The federal interstate highway system in Florida — some 1,100 miles long — will cost $930,000,000 . . . That's just shy of a billion dollars anyway you count the zeroes.

All of it will be multi-laned super-expressways with no stoplights or intersestions. That's fine! But who pays for the zeroes?

The federal government pays for most of it, and the state the rest, but anyway you slice it, that's still you and me, and that's a lot of zeroes.

According to all the stories you read, the federal government will pay 90 pct. of the cost. That means you and me as federal citizens pay $837,000,000 of the total cost.

The state pays 10 pct. . . . or translated that means you and me pay $93,000,000 as state taxpayers.

In other words, you and me are going to pay $93,000,000 for the highway in Florida. That's still a lot of zeroes.

What do we get out of it?

The State Road Department has put out a little booklet telling about the project, which answers a lot of these questions.

It has one point of particular interest. It says that so far no new state taxes have been levied—although they tried pretty hard during the last session of the legislature — to meet the interstate building program. It adds, "It may be that none will be necessary."

Then it starts knocking down the zeroes into something understandable.

On the part you and me pay as federal taxpayers, it has this to say, "It is estimated that each road user in the United States will pay an additional $7.65 a year in federal taxes to provide the government's 90 pct. share . . ."

Fine! Eight bucks I can handle — at least on the installment plan.

The book says that's the way I'm paying it. A penny here and a penny there on new federal taxes on gasoline, tires, oil, repair parts and rubber for recapping tires. If I can afford a new car they get it in bigger chunks in the form of excise taxes.

Okay. I see what I pay . . . Eight bucks instead of a billion . . . What do I get for my eight bucks?

The booklet says I'll get savings in time, wear and tear on my car, and maybe save my life . . . which is worth about eight bucks anyway you figure it.

During the time the project is being financed, about 13 years, the book says each motorist will pay $99.27 toward construction of the 41,000-mile network.

If you like to budget your savings, you will save a penny a mile by traveling on the interstate system. In other words, an 800-mile trip will pay your yearly bill. In addition, and this is a real bargain insurance policy, death rates are reduced. For example, deaths of the California freeway system are 2.12 per 100-million miles of travel compared to 9.9 on conventionally designed roads in California.

Obviously, anything in Florida is twice as good as California, so we got a real deal.

Walker Memorial Hospital News

Several Walker Memorial families have chosen the first part of the month of August as vacation time. Mr. and Mrs. Martin Bischoff and family left Monday, August 5, to take his parents, who have been with them in Florida for several months, back to their home in New Jersey. The Bischoffs will spend some time in Virginia and attend the Jamestown Celebration.

Mr. and Mrs. Paul Richardson and Paul Lee will be at home after spending a few days at the Adventist Youth Camp near High Springs, Fla.

The Hughes family plan to spend their time in the Smoky Mountain National Park.

August 4 Mr. and Mrs. A. R. Tompkins left for their vacation and will return by way of Collegedale, Tenn. for the wedding of their son, Neal.

The week of August 11-17, Mr. and Mrs. Lawrence Payne will leave for Chicago to visit relatives. They will return for a short stay at Mt. Vernon, O. Mrs. Ila Deerwester who taught in the local Adventist school for several years is now teaching in the elementary school connected with the Mt. Vernon Academy.

* * * *

Work is progressing on the elevator shaft and other changes on the south end of the main building. The new asbestos siding on the area occupied by the culinary and maintenance departments adds greatly to the attractiveness of this section.

Part of the east bank of Lake Lillian located in front of the main building is being filled in to make a uniform parkway between the lake and the street.

Electric work is in progress which will make it possible to re-locate the power transformers now in front of the building. Provision was made for the change in the new construction on the south end of the building. Also, addiitional new electric wiring in the building has made it possible to air-condition many of the patient rooms as well as the out-patient and adjacent departments.

Chaplain And Mrs. Ray Return

Elder Herman C. Ray, Chaplain at Walker Memorial Hospital and Mrs. Ray returned July 30 from an 8000 mile trip visiting medical and educational institutions in the West and midwestern United States. Among the ten medical institutions visited were the College of Medical Evangelists at Loma Linda and White Memorial Hospital in Los Angeles, Calif. where they worked in former years.

Recognized as one of the leading medical centers in the West, the College graduates about 100 physiicans a year and have in the past year added dentistry and graduate studies to the nine school units.

Many graduates are placed in some of the 230 medical establishments operated by Seventh-day Adventists in the world field. Others establish self-supporting units among the Indian tribes of the Southwest or in the mountainous areas of the Southland. Others go into private practice.

Hinsdale Sanitarium and Hospital near Chicago was of special interest to Elder Ray who had once served in its medical department.

Due to an extensive improvement program Hinsdale is now one of the most modern medical centers in the Chicago area.

Also on their itinerary were five of the 12 seniors Seventh-day Adventlst Colleges in North America.

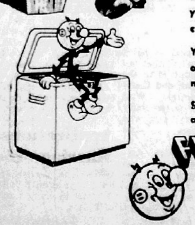
FLORIDA POWER CORPORATION



FOREMOST GOLD NUGGET BUTTERMILK

is rich in flavor—but not in calories!

COOL IDEA! Fill a mug with Foremost Gold Nugget Buttermilk, add a pinch of onion salt or curry powder—and tuck in a swizzle stick of crisp, cool cucumber!

If you're counting calories—this is for you! If you just plain love buttermilk—this is for you! And even if you're not a buttermilk fan—this is for you!

For Foremost Gold Nugget Buttermilk is a completely different kind of buttermilk—smoother, tangier, richer than any brand you've ever tried.

The reason? *Butter*...bright, golden flecks of it all through the glass. And what butter!

Unlike the kind in many brands, it's what dairymen call "92-score"—meaning just about tops in quality.

Yet for all its extra richness, Foremost Gold Nugget Buttermilk has only 132 calories per glass. (That's far less than regular milk!)

Try Foremost Gold Nugget—and soon. Until you do, you'll never know how good a buttermilk can be!

DO YOU KNOW?

By DALE I. ROYAL, Evangelist
Avon Park Church of Christ

Did you know that none of the Old Testament Saints were Christians? Did you know that such men as Adam, Noah, Abraham, or David were not Christians? This does not mean that they were not servants of the Most High. Nor does it mean that their service was not acceptable to God.

The term CHRISTIAN is derived from Christ and is applied in the Bible to the followers of Christ. This new name was prophesied by Isaiah (62:2) and was not fulfilled until we come to the book of Acts (11:26) where we read, "the disciples were called Christians first at Antioch." Thus we see that CHRISTIAN was not applied to the people of God until after Christ and even more specifically after the death of Christ.

The basic reason why the saints of the Old Testament could not be Christians is because they happened to live before the death of Christ. As for the followers of God in this age, let us glorify God in this name and in this name only. As the inspired apostle Peter said, "if any man suffer as a Christian, let him not be ashamed; but let him glorify God in this name." (Peter 4:16) The American Standard Version.

Front and center in this little community stands the Church.

Your church may not be so centrally located but all that it stands for is *front and center* in your community life:

The worship of the God who made us and all that exists . . .

The teaching of love and unselfishness as the highest good for all men . . .

The preaching of the worth and dignity of each individual . . .

The motivation for service in the community . . .

The battle against evil in high places and low . . .

Your community needs the Church and all that it stands for—front and center! And the Church needs you!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Miss Mary Elizabeth Chisholm Becomes Bride Of Mr. Harold Clark Riker

The Redeemer Episcopal Church was the setting last Saturday night for the wedding of Miss Mary Elizabzeth Chisholm to Mr. Harold Clark Riker of Gainesville. The bride is the daughter of Mrs. Camp Chisholm of Avon Park; Mr. Riker is the son of Mrs. Mary [illegible]lor Riker of St. Petersburg. [illegible] Rev. Peter F. Watterson performed the ceremony.

Mr. Cyril W. Jones of Athens, Tenn., gave his great-niece in marriage. She wore a floor length gown of Chantilly lace and tulle over satin and carried a prayer book topped with an orchid and stephanotis.

Mrs. Clayton Fields, Jr., was her sister's matron of honor and only attendant.

Mr. Dyckman W. Vermilye, of Winter Park, served as best man to Mr. Riker. Ushers were Mr. Charles Pruitt, Mr. Howard Hall, and Mr. Jack McGriff, all of Gainesville.

A reception was held immediately following the ceremony at the Lake Lotela home of Mr. and Mrs. Robert Rutledge King, Jr. Out of town guests included Miss Helen Wright, Alliance, Ohio; Congressman and Mrs. D. R. Matthews, Washington, D. C.; Mrs. Marie Riker Folsom, Miami; Mr. and Mrs. Mitchell Theodore Randall, Fort Myers; Mr. and Mrs. John Lewis Mosgrove, Lakeland; Mr. and Mrs. Henry Kittleson, Bartow; Mr. E. L. Johnson, Tampa; and Mr. and Mrs. A. J. Bracken, Sr., Mr. and Mrs. Glenn Felix, Mr. and Mrs. Fred King, Mr. Carl B. Opp, and Mr. Andrew Carrol Rogers, all of Gainesville. Assisting Mr. and Mrs. King with the hospitalities were Dr. and Mrs. Stuart Ward, Mrs. Vernon Lanier, Mrs. Hue Nunnallee, and Mrs. George Franklyn Ward.

Following a wedding trip to Miami and Mexico City, Mr. and Mrs. Riker will reside in Gainesville, Fla., where Mr. Riker is director of housing for the University.

Mrs. Wolverton To Teach At Home On Lake Avenue

Mrs. Dorrit Wolverton, a music teacher for a number of years, will continue to teach piano and voice students at her home, 103 N. Lake Ave. In 1950 she came to Avon Park with which she had already become familiar as her father had purchased her present home and decided to live here permanently.

Mrs. Wolverton has had an interesting musical career since she was a very small child. At the age of seven she was giving piano lessons to her small friends for a nickel a lesson. Music has always played a large part in her life.

In 1920 Mrs. Wolverton graduated from Yanktown College in Yanktown, S. D., with a degree in music. She then entertained the guests and visitors in Yellowstone National Park for several years with her voice and piano work. After that Mrs. Wolverton was a member of the famous Redpath-Horner Chatauqua and toured the west and mid-west entertaining.

For five years, beside her piano and voice students, Mrs. Wolverton did radio entertaining and advertising at WJAG in Norfolk, Neb.

Since living in Avon Park Mrs. Wolverton has given piano and voice lessons to many local children and older people. Sonja Lovlie was one of her pupils, who later moved to Sarasota and was chosen to go to Carnegie Hall and sing as a student representative.

Mrs. T. M. Suggs Return From European Trip

Mrs. T. M. Suggs returned from her European trip last week but the Avon Park Sun is fortunate in having persuaded her to finish her tour for us stay-at-homes in this paper and next week's paper.

"I believe I left you on my journey to Vitznau on Lake Lucerne in Switzerland. The everchanging face of the Alps, the islands on which sheer precipices rise majestically from the water, the picturesque villages nestling in the valleys by the side of the huge lake, and the water sports of the people held me spellbound during this trip on the boat that serves as transportation for the people living along the lake. I expect that I was the only American on board and it was fun to blend with the people. There was a group of happy mountain climbers who continually burst into song.

"After leaving Switzerland, we went through the Black Forest of Germany, so rich with the fairy tales of our childhood. Only small portions of the beautiful black spruce forest remain; actually farm lands and towns cover most of the lovely landscape. The timbered farmhouses are most unique with their high gabled roofs.

"Our first stop was at Heidelburg, the one city of Germany spared from bombing during the war. I enjoyed every moment in this beautiful place called by Mark Twain "the last possibility of the beautiful". A visit to the famous castle where Shakespeare's Midsummer Night Dream was given that evening on a clog car, and a walk along the beautiful Neckar River were memorable experiences. I had one of my highlights the next morning when I went to the ancient university. I was waiting outside for the library to open in the hopes I could see the famous manuscript of 14th century German songs when two students joined me. One of them, Gunter Keil, graciously offered to show me around the university. He not only showed me the famous political prison, the lecture rooms, the old and new universities, but explained their educational procedures and we discussed some of the questions of world wide importance and interest.

During the next day we probably had our most picturesque journey. After leaving Riidersheim, one of the loveliest places along the legendary banks of the Rhine, we saw more castles and watch towers than in all the rest of our trip together. Since our guide was a German youth, I simply revelled in the tales and legends he told us. We were quite thrilled when we passed by the famous Mouse Tower of Bingen on the Rhine and the Lorelei where the seven virgins, who had hearts of stones, lured sailors to their deaths. Later I was inspired by seeing the castle where Seigfried killed the dragons around which Wagner composed his famous opera.

"Just as we reached Bonn, the capital of Germany, a hail storm of no small demension descended on us. Although Bonn is famous for much we must hurry on to Cologne (Koln). The cathedral there was the most exquisitely beautiful I saw in all Europe. I think I particularly like the Gothic architecture and it is the purest Gothic I saw. I'll admit that the city still bears so many marks of the bombing during the war that I wasn't particularly happy there.

"From Germany we went to Brussels, Belgium. In order to get there we had to pass in the space of about an hour over three national borders, Germany, Belgium, the Netherlands and after about 45 minutes back into Belgium. Brussels is a very beautiful city, but since there is so much to tell I shall mention the most important event. By chance, we got to see the 26-year-old King Baudoinn riding with the ambassador of Cuba. The Guard of Honor in their splendid regalia rode on horseback before the limouisne. Companies of soldiers standing at attention on the castle grounds completed a most impressive scene.

"The only other places I'd like to mention are the Grande Palace and the formal gardens out on Eisenhower Drive which a group of us saw illuminated at night. Those places of beauty are stamped indelibly in my mind."

Mr. and Mrs. O. T. Price on the Mall have had the following guests . Mr. and Mrs. Willet Kirkham from Elizabeth, Ind., and Dr. and Mrs. Wayne Kirkham and their daughter, Mary Ann, from Ames, Iowa. Mr. Kirkham is a brother of Mrs. Price and Dr. Kirkham is a nephew. This was Dr. and Mrs. Kirkham's first trip in this section of the state and they were very much impressed by the citrus and cattle industries. The beautiful yards and grounds of the Price's also impressed them.

Mrs. Kirkland Host To Junior Woman's Club

The Executive Board of the Avon Park Junior Woman's Club met Tuesday night, August 6, at the home of Mrs. Mannin Kirkland, President of the Junior Club. The 12 members present were Miss Pat Lagoni, Mrs. David Lanier, Mrs. Jeff Barrow, Mrs. Herbert Todd, Mrs. J. C. Walker, Mrs. Andrew Miracle, Mrs. Wendell Smith, Mrs. Betsy Holden, Mrs. Jim Turnbull, Mrs. Carl Prisoc, and Mrs. Bob Young.

The date of the annual Club Coke Party for Prospective Members was set for Friday night, August 23, at the home of Mrs. Andrew Miracle at 64 North Highlands Ave. All members of the Junior Club are asked to please turn in the names of any girls who they think may be interested in becoming members to Mrs. Carl Prisoc so that she may send them an invitation to the party.

The Board voted to gather rummage from the members to give to Mrs. T. O. Martin in order that she may sell it for the Club during the coming year. Members are urged to keep this in mind and begin gathering their old clothes and unused objects for rummage sale.

Mrs. Kirkland announced that District Nine Junior Night will be in Bartow on August 29 and reservations would" be acepted for this at the Coke party.

After the business meeting Mrs. Kirkland served refreshments to the Board.

Notice To Convicted Felons

A law was passed by the 1957 session of the Legislature of the State of Florida which requires that a convicted felon must register with the sheriff of the county in which he lives, or into which he enters. This low goes into effect September 6, 1957. Failure to comply with this law can result in a fine of $500.00 or six months in jail, or both.

The Florida State Senate has 38 members.

Stephenson Funeral Home was in charge of arrangements.

Hotel To Feature 7-11 Chorus Line

You don't have to be a student of numerology to figure this one out.

For the first time a cafe production will feature a 7-11 chorus line. All the dancers will be 5'7 and all the showgirls 5'11, at the plus Havana Riviera, premiering in December.

What with the glamorous casino and bevy of beauties in the line, there will be a concerted effort to make passes all over the place.

The Havana Riviera, which has 13 letters, feels confident that the 7-11 line will bring it good luck all new multi-million ventures need.

This will be the first time beautiful chorines and showgirls will be discriminated against because of their height. If they're not 5'7 or 5-11 they better peddle their pulchritude elsewhere.

Unlike the "Miss Universe" contest, the applicants will be thoroughly screened with a tape-measure before they are crowned for job, instead of being embarrassed with short or long measures afterwards.

In a city of 25,000 population, the American Cancer Society says that 110 persons will be under treatment for cancer this year. Of these, [illegible] will be new cases.

National Wildlife Refuges in the FCD are located in Palm Beach, Broward, Brevard and Indian River counties.

Weiner Roast Given Guest

Miss Judy Martin entertained in honor of her cousin, Miss Marcia Blake of Tampa, with a weiner roast and picnic supper at the home of her parents, Mr. and Mrs. Bill Martin, on Tuesday, August 6.

Guests at the picnic were Deborah Reddick, Linda McClure, [illegible]ce Antley, Frankie Smith, Mary Pearce, Terri Benson and Joey Martin. Mr. and Mrs. Martin helped Judy serve her guests.

After supper the girls played games and listened to records. Everyone enjoyed the evening and the chance to meet Marcia.

Johnnie Mason Has Birthday

Johnnie Mason, son of Mr. and Mrs. Calvin Mason, celebrated his eighth birthday with two parties on Saturday, Aug. 3. The first party was at two in the afternoon when a group of Johnnie's friends gathered for games and play. They were his sister, Pamela Mason, Luan Martin, Stephen Weber, and Lloyd Thornton. After opening the gifts the guests enjoyed cup cakes and ice cream cones.

That evening Mr. and Mrs. Claude R. Chamberlain, Johnnie's grandparents, had ice cream and cake with Johnnie and his family for another party celebration.

Mrs. Goff Honored At Stork Shower

Mrs. P. O. Goff was honored with a Stork Shower on Tuesday evening, August 6, with Mrs. C. E. Crews and Mrs. Lee Maness as hostesses. The lovely shower was in the home of Mrs. Crews on Lake Lotela.

The guests helped Mrs. Goff open the many beautiful and useful gifts and enjoyed several clever games and an evening of visiting. They were served delicious refreshments of Cokes, cake, and nuts by the hostesses from a table decorated with yellow and green.

About 30 friends of Mrs. Goff's were present at the shower.

In a city of 500,000 persons, 125,000 now living will eventually develop cancer and 80,000 will die of it, if present rates continue according to American Cancer Society estimates

The American Cancer Society says that at present rates, 46 per cent of breast cancer patients are being saved. But 81 per cent are saved when the disease is diagnosd and treated in time.

TROOP 156

Dr. Fred Wyand of Hinton, W. Va., spoke to the boys of Scout Troop 156 sponsored by the American Legion at their regular meeting Monday night. Dr. Wyand, who is taking the First Methodist Church pulpit this month, has worked with scouts for many years. He made a very interesting talk on the importance of being prepared. The Scouts presented a short program for Dr. and Mrs. Wyand afterwards.

Mr. Andrew Miracle and Mrs. Aline Parnell were able to pass five boys of Troop 156 on their swimming merit badges last week. The boys were Andy Miracle, Robin Duggan, Jimmie Lyles, Steve Maxwell and Edgar Futch.

TROOP 157

The boys of Scout Troop 157 sponsored by the Rotary Club elected Patrol Leaders at their meeting Monday night. Those elected were Glenn Peters, Senior Patrol Leader, and Eddie Sharpe and Randy McDonald, Patrol Leaders.

Rotary News

Jack H. Ward was guest speaker at the regular Wednesday luncheon meeting of the Avon Park Rotary Club at the Jacaranda Hotel on July 31. He told an inside view of the Billy Graham New York Crusade. His talk covered the complete Crusade and was enjoyed by all. He told of the preparation of the Crusade:

The basic office staff was formed more than a year in advance of the first meeting on May 15, 1957.

Prayer support was raised all over the U.S. (more than 100,000 pledging daily prayer for New York) and in 39 foreign countries.

In November the fund-raising was begun. More than two-thirds of the budget was raised from private individuals who saw fit to support the project.

Business policies and practices —

Mr. Graham goes to a city only on invitation by a consolidated group of local clergymen. In New York over 1,500 churches were cooperating with the Crusade.

All finance and budget matters are executed by a group of local business and clergymen usually the same group which tendered the original invitation. It is extremely important to note that ALL decisions concerning finance are made by the Executive Committee. They hire all the staff, conduct the complete publicity campaign, secure the facilities of Madison Square Garden, and care for all the details of the campaign which come up in the course of the meeting.

It is the policy of Mr. Graham that none of his actual team members (including himself) receive one cent of salary from the local Crusade. They are on fixed salary from their organization in Minneapolis, Minn. and receive only their hotel accommodations in the city where they are ministering. Any excess or deficit in finances is handled by the Executive Committee as they see fit.

Statistics —

More than 1,300,000 people from all walks of life, all faiths, and literally all nationalities have entered Madison Square Garden since May 15 to hear Billy Graham.

Of this number, more than [illegible] have walked down the aisles to make "Decisions for Christ."

From the weekly hour-long TV program originating from the Garden, mail averages in excess of 15,000 letters per day for the full course of the summer. Nearly twice as many decisions for Christ have been registered by mail as have been made in the Garden.

The meeting proper —

Each evening the meetings are very similar in format with the same personalities taking part night after night. Following music by the choir, congregation, and soloist George Beverly Shea, Mr. Graham usually speaks for 40-50 minutes each evening.

His message is similar in content night after night. He shows from Scripture that all men are sinful and without God and with no access in himself to find God. Man's dilemma is understood when the fact is added that the Bible says that God is too pure and holy to look on sin; thus, man is totally estranged in his natural state from God. However, God, in His love, sent His only begotten Son into the world. He alone was able to provide the lacking access to God to anyone putting their total trust and belief in Him. This is the answer to man's deepest problems in every generation and certainly in this when men are universally seeking peace and happiness in their lives. Scripture teaches that this answer is only found in Christ.

At the close of each meeting Mr. Graham calls for those wishing to give their hearts and lives to Christ. As they come (an average of 600-700 per night), they are joined by counsellors who in turn have been trained in a course lasting nine weeks prior to the Crusade. These counsellors help answer the questions and problems of the inquirer from the Word of God in helping the individual to make his decision.

Changed lives —

Throughtout the summer it has been my personal experience to see fantastic and total changes in lives as a direct result of Christ entering the life. Women of highest New York society, university football players, financiers from Wall Street, actors from Broadway and TV have all made their way to the Garden and have encountered there the living Christ. Shipwrecks of lives have been salvaged, broken homes restored, restless hearts set at peace not because of a man or his program but by Jesus Christ.

Ed Gardner and Ted Ward were guests of Bill Meyer; Joe Hevie was the guest of Doug Perry; Rev. A. D. Childress was the guest of E. Ray Wells; J. F. Simpdon was the guest of Parson Graetz and George Gibson was the guest of visiting Rotarian, Jack Stephenson.

Visiting Rotarians last Wednesday included Mel Bass of Frostproof; Rev. Harris Pankhurst of Jacksonville, Ill. and E. F. Armstrong of Hicksville, Ohio.

Paul A. Meeks To Visit Seattle

Seattle, Wash. (FHTNC) — Paul A. Meeks, boatswain's mate third class, USN, son of Mr. nad Mrs. L. R. Meeks of Route 1, No. 9-C, Avon Park, Fla., aboard the destroyer USS Hamner, will visit Seattle, Wash., Aug. 7-12, during the annual Sea Fair.

Twenty-two U.S. Navy ships will visit the Northwestern port for the event and will take part in a Sea Parade in Elliott Bay. All ships will be open to the public during their stay.

The Sea Fair is a 10-day pageant of spectator and participation entertainment designed to point out the Puget Sound area as one of the boating capitals of the world.

Maritime features will include a sailboat regatta, salmon fishing derbies, crew and outboard races, water-ski shows, a decorated yacht parade and the U.S. championship race for unlimited hydroplane speedboats on Lake Washington.

52d Radar—

(Continued from Page 1)

Presently their main efforts are directed toward modifying the AN/TPS-1D known as "Tipsy", meaning a transportable pulse radar unit, into a spanking new system AN/FPS-36 called "Fipsy", a fixed radar unit.

The Brigade pilot unit was constructed by 338th signalmen for the 12th Battalion's D Battery site at Highlands, New Jersey. CWO Thompson and SP3 Francis L. Hill, a Fort Monmouth trained radar specialist, spent a one-week temporary duty period at Rayethon Mfg. Co., manufacturer of the unit, in Boston, Mass., to iron out "bugs" found while installing the pilot model.

The new Fipsy was named by SP3 David O. Strieff, another Monmouth trained electronic specialist, due to its fixed station quality.

Other 338th technicians helping CWO Thompson are SP3 Patrick McCage, a generator mechanic and assistant stock clerk, and Pfc. George Marie, a motor generator mechanic and wheel vehicle maintenance technician.

On duty around-the-clock, the men are prepared to travel anywhere at anytime in the 52d Brigade's 500 sq. mile area.

The magnitude of their task can be shown by a visit to their parts room where thousands of different items ranging from ⅛ inch resistors to a 5800 lb. complete emergency radar are stored.

The signalmen are now setting-up other new 40 ft. antenna surveillance units to blanket the New York Defense with a scanning range up to 200 miles and the tracking of planes flying higher than 70,000 feet.

CWO Thompson is the son of Mr. and Mrs. W. D. Thompson of Avon Park, and was raised here and attended the local schools. He first left Avon Park with the National Guards and has been at Fort Wadsworth for the past four years. He will receive his discharge on August 19, and he and his wife will come to Avon Park to join his parents and his two children, Ella Francis and James, who are visiting their grandparents.

Eye Tests Tell Something— But Too Often Not Everything

By Richard J. Apell, O. D.,
Of the Gesell Institute
Eye Clinic

Yesterday we discussed the two so-called survival skills of vision, namely the abilities to see singly and to see clearly. In relation to seeing clearly the use of the Snellen Visual Acuity test was mentioned and it was pointed out that this test was very useful in detecting an eye problem after it had occurred.

Fine! This is exactly what the test is supposed to do. Difficulties arrive when the assumption is made that no visual or eye problem exists simply because this test has been passed by the child. Actually the Snellen test makes no investigation of the child's centering ability nor of the 30 or more skills important to learning through vision.

To give two examples of the difficulties that can arise from this kind of thinking, consider first the case of John. At 6 and at 7 years of age John passed the Snellen Visual Acuity test as given in his school with 20/20. At 8 years of age his visual acuity dropped to 20/25 but this was not reported to the parents. Then at 9 years of age John's visual acuity was down to 20/40 and the parents were duly notified. In order that John could once more see clearly it was necessary for him to wear glasses that compensated for nearsightedness. What is so awful about this? In John's case it may affect his future. He has a burning desire to attend the Naval Academy just as his father had done. Visual Training, that is teaching John to see efficiently, may be able to help undo some of the damage already done, and to restore his vision to Navy standards.

Chances are you're wondering if something couldn't have been done for John before he developed nearsightedness. The answer in John's case is yes, but right now let's look at the second example, a condition of common occurence.

Marion, aged 13, had been puzzled by the fact that she could read the smallest line of letters on the test chart at school, but when she read a book for more than 10 to 15 minutes she felt tired and the print blurred. Since she saw clearly at a distance it just wasn't possible for Marion to recognize her blurred vision when reading as being caused by a visual problem.

Finally when her mother chided her about how well her younger sister was doing in in her reading subjects, Marion broke down and told her mother what had been happening. A thorough visual examination including a battery of tests to determine the balancing of the focusing and centering mechanism of vision at 16 inches, revealed that Marion would benefit by wearing glasses to be used only for reading and studying.

With the first child, the Snellen test detected the difficulty, after it happened, and with the second not at all. We may feel pretty sure either that there is something wrong with the test, or that we are assuming the test tells us more than it is capable of telling us about vision. Whatever the difficulty it, we can be assured that there is more to seeing efficiently than just seeing clearly—20/20.

Next week we will discuss some general misunderstandings about vision, what constitutes an eye problem, what constitutes a visual problem, and ways in which an eye problem is different from a visual one.

received greatest emphasis throughout the entire course of training, which consisted of 264 hours of field and class room training. As far as was possible, each cadet occupied several positions of leadership ranging from regimental commander to squad leader. Highlight of the tactical training was the Leader's Reaction Course, in which each cadet was faced with a series of combat-type situations designed to test his leadership capacity.

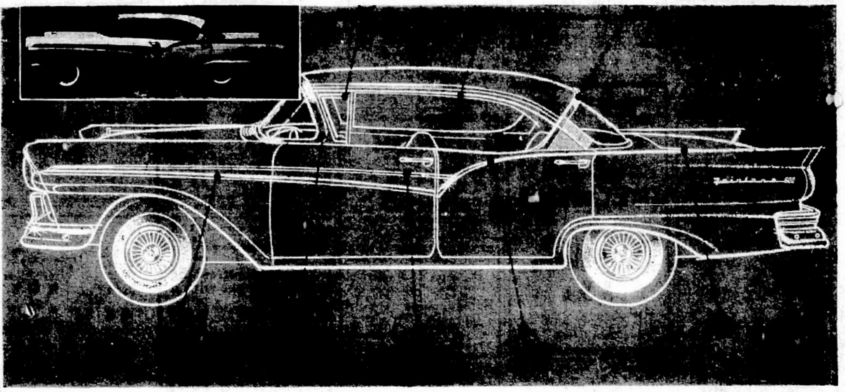
Stainless Steel trim For 1957 Fords



Follow the arrows in these photos of the new Ford, and you'll see how Stainless Steel trim accents the lines and adds to the style of this modern car.

This steel is—harder than carbon steel—and it's made to resist rusting and peeling. It withstands pitting and corrosion, it stands up against dents and scratches better than any other trim material. It is easy to clean Stainless brightwork; there's no worry about detergent discoloration.

Remember, Stainless Steel's gleaming beauty will remain good-looking for years to come on your new Ford.
