Industrial Development Meet Draws Large Crowd

Hurd on the Mall

BY GEN HURD

This week I'm writing from a hospital bed. Never thought I could type from a near prone position . . . but then I never thought stepping off a three inch ledge would land me here with a sprained back either. No spectacular ligament-pulling plunge off my water skis, no high dive out of the top of an oak, just one short zig, which should have been a zag and my cha cha days are over, for a while . . . so here I am being pummeled, kneaded baked and stuffed full of a drug similar to the poison Indians used on arrows to paralyze game. These out-sized horse pills help to relax the muscles and keep away the misery, which is fine with me except when four of those jawbreakers go down my swan-like throat at the same time I secretly wish they'd give it back to the Indians.

But hospital life isn't all unpleasantness, and I was only kidding about the treatment. Avon Park is lucky to have a fine therapeutic center. The baths and massage treatments are soothing and relaxing . . . utter luxury, as well as correctional . . . then there are the many acts of kindness from family and friends such as Gladys Smith, whose hobby is thinking of and doing things for others . . . Bless her and others like her, including Capt. Brady, the writer, who brought me a collection of poetry, his favorites, and some of his own writing, which I have enjoyed. Later I was distressed to hear the good Captain was ordered by his physician to bed in his apartment here at the hospital.

There are the beautiful flowers and messages of cheer that mean so much to the patient. I've not only enjoyed my own but those of my neighbor across the hall, Mr. A. McKee Elwell, whose room has taken on the appearance of an Avon Florista branch. His host of friends will be happy to know that at this writing he is improving.

While my room was fragrant with the scent of gardenias it brought a touch of home to one of the nurses from Hawaii. Gardenias grow wild there, she said.

Another of the nurses after drinking in the beauty of my red lillies expressed a desire for just one Amaryllis bulb. I was touched by her joyous countenance as she talked of flowers, and reflected on the simplicity of her requests. This motherly little lady, who sees to the comfort and consolation of so many in this hurly-burly world, needs only one of God's creations and her cup runneth over.

According to the good Doctor many serious back injuries are caused by a quick action in the

The All-Florida magazine is no longer a supplement to the Avon Park Sun.

Cancellation of this important feature of the Sun became necessary when the printing deadline of the magazine was moved up one to including TV listings, which are now a regular feature of the magazine. This makes it impossible for printing to be completed in time for including in weekly newspapers. In the future All-Florida magazine will be circulated in daily newspapers only.

Festival Of Florida Products To Spotlight Huge Citrus Industry

The Florida citrus industry, the world's largest, is one of the state's economic giants.

Saluted during the Festival of Florida Products, April 17-25, the citrus industry and its groves of oranges, grapefruit, tangerines and limes cover over 500,000 acres across the central section of the state.

Citrus history dates back to 1579 and possibly before. Some two centuries later early settlers discovered wild citrus scattered over the state.

A native of the Orient, citrus was brought to Spain by various routes and then to the new world by Columbus.

The state's oldest grove is thought to be in Pinellas County planted some time between 1809 and 1820.

Florida citrus comes from the over 32,000,000 bearing trees in thousands of acres of groves that stretch across the state from the Atlantic to the Gulf. Another 8,000,000 young trees will begin producing within a few years.

On-tree returns for Florida growers during 1957-58 were $219,000,000, according to the Florida Citrus Commission, for 116,000,000 boxes of oranges, grapefruit, tangerines and limes.

Seven varieties of oranges with various maturity dates are produced by Florida groves and shipped practically year round. Shipping season for citrus usually starts in September and lasts in volume until June or July.

The easy-to-peel fruit, the zipper-skinned tangerines, are grown commercially only in Florida.

Grapefruit varieties, not as numerous as those of oranges, are generally referred to as white or pink and seeded or seedless.

Five Crucial Days Remain In Big Sun Subscription Campaign With All Workers Redoubling Efforts

The end of The Sun's big subscription expansion campaign which has continued over the past five weeks, is in sight. Five more days remain, and in those five crucial days, will probably be decided, which contestant will receive the big $1500.00 top cash prize—who will receive, and in what order, the five other big cash prizes.

In the special $25.00 added prize race to the contestant selling most new and extension subscriptions in a 10-day period, ending last Monday night, Mrs. Viola Townsend who has been in second place in all published standings, was declared the winner, and was awarded the special $25.00 cash prize Tuesday morning.

These next five days will undoubtedly be the most hectic, the most exciting of the entire campaign. In practically all of the six brackets—from first to sixth the race is so very close, the margins of lead so very small, that it would be idle to attempt to predict the final outcome.

When consideration is given to the fact that there is a big $800 difference between winning first or second prize; a difference of $300, between winning second or third prize, as well as big cash differences in the three lower brackets, you can conclude, and rightly that contestants will be working almost day and night in order to get every possible subscription.

Due to the fact that in all catagories, the races are so very close, in some cases a difference of a single subscription, no published standing of contestants is made in today's paper.

To publish standings at this critical period, could be construed as being of advantage or disadvantage to some contestants, and for that reason the publication of those standings have been discontinued. Next week's Sun will publish the final results, and list all of the winners.

Today, Friday and Saturday will probably be the biggest selling days of the entire campaign. Recognizing this, the contest office will be open until 10:00 p. m. next Saturday night, giving all contestants extra hours to work. Saturday night marks the end of the high vote period. Subscriptions sold after the Saturday close will earn only half as many votes as they now earn, so each contestant will make every effort to get every possible subscription in by Saturday night.

But the last two days of the campaign are important as well. In a close race such as this, those last minute subscriptions could be the deciding factor in deciding who gets which prize.

The end of the campaign comes at 11:00 a. m. Tuesday, April 21. At that hour, all reports, and all votes must be in the office, to be sealed by contestants, ready for delivery to the judges named by contestants.

The big vote count will be held in the offices of The Chamber of Commerce. This vote count will start at 1:30 p. m. All judges selected by the contestants are requested to be present at that hour. The award of prizes will be made by the Sun publisher following the vote count.

During the past weeks, we have pointed out to our readers the fact that they not only help contestants to win a prize, but save money by subscribing during the campaign, because the bargain rates will end next Tuesday morning at 11:00 a. m.

There is still time in these next five days for you to subscribe, and your favorite contestant will appreciate the votes from that subscription. It can be the one that will decide the prizes. You can bring your subscription to The Sun office if you prefer.

Contestants still in the campaign, and listed in the order in which they stood last week are: Mrs. Hazel Townsend, Mrs. Viola Townsend, Mrs. Kathy Harden, Jaeff Fleggert, Sherman Dranby, Mrs. Hubert Shields, Mrs. Thos. Landress, Mrs. Paul Carlson, Mrs. C. V. Moore, Mrs. Edna Dixon.

Winter Guest Club News

The great exodus has begun. More than that it is in full swing, almost ended. That members of the Guest Club are fast slipping away was painfully apparent on a certain morning last week. It was 9 a. m. with a fair day in prospect, but instead of a bustling bunch of shufflers on and about the benches on the courts only a single fair lady from the Jacaranda sat there in lonely splendor waiting patiently for who knows what. On the house porch a single Connecticut gentleman sat wrapped in silent contemplation of the melancholy scene. Perched atop a telegraph pole in the very midst of it all was a solitary crow, black as any spade, surveying the emptiness below. He cocked his head this way and that, then seeing nothing of interest there he flapped his wings, croaked "Never More" like Poe's raven, and flew away. A mockingbird began its matin song from some bosky covert near, then suddenly stopped. What was the use with hardly anyone to listen.

Thus it was for half an hour or more. Then suddenly hove in sight Charlie and Mack and Bill and Frank, then two maidens from the Martin apartments, then another one or two from here and there, and the spell was broken. The games were on, the Feerls appeared, and normalcy reigned once more.

Mr. and Mrs. Ford gladdened the scene, but alackady they will not be doing that much longer, not at least in the same capacity. They who have for the past several years tended to the needs of both house and grounds with distinction to themselves and the gratification of all club members have tendered their resignation to take effect April 30th. They have done a swell job, have kept the faith, fought the good fight against dirt and other tribulations here, but now they graduate with the degree of summa cum laude. Everybody wishes them happy days and many of them. Who has been elected to succeed them has not yet been revealed.

Nigh on to a hundred folks attended the dance on Friday night, 93 to be exact, a goodly number for this late in the season. And they were full of pep and vigor. They swung partners and tripped their light fantastic toes in grand style about as if they had sipped at the fountain of youth and were young bloods again. Afterwards followed a feast of coffee and doughnuts for those who wished to linger and be refreshed. And so ended a happy day. Not so many couples expected at this week's dance since several are leaving immediately. Mrs. Alta Robinson left next day. And while on this topic it is painful to record that Mr. Geer, who shuffled the blocks here almost daily since last summer, will shuffle them no more. What's this, an obituary notice? Oh, no, no. He has shuffled off to New Port Richie where he has got him a house for himself, his laves and penates. We don't commend his choice but wish him well just the same.

Thirty-five people enjoyed the pot-luck supper Saturday evening, after which the scheduled pot-luck tournament was more or les interupted by some copious showers. You can't play shuffleboard on damp courts, and our got damp quick that afternoon and continued to get that way all the evening. But between showers a tournament went on, so we are informed, Mr. and Mrs. Gibson, and Mr. Slater and Mrs. Pickell about to fight it out for top honors when a shower came along and drove them off. Later, the courts drying off sufficiently, the consolation event went on, Mrs. Mabel West and Mrs. Blanche Radcliffe winning over Mrs. Ann Ford and Mrs. Krenecick. They are to be congratulated for getting at least a peep into the Hall of Fame. But oh, yes, we almost forgot it. The main event was resumed after the intermission, and said Slater and Pickell won. More congratulations.

Just who is to take Mr. Henry Kidder's high salaried position in what might be called Clerk of the Courts, a position he has long filled with accuracy, honor, and distinction, seems not to be decided yet. Mr. Flaggart says that Mr. Perkins will have it, Mr. Perkins says that Flaggart is the man, and Mr. Ford says that his neither one, that Fred Iffland, president of the Club and general manager of tournaments will keep the records. Well, guess we'll just wait and see says

Guests at the picnic supper were Mr. Tyson's co-workers Mr. and Mrs. Phil Webber, Phil Kichler, Mrs. Bobbie Campbell, Mr. and Mrs. David Maddox, Mrs. Jane Logan, Miss Marcia Rehrer and her guest, Buford Curry, Jr. of Ft. Myers.

Three Librarians Attend Annual State Meeting

Three local librarians attended the Annual Meeting of the Florida Library Association at the McAllister Hotel in Miami last week on April 9, 10, and 11.

Excellent speakers in the field of library science addressed the state meeting and many suggestions were given the librarians for their work. Attending from Avon Park were Mrs. Addie Lee Best of the High School Library, Mrs. DeRheta Lanier of the Elementary Library, and Miss Avis Slaughter of the Avon Park Community Library.

Miss Slaughter report purchasing some new children's books for the library while in Miami and these lovely additions to the children's shelves will soon be ready for use. More adult books are being added to the library constantly and all residents are invited to pay a visit and see them says Miss Slaughter.

The library is now on its summer schedule and will be open each Monday and Friday afternoons from 2:30 until 5:30; Wednesday morning from 9:30 until 12 noon; and Saturday evenings from 6 until 8 o'clock.

Southland Trailer Park News

Mr. Charles Fensterman won the Pot Luck Elemination Shuffleboard Tournament at the Winter Guest Club last week. Harold Arms of the Park reached the smi-finals in the partners tournament and John Slater made the finals which were then rained out. Southland shufflers are really going to town now and their friends at the Park congratulate them.

An especially happy event took place last week when Mr. Carl Overholt returned home last week after several months in the Bay Pines Hospital after undergoing surgery. Friends are happy to see him so well and wish him much luck with his continue recovery.

Among the residents who left for their summer homes last week were The Rev. and Mrs. E. L. Hutchens for Bloomington, Ind., and Dr. and Mrs. W. H. Bell for Milford, Ohio. The bells will stop in New Orleans for a visit with their daughter and her husband before going on to Ohio.

Mr. E. B. Garrison is a patient in the Morrell Memorial Hospital in Lakeland this week and will undergo eye surgery. He will by home in a few days.

News from park regulars who have already gone north reports that all arrived safely but that the weather is definitely not spring-like yet.

Miss C. L. Sherwood of Mineola, Long Island, is spending her vacation with Mr. and Mrs. R. T. Elethrop at their trailer home in Southland. Mr. and Mrs. Henry Hanson, the Elethrops, and Miss Sherwood spent last weekend in Sarasota shopping and sightseeing.

Mr. and Mrs. Carroll Dillman have returned after several days in Miami and a visit with brother, Guy Dillman, in Lake Worth.

Mr. and Mrs. Don Williamson and their son, Donnie, and Mr. and Mrs. Royal Fries and their son, Bill, spent last weekend visiting in Sarasota.

Seventy-five members of the Junior and Senior Classes and their dates enjoyed an 'after the prom' party at the home of Miss Sammie Wright on Saturday night, April 11.

Miss Wright and her parents, Mr. and Mrs. John C. Wright, welcomed the boys and girls to their home at Pinecrest after the Junior-Senior Banquet and Dance. Brownie Scout News

Twelve Brownies of Troop 7 for second grade girls hiked to the home of Mr. and Mrs. James Turnbull on West Winthrop Friday afternoon, April 9. The girls and their leaders, Mrs. Walter Mandis and Mrs. Tom Hallam, practiced following prearranged trail signs and really took a close look at the beauties of springtime in Florida. A special delight to the Brownies were the numbers of birdhouses with their feathered occupants on their route. After a hike back to town the girls enjoyed a light picnic supper at the home of Mrs. Mandis.

Troop 6 for the second grade Brownies was taken on a complete tour of the Jacaranda Hotel by Royal Coates, manager, at their meeting on Wednesday, April 7. The girls and their leaders were shown some of all types of rooms available in the hotel, the kitchens, linen closets, for a very enjoyable visit. At the end of the trip Mr. Coates treated his guests to a dish of delicious ice cream and some cookies. After a quick walk back to the Brownie Building the Brownies were delighted to see Mrs. Ruth Albritton with a cool drink on the hot day.

Brownie Karen Pearl and Brownie Lisbeth Liles were elected patrol leaders by the members of Troop 3 and 5 at their meeting on Tuesday, April 6. Mrs. Edna Gentry, leader, met with the girls and they observed their Brownie ceremonies

Mrs. Thomas Is Honored On Her Birthday

Mrs. Mattie Thomas was showered with beautiful gifts from her family and friends at a surprise birthday party on her 80th birthday Sunday, April 12.

The birthday celebration was held at the home of Mr. and Mrs. Cliff Thomas on the Bombing Range Road and a large group gathered to wish Mrs. Thomas well. A bar-b-quest ham and turkey dinner with all the trimmings was a delightful part of the day.

Then Mrs. Thomas was presented with a lovely homemade birthday cake of pink and green with "Happy Birthday, Mother" while the guests sang to the surprise honoree.

Guests at the happy celebration were Mr. and Mrs. George Altman of Sarasota, Mr. and Mrs. W. A. Drawdy and their son, Sherman, Mrs. Lura Owens of Jacksonville and her son and mother; Mr. and Mrs. Willie Bowman and their daughter of Lake Wales; Mrs. Alma Ellis, Mr. and Mrs. James Walton and their two children; Miss Helen Brown of Sebring, Mr. and Mrs. Wash Boney and his father, and a few other friends of the family. Hosts at the lovely party were Mrs. Thomas' son, Cliff Thomas, Mrs. Cliff Thomas, Gene, Tommy, and Billy Thomas, and Jerry Casey, U. S. M. C. of Cherry Point, N. C.

Mr. Banks L. Smith of Bryan's Road, Maryland, was the guest of Commander and Mrs. O. L. Young for several days last week.

and, after refreshments furnished by Mrs. Gentry, enjoyed a short play at Donaldson Park.

Mrs. Pat King, Registered Nurse, talked to the Brownies of Troop 4 at their meeting on Monday, April 13. Mrs. King gave the girls an impressive talk on germs in terms they could easily understand. She illustrated her talk with blackboard drawings and brought home some of the reasons why mothers and teachers are always insisting little hands be kept out of the mouth.

After the Brownie ceremonies, Mrs. Fred Davis, Leader of Troop 4, invested Brownies Lyn Fields, Violet Elliott, and Margaret Thomas, with a simple and impressive service. Plans were announced for the girls who wish to march as Brownies in the coming Circus Parade to meet at 4:30 behind the Post Ofice on Saturday afternoon, April 18.

Refreshmenus of strawberry punch and lemon cookies were served the Troop by Mrs. Jim Anderson.

New Rules Being Considered By Ridge Conference

By Fred Davis

New rules being considered by the Ridge Conference would divide the conference into two divisions with the north being composed of Ft. Meade, Frostproof, Kathleen, Kissimmee and Mulberry. The south: Arcadia, Lake Placid, Sebring, Okeechobee and Avon Park.

Okeechobee is now a member of the conference, it was reported here.

Plans would be worked out for a playoff game with the first place team of each division battling for the championship.

It has been reported that one other team is seeking admission to the conference.

Rev. And Mrs. Pickens To Retire As Lake Byrd Lodge Managers

The Rev. and Mrs. John E. Pickens will retire from the Staff of the Florida Congregational Christian Conference on May 30 of this year.

During the past twelve years Rev. and Mrs. Pickens have served as managers of Lake Byrd Lodge and host and hostess of the Conference Center in Avon Park. For a large part of the time Rev. Pickens also has served as a part time Director of Christian Education for the Conference. In the last twelve years the Pickens's have supervised the serving of thousands of meals to church and interdenomination groups from all over the United States. During their years as managers the Lodge has grown tremendously in the number of groups using the facilities. Rev. Pickens and his wife have supervised these gatherings in such a manner that the same groups come year after year to the Lodge. They will be sorely missed from activities at the Lodge in the coming years.

After their retirement Rev. and Mrs. Pickens will be at home in their new house at 60 East Wolf Street and continue to be active in community and church affairs.

Rev. Pickens came to Florida during World War II at the request of the Florida Conference on Congregational Home Mission Board to take over a Community Church and the civilian housing projects in Key West. They came to Avon Park in 1948. Prior to coming to Florida the Pickens family lived in New York where he served during most of his ministery. Rev. and Mrs. Pickens are both natives of Ohio. They have five children, Mrs. Phil Webber of Avon Park, Mrs. John Moore, currently visiting in Avon Park before leaving for Rio with her husband, Navy Lt. John Moore and children; Mrs. W. E. Fowler of Jacksonville; Mrs Arthur Southern of Valparaiso; and the Rev. John E. Pickens, Jr., of New Smyrna Beach.

Election of officers for the new year will be held and special speakers will be heard. A program for the coming months will be discussed including a countywide mobile chest x-ray survey. A string orchestra will furnish entertainment throughout the evening.

Livingston's Report

The Legislature convened Tuesday morning, April 7th, with its customary flowers and fanfare.

Contrary to custom the house opened at ten o'clock for the unveiling of portraits of former Speakers of the House of Representatives; the Senate convened at the usual opening hour of twelve o'clock.

At three o'clock the House and Senate met in joint session to hear the address of Governor Collins. The House Chamber was crowded with members of both bodies, their families and many interested visitors.

The Governor's message was indeed comprehensive, and covered many thought provoking subjects. The program suggested by the Governor would entail additional taxes. However, at the present time, a vast majority of the membership are not inclined to concur in the entire program which would necessitate new taxes. I believe the members will endeavor to hold expenses within the boundary of anticipated revenue.

Some of the members have expressed the idea that they feel an atmosphere of chill from the state agencies, but so far I have not noticed this, as they seem very cordial.

By the opening hour of ten o'clock on Wednesday the members seemed to have settled down to business, with bills being introduced very rapidly.

The reception at the Mansion on Wednesday night was well attended. It was nice to be able to renew acquaintance with the family of the Governor, and families of Cabinet members. Supreme Court Judges and other high officials.

Funeral Service For Samuel F. Elkhild Tuesday

Funeral services for Samuel F. Elkhild, 70, were held at the Mizelle Chapel Tuesday afternoon with the Rev. John Walters officiating.

Mr. Elkhild, a native of Finland, and resident of Avon Park for the past 3 years, passed away at Walker Memorial Hospital Saturday following a lengthy illness.

Besides his wife Tony, he leaves one daughter, Mrs. Donald Jarvis of Northfield, Vt: two sons, Raymond F. of Orange, Vt. and Rudolph F. of Marshfield, Vt. and one sister.

Pallbearers were Paul Vilkatis, Murrell Applegren, Dick VonBurske, Fred Spemholz, Wesley Swarz, and Walter Savage.

West Virginia Minister To Preach Here Sun.

Charles W. Ballard, minister at Peach Creek, West Virginia, will preach at the morning service Sunday at the First Christian Church in Avon Park.

Ballard will be in Avon Park exploring the possibility of a call to become resident minister of the Avon Park Church. John Scott, retired minister, has been serving the church here as interim pastor for several months.

Each week an outstanding college or university is invited to participate, and on Sunday, April 19th, the competing colleges will be the University of Minnesota vs. Davidson College. The school represented by the winning team is awarded by General Electric a $1,500 scholarship, and the school of the losing team is awarded a $500 scholarship. On April 12th the Davidson College team appeared on television from Charlotte, N. C.

Robert, the son of Representative and Mrs. Howard C. Livingston, is a National Merit Scholar, and holds a George F. Baker Scholarship at Davidson College where he is in his junior year. He has been on the student council at Davidson for three years; has been elected to serve on the College Honor Council; and has served as treasurer of the YMCA for two years. Last December he represented the YMCA at their National Convention in Chicago. He has been awarded the Harris Scholarship Medal, and is a member of Alpha Tau Omega social fraternity.

Cancer Sunday Here April 19

Cancer Sunday will be observed in the churches of Avon Park on Sunday, April 19, and at this time information from the 1959 Cancer Crusade will be given to members of the various congregations.

Mrs. Virgil Hall is chairman of this phase of the local drive and J. T. Landress, General Chairman of the Avon Park drive, hopes that many persons will receive information about the Cancer Crusade in this way. Later in April, reported Chairman Landress, a city-wide fund drive will be conducted with members of the Junior Woman's Club of Avon Park canvassing the residential districts. Mayor E. A. DeLaney and Mrs. J. N. Tomlinson will contact the retail merchants and Hue Nunnallee will solicit funds from the professional members of the community. Mrs. C. R. Durden, Publicity Chairman for the Cancer Crusade, is working on complete radio coverage of the drive. All nearby television stations and radio stations are carrying informative information on the national crusade this month.

The colored citizens of Avon Park are working on the Cancer Drive under the leadership of Professor Ernest Sims and will canvass their sections of the city for contributions.

A film on cancer was shown the students of the Avon Park High School and Hopewell School this week and was very well received. The National Cancer Foundation has many excellent films on the dread disease which are available to interested local organizations. Any such organization or group wishing to secure cancer films are asked to contact J. T. Landress at 2-4885.

New Career Kit Is Available At High School

Mrs. Patti Hill, guidance director at Avon Park High School announced today that a career guidance Kit is available in the guidance office for the use of students and adults of this area who want information about specific jobs, or about scholarships.

The file was provided by funds from the National Education Defense Act.

The Career Kit adds over 1000 phamphlets, reprints and posters about jobs, to the material already available in the school library and guidance office, Mrs. Hill said. The Kit is contained in a filing system which is easy to use.

Additional accurate and useful information about jobs will be received by the school each month, from the publishers of the Career Kit, to keep it up-to-date.

Mrs. Hill invites parents, out-of-school youth, and other adults to make free use of the Career Kit as a source of accurate and up-to-date information to help solve their job and educational problems.

March Of Dimes Scholarships Not Being Used

The Highlands County Chapter of the National Foundation announced today that, with less than one month to go before the deadline for filing applications for its 1959 Health Scholarships, no Highlands County young people have applied for scholarships in nursing, physical therapy, occupational therapy, medicine and medical social work.

All applications for four-year financial assistance in these fields, amounting to a total of $2,000.00 per student, must be received by The National Foundation, 800 Second Avenue, New York 17, N. Y., by May 1st, said Hayward H. Davis, Chapter Chairman.

The March of Dimes scholarships in nursing, physical therapy and occupational therapy are being offered to high school seniors; those in medicine and medical social work to upper classmen in college.

"Time is running out," said Mr. Davis. "Many young people who have been thinking of the end of the school term in June as the time to decide what to do and where to go for higher education probably don't realize that it will be too late by then to qualify for one of these awards."

"Careers in the health field are exciting and rewarding—and demands for the services of well-trained men and women far exceed the supply. By starting their education for health professions now, qualified young people can equip themselves for a future in which the specter of unemployment is a non-existent and will be for many years to come."

Mr. Davis said it would be a tragedy if opportunities for March of Dimes assistance for college work were missed "simply because it is spring and May 1st seems a long way off."

Lake Okeechobee Water Release Began April 1

It was announced today by Colonel Paul D. Troxler, District Engineer for the U. S. Army Engineer District, Jacksonville, that releases from Lake Okeechobee through the Caloosahatchee River and the St. Lucie Canal commenced April 1.

Troxler said that moderate releases are required during April and May so that the lake will be at the desired elevation prior to the hurricane season. The regulation schedule for Lake Okeechobee requires releases to be made if the stage is above 14 feet on April 15, and above 13.5 feet on May 15. At the present time the water level in the lake is at a stage of 14.2 feet.

Control structures on the St. Lucie Canal and Caloosahatchee River will be opened Wednesday to allow about 1,800 cubic feet per second to be released through each of the outlets.

Employers Hire School Age Young People

Employers can and do hire teenagers, Highlands County firms last year hired 115 school age young people.

Industrial Commission Chairman James T. Vocelle said the jobs gave the young people needed income and work experience, and the youths gave the employers eager and energetic workers.

However, Vocelle urged the young people and employers alike to observe the Florida Child Labor Law in making their work agreements.

He stressed the need for age and work certificates. Young people get them from school authorities.

"There are few things that are more important to a young person than to learn the value of work and what it takes to get it; but in administering the Child Labor Law, the Industrial Commission must see that he doesn't injure his health or jeopardize his education in the process," Vocelle declared.

In 1958 of the total number of 115 young people in Highlands County getting work certificates, 93 were boys and 22 were girls.

There were 93 in age group 12 through 17 in school in the county who worked part time or during vacations. And there were 19 in the 16 and 17 year age group who were not in school who got certificates.

National Guard Officers Attend Conference

The 57th Annual National Guard Officers Conference was held in Sarasota last week on April 3 and 4 with Lt. General John Erickson, head of the United States National Guard being a special guest and speaker at the gathering.

Congressman James Haley and General Sumter Lowry were among the other famous guests at the conference. General Lowry, now retired, spoke to the group on the danger of communism to our country and Congressman Haley spoke and visited with many of the Guard officers present.

Battery C of the 712th, our local guard was represented in Sarasota by Lt. Vernon See, Battery Commander, and 1st Lt. Billy M. Lambert, Executive Officer, both of Wauchula. W/O J. T. Landress and W/O Clifford Craft of Avon Park also represented Battery C at the meeting. Mrs. Landress and Mrs. Craft of Avon Park and Mrs. See and Mrs. Martin of Wauchula attended the important conference with their husbands.

40 & 8 Meeting Set For Tuesday

The regular monthly Promenade of the Highlands County Voiture 863, La Societe des Forty Hommes et Chevaux, will be held in the American Legion Hall, in Sebring Tuesday, April 21, 1959, 8:00 p. m., instead of Avon Park as had been previously announced.

There will be an initiation and plans completed to attend the "wreck" at Sarasota, May 2nd, for the "poor goofs" (candidates for membership). Further plans will be made regarding the memorial service for all deceased veterans of Highlands County, May 30th.

Social Studies Students Of AP In Tallahassee

Fifty members of the Avon Park High School social studies classes will pay a visit to the State Legislature in Tallahassee next week as part of the "Know Your Government Program" sponsored by Florida State University.

The boys and girls with their teachers, Miss Millie Pearson and Mr. LeRoy Maness, will leave by school bus on Wednesday, April 22, for Tallahassee. They will be housed at The Reservation, a dormitory facility provided by Florida State University, located about five miles from town on a lovely lake.

The social studies students will spend Wednesday, Thursday, and Friday, touring the state capitol and points of interest, other than the legislature, will be the state capitol building, the main government offices, and other historic spots in old Tallahassee. Members of the various offices will speak to the boys and girls and they will be given every chance to observe the workings of the state government at first hand. A visit to the legislature will be one of the highpoints of the trip and all students are eagerly awaiting this chance to watch the local representatives and senators in action. The fifty are members of the 9, 10, and 11th grades and they will return home Friday afternoon, April 24.

The program takes high school students from all over Florida to the capitol for a closer look at the state government. Avon Park classes had this same profitable opportunity two years ago and many children took advantage of it. By maintaining this program when the legislature is in session the University practically assures all high school students the opportunity to take advantage of this educational trip.

Beautiful Ladies And Handsome Lads Enjoy Junior-Senior Banquet

Huge lacey pink hearts, dancing musical note cutouts, balloons shaped as hearts, and small real musical instruments, hinted at the mystery theme of the Annual Junior-Senior Banquet on Saturday night, April 11, in the Palm and Dining Rooms of the Jacaranda Hotel.

"With a song in my heart" was the appropriate theme of the evening and the rooms were lovely enough to fill all hearts with song that evening. Bouquets of pink gladioli at vantage points gave an air of spring to the decorations and the lovely banquet tables were covered with white cloths and centered with trailing fern and dainty pink hearts. The soft glow of pink candles helped light the rooms.

The prom sweethearts were revealed as lovely Mary Lois Roberts and handsome Reggie Butler during the evening. Mary Lois and Reggie were chosen for this honor by the junior class members for their friendly and cooperative manner. They are members of the senior class.

The docorations and arrangements for the Banquet and Dance were done by the members of the Junior Class and the wonderful work of Miss Claire Maxwell, class president, was a very important factor in the success of the evening. Claire could not attend the banquet because of illness and was greatly missed by her classmates. Ellis Watson, Junior Sponsor, helped the boys and girls with the arrangements, work and plans.

Miss Sandra Cook, vice president of the Junior Class, welcomed the one hundred and seventy guests in a short gracious speech. A response was given for the Senior Class by Miss Eve Campbell, their president. Jerome Antley was master of ceremonies and Miss Patricia Easterline entertained the group with a clever pantomine act. The guests were members of the two classes, faculty members, Administration, the County School Board, and a few other guests.

Special mention of the beautiful gowns of the lovely young ladies must be made as they were so lovely that the girls all looked like fairy princesses. The lovely full skirts of all the colors of the rainbow completed the beauty of the decorations and made a reality of the words of the popular song "Thank Heavens For Little Girls".

Royal Coates, manager of the Jacaranda, was assisted with the delicious banquet by several mothers of members of the Junior Class. The hardworking mothers were Mrs. Charles Alwood, Raymond Cook, Mrs. W. F. Bervinkle, Mrs. Tom Hallam, Mrs. William Luscomb, Mrs. C. N. Reynolds, Mrs. T. H. Maxwell, and Mrs. Carl McWilliams. Girls from the freshman and sophomore class did an excellent job of serving the lovely meal and their fine work is much appreciated by the upperclassmen.

The Eden Roes, a five piece orchestra featuring an organ, played for the dance and held the boys and girls spellbound with their version of popular tunes.

All the guests and class members enjoyed the festive evening and it will make a pleasant memory of their high school days in later years.

WHAT has happened to the educational standards and objectives of a people when an eleventh grader, a junior in High School, writes thus:

"For my English term project in eleventh grade in the High School here, I am conducting a Survey. I am writing to you hoping that you will help me by answering some questions.

1. OF WHAT USE IS ENGLISH in the business life of an adult."

2. WHICH PHASE OF ENGLISH (reading, spelling, literature study, vocabulary drill, grammar, composition) will be of the most practical use to me in adult life?"

Frankly, I didn't believe it, when I read the letter! Surely, the wisdom of taking such courses as Latin, a dead language, algebra, geometry, or Ancient History, or such, is commonly questioned by students impatient to get on with the business of living today, but ENGLISH, the first requisite of literacy, an English-speaking person's basic means of communication with his fellow man, the source of knowledge in whatever field of endeavor is anticipated - how can even a ten-year-old ask "Of what use is it?" In fact, without knowing grammar, no one would phase the question that way: the word "of" would be omitted!

I answered the letter, hoping against hope that the words were given to me to reach my young correspondent, because, IF he can't spell, he will not be able to read; if he cannot read, he will never become educated; he will always be at the mercy of what he sees or hears. If he cannot speak well and express himself, he may have the finest mentality and still be judged an illiterate, which, definedd, is a person who can't read and write. The work of the world which is most challenging and satisfying, as well as the best paying in terms of monetary pay, will be completely closed to him, because, without reading, he cannot learn more than the relatively small bit of personal experience.

Birthday Party Surprises Two Celebrants

A joint surprise birthday party was given Sunday night, April 12, for Mrs. D. B. Dickenson and Mrs. Clay Kull who share the same birthdate.

Friends gathered at the home of Mr. and Mrs. Dickenson where Mrs. Kull had been taken on false pretenses and burst in on the honoree singing "Happy Birthday". A beautiful cherry angel food cake decorated with white icing and red cherries, ice cream, and coffee were brought by the guests and enjoyed by all together.

An evening of visiting followed the surprise for Mrs. Dickenson, Mrs. Kull, Mrs. Duke Christensen, Mrs. C. R. Durden, Clay Kull, D. B. Dickenson, and Faye Dickenson.

Most of the big jobs are held by salesmen who have swell-proof heads.

Mr. W. A. Meyer
Avon Park Sun
Avon Park, Florida

Dear Mr. Meyer:

I am a graduate of the high school class of 1939, Avon Park High School. As you can see twenty years have slipped by since this group of grads went out to face the world.

I am attempting to contact each one of the people from this class and plan a class reunion for late summer or possibly at Christmas time. I have asked Mr. A. B. Wilhite the School Principal to send me a list of the people in this class.

Would you please publish an item about this in the Sun. I have asked Mr. Wilhite to discuss this matter with you.

In the news item please ask the graduates to write to me and send me their address. Major Francis H. Skipper, 2849 Falcon St., Tyndall AFB, Florida.

I am sure that each member of the 1939 class will appreciate your interest in this and certainly I know that I thank you.

I will supply any other information you need as the plans develop.

Sincerely,
Francis H. Skipper
Major, USAF

Seafood Secrets

In selecting fresh shrimp be sure they are grayish green in color and have a fresh clean sea fragrance. The shell should fit the body closely. Shrinkage may be a sign of staleness.

Shrimp dishes have a special nutritional value, for shrimp like other fish products, are rich in calcium, phosphorous, copper and sulphur, all of which are necessary body-building elements. They have a high percentage of all necessary digestible proteins as does any fish food. And, in addition, they contain vitamins A, B, and D, natural protectives against winter health trials, plus a higher iodine content.

Mrs. Walter Mandis Elected New President Of Elementary PTA

Mrs. Walter Mandis was elected president of the Avon Elementary PTA at the meeting on Thursday night, April 9, in the Avon Elementary Cafetorium.

Mrs. Mandis and the other newly elected officers will serve for the 1959-60 year and all officers will be installed at the May meeting of the PTA. The slate of officers was announced by Mrs. Hue Nunnallee of the nominating committee which was composed of Mrs. R. R. King and Mrs. Jewel Shepherd. The other capable officers elected at the meeting were Mr. and Mrs. Franklyn Ward, first vice president; George Kelsey, second vice president; Mrs. Art Turner, Corresponding Secretary; Mrs. Robert Barben, Recording Secretary, Mr. and Mrs. Wendall Smith, Treasurer; Mrs. Gerald Wicker, Historian; and the Rev. and Mrs. Maldwyn Parry, Parlamentarian.

During the business meeting, conducted by Gedrge Kelsey, 2nd vice president, in the absence of Mrs. Maldwyn Parry, president, and Mrs. Arlin King, 1st vice president, the members decided to wait until the May meeting before taking action on the joining of the proposed County Council of PTA Groups. Mrs. Franklyn Ward passed out a questionaire to the members asking for criticism of the PTA groups.

Fred Wild, County Superintendent of Schools, was introduced and he spoke to the parents on the financial plans of the Highlands County School system. Mr. Wild gave a brief outline of the coming building projects for our county in the next five years with a clear report of the methods used in determining which needs must be met first. The growth of our local schools this year has been larger than the given estimate provided for and if this rise in enrollment continues the estimated school building program for the next five years will not be adequate.

Superintendent Wild seemed confident that the current legislature would not cut the school budget but felt that by "freezing" the current figure they would in reality be cutting it because of the great growth in pupil enrollment in the state. In answer to questions from the floor, Mr. Wild explained the minimum foundation plan, including all sources of funds that the state and the county matched for the various phases of the financing of the schools. Of special interest to the parents was his statement that Highlands County matches state funds for schools in an average amount with the other counties of the state. Several possible plans were mentioned for raising money to build new buildings in the county if current funds were insufficient for future needs. However, many questions were raised by these plans and at present no 'cure-all' plan seems available.

For over an hour Mr. Wild graciously answered questions from parents and explained in simple terms for the laymen the in-and-outs of building new school buildings. After his interesting talk all the parents present felt vastly more familiar with this side of school planning than before the meeting.

Mr. A. B. Wilhite, Supervising Principal of the Avon Park Schools, spoke briefly on the Average Daily Attendance as a basis for alloting schools funds and stressed the importance of each child keeping as good as attendance record as possible for this reason alone if not other. He also reported on the excellent rating given the Avon Park High School by the Regional Committee of the Southern Association on Secondary Schools and Colleges at the meeting in Orlando last week and explained the importance of this to the local high school graduates.

Mrs. Maryanne Reddick's first grade won the attendance banner and Mrs. Reddick was given a white orchid from the refreshment table courtesy of David McDaniel, grower.

Refreshments of dainty sandwiches and coffee were served by the first grade room mothers from a lovely table covered with a white cloth and centered with a palm frond arrangement filled with lovely spring flowers.

After a social visit together, the sixty parents and teachers left the Cafetorium for home.

Girl Scout News

Seventeen Girl Scouts of Troop 3 of the Avon Park Girl Scouts and their leaders enjoyed a wonderful trip to Cypress Gardens on Saturday, April 11. The girls left from the Scout building and reached Lake Wales in time to eat their sack lunches at the wonderful playground and enjoy a short play there. The leaders furnished cup cakes and the troop furnished cold drinks to go with the delicious lunches.

Atrip through lovely Cypress Gardens was the highlight of the day with views of the gorgeous flowers and the water ski show taking the girls' breath away. The Scouts just happened to hit the day of the Annual Dixie Open Water Ski Tournaments and were doubly thrilled and delighted with the contest. The management of the Gardens let the Scouts and their group tour the gardens completely without charge and were completely charming and gracious to them. After the exciting day the girls returned home. Accompanying them on their trips were Mr. and Mrs. Jack Hutchinson, Mrs. Lorraine Ladwig, Mrs. Mildred Runkle, and Mrs. Sam King. The Hutchinson, Ladwig, and King cars took the troop.

Mrs. B. M. Davis gave the girls of Troop 3 a very interesting talk on birds and their habits at their meeting. The talk was part of the Girl Scout work on Bird Lore and Mrs. Davis held the girls entranced with her huge fund of interesting bird lore. Mrs. Runkle furnished refreshments for her troop after the meeting on Tuesday, April 7.

Troop 1 of the Girl Scouts met on Thursday, April 9, and practiced making their bed rolls for the coming camp-out on April 24. The girls worked deligently on these rolls and the entire meeting was consumed by making plans for the trip with much discussion of camping safety, woods lore, etc. Troop 1 will camp by Mrs. John Townsend's home on the bombing range road. Mrs. A. W. Shea served refreshments with the help of her daughter, Scout Paty Loughan. Leaders present at the meeting were Mrs. Bob Lee, Mrs. N. H. Booth, Jr., Mrs. Townsend and Miss Sally Nute.

Enjoys Fourth Birthday Party

Little Miss Paula Jean Allen took a deep breath and blew out four candles on her pretty "happy birthday" cake on Saturday afternoon, April 4, at her fourth birthday party.

Balloons, pastel party-pop favors, and toy horns were used in the yard as gay decorations for the party. The boys and girls played on the swings and took part in several games. As Paula Jean opened her many lovely gifts each little guest received a toy egg beater for their own special favor.

After the play and games individual cupcakes with tiny candles, ice cream and cold drinks were served the children as they sang "Happy Birthday" to Paula Jean. Mrs. James Allen and Mrs. David McDaniel served the children. Paula Jean is the daughter of Mr. and Mrs. James Allen and celebrated her birthday at her home on Oak Street.

Helping with the celebration were Suzanne Skipper, Debbie and Joanie Young, Ann and Bill McDaniel, Susan Lee, Kim and Walter Kempton, Mandy Mansess, Melinda Griffin, Cindy White, Kathy Whetstone, Rita Rich, Janice Murphy, Laurie Crittenden, Linda Altvater of Sebring and Jim Allen, Paula Jean's brother.

Mr. and Mrs. Harold Greer have returned from a hurried trip to New York where they were called because of the death of her brother.

Stork Shower Is Given For Two By Coffee Club

A stork shower for two honored Mrs. Phil Webber and Mrs. Hue Nunnallee on Thursday morning, April 9, at the home of Mrs. John Townsend.

The surprised Mrs. Whbber and Mrs. Nunnallee were lead to baby buggies with identically wrapped gifts and everyone had a wonderful time as they opened their lovely gifts. The occassion for the shower was a regular meeting of the Friday Morning Coffee Club a day ahead of its regular date.

Lovely spring flowers decorated the Townsen home and delicious doughnuts and coffee were served the honorees and members. Mrs. Margie Roberts was co-hostesss for the surprise shower and twelve members of the coffee club enjoyed the morning with the surprised guests of honor.

Soil Conservation News

By Sam Polston

The Highlands Soil Conservation District Board of Supervisors held their regular meeting Wednesday night at the Soil Conservation Service office in Sebring. Chairman Katherin Waggaman read a letter of resignation from Supervisor Cole Danley of Lake Placid. The board accepted it with regrets. They appointed Bob Barben of Avon Park to replace Danley on the board until the September election.

Members of the Fisheating Creek Marsh Watershed Committee met with the board and prepared the operations and maintenance agreement and easements in redness for the letting of the contract for construction of the North and South laterals. It is expected that the contract will be let in May or June for this second phase of the project.

Cooperator C. M. Payne was assisted in developing a conservation farm plan on 442 acres of land recently purchased from C. A. Skipper. Mr. Payne is developing the organic land to improved pasture grasses and clover. He will drain about 60 acres of class III soil for citrus. The soils that will be drained for citrus have a sandy surface and a heavy clay-soil one to two feet in depth. Mr. Alan Yeomans was also assisted in developing a conservation farm plan on 31 acres for citrus.

James E. and Mary K. Keaney, lot 7 and westerly 20 ft. lot 8, per amended plat of partition of Commissioners in county book 3, page 110 and 111. $1400.

wrong direction, or freak accidents. During the war he learned to detect by actions those who were faking in order to get out of some unpleasant duty. And many a goldbricker was thwarted in his attempts at faking a back injury by a simple procedure called the "pants test". It after the examination the would-be patient stooped too briskly to pull up his pants he'd had it . . it was praise the Lord and pass the amunition for him.

Each day "Skippy" the squirrel comes to my window and peers in. All bright-eyed and bushy-tailed he sits on his hind legs with his little white-belly puffed out and wonders why I don't get out of bed and feed him. Evidently the former occupant of this room was able to. He's very tame and unafraid. He too, has received loving care here.

I was taken on a Cook's tour of the hospital via wheelchair, and must admit I was a little nervous, a little more so than when traveling in my sports car. Anyway we arrived at our destination without incident, clear up to the third floor to see the new delivery room and room for ladies in waiting. There are separate quarters for colored. On the way up we stopped to, and Ah over two sleeping baby dolls in the nursery.

And speaking of new arrivals . . . Nancy Coleman's horse "Cindy" gave birth to a bouncing baby colt this morning (Wednesday) and threw the whole Coleman household into a tizzy of excitement. I don't know whose horse is passing out cigars.

Mr. Homer Shepherd, another of my neighbors has gone home and is on the road to recovery I am glad to report. I miss seeing him pass my room during his exercise walks on the arm of a cheerful attendant.

When I leave I will miss the good healthful food and the simple sincere prayers uttered for me by the kindly nurses as they tuck their patients in for the night, a fragment of comfort in a frightening world.

Road Department Drivers Record No Fatalities

State Road Department vehicles were driven almost 40 million miles in 1958 with no fatalities and only 151 accidents chargeable to Department employees, Chairman Joe Grotegut announced today.

Grotegut said figures compiled by Safety Director Alton Revell show that Road Department employees drove 2,128 vehicles a total of 39,965,402 miles in 1958.

This was an increase of 3 vehicles and almost 2,000,00 miles over 1957, although the number of chargeable accidents increased only 28 over the previous year.

Two Road Department employees were killed in highway accidents in 1958 but Grotegut pointed out that both were stuck by passing vehicles.

Revell's figures show that a total of 100 accidents resulted from Road Department vehicles being hit from the rear or being hit while parked.

Your Road Department vehicles often must stop along our highways to perform various "work." Grotegut reminded "Motorists should remember this and be alert for roadside operations."

Flying or falling objects caused 18 accidents in 19 These objects are not to be confused with flying saucers or falling stars.
