

The Killdeer . . .

By The Bird Woman

This flying as we were going to Woodville after some very heavy rains the water was standing in the pasture lands of the ranches that border the road and we saw a great flock of black headed and winged and enjoying themselves generally in the shallow water.

These birds were Killdeer and although since I was a child I had been able to recognize the call of "Kill-dee, Kill-dee" this was the first time I had seen them at such close range.

Some of those that were the closest to the road, rose and circled around but came back after we stopped the car, and went about their business quite oblivious of our presence.

The Killdeer is a very useful bird as it destroys so many harmful insects and eats so many weed seeds, and it has no harmful habits, it is also a very beautiful bird being 10 to 11 inches long and having pure white neck and breast with black bars across them, the upper part of the bird is brown and it has a jet black head, when in flight it shows a striking reddish brown rump and white tipped tail-feathers.

The Killdeer frequents pastures and plowed fields and bare ground as a rule, also marshy lands preferring fresh pools, but they are found occasionally in the short grassed salt marshes.

Being a plover it has rather long legs, something like the Blackbird, and it runs quite rapidly on land and bobs its head when it stops, this trait is quite noticeable when the female is hunting foods with the young.

The Killdeer is abundant in Southern Canada, and in the U.S. it may be found from the Atlantic to the Pacific. It is a noisy and conspicuous bird.

Unlike some birds that change their plumage with the seasons, the Killdeer does not change its plumage except to gradually shed the old feathers at molting time and take on its new coat, the plumage of the male and female are identical even the downy young resemble the parents.

The Killdeer nests on the ground, making a slight depression for a nest, and lays four eggs, naturally the eggs must be about the color of the ground for security reasons, so they are a dark olive with chocolate blotches and scrawls, and an amazing thing about the eggs, they lie with the small ends toward the center and the large rounded ends fanned towards the outside of the nest.

If, as some scientists claim, the bird family as well as the human family worked themselves up from nothing to their present condition, how can they account for the difference in the various bird eggs and the young that are hatched from them?

A great many birds are hatched naked and require the help of both parents to feed and care for them, for many weeks before they are able to leave the nest and get their own food, but a great many others, the Killdeer being one of them, are hatched covered with a heavy coat of down and the mother leads the young babies abroad as soon as they are all hatched and they procure their own food.

Another amazing thing is the calcified tooth on the bill of the Killdeer, which it uses to open the shell so it can get out of the egg, but after it is out and

has no further need for this tooth it disappears, shall we imagine that the birds, if the shell arranged that themselves also?

The Killdeer like the Quail and Dove will "feign injury", when danger approaches her brood, even hunting dogs are fooled by this trick, and will follow the seemingly wounded bird, being lead away from the young, but when the pursuer gets too close to the bird she will rise and fly well out of reach and then fall to the ground again and behave in a wounded manner leading the danger further from her brood.

Scientists tell us that these birds put on this act when frightened but do not know why, that is one of the soundest arguments we know that there is an all wise Creator who planned even the safety of the little bird, and knows even when a sparrow falls.

Winter Guest Club News

One by one, and two by two,

the north-bound vacationers are returning; each day brings the happy experience of welcoming long-separated friends. Then, we have to catch up on the news, such as what's happened to whom.

On Monday Labor Day was appropriately celebrated with a five-thirty pot-luck dinner; followed by a shuffleboard tournament. Since it was the first play in several weeks for many of the participants, and a continuation of all-summer play for many others, the affair was strictly pot-luck with John Glenn the capable manager. Winners were E. Boudice and John Glenn; runners-up were E. Boudice and Bob Duthie.

It was decided on Monday evening to resume the regular Saturday-night pot-luck supper, beginning September 14.

Teen-Town Talk

A record hop at the Youth Center opened the season with a Saturday night. About one hundred and twenty-five boys and girls of Avon Park and surrounding towns were present for the festivities. While most of the evening's success was due to the capable supervision of Andy Miracle, Jim Logan did a superb job as master of ceremonies (many thanks to WJCM of Sebring) and kept things moving at a pace where there was never a dull moment.

At 9:30 a door prize was awarded, the winner being Beverly Carson of Miami. The prize was a ball point pen. Just before the close of the evening a hop contest was held with a number of couples participating. After a difficult elimination process, as all were champion material, first place was awarded to Judy Pounds and Wayne Carson of Miami. Second place went to Peggy Durran of Lake Placid, and Mike Babcock of Sebring. Both awards were presented by Nat King Cole.

Honorees for the evening were Carolyn Delaney, Julia Holcomb, Thelma Miracle, Florine Coates, and Jack Delaney assisting.

This coming Saturday night, September 7, there will be music and dancing for those who wish to, with games of all kinds for the rest. Good wholesome supervised fun for all. Admission is only 10c, so come on out. Have a good time and learn about the pleasant activities that are being planned for you in the near future.

Rotary News

Ed Lindbergh of the Texas Oil Co. gave a very interesting talk to the members of the Avon Rotary Club at their regular luncheon meeting at the Jacaranda Hotel on Wednesday, August 28. He told of the many products that were made from petroleum and showed a number of them including cellophane, nylon hose and freon. He also told of the different kinds of synthetic fabrics, such as rayon, and had samples of them and different plastic bags which are also derived from petroleum.

He explained how his business helped little business, for example, the Texas Company provides products for the smaller companies and all the big business's spend huge sums of money each year for research that the small businesses couldn't spend, but profit by in the long run.

With the addition of the three new members last week the Avon Park Rotary Club is now a Class "E" Club, they have 52 members.

The Club voted unanimously to donate \$100 to the Ridge Area Association for Retarded Children to aid in the establishment of the school for retarded children from Highlands, Hardee and Polk Counties, a most worthy cause. A special mention is due Franklyn Ward, member of the Rotary Club, for his commendable efforts in establishing the school. The Rotary Club of Avon Park is proud to have a part in this project.

Our Apologies

The Avon Park Sun wishes to express their apologies to Mrs. Harold Anderson Coates, Jr., the former Miss Wanda Faye Bennett, for the mistake of publishing her wedding picture last week with the announcement of her wedding plans.

We are sorry this error occurred and for any embarrassment which it may have caused Mrs. Coates.

Schools Get Off To Good Start Here

A. B. Whitte, Supervisor of Schools, announces that all the local schools got off to a good start during the past week and are down to serious business this week.

Adjustments in class, lunch, room, and bus schedules have been made. A new daily time schedule put into effect and class officers have been elected where vacancies existed.

The school insurance application forms have been sent home for parents to review relative to participating in the program. If they wish, the premium for elementary and high school pupils both is \$1.50 this year, where it was \$2.00 for high school last year.

The school administration recommends this as a good investment as many accidents naturally occur during a school year.

For the high school the call bell in the morning rings at 8:10 a.m. with the tardy bell at 8:14 a.m. The lunch periods are 40 minutes in length. Three staggered lunch periods are necessary since there is such a large number to serve each day, from the intermediate, junior high and senior school groups.

The Junior high lunch period runs from 11:15 to 11:55. The intermediate grades lunch from 11:50 to 12:10 p.m. and the senior high group from 12:15 p.m. to 12:35 p.m.

Dismissal time for the Junior-Senior High School is 3:05 p.m.

While the number of students who have enrolled since the opening day was not readily available at the time of this writing, a number of pupils have registered since opening day and also this week.

All available space in the buildings is being used this year and should the enrollment continue to rise extra classroom space will be needed next year.

Wainwright Meets With Chamber

Mr. L. L. Wainwright of the State Prison at the Bombing Range met with the Board of Directors of the Avon Park Chamber of Commerce Thursday night and talked briefly to them in regards to the prison becoming a permanent State Institution, and showed on a map the area being considered for the site.

Jim Heim, president of the Chamber, wanted the Board to be well informed in regards to the area that was designated for the prison, as part of the area is in Polk County. A discussion on the possibility of this land becoming part of Highlands County was held.

More Than 400 Attend Political Rally Saturday

The Jaycee Political Rally last Saturday night, with an estimated crowd of better than 400 persons, was a huge success.

Miss E. Nunnallee, who served as master of ceremonies, did a wonderful job and candidates were held to their allotted five minutes to deliver their message to the public.

The aim of the Jaycees in giving this rally was to stimulate interest in the City election and to give the voting public a chance to see and hear each candidate.

Chamber Secty. 1 Of 3 Judges In Beauty Contest

Mrs. Anna Belle Worden, Executive Secretary of the Avon Park Chamber of Commerce, was one of three judges at the Parade of Charm for the selection of Miss Lake Wales on Monday night, Aug. 26, held at the State Theatre in Lake Wales.

Mrs. Worden was the only lady on the judges panel the other two judges were two of the most outstanding photographers in the State.

Mrs. Worden received a letter of appreciation from John W. Dillin, Manager of the Lake Wales Chamber of Commerce, in which it he stated the judges not only selected the most outstanding girl, but one whose popularity has been expressed by the 21 girls who competed against her. And they feel that she will be an excellent representative for their community when she vies for higher honors.

Contributions Continue On Retarded School Fund Drive

The drive for funds to operate the Ridge Area Day School for retarded children continued this past week with the goal of \$2,500 coming substantially nearer.

The Directors of the Ridge Area Assn. for Retarded Children were advised by the Avon Park Senior Women's Club that the Executive Committee of that club was recommending the appropriation of \$100 for the Day School to its membership. The membership will vote on the recommendation in early October.

Similarly the Directors of the Highlands County Farm Bureau have recommended an appropriation of \$100 to this project. The Farm Bureau as a whole will vote on the recommendation at its September meeting.

Other contributions and pledges received this past week are: From Avon Park: Mr. Walter C. Martin, \$25; Mr. H. W. Coleman, \$25; Ware Furniture Co., \$25; Metcalfe Hardware, \$25; Mr. and Mrs. De-

Roland Droit Commended On Splendid Job

Claude Luckey, Sales Representative for the Automatic Voting Machine Corp., had only praise for Highlands County Supervisor of Registration, Roland X. Droit, for the splendid job that he did in setting up the voting machines and in having the sample ballots, tally sheets, and other necessary forms printed, which were used in the City Election on Tuesday.

Mr. Luckey was amazed and pleased when he arrived last Thursday to find that everything was ready and done correctly in regards to the machines. He reported that out of 6,000 counties in which his company has voting machines this was the first time to his knowledge that a supervisor had made all arrangements for a single election had to be made.

Mr. Droit also made arrangements for a school of instruction for members of the election board for Monday afternoon and all were instructed in the use of the machines.

This election being the first time that a number of the voters had used the machines here in Avon Park, Mr. Droit remained throughout the day and instructed the voters on how to operate the machines on Tuesday.

Highlands County School Board Met Tuesday

The Highlands County School Board met Tuesday morning, September 10, and it was approved that Supervisor of Registration, Roland X. Droit, would be employed to conduct the Highlands County Trustee Election as he has done in the past.

Bids were received from those desiring to furnish Venetian Blinds for the Sebring School; Hinkley Durrance of Sebring, \$270.00 and Senkarski, \$254.80. The Board awarded the bid to Senkarski.

The Budget for 1957-58 being approved by the State Superintendent, a resolution was passed certifying the Tax Levies needed to support the budget.

The resignation of Charlotte P. Lewis, teacher at Lake Placid School, was approved by the Board.

Heim and Heim presented final plans and specifications for the construction of the Library at the Lake Placid School. The Board examined the plans and approved them.

The problem concerning the supplement received by the coaches and athletic directors for the extra services of coaching the various sports and activities was discussed. From now on such school will have an athletic director who will coach one sport and assist with all others.

For the Avon Park and Sebring School, the supplement will be \$700; Lake Placid and Douglas will be \$600. The Board and Sebring will each have two assistant coaches who will have one assistant coach with others; Lake Placid and Douglas will have one assistant coach who will have one assistant coach with others; Lake Placid and Douglas will have one assistant coach who will have one assistant coach with others.

Dr. R. P. Hedrick Attends Meet

The Lake Region Optometric Assn. met in Lake Wales last night at Barney's Restaurant, for the purpose of discussing ways and means by which the public can better be made aware of the importance of vision regarding their school children.

Dr. R. P. Hedrick of this city stated that in his area, educators are becoming increasingly aware of the school child's need for visual care in order to insure the child's best performance.

Ku Klux Parade Through City

Approximately 32 automobiles loaded with robed and unmasked Ku Klux Klansmen, from 19 counties, paraded through Avon Park and Sebring Saturday afternoon.

The procession, which started in Lake Wales, did not stop in either town and after leaving Sebring passed through towns in Polk County.

The motorcade finally ended at the Cucumber Exposition grounds in Wauchula for a rally and cross-burning. Most of the members were from Polk, Hillsborough, Hardee, Highlands, Orange and Lake counties.

Mayor E. A. DeLaney Sr. Returned As Mayor

Mayor E. A. DeLaney Sr., Roland Dilley, 584; and Clarence King, 518.

The strongest run-up were Robert J. Harben, with 462 votes, and Mrs. Louise B. Armstrong with 463.

Votes polled by the other candidates are as follows: John Seaborn, 454; Donald Root, 368; J. J. Pearce, 328; Wayne Albright, 237; J. L. (Spike) Roberts, 237; and Larry R. Bennett, 123. There were no write-in votes cast in this election.

Only a small majority of the voters indicated that they favored placing all city employees under a civil service system. Those in favor numbered 299; those against 287. Now the City Council and City Attorney will draw up a bill to present to the next State Legislature whereby an amendment can be added to the City Charter to bring city employees under civil service.

The total number of votes cast on the four voting machines numbered only 1194, nearly 300 less than the number of ballots cast in the City Election of 1955. With nearly 2800 qualified voters registered on the City Books it means that better than half the voters did not care to exercise their voting rights.

The election board as well as the voters were strongly in favor of the voting machines which the City rented from the County. In the 1955 election it was Seaborn. Wednesday morning before the official return was known, this year the returns were announced within thirty minutes after the polls closed.

Miss Doris Simmons Weds Morris Whitcomb Sept. 1 In Laurel, Miss.

MISS DORIS SIMMONS

The First Baptist Church in Laurel, Miss., was the scene of a beautiful wedding on Sunday, Sept. 1, when Miss Doris Elizabeth Simmons, daughter of Mr. and Mrs. Colby DeNott Simmons of Laurel, was united in marriage to Morris Glenn Whitcomb, Jr., of Houston, Texas, son of Mr. and Mrs. M. G. Whitcomb, Sr. of Avon Park. The ceremony took place at 4 o'clock in the afternoon with the Reverend T. R. McKibbens, pastor of the church, officiating at the double ring service. Vows were exchanged before an enormous white heart banded with white gladioli, bordered with frilly white tulle and placed in front of an Emerald tree. Framing the lovely setting on either side were panels of greenery topped with clusters of white wedding bells, with cathedral tapers nestled between the panels on either side and more greens on the floor level completing the wedding scene. The candles were lighted by Ralph Simmons, a brother of the bride, and James R. Lawley of Houston.

Before the bride party entered to the strains of Wagner's "Bridal Chorus" from "Lohengrin" Mrs. W. F. Hollingsworth played a program of nuptial music and accompanied the vocalist, Miss Ruth Giles, when she sang "Through the Years" and "O Perfect Love." The wedding prayer was rendered by Miss Giles as the benediction before the organist sounded Mendelssohn's "Wedding March" as the professional.

Miss Johnny Meyer of Laurel and Houston, the maid of honor, and Miss Sue Grigsby of Houston, the bridesmaid, preceded the bride to the altar. Their cerise chiffon dresses with pale pink bands at the neckline extending into a wide panel to the back hemline were trimmed in cerise. The same colors were repeated in their arm bouquets of pink roses.

Little Miss Mary Louise Lindsey of Laurel was the flower girl and Charles Patrick Simmons of Jackson, Miss., a nephew of the bride, was ring bearer. The flower girl wore a floor-length organza frock in pale pink, styled with full tucked skirt and cerise velvet sash, a halo of matching pink net trimmed with cerise, and carried a matching basket filled with pink rose petals. The ring bearer carried the two rings on a heart-shaped satin pillow.

The bride, who was given in marriage by her father, wore a wedding gown of Chantilly lace and tulle over taffeta, styled with lace bodice fastened down the back with tiny lace buttons, low scalloped neckline, short scalloped sleeves, pointed waistline and waltz-length skirt with a wide band of lace inserted just about the knee. Her shoulder-length veil of illusion fell from a seed pearl tiara, and her only jewelry was ear rings, a gift from the bridegroom. Dainty pointed lace mitts completed the bridal costume and she carried a cascade bouquet featuring a single white orchid encircled with flowers of daisy and white velvet ribbons.

Robert Whitcomb of Avon Park was his best man. Ushers Karvelas and B. Payne, both of Avon Park, assisted at the wedding.

Sons, Robert and Donald of Avon Park, Mrs. E. W. Asher of Orlando and her daughter, Mrs. Bob Marshall of Birmingham, an aunt and cousin of the bridegroom.

The rehearsal party was given on the evening before the wedding by the bridegroom's parents, Mr. and Mrs. M. G. Whitcomb, in the Green Room at the Pinehurst Hotel. The guests included the wedding party, members of the two families, and out-of-town guests. White gladioli, chrysanthemums, and greenery were featured in the central motif on the table with smaller motifs nestled in the trailing greenery down the length of the table.

The young couple will visit Mr. and Mrs. M. G. Whitcomb in Avon Park next week before they return to Texas.

Miss Peggy Green Pledged Nuptial Vows With Robin L. Cook Sept. 1

MISS PEGGY ELIZABETH GREEN

Sunday, September 1, Miss Peggy Geraldine Green pledged nuptial vows with Robin L. Cook, at 4:00 o'clock at the First Baptist Church, Gaines City.

Miss Green is the daughter of Mr. and Mrs. Ellis Green and Mr. Cook is the son of Mr. and Mrs. Wyatt Cook, all of Gaines City.

The Rev. J. Alvin Inman, pastor of the church, officiated at the double ring ceremony. The focal point was a plaque of wedding bells, in the baptistry, directly over which were two white doves. Pedestal baskets of white gladiolus and mums interspersed with pompons were placed at vantage points. The pews were marked with half baskets of gladiolus, mums and pompons.

The nuptial music was presented by Mrs. R. B. Pettit, organist, and soloists, Richard Pumpfery and Mike Maxwell.

The bride, given in marriage by her father, was lovely in a floor-length bridal gown of silk taffeta with appliques of imported sequined lace. Her fingertip illusion veil fell from a pill-box embroidered with bead pearls and sequins. The bride carried a white bible

stephanotis, and streamers tied in love knots, which was left at the altar. For the recessional she carried a bouquet of white roses, lilies of the valley and stephanotis.

Mrs. Kelley Green, sister-in-law, of the bride, served as matron of honor. She wore a sleeveless gown with an empire line at the bodice front, the side section curving to long torso lines at the back, and the portrait, off-the-shoulder, neckline following a flattering design. The flat front skirt, with side pleats, continued to grace a back fullness. She wore a white picture hat draped with king's blue tulle and carried a white net basket of daisies. The maid of honor, Miss Loretta Chastain, and bridesmaids, Misses Sharon Smith, Jackie Phillips, of Davenport, Frances Belvina of Mobile, Ala., cousin of the bride, and Martha O'Steen, Avon Park, wore gown and hats identical to the matron of honor and carried white net baskets and daisies.

The flower girl, little Miss Janet Qualls, was dressed like the matron of honor except her dress was white and she carried a tulip shape net basket filled with rose petals.

The ring bearer was Michael Chastain.

Wyatt Cook served his son as best man, and ushers were Jimmy Cook, cousin of the groom, Jimmy Maddie, Mike O'Neill, Roger Batchelor, and Buren Cook, cousin of the groom.

Mrs. Green chose for her daughter's wedding, a beige lace dress with orchid accessories and an orchid corsage. The groom's mother wore a beige lace sheath dress and a lace duster, with brown accessories, and brown baby orchids.

A reception was held at the Civic Center immediately following the ceremony. The bride's table was covered with a white satin and net cloth. The five-tiered wedding cake was topped with a miniature bride and groom. Candelabra with white tapers, and chrysanthemums were placed at vantage points.

Miss Jeanette Phillips kept the bride's book and others assisting in hospitalities were Mrs. Wilbur Cook, Mrs. Harvey Sellars, Mrs. C. H. Fletcher, and Misses Judy Floyd, Loretta Cook, and Charlotte Parr.

For a wedding trip to a undisclosed destination the bride wore a pink and brown floral sheath dress with a pink lines duster, pink accessories, and an orchid corsage.

The couple will be at home on Pennsylvania Ave. after September 11.

Out of town guests were Mr. and Mrs. Bill O'Steen and daughter, Sue, Danny Joe Willis, Mr. and Mrs. Robert Albritton, and Paul Bigbee, of Avon Park; and Mildred Riggs and daughters of Ft. Myers.

The President of the Florida Senate is W. A. Shands of Gainesville.

The guests were divided into two groups, which were named "Juddie's Group" and "Jimmie's Group". Juddie's group each had to type three words on a typewriter and make them into a business letter while Jimmie's group had to throw a baseball into a container as they were being timed. Then the groups changed and Jimmie's group seemed to come out with a slight edge on Juddie's group.

Steve Walker Celebrates Sixth Birthday

Steve Walker, son of Mr. and Mrs. J. C. Walker, celebrated his sixth birthday on Saturday, Sept. 7, at the Florida Power Clubhouse on Lake Lotela. The clubhouse was decorated with a Disneyland motif and the small guests were given Disneyland characters as favors to take home with them.

After playing games the children were served birthday cake, ice cream, and lemonade by Mrs. Walker and Mrs. Elsie Simmons, Steve's grandmother, of Coral Gables.

Children who helped Steve celebrate were Steve Price, Joey Martin, Marilyn Smith, Beverly Pollard, Diane Murphy, Suzanne Skipper, Ann Montelone, Suzi Franca, Susan Booth, Patty Goff, Susan Biggs, Marion Turner, Ann Mandis, and Judy Walker.

DO YOU KNOW?

By DALE I. ROYAL, Evangelist
Avon Park Church of Christ

Do you know how one is born again? The importance of the New Birth cannot be underestimated. Jesus said, "Ver-

ily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God" (John 3:3). Again, "Verily, verily, I say unto thee, Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God" (John 3:5). Thus we see that in order to see or enter the kingdom of God we MUST be born again. The seriousness of the New Birth is brought home again to us when we recognize the only alternative is the kingdom of Satan.

Peter sheds light on our problem when he writes, "Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth for ever" (1 Peter 1:23). From this we see that the word of God is necessary in order for one to be born again. This is what Jesus meant in the parable of the Sower when he said, "The seed is the word of God" (Luke 8:11). Paul teaches the same thing when he writes, "So then faith cometh by hearing, and hearing by the word of God" (Romans 10:17). From these passages we conclude that one cannot be born again without hearing and believing the word of God.

The Lord, in explaining the New Birth to Nicodemus, said: "Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God" (John 3:5). Many times an individual, after determining to leave Satan and his ways and to turn to God and Christ, will experience a wonderful feeling of relief. This experience is often mistaken for the New Birth. When one goes through this experience the Bible calls it repentance, it could easily be said that he has a new spirit and feels like a new man. Although this experience is involved in the New Birth it is not the complete process. Jesus said, "The Spirit and water." Thus both elements are necessary. Peter (Acts 2:38) was telling the Jews to be born again when he said, "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins."

An individual has been born again when he has (1) heard the word of God and believed it, (2) repented of his sin and has determined to serve God the rest of his days, and (3) has been buried with his Lord (Romans 6:4) in baptism for the remission of his sins. Have you really been born again? Don't take chances with your soul. Obey the will of the Lord while you have opportunity.

WALKER MEMORIAL

Rev. and Mrs. Sam Longbottom, Jr. are the proud parents of a baby daughter, Lynda Ann, born August 29 in Honolulu, Hawaii. Rev. and Mrs. Longbottom also have two sons. He is a missionary to Hawaii under the Southern Baptist Convention.

WALKER MEMORIAL

To Mr. and Mrs. Robert Pollard Gray of Sebring, a daughter, Juanita Sue, born September 1. Birth weight 8 lbs., 11 oz.

To S/Sgt. and Mrs. William Osborne Powell, a son, Baron Mitchell, born September 8. Birth weight 8 lbs., 10½ oz.

Mr. and Mrs. M. G. Whitcomb and their son, Bob and Donnie, arrived home last weekend from Laurel, Miss., where they attended the wedding of their son, Glenn, to Doris Simmons.

TOGETHER

Every experience means more when it is shared. When father, mother and children go to church together they are sharing a beautiful experience. When they sing the songs of the gospel, read the Scripture, listen to the sermon, unite in prayer, they are adding to the joy of being together. When they open their hearts to God and pledge allegiance to Him, family life is strengthened. The "togetherness" reaches out to include fellowship with others.

Young people who grow up in the Church, who have a truly Christian home, are blessed with a tremendous advantage. They have learned to work and live with other people for the glory of God and the advancement of His cause. There is strength in the very thought of uniting in work and worship.

Together—what a difference it makes! Does your family go to Church together?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Pledge to go to church regularly and read your Bible daily.

Teen-Town Talk

Fifty-five junior and senior high schoolers gathered Saturday night at the Youth Recreation Center for an evening of dancing, games and soft drink refreshments. Chaperones for the occasion were Dr. and Mrs. Coleman, Mrs. Bob King and of course, Andy Mincle, Youth Center Director.

Plans are in the making for "Big Things" for next Saturday night. It's to be a hamburger fry. Hamburgers will go for 10c, and soft drinks for 5c. So make a dinner date to eat at the Recreation Center. And Oh, yes! we're calling all parents of any of you that will come on out for this hamburger feast, too. We want you to see just what it is being done in the way of supervised social activities for your boy and girl. Remember, these are the men and women of a few short years from now, who will be the voting citizens and leaders of this town. It's a deal you can't afford not to be in on. Back them up with your presence in their own personal triumph once in awhile. Its open house for parents every Saturday night in Teen-Town.

By the way, thanks again to Radio announcer Jim Logan, who is very versatile. He is the photographer who snapped the action packed pictures of the BOP contest you'll see in the week's issue of the Avon Park Sun. See you Saturday night, and don't be late.

Ridge Conference Coaches Meet

Several members of the Avon Park High School faculty attended the Ridge Conference Coaches meeting held in Frostproof at 7:30 Tuesday night.

Mr. A. B. White, Head Coach Joe Franz, Guy Garrett, Lee Maness, Ralph Hill and John Crittenden represented the Avon Park schools.

Various items of information to sports fans were decided on at the meeting presided over by President George Douglas.

The Coaches changed the methods of deciding two sports titles to eliminate conflicts in the conference. In the future, the basketball championship will be determined in a one game playoff between the two teams with top Dickinson system ratings. The baseball title will be settled in a top four-team playoff, with the method of selecting contestants to be decided at a later date.

The Lake Region Football Association will provide the officials for the grid season, instead of West Coast Officials who are already looked for several conferences.

President George Douglas named the following to the senior all-star grid team committee: Supervising Principals William Reid, Frostproof, and R. D. Milledge, Fort Meade, and Coach Charles Harrison, Fort Meade.
