A Milestone

A milestone in the endless march of material progress was reached last December 18. On that day, at Shipingport, Pennsylvania, this country's first full-scale atomic power plant began to produce electricity.

The plant is a big one—it is now producing sufficient power to meet the residential needs of a community of 250,000 people, and is capable of producing much more. And the method of construction and operation employed is extremely significant. The reactor was developed by Westinghouse under contract with the Atomic Energy Commission. The plant is being operated by the Duquesne Light Company, a taxpayer private utility company, which provided the turbine generator and other facilities. It is thus a "partnership" venture in the fullest sense of the term.

Businessmen And Law Enforcement

"... the current high tide of crime... can be brought under control only when business leadership teams up aggressively with law enforcement agencies for the common good." That statement has been made by Fred W. Johnson, Special Representative of American Stores, a Philadelphia food chain.

Mr. Johnson speaks with authority—for, over a seven year period, this chain has actively cooperated with the police department in proving to manufacturers that crime doesn't pay. The results are impressive by any standard. As of a recent date, American Stores had suffered 92 holdups at gunpoint. Convictions have been obtained in 84 of the cases so far tried—and this number is subject to increase, as a murder trial with four defendants is still pending. There have been no acquittals.

All in all, total maximum prison terms amounting to almost 750 years have been handed out to the convicted bandits, along with two sentences of life. And 22 gangs have been liquidated.

The whole country has been suffering crime waves. Crimes of violence committed by juveniles, especially, have been soaring in number and increasing in sheer viciousness. The growing gravity of the problem has been outlined time and again by such authorities as J. Edgar Hoover. All decent elements in every community must work—as businessmen in Philadelphia work—to help the law enforcement authorities in a job that has no end and grows ever more difficult.

Welcome Mat Is Out

The need of modern industrial America took root many generations ago on a narrow little street, a few blocks long, bounded at one end by a famous church and on the other by a river. That street is Wall Street, which took its name from a brush fence designed to keep cows in and Indians out. It is along this street that one of the world's renowned market places is situated—the New York Stock Exchange.

The Exchange is almost as old as America. It was first organized in 1792. Without the facilities of such a market place the corporate idea of industrial development, which is the basis of our present-day democratic society, would never have come into being. One of the great tragedies of American history is that there has been so little understanding by so many people of the real meaning of the investor-owned American style corporation. It has evolved into an economic system that has become known as "people's capitalism." Had it existed in the days of Karl Marx the paths of Russia and the United States might never have followed divergent courses, for the simple reason that capitalism as practiced in this country today goes far beyond the wildest dreams of Marx to improve the lot of his fellow men.

One of the "musts" for a visitor to New York is the Exhibit Hall and Visitors' Gallery of the Stock Exchange—a million dollar educational project—which not only presents a dramatic and colorful story of the growth of American business through investment, but manages to impress upon the visitor the rich fruits that flow from a philosophy of life that permits the individual maximum economic and political liberty. The Stock Exchange exhibits represent the activities of millions of private citizens engaged in every conceivable activity. Some 300,000 visitors tour the Stock Exchange annually—school teachers, children, businessmen and their wives, foreign dignitaries and, of course, the individual stockholders who own shares in the 1200 corporations listed on the "big board." The latter group totals nearly 10 million persons, two out of three of whom earn less than \$2500 a year. This alone should give an inkling that "people's capitalism" in the United States is not just a catch phrase.

The significance of the educational effort extended by the Stock Exchange in behalf of the entire American community is beyond weighing. A visitor has the feeling that the welcome mat is out and the nation is invited to come calling.

Highlands Lakes Academy News

Two Highlands Lakes Junior Academy 8th graders took a 10 hours course of instruction of Leader Craft this week end at the Methodist Youth Camp north of Leesburg.

The girls, Ann Tompkins, secretary, and Carol Schmidt, Treasurer, were delegates, with three others from Walker Memorial Missionary Volunteer Society who attended the newly elected officers school for Seventh Day Adventist Young People. The others attending from Walker Memorial were Robert Werry, leader; Mr. and Mrs. Noel Carlson, chorale and assistant leader, respectively.

Elder F. W. Foster, Orlando, Missionary Volunteer, Secretary to the Florida Conference of Seventh Day Adventist was in charge of the sessions and was assisted by Elder L. M. Nelson, Atlanta, Ga., Missionary Volunteer, secretary of Southern Union.

Guest speaker and instructor was Elder David Raab, Miami, Director of Missionary Volunteer in Inter-American Division. Elder Raab told the seventy-five delegates from Florida that there were as many Missionary Volunteers in the Inter-American field as the entire church membership of the Southern Union. The Southern Union consisting of the Carolina, Kentucky, Tennessee, Georgia, Alabama, Mississippi and Florida.

"Although we do not have all the tools to work with that you have here in the States," he said, "Youth of Inter-American put into practice use the world-wide slogan of 'Share Your Faith'."

Sunday class sessions were climaxed by dedication of the delegates to greater evangelist effort for the youth of Florida.

Winter Guest Club News

Last Friday's cold weather caused a postponement of the shuffleboard games but drove everyone in to enjoy the music and dancing in the evening. For a while it looked as though we would have to put up a few shelves to hold the crowd, but by the last count there were 110 present. The practice session on Tuesday morning was well attended. Also, there being three sets in action plus several more persons.

Last Friday's tournament was postponed to the coming Friday, which will be January 17. This will be the second in a series of cup contests with Sebring. On Saturday a record crowd came out to enjoy the sunshine and mild weather. We all agreed there had been quite enough of cold weather. This was a pick-your-partner tournament, won by Charles Brush and Eldred Gruber over Lura Pickell and Charles Gruber. Seldom do we have so closely contested a match; these two teams were well matched.

Our president, Duke Christensen, has just been elected Treasurer of the Central District Organization of the Florida Shuffleboard Association, in which 30 clubs representing approximately 9500 members are affiliated.

Under the heading of improvements, we are happy to list the following. Two new courts have been created and will be ready for play in a few weeks, a sidewalk has been extended from the west courts to the punch, and another walk is in process of construction at

the east end of the courts to the clubhouse.

The members of the club extend their sympathy to our president and his family in the death of Mr. Christensen's mother. Duke has gone to Michigan and will return in a few days.

Saturday's potluck was well attended, there being 66 present. Fourteen states were represented, Michigan having the most present with a total of 16. Indiana and New York tied for second most numerous with 12 from each state. Thirteen people were present for the first time this season; for six of these it was their first time in Avon Park. On January 23 pictures will be shown and on the 24th we will have a home-talent program. If you have a talent or know someone who has, get in touch with Mrs. Book or Mrs. John Williams for a place on the program.

Tuesday's high score at bridge was won by Frances Nuber, with Ann Duffy second. High Door prizes were won by Betty Tizard, Ethel Hardin, and Charles Brush.

Over one hundred persons were present for the sing on Sunday, including several visitors from the Frostproof club. Many of our recent arrivals were at the sing; this is the time of year when each event sees several newcomers—we hope you like our club as well as we so you'll come back year after year. From our membership Mr. Cal Starrett sang a solo and played a selection on harmonica. Mr. Tony Malone, of Herrin, Ill., also sang a solo. Thirty of our stalwarts joined in a chorus to sing "Dwelling in Beulah Land." Mrs. John Garber, Jr., one of the city's leading vocalists, sang two numbers, to a most appreciative audience.

Garden Club News

The members of Founder's Circle of the Avon Park Federated Garden Clubs were fortunate in having Mrs. W. Harrell Wilson conduct a workshop on the arrangement of flowers for their circle in the Jacaranda Hotel in the Palm Room at their regular meeting on Thursday afternoon, Jan. 9. Mrs. Wilson gave an excellent talk on the choice of containers and the foundation of good flower arrangements. She also showed the group nine color slides of her arrangements in which she had made to express the personality of the past presidents of the National Federation of Garden Clubs. The workshop, after Mrs. Wilson's outstanding lecture of the morning, gave the members of Founder's Circle a day of enjoyment and achievement in their garden work. A number of guests stayed to enjoy the workshop with the members.

Mrs. Ernest Shepherd, president, held a short business session at the close of the workshop. Mrs. Earl Hartt and Mrs. C. E. Lanier, hostesses, served sandwiches and coffee to the members.

Hibiscus Circle of the Avon Park Federated Garden Clubs welcomed Mrs. Jewel Delegal and Mrs. W. H. Harden as new members to the circle at their regular meeting on Thursday, Jan. 9, at the home of Mrs. Paul Reitzner on Lake Lillian with Mrs. Ralph Kelley serving as co-hostess.

The membership of the circle is now full and they are accepting new names only on the waiting list at present.

Mrs. Mabel Staggers, Convention Chairman, gave an interesting talk on this subject with several helpful suggestions for conservation work in the immediate neighborhood.

Mrs. Arlin King announced that forty-five miniature arrangements had been placed in the hospital and nursing home for the Christmas holidays.

It was announced that the next meeting of the circle will be at 2:30 o'clock in the Florida Power Lounge on Thursday, Feb. 13. The meeting will feature a talk on landscaping.

The members of the circle were proud to congratulate Mrs. I. H. Ford, president, on her outdoor Christmas decoration which won the Community Decoration Prize. At the request of some members who had not seen it Mrs. Ford described the decoration.

Delicious refreshments were served by the hostesses. A number of the members of Hibiscus circle had attended the lecture of Mrs. Harrell Wilson and attended the luncheon in the Jacaranda Hotel. Some members also attended some of her workshop. Everybody enjoyed the lecture a great deal.

Busy Year Begins For American Legion Auxiliary

The Auxiliary of the American Legion held its first meeting of the new year at the home of Mrs. D. S. Mandis on Monday night, Jan. 13.

After the opening of the meeting with the singing of "America" by the group, Mrs. P. C. Boney reported that \$1235 had been sent to the Crippled Children's Hospital in St. Petersburg and that a large box of clothing was ready to be sent over also.

The success of the Legion and Auxiliary joint Christmas party was reported on by Mrs. Ben Stewart. The joy gifts from the club to the three state veteran's hospitals in Coral Gables, Lake City, and St. Petersburg were sent before Christmas.

The members voted to pay their dues to the annual Girls State project and ordered fifteen hundred poppies for sale at the Annual Poppy Sale.

The Auxiliary was sorry to learn that Legnaire Will Bennett is seriously ill in the Bay Pines Hospital.

Mrs. Florence Dunn's mother of Chicago was a guest at the meeting. Mrs. Mandis served the members delicious refreshments of dainty sandwiches, lemon tarts, and coffee.

The next meeting of the Auxiliary will be in the Legion Home if the weather permits. It will be definitely announced at a later date. Mrs. Ben Stewart will be hostess.

Judge Kinsey charged that the inspection of police and fire stations in the cities and towns is within the grand jury's province.

The judge told the inquirers that, "there is no greater detest to evil, incompetent and corrupt government than public life. Likewise, faithful and loyal public service should be rewarded by recognition and praise."

Judge Kinsey then told the jury, "in view of the appalling mutilation and slaughter of our citizens on our public highways, roads and streets, you are especially charged and urged to investigate the hazards of our highways, roads and streets, the sufficiency of our traffic laws, and the enforcement of traffic laws, and to report any findings and recommendations to the grand jury in your judgment would be beneficial in bridling, restraining and overcoming the horrible and senseless violent destruction of life on our highways."

Members of the grand jury were luncheon guests of Sh. Broward Coker at the jail and were served a delicious chicken dinner. After lunch the jurors inspected the new modern and model structure of the County Jail.

Devils Win And Lose Over Week End

The Avon Park High School football team had a win and a loss in last week's Conference play—losing to Lake Placid 25-22 in Tuesday night contest and beating the Sebring Blizzards 45-40 in Friday night game.

At Lake Placid, Avon Park was very of the goal and were not able to hit consistently. On the other hand the defense was unusually good and they held the usually high-scoring Dragons to only 28 points. Avon Park dragged during the first half and the score was 11 to 7. During the third period Avon Park scored 9 points to Lake Placid's 6 and at the end of the quarter Lake Placid led by only one point and the score was 17-16. Avon Park only hit for 6 points to Placid's 11 in the fourth and the Dragons won by a comfortable 6 point margin.

Versatile left hander Charlie Anderson led the Devils to victory with 10 points. Earl Hovey had 7 and Leroy Farrell and Ben Earnest had 2 each. Billy Rouse made 1 point on a free throw.

Earl Hendry led Lake Placid with 10 points and Larry Sapp was second with 8 points. He made 8 out of 17 free throws for 47%.

It was a different story Friday night when the Devils took the floor in a close exciting game that saw Sebring take the lead more than once during the four quarters.

The two teams played an exciting making basket for basket during the first quarter and the score was tied 12-12. Sebring made an extra basket during the second quarter to take a two point lead, 22-20 at the end of the first half.

Avon Park came back during the third quarter to put the score at 22-22. The game was tied 14-14 at the end of the second quarter. The Sebring then scored twelve to Avon Park's eleven during the final period but they couldn't catch up with the Devils.

Ben Earnest played exceptionally well and was high scorer for the Devils with 9 points. The boys spread the scoring around and Anderson scored 8 points, place with 9, Farrell and Hovey had 7 each. Billy Rouse showed improvement and made 6 of 8. Bryan Kempton had 3 points and made 2. They made 45% of the free throws getting 10 out of 22.

Jerry Sheffield led the Sebring with 13 points and Jon Clayton and Ronnie Sauls had 8 each.

Minor Accident

Jan. 6 Reported

An accident late Monday afternoon, January 6, at the intersection of North Anoka and West Pleasant resulted in approximately \$1500 worth of damage to the automobile involved but neither driver was seriously injured.

Mrs. Bertha Smith Pabor was traveling north on Anoka and did not see the car driven by James Lee Pearce, U.S. Air Force, who was going west on Pleasant. Pearce thought that Mrs. Pabor was going to stop and he was backing up to stop. Neither were traveling fast as they collided at the intersection. A misting rain was falling at the time of the accident.

The front end of the 1954 Plymouth driven by Mrs. Pabor was crumpled to the extent of about \$500, and approximately \$650 worth of damage was done to the 1957 Ford driven by Pearce. After the accident Mrs. Pabor was examined by Dr. Samuel King.

Assistant Chief Blanford was the investigating officer.

Mackeral are one of the most plentiful salt water game fishes, says the State Board of Conservation, and they are most readily caught on high tides along reefs off shore during winter and spring.
