Tallahassee—Ole Tarran and Horatio Alger getting the axe from the professional librarians—along with other "series type" books—has stirred quite a bit of talk... but somehow a letter I received the other day from West Palm Beach does the best job of putting the whole silly business in focus.

The librarians said the "series books" are poorly written, untrue to life, foolishly sentimental and therefore, unwholesome.

Mary N. Wilford, West Palm Beach, wrote, "To me the unwholesome in a book is for it to be uninteresting. I could not censor such a book, even on the objection, because it would deny the naturalness of its own accord without any help or interference from me."

Leading up to this point, she makes many pertinent observations. Among them are these:

"A book that fails to stir the imagination and emotions of a reader would certainly be dry and uninteresting. I have tried to read many of the school reading books my son brought home in earlier grades. And they were certainly 'true to life,' uninteresting and unwholesome."

"They were sterile, wholesome, and duller than dirt."

"I fear that had I not spared his interest in reading, with a Little Jack London, Tarzan, and Dr. Doolittle, reading for pleasure would have lost out a long time ago to TV and the comic books. I think the Florida schools are doing a good job of teaching reading, so it would have been a case of 'Why Johnny WON'T read' and 'why Johnny can't read.'"

"If something is 'untrue to life' then it is imaginative. Imagination is valuable and grows with use like everything else. Where would science be today without its theories? Still thinking Leonardo Da Vinci a foolish dreamer."

The pictures shown on Thursday evening, Feb. 5, by courtesy of the Gulf Oil Co. were greatly enjoyed by the crowd that was in attendance. Our thanks to Mr. I. H. Ford, local Chevrolet dealer, who secured the film and presented the program. These were unusual Florida scenes, gathered from many sources not easily accessible to the average tourist. Among the most interesting were those of wild bird life in the Everglades, the sugar cane fields, and other agricultural scenes. The Parrot Jungle, Marieland, and St. Augustine also were represented with views not possible to the amateur camera fan. For variety's sake an Old Gang Comedy and recorded music were presented with views not possible to the amateur camera fan. For variety's sake an Old Gang Comedy and recorded music were presented with views not possible to the amateur camera fan.

Tuesday's high bridge scene was Mrs. Henry West; second-high was Mrs. A. W. Rodgers. A chicken dinner at Griffin's Restaurant was the reward for the high score, with a merchandise certificate at Ward's Dept. Store for second-high. Door prizes were won by Mrs. Rentschler, Mr. Wharton, Mr. Lullington, and Mrs. Grimshaw. There were eight tables playing.

In the absence of our esteemed leader and his gifted accompanist, Mr. and Mrs. Jerome Shultz, Mr. Fred Holland led the Sunday sing, with Mrs. Wolverton at the piano. Special numbers included a quartet from the Sebring club, a duet by Mr. and Mrs. Perry Smith of Liberty, N. C. and a solo by Mr. Mathews, of the Footprint club.

There were many visitors at the Friday evening dance, some to visit their parents who are spending the winter here, and others just passing through. In the door-prize drawing Mrs. Wm. Brall won jewelry from Eaton's Dept. Store, Harry Longprocker and Mrs. John Longprocker won merchandise certificates from Ward's Dept. Store, and passed to the Hillside Theatre were drawn by Mrs. Wm. Staudinger and Mr. C. C. Seifert. It was a pretty crowded floor dancing on this evening with about one hundred in attendance, but judging by appearance, everyone was having a real happy time.

"Monday night at the club" is fast becoming a custom with most of our winter visitors. And no wonder, with the weather favoring us as it has, Monday, Feb. 9, there were close to two hundred, some shuffling, some playing cards, some visiting, and some supplying coffee, doughnuts, and coffee for our further enjoyment. When it's your turn to serve, remember how much you have enjoyed the fruits of other's labor! Mrs. Ford, Mr. and Mrs. C. Huggs, Mrs. Jack Stuckey, Mr. and Mrs. Tony Kerr, and Mrs. Chas. Rensley were on the job for this affair. Mr. Dan Lindberg and Mrs. Paul Nuss were the lucky ones who drew prize bakings dishes, contributed by Metcalfe's Hardware. Mrs. Sylvia Book drew a cake, by the Footprint club.

Business Women To Meet Monday

The Business and Professional Women's Club will hold its regular monthly meeting on Monday night, February 16, at 8 o'clock in the Florida Power Customer's Lounge. Plans for the coming month's activities will be discussed during the business meeting and an evening of cards will follow. Hostesses for the evening are Emma Bassard, Elizabeth Mizell, Jean Ricketts and Minnie Wesley. All members are urged to attend the meeting.

Ray's Bakery and gift oranges from Ben Hill Griffin were won by Mrs. John Richmond and Mrs. C. C. Seifert.

Our President, Mr. Miller, announced that our membership now stands at 271; we're shooting for 300.

The choose-your-partner tournament on Wed. Feb. 4 was won by Mr. and Mrs. Roy Gitten over Claude Rynner and Harry Gibson. Consolation was won by Mrs. Wm. Ford and J. Flaggert over Mrs. Wm. Brall and Mrs. H. Gibson. In the Saturday polo affair it was C. Brush and C. Kull who bested C. Fendernman and E. Shook, with E. Henderson and M. Lindberg over Filts and Kramer in the consolation. Notice the new names on the list this week; congratulations, may your tribe increase! On Thursday and Friday, Feb. 12 and 13 our staff-films enthusiasts will be very busy at Sebring in the annual Orange Blossom State Tournament. Our best wishes go with the many teams representing Avon Park.

There were 80 at the polo supper Saturday night. Michigan had the most present with Indiana running a close second. We have heard a rumor that these two states intend to fight it out on the courts some day soon. Is there anything to it; we'd like to know, says THE TATTLER.

Moose Lodge To Build New Home At Wauchula

The Loyal Order of Moose Lodge No. 1487 of Wauchula, which has many Avon Park members, has purchased two acres of land on which to erect a new building to house the lodge.

Plans are practically complete for the building and construction is expected to start in the near future, lodge officials stated.

A reinstatement campaign for members who have dropped out is now underway and Avon Park members are urged to contact J. B. Timberlake at 18 North Highlands Avenue.

Lodge meetings are held each Thursday night at 8 o'clock. T. H. Jones is serving as Governor and Charles Hightower as secretary.

Fred Jahna says IT'S A FACT

And We Can Prove It

PLANTS IN BEDROOMS ARE NOT UNHEALTHFUL

Plants in Bedrooms Are Not Unhealthful

The U. S. Public Health Service says there is no scientific basis for the belief that plants are especially injurious to the human body during the night. In fact, poisonous plants are beneficial rather than harmful in sleeping rooms, according to the director of scientific work at the U. S. Department of Agriculture.

"Coe W. Simpson, You'll find exactly what you want in our store. At the price you want to pay. Prove it to your satisfaction."

BAPTISTS BELIEVE...

MAN HAS A BASIC NEED

A young lady who complains that she is worried, sleepless and miserable, asked a Baptist pastor for help. She was not physically ill, nor did she have low moral standards.

The pastor could have prescribed a large dose of "positive thinking" and regular spiritual exercises, such as "thinking only good thoughts," with the assurance that soon all would be well. But he knew her problem was deeper. She was out of fellowship with God.

He explained that the Bible reveals this common ailment. It says, "For all have sinned, and come short of the glory of God" (Romans 3:23). He pointed out various errors in the Bible which describe the man who is not in fellowship with God. He is said to be a "liar," "condemned," "without strength," "ungodly," an "enemy of God."

"All persons are not equally wicked," but all are equally lost in their sin and need a Saviour to return them to God.

Both the hardened criminal who kidnaps a baby and a boy who steals marbles should be punished. Wash me thoroughly from mine iniquity, and cleanse me from my sin. For I am and mine iniquities have been against me (Psalm 51:2-4, ever before me)

Bucyrue 4-Door Sedan shows the Fisher Body beauty of Chevrolet's latest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "zip" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a v-8-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is the '59 Chevy!

Now—see the wider selection of models at your local authorized Chevrolet dealer's!

Fourth Birthday Party Enjoyed By Robbie Ward

Robbie Ward, son of Mr. and Mrs. Franklyn Ward, celebrated his fourth birthday on Friday afternoon, Feb. 6, with a party at his home on Lake Lottia.

Many bright colored balloons were used as decorations and the little guests had a huge time playing with and popping the balloons. The boys and girls played games on the porch and in the living room and were assisted by Robbie's sister, Debbie and Marcia, and Lark Adams.

Two birthday cakes of pink and chocolate with four candles each were served the children with their ice cream. Robbie blew the candles out on both of the cakes.

Little guests at the party were Elizabeth King, Clair and Henry Lanier, Rickie Lanier, Melinda Harlen, Carol Hutchinson, and Sarah Nunnallee.

Are you planning on a do it yourself spraying job this spring? If so, here are some important factors to remember. Mix concentrates outdoors, away from the house. Use clean clothing. When spraying always wear goggles to protect the eyes and a respirator to protect the lungs. Be sure not to spray baby beds, high chairs, children's toys, food, dishes, silverware or rooms occupied by sick persons. After the spraying job is completed take a warm soapy bath. If you are spraying with DDT and you happen to swallow some of it, drink mustard and water immediately (one tablespoonful of dry mustard to one glass of warm water), and then consult a physician.

CRACKER POLITICS

By ALLEN MORRIS

Tallahassee.—After 120 speeches in 44 counties, with 64 before statewide conventions, Senator O. Dickinson feels encouraged about his campaign for repeal of the 1958 Legislature's doubled tax on money.

Dickinson says he has received more than \$500 letters of commendation in the course of his crusade against what he calls "simply an income tax by the back door"—the increased Florida levy on intangible personal property.

Intangible personal property includes stocks and bonds of private companies and money in banks, including deposits with savings and loan associations. Paying of a State income tax is prohibited by Florida's Constitution.

"Not only is this doubled tax unfair to the individual taxpayer,"

he complains, the 33-year-old West Palm Beach attorney, "but it's basically senseless, foolhardy and wrong from a governmental standpoint because in the long run the State of Florida is going to collect far less money in taxes."

The Senator has lined up some 14 colleagues to join him in introducing a tax repealer at the convening of the regular legislative session in April. And four or five more Senators are prepared to put their signatures on the bill, reports Dickinson, if they can be shown the immediate loss of \$6,000,000 a year in tax revenue either can be made up or absorbed.

"So I feel pretty much encouraged," he said. "I don't have any wild idea that it's a certainty for passage but its going to make a good showing in the Senate at any rate. I don't know what the House will do. I have confined my efforts to the Senate."

Interestingly, Rep. Don Fugate, of Altha, a House freshman from Calhoun county, was quoted elsewhere as having said in his Marianna Rotary speech that he felt the doubled intangibles tax had retarded the flow of investment capital into Florida.

Fugate said he did not know whether the freeing of this investment money by repeal of the '57 tax law would produce sufficient immediate advantages to offset the loss of revenue.

Dickinson explained that a two-way pinch comes about for these reasons:

1. Thousands of people, mostly couples, have come into Florida as permanent residents living off retirement income from investments.

"These people are really hit hard," observed Dickinson. "Many are in a position where the payment of several hundred dollars in additional tax will affect vitally their standard of living."

The wealthy who reside in Florida during winter months but can control their place of legal domicile for tax purposes, he has been important to Florida in the past, for the reason of death taxes, to persuade these people to establish legal residence here.

"It just isn't fair and right," declared Dickinson, "to believe that a sales tax across the board, with the exception of food, medicine, and other necessities, would not only enable us to repeal this tax but also a substantial part of the tax on personal property—household furniture, office equipment, stocks of merchandise and the like."

"This, it will may be that this income-tax-by-the-back-door," as Dickinson describes the levy rushed through in the last hours of the '57 session, may precipitate a tax revision considerably more far-reaching than its \$6,000,000 a year in present tax income."

"And then, as soon as we get them qualified as permanent residents, we say to them: 'We're going to tax your savings, your investments, all your money, regardless of where it is, how much it is, or when you made it.'"

Senator Dickinson said "this horse-and-buggy legislation in a missile age" drives away "thousands of persons" from whom the government would derive "many millions more" in various taxes—some less direct—than would be collected through the present intangibles levy.

One of Dickinson's colleagues, Senator Verle A. Pope of St. Augustine, said he had not com-

TAX FACTS

By P. G. Grating

County Tax Assessor

In explaining the State of Florida's Intangible Personal Property Tax I believe it will be best to quote, in part, the statute defining what Intangible Personal Property is and the various rates on same.

The first thing to bear in mind is that this is a State Tax, not a County tax. It is the duty of your County Tax Assessor however to receive the Tax Returns of all local legal residents and to levy the fixed millage of same. The tax is collected by your County Tax Collector and then remitted to the State Comptroller in Tallahassee.

Inasmuch as the Intangible Tax in Florida takes the place of a State Income Tax and the making of an Intangible Tax Return is quite complicated in many cases, I would suggest that if you have any question as to your own liability in regard to this specific tax you get in touch with your County Tax Assessor, who is always willing to assist in any way.

INTANGIBLE PERSONAL PROPERTY

The Intangible Personal Property Tax is a tax on money, stocks, bonds, mortgages, notes, contracts for deed, accounts receivable and annuities; and all individuals, firms, corporations, trustees, administrators, executors, etc., residing in Florida who

own or control any of the foregoing, irrespective of their location, are required by law to make an annual return of same on or before April 1, to the Assessor, listing such property at its full cash value on January 1st of each year. If a Florida resident holds an equitable interest in a foreign trust, a return should be made for same either by the resident or the trustee.

If no return is made, the Assessor is required to make an assessment based on the best information he can obtain and is also required to apply a 10 per cent penalty.

Intangible Personal Property is classified as follows:

Class A: Money, bank deposits, cashiers' and certified checks, and money placed with savings and loan associations. Tax Rate: One-tenth of a mill, or 50¢ per \$1,000.

Class B: All stocks and bonds, except U.S. Government bonds, and Florida municipal bonds. Tax Rate: Two mills, or \$2.00 per \$1,000.

Class C: Mortgages on real estate located in Florida. Before a mortgage can be recorded the tax on Class C must be paid to the Tax Collector and this is the only tax on such mortgage. Tax Rate: Two mills, or \$2.00 per \$1,000.

Class D: Unsecured accounts and notes receivable, mortgages on property outside of Florida, contracts for deed, annuities, and all other classes of intangible personal property not embraced

in Classes A, B, or C. Rate: One mill, or \$1.00 per \$1,000.

SEC. 199.02 Definitions.—Intangible Personal Property is hereby defined as all personal property which is not in itself intrinsically valuable but which derives its chief value from that which it represents.

SEC. 199.04.—Where Tax Returns Shall Be Filed:

Intangible Personal Property shall be assessed in the County where the Taxpayer resides or has his usual domicile. In case of corporations such intangible personal property tax returns shall be assessed and levied in the County in which the corporation has its principal office or place of business.

I would like to say here that Chapter 199.20 requires that a penalty be placed on taxpayers failing to make a return or failing to return all of their intangible property. The penalty is a mandatory 10 per cent, same as on Tangible Personal Property.

A local question which has come up quite recently is the liability of a taxpayer who is the owner of bonds issued by churches for construction. These Bonds Are Taxable under Class B.

A recent ruling by the Attorney General calls for the assessment of Partnership interests under Class B. Usually the partnership itself makes the return for all members of the partnership or unincorporated business.
