AVON PARK SERMONETTE

By Herman G. Ray, Chaplain

Walker Memorial Hospital
Deep in the heart of all of us
is that heaven-planted desire for
security and peace. If some-
city, state or na-
tion promised a
refuge from all
calamities, heart-
aches and trou-
bles, no doubt we
would take notice
and make plans to
move to that
place.

Ray
Living in an
age when men are afraid of their
own inventions, with the dread
possibility of attack without
warning, a place of peace and se-
curity seems especially desirable.
If men should make us prom-
ises based upon their ability to
carry them out and we accept
them, why not have confidence
in One who knows no failure?
There is such a place of refuge.
The eternal God is a refuge.
"Trust in Him at all times; ye
people, pour out your heart be-
fore Him: God is a refuge for us,"
Psalm 82:4.

Preparation is the watchword
of nations today. This requires
thought, effort and action. Mil-
lions of dollars and man hours
have been spent on civilian and
national defence. To be unprepar-
ed is to fail. So it is in dealing
with eternal verities. "Seek ye
the Lord while He may be found,
call upon Him while He is near,"
Isa. 55:6. Those who heed this
counsel will be assured of peace
and security when needed. We
have God's promise of protection:
"He that dwelleth in the secret
place of the Most High shall ab-
ide under the shadow of the Al-
mighty. I will say of the Lord,
He is my refuge and fortress: my
God, in Him will I trust." Psalm
91:1, 2.

Just how dependable are God's
promises of deliverance? He was
with Joseph in a strange land.
The prophet Elisha was surround-
ed by a protection of chariots of
fire. Daniel was unharmed by the
flame, and not even the smell of
smoke was on the three Hebrew
worthies in the fiery furnace.
"The angel of the Lord encamp-
eth round about them that fear
Him, and delivereth them."

Even in the atomic age, it is
still true that "the eternal God
is thy refuge, and underneath are
the everlasting arms." Deut. 33:27.

God Found A Man In Mike

Could Mike have gently touch-
ed and smelled the essence of all
the fragrant flowers from his
friends, his thanks and adoration
would have made the angles
weep as he told his thanks from
his warm heart.

Not a bloom could show its
blush and not be brought by
him to those he loved, and Mike
loved everyone. Were all the
flowers plucked put in one heap,
no room could confine them.
Mike gave to give happiness, not
receive, for his smile of satisfac-
tion was his rich reward. Mike
was humble; the only pride ever
found on his face was when he
was making someone happy.

Mike was more of a measure of
a man than I; and I learned from
him. He polished his shoes, then
mine, and rushed me off to
church on Sundays.

Mike did things. He was a hard
little worker. In seven short years
he learned to love life—he taught
me the way I should live. He was
a jewel when you were with him,
and now he is even more.

Mike lived but one life, he
taught me to hold no bitter-
ness, big hearts have no place
for it, and Mike taught me that
there is but one death, for he
never feared. All of these words
to try to thank everyone for
Mike, and from him; his speak-
ing eyes and a heartfelt "thank
you" would have been enough.

Yes, God looked, and He found
a man.

RE-ELECT GOVERNOR LoRoy COLLINS

(Political Ad., paid for by State Campaign Treas.)

For The Future Of Highlands County Weigh Your Candidates

WEIGH

R. L. "BOB" STOKES

AGAINST THE POLITICAL PROMISES OF HIS OPPONENTS

The business of Highlands County (YOUR BUSINESS) is a million dollar business, the biggest business you—as a resident of Highlands County—have. On May 8th you will select a board to manage that business.

Will Your Commissioner Be Experienced In Handling The Business He will Manage For You?

BOB STOKES IS. For four years he did a hangup job in District Three. He kept his roads in better shape, opened more new roads, kept his machinery and equipment in good operating condition at the lowest cost of any of the districts and administered the needs of his district, all better than ever before in the history of the County.

Will Your Commissioner Be One Who Has Been Successful in Managing His Own Business?

BOB STOKES IS. A successful cattleman and property owner, with the respect and admiration of cattlemen all over the state.

Will Your Commissioner Have A Proven Reputation For Honesty?

BOB STOKES DOES. No one has ever questioned his honesty, either in his business or personal dealings. The State Auditors reports always reflected that his records were well and completely kept with no question of padding payrolls, relatives on payrolls, equipment rental deals, kick-backs on purchases or other questionable practices.

Will Your Commissioner Have Sufficient Time To Devote To The Duties Of His Office?

BOB STOKES DOES. The office of County Commissioner is an extremely demanding one if the job is properly done. It is practically a fulltime job. Bob Stokes did it before and he'll do it again.

Will Your Commissioner Have A Record Of Civic Endeavor Which Proves That He Has The Welfare Of Highlands County At Heart?

BOB STOKES DOES. Sebring Firemen's fair, Bronze Biddle Club Bazaar, Civic Lodge and order, Chamber of Commerce and all public endeavors call upon him and always receive a hearty and energetic response. Even out of office, he spends as much time on public projects as he does on his own business.

CAN HIS OPPONENTS' POLITICAL PROMISES OFFSET THESE ATTRIBUTES?

LET'S RETURN

DO YOU KNOW?

By James D. Judd, Evangelist of church of Christ South Forest Ave.

Question: "Is there anything wrong with wearing a denominational name in religion? Many good people do it. Does the Bible say anything for or against it?"

Answer: The Bible teaches that it is wrong to wear party names. A denominational name is simply a name to denote a particular group or party which is different from the others.

One of the first attempts to divide the people of God into denominations is found in the New Testament. Each of these divisions had its own denominational name. The entire practice was condemned because it was contrary to God's will.

Notice the passage as it states: "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and the same judgement."—Now this I say, that every one of you saith, I am of Paul; and I of Apollos; and I of Cephas; and I of Christ. Is Christ divided? Was Paul crucified for you? or were you baptized in the name of Paul? (1 Corinthians 1:10-12). Here we have three questions ask to show the sin of this practice. "Is Christ divided?" Certainly not. (John 17:20-23). Then His followers cannot be. "Was Paul crucified for you?" Certainly not. Then what right does one have to wear Paul's name? Were ye baptized in the name of Paul? No! Then how can you wear the name of Paul? The Bible teaches that religious people can only wear the name of Him who was crucified for us and in whose name we were baptized. Of course this one is Jesus the Christ. How could these people at in an assembly and sing, "O, how I love Jesus", and at the same time be wearing and exalting the name of some man or denomination? Not content with the name of Christ or Christians, they had accepted a party name that only their little party group could wear, thus dividing and separating the people of God. It would be hypocrisy for them to sing, "Trust and Obey" and at the same time refuse to eliminate division as have commanded. They would not be trusting Jesus or obeying His word. This practice has not entirely perished.

If these people were condemned for wearing the names of inspired men, how much more is one condemned for wearing the name of an uninspired man or of some doctrine? Read also chapter 3 and 4 of this same book.

Soil Conservation News

By SAM FOLESON
U.S. Soil Conservation Service
The week of May 6 will be observed as soil stewardship week by churches throughout the nation.
Mr. D. A. Williams, Administrator of the Soil Conservation

Service has the following to say about the observance of Soil Stewardship: "Something more than material benefits is impelling American landowners and operators to become conservation farmers and ranchers. Something more than the established fact that soil and water conservation increases farm buying power is motivating business men and countless others to support conservation work. A farmer or rancher finds pleasure in the beauty of his conservation treated fields, pastures, woodlands and wildlife area."

The Highlands Soil Conservation District board of supervisors in keeping with the observance of Soil Stewardship Week ordered 20 copies of pamphlets of information for special sermons which will be used by ministers of all denominations in the county Sunday, May 6, in preparing their sermons for that date.

Avon Park Cubs Lose To Ft. Lauderdale

The Avon Park Cubs were defeated by the Ft. Lauderdale Braves last Sunday by a score of 8-3. The opening inning was the big inning for the Braves, in which 6 runs were made. Rogers was the opening pitcher for the Cubs, but was relieved in the fifth inning by Williams, who pitched scoreless ball the rest of the game.

The Cubs will play the Tampa All-Stars Sunday at 2:00 p.m. at Head's Field. This promises to be a thriller. Support your team by being present.

Avon Park Skeeters Have Impressive Baseball Record

The Avon Park Skeeter baseball team, coached by Lee Miners, has been burning up the league this season. At present they have a 5-1 record with two wins over Frostproof, 17-8 and 13-3, and single victories over Lake Placid, 9-4; Wauchula, 10-3; and Sebring, 5-0. Their lone defeat came from Sebring in a close game which had a final score of 4-3.

Young Gail Hovey has been credited with all five wins and the loss on the mound, but he has been very capably assisted by Norman Willis, Langford Milligan and Buddy Yarborough who have

shared pitching duties with him. The regular line-up for the skeeters has Leroy Starling behind the plate, Langford Milligan on first, Mike Wells at second, Leroy Farless on third and Norman Willis and Robert Collier sharing the shortstop position. Bryan Kempton serves as center-fielder. Robert Leighton has the leftfield spot and Dalton McCullough is rightfielder. Other infielders are Joe Perez, Phil Landress, Jerome Antley, and Buddy Yarborough. Seth McCormick, Reggie Butler, and Tommy Renfro serve as reserve outfielders.

Leading the regulars at bat for six games is Leroy Starling with a .454 batting average. Dalton McCullough boasts at .375 record closely followed by Bryan Kempton with .357 and Leroy Farless and Buddy Yarborough both with a .333 percentage.

The skeeters played Sebring here Tuesday—too late for results in this issue—and will play Sebring again in Sebring Friday afternoon.

Anderson Shuts-Out Ft. Meade Nine 14-0

Young left-hander Charlie Anderson held the Ft. Meade Miners to two hits last Friday night, April 29, as the Red Devils shut out their Ridge Conference rivals 14-0 for their tenth straight win this season.

It was Anderson's second win on the mound this year and he struck out 10 men while walking only one during his full seven innings of hurling. The Red Devils made 3 errors during the game.

Williams, who will take the pitching loss for the Miners, was belted for 11 hits by the Avon Park nine. He fanned eight Red Devils, walked nine, and his teammates made five mistakes before they could retire the Avon Park players.

Jimmy Prevatt continued as the Devil's hitting ace with two doubles for two trips to the plate, closely followed by Johnny Starling with a double and a single. Billy Rouse and Dale Landress added two singles each to the total and Wendell Williams, Bobby Spurlock, and Charlie Anderson finished up the safe hits with one single each.

For the Miners J. W. Manley and Powell were the only boys to hit safely with each getting singles.

The candidate with the welfare of our County at heart. The candidate who is not tied up with any political machinery. I believe that a public official should have considerable time to devote to his duties. That I have plenty of. I believe he should consult with the taxpayers and citizens and gather their ideas and consider them and then act in such a way that he would be pleasing to the majority. Winter Guest Club News

Despite the steadily lessening afternoon bridge contests are number of Guest Club members have seen these April days about the grounds, the weekly activities still continue. The dancers through their usual evolutions in their regular days, apparently those evolutions a great deal of sport. On Saturday evening the pot-luck suppers draw enough members together to make a jolly evening of it, with shuffleboard games to follow if weather permits. And in this wooded neck of the woods it is commonly done. The Tuesday

Highlands Hammock Park, where they enjoyed a picnic lunch 'neath the shade of the sheltering palms and pines. They came back reporting a very joyous time. The most venturesome among them did the cat-walk, and on that perilous journey saw three alligators and a mud turtle. So all felt repaid for going to the Park, and it was the general feeling that picnicking down there should be an annual event. Fortunately they found that the recent disastrous fire there had not touched the picnic area or any of the nearby sections. The better part of the Park is still as it was before the fire.

The weekly, almost daily, exodus continues. The Kinells left for Columbus, Ohio, last week. The Stonemetzes plan to leave in a week or so, and on Tuesday morning, May 1st, the Cecil Ogden left for Providence, Rhode Island, that is, but with the promise of returning early in the fall when their new house on Walnut Street is ready for occupancy. Like so many others who come to Avon Park for a winter vacation they have discovered the advantages of living here, of owning property here, and of becoming citizens here. So says The Stroller

Why do some people get interested in working with alcoholics?

Puzzled by an interest which is not tied to personal experience with excessive drinking, many people see no answer to this question.

And the answer is that there is no answer! People get interested for various reasons, without having anything personal at stake.

Kinton Proctor, one of the one hundred people who attended the recent sixth meeting of the National States Conference on Alcoholism in Miami Beach, heads the North Carolina State Program. He was a hospital administrator who saw people when they came to his hospital and asked for help which the

hospital didn't have. Why couldn't they be helped, he wanted to know.

Dudley Miller, director of the Connecticut State Program, is a public health administrator who was certain that science knew how alcoholics could be treated.

Dr. Ebbe Hoff, professor of neurology at the Medical College of Virginia, was challenged by the toughness of the problem, and he became medical director for the Virginia State Program.

Dr. David Myerson, a Boston psychiatrist, saw people as alcoholics in a hospital where little was tried by way of treatment and his curiosity was stirred.

Joe Dellinger, formerly supervisor of parole in Michigan, saw prisoners who were alcoholics and found nothing available for their rehabilitation.

There are many others. They were educators, lawyers, businessmen, social workers, who decided that new ways to deal with this old problem should be tried, and that people who had this "monkey" on their backs should be given help.

Winter pruning of such shrubs as crepe myrtle, althea, buddleia, and all broadleaf evergreens can be done now, says The Progressive Farmer.
