The Twelve Steps of Alcoholics Anonymous

Step One: We admitted we were powerless over alcohol—that our lives had become unmanageable.

Step Two: Came to believe that a Power greater than ourselves could restore us to sanity.

Step Three: Made a decision to turn our will and our lives over to the care of God as we understood Him.

Step Four: Made a searching and fearless moral inventory of ourselves.

Step Five: Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.

Step Six: Were entirely ready to have God remove all these defects of character.

Step Seven: Humbly asked Him to remove our shortcomings.

Step Eight: Made a list of all persons we had harmed and became willing to make amends to them all.

Step Nine: Made direct amends to such people whenever possible, except when to do so would injure them or others.

Step Ten: Continued to take personal inventory and when we were wrong promptly admitted it.

Step Eleven: Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.

Step Twelve: Having had a spiritual awakening as the result of these Steps, we tried to carry this message to alcoholics, and to practice these principles in all our affairs.

"Courageous And Sound Approach"

There has been so much criticism of Secretary of Agriculture Benson than an inadequately-informed person could readily believe that he and his policies suffer the virtual unanimous opposition of the farmer.

This is not the case. Large, important and far-sighted farm groups respect and support the Secretary and his objectives. For example, the American National Cattlemen's Association, at its recent annual convention in New Orleans, passed a formal resolution commending the Secretary for his "courageous and sound approach" in trying to maintain a free agricultural economy.

The wording is significant. A so-called "solution" to the farm problem which reduces agriculture to bureaucratic domination is far worse than no solution at all. It is to the credit of the cattlemen and other livestock producers that they have long understood this and have been leaders in opposing proposals which would take away their freedom and independence in return for federal handouts. And they have held that position during periods when meat prices have been seriously depressed.

Regardless of who heads the Department of Agriculture in the future, regardless of what changes for good or ill take place in the agricultural economy, the maintenance of the farmer's freedom within our free enterprise system should be the basic goal of all.—Industrial News Review.

We have forty million reasons for failure, but not a single excuse.—Rudyard Kipling.

There is nothing final about a mistake, except its being taken as final.—Phyllis Bottomo.

Words, I think, are the one great exhaustless charm and resource of life.—Gamaliel Bradford

The finest words in the world are only vain sounds if you cannot comprehend them.—Anatole France

Words—the coins minted by the tongues of men with which realization may be purchased.—Hervey Allen.

Report From Your Congressman "Jim" Haley

Under the Federal Aid to Airports Act I am happy to announce that the Civil Aeronautics Administration has allocated \$195,000 to the Sarasota-Bradenton Airport for the extension of the north-south runway and for other purposes.

The House passed an authorization of an additional 17 million dollars during this fiscal year for the eradication of brucellosis. This disease is also known as contagious abortion.

Citrus has taken the spotlight in the news this week. In addition to the hearing on my bill to allow the continue use of the dye on oranges, I have presented a box of grapefruit to several people in the Pentagon. Florida Citrus Mutual is currently pushing grapefruit. In order to aid I have urged the various departments in the defense set-up to put grapefruit on the menu at least once a week. If each member of the Armed Forces ate one grapefruit a week from now until the end of the season, it would remove about one million boxes of grapefruit from the market.

I also lent my support to the Florida Citrus Commission in their proposal to the Department of Health, Education and Welfare. I attended the presentation of the fruit to Secretary Folsom on Tuesday.

At this writing it looks as though I will be able to make a quick trip to Florida for the Florida Citrus Exposition in Winter Haven this week. While I am there I intend to look over the proposed sites of the new research Lab. A representative of

Motion by Mr. Barben seconded by Mr. Lee that the meeting adjourn. Motion carried. Mr. McFarland absent.

Warren Announces He Seeks Governorship

FULLER WARREN

Miami—Former Governor Fuller Warren announced Tuesday that he will again seek the state's highest executive office and will run on a platform geared to further expand the industrial, economic and tourist growth of Florida, thus ending the speculation of the last few weeks as to whether he would be a candidate.

He said that capable leaders will assist him, if elected, in putting into effect a program to meet the challenge of a growing state. The first Warren administration, from 1949 to 1953, the candidate avers, accounted for the state's greatest forward moves.

Hardee County Judge Files For Congress From 7th District

Left Mabie, Hardee County Judge and Wauchula Attorney, today qualified with the Secretary of State as a candidate for Representative in Congress from the Seventh District of Florida. He named W. E. Bobo of Lakeland as his campaign treasurer and Dr. W. L. Howard of Wauchula as deputy treasurer and designated the Wauchula State Bank his campaign depository.

Stating his views on certain important issues of federal legislation, Mabie said: "We now have a farm problem resulting from federal subsidies and controls instituted during the last war to encourage wartime farm production. I am opposed to the furtherance of federal farm controls and subsidies, and I will work toward the gradual removal of farm products from federal control as far as is practicable."

No right-thinking American would favor spending U. S. tax dollars for items which would normally be the obligation of some foreign nation. I favor a continuation of our foreign aid program but under much stricter supervision so that the spread of communism is opposed and so that this country receives full credit, rather than allowing those states except where absolutely necessary. However, I believe that aid to the public school system is now urgently needed to cope with a tremendously increased school enrollment. It has become axiomatic that federal aid means federal control. This does not have to follow. I see no reason why such aid cannot be granted to the states to be used in accordance with their own educational policies. I will support federal aid to schools without federal control."

An opponent to any tax reduction which might endanger our defense structure.

Jim Haley Announces He Will Run Again

Washington — Rep. James A. Haley of Sarasota today announced that he will seek reelection to the Congress from the Seventh Congressional District of Florida. Haley has represented this District in the U. S. Congress since it was created in 1933. The district embodies the Counties of Polk, Hardee, Highlands, DeSoto, Manatee and Sarasota.

R. P. Dunty Jr. of Lake Placid has been appointed Highlands

County campaign manager.

Haley ran for and was elected to the State Legislature for the 1949 and 1951 sessions. As a member of the State Legislature from Sarasota County he headed the "Haley Committee", which investigated crime and corruption in Florida. He was a member of the Finance and Taxation Committee, was vice-chairman of the important Appropriations Committee and was Chairman of the Public Welfare Committee.

As a member of Congress, he serves as Chairman of the Indian Affairs Subcommittee of the House of Representatives, is the fifth ranking Democratic member of the important Interior and Insular Affairs Committee and of the Veterans Affairs Committee and he also serves on the Veterans Hospital Subcommittee.

In announcing his candidacy, Haley said, "Since I was elected to Congress in 1952, I have tried to represent the people with fairness to all. My record here in the Congress and in the State Legislature is open to the closest scrutiny of anyone. I have tried not to show favoritism to any one group of people, as my record will show."

George Smathers To Ask For Re-election

Early this week, George Smathers announced that he would file for re-election to the United States Senate in Tallahassee on Tuesday, Feb. 21. He stated:

"I am deeply grateful to the people of Florida for the opportunity they gave me to serve them and our nation in the United States Senate for the past six years."

"Those years have been hurried, interesting, and I think, useful for during that time we have seen a great development in our State, and a greater stability brought to our national economy largely through the efforts of the United States Congress."

"While the future of our country appears bright, we all realize there are pitfalls ahead both at home and abroad which we must avoid."

"The years I have served in the House of Representatives and the Senate have now placed me in a position with the leadership where I believe I can serve with over-increasing effectiveness our State and our nation. It is on that record of service in the past and service in the future that I seek re-election."

The bride was given in marriage by her uncle, Mr. Earl Groshon of Fort Myers, and was attended by Miss Nora Mercer. Mr. Russell Shuler was best man. Mrs. C. H. Swartz was the organist.

The bride was lovely in a street-length princess dress of white lace, featuring a short jacket, and worn with a small white hat. She carried a white prayer book topped with a nosegay of delicate orchids.

Miss Mercer chose smoky gray and carried a nosegay of deeper toned carnations.

Mrs. Earl Groshon, aunt of the bride, and Mrs. Hill, mother of the bridegroom, both wore navy blue with white accessories and identical corsages of pink carnations.

After the ceremony, Mrs. Hill was hostess to the wedding party at breakfast, with Mrs. Helen Mann assisting. Guests were served grapefruit, waffles and coffee. The table was laid with white damask and centered by a luscious three-tiered wedding cake made by Mrs. Groshon.

After breakfast, Mr. and Mrs. Hill left for Idaho, where he will be employed by the United States Forest Service. He wants they will stop over night in Cincinnati, Ohio, to visit Mr. and Mrs. Donald Cash (Shirley Hill). From there they will go to Bangonia, Michigan, to spend a few days with Mr. and Mrs. C. E. Winter Guest Club News

Winter is receding, spring is advancing, the days are becoming longer, the nights becoming shorter, and the Winter Guests of Avon Park are becoming fewer. The northern and western exodus has begun, and soon our numbers will be getting fewer fast. Ohio and Indiana, greatly depopulated during the winter season, will soon begin to fill up again as the folks from LaPorte and way stations leave a sigh, shout goodbye, and away they go back to the land of ice and snow; in the month of March, that is. However, nevertheless and notwithstanding, there will still be enough good folks around here to push the dice, shuffle the cards and play for fun.

The valentine party on the 14th went off with the customary bang; that is, a full house and much gaiety. Ye Scribe was unfortunately absent, owing to much seasonal sneezing, so this report is based on hearsay evidence, which lawyers hoot at though it may be quite good sometimes. You were inspected at the door when you came in that night, and

given a mystic number, then divided into groups. Pretty soon numbers were called from each group, and if your number was called you had to sing a song or tell a tall yarn, or dance a jig, and so on. It was all very merry, so they say, until the hour came for the coffee and doughnuts when it was tearfully announced that there were not such viands on hand. It seems that the culinary department somehow slipped, and a memory cog, and there were no coffee and doughnuts, so that everybody had to go home and to bed without the solace—and probably slept better for it.

The shuffleboard experts here had best look to their laurels. They go to Sebring, to Lakeland and various other foreign parts to do their stuff, and then come home with no bacon, only some good experience. Meanwhile pleasant Mrs. Stropes goes to Tampa, exhibits some needlework at the State fair there, and comes back with two blue ribbons, three red ribbons, and a pot of cold cash! Now that was doing pretty well. For a paying avocation needlework seems to be leading shuffleboard by a mile or two.

No song service at the club house last Sunday afternoon. A fine band concert in the high school auditorium instead, which as usual drew a goodly number of winter guests. Whether one is a citizen of Avon Park or just a visitor it is generally acknowledged that the school band here is up among the tops.

Let's see. How about the shuffleboard experts, near experts, and other hopefuls. On Saturday, the 18th, it was a battle of the sexes, women against the men, all lesser lights this time, the bigshots acting as referees. The latter were all men, and so the men won though by their superior merits of course. They were some five games ahead when the bell rang,

so to speak. A most interesting set-to, that afternoon. Now let us amend the statement in a paragraph above: to wit, that when our shuffleboard teams go abroad for glory they get mainly experience. On Monday the 20th, a team journeyed to Arcadia and won handsily by a score of 25 to 18. That was fine. Needlework, however, still seems to be in the lead. And that is all for this time except to remark that Mr. A. W. Rodgers won the bridge tournament on Tuesday afternoon. So says

The Stroller

DO YOU KNOW?

By James D. Judé, Evangelist of church of Christ, South Forest Ave.

Question: "Should religious groups practice close communion? That is, should churches forbid certain people to eat the Lord's Supper with them?"

Answer: The Bible, when speaking of the Lord's Supper, states that, "as often as ye eat this bread, and drink this cup, ye do shew the Lord's death till he comes. Wherefore whosoever shall eat this bread, and drink this cup of the body and blood of the Lord, unworthily, shall be guilty of the body and blood of the Lord. But let a man examine himself, and so let him eat of that bread and drink of that cup." (1 Corinthians 11:26-28). This passage states that a person is condemned for a misuse of the Lord's supper, but we are told to, "let a man examine himself" to determine if he is misusing it.

To remove grease spots from carpets, The Progressive Farmer suggests using carbon tetrachloride on a clean cloth.

Jesus promised that His supper should be in the kingdom. (Luke 22:18, Matthew 26:29); while He also declared that only those born again, born of water and the spirit, should enter the kingdom. (John 3:3-5). These two statements being statements of truth, then only those born again, in the kingdom, can eat of the supper. As each examines himself in the light of the truth, he must determine whether he is in the kingdom with the privilege of a citizen, enjoying the right to eat and drink with the Lord at His table.

The apostle Paul declares that eating and drinking of the Lord's supper is a "communion" of the blood and body of the Lord, (1 Corinthians 10:16). If the actual partaking of the supper be a communion with the Lord, who but the Lord can declare the reality of that communion? One may eat the bread and drink the cup, but unless in fellowship with Christ through His death, in obedience to the gospel, there is no communion, hence no actual eating of the Lord's supper in the Bible sense of the term. It would be just an empty act. It would seem that the Lord is to determine the matter who is and who is not eating with Him. Our responsibility is to preach and teach the truth respecting the kingdom and the supper. It is the responsibility of the individual to determine whether or not he is in fellowship with Christ, in the kingdom of Christ, with the right to eat and drink with Him. But this examine must be made by the individual in the light of God's word. A misuse will bring condemnation to those so doing, (1 Corinthians 11:20-34).—Adv.
