"\$64,000.00 Rotary Installation of Officers and Ladies Night"

The Avon Park Rotary Club and its annual ladies night and installation of officers Tuesday night June 25, 1957 at the Jacaranda Hotel. There were many Rotarians, Rotary-Anns, visitors and guests. After the invocation, several Rotary songs were sung by the audience. Then all partook of one of the great Jacaranda Hotel Buffet Dinners. This was followed by the introduction of the visitors and guests and welcome by H. M. Baldwin. The installation of officers was handled very capably by past District Governor of District 69 of Rotary International, Edward T. Flanders. His charge was to President, A. B. Whitcomb, Vice President, E. Ray Wells, Secretary-Treasurer, David Lanier and Sergeant at Arms, M. G. Whitcomb. This was followed by a humble acceptance of the duties and obligations of the honored installation expressed by new president A. B. Whitcomb. Retiring president E. Ray Wells expressed profound appreciation for wonderful cooperation of the entire Rotary Club during his year as President, and he promised when the club turned out for 1958 attendance for the entire month of July, his first month as president, he presented appropriate gifts to each Rotarian that had maintained his 100% attendance for the entire Rotary year. They were H. M. Baldwin, H. K. Riggs, R. R. King, David Lanier, Bob Maxon, Curtis Sears, Franklin Ward, E. Ray Wells, M. G. Whitcomb, A. B. Whitcomb, William B. Young. (Continued on page 6)

RAARC Receives Many Gifts

Response to a plea for equipment needed for the proposed training school for retarded children was immediate and gratifying. The Ridge Area Association for Retarded Children published and mailed a newsletter last Thursday asking for donations of equipment. In 24 hours offers of equipment and materials were coming in. Metcalf Hardware offered a refrigerator and window blinds. Townsend Lumber offered materials for construction of bulletin boards. Mr. A. B. Whitcomb, Chairman of the Budget Committee, reported that a tentative budget for the coming year had been prepared. Approximately 30 persons attended the regular monthly meeting of the Board of Directors of the RAARC, held at the site of the proposed school in the Administration Building of King's Court, Avon Park. Report of the Building Improvement Committee was read by Mrs. Andrew Miracle, Chairman. Mrs. Harold Barker, Chairman of the Budget Committee, reported that a tentative budget for the coming year had been prepared. (Continued on page 6)

Little Michael Thompson In Walker Memorial

Michael Thompson, 3 1/2 year old son of Mr. and Mrs. Randolph Thompson, is in Walker Memorial Hospital with second degree burns covering a fourth of his body. Michael had spent Saturday night with his grandparents, Mr. and Mrs. Melvin Thompson, and just before breakfast Sunday morning he dropped a marble and it rolled under the table to get it and got tangled in the cord of an electric coffee maker and it turned over spilling scalding coffee over his body. Dr. H. W. Coleman reports that he is doing nicely but they have had to give him plasma transfusions.

George H. Baker Dies In Mich.

Mrs. Sylvia Book received word Tuesday that her cousin, George H. Baker, of Adrian, Michigan had passed away last Saturday. Mr. Baker has been a Winter guest in Avon Park for a number of years. Mr. and Mrs. Baker spent the Winters at the Cornell Apartments on North Lake Ave., and both are members of the Winter Guest Club.

Lefty Chuck Anderson fired a no-hitter against Post 24 of Bradenton and the Avon Park Legion team defeated their fourth straight opponent by a score of 10-0 at Head Field last Monday night.

Anderson faced only 24 men striking out nine and walking only four as he held the Post 24 boys hitless. Chuck led off one of his walks at first and the Avon Park boys' errorless ball playing prevented any Bradenton player from advancing past second base.

Winkie Williams provided the big moment of the game in the fourth inning when, with two men out and the bases loaded, he slammed out a home run over the left field fence for his first round tripper this year. Avon Park had scored three runs in the third on a double by Leroy Stirling and a single by Dale Landress. Their other three runs came in the sixth when Wayne Kempston singled, House walked, Cooper got on with a fielder's choice and Landress sent them all home with a double. Jim (Continued on page 6)

Local Telephone Manager And Wife To Retire

After almost forty years service of the Telephone Industry and 33 years with the Inter-County Telephone System here at Avon Park, Mr. and Mrs. John DeLagay will retire as of June 30, 1957.

Mr. and Mrs. DeLagay came to Avon Park in October 1924. John assumed the duties of manager of the local exchange while Mrs. Jewell DeLagay became operator-cashier. At that time there were only 160 telephones in service, connected to a small magneto or "drop" switchboard. Mr. and Mrs. DeLagay have since seen this small operation grow under their supervision into a modern day system with over 2,100 telephones connected.

At a dinner held at the Jacaranda Hotel on June 21, 1957, friends and fellow employees of the Inter-County Telephone System gathered to pay Mr. and Mrs. DeLagay honor. Members of the Twenty Year Club of the Telephone Company paid their respects to Mr. and Mrs. DeLagay, and Mr. Gildas Ward, representing the Club and all employees, gave them Savings Bonds as a token of their friendship and esteem. Others congratulating the DeLagays for their years of service and wishing them well in their future retirement were Philip McClellan, President of the Telephone Co., Local No. 199, IBEW, and Mr. Ken Williams, retired Plant Superintendent of the Company.

Ben Hill Griffin Entertains Some 60 Employees

Ben Hill Griffin, Jr., entertained his employees with a Chicken and Rib Bar-b-que dinner on Friday, June 21, in his Avon Park Packing House. There were about sixty employees present to enjoy the delicious dinner. After the meal a drawing was held with the lucky numbers receiving many valuable prizes.

Do We Need A Swimming Pool?

Would you or would you not be interested in a swimming pool being built in Avon Park? The Avon Park Sun is making this survey and would appreciate it if you would fill in the coupon below and mail it to the office.

The pool would be used for future summer recreational programs, in teaching the children of our community to swim, and could be used by the school during the Physical Ed. classes for the same purposes.

Avon Park has a number of lakes, but few of them are really safe for young children to learn to swim in. They are all deep lakes and spring led, many have deep holes that are very dangerous. And there is no beach and shallow water for the children to use.

Do not mis-understand this question, we are not saying one will be built, we would like to know the opinion of the citizens in the community in regards to this question. It would take a lot of planning and time before one could be built, but before any planning is done it must be known if the community is in favor of such a project.

Write The Sun and state how you feel in regards to a pool, the Sun would like to receive both the pros and the cons on this question.

WEDDING DAY

"With this ring I thee wed."

Our marriage is beginning where a marriage should begin—in Church. Our hands meet across the Bible. My eyes fall to the printed page, and the verse I see there is so appropriate that I catch my breath in awe and amazement.

Here is the story of a king who long ago sought for a virtuous woman and was told that her price would be far above rubies. Here are detailed the qualities that a truly virtuous woman would have—faithfulness, industry, thrift, compassion, courage, strength, honor.

As I look up at my new husband, I feel a surge of humility. I make a silent pledge that these words in Proverbs will be my guide as his wife. They're a challenge, I know. A big challenge! But, with the help of the Church, I'm going to try to live up to them.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without it, no man can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Truck Facts Are Astronomical

Detroit — The truck fleet required by America's expanding economy is reaching astronomical proportions.

At latest count, there are more than 10,750,000 trucks rolling on the streets and highways of the nation — nearly half of the world total — performing every conceivable type of transportation service. U.S. truck registrations have doubled since 1945.

It takes seven million men and women to keep the huge trucking industry going, and about one out of every 10 workers in the nation, including more than 5 million truck drivers.

Trucks haul practically everything Americans use — untold billions of tons annually — including approximately 240 billion ton miles between cities in 1955.

They were the source of special tax revenue totaling \$2,100,000,000 last year.

There are facts about trucks in America from the newly published 1957 edition of Motor Truck Facts, a biennial statistical handbook of the Automobile Manufacturers Assn. The 56-page booklet is tightly packed with information in charts and tables covering such aspects of truck transportation as production, registrations, uses, employment, taxation, mileage, and vehicle age.

Among other truck facts in the new book:

The U.S. produced 1,107,586 trucks and 4,206 motor buses in 1956, or 45% of total output. The wholesale value of American trucks and buses built and sold during the year exceeded \$2 billion.

Last year, U.S. trucks traveled a total of 115 billion miles, a figure that closely parallels economic activity and prosperity of the nation. Truck miles traveled have doubled and gross national production has increased approximately 40% since 1946.

The truck accident rate in the U.S. has declined 71% since 1924. In 1924 and 1925 the rate was 5.7 accidents per 100,000 vehicle miles traveled. In 1955 and 1956 a rate of 1.63 per 100,000 miles was achieved.

More than 28 per cent of the nation's trucks are on farms.

Eleven per cent of trucks in use are prewar models.

Mexico, Venezuela and Brazil are the largest export markets for U.S. trucks. One out of every five trucks produced was exported last year.

California led the states in truck registrations last year with 940,000. Texas ranked second with 818,000.

Our sad-faced friend is Bill McGoo,
Who thought he'd bought a car brand-new;
And while he got a "special deal"
His disappointment he can't conceal!
While others drive in Sweep-Wing style
Poor Bill just mutters curses vile:
"They got new styling, features, too—
"I bought a 'deal'—boo-hoo, boo-hoo!"

Moral: Yesterday's looks and features are no bargain at any price!

No car is a bargain if it's obsolete in styling and engineering features. And the Sweep-Wing Dodge actually *obsoletes* other cars in its field with its low, low look of tomorrow and revolutionary advances like Torision-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't get "bargain-talked" into yesterday's styling and features. The same money buys the car that's years ahead. See your Dodge dealer. Join the swing to the Sweep-Wing Dodge.
