Freedom Is Not A Natural Right

At this season the economists present their summaries of what has happened in the past and what is anticipated for the future. There are problems and maladjustments, notably in certain branches of agriculture. But the over-all picture is one of extraordinary material progress and achievements—probably the greatest in recorded history.

The Secretary of the Treasury, George Humphrey, has described "what millions of Americans have been actually making of our economy." Our total production of goods and services is not far from \$400,000,000,000 a year—which works out to seven times the 1900 level after allowance is made for price rises. It is of the utmost significance that the greatest share of this goes not to the wealthy, but to the people in the lower and middle income groups. Where, early in the century, only one family in 10 earned as much as \$4,000 a year in terms of today's prices, now half our families earn more than \$4,000.

The fruits of this are found in statistics which are astonishing by any standard. At the turn of the century there were 14,000,000 life insurance policies in force in this country—now there are 250,000,000. In 1900 individuals had liquid savings of all types amounting to less than \$10,000,000,000—now the total exceeds \$235,000,000,000. More than 15,000,000 Americans have over \$30,000,000,000 invested in pension and retirement trust funds which didn't even exist in 1900. Close to 10 per cent of all our families today own stock in American corporations, while 55 per cent live in homes of their own.

What all this means, in Mr. Humphrey's phrase, is that "the basic interests of the man in overalls are today the same as the basic interests of the man in the business suit." He uses inflation as an example of that mutuality of interest. Between 1939 and 1953 inflation "stole" \$478 out of each \$1,000 of savings—almost half. It did that by cheapening the dollar—by cutting its purchasing power.

That brings up an ever-existing danger. It is commonplace to read political programs which propose tax reduction on the one hand and, on the other, all manner of increased federal expenditures for social security, for schools and roads, for public housing, for public power development, and so on and so on. How could such programs be put into effect? In only one way—by running the government farther into debt through a series of huge deficits. Then renewed inflation would follow as day follows night, and the people would be "robbed" of their savings again. No other results could be expected from a policy of taxing less while spending more. And, along with the material losses, the individual would lose opportunity and freedom—a price always exacted by governments which are reckless with the assets of the people, and insatiable in their drive for more and more power over the lives of all.

It is far easier to build a system which gives the masses of people freedom along with material well-being than it is to maintain it. Dr. George S. Benson has pointed out that "When you look back down through the pages of history, you will find the wrecks of 19 civilizations. You will find that nowhere in the world at any spot have people for

many generations maintained a good government of a good economy." Demagoguery, special privilege, successful pressure groups, a gradual wasting away of the principles of individual freedom, responsibility and obligation—these were among the seeds whose crop was disaster.

No nation has any natural right to freedom. Freedom must be worked for and earned—and everlastingly protected. Material gain is a by-product, so to speak, which comes to those who place the greatest value on the free man and the free society in which he lives and works.—Industrial News Review.

1956 Forum Series Opens Wednesday At Webber College

Webber College opens the 1956 Forum Series, Wednesday evening, January 11, with John Temple Graves as the guest speaker. Mr. Graves of the Birmingham Post-Herald, Birmingham, Alabama, is a noted Southern author, orator and columnist. He has been described as "the most heard-and-read Southern." His subject will be "America With the Lights On."

The public is cordially invited to attend these Forums, held each Wednesday, at 7:45 p.m., in the Babson Park Woman's Club in Babson Park. Dr. John R. Ewers, pastor of the Babson Park Community Church, will be the moderator of the discussion period to follow the lectures.

The 1956 Forum Series also includes: January 18, Colonel Arnold M. Maaha, professional photographer, author and world traveler, "Australia—Land Under the Southern Cross"; January 25, Wm. A. McRae, Jr., well-known attorney-at-law, "What Every Woman Should Know About Legal Affairs"; February 1, Dr. James Gordon Gilkey, Radio Speaker, College Professor and world traveler, "In the Far East—A Report On Japan"; February 8, Dr. Kurt D. Singer, Radio and

TV Commentator, Authority on Foreign Affairs, "Experiences with Spies and Traitors"; February 15, Louis J. Alber, lecturer on American problems and world affairs, "The Kremlin's Next Moves"; February 22, Sir Hubert Wilkins, world-famous explorer, scientist and lecturer, "Polar Explorations By Air and Submarine" (with natural color pictures).

It looks high priced

...but it's the '56 Chevrolet!

THE NEW 56 AIR SPORT COUPE

Who wouldn't mistake this new Chevrolet for a high-priced car! It looks strictly "upper bracket" with its bold new Motorama styling... its longer, lower hood... its proud new full-width grille. But, even beyond the costly appearance of its beautiful Body by Fisher, Chevy gives the high-priced cars a run for their money. It brings

you lightning acceleration for safer passing. Horsepower ranges up to 205! All engines now have hydraulic-hushed valve lifters. Besides, you get safety door latches in all models. You can also have seat belts, with or without shoulder harness, and instrument panel padding at extra cost. Come highway-test a Chevrolet!

By RUSSELL KAY

The successful development of the ramie-growing industry in Florida should result in the establishing of textile mills in the state and Mr. Morton tells me that textile people are becoming genuinely interested. Nine big textile firms are now testing the Florida product and considering its use. Any one of these concerns is in a position to take all the ramie fiber Florida can produce and it appears that the

The 2- and 3-apartment homes are fully designed, with covered concrete iron grill work. Ford's new Thunderbird-proven Y-8 engine will give you a new and thrilling experience in both power and performance

The Thunderbird's own engine can be yours, at no extra cost, in Ford. It's the standard eight for all Ford Fairlane and Station Wagon models! You'll be able to pass other cars with greater confidence. Hills will disrobe. You'll take off faster than a jet.

Ford eights are Y-8's, too! The rigid, extra-deep block that gives them that Y-like look, really separates them from the "V's." It pays off in longer life—smoother, quieter "GO."

Get Thunderbird Style, Lifeguard Design

Ford also took its styling cue from the Thunderbird. And that means you get style that will stay in style longer than those worn ahead to mean it's old.

Lifeguard Design is another Ford exclusive that really pays off. It gives you extra protection against the major causes of injury in accidents. Come in and get all the Ford facts.

**Come in! Test Drive the fine car
at half the fine-car price**

Mr. and Mrs. Alex Stachon Renew Marriage Vows on Golden Anniversary Before Celebration Luncheon At Jacaranda

Mr. and Mrs. Alex Stachon are pictured in the midst of their eight children and their children's families at the celebration of their fiftieth wedding anniversary last week. Mr. and Mrs. Stachon are seated just left of the center of the photograph.

Mr. and Mrs. Alex Stachon of Avon Park celebrated their golden wedding anniversary on Thursday, December 28. Their vows were renewed before the Reverend Father Emil Heiring at St. Catherine's Catholic Church in Sebring at 10 a.m., after which "The Mass of the Angels" was sung by the Missionary Sisters of Our Lady of Victory. The Mass was attended by a large group of relatives and friends.

At noon Mr. and Mrs. Stachon were hosts at a luncheon in the dining room of the Jacaranda Hotel. All of their eight children and fourteen of their seventeen grandchildren were present. Their two great-grandchildren were not present. Their children and families who attended the luncheon were Mr. and Mrs. Louis Swanson of Avon Park, two sons and one daughter; Mrs. L. Benabarger, Fairhope, Alabama, with three sons; Mr. and Mrs. Steve Radnor, Gary, Indiana, and one son; Mr. and Mrs. Edward Stachon, South Bend, Indiana, a son and daughter; Mr. and Mrs. Stanley Stachon and Mr. and Mrs. John Stachon, St. Petersburg; Mr. and Mrs. Joseph Stachon, Napa, California, and one daughter; and Mr. and Mrs. Alex Stachon, Jr., Mesa, Arizona, their two sons and one daughter. Other friends and relatives who were guests of Mr. and Mrs. Stachon on this occasion were Father Heiring; Mr. and Mrs. Frank Krupa of Gary, Indiana, and St. Petersburg; Miss Jean Kenney, Mr. and Mrs. William Schmidt, Mrs. Freida Horst, and William B. Stachon of St. Petersburg; Mrs. A. Laviska, Minneapolis, Minnesota; Phillip Gierzynski, South Bend, Indiana; and Mr. and Mrs. Robert R. King, Jr. and Mr. and Mrs. L. M. Leagus of Avon Park.

Miss Marie Bilbue of Avon Park gave several piano selections during the luncheon. Golden yellow chrysanthemums and rings were used in the table decorations, with golden wedding bells on a table from which wedding cake was served.

Prized among the many gifts and mementoes received by Mr. and Mrs. Stachon was the Papal Blessing received from Pope Pius XII.

When Mr. and Mrs. Stachon were married fifty years ago, they resided in Clay, Illinois. They lived in Gary, Indiana, and Valparaiso, Indiana, before moving to St. Petersburg in 1914. They owned the Leagues home on East Main Street and moved to Avon Park about a year and a half ago.

Winter Guests Have New Year's Dinner

The Winter Guests at the Conall Apartments enjoyed their annual New Year's dinner on Monday, January 2. The menu consisted of roast beef, potatoes, green beans, cranberry sauce, coffee and dessert.

The following sat down to the table: Messrs. Blain of Pennsylvania, Berkner of Ohio, Chambers of Virginia, Hagans of Michigan, Kohl of New York, MacAdams of Massachusetts, Stewart of Indiana, Stuenkel of Ohio and Connell of Florida, and their wives, and the orphans, Philomena and the daughters of the Highlands Lodge section.

Episcopal Women To Hear Address About Spiritual Healing

The Rev. A. E. Connolly, curate of St. Andrew's Episcopal Church, Tampa, will address the local Episcopal Women's Auxiliary next Wednesday at 3:00 p.m., on the subject of spiritual healing in the church. The title of his address is, "Our Supreme Physician." Father Connolly has been active in Healing Services, and is considered very well informed on this subject.

Because of the interest in this matter, Father Thomas, local vicar, issued an invitation to any interested people to come as guests at this meeting. Any visitor will be welcomed, and there will be opportunity for questions after the address. Members of the Episcopate will serve refreshments afterwards. The meeting is to be held in the Episcopal parish house, corner of Verona and Pleasant streets.

Birthday Party For Jackie Hutchinson

Jackie Hutchinson was entertained by her parents, Mr. and Mrs. Jack Hutchinson, at their home on Lake Lotella last Friday afternoon, December 30, on the occasion of her fifth birthday. Her guests spent the afternoon horseshoe riding, which was supervised by Jackie's sister, Sue Pounda, and Mary King. Birthday cake and other refreshments were served and the home was presented with many gifts.

Friends who attended the party were Debbie and Marcia Ward, Georgia Ann and Howie Godwin, Mike Ward, Lark and Morris Adams, Robert King, Pep Hutchinson, Linda and Cheryl Proctor, Ricky Green, Sybil Anderson, Jerry Wilcox, Cindy Strahan, Susan Biggs, Sharon Atkins, Owen Garber, Reed Griffith, Nancy Mitchell, and Marian Turner.

First Methodist Church News

The regular meeting of the Women's Society of Christian Service of the First Methodist Church was held Tuesday afternoon with 29 present.

Mrs. Luttrell led the devotion, reading an editorial, "What's New?" and "Enough." The Rev. Palm was reported in union, followed by prayer.

Mrs. George Kelsey, Mrs. W. D. Perkins and Mrs. D. B. Graham had the program, "The Changeling Gospel in a Revolutionary Age."

Mrs. Hubert Bussard, the president, had charge of the business session.

The society will join the Sebring group later this month for a study course.

The officers made their respective reports.

The meeting adjourned with all repeating the benediction.

Mr. and Mrs. Clinton Ertle and Mr. and Mrs. Ralph Herman of Bethesda, Maryland, called on local friends Thursday and Friday, Dec. 29 and 30, while on their way to the Orange Bowl game in Miami. Mr. Ertle was one of the developers of the Highlands Lodge section.

First Baptist Church News

The Women's Missionary Society of the First Baptist Church met at the church Tuesday afternoon, with the president, Mrs. C. H. Bolton, presiding. Regular reports were given by the committee chairmen. Plans were completed for an all day study at the church of the book, "The Tribes Go Up," a Home Mission study, on Tuesday, February 14, at 10 a.m., with a covered-dish luncheon.

The Sunbeam Band met at the church Monday afternoon, with Mrs. Sam King leading.

The Junior Royal Ambassadors met at the church Monday afternoon, with Mrs. E. A. Martin leading.

The Intermediate Royal Ambassadors met at the church Tuesday afternoon, with Mrs. H. A. Baughman leading.

The Junior and Intermediate Girls' auxiliaries met at the church Wednesday afternoon, with Mrs. A. P. Cooke, Mrs. Murray Wilson and Mrs. Harold Guerdert leading.

UNION CONGREGATIONAL CHURCH NEWS

The Ladies Aid society of the Union Congregational Church will meet next Wednesday, Jan. 11, at 11 a.m. in the church's parish house. A covered-dish luncheon will be served at noon. All women of the church and friends are invited. Bring a covered-dish and your own table service.

The Laymen's Fellowship is holding a father and son or daughter banquet tonight (Friday) at 6:30. Maurice Paige of Wauchula will entertain with tricks of magic.

The mid-week candlelight devotional services on each Wednesday evening from 7:15 to 7:45 were resumed this week. During the past two months, cottage prayer meetings have been held on Thursday evenings at individual homes.

JUNIOR WOMAN'S CLUB MEETING POSTPONED

The regular meeting of the Avon Park Junior Woman's Club was postponed from Tuesday evening of this week to next Tuesday, January 10, at 8 p.m. at the Woman's Club building. A special program is being planned for this time.

Mr. and Mrs. George Kelsey, Mrs. W. D. Perkins and Mrs. D. B. Graham had the program, "The Changeling Gospel in a Revolutionary Age."

Mrs. Hubert Bussard, the president, had charge of the business session.

The society will join the Sebring group later this month for a study course.

The officers made their respective reports.

The meeting adjourned with all repeating the benediction.

Mr. and Mrs. Clinton Ertle and Mr. and Mrs. Ralph Herman of Bethesda, Maryland, called on local friends Thursday and Friday, Dec. 29 and 30, while on their way to the Orange Bowl game in Miami. Mr. Ertle was one of the developers of the Highlands Lodge section.

O.E.S. News

The regular stated meeting of Leigh Chapter 85, O.E.S., was held Tuesday evening, Jan. 3, at 8:00 p.m., with worthy Matron Neva Atherton and Worthy Patron Grover C. Daly presiding in the east. There were 36 members and visitors present.

As this was the first meeting of the year, the worthy matron appointed her various committees for the ensuing year. She announced that the next meeting on January 17 will be winter visitors night, at which time all visitors attending will be honored and refreshments will be served.

Garden Club News

Founders Circle of the Avon Park Garden Club will meet at the home of Mrs. G. S. Walker, Thursday, January 12. The flower show schedule will be discussed, and Mrs. H. H. Woods will give a book review on "Your Honor, the Judge." The co-hostesses for the day will be Mrs. A. L. Johnson, Mrs. L. D. McGiboney, assisted by Mrs. Mabel Stagers, will be hostesses to members of the Hibiscus Circle on January 12 at 3:00 p.m. A program will be given on flower arrangements after the regular business meeting.

HOSTS TO FRIENDS ON NEW YEAR'S EVE

A large group of friends were present at the home of Mr. and Mrs. Walter C. Martin at Pinecrest to welcome the New Year. A buffet supper was served early Saturday evening and eight tables of bridge were in play before the midnight hour.

High score winners were Mrs. Earl Hart and Myrel E. Appel, Mrs. Charles E. Lanier and Dick Keller won the second prizes.

ANNUAL WOMAN'S CLUB LUNCHEON NEXT WEEK

Mrs. G. H. Mills is taking reservations for the Avon Park Woman's Club luncheon which will be held at the Jacaranda Hotel at 12:30 p.m. on Friday, January 13. Members of the Junior Woman's Club may also attend.

A Mass Brothers representative will give a talk on Interior Decoration.

Mr. and Mrs. Norman Scott, Sandra and Norman Jr. of Chicago, left on Tuesday last week for a visit with Mrs. Scott's mother, Mrs. Mary Vilkaitis, and other relatives.

Mr. and Mrs. John R. Townsend and children, John R. Jr. and Christine, of Victoria, Texas, planned to leave for home yesterday or today after a visit with his parents, Mr. and Mrs. H. C. Townsend.

Guests of Mr. and Mrs. John Giddens Jr. and family during the holidays were her sister, Mrs. John Scotty, and Mr. Scotty of Miami.

Miss Betty Devreese and Earl Manning of Grand Rapids, Oklahoma, are the guests of Mr. and Mrs. George Palmer on Lake Anoka.

Mr. and Mrs. John Hancock of La Porte County, Indiana, are spending another winter in Avon Park, having taken an apartment at Dr. and Mrs. G. A. Woodward's.

Mr. and Mrs. J. R. Singletary of Bartow were guests of Mr. and Mrs. H. L. Wilford during the holidays.

Winter guests arriving at the Jacaranda Hotel last week are Miss Edna Higgins, Waterman, Mass., Mrs. Johanna Pratt, Attleboro, Mass., Mrs. Lella Carlson, Elmira, N. Y., Mrs. Claude Fox, Millville, N. J., Mrs. H. G. Dickinson, Woodmore, Long Island, N. Y., and Mr. and Mrs. Roger Williams, Freedom, N. Y.

Mr. and Mrs. Wendell Green and three sons of Walked Lake, Michigan, were guests of Mr. and Mrs. G. Franklin Ward and their family early this week.

Major and Mrs. Robert G. Williams and daughter, Valerie, visited his parents, Mr. and Mrs. George B. Williams, in St. Petersburg for the New Year weekend. Mr. and Mrs. John Carabera and children planned to visit yesterday for their home in Trumbull, Conn., after three weeks with her parents, Mr. and Mrs. Demos Mandis.

Mr. and Mrs. Harry Carpenter returned home the middle of last week, having spent Christmas with their son, Captain Milton E. Pulch, and his wife in Hampton, Va. Their daughter, Miss Marian Carpenter, was also with them from New York for the holidays. Mr. and Mrs. Charles Sutherland have returned to Gainesville after the holidays with her mother, Mrs. C. P. Anderson.

Mrs. R. M. McCabe is visiting her son-in-law and daughter, Mr. and Mrs. Richard H. Stodden, Jr., in Orlando.

Dallas Weekley left Monday to return to the University of Indiana after a visit with his mother, Mrs. T. M. Weekley, and sister, Mrs. A. S. Turner, and her family during the holidays were Mr. and Mrs. T. P. Weekley and family of Arcadia, Mrs. Ella Carson, and Mrs. M. Proctor of Fort Myers.

Mr. and Mrs. H. L. Wilford were guests of their daughter, Mrs. M. E. Jordan, and Dr. Jordan, in Sebring during the holidays.

Arriving the day after Christmas for five days with his brother, R. L. Padgett, and his family were Mr. and Mrs. C. C. Padgett and children, Katherine and Charles, of Warrington, Fla.

Mrs. D. H. Perry of Asheville, N. C., left Sunday after a visit with her brother-in-law, Douglas G. Perry, and Mrs. Perry.

Guests of Mr. and Mrs. H. C. Worden Sr. during the holidays were her parents, Mr. and Mrs. O. G. Knowles of DeLand, John Hayes, Cheyenne, Wyo., and Jerry Hucks of Conway, S. C.

Brothers of Mrs. Arlin King, were guests last weekend of the King family here. The guests were Mr. and Mrs. Joe Lee Goodbread and Mr. and Mrs. Worth Goodbread and their daughter, Gail, all from Fort Lauderdale.

J. C. Ragsdale returned home from Palmetto Clinic in Wauchula after being a patient there for a week.

Dr. and Mrs. Richard P. Hedrick spent the New Year holiday with his mother, Mrs. Lois B. Hedrick, in Winter Haven. Mrs. Hedrick spent Christmas here with her son and his wife.

Sp3 Thomas Lavaughan Lee arrived at the home of his parents, Mr. and Mrs. S. L. Lee, Highlands Lakes, on December 15 for a month's leave. Lavaughan, as he is known here, has been in Kasal, Germany, for fifteen months and will return to his station there, where he expects to be until time for his discharge from the service on November 30.

Mrs. William Metcalf (Alyne Reed) and infant son, Bill, left Wednesday last week by plane for Yuma, Arizona, to join Mr. Metcalf who is a member of the U. S. Border Patrol there.

Mr. and Mrs. Roger B. Zeigler were called to Dade City Tuesday by the death of his brother, Jesse J. Zeigler. Roger Zeigler is an employee of the Avon Park Sun.

Mr. and Mrs. J. C. Walker, Mrs. Katie Bilbue, and Mervin Rehner spent the weekend in Miami and attended the Orange Bowl game.

Mr. and Mrs. W. W. Heal of Bunker Hill, Illinois, returned to Avon Park last Friday. They are again staying at the Poinsettia Hotel.

Mr. and Mrs. Grover Davis of Abbeville, S. C., spent the holidays with her mother, Mrs. Helen Mann, brother, Melvin, and sister, Harriet. They also visited another of Mrs. Davis' sister, Mrs. M. Irwin Spurlock, in Frostproof.

VOLUME XXXI

AVON PARK, FLORIDA, FRIDAY, JANUARY 13, 1956

NUMBER 10

ALONG THE MALL

By TULA FISHER

There were real icicles hanging in the Mall this week—just as at a real winter resort. Don't know where the water to form the icicles came from.

The Parent-Teacher Association will meet next Thursday, Jan. 19, 5:30 p.m., in the high school auditorium. The program on safety will be arranged by Earle Vance, safety chairman. The executive board will meet the same day at 2:30 p.m. in the teacher's room.

The question came up this week as to why a dead dog, victim of a hit and run driver, had been left lying beside the highway within city limits for about two weeks. Answer—the route of the City trash truck doesn't always take it near such incidents. If you see a dead animal lying about our streets, notify City Hall, and a truck will pick up the body.

Mayor DeLaney says the City is going to have to do something about cleaning "filthy corners" caused by littering. He says that the city will have to clean up the corners, and that the city will have to clean up the corners, and that the city will have to clean up the corners.

The C.R.A. committee will hold the 24th Yearbook Committee the night of January 24.

New Long Distance Dialing System Put Into Operation

City Council Votes To Add Another Fireman To Local Fire Department

Hospital Extension Fund Campaign Progress Report

Nazarene Church Rectory Meeting

Beginning Sunday, January 15, at the Nazarene Church in Avon Park, revival services will be held, under the leadership of the Rev. and Mrs. Harvey Carpenter of Greenburg, Indiana. These services will run 7:30 each night.

Rev. Harvey Carpenter, Greenburg, Indiana, will lead the Nazarene Church revival services.

Some Avon Park white residents have added their contributions and become members of the Ridge Area Hospital Extension Association, in the current drive to raise \$50,000 to extend Walker Memorial Hospital facilities to Hargrove. They are:

Mrs. R. G. Williams, Kimball Lumber and Building Supplies Co., Mr. and Mrs. G. H. Miller, Mr. and Mrs. Roy E. Jones, W. S. Young, and Nellie V. Davis.

If you plan to make a contribution, and have not yet done so, you may give it to Mrs. Sam King, treasurer of the Ridge Area Hospital Extension Association, and mail it to Mrs. King at P. O. Box 204, Avon Park.

The Ridge Area Hospital Association, which meets twice monthly, held its regular meeting on Jan. 10, at the home of C. C. Oakes, president. Attendance for the meeting was 12. The group discussed the hospital extension fund campaign.

The City of Avon Park will add another man to the Fire Department, in compliance with the civil service system rules, to provide that there will be two firemen on duty at all times. The decision to hire this extra fireman was made at the City Council meeting Monday night, with Mr. Lee making the motion and Mr. McFarland seconding. Lee, McFarland, and Kirkland voted for; Barben and Border, against.

The Council tabled the request that the City underwrite the expense of publishing the history of Avon Park, after hearing that the special advisory committee—Mrs. C. Parker Anderson, Mrs. E. G. Todd, and Mrs. Welch Fisk—had approved the book worthy of publication. The writing of the history was sponsored by a Community Development Association committee.

All members of the Council, as well as the Mayor, City Attorney, and City Clerk, were present at the Monday meeting. The rest of the minutes follow:

Motion by Mr. McFarland, seconded by Mr. Barben, that two new street lights be installed on Wintthrop Street in front of the new elementary school. Motion carried.

The chairman, Mr. Kirkland, appointed the following committee to set up a minimum wage for city employees: Mr. Lee, chairman; Mr. Barben and Mr. McFarland.

Mayor DeLaney, center, with other city officials.

At 1:00 p.m., Sunday, January 8th, 1956, Mayor E. A. DeLaney, Sr., of Avon Park, dialed the first Direct Long Distance call over the new system put into operation by the Inter County Telephone and Telegraph Company.

Mayor DeLaney dialed this first long distance call from the Avon Park Telephone Office to Mayor Ted Cason of Sebring. In attendance with Mayor DeLaney as the first official long distance call was dialed were Robert E. Lee, George Border, Bob Barben, Avon Park councilman; William Miller and Yule Fisher of the Avon Park Sun; J. N. Johnson, President of the Inter County System, and D. T. Sharver and J. L. Delagard of the Telephone Co., and also Mr. Carl Schwabe, District Manager of the Leitch Sales Corporation. With Sebring's Mayor Cason are Jim Fulton, president of the Sebring City Council, H. F. Janssens, of Avon Park, and other guests.

Local Firemen Answer Call To Long Springs Victory

Dr. H. W. Coleman, Gen. Wood Speakers At D.A.R. Meeting

Patrons, Chapter of Daughters of the American Revolution, met at the home of Mrs. George L. Walker in Avon Park on Monday, Jan. 9, 1956. The speaker, Dr. H. W. Coleman, told of the progress in medical science during the past fifty years, and presented the evils of communism as they exist in the world.

Mrs. Walker, program chairman, introduced the two speakers for the afternoon. Dr. H. W. Coleman told of the progress in medical science during the past fifty years, and presented the evils of communism as they exist in the world.

Another fire on Tuesday, January 10, was at the home of James Fulton in the colored country. The building is owned by Willie Mae Williams at 217 South Parkfield Street. A defective fuse of a wood heater caused a small fire which burned about \$50.00 damage before 2:30 p.m.

Kind of Silly, Isn't It?

An alert highway patrolman spotted a bootlegger on the highway right here in Ocala.

He began immediate pursuit. When the fugitive left his automobile and started afoot across the countryside, the patrolman followed and ran him down.

What happened next?

The patrolman had to call upon the State Beverage Department to make the technical arrest.

Silly, isn't it?

The beverage department agent, the highway patrolman, the wild life officer, the sheriff and his deputies, and all constables and police officers subscribe to identical oaths of office.

Why limit the power of arrest?

Assuming the prospective consumers of the 200 gallons of moonshine will satisfy their alcoholic cravings through the purchase of legal spirits, the patrolman's vigilance made Uncle Sam and the State of Florida more than \$2,000. This represents the combined taxes on a corresponding volume of intoxicants on sale at bars and package stores.

Highway patrolmen are officers of the State of Florida just as surely as are beverage agents or sheriff's deputies. There is at least common sense reason in support of an argument that any state officer, be he highway patrolman, beverage agent, game warden or deputy sheriff, is guilty of malfeasance every time he fails to make an arrest when any state law is violated in his presence.

A requirement that all state officers enforce all state laws presents an idea we would like to see kicked around in the next gubernatorial campaign.—Reprint of an editorial from the Ocala Star Banner.

Big Story

What kind of a story did the taxpaying, publicly-regulated, business-managed utility companies write in 1955? The general answer can be given in a sentence: A story of want and in some instances unparalleled progress. Here are a few details.

The year saw the establishment of new high records in the generation and use of electric power. The indications are that the industry will henceforth exceed its past record of approximately doubling in size every 10 years.

Our total 1955 power output was 625,000,000,000 kilowatt-hours—more than 40 per cent of all the electricity produced in the world. U. S. generation increased 145 per cent in a 10-year period—1945-55.

Investor-owned utilities have definite plans for a series of nuclear power plants, to cost over \$225,000,000.

Last year's construction expenditures by the industry came to \$2,750,000,000, bringing the total investment in plant and property to more than \$30,000,000,000. The industry now has about 3,700,000 stockholders—and tens of millions have an indirect interest through ownership of insurance policies and bank accounts and in other ways.

Customers totaled 52,600,000 when the year ended—an increase of 1,400,000 over 1954. More than 98 per cent of all our homes, urban and rural, are now connected for service. In 1955, the average price per kilowatt-hour paid by domestic customers was 22.6 per cent less than it was 10 years before.

The industry's taxes exceeded \$1,000,000,000 last year, and were the largest single item of investor-owned electric companies' expenses. They worked out to 23.6 per cent of all revenues from electric operations. In this connection, it is significant that socialized power systems either pay no taxes, or comparatively trivial sums in lieu of taxes.

All in all, this record of achievement amply warrants a statement made by Admiral Ben Moreell, Chairman of the Hoover Task Force on Water Resources and Power: "Technically and financially there is no present nor prospective need for federal power activities. There is no lack of ability on the part of private power to finance and install needed generating, transmission and distribution facilities."—Industrial News Review.

The XM-Turnpike Cruiser, an unusual, experimental model created by Mercury Division, is the first automobile designed to take full advantage of the nation's budding new improved highway system. Styled to give American motorists maximum driving pleasure, comfort and safety as they travel the new turnpikes, it features virtually unobstructed vision in every direction. Transparent plastic "bulletproof" roof instantly lifts up automatically when doors are opened to permit ease of entrance and exit. Completely roadable, it is only 4.4 feet high.

"Too Late To Classify"

By RUSSELL KAY

One of the most constructive efforts of the Florida Development Commission is evidenced in the promotion of the Florida Products Festival how in progress throughout the state.

Florida's industrial development has been so rapid and so widespread in the last few years that most folks, busy with their own affairs, have no conception of what has been happening.

In consequence, millions of Florida dollars are going out of the state for the purchase of supplies, goods and material that are being manufactured or produced right here in Florida, often of better quality and available for less money.

This does not mean that our people prefer to send their money elsewhere. It simply indicates a lack of knowledge as to what Florida produces today.

The Florida Products Festival is designed to acquaint home folks and visitors alike with Florida's amazing industrial growth and bring to their attention the countless items now being manufactured in the state.

These items include everything imaginable including a wide variety of canned food products, beef, poultry, meal and grain; furniture, metal products, building products, and the like produced for the most part in small plants scattered from Key West to Pensacola.

For a great many years Florida's economy rested on tourists and the fruit and vegetable industries, and it is only within the past few years that our manufacturing development has expanded to a point where its income is substantial.

Growth of our pulp and paper industry has been tremendous; chemical products now being manufactured here include a wide variety of important items; food products include just about everything from bean soup to macaroni. Canned and quick-frozen products have become a major industry and from the standpoint of quality and price hold their own with similar products produced out of state.

Few people realize how rapidly the apparel industry has grown. Florida fashions today are recognized for their superior design and quality and just about every type of wearing apparel is now being produced in the state. Miami is the center of this growing industry and producers of Florida are recognized for their quality and workmanship throughout the nation.

Best building has become a big industry in the state. Almost every town in the state can boast a best building establishment of some kind—producing anything from a small rowhouse to a palatial yacht. Sporting goods of all kinds are manufactured throughout the state. The official softball is made in Florida as is some of the finest fishing tackle the world has to offer.

The fish, *Syngnathus* area is known as the nation's food

basket. Here are produced thousands of acres of fresh, canned fruit, vegetables as well as vast quantities of other lesser known products. The United States Sugar Corporation produces the best sugar mill in the world at Clewiston.

Take the opportunity offered through the Florida Products Festival to learn what is being produced in your state. Arrange to support these local manufacturers, for you know "What Florida Makes—Makes Florida." Buy Florida products, boost Florida products and the state as a whole will benefit.

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier—you feel safer—in THE BIG M

The stunning Mercury Monterey 2-door hardtop with distinctive low profile and Flo-Tone color styling.

Easier riding and handling on sharp turns—new comfort on bumpy roads—widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel the BIG M's reflex action firsthand—how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of THE BIG M's new SAFETY-SUCKER V-8 engine—how it takes the tension out

of passing, makes hill-climbing so effortless as breathing.

You'll discover the new peace of mind provided by the BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

- SEE & OWN THE BIG M**
1. NEW SAFETY-First DESIGN: 10 new safety features, including the only impact-absorbing steering wheel in its field.
 2. NEW V-8 SAFETY: New 260 cu. in. V-8 engine, 100-hp, 100,000-mile life.
 3. NEW SAFETY-First DESIGN: 10 new safety features, including the only impact-absorbing steering wheel in its field.
 4. NEW SAFETY-First DESIGN: 10 new safety features, including the only impact-absorbing steering wheel in its field.

For 1956—the big move is to THE BIG M

Chevrolet Corvette Released This Week

The Chevrolet Corvette, first of the famed "dream cars" to reach a production line, blossomed out this week as a 1950 model, featuring fresh, rakish lines and improved performance.

Marked by a completely restyled plastic body and even more outstanding maneuverability than the earlier car, the Chevrolet Motor Division introduced in 1953, the latest Corvette offers:

A power-operated fabric top. A reasonable solid top that will convert the open body into a closed-type or vice versa, at a minimum of time and effort.

Two transmissions. Both transmissions have floor-mounted shifted controls. The choice is between a regular close-ratio, 3-speed transmission or the optional Powerdrive automatic transmission.

Roll-down side windows—power motivated, if desired.

A V8 engine of 225 horsepower, up 15 per cent over the previous peak power rating.

A transistorized radio, first of its kind ever offered in a production car.

In appearance, the new Corvette can be quickly identified from other automobiles and its earlier counterpart. Most notable, rear quarters break from the horizontal floor-through that characterizes the Chevrolet car trend. Rear fenders sweep downward, approximating in profile the curve of the luggage compartment.

Bodies carry a smart "sculptured" depression, extending rearward into the doors from the front wheel opening, that is reminiscent of the Biscayne, a Chevrolet experimental star of the 1935 Motordrome. This styling touch is chrome-outlined.

A wide range of exterior and interior colors is available. Exterior colors are black, red, green, copper, blue and white, with the cockpit color-keyed in beige or red. Fabric tops which fold neatly under a lid back of the two-seated passenger compartment, are offered in white, black or beige, to harmonize with exterior paint color.

The power plant has been developed exclusively for the Corvette. Furnishing 225 horsepower at 3200 r.p.m., it contains a special high lift cam and two carburetors, eight jet carburetors. Displacement measures 265 cubic inches, with bore at 3.75 inches and stroke at 3 inches. Compression ratio is set at 9.25 to 1. Torque rates 275 foot-pounds at 3000 r.p.m.

Other engine high-spots include polished, deep-ribbed cast-aluminum rocker covers; two buffed aluminum air cleaners; a new cylinder head, streamlined exhaust manifolds redesigned to cut back pressures and improve "breathing"; and an optional oil flow oil filter, attached at the rear of the crankcase.

New to the sport-type car field is the power-motivated fabric top which is standard equipment on the 1950 Corvette. It is controlled by a knob located beneath the instrument panel.

The top can be raised merely by pressing the knob. A lid located behind the two bucket-type seats opens, the top rises, the lid closes and the top unfolds. The process is reversed in stowing the top away.

For snuggler, cold weather motoring, Chevrolet supplies the solid top as optional equipment. The top is trimmed in bright metal and contains fixed rear quarter windows and a wrap-around rear window for exceptional visibility. Built of the same light, reinforced glass fiber plastic as the body panels, the top can be easily lifted on or off.

The new type radio uses transistors to replace the vacuum tubes in the output stage of the speaker and the vibrator in the power supply. It eliminates vibrator buzz, uses less current and provides wider tonal range.

AVON PARK — Do cats get drunk?

Not usually, but a noted doctor, Jules Masserman, wanted to know what happened to cats when they drank alcohol and got drunk.

He taught the cats to open a box, and take food whenever a light flashed. Then he tried to get the cats to drink alcohol in milk, but they wouldn't. He then gave them a stomach tube or injection. The cats got mildly drunk, they couldn't get the food by any means.

Dr. Masserman wasn't satisfied with this. After the cats got the shock when they were for food, he made life difficult for them by giving the cats an electric shock when they went for food.

After this had happened several times the cats got so upset they wouldn't even take notice of a mouse. Then the doctor gave the cats more alcoholic milk and they immediately forgot the electric shock and got their food. After this two saucers of milk were placed before the cats, one with pure milk and the other with alcoholic milk. The cats drank the alcoholic milk voluntarily.

They didn't want the pure milk. As long as they could get mildly drunk they could overcome their difficulties about food.

Now no moral is drawn about Dr. Masserman's work with cats and alcohol. There's more to the experiment than reported here, and some observations can be made if the whole story is read. In fact, the end of the story can be read in "Alcohol, Cats and People," one of the pamphlets which is available on the Program's recommended publications list.

Send for it if you want to know how the cats (and people) got along.

Chief Polio—

(Continued from Page 1)

care program has expanded tremendously. This program, carried out by 3,100 chapters in the United States and its territories, assures swift aid to any polio-stricken community and provides assistance in obtaining the best available treatment for any victim of the disease.

The physician is a native of Kirkwood, Ill. He obtained his medical degree from the University of Pennsylvania in 1930. He was resident pediatrician at Cincinnati Children's Hospital in 1931-33 and from 1933 to 1941 was engaged in private practice as a pediatrician at Madison, Wis. From 1941 to 1944 he was assistant director of maternal and child health in the U. S. Department of Labor's Division of Health Services. He became medical director of the Miami hospital in 1944.

What the hoe does for your garden, classified ads will do for your attic if placed in the Avon Park Sun.

Rotary News

Mrs. Lucille King, of Tampa, introduced two exchange students of the University of Tampa at the Avon Park luncheon meeting of the Rotary Club on Wednesday at the Jacaranda Hotel. Mrs. King is the Dean of Women at the University and the guest speakers were Hi-Sook Hwang of Korea and Carmen Wright of Germany. They were their native costumes and gave an interesting account of the educational systems in their respective countries, also touching on some of their family life at home.

Donald Ford was the guest of Ed Touchton for this meeting and out-of-town guests were Eddie Stevens, Sebring, Jim Massie, Wayneville, N. C. J. A. Nabel, Lockport, N. Y.; William N. Werneker, Shakopee, Minnesota; Louis Nebel, Sturgeon Bay, Wis.; Hugh E. Jones, Fairmont, West Virginia; W. W. Owens, Frostproof; E. L. Ellinger, Hagerstown, Maryland; and Ted Koch, Sebring.

The Reverend Herbert Gratz introduced the Reverend William M. Tuttle as a new member of the Avon Park Rotary.

Sandra Williams—
(Continued from Page 1)

understanding of the American people and to emphasize through a sound scholarship award program the personal qualities and sense of values necessary for successful homemaking. More than \$100,000 in scholarships will be awarded.

Each state Betty Crocker Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip with her up girl in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American Homemaker of Tomorrow will be increased to \$5,000. Deloris Arnette of Enterprise, Ala., was the national winner last year and is enrolled at Judson college at Marion, Ala.

The 50-minute written examination, designed and judged by the National Association of Homemakers of Chicago, which was given to all participants in this national search, consisted of questions on the "homemaker's" attitude and knowledge in the major areas of homemaking.

Each girl who took the test received a homemaker guide that will assist her in pursuing the career of homemaking.

Episcopal Church—
(Continued from Page 1)

W. S. Betts in charge of arrangements. Mrs. Betts requests everyone to bring their own place settings, and if not called by phone, some hot dish. Coffee will be provided.

Father Thomas, local vicar, stated that while this meeting is primarily for members of the congregation, friends of the church are cordially invited and will be warmly welcomed at both the supper and the meeting. They can share in everything but the actual voting. All communicants should make every effort to be present.

City Council—

chairman, Mr. Border and Mr. McFarland.

Motion by Mr. Lee, seconded by Mr. Border, that the Fire Chief be authorized to have a sign placed on his car to facilitate his reaching fires with the least amount of expended time. Motion carried.

The chairman, Mr. Kirkland, appointed the following committee to meet with the C. D. A. committee to study the financial possibility of building a new youth center in Donaldson Park: Mr. Lee, chairman, Mr. Barben, and Mr. Border.

Motion by Mr. McFarland, seconded by Mr. Lee, that the bills be paid in the following amounts: General Fund, \$9,330.00; Woodruff, \$1,110.00; Kings Court, \$78.44; Water System, \$1,297.16.

ed an expansion program in excess of one million dollars in order to keep up with demands for its service. In doing this, Mr. Jeanguenat said, the Telephone Company added approximately 18% more telephones in 1949 over its 1948 total.

Again the Inter County Telephone system is rapidly completing plans to install additional long distance switchboard positions and circuits at its Avon Park toll center. This equipment originally planned for later 1949 and 1950 installation is going in now, because of the unprecedented increase in person-to-person and out of state long distance calling.

WINTER RESIDENT DIES AFTER BRIEF ILLNESS

Otto Musiel, 63, died Wednesday morning at Walker Memorial Hospital. A winter resident from Antigo, Wisconsin, he had been living at 904 West Main St. Cause of death was bronchopneumonia.

He had been an employee of B. C. Johnson & Company (Johnson's Wax) for over thirty years. He is survived by his wife, Ruth L. Musiel, and one sister, Mrs. Eva Smith, Racine, Wis.

Funeral services will be held in Racine, Monday, January 16, at 2:00 p.m. in the chapel of the Wilson Funeral Home, with the Rev. Matz of the Orange Ave. Methodist Church officiating. Stephenson Funeral Home is in charge of local arrangements.

Kentucky Signs Moseley, Lineman From St. Petersburg

Bill Moseley, a big lineman for the Northeast High of St. Petersburg, yesterday signed a grant-in-aid scholarship with Kentucky's Wildcats.

The 17-year-old Moseley, who weighs 205 pounds and is 6-1, selected Kentucky from a number of schools bidding for his services to meet with the C. D. A. committee to study the financial possibility of building a new youth center in Donaldson Park: Mr. Lee, chairman, Mr. Barben, and Mr. Border.

Motion by Mr. McFarland, seconded by Mr. Lee, that the bills be paid in the following amounts: General Fund, \$9,330.00; Woodruff, \$1,110.00; Kings Court, \$78.44; Water System, \$1,297.16.

Two Basketball Wins For Boys, Girls Lose

The Avon Park Red Devils posted two basketball wins for the boys and two losses for the girls last week. The boys defeated Frostproof on Tuesday with a score of 31 to 24. The girls lost to St. Petersburg on Friday night with a score of 23 to 34. The girls lost, 33-20, to Frostproof and 41-23 to Lake Placid.

Ann Rowland scored 20 points and Pat Bassmore scored 16 in the game against Frostproof. When Lake Placid defeated the Avon Park girls with a score of 41 to 33, Ann Rowland was again high scorer for the locals with 21 points.

Thirteen of the twenty-three free throws attempted were made good in the Lake Placid game. Avon Park was behind the winning team two points at the end of each of the first three quarters in the Frostproof game. They were tied with Lake Placid at the end of the first quarter, 7-7, but failed to catch up with

their opponents after that. Trips to the free throw line are paying off for the boys' team. Sixty percent of the free throws attempted were made in the Frostproof game and two-thirds were made in the game against Lake Placid in the local gym.

Dale Landress had a 50 percent score average in the Frostproof game and Jim Prevatt had the same average in the Lake Placid game. Prevatt and Mickey Renfro each scored 20 points against Lake Placid. In the Frostproof game Avon Park led at the end of the first quarter, 12-4, fell behind six points during the second quarter and were tied at the end of the third. They held a comfortable lead all the way against Lake Placid.

"DAN DAILEY STARS IN A NEW 50-CHEVETTE MUSICAL FOR OLDSMOBILE — SAT. JANUARY 14 — 1950"

Winter Guest Club News

The art school got underway on Thursday last under the leadership of Mrs. Nace, fourteen pupils present, the most of them belonging in the freshman class; that is, beginners in the picture making business. Some say they know they can't paint a picture, but Mrs. Nace says they can and they are willing to be shown. They are real greenhorns, the writer of this column being the greenest one there. It was a chilly morning. A fire blazed on the hearth, and a number of oldsters were chewing the rag, some tobacco, and toasting their shins before it. But it was school time and one by one they left to sit out in the sun, which after all was more healthful. The school hour continued till near 12 M., the time being taken up mainly by an explanation of the course, necessary tools to get and so on. More serious work next week and the thirteen weeks thereafter.

On January 4th, as announced in this column last week, a group of eight cue widders drove to Lake Wales to show the gentry up there something about the art of shuffleboard. Alas, if report is true they were shown instead. They won a game or two, but the Lake Wales won more and so no bacon came home from Avon Park. But to paraphrase a bit of Shakespeare, it was a raw and gusty day, the troubled lakes there chafing with their shores and so our warm blooded southerners couldn't do their best up there. On Monday next, the 18th, quite a bunch of Lake Wales will be down here to try our courts. There be a real battle then, with all the courts occupied and plenty of onlookers. Ho for a good warm day!

On that same occasion here it was also a raw and gusty day, and only the real hardy folks

came out for the tournament. But it was hard fought just the same with Million and Mrs. Kidder taking the high honors. On Saturday, the 7th, the weather was more kindly, and a larger crowd appeared. This time it was Dorothy Gruber and Jack Hayes that led the field with their brilliant shots that seemed to go just where they were sent, quite contrary to the usual habits of shots.

At 3 p.m. last Sunday a goodly crowd gathered in the club house for an hour of gospel singing. Everybody there was in the mood for it. They praised the Lord and passed the hymnbooks round, and sang with all their might. It was an hour well spent, an inspirational hour, and all came out feeling better. The next gospel hour will be on the 22nd.

Coming events: General card party in the club house on Thursday evening, January 12. Every-

body invited to come in, play a few rounds, then may be enjoy a feast of doughnuts and coffee.

One week later, January 19, at the witching hour of 7:30 p.m., the glamorous bird woman, Joy Postle, will entertain us with her ornithological knowledge and power. A crowded house is expected, so let everybody have his ticket to show at the door. Past event: The Tuesday afternoon card tournament brought Mrs. Rodgers to the front with the winning score. And that's all for the present says

The Stroller.

RECEIVES TUMBLEWEED PLANT FROM TEXAS

Mrs. Louis Winterberger, winter visitor here, recently received by mail one of Texas' tumbleweed plants, because she expressed a friendly feeling toward the plant in a letter to the San Angelo, Texas, Evening Standard, after reading an Associated Press story headlined "Texas Fights Tumbleweed."

Mrs. Winterberger's letter said, in part: "May I relate an experience I had in 1957? I drove from Atlanta, Ga., to Palm City, Calif., and I saw plenty of tumbleweed in Texas. As I drove along the highway, the wind whisked it in my direction and as I was alone, it was as though a friend was near me. I began to look for it and welcome it wherever I saw

it. I saw it piled high against fences. The wind had carried it thus far. But every now and then one was loosened and away it rolled across the highway."

Mrs. Winterberger then made a plea for the plant which had relieved the monotony of her lonely trip.

DO YOU KNOW?

By James D. Judd, Evangelist of Church of Christ, South Forest Ave.

Question: "Is there any difference in believing 'as' Christ and believing 'in' Christ? I have heard some preachers say that one who believes in Christ is saved and that one who believes on Christ is lost. Is this what the Bible teaches?"

Answer: The Bible does not teach this distinction. The words "on" and "in" in this case are translated from the same Greek word "eis". We have examples in the Bible of people who believed "on" Christ and were saved. The Bible states that, "When they had ordained them elders in every church and had prayed with fasting, they commended them to the Lord, on whom they believed." (Acts 14:23). Surely the apostles were not appointing elders in the church who were lost. Also notice these other examples of those believing "on" Christ and being saved, (John 6:29, 47).

On the other hand we find Bible examples of some who believed "on" Christ and yet were lost. "Nevertheless among the chief rulers also many believed on him; but because of the Pharisees they did not confess him, lest they should be put out of the synagogue; or they loved the praise of men more than the praise of God." (John 12:43). These certainly were lost because they loved the praise of men more than God and they refused to confess Christ. Christ said he would deny this type man before His Father, (Matthew 10:23). In John 3:18 we have the words "and" "in" used interchangeably. "He that believeth on him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God." Not only are the

words used interchangeably, in this text, but they are translated from exactly the same word.

Simple faith on or in Christ does not determine if one is saved or lost. This is determined by the type faith one has. If one's faith on or in Christ leads him to obey Christ, then it is a saving faith, (Galatians 3:8) if not, it is a dead faith and he is lost, (James 2:14-17). One's faith saves when one's faith obeys.—Adv.

JUDGE HARRY LEE APPOINTED V. A. ATTORNEY

Chief Attorney of the Veterans Administration advised County Judge Harry Lee last week that he has been appointed in Highlands County to represent the Veterans Administration in all Veterans Loan closings.

Judge Lee will represent the Veterans Administration at all closings in this county, particularly those loans where Veterans are applying for new homes under loans administered by the Veterans Administration.

Your Golden Wedding

By Mario Robertson Johnston

The years have slipped away as silently As pearls drop from loose strands into the seas The golden years have come on quickening wings Rewarding, filled with precious memories.

Both sun and shadow have each had a part In making patterns meaningful and gay But love has been the warp and woof of life With all else in a brilliant overlay.

Five decades are but as a vaporous breath In God's great Universe, yet in the open A love has budded, blossomed in full flower A woman pledged her truth unto a man.

Their love is likened to a full blown rose That bloomed to give sweet perfume to the air Their service, loyalty, and deeds of love Have filled the years with blessed thoughtful care.

True love will live anew in higher realms To find its joy eternally complete The sacrifice, the sorrows, joys, and cares A worthy gift laid at the Master's feet.

AVON PARK SERMONETTE

By FATHER THOMAS Redemptorist Episcopal Church

January is a month of beginnings. A new year gives us the chance of starting many parts of our life over again, for which I thank God. Perhaps it will be helpful to look again at our beginnings as human beings.

In Genesis 1:7 we find the clue to who we are. "And man became a living soul." In His wisdom, God created animals, and human beings, and angels. We have a body like an animal and a spiritual nature like an angel but we are not either or.

Thomas will we ever be. Partaking of both, we are distinct in God's creation. As unique we have a specific place in His plan. That place is to live within our

set of circumstances and to relate every action and every thought to our God Creator. This we do through Jesus Christ. Without Christ there is no real meaning for living. With Him, everything we are and do has meaning and purpose. Millions of people in our world have demonstrated a quiet purpose of life and a peace of mind which has proved this point.

In getting a good start again in this new year, you may find it very helpful to keep this thought close at hand: you came from God, you belong to God, you will return to God.

Gasperilla Shoot Set For Tampa In Jan.

Tampa—The dates for the 1956 Gasperilla Shoot of the Cigar City Gun Club in Tampa have been set for January 11, through February 5, according to club officials.

The chain shoot shoot annually attracts many of the nation's top trap shooters. Held at the Cigar City Gun Club at Tampa International airport, the Gasperilla Shoot will use what is considered the finest trap range in Florida. The club is equipped with five Western all-electric traps. The perfect background has led to consistently high scores.

Prizes for the 1956 Gasperilla Shoot include \$5,000 in guaranteed purses, a 1956 Chevrolet automobile and numerous trophies. A. T. A. rules govern the shoot, and the A. T. A. classification system is employed.

The opening day coincides with

opening day of the Florida State Fair in Tampa and February 8th—the day after the shoot is over—is the date for Tampa's colorful Gasperilla Pirate Invasion and Triumphant Parade. The Gasperilla Pirate Festival continues through February 11.

FLORIDA POWER CORPORATION

Abstract—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were 15 sedentary women, 30 to 45 years of age, who were randomly selected from a telephone directory. The subjects were divided into two groups: a control group and an exercise group. The control group consisted of 8 women who did not exercise, and the exercise group consisted of 7 women who exercised for 10 weeks. The exercise group was instructed to exercise for 30 minutes, 3 times per week, at a heart rate of 150 beats per minute. The control group was instructed to remain sedentary. The subjects were monitored for 10 weeks. The HR and EE of the control group remained relatively constant throughout the 10-week period. The HR and EE of the exercise group increased significantly after 10 weeks of training. The results of this study suggest that a 10-week training program can improve the HR and EE of sedentary, middle-aged women.
