Unemployment Benefits Show Big Increase

Tallahassee — Unemployment benefits rose by 17% during March, but remained well below the year-ago level, reports J. T. Vocelle, head of the Florida Industrial Commission.

The normal slacking off of the winter tourist season was listed as the major cause of the unemployment jump last month.

Last month the state paid out $654,779 to jobless Floridians who were out of work through no fault of their own. This was $28,200 below March of 1956.

Weeks of unemployment covered by benefit payments numbered 30,917, contrasted with 32,265 for March, 1956. This reflects a sounder employment situation in the state as the number of jobs available has risen, comments Vocelle.

A summary of payments made through Florida State Employment Service local offices with the largest changes last month follows:

Jacksonville, $69,234, up $20,208; Miami, $162,619, up $19696; Tampa, $73,118, up $13,712; Orlando, $20,792, up $5,629; Hollywood, $20,333, up $5,043; West Palm Beach, $19,114, up $4,921; Marianna, $27,868, up $4,690.

Payments in other areas and their changes were as follows: Belle Glade, $1,701, up $515; Bradenton, $8,167, down $4; Clearwater, $4,878, down $2,222; Cocoa, $3,779, up $1,814; Daytona Beach, $9,180, up $706.

Ft. Pierce, $13,540, up $2,768; Ft. Myers, $7,005, down $376; Ft. Pierce, $3,177, up $480; Gainesville, $4,519, up $38.

Key West, $1,594, up $32; Lake City, $8,894, up $2,755; Lakeland, $11,577, up $2,185; Leesburg, $4 374, up $1,031; Ocala, $6,025, up $1,479; Palatka, $5,393, down $66; Panama City, $11,678, up $1,947.

Pensacola, $15,829, up $2,293; Perry, $5,084, up $1,377; St. Augustine, $1,835, up $275; St. Petersburg, $17,278, up $2,415; Sarasota, $8,453, $696; Tallahassee, $16,465, up $643; Winter Haven, $8,289, up $1,291.

TYPICAL TORNADO funnel sweeps across the plains near Manhattan, Kan., located in the worst tornado belt in the world, according to Weather Bureau records. Twisters such as this have figured prominently in the total of 75 major natural disasters in which the Federal Civil Defense Administration has directed relief since FCDA got the job of coordinating Federal assistance in January 1953.

(U. S. Weather Photo by H. E. Dale)

Time of the Twister

Springtime is tornado time.

In the unstable transition from winter cold to summer heat, great masses of cold and warm air collide. When the heavier cold air is forced above the lighter warm air, funnels sometimes form to relieve the topsy-turvy situation. This is the twister.

• • •

SOME 800 TORNADOES boil up each year in the United States. When they strike, local civil defense and the Red Cross speed to the rescue.

Spring is the time for a special weather eye to the tornado-spawning southwest. Last year, for instance, every major tornado occurred between February and May. On one day—April 3—four giant twisters killed 30 persons, injured 415 and caused an estimated $13,700,000 damage.

There is no way to prevent a tornado. But early warning, proper precautions and speedy rescue of victims can save lives. In addition, disaster funds administered by the Federal Civil Defense Administration can provide emergency repairs and restoration of vital community facilities when Federal assistance is authorized by the President to augment State and local efforts.

Texas Sailfish Visits Florida

A striking example of cooperation between conservation minded anglers and marine scientists has given the first clue to what may prove to be long seasonal migrations of the Atlantic sailfish.

A sailfish bearing a tag was caught near Alligator Reef lighthouse off the Florida Keys. The lucky angler, H. J. Blum of Cincinnati, Ohio, made the catch while trolling from the cruiser Always, Capt. George Makepeace, on March 9.

The monel metal strap tag, bearing the legend "No. 256, Parr - Port Aransas, Tex.," was sent to The Marine Laboratory of the University of Miami. Following an investigation by scientists of this institution, the tag was found to have been applied to the fish on June 5, 1955, by Charles F. Urschel, Jr., of San Antonio, Tex., off of Port Aransas. Thus, the gamester was at large 433 days and had travelled a minimum of 850 miles to reach the point of recapture.

Unfortunately, only estimates of the length of the fish were available at the times of tagging and recovery, so no idea of the growth during this period can definitely be formed. This points out the need for accurate length estimates whenever fish are tagged and recovered.

Previous tagging recoveries from the Florida east coast have not indicated extensive migrations, hence the Texas fish introduces a new and vital bit of information to add to the growing store of knowledge concerning this species.

The line of common interest now drawn from Texas to the Florida Keys, and thence to The Marine Laboratory of the University of Miami and back to conservation groups in Texas, is now complete. The way is open for further cooperation in the study and conservation of a valuable natural resource.

Atlantic sailfish have been caught in widely scattered areas in the north Atlantic, notedly one that was recorded by the Plymouth Laboratory taken in the River Yealm, Plymouth, England. This sailfish, however, was not tagged. The Texas gamester that visited the Florida Keys holds the record for proved extensive migration.

Florida's license plates cost about 10 cts. each to manufacture.

Ground Breaking Ceremonies Held For New Addition To Walker Memorial Hospital

Ground-breaking ceremonies for installation of an elevator and the building of an emergency room, waiting room and ambulance entrance for the colored people of Highlands County were held at the Walker Memorial Sanitarium and Hospital Monday morning, May 6.

Representatives of the Walker Memorial Hospital, Chamber of Commerce, City Council and Mayor, Community Development Assn., Heim & Heim Architects, Bennett & Moseley Contractors, County Commissioners, and Directors of the Ridge Area Hospital Extension Assn. and also the Negro RAHEA as well as representatives from Lake Placid and Sebring were present when Mrs. Samuel King, secretary and treasurer of the Association, H. M. Baldwin, Manager of the hospital, and Ernest Sims, president of the Negro Association, had the honor of turning the first shovels of dirt for the construction of the building.

During the ceremonies Mrs. King presented a check for $15,151.07 to Mr. Baldwin and Ernest Sims presented him with a check for $3,041.26 which was raised by Negroes in Highlands County.

The check presented by Sims included $2,801.26 which was collected among the Negroes of Avon Park, [illegible] collected in Lake Placid and $100 in Sebring.

Mr. Baldwin expressed his appreciation for the checks and stated that the hospital was grateful for the $18,192.34 which the two combined groups have raised for this worthy project.

These funds are to be used to expand the facilities of the hospital to care for the colored people, and will be used primarily in assisting in the purchase of an additional elevator. The elevator will be located on the south end of the present hospital building, at the colored entrance and waiting room.

The presentation of these checks brought to a close the drive which was started in November 1955 when approximately 60 townspeople met at the Chamber of Commerce office to begin a door to door canvass of

A Good Precedent

A retail association has summed up, in clear and simple terms, some of the best-founded objections to the proposal that the federal minimum wage laws be extended to the larger retail stores of the nation. All retailers, along with various other service industries, have been exempt ever since these laws came into being.

First, it is inevitable that, if the laws are now applied to one major segment of the retail industry, it will be just a matter of time until they are extended to all retailers.

Second, application of the laws to the larger stores would require smaller retailers competing for the same type of labor to meet the federal rates. This is contrary to the sound, long-established custom of permitting local conditions to control wages in what is an essentially local industry.

Third, unemployment would increase for those least able to find employment as retailers would be forced to tighten up marginal areas of operation.

Fourth, consumers would find higher prices when they went to the stores, and this would add to current inflationary pressures.

All the evidence supports these contentions. They indicate why past Congress after past Congress has refused to extend the laws to retailing. In doing that, the Congresses established a sound precedent that should be maintained.

Toward A Free Agriculture

If any material cuts in government spending are to me made, and it there is to be any hope of eventual lowering of taxes within a balanced budget, every category of appropriation must be pared. The only exceptions are the fixed costs, such as interest, and basic national defense requirements.

This means that the burden of agriculture subsidies must be reduced. Farmers can't hope or expect to be immune from the effects of a demand for economy that is gaining momentum throughout the nation.

If that happens, and if agriculture moves toward becoming a free enterprise in a supply-and-demand economy, the good results will not be limited to money saving. The principal benefits will be found in greater liberty and freedom of action for the farmer—both of which are severly and dangerously limited when government pays the bills and calls the tune.

Over the years, the producers of non-supported crops have actually had the happiest experience. Livestock, which moves in a free market, is a fine example. These producers, of course, have had many problems to face, and they've seen bad times along with the good. But their products have gone into consumption, not into storage. They can make their own plans and regulate their own destinies without following a rule-book written by bureaucrats. They have a day-in, day-out cash market always available, and it is a free and fair market, without arbitrary, man-made controls.

The livestock producers have always opposed subsidies and government domination. They prize freedom and independence. And livestock is, by far, the biggest source of cash to the American farmer.

"Last Day Of Bondage"

It is pointed out that on May 10, the average American will serve a theoretical "last day of bondage", so far as 1957 taxes are concerned. What he has earned up to that time will just about cover his tax bill for the year.

What this means is that taxes in the United States currently take about 36 per cent of all our earned income. Putting it another way, all that we earned during the first 130 calendar days is needed to support our own governments of one kind and another.

So much for 1957. What of the years ahead? Will the "last day of bondage" come earlier in the year—or will it come later?

That depends on whether the people really want cheaper government, with the reduction in government activity that will involve, or just want to talk about it. Every billion dollars cut from the over-all cost of government would permit it to come one day sooner—and conversely, every billion dollars added to that cost would delay it one day longer.

That brings up a slogan which is 100 per cent relevant. Here it is: "I'll take less from government—if government will take less from

The Tempest Over Trading Stamps

The trading stamp bill now before the Florida Legislature calls for a decision which should not be made by the Legislature.

The bill would do away with the stamps customers receive as a bonus as they pay the cashier for the merchandise purchased.

Housewives reach for the stamps as habitually as they reach for any change that might be coming to them. They save them with great care, patiently paste them into the books and finally go to the stamp store and exchange the stamps for merchandise of their choice.

It is no uncommon to hear housewives boast with pride about the nice gifts they got with their stamps.

The other side of the picture is the trouble to which the merchant and his employes must go in order to carry on the stamp deal. There is the booking and there is the tedious tearing off of stamps, a process that often takes more time than handing the customer the change that's due.

In these times of high prices in all departments of living, the stamps give the customer the feeling that something free is being acquired, and that feeling makes the stamps a strong lure, indeed.

It is no wonder that housewives and many men converged on the stamp gift places the latter part of last week. The talk from Tallahassee was that the Legislature was about to do away with the stamps. The people who had accumulated stamps didn't want to get caught short. It is inconceivable that any holding stamps would fail to get gifts but the holders of stamps were taking no chances.

It seems to us that the Legislature is trying to settle an issue that ought to be left entirely up to the merchants. Let the merchants fight it out on their own ground of free enterprise and competition. That's what they're accustomed to doing and the system has worked fine.

If the merchants and the customers want to keep on having trading stamps, then let's keep on having them, and let the Legislature concentrate its attention on the multiplicity of much more pressing matters. — Lakeland Ledger.

Your Battle

Courageous men in Congress are fighting your battle for budget and tax reduction. Newly elected Senator Lausche opposed a $5 million Federal appropriation for Pan American games to be held in Cleveland in 1959, saying: "The Federal budget must be cut. I cannot support for Ohio something that I would oppose in another State." Cleveland is the biggest city in the Senator's home state.

There has been a prairie fire of protest mail from men and women in all walks of life, demanding heavy cuts in the budget followed by tax reduction. But, pressures for spending by minority groups, seeking handouts from the Treasury, are terrific.

The people themselves will have to curb their own demands for public spending if they ever hope to reduce the burden of crushing taxation.

Miss Frances Lee Warren Chosen For Part In May Day Festivities

FRANCES WARREN

Beuna Vista, Va. — May Day at Southern Seminary and Junior College, Beuna Vista, Va., on Saturday, May 11, will be another of the attractions being scheduled in Virginia for the many guests who are visiting the State on the occasion of the 350th Anniversary of the founding of the first English settlement in America in 1607.

Excerpts from the Alice in Wonderland Suite will be presented by the Dance Department in honor of the queen, Miss Nancy Lee Gaudreaux, of Wantagh, New York, and Miss Kathryn Duncan, of Colonial Williamsburg, Maid of Honor.

[illegible] Frances Lee Warren, daughter of Mr. and Mrs. W. H. Warren, formerly of Avon Park, now living at 2119 De Soto Way, South, St. Petersburg, will be one of the leading dancers in this production.

Following the May Day celebration, a garden party will be held in honor of the many guests who are expected for the 90th Anniversary of the College's founding. An outdoor ball will conclude the May Day festivities featuring the orchestra of the Virginia Military Institute.

Sr. Woman's Club Finishes Season With Luncheon

The Senior Woman's Club of Avon Park held their final meeting of the season following their annual covered dish luncheon at the Club house on Friday, May 3, with 36 members and three visitors. Visitors made welcome at the luncheon were Mrs. Flagg, Mrs. Blem, Mrs. Harden and Mrs. Brodie.

During the business meeting Mrs. Samuel Norris kindly acted as recording secretary in the absence of Mrs. Helen Harris.

Mrs. E. A. Sherherd, Mrs. Robert Maxson and Dr. Ruth Phillips gave the annual activity report of their committee. Mrs. Ralph Kelley, president, gave a detailed account of the State Convention which she attended in Palm Beach.

A letter of thanks was sent to Mrs. Gibbons, Jacaranda Hotel, from the Club for her kind donation.

Twenty-five members ordered copies of the "History of Avon Park", written by Horace Fenton. Check for the books was sent to Judge Mervin Rehrer.

Mrs. Kelley wishes to extend her thanks to Mrs. Ed Phillips and her committee for making the luncheon an outstanding success. She also expressed her gratitude to the members for their excellent cooperation for the past year and wished each and everyone a most pleasant and enjoyable summer.

Hugh Prevatte In Panama

Fort Amador, Canal Zone (AHTNC)—Army Pfc. Hugh G. Prevatte, son of Mrs. Maire Turner, 35 N. Verona Ave., Avon Park, Fla., recently participated with the 20th Infantry Regiment in "Exercise CARIB-EX," a jungle warfare training maneuver in the Panama Canal Zone.

Prevatte, a rifleman in the regiment's Company E, entered the Army in October 1955 and completed basic training at Fort Jackson, S.C.

The 21-year-old soldier attended Fairmont (N. C.) High School.

WINS JOURNALISM AWARD

DOLORES STOKEY

MICHAEL HETHERINGTON

Dolores Stokey, editor of the 1957 Pitchfork, and Michael Hetherington, assistant editor, were awarded the Florida State University Student Journalism awards by the School of Journalism and the School Press Bureau of Florida State University. The awards were presented in the assembly program at the Avon Park High School Monday, April 29.

They were chosen as responsible student-citizens of the school worthy of this special recognition for their achievement and outstanding service to student journalism in the school and community as members of a school publication staff.

Award pins were presented by the Annual Staff and sponsor, Ellis Watson, to Dolores Stokey, editor; Michael Hetherington, assistant editor; Jan Saylor, Junior editor; Harriet Mann for selling the most advertisement for the yearbook; Thetis Williams, assistant business manager and Elaine Worden for selling the most subscriptions to the yearbook. A complimentary copy of the yearbook, with her name engraved in gold on the cover, was given to Mrs. John Hayes Wilson, the former Elaine Worden, by the Paragon Press. Her copy of the Pitchfork has been mailed to her in England.

There will be instruction also on balanced diets. Recipes and samples of the dishes prepared will be available to those who attend and there will be opportunity for questions and discussion. These free lectures and demonstrations are open to the public.

Mrs. Haley Goes Back To School

Washington, D.C. — Mrs. James A. Haley, wife of Representative Haley (D-Fla.) is attending a school for auctioneers with a number ontfoCeers with a number of Congressional wives. The ladies will turn their schooling into action on May 15 at a benefit auction for Friendship House, an educational and social settlement on Capitol Hill.

A professional auctioneer, now a member of Congress, Representative Kenneth J. Gray of Illinois, is teaching the ladies the art of auctioneering. Expense money for the benefit is being raised at practice auctions.

Mrs. Haley, like other members of the Congressional Circle for Friendship House, lives in the Capitol Hill section of Washington and served on the board of Friendship House. The Circle is the only Congressional group whose sole objective is to benefit a Red Feather agency in the nation's capitol.

Other organizations Mrs. Haley has served are the D.A.R., Past President's Parley of the American Legion Auxiliary, Happiness Home in Sarasota, Red Cross, U.D.C. and others.

Heart Authority Warns About Fat

"It used to be said 'Americans live off the fat of the land.' Today it should be changed to 'Americans are dying from the fat of the land.'" So said Dr. John G. Smith of Rocky Mount, North Carolina a director of the American Heart Assn., at an address before the Florida Heart Assn. at its Annual Meeting at the Hollywood Beach Hotel, Hollywood, Fla.

Dr. Smith says research has found a new concept of atherosclerosis, the major cause of deaths in the United States, which causes brain strokes, heart failure or kidney damage.

Blaming the disease on dietary fats, Dr. Smith told the Florida Heart Assn. that the 2,100 heart disease deaths in the U.S. every day are just as preventable as the 200 traffic deaths in this country each day.

"Fats pile up on the arteries and cause a sludge which hinders the flow of blood and eventually can cut it off, causing death. It is now possible for doctors to ream this congestion from the arteries and restore the patient to good health," Dr. Smith said. But he added that a mass movement by physicians and laymen in having patients consult their doctors to determine their intake of dietary fats would cut deeply into the death rate from atherosclerosis.

Dr. Smith said that the bubonic plague which swept Europe, taking 5,000 lives a week, is thought of today as a major epidemic of history. But he reminded that heart disease in the U.S. claims five times that many patients each week.

He said that the person who eats fatty foods and then sits back to relax is in for more danger than the person who eats fats and then exercises after eating. He told the Heart Assn. members that it takes four to six hours after eating for the fats to build up in the arteries. President Eisenhower was a victim of atherosclerosis, Dr. Smith said, adding that the President suffered his heart attack a few hours after eating a steak dinner.

Mr. Hill is Boat Inspector with the Coast Guard Auxiliary at West Palm Beach, but he makes his home in Avon Park.

Road Department Street Paving Off Budget

On May 15, 1957 the Board of County Commissioners agreed to a commitment of $135,000 from the County secondary Road Fund to be used in the construction, resurfacing or widening of certain streets in Avon Park.

The Commissioners sent a resolution to the State Road Department in Bartow requesting that certain projects in Avon Park be substituted.

It has now come to the attention of the City officials that the State Road Department has failed to comply with the request of both the City and County in adopting the tentative budget for the year.

Jim Turnbull, City Clerk, reports that the City Council has been advised of this situation and they will make every effort to see that these streets will be included in the final budget. If necessary the City Council will seek the aid of Governor LeRoy Collins in obtaining the portion of the budget which the County Commissioners have agreed is a fair share to be used in Avon Park.

Engagement Announced

MISS PEGGY JEAN DUCE

Mr. and Mrs. Cecil Willis announce the engagement and approaching marriage of her sister, Peggy Jean Duce, to James Marvin Andrews, son of Mrs. J. E. Martin of Avon Park and the late Thomas Wilson Andrews. Miss Duce was graduated from Sebring High School in 1956 where she was a member of the Student Council, Yearbook Staff. She was a Cheerleader and played basketball for three years. Mr. Andrews was graduated from Sebring High School in 1952. He served four years in the Navy. He is a grandson of Mr. and Mrs. James H. Carnes of Sebring. The marriage will take place on June 25 at 7:30 at the First Baptist Church in Sebring. All relatives and friends are invited to attend both the wedding and reception.

Republican Women To Give Ice Cream Social In Sebring

Republican Women of Highlands County will give an old fashioned ice cream social at the Sebring City Pier Friday evening, May 10 following business meetings of the GOP men and women called for 7:30 p.m. Mrs. J. W. Richmond, 205 N. Lake, Avon Park is vice president of the Highlands Women's Republican Club.

A delegate to represent Highlands County at the gathering in Miami Beach of the Florida Federation of Republican Women will be chosen at the meeting prior to the social. The 1957 Biennial Convention at the Balmoral Hotel on the Beach, May 23, 24 and 25, will be attended by delegates from all over the state with the six clubs which comprise the Dade County Federation of Republican Women acting as hostess group.

National and state GOP leaders will address the Florida delegates and plans drawn up to form a closely knit organization of GOP and Eisenhower adherents.

Avon Elementary PTA To Sponsor Dance Revue

The Annual Dance Revue which in past years has attracted so much favorable attention with its energetic dance styles and catchy tunes will be presented by the England Professional Studio of Dancing, Friday, May 31, 8 p.m., High School Auditorium.

One of the most spectacular and brilliant entertainment events to be seen this season offers a brilliant, all star youthful cast in the wonderfully imaginative "Stars of Tomorrow".

Following the prologue "Another Opening, Another Show", featuring the Junior Precision Dancers, the curtain will rise on an abridged Minstrel Show. Harking back tothe days when the Minstrel Show was the most popular form of entertainment. Replete with costumes, tambourines, and an especially composed song written by Ludy Van Love, Madelyn England's brother. This however, is merely one small part of this production. Those appearing in "Minstrel Days" are: Diane Tibado, Judy Justice, Sue Hudgins, Judy Lodmill, Margaret Lane, Linda Crosby, Sadie Hare, Janyce Gilbreath, Deena Woolfolk, Ingrid Chelberg, Anne Manry, Cissy Heath, Jan Saylor, Joanne Settle, Ann Haslett, Virginia Foster, Anne Sharp, and Bonnie England.

Another adorable group blossoms forth in "The Chocolate Choo Choo". These, the tiny tots, ages 3 to 5, add a special radiance and charm with Gwen Sharpe, Ann Mandis, Susan Booth, Claire Lanier, Jane Barben, Becky Heston, Michelle Davis, Becky Hanson, Mary Lou Swain and Nancy Bryant.

The colorful and breathtaking lovely costumes are near completion and there remains only a final touch. Costumes are designed by Madelyn Love England and are being assembled by the mothers and Mrs. Klueberg.

This event will be sponsored by the Avon Elementary P.T.A. and the various committees declare a real treat is in store for those who attend.

Ticket sales are underway and tickets may be purchased from the dancing students or members of the Avon Elementary P.T.A.

Chuck Anderson Pitches No-Hitter As Devils Defeat Miners 16-0

Chuck Anderson pitched no-hit, no-run ball to shut out the F[illegible] leade Miners, 16-0, last Thursday night and put the Red Devils into the finals of the Ridge Conference Tournament.

The Sebring Blue Streaks also earned a spot in the finals by upsetting the Mulberry Panthers in the earlier game Thursday night by a score of 4-1. Jerry Sheffield's bases loaded triple was determining factor in the Sebring upset.

In the Avon Park - Ft. Meade game, Johnny Starling slammed out four for four at the plate for the Red Devils. One of his hits was a double. He drove in five runs and scored three times himself. Tommy Douberley came out of his batting slump and hit two for two and also scored two runs. Anderson and Cooper got Avon Park's other two hits.

Anderson struck out eleven Miners in posting his first no-hitter of the season. The game was an abbreviated five inning affair because of a tourney ruling which ends a game after five innings if one team has a ten run lead.

Sebring's win over Mulberry was an upset since the Panthers held two previous regular season victories over the Blue Streaks.

Trailing one run in the last of the fifth, the Blue Streaks scored three runs when pitcher Jerry Sheffield slammed out a triple off relief hurler Jerry Moore. Three walks, mixed with a sacrifice, had filled the bases. Sebring added another run in the sixth to put the game on ice.

Sheffield allowed seven scattered hits, two of them doubles by Leland Hagan and Hank Freeman.

Starter Leland Hagan worked four innings for Mulberry and held the Sebring boys scoreless. Moore finished out the game for the Panthers giving up four hits and allowing Sebring to score four hits.

Red Devils Win Ridge Title

The undefeated Avon Park Red Devils won their fifth straight Ridge Conference Baseball Title last Saturday night with an 11-3 win over the Sebring Blue Streaks.

Chuck Anderson, who was the winning Red Devil hurler for the first two tournament games, also took credit for the victory over Sebring in the finals. He came on in the first inning to relieve Dale Landress after Sebring had scored their three runs. Landress and Anderson shifted back and forth on the mound for the remainder of the game with Anderson ending up with 4 1/3 innings and Landress finally working in 2 2/3 innings.

Landress had difficulty with his control in his first two appearances on the mound but was steadier when sent back to the box for the third time in the sixth. Both of Sebring's hits was given up by Landress.

Sebring also had mound trouble. Three Blue Streak pitchers sent twelve devils to first on free passes and the Devils collected eight hits off the Sebring hurlers including a three-run triple by Landress and a double by John Starling. Landress and J. Starling also got a single each to lead the batting with two apiece while Billy Rouse, Winkie Williams, Jim Cooper and Chuck Anderson all hit singles for the Devils.

Catcher Leroy Starling gave a sterling performance behind the plate for the Devils. He tagged out two Sebring runners at home and pegged out two baserunners attempting to steal second.

Johnny Starling led the Devils' tournament hitting with eight hits for thirteen at-bats. His tournament hitting raised his season's batting average to .526.

The win was Avon Park's third of the season over the Blue Streaks and marked Coach Guy Garrett's 104th win against seven losses for his five years as Avon Park's coach. It was the fifth straight Ridge championship Garrett's teams have won.

Devils Seeded 1st In Tourney

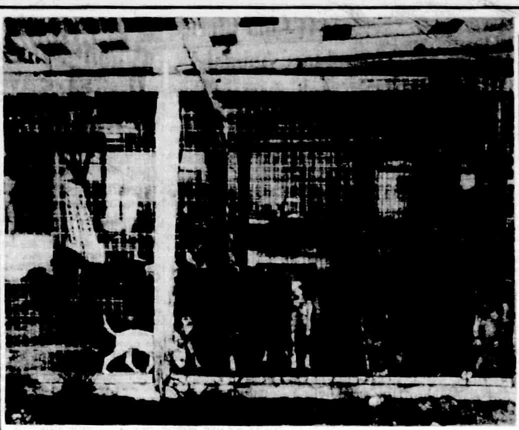
The Red Devils, seeded number one in the District Six Tournament, will be seeking a berth in the State baseball tournament this week as Sub-Group play starts here. The Devils will enter the tourney with a 17-0 record.

Thursday night pairings put Sebring against Haines City in the six o'clock opener at Head Field with the Red Devils scheduled to meet Wauchula at 8 p.m. in the nightcap. Finals will be played Friday night at 8 p.m.

The other sub-group meet of District 6 will be held in Plant City and will run simultaneously with the Avon Park meet. Second seeded Mulberry will take on Ft. Meade in that opener and Plant City will play Turkey Creek in the Thursday nightcap. In spite of Mulberry's second place seeding, Plant City is heavily favored to win that sub-group tourney because of late conference tournament showings. Plant City won the baseball title of the Southwest Florida Conference last week.

A best-two-out-of-three games play-off between the winners of these two sub-group meets will determine the district champion who will represent District 6 in Class A competition at the State tournament which will be held in Ft. Pierce June 10-14.

The play-off games will be on a home and home basis and are scheduled for Tuesday, May 14; Thursday, May 16; and Friday, May 17, if a third games is necessary.



THE POLICE DEPARTMENT picked up thirty stray dogs during the first couple of days of the City Quarantine, which was ordered by the Highlands County Health Department with the approval of Mayor E. A. DeLaney and the City Council. When an area is either voluntarily or actually quarantined, all dogs and cats should be vaccinated, and must be kept confined even though they have been vaccinated, for 90 days after the last case of rabies. Parents are urged to continue to keep their children away from all pets, and to report any bite received from an animal to the County Health Department.

Avon Park Motor Co. Entertained Employees

The Avon Park Motor Company entertained their employees Monday night, April 29, with a steak dinner at Griffin's Restaurant.

The Avon Park Motor Company, Avon Park's Ford-Mercury dealer is celebrating its 25th anniversary and the dinner was given in honor of the event and in connection with May being Safety Check Month.

May has been proclaimed as National Safety Check month on all automobiles and the Avon Park Motor Co. offers you a free ten point check up on your car.

Hospital Day Sunday, May 12

This is not an arbitrary day selected at random or through chance. Because a hospital's reputation is based upon the impressions that the nurse and her services leave upon the patient and his visitors, the birthday of time's most outstanding nurse, Florence Nightingale, was selected.

Miss Nightingale herself was quite the Eleanor Roosevelt of her day. She was born with all the social, financial, cultural and literary advantages of our day . . . the latter was very rare for a lady in her era. Through her family connections and her own charm she made influential friends and contacts among the ministers and governing bodies of England. Without their help some of her astonishing feats of reform could have never been accomplished. (During the Crimean War she, personally, reduced the incidence of death rate among the wounded from 42% to 2%) and was called "an interferring woman."

She was a religious and dedicated person. Because of her exemplary life, powers of leadership, and diplomatic determination she was encouraged to enter a religious order but after thoughtful consideration she took a stand and made the statement to the press, "I would far rather than establish a religious order, open a career highly paid (for women)."

A true suffragette she believed in "position for women" but she also enforced the idea that women should make themselves worthy of their position. In a time when it was common to bring in the women of the jails, or disinterested women unable to make a living any other way, to do nursing, she demanded intelligence, education, gentleness and polish as pre-requisite for nurses . . . and made the requirement stick.

With no more armour than her spirit, dedication and knowledge, she led the crusade for better nursing.

In her honor the pledge of every nurse who is presented and accepts a cap is: "I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care."

Medical advancement, public knowledge and hospital insurance, along with improved nursing methods have greatly increased the demand for nurses. In the March-April (1957) issue of The Florida Nurse the estimation is made that by 1970 Florida will need 15,000 active registered nurses, plus an equal number of non-professional personnel. Florida will be needing 1,200 news ones each year to maintain the supply since Florida draws some of its supply from outside the state, Florida schools should graduate 1,000 per year. As one-third of the nurses are needed in administration and public health, they will need baccalaureate degrees. 15% of the total will need preparation beyond the baccalaureate degree. At present there are 12 diploma programs and 5 collegiate programs in the State.

Florence Nightingale, born May 12, 1820, died August, 1910.

Avon Park.

Directors of the association who have served throughout this drive are J. Paul Garber, president; E. Ray Wells, vice president; Mrs. L. M. Lagoni, served as second vice president until the time of her moving from Avon Park to Orlando last fall; Mrs. Samuel A. King, secretary-treasurer; and Sam F. Longbottom and Mervin Rehrer. All are members of the Community Development Assn. which sponsored the reorganizing of the hospital fund-raising association after the C.D.A. Public Health and Safety Committee, under the chairmanship of Mrs. King reported that Highlands County had seven hospital beds, in Sebring, available for a Negro population of about 4,000.

The goal of $16,000 has been exceeded, and officers of the Association are grateful to those who have contributed, not only financially, but by giving their time and help in many other ways.

Walker Memorial Hospital is adding $9,000 of the grant receive from the Ford Foundation in addition to other funds of the institution to provide not only the elevator but other facilities for the colored people, including approximately 14 beds which will be made available in the South West wing for colored patients within a 40 mile area.

The order for the new elevator has been placed with the Otis Elevator Company and delivery is expected on or before July 1st. Heim and Heim architects drew the plans for the additional waiting room, etc. and Bennett and Moseley Contractors received the bid for the construction of the new addition.

The history of the Walker Memorial Sanitarium and Hospital daes back to 1947 when a citizen of Avon Park sought information as to whether the Seventh-day Adventists would be interested in operating a hospital in this area. When the Seventh-day Adventists agreed that they would open a hospital here if the present hospital building could be purchased from the War Assets Administration and if the community could raise $150,000 to remodel and equip the institution, local men established what is known as the Ridge Area Hospital Assn. In their drive they raised $142,000 which was turned over to the Adventists to establish the institution and it was dedicated on January 6, 1948. Since then the institution has operated as the Walker Memorial Sanitarium and Hospital.

During the nine years of operation many new facilities have been added and now the new program in caring for the colored patients is no longer a project of the future. This addition and elevator will mean a lot to the community, just one more step in progress.

Many of the residents of Avon Park can remember when there were no hospital facilities for anyone in our community and they are now happy and grateful to have such an efficient institution as the Walker Memorial to care for all residents of our community.

4-H Club Girls Stage Annual Achievement Days

Achievement Day, an annual affair sponsored by the Highlands County 4-H Club girls for exhibiting work done by club members during the year, will be held in the month of May. The dates set for the 16 clubs are: Lake Placid, May 10th; Avon Park, May 17th; Sebring High School, May 20th; Sebring Elementary School, May 24th and DeSoto City, May 27th. The time: 2:00 p.m. The place: in their respective school buildings.

Ribbons and prizes will be awarded to each girl who has an exhibit of her work on display. The exhibits will consist of prepared foods, table setting, canning, frozen foods, clothing, child care, gardening, home improvement, poultry, livestock, etc.

The Avon Citrus Bank of Avon Park and the Tropical State Bank of Sebring have contributed the money for the prizes again this year. From the list of winners the girls will be chosen to attend the 4-H Short Course in Tallahassee and the 4-H Camp Cloverleaf, Lake Placid. These trips are sponsored by the Highlands County Commissioners.

Parents and friends are invited to attend the Achievement Day display and view the finished work of the group. Refreshments will be served. The officers of each club will act as hostesses.

The 4-H Clubs are an important feature of the State's Educational System. Any boy or girl between the ages of 10 and 20 may join a 4-H Club. The clubs participate in many of the activities of the community that may escape the attention of the casual observer.

The 4-H Club work for girls in this county is under the direction of Miss Catherine Brabson, county home demonstration agent.

Barney Howard gave a report of the Industrial Conference to the Board at the meeting last week and told of the wonderful cooperation that he had received from members of the community in regards to the conference.

The Directors were urged to attend the Ground Breaking Ceremony at the Walker Memorial Hospital on Monday, May 6.

WIN PENDLETON

LOTS OF FUN — Gayety was the key note for the Florida colony in Washington last week as some 350 Floridians and guests gathered for the eighth annual reception and dinner honoring the Florida Congressional Delegation. The big blow-out was staged by the Florida State Chamber of Commerce — attending the National Convention here.

The usual receiving line and the usual hustle and bustle and the usual cocktail party before the dinner. Handshaking and back slapping. Friends who had not seen each other for a year or more; others who see each other every day or two. All the same.

Just too many old friends to remember, much less mention. There was Beverly Grizzard and Dora Lee and G. G. Ware from Leesburg; Frank Hayes and his lovely wife from Orlando; Walter Page, new public relations man from the Florida Citrus Commission; Bolivar Hyde, of West Palm Beach, Executive Director of the Flood Control District; Jerry Carter, Florida's Democratic National Committeeman; Lawrence Lee, of Jacksonville and Earl O. Shrieves, of Ft. Lauderdale, both Past Presidents of the U.S. Chamber of Commerce.

Everyone welcomed Frank Kennedy and his wife. Kennedy is the former Florida newsman who lives in Annapolis, covers Washington news for many Florida newspapers. Sharp news analyst Kennedy does a better job from his home than many writers who spend all of their time on Capitol Hill. Seldom seen around because he is almost totally blind.

And everywhere, Cliff Davenport, of Silver Springs, official host to the press — sticking up his tiny miniature "bumper strips" that urge everybody to "See Silver Springs."

Everyone wearing orchids — flown from Miami as favors by the Riddle Airlines; courtesy of the Arvida Nurseries. And at each place, a souvenir grapefruit spoon — courtesy of Florida Citrus Mutual.

Special guests were the ambassadors from Latin-America and Canada, with Executive Vice-President of the State Chamber, Harold Colee, doing a superb job of introducing them without a single slip.

After the invocation by "Hecoon" Bob Sikes (he should have been a preacher, someone said), the dinner swung into high gear. Claude J. Yates, President, was toastmaster. He allotted each of the Florida Delegation three minutes to speak and turned them loose.

Only members missing were Dante Fascell of Miami and lone Republican Bill Cramer of St. Petersburg.

The speakers generally ran "slightly" overtime, but in each case they claimed they were using "part" of the missing Cramer's time. Here is the box score — shown in minutes and seconds — kept with our stop watch. Senator Holland, lead off man, 7:15. (This was described by Senator Smathers as a "Senatorial" three minutes—said he'd speak a "Longine" three minutes. Smathers' time, lowest of all: 2:45).

Syd Herlong was the only other member able to control himself with 2:47; Then Billy Matthews 5:08; Paul Rogers, 4:49; Charlie Bennett 4:10; Jim Haley 4:00; Bob Sikes 3:20.

Principal speaker of the evening was Leo Carillo of Hollywood, famed as "Pancho" in the Cisco Kid television series. Pancho made a big hit by missing his dinner — instead of eating he drew his picture with his autograph on the back of dinner programs. After his address more hand shaking and back slapping. Then the guests took the table decorations (limes, oranges, grapefruit) in paper bags and headed for home. See you all next year.

British cigarette smokers prefer the raw taste and odor of unaged tobacco, requiring the English purchase of bright tobaccos which are dried and and stored in such a manner as to prevent aging, while American smokers prefer a mild smoking flavor without the rawness of unaged tobaccos, a full fruity and spicy odor, devoid of any green or haylike odors, according to Elmo Jackson in his University of Florida Press book, "The Pricing of Cigarette Tobaccos."

24 Join C Of C As Associate Members

The Avon Park Chamber of Commerce is happy to announce that 24 purchasers of the Avon Park Lakes Development have already joined the Chamber as Associate members.

Only a small portion of the letters have been mailed to the Avon Park Lake purchasers but members have joined from 12 different states, New York, Mass., Illinois, New Jersey, Virginia, Michigan, Tennessee, Florida, Indiana, Mississippi, Kentucky and Maryland.

The Chamber is sending each purchaser a letter inviting them to join the Chamber as an associate member and is including a copy of the Avon Park Chamber of Commerce Official Publication Bulletin. It is the Chamber's desire to make them feel welcome to our community and to let them know what is going on in Avon Park.

ANNUAL FLORIDA DINNER The Florida State Chamber of Commerce held its annual dinner honoring the Florida Congressional delegation at the Sheraton Hotel in Washington Tuesday evening, April 30. Over 350 Floridians and other guests, including many diplomats and their wives from Latin-America and Canada, enjoyed the State Chamber's unmatched hospitality. Flowers, fruit, food and Florida fellowship were much in evidence. We greatly enjoyed greeting and visiting with many friends who were here, most of whom were attending the sessions of the U. S. Chamber of Commerce.

MIAMI PORT CONFERENCE Representatives of the City of Miami were here for a conference in my office April 30 on the construction of a deep-water port. The objective of the group was to speed up the filing with Congress of a new report of the U.S. Engineers, based on a recent resurvey and re-examination of the old original authorization, which we obtained by Congressional action last year. Satisfactory progress is being made and the Army Engineers have agreed to expedite the matter in every way possible. Representing Miami were Dr. Robert T. Spicer, President, and Fred Canel, General Manager of the Miami-Dade County Chamber of Commerce; General Evans, City Manager, and D. G. Volkert, Consulting Engineer; others joining us for the conference were representatives of Senator Smathers and Congressman Fascell.

SCHOOL GROUPS AND SAFETY PATROL VISIT — Since my last report, four more groups of High School students have visited Washington—from the Hawthorne, Pierson and Pasco (Dade City) High Schools and from Miami Edison High whose Cadette Corps visited us on their way to the Apple Blossom festival at Winchester, Va. Boys and girls numbering hundreds were here from various parts of the State on May 3 and 4 to attend the National Assembly of School Safety Patrols. I was happy to greet many of these fine youngsters and when possible to join them for pictures.

DROUGHT BILL SIGNED—The President has signed into low the Deferred Grazing Bill which I reported two weeks ago as having passed the Senate and House. While the pendulum has swung to the other extreme in some of the drought-ridden sections of the Nation which are now flooded, this law will provide a long range program for ranchers in those areas where nature has not provided relief, as well as in the worst hurt sections where several years will be required before the grass can be restored.

NEW PRESIDENT FOR EMORY — On April 18, on my way home for Easter I attended an Atlanta meeting of the Board of Trustees of Emory University where we elected Dr. S. Walter Martin to succeed Dr. Goodrich C. White, (retired) as president of the University.

Dr. Martin, a native of Georgia and for years Dean of the Liberal Arts College at the University of Georgia, is almost a Floridian. He began his teaching career at Palatka High School in 1932 and married a Palatka girl, the former Miss Clare May Philips. He is also the author of two well-known Florida historical works, "Florida During the Territorial Days" and "Florida's Flagler".

FLORIDA VISITORS — Welcome visitors to my office last week were Mrs. Christine Wilcox, wife of the late Florida Congressman, J. Mark Wilcox, who so ably represented our State in the House, and Mrs. Ed F. Stumpf, wife of the editor of the Palm Beach Post-Times. Senator Smathers and I were happy to have these ladies as luncheon guests in the Senate Dining Room last Wednesday noon.

CIVIC CLUB VISITS — Dur- the brief Easter recess of Congress I was able to pay one of my rare visits to my own Kiwanis Club at Bartow on Good Friday. The program for the day was attendance at community religious services. The following Tuesday I spoke before the Lakeland Rotary Club at another most pleasant get-together.

HARD WORK AHEAD—The difficult period of this session of Congress began with the resumption of activities April 29, following the Easter recess. Ahead lie many important matters which must be disposed of, including appropriations for the operation of all government departments, as well as Foreign Aid, Federal Aid to schools, Civil Rights, Housing, and other controversial issues.

The Senate Appropriations Subcommittee of which I am Chairman resumed hearings on the Appropriations bill for the Department of Commerce and related Agencies Monday, April 29. We are taking a close look at the Department's request for funds and expect to recommend substantial economies.

WILL AND A WAY — A grand success story was revealed when Mrs. Genevieve Farris, a young St. Petersburg lady who suffered a polio attack four years ago, was named Goodwill Worker of the Year. The award was conferred at a banquet in Mrs. Farris's honor at the Mayflower Hotel here Friday evening, May 3. Despite her physical handicap, Mrs. Farris has carried on gainful employment in a remarkably efficient manner. Her splendid example of determination is a good lesson for us all. Floridians here and elsewhere are proud of Mrs. Farris's accomplishments and of the merited recognition she has received.

WEEK END SCHEDULE — I have accepted an invitation to speak at the Guided Missile employees Appreciation Day Celebration in Titusville, Sunday, May 5.

Worried about the atomic bomb and the effects of radiation? Well, you concern is nothing new, says Dr. Arnold B. Grobman in his University of Florida Press book, "Our Atomic Heritage," pointing out that in 1896 a bill was introduced into the New Jersey legislature prohibiting the use of X-ray opera glasses in theaters.

How This Newspaper Helps Advertisers...

Ring up Sales

You have at your disposal the finest advertising research system ever devised—the cash register.

When you run an advertisement, you listen to the cash register the next day. If it rings merrily, you know that your advertising was effective. Sales, in the final analysis, are the main reason why most people advertise.

Your experience in selling and your knowledge of your products and services have a perfect ally in our experience—as typographers, as market analysts, as newspaper people, and, in fact, as successful advertisers, ourselves.

Let us show you how this combination of experience, building together on an accurate knowledge of our audience,* can help ring up more sales for you through more effective advertising.

Call us this week.

11th Annual Convention Of F. H. A.

"Your Time A Challenge", was theme of the 11th Annual Future Homemaker of America Convention held April 5-6, at the Fort Harrison Hotel Clearwater, Florida. The motto "Learning to Live Better Today in order that our Lives and those of our Families may be Better", expresses the aims of the F. H. A. Underlying these aims are the eight purposes of the organization:

1. To Promote a growing appreciation of joys and satisfactions of homemaking.
2. To emphasize the importance of worthy home membership.
3. To encourage democracy in home and community life.
4. To promote international good will.
5. To foster the development of creative leadership in home and community life.
6. To provide wholesome individual and group recreation.
7. To further interest in home economics.

The membership of the F. H. A. is 400,000 girls and boys. For [illegible] days 600 girls represented 49,000 members in Florida. There are 171 Chapters in Florida schools, with three chapters in Highlands county. The girls who represented the Avon Park Hi Chapter were: Charlotte Albritten, Frankie Thorp, Edith Wilson and Mrs. Charles Moseley adviser.

The representatives of the various F. H. A. Chapters convened in Clearwater for the purpose of electing their State Officers.

Many meaningful discussion groups met during the Convention, and in addition to gaining information and exchanging ideas, there was much inspiration to be gained from having attended.

As Future Homemakers of the world through their membership they should be better equipped to cope with problems as they arise.

F. H. A.

The F. H. A. have been having quite a few bake sales lately, at the South end of the main building. They have sold home made cupcakes, fudge, cake, and etc.

They have also successfully sold blue, yellow, red, pink, and green hangar covers. They are planning a banquet, May 10, at the Jacaranda Hotel. The money they get from their sales goes for this banquet.

Editorial

Shortages of school rooms, teachers, and school materials are among the major issues that are being discussed throughout the nation today.

Crowded class rooms hamper the ability of the students to learn. Teachers are unable to give the individual help that is extremely necessary for those students who find it difficult to keep up with the class.

Citizens realizing these problems have started dealing with the current ones of today. It is, however, up to you the citizen to get behind and support your school program in order for your child to have a teacher, books, and the type of class room that enables him to learn adequately.

It is widely agreed upon that "Better Schools Make Better Communities."

H. S. Library News

The newspaper rack in the library was too wide for the space where it was used, so Mr. Goff's shop boys cut it down to fit. They did a fine job and appreciation goes to them and to Mr. Goff. The newspapers will be used in the library now that the rack has been made useful.

The Juniors are having a busy time writing term papers the past few weeks. They use the library in groups in order to do much of the needed research work on their papers.

During the last week in May when pupils are returning all library books, they can get their reader cards they have used this year. If there are two or more cards used, they will be stapled together and given to pupils as they request them. Many pupils have filled several cards-one boy will soon fill his fifth card. There are 25 spaces for book titles on a card. On the whole, the read record is very satisfactory.

This school year, 277 new library books have been bought and processed. Nearly all of them have been in circulation since the last of February. That is all for this school year except three books which come each month by subscription order. Each month one Easy book comes, one book of particular interest to boys and one book of particular interest to girls. Six more books will come and be put into circulation before school Is out-three during April and three during May.

During the summer, many of the worn standard books will be sent to the bindery. After being rebound, books usually will last over 200 circulations. The publishers's binding will usually not last more than from 25 to 35 circulations, so it is an economy to rebind books when they are so constantly in use.

Orders are now being made for supplies, magazines, and new books for next year. These orders are made by the county after school closes and usually these materials come before school opens again in the fall.

Glee Club News

The A. P. H. S. Glee Club, under the direction of Mr. Foster, attended the District II Vocal Contest held in Sebring on March 30th. The group entered class "C" competition and received a rating of excellent.

The numbers performed for this contest were.

"Flowing River" by Repper
"A Shepherd's Tune" by Klemm
"Ave Maria" by Schubert, A solo by Elaine Hunt.

The judges were: Mr. J. Lupkiewiez, Mr. Roy Wood, Mrs. Ruth Richardson Carr, Mr. Glenn Boatwright.

This contest proved to be a very worthwhile experience for all concerned.

The Avon Park High School Glee Club traveled to Frostproof on April seventeenth to provide a special musical asembly program for the students and faculty there.

The group, under the direction of Mr. H. M. Foster, gave a program which was well received by all. Since then, letters of appreciation have been received by Mr. A. B. Wilhite, Supervising Principal, and Mr. Foster from Mr. W. W. Read, Supervising Principal of Frostproof.

School Boy Patrol

The school boy patrol made a great success of the Hypnotist show. They collected $200, which they used for their uniforms and equipment. Lamon Money, was voted in as a new member at their regular meeting, April 8.

They are planning to send Joel Black Long, and Archie Morrison to the National School Boy Patrol Convention at Washington D. C. They are going during the week of May 7 through the 12. Anyone who wishes to give donations toward sending a worthy member of the patrol to Washington, would be appreciated. Donations can be made directly to the School Boy Patrol at the High School office or to the Community Safety Council.

Baseball Sports

The Avon Park-Fort Meade game ended 19-1 in the fifth inning. Billy Rouse the winning pitcher, in his first mound duty, allowed only one hit, striking out seven and walking three. Losing pitchers were McKennie, Wood, and Williams. The Miners' pitcher gave the Red Devils 25 free trips to home plate.

In the Ninth game of the season, the Red Devils traveled to Frostproof and ended up with a 9-6 victory. The winning pitcher Dale Landress with L. Starling behind the plate. The losing pitcher Mitchell and L. McKenzie catcher. Dale Landress pitched a no hit game against the South West Florida Conference Pasco Pirates. The Red Devils walked away with a 9-0 win. Landress pitched L. Starling was behind plate. The losing pitchers were Potar, Abney, and Moore.

Saturday night the Avon Park Devils played host to the Kissimmee Cowboys. Playing the closest game of the year the Red Devils came out on top with a 3-1 win.

B's BASEBALL

The "B" squad game with Wauchula was a home game. The boys lost 8-2. The losing pitcher was G. Bass with Maxey behind the plate. J. Antley was the leading hitter.

The Lake Placid game was played here. This time the boys won 13-3. With Antley pitching and Budd behind the plate. The leading hitter was J. Antley.

Sebring came here and went away winners by a 1-2 win. The losing pitchers Bass and Antley and catchers Budd and Maney. The leading hitter Antley.

Art Club

Mr. Sirlo is teaching his Monday and Tuesday art club how to do prospective drawing. Recently the intern Lynn Morris did a Water color sketch for the class. In the past year the club has learned how to draw flowers, tree, and the human skeleton under his supervision.

Tease, Tattle, And Please

We hear that Ben and Guelda broke up. How about that, Gene?

Is it fact or rumor that Janet S. and Danny Jo T. are getting hitched before school's out?

Jerome A. is kinda sweet on Clavie M. Right Jerome?

We hear that Frances F. and Jerry Mc are applying for membership in the steadies club.

Billy R. and Eleanor K. seem to have reconciled.

Betty Sue M. and Jimmie S. have been seeing a lot of each other lately.

Dora Sue P. has taken a sudden interest in jet planes. (and a certain jet pilot).

Mary K. remember bus ride home from the F. S. U. Circus?

Was Glenn H. really born to be a bachelor?

Clytee C. seems to keep standing by the stairs by the homemaking room. How about that Chester?

Band News

The Avon Park High School Band has participated in many affairs this year, the most recent of which was the Red Devil Circus held the 13th and 15th of April. The Band provided a fine background of music which greatly enhanced the Circus atmosphere. Playing for the Red Devil Circus is well on its way to becoming one of the traditional events in which the Band particapates.

Mr. Gene Gorman, with his fine showmanship and wide varied musical background, is a most ideal and logical director for circus music; since he has had professional experience with circus bands.

In addition to its Circus work, the Band has been doing many other things. The Band has accepted several invitations to march in some of the outstanding parades of our State, such as: Gasparilla in Tampa, the Edison Pagent of Lights in Fort Myers, and the Sunshine Festival in St. Petersburg.

The Band has also continued its fine and enviable record of attaining all SUPERIOR ratings at the District Contest held this year at Fort Myers.

The annual practice of entertaining the local residents and winter guests with fine band music each alternate Sunday afternoon has been another fine community service rendered by the Band and Mr. Gorman.

Class News

A hayride was enjoyed by Mr. Whetstone and his homeroom, March 24. It began about five-thirty that afternoon. The truck they were using stopped several times on the way. By the time they arrived at Sand Mountain, about nine o'clock, it had begun to rain. They ate their lunch there, then started home. On the way home the truck stopped in the sand and everyone had to help push it out.

They arrived at the school house about twelve o'clock. Despite the rain and trouble, almost everyone enjoyed the ride.

Mr. Smedley drove the truck. Mrs. Sasser, and Mr. Dade were chaperons.

Miss Pearson, Mr. Maness and fifty students from the Freshman, Sophmore, and Junior classes, are planning a trip to Tallahassee. They are making the trip to learn more about our legislature. The bus will leave Avon Park April 24. They will tour the State Capital and see how our legislature operates. At night they will stay on the campus of the college. They are to return home April 26. It is sure to be an enjoyable trip.

MR. MIRACLE

Mr. Miracle's Home room 8-1 will receive the Homeroom beautification award from the Student Council Thursday.

Mr. Miracle's History Class has entered the Daughters of American Revolution Contest. In the contest the students who made A's the first semester will receive certificates of merit for the contest. The following in the contest are Robert Collier, Jimmie Bates, Betty Sue Mills, Hetty Leighton, Earl Allison and Gloria Durrance will receive them, and the three girls mentioned also entered the contest on "How My Study of American History could help me fulfill my obligation to my country as a citizen".

We enjoy soft ball games during our home room period every Wednesday.

MRS. REDDICK

The Seventh grade English Classes are studying the tenses of verbs. They are also learning how to conjugate verbs.

The Eighth grade English Classes are studying the parts of speech. They are writing letters to their Teacher, and in these they are giving their plans for the summer. They are also writing descriptions.

In 8-1 we are very proud of David Collier who was the runner up in the county spelling contest. He will go to Miami May 3 for District contest.

MR. VARNES

Mr. Varnes' 7-3 Class has undertaken an interesting program by helping the school with putting a garden at the Old Elementary school. The garden is progressing very nicely and makes a great improvement in back of the Elementary building.

They have planted several plants along with spriging the bare spots with grass.

At the present time the class is preparing a cut flower bed.

MR. FOSTER

Mr. Foster's Seventh grade Geography and Eight grade music classes have enjoyed many colored slides taken in several European countries. The slides help considerably in bringing vague and unintesesting facts about far away countries to life for the students. Seeing the beautiful settings for songs about such romantic places as Sorrento and Venice sets a background for the music students which is very meaningful.

Mr. Foster's homeroom 8-3 has enjoyed the keen competition with the other Eighth grade homerooms in softball.

This Issue

Mr. Foster's ninth grade English Class is sponsoring the April issue of The Devil's Chatter. Eulora Kelley is serving very capably as Editor of this issue.

Mrs. Anna Belle Worden Speaks To Senior Class

Mrs. Anna Belle Worden, executive secretary of the Avon Park Chamber of Commerce, spoke to the Senior Class of the local high school Monday, May 6, on what is being done to promote industry in Avon Park.

She told the seniors what information industry seeks when scouting for a new location, and listed the following good points that Avon Park had to offer.

Above all Industry wants an attractive and livable place for their employees and our famous mile long mall presents a lovely appearance and is also a trade mark for our city.

She further stated that Avon Park has a good water supply, excellent electric service and supply, a wide selection of denomination in our churches, a well-equipped fire department, good street lighting, a wonderful climate and friendly residents.

Mrs. Worden had to admit that there were still some changes Avon Park needed to make to bring our community up to the standard that industry is seeking; one is the lack of enforcement of the zoning laws, another is, there is not enough skilled labor; no community center and then the great need to improve and extend our City sewer system to serve everyone within the city limits.

If cancer had been conquered only a dozen years ago, nearly 2,500,000 Americans would not have died of cancer. Give to the 1957 Cancer Crusade so that the fight against this disease can be carried forward.

MEEKER'S HITCHING POST RESTAURANT

Hospitality and good things to eat is one thing everyone can be sure of when they stop at Meeker's Hitching Post just north of Avon Park on U. S. 27 and U. S. 98. Mr. and Mrs. Jerry W. Meeker purchased the business in November of 1954, since then they have continued to improve the restaurant and service station until it is one of the finest to be found.

While customers are enjoying a delicious meal a service attendant cleans the windshields of their car, and will gladly service it at Meekers Phillips 66 Station. The Service Station is open 24 hours a day and free coffee is served to all truck drivers day and night.

The restaurant will seat 40 persons at one time and is open from 6 a.m. until 9 p.m. with a number of courteous waitresses to serve you without delay. The Meekers specialize in broiled chicken, seafood platter and roast turkey at all times and have certain special dishes that they serve as extras on set days. Saturday's special is pork rib with kraut, Sunday is baked chicken, Monday is salisbury steak and Friday is giblet stew and fish. These dishes are extras which the customers have requested be served on these days. At all times the customer has a wonderful selection of meats, fresh vegetables, and homemade desserts to choose from. Home made pies are baked in the kitchen daily by Mrs. Meeker. Your coffee cup is kept filled with delicious hot coffee at only the initial cost.

Mr. and Mrs. Meeker both grew up in the restaurant business, although at the age of 14 Mr. Meeker became a professional fighter. He has wrestled and boxed in nearly every Country of the World except Europe. His last professional fight was in 1949. They have one son, Butch, who is studying to be a doctor and is now attending the Marion Military Academy in Alabama.

Mr. Meeker is a member of the Shrine, Nascar Automobile Association and the Florida Truckers Association.

The Meekers extend a cordial invitation to all to stop in and enjoy a delicious meal and their kitchen is open for the public to inspect at all times.

Meeker's Restaurant are now featuring two daily specials, at lunch time only, for 75c per plate, with a different menu each day. Until further notice the restaurant will be closed all day on Saturday.

Rotary News

Franklin Ward, president of the Ridge Area Assn. for Retarded Children, presented a film entitled "Tuesday's Children" to the members at the weekly luncheon meeting of the Avon Park Rotary Club at the Jacaranda Hotel Wednesday, May 1. The film is being shown to a number of the civic organizations in town and deals with the problems of a family that has a mentally retarded child. It shows solutions to their problems through organization of other parents and means of providing education and training for retarded children. He also gave a few details of what the Assn. here was doing and what they hoped to accomplish. He further stated that the drive for membership for the Ridge Area Assn. for Retarded Children had not yet been started but a number of interested citizens have already joined.

Rev. Herbert D. Graetz welcomed W. A. Meyer as a new member to the Rotary Club. He presented him with his membership card and pin. Mr. Meyer's classification in the Club will be Newspaper Publisher. A short history was given on his life, Mr. Meyer was born in Nashville, Ga. and has been in the newspaper business for 38 years. He is a member of the Methodist Church in Georgia, and before coming to Avon Park he was associated with the Southern Stationery Printing Company in Valdosta.

The Avon Park Rotary Club now has a total of 48 members.

Visiting Rotarians included E. F. Armstrong, Hicksville, O.; Stan Skillin, Natick, Mass.; Bob Phencie, Depere, Wis.; Frank Morgan, Sebring; Mel Bass, Frostproof; and Eddie Stevens, Sebring.

IN MEMORY

In memory of B. A. (Bert) Frizzell who passed away four years ago, 12-23.

MRS. ANN WILHITE

COACH GUY GARRETT

The 1957 Pitchfork was dedicated to Mrs. Ann Wilhite, school secretary, and Guy Garrett, biology teacher and baseball coach, by the Seniors of the Avon Park High School. The announcement was made Monday, April 29, in the assembly program that the yearbook had been dedicated to them in appreciation for their many acts of kindness, and for their inspiration, guidance, interest and service to the school and to the entire community.

Johns Appointed Executive Secty. Of Florida O.M.A.

BARTON JOHNS

Tampa — Barton K. Johns has been appointed executive secretary of the Florida Osteopathic Medical Assn., Dr. W. S. Horn, Palmetto, association president, announced yesterday.

A former Tampa Daily Times reporter, Johns took over the newly-created job on April 15, and is responsible for both the administrative and educational activities of the group. Offices for the association, which has 300 members, are at 5009 Central Ave.

He has also been an account executive for the Frank Cowles, Jr. Advertising and Public Relations Agency, Tampa, and educational director for the Florida State Alcoholic Rehabilitation Program, Avon Park. A World War II veteran, Johns was called to active duty in 1950 and served as a public information assistant to Secretary of the Army Frank Pace, Jr., in Washington, D.C., and has a publications adviser at the Republic of Korea Army Hqs., in Taegu.

A native Tampan, he has a master's degree in journalism from the University of Florida, and is treasurer for the Gasparilla Chapter of the Florida Public Relations Assn., and a member of the Florida West Coast Chapter of Sigma Delta Chi, national honorary journalistic society.

Big Display Of Ford Tractors Friday, May 17th

Everything is in readiness for the Open House of Pass Tractor Company with the largest showing of Ford Tractors and Farm machinery ever shown in this section. This open house and display will be held at the plant of Pass Tractor Co. on U. S. Highway 17, south, at city limits of Wauchula on next Friday May 17th. A cordial welcome is extended to all who are interested in the new farm machinery lines that will be on display. Expert mechanics from the factory will be on hand to explain to all the new features that will enable farmers and grove owners to improve their equipment to make work more easy. Everyone is invited and the display will be all day long, so make your plans now to attend.

Butler On South All-Star Team

Coach Joe Franza, co-coach of the South team, announced this week that Nelson Butler, Red Devil all-conference end, will join teammates Dale Landress and Jim Rice on the South's all-star squad. Avon Park's championship 1956 Red Devil football team will be well represented at the high school all-star game to be played in Gainesville in August.

Butler, Landress, and Rice have all played football together three years under Head Football Coach Joe Franza and all three have been outstanding high school athletes.

Mr. And Mrs. C. E. Colinot Celebrates Fiftieth Anniversary May 6th

Mr. and Mrs. C. E. Colinot, employees of Walker Memorial Sanitarium and Hospital, celebrated their 50th wedding anniversary Monday, May 6. A program in keeping with the anniversary occasion was provided by their fellow workers at the institution and members of the Walker Memorial and Sebring Adventist churches.

Mr. Colinot was born in Hancock County, Ill., December 5, 1878 and Mrs. Colinot in McDonna County, July 10, 1889. However, Mr. Colinot met his bride in Louistown, Mo., where his parents had moved when he was 16 years old. They were married at Durham, Mo., May 6, 1907. Twenty years of their married life was spent in Missouri.

Just before coming south to Tennessee in 1929, Mr. Colinot had served two terms as postmaster at Monticello, Mo. They have been at Walker Memorial since March 1951.

The Colinots have three children, Mrs. Earl Hughes, employed in the nursing department at Walker Memorial, Willis Colinot of Vandalia, Ohio, and Mrs. Alice Hinkle of Springfield, Ohio. There are seven grandchildren.

Purchasers From 36 States Buy Lots At Avon Park Lakes

CLARK — Model 8 . . . .

Life begins at forty — but plans for an eventual life of retirement in Avon Park's sunshine apparently are being made at an even earlier age for an amazingly large percentage of people.

The Avon Park Chamber of Commerce, sponsoring the sale of homebuilding sites here, reports that approximately two out of every five retirement-minded purchasers are under 40 years old.

Covering the sale of 6,438 lots to purchasers from 36 states, Latin America and Europe, the Chamber's survey also shows as many purchasers under 30 years of age as in the over 60 age bracket, the most commonly recognized retirement-minded group. Each of these age categories registered fifteen percent of the total.

Approximately 20 percent of the buyers are in the 30 to 40 years age group; twenty-five percent in the forty to fifty year group; and 25 percent are from 50 to 60 years of age.

Sales at the 2200-acre homesite development started three moths ago. According to R. J. Barben, president of the Chamber, it was anticipated originally that homesite purchase would appeal most strongly to already retired elderly persons or those contemplating retirement within two or three years. He noted that the fact that so many buyers have selected that place of retirement twenty-five years or longer in advance is an interesting commentary on the strength of the "looking ahead to the leisure life" attitude among comparatively young persons.

However, running counter to this trend is the purchase of a group of lots by a 92-year old woman. On her application she stated her intention of building a home "someday when I old enough to retire."

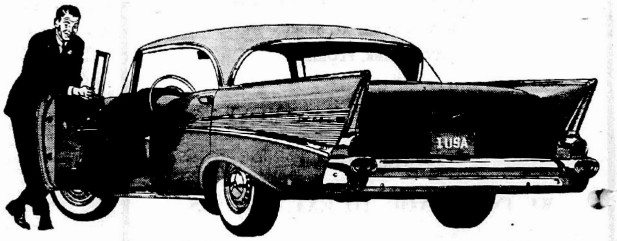
Drive with care . . . everywhere!
come try Chevrolet's new *Triple-Turbine take-off!*



Sweet, Smooth and Sassy—that's Chevy! Model Illustrated, the Bel Air Sport Sedan with Body by Fisher.

Turboglide is the first and only triple-turbine transmission! You can *feel* the difference from your very first take-off!
Just slip Turboglide into "D" for "Drive" and pay it no mind. There is no "Low" or other positions to worry about.
For this is the automatic with *triple* turbines. One for quicksilver starts from a standstill. Another for cream-smooth cruising. And a third turbine for passing response that's safer all the way.
In GR (Grade Retarder) position Turboglide helps slow you down—saves your brakes on long, steep hills.
When you team Turboglide with Chevy's new Positraction rear axle, you've really got it made! You have surer, safer control on any road surface.
Try a sweet, smooth and sassy Chevrolet with these two new extra-cost options at your Chevrolet dealer's.

Livingston's Report From Tallahassee

The largest budget in the history of our state has been adopted, 560 millions of dollars. Several of us have tried to have it reduced by 5%, but to no avail. I believe it can be said without serious contradiction that the budget contains more than 5% water, but the Appropriations Committee feared if one cut be allowed it might open the gates to numerous reductions.

It follows that taxes must be increased, for our anticipated revenue is up 15%, whereas our spending has been increased by 30%. I felt it was not good business to operate the state in such a manner, for surely as individuals we could not long sustain our family on a similar plan.

The Senate version of the budget is higher than that of the House by some 12 million. A Conference Committee will be appointed to work out the differences — usually it results in a compromise of the two adopted budgets. This time, because of the increase, I believe the lower amount will probably be acceptable.

We are fast approaching the last two weeks, when things really begin to happen, for then we will work on special order. Usually seven or eight bills are set for special position on the Calendar. If the first ones happen to be controversial there is the possibility that they only will be considered during that day. It is most disappointing to have one's bill come within the next one to be considered and adjournment occur.

Some of our residents think the Legislature should meet once a year instead of every two years .There is quite a bit of merit to such suggestion, for we don't have the time or opportunity to seriously consider many of the bills presented. Should the annual meeting ever occur, I would recommend that all proposed bills be submitted a month in advance, thereby enabling each member to examine them in peaceful meditation. We surely don't have such opportunity here — the noise and confusion exists even while the House is in session. I used to have a nice, quiet seat at one corner of the House Chamber — now it is very noisy.

I just saw Mr. Sam Pendleton of Avon Park. He is here to visit old friends and his kin, in that he was in the grocery business here prior to moving to Highlands County. Sam has the happy faculty of always being able to joke and help to scatter sunshine.

The most bitter fight imaginable is one between a multiple delegation concerning local legislation. It usually results in an acrimonious discussion causing the House members to split — usually voting for whichever member they like best. Many of the two or three man delegations endeavor to iron out their differences beforehand, and usually do. At times, though, the differences cannot be reconciled and the fur flies. Some day — and perhaps not too far distant — we will have home rule, and then each county can settle their local problems at home, which to me is the proper place.

The pace is becoming a fast one, tempers are becoming shorter, with the hope and expectation of closing the 1957 session on schedule. I surely hope we can, for there's no place like home. Highlands County looks mighty good. Driving through some of the counties on the route to Tallahassee convinces me ours is one of the best.

Regards to all,
Howard Livingston

AMMO-NITE

AMMONIUM NITRATE FERTILIZER

33.5% NITROGEN

It's simple arithmetic! AMMO-NITE — with 33.5% Nitrogen — contains over twice as much N as 16% Nitrogen materials. Switch to "hard-working" AMMO-NITE (if you haven't already). With occasional, low-cost liming, AMMO-NITE provides a better fertilizer for your land . . . and your pocketbook! See the chart below.

Based on a use of 2,000 lbs. of actual Nitrogen, here's a cost comparison example of AMMO-NITE (33.5%) and 16% Nitrogens.

	For 2,000 lbs. actual N you need	Cost	YOU SAVE
16% Nitrogen	12,496 lbs.	$374.88 (@ $60 ton)*	
AMMO-NITE (33.5% Nitrogen)	5,968 lbs.	$262.56 (@ $88 ton)*	$112.32

FLORIDA POWER CORPORATION

ECONOMY WHEN YOU WANT IT!

Here's the secret of its greater gas mileage. In the J-2 Rocket a single two-barrel carburetor serves the engine, at peak efficiency, for all your ordinary power needs.

You choose your own kind of performance—you're in economy range up to ¾ throttle. Yet you enjoy famous Rocket action all the way.

POWER WHEN YOU NEED IT!

All three carburetors (six barrels) go into action, automatically, whenever the occasion demands. Push your foot to the floor, and you have extra safety power on top to whisk you up the steepest grade, or out of the path of danger. Here's alert action for added safety in any driving situation!

OLDSMOBILE NOW OFFERS YOU THE MOST EXCITING NEW ENGINE DEVELOPMENT SINCE THE FIRST HIGH-COMPRESSION POWER PLANT!

Greater economy for all normal driving! A greater reserve of extra safety power for the exceptional situation! That's why Oldsmobile's new J-2 Rocket Engine* is like two engines in one. And you, the driver, are in complete control of how you want to travel. For practically all driving needs you enjoy the fuel-saving economy of a single carburetor. Or, a touch of the accelerator past the three-quarters mark will bring two additional carburetors into use. This gives you gas-saving performance over a 50 percent broader operating range plus a reassuring reserve of power that means added safety. If you have not already tried the J-2 Rocket, your nearby Oldsmobile Dealer invites you to come in for a drive soon. Be his guest for a J-2 test. You'll find it is a totally new and wonderful driving experience.

*Optional at extra cost on all Oldsmobile models.

IN THE CIRCUIT COURT FOR THE TENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR HIGHLANDS COUNTY
IN CHANCERY—CASE No. 8246
BILL FOR DIVORCE

LILLIAN THRANE,
Plaintiff.
vs.
RICHARD THRANE,
Defendant.

NOTICE OF HEARING

TO: THE DEFENDANT HEREIN, RICHARD THRANE, WHOSE LAST KNOWN PLACE OF RESIDENCE WAS MECHANICSVILLE, NEW YORK.

You are hereby notified that a Bill of Complaint has been filed in this Court, in which Lillian Thrane is the Plaintiff and you are the Defendant, and the relief sought is an absolute divorce. You are therefore required to file your answer or other written defense in this cause on or before the 15th day of May, 1957, and that such filing may be done by mail, sending the original thereof to the Honorable H. T. Piety, Clerk of the Circuit Court, Sebring, Florida, and a copy to Otis Whitehurst, Attorney for Plaintiff, Okeechobee, Florida.

H. T. PIETY,
Clerk of the
Circuit Court.

NOTICE OF LOCAL LEGISLATION

To Whom It May Concern:

Notice is hereby given of intention to apply to the Legislature of the State of Florida at its regular 1957 session, for the passage of a local bill, the substance of which contemplated law is as follows:

To amend the Charter of the City of Avon Park, Florida, to provide for a two year staggered election for the Mayor and City Council of the City of Avon Park; whereby in the Fall Election of 1957 the Mayor and the two candidates for the City Council receiving the greatest number of votes for City Council shall be elected for a term of two years and whereby the three candidtes for City Council receiving the next greatest number of votes for City Council shall be elected for a term of one year, and thereafter all candidates shall be elected for a period of two years each.

The purpose of this Act is to provide for such staggered elections for members of the City Council as provided in the Official Ballot of the City of Avon Park as recorded in the September 6, 1956 Minutes of the City Council of Avon Park, Florida.

MERVIN REHRER,
City Attorney.

Pub. April 18, 25, May 2, 9

There are three ways in which persons can be exposed to atomic radiation, says Arnold B. Grobman, author of "Our Atomic Heritage," published by the University of Florida Press. First, by actual contact at atomic energy plants; second, through contact with atomic waste matter, some of which is burried, or dumped in rivers to be carried out to sea, or discharged in the air. The third way has already been demonstrated twice — at Hiroshima and at Nagasaki.

Everglades National Park, 1,100,173 acres of land, rock and water, was created in 1947.

"Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

Mrs. A. M., Watonga, Okla., adds, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!"

Model Photo

Science offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed *especially* to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone...and no *costly injections!*

Relief for 8 out of 10 Tested!

Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why.

Unlike aspirin and such "general purpose" remedies, this new tablet is a unique *combination* of special medicines . . . acts directly on the *cause* of these troubles . . . works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this.

Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again — without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

DO YOU KNOW?

By James D. Judd
Evangelist, Church of Christ

I am making an effort to get before you the teaching of the Bible concerning things that are practiced in the religious world. In order to do this as effectively as possible, I am asking your cooperation. And do you wonder what cooperation you can give? Well, by simply asking yourself or your preacher about the things I mention. Nothing should give a preacher more delight than to be able to help someone to a knowledge of truth as contained in the Bible. If he is certain that he is teaching the truth, he should welcome this opportunity. If he should not be willing for you thus to inquire of him, there is something wrong; and you should be determined to find what it is. It should also give you great delight to inquire of yourself and find that you are practicing God's will. You should be just as delighted to find that you are not practicing God's will, so that you may correct this mistake before it is eternally too late.

Last week we ask the question: "Where were preachers in the Bible ever called by the religious titles of Reverend, Doctor, Rabbi, or Father? "At this writing NO one has sent in the scripture although almost every religious preacher in town uses one of these terms. The truth of the matter is that the word "reverend" as applies to a name occurs only ONE time in the Bible In Psalms 111:9 we read that, "He sent redemption unto his people: he hath commanded his covenant forever: holy and reverend is his name. "In this language of David we learn that "reverend" is descriptive of God's name. What right then does man have to wear a term that is given only to God? And as to other titles worn by preachers note this statement of Jesus: "But be ye not called Rabbi: for one is your Master, even Christ: and all ye are brethern, And call no man your Father up the earth: for one is your Father, which is in heaven." (Matthew 23:8-9) Could you think of instruction that is plainer? How far has religion departed from that of the New Testament teaching of Christ? We should not give to human being that honor which is due God only. These matters become extremely serious when viewed from the Bible.

Now let us look at our question for next week. WHERE DOES THE BIBLE SAY ANYTHING ABOUT "GETTING RELIGION"? As far back as I can remember I have heard people speak of getting religion, I have heard preachers talk of it from the pulpit, radio and otherwise, but where is it found in the Bible? Yes, the word "religion" appears in the Bible but where does it say we are to "get this religion"? If you know of the scripture please send it in, and if you do not recall the passage ask your preacher. —Adv.

Progress is being made in the fight against cancer. Ten years ago we could save one out of every four persons who developed cancer. Today, the American Cancer Society says, one out of every three is saved.

CRACKER POLITICS

BY ALLEN MORRIS

Tallahassee—There are those who see another Dan McCarty in House Speaker Doyle Conner.

These are some of the parallel characteristics:

Each was, in turn, the youngest Speaker — Conner being 28 years and 3 months old at the start of the present legislative session while the late Governor McCarty was 29 years and 2 months old when first he rapped the gavel as presiding officer of the 1941 session.

Each native Floridian was recognized early by friends, neighbors and colleagues as a comer—McCarty had been chosen first at the age of 25 by the people of St. Lucie county to represent them in the House, and Conner was similarly chosen by Bradford countains at the age of 21. Each was elected Speaker without opposition, other aspirants having withdrawn.

Each undertook a career in agriculture — both McCarty and Conner having earned their degrees from the University of Florida's College of Agriculture, with the raising of beef cattle as their particular interest.

Each was an outstanding campus figure at Gainesville—both McCarty and Conner were selected for membership in Florida Blue Key, the leadership honorary, and each served as vice president of his class.

Each quickly shouldered more than a citizen's share of community responsibilities — both McCarty and Conner being elected to the presidency of their local Jaycee club and both were active in their hometown chamber of commerce and in their respective Rotary club and Shrine temple.

Each showed an early interest in statewide affairs — Conner already has been state and national president of the Future Farmers of America and secretary of the Florida Cattleman's Assn., while McCarty's labors included the state chairmanship of the American Cancer Society. Their time and talents also were given to committees for the betterment of Florida's government — McCarty on the Citizens' Tax Committee and Conner as a member of the Constitution Advisory Commission.

As a layman presiding over an assembly dominated by lawyers, Speaker Conner has gone about his parliamentary duties in the same uncomplicated manner that Speaker McCarty followed.

Those who relish floor duels **over procedures**, with emphasis falling upon the quirks of rules rather than the fundamental fairness of the outcome, have been as disappointed with Conner as galleryites of a generation ago compared McCarty unfavorably to such parliamentary masters as W. McL. Christie, S. Pierre Robineau and F. B. Harrell.

Conner dispatches the business of the House in the same way as he might acquire a Black Angus bull for his herd: by getting principals together for a quiet discussion.

There was quite a to-do on the floor the other morning about the aptness of a committee reference. This is important because a committee can either kill a bill or send it to the floor. As the days run out, a committee can actually kill a bill by holding it without taking action.

Conner ended the argument that morning by saying he had adopted a policy of receiving the recommendations of the committee chairmen. "It is impossible for me to read all bills," he observed.

By this shortcut of commonsense, the Speaker has put the chairmen on their honor. In more than one instance, a chairman who was opposed to a particular piece of legislation — and would have kept it bottled up in committee if circumstances had been otherwise — reported back that an inspection showed the bill did not really belong in his committee.

As Conner told the House at midway of the session:

"I want to tell you why I sometimes call the parties to a floor dispute up here for a little chat, instead of making an arbitrary ruling in favor of one of another. It is my conviction that most of the quarrels in this world happen because of misunderstandings. Often during this session, I think we have avoided bitterness by talking things over informally."

Where does Doyle E. Conner want to go after serving his turn of duty on the rostrum? "Back home," he says, "to Starke, Kitten (his wife, the former Johnnie Bennett of Marianna) and Doyle, Jr. (born Oct. 28, 1955)."

With Commissioner of Agriculture Nathan Mayo already having announced his intention to retire at the end of the present term, there are those who believe Conner's agricultural background might incline him toward offering his services as Commissioner Mayo's successor. Conner, however, says: "Let's finish this job before we start talking about another."

Cracker Crumbs—Rep. James S. Moody of Plant City, three-time chairman of the House appropriations committee, will step up to the prestige-laden chairmanship of the Legislative Council upon its reorganization at the session's end. The Council carries on the Legislature's between-sessions research. Incidentally, a staff reorganization also will come at that time . . . . Industrial Commission Chairman James T. Vocelle of Veroa Beach has the refusal of a judgeship when the Legislature goes home . . . . Two of the people who most cheerfully meet the burdens which fall upon them during the legislatime session: Senate Sergeant-at-Arms LeRoy Atkinson and Visitor Lot Manager Robert Harper . . . . A businessman-in-government, Hotel & Restaurant Commissioner Richard Edgerton of Mount Dora shook off suggestions that he follow the political course of buttonholing appropriations committeemen. Apparently these harried legislators appreciated the Edgerton non-political way, for the money suggested for his agency by the budget commission escaped the legislative axe . . . . Clerks carry communications between the two legislative houses. There's a formula by which these clerks are announced during the sessions: "Mr. Speaker, message from the Senate." A ruffled assistant Sergeant-at-Arms, however, stuttered out this version the other day: "Mr. Speaker, there's a lady here from the Senate."

Meat Animal And Tractor Projects Aid 4-H Clubers

Thousands of 4-H boys and girls in the state are learning the better way to handle farm animals and farm machines. They learn the economic factors, and safe tested methods in caring for cattle, hogs, sheep, and the family tractor.

The 4-H meat animal program — now in its 28th year — gives rural youth firsthand knowledge of breeding, feeding, and marketing. Members learn demonstration techniques, how to show animals, and many become expert judges. They are active in state and county fairs, often contributing much of their time and skill.

A half million club members throughout the nation have been helped through participation in the 4-H tractor program, and about 40,000 local leaders and Extension workers have been trained. Now in its 12th year, the program is set up to teach efficient use of tractors as well as other farm machinery. Skill in operation and proper care also are taught.

Superior achievement is rewarded. In the meat animal program, Thos. E. Wilson, a staunch supported of 4-H youth, provides awards which include eight sectional winner trips to the national 4-H Club Congress. National champions receive $400 college scholarships. Six will be chosen for 1957.

Twelve national winners in the 4-H tractor program also will receive a $400 college scholarship this year. State winners will take an expense paid trip to the national Club Congress. The American Oil Co. provides the awards for winners from this state. The oil company also cooperotes with the Extension Service in leader training clinics, and provides educational material.

Further information regarding enrollment in these activities may be obtained from the local Extension Agent.

Do You Have

OLD FASHIONED CHICKEN STEW AND DUMPLINGS

1 chicken or fowl (4 to 4½ lbs. (disjointed)
1 medium onion
1 stalk of celery
3 medium slices of salt pork (if bird is fat this may be omitted)
1 teaspoon salt
½ teaspoon pepper
Water to cover chicken

Cover chicken with warm water, add onion, celery, pork and seasonings, cover and stew gently until meat is tender. It will take 3 hours for a tough fowl, less for a younger bird. Remove the chicken when done to a heated platter and keep in a warm place until dumplings have cooked. There should be at least 4 or 5 inches of liquid left in the stew pan; if not, add some milk. The following recipe will do the dumpling trick:

1 heaping cup of flour
1½ rounded teaspoons baking powder
½ teaspoon salt
1½ large tablespoons cooking fat (stirred into flour with a fork)
1 egg
½ cup milk (there should be enough to make a moist dough)

Beat the egg in a cup and add milk. Mix these with dry ingredients, more milk if necessary to make a moist but not running dough. When the last dumpling has been dropped from a teaspoon into the gently boiling chicken broth, clap the pan cover on tightly and do not peak or remove the lid for 15 minutes, allowing the dumplings to become light and fluffy. Place dumplings around chicken and pour thickened broth over all.

You can cure cancer by pills, powders or the phony promises of quacks. Only your doctor can diagnose and treat cancer, the American Cancer Society says.
