County Students Eligible To Compete For Five Scholarships

Outstanding Highlands County high school and college students will have an opportunity to compete for five \$2,000.00 four-year scholarships to be offered soon in Florida as part of The National Foundation's new multi-million-dollar program to train urgently needed personnel for the health professions.

The scholarship program, supported by the March of Dimes, is a part of The National Foundation's expanded attack on disease, which has arthritis and birth defects as new targets in addition to polio.

The program will provide scholarship winners with \$500.00 a year toward four years of college or university training in medicine, medical social work, nursing, physical therapy and occupational therapy. Hayward H. Davis, chairman of the Highlands County Chapter of The National Foundation, said today that the first National Foundation Health Scholarships will be offered before the end of the 1959-60 school year, the chairman said.

Mr. Davis said the objective of the new program, expected to cost \$12,000,000 over the next 10 years, is "to relieve acute shortages of trained health personnel in the health fields—shortages that are be-

coming more serious every day. Through the support of the March of Dimes, we hope to help ease this situation considerably by stimulating interest in the health professions and making it possible for young Americans to choose careers that count in the nation's welfare."

Mr. Davis said that details on how to apply for a scholarship will be announced at a later date.

High school graduates who have been accepted by accredited institutions in nursing, physical therapy and occupational therapy are eligible for scholarships. For prospective medical social workers, scholarships will be awarded starting with the junior year of college and extending through the two years of required graduate work. For prospective physical therapists, scholarships will be available at the junior or senior year of college or the first year of graduate study, depending on the medical school in which the student has been accepted.

Selection of winners in each state will be made by a state committee of leaders, composed of members of the five professional areas in which training is being offered. Awards will be decided on the basis of

scholarship achievement, personal aptitude and financial need.

The chapter chairman said that a total of 505 Health Scholarships, costing \$1,000,000 will be offered in 1959, and a new series will commence each year thereafter. Each scholarship will pay \$500 a year for four years, or a total of \$2,000, providing that scholastic standards are maintained.

The scholarships will be distributed to American citizens on a geographical basis, with heavily populated states receiving as many as 25 scholarships—or five for each of the five professions involved—and with no state or territory receiving less than five.

Mrs. Henderson Entertains Chancel Choir

Wednesday evening, following the regular choir practice, Mrs. Henderson, director of the Chancel Choir of the First Methodist Church, entertained the members with a Christmas Party in Wesley Hall.

A large Christmas tree, decorated and lighted, stood at one end of the room. Pine boughs and poinsettias were arranged along the window ledges with many candles burning and the greenery. Baskets of red berries were used to complete the decorations.

The refreshment table was centered with an interesting miniature arrangement of a snow scene with Santa and his reindeer arriving. Mrs. W. O. Luttrell poured coffee and Mrs. Henderson served punch. The silver service at one end and the punch bowl at the other end of the table, plates of fruit and cookies and com-

plete sets of mugs and mugs presented an abundance of Christmas goodies, served to the guests by candlelight, in a cheery Christmas setting.

Circle Three of the WSCS of which Mrs. Henderson is a member, arranged the party with Mrs. Allen Kinde in charge. Mrs. Guy Decker, Circle Chairman, made an original song book from Christmas cards for the choir members to write their Christmas message, and Mrs. Ethel McKelvin presented Mrs. Henderson with a gift of lingerie from the choir.

The keynote address, on behalf of the Chancel Choir, Rev. Luttrell also spoke briefly on what the choir contributes to the church and his appreciation for the loyalty of the choir members.

Thirty men and women make up the Chancel Choir, of which thirty were present for the party, and also Miss Sally Harrison, who is the church organist.

Dennis Hart Has Party For Seventh Birthday

Official Dennis Hart, son of Mr. and Mrs. D. J. Hart, was the guest of honor at a birthday party on Saturday afternoon, Dec. 13, at his home celebrating his seventh birthday.

Dennis and his friends were delighted by rides on a real pony during the party. They also played games in the yard and were surprised and pleased with Christmas coloring books for favors.

Dennis blew out seven candles on a green and pink birthday cake and served his guests cake, ice cream, candy, and punch with their cake. All the boys and girls enjoyed helping him open his many lovely gifts.

Guests enjoying the party were Quentin Atkins, Leila and Debra Fowler, Tommy Capell, Diane Hall, Sanford Stanberry, Gwen and Luther Townsend, Louise and Jackie Bennett, Bruce, Sharon and Cindy Bennett, Linda and Larry Simmons, Pamela Hart, and Shirley Powell. Mrs. G. L. Townsend and Mrs. Ray Bennett helped Mrs. Hart with her son's party.

Eighth Graders Celebrate With Christmas Party

Fifty excited eighth grade boys and girls from the Avon Park Junior High School tubed in the holiday season with a class party on Monday night, Dec. 15, in the Youth Center.

The celebrating teenagers were members of the eighth classes of Mr. Andrew Miracle and Mr. John Greer. The room-mothers of the two grades took care of the food preparations for the party and a large number of mothers gave donations. A super delicious hamburger supper with potato chips, hot chocolate, and many kinds of Christmas cakes was served to the guests.

A Christmas tree was used to decorate the Center and gifts were exchanged under the tree by the class members who had drawn names previously. After the supper and gift exchange the boys and girls played games and danced until the end of the gay evening.

Parents who assisted with the party at the Center were Mr. and Mrs. Andrew Miracle, Mrs. Robert King, Mrs. Stuart Ward, Mrs. J. H. Dugan, Mrs. Aline Parnell, Mrs. James Johnson and Mrs. Frank S. Love.

Treasure Hunt Highlights 8th Birthday Party

A Treasure Hunt and Pirate Cake helped Sybil Anderson and a few of her friends celebrate her eighth birthday on Saturday afternoon, Dec. 13.

Sybil entertained her friends with a birthday luncheon of hot dogs, tuna fish sandwiches, chips, and Coca-Cola served from a buffet table. The large blue birthday cake was decorated with pirate figures in marching order. Cake and ice cream climaxed the meal.

While the girls were eating, Treasure Sacks were hidden in the yard for each girl to locate. With much excitement each girl located a sack and found her favor of a pearl ring, small notebook, several types of candy and bubble gum. Several indoor and outdoor games were played with Cheryl Runkel and Lark Adams winning the musical chair games.

Helping Sybil celebrate were Lark Adams, Ann Mandis, Brigitte Wolber, Cheryl Runkel, Kim Wells, Sharon Bennett, Gale Meyer, and Jackie Hutchinson. Mrs. Walter Mandis assisted Mrs. Anderson with the luncheon and party.

be in keeping with the Chamber's motto: "Trade In Avon Park."

These clinics, staged for small towns, with practical advice on how to help them grow have resulted in wonderful accomplishments in a number of small towns throughout the State of Florida. The growth of a community depends upon the downtown merchants and many small towns have gone down due to poor business districts.

In order for the Chamber of Commerce to bring these national known speakers to Avon Park, this is a small amount to pay for the vital information and outstanding entertainment that one will gain by attending the clinic. Further information on the clinic will be released as the Chamber will Commerce and the General Extension Division in a little later, but make plans now to attend the clinic.

Those attending the luncheon meeting Monday and Tuesday on the planning committee for the clinic are, Chamber President, Jim Heim, M. M. Anna Belle Warden, executive secretary; Charles McCallie, A. M. E. Bob Barber, Hubbard Biggs, Jim White, George Woodman, Royal Coats, A. A. Gale, and Mrs. C. Darden. Also on the committee but unable to attend the luncheon are Vernon Tyson, Bob Lee and Jack Delaney.

Realtors—

Ira Glickner, Robert R. King, E. Allen Martin, Dick von-Burke and Ted J. Ward.

First prize will be a check for \$20; second prize will be \$10 and the third, fourth and fifth prizes will be checks for \$5 each.

The Christmas Decoration Home Contest has been arranged by the Christmas Lighting Committee of the Chamber of Commerce with Charles McCallie as chairman. Method of awarding the prizes will be announced in the Christmas Edition of the Avon Park Sun.

utilities, come under the management of the Town Council. Mr. Gerald Barnes is Chairman of the Gas Committee and has supervision of the Gas Department through the superintendent of that department.

Milton, like all other cities in Florida has its share of municipal problems, but we feel that if Florida is to continue to prosper then the cities must continue to give the best possible service at the lowest possible cost. We feel that there are many other cities in Florida similar to Milton that could improve their municipal services with a Natural Gas Distribution System.

Editor's Note:
In the engineering survey for the Town of Milton it showed that the town would have to construct 22 miles of Six inch high pressure gas line to bring gas to the town, this would not be necessary for the City of Avon Park.

It was necessary for Milton to sell \$580,000 in revenue certificates to carry out the project, this cost to Avon Park would not be nearly so great as only \$390,000 would be needed.

Xmas Trees**

Lovely native Christmas tree of short leaf pine are being sold by the Boy Scouts of Troop 156 again this holiday season. These trees are native to Florida and have been used for Christmas trees by Floridians for many years.

Troop 156 uses this project to help pay the expenses of their trip and will guarantee its trees to stay fresh through the season. The trees are available in all sizes and are reasonable priced. The trees will be on sale at several places and orders may be assisted to 67 2726 for any size tree.

Norman Cook, assistant leader, and the patrol leaders of the troop are taking charge of this annual project.

One of the gay holiday festivities of the season will be the Jaycee dance Saturday night at the Jacarana Hotel. Good music and plenty of good company. Go, Go, Go.

TALLAHASSEE—It's budget making time in the Capitol. It is a time of mass confusion for the poor taxpayer, who tries to make heads or tails out of the multi-million dollar figures that are flying around like missiles at Cape Canaveral.

Perhaps, a little program of the scheduled activities will be helpful.

First budgets are filed by the various state agencies giving details on the next two years.

The Budget Commission, which is composed of the Governor and State Cabinet, takes these budget requests and balances them with income.

The Legislature then goes to work and the final budget comes out.

In the news stories you will be seeing out of Tallahassee, the main emphasis will be placed on the "general revenue fund."

Notice

So that the employees of the Avon Park Sun may enjoy a well deserved holiday, the Christmas week edition will be printed in next week's paper. Your cooperation will be appreciated.

Building Permits For November Total \$94,200

Nineteen building permits were issued by the City of Avon Park during the month of November 1948 for a total of \$94,200. This is twice the number of permits issued for the same month last year with total value four times greater than last November. Permits in November 1947 were valued at only \$23,725.

Of the nineteen issued last month twelve of them totaling \$88,000 were for new homes being built inside the city limits of Avon Park and the other seven permits valued at \$6,200 were for alterations and additions.

Although permits last month were four times greater than the same month last year they were nearly ten times greater than the same month in 1936. In November 1936 only four permits valued at \$9,500 were written by the City. So Avon Park continues to grow.

Besides being excellent sources of highly available protein, some fishery products are also rich sources of vitamins which the human body needs for healthy growth and protection from disease.

The current estimates are that the fishery products have been filed, the general revenue fund requests will total about \$204,500,000 for general operation—salaries, expenses and the like.

Demand of something like \$127,800,000 are expected on the general revenue fund for capital

Jehovah's Witnesses To Hold Assembly In Belle Glade Dec. 26-28

Jehovah's Witnesses will hold a three-day circuit assembly in Belle Glade, December 26-28. It was officially announced today by the governing body, the Watchtower Bible and Tract Society of New York.

The National Guard Armory is to be used for the occasion and upwards of 1,000 delegates from Southeast and Central Florida are expected to attend the sessions.

Donald L. Campbell, president of the Sebring congregation, said "this will be one of the largest conventions ever held in Belle Glade and should be the largest assembly for Florida Circuit No. 6."

The last such meeting held in Winter Haven, March 25-30, had a peak attendance of 1,000.

Campbell revealed that Wayne D. Powell, Avon Park, has been named a speaker on the program for the semi-annual Bible conference. He will address the convention Friday evening and his remarks will be taken from the Bible book "Ezekiel" Chapter 4.

"There is a great need in this region, perplexed world for knowledge and appreciation of God's word, the Bible," Campbell said, "and the purpose of this assembly is to point out to our Christian responsibilities."

Sebring will send their largest delegation to date to the convention. Over 20 will attend from this city.

Other highlights of the assembly will include a water baptism Saturday afternoon and the principal address of the assembly, Sunday, December 28, when J. W. Fison, district director of the Southwest United States, will speak on the subject: "The Watch Tower Society in God's Purpose."

Tenth World Scout Jamboree To Be Held In Philippines July 17-26

The Boy Scouts of the Philippines, next July 17 to 26 to the Tenth World Scout Jamboree, is the fifth largest Boy Scout organization with its membership of 225,000 Boy Scouts and adult leaders.

The jamboree will be the first held in the Far East. Eighty world Scout jamborees have been held in Europe countries, the only one in the Western Hemisphere was held in Canada in 1955.

The United States will be represented at the world jamboree by a contingent of about 100 Boy Scouts, Explorers, and adult leaders who will fly from the San Francisco-Oakland area in California on commercial flights about July 11.

The Gulf Ridge Council, Boy Scouts of America, today said that it is still possible for eligible Scouts and Explorers to join the jamboree contingent. Enrollments are limited to those fourteen through seventeen years of age as of July 17 who hold First Class rank and have qualified for the Camping

CRACKER POLITICS

By ALLEN MORRIS

Tallahassee—Some informed guesses may be ventured now about the identity of the team of first-string cracker politicians to be fielded by House Speaker Thomas D. Beasley.

The Speaker hasn't made any formal announcements yet. But an observer familiar with Beasley's thinking, plus knowledge of the talent available to him among the holdovers who supported him for a rare second turn on the rostrum, can figure out what he likely will do.

While there are 35 standing committees, virtually all the really vital legislation of general interest funnels through six or seven. These committees will make to a considerable degree the kind of public reputation Beasley brings out of the new session.

And that reputation possesses more than passing importance to Beasley for the DeFuniak Springs lawyer again has his eyes on the governorship.

The "big three" of committees at every legislative session are the committees on appropriations, finance and taxation, and rules and calendar. To these may be added this time the committee on constitutional amendments and on education.

Grade school and college.

W. C. (Cliff) Herrell, 42-year-old Miami Springs private hospital administrator who first came to the House from DeFuniak county in 1955, will be chairman of the committee on appropriations. Herrell has demonstrated a willingness to tackle tough tasks and Speaker Beasley perhaps is further attracted to Herrell because of his ability to say "no"—the key word for Beasley's money-pending policy.

Immediate Past Speaker Doyle E. Conner, 39-year-old Starke farmer-businessman (agriculture, real estate, model building) has been named officially from the rostrum to the chairmanship of the rules committee. Aside from helping the Speaker interpret the rules, which is assistance Beasley won't often need since he knows as much about House procedure as any other present member, the committee's importance lies in controlling the calendar during the critical final days of a session. If bills don't get on the calendar, they can't be a generalization—he considered.

The committee on finance and taxation has the problem of providing the money to make the appropriations good. Beasley likely will give the reins of its chairmanship to his decade of recent sessions, James H. Sweeney, Jr., 53-year-old DeLand attorney. Sweeney is in the fourth bracket from the top in House seniority, having served Volusia county since 1949, but not the flashy type who makes the headlines. Talking privately about Sweeney, Speaker Beasley recently described him as a "real conservative" and added he "seems to represent the feelings of the people of Florida at the time" on taxation.

Education has been thrust into the legislative spotlight because of the segregation and desegregation issues. Speaker Beasley may be expected to call upon two relatively young men, both in age and legislative experience, to head up the two House committees charged especially with educational problems.

John S. Shipp, Jr., 40-year-old Marianna third-tymer, again will take over the committee on education in the public schools. Shipp is a professional educator, presently Southern manager for a national textbook publisher, and chairman of the same committee in the 37 House. Robert T. Mann of Tampa, 34-year-old lawyer and lay leader in the Methodist church, is slated for the chairmanship of higher education, a plum and a challenge because of Hillsborough's big stake in the fledgling University of South Florida.

Another committee destined for special prominence in '59 is that with the first crack proposed amendments to the constitution. Because of his skill as the man-in-the-middle between big counties and small counties, and his handling of problems in this field last session, Mallory E. Horne, 35-year-old Tallahassee lawyer, is expected to get Speaker Beasley's nod for its leadership. Horne will be a third-termist this session and, despite an exuberance which sometimes causes him to ignore detail, is very definitely a young-man-going-somewhere.

There is nothing either unusual or wrong about Speaker Beasley's yearnings for higher office. It is rooted in the American theory that a well-done task merits consideration for promotion. Nearly every Speaker has nurtured the notion of stepping tall rung up to the governorship. Recently but one—Dan McCarthy, Speaker in 1941—actually negotiated that long step on the governmental ladder and he only after two tries.

Beasley first got the vision of the great pastures beyond the mountains when he was Speaker in 1947-48 and he is treating cautiously today out of the experiences of a decade ago.

That he is able to try the climb again tells something of the political skill of the man for the Florida House has had but few two-time Speakers. The Speaker has been regarded as an honor to be passed around. The last double-Speaker was Cary A. Hardee, who served from 1915 to 1921 and then went on to the governorship in 1921. Hardee was indeed a rare political bird, for he was elected Speaker before he took the oath of office as a freshman member of the House.

Beasley's ambition also tells something of the indefatigable sort of fellow he is. For his achievement would demand exceptional skill, plus luck, if it were true that voters in the state's urban areas have been

Fish And Game Club To Hold Turkey Shoot

The Highlands County Fish and Game Club is holding its first Turkey Shoot in many a year. The shoot will be held at the State Road 17 on December 20 and 21 from 10 a. m. until 2 p. m. each day.

Bring your own gun and 12-16 and 20 gauge shells will be furnished with each chance. There will be a few guns at the Turkey shoot for individuals to use, if they so desire.

Come on out and try your skill in winning one of these twenty pound turkeys. The shoots will depend upon the success of this one.

Former Resident Promoted In State Office

Fred P. Ley, son-in-law of former Highlands County Tax Assessor Cyril Baldwin, Sr., has been appointed as chief of the revenue collections department of the State Treasurer's office. He will succeed Frank Miller who announced his retirement effective January 31.

The appointment of Ley's promotion was made by Treasurer J. Edwin Larson.

Ley and his wife, Dorothy, both attended school at Avon Park and although he has worked for seventeen years in Tallahassee they both maintain and keep their registration and voting privileges at Precinct No. 1, Avon Park.

Mr. E. W. Hart of Avon Park is drilling a 16 inch well near Arkadee Branch to irrigate about 400 acres of clover pasture. He is presently irrigating about 400 acres from Cayser Creek. The Soil Conservation Service engineers assisted Mr. Hart in the design and layout of these seepage irrigation systems.

Conditioned by the legislative apportionment unrest to look with suspicion upon anyone from the small counties and particularly those of North Florida.

But Beasley yet may capture the crown by his constant vigilance, by ceaseless work, and by an almost intuitive grasp of political tactics.

Education has been thrust into the legislative spotlight because of the segregation and desegregation issues. Speaker Beasley may be expected to call upon two relatively young men, both in age and legislative experience, to head up the two House committees charged especially with educational problems.

Winter Guest Club News

The expanded dance program is off to a good start, providing an opportunity on Tuesday evening for those of our members who prefer ballroom dancing to the more formal of them, and the opportunity on Thursday mornings for the "square" devotees to learn new patterns.

The holiday season will necessitate a change in the usual week's activities; namely, during Christmas week there will be an entertainment on Tuesday evening, the annual Christmas party and gift exchange on Wednesday, Christmas Eve, a dinner at the clubhouse on Christmas day, and the Christmas Dance on Friday, December 26.

On New Year's Eve there will be card games, followed by refreshments, with dancing to music of the evening's festivities.

The Christmas dinner committee is captivated by our most capable Mrs. Ford. It is suggested that those who wish to partake of this dinner sign the list at the desk before Dec. 20. However, any member joining the club after that date will be admitted, if they so desire.

The shuffleboard courts have been much in use these past few weeks; even the recent cold has not scared the "squares" away. On Friday, Dec. 5, the Bained-out Wednesday's tournament was played with Shauger and Slater beating out Mrs. Beck and Mrs. Kime to take first place. On Saturday, Dec. 6, Brush and E. Gruber defeated Mrs. B. B. and Brown. The Lake Wales - Avon Park tournament on December 7 was a nip-and-tack affair, with Lake Wales finally edging out a victory with a score of 22-23.

C. Gruber and M. Lindborg defeated Mr. and Mrs. Bell on Wednesday, Dec. 10 to win the weekly choose-your-partner. There were some predictions on Saturday that, because of the chill

Holy Eucharist and sermon will be held at 10:00 a. m. on Christmas morning.

also: M. J. Anderson, tenor; Mr. R. Whitcomb, bass; Mrs. J. Paul Garber is their director and Mrs. Earl Jackson the accompanist. Other numbers enjoyed by the over one hundred in attendance were a solo by Mr. Robert Sanford, a harmonica solo by our venerable Cal Staretz, a number by the ladies and one from the men's chorus. One of our guests from Erie, Pa., sang with accompaniment from the assembled members humming. Members and visitors from Frostproof and Wauchula all enjoyed Mrs. Shildy's Christmas music which preceded the singing.
