FUTURE FARMERS OF AMERICA HONORED — The Band of the LaBelle Chapter was honored recently by the board of directors of the Florida Fruit and Vegetable Association in appreciation of entertainment provided for a meeting of the Association. Pictured here from LaBelle are (left to right) James W. Tidwell, Chapter Advisor, Manfred Labes, Jimmy Pollock, Kirby Williams, Jackie Farabe and Jerry Cross who accepted a contribution to aid in Chapter activities from Rudolph Mattson, Ft. Pierce, president of FFVA. In making the presentation, Mattson outlined the Association's policy of promoting Florida Agriculture through youth and praised the LaBelle Chapter for its accomplishments.

RIDGEBURNERS' JEEP Club members of San Diego, Calif., demonstrate how they could rescue and transport victims trapped under debris of buildings shattered by war or earthquakes. The four-wheel-drive vehicle club is the only one of its kind known to have joined local civil defense in a group as a rescue unit. In addition to their regular civil defense rescue classes, the 99 club members conduct runs into nearby desert and mountain country to practice search and rescue of plane crash victims, lost tourists and other emergencies. San Diego County Civil Defense Council.

Do You Have

A basic recipe that can be used for yeast rolls, tea rings and sweet? This recipe will make plenty and part can be kept in the freezer till ready to use.

2 cups of milk. (Do not boil) Pour over 1 cup sugar. Scald 2 cups of milk. Add 1/2 cup of yeast. Stir well and cool to lukewarm.

Disolve two packages of yeast into 2 tablespoons lukewarm water. Stir and let stand for 10 minutes. Then mix with milk and shortening.

Sift flour once before measuring. Measure 8 1/2 cups flour. Add 3/4 cup of the flour to the mixture. Mix well then but a damp cloth and cover with a damp cloth. Let stand about 10 minutes. Dough can now be made into rolls, twists or braids. Or put in container and freeze.

For rolls pinch off small amount of dough and roll into an oblong, 8x12", cover with 2 melted tablespoons butter, sprinkle 1/3 cup of brown sugar mixed with 1 teaspoon cinnamon over dough. Roll dough lengthwise, seal edges by pinching. Shape into a ring on baking sheet. Cut with scissors 1 inch thick. Twist each side to the side. Cover and let rise until doubled. Bake 375 degrees for 30 to 35 minutes. Remove and place on cooling rack. Cover with icing while still hot. Mix 1 cup powdered sugar and 1 tablespoon milk, 1/4 teaspoon vanilla. Pour over ring and sprinkle with chopped nuts.

For twists. Roll dough 8 inches wide, spread with melted butter, cut in strips inch wide and roll in mixture made of 1 cup chopped nuts, 1/2 cup sugar and 1 teaspoon cinnamon. Twist dough into any shape you want or tie into bows, be careful not to shake off mixture, you may roll in mixture again, then let rise until double in size, then bake 12 to 15 minutes until golden brown. Bake in oven 375 degrees.

Miss Clive Beale Weds William Antisdale

On Saturday, March 16, at 6 o'clock the spacious home of Judge William C. Brooker in Tampa was the scene of a simple but impressive wedding ceremony that united in marriage Miss Clive Beale and William Antisdale.

Judge Brooker performed the ceremony with close relatives and friends present. The couple was attended by Mr. and Mrs. Ellis Watson of Avon Park.

The bride chose a mauve girdle suit with navy accessories and her corsage was of lavender orchids.

A reception followed the ceremony. The bride's table was overlaid with an imported linen cloth and centered with the traditional three tiered wedding cake. White gladioli decorated the room.

Mrs. Martha Glazier and Miss Jacqueline Landress, Tampa, assisted in the serving.

Later in the evening a wedding dinner was served at the Hillsborough Hotel for members of the wedding party.

Mr. and Mrs. William Antisdale will reside at 706 South Boulevard, Tampa.

Expressions of sympathy are extended to Mrs. McGonnell in her great and sudden bereavement.

State-Wide Grade Testing Program To Be Held Here

The Florida State-Wide 12th Grade Testing program will be held Tuesday, March 26, at the Avon Park High School today. Thursday, with Mrs. Patti Hill, Guidance Counselor, in charge.

Each year, the University of Florida sends these tests to be given to the seniors. The tests are returned to the University for grading and the results will be sent to the high schools giving the percentile rank.

A comparison is made of each senior with more than 20,000 who take the tests throughout the state. The principal of each high school has a talk with the senior and discusses the student's standing. The college in the state like to have these grades and prefer students in the upper 60 percentile rank.

Warren Reports On Grand Prix

A total of 175 patients were treated at the first aid and civil defense unit during the Grand Prix Races, besides 250 physical examinations given to the racers.

Mrs. Ellen Galla and Mrs. Mary Cuestia, civil defense and Red Cross registered nurses, were on duty in the hospital unit. Cases ranged from sunburns to more serious injuries. Four patients were taken to the ambulance to the hospital for further treatment.

Those volunteering their time and skills to serve in the unit were: Doctors: Stanley K. Wallace, Lee Hurley, G. L. Rosemont, Theodore Weeks, H. Moser of Sebring and Dr. C. J. Larsen of Avon Park. Registered Nurses: Mrs. Ethel B. Tucker, Harry Lee, Robert H. Hubbard, W. A. Hollinger, L. E. Rankin, Louise Kuhn and Miss Maybry Alderman. William Tougas, Odel Skipper, and Mr. Louis Feuerstein of Lake Placid.

Rescue Units CD's Good Samaritans

A "white charger," complete with a team of white horses, may come to your rescue if you are trapped under debris after an attack or natural disaster.

The "white charger" would be a Civil Defense "Calamity Jane" heavy rescue truck, or the recently acquired light truck. Some 50 rescue trucks are now in use by local U. S. civil defense units.

Approximately 60,000 trained volunteers are serving on civil defense rescue teams.

All are organized — akin to America's pioneer era — against the day when their community might have to take care of itself for hours, or even days in the event of enemy attack or natural disaster before outside help could be spared.

Cadet Wilhite Selected As A Guardsman

Cadet J. A. Wilhite, son of Mr. and Mrs. A. B. Wilhite, who is a junior at The Citadel, Charleston, S. C., and a Corporal in the Corps of the Cadets, was recently selected as a Summer Guardsmen.

Selection for the precision drill team is based on the Cadet's superior marching and knowledge of the rifle manual, as on his ability to quickly learn the difficult maneuvers.

Cadet Wilhite has received Gold Stars for academic proficiency and he is majoring in Science education. He is a member of the Army ROTC Unit and graduated from the Avon Park High School in the fall of 1954.

Traffic Deaths In 1956 Cost \$150,000,000

Tallahassee — If you are the type easily staggered by figures, this story will knock you flat. Florida's economic loss by automobile deaths last year reached \$150,000,000.

No need to look at that punctuation again — you read it right the first time. Traffic deaths cost the state one hundred and fifty million dollars in 1956.

The Florida Highway Patrol arrived at the astonishing figure by doing a little calculating based on an acceptable national average of \$125,000 per death.

The state chronicled 1,205 traffic deaths which would actually push the grand total a mile higher than the even figures used above.

Florida's loss is arrived at by calculating the loss of earning power, potential property damage, the cost of medical bills and expenses associated with death and injuries in traffic.

Patrol statisticians estimate there are 315 traffic wrecks and 77 injuries — ranging from minor to serious — every time the highways produce one death.

It is by lumping all of those loss figures together that they arrive at the economic loss of \$125,000 per life loss.

More than 28,000 persons were injured in over \$7,000,000 worth of damage last year. The total death rate per 100 million miles of travel statewide was 7.1 persons. Little Glades County with 40.3 persons' lives snuffed out by traffic for each 100,000,000 miles of travel, by far exceeded any other in the state during 1956, with Leon at 14 the lowest.

that a notice to this effect be published in the national racing magazine.

Resider that information was sent, by direct mail, to all inquiries coming into the Chamber office regarding accommodations.

Last Tuesday, Wednesday, Thursday and Friday the Chamber office was not closed until 9 o'clock as Mrs. Warren was afraid some one would try to locate accommodations in Avon Park.

officers, city clerks and experts in the field.

John M. Ellsworth, vice president of Moody's Investor Service, N. Y., who is one of the foremost authorities on municipal bonds and finance of cities in the nation today, and Joseph Clark, executive director, Municipal Finance Officers' Association of the United States and Canada, were two of the outstanding speakers at the meeting.

These meetings are held once a year for the benefit of the city clerks in trying to help them cope with the increasing number of problems that are presented because of the present growth of Florida cities.

Red Cross—

(Continued from Page 1)

times, Mrs. Woodson reports in Pikeville, Ky., at the time relief operations were finished in Pound, Va., area, there were 26 Red Cross disaster workers still on the job.

A very important and interesting fact in a disaster operation is that no money, that is actual cash is ever used. All assistance is given by a written disbursing order given to the victim and written on the receipt of their choice. The merchant is then paid by the main disaster office by check, upon the receipt of his copy of the original disbursing order. On the main office was Bristol, Va. Mrs. Woodson would again like to stress the fact that the Red Cross contributions are very carefully and wisely spent. Careful planning as to the needs needed is done on an individual basis.

Our campaign chairman, Mr. Ralph Brown urges each of you to add a little extra to your contribution so that Red Cross can be taught about this very vital disaster work. Mr. Brown is pleased with reports to date but urges all campaign workers to complete their assignments and report to their respective chapters by March 30.

Breakdown of funds collected to date: of quota of \$7,000.00: Avon Park, \$1,066.69; DeSoto City, \$800.00; Lake Placid, \$561.25; Sebring, \$2,178.84; Total, \$4,506.78.

Forty per cent of all international air passengers entering or leaving the U. S. clear through Miami, Florida.

DO YOU KNOW?

By James D. Judd
Evangelist, Church of Christ

In our article last week we ask the question: "Where does the Bible teach that once a person is saved that it is impossible to be later lost?" Or to put it another way, where does the Bible teach that many teach, despite the fact that many teach, this: It is a fundamental doctrine of at least two religious groups here.

The reason that the passage was not sent in is because the Bible does not teach this doctrine. The Bible says that one will fall from grace if they do not live as God now tells them to live. Notice that the Galatians were "sons of God", had the "spirit of Christ" and were "heirs of God through Christ".

(Galatians 4:6-7) and yet the Bible plainly tells THEM that "Christ is become of no effect unto YOU, whosoever of YOU are justified by the law YE ARE FALLEN FROM GRACE". (Galatians 3:1-2)

These Christians who returned to the law given through Moses, had fallen from grace. The book of James states that when a BROTHER errs from the truth, he is LOST.

The book of Peter tells us that when a Christian goes back into the world and is "again entangled" there, and OVERCOME, the latter end is worse with him than the beginning.

2 Peter 2:20-22. The Bible teaches that one must remain faithful to God or be lost.

Now we come to our question for this week. WHERE DOES THE BIBLE TEACH THAT A PERSON IS IN CHRIST BEFORE HE IS BAPTIZED?

Since almost every religious group in town teaches that one MUST BE IN CHRIST BEFORE they baptize you, then surely they should be able to tell you the scripture which teaches this. If you know the scripture, we kindly request that you send it to the benefit of our readers. If you do not know, then ask your preacher. In a matter this important you should know the truth. No man should make one think he is saved if the Bible does not teach it. Where is the scripture which teaches that we are IN CHRIST before we are baptized?

Basketball Team Enjoys Outing

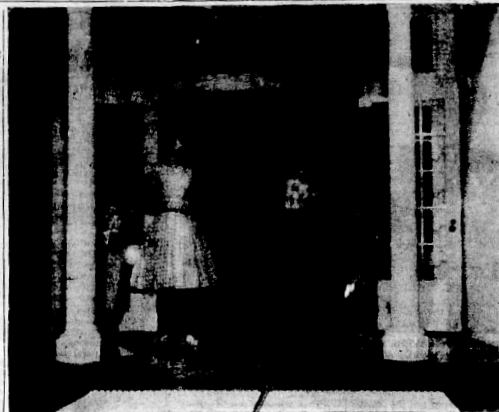

Dale Landress, Billy House, "Lanky" Milligan, and Bryan Kempton left Saturday morning, March 9, with Coach Maxwell and Garrett and Mr. Crittenden for the 4 E Fish Camp on the Kissimmee River. Winnie Williams and Nelson Butler followed later as they were working out some new routines for the circus. Other members were at work and could not get released from their duties for various reasons.
After a fairly successful day of fishing, in spite of strong chilling winds during the latter part of the afternoon, everyone enjoyed charcoal steaks, roasted and french fried potatoes. Several of the group proved to be quite good at cooking. Much to the amazement of the group they ate their own cooking without suffering after effect.
About 4:00 p.m. Sunday the group returned to their homes after an enjoyable weekend.

Student Council News

On March 21, 22, and 23 three of our Student Council members attended the State Convention in Orlando. Glenn Hopson, Bobbie Sue Elder, Elizabeth Howell, and Lawton Tovey represented us. They stayed in private homes.
Our Student Council was asked to head a discussion on The School. We thought this was quite a privilege.
Several homeboys have contributed money to help the Student Council buy crowns for May Day, Circus, and any other kind of activity in which they will be needed. The following groups have contributed: Junior Class \$173, 7-3 \$60, 7-2 \$75, and 10-1 \$116.
A committee in the Student Council is already working on the May Day program. They are planning the schedule and are getting different ideas. They hope to make the program more attractive this year.
The Student Council has purchased a coin machine for rolling money. This is a big help to the treasurer.

Science Fair

The Regional Science Fair was held in Dade City March 22 and 23. Several of the students worked very hard on their exhibits.
This was the first time any of our students had participated in a science fair. We are especially proud of those who dared to take the challenge.

PRESIDENT OF THE STUDENT—Council, Glenn Hopson, greets future high school students, Donna Sue Pounds, President of S.S., Alice Hollingsworth, President of S.S., and Cecilia Weintraub, President of S.S.

Glee Club Goes To Winter Park

The following members of the Avon Park High School Glee Club attended the Bach Music Festival in Winter Park Saturday, March 9: Charlotte Allerton, Elizabeth Howell, Wills Johns, Elaine Hunt, Jennie Helms, Sybil Smith, Gloria Mallard, Lorraine Long, Priscilla Easterlin, Sylvia Watson, Jo Ann Grainger, and Jo Ann Price.
They were accompanied on the trip by Mrs. A. B. Whitte, Miss Jolie Bunch, Mr. H. M. Foster, and Mr. and Mrs. R. D. Reddick. Mr. Reddick drove the bus for the group.
Everyone was deeply impressed by the performance of J. S. Bach's "St. Matthew's Passion," which was most ably presented by a choir of one hundred and twenty-four voices under the direction of Dr. Robert Hufstader.
The performance was given in the Knapp Memorial Chapel on the campus of Rollins College at Winter Park. All who attended were guests of the college. This excursion was both inspiring and educational.
AVON PARK HIGH SCHOOL GLEE CLUB TO ATTEND CONTEST
The Glee Club is preparing their musical selections for the forthcoming District Vocal Contest to be held in Sebring on March 29. Some Glee Club members are going to do the following solos and ensemble work in addition to the choral selections.
Soprano Solo—Marian Willis
Soprano Solo—Elaine Hunt
Gitis Trio—Betty Lou Dye, Judy Thompson, Barbara Gledhill
The group is looking forward to attending this contest and feel confident of making a good showing.

Coach Joe Franza

Coach Joe Franza has been chosen as one of the two men to coach the Southern team in the annual All Star Football Game to be played in August. We congratulate Coach Franza on this.

Junior-Senior Banquet

The banquet will be held on March 30 at the Avon Elementary Cafeteria. Mr. Griffin from Griffin's Restaurant will cater, and the parents of the Juniors will assist with the service. A orchestra from Sebring will provide the music. There will be a floor show with a wide variety of entertainment. The prom will follow the banquet. Dates of the Juniors and Seniors as well as the members of the faculty and their wives or husbands will attend.
Those on the decoration committee are Sandra Kelley, DeJores Martin, Jo Ann Grainger, Marcia Bilbee, Jan Saylor, Linda Kynoh, and Annette Weintraub.

Senior Class News

The Senior Class successfully presented the play Lena Rivers Friday, March 1. The play was well received, and the audience was most appreciative. The class presented Mrs. Hill with a beautiful set of hand painted bookends as a gift in appreciation of her efforts in directing the play.
For the first time a student director, Mike Kempton, assisted in directing the play. For the benefit of those who will be directing plays, the student director proved to be a great help. Mrs. Hill presented Mike with a small token of appreciation.
The Seniors and the Senior parents had a concession stand for the Grand Prix Races in Sebring on March 23. This was the first time such a project had been undertaken by an Avon Park High School group so it should set up a goal for others.

The Seniors are still working with a Washington trip in mind. It is a long, hard pull but it will be worth the effort.

Junior High News

Mrs. Redick's eighth grade class are studying adjectives, adverb, and noun clauses. They seem to enjoy studying these.

The seventh grade classes have been studying a unit on modifiers. This unit includes the study of adjectives, adverbs, phrases, and clauses.

Mr. Varnes' homeroom has made a garden on the north side of the Junior High School Building. They cleaned up the space and set out the plants during the homeroom period and after school. The garden consists of ixora, roses, hibiscus, and crotons.

Mr. Miracle's homeroom is planning to decorate their homeroom with flowers and plants that the students will bring from home.

Sophomore Class News

Miss Pearson's tenth grade homeroom voted to donate ten cents a piece toward the crown. The Student Council is buying. Three dollars and ten cents has been collected. This makes a hundred per cent for this section. Their class dues are two dollars a year. Ann Swiston has done a good job of collecting from the group.

Parent-Teacher Day

Parent-Teacher Day was on March 22. On this day parents visited the schools to see their children doing their school work. It was also a day for parents and their children's teachers to get acquainted. There was no school on that day.

"Laugh A Little"

By Emmett Bond

Police to Driver: "What caused this wreck?"

Driver: "My wife fell asleep in the back seat."

Clerk: "May I have a raise?"

Driver: "You got a raise. Didn't your wife tell you?"

"Can a leopard change its spots?" the teacher asked.

Teacher: "No, you think a leopard can change his spots?" the teacher challenged. "If it gets tired of one spot, he can get up and change to another spot."

Dear Dad:

I want to know how long girls should be courted?

Yours truly,

Dude

Dear Dad:

The same as short ones.

Your truly,

Bud

"Did you hear about the fellow who invented a device for looking through the walls?"

"No, what does he call it?"

"A window."

Dear Dad:

I can marry a rich girl that I don't love or a poor girl that I do love. Which shall it be?

Zeke

Dear Zeke:

True love is the greatest thing. Marry the poor girl. (By the way, the name of the address of that rich one.)

Book Nook

Miss Felton, our librarian, supplied us with the following news from the library.

A total of nearly 300 standard books have been processed and added to our library this school year.

School students are enjoying reading the new books as well as other books not so new. There are new books for various groups: Senior High students, Junior High students, English author books for Seniors, Easy books, books with reading level of all high school, books of particular interest to boys, and books of particular interest to girls.

As books are processed each week, the book jackets are clipped and are displayed on the bulletin board in the library. They stay posted during the time the books are being processed, then any teachers who want them, particularly the English teachers, use them on the bulletin board in their classrooms. A typed list of the new books for the current year is kept on the library bulletin board. This list gives the classification, author, title and reading level of each new book. It provides a quick, ready-reference list of the new books for use by faculty and students all during the year when this information is needed.

Orders for library books are made from the most reliable sources. The Standard Catalog for High School Libraries and the Booklist and Subscription Books are two of the best.

A reader card has space for 25 titles. Already students have filled three and four cards. Usually Junior High pupils have more time for reading than the Senior High students do and read a great deal.

Do you know that Walter Farley has been writing those enjoyable black stallion books since he was about 25 years of age? Do you know that he is now only about 42 years old? Do you know that he is an author who has produced as many books as he has? As he writes his books about horses he can glance out of the window and see his favorite stallions racing about in the nearby pasture. He has first-hand knowledge about horses which shows in part why he has been so successful in the books about horses. Two of the latest books in his library are: *The Island Stallion* and *Black Stallion's Courage* which was recently published in 1956. The library has a total of 12 of his books. Each year the latest of his books is added to the library collection.

If you come to a place that you can't get through — or over, or under — the thing to do is to find a way 'round the impassable wall. Not say you'll get YOUR way, or not at all. You can always get to the place you're going. If you'll set your sails as the wind is blowing. If the mountains are high, go round by the valley. If the streets are blocked, go up the alley. If the parlor car's filled, don't scorn a freight. If the front door's closed, go in the side gate. To reach your goal, this advice is sound. If you can't go over or under, go 'round.

Serious Moments

Walt Disney believes the secret of success lies in being in love with your work.

"Chance makes our parents, but choice makes our friends." Never leave that till tomorrow which you can do today.

"He that climbs a ladder must begin at the first rung."

"If you wish to reach the highest, begin at the lowest."

"The best way out of a difficulty is through it."

Tattle, Tease And Please

Patsy Strassberger, that cute blond, seems to have caught the eye of handsome Billy Shephard. What about it, Patsy? Seth McCormick seems to have his eye on almost all of the girls. We wonder who the lucky one will be.

Bill P. and Sylvia F., a cute couple around school, seem to be doing all right.

We see that Chester Andrews has his football. Good luck, Chester!

Pat Tondese and Buddy H. are some of the newer steadies around school.

We see that Martha Elder has been dating a lot of cute boys lately. How about it, Martha, does Gail have any objections?

Hobbie Sue E. and Nelson B. have been dating quite a lot lately. When are you going to hit the steady list, Nelson?

Ann R. seems to have hooked Charles Anderson for good. Please tell us your secret, Ann, or shall we ask Charles?

Mary L. Roberts and Dale L. are another couple who seem to be doing all right. We would like to know Madi's tactics. Robert Leighton is trying to cut in on Gil and Tommy D. Don't you think Ben and Guelada are a cute couple?

Mr. Sirlio's Art Class

Mr. Sirlio's art class is now working with water color painting. He is teaching the class the proper way to care for paint brushes. He is also helping the class in their sketch work and mixing and blending colors.

The class is now working in the driver education room under the baid room. They meet in that room third period every day except Mondays and Tuesdays.

Mr. Sirlio has many plans for the class, and the students are eager to find out what they will be.

Significance Of Birthdays

Monday's child is fair of face, Tuesday's child is full of grace, Wednesday's child is merry and glad, Thursday's child is sorry and sad, Friday's child is loving and giving, Saturday's child must work for a living. And the child that is born on the Sabbath morn hath all things that beauty adorn.

Band News

March is one of the busiest months for the band. On March 11 the band played a concert at Pinecrest.

The band has been preparing for the district contest which was held March 18 in Fort Myers. Concert was played 3:00 p.m. It consisted of the march, "Army of the Nile" by Alford, "Flamingo" by Smetsky, and "Niobe", a romantic legend by De Robertis. After concert the band had to sight-read the march, "Field of Colors" and an overture, "White Pine". At nine o'clock the band marched, and later they joined other bands for a mass band.

Superior ratings were received on concert, sight reading, and marching. Congratulations, Avon Park Band!

Spelling Bee

The following seventh and eighth grade students participated in the Spelling Bee in our school March 11 through March 13: T. J. Jack Seims; Mary Pearce; T. J. Fred Jones, Linda McClure; T. J. Ruth Border, Nancy Coleman; S. J. David Collier, Mike Harrison; S. J. Williams, Betty June Massey; S. J. Lawton Toole, Faye Watford.

The winner of the contest was David Collier, and runner-up was Bryan Williams. Lawton Toole was third. David and Bryan will represent us in the county contest in Lake Placid, April 1, at 7:30 p.m. Good luck to both of you!

In the Elementary School contest Terry Oberle was the winner, and Deborah Redick was the runner up.

F.T.A. State Convention

Hobbie Sue Elder, Frankie Thorpe, and Mrs. Lena Suggs, their sponsor attended this convention which was held in Gainesville, Florida, March 1 through 3.

All of the activities took place on the University of Florida campus and in the P. K. Young Building across from the university.

School Custodians

Mr. and Mrs. Claude Garrett are the Avon Park Junior High and Avon Park Elementary School custodians. Before coming to Avon Park School, they lived in Collins, Ga., where they were farmers. They have been employed at the Avon Park School for the past two and a half years.

Junior Class News

Friday, March 8, was slave day for the Junior Class as a result of the boys beating the girls in the recent magazine sale. The girls had to wait on the boys all day. Each boy chose a girl who was his slave. First choices were given to leading salesmen. The girls had to carry their books to lunches and their plate in the lunch room.

The Senior Class honored the Junior Class by giving their seats in the auditorium to the Juniors in assembly on March 7. The Seniors challenged them on the basis of their 1956 sales. The Juniors' won, therefore, they were allowed to be dignified Seniors for one day.

Awards were given in assembly to the students who were highest in the magazine sale. They were Gene Magbie, Linda Hart, and Preston Streith. Gene received ten silver dollars and chose J. Fred Muggs. Linda received five silver dollars and chose the big dog, Preston received three silver dollars and the little dog.

The fourth highest was Thurston Martin who received two silver dollars. The following students received one silver dollar each: Ben Earnest, Jan Saylor, Betty Clair Foster, Marcia Bilbee, and Dale Nute. Those who received only a certificate were Margaret Sherer, Jimmie Cooper, and Wendell Williams.

The total subscription sales were \$1,159.49. Congratulations, Juniors, for a splendid record.

Our Art Teacher

By Alice Hollingsworth

Mr. Julius Sirlio, the art teacher at Avon Park High School, came to us from Akron, Ohio. He attended Kent University, Kent, Ohio, and taught here in 1944-45. He was art Director at Crawford and Lincoln Schools, Cuyahoga Falls, Ohio last year, but he was happy to return to Florida and especially to Avon Park. He says, "The pupils of Avon Park High School are the friendliest I have ever taught."

He likes just about everything. He likes include high fidelity, wrestling, weight lifting and swimming. He dislikes wild music. Aviation has been a very special interest. He received his pilot's license at the early age of sixteen. He has a very special interest. He assists Mr. Goff with the Model Airplane Club and helps the boys assemble their models and attach gasoline motors. Mr. Sirlio has the Art Activity Club, which is composed of pupils in the ninth and tenth grades. He also teaches eighth grade art and seventh grade science.

STIMSON'S GULF SERVICE

236 West Main Street Phone 2-6381

For That Good Gulf Service Go To STIMSON'S SERVICE STATION

Stimson's Gulf Service Station located on West Main is operated by C. A. Stimson, who has been in business in Avon Park for the past 10 years and been in the oil business since 1929.

Mr. Stimson employs two workers and the station is open Monday through Saturday from 7 a.m. until 9 p.m. and on Sundays from 8 a.m. until 7 p.m. Stimson's Service Station takes pride in the wonderful reputation they have made for themselves in regards to their lubrication job. Their idea is to grease a customer's car the way they would like to have theirs done. They feel the same way about washing and polishing a customer's car, for they aim to please at all times.

Stimson's Service Station is equipped to balance wheels electronically and they handle complete line of new Gulf tires and also some recaps.

With each purchase of either good Gulf gasoline or good Gulf no-nox gasoline, along with tires, batteries, kerosene, oil etc. the customer receives \$3.11 Green Stamp.

Stimson extends a cordial invitation to all to inspect his station and rest rooms at any time. So the next time that you are in need of gasoline or service, stop in, and while your car is being serviced refresh with a soft drink from the dispenser.

Mr. Stimson is a native of Michigan but has been in Florida since 1921. The Stimson's own their own home here and have four children and three grandchildren. Two of their children, Janet and Roger, attend the Avon Park High School. Mr. Stimson is very active in civic affairs and takes great pride in Avon Park.

CRACKER POLITICS

By ALLEN MORRIS

Tallahassee — Facts and figures collected by the Judicial Council disclose for the first time the extent to which the salaries of judges have become a matter of haggling with individual legislators.

On occasion in the past, some legislators have publicly professed to be outraged — without suggesting an alternate method — by the fact that the Circuit Judges were represented in Tallahassee during legislative sessions by spokesmen seeking salary increases for the whole group.

The Judicial Council's study reveals, however, that all but seven of the 43 Circuit Judges now derive part of their compensation through local laws whose passage depends usually upon lawyers who practice in their courts.

That requires some explanation. Many years ago, perhaps during the great land boom of the 1920's, it became obvious that higher salaries would have to be paid in some areas than in the state generally if competent lawyers were to be recruited for the Circuit bench and kept there.

From that began the practice of supplementing the state salaries of certain judges from county funds.

The evil of supplementation — if it be an evil, and at least one member of the Judicial Council thinks it is — is that there is no uniformity about the present practice. And that means the pay of judges has become a matter of legislative discretion — and not the whole legislature but, under the local method, that of the two or

ties. By a special law applying only to Palm Beach County, its resident Circuit Judges receive two local supplementations: the first of \$2,500 and a second of 25 per cent of the combined state and county salaries. Thus, two of the judges there receive \$15,825 and the third, \$18,125. It will be observed that the judges who sit in the same Circuit but happen to reside in Fort Lauderdale (Broward county) are paid on a different basis.

So Judge Sturgis, the distinguished Chairman of the Constitution Advisory Commission and a past President of the Senate, lost out on the \$2,000 state bonus by reason of the date of his appointment. And he happens also to serve in one of the few Circuits where legislators have not been disposed in

the past to supplement the judges' salaries from local funds. It is not easy to determine the salary of a Judge from the lawbooks. Caprice enters the search. No local supplementation has been provided by legislators for the Circuit embracing Pensacola (Escambia county) but Judge H. B. Crosby, newly appointed there, obtained a windfall of \$1,000 a year when a census revealed that Escambia had moved into a population bracket enacted long ago for St. Petersburg-Clearwater (Pinellas county) judges. This population law has been outgrown and superseded in Pinellas but it remained on the books to unexpectedly give Judge Crosby a raise.

The Judicial Council survey disclosed that 38 of the 57 judges then in office (additional

which meet the needs of the day. Already, in the Dade District, there seems to be an acceptance of the idea that its Appeals Judges must be paid more than those of the remaining two Districts. That will put the Appeals Judges in the same cockpit of trading and trafficking with local legislators.

Justice E. Harris Drew, remarking that his observations might be discounted by some for the reason he would share in any increase received by the Supreme court, told the Judicial Council that he was never more sincere than in saying its court reforms will be in vain "unless those who occupy judicial positions receive compensation at least partially comparable to that which they command in private practice and from private business."

"Next to honor and integrity," continued Justice Drew, "permanence in office is, in my judgment, the greatest asset of the judiciary. The salaries of judges must be raised to the point where the positions will not only attract the top men in the profession but they must be kept at such a level so that those who occupy the bench will not be constantly tempted to leave it."

Soil Conservation

By Sam Polston

U.S. Soil Conservation Service Mr. Jack Ingle, along with the other Highlands Soil Conservation District announced the opening of the 1957 Soil Conservation public working contest. The title is "What Conservation of Natural Resources Means to You." There are five attractive cash prizes offered and the winner is eligible to compete in the area and state contest for even bigger prizes.

The supervisors have furnished all the high schools in the county with the rules, etc. of the contest. Harold Jackson of Sebring was winner last year and placed second in the area contest. In 1955 Al Holliday of Sebring was district and area winner and placed 3rd in state competition. See your school principal if you are interested and check the bulletin board.

County Released From Spraying

By Sam Polston

Mr. N. B. Jackson of Venus was assisted by the Soil Conservation Service Engineers in laying out a water control system on 200 acres of pasture on organic land near Venus. He will construct two miles of levee to protect the land from overflow and interior ditches will serve both for the collection of surface water and distribution of irrigation water.

Mr. Gerald Spriggs was assisted by the Highlands Soil Conservation District in developing a conservation farm plan on his land near Sebring. His primary interest on the land is citrus grove development. The SCN prepared a land capability survey map for Mr. Spriggs which was used for determining where he would plant citrus.

Weir said the booklets contain many complete dinner menus and feature tempting favorites such as rolled stuffed round steak, beef and vegetable pie and savory beef rings.

To receive the booklet, simply send your name and address to Florida Beef Council, Box 644, Kissimmee, Florida.

Highway Philosophy

By Trooper Bill

Ever notice it? A woman driver who can't hit a garage with a 40 foot door with a deep, can put a one dollar bill through the eye of a needle at a bargain day sale?

There are some suggested scientific ways to eliminate your troubles, but speeding carelessly in traffic isn't an approved one, although it is a quick way out!

Postal Savings System Has Outlived Itself

Postmaster D. G. Perry said today the Post Office Department is urging Congress liquidate the Postal Savings System.

Postmaster Perry said in his hands day in and day out, still that same fellow can buy a "Blivet-Eight" and am at folks all over the state and federal highways.

Watch it, fellow! It's dangerous to try and round a curve if you're looking at one!

Some sage said it, and we like to repeat it as a good reminder: No one has a good enough memory to be a successful liar!

Parting advice from FHP Director H. N. Kirkman this week: Going off half cocked as a driver is a sure way to suicide on the highways.

because it has outlived its usefulness.

Postmaster General Arthur E. Summerfield, the local postal head explained, has urged that the Congress approve legislation which would permit liquidation of postal savings in such a way that there would be a minimum of inconvenience to depositors.

Such legislation, which is in line with recommendations of the second Hoover Commission and the Comptroller General of the United States, is now pending in Congress.

Postmaster Perry noted.

Pointing out that postal savings deposits have dropped rapidly — from \$2,800,000,000 in 1947 to \$1,783,000,000 in 1954, with declines continuing at the rate of about \$20 million a month — Postmaster Perry said the Post Office Department feels that the system "no longer meets today's social conditions and savings habits."

Noting that today nearly all postal savings system deposits are concentrated in post offices in communities which

have commercial banks, he added that "today funds are invested with confidence in United States Savings Bonds and in government guaranteed bank savings and loan deposits."

Locally, postal savings total \$34,935.00 today, compared with \$134,361.00 6 years ago.

Touhnton Drug Co. Announces The Retirement Of Dr. John Ingram

It is with deep regret that we make the following announcement to our friends and customers:

Dr. John R. Ingram who has served us well and faithfully as both friend and employee since September 1947, has decided that he has come of age and should spend some time enjoying a more leisurely life than that afforded a pharmacist for a thriving community.

We know our customers will miss his always pleasant assistance with their daily needs as we shall miss his constant uncomplaining vigilance for ours and our customers' welfare.

We know all who have come in contact with him will for him we do, the most pleasant and rewarding retirement it is possible to enjoy. Though we regret losing such a valuable asset.

Dr. and Mrs. Ingram plan to continue their residence in Avon Park and we know will be happy to see their many friends at 329 West Main St. Touhnton Drug Co.

Robert Milton Howard, 15, of 224 South Lake Ave., Avon Park, has been selected as first prize winner in the local "Sweepstakes" contest.

Three prizes were awarded in Avon Park, the first prize, which goes to Robert Howard, is a six months pass to the Hillman Theatre.

Mrs. Martha Richmond, 205 North Lake Ave., has been awarded second prize, a three months pass to the Hillman Theatre.

Mrs. Fay M. Bachelor, Lake Viola, will receive a full year's subscription to the Avon Park Sun for winning third place in the contest.

A freak windstorm Monday afternoon played havoc with the home of Mrs. Mabel Murphy, 306 North Alhara Ave., when the rain and winds started, but Mrs. Elizabeth Turner was home and she stated that it all happened so fast that she did not realize what was happening until it was all over with.

The wind tore the complete roof off of the front porch and blew it approximately fifty ft. out into the yard. Parts of the roof were found across the street.

The front screen door was latched and the wind hit it with such strength that it broke exactly in the middle. The side of the porch was blown against the front of the house.

Barney Howard, chairman of the Industrial Committee of the Avon Park Chamber of Commerce, urges that you make plans now to attend the convention conducted by the General Extension Division of Florida at the Jacaranda Hotel on April 24 and 25.

Advance registration may be made or registration may be completed on the opening day of the conference. Those desiring registration forms please get in touch with Mr. Howard.

An invaluable program has been presented Saturday night including, left to right, Mrs. Williams, right, will be one of the performers in the double trapeze number.

Included in the new acts which will enrich this year's circus are three of the most daring and breath-taking exhibitions ever performed by high school students. All three of these miraculous feats of skill, balance, and timing are possible only because a safety net will be in use for the first time this year.

Miss Anne Rowland will daringly disregard danger on the sensational new Cloud Walk. In this act, Anne will travel upside-down across a twelve foot bar by placing first one and then the other foot in leather straps which are attached to the bar. She will then climax the act with an incredible display of trapeze artistry on the Flying Trapeze.

These funds are to be turned over to the Walker Memorial Sanitarium and Hospital to expand the facilities of the hospital to care for the colored people. These funds will be used primarily in assisting in the purchase of an additional elevator.

The hospital is adding to this amount \$2,000 of the grant received from the Ford Foundation in addition to other funds of the institution to make available facilities for the colored people, providing not only an additional elevator, but an emergency room, waiting room and ambulance entrance.

The reaching of this goal is (Continued on page 6)

Other business of the meeting included the election of officers for the 1957-1958 term. George Douglas, assistant principal of Sebring High School, will take over the president's chair and Doc Harrison, past president, will step down to the Vice-presidency. Avon Park's John Christensen was elected to the secretary position.

Those attending the meeting from Avon Park were Joe Franza, Guy Garrett, Lee Maness, A. B. White, and John Christensen. Both Joe Franza and A. B. White were members of the Constitution Revision Committee.

Do You Have

If you have one-dish supper, here is the dish for you. Serve a hot or cold beverage with it and have a salad too.

1 pound link sausage
1 cup butter
4 teaspoon baking powder
1 teaspoon salt
1 1/2 cups yellow corn meal
2 eggs
1 cup milk
2 tablespoons sausage drippings.

Prick the sausages with a fork and place them in a cold frying pan. Heat slowly till fat forms in the pan, then cook them till lightly browned on all sides. Remove the sausages. Save the drippings. Arrange the sausages in the bottom of a well-greased nine-inch cake pan which has been greased and lined with greased paper. To mix the batter, sift the flour, measure it and sift three times with baking powder, and salt. Add the corn meal and mix well. Beat the eggs and add the

milk and sausage drippings to them, then add to the dry ingredients, blending lightly. Pour the batter over the sausages. Bake in a hot oven (425 Deg. F.) 35 to 40 minutes. Turn out upside down on a hot plate. Serve at once with creamed mixed vegetables, or two cups of mixed cooked peas or string beans and carrots and two cups of hot white sauce. Make very hot and serve.

Because of its low altitude, Florida has no dams longer than 200 feet.

Legion Auxiliary Meets Monday

The American Legion Auxiliary will meet Monday night, April 8, at 8 o'clock at the home of Mrs. Ed Dunne, Jr., with Mrs. Dorothy Wimberly as co-hostess.

The nominating committee will present a slate for new officers and the election will be held at the May meeting.

Mrs. Vera Heim will be in charge of the program and will give a talk on Honduras, a republic in Central America.

Fla. Ave. Baptist Church News

The Roxie Jacobs Circle of Florida Avenue Baptist Church met on March 19th with Mrs. Eileen Hall, Nine members and two visitors were present.

After the opening prayer Mrs. Eric Lewis conducted the business session. Mrs. J. M. Gilbreath led the group in the study of John 12. After which refreshments were served by the hostesses.

The next meeting will be at the home of Mrs. Betty Chestnut.

On March 25th a group of ladies visited Rest Haven. They enjoyed singing hymns with the residents of the home, and Mrs. J. M. Gilbreath gave a devotional. All of the ladies who went, received a blessing and would like to visit again soon.

Students Go To Clearwater

These girls were selected as delegates from the local chapter and only selected delegates from the local chapter and only selected delegates can attend the convention.

D.A.R. Meet At Home Of Mrs. I. H. Ford

Patriots Chapter, Daughters of the American Revolution, met at the home of Mrs. I. H. Ford in Avon Park, Monday afternoon, April 1. The regent, Mrs. Walter H. Mather, presiding.

Reports on the 55th annual state conference of the D.A.R. which was held in Winter Haven March 26-29, were given by the delegates, Miss Helen Manney, Mrs. G. H. Barrette and the regent, Mrs. Mather. National Defense and The Strength of a Free People were the themes of the conference.

In keeping with this program was the ceremony held at Cypress Gardens, March 28th, when Mrs. Frederic A. Groves of Cape Girardeau, Mo., President General of the National Society, Daughters of the American Revolution presented the picture, "The Constitution" is copy of the original document to Mr. and Mrs. Richard D. Pope, who accepted the gift in behalf of their famous Gardens and where it will be displayed in appropriate surroundings to be viewed by their many visitors.

The conference closed Friday morning with a special Carillon recital given by Anton Brees at the Mountain Lake Sanctuary honoring Mrs. Groves and Mrs. E. E. Adams of Winter Haven, State Regent of the Florida Society, D.A.R. Mrs. Evelyn Foster Monckweck of Stuart, Florida, niece of Stephen Foster presented a program around the Foster family and her famous uncle. Mrs. Monckweck reviewed the background and life of the Fosters from their Scotch-Irish origin and showed family pictures, original music and letters. One of the first of Stephen Foster's songs, "Oh Susanna" was written.

ten at Cincinnati, Ohio while a boy working on one of the family-owned river boats. A melody of Foster songs was enjoyed by the members with Mrs. Monckweck at the piano.

Mrs. F. W. Thiele will be the Chapter's delegate at the Continental Congress of the D.A.R. which will be held in Washington, D.C. April 15-20th.

A social hour followed with the hostess Mrs. Ford and her committee of Mrs. F. W. Thiele, H. J. Hahn, W. H. Kempton and Miss Myrtle Wilson.

The May meeting of the Chapter will be held at the home of Mrs. C. E. Lanier of Avon Park.

DO YOU KNOW?

By James D. Judd, Evangelist, Church of Christ

In our article last week we asked the question: "Where does the Bible teach that a person is IN CHRIST BEFORE he is BAPTIZED?" At this writing NO ONE has sent in the scripture which teaches this. In a matter this important, with so many preachers teaching it, and so many people believing it, is it not strange that no Bible passage can be found? Notice very closely the next time you listen to a preacher or teacher tell WHEN you get INTO Christ. See if he does not say that it is before baptism. Or when one comes forward during a service, see if the preacher does not try to get them INTO Christ and SAVED BEFORE they are baptized. This we know is a very common practice, but where is the Bible passage that teaches such? If

it is not taught by the Bible then it came from man and is a man made doctrine. If it came from man then all who follow it are following man and not God. (Mark 7:8). If this is not true, I will be glad to correct this statement in this same column.

The reason the scripture was not sent is because the BIBLE DOES NOT teach that one is IN Christ before they are baptized. The Bible teaches that baptism is the VERY ACT which puts us INTO Christ where salvation is located. Notice the Bible:

1. Salvation is IN Christ:

"Who (God) hath delivered us from the power of darkness, and hath translated us into the kingdom of his dear Son: IN WHOM we have REDEMPTION through his BLOOD, even the FORGIVENESS OF SINS;" Colossians 1:13-14

2. We are baptized INTO Christ:

a. Romans 6:3 "Know ye not, that so many of us as were baptized INTO Jesus Christ were baptized into his death?" b. Galatians 3:27 "For as many of you as have been BAPTIZED INTO CHRIST have put on Christ."

It is certainly a victory for Satan when he can get people to believe they are IN Christ when God said they are not. When this happens the people are satisfied because they think they are saved and the devil is satisfied because he knows they are NOT saved.

Our question for this week is: WHERE DOES THE BIBLE TEACH THAT THERE IS NOTHING IN A NAME OR THAT A PERSON CAN GLORIFY GOD JUST AS WELL IN ONE NAME AS IN ANOTHER? This is one of the most general doctrines among religious groups today. It is very evident that people believe it because they are wearing almost every name in religion that the mind of man can conceive. But where does the Bible teach this? If you know the passage

please send it. If you don't know, ask your preacher. Remember the Bible says: "Sanctify the Lord God in your hearts; and BE READY ALWAYS to give an ANSWER to EVERY man that asketh you a REASON of the hope that is in you with meekness and fear;" (1 Peter 3:15). Let not Satan tell you that you are not required to answer when God said we are to be ready always to answer.

—Adv.

Winter Guest Club News

The first item of news this week must be a correction of last week's report. Mrs. E. F. Hahn is chairman of the entertainment committee and Mr. John Olson is a member of the membership committee.

The past week has been a busy one, but not with club activities. It has been crowded to the brim with small, intimate gatherings at which good friends bid each other adieu for the next six months or so. At

each parting there is joy at the thought of returning to one's home, and also regret at having to leave new-found friends and the good times of the winter vacation. We wish you all a safe journey homeward and look forward eagerly to your return next season.

On Sunday there were 100 persons at the afternoon sing. Included in the group was a delegation from the Frostproof Tourist Club. The Frostproof people entered right into the spirit of the occasion by furnishing some excellent music with a mixed quartette. Mr. and Mrs. C. Matthews, Mr. L. Matthews and Mrs. Ernest Norton, President of the Frostproof club, Mrs. Book and Mr. Starnett joined in a musical reading. The Rev. Mr. John Ayers and Rev. Mr. Sam Firestone led in prayers. Mr. Shultz announced the last sing will be on April 14.

Mrs. Bonner, hostess for the Tuesday afternoon bridge games reports seven tables in play last week. Mrs. John Nuber was high scorer. There will be no more table prizes after April 1; however, the games will continue for some weeks yet.

With our guests from Sebring and several spectators, the clubhouse had another capacity crowd for the dance on Friday evening. The dances and the Tuesday morning practice lessons will continue through April, and as much longer as weather permits.

Some 40 hungry folk gathered Saturday evening for the weekly cooperative dinner. We discovered there are some advantages in having a smaller group: there was an opportunity to linger at the tables, exchange talk with another, and become better acquainted. In spite of the chill breeze nearly all the courts were in play after dinner, and many card games were in session through the evening. These informal Saturday-night gatherings are a fine way to meet our friends and spend a pleasant evening.

Our congratulations to some of our members who have recently completed and/or purchased houses and are now living happily in their new homes. Mr. and Mrs. Henderson, Mr. and Mrs. E. Gruber, Mr. and Mrs. Harden, Mr. and Mrs. Ogden, and Mr. and Mrs. Lexa. If we have omitted any names from this list, it is through lack of information; we publish the news you give us.

The men's shuffleboard trophy for the month of March was won by our genial, hard-working, beloved president, Duke Christensen, much to everyone's satisfaction. Mrs. Art Pickell again was high scorer among the ladies; however,

since she has already won one trophy, the trophy for March was awarded to the next-high scorer, Mrs. E. Gruber. Wednesday's tournament was won by R. G. Olsen and E. Gruber, with Mrs. Pickell and E. Gruber taking high score on Saturday. Looks very much like a "Gruber week," doesn't it? The TATTLE

Mrs. Llewellyn Sebring, Unit President, presided, she introduced our Eighth District Pres-

ident who in turn introduced the Department President, Mrs. Toole. Mrs. Toole gave a short informative address concerning the American Legion Auxiliary stressing the aims, purposes and accomplishments of the organization. Beginning with the significance of the Auxiliary Emblem, stressing the meaning of the rays of the sun that form the background which stands for Loyalty, Justice, Freedom and Democracy; dispelling the darkness of violence, strife and evil.

The accomplishments of the American Legion Auxiliary may be summed up in a few of the outstanding activities; Child Welfare; not only do Units carry on a worthwhile program at home but they make substantial contributions to the Legion's Home for Crippled Chil-

dren and maintain a Hospital for crippled children at Pensacola and contribute to a newly established Hospital at Orlando for negro children. The Units also contribute to the support of Varsity Children's Hospital at Coral Gables.

The Department maintains five four year scholarships for \$500 a year; half gift, half loan and two nurse's scholarships of \$300, half gift and half loan. The local Units contribute generously to the scholarship fund. Another important activity is Girls State. The Avon Park Unit has sent a representative every year since this activity was begun.

Poppy Day coming up in the near future is not just another money raising project. The Department buys the raw materials from which the poppies are made. A prescription for a Vet-

eran may read "Take poppies" instead of "Take medicine". The therapeutic value to the Veteran of working with his hands and earning a small amount of money cannot be overestimated. It gives him a feeling of achievement and partial security. When you "buy a poppy" you are not buying a poppy but contributing to the rehabilitation of those men who came back from the service of their country unable to pick up where they left off but must make a complete new start.

These are but a few of the activities sponsored by the American Legion Auxiliaries of the nation.

FOR SERVICE AND QUALITY FOOD IN

AVON PARK

For the past three months the Restaurants and other eating places in Avon Park have been extending an invitation to our homelinks and our visitors to come for a visit and eat the many tempting dishes as prepared by the "Chefs" in these places. It has been a pleasure to serve those who like the best in food and we tried to give you the best service possible. In closing this series of ads for a period of time, we want to thank one and

all for their generous patronage and extend to each of you an invitation to keep on coming for the best of foods properly cooked, and served, and always remember that Friday is Family night and Sunday is Mothers day off. Enjoy a meal out and patronize the eating place that you desire. There's always a welcome to one and all.

W. I. Grove's jewelry shop is located at 902 West Main Street and handles a complete line of nationally known advertised watches and clocks. Mr. Grove also has an unique selection of unset diamonds, pearls and other gems and a beautiful array of mountings for you to choose from.

Mr. and Mrs. Grove settled in Avon Park about four and half years ago coming here from Ohio where Mr. Grove had been in the jewelry business for 18 years. He has been a jeweler since 1930, and is thoroughly familiar with all makes of watches, as well as being an expert in the repairing of all other kinds of jewelry.

Mr. Grove's stock includes Eastern Star rings, Masonic jewelry, bracelets, necklaces, cuff links, tie pins, watch bands, silverware, wallets, cigarette lighters and nationally known electric shavers. If he doesn't have what you want on hand he will be more than glad to order it for you. He carries only the highest quality articles and all are priced at a most reasonable figure for his

operating expenses are not as great as some establishments therefore he passes the savings on to his customers.

The shop is open Monday through Saturday except for Wednesday afternoons. Mr. Grove is in the shop only in the afternoon for during the mornings he is busy making house calls for repairing TV and Radios. He is a graduate of the National Radio and TV Institute, Washington, D.C. He also has for sale the very latest models of Sylvania TV's both in light and dark finishes. He is a member of the Avon Park Lions Club, Central Florida Watchmakers Guild and National Horological Institute of America, Washington, D. C.

The next time that you desire a piece of jewelry or a gift for any occasion, bride, birthday or anniversary, and courteous service drive out to 902 West Main and choose one of the many suitable presents that Mr. Grove's has in his shop.

Devils To Be Tested By Dade City Sat. — Travel To Frostproof Tues.

The Pecos Pirates from Dade City, members of the strong Southwest Florida Conference, are expected to give the Avon Park baseball team its first real test of the season when the two clubs meet here at Head Field Saturday night, April 6. The following Tuesday the Devils will go to Frostproof for a return match with the Bulls. The Pirates will bring a strong team powered by a six-man pitching staff — seniors Dan Porter and Bobby Abney, juniors Bobby Goldsby and Jerry Johns, and sophomores Marvin Moore and Virgil Grimes.

The catching position will be filled by all conference Boutsy Valentine, a three-year letterman, and the other seven positions will have veterans on the job.

The Red Devils have an impressive 6-0 record with top-sided wins over Ridge Conference rivals Arcadia, Frostproof, Kissimmee, Lake Placid, and Ft. Meade and a 3-1 victory over Wauchula. Five Avon Park hurlers have allowed only seven hits in posting their six wins and the Devils have scored 79 runs to their opponents' 10.

Starlite Leads Softball League

The Starlite, Project, and Air Force teams were winners in the three games played in the Avon Park Softball League this past week.

The Starlite nine remained undefeated by edging Florida Power, 4-3, in an eight inning thriller last Thursday night, March 28. With the score tied 3-3, Clyde Rigby, Florida Power pitcher, walked in the winning Starlite run in the last of the eighth inning. Jack Elder, the winning pitcher, limited the Florida Power team to nine scattered hits in posting his sixth straight win.

Wednesday, March 27, the Project nine routed the Jay-Cees by a score of 27-15 for their second win. The score was tied going into the last frame, but the Project exploded into action in the bottom of the seventh and almost doubled the score before the Jay-Cees could put out the fire.

On Thursday night, in the second game of the evening, the Air Force boys took a close one over the winless Jay-Cees, 12-18. Miller was the winning Air Force hurler and Lawrence and Donald Johns both pitched for the losers.

The Monday night games were rained out and will be played at a later date. Last night's (Thursday) game set the Starlite against the Project in the 7:30 opener with the Jay-Cees scheduled to meet Florida Power at 9 p.m.

President Durrah Martin called a meeting of the managers for Thursday night to reschedule the games for the second half of play. The Project team has dropped out of play and the League plans to schedule only one game a night since only four teams will be competing during the rest of the season. Games will still be played on Monday and Thursday nights.

Standings as of April 2:

	W	L	Pct.
Starlite	6	0	1.000
Florida Power	4	2	.666
Air Force	4	2	.666
Project	2	5	.280
Jay-Cees	0	7	.000

be on tap to hurl the Frostproof encounter.

Sebring Game Postponed

The Sebring-Avon Park baseball game which was originally scheduled for last Tuesday night was postponed due to the death of a Sebring student and will be rescheduled for next week. The game was to have been played in Sebring.

Wauchula Beats Avon Park "B"

A red hot pitcher from Wauchula held the Avon Park "B" team to two runs last Friday afternoon at Head Field while his team collected eight runs to win the five inning game.

Glen (Lefty) Bass pitched a gem for Avon Park before he was relieved by Jerome Anley who finished out the game. Leamon Money handled the catching duties and also scored both of Avon Park's runs.

Bobby Migrant took care of first base for Avon Park. Phil Landress covered second, and Jerome Anley was at shortstop until he took over on the mound. Robert Collier, regular third baseman, moved over to short in the fourth and the outfield was covered by Arthur Cody, Jimmy Bates, and Seth McCormick. McCormick got one of Avon Park's best hits — a long double which scored Money from third.

Friday afternoon, April 5, the "B" team will entertain the Lake Placid junior varsity at Head Field with the game starting at 4:30. There is no admission charge for the "B" games and the public is invited to attend.

Avon Park Routs Ft. Meade 19-1

Three Ft. Meade pitchers issued a total of 25 free hits to first base as the Red Devils scored a 19-1 victory over their Ridge Conference foes here last Friday night in an abbreviated five-inning ball game.

The Devils opened their half of the first inning with doubles by Johnny Starling and Billy Rouse and a single by

Winkle Williams and then went on to score 10 runs as Ft. Meade's pitcher, Williams, walked 9 men in the first frame. Those three hits were all the Devils could get, however, as McKinnis and Wood, relieving Miner hurlers, refused to give the Avon Park batters a close look at the ball, walking 16 more Devils.

Billy Rouse looked impressive as he chalked up his first mound win of the season for the Devils allowing only one hit, striking out seven, and walking only three. It was Rouse's first appearance on the mound this season and he showed exceptional control during the five inning game. Ft. Meade's single hit off Rouse came in the fifth inning when Bill Smith, Miner shortstop, sent a long drive over the head of the left fielder to score the miners only run.

The game was called at the end of five innings due to a mutual agreement of the coaches.

Score by innings:

Highway Philosophy

No one, not even a turtle gets any place without sticking out his neck, although it isn't a good practice in traffic.

It is a toss up which is more dangerous, a highway curve or the other kind. If you're looking for a road to a new kind of other, lookout cemeteries!

A group of landowners around Lake Josephine and along Jackson Creek held a meeting at the court house March 30 to discuss with the Highlands State Conservation District the possibilities of filing an application under the Small Watershed Act for technical and financial assistance from the Soil Conservation Service for water control measures.

Mr. Henry Stanley, Assistant State Conservationist of the Soil Conservation Service explained the watershed protection and flood prevention act

The landowners present elected C. M. Payne chairman, V. Maxcy secretary and Mrs. Mabelle Abney Treasurer. They named the watershed Upper Josephine-Jackson Creek Watershed and are making preparations for submitting an application.

Month's Permits Reach \$78,875 During March
Permits for building issued by the City reached a total of \$78,875 during the month of March.
This total was a little less than \$10,000 of the value for last month but again it is better than twice the total for the same month last year. The permits included 3 homes, 9 additions and alterations and one commercial.
The permits for March 1957 include one business construction (\$10,000); and the Recreation Hall and class rooms on the subject of government assistance programs for community development at the state institution meet here on April 24 - 25.

Florida Power Corporation Elects J. K. "Pat" Flanagan Vice-President In Charge Of Public Relations
Florida Power Corporation President W. J. Clapp has announced the election of J. K. "Pat" Flanagan to vice president in charge of public relations.
Flanagan, who will head up an expanded public relations program for the utility, has served FPC as director of advertising and publicity for the past 15 years.
Well-known throughout Florida for his professional and civic activities, Flanagan first came to St. Petersburg in 1934 with the St. Petersburg Times. A veteran newspaperman, he had previously served in advertising and editorial positions on metropolitan newspapers in Indiana, Kentucky and Ohio.
Clapp said Flanagan's promotion to vice president and the expansion of the FPC public relations program was in keeping with the growing importance of these activities in this period of rapid growth of Florida and vice company.
Flanagan also announced pro-

E. Ray Wells Attends Dealer Meet In Atlanta
E. Ray Wells attended a Dealer Dealers Advisory Conference at Atlanta Biltmore Hotel, Atlanta, Ga., on Monday, April 8.
Mr. Wells represented the 17 Dodge dealers in the Tampa district. There was a full day's discussion of a new Factory Dealer Contract, and all phases of product, service and factory dealer relations.
Mr. Wells reports that the dealers gathered there from 6 states were very enthusiastic about their products and the public acceptance of them. The meeting was also attended by factory representatives and the factory gave 100 pct. cooperation to the dealers' ideas.

Directors Of Chamber Of Commerce Meet At Leeton's Restaurant April 4

The Board of Directors of the Avon Park Chamber of Commerce held their monthly dinner, prior to the business meeting, Thursday night, April 4, at Leeton's Restaurant located on Highway 27. Mr. and Mrs. Furnari, proprietors of Leeton's, and one of the Chamber's newest members, served Italian spaghetti dinners to the thirteen members.
The business meeting was held at the Chamber of Commerce office following the dinner. Robert Barben, president, reported on the meeting that he and Mrs. Anna Belle Worden, executive secretary, attended Monday on behalf of the Chamber at the Sebring Chamber of Commerce.

CIRCUS PARADE SATURDAY

The children of Avon Park are invited to join the annual Red Devil's Circus Parade Saturday afternoon, April 13. Come dressed in gay costumes and join the lines as they form in front of the Avon Park Motor Company at 5 o'clock.
The High School Band and Circus performers will be featured in the parade. They will make a loop of the Mall as far as Stinson's Service Station and then lead the merry crowd to the football field.
Gates to the Circus grounds will be opened as the parade marches in. So make a date to see the parade and follow it on to the circus for an evening of breath-taking entertainment.

Committee Appointed To Select Site By Assn. For Retarded Children

At a meeting of the Ridge Area Association for Retarded Children held Monday, April 8, F. Ward, President of the Association, appointed a committee for the selection of a school site. The Committee consists of: Mrs. Anna De Church, Highlands County Welfare Director; Fred Wild, Superintendent of Public Instruction, Highlands County; Dr. W. L. Howard, Wauchula; and Mrs. Ray Peterson, Sebring.

The group heard reports from Mrs. Lucille Rankin, R. N., and Mrs. Elizabeth Nelson, of the Public Instruction Committee. T. B. Dunn reported on the progress of the Membership Committee.

Red Devil Circus To Be Presented Saturday And Monday, April 13-15

At eight o'clock Saturday night the Red Devil Circus Band will strike up the music and usher in the 1957 presentation of the annual Red Devil Circus under the direction of Joe Franz.
Ringmaster Ted Marchio will start the show rolling by introducing twenty-eight elementary tumbler who will flip, dive, and cartwheel across the mats in a display of gymnastic skill. Next will follow the elementary adagio teams. Diane McClung with Max Still, Sharon Jones with Robert Duggan, and Georgia Ann Franz with Donald Long.

Rotarians To Attend Assembly In Clearwater

The Rotary District Assembly meeting will be held at the Fort Harrison Hotel in Clearwater on Sunday and Monday, April 14 and 15th.
E. Ray Wells, retiring president of the local club; A. B. Wilshire, new elected president and David Lanier, secretary, will attend the assembly. Members of the Board of Directors who are planning on attending the assembly are Robert Barben, Hubbard Higgs, G. F. Ward and E. A. Shepherd.

Gordon Carter Purchases Shell Service Station

The Shell Service Station located at 218 West Main Street is now under the ownership management of Gordon Carter, formerly of Indiana.
Mr. Carter spent seven weeks in Lake Wales before moving to Avon Park. He liked the city so well that he decided to settle here. So he purchased the business of the only Shell Service Station in Avon Park.
The station will be open daily 7 a.m. until 7 p.m., except Sundays when it will be closed all day.

David Collyer To Participate In Dist. Spelling Bee Contest In Miami

David Collyer, spelling champion of the Avon Park Junior High School and also runner-up in the County Spelling Bee will participate in the District Contest at the Dade County Auditorium in Miami on May 3.
David, thirteen year old son of Attorney and Mrs. Keith Collyer, is in the eighth grade.
This is only the second time in the Spelling Bee's ten year history that Avon Park has had a winner or runner-up in the county finals. Betty Denton, Avon Park, was county winner in 1954.
David was presented a Spelling certificate and check by Fred Wild, Superintendent of Highlands County Schools, for being the spelling champion of the Avon Park Junior High School.

The annual County Spelling Bee held at Lake Placid Monday night, April 1, was won by Toni Logston, daughter of Mr. and Mrs. Tony Logston of Sebring. This year the spelling bee went for 35 rounds, the largest number of rounds that any spelling bee has lasted in the ten year history.
Other contestants at Lake Placid were Deborah Reddick and Terry Oberle, Avon Park Elementary; Bryan Williams, Avon Park Junior High; Dianne McAulay and Judy Williams, Lake Placid; Dottie Tolson and Judy Pepper, Deltona City; Carl Reynolds, Sebring Junior High and Charles Weaver, Woodland Elementary.

Contestants from 23 counties will participate in Miami in the 17th Annual Spelling Bee conducted by the Miami Herald at which time Toni Logston.

A state-wide industrial development conference for Florida community leaders and manufacturers' representatives will be held at the Jacaranda Hotel on April 24 and 25. Barney Howard, executive vice president of the Avon Citrus Bank and chairman of the Community Development Association of the Chamber of Commerce, said today.

Heading a list of speakers will be William J. Clapp, president of the Florida Power Corporation, St. Petersburg; C. Wakham Skinner, of the Minneapolis-Honeywell Regulator Company; H. McKinley Conway Jr., editor and publisher of Industrial Development magazine; and Gustav E. Larson, deputy director of the Office of Area Development, U. S. Department of Commerce. Mrs. Mary Ellen Ward, planning consultant of the Florida State Development Commission, will address the conference.

The Avon Park Community Development Association is locally sponsoring the program in cooperation with the General Extension Division of Florida, Florida Power Corporation, the Florida Planning and Zoning Association, and the Florida State Development Commission.

Mr. Howard said the conference will attempt to define the specific needs of industry and the steps Florida communities can take to prepare for possible plant location.

"Present trends in development, particularly in central Florida, make it absolutely necessary that some action be taken now in planning for our future growth," he said. "The development conference, which will feature some of the nation's leading industrial development men, (Continued on page 8)

Fish And Game Club Outline New Projects

The Highlands County Fish and Game Assn. April supper and business meeting was held on Thursday, April 4. A barbecued chicken supper was served to a large club group and visitors.
Samuel Gettelson, of Lake Placid, president, presided. Reports were made by A. C. Wester, of Avon Park, secretary, and by Mrs. Wester, as treasurer. Plans were outlined for handling projects during the rest of this season and in the Fall for aiding fishing in surrounding waters, clearing waterways of growth of vegetation, if necessary, and in general making for better access to fishing areas. These items on the club's agenda have been agreed upon and to some extent and the plan is now to get all out in completing them.

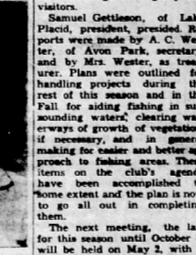

The next meeting, the last for this season until October 3, will be held on May 2, with a chicken supper, at the club grounds which are in prime condition for outings.

Notice

The Avon Park Youth Center will be closed Saturday night, April 13, so as not to conflict with the Red Devil Circus.

New Plumbing Company Opens On Main Street

Ed Wilson Plumbing Company of Auburndale has opened a Plumbing and Heating Supply Company at 115 West Main St., in what was formerly the Swig Shop.
The Avon Park store will be a branch office from Auburndale and will be run and operated by Earl Hyman, formerly superintendent of Ed Wilson Plumbing Company.
The office will carry a complete line of nationally recognized brands of water heaters and plumbing fixtures. So when in need of service call Gledale 4-1171.
Mr. and Mrs. Hyman and 3 month old daughter, Debbie, are making their home at 413 South Parkfield Ave.

First Free Piston Tractor

The first known installation of a free piston turbine engine in a tractor is announced by Ford Motor Company's Tractor and Implement Division. Strictly experimental, the Ford Tractor is powered by a single cylinder engine having two free-moving pistons. The pistons produce gas under pressure which drives a turbine, providing smooth power with greatly reduced vibration. The Typo has now utilized about half of the 100 horsepower which the engine is capable of producing.

DO YOU KNOW?

By James D. Judd
Evangelist, Church of Christ

For the past few weeks we have been asking religious questions concerning the more common religious practices for which we have NOT been able to find Bible authority. We have asked anyone who may know the scripture which teaches that to please send it that we may print it for the benefit of our readers. We have also encouraged everyone to ask their preacher or teacher where these practices are found in the Bible. As we have not received one scripture from anyone which teaches these practices, we thought it good to list them all together. In this way the reader may have an additional opportunity to read or reconsider those things for which no Bible authority has been found.

by those who teach such things. The following questions have been asked:

1. WHERE DOES THE BIBLE TEACH THAT GOD GAVE US MORE THAN ONE KIND OF FAITH?
2. WHERE DOES THE BIBLE TEACH THAT WE HAVE A CHOICE OF CHURCHES OR FAITHS, AND STILL BE SAVED?
3. WHERE DOES THE BIBLE TEACH THAT WE ARE SAVED BY FAITH ONLY?
4. WHERE DOES THE BIBLE TEACH THAT WE MUST PRAY THROUGH TO BE SAVED OR TO BECOME A CHRISTIAN? ALSO TELL US WHAT IT IS THAT HE MUST PRAY THROUGH?
5. WHERE DOES THE BIBLE TEACH THAT IT IS IMPOSSIBLE TO FALL FROM GRACE? OR WHERE DOES THE BIBLE TEACH THAT ONCE A PERSON IS SAVED THAT IT IS IMPOSSIBLE TO BE LATER LOST?
6. WHERE DOES THE BIBLE TEACH THAT A PERSON IS IN CHRIST BEFORE HE IS BAPTIZED?

We have not received a scripture for anyone of the above practices. If after reading these questions you now know where the Bible teaches them, we will still be glad to print the answer if you will be kind enough to send it. You may still ask your preacher. Next week we will continue with new questions. In the meantime let us study to show ourselves approved unto God, a workman that needeth not to be ashamed. (2 Timothy 2:15)

Willie Garrett Attend Meeting In Bartow

Coch Guy Garrett and Supervisor Principal A. B. Willie attended a meeting in Bartow last Saturday to help lay plans for this year's District Baseball Tournament.

According to Coach Garrett, there will be two sub-group tournaments with four teams participating in each. Then the winner of each sub-group tournament will meet for a two-out-of-three game play-off.

All tournament sites will be determined after the tourney seedings are drawn up from win-loss records as of April 24. District Director McLaughlin of Lake Wales will draw up the tournament pairings after he receives the standings of each team.

The winner of the District Tournament will be an entry in the State Baseball Tournament to be held in Ft. Pierce June 10-14.

Coach Garrett also announced that the Ridge Conference Tournament will be held here at Head Field the week of April 28 through May 4. Seatings for that tourney have not yet been set either.

Dr. R. P. Hedrick Attend Meeting In Winter Haven

The Lake Region Optometric Assn. met in Winter Haven last night for the purpose of presenting a plaque, honoring Mr. J. C. Mitchell, Supervising Principal of the Winter Haven School System, for his outstanding work during the past year in the interest of better human vision. Mr. Mitchell has helped pioneer an entirely new type of Visual Screening of school children based on achievement rather than eye sight tests as has been previously done.

Dr. R. P. Hedrick of this city was present and commented to the group that such a project was indeed worthwhile for the interest of all school children everywhere. Dr. Hedrick went on to state that the Winter Haven project was a "Pilot" type of project which he would like to see adopted in all the schools everywhere.

**Nagging Wife
May Save
Your Life**

"When it's all time in the year when it's all right for a woman to nag her husband. That's when it's time for him to see the doctor for a regular check-up and make sure cancer isn't lurking around. More men die of cancer than women. So by all means nag your husband."

This statement was made today in a special message to women of Avon Park by Dr. D. M. Ellis, local chairman of the American Cancer Society's 1957 education and fund-raising Crusade which continues through April.

He said: "One upon a time cancer was looked upon as a woman's disease. A lot of people still haven't caught up with the facts. By the figures: Out of every hundred cancer deaths, 52 are men and 48 are women. This has been true since 1949.

"We know, beyond doubt, that the yearly ounce of prevention saves lives. The death rate from cancer among women has declined steadily in the past ten years. Of course, this is partly due to improved techniques of treatment, but it takes a regular visit to the doctor to unearth the fact a cancer is in time for treatment.

"Here are some very persuasive figures you can use when you nag the men in your family to make a date with the doctor. About 150,000 Americans are now being saved every year from cancer. That's 30,000 more yearly than were saved ten years ago. Or to put it even more dramatically: in 1956 one in every three cancer patients was saved; in 1946 the ratio was one in four.

"Our 1956 campaign slogan—'Eight Catches with a Checkup and a Check'—proved to be an effective educational weapon. It's the reason why we have again chosen the live-saving slogan for our 1957 campaign."

Col. Ellis declared that 75,000 lives are lost to cancer every year, simply because the disease is not properly treated before it begins to spread. He concluded:

"So get that checkup, and nag your husband until he goes to his doctor, too. This is a good time to do it, because this is the time of the year when the American Cancer Society goes in for large-scale nagging—to try and save some of those lives, lost needlessly and tragically."

**Student Council
Delegates Report**

Delegates of the Avon Park High School who attended the State Student Council Convention in Orlando presented a discussion panel on the convention to the Chapel program Thursday at the local high school.

Miss Millie Pearson, sponsor, acted as moderator on the panel and the students gave a very interesting report of their trip and experiences while at the convention.

Student Council delegates who attended the convention were entertained in the home of the students of the Orlando High School. Delegates from Avon Park High School were: Glenn Huggins, Bobby Sue Elder, Elizabeth Howell and Lawrence Toole.

The discussion on the Problems of the Smaller High School led by Glenn and Bobby Sue was well attended and much interest was shown in the questions and discussions which was brought out by the panel.

The Avon Park High School was elected treasurer of District 5 of the Florida Association of Student Council at the convention, West Palm Beach, High

James Wilhite Visits Ft. Bragg

Fort Bragg, N.C. (AP)—Cadet James A. Wilhite, son of Mr. and Mrs. A. B. Wilhite, 323 E. Canfield St., Avon Park, Fla., was one of more than 200 students from The Citadel, Charleston, S.C., who recently visited Fort Bragg, N.C.

During their two-day stay, the cadets were shown the famous training exercise and a special demonstration of basic airborne training.

**County 4-H Boys
Make Good At
District Contests**

The 4-H District 9 Public Speaking and Tractor Operation Contests were held recently at the Agricultural Center at Palmetto, Fla., and 4-H contestants from Highlands County made a good showing for themselves.

Bill Bowen, son of Mr. and Mrs. James W. Bowen, of Lake Placid, won the Public Speaking Contest and will compete against the winner from 4-H District 10. The winner of the District Contest will enter the State Contest during 4-H Short Course at the University of Florida this June.

Eric Annett, son of Mr. and Mrs. John Annett, of Sebring, placed third in the Tractor Operation Contest, his first attempt to win a District event. He won the Tractor Driving Contest held during the Highlands County Fair last month.

Florida's most destructive hurricane was the Miami storm of 1926 which caused better than \$75 million damage.

Florida Needs More Teachers

Florida needs more than 5,000 new teachers every year to keep up with increasing school enrollments and reorganizations—yet less than 1,000 new teachers from Florida's colleges and universities are entering education each year. Florida schools face a teacher shortage which threatens to cripple the state school system.

Research by the Continuing Educational Council composed of representatives from the American Legion, the Veterans of Foreign Wars, The Florida Bar Assn., The Florida Federation of Women's Clubs, The Florida JayCees, The Florida State Chamber of Commerce, and other leading organizations shows that, in order to recruit and to retain good teachers, a minimum starting salary of \$42,000 must be made available for the school year 1957-58.

The Highlands County Education Assn. does not believe that the proposals made to the legislature by Gov. Collins will provide sufficient revenue to assure the quality of schools the

people of Florida want. In a recent meeting of the H.C.E.A., the members reaffirmed their confidence in the legislative proposals of the Florida Education Assn. and in the findings of the Continuing Educational Council appointed by Governor Collins.

The Honorable Howard G. Livingston, Representative from Highlands County is one of the 36 co-sponsors of the F. E. A. school bill. Senator Doyle Carlton of Wauchula has not committed himself as yet to the support of the proposal.

The Highlands County Education Assn. advises all its members and all persons interested in better schools to write to Senator Carlton urging his support of Senate Bill 50, the bill introduced into the Senate by Senator William R. Neblett of Key West.

Zeta Chapter Met In Punta Gorda April 6

Zeta Chapter of Delta Kappa
Gamma Women's Honorary in
Education met in a quarterly
meeting in Punta Gorda Sat-
urday, April 6. Approximately 50
members attended the luncheon
meeting at the Charlotte Harbor
Spa.

The theme for the meeting was
The Magic Carpet of Understand-
ing. In keeping with this theme
the chapter members were privi-
leged to hear a talk on Education
at Home and Abroad by Mrs.
Donald Thomsen, whose husband
is principal of the Punta Gorda
Schools. Mrs. Thomsen drew on
her experience as a teacher in
the Dependent Schools in Austria
for a period of four years to re-
late many interesting things
about education in Europe.

Mrs. Thomsen also told of her
recent work with Hungarian Re-
fugees, using her knowledge of
foreign languages to teach Eng-
lish to these displaced people.
Those attending the meeting
from Highlands County were,
Miss Millie Pearson and Mrs. Al-
ice Edger, Avon Park; Mrs. Ju-
lia A. Titus and Miss Anna
Lee Adams of Sebring.

Rebekah Lodge Meets April 15

Major Seaverns Rebekah
Lodge will meet Monday night,
April 15, at 8 o'clock at the
Hotel Winter.
All Winter Rebekahs are
cordially invited to attend and
all members are urged to be
present.

American Legion Aux. Met Monday

The American Legion Aux-
iliary met Monday night, April
8, at the home of Mrs. Ed
Dunne.

Mrs. James Heim, president,
read a letter from Mrs. H. L.
Fletcher, District president, in
which she invited Mrs. Heim
to be chairman of the Creden-
tial Committee at the District
Conference in Sarasota Sunday.
Mrs. Heim decided to accept the
appointment and will attend the
conference.

Poppies have been ordered
for the annual Poppy Day Sale
to be held on Saturday, May
25. Mrs. Freeda Welch will be
in charge of the Poppy Day
Sale.

The Auxiliary netted \$32.20 on
the last bake sale and \$13.52
on the Stanley party.

The Auxiliary voted to sub-
scribe to the Star Magazine and
also to the Legislative bulletin.

Miss Verna Heim gave a very
interesting talk on Honduras
during the program.

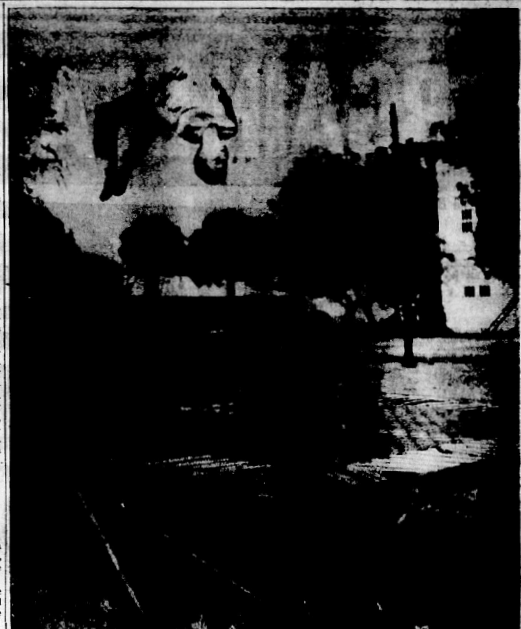

Officers for the coming year
were elected, they are: Mrs.
James Heim, president; Mrs. Ed
Dunne, first vice president;
Mrs. Peter Boney, second vice
president; Miss Verna Heim,
treasurer; Mrs. Doris Stewart,
secretary; Mrs. James Allen,
sergeant-at-arms; Mrs. Cora
Wray, chaplain; and Mrs. De-
mos Mandis, historian.

The next meeting will be
held in the Auxiliary room of
the American Legion Hall, with
Mrs. Dorothy Sasser and Mrs.
Cora Wray as hostesses.

Coffee and cake were served
by the hostess at the end of the
meeting.

Florida was admitted to the
Union as a state on March 3,
1845.

Florida is the second largest
state east of the Mississippi
River.

Miss Sandra Cook Given Surprise Birthday Party

Miss Sandra Cook was de-
lightfully surprised with a
birthday party given in honor
of her fifteenth birthday on
Thursday night, April 4.

The party was held at her
home on Lake Iris Drive. A
Hawaiian theme was carried out
with colorful crepe paper lei's
presented to each guest. The
living room was decorated with
colorful hibiscus and crotons.

Refreshments of fruit punch,
birthday cake and mixed nuts
were served from the dining
table which was also decorated
with hibiscus and crotons. The
large decorated birthday cake
was in the center of the table
with a punch bowl on either
end.

The host and hostess for the
evening were her parents, Mr.
and Mrs. Raymond Coom, who
were assisted by Mrs. T. B. Hal-
lam, Carolyn Arnold and Cindy
Hallam.

Sandra received many lovely
gifts. Games and music were
enjoyed during the party. Those
attending the party were Mar-
ie Reynolds, Mary Sue Rew-
ie, Betty Sue Mills, Claire
Maxwell, Cindy Hallam, Clytie
Coleman, Gladys Barfield,
Barbara Lewis, Miriam Francis-
co, Connie Booth, Sandra Ross,
Carolyn Arnold, Jimmy Sing-
leberry, Tommie Renfro, Sher-
man Drawdy, Hugh Haynesworth,
James Budd, Jerome Anley,
Mike Wells, Bruce McWilliams,
Jack Somerstein, Jimmie Mills,
James Stein, Lawton Toole,

ley, Jimmy Fann, Bobby Mc-
Millan, Jimmie Cochran, Paul
Fitz, Paul McFarland, Mrs. Op-
helia Rhiner and son, Mike, Mr.
and Mrs. Tommie Hallam and
children, Tommie, Jr., and Pat-
ty.

Art Exhibit

Paintings by local artists
were on exhibition Friday and
Saturday afternoons, April 5
and 6, at the Senior Woman's Club-
house.

The paintings showed consid-
erable talent and were viewed
with an appreciative attendance.
Fruit punch was served during
the afternoon on Sunday with
Mrs. Paul Erickson at the serv-
ing table. Miss Jessie Hare had
charge of the guest register at
the door. Mrs. Ralph Kelley,
president of the Woman's Club,
was on hand to greet those who
came to view the 39 paintings
shown.

Those exhibiting paintings
were: Lillian Rodgers, Abram
Pipher, Thelma Hartwell, Pearl
Ford, Betty MacDonald, George
Mills, Horace Fenton, Geneva
Fenton, Harriet Stodden, Mr.
Geiger, Sally Savers, Clara
Hood, Florence Davis, Lillian
Hood, Elsie Martin, Ruth L.
Phillips, G. Paden and Mrs. W.
H. Walker.

Rotary News

Mrs. Edna Pearce Lockett of
Fort Bassinger, Fla. and Lon-
don, England was the guest
speaker at the weekly luncheon
meeting of the Rotary Club last
Wednesday, April 3, at the Jac-
aranda Hotel.

Ernest Shepherd, program
man, invited Mrs. Lockett
to appear on the program and
she asked her to make a com-
parison of London with Fort Bas-
singer. Mrs. Lockett, remarked
that there was none. Mrs. Loc-
kett is known to almost every-
one in Highlands County. She
also is the State of Florida. For
several years she was our rep-
resentative in Tallahassee where
she was largely responsible for
getting the Florida Alcoholic
Rehabilitation Center located
in Avon Park, together with
many other constructive pro-
jects for Highlands County. She
is well known as a cattle ran-
cher and actively manages her
ranch at Fort Bassinger.

At the present time she and
her husband, Bill Lockett, di-
vide their time between Fort
Bassinger and England where
she is probably one of the best
good will ambassadors this
country has in an area where
we desperately need good will
relations.

She told of her life in Lon-
don and showed some very in-
teresting colored scenes of Lon-
don. She displayed a collection
of English money and explain-
ed the value of their money
and how it was used. She gave
a chance to compare American
papers and magazines with the
ones Mrs. Lockett had brought
from England. She showed a
copy of the London Times
which has one of the largest
circulations in the world.

Mr. and Mrs. Lockett have
made many crossings as they
spend part of their time in the
United States. Mrs. Lockett said
she enjoyed living in London
very much but was always glad
to get back to the green grass
of Fort Bassinger.

Larry Bond Competes For State 4-H Livestock Judging Team

Thursday, April 4, was a big day for 20 4-H Club boys from throughout the State as they gathered at the University of Florida Livestock Pavilion, in Gainesville, to compete for a place on the State 4-H Club Boys' Livestock Judging Team, which will represent Florida in the National Contest at the International Show in Chicago this fall. The 20 boys were the high scoring individuals in the 4-H State Livestock Judging Contest held at the Florida State Fair in Tampa, February 3, which saw 39 teams of 4 members each competing against one another.

During the event, Saturday, the boys judged 5 classes of

State—

beef cattle and 4 classes of swine and gave oral reports to a judge as to why they had placed 1 and 2 classes of the swine the way they did.

Larry Bond, son of Mr. and Mrs. H. W. Hardin, of Avon Park, who is member of the Avon Park Senior 4-H Club, was one of the 20 finalists and placed 1st in this statewide event. Although he didn't make the State Team, he is looking forward to next year. This was his first year on the Highlands County 4-H Judging Team.

Larry was accompanied to Gainesville by J. C. Hayman, Asst. County Agent, who is in charge of 4-H Club work in Highlands County.

senior act, which was directed by Mrs. Jamie Lee Edge, will feature Pat Sasser, Karen Kirkland, Anna Johnson, Patty Martin, Sandy Biggs, Sylvia Sue Sauls, Donna Faye Wiggins, and Margaret Wendt in a trapeze number.

Twenty more acts will then continue in rapid succession as over 300 school students continue to present a spectacular exhibition of skill and beauty.

"Six high school boys and six elementary girls will form the

orchestra, which will present a lovely demonstration of artistic power. Winkie Williams, Charlie Miller and Bruce O'Steen will perform with Kathy King, Donna Berton, and Linda Lyles while Billy Sherrard, Nelson Butler, and Henry Scott combine with Deborah Kendrick, Judy Walker, and Betty Hutchinson.

The double high act routine will feature Gene Biggie, Billy Sherrard, and Nelson Butler this year, a few acts later Jimmy Rice will ride the circus bicycle while Gusie Gentry, Mary Lois Roberts, Faye Thompson, and Tura Ann Delaney go through complicated maneuvers as the bicycle whirls round and round.

Young Edgar Fitch will thrill the audience with his routine on the flying rings while Jimmy Hart performs on the daring back revolve.

The Red Devil clown will entertain the crowd with their slapstick comedy in three fun-filled acts Jimmy Bennett, Edgar Fitch, Reggie Butler, Wayne Knowles, Jimmy Miller and Jimmy Hart are the chalk-

boarded team, which will be featured in "The Hypnotist" and a high diving contest will bring the red-nosed clown back again later in the show.

Dolores Stoker, a talented Avon Park senior, will take the spot light in another act for a novelty number and a new act. The Golden Pairs, will feature Henry Scott, Jim Rice, Charlie Miller, Nelson Butler, Bruce O'Steen and Billy Sherrard.

Sammy Wright, Molly Faircloth, Hattie Leighton and Betty Lou Baughan.

A second performance of the circus will take place Monday night, April 15, at eight o'clock. Prices will be the same for the Monday show but there will not be a reserved seat section for the second performance.

Tickets are still on sale at Touchton Drug Store and the high school office or may be obtained at the gate of the football field at show time. All day Saturday reserved seat tickets

for the second performance.

The Avon Citrus Bank residents, Hubbard K. Biggs, realtor and insurance agent, and George Woodman, area manager for Florida Power and Light, will be the guest speakers at the 1957-58 term of the Board of Education. The Board will meet at 7:30 p.m. at the school building on Wednesday night to conduct church services was granted.

It was decided by the Board that all first graders in the County start the 57-58 term by attending classes for a complete school day.

The Ridge Area Assn. for Retarded Children is trying to get a school started for mentally handicapped children. The Board decided to ask for a special unit for this school. To get this school started there must be at least ten children between the ages of 6 and 18.

The Board agreed to help the teachers get an increase in pay.

their apologies to their many friends and patrons for the condition of the store at this time. But soon it will be finished and the community will have a drug store for a show place. The entrance door will be in

the center of the store.

The Board of Directors voted to have new application forms for memberships printed.

The Chamber has been presented three lovely aerial views of Avon Park and the vicinity owned in and around Sebring. These views will be framed and displayed in the Chamber office. The next time you are in town stop in at the Chamber office and see them.

Livingston's Report From Tallahassee

The House of Representatives opened its 1957 session with its customary colorful ceremony, the House Chamber was beautifully decorated with numerous and lovely flowers sent by well-wishers of its members.

This is a tradition in the House, and this year the flowers were particularly lovely. I am very appreciative of those who sent flowers to my representative.

I had the honor of being appointed to the following committees: Elections, Chairman; Citrus, Education, Higher Learning, Finance and Taxation; Judiciary, Criminal, Personnel and Public Health.

It has been the thought of some of the leaders of the Democratic party of the State for some time that a change should be made in the date of the elections to avoid the necessity of Democratic nominees having to conduct two campaigns: one for the nomination and again for the general election against a Republican opponent.

Some months of campaigning are required, and it is hoped that the change should be made in the date of the elections to avoid the necessity of Democratic nominees having to conduct two campaigns: one for the nomination and again for the general election against a Republican opponent.

the fastest cure for worry about cancer: a call to your doctor now!

Scared? You shouldn't be! The average man who walks into the doctor's office walks out floating. That lump that was so frightening... nothing to worry about at all! The sky's the limit, the air's sweeter, it's a great big beautiful day... because he picked up that phone and called.

It happens all the time. It can happen to you. Let's look at the facts. In past years, we were saving 1 out of 4 cancer patients. Today, we're saving 1 in 3. And the odds could get better still... if people would call their doctors in time!

So go ahead... call. And after your check-up... how about a check for the American Cancer Society? Every dollar sends us further along the road to cure. And when that happens... it's going to be a wonderful day for us all! Send your check to "Cancer!"

Good news for you dirt gardeners. Not long ago, weeds were a real headache. Every one complained about them but nobody did much about them. Now we can grow vegetables or flowers through plastic with weeding or watering and with the expectancy that they will be stronger and more productive.

The new black plastic film comes in rolls 104 feet long and 40 inches wide—enough to cover a garden 18 feet wide by 18 feet long. It's called Kordmulch and is available through hardware stores and some supermarkets and grocery stores.

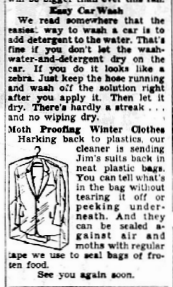

If the reports from famous agricultural centers like Cornell University, Kentucky Agricultural Experiment Station, Mississippi State College, Oregon State College and the University of Florida hold true, the canning job will be bigger than ever this fall.

We read somewhere that the easiest way to wash a car is to add detergent to the water. That's fine if you don't let the wash-water-and-detergent dry on the car. If you do it looks like aebra. Just keep the hose running and wash off the solution right after you apply it. Then let it dry. There's hardly a drop... and no wiping dry.

Moth Proofing Winter Clothes

Hanging back to plastic, our cleaner is sending Jim's suits back in neat plastic bags. You can tell what's in the bag without tearing it off or peeking underneath. And they can be sealed against air and moths with regular tape we use to seal bags of frozen food.

See you again soon.

erican Board of Periodontology, has up his belt, pointing out that patients who are involved in a trying emotional experience have frequently been found incurable until they solved their basic problems.

Dr. Roland D. Fisher, Glendale, Calif., an authority on dentures, is prepared to use a new word—"dentogenic"—into the dental convention. He suggests that artificial teeth should "portray the sex, personality and age" of a person.

If false teeth are designed properly, the wearer will find them an asset to his personality rather than a detriment, according to Dr. Fisher. To do this, he advocates a system of "dentogenic" that would serve dentists in the same manner that "photogenic" considerations are utilized by a photographer.

Dentists To Meet In St. Petersburg April 14-17

Dentists from as far away as California, Oregon and Canada—along with a large number of the State's 1,200 dentists—will converge on St. Petersburg April 14-17 for the annual Florida State Dental Convention.

Wide-spread interest from out-of-state dentists, as well as Florida dentists, has been brought about by the announcement of a trio of colorful and instructive speakers who will give talks and demonstrations during the meeting to be held at the Vinoy Park Hotel.

Dr. B.O.A. Thomas, Palo Alto, Calif., will speak on periodontal diseases, which include "trench mouth" and pyorrhea. He claims that the success or failure of a dentist has in treating these infections of the gum tissue and jaw bone often hinge on the patient's state of emotions.

Dr. Thomas, who is a teacher at the College of Physicians and Surgeons in San Francisco, as well as a specialized practitioner and director of the American Board of Periodontology, has been Commissioner of Agriculture for Florida since Nov. 1, 1923.

Do You Have

Do you ever have the urge to try some new cookies, if so, here are two that are very good and easy to make.

SAND TARTS

Cream 1 cup butter, add 1 cup butter

cup sugar, 2 egg yolks (beaten lightly), 1 tablespoon milk and 1/2 teaspoon vanilla. Beat this mixture until light.

Sift together 1 1/2 cups flour, 1 teaspoon baking powder and 1/2 teaspoon salt. Add to the first mixture and blend well. Chill for several hours.

Roll dough very thin and cut with 3 inch star cookie cutter. Place on buttered baking sheet and put split almond on each. Brush with unbeaten egg white, then sprinkle with mixture of 1 tablespoon sugar and 1/2 teaspoon cinnamon. Bake at 375 degrees for 10 minutes.

MARZIPAN COOKIES

Mix together 2 cups of very finely ground almonds with 1 cup fine granulated sugar and 1 cup confectioners sugar. To this add 1/2 teaspoon of almond extract and blend well.

Add 4 egg whites and beat vigorously until very creamy. Drop by teaspoon full on buttered baking sheet, 2 to 3 inches apart. Bake 350 degrees for 15 minutes. Remove quickly and carefully.

LO, THE POOR TAX COLLECTOR — It is traditional for everybody to hate tax collectors. But Congressman Syd Herlong is trying to come to their rescue. He says, "They are one of the most mistreated groups of public servants we have. They have stopped calling them tax collectors and now refer to them as revenue officers, but they continue to be the cause of our troubles. The record shows they are the most assailed group of individuals in the government other than the alcoholic tax people." To help in some small way, Herlong has introduced a bill setting the retirement age for Internal Revenue Officers at 50 years instead of the usual 65. Of course, if we had our way, we'd like to retire all of them — before April 15.

SLOW DOWN, BOB — Everybody knows that Congressman Bob Sikes keeps his Third District "in good shape." It

looks easy, just to see him in the corridors of the House or shaking hands with friends on the streets of Marianna or Panama City. But take a look at one "quick" trip to his district. Friday A.M. up at 5:00 in Washington... on plane at 7:30. Off plane in district at 11:30... quick conference at airport with committee with local problems... ride to barbecue grounds... usual handshaking routine plus "standing up" conference with four folks from Port St. Joe... ride to dedication ceremonies of Jim Woodruff Dam where he made a speech and introduced special guests. Immediately afterward a fast ride to Tallahassee... four appointments before being honored at banquet by Tallahassee VFW where he spoke... three more appointments before bedtime. Breakfast meeting with Tallahassee Chamber of Commerce... two appointments... drive to Crestview... four appointments... drive to Pensacola (One hour with grandchildren). Three appointments... television panel show 6:00 to 6:30... 7:30 main speaker at American Legion Conference until 1:00 a.m. Of course, if we had our way, we'd like to retire all of them — before April 15.

SMATHERS TO RING BELL — "Mental Health Week" has been set for April 28th through

May 4th. For the 5th straight year Senator Smathers has introduced the resolution in the Senate proclaiming this special week. This year, he will stand on the steps of the Capitol and ring a bell made from a set of chains that was once used to bind the mentally ill in an old "snake pit" type insane asylum. This opens the week's activities. Later, he will appear in New York on radio and television for the National Assn. of Mental Health and will be given their highest award for service in this field. He also has been named the honorary head of the Florida drive during the same week.

ANTI-COMMUNY DRIVE — One of the pledges that Congressman Danie Fassel made when he came to Congress was to fight communism. For the past few weeks he has covered his district with all the material on the subject that he could secure. Every school library, every teacher and attorney, so far, he has mailed out more than 7,000 copies of his matter — all House or Senate documents. While his supply lasts he will send copies to any teacher or attorney who writes to him.

A TAX CUT? WHEN — Senator Holland thinks we might get some kind of a tax cut if the budget is trimmed. It won't come before next year. He wants it to be in the form of an individual tax exemption rather than a business reduction. "Nobody," said Holland, "can out economize Senator Harry Byrd. And if he can take off the \$5 billion he says he can — then we might get some reduction in taxes."

Florida Buses Make Safety Record

42,681,191 miles operated by the Bus Lines of Florida without a passenger fatality in 1956 and with records of 19 years of more without an accident, you realize why this is an annual record of bus operations.

Every bus is inspected thoroughly before it leaves on a run. It is mechanically perfect — it would be well for drivers of private cars to check their own cars before starting out.

Concluding, Frank stated it would be well for the private drivers to follow the example of good driving as shown by the bus drivers and reduce accidents and fatalities on our streets and highways.

increased since 1951 to the point where 46.6 percent of our total plywood consumption comes from foreign countries. This has caused 23 plywood plants and 15 veneer plants in this country to shut down completely. Others have cut back production sharply.

In the effort to relieve this condition I have joined a group of Senators in introducing a bill that would limit the annual importation of hardwood plywood to a quota of 15 percent of the amount used in the United States during the preceding year.

Our plywood plants which must pay their labor a minimum of \$1 an hour under the Minimum Wage Law are competing with 11 cent an hour Japanese labor. If they are to remain in operation American producers must have protection from heavy importation of foreign plywood.

OHIO FARMERS VISIT — Seventy-five leaders of the Ohio Farm Bureau Federation visited Washington last week for a close look at the legislative process here. It was my privilege to address this fine group of

Ohio farmers during one of their visits to the Capitol.

Lefly Collins served a term as a State Senator (1950-54) before becoming Governor of Florida.

JIM WOODRUFF DAM DEDICATED — The first project of the master plan for the development of the Apalachicola, Chattahoochee and Flint Rivers in Florida, Georgia and Alabama became a reality Friday, March 22, when the great Jim Woodruff Dam near Chhattahoochee was dedicated. I was happy to participate in the ceremony when this splendid facility which cost \$46 million was put into operation. It will mean much to the three States from the standpoint of electric power, navigation, flood control and recreation.

FLORIDA TOPS AT FLOWERS SHOW — Florida's cash and carry at the National Flower Show held in Washington annually is always outstanding, but this year it practically stole the show.

The Seminole Indian family in their thatched hut surrounded by alligators, palm trees and coconuts in a sub-tropical Florida setting attracted the attention of many thousands of show-goers.

The exhibit was staged by the Florida Nurserymen and Growers Assn. under direction of members P. D. Shoemaker, Jacksonville and James Griffin of Key Biscayne, with whom Mary and I had pleasant visits at the Flower show and later at the Capitol.

HECTOR HEARINGS HELD — The Senate Interstate and Foreign Commerce Committee held hearings on March 13 to consider the nomination of Louis J. Hector of Miami as a member of the Civil Aeronautics Board.

Mr. Hector was a very forthright witness in his response to the questions of members of the committee. I believe the group will favorably report this outstanding Floridian's nomination in the near future and that speedy Senate confirmation will follow.

DROUGHT LEGISLATION CONSIDERED — For the Senate Committee on Agriculture and Forestry I conducted a most interesting hearing last week on the large number of bills which propose assistance of various kinds for the great agricultural areas in the west which have been suffering from prolonged drought, said to be the worst in history. This acute situation, existing in 492 counties and 6 states and for a period of 5 years in many places, will call for important legislation this year and probably for years to come.

BUILDING TRADES COUNCIL — Twenty or more representatives of the Florida Building Trades Council visited my office on March 13 to discuss proposed labor legislation and other matters of interest to the

Council. Arrangements for this conference were made by Mr. C. J. Simonin, of West Palm Beach, but the representatives came from Florida cities all the way from Pensacola to Key West.

TOBACCO HEARING MONDAY — A hearing of great importance throughout the bright and sunny week will be held at the Livestock Coliseum in Live Oak Monday, March 25 when a Subcommittee of the Senate Committee on Agriculture and Forestry headed by Senator W. Kerr Scott, of North Carolina will hear tobacco growers express their views on the principal issues of whether tobacco acreage control should be extended to include poundage control also. Senator Herman Talmadge of Georgia, Congressman Billy Matthews and I will attend and participate in the hearing as will staff members of the Committee and representatives of U. S. D. A.

"FEMININE WASHINGTON" — On Wednesday, March 6, Mary was guest speaker before the Jacksonville Woman's Club at their 66th year Diamond Jubilee luncheon. Her subject was "Feminine Washington" and she gave her listeners a close-up of outstanding women here and of life in the capital city.

CRACKER POLITICS

By Allen Morris

Ballhouses — In the Senate of Florida, there is a tradition which has been written into its rules — that the House of Representatives is not mentioned in debate.

Yet, much as the Senate would like to walk majestically alone, it is difficult for the Senate to ignore "these fellows" at the other end of the block-long corridor connecting the two chambers.

Theoretically, it has always been difficult because the two houses must agree in nearly all matters for effective legislative action.

Actually, however, it has become increasingly difficult because the House of Representatives has been developing characteristics of stability and responsibility which necessitate equal partnership.

These characteristics have come about through the greater know-how of its membership, through procedural reforms mainly affecting committees, and through year-round research and similar staff services.

And perhaps they have come about, too, because today's Representative possesses greater book-learning and greater opportunity to learn of his state than did his predecessors.

Take, for example, the matter of legislative know-how. That's gained largely through experience. There are, of course, a gifted few who intuitively sense their way in the House shortly after arriving there. But most freshmen are still grasping for handrails at the end of the 60-day session. A legislator really comes into his own at his second or third session.

That's the significance of the fact that two out of every three members of the 57 House served there last session. They bring to the House the greatest collective legislative experience in our times.

Occasionally some legislative habituee bemoans what he calls the lack of leadership in the House of today. Statistics computed by this writer point to a possible reason why power was once held by a few there.

In 1933, for example, it was understood fairly easy for a knowledgeable handful of bell-weather to control the lawmaking machinery for 73 of the 85 members were newcomers. A man who knew the rules — or pretended that he did — could really operate among those greenhorns.

Nor was 1933 an exception, although the rate of turnover has been going down slowly since then. There were 61 newcomers in 1941; 52 in 1943. It

was in 1943 that for the first time there were more returning House members than freshmen, and that situation has continued.

Of the 94 men and one woman in the 57 House, the Dean — known better to his friends as "The Kingfish" — is Representative Albert L. Stewart of Clewiston, who has 12 sessions already to his string. A banker, "Kingfish" Stewart comes to his 13th session with the same zest which distinguished him in his first. He's a man-to-man operator, rather than an orator, and two of the reasons he can accomplish so much are his unflinching courtesy and his eagerness to be helpful.

One session back of "Kingfish" Stewart is Representative Bernie C. Papp, Key West businessman. A new experience of Papp's 12th session is that of sharing the honor of representing Monroe county with J. Y. Porter IV, the county having gained an additional seat through the '55 reapportionment.

The next oldest member of the House in point of service is Representative Joe H. Peeples, Jr., Venus cattleman, who is serving his ninth session. Peeples has spoken from the House floor just three times, and depends upon a person-in-person contacts to rally the votes needed when a bill directly affects the folks in Glades county.

Alone in the eighth session bracket is Representative Thomas D. Beasley of DeFuniak Springs, who went home from the '55 regular session with enough pledges to reverse a trend of many years by winning the Speakership for a second time. Beasley was Speaker in 1947.

His had happened since Cary A. Hardee of Live Oak presided at the sessions of 1919 and 1917. Hardee went on to become Governor, and Tom Beasley would like to do the same. The red-headed lawyer is a buzz-saw debater, and a master of the homely phrase.

Grouped in the seventh session are Representatives F. Charles Usina of St. Augustine and J. W. McAlpin of White Springs. Joe McAlpin is one of the solid men of the House, a farmer, and served as Speaker Pro Tempore in the 1951 session. Public services run in the McAlpin family. Grandfather W. W. McAlpin was a member of the Legislature, and Cousin Napoleon B. Broward was Governor. Charlie Usina hasn't an enemy in the world, so far as any one here knows. He has an unusual occupation, that of owning and operating an alligator farm. There's public service in his family, too, with Grandfather B. F. Oliveros serving in the House and Senate in and

Jewel Box

ACCORDING to style leaders, a woman's personal style is strikingly revealed in her choice of jewelry. But, whatever her heart's desire may be in the way of attractive baubles and sparkles, she must use her head as well as her heart. For, when it comes to selecting jewelry, there are some basic rules that every woman ought to keep in mind before adorning herself.

Here are some simple rules from such authorities on the subject as Fashion Show Directors of Sarah Coventry, Inc., one of the leading costume jewelry companies in the United States:

1. If you have an oval shaped face, you can feel free about picking earrings. Bangles that turn and twist, gem clusters, severely tailored gold or silver designs, simple pearls—there is no limit for you.

2. If your face tends to be elongated and a trifle narrow, maintain this long, thin look and avoid anything that will emphasize the width of your face. If you desire the illusion of roundness, select oval-to-medium sized hoop earrings, or clusters as earrings.

3. If you are full-faced, choker type or drop earrings will create the illusion of length, as will contour earrings that swirl upward. Choose long necklaces, and a choker that fits low on the base of the neck.

Women who feel they need the advice of experts on choosing the right jewelry may find it profitable to attend informal home jewelry shows conducted by jewelry Fashion Show Directors of such firms as Sarah Coventry. These women, who have been painstakingly trained by their companies, are recognized experts in their field.

And remember, don't be backward about asking friends and neighbors how a new effect looks. Their admiration—and the knowledge that you really look well—will be your reward.

The Constitutional Convention of 1885. And his father, Don Bartolo Oliveros, not only represented St. Johns county in the Legislature, but was great-grandson Charlie Usina does today — but possessed the distinction of having been captured by pirates while on a voyage from St. Augustine to Havana.

Stewart, Papp, Peeples, Beasley, Usina and McAlpin—those are the oldtimers of the '57 House. There are five newcomers who have served four sessions prior to this year's; nine in three sessions; 20 in one prior session.

The equal partnership of the Senate and House in lawmaking passed a milestone in 1949 when the Legislative Council was created, drawing its 18 members (one from each Congressional district, plus the president) equally from the two houses.

The Council directs continuing research into various governmental problems with committees drawn from the two houses. The result has been the solidifying of much thinking so agreement could be reached on bills before the convening of the Legislature. Previously, reforms desired by a majority in each house were lost because differences over detail could not be reconciled during the pressure of a legislative session.

hood pleasure done for visitors. It is the last American frontier without a wilderness's scratching hardships. Currently the state is acquiring 12,000 new settlers each month. Florida is the population parity of the country, with an increase of 25% in the last five years to a total of 3,876,100 permanent residents at the end of April, 1957. The new Florida is young; 56% of the population is under 35 years old, and strong in creative spirit. The last census showed that more than half of Florida's residents were born in other states or countries.

Florida's skyline is changing from Key West to St. Augustine and from Naples to Pensacola. Country land that used to go begging is now \$12,000 an acre. The state's industrial boom—hundreds of northern industries are building plants costing millions—is today's hottest topic.

If swimming is your main interest, then go to Florida. The state has 2,800 pools, more than 20,000 lakes, and a total coastline of 8,426 miles. The year-round temperature averages 74 degrees.

The Florida Straits off Key West carry all of the currents that form the Gulf Stream.

Florida was named by the Spanish explorer and its first real discoverer, Ponce de Leon, on Easter Sunday, 1513.

The current in the Florida Straits off Key West is about 500 times the hourly rate of the Mississippi River at flood stage.

match his weight with a check... join the fight against cancer in children!

Wonderful, isn't he? Sometimes when you're alone, you dream a little. You like to imagine him all grown up. A doctor perhaps. Or a lawyer. Or (you smile at yourself, but it could happen) maybe even President...

What are his chances? Better... if we stamp out cancer. Because cancer doesn't care about tomorrow. Last year, 4,000 children were killed by cancer. 4,000 tomorrows were wiped out... by a disease man hasn't conquered yet!

How can you help? What can you do to help make his future secure? You can do so much... so easily! You can send a nice fat check to the American Cancer Society. You can help raise every dollar we need for our greatest weapon: research. Do it today. Who knows? Sooner than we think... we may strike cancer from his future forever!

Winter Guest Club News

Between the exodus to the north and the Cooking School, Tuesday's bridge games were not very well attended last week. However, those at the four tables had a good time, especially Joe Nickerson, whose score of 7100 makes him the high scorer for the entire season.

At the last meeting of the Board on Tuesday evening, April 2, the secretary, Mr. Forest Wiese, reported a total membership for the season of 563.

In connection with the new club house and rest rooms there are some further acknowledgments which need to be made, namely: Mr. Brush for the installation in the partitions, a very much appreciated installation but one which will never be seen. Mr. and Mrs. McClaren for the excellent mirror in the ladies' room; Mr. J. Richmond for painting.

It is worthy of note, we believe, that Mrs. Art Pickell was

high scorer in the ladies' shuffleboard all three months that points were scored; congratulations, Laura, you have set a record that will be hard to beat.

Mr. Jerome Shultz wishes to remind all that Sunday, April 14, will be the last "sing" for the season; come out Sunday afternoon and enjoy this hour of fellowship and praise.

The dancers are finding time now on Tuesday mornings to try out some new squares; each spring we learn two or three new ones which are then incorporated in the Fall season's program. Friday saw three acts in action most of the time.

Hay, Ma, fix your favorite dish and hurry down to the potluck supper on Saturday night at 5:30. There is room enough now for everyone and we think you'll enjoy this hour of sociability.

Health TOPICS

Presented by your District of Medicine at a Health Service at the Florida Medical Association and your Local Medical Society.

FAINTING MAY BE SERIOUS

When a person falls into what is called a simple faint, a state of temporary unconsciousness is endured which is not necessarily serious. However, when the person does not return to consciousness immediately, the condition may not be a simple faint at all but one of the symptoms associated with a stroke or many diseases, such as diabetes, anemia, meningitis or brain abscess. Simple fainting is caused by lack of blood in the brain brought about by inadequate distribution of the blood. A feeling of weakness, a blurring of vision, a failure of circulation so that the face becomes pale and the presence of cold perspiration are symptoms, appearing either singly or collectively, that precede a fainting spell. There may be dizziness and a feeling of light-headedness.

A fainting victim should be kept lying down. If this is not possible, he should sit down, lowering his head between his knees. Inhalation of smelling salts, the application of cold water, or the drinking of a half glass of water are all of benefit to the victim of a simple faint because of their stimulating effect.

The person should be kept quiet until he has fully recovered a feeling of normal well-being. If the person does not regain consciousness immediately or appears to fall into another faint, physician should be summoned at once. Simple fainting is associated only with a fleeting or temporary state of unconsciousness. If the condition is prolonged, more serious involvement can be suspected.

Florida is represented in Washington by eight congressmen.

Mail Volume Will Hit Record By June 30

The nation's mail volume will hit close to 60 billion pieces a year by June 30, up 16.35 per cent since 1953. Postmaster General Arthur E. Summerfield said today.

Volume this 1957 fiscal year is expected to be at least 58,770,000,000 pieces, about 246 pieces on the average, for every person in the United States.

The 58.7 billion piece mail load will be more than half a billion pieces above earlier estimates, and compares with 56,441,000,000 pieces during the last 1956 fiscal year.

The 15.35 per cent increase compares "56" has been handled with a reduction of all types of employees except the city letter carriers needed to make the actual delivery of the increased load.

Since fiscal 1953, the average employment of city letter carriers has increased from 124,312 to 146,659, 17.90 per cent over the 1953 figure.

This increase is a reflection of the tremendous expansion of suburban and urban areas under the nation's homebuilding program in recent years. The spreading of national population, combined with population growth, has necessitated increases in carrier service far beyond those which would have been required because of the increase in mail volume alone.

In all other categories of employment, average postal employment is expected to total 385,042 for this fiscal year, a decrease of about 0.3 per cent below average

Soil Conservation

By Sam Polston

U.S. Soil Conservation Service Hardie Driggers of Lake Placid was assisted by the Highlands Soil Conservation District in revising his soil and water conservation farm plan. Driggers is planning on improved pasture development program using a variety of grasses and clover. His entire ranch is organic land. He has an over-

employment of 386,128 in 1953. Thus, except for this increase in city letter carrier service, the big increase in mail of more than 15 per cent has been handled with fewer postal workers.

There is also an interesting change in American life reflected by the increasing mail volume. Mr. Summerfield said. The 346 pieces of mail handled this fiscal year compare with 358 pieces per capita in 1946, for example. "Mail volume increases have continuously exceeded expectations of experts," Mr. Summerfield commented.

"Actually, they also reflect a number of important changes in our national habits and economy. Business and commercial firms are using the mails more than ever before, while national prosperity, record literacy of our people, increased banking by mail and payment of bills by check sent through the mails are all important elements in explaining great increases in use of the American postal service in recent years."

assisted by the Soil Conservation Service engineers in developing a water control plan for several acres of improved pasture on organic land north of Avon Park.

The District received applications for assistance in developing conservation farm plans from O. B. Cantrell, Avon Park; N. B. Jackson, Venus; and Morton Rothenberg on property six miles south of Sebring. These applications cover a total of 3240 acres.

Florida has a total land area of 54,262 sq. mi., with an additional 4,298 sq. mi. of lakes and rivers.

Florida was admitted to the Union as a state on March 3, 1845.

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smoothness of ride and other driving qualities you want in a car.

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U.S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

"The Best In Beauty Care"

Harry Greenway is the proprietor of the Avon Beauty Shoppe located at 104 1/2 East Main. He is a native of Florida and was raised in Tampa. He is a graduate of the Dixie Beauty College of Tampa and also studied hair styling under George Simone of Paris. Mr. Greenway has been in the beauty profession since 1942 and was associated with Ruth's Beauty Shoppe in Tampa before coming to Avon Park. He purchased the Avon Beauty Shoppe from Mrs. Mervin Rohrer in October 1956.

Mr. Greenway stresses quality instead of quantity and believes that one thoroughly satisfied patron is worth more than a dozen who are only half way pleased with the work they have received.

Only the very best of supplies are used in the work done at the Avon Beauty Shoppe. A few of the national known products he uses in the shop are Rayette, Ross and Chairol. Each patron is an individual and will be treated as such. For Mr. Greenway is an expert in individual hair styling. One may feel assured that when he styles their hair that it will be most becoming. Mr. Greenway extends a cordial invitation to the ladies of Avon Park to come in and discuss their hair problems with him. Besides being an expert hair stylist he is an expert in the art of tinting hair, and he promises that you will be more than pleased with his work.

The shop is closed all day Monday but is open all day Tuesday through Saturday. On Tuesday, Wednesday and Thursday Mr. Greenway is assisted by Gene Hampshire of Tampa.

For those who desire to look their very best at all times make a regular appointment at the Avon Beauty Shoppe for a shampoo and personalized style-set, and when in need of a permanent be sure to call Glendale 2-8281. Mr. Greenway gives both machine and cold waves that are soft and natural looking. A permanent at the Avon Beauty Shoppe will make you look lovelier and prettier than ever before.

Mr. Greenway is married and the father of two children, a girl who is eleven, and a boy nine. Mr. Greenway and the children are living in Tampa but are planning to move to Avon Park when the school term is finished.

Pony Express Celebrates 97th Birthday

Postmaster General Arthur E. Summerfield called attention today to the 97th birthday of the Pony Express, which represents one of the most interesting episodes in the long and colorful history of postal service in the United States.

Pony Express riders set out from both ends of the approximate 1,900-mile Saint Joseph, Missouri, to Sacramento, California, route on April 3, 1860. Mr. Summerfield noted.

The first Pony Express runs took about 10 days, and that became the average time for delivery during the winter months as the Express hit its stride. In summer months, the time was cut to about 8 days.

The fastest trip ever made by the Pony Express was 7 days, 11 hours, carrying President Abraham Lincoln's Inaugural Speech to California in March of 1861—a feat of major importance during those critical times for the nation.

"The Pony Express," the Postmaster General explained, "went through rugged mountain passes, swamps and deserts, while Indians, white robbers and horse thieves added to the perils of the young riders, most of whom were in their late teens and early

twenties. The Pony Express typified the courage and spirit that has made America great."

Although it is known largely for its adventurous aspects, the Pony Express was in fact a large and well-planned operation conducted by the Central Overland California and Pike's Peak Express Company.

The riders, while young, were among the best in the West, picked for nerve, fitness and light weight. The finest horses were used, the tough western "mustangs" being a favorite.

Pony Express letters at first cost \$5 a half ounce; later \$1. Today, 97 years later, letters are sent over the same Missouri to California route in about two days, and across the nation by

surface transportation in about 3 days.

And air mail letters can be transported across country today in about 8 hours, with recent developments in American aviation indicating that before long this time will be cut to about 4 hours in many cases with the use of jet aircraft.

The Pony Express became history in October of 1861, after the telegraph had spanned the nation with a more rapid means of communication for those willing to pay more than ordinary postage costs to send a message.

After that all mail went across the nation by Overland Stage, and later by railroads.

press had several important effects on national history. It helped to demonstrate, for example, the year-around practicability of the shortest Central Route directly across the nation, and it helped mark the path for the first transcontinental railroad.

COLD SUFFERERS
Get STANBACK, tablets or powder, for relief of COLD DISCOMFORTS. The STANBACK prescription type formula is a combination of pain relieving ingredients that work together for FASTER RELIEF of HEADACHE, NEURALGIA and ACHING MUSCLES.

Don't Rely on HEADACHE

Even PAINS OF HEADACHE, NEURALGIA, MIGRAINE and STANBACK TABLETS or POWDER, STANBACK combines several medically proven and effective ingredients. The added effectiveness of these MULTIPLE ingredients brings faster, more complete relief, coming quickly and usually usually accompanying pain.

John A. Suhrvey III of Winter Haven has been elected President of the student body of Haver Academy, Haver-Hills, according to announcement made by Dr. A. L. Miller, President of the school. John is the son of Dr. and Mrs. John A. Suhrvey, Jr. He is a member of the Junior class at Haver, and also serves as head of the NFL Club and as a member of the Academy golf team.

Eight District Training Union Conventions Convene April 15th

Eight district Training Union conventions will be held in Florida during the two weeks beginning April 15, according to O. K. Radford, Training Union Secretary for the Florida Baptist Convention.

District winners for the Speaker's Tournament will be decided at each of these conventions. Young people who have previously won in their association will participate. Mrs. Lee Gaban, of Ft. Pierce, will direct this tournament.

Bible Scripture searching or "Sword Drill" winners from each association will also be held under the direction of F. Warren Capell, Jacksonville. Winners from these district tournaments will compete at the Florida Baptist Assembly at Deland in June to decide the state winners.

Out of state program personalities include Hugh King, Atlanta; James P. Morgan, Raleigh, N.C.; John H. Jeffers, Andalusia, Alabama; Mrs. John

H. Jeffers, Andalusia, and Alwyn Howell, Richmond, Virginia. Florida Training Union leaders appearing on the program include H. E. Ridgeway, Jr., Marianna; F. Warren Capell, Jacksonville; Miss Elizabeth Painter, Jacksonville; Mrs. W. E. Jackson, Pensacola; and O. K. Radford, Jacksonville.

Meeting places for the conventions will be East Hill Baptist Church, Pensacola, April 15; First Baptist Church, Marianna, April 16; Park View Baptist Church, Lake City, April 17; Lake Shore Baptist Church, Jacksonville, April 18; College Park Baptist Church, Orlando, April 19; First Baptist Church, Dover, April 20; First Baptist Church, Avon Park, April 21; and Northwood Baptist Church, West Palm Beach, April 22.

Training Union enrollment has grown from 68,899 in 1930 to 111,165 in 1936, according to records from the Florida Baptist Annual.

Concentrators To Be Back In Volume Operations Soon On Valencias

Lakeland — Most plants where frozen orange concentrate is made will be operating again on a volume basis, or close to it, by April 15, according to a survey just completed by Florida Citrus Mutual.

Concentrate operations have been practically at a standstill, as happens every year at this time when the crop of misadventure oranges has been used up and the new Valencias still don't have quite enough sugar in them for concentrate.

Last week was the low point in the annual "waiting period." Mutual suit, and operations should pick up some this week and be approaching volume by the end of next week.

Mutual estimates concentrate operations will produce about 74,000,000 gallons this season. To complete this pack, they will need approximately 21,000,000 boxes

of Valencias from the remaining on-tree crop. This is about 1,500,000 boxes less than the quantity used last season from this time on.

Concentrators want oranges with juice which has 13 or 13½ times as much solids, which are principally sugar, as acid. When the current week started, Valencias were averaging 12.9 to one on a statewide basis. This ratio usually increases at the rate of about four-tenths of a point per week.

Florida's highest elevation is only 325 feet, at Iron Mountain, Louisiana is the only other state with as low an elevation.

Despite its steadily expanding cattle industry, Florida must still import much of its beef and dairy products.

TB Office

At the annual dinner of the Highlands Tuberculosis and Lung Association, held last Thursday evening at the Placid Ridge Country Club, John D. Whidden was elected president.

G. L. Beaumont, 1st Vice President; T. F. Piers, 2nd Vice President; Mrs. Martha Shon, recording secretary; and Longbottom, was re-elected; an office he has held for many years.

Rev. Whidden succeeded W. M. Mullin who has been the president's office since while Dr. G. L. Beaumont succeeds Rankin.

It was announced that Alexander Blair was elected at large and Rankin, representative on the state board on at the Florida TB and Ann. annual meeting in Ann.

President W. M. Mullin occupied the chair at the dinner which was preceded by a dinner served to 62 guests.

Dr. Frank Cline, medical director of the Florida Southern Tuberculosis Hospital at was the principal speaker.

In his remarks he said that the Tampa Tuberculosis Hospital had more patients in 1936 than on the previous year. He said the hospital's objective was to feed and treat every case as well as possible.
