Large Crowd Enjoys PTA Supper Sat.

The secret of success for that 'meat in the mouth' event at the Saturday night High School PTA Chicken Supper was that the corn was freshly cut from the cob by Mrs. T. H. Maxwell and efficient helpers.

The delicious corn was only one of the dishes that made the Annual PTA Supper such an exceptionally nice one. More than two hundred and twenty-five satisfied customers can testify to the success of the venture.

Mrs. T. H. Maxwell, Mrs. Bill Luscomb and Miss Faye Gordon spent the day supervising the cooking as well as purchasing the food. They were assisted at different times by numbers of mothers who generously offered their help. Other mothers, and some of the same ones, made and donated those delicious cakes and pies which made up the exceptional dessert course.

The pleasant mothers who served quickly and efficiently in the attractive dining room of the Avon Elementary Cafeteria also added to the enjoyment of the meal. And two cups of Mrs. L. C. Hooper's delicious hot coffee were enjoyed by all of the guests.

The officers and members of the PTA wish to thank everyone for coming and helping to make the dinner such a big community event. All the many mothers who worked so hard are also thanked. Even beyond the call of duty was the work of Miss Faye Gordon who fired all the chicken. Miss Gordon also did this task last year and her community spirit is appreciated by all.

The supper is an annual event and the satisfied customers are eagerly telling their friends and looking forward to next year's supper.

Rebekah Lodge Installed New Officers Here

Rebekah Lodge No. 63 meeting January 19 was highlighted by installation of new officers.

Mrs. Mary Fields was seated in the Past Noble Grand's chair. Mrs. Jessie Decker was installed as Noble Grand and Mrs. Mamie Armstrong as vice-grand.

District Deputy - President Mrs. Effie Foster of Sebring and her staff officers officiated at the installation.

Baptists believe in a supreme Book, one that presents the laws of God for man to follow. They believe that this Book is from God, and that it remains the same from one century to another. Though written long ago, it is just as supreme as when recorded.

It is not a book to be changed by congresses and courts, even if these are set up by churches or religious organizations. Nor is it a book for any single class.

The Bible has a life-giving quality as it centers about the person of Jesus Christ, the Son of God who became a human being to rescue us from sin and the punishment that follows sin. It tells how Jesus died on a cross for his teachings and for the way of life he demonstrated. The Bible shows us the place of death in the scheme of life; it says that death is not the end of things, because it tells how that same Jesus rose from a grave and was seen and recognized by people after death.

The Bible opens to us the opportunity to believe in this same Jesus and to receive life in heaven after the end of our earthly existence.

As our preachers often say, "All the Bible is the Word of God and all of it is for all mankind." Its message means most to those who read it with a desire to practice the way of life it prescribes.

Soil Conservation News

By Sam Polston
U.S. Soil Conservation Service
The Highlands Soil Conservation District assisted three co-operators in farm planning last week. Soil and water conservation plans were prepared for Kolin Groves, Inc. and Emu Bales of Sebring and R. P. Dunly, Jr. of Lake Placid on a total of 140 acres, all of which is to be established to citrus grove. Irrigation pits have been constructed on the Riles and Dunly farms, under supervision of Soil Conservation Service engineers and sprinkler type irrigation systems are being planned for all three groves.

The District also assisted Oak Acres Dairy of Venus in laying out a combination surface drainage and seepage irrigation system on 300 acres of improved pasture. Mr. Bill Graham, owner of the dairy, plans to develop this area for a very intensive feeding program for his dairy herd. Part of the area will be grazed and the remainder will be harvested and fed to the cows as green chopped feed. Mr. Graham says it is absolutely necessary for him to have good water control on this area at all times in order to have a dependable source of feed for the dairy operation. He can't trust his luck for the rains to start when

he needs it or stop when it gets wet but with this water control system he can plan his program a lot closer.

Mr. E. W. Hatt of Avon Park is completing a similar system on about 400 acres of improved pasture. He is drilling a deep well now and SCS engineers assisted him recently in locating water control structures in his main ditches for irrigation purposes. The ditches are constructed for use as surface drainage outlets during wet weather.

Farewell Party Surprises Miss Kim Wells Fri.

Young Miss Kim Wells was the surprised guest of honor at a farewell party on Friday afternoon, Jan. 23, at the home of Mr. and Mrs. Willie Willis.

Marvin Willis, host at the surprise party, had invited some of Kim's friends and they arrived with delightful surprise packages to remind her of her friends in Avon Park. After helping Kim open the packages the boys and girls played games. They played drop the handkerchief, leap frog, ball, and darts.

A large cake with "Good luck Kim" and ice cream were served the guests. Marvin was assisted with the party by his mother, Mrs. Willie Willis.

Tax Facts

By P. G. Gearing,
County Tax Assessor
In view of the importance of Homestead Exemption, I shall devote my column this week to that subject.

Question: What is Homestead Exemption?
Answer: Under our Florida law a person's home, under certain specific conditions, is exempt from payment of operating taxes up to a valuation of \$5,000.

Question: Who is entitled to Homestead Exemption?
Answer: The law states that every person who has legal or equitable title to real property resides thereon, and in Good Faith makes same his or her permanent home is entitled to the exemption.

Question: When do you apply for the Exemption?
Answer: Application is made to the County Tax Assessor between January 1st and April 1st of each year.

Question: Does Applicant have to have a deed to the property?
Answer: Not necessarily, but claimant must have equity in the home evidenced by a bona fide and recordable contract to purchase. The law requires this instrument to be recorded in the office of the Clerk of the court.

Question: Must there be continuous physical residence on the property?
Answer: No, but the property must be where the claimant resides and maintains his or her permanent home.

Question: What constitutes a permanent residence?
Answer: A permanent residence is distinguished from a temporary residence. It is necessary for the claimant to establish sound evidence of permanent residence. Registration to vote is of prime importance, other evidence would be purchase of Florida license plates on his car, making a tax return on intangible personal property (stocks, bonds, mortgages, cash, etc.), whether actually located in this state or not. In the case of a new resident, one may execute a Declaration of Domicile, filing same in the office of the Clerk of the Circuit Court. Each application stands on its own merit, and the burden of proof is on the claimant.

Question: If a person occupies his home for six months out of the year, is he entitled to the Exemption?
Answer: Not necessarily, an applicant's eligibility is not measured by the time he spends on the property, but rather whether or not he is legally domiciled in the property.

Question: How much land constitutes a Homestead?
Answer: Florida law limits a homestead to one-half acre within the corporate limits of a city or town, and 160 acres outside city limits.

Question: If one's Homestead is in the city, does he have to apply at the city office?
Answer: No. The law provides for one application and at the County Assessor's office. The cities get a list from the Assessor's office.

Question: Why are there taxes on some Homestead property, none on others?
Answer: The first \$5,000 on any homestead receives the Exemption from all operating taxes. The tax levied in Highlands County (one mill in the Avon Park and Sebring districts) is for the retirement of school bonds which were a levy on all property in those districts before the Homestead Law was passed. In all other districts the school bonds have been paid off.

Question: How should one go about getting Homestead Exemption for the first time?
Answer: An Applicant should bring to the Assessor's office his deed or contract which gives a legal description of his property and any other information which would help in establishing his rights to said exemption.

Question: Can a person get Homestead Exemption after January 1st of any given year?
Answer: While a person has until April 1st to apply, the exemption is based on the status of the property on January 1st. In other words, one has to be residing in his home on or before January 1st. Legal residence likewise must have existed on the same date.

Editor's Note
(The Avon Park Sun is glad to cooperate with P. G. Gearing, County Tax Assessor, in bringing to its readers vital tax information. This is the first of several articles which will be printed from week to week explaining county taxes.)

Church News . . .

First Baptist
The Orange Blossom Association Musical Festival will be held in the First Baptist Church, of Sebring, on Friday evening, Jan. 30, at 7:30. The Church and Concord Chorus from the church will participate in this program of music with choir from a number of churches in this group of Baptist Churches. Friday night will be the first time the church has entered choir in the Festival and members are wishing the choir members well.

"The Church Union Its Sunday School" is the second diploma study book which will be studied on Friday night, Jan. 30, from seven until nine o'clock in the church. This is the basic book for the Sunday School and fifty per cent until nine o'clock in the church. This is the basic book for the Sunday School and fifty per cent of the officers and teachers of the School must have an award for it. The book may be secured in the church office.

In the dates to remember for all church members is March 1 through March 8 which will be the Revival.

The Women's Missionary Society held its monthly business and program meeting in the church on Tuesday evening, Jan. 26, with a large number of members of the church circles present.

First Christian
The Sunday service in the church was led by the boys and girls of the Christian Endeavor for the opening exercises. Roscoe Hickman was in charge of the group. Donnie Ragdale led the service prayer and Carolyn Beckham read a chapter from the Bible. The other members of the Endeavor gave a musical song.

Each Sunday evening after the six o'clock meeting of the Endeavor a Study of the New Testament will begin at seven o'clock. All members and friends are cordially invited to attend this study series. John Scott, Minister, and various members of the church will be in charge.

First Methodist
Fifty three women from the Avon Park, Sebring, Bowling Green, Arcadia and Wauchula Methodist churches attended the Sub-District Workshop held in the local church on Wednesday, Jan. 21.

"Christian Leadership" was the theme for the workshop with three clinics for officers, nominating committee members, and general membership of the Women's Society for Christian Service being held.

Mrs. Avery Bucas, Zone Chairman of Arcadia, opened the day's events with a call to worship. Mrs. A. P. Higgins, President of the local Women's Society, welcomed the visiting ladies. Roll call and the membership reports were given. Avon Park had the most representation with twenty-one ladies present.

At 12:30 an evaluation of the workshop clinics was held followed by a routine devotional. The ladies then enjoyed a sandwich lunch with a delicious drink and dessert served by the local Women's Society. An informal conference concluded the meeting after lunch.

Congregational
A lovely Turkish "Coffee" honored the members of the Covenant Circle and their guests on Wednesday, Jan. 21, at the home of the Rev. and Mrs. Mah-

RED DEVIL COACH JOE FRANZA presenting a sweater to Bill McKenna in recognition of his fine work in cooperation with the team coaching staff during 1958. The presentation was made during the Award Dinner at the Avon Park Correction Institution dining room. Seated by Coach Franza are publisher William A. Meyer and Louis L. Wainwright, superintendent of the institution.

Winter Guest Club News

There were 65 folk at the "greeting party" Saturday evening to partake of the excellent viands prepared by the ladies. Eight tables were represented; four persons present are spending their first season in Avon Park. Only one person admitted to a birthday in the past week. January seems to be a poor month for anniversaries, as they join the calendar. The past week, another chicken dinner, presented by Griffin's Restaurant, was won by E. Lindstrom.

On Thursday, Jan. 22, the children's entertainers filled when Judge Rehner addressed the club. Mr. Rehner told us of the duties of the County Judge's office, the necessity and importance of having a will, and dwelt on some differences between Florida laws and those prevailing in some northern states. This was followed by a question period in which many interesting subjects to all present.

Friday night we lacked just one of having an even hundred in attendance, and a jolly time was had by all; many were visitors, with us for the first time. The amateur's night on Tuesday is proving very popular, there being four sets in action.

Mr. L. Smart, a professional caller from Bradenton-Sarasota was a guest on Friday night and expressed surprise at the agility displayed by our dancers, most of whom are retirees.

By the way, have you purchased your copy of the "History of Avon Park"? This would be a splendid souvenir for you to take to your friends and families in

Brownie Scout News

Miss Faye Gordon, Florida Power Reserve Agent, compliments the Brownies of Troop 5 on their improvement at cookie making since she assisted them last year. The fifteen Brownies and their leaders, Mrs. Roy Felton and Mrs. Ben Stewart, met for the second time with Miss Gordon last Tuesday for cookie making. The Brownies had a wonderful time and enjoyed eating their cookies and a hot drink for refreshments.

Troop 2 will have a visit with Miss Gordon in two weeks. Last Tuesday at their meeting those energetic Brownies with the help of their leaders, Mrs. Edna Dixon and Mrs. Edna Gentry, assisted with the March of Dimes Drive by stuffing envelopes. Mrs. Sybil Sedeloff served them refreshments after their worthwhile work.

Troop 7 of the Brownies and their leader, Mrs. Walter Mandus, took advantage of the Friday and held their meeting on Friday and held from the Brownie Hall at Woodluff Heights to the wooden railroad bridge at the Bottle Packing House. The girls were getting in practice for future longer hikes and enjoying gathering strange leaves and stones for examination. They returned to the Hall for the fine economies and refreshments.

Troop 6 met on Wednesday afternoon, Jan. 21, in the Brownie Hall and practiced for the coming investiture service. Mrs. G. L. Townsend, Mrs. Aubrey Bennett, and Mrs. Joan Holmberg were present to assist the girls. Mrs. Holmberg served refreshments.

Scottish Rite Meeting Feb. 4

The regular monthly meeting of the Peace Ridge Scottish Rite Club will be held February 4, at 7 p. m. at the Jewaranda Hotel. The entertainment committee reports that a guest speaker will be on the program and urges that table reservations be made by phoning 2-5501.

MEXICO VISIT
Mr. and Mrs. Edmund Thayer will leave Saturday for a 17 day tour of Mexico. They expect to visit many interesting places including a four day stay at the Hotel Calca in Acapulco. Upon their return Mr. Thayer will become an officer and director of an investment corporation in Lake Wales.

Copyrights extend for a period of 28 years.

Youth Center News

Andrew Miracle, Director of the Youth Center, has announced that rain, shine, heat or cold the Avon Park Youth Center will be open on Saturday nights unless a special reason is announced previously.

During the recent cold spells the discomfort of the Teen Club Members at closing the center has made this decision necessary for Mr. Miracle. So boys and girls no matter how cold it gets you can count on attending the center on Saturday night and Wednesday afternoon.

R. W. Penland and Mrs. A. J. Moore of Tallahassee were in Avon Park Wednesday and Thursday to visit their brother and sister-in-law Mr. and Mrs. S. J. Penland.

Worthless Checks Increase During Dec. In Florida

Worthless check cases received by the Florida Sheriff's Bureau Document Examination Section during December increased 44 per cent over the total received in November.

December figures, released by FSB Director Don McLeod, show that during the period December 1 to 14 fraudulent check cases involving a total dollar value of \$28,843.71 were submitted to the Tallahassee agency by sheriffs offices and police departments in Florida.

During November, this Sheriff's Bureau section received 167 worthless check cases with a total value of \$13,574.54. Annually one of the most critical months for the passing of bad checks, December proved to be one of the best periods for the Document Examination Section in regard to identifying checks submitted with persons having fingerprint records or with material previously submitted.

The FSB document examination unit was able to identify 41 per cent of the unknown checks submitted in December cases. This is an increase of 20 per cent over November when 15 per cent of checks submitted were identified.

Director McLeod cited the FSB Fraudulent Check File as the principal reason for this increase in identifications. The Fraudulent Check File is maintained for the classification and filing of documents which are the products of known or unknown fraudulent check writers and writers of anonymous, threatening, obscene or crank letters.

Through use of the Fraudulent Check File, a worthless check or anonymous letter submitted to the Sheriff's Bureau is able to be linked, by means of document examination, to persons having fingerprints on file at the Bureau, or to material previously submitted for identification.

Director McLeod stated that as the Fraudulent Check File grows, its value to state law enforcement will increase.

Since the Bureau inaugurated services of the Document Examination Section in August of 1958, this unit has received and processed 399 fraudulent check cases from law enforcement offices throughout the state of Florida. In addition, this section has performed important examinations in other cases in which fraudulent documents were involved.

March Of Dimes Envelopes Are Mailed Here

Envelopes for contributions to the "March of Dimes" drive of the 1959 March of Dimes went into the mails in Highlands County, it was announced today by Earl Rich, campaign director.

Support of the organization which developed the Salk polio vaccine is needed more than ever because of its expanded program, the director declared, adding:

"The National Foundation heretofore will launch broad-scale research into the rheumatic disease affecting at least 11 million Americans, and into birth defects which maimed 250,000 infants yearly. Research will also be supported into virus diseases and disorders of the central nervous system."

The people of our county played a big part in making the Salk vaccine possible," he concluded. "Now we are asking our friends and neighbors to join us again, this time in breaking new ground. We've done it before and we can do it again, with generous contributions enclosed and returned in those envelopes mailed today."

Robert R. King was installed Friday night as president of the Avon Park board of realtors to serve for a second consecutive year.

Colin DeShong was installed as vice-president and E. S. Von Borske was installed as secretary-treasurer, also succeeding himself.

Installation ceremonies were held at a dinner meeting at the Jacaranda Hotel Coffee Shop with John R. Wright, vice-president of the 10th District of the Florida Real Estate Association serving as installing officer.

The meeting opened with King giving a resume of progress made during the past year by the local group. Mr. Wright followed with a report of the activities of the district and state groups and stressed the importance of close cooperation between real estate brokers throughout the state.

President King announced that the Avon Park group will meet each second and fourth Monday, and that for the meeting this week, C. T. Laves will be in charge of the program.

Boy Scout Fund Drive Is Feb. 6

The one day drive for the "Boy Scout Fund Campaign" will be held in Avon Park February 6. David Lanier, chairman of the local drive, said that the campaign will get underway with a breakfast breakfast that morning at 7:30 at the Jacaranda Hotel coffee-shop, from where approximately 30 workers will go out to make their calls.

The date has been set to coincide with the drive throughout the Gulf Ridge Council, of which Avon Park is a member, Lanier said.

To Mr. and Mrs. Joseph Kautzka of Sebring, a son, Jerry Joseph, born January 26. His weight 7 pounds 12 ounces.

Eight percent more visitors stopped at Florida's highway welcome stations during December 1958 than during December 1957.
