Miss Joyce Elaine Larsen Becomes Bride Of Laurence Ramon McClure

MR. AND MRS. LAURENCE RAMON MCCLURE

The Walker Memorial Seventh-day Adventist Church was the scene of the wedding of Miss Joyce Elaine Larsen, daughter of Dr. and Mrs. C. J. Larsen of Avon Park, and Laurence Ramon McClure, son of Mr. and Mrs. H. E. McClure of Orlando. The marriage rites were read by Elder Wayne Foster on Monday July 1, at 7 o'clock before an altar flanked with candelabra and palms with large baskets of white gardenias on each side.

A program of nuptial music was presented before the ceremony. Miss Joyce Lynn of Orlando was the organist. Miss Audrey Bowen of Ft. Pierce sang "The Pledge" and "Oh, Perfect Love". William Jones of Orlando sang "Bless This House" and later during the ceremony he sang "The Lord's Prayer".

of pink carnations. Little Sharon, daughter of Mr. and Mrs. Robert Werry, of Avon Park, was the flower girl and wore a long dress similar to the bride's attendants.

Serving as best man for the bridegroom was Robert Green of Orlando. The ushers were Robert Baldwin, Richard Larsen, brother of the bride, and Maurice Tindall of Orlando. The Walker Memorial Hospital Dining Room was the scene of a reception immediately following the ceremony. The Dining Room was beautifully decorated with greenery with pink and blue flowers. The wedding party received the guests in an attractive bower of baskets of blue hydrangeas and greenery. The bride's table was covered with a white linen cloth centered with a four tiered wedding cake topped with a miniature bride and groom on a large mirror and surrounded by pink carnations. The guests were served punch from the lovely punch bowl at one end of the table. Mrs. H. M. Baldwin, Mrs. C. F. Boyd, and Miss Tawakdjan were in charge of the lovely decorations. Miss Helen Elliott and Miss Jacqueline Maulden of Avon Park assisted in serving. The bride's book was kept by Miss Connie Moffett of Lakeland.

The young couple left during the reception for a wedding trip to Miami and Key West. Mrs. McClure chose for the trip a sheath dress of white with black polka dots and black and white accessories. Her corage was a white orchid.

Mr. and Mrs. McClure will be at home in Orlando upon return from the wedding trip temporarily. Mr. McClure expects to enter the army quite soon. Mrs. McClure will be employed at the Florida Sanatorium in Orlando. The young couple were both recent graduates of the Southern Missionary College near Chattanooga, Tenn.

Only Jacqueline Cochran's FLOWING VELVET CONTAINS EXTRAORDINARY HYDROLIN

New Hope for Millions of Despairing Women with Drying, Prematurely Aging Skins

What makes skin look old? Modern science now knows that the cause is dehydration—lack of moisture in the sub-surface tissues. Sensitive skins always dehydrate sooner. However, dehydration occurs in nearly all skin—youthful skins as well as mature skins!

Jacqueline Cochran alone has found a new formula that will give your skin the balanced moisture it requires. FLOWING VELVET, with its exclusive ingredient Hydrolin, literally flows moisture into the deep tissues of the skin, retards tell-tale lines, wrinkles, creases and restores that dewy, youthful, cared-for look.

Unique, entirely different from old fashioned greasy face creams, FLOWING VELVET is a superblend of Hydrolin and other rich components. Only FLOWING VELVET acts in these three ways:

- It furnishes moisture that actually sinks into your skin.
- It provides necessary oils for essential lubrication.
- It maintains the normal balance of oils and moisture.

Flowing Velvet is greaseless. Just a few drops of FLOWING VELVET at night and in the morning will supply you safely, naturally, with the special moisture your skin needs!

Caution! Many have tried but no one can successfully imitate FLOWING VELVET because Hydrolin, its exclusive ingredient, is controlled by Jacqueline Cochran!

And remember FLOWING VELVET CONTAINS NO HORMONES.

WATCH FOR THESE SIGNS...
They mean...
The second only Jacqueline Cochran's FLOWING VELVET the tested and proven moisture-giving formula for restoring, smoothing and drying skin

Seventh Day Adventist News

Five boys ranging in age from 9-11 returned to Avon Park Sunday from the Seventh-day Adventist Youth Camp at High Springs, Fla. Two older boys went to the camp this week for a turn at camping.

So many young people apply for the camp's activities that age groups and different sessions for boys and girls have become necessary. About 400 applications have been filed for the weeks from July 7 - Aug. 4.

Attending from here last week were Larry Payne, Paul Richardson, Roy Hughes, Dennis Carlson and Curtis Carlson. The boys going to the older camp this week are Henry Post and Donald Trivick. Counselors from Avon Park are Pastor William C. Arnold and Nobel A. Carlson, Principal of Highland Lakes Junior Academy.

Beamed for the 9-15 age group the Adventist summer training camp provides not only a retreat in the out-of-doors for the young people, but also instruction in Christian living; nature lore; wood, copper, enamel fusing and other crafts; outdoor sports such as swimming, tumbling, trampolines, and canoeing.

One of the special features of the camp, which is two miles north of High Springs on the Santa Fe River and boasts seven springs on the camp area, is the "Museum" which was opened last year by Prof. Horace Tuttle, naturalist and teacher in the Tampa Junior Academy. 60 counselors are in charge of the camp and each counselor stays with his unit throughout all activities.

The day's program will begin at 8:30 with reveille and ends with 9:30 curfew consists of morning devotional services, flag raising, personal inspection, swimming periods, nature classes, camp duties, an afternoon rest period, recreation, flag lowering and an evening campfire story hour.

A Reply To Avon Park's Bird Woman

We are pleased to read in the Avon Park Sun, that our little city has a "Bird Woman", who has a real credit to this community. One of the first things that attracted us to Avon Park, was the "Bird Sanctuary" sign that we noticed at the beginning of the Mall. Most retired people take a great interest in song birds, as they are always interesting to watch.

Many people in the northern city where we lived had numerous bird houses and feeders on their premises to attract our little feathered friends. These things not only add to the appearance of the property, but they also given the impression that a friendly and kindly type of people live there. It was also very interesting to see the various styles of architecture used in the construction of some of these bird houses. Probably some of these people found the making of bird houses an interesting hobby. Down here in the Sunny South where we have warm weather for twelve months in the year, we frequently forget to appreciate how fortunate we are to have beautiful song birds with us all year long.

Bug and insect control is always a problem, no matter where you live, and this is especially so in a semi-tropical climate. The best control still known today, is our native birds.

On our northern lake property we always had at least two large multiple apartment martin houses and at least half a dozen tree swallow houses to help us control the insect situation. Martins and swallows are the birds that catch flying insects and they do a good job of keeping the air free of these pests. Each bird will catch thousands of flying insects every day.

Baseball Tryouts To Be Held In Wauchula

Veteran Red Bird Scout Meester Harris will supervise the baseball tryouts to be held at Legion Field in Wauchula, Florida, on July 19 and 20, it was announced today by Farm Director Walter Shannon.

"We've had some good camps in Wauchula before," Shannon commented. "It's in fertile baseball territory and I'll be eyeing the results this year with a lot of interest."

"Bennie will see to it that each player gets a fair and impartial evaluation of his baseball talents," continued Shannon. "A player will be judged on his utility offering a 2-4 year course leading to a bachelor's degree. He isn't expecting finished players but he'll be looking for those with natural baseball ability. He certainly has the know-how to spot a young player's potential."

The tryouts which are open to all players between 17 and 23 will start each morning at 10 a.m. A player must bring his glove, baseball shoes, and a uniform if he has one. Hats, balls, and catching equipment will be supplied by the Cardinals.

The Cardinals organization is well-equipped to move young players to the big show," Shannon pointed out. "We operate clubs in every class of organized ball, and there's always a spot for talented newcomers. Once a player is in our organization we do everything we can to help him make good. He gets a lot of personal attention, individual in-

struction, and a chance to play regularly. If a player's got the stuff we'll get him up the baseball ladder as fast as his ability warrants."

Expenses incidental to attending the camp will be refunded to a player signed to a contract with one of the Cardinal-operated clubs.

To participate in tryouts an American Legion player must have a letter of approval from either his Legion coach or Post commander.

Their daughter, Martha McDaniels and a friend made the trip also. Mr. McDaniels' sister, Mrs. Davis came with them. They were so pleased with their lot that the daughter and sister purchased several for themselves while they were in Avon Park. The group thought our city was beautiful and hope to be able to live here in the near future. It was their first trip to Florida and they plan to return and to tell their friends all about Avon Park.

The old Indian habit of dropping orange seeds as they walked through the dense woods led many early settlers to believe the trees native to Florida.

Garden Club Notes

FOUNDER'S CIRCLE

The members and guests of Founder's Circle of the Avon Park Federation of Garden Clubs enjoyed a delicious covered dish luncheon at the home of Mrs. Jack Richmond on Thursday, July 11. This was their regular monthly meeting and annual luncheon and about 20 members were present.

There was no business to be brought before the members but all enjoyed a pleasant social visit. Several clever games were played as naming the locations of the State Parks and guessing the names of Florida trees from their descriptions. Mrs. Paul McClanahan, daughter of Mrs. W. H. Kempton and a guest at the luncheon, who has recently returned from Egypt, kindly consented to tell the members something of the trees and plants of Egypt. It seems that most of their trees and plants are quite similar to Florida plants. However, there is practically no rain fall and it may go for a year without raining. When a rain does come the schools are dismissed in order that the children may see it.

Guests at the luncheon were Mrs. McClanahan and Mrs. H. W. Coleman. The hostesses were Mrs. Jack Richmond and Mrs. C. R. Fickler. The Founder's Circle will not have any more meetings until September.

HIBISCUS CIRCLE

Hibiscus Circle of the Avon Park Federation of Garden Clubs held its Annual Covered Dish Supper on Thursday evening, July 11, on the porch of the Foster Center Clubhouse with around 40 members, members' families, and guests present.

Mr. I. H. Ford and Mrs. T. J. Ward were co-hostesses for the delicious supper. The next meeting of Hibiscus Circle will be in September.

The Seminole Indian population has been increasing steadily in the last 75 years.

Dr. And Mrs. Ward Entertain With Buffet Supper

The home of Dr. and Mrs. Stuart Ward on Lake Lovels was the setting for a lovely buffet supper Saturday evening, July 13, honoring the birthday of Dr. Stuart Ward on July 15 and Mr. Ed Touchton on July 13. Mrs. Stanley Sutton of Marlboro, N. Y., sister of Mrs. Ed Touchton, was also an honored guest.

Mrs. Ward served her guests a delicious supper and about 12 old friends of Stuart's and Ed's enjoyed the evening together.

Mr. and Mrs. W. K. Holt of Cordele, Ga., and Mr. and Mrs. Matt Shoen, and their 16 children, of Rochelle, Ga., spent Sunday with Mr. and Mrs. F. Weaver. Mr. Holt is Mrs. Weaver's brother.

Mrs. John Hood and Mrs. Jane Farrell flew from Tampa on Saturday to Dayton, Ohio for a vacation of two weeks.

Mrs. Farrell plans to stay in Dayton visiting friends and relatives. Mrs. Hood will go on to Benton Harbor, Mich., in order to visit relatives.

Lions Lead Little League

The undefeated Lions took their third straight game Tuesday night, July 16, with an eleven to two win over the Jay-Cees, who have yet to win a game. The Rotary boys also won Tuesday night and moved into second place in the league standings. They defeated the Baptist team 10-7 to hand the Baptist their second loss.

In the opening game five hits with nine walks to score their ten runs in the first three innings against the Baptists who couldn't quite overcome the Rotary's early lead although they scored three runs in the third and two in both the fourth and fifth frames. Leroy Shepard was the winning hurler for the Rotary team but he was aided considerably by Randy Rewis and David Ward. Bobby Bates and Paul Veasey shared the loss for the Baptists.

Jack Hargrave got a double and a single and Bailey Ward and Shepard all got singles for the winners while Johnny Lee hit two singles and Bates and Tommy Singletary got one each for the losing Baptist team.

The Lions really turned on the scoring power against the Jay-Cees in the second game. They got five hits off Jay-Cee pitcher Max Still. Steve Sims hit a double, Owen Kempton got two singles and Sullivan and Forziz both hit singles. The fourth inning was a big one for the Lions as they pushed over seven of their eleven runs.

Owen Kempton and Tommy Joe Johnson held the Jay-Cees to three hits—singles by Max Still, Don Collyer and Billy Cherry.
