Avon Park Plays Kissin' In Homecoming

Announcement was made this week that the scheduled Kissin'-in football game on Friday night, November 8, will be considered as Avon Park's Homecoming game.

Members of the graduating classes of 1948 and 1949 of the Avon Park High School will be honored guests at the game. Plans are being made for them to have lunch at noon in the High School lunchroom and during the afternoon they will attend a special assembly program and will also visit the classrooms.

Complete details for the Homecoming Parade will be published in next week's Avon Park Sun.

WELCOME RADIO STATION WAVP

A most hearty welcome is extended to Radio Station WAVP by the local merchants and the Avon Park Sun.

The new radio station will be an asset to the community for the best of programs and the finest of music will be broadcast. WAVP will present both national and local news and a daily devotional period will be heard on WAVP.

Ed Gardner, manager of WAVP, announced that the station's facilities are available to any recognized group interested in community development.

More than 450 children of all ages paraded through the streets of Avon Park in the Halloween Festivities sponsored by the Avon Park Junior Woman's Club and the Junior Chamber of Commerce on Saturday, Oct. 26. There were ghosts, goblins, devils, cow-boys, Girl and Boy Scouts, and many more represented in the large parade.

The Avon Park High School Band gave the parade stirring music to march by and the local police graciously stopped traffic on the Main while the parade streamed by. Mayor E. A. Delaney rode in a car driven by Irving Ford, then Mrs. Annabelle Worden and Judge Minnie Rehrer, voted the community outstanding citizens by the high school students, joined the parade, Miss Sylvia Foster and Jimmie Cooger represented Mr. and Miss Avon Park Senior High School while Miss Clytie Coleman and Jerome Antley were Mr. and Miss Avon Park Junior High. The Boy Scouts, Girl Scouts, Cubs, and Brownies added an impressive array of Avon Park boys and girls in their uniforms.

FOOTBALL TROPHY: This beautiful trophy, donated by the Avon Park Sun and the Avon Park Rotary Club, will be presented to the boy chosen as the most outstanding football player on the Avon Park Red Devil team. The trophy is on display at the local high school and will remain there until the end of the football season. The most outstanding player will be chosen by a committee consisting of James E. Turnbull, City Clerk; Rev. Herbert D. Grisset and Fred Montecosa.

Trick Or Treat Is For Small Children, Not Teenage Rowdism

It's a pity that some boys take advantage of an event that is intended for smaller children, and do damage to peoples property, such as was the case last Saturday night, when a bunch of teenagers in Avon Park, following a good parade celebrating Halloween.

"Trick or Treat" is for the little children and not for boys in high school and up in their teens. And as a suggestion, it would seem that it would be better to observe Halloween on the day and not a week before, since now the same thing will have to be gone through with again tonight.

Leonard Russ Denied New Trial By Judge Kinsey

Leonard Russ was denied a new trial last week by Circuit Judge Joe D. Kinsey on charges that misconduct by the jury that tried him for killing his wife resulted in a guilty verdict without a mercy recommendation.

A 12 man jury early in October found that Russ had been lawfully convicted.

Judge Kinsey after denying the plea for a new trial ordered Sheriff Broward Coker to deliver Russ to Raiford for safekeeping until the governor takes an order for his execution.

Russ was an first tried in July 1955 on an indictment accusing him of the first degree murder of his wife, Mrs. Lou Ann Chandler Russ in her apartment May 1955. On August 22, 1955, the new appellate court Judge William P. Allen imposed the mandatory death penalty, after denying Russ a new trial.

WAVP Trial Broadcast Heard In Va.

Lynd C. Motley of Danville, Virginia writes that Friday night he heard the trial broadcast of WAVP and that the program came in both loud and clear.

Mr. Motley, Chief Engineer and Assistant Manager of WVM, Radio Station in Danville, was a visitor in Avon Park in August and helped in the construction of WAVP.

In his letter to Mr. Gardner he stated how pleased he was that he could hear WAVP on the air last Friday. He also sends his best wishes to the many friends of WAVP.

Word was received Wednesday afternoon that William L. Bauer also heard the broadcast in Baltimore, Md., and that the program came in very plain and clear.

Gulf Ridge Boy Scout Council To Meet In Lakeland

Oil Heaters Cause 3 Fires

The Avon Park Fire Department was called out three times during the past week because of fires caused by heaters did only small damage.

On Saturday morning, October 26, an oil heater flooded at the residence of Roy Downey on West Hill Street and caused approximately \$10 worth of damage.

Monday morning at the Bass and Smith Feed Barn on the Waukegan Road and minor damage were reported.

Early Wednesday morning, October 30, a food oil heater at the residence of Verna Griffin on East Oak Street also did minor damage.

Prettification Plan—Please Plant Petunias Promptly

November was set for Community Pride Month in Avon Park at a meeting of various civic organization heads and their representatives held this past Monday afternoon. The meeting took place in the Chamber office with Mayor E. A. Delaney, representing the City of Avon Park, James Heim, President, Paul Jordan, Beautification Chairman, and Anna Belle Worden, Executive Secretary of the Chamber of Commerce.

It is recommended that all residents plant petunia annually for this month in order to make a more uniform and colorful beautification plan throughout the community. This particular flower was selected because it is easy to cultivate and makes a good showing at various seasons.

Word was received Wednesday afternoon that William L. Bauer also heard the broadcast in Baltimore, Md., and that the program came in very plain and clear.

15 Merchants Approve List Of Holidays

Fifteen merchants have approved the list of National Holidays in the survey being conducted by the Avon Park Chamber of Commerce.

Those who have stated that they would agree to the established seven National holidays on the list if the majority of the business firms would also agree to close on the same dates.

Although the survey is not complete it is felt that the majority of the merchants would close on the following holidays: Armistice Day, November 11; Thanksgiving Day, 4th Thursday in November; Christmas Day, December 25; New Year's Day, January 1; Memorial Day, May 30; Independence Day, July 4th; and Labor Day, 1st Monday in September.

RED DEVILS Vs. BULLPUPS

The Frostproof Bullpups will invade Memorial Field Friday night to offer the opposition for the Avon Park Red Devils.

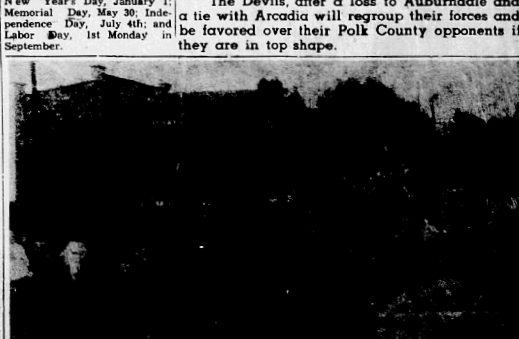

Frostproof will be seeking their first Conference victory and the Devils will be trying to improve on a 2-0-1 conference record. Both teams hold a win each over non-conference foes.

The Bullpups themselves have been hampered by the flu this season and have not as yet lived up to their pre-season expectations. They have been held scoreless in the two conference games they have played this season. The Bullpups nevertheless have some good running backs in Carraway, Wise, and Sullivan.

The Devils, after a loss to Auburndale and a tie with Arcadia will regroup their forces and be favored over their Polk County opponents if they are in top shape.

The Role Of Meat

Meat, it has been learned, contains much more protein and less fat and calories than we used to believe. That is the point of an address made by Rita Campbell, director of the Department of Nutrition, National Live Stock and Meat Board, at the 33rd annual convention of the American Meat Institute.

Miss Campbell drew largely on research directed by Dr. Ruth M. Leveton at Oklahoma State University. As an example, she pointed out that beef rump has half again as much protein as previously thought—and only one third as much fat and two thirds as many calories.

This knowledge is of considerable significance today, in the light of the controversy as to the value or harm which may be found in foods containing fat. As Miss Campbell

put it, "These new findings, we would hesitatingly rank among the most important findings to come out of meat research in recent years. In this age of calorie and fat-conscious weight watchers, these new findings will certainly work to the benefit of meat and meat products."

She also observed that the coming of labor-saving devices, with the reduction in the amount of physical effort exerted by most people, has brought changes in dietary requirements. Both men and women need fewer calories. At the same time, they must have ample protein, vitamins and minerals for proper functioning of the body and resistance to disease. So the role of meat in the average diet becomes a still greater one.

Good Bye Huck Finn!

Stephen Foster's "Old Black Joe" is a piece of immortal Americana, loved and sung by tens of millions of people over the generations. But it has been banned from certain air networks—on the grounds that it contains racially offensive phrases.

Now the New York City Board of Education has taken "The Adventures of Huckleberry Finn" from its approved textbook list for grade and junior high schools. A great many excellent critics regard Huck Finn as the greatest of all American novels, and practically all put it very high on the short

list of genuine classics. The New York Times reports a publisher as saying the book was banned because, like Stephen Foster's wonderful old song, it was held to contain racially offensive material.

There is only one logical end to such a trend. All literary and musical material which happens to offend anyone should be banned—whether those offended are white men, yellow men, or black men; Protestants, Catholics or Jews; business men or labor leaders, and so on ad infinitum. Then we can all live in a cultural vacuum comparable to the Ark Ages.

Winter Guest Club News

Over fifty persons attended the first Sunday Sing on October 20; let's make it over sixty for the first Sunday in November. Mr. Jerome Shila, who directs this activity, has planned a fine program; you'll be pleased with the special numbers, we know.

"Don't Fence Me In" was a popular song a few years back, one of our club members, we hear, are singing (perhaps wailing) "Don't Fence Me Out." The reason for all this being, in case you haven't been at the club for a few days, the fence now between the Park and the courts is being torn down. It seems the "Don't Walk on the Courts" sign had little or no effect in case you are one of those inclined to object to this obstruction, chances are ten to one you did NOT get

over and you'll see the fairness of it. It's a good thing the fence on courts 15, 16, and 17 has been eliminated. This has been a sore spot ever since the courts were constructed. Our deepest thanks to C. Brush and L. Hayes, beginning Saturday November 2, the tournaments will be played in the afternoon, starting time 1:30. These will be played each Saturday and Wednesday for the season. The point system goes into effect beginning Saturday. Who wants to let the weather turn real warm again as we wish we were playing at night? It never fails.

The first two numbers on the dance program Friday night were barely noticed—reason, greetings to the many friends who have just returned. They must have smelled that big snowstorm that blanketed the northern states over the weekend on your knees and help with the waxing, painting and cleaning of the courts during the past two weeks. Think of it, Wallace Wymen, we give

ELEVEN CHILDREN IN CLASS CONFIRMED OCTOBER 20: A class of twenty was confirmed at the Episcopal Church of the Redeemer on Sunday, Oct. 20, at 11:00 a.m. by the Rt. Rev. William F. Moses, Suffragan Bishop of the Diocese of South Florida. This was Bishop Moses' first visitation to Avon Park since his consecration as Suffragan Bishop in 1956. Shown here are the children confirmed and Bishop Moses. Left to right are: Owen Hower, Lee McDonald, David Ward, Peter Hutchinson, Robert Risher, Bishop Moses, Nancy Wright, Patricia Jones, Linda Lou Wester, Sharon Lee Jones, Judy Anne Waser and Betty Hutchinson. Adults confirmed were Mrs. David Rachel Blanks, Mr. Martin R. Blanks, Mr. Ernest I. Rogers, Mrs. Teresa H. Gull, Mr. Gaylord D. Gull, Mr. Albert C. Wester, Mrs. Eleanor Gardner, Mr. Harry R. Gardner, and Mrs. Mabel Greenleaf. Confirmation, or the "laying-on-of-hands," is a sacrament as ancient as the Church itself. It is always administered by a Bishop who are the successors of the Apostles. It follows and completes Baptism and admits those confirmed into full participation in the life of the Church. Those who are to be confirmed must attend a series of instruction in Church Doctrine. Confirmation is not a public proclamation of faith by the individual, but is, the Church teaches, a sacrament which gives spiritual strength and grace to the confirmed. Following the service Sunday an informal luncheon was held in the Parish House to honor the Bishop and the newly confirmed.

Fla. Ave. Baptist Church News

Mrs. H. D. Henderson was entertained with a surprise Farewell Party in the Social Hall of the Florida Avenue Baptist Church on Friday evening, Oct. 25.

A Halloween motif was carried out in the decorations and Mrs. John Hall, dressed as a ghost, greeted each guest. As Mrs. Henderson arrived, she was met by Mrs. Ray Hall and Mrs. J. M. Gilbreath who informed her that she had been chosen as the Halloween Queen and dressed her in her robes. Mrs. Henderson was then escorted to an improvised throne to reign for the evening's festivities.

Clever games and relays were enjoyed by the guests after which the honoree was given a clue that started her on a treasure hunt. The last clue directed her back to the throne where she found lovely going away gifts as her treasure.

While Mrs. Henderson was opening her lovely gifts a birthday cake and presents were brought in as the surprise "happy birthday" to a surprised Mrs. Gilbreath. The party was a complete surprise to both the honorees as each thought she was attending a party honoring the other.

Coffee, cakes, and cake were served to the twenty-five guests who attended the happy event. It was marked by sadness at the moving of the Hendersons to Arkansas as they are leaving a host of friends in Avon Park.

The Women's Society of the Florida Avenue Baptist Church planned the party.

First Methodist Church News

Welcome Sunday School Class Members of the Welcome Sunday School Class of the First Methodist Church enjoyed a fish supper at the home of Capt. and Mrs. Charles McCormick on Thursday evening, Oct. 24.

After the delicious supper a business meeting was conducted and then the twenty-one members enjoyed an evening of fellowship and games.

The J. O. Y. Sunday School Class

in Halloween costumes of hard times got up the J. O. Y. Sunday School Class of the First Methodist Church gathered for a gay Halloween party at the home of Mr. and Mrs. Hubert Bussard on Lake Viola.

During the evening the old favorite games of Halloween were enjoyed by the group. Bile the apple on a string brought forth lots of amusement. Fortunes were told by a witch. Mrs. Bussard, who still rel the pot and pulled forth the fortune of all the guests. The Horror House the upstairs of the Bussard home) was explored by all who were properly scared.

Refreshments were served on the porch on an attractive Halloween table. Punch, cookies, and popcorn were enjoyed.

Members present, Mr. and Mrs. Hubert Bussard were visitors at the party. Mrs. Bussard was assisted by Mrs. George Harrison at the party.

Methodist Youth Fellowship Two city members of the Methodist Youth Fellowship met at the First Methodist Church on Saturday night, Oct. 26, for some trick or treating throughout the city. At ten o'clock they journeyed out to the home of Mr. and Mrs. Hubert Bussard for some Halloweening and some delicious refreshments of punch, cookies, and Halloween cake.

The boys and girls were delightedly scared by the Horror House in the Bussard upstairs. After refreshments and games the group attended the midnight show at the Hillman Theatre. Mrs. Willard Griffin and Mrs. Wiley Cothran, the group sponsors, were present at the evening of fun.

The Women's Society of Christian Service of the First Methodist Church will hold its regular monthly meeting on Monday, Nov. 4, at 8 o'clock in Wesley Hall. Cost 2 will be in charge of the program.

CARD OF THANKS

We wish to express our thanks and appreciation to all who rendered their services to make our sister funeral so beautiful.

Sincerely

M. H. Gribble & family

Mrs. Bonner our deepest thanks for her unflinching service of the past three years in this capacity. She has done us a great service through her work as our Bridge hostess.

For fun and food, remember the covered-dish supper at 5:30 on Saturdays.

The Tatler

"Teen-Town Talk"

The Saturday night Halloween Party at the Recreation Center was a very good time. There was a spot dance, which was won by Gauda Gaster and Wayne O'Connor, the prize was a Record Album, donated by Master of Ceremonies Jack Todd, who did a fine job of emceeing. Door prize, a box of Whitman candy, was won by Clara Penney. Refreshments were hot dogs and cold drinks.

Chaperones for the evening were Misses Mary and Miralee Duggan.

Next month Mrs. Stuart Ward will be chairman of chaperones, and any one willing to volunteer their services any Saturday during the month of November, please call her at 2-7471. Volunteers will be appreciated.

Slumber Party

Given Georgianne

Godwin Oct. 25

Georgianne Godwin celebrated her eleventh birthday on Friday, Oct. 25 with a slumber party for a few of her friends at her home.

The girls had a delicious supper with birthday cake and ice cream. After supper they popped corn, candied apples, and made candy. Early the next morning they got up and took a long hike before breakfast.

Girls who helped Georgianne celebrate were Tourista Gaster,

Louise Fordham, Lynda Shepherd, Barbara Jean Rigle, and Susan Booth.

"B" Squad Loses

To Arcadia "B"

The "B" squad of the Avon Park Red Devils lost a tough battle to the Hardee County Wildcat "B" squad 4 to 6 last Thursday night at Memorial Field.

The junior devils put on a demonstration of defensive football during the first three quarters, stopping drives of the little Wildcats at least three times inside the five yardline. It wasn't until late in the last period that the visitors were able to score.

Wachula's aggressive line-men charged in and tackled the Avon Park ballcarriers behind the goal line for their first two points. Soon after this they started a drive that finally paid off with a six-pointer. The point was no good and Wachula led 8 to 0 with about three minutes to go.

Avon Parks hard charging backs found holes in the visitors line and with the aid of a couple of penalties went across to score as time ran out. The point was no good.

Both teams looked good. Wachula as a running team

and the future Devils as a defensive team.

Shell Houses Fill Need

In this era of national prosperity a vast number of people are unable to purchase modern housing or quality financing terms which demand substantial down payments.

To this market is directed a particular type of housing called shell homes. The Jim Walter Corp., operating in Florida, and other Southern States are constructing unfinished homes ranging in price from \$1095 to \$2345. Their houses can be finished by the purchaser himself or by subcontractors. Money wise it makes sense.

While these homes are not palaces they fill an important purpose in providing shelter and comfort for people who cannot afford anything remotely fancy. From one bedroom to three bedrooms in size, they all follow basic design sufficiently elastic to allow minor changes here and there. Each house is erected on the purchaser's lot by a trained team of workmen. The only connection with prefabrication process is the amount of lumber involved. Long experience has developed an accurate estimate of the amount of lumber and hardware necessary for construction of each model. Materials are trucked to jobs with the number of men required to build it. Lumber

is out on the job and the house goes up in much the same manner as all other houses of frame construction.

EXTERIOR FINISHED

A shell house is one completely finished on the outside including windows, doors and painting but unfinished on the inside except for floors, studs, joists for partitions and ceiling joists. Finishing it on the inside is the key to its low cost, financed by the Walter Corp. over a period of five years with down payments as low as \$25. Monthly payments range from \$35 up. Average payments are about \$45 per month.

The Walter firm started building this type of house about 10 years ago and has moved steadily ahead on production of a similar house at a comparative price and make a reasonable profit. The Walter firm has been successful in this field and has shown solid profits due to sales volume indicate that many retired people are among the firm's customers, about 15 per cent of these transactions are made for cash.

SALES IN EIGHT STATES

Sales offices cover Florida, Georgia, Alabama, North & South Carolina, Louisiana, Mississippi and Texas. The number of people who can't afford to build anything fancy

but might purchase a Walter home is probably tremendous. The company is now building additional offices and warehouses in the southern part of the U. S.

The Jim Walter Corp. is the parent corporation involved in selling and building of shell homes and controls three other corporations which cover the purchase of building supplies and financing. The corporation is a giant which may very well dominate low priced housing in sections of the south which are in dire need of housing betterment.

Not every one will come to Avon Park as this city center to grow will be able to afford a home designed for particular living requirements or buy in one of the community's well laid out subdivisions. To this group the shell home built by the Walter firm will become the logical answer to living in and near Avon Park.

Florists Say It With Scholarships

Those flowers you sent to cheer a sick friend or convey your thoughts to a beloved family may have had more far-reaching benefits than you had ever imagined, according to a report from Florists' Telegraph Delivery Association's Florida units.

The report reveals that when you "Say It With Flowers" through Florida's FTDA member florists, your thoughtful sentiment is also assisting to realize a dream of some would-be Florence Nightingale to earn her nurse's cap and diploma, and thus speed her on her way to answering the crying need for more registered nurses everywhere throughout the state.

In co-operation with Nurse's Training Programs conducted annually, shrubs, potted plants and vegetables plants for sale at reasonable prices during the Plant Mart. This will afford a wonderful opportunity for all citizens of Avon Park to secure lovely new plants for their homes.

The Plant Mart is sponsored by the Federated Garden Clubs of Avon Park and everyone is invited to attend and buy plants.

by Florida's larger hospitals, the state FTDA Unit recently inaugurated a "Grant Aid Fund" for student nurses needing assistance, plus a scholarship for an advanced study program to be awarded by the Nurse's Scholarship Committee to deserving nurses in their second or third year of training. Reports show that the scholarship for advanced study is particularly warranted in as much as many girls in the later training period are without financial help from home.

Florida is not alone in providing FTDA Unit funds to aid Nurse's Training Programs, as the report shows this to be a preferred project sponsored by FTDA members throughout the entire United States. And for every one of the 48 FTDA shows a record of exactly that many years of dependable public with a guaranteed wide delivery of flowers to the state.

In Florida, 103 towns and cities are represented by 238 Florists' Telegraph Delivery Members. Serving you in the Avon Park area is The Avon Gardens Florist at 16 E. Main St. where the famous Winged Mercury emblem is displayed.

In a town of 1,900 population, according to the American Cancer Society, four persons will be under treatment for cancer this year.

DO YOU KNOW?

By DALE I. ROYAL, Evangelist
Avon Park Church of Christ

Do you know how many churches there were during the days of the Apostles? The answer is quite different if we were to ask, how many churches are there today? Today there are literally hundreds of different churches in the United States alone while in the days of Peter and Paul there was but ONE church. To be sure various terms were used to describe the church but there was only one church. We can read about the church of God (1 Cor. 1:2), the church of the Lord (Acts 20:28 ASV), the churches of Christ (Rom. 16:16), and even the churches of the Saints (1 Cor. 14:33) but the writers are always referring to the church that Christ said, "I will build" (Matt. 16:18). This is far different from today. Ordinarily when we mention the church of God we have in mind an entirely different church than if we mention the church of Christ. This illustrates the basic difference between now and then.

"Are you sure there was but one church in New Testament times?" The book of Ephesians this truth very clearly Paul writes (1:22, 23) that God "hath put all things under his (Christ's) feet, and gave him

to be the head over all things to the church, which is his body, the fullness of him that filleth all in all." From this we see that the body of Christ and the church of Christ are the same thing (Cf. 5:23 and Col. 1:24, 18). In the fourth chapter, verse 4 of the same letter Paul tells us, "There is one body (or church) DIRT), and one Spirit, even as ye are called in one hope of your calling. One Lord, one faith, one baptism, one God and Father of all, who is above all and through all, and in you all."

PTA Introduces George A. Kelsey

George A. Kelsey, Principal of Avon Park Elementary School, was born in Collierville, Tennessee, and moved to Arcadia, Fla. at an early age.

His father moved to what is now Highlands County in 1913. A number of years later this area of Highlands County was named Lake Stearns but is now known as the Town of Lake Placid. Mr. Kelsey received most of his early education in Highlands County.

He did his undergraduate work at the University of Florida and Florida Southern College, receiving his BS degree from Florida Southern. His graduate work was taken at the University of Fla. receiving a MEd degree from the University.

In 1924 Mr. Kelsey taught his first term of school at Cheever County and since that time has taught in Highlands County beginning at Hills. This term will make his thirty-third term in the county. He was principal of the DeSoto City School for ten years before coming to Avon Park and is now serving in his seventh year as elementary principal here.

He married Miss Imogene Townsend in December 1927.

Mr. and Mrs. Baldwin To Leave Walker Memorial First Of Year

H. M. Baldwin has been asked by the General Conference of Seventh-day Adventists, with headquarters in Washington, D. C. to become manager of the 256-bed Bangkok Sanitarium and Hospital, located in Bangkok, Thailand, and will be relinquishing his position at Walker Memorial Sanitarium and Hospital at Orlando.

Mr. Baldwin will tender his resignation to the board of directors of the local institution at their meeting in Miami on November 8, 1957. His successor will probably be chosen by the end of the year.

The Baldwins came to Avon Park October 20, 1947 and have given outstanding service as manager and record librarian respectively since the founding of the Walker Memorial Sanitarium and Hospital ten years ago. Previously they had been connected with Washington Sanitarium and Hospital, Washington, D. C. and the Florida Sanitarium and Hospital at Orlando.

Mrs. Baldwin is a registered nurse and holds membership in the American Record Librarian's Association and the Florida Record Librarian's Association.

In addition to his responsibilities as manager of the hospital, Mr. Baldwin served as president of the Highlands County Tuberculosis Association during the years 1953 and 1954. He is at present a member of the board of the Tuberculosis Association, the Avon Park Chamber of Commerce and the Rotary Club. He served as president of the local Rotary Club for the year 1954-55.

The son, Robert M. Baldwin, age 20, will remain in the states to continue his education.

DeSoto High Holds Devils To 0-0 Tie

A flu-ridden, crippled Avon Park Red Devil team was held to a scoreless tie with the DeSoto High Bulldogs of Arcadia last Friday night in Arcadia.

The Devils, weakened by the flu for two weeks were completely without the services of outstanding tackle Henry Scott. The absence of this key linebacker, along with the untimely injury of half-back Billy Rouse forced Coach Joe Frank to reshuffle his team. To strengthen his backfield he moved tackle Wendell Williams and quarterback Jimmie Butler took over at quarterback. These changes left the Devils' backfield somewhat weaker, although they played exceptionally well on defense.

The Devils supposedly dangerous passing attack did not materialize because of the hard-charging Devil line. Expert passer Buddy Yarbrough never had a chance to unleash any accurate aerials.

In the backfield, the outstanding runner for Avon Park was Wendell Williams who ran with the power of a bull, consistently picking up extra yardage after he was hit. John Starling continued to show his ability as a powerful runner but was cut loose for a long run only once.

He received training in the operation of a travel bureau at Monticello, N. J. Frank Rouse was under the direction of Arthur W. Weyman.

Born in Troy, Pa., Stanton was graduated from Lafayette College, Easton, Pa. He has served as president of the North Jersey Lafayette Alumni Club and as president of the national Lafayette Alumni Association.

Stanton served 4 1/2 years in the Army during World War II. He was attached to the Marine Corps for the invasion of Iwo Jima and two Jima and at the end of the war was a captain in the Signal Corps on the staff of the commanding general of the Seventh Fighter Command, which was based on two Jima. He is married to the former Betty Funk of Lake Wales.

The bureau will handle all types of reservations, including airplane, steamship, hotels and tours. The phone number will be EV-51031.

Florida Federation Of Women's Club To Meet In Bartow November 5th

Mrs. C. M. Washburn, of Tampa, president of the Florida Federation of Women's Clubs, Mrs. C. L. Menner, Vero Beach, and Mrs. Art S. Williams, Lakeland, vice-presidents, and Mrs. Judd Chapman, Tallahassee, chairman of Junior Clubs, will make their official visit to District Nine November 5.

Mrs. Frank Heckes, Lakeland, district director, announces that the meeting will be in the Women's Club, 205 S. Broadway, Bartow, at 10 o'clock. Registration by November 1 by Mrs. H. M. Standfill, 1885 Davis Ave. (P. O. Box 62) Bartow, or Mrs. Frank Heckes, 2223 Eden Pkwy., Lakeland.

Others having part in the proceedings or giving special reports will be Mrs. J. K. Becker, Mulberry; Mrs. Eugene Beckler, Frostproof; Mrs. William Wainwright, Davenport; Mrs. Theon Sebring, McDonald; Sebring; Mrs. Eric Gloss, Lakeland; and Mrs. Gilbert W. Morris, Auburndale. All club presidents, and state chairman, in District Nine.

Mrs. W. T. Younger, Lakeland, chairman of the nominating committee, will present the names of candidates for district officers. Mrs. Heckes reminded members of member clubs that attendance is not limited to authorized delegates but that all are cordially urged off a nice run only to furnish the ball on the Arcadia 7. The Bulldogs recovered the fumble on their own 2. This was the nearest thing to a touchdown pass to Ben Earnest was called back on a rule infraction.

This 0-0 deadlock threw these teams in a tie for first place. Avon Park 2-0-1, Sebring 2-0-1, Arcadia 1-0-1.

The Devils could not muster a first down until midway in the second quarter. They did manage to rack up 8 while holding the Bulldogs to 4 in the defensive battle. Penalties were a big factor in the ball-game with yardage frequently being walked off against the Devils.

Miss Nistendirk To Speak To Womens Club

Brownie Scout Troop News

The newly organized Brownie troop made an impressive showing in the Halloween Parade on Saturday, Oct. 26, in their new uniforms. The 3rd and 4th Grade Troops marched while the 2nd Grade Troops rode on a float showing a winter scene.

On Sunday, Oct. 27, a large number of Brownies attended services at church with their leaders in honor of the birthday of their founder, Juliette Gordon Low.

The 3rd Grade Troop will meet each Tuesday after school with their leader, Mrs. Roy Fekner, and her assistant, Mrs. Jeff Barrow. At their last meeting the Brownies made witches out of apples.

The 4th Grade Troop will meet on Thursday afternoon, Oct. 31, in the Woodruff Heights Building with their leader Mrs. Jack Hutchinson.

The 2nd Grade Troop will meet on Saturday morning at ten o'clock in the Scout Hall in King's Court with their leader, Mrs. Fred Davis. Last Saturday the girls made clever Halloween masks out of paper bags and with nut cups.

The Brownies have started with a great deal of interest on the part of the girls and their parents. A large number of girls in the 2nd, 3rd, and 4th

and they have three children and one granddaughter. Their son, G. Stanley Kelsey, is married and lives in Tampa, and their oldest daughter, Mrs. Anabel Tyrell, and her husband and baby daughter make their home in Pensacola. Sandra, their other daughter, is a senior in the local high school.

Mr. Kelsey is an active member and teacher at the First Methodist Church and a member of the Lions Club.

Mr. Kelsey thinks that Avon Park is a fine place in which to live and the school pupils and parents are among the finest in the State of Florida.

There are four houses and two trailers in this immediate vicinity one dwelling containing three apartments owned by Malcolm Crews. Seven families are reported living at this location. The home on the Southwest corner is equipped with floodlights providing its own outside illumination when desired. The request is for a street light located on the southwest corner (intersection of State Street and Overlook Terrace Street, and in view of the number of residents to be benefited the request does not seem unreasonable and therefore, the Committee recommends favorable consideration and action by the City Council.

SIGNED A. J. Carpenter, Chairman, C. D. A.

Motion by Mr. Kirkland, seconded by Mr. King that the City accept the recommendation of the C. D. A. for a Street light on E. State Street and Overlook Terrace, Upon roll call all members unanimously voted AYE. Mr. McFarland was absent.

Motion by Mr. Kirkland, seconded by Mr. King that the City refund taxes on Lot 6, Section 22, because of assessment for non-existing house. Upon roll call all members unanimously voted AYE. Mr. McFarland was absent.

Stephenson Funeral Home was in charge of the arrangements.

The Messiah Choir Continues Rehearsals

"The Messiah" group rehearsed again last week in two sections, one in Lake Placid and the other in Avon Park, in preparation for the third annual performance of this religious oratorio which will be performed publicly in December.

Our local singing society is one of countless groups which have sung this enchanting and enduring work since George Frederick Handel composed it in 1741. It has much in common with more than two centuries ago. All our members belong for the pleasure they derive, and hope, to give, in singing it; most of the men and women have had little formal training, only a few have had great deal. That "The Messiah" can be sung by groups such as ours and still produce the sounds and fervor of this exalting story in music, is a tribute to the genius of the composer, who wrote it with both simplicity and beauty, and is assurance that it will be sung as long as music and religion are a part of this world.

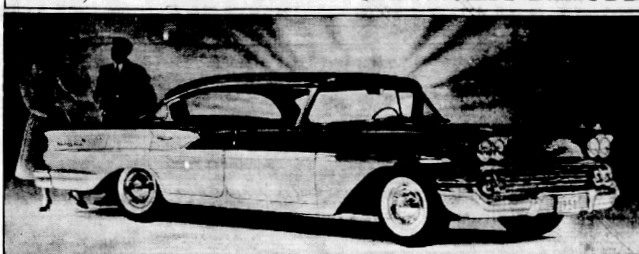

Next week, some notes about our accompanists and solo singers. For those unhappy readers who may be concerned over the fate of the publicity chairman, it can be reported that Director Paul Buckley solved the strange dilemma by permitting the chairman to join in the singing only when a low B-flat is indicated in the score, this being the only note the poor wretch can sing.

Baby Dies In Local Hospital

The infant daughter of Mr. and Mrs. Cecil P. Skipper passed away at Walker Memorial Hospital Wednesday morning, October 23. Other survivors include a sister, Suzanne Skipper, and grandparents, Mr. and Mrs. C. C. Skipper and Mrs. John Hood.

Stephenson Funeral Home of Avon Park was in charge of arrangements.

LEAN, LOW LINES SPARK CHEVROLET BEAUTY

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1957 models, as shown by this view of the Bel Air sport sedan. Strong eye-appeal is found in the model's grille, the dual headlamps and low, fast

hood. Notable also is an unusual sculpturized styling which supplies an air of distinction. A new engine, new frame and two new suspension systems are only a few of the major chassis advances. Station Wagon, Bel Air, Biscayne and Delray Series are offered.

Interested in science may enter the Region 9 Science Fair provided they reside in Region 9. They attend a public, private or parochial school, they meet the qualifications set up by the County Science Fair Committee in their home county.

Classification of exhibits will be according to the following divisions and areas:

1. The Intermediate division, grades 4, 5 and 6 may exhibit in the area of astronomy and geology, zoology, chemistry, arithmetic, physics, engineering, biology, physiology, and science illustration.

2. The Junior High division, grades 7, 8 and 9 may exhibit in the same areas as above and an additional area of algebra and advanced mathematics.

3. The Senior High division, grades 10, 11 and 12 may exhibit in the same areas as Junior High division and an additional area of trigonometry and geometry.

Dr. R. S. Kiser, head of the biology department, Southern College, Lakeland, Florida, will head up a group of 24 judges selected from higher institutions of learning and the Florida Sub-section of the American Chemical Society.

This announcement was made by Floyd H. Clark, Highlands County Science Coordinator and Director of 1958 Region 9 Science Fair.

IMPRESSIVE GIRL SCOUT INVESTITURE CEREMONY took place on Thursday, October 31, at 7:30 in Wesley Hall of the First Methodist Church before a large audience of parents and friends. In the ceremony each girl gave the Scout promise, received her Scout Pin, and officially became a member of the Girl Scouts of America. Miss Sally Nute played the piano for the Scouts. The State girls sang "Girl Scouts Together," their troop song and held the Flag Ceremony. Lynnda Shepherd and Sharon Lee were elected by their fellow Scouts to carry the flags on this occasion. Ten candles held by ten Scouts represented the ten Scout laws and Mrs. Lee explained the symbols to the girls. The girls were seated in a horseshoe position around the stage.

Guests of the ceremony were: Janet Budd, Susan Booth, Christine Albritton, Lynnda Shepherd, Georgianne Goshlin, Townsend, Patricia Arnold, Barbara Jean Biggie, Pat Jones, Diane Dufosse, Bobbie Sasser, Trudy Ann Mitchell, Judy Wester, Beth Sullivan, Torista Gaster, Martin, Jo Ann Kelly, Ann Harben and Ka-on Delaney. The girls were seated in a horseshoe position around the stage.

The ceremony was held on Thursday, October 31, at 3:15 in the Ridge Area Day School Building. The girls were seated in a horseshoe position around the stage. Do You Have

FLAWLESS OYSTER SOUP

2 cups milk
2 cups thin cream
2 dozen small oysters
4 tablespoons butter
salt
celery salt
white pepper
paprika

Combine milk and cream and scald. Drain off nearly all the juice from oysters, leaving 2 tablespoons on oysters. Heat the drained off oyster juice to the boiling point only in a separate pan.

Add the butter to oysters and place over the high heat just long enough for oysters to fatten up and edges begin to curl. Take oysters off stove, add both liquids, stir in salt, celery salt and pepper to taste.

Sprinkle with some paprika. Serve accompanied by oyster crackers, to six people.

Swept-Wing '58 Dodge To Make Debut In Nov.

By the generous merchants of Avon Park, the new Dodge Swept-Wing '58 Dodge is being shown to the public. The community had reason to be proud of the large group of fine looking boys and girls who marched with their vari- ous organizations. The Second Grade Brownie Troop rode a float with their leader, Mrs. Fred Davis. The Brown- ies were singing and singing a Brownie song in this clever different scene.

After the parade the carnival in Donaldson Park came into full swing. The children enjoyed free truck rides and fishing in the fish pond be- sides all the delicious things to eat. Hundreds of people en- joyed the hamburgers, hot dogs, pie, cake, and coffee served by the Jr. and Sr. Girls. The parade was a success and everyone had eaten their fill and drank much. (Continued from Page 1) been changed, for this election only, and that the voting place will be at the home of W. H. Martin, 123 East Cornell Street.

Preschoolers will elect three of the four candidates in the race, they are incumbents Paul McFarland of Avon Park; Dr. W. R. Coon of Sebring; and John Wierck of Lake Placid. Also in the race for the Avon Park dis- trict are Joseph W. Boyer, Mr. McFarland and Boyer are running for the same post, but only one of the two can be elected.

58 FORD COMING NOV 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most gripping test ever given in car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and passed at the Eiffel Tower. It was greeted by the great Paris countries at the famous fashion salons where it's "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

Further on came Sams, the Paris of the Orient, at the farthest tip of South-east Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford... has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiation, customs, border transit, diplomacy in so many countries?

The answer: in the competitive auto-market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value, hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—the only thing newer in the world than the 58 Ford!

She Keeps Her Lips Bewitching

THIS VACUUM-PROPELLED YOUNG WITCH has much more time to gallivant these autumn evenings than did her broom-borne ancestors. To keep her lips bewitching she uses Vaseline Lip-Ice before braving the brisk autumn air. Chilly, breezy autumn weather can dry tender lips and cause chapping unless they are protected by a pure petrolatum base pomade.

WHAT'S WRONG HERE?

A charming picture of a lovely little girl reaching for a Bible. What could possibly be wrong with that?

Here's what!

1. The Bible is on the bottom shelf, hard to get at, which means the family doesn't use it frequently.
2. The Bible she's reaching for is written in grown-up language, too hard for her to understand all by herself.
3. The little girl is alone—and she needs help!

Why should the Bible be on the bottom shelf, and why should this little girl have to seek its truth by herself?

The Church stands ready to help your child—and you! It will help you to understand the Bible and its timeless message of God's undiscourageable love for you, your children and all mankind.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs the monetary and material support. Plan to go to church regularly and read your Bible daily.

Editorial

(This Editorial is reprinted from the A P P DOPESTER, published monthly by and for inmates of Avon Park State Honor Prison.)

Greetings, fellow inmates of the Avon Park Honor Prison, from the latest "Inductee" to check in—Reg. No. XXX-30.

This editorial is aimed at explaining the policy and purpose of this, your news-mag, the APP DOPESTER, and we mean just that. We are going to print the "dope" as that any dope can "dig" us, for we, the staff, are of, by and for the inmates, and have full cooperation and approval of our officials to publish as a means of dissemination of news and information pertinent to our current and future interests and concerns.

This news-mag has been instituted as one phase of the overall and initial purposes initiated by Director R. O. Culver, his committee and our own local governing officials, to allow us (inmates) as much latitude possible in self expression and training in the different fields of endeavor we must go into at some time in the future (we hope that it

is in the very near).

This is a definite honor system prison, even below the minimum security rated institutions. For we do not have guards here, they are Custodial Officers and are counselors and instructors in most cases.

Now that we've established the fact that we are lucky to be inmates in the unprecedented reversal and new "streamlined" experiment in the State's Penology, we will only add that we will be with you in the flesh and spirit (printed) as you so indicate by your acceptance and/or approval of this "Inductee" and APP DOPESTER, Reg. No. XXX-30. Let us hear from YOU, and YOU, and YOU. If we miss your name in the "Bum Rap" Column this issue, write us, tell us about it; we'll throw the note away, saving both of us much anguish and sorrow (we've been rapped too). Write us what you think, what you want in YOUR news-mag; write us anyway—we need the fuel for a smudge against these APP "Kamikaze Skeeters"—Take it easy! We'll be seeing you around (we hope).

"The Rankest Kind of Federalism"

Representative Durham of North Carolina, who is chairman of the enormously powerful Congressional Joint Committee on Atomic Energy, recently had something of top importance to say about the production of electric power from nuclear sources.

The government, he pointed out, is deeply concerned with any atomic development, and so certain types of government regulation and control are inevitable. Then he said this: "But the regulatory responsibilities of the government in the field of the development and utilization of nuclear energy must not be exploited to expand and enlarge the government activities in the field of power. Electric power is a needed public service which the citizens of this nation can provide for themselves, under effective regulation. The notion that the federal government should build and operate generating stations just to have public power is the rankest kind of federalism, is wholly repugnant to our concept of free enterprise, won't assure the nation an adequate power supply, and generally weakens our economy

by the unsound tax manipulation which results from federal power investment....

"The industry must, over the next decade, prove by accomplishments that the privately-owned electric companies of the nation can and will do the job that has to be done if the nation is to realize the promise of atomic energy within the framework of a free enterprise economy."

There need be no fear that the industry will not or cannot do that. Power companies, both singly and in groups, are deeply engaged in all manner of atomic research and pilot projects—the kind of projects which will assure us abundant electricity from the atom in the shortest possible time and at the lowest cost. The question is whether the industry will be permitted to do the great job of which it is capable. The public power fanatics seek and will continue to seek a tax-subsidized federal monopoly of power from the atom—just as they seek a tax-subsidized federal monopoly of power from conventional sources. That is the problem now confronting this country as we move into the atom-for-peace era.

You And Your Retailer

Retail sales this year will hit a record figure of more than \$200 billion, marking an increase of some \$9 billion over 1956. That happy forecast comes from Editor Geoffrey M. Lehbar of Chain Store Age. He bases it on sales estimates by the Department of Commerce covering the first seven months of the year, plus an estimate for the remaining five months which takes into consideration the current rate of consumer purchases.

The significance of this, Mr. Lehbar believes, lies not so much in the fact that it will represent a new record but in what is behind it. He observes: "The fact is that des-

pite all the talk one hears about our weakening economy, with a recession always lurking just around the corner, no such pessimism is warranted." The indicated reduction in defense orders by the government will be more than offset by the expected gain in retail sales.

This adds up to good news of the first water, and we'll all hope that the predictions prove true. It is often said, and accurately, that retailing provides the perfect show window for the American free enterprise system with all its abundance. The state of retail trade determines the state of our economic system as a whole. Hence the public interest.

BIG NEWS!

The Church may not have its name blazoned across every front page, but it is big news just the same.

From infancy to old age, the Church offers many things to each and every individual.

The Church introduces human beings to God.

The Church develops man's spiritual life through experiences of worship.

The Church emphasizes the beautiful through its architecture, its services, whether ritualistic or informal, its music.

The Church develops leaders through its many activities.

The Church broadens man's outlook through its work of sending the gospel to those in far-away places.

The Church exemplifies the brotherhood of man through the welcome it extends to all who believe.

Last, and most important of all, the Church offers salvation and the assurance of eternal life for every believer.

Big news—the Church! Can you afford to miss it?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in worth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of his community and nation. Plan to go to church regularly and read your Bible daily.
