Judge Allen Goes On Bench In 10th Judicial Circuit

JUDGE W. P. ALLEN

The first judicial acts of Judge William P. Allen, of Bartow, the third and newest judge in the 10th judicial circuit, were performed here Monday, when he entered orders at hearings in chambers at the courthouse.

Judge Allen, who was appointed by Governor Dan McLaughlin to the post created by the 1952 legislature, will announce later where he and Mrs. Allen will make their future home. Under the terms of the new judgeship law, the incumbent must reside in either Highlands or Hardee County.

Until further notice, Judge Allen's schedule will be: Mondays in Sebring; Tuesdays and Thursdays in Bartow; Wednesdays in Lakeland; Fridays in Wauchula.

Judge Allen was born in Tennessee and moved to Florida in 1925, first to Lake Wales and the following year to Bartow, where he became a member of the law firm of Johnson, Borge and Allen.

When appointed to the judgeship, he was serving as attorney for the Polk County commissioners. He also served as counsel for the Florida Citrus Commission, the Polk County school board and the City of Bartow.

The 55-year-old judge, a Methodist, previously served as an assistant attorney general of Florida. In 1942 he withdrew from the law firm of Keen, Allen & O'Kelley to reenter the navy. He served in the Pacific Theatre and in 1945 was placed on the inactive list with the rank of lieutenant commander.

The new jurist is an avid sports fan. In civic affairs he is a Lion and a former Florida governor of that service club. He is a member of the Veterans of Foreign Wars and past commander of the Bartow post of the American Legion.

Fraternally, Judge Allen is a Mason, Shriner and Elk. Judge and Mrs. Allen have three children, Burke and Hilliard are Florida University students. Mrs. Clyde E. Gibson resides in Atlanta.

One Win, One Loss For Ap Town Team

The Avon Park town baseball team defeated Sebring by the wide margin of 14 to 2 in an Orange Belt League game here Friday night, June 19, and were in turn defeated 5 to 4 Monday by Sebring at the latter's home field. Avon Park's team has been temporarily strengthened by the addition of the following players, who made their first appearance last Friday:

Capt. Virgil Walker of the 1953 University of Florida baseball team; J. C. Walker, until recently with the Pueblo Dodgers in the Class A Western Loop; Billy (Moe) Walker, Korean veteran, and Ralph Hill, diamond star at Erskine College.

At the Monday night game, Pollard, Hansen and Langley each had two hits for Sebring while Dilley and McKillen had three apiece for Avon Park. One of Dilley's blows, a triple, was the longest of the evening.

LIONS VS. ROTARY IN SOFT BALL MATCH

There will be a soft ball game between the Lions Club and Rotary next Tuesday night, June 22, 8:00 o'clock, at the high school soft ball field. Admission free. A collection for the Lions' sight preservation fund will be taken, however.

The Rt. Rev. Henry I. Louttit, Bishop of the Diocese of South Florida, is shown at the Church of the Redeemer, prominent laymen. Left to right: F. A. Truett, E. G. Touchton, Walter Betts, W. R. England, Fr. Crumby, Bishop Louttit, James A. Johnson, Franklin Ward.

COLLYER NAMED COUNTY PROSECUTOR, KINSEY COUNTY ATTY.

Effective June 30, County Agent Keith Collyer of Avon Park will be county prosecutor, replacing Attorney Otis Whitehurst of Sebring, prosecutor for nearly four years.

On the same date Attorney Joe D. Kinsey of Sebring will take over Collyer's duties as attorney to the Highlands County Commission. Collyer has been in the post about four years.

The changes were made in quick fashion by the commission Tuesday and marked the second time within a month that Commissioners A. C. Heacock and Morris Adams, who went on the board in January, tried to dispense with Whitehurst's services. The first attempt failed when Chairman A. J. Tubbs joined Commissioners A. C. Heacock and M. H. Grice to retain Whitehurst.

Heacock and Adams renewed their efforts to get rid of Whitehurst a few moments before the commission's clerk, Circuit Court Clerk H. T. Piety, announced the county prosecutor had submitted his resignation, effective July 29.

Before the vote was taken to dispense with Whitehurst and appoint Collyer as prosecutor, the letter of the resigning official was read.

The commission, however, ignored the suggested effective date, over a month hence, and, without a dissenting vote, made the changes effective at the end of June.

Collyer and Kinsey were nominated for their respective posts by Heacock.

Post Office Given First Class Rank

Effective July 1, 1953, the Post Office in Avon Park will be advanced to first class from second class.

After that date, the money order window will be open from 9:00 a.m. until 5:00 p.m. every day except Saturday, when it will be open from 9:00 a.m. to 12 noon, and Wednesdays during the summer months, when the hours will be the same as on Saturday.

Box rents will be increased, beginning July 1, as follows: 66 quarter size to 75c; 75 quarter size to \$1.00; \$1.00 quarter size to \$1.50; \$1.50 quarter size to \$2.00.

Mrs. J. Paxton Hill and her son, J. Paxton Hill, Jr., and Miss Jane Maxwell drove to Tallahassee Sunday to attend a special two-week course in journalism at Florida State University. Mrs. Hill will be senior sponsor and Miss Maxwell senior Annual editor at the high school next year. Mrs. Hill and Mr. Hill, Jr., will be in Tallahassee most of the summer, since he will take special courses there.

This Year's School Summer Program Includes Adults

The Avon Park Public Schools' summer program began this week with registration and scheduling of activities. This summer's program will include more activities than the programs of the past, offering both educational and recreational opportunities for children and adults.

The Homemaking Department of the school, under the supervision of Mrs. Violet Mosley, will be open to students and adults. This phase of the program offers instruction in sewing, food preparation, decorating, and crafts. Those who are interested should contact or come to the department.

At the summer the Avon Park area will have a full-time instructor for driver education, J. C. Matthews makes that any student or adult interested in this program contact him at the high school on Thursday or Friday morning. The car for this program will be furnished by the Avon Park Motor Company.

A program in pre-school music will begin June 29, under the direction of Mrs. Frank Morgan at the high school auditorium. A music program will be provided for children in the primary grades.

In addition to these activities, the gym will be open Monday through Friday from 8:00 to 4:00. Playground activities such as basketball, volleyball, tennis, midget baseball, golf, swimming, tumbling, Red Cross lifesaving classes, ping-pong, and badminton will be offered. Day camping will begin in July on Wednesday of each week.

At the end of this week Miss Jamie Lee Whitaker and Earl Varnes will return to the program after attending an aquatic school sponsored by the Red Cross at Daytona Beach. Guy Garrett is coaching the American Legion baseball team and will assist with the recreational activities taking place at the school.

Born at Monticello, he came to this city from Madison. Survivors include one daughter, Mrs. Eltha Mae Walker of Winter Haven; six sons, Joseph Leonard Hay of Avon Park, Robert Hay of Tampa, Howard T. Hay of Arcadia, Anderson C. Hay of Danville, Ill., James A. Hay of Zephyrhills and Set. Joe R. Hay, U. S. Army, England.

Funeral services were held at the Assembly of God church in Avon Park, Monday, June 15, at 2:00 p.m. The Rev. E. T. Corbin officiating. Interment was in Bonaventure cemetery with Miss Margaret Funeral Home in charge of arrangements.

COMMITTEE REPORT ON WASHINGTON VISIT

Following is the report of the Committee, consisting of J. Morris Adams, president of Avon Park Chamber of Commerce and Highlands County Commissioner, Leonard R. Bush, president of City Council of Avon Park, and E. R. King, Jr., chairman of Military Committee of Avon Park Chamber of Commerce, on their trip to Washington, D. C. for the purpose of bringing the facilities of the Avon Park Air Base to the attention of the proper authorities.

The Chamber of Commerce went to considerable time and expense preparing a booklet presenting the economic advantages activating this base rather than others not belonging to the Government.

Both the City Council and Chamber of Commerce felt that presentation of a committee would assure this information reaching the proper authorities.

The committee had conferences with Senator Spessard L. Holland and Senator George A. Smathers and Congressman James A. Haley prior to meeting with the Air Force Installation group for Planning and Programing.

The committee from the Air Force was impressed with the Economic Advantages of the Avon Park group that if additional facilities are required when the future appropriation for the Air Force is settled that this base would certainly be considered. At such time they also agreed to send a survey group to Avon Park for the purpose of inspecting these facilities.

Your committee strongly feels, in view of the anticipated cut in Air Force appropriations that the presentation of the economic advantages of the Avon Park Base was very timely and worthwhile.

WALTER, PLEASE SAY 'TAIN'T SO!

It has been reliably (?) reported to this paper by a certain citizen, grower on Lake Lotela, and one who considers himself a sort of fisherman, that another good sportsman and generally a successful fisherman who resides on East 2nd street, has become so disgusted with the results of his last two trips with said citizen man in not being able to set one single strike, that he has threatened to dispose of his boat, his rod and fishing tackle for practically one good song.

Please, Walter, you're too good a conservationist and fisherman to give up, just cause that aforementioned citizen man had all the luck. He probably has some kind of a new "kinnick" or secret weapon that frightened all the fish away from your bait. If it is any consolation to you, we know that your friends still have confidence in your placatorial prowess and we believe the fish also trust you.

FLORIDA'S NEWEST ATTRACTION FLORIDA AFLAME

Final details for the opening of FLORIDA AFLAME, the historical drama of the Seminole, were being completed here today. The first performance open to the public will be staged on June 27, at 8:30 p.m. in the Lake Wales Amphitheatre. A special Avon Park Sebring and Frostproof Day is being planned for July 2.

The 340 foot stage has been transformed from a whitewashed facade, through the planting of trees and grass, into a natural jungle-like forest, where most of the action takes place.

At least a backdrop of settings—some 20,000 feet has been draped upon the buildings used in the production of the Black Hills Passion Play—towering palms and slash pines, looking natural in their new habitat, were planted to provide a Florida-looking setting for the production, which takes place during the 1890's.

Headed by Godfrey Quisley, formerly with the Public Gate Players, who plays Oseola, and Barton Mumaw, Florida's celebrated male dancer, who did the choreography and who will do the principal ritual dances during the performance, the 46 other cast members include several Broadway and off-Broadway actors.

The cast, under the direction of Ed Loessin, formerly with the Cherokee Indian drama, "Unto These Hills," has been rehearsing on the newly revamped stage since June 8.

Colorful, authentic costumes, accurate in every detail, have been designed and completed for the spectacle, although the final fittings were a race against time to meet the dress rehearsal deadline.

BEN HILL GRIFFIN, JR. HAS PICKING FOR EMPLOYEES

The annual picnic for the employees of Ben Hill Griffin, Inc. and Griffin Citrus Service Company was held at Mr. Griffin's Ranch in Zolfo Springs on June 12, 1953, bringing to a close the 1952-53 citrus season.

It was an all-day outing with softball, horseshoe pitching, good old hillbilly music and horseshoe riding for the kiddies.

Over 340 people enjoyed the delicious barbecued beef, baked beans, cold rice, swamp cabbage and coffee.

A grand drawing was held at the close of the day with E. C. Langford taking home a fourteen pound ham. Miss Carolyn Brantley was the lucky winner of a fine dollar bill and little Miss Kelly walked off with a real live goose.

Legion Juniors Top Wauchula --To Play Here Friday Night

TROUBLES? TROUBLES AND MORE TROUBLES

You have all heard of the fellow who had his "druthers." Well, this week the editor would druther have been an ice man than a newspaper man responsible for getting out the Sun. You talk about troubles, dear readers, well we at the Sun office have them. First, we are without a linotype operator and unable to secure one after combing the state for the past two weeks and, as a result, we had to call on our friends at the Hardee County Herald office in Wauchula who are working overtime to set some type for us. Then, on top of all this the heating element in our electric heater burned out and this necessitated a trip to Wauchula to have our mate cast, as well as to Sebring where the Highlands County News is helping us out on top of their busy schedule.

Owing to all of this trouble, the blow that really hurt was the fact we had to turn down advertising, and that hurts.

If we need to be short on news this week, please forgive us, as we hope to have everything back to normal by the first of the coming month. We have had to shorten some stories and others we simply had to leave out, and will try to get them in next week.

Methodist Bible School

This morning (Friday), at 8:30 the First Methodist Church registered the children who will attend the church's Daily Vacation Bible School, beginning Monday, June 22, at 8:30 a.m.

A fine school program has been planned, consisting of worship, memory work, Bible study, missionary stories, music, recreation with refreshments, and handwork.

A splendid corps of officers and teachers have been secured. Assisting in the special ritual of "laying-on-of-hands" were Pastor John Q. Crumby, vicar of the Church of the Redeemer; Father Francis Willard as Bishop's Chaplain; vicar of St. Agnes Church, Sebring; James A. Johnson, crucifer; William Lillycrum, candidate for Holy Orders; and Robin Carr and Ted Narhos, acolytes.

There were 104 persons attending the service.

Immediately after the confirmation service, Bishop Louttit led the procession to the recently completed Church School building, where the Anglican blessing was given and dedication ceremonies completed.

Following the ceremonies, dinner was served in the parish house by the women of St. Margaret's Auxiliary. Father Crumby made his farewell address prior to leaving Monday for Orlando to assume his new duties as rector of St. Michael's Church, Franklin Ward, on behalf of the congregation, expressed regret over Father Crumby's departure and appreciation of his service here.

Country Club Golf News

The first round of the Avon Park Country Club match play handicap tournament was completed last week. Play will continue next week, with this week's losers playing a consolation flight.

Door prize, donated by Ware Furniture Co., was won by Frances Perry of Sebring.

Mr. and Mrs. Harry E. Gibson returned this week from St. Paul, Ohio, to spend a week at the home of Jack's parents, Mr. and Mrs. T. J. Ward. The quartet, now on tour, will sing at the Presbyterian church in Sebring Sunday morning.

The Avon Park American Legion Juniors won their first game of season play at Wauchula Monday afternoon by a score of 12 to 8.

Elder gave up two hits in six and two-thirds innings. He was relieved by Waldron in the fifth, who also gave up two hits. Elder then returned to the mound to finish 10th game.

Leading hitters for Avon Park were Elder with three hits and Harper with two. Dale Landreus got a two-base poke.

Crowley started on the hill for Wauchula but was relieved by Grabbing in Johnson in the fourth inning.

Sarasota comes to Avon Park for the next local game tonight (Friday), 8:00 p.m. Next Monday Avon Park travels to Fort Myers, and next Wednesday, June 24, Avon Park plays Sebring in Sebring.

The remaining schedule: June 19, Fri., Sarasota, home. June 22, Mon., Ft. Myers, away. June 24, Wed., Sebring, away. June 26, Fri., Ft. Myers, home. June 28, Sun., Bradenton, away. Rotary News

Members of Rotary were very fortunate on Wednesday of this week in having a very interesting speaker, Mr. Thomas Nadal, former president of Drury College, Springfield, Missouri, and a Rotarian, entertained the diners with a talk on "The People of the Ozarks."

Mr. Nadal spent several years among these people, and states they are among the finest people he has come in contact with. Stating that they take their religion seriously and are outstandingly honest, hard working, God fearing people.

The speaker for next Wednesday will be Representative Edna Pearce who will tell of her experience in the recent legislative meeting.

Jack Ward and the three other members of the Wheaton College quartet, Wheaton, Ill., will spend the weekend at the home of Jack's parents, Mr. and Mrs. T. J. Ward. The quartet, now on tour, will sing at the Presbyterian church in Sebring Sunday morning.

Mr. and Mrs. Harry E. Gibson returned this week from St. Paul, Ohio, to spend a week at the home of Jack's parents, Mr. and Mrs. T. J. Ward. The quartet, now on tour, will sing at the Presbyterian church in Sebring Sunday morning.

Cub Scout News

The monthly pack planning meeting of Cub Pack 156 was held Thursday evening, June 4, at the home of Cubmaster W. F. Luscomb. Plans for the summer program were discussed. The theme for this month is "Summertime Adventure", and will include nature fun, things to make, explorations, picnics, and fixing up a backyard meeting spot. Trips to state parks and museums have also been suggested and one cub wants to go to Tampa to see how a newspaper is made.

Two all-night camps (backyard variety) were reported by Mrs. Cairns and Mrs. Parnell for last month, and more are planned. In line with the program theme for July, "Cub Scout Dads", the Cubmaster is sending out an SOS to all fathers of cub scouts to attend the pack meeting Thursday, June 25. The ladies, according to Mr. Luscomb, are doing a bang-up job, but most of the dads are conspicuous by their absence. This situation is cutting the effectiveness of the program right in half, since the dads as well

as the mothers are an integral part of any successful cub pack. Miss Katherine Hamilton, den mother of Den 6, is leaving Avon Park, and has turned her den over to Mrs. Grover Bates. Mrs. Wilma Lewis is taking over Den 1, and Mrs. Duggan is relieving Mrs. Parnell of Den 2 for the summer.

Both the advancement and attendance banners for May were carried off by Den 2, headed by Mrs. Parnell, with Mrs. Kelsey's Den 3, Federal Prison Camp, running a close second. Five bears and six wolves, together with several gold and silver arrow points are already lined up for this month's advancement, and Robert Farr, Den 5, goes up for his webelos, highest cub-scouting award. Present at the meeting: Mr. and Mrs. Kelsey Garner (Den 5), Miss Hamilton (Den 6), Mrs. Bates and Mrs. Lewis (new den mothers), Mrs. Dot LaFlam (retiring den mother of Den 1), Mrs. Sita Cairns (Den 3), Mrs. Gribb (Den 4), Cubmaster Luscomb and his able assistant, Mrs. Luscomb. All parents are urged to join in and help our biggest and best

cub pack grow bigger and better. Good boys make better citizens.

MRS. VAUGHAN WENDELL DRIGGERS JR.

Driggers-Hallows Wedding In Ohio

An arch of swords presented by an honor guard of the bridegroom's classmates from the U. S. Coast Guard Academy lent color to the wedding of Miss Jean Ann Hallows, daughter of Mr. and Mrs. Raymond Leroy Hallows, of Cincinnati, Ohio, to Ensign Vaughan Wendell Driggers Jr., USCG, son of Mr. and Mrs. Vaughan Wendell Driggers of Wauchula and Avon Park.

They start bearing in December and continue bearing in May. To quote the bulletin from the Sub-Tropical Experiment Station on yield: "The plant, over a four month period, produced an average of 12 to 15 plants per bush. In 1950

eight bushes yielded 100 pints or 50 pounds. In 1951 ten plants yielded 150 pints or 75 pounds.

For the average family use, four bushes well taken care of will produce enough for their home use.

The Circular S-55, "A Tropical Black Raspberry for South Florida," is available at the County Agent's Office in the Post Office building. This circular gives you the information you need to get top production from your raspberry bushes. Such as, description, propagation, culture, diseases and pests, picking yield and use as food.

Wide interest has been shown by people in Highlands County about this new plant, especially the people who have lived in the north and grow to like and appreciate the raspberry. If you have that desire, it can be satisfied with fresh black raspberries.

For information concerning the black raspberry, contact your County Agent.

AVON PARK, FLORIDA, FRIDAY, JUNE 26, 1953

NUMBER 33

Rev. H. D. Graetz New President A P Rotary

At the regular meeting of the Avon Park Rotary Club on Wednesday night of this week, Rev. Herbert D. Graetz of the Union Congregational Church was installed as president for the term of 1953-54.

The new president, the "Parson" as he is affectionately known to the members of Rotary, was installed by a former president, Vaughan Driggers of Wauchoula. Mr. Driggers first had the duty of unstalling the past president, Herbert Todd which was done in an appropriate manner and with various humorous remarks, and presentation of the past president pin. The "Parson" was then installed and presented with the president pin.

Under the efficient leadership of Mr. Todd, the Avon Park Rotary Club can look back on a very successful year, and there is no doubt but that the coming year will be as successful under the leadership of the new president.

Miss Edna Pearce, Highlands County Representative in the state legislature was the guest speaker at the meeting this week. This charming lady gave a very interesting and comprehensive report on the workings of the past legislative session, and we believe that all who heard Miss Pearce, agree that Highlands County was well and favorably represented.

Life Guard To Be At City Beach

John Ziegler will be on Life Guard duty at the new City Beach from 2:00 p.m. to 6:00 p.m. each week, Monday through Friday, for supervised public swimming in conjunction with the school's summer recreation program. Mr. Ziegler is a trained life guard.

Swimming at the public beach before and after the stated hours will be at your own risk. The public, particularly parents, are warned that Lake Arona waters beyond the roped-off area are very deep.

The life guard service was made possible through the cooperation of the City of Avon Park with the summer program.

As the summer schedule shows, all swimming classes will be held at Lake Tulane and proper Red Cross certification will be given those completing any phase of this program. All free swimming for pleasure alone will take place at the City Beach.

Under the Tree Farm system, many small landowners throughout the state are receiving good cash dividends from their woodlands. Tree farmers are assured of a continuous income from their woodlands through forest management practices.

Small Number Of Growers Withdraw From Mutual

LAKELAND—Thirty-five growers representing about two per cent of the 90,000,000 boxes which Mutual growers produced during the season coming to a close have canceled their contracts through June 18 according to an announcement by Florida Citrus Mutual.

The 35 growers represent only a small fraction of the Mutual's numerical membership of approximately 7,000. Compared to last year, the number of withdrawals through June 18 is small. Mutual revealed that the same time last year, 133 growers had exercised their June withdrawal privilege.

Under the contract a grower signs with Mutual, June is the only month when he can break his membership. Unless a grower chooses to withdraw, his contract remains in force for a period of 10 years.

The total number of boxes represented by those who have withdrawn is similarly small when compared with last year's totals. Growers who have withdrawn this month so far represent only 913,550 boxes produced on 5,923 acres compared with 4,415,148 boxes on 12,510 acres represented by the number who pulled out last year up to the same date.

In commenting on the withdrawals, Mutual executives pointed out that the number who pulled out last year up to the same date, the small total represents positive evidence of the regard members feel for Mutual and the highly effective job the organization has accomplished working for their interest during the 1952-53 season.

Rutledge emphasized that some of the corporate growers who have canceled their contracts do so every year as a matter of routine. "They will undoubtedly be back with us as soon as they know what Mutual's policies will be for next season," he said.

Fishing Licenses Now On Sale

TALLAHASSEE—Fresh water fishing licenses for 1953-54 will go on sale this week and will be honored by all Wildlife Officers even though the old permit expires June 30, it was announced here today.

Charles W. Pace, Director of the Game and Fresh Water Fish Commission, said that the new licenses have been distributed to County Judges who will direct the statewide sale.

There will again be three fresh water fishing permits sold this year: A resident license for \$2.00, a non-resident annual permit for \$10.50, and a non-resident, 14-day license for \$3.25.

Pace said that his office had several inquiries on whether or not the new license could be used before the year starts on July 1. All fishermen purchasing these permits may use them as soon as they have them in their possession.

The Director also issued a warning to the State's sportsmen that the present license expires the last day of this month. The new fishing license will be the same size and shape as that of 1952-53, streamlined to fit the billfold for easier carrying and display purposes.

There will be a follow up clinic at the County Health Dept. on June 29 and 30 for suspicious TB cases when large X-rays will be taken.

Mrs. E. W. Sheffield, Mrs. Patricia Peterson and son, Robert Bruce, Glendon Ann Sheffield, and Beverly Williams will leave Saturday to drive to Castle Rock, Minn., where Mrs. Peterson will join her husband, G. M. J. Peterson, who is returning to his home from duty in Alaska. Later, the Petersons will go to Pope AFB, near Ft. Bragg, N. C. Mrs. Sheffield and the others will make a trip through the country before returning home the latter part of July.

LIONS OUT-ROAR ROTARY BALL TEAM

Members of the Lions Club and Rotary complained of sore muscles after their soft ball match Tuesday night, but the Lions, having defeated the Rotarians 14 to 8, had easement for their sufferings.

Preacher Graetz, Rotarian, was termed by both sides the most spectacular player in the game. Fred Jahn, Lion, and Joe Franz, Rotarian, team manager, hit the two home runs of the match. Guy Garrett was Lions manager. In actuality, the Lions played against their own members, since Rotary couldn't field a complete team and had to borrow players from their opponents.

J. C. Still announced the game. The collection netted \$13.50 for the Lions' sight protection fund.

Council Inaugurates Prayer For Guidance

The Avon Park City Council met Monday night in regular meeting, and on suggestion of Councilman Thomas the council opened the meeting with a prayer for guidance in their deliberations. Councilman Malcolm Crews led in prayer.

The Supreme Court opens all sessions with prayer, and we believe that all governing bodies should do the same, and we congratulate our city council on this new move and sincerely hope they will continue this new feature.

The meeting turned into quite a hassle between the president of the City Council and the city attorney over the seizure of a cash register at the Palms Restaurant in an attempt to secure payment of personal property tax owed by the restaurant.

Through some error of a former administration the tax had never been collected from the previous owners of the restaurant, and the present City Council is moving in the right direction to collect all personal property tax. The register was seized by the police on order of the city attorney, and when the president of the council was told about it, and it being after office hours of the City of Sebring, he collected the mayor and another member of the council and they went to the restaurant, vault and picked up the register and returned to the Palms Restaurant.

It is not up to the editor of the Sun to say who is right and who is wrong, but we do not approve of such methods of collection. Nor do we approve of a member of the Council acting without consulting the city attorney on a matter of this kind. We honestly believe that Mr. Rush acted out of the goodness of his heart in taking the action he did, so the restaurant owner would be handicapped by operating his business without part of his bookkeeping equipment.

It developed at the meeting that the city owed the restaurant an amount equal to the tax owed, for serving meals to prisoners which should have been security enough for the taxes owed.

Following are some of the more important minutes of the meeting.

Motion by Councilman Kirkland, seconded by Councilman Thomas to approve the plat of Red Top Subdivision on Lake Las Shores as presented by L. D. McGiboney. Motion carried unanimously.

A representative of the Florida Wildlife Magazine stated that they were preparing an article for the July issue on Avon Park and Highlands County. He requested that the City advertise in that issue. Councilman McGiboney, seconded by Councilman Kirkland, moved that the City advertise in the July 1953 issue of the Florida Wildlife Magazine in the amount of \$120.00. Upon roll call vote Councilman Sparks, Kirkland and McGiboney voted AYE. Councilman Thomas abstained from voting. Councilman Smith absent.

Joe B. Hevia asked for an extension of time for payment of delinquent personal property taxes of Avon Auto Supply, Inc. Motion by Councilman Thomas, seconded by Councilman Sparks to extend the time for payment of Personal Property Taxes of Avon Auto Supply, Inc. to August 1, 1953. Motion carried unanimously.

L. M. Shackelford stated that there were personal property taxes due the 1948 Special Assessment on Palms Restaurant operated by him. He stated that the time he bought the business he and the former owner had come to the City Hall and paid all of the taxes which they were informed about. He requested an extension of time to settle payment of this tax. A lengthy discussion followed. Motion by Councilman Kirkland, seconded by Councilman Thomas to extend the time for payment of the 1948 Special Assessment on personal property of the Palms Restaurant to July 13, 1953. Motion carried unanimously.

Motion by Councilman Thomas, seconded by Councilman Sparks to write off the remaining 1942 Personal Property taxes of the Fuel Company due to tanks not being installed as of January 1, 1948. Motion carried unanimously.

Motion by Councilman Thomas, seconded by Councilman Kirkland to extend the time for payment of Personal Property taxes of S. C. Pardee, Jr., to (Continued on Page 32)
