh Water Fish Commission at a recent meeting here, it was reported today by Director Charles W. Pace.

The new budget is lower than that of 1952-53 when \$2,096,145.15 was budgeted for salaries and operating expenses during that period. Pace said that the Commission was going to establish a reserve fund this year for use in case of future emergencies.

Approved budgets for the various departments and divisions include the following:

Administration, \$43,100; Fiscal, \$31,850; Communications, \$37,565; Game Management, \$379,426.50; Fish Management, \$185,075; Information and Education, \$58,900; and Florida Wildlife Magazine, \$123,732.

A combined budget of \$941,312.50 was approved for the five district offices with Northwest getting \$203,775; Northeast, \$185,487.50; South, \$186,200; South, \$209,000; and Everglades, \$156,750.

The Game Commission derives its income from the sale of hunting, fishing and trapping licenses from Federal Aid Projects in game and fish management programs, and from other sources, said Pace. "We receive no money from State Appropriations."

Chevrolet's farther ahead than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

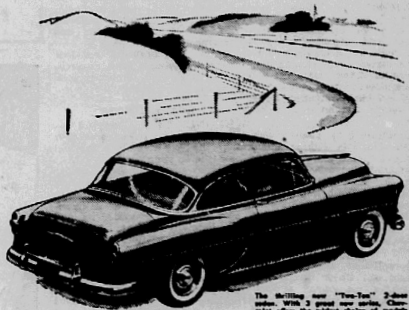

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field. The entirely new 151-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrifty-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 151-h.p. "Blue-Flame" engine available on "Two-Ten" and "Big Air" models only. Power Steering available on all models.

FLORIDA AFLAME TO ADMIT CHILDREN UNDER 12 AT HALF PRICE

In response to numerous requests by business and educational leaders, the board of directors of Lake Wales Players, Inc. has reduced the admission price for children attending the historical drama of the Seminole—Florida AFLAME. A movement in this direction was begun following the premiere performance when a state official suggested that all Florida school children should be required to see the performance at the expense of the state.

"The impressive manner," said one educator, "in which Florida AFLAME tells with unusual attention to historical accuracy, the exciting and thrilling story of the Seminole, makes this a production which every student in the state should be required to see. From one exciting moment to the next, throughout the entire two hours, they would be instilled with the historical facts which are the very heritage of every Floridian."

John W. Caldwell, author and producer of Florida AFLAME, qualified the announcement by saying that, "We are delighted to cooperate with this suggestion. We will admit children age 12 and under for half price during the next two weeks and then determine whether it is advisable to continue with this special reduction."

CARDINAL SCOUTS TO BE AT WAUCHULA JULY 14 AND 15

Wauchula has again been selected as one of the sites of the St. Louis Cardinals' nation-wide trout camps this year. Red Bird Scouts will look for diamond talent there on Tuesday and Wednesday, July 14 and 15, with sessions slated to get underway each day at promptly 10 a. m.

Manager Eddie Stanky stressed the importance of trout camps by relating that, "The Cardinals since 1928 — when they won their first pennant and World Series — have been a first division ball club 23 years out of 27 primarily because they operate the finest farm system ever seen in professional baseball."

Each summer the St. Louis National Leaguers conduct trout camps throughout the country as a means of giving young players in the 17 to 23 age bracket "a chance to win a professional contract."

Players who attend the Wauchula camp are to bring their own shoes, glove and a uniform if they have one. Expenses incident to attending the workouts will be refunded to those signed.

Many people take better care of their automobiles than they do of their bodies.

There is a surprising number of people, many of them job-holders, who do not work.

'TOO LATE TO CLASSIFY'

By Russell Kay

Ralph Blank, manager of the Palm Beach County Resources Development Board, Florida, and particularly Palm Beach County, is receiving some mighty valuable nationwide publicity in connection with a retirement project known as "Neighborhood Village."

On June 11, in convention assembled the Upholsters' International Union, with a membership of 35,000, ratified a retirement plan for members which calls for the construction of some 500 residential units and a self-contained village on a tract located in Palm Beach County, between the Highway and Inter-coastal Waterway in the vicinity of famed Jupiter Light.

Action of the Union climaxes six months of intensive effort on the part of the Palm Beach Board, the Florida State Improvement Commission and the Dixie Florida State Advertising Commission to bring this significant development to Florida. It is believed that this is only a forerunner of other similar retirement projects of unions now watching the move with genuine interest.

Hal Leysan of Hal Leysan and Associates, New York public relations firm handling publicity for the Florida State Advertising Commission, reports that a half column story about the project recently appeared on the front page of the New York Times, and that Business Week Magazine and the Readers Digest have scheduled stories, while Dodge Reports has covered the story in detail and the labor press of the nation is giving it a good play.

The large tract of land on which the village will rise has already been purchased and plans are going ahead for early construction of homes and buildings. The Union's Social Security Department will construct and operate a convalescent and nursing home for insured members and lease other facilities for operation by the Union.

It is significant that this enlightened trade union selected Florida as the site for its retirement village after thorough and careful consideration of numerous desirable locations and that the membership approved the choice at its convention.

Careful surveys of Union members' needs and preferences were made before the decision was reached, and Mr. Blank pays high compliments to the State Improvement Commission for supplying authentic information concerning the advantages that Florida offers the homemaker and investor.

No state has more to offer from the standpoint of retirement living. It is only recently that our state agencies have given full consideration to the opportunities that exist to attract such people to Florida.

"Neighborhood Village" will continue to receive nationwide publicity, and officials of other Unions and organizations will keep close watch on its progress with the view of developing similar projects in this state. It will serve as a sort of pilot plant from which will be built other larger and more extensive developments.

The vision of a modest, comfortable home in Florida among congenial friends and neighbors, gives the Union members something to look forward to. It should make for better labor relations, and industrial leaders should heartily approve such plans and encourage employees to plan and work for such future security.

I compliment the Upholsters' International Union on its wise choice of a retirement development location and Palm Beach County on being chosen for such a worthy enterprise. Floridians should cooperate by welcoming these newcomers and extending all possible help and advice to these worthwhile new neighbors.

SOME CAPACITY

Average person in the U.S. during his lifetime eats about 33 hogs, 10 lambs, eight steers, and four veal calves, according to the Florida Farm Bureau.

The figures are based upon the average life expectancy of 68.3 years and were compiled by the research department of the state-wide farm organization.

Warning — Surprise Air Attack Soon

Need Sky Watchers

Members of the Ground Observer Corps have been alerted to "Stand-By" for a surprise air attack, only this time they know it will be just an unscheduled training exercise put on by the Air Defense Command to test their readiness.

The Miami Filter Center, which is part of the 35th Air Division (Defense), and all Observation Posts in South Florida have been alerted by higher headquarters to an indefinite "Stand-By" status in preparation for other military emergency.

Colonel M. C. Woodbury, Commander of the 35th Air Division has warned all Ground Observer Units and Filter Centers that the coming tests may very well be forerunners of actual warfare and that the experience received will be invaluable in case of enemy bombings.

It is urged that civic groups and lodges will support the corps and send volunteers. Florida Power Corporation will also be asked to send personnel.

We need this practice now to meet the menace of the future. All who are willing to take a turn on duty as a plane spotter should call Mrs. Lagoni, telephone 101-M.

Miami YMCA Camp Dedication July 15

Of Grassy Lake

The Miami Young Men's Christian Association camp on the shores of Grassy Lake, south of Lake Placid, will hold its dedication services on Wednesday, July 15 at 3:45 p. m.

The camp, which has not yet been named, contains a large building extending outward from Federal Highway 27 to the western shore of Grassy Lake. It has a half mile of white-sand beach along a lake of crystal-clear water which the Highlands County Health Department has tested and found chemically pure. The lake bottom slopes out so gradually as to make it ideally safe for both swimming and boating. A newly-built road winds through the trees from the highway to the main building near the lake shore.

The buildings include a central structure to contain dining room, kitchen, camp office, store, director's quarters, rooms for kitchen help, and baths. A broad porch faces the lake. In addition, there is now a cottage for the caretaker, eight sleeping cabins, each pair of which is connected by a screened porch for letter writing and rainy-day activities. In this circle the cabins face outward instead of toward the center. In the center of the circle is a large and wholly adequate building with toilets, shower baths and dressing rooms.

There is a beautiful out-door chapel, an athletic field, an archery range and a well-equipped swimming and boating pier.

Wax content of freshly gathered moss is about five per cent of the plant's weight and is easily purified and imparts a hard glossy finish to woodwork and leather, comparable to commercial waxes.

The abundance of Spanish Moss in the South and the proximity of the supply may make it profitable for some industrial organization to investigate the plant for a new source of wax, says the University scientists.

The discovery was made by Dr. Lauretta Fox and Seldon F. Furt of the College Pharmacy.

The trouble with many American homes is that they have no "head of the house" and no "wife of the house."

Highway Patrol Cited For Good Holiday Job

State troopers, patrolling the highways in full force, were cited by Public Safety Director H. N. Kirkman with holding Florida's holiday traffic death toll down to two fatalities.

Having every patrol car available out on the highways where the public could see them did it, said Kirkman.

The casualty total of two killed and 87 injured compared with last year's Fourth of July toll of 12 deaths and 167 injuries.

This year's count started at 6 P. M. Friday and ended at midnight Sunday. The 1952 record covered a longer period because the Fourth fell on a Thursday last year.

Kirkman, who had predicted 10 deaths for the Independence Day weekend, said the low fatality rate "proves law enforcement is the best antidote for the traffic problem. Fewer speeches and more enforcement will do the trick."

The death rate was far below that of the average weekend. Only the week before, 16 persons lost their lives on Florida highways between 4 P. M. Friday and 4 P. M. Monday.

Floridians Pay Big Federal Tax

Floridians paid \$637,885,066 last year into the federal tax bill, a whopping 24 per cent more than in 1951. The national increase was 22 per cent.

In addition to this total internal revenue collection figure for 1952, Floridians also paid \$180 million in so called hidden taxes as estimated by the Florida State Chamber of Commerce. All told, Floridians paid 21 per cent of their income in federal taxes. State and local taxes are not included in these figures.

The largest part of the direct collections was made up of individual income taxes and withheld taxes, totaling \$422,627,314, up 20 per cent from 1951 as reported in this week's business review of the State Chamber's research and industrial divisions.

Corporations paid \$134,086,193 in income and excess profits taxes, more by 48 per cent than in 1951. The comparable national gain was 37 per cent.

All other types of federal revenue collections amounted to \$81,171,559 during 1952, a gain of 15 per cent as compared with the national figure of 10 per cent. In this category are all excise taxes on luxury items and manufacturers' taxes on tobacco products and beverages.

FLORIDA HIGHWAY PATROL ACCEPTING APPLICATIONS

TALLAHASSEE — The Florida Highway Patrol is accepting applications for future patrolmen to attend a training school and qualify for trooper openings created by the 1953 Legislature.

State Comdr. H. N. Kirkman said today all applicants will have to come up to rigid requirements, and, unless they possess them, making an application would be a waste of time.

Primary qualifications: Age, 21 to 35; minimum height, 5 feet, 10 inches; minimum weight, 160 pounds; a high school graduate and a Florida resident for two years.

Former servicemen will get a favorable nod from the patrol. Kirkman said today plans for the school continue to materialize and the exact date and location will be announced later.

Application blanks may be secured from either of the troop headquarters of the patrol in Panama City, Lake City, Lakeland, Orlando or Miami, or from the Tallahassee state headquarters by writing Florida Highway Patrol, Martin Building, Tallahassee.

CRACKER POLITICS

By Allan Morris

TALLAHASSEE — B. K. Roberts heaved a sigh of relief the other day as, climaxing three beaver-busy months as Chief Justice of the Supreme Court, he turned loose the last of 1952's cases.

The Chief Justice was understandably elated. The court had cleared the docket of matured cases from the previous year earlier than usual, despite a 30 per cent increase in work volume. (Matured cases are those which have gone to the judges for decision after all the preliminaries of filing briefs and of oral argument.)

Part of this record was made possible by the overtime labors of the seven justices. But another part was due to the organizational and administrative skills Chief Justice Roberts acquired as a businessman-lawyer before his appointment to the court.

Roberts, the Florida court's youngest judge and one of the nation's two youngest Chief Justices, saw this job as a challenge and accepted it as he had many another in a successful career that took him from rather humble beginnings in Sopchoppy to the state's highest judicial office. He recognized that the court had an ever-increasing, docket-jamming work load as the state grew. This was particularly disturbing to him since part of the Roberts' judicial philosophy is expressed in the old saying that justice delayed is often justice denied.

Accordingly, he worked out all sorts of ingenious devices to make the nation's busiest appellate court still more productive. For one thing, with the approval of the other justices, he changed the procedure for conferences of the court. Previously, when a judge raised a question about an opinion written by another, the case was set aside for discussion at conference. This often meant that judges already satisfied with the opinion wasted their time at a conference in which they had no interest. Roberts took the short cut of commensurate by bringing together the author of the opinion and the justice in doubt about a portion of it.

Roberts brought retired Justices Paul D. Barnes and Rivers H. Buford back for greater service on a part-time basis. Their noting that the productivity of each justice was greatly diminished when his secretary was necessarily absent, he arranged for employment of a spare secretary to fill in wherever needed.

And he seized other day-to-day opportunities to increase production, at the same time refusing to sacrifice the quality of the court's work.

On one recent occasion, for example, he heard that a Circuit judge planned to be in Tallahassee on a certain day. So Roberts promptly asked one of the regular justices to work in his chambers that day, handling cases to be decided without oral argument. Then he summarily drafted the visiting Circuit judge for the bench and in effect had eight instead of seven judges working that day.

(Neither Roberts nor any of his colleagues is deluding himself, however, into believing that any combination of hard work and stop-gap expedients can provide a long-run solution to the court's problem. Even though the court disposed of 996 cases in 1952, compared to an average of 264 for the Supreme courts of 31 other states, it is farther behind at the end of the year than at the beginning. And the volume of litigation reaching the court is getting heavier every day.)

None of the justices has taken public notice of some criticism that has been directed at the court in recent months because it insisted that all constitutional guarantees be observed to the letter, even in cases where law enforcement officers were dealing with known bolita peddlers and the like.

Roberts, however, recently wrote a friend that the criticism did not disturb him because he felt the court was taking the only course it could take.

"It is oftentimes difficult for the public to understand that an appellate court, such as the Supreme court of Florida, is required to uphold a principle of law as well as to decide the individual case; and further, it is often difficult to realize that under our system of government, all men are equal before the law and that a 'bad' man is entitled to invoke the same principles of law as a 'good' man," Roberts wrote.

Thus sometimes a decision applying a principle of law in an individual case will provoke a hostile reaction on the part of the public because of the particular individual involved; however, a moment's reflection will lead to the conclusion that preservation of the principle is more important than the individual case. As an appellate court, we do not

have the right to abrogate fundamental freedoms simply because, in a particular case, the decision may be an unpopular one.

"Basic freedom does not consist of the right to abrogate specific freedoms. Our courts, particularly our courts of appeal, stand and must continue to stand as bulwarks against the tornadoes of uniformed opinion that, from time to time sweep over even the most democratic of nations. Sometimes, to be sure, we are all impatient with due process. But mature consideration, deepened and confirmed by our national experience of more than 175 years, teaches us that our basic freedom is most firmly established when our courts conscientiously and fearlessly discharge their appointed tasks."

County Agent Notes

B. J. HARRIS, JR.
County Agent

A few years before Mr. Oxer resigned as County Agent, he made a number of trial plantings of Big Trefol, which proved successful for certain low wet areas in the County. He then secured some seed for a few growers such as: F. C. Payne, Tommy Whitehouse, which did very good. Big Trefol will grow on a more acid soil and give a longer grazing period than White Clover. This seems to be too early to call to your attention a legume to plant this fall but to make your plans early will increase your chances of success greatly. A well planned program is good in any business.

If you have an area that is low and moist, you probably have ideal Big Trefol land and it will fit into your pasture program. This plant is not the answer to all our grazing problems but seems to fill one spot that has been vacant for a long time. Know what area you want to plant so you can get seed and inoculation early.

WELLS MOTOR CO. PARTICIPATES IN NEW TRUCK DRIVEAWAYS
E. Ray Wells, Wells Motor Co., local Dodge Dealer, participated this week in one of the largest new truck driveaways ever held in the South.

He was among more than 150 Dodge dealers from Georgia, Florida, Alabama, and Tennessee who drove new trucks home to their dealerships from Atlanta for delivery to customers.

The high truck caravan followed the formal opening of the large new Dodge Truck Merchandising Center set up in Atlanta to assist dealers in making prompt delivery of practically any type of truck their customers may need in business, industry, farming, and other vocations.

The center will carry a continuous inventory of trucks ranging from 4,200 to 40,000 pounds gross vehicle weight capacity to augment the usual stock of Dodge trucks carried by individual dealers.

The 150 dealers were guests of Lynn P. Jones, regional manager of the Atlanta region for Dodge, at a luncheon in the Ansley Ho-

Speed Takes More Lives

The state highway patrol lays some extra emphasis in June on the warning: "Speed Kills!" However, it can be applied with equal accuracy to any other month of the year.

Speed takes more lives — through being the contributing factor to hundreds of accidents each year—than any other cause. In fact it is the grim winner — five-to-one over the largest cause of accidents.

State Patrol Commander, H. N. Kirkman, said today in a summary of 1952 accidents and traffic deaths that there were 307 fatal crashes in Florida for that period and involving 6,840 speed violations.

Five thousand, three hundred and two of the speed violations were for exceeding the state's lawful speed limit. The others were contributing factors in a year when highway death hit a banner peak and 890 persons were killed.

Actually, the biggest cause for weeks was failure to grant right of way. That total was 11,715 but it involved only 51 fatal accidents.

On the other hand, the 307 fatal accidents as an outgrowth of 6,840 speeder charges totaled 263 in 5,302 cases of exceeding the speed limit and 42 fatal crashes involving 1,538 accidents when the drivers were accused of exceeding a safe speed.

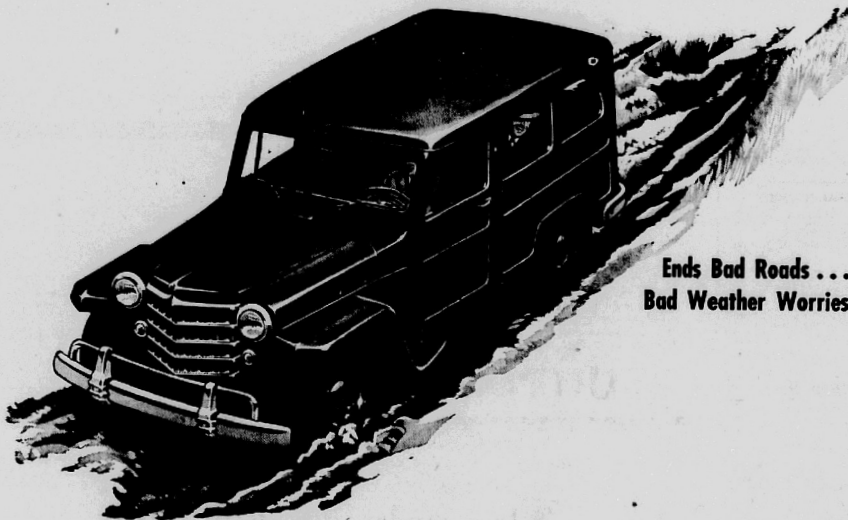

"So, by simple calculations," declared Kirkman, "you see that speed caused 307 fatal accidents (with only 6,840 violations) while failure to grant right of way caused 51 fatal crashes (with 11,715 violations) or a ratio of better than 5-to-1 in speed's favor as a grim killer."

AVON PARK, FLORIDA, FRIDAY JULY 17, 1953

NUMBER 36

Leonard Rush Acting Mayor Of City Of Avon Park

Leonard B. Rush, former president of the City Council is now acting mayor of Avon Park. This was brought about by Mayor Wiley Sauls, Jr., moving from Avon Park to Thomassville, Georgia.

The Sun has no direct word from former Mayor Sauls, but it has been reliably reported that he has moved his household goods and has taken up residence in the Georgia town. According to the city charter, this move automatically removed Mr. Sauls from the office of Mayor.

In a statement to the Sun, Mr. Rush stated that while he is serving as acting mayor he will maintain office hours from 9:00 to 10:00 a. m., each business morning at the City Hall. He further stated that he would have complete control of the City police force and intended to see that all speed laws would be enforced, and that he intended to run the office strictly on a business basis.

At the council meeting Monday night, Mr. Rush stated that he wanted to go on record as favoring a salary of \$1,000 per year for the mayor. He stated that this is the salary paid in Sebring. The present salary of mayor is now \$100.00 per month.

SCHOOL BOARD GETS BONDS ON EMPLOYEES

The Highlands County School Board took out a \$25000 bond on all school system employees handling money. It also voted to recommend an accident insurance plan to patrons of all schools, which would insure children for a premium of \$1.25 each per year.

The board also accepted the resignation of Emory O'Neal, agriculture teacher at Lake Placid for the last six years, so that he could accept a similar position at the Edgewater High School in Orlando.

Appointed Raymond J. Rohr as assistant custodian at Sebring; Mrs. Louise B. Etheridge as luncheon manager at DeSoto City.

Ordered a hearing on the school bus driver situation at Lorida.

Larry and David Wray have been visiting their uncle and aunt, S. Sgt. and Mrs. Frank Waddell in Tampa. Larry had to return home this week to attend R. A. Camp at Lake Denton; David, however, remained for a longer visit.

"Have You Had Your Gamma Globulin Shot?"

By Dr. G. L. Beaumont

The answer in all probability is "NO," because the supply of globulin is very limited, it is reserved for household contacts of diagnosed cases of poliomyelitis, except in those few localities where epidemics have occurred.

Despite the glowing reports of the effectiveness of gamma globulin, don't be lulled into a feeling that it is the answer, for such is not the case.

Research to date has shown that gamma globulin is not immediately effective, nor does it give absolute protection to those inoculated. Furthermore it's effectiveness is limited to a period of five to six weeks. Its chief virtue is that it reduces the number and severity of cases of paralytic polio.

There are other simpler, effective and more available precautions we can all practice and these will be briefly discussed in future articles appearing in the news.

Cub Scout Pack 156 Planning Meeting

The monthly planning meeting of Cub Scout Pack 156 was held Thursday, July 2, at Cubmaster Luscomb's home on Palmetto St. Present were: Cubmaster and Mrs. Bill Luscomb; Mrs. Virginia MacMillan, assistant den mother of Den 3; Mrs. Esther Cairns, den mother of Den 3; and Mrs. Grover Bates, den mother of Den 6.

After discussion, it was decided that the distance was too great to take the pack to Camp Borein. A pack picnic at the Legion beach early in August is the planned substitute.

The next pack meeting will be July 30 at all American Legion building. Attendance of all members and parents of members is requested.

A. B. WILHITE ATTENDS PRINCIPALS' CONFERENCE

A. B. Wilhite, Supervising Principal of the local public schools, returned Saturday from Daytona Beach where he participated in the secondary principals' work conference on Thursday, Friday and Saturday, July 9, 10, 11.

Problems discussed and explained had to do with the revised and new school standards to be put into effect this year, legal aspects of the school program, the role of the principal as administrator and supervisor of the school program, etc.

An address by State School Superintendent, Tom Bailey highlighted the three day conference which was attended by about 165 school principals and State Department staff members.

Legion Juniors Trim Sarasota-Wind Up Season In First Place

Avon Park's American Legion junior baseballers wound up their schedule Wednesday afternoon by routing out Sarasota 5-4, in eight innings.

Avon Park, with 11 wins and 1 defeat, won top place in District 8 season play.

Jimmy Prevatt, on the mound for Avon Park, allowed six hits in eight innings. Levon, for Sarasota, gave up five hits.

Avon Park scored two runs in the first inning and was unable to score again until the top of the seventh, when they pushed over two runs to knot the score at 4-4.

Gene Reynolds scored the winning run in the eighth when he singled, stole second, was sacrificed to third, and came home on a squeeze play.

Jimmy Pierce was hit batter with two for four times at bat. Batteries: Avon Park—Prevatt and Hill, Spurluck; Sarasota—Levon and Logan.

Avon Park 14-Arcadia 8. Eugene Reynolds shut out the Arcadia juniors in a no-hit, no-run game of five innings. 14-0. Reynolds struck out 10 DeSoto County batters, while his mates collected 11 hits, the longest of which was Newsome's triple.

Batteries for Avon Park: Reynolds and Hill, Mosley; Arcadia: H. McCall and Dees, Skinner.

Avon Park 6-Fl. Myers 9. Last Saturday afternoon at Head Field, Jimmy Waldron, for the local juniors, shut out Fl. Myers 6-0.

Waldron struck out 11 men, gave up only 3 hits and walked three men. Waldron got the only extra base hit of the game, a double in the fifth inning.

Robinson, for Fl. Myers, allowed three hits during the game. Batteries: Fl. Myers, Robinson and Wallace. Avon Park, Waldron and Hill.

Avon Park 17-Arcadia 8. Jimmy Prevatt turned in a no-hit, no-run game against Arcadia at Head Field last Friday night in five innings. The score was 17-0 for Avon Park.

Prevatt whiffed 12 Arcadians and walked only two men.

Avon Park got only four hits but six Arcadia errors and numerous bases on balls contributed to Arcadia's defeat.

Batteries: Arcadia—McCall, White and Dees. Avon Park—Prevatt and Hill.

"Well, dig that!" This isn't slang, it's just what we are hearing on all sides, as the ladies are getting their plants ready for the Plant Exchange.

Mr. and Mrs. J. L. Scott had at their guests last week their nephew and family, Mr. and Mrs. Gene Thornhill, son Tom, and daughter Faye, from Pinson, Alabama, and also Miss Lessee Thornhill, a niece, who teaches in the Alabama schools. While here, the Thornhills also visited Mr. and Mrs. C. C. Best and Charles Best.

Young Enough to Be Happy

One of the delightful things about being a baby is that anything—even sitting for one's portrait—can be so much fun. Our merry infant is Debby, very young daughter of Mr. and Mrs. Robert Young, granddaughters of Mr. and Mrs. A. O. Knowles.

Lions Club Holds Installation-Ladies Night at Jacaranda

The Avon Park Lions Club held their installation of officers and Ladies Night, Tuesday evening at 7:30 o'clock at the Jacaranda Hotel, and enjoyed a wonderful dinner and evening of entertainment of songs, Lion Lenny Rush as master of ceremonies and did a bang-up job.

Lion A. A. Allen of Sebring was the installing officer and installed the following officers for the coming year: Joe Perez, president; Harmon Atkins, 1st vice president; Bill Hood, 2nd vice president; Bob Lee, 3rd vice president; Malcolm Crews, secretary and treasurer; Fred Jahna, assistant secretary and treasurer; Jack Dugan, Lion Tamer; David Jordan, Tail Twister; Harold Guerdent and C. A. Stinson, directors for two years and Les Shackelford, director for one year.

During the program, Ed Jahn furnished entertainment with his accordion and music for the singing.

Besides the Lions and their ladies present, invited guests were Rev. Herbert D. Graetz who gave the invocation, and Mr. and Mrs. A. S. Kinney.

Lion "Bucky" Kahn of Sebring was present, and assisted Lion Jordan in his activities as official Tail Twister.

This is the start of the second year for the Avon Park club, and with the fine bunch of members and the officers elected, we predict a very successful year to come.

It was a most enjoyable evening and will be long remembered by those present.

Rotary News

There was a nice attendance at the Wednesday meeting of the Avon Park Rotary Club, and all present were well repaid for their attendance, as we were very fortunate in having a very able and sincere speaker.

The guest speaker was Mr. Hugh Lohr of Miami, Mr. Lohr played a very important part in securing passage at the last session of the State legislature, for the establishment of an Alcoholics Rehabilitation Center here at Avon Park. Mr. Lohr's enthusiasm to help the victims of alcoholism caused him to go to Tallahassee at his own expense where he worked for several weeks in cooperation with our representative and senator in securing passage of the legislation.

Mr. Lohr accompanied her husband to Avon Park and was a guest at the meeting.

Mrs. A. W. Forbes arrived Thursday by air from Stanton, Nebraska, to make Avon Park her permanent home. She was accompanied by her daughter, Mrs. W. A. Street, of Los Angeles, Calif.

Dist. 8 Legion Tournament To Start Here Monday, July 20

Surprise Air Alert Caught Us Napping But We Did It

When the Air Force threatens to call in the Strategic Ground Observer Corps practice exercise, they really mean a surprise exercise. A letter had been sent out on July 8th and plans were being made to reinforce the volunteer list of ground observers, as a large percentage of the regulars were out of town. Cards were to be sent out this week and a meeting for review was in the plan. Then, on Saturday morning at 5:45, a call came from the Miami Filter Center instructing that the post be manned immediately until further notice.

Since the City was without an airport manager, the telephone company had been instructed to discontinue the telephone, an extension of which was used by the observers. The lines were believed to have been taken out entirely in the work on the dial system, while, happily, wasn't quite as bad as at first believed. Mr. Deleahad had to be routed out, telephone men were called on their way off, and several families were disturbed in an effort to find the authority from the City to put a person responsible for so many calls in Avon Park at such an early Saturday morning hour was about as unpopular that day as one could.

At 6:45 the first two planes to be spotted appeared on the horizon and were reported from a private line. At seven o'clock Franklin Ward was on duty, with the telephone in operation, and a group of volunteers were rearranging their weekend activities in order to be able to become proficient in doing a vital job of protecting the home front in case of emergency. It is a fact that many would agree to give a little of their time if they would only stop to think for one minute. At 7:00, the first appreciable ones who are willing to answer the call for their time last week. Those who served and were scheduled to serve further when the exercise was terminated were Mrs. C. P. Anderson, Mrs. Frank Camp Sr. and Mrs. Welch Fisher, Mrs. Franklin Ward, Mr. and Mrs. L. M. Lagoni, Mrs. J. F. Welch, Miss Rosemary Lagoni, Miss Arden Anderson, Miss Pat Lagoni, Miss Peggy Martin, David Knight, Mrs. M. F. Stokely, Bill Strenth, James Logan, and Cadet of the Civil Air Patrol, Glenn Welch, Tommy Moore, Franklin Welch, DeWitt Story, Darryl Edwards, Louis Lagoni, A. W. Sims, Ronald Thompson and Miss Sally Thon.

Nine planes were spotted and reported when the exercises were ended Sunday afternoon.

Tuesday evening, all Highlands County Ground Observers were summoned to meet with Sgt. Black at the courthouse in Sebring. We are sorry to report that the meeting was not well attended.

Sgt. Black stressed the necessity of transmitting information correctly and the importance of recruiting enough volunteers to keep posts manned during an alert. Taking the area alerted as a whole, this last alert was not as successful as it might have been if we regarded Civil Defense more seriously.

News Of Our Service People

CAMP GORDON, GA.—Pvt. Robert E. Bolt, son of Mr. and Mrs. Guy W. Bolt, 101 So. Verona Ave., has completed basic combat training at the Signal Corps Replacement Training Center here.

The Signal Corps Training Center, of which the Signal Corps Replacement Training Center is a part, is the key source of our army's communications specialists. In five years, this center has mushroomed from a handful of buildings and founding cadre to the largest signal center in the United States Army.

LT. James D. Perdue from Fort Meade, Maryland, called on Mr. and Mrs. S. J. Pendleton for a few hours Monday.

Play for District 8 American Legion junior baseball championship will start Monday, July 20, at Head Field at 6:00 p. m.

Avon Park, the winner of first place in district season play, will meet Wauchula, third place winner, in the first game at 6:00 p. m. Bradenton, second place winner, will meet the winner of the fourth game in season play at 6:00 p. m. The tournament will be a double elimination affair, with a team having to lose twice before being counted out.

There is close competition for the fourth place spot and a play-off game will have to determine the winner, which could be Sebring, Sarasota, or Ft. Myers. Bradenton and Ft. Myers are tied with 4 wins and 7 losses each. A final rain-out season play game is to be played between these two teams in Sebring Friday night (tonight). The winner of this game will then have to meet Sarasota in the final. Sarasota now has a season record of 5 wins and 7 losses.

District standing as of July 16:		
	Won	Lost
Avon Park	11	1
Bradenton	9	3
Wauchula	8	4
Sarasota	5	7
Sebring	4	7
Ft. Myers	4	7

Can Anything Be Cheaper Than Free

These are the days when everyone is hunting bargains, so the Avon Park Garden Club has decided to offer the biggest bargain possible.

They are offering beautiful plants and shrubs and trees, absolutely free for the taking. Many townpeople as well as club members are donating some of their loveliest plants, so if you have plants that you would like to share with some one else, bring them along, so everyone will have a good variety from which to choose, and put them in a can if you can.

Mrs. Touchton and Mrs. Jarrett are in charge of the exchange and they have an able corps of assistants to help expedite the distribution of the plants, so come early and get your bargains and set them out and tend them. Avon Park will soon be a more beautiful spot, and the Club will feel amply paid for all the efforts they have made.

Highway Accidents On Increase

TALLAHASSEE — Highway accident investigations by the state highway patrol showed in June that 31 per cent more people were killed in traffic crashes than for the month a year ago, 13 per cent more serious accidents occurred, as a bright spot in a dark situation, there were only one per cent more injured than in June 1952.

State Patrol Director H. N. Kirkman, having already said that "criminals will be jailed" to save their lives and the lives of others, branded the report one over which "we are gravely concerned."

There were 1,128 accidents in June investigated by the department in which 46 people lost their lives and 585 were hurt. It shows an increase compared with 1,000 accidents, 35 killed and 576 injured in the same month last year.

In an effort to retard the upward trend in obvious reckless operations of vehicles which is causing death and injury on an ever increasing scale, the patrol showed a two per cent increase in arrests; wrote 22 per cent more warnings than in June 1952, and patrolled 322.18 miles in 80 days.

Toward a better understanding of traffic laws, the patrol causes the safety education men delivered 40 per cent more radio pleas, made 107 per cent more speeches for better driving and showed more than two and one half times more safety films.

The driver's license division passed 11 per cent less drivers than for the month a year ago, failed 30 per cent more.

Shop at home. Use the Sun and at columns.

Mr. John McCloskey of Barnett National Bank, Jacksonville, is spending two weeks here at the Barnett Bank of Avon Park, relieving while Mrs. Mary Garrett is on vacation. Mrs. Garrett will return Monday.

BIG FISH CONTEST UNTIL AUG 15

D. P. WEEKS AND THE EGG FACTORY OF TOMORROW

Avon Park Has Egg Factory Of Tomorrow

Mr. D. P. Weeks who bought property and located on lake Vigo (better known as old Buggy lake) some time ago is installing cages and buildings for what is mockingly to be known as an egg factory of tomorrow.

With this method of egg production the birds are placed in individual wire cages and never allowed to touch the ground or floors thus assuring an absolutely 100% pure clean egg, as they have and can only eat a specially manufactured cage hen laying mash and with running water at all times at their disposal. While this method of egg production is practically new in the south especially in Florida it has been done extensively in many northern states and in California for several years.

According to Mr. Weeks there are many advantages in this method some of which are, a very low mortality among the flock due to clean living and clean feeding, perfect ventilation at all times and a perfect control of stick tight, fleas etc. keeping the birds more comfortable and a more willing disposition to produce, but mainly it's the quality of egg as it goes to market, first because of its cleanliness and the fact that the quicker an egg can be cooled after being deposited, the firmer and better the quality as under the cage system the egg immediately rolls to the front of the cage where it is impossible for the hen to remain on it or other hens to lay in the same nests, thereby keeping the conventionally produced egg possible warm for the entire day. This system also gets away from keeping boarders (ie) hens eating but not laying eggs and as each hen's eggs roll down in the basket of her cage it is an easy matter to keep an absolute record of her production as all cages are numbered and by a book record culling and replacements are easily and correctly accomplished.

According to Mr. Weeks who is a product of A & M college of North Carolina, a hen chicken (or pullet) is hatched with the total number of yolks in her system that she will ever produce an egg from; the rest of the egg is made within the hen daily according to the food she eats, therefore if you supply clean running water and a clean laying mash then naturally the egg has to be clean pure and wholesome.

Another feature most outstanding is that one man can look after and properly take care of many, many more birds in cages than the old conventional way.

Mr. Weeks has a program set up to install not less than a thousand cages within the next year and has already had a demand for far more than he can produce.

It is a matter of much interest and well worth a visit out to Mr. Weeks' place and he states that visitors are most welcome preferably after 4 p. m. daily.

Legion Auxiliary
Installs Officers

New officers of the American Legion Auxiliary were installed Tuesday night at a covered dish supper and meeting at Legion Hall.

The officers are: Margaret Stewart, president; Verna Heim, first vice president; Kay Giddens, second vice president; Mary King, secretary; Freida Welch, treasurer; Florence Dunn, historian; Margaret Mandis, chaplain; Grace Boney, sergeant-at-arms.

Mrs. Albert Cetrangola, outgoing district president, was installing officer.

Frank Cooke of Fort Myers, Legion district chairman of publicity for radio and press, gave an interesting talk on means of getting publicity and the chief rules to be remembered by publicity chairmen, telling them to "be sure it's news" and "don't put it off."

Miss Arlene Sargent, who attended Girls State under the sponsorship of the Auxiliary, presented an excellent report on the state. (We are publishing this report elsewhere in the Sun.)

Other guests were: Lulu MacKie of Arcadia, district sergeant-at-arms, and Mrs. Ruth McEly of Arcadia, past district secretary and treasurer.

Mrs. Robert Harden prepared poppy corsages for guests and members.

Farewell Party For
Mrs. Frances Adams

A farewell party was given for Mrs. Frances Adams, Thursday night, July 9, by Mrs. Thelma Bennett, at the latter's home. Mrs. Adams and her family are moving to Miami.

Games were enjoyed. Prizes were won by Mrs. Dorothy Atkins and Mrs. Adams.

The guests presented a gift of silverware to Mrs. Adams.

Delicious refreshments of cake, cookies, and peanuts were served.

Mrs. Dot Martin and Mrs. Ardelle Crews assisted the hostess.

Guests were: Mrs. Frances Adams, Mrs. Virginia Henderson, Mrs. Esther Cairns, Mrs. Mary Mathis, Mrs. Irene Everett, Mrs. Lib Adams, Mrs. Dorothy Atkins, Mrs. Virginia Mathis, Mrs. Elouise Sharpe, Mrs. Aurline Antley, Mrs. Ardelle Crews, Mrs. Jewel McClure, Mrs. Dot Martin.

Founders Circle
Meeting

The Founders Circle of the Avon Park Garden Club met Thursday morning, July 9, at the pleasant home of Mrs. C. A. Colmery on Lake Viola, with Mrs. John Hood as co-hostess.

Prior to the program, the hostesses served a variety of delicious sandwiches and cold drinks.

Pink lilies were used as decorations, and Mrs. Ellis displayed an arrangement of 25 varieties of hibiscus.

The president, Mrs. Frank Camp, presided. In the afternoon, regular business plans were perfected for the Plant Exchange, which will be held in Dismalton Park, Wednesday, July 22.

One new member, Mrs. George Walker, was welcomed into the circle.

The circle is meeting at 10 a. m. during the summer months. It will disperse with the August meeting, as so many members are planning vacations at that time, resuming regular meetings in September.

Reception Honors
Methodist Pastor

A reception and covered-dish supper for the Rev. and Mrs. H. Edward Garrett was held in Wesley Hall by the First Methodist Church, Wednesday evening, July 8. The occasion was the welcoming-back of Mr. and Mrs. Garrett, he having been recently returned to the pastorate by the Florida Methodist Conference.

Words of welcome were brought by J. C. DeShong, representing the official board; J. A. Perez, superintendent of the Sunday school; Mrs. George Kelley, president of the Woman's Society of Christian Service; and Dr. J. R. Cummins. Both Mr. and Mrs. Garrett made appreciative responses.

The hall was filled by members attending the supper.

Mr. and Mrs. A. B. Whitte and Mrs. Bertha Wilson will leave this weekend for a two-week vacation and visit to Griffin and Elberton, Ga. Mrs. Wilson, Mrs. Whitte's mother, will remain in Griffin for an extended visit with her sister and family. Mr. and Mrs. Whitte will visit his mother at Elberton. Jim Whitte will remain in Avon Park to play baseball with the Legion team in district and area tournaments.

Florida Indians produced a starry food known as "red corn" from the tuberous roots of certain species of smilax plants.

Mrs. James Bachtell
Honored At Shower

A stork shower in honor of Mrs. James Bachtell (formerly Miss Margaret Bryant) was given at the home of Mrs. H. C. Rutledge, Friday night, July 10.

Mrs. Rutledge and Mrs. Rutledge Giddens.

Games were played, with Mrs. Lewis Maddox, Mrs. Bonnie Dell Braxton, and Mrs. Ruth Tomek winning prizes.

Mrs. Bachtell received many attractive gifts.

Cakes iced in pink and blue and beverages were served during the enjoyable social evening.

Little Miss Beverly Giddens assisted with the serving.

Guests: Mrs. Grace Pickett, Mrs. Annie Jean Kimbrough, Mrs. H. L. Bryant, Mrs. Ruth Tomek, Mrs. Ruth Willis, Mrs. Evelyn Davis, Mrs. Katie Carlisle, Mrs. Ellis Elder, Mrs. Dorothy Long.

W. S. C. S. Will Send
Delegate To
School of Missions

The monthly program and business meeting of the Woman's Society of Christian Service of the First Methodist Church was held at the church Tuesday afternoon, July 7.

Mrs. I. H. Ford, vice president, had charge of the program, the theme of which was, "All Men Are One."

Those participating in the program with Mrs. Ford were: Mrs. Willard Griffin, Mrs. G. L. Harrison, and Mrs. Charles Harris.

The president, Mrs. George Kelley, presided during the business meeting. Plans were made in order to stimulate better attendance at the general meetings, that each meeting include a social period, with the different circles serving refreshments. It was also voted to send a delegate to the School of Missions to be held at Florida Southern College July 20-24.

Surprise Party For
Mr. James Bradley

A surprise party was given for James Bradley by Mrs. Bradley last Saturday night in the private room of the Nautilus Club.

The food and the table were decorated with crepe paper in various colors. Tinted sandwiches matched the decorations. There were small baskets filled with nuts. The refreshments included the traditional birthday cake, with candles.

Mr. Bradley received gifts and cards, a number of them mirth-provoking.

Mrs. Gussie Edge, Bud Edge, and Mr. and Mrs. Francis LaFlam assisted Mrs. Bradley with preparations.

Other guests were: Mrs. J. L. Wells, Miss Gerry Elder, Cpl. Douglas Fields, Miss Nora Mercer, Miss Ruby Bennett, Miss Charles Hart, Mrs. Mary Pollock, Mrs. Joyce Clark, Mr. and Mrs. Welch Fisher, and Leslie LaFlam.

Births

(The following births all occurred at Walker Memorial Hospital.)

To Mr. and Mrs. Roy Cox of Sebring, a son, Roy Cox Jr., born July 10. Birth weight was 8 pounds 8 ounces.

To Mr. and Mrs. Jack Raymond Stroupe Jr., born July 10. Birth weight was 8 pounds.

To Mr. and Mrs. Kenneth Deloy Duncan of Lake Placid, a daughter, Rebecca Ann, born July 10. Birth weight was 7 pounds.

To Mr. and Mrs. Arthur Lee Gunter of Sebring, a son, Lee, born July 10. Birth weight was 9 pounds.

To Mr. and Mrs. Paul Arthur Pinard of this city, a daughter, Adele Marie, born July 13. Birth weight was 4 pounds 10 ounces.

Mr. and Mrs. R. M. Duttle of 146 N. Forrest Ave. who were recalled to their home city, Elkhart, Indiana, in June by the serious illness of Mrs. Duttle's sister, Mrs. Bertha LeFevre, have informed friends here that Mrs. LeFevre died in Elkhart General Hospital on Saturday, July 11. Funeral services were last Monday afternoon. Mrs. LeFevre had been ill about six months.

We confess that some of today's hep tunes are beyond our reach.

Social Activities

Parish Supper For
New Vicar July 16

An executive board meeting of St. Margaret's Auxiliary of the Church of the Redeemer was held at the home of Mrs. A. C. Wester on Tuesday, June 30.

A delicious luncheon was served in Mrs. Wester's charming Florida room. The hostess was assisted by Mrs. A. C. Wester Jr., and by her little granddaughters, Judy and Linda.

At the business meeting which followed the luncheon, Mrs. E. G. Touchton accepted chairmanship of the annual Bazaar, which has been scheduled for Thursday, Nov. 5. Plans for the Bazaar were discussed and some changes of content decided upon. Because the recently completed church school building lends itself ideally to a better arrangement of booths, the Bazaar will have an entirely new look. The food booth will be the only booth sharing the parish house with the popular snack bar.

Other special events of the annual Bazaar, for the year, and the chairman for each are:

Pumpkin sale, Oct. 2 and 3, Mrs. J. C. Wright.

Church school Christmas party, Dec. 20, Mrs. John E. Hicks.

Card party, Jan. 28, 1954, Mrs. Jean Riggins.

Pancake Day, Shrove Tuesday, Mrs. Milton Stokes.

Church school Easter party, Easter afternoon, Mrs. Franklin Ward.

Plans were made for a parish supper to honor the new vicar, Father John Thomas, and his family, on Thursday evening, July 16, at 8 o'clock at the parish house. Everyone is requested to bring his own table service, and all the children are cordially invited.

Robert G. Carr, Demos Mandis, Franklin Ward, James A. Johnson, Gus Carratt, and Willis Stoddard were the pallbearers at funeral services for Mrs. Mary Niarh last Friday afternoon at the Church of the Redeemer.

Miss Avis J. Slaughter, librarian, left Saturday to spend a month's vacation with Mrs. C. F. King at Estlin Lake, Denville, N. J. During her absence, Mrs. Barbara Darsey will serve as librarian.

Mrs. Zona Zabel and daughters, Mary Ann and Bobbie, of Chicago, arrived by air to spend last weekend with Mrs. Zabel's mother, Mrs. Zona Guthrie, and family. The children remained here for a longer stay.

Mrs. J. W. Burgess, who has been visiting her sisters, Misses Ade and Mattie Tompkins, left Tuesday for Columbia, S. C., where she will visit her daughter before returning to her home at Lasar, Virginia.

Mrs. Edward Gue and two daughters, Kathy and Robin, of Pittsburgh, Pa., are visiting Mrs. Gue's father, Ernest Burslem. Mr. Gue will join them later for his vacation.

Commander E. L. Huie, U. S. Navy, Mrs. Huie, and daughter, Mary Lynda, who have been living in the Lanier apartment since mid-winter, have moved to Washington, D. C. They left Tuesday.

Mr. and Mrs. R. C. Adams and family have moved to Miami. Their former home on S. Florida Ave. is now owned and occupied by Mr. and Mrs. Robert Montemayor.

Mrs. C. F. King drove to Tampa last Saturday with her son, Howard Payne, who left with other Florida Scouts for the National Scout Jamboree in California.

John Charles Donaldson of Washington, D. C., spent last weekend here with his grandmother and father, Mrs. C. S. Donaldson and Dr. John Donaldson.

Mrs. Dorrit Wolverton and her daughter, Mary Ann, returned home Wednesday from Stanton, Nebraska, where they were staying during the illness and death of Mrs. Wolverton's father, A. W. Forbes.

Charles Whitehurst has accepted a position as flight instructor at Graham Air Field, Marianna, and will begin work following an 8-week refresher course at Craig Field, Alabama. He went to Craig Field Monday.

Guests of Mr. and Mrs. C. Best, Charles Best, and Mr. and Mrs. J. L. Scott this week were Mrs. Scott's sister, Mrs. Alice Johnson, with her daughter and son-in-law, Mr. and Mrs. James Anderson, and their two daughters, Misses Dupine Sue Richardson, all of Morris, Alabama.

Other children should be kept under supervision of the physician.

The advent of the influenza virus and pneumonia have rendered the complications of measles so serious, yet 90 percent of the measles death rate is attributed to resultant pneumonia.

The very nature of the numerous complications and serious after-effects of measles should be sufficient warning to every parent to see that good convalescent care is provided.

Strict adherence to the advice of the family physician should accompany efforts to keep the child comfortable and amused.

Other children should be kept away from the patient because of the highly contagious character of the disease. Special cleaning must be given all articles handled during the sickness period.

CRACKER POLITICS

By Allen Morris

TALLAHASSEE — Looking ahead 18 months to next spring's primaries, politicians believe a race for the Supreme court and two for the Railroad and Public Utilities commission will provide most of the excitement on the statewide ballot.

Three justices — H. L. (Tom) Sebring, John E. Mathews and Glenn Terrell — come up for reelection. Justice Sebring seems likely to draw Circuit Judge Vincent C. Giblin of Miami as an opponent but there have been no reports so far of opposition for either Justice Terrell or Justice Mathews.

Judge Giblin was beaten by Justice E. Harris Drew last year and said at the time he would run again. Friends of Judge Giblin says he has singled out Justice Sebring as a campaign target because of a personal conflict between the two men many years ago.

Those close to Judge Giblin say he is so determined to run against Justice Sebring that he is perfectly willing to give up his place on the Dade circuit bench, a sacrifice he did not have to make to run against Justice Drew. Terms of all the state's circuit judges expire in January of 1955 so, Judge Giblin must decide which race he wants to make.

Commissioners Jerry W. Carter of Tallahassee and Wilbur C. King of Zolfo Springs are coming up for reelection on the Railroad and Public Utilities Commission and several names have been mentioned as likely opponents for one or the other. There is some feeling that both Carter, an old warhorse of Florida politics, and King, a former state senator, may each have at least one foe.

Peaslee Streets of Lake Park is regarded as a certain starter against King. Streets, defeated by Commissioner Mack in 1952, let it be known at the time that he had not expected to win but viewed the race against Mack as a kind of warm-up contest for his attempt to unseat King.

D. S. Danahy of Orlando, a former Panama City resident who also trailed Mack in 1952, has said he plans to run again. It is not known whether he will oppose Carter or King.

Three other political figures also have been mentioned as potential commission candidates. They are former State Senator John Wright of DeFuniak Springs, House Speaker Pro Tempore Davis H. Atkinson of Tallahassee, and State Democratic Committeeman Allen Acosta of Jacksonville.

Friends of Carter and King say that reports of a welter of commission candidates may stem in part of a mistaken belief that the 1953 Legislature expanded membership of the regulatory body from three to five, as it did with the tuberculosis board. The adherents of the two incumbents say some of the persons now talking about running for commission are laboring under the erroneous impression that they would be competing for a vacancy rather than running against an entrenched office holder.

(The confusion apparently came about because the House passed a bill enlarging the commission membership. It was killed, however, by the Senate public utilities committee in the waning days of the session.)

Backers of King and Carter say they are unworried by the reports of opposition. They point out that no incumbent commissioner has been defeated in modern history. Moreover, they insist that the time of greatest political danger for members of the commission — the years immediately following World War II — now has past. In the immediate post-war period, such utilities as telephone companies were hard-pressed to give anything like satisfactory service. They had been unable to get equipment during the war and the problem was compounded by Florida's tremendous growth. Various expansion programs required time and no decree from the commission could reduce this below a certain minimum. Because of unsatisfactory service in many areas, patrons were inclined to put part of the blame on the commission as the body charged with regulating utility rates and services.

The usual number of interesting local races can be expected to develop next spring, since the terms of all 95 House members and 19 senators are expiring.

A contest likely to attract considerable state wide is the wide-open battle to determine a successor to Senator LeRoy Collins of Tallahassee, long one of the outstanding members of the Legislature. Collins has told friends he will not be a candidate to succeed himself.

Mentioned so far for the Leon seat are Leo L. Foster, a member of former Governor Millard F. Caldwell; J. Lewis Hall, long-time legal adviser to several organizations of county officials and father of University of Florida athletic star J. (Poppa) Hall;

State Rep. J. Kenneth Ballinger and former Small Claims Judge George W. Atkinson. Both Ballinger and Atkinson are Tallahassee lawyers.

TRACES OF OIL

NEAR CLEWISTON

Clewiston, July 15 Traces of oil have been reported by drillers in the new test well being drilled near Clewiston last week. Officials said the drilling will continue.

The oil traces were encountered at a depth of 13,420 feet after a show of gas was reached at 12,600 feet.

The well is being drilled by the Coastal Petroleum Company and is now the second deepest oil test well in Florida. It is being drilled on land owned by John Tiedtke at Shawnee Farms on land leased by the Coastal Petroleum Company.

The Florida plant known as "Flame of the Woods" is actually a tropical evergreen native to India.

Florida Has Record Pulpwood Production

Florida production of 1,583,000 cords of pulpwood from forests in the state set a new record last year.

This 1952 total was 6 per cent above 1951 production and 14 per cent above 1950. Comparable gains in the southern states—totals were four per cent and 17 per cent. Florida ranked fourth in the south in pulpwood production in 1952. Georgia, Mississippi and Louisiana leading.

The Florida pulpwood cut last year filled about two-thirds of the needs of the pulp mills in the state. Pulp capacity of the Florida mills stood at 4,165 tons a day last year (15 per cent of the southern total) and will reach

4,740 tons later in 1954, the Florida State Chamber of Commerce stated yesterday.

Last year's production by counties in the state is shown in this week's business review of the state Chamber's research and industrial division. Alachua County, the fifth ranking county in the south in this respect, produced 98,440 cords. Other leading counties were Marion with 90,753 cords; Saint Johns 84,534 cords; Nassau 83,512 cords; Putnam 80,724 cords; Baker 71,672 cords; Hamilton 60,636 cords; Volusia 56,282 cords; Clay 53,148 cords; Bradford 52,510 cords; Jackson 52,498 cords; Santa Rosa 47,871 cords; Duval 43,696 cords; Columbia 38,923 cords; Escambia 33,684 cords; Levy 29,377 cords; Calhoun 28,282 cords; Flagler 26,477 cords; Gadsden 26,447 cords; Leon 23,837 cords; Madison 23,685 cords;

A WILLYS TRUCK WILL DO THINGS NO OTHER 1-TON TRUCK WILL DO

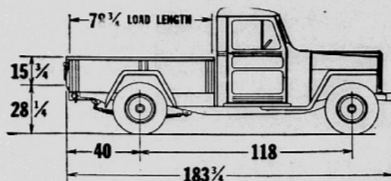

Puts ACTION in TRACTION!

Here's a truck that lives up to the reputation of the famous 'Jeep' for rugged, dependable, "go-any-where" performance. Powered with the sensational Hurricane F-head engine which squeezes every last bit of energy from regular gas, this Willys truck has motor torque transmitted to all four wheels. That's why this 4-wheel-drive vehicle stops at virtually nothing. Load it—shift to low-low—and you're on your way regardless of weather or ground conditions that would stop other trucks.

This truck will get you through and keep you earning profits when other vehicles are stalled or forced to quit.

Put this 4-wheel-drive Willys truck through its paces. Try its 6 forward speeds and 2 in reverse. Watch it climb a 48% grade. Head it across open country—then imagine what it can do for you.

600,000 4-H's Say "Let's Help Correct Safety Hazards"

Chicago—(Special)—The largest volunteer army ever organized for a peaceful mission is now "invading" farms and rural communities throughout the Nation. It consists of more than 600,000 4-H Club boys and girls whose objective is to show rural folk how to prevent accidents and fires which result in 14,000 deaths and 1 1/2 million injuries among farm people, as well as destruction of millions of dollars' worth of buildings and equipment annually.

Falls account for 36 per cent of all fatal accidents in farm homes and 19 per cent outside. More than 50 per cent of all fatal accidents in working with farm machinery involve tractors, and overturning accounts for more than half of the tractor accident fatalities.

Safety experts give considerable credit to the contributions made by 4-H's for the reduction in the number of fatal accidents to farm people in 1951—the last year for which estimates are available—from the estimated annual rate in 1941, the first year of the National Farm Safety Week, which will be observed this year July 19-25.

Illustrative of the 4-H's do "approach" to the accident problem, a Tennessee club girl reported that she picked up broken glass, rusty nails protruding from boards, and other sharp articles in the farm lot; helped her father and brother become safety conscious in working with farm machinery; had a ladder with two broken rungs repaired; per-

suaded her mother to use a step-ladder in reaching high places in the house, and to always wipe up grease or water immediately if it is spilled on the floor.

A Texas 4-H boy reports that their farm tractor often was filled with gasoline to overflowing when the engine was warm. He called this unsafe practice to the attention of his father and brother and now the tractor is filled correctly. His small brothers frequently asked to ride on the tractor, but this safety enthusiast taught them to understand how hazardous it was to hitchhike a ride on a tractor.

Similar reports of the 4-H's participating in the National 4-H Safety program are legion. Instead of using "don't" admonitions, expressions such as "Let's Correct This Hazard" prevail.

Outstanding 4-H records of achievement in safety are rewarded with awards provided by General Motors for the ninth consecutive year. They include sterling silver medals for the blue award group in each qualifying county and an all-expense trip to the National 4-H Club Congress in Chicago next November for the state winner. Six state winners will be chosen to receive a national award. Six state winners will be chosen to receive a \$200 college scholarship. A handsome plaque, appropriately embossed, will be awarded to the county reporting the most outstanding coverage of 4-H safety program.

The National 4-H Safety program is conducted under the direction of the Cooperative Extension Service.

Watch it go through deep sand, grabby clay, sticky gumbo, deep barnyard muck that bring other vehicles to a dead stop.

Watch it buck and plow its way through heavy snow and over ice-covered roads where no other conventional vehicles can make it.

Head it up a steep grade—a rough one—watch it pull a load over grades up to 48 percent... too steep for many other vehicles.

WASHINGTON AND "SMALL BUSINESS"

B. C. WILSON HARDER

Often those who work for salaries or wages, or those engaged in agriculture, write this theme, asking a question on this theme.

"What," they ask, "can I as an individual do to help promote small business and the free enterprise system?"

Many inquiries are in small communities. They go on to explain that their town is not keeping pace with the progress of some nearby trading center where many C. W. Harder, nationally owned concerns have retail outlets.

The problem is common to many towns, and with the need for new school capacity, and other improvements to cope with population growth, small city management is hard pressed to find ways of raising money.

In meeting their problems, all residents of these communities can take one helpful step.

That step is to patronize to the fullest extent possible the local independent businessmen. This should not be undertaken, either, from the spirit of helping the local businessmen out.

Instead, the approach should be one of self-interest. If adequate schooling and other facilities are to be maintained without prohibitive burdens on the residents of a community, it is necessary to have more enterprises to share the tax load.

Independent business establishments have long carried a heavy proportionate share of any communities revenue needs. But an increase in these establishments is only possible if local business

justifies expansion, or increase.

In addition, there is no substitute for money in circulation for local community prosperity. Some economists claim that a dollar spent locally expenses a locally owned concern, by the time it completes its cycle, will produce eight dollars worth of business. On the other hand, they feel that a dollar spent with a non-resident concern, often results in the production of about two dollars worth of business before it leaves the community.

While this is a theory that can be debated extensively, the fact remains that just as the strength of a nation rests on the basic family unit, so does national prosperity rest on the well being of the smaller towns.

Many observers claim this. For generations, country people were considered inferior in education and ability because under a feudal system, facilities for the education of the children of the rural areas was limited.

This was changed by the development of independent trading centers through the nation which provided centers of population that could support schools, libraries, and other advantages equal to that which the big metropolitan centers could offer.

But these observers also feel that the trend is turning back to the old pattern, because growth of smaller communities is not keeping pace, due to profits of local trading being siphoned to distant financial centers.

The only way to reverse this trend, they feel, is for the public in the local communities to support their independent business establishments and thus in turn, draw more business to their communities creating more employment, more income of support for the community.

Novel Paquet Boat Launched

Jovial Commodore Sam Pickard, owner of Paradise Point, chats with
the two charming hostesses, Maggie Beasley and Bessie McCarty, who
have just christened his novel "Paquet Boat, Paradise Point," a
landlocked craft, patterned after the famed packet boats of an
earlier day. It will serve as a community lounge and gathering
place for guests of the famed sportsman's and tourist resort located
just off Road 15, south of Crystal River.The new, official tree of the State of Florida — the Sabal Palm
will thrive on the banks of the Rainbow River, near Dunnellon.
A ceremony dedicating the first officially planted tree climaxed the
meeting of the executive board of the Florida Federation of Garden
Clubs, held at Rainbow Springs Lodge and attended by representa-
tives from every section of the state. Shown planting the young tree
(left to right) — Mrs. Halls Cohen of Jacksonville, immediate
past president of the Federation; Mrs. G. T. Smith of Ocala, chair-
man of the legislative committee; and Mrs. Eugene A. Smith of
Fort Lauderdale, president.

Miss Florida Takes A Bow

LAKELAND—Vivacious Marjorie Jeanette Simmons of Tampa gets in a little "smiling practice" as she prepares to represent Florida and the Tampa Junior Chamber of Commerce at the annual Miss America Pageant in Atlantic City Sept. 7-13. If the Tampa University crowd takes the crowned beauty crown, she will be seen on television for the Florida Citrus Commission boosting the sale of fresh and processed Florida grapefruit.

**Florida Trucks
Biggest Offenders
On Overweight**

TALLAHASSEE—The weights section of the state department of public safety stopped 89,178 trucks along Florida highways the first six months of 1953, found 1,818 overweight and assessed the owners \$99,978.51.

Out of state trucks showed the least in number of violations, although more of them were stopped for weight checks. Nine hundred and twenty-eight of the 42,961 Florida trucks stopped were in violation of load limits.

On the other hand, 46,217 out-of-state trucks were halted, and 490 found in violation of the load law.

As usual, the predominate violation was overweight per axle on all trucks stopped — whether from Florida or not.

There were 1,513 overweight per axle load, showing more than 90 per cent of all violations for that one reason.

Sixteen weights section men operate pit scales in nine towns in the state and roving weights inspectors carry portable scales with them, wherever they go for spot checks of suspected truck traffic.

Biggest month of the six months period for weights men was January when they checked the weight of 20,770 trucks.

They found 221 Florida and 227 out-of-state trucks in weights violation, 364 of them because of weight per axle. Assessments totaled \$35,972.29.

**SALINE RESEARCH
CONTRACT**

GAINESVILLE — A contract has been let by the Department of the Interior of the Federal Government to the University of Florida, amounting to seventeen thousand dollars, for research in making fresh water from salt water.

The announcement, made by Congressman D. R. Matthews in Washington, stated that the research suggestions submitted to the Department by members of the University's Department of Chemistry, for finding and testing synthetic osmotic membranes suitable for production of fresh water from sea and other salt waters, were among the few chosen by the Department for immediate undertaking.

Results of the researches, if successful, will have far-reaching effects on developing new sources of water for coastal cities, industries, and irrigation.

What We Know About Polio

By Dr. G. L. Beaumont

Knowing that August and September are the peak months for poliomyelitis, and that the incidence to date in 1953 is greater than in 1952, it would seem to be an opportune time to reconsider some facts about this disease.

As you all know, polio is caused by a virus, as are numerous other diseases. There are three known strains of polio virus, each capable of producing human infection. Persons infected with polio pass this virus in their bowel evacuation for a period of time prior to development of the disease and also for a period of time following its onset. This points to the need for careful personal hygiene (handwashing) at all times and especially during outbreaks of polio.

36% of all diagnosed cases occur in the 5 to 9 year age group, and over 80% are under 15 years of age. Polio accounts for more crippling of children than any other cause.

Soil Conservation News

U. S. Soil Conservation Service

The Highlands Soil Conservation District is working out a soil and water conservation plan with Oakley Murphy of Avon Park. In addition to planning and other assistance, the district will design and layout a water control system for Mr. Murphy on areas being developed for improved pasture.

Glen Murphy interplanted hairy indigo with improved pasture and is very much pleased with the results. George Wilson of Lorida seeded several acres of Pensacola bahia grass this week, and August Tobler of Lake Placid planted 100 acres of pangola grass. These grasses were planted on class IV flatwoods land with one ton of lime per acre added prior to planting, as soon as the grass sprouts 400 pounds per acre of a (6-8) complete fertilizer with copper and other minor elements added will be applied.

Several cooperators of the district have already reported good stands of Pensacola bahia and pangola grass that were planted the last of June and the first of July. The moisture condition in most parts of the district has been excellent for planting grasses and legumes since the middle of June. Most everyone who planted bahia this year has gotten unusually quick stands, which they attribute to the continuous favorable moisture conditions. The ranchers who have had failures in getting stands of bahia in the past readily admit poor seedbed preparation, or planting on too light a soil where the surface moisture is gone too soon allowing the seedling to burn off.

CARD OF THANKS

We wish to express our sincere thanks for the cards, flowers, and other acts of kindness extended to the family during the illness and death of our mother. We extend special thanks to those who served as pallbearers. The thoughtfulness of all our friends and acquaintances was much appreciated.

THIS BUS CARRIES KILOWATTS

from Avon Park Station

Electric power usually flows through wire and cable. But at the generating station, where power for an entire system takes the first vital step to the transmission lines, thousands of amperes flow at generated voltages. "Wires" at this point are so sturdy, that they're actually copper bars and tubes — "bus" to the power man.

Power produced at the new Avon Park

Station flows through I-T-E Isolated Phase Bus, like that shown above. Each "wire" of this three-phase system is enclosed in a tube insulated by air. Each phase is isolated from the others — for maximum efficiency and safety.

I-T-E is proud of its part in helping to bring more power to the people and the industries of this area.

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

HIGHWAY PATROL STILL ACCEPTING APPLICATIONS

TALLAHASSEE — Forty-five anxious Floridians who hope to become Florida highway patrolmen will start a six weeks training course in basic traffic law enforcement requirements at Eglin Air Force Base on August 18.

State Patrol Director H. N. Kirkman set the date for the 8th recruit training school today when the new men will be trained to join the current uniformed troopers and bring the organization's strength to 240, under authorization of the 1953 Legislature.

Since a call for applications two weeks ago, Kirkman said a number have been received while others indicated that they want to apply. He said there is still some time left for applications to be submitted.

However, in order to clear applications and do other preliminary work prior to the beginning

of the school, all must have applications in the Tallahassee state headquarters not later than Tuesday, July 28.

The 1953 Legislature authorized employment of 45 new patrolmen, and those together with the present uniformed division of 195, would bring the total to 240.

OPERATING BUDGET \$158.8 MILLION

TALLAHASSEE — State general fund agency and institution operating budgets totaling 158 million dollars, with nine million of it held in reserve, were approved last week by the State Cabinet Budget Commission.

The board released \$39,792,000 for operations during the first quarter of the business year which began July 1.

Agencies and institutions will be allowed to draw on the reserve until they are able to show that they need to do so.

Bennett Twins Have Party To Celebrate Fifth Birthday

Gail and Gary Bennett, twin children of Mr. and Mrs. William E. Bennett celebrated their fifth birthday Thursday, July 9, with a party at their home on Park Avenue.

There were two decorated birthday cakes — one for Gail and one for Gary — each topped with five candles.

The twins and their young guests enjoyed playing a variety of games, after which Gail and Gary opened their many attractive gifts.

Birthday cake, time punch, and party mints were then served.

Mrs. Robert E. Harder assisted. Mrs. Bennett with arrangements and entertainment.

Children invited from out of town were: Wayne Snell, Home-land; Gail Rutherford, Plant City; Ann Gay, Tampa; Chuck Davis, Wauchula.

From Avon Park: Georgiann Franza, Chuck and Jimmy Warrington, Joan and Janet Barlow, Dennis Hood, Jennie Hill, Linda and Diane Cormican, Raymond and Frank Sherertz, Sherry Wells, Jackie Witt, Charlene Ludwig, Ann and Bob Eberlin, Chuck and Bob Durden, Alice Felkner, and Mary Sue Still.

Hibiscus Circle Picnic Meeting

The July meeting of the Hibiscus Circle of the Garden Club was a picnic at the Highlands Memorial Fish and Game Club, with husbands of the members invited.

Mrs. T. J. Ward was chairman for the evening, and was assisted by Mrs. C. R. Ginn.

Mr. and Mrs. I. H. Ford provided the program. They showed a film taking at various local scenes and on a fishing trip, ending with an "Our Gang" comedy.

Present: Mr. and Mrs. T. J. Ward, Mr. and Mrs. C. R. Ginn, Mr. and Mrs. I. H. Ford, Mr. and Mrs. O. H. Ware, Mr. and Mrs. Carl McWilliams, Dr. and Mrs. G. A. Woodward, Mr. and Mrs. L. M. Miss Dean Honored At Buffet Supper

Miss Vivian (Bibi) Dean of Lake Alfred, who will be married on August 7 to Lt. Virgil Durrah Martin of Avon Park, was entertained Tuesday evening at a buffet supper in the home of Miss Kathryn Howell, hostesses with Miss Howell were Miss Pat Lagoni and Mrs. Gordon Tyre.

The party rooms were decorated with summer flowers. A doll bride centered the main table.

The hostesses presented Miss Dean with a gift in her crystal pattern.

Invited were: Miss Peggy Martin, Mrs. Robert Young, Miss Arden Anderson, Mrs. Patricia Ann Smith, Mrs. James Hetherington, Miss Ann Pabor, Miss Lillie Mae Collins, Miss Ann Pabor, all of this city, and Miss Shirley Benson of Florence Villa.

Miss Arden Anderson Entertained By Mrs. J. A. Johnson

Mrs. James A. Johnson entertained at her home Wednesday with a morning coffee for Miss Arden Anderson, whose marriage will be next month. About 60 guests called between the hours of 10 to 12.

Roses in various shades of pink decorated the living room. Yellow roses were used on the dining room buffet, while a spray of pink hibiscus graced the coffee table. Table appointments were of silver and antique cut glass.

Miss Anderson was presented with a corsage of sweetheart roses. She also received a gift from the hostess.

Mrs. W. S. Betts, Mrs. J. Paul Garber, and Mrs. C. E. Lanier poured. Mrs. W. J. Head, Mrs. Roscoe Bass, and Miss Leila Johnson assisted with arrangements and serving.

SUMMER RECREATION GROUP INVITED TO CYPRESS GARDENS

On Wednesday, July 29, 1953, the Avon Park Schools Summer Recreation participants will be guests of the Cypress Gardens in Winter Haven. Mr. Eastman, the publicity manager for the Gardens, has informed us that the children will be invited to stroll through the gardens and enjoy them in their mid-summer beauty. Following this they will watch a Ski-show for which Cypress Gardens is famous. Lunch will be eaten on the picnic grounds. Boys and girls are to bring their lunches and money for cold drinks. The school bus will leave the Gymnasium at 8:45.

County Agent Notes

By B. F. HARRIS, JR.

Home owners that have the problems of what annual flowers to plant, when to plant, approximately time in bloom and also a brief description of the many annual flowering plants, should get John V. Watkins, bulletin 133 "Annual Flowers," in our office or drop us a card, Box 209, Sebring and we will mail you one.

Mr. Watkins discusses in his bulletin such subjects as selecting plants and what material to use for growing plants.

The use of new media for germinating seed, handling seedlings, planting to the garden, cultural practices and spraying. Those subjects are all discussed at length and with good planning and management can produce endless blossoms for home decoration.

If you are not interested in annual flowering plants and desire to plant herbaceous perennials that will last longer than one season, we have Bulletin 146 "Herbaceous Perennials" that discusses the growing of those plants also giving a chart of herbaceous perennials for special situations such as for shady gardens, water gardens, cut flowers and for sunny gardens.

The two publications are general information bulletins that will help you with your landscaping program for home.

SUBSTANTIAL INCREASE IN TAX VALUATIONS

The Highlands County tentative tax roll for 1953 shows a tangible property valuation of \$21,885,486, an increase of \$1,885,946 over that of 1952, according to P. G. Gearing, tax assessor.

Intangible property valuation is \$16,947,852, an increase of \$2,503,012 over last year.

This increase in valuation is due to construction of many new business and residential buildings, to some grove acreage coming into bearing, and a substantial increase is due to the enlargement of the Florida Power Corporation.

Non-exempt lands are valued at \$11,038,310, an increase of \$668,290. Personal property at \$3,851,110, an increase of \$224,550. Railroad and telegraph at \$1,618,158, with no increase. Homesteaded exempt property is valued at \$5,177,910, with an increase of \$270,100.

LEGION JUNIOR TEAMS INVITED TO MIAMI

Miami — Winners or not in state, district and regional competition, 72 American Legion Junior baseball teams in Florida have been invited to the 27th annual Little World Series, Sept. 1-5 in Miami Stadium.

In addition, Joe H. Adams, chairman for Harvey Seeds Post, sponsor of the national playoffs has written all post commanders in the state urging that other youngsters take part in post excursions to the 1953 Little World Series. He pointed out Miami is within easy driving distance for most Florida posts and low summer rates will prevail at Miami-Miami Beach hotels during the playoffs.

The Sarasota Post, Edward J. Corrigan, commander, was first to announce the possibility of making the baseball trip.

Jacksonville, a five-time winner is defending champion. Tickets and information may be obtained through the 1953 Little World Series Headquarters, 72 American Legion, Miami 36, phone 82-3388.
