

Sheriff's Dept. Start New Year With A Very Busy Week

Sheriff Broward Coker's department started off the new year with two arrests on assault charges. Oia B. Williams, 21-year-old Negro resident of Avon Park, is charged with assault with intent to commit murder. He is accused of inflicting Edward Green.

Willie D. Lowe, 60, Negro resident of Sebring, is charged with intent to commit murder. He allegedly shot his wife, Easter Lowe.

District Committee Meets Here

Tuesday, December 20, 1960, the Highlands District Committee Boy Scouts of America held their monthly meeting at the Jaramanda Hotel in Avon Park. This meeting was presided over by Chairman Ernest Breed of Sebring. Members of this committee are Edward Koch, C. R. (Dick) Hamm, Clifton B. Smith, Ford Heacock, Jr., M. G. Whitcomb, Gordon Burrill, Boral Coates, Jerry Melindy, W. L. Warren, Jr., Ralph Carlton, Clyde Wholier, Jim Cooney and Alexander Blair.

District Commissioner John Townsend reported that the next Scouters round table has been scheduled for January 24, 1961, at the Congregational Church in Avon Park. A den mothers work shop will meet at the Congregational Church in Avon Park between 10 and 11 a. m. on January 27, 1961.

During this meeting the committee discussed objectives for the coming year and Mr. Breed appointed operating chairman for the various committees. Chairman appointed were: Edward Koch, Organization and Extension; C. R. Hamm, Camping and Activities; Clifton B. Smith, Finance; Ford Heacock, Jr., Advancement; M. G. Whitcomb and C. R. Hamm, Publicity. Prior to adjournment it was decided that the District Committee would meet on the third Tuesday of each month.

Champs Will Appear Here

Two nationally known figures in the world of bowling will appear at the Grand Opening of the Ridge Lanes just south of Avon Park on U. S. 27.

The two, Frank Clause and Pat McBride will feature instruction and exhibition bowling Thursday, January 19. Instruction at 2 p. m. and exhibition bowling will be at 7 p. m. that evening.

The two champs are appearing through the courtesy of AMF, the company which installed the ultra-modern 16-lanes at the beautiful Ridge Lanes.

Two Men Leave For Start Of Army Duty Tours

Two local young men, Mike left for Army Service according to M-Sgt. Carl Whithead, aviator.

Ronald Ernest Glidewell left last week for basic training at Ft. Benning, Ga. He is a three year enlistment. Glidewell will go into training as Engineer Equipment Maintenance man at the completion of his basic.

The second is Gordon Richard Paulson who left yesterday for Jacksonville where he will take his aptitude tests prior to leaving for his basic at Benning.

Mr. Seaboard Retires Saturday

WELL WISHERS—Three old friends dropped into the Seaboard freight office Saturday just to inform A. O. Kinsey just where the fish were biting and wish him well on his retirement. On the left is Mayor E. A. DeLaney, and I. H. Ford in the center, long time friend of Mr. Seaboard.

Sen. Williams Is Named To Budget Group

It was learned this week that Senator Dick Williams has been named to the powerful Senate Appropriations committee.

Williams who served in the House for many years is Freshman Senator from this district and was accorded the honor this week.

He will be in Tallahassee on January 10 for the budget hearing session prior to the meeting of the legislature.

He reported that the budget requests this year total nearly \$600 million. This figure will be pared down within the state fiscal budget by the committee.

Business Is Brisk At Tag Office Tuesday

Business was brisk for the registration office on the first business day of 1961. A total of 560 vehicle tags were sold on Tuesday, according to Roland Droll, supervisor of registration for Highlands County.

Eager buyers lined up in a line long as the main corridor of the court house Tuesday. Mr. Droll said additional office personnel and having the applications prepared ahead of time made the procedure move quickly this year.

Many of the tag buyers were coming from out of the state and after buying their Florida auto tags moved on to the County Judge's office to buy Florida driver's licenses.

Florida does not honor driver's licenses from ten states, and disarmed drivers from those states must take the Florida driver's test before getting new licenses. Although the Judge's office had not kept court, workers Tuesday said that the Florida Highway Patrolman who gives driver's tests on Thursday will have a busy day this week.

Youth Center Now Under New Management

Mrs. Alene Parnell will succeed Andrew W. Miracle as the Director of the Avon Park Youth Center. Mr. Miracle resigned because of his new duties as County Superintendent of Schools.

Mrs. Parnell has been the assistant director of the Youth Center for several years, and is thoroughly familiar with the work. She says there will be no immediate change in the program of activities at the Center.

Officers of the Youth Association are Mrs. Betty Sullivan, president; Mrs. Walter Mendis, vice-president; Mrs. Jack Dugan, secretary and Mrs. L. C. Hooper, treasurer. Mrs. A. C. Wester, Jr. is chairman of chaperones and Mrs. Stuart Ward is chairman of Special Parties.

There Is More Yet To Come!

Last week in the Sun was a story of Billy Bowlegs which aroused much comment in Avon Park about Highlands County history. This article was written by Albert DeVane of Lake Placid.

Mr. DeVane is an amateur genealogist and a member of the Florida Historical Society. He has graciously promised to have more of these historical type features in the future.

The Sun thanks its readers who have expressed their desire for more articles of this type.

Hamlin Is Named To Head Commissioners

Highlands County native Eugene Hamlin has been chosen to serve chairman of the board of county commissioners. Hamlin, who is beginning his third year as a commissioner, was elected chairman at the organization meeting on Tuesday.

C. P. Skipper of district 1 (Avon Park) recently re-elected to the board, was named vice chairman on Tuesday. Earl Rich newly elected county clerk, moving up from the deputy clerk post.

During the business meeting this was the first for new commissioners Carl McIntyre, district 5, and Ben McGee, district 3. Earl Rich of district 4 and Hamlin in district 2 are holdovers.

At its first meeting for the year the board made several appointments. Mrs. Anna Doe Church was re-appointed welfare worker, and Harvey Roberts was re-named to handle veteran affairs.

R. L. Hancock is to continue as Courthouse custodian.

During the business meeting plans were made for the five county commissioners. Attorney Dunly Clark Rich and Deputy Clerk Charles Laitrey to attend the first annual "short course for commissioners." The educational conference is set for January 22-24 at Tallahassee.

The board adopted a resolution calling on all county officials to observe a day of grave national emergency. This resolution had been requested by the county Civil Defense Committee.

No one appeared to protest the proposed closing of an old county road along the northern edge of Lake Blue Estates near Lake Placid. The board formally adopted a resolution closing that road which runs from the railroad to Lake Clay Drive is a new road built from the old one it is planned.

Clerk Rich reminded the commissioners of the new schedule for paying county employees. Highway employees are to be paid each Friday, and other regular personnel will be paid on the 15th and on the last day of the month.

A representative of the Lake Placid band attended the Tuesday session and inquired about receiving financial aid for the purchase of new uniforms. Since this expenditure could not be linked to "publicized and/or promoting Highlands County" this request was denied.

Commissioners, who recently had voted financial aid to the Sebring band to attend the Governor's Inaugural Parade and to Avon Park band for a proposed trip to the New Orleans Mardi Gras, authorized the Lake Placid representative that the commissioners could and would finance same out-of-town trip for the band.

In other commissioners' business the board voted to advertise for bids for a new pick-up truck for district 1; received notice that work was underway on the Skipper Road project; approved the plan for Sebring Ridge subdivision.

The commissioners chairman also serves as president of the Highlands County Fair Association. Hamlin is a native of Sebring and was educated in Sebring schools. He is associated with his brother in roof contracting business. If a million Brothers.

Seaboard Official To Meet With Band Association On Mardi Gras

Floyd H. Bradley, General Passenger Agent for the Seaboard Air Line Railroad Company, will meet with the Avon Park Band Association at a special meeting Monday night, January 30, at 7:30 in the band room, to complete the details for the band's trip to Mardi Gras in New Orleans.

Mr. Bradley will introduce to the group the representative from the Seaboard Air Line Railroad Company who will accompany the band to and from New Orleans and will see that all arrangements are fulfilled.

5,000 Mailers Sent Out On March Of Dimes As Drive Kicked Off

The men who probably walk more than anyone else in Highlands County carried a message of hope today from the 1961 New March of Dimes for their neighbors who cannot walk at all.

Local postman began delivery of 5,000 envelopes that will allow Highlands County residents to contribute by mail during January in the efforts of The National Foundation to prevent the crippling disease of birth defects, arthritis and polio.

"We hope our message brings speedy replies in the form of cash, money orders and checks, because March of Dimes contributions are desperately needed to finance National Foundation programs in patient aid, research and professional education," said H. M. Flowers, Avon Park, campaign director.

"Approximately 25,000 American children are born each year with significant birth defects. These birth defects cripple most children than any other cause besides accidents."

"Approximately 25,000 neighbors suffer from arthritis or some form of rheumatic disease with a loss to the nation of some 31,000,000 work days every year," he added.

"And certainly we cannot forget the thousands who were stricken with polio in previous years and still need medical aid. In addition, a tremendous task still faces us in urging those who have escaped so far to complete their blood vaccinations to avoid the possibility of polio," Flowers declared.

"We wish you to understand that these 11,000,000 of our neighbors are not just statistics. They are people who are suffering and in need of your contribution. So let us have the officers and investigation at the present time."

Director To Be Guest Speaker Here

The Woman's Club will hold their annual luncheon meeting the Wesley Hall, Thursday, January 12, at one o'clock. Mrs. Vivian Cline, director of District 9, will be the guest speaker.

Members and guests may purchase tickets from Mrs. Samuel O. Norris, chairman for the luncheon or from Mrs. S. F. Skidhill, club president.

Four Break-Ins Reported Here This Week

According to local police of these there were four minor break-ins in Avon Park in the past several days. Three business establishments were entered in one night around midnight, apparently in search of money as nothing else was disturbed. Fourth, Sam's truck was entered this week when a radio operated machine was utilized.

Officers have the officers investigation at the present time.

Dozen Roses Welcome New Court Clerk

Incoming Clerk of the Circuit Court, Earl Rich, received a warm welcome as he took up his duties on Tuesday. A dozen long-stemmed red roses brightened up the clerk's desk. The flowers were a gift from the office staff.

Rich, who has been serving as deputy clerk, is not a stranger to the court house staff.

He has named Charles Laitrey to serve as deputy clerk. Laitrey, a Vera Towers, Mrs. Frances Liphart and Mrs. Fay Johnson will continue to serve as the staff in the clerk's office. They were members of the staff under Rich's predecessor, H. T. Patey.

CONSTRUCTION STARTED—Mayor E. A. DeLaney and Chairman of Commission Secretary, Anna Bells Werten look over the site of construction on the first unit of the Hammetts Building Mill which is moving to Avon Park. The building will be a three-story structure. Caraville will soon finish with holiday decorations. It is reported that the move is now proceeding according to plan. The site is located on U. S. 27 south of Avon Park.

MAYBE YOU'RE BETTER OFF THAN YOU THINK

Most of us feel that we are overcharged where we shop and underpaid where we work. We are sure that living expenses rise faster than incomes. We expect more, both for our money and our work.

Our illusions are actually somewhat of a tribute to our economic system according to the Chamber of Commerce of the United States. The economy has done so well, we cannot understand why it doesn't do better.

In the last 20 years the cost of living doubled . . . but factory wages tripled.

The average factory worker today earns ten times as much as he was in 1914 . . . \$2.29 instead of 22 cents. But the cost of living is only three times as great.

If the last decade's surge in fringe benefits (now one-fifth the value of wages paid) were added in, the picture would look even brighter.

Even there is a problem, the National Chamber says to tell this story to a housewife who has just spent a pay-check shopping.

—Glades Observer—Pahokee

FACT AND OPINION

The New York Times says: "Senator Kennedy must now consider what he will ask (his) appointees to do and what he himself will do to bring about changes in policy which he promised during the campaign. To increase the strength of our defenses, to promote disarmament, to try for a settlement in the Middle East, to deal with the huge problems of newly liberated African peoples, to face up to the windy young dictator in Cuba without alienating the Cuban people, to handle various home-grown economic problems and purposes, including the ambitious task of wiping out poverty here in the United States—such is the appalling load that the incoming President has cheerfully accepted."

A news release from the Central Louisiana Electric Company reports that hops are getting to be such a major enterprise in that state that farmers are jokingly calling them the number one mortgage-lifter. Pig breeders are helping to curb swine loss. It seems that one 250-watt infrared brooder lamp when properly installed will keep a large litter of pigs warm and comfortable in the coldest weather. The brooder is constructed so that the sow can't get under the heat lamp but the pigs can. Pigs readily go to the warmth of the lamp and return to the sow only for food. Under the brooder all pigs relax instead of pushing and fighting for the body heat of the mother.

According to a Tax Foundation study, federal budget expenditures for veterans' services and benefits are estimated at nearly \$5.5 billion in the 1961 fiscal year. The payments included compensation and pensions, hospitals and medical care, readjustment benefits, insurance and servicemen's indemnities, and various other items.

Ralph T. Moore writes in the Oregon Voter: "Sooner or later we must spell out precisely what we will stand for with regard to labor unions. And the time is not far away, in view of the growing tendency to organize just about everything. We can not give the unions a carte blanche because we can not tolerate any uncontrolled political or economic force within our republican democracy. A way will have to be found to control without destroying and it won't be easy because it will involve sacrifice and a degree of surrender. But the public must be sovereign."

The Borough of Etta, near Pittsburgh, decided to sell its municipal electric plant to a private utility company. The Public Utility Commission has approved the sale and each resident of the Borough will save an estimated \$1.75 a month.

The Bureau of National Affairs reports that wage increases becoming effective in 1961 under contracts now in force will average just over eight cents an hour.

One of the most horrible offenses in the sordid history of crime is the brutal sexual attack on the body of a small, innocent child. The threat of the child molester hangs over each and every community in our country. Swift and decisive action is necessary to assure that these human vultures who prey on children will be removed from our society. A foremost measure of crime prevention against this type of criminal is a program of educating children in regard to the dangers of being lured by strangers. The protection of the Nation's children is the responsibility not only of parents but also of police and public.

In 1939 the U. S. national debt was \$42 billion, and that of all other nations \$116 billion. In December, 1959 our debt was \$290 billion, and that of all other nations \$243 billion.

CRACKER POLITICS

By Allen Morris

TALLAHASSEE—Quiet, effective, experienced, those words describe the leadership now taking shape for the '61 House of Representatives.

Speaker-elect William V. Chapman, Jr., of Ocala, has named publicly only one of his choices, Rep. J. J. Griffin, Jr., of St. Cloud, for the chairmanship of the committee on Appropriations - but informed guesses may be made about others.

You may be sure that Chappell will call on Rep. Malloy E. Horne of Tallahassee to serve as chairman of Rules and Calendar, the committee which regulates the flow of legislation and, during the second half of the 60-day session, actually determines what measures will be taken up for floor consideration.

Incidentally, Horne continues to hold sufficient pledges - and more - to insure his designation as Speaker of the '61 House. This designation likely will come at a caucus on the third or fourth day after the '61 session is convened on April 4.

Speaker Chappell almost certainly will draft Rep. James H. Sweeney, Jr., of Deland, to preside for a successive session as chairman of the Committee on Finance and Taxation.

With enormous pressure building up for appropriations, Sweeney's committee may be called upon to function as a safety valve, for Finance and Taxation would have the first decision on whether to provide additional revenue. Sweeney has been a member of the House since 1948. He has a reputation for being a hard man to bulldoze, and he has made up his mind.

These committees - Appropriations, Rules and Calendar, Finance and Taxation - are the big three of every legislative session in terms both of prestige and of hard work. In the '61 spotlight will be a fourth committee, Constitutional Amendments.

Right now, there is every reason to believe that Chappell will ask Rep. Howard Livingston of Sebring to become the spokesman for chairing the House committee which may produce a new Constitution with a reasonable chance of its acceptance by the Legislature and the voters.

Known as Judge from his former service in Highlands County Court, Livingston was one of the tailors who drafted for the '61 session many proposed amendments to the Constitution that await agreement upon a few controversial segments, among these legislative appointments.

By the way, a behind-scenes strategy debate is going on over the desire of some leaders - and Governor-elect Parris Bryant is said to be among these - to have legislative responsibility itself within the existing Constitutional formula during the first days of the session and proceed later to work out a new plan with additional seats in both the senate and the House.

These opposing this two-stage affair argue strongly that the enactment of any statutory re-arrangement measure would let the steam out of the drive for a more lasting settlement through changing the Constitution.

In taking a long look at these men - Griffin, Horne, Sweeney and Livingston - likely to be the chief players in the legislative process, it is hard to see how they can be expected to do the job of the House of Representatives.

Chappell's task of picking chairmen has been complicated by two factors, which might seem contradictory. The sharp reduction of the turnover in the House left Chappell with plenty of skilled hands to do the work. At the same time, however, a number of those closest to him - like Rep. Hal Chaires of Old Town - feel they can best serve if not hobbled by the chores of chairing a busy committee.

Regardless of what happens during the session, Chappell already has earned a place in the state's legislative history by bulldozing through a rebuilding of the House quarters in the Capitol to provide what should prove a more efficient working plant.

There has been criticism, on aesthetic and other grounds, of the bridge being constructed to enable some legislators to occupy offices in a private building across from the Capitol, but much praise of Chappell's determination to give House members a place to perform the public business in relative peace and quiet.

Chappell seeks to accomplish this in two ways: (1) by clearing the chamber of the House of all persons except Representatives and a few clerks through (2) providing, for the first time, a private office for each member.

Up to now, there has been no real atmosphere of deliberation in the House chamber for there was almost always a ceaseless flow of people and noise.

WHEW! MADE IT!

TOO LATE TO CLASSIFY

By Russell Kay

While I have never had the pleasure of meeting L. L. Heaton of Mount Dora personally, I enjoy his writings and like his thinking. He recently published a little booklet, "Life can begin at 60—in Florida."

It is designed to provide helpful, authentic information for those who are planning to retire, and points out the advantages that Florida offers with particular emphasis on the lake and bill country of Orange and Lake counties.

Mr. Heaton is not in the real estate business, is not employed by any Chamber of Commerce but he certainly does a wonderful job in pointing out the charms and advantages of the section in which he lives. He considers it ideal for the retiree of modest means and tells why.

Heaton talks to his readers as a neighbor might talk to a friend over the back fence and his advice to those who are toying with the idea of retiring is sensible and sound.

He urges folks not to fear the word "retire" and admonishes them not to develop a "retiree's neurosis." He tells us that it isn't what you retire from that is important but what you retire to.

He terms age the great enemy of the retiree and contends that only the old are really free. When you are free from the pressures of a million conventions, social necessities and restrictions. You have to do the things that are expedient to the man, where he is under the Christmas tree and decorations throughout the home were especially festive. The guest list included Mrs. Ethel McKelvine, Mr. and Mrs. Frank McKelvine, Mr. and Mrs. Chester Carter.

Mr. and Mrs. Wayne Renner entertained with a Christmas dinner at their new home on West Withnail, Sunday evening. The Christmas tree and decorations throughout the home were especially festive. The guest list included Mrs. Ethel McKelvine, Mr. and Mrs. Frank McKelvine, Mr. and Mrs. Chester Carter.

Home For Holidays
Floyd Johnson, who is a patient in a Tampa hospital, was able to be home with his family for a few days during the Christmas holidays.

In Miami Hospital
Mr. A. F. Riggins is a patient at the Jackson Memorial Hospital, Miami, where he is undergoing treatment, following minor surgery he had there last week. Mrs. Riggins will remain in Miami with their relatives to be near him during this time.

Earl W. Brown, manager of the Florida Fair, says the exhibition is expected to draw an attendance of more than 500,000. The theme of the fair, which opens February 4 in New York City's Coliseum, is "This is Florida."

Safety will work when it becomes a way of life and not just a set of rules.

The secret of happy retirement Heaton points out is a planned program that will permit careful allotment of your budget, provide for hobbies and recreation and include time for just plain idleness, loafing, if you please, which will find extremely satisfying and beneficial in maintaining your health.

Heaton has found happiness and health in Florida and is telling others about it. He had real fun writing about it and he thinks it is something available to anyone interested at the small price of 50 cents per copy, just about the cost of production.

It may be secured by addressing L. L. Heaton, Mount Dora, Florida.

Winter Guest Club News

The Christmas spirit was both evident and active last week in and around the Guest Clubhouse. It was evident in the magnificent spruce tree inside all decorated with lights and bangles, the party so well described by the Tattle in the week's issue, and about of "Merry Christmas" here and there, but in at least one very definite act of Christmas kindness. A little and active lady who with her husband has for some years been running a strawberry farm out on the Wauchula Road and selling the beautiful boxes of berries to many of our club members, recently met our friends. Her husband did not long ago, and what with the expense of the farm and the labor and anxiety of running the farm along, she was facing a tight financial Christmas. That fact came to the attention of two well known members of this Club, who resolved to do

something about it. They took up a collection, to which many among us gladly contributed, and it persuaded the KWIK CHEK store to make up a grand box of assorted vegetables, canned goods, etc. Then they took it out to the farm and left it together with a letter of good wishes. Was the lady pleased? She was. She was delighted. She was astonished, quite flabbergasted. That was the real Christmas spirit, Christianity in action.

Now that the holiday season is over and gone, a new year begins, a new team will have charge of the Sunday afternoon January. It will be Meghan for this time, and the first entertainment will be this Thursday evening at 7:30, a talk about the Holy Land by I. H. Ford illustrated by a series of fine pictures. That should bring a large audience together for an informative and pleasant evening.

Area Realtor Appointed To State Committee

Arthur B. Bozman, president of the Florida Association of Realtors, announces the appointment of Roy P. Alexander, Realtor to the Mortgage Finance Committee for 1961. Mr. Alexander is president of the Sebring Board of Realtors, and advises that this Board is actively engaged in determining what can be done to provide the people in Highlands County with more facilities for F.H.A. Mortgage Financing.

pleasant spiritually profitable afternoon.

The Monday night practice dance was well attended with four sets being in action. Special attention was given to the new square, "When the Reddies Come", and it went so well that it will be presented at the Friday night dance. Owing to the special dance on New Year's Eve it was decided to omit the practice next Monday. There were so many other activities last week and several members out of town for the holidays that the attendance Friday night was smaller than usual. It was not necessary therefore to repeat numbers. At the intermission three sets demonstrated the new dance on the floor. It proved to be very attractive, and on a general invitation for a repeat performance three more sets came to the floor. It proved to be not so very difficult and is sure to become a popular number for the usual Friday programs.

As for the games of the week, Mr. McKean and Mrs. Bertha Kelly won all the honors at the 25th December, went on a possible, five tables in all, while out of the six tables at bridge next day Mrs. Emma Kelly took first honors with the score of 4240, second honors going to Mrs. Sheila Wurston whose score card read 4070. All which comes from holding good cards and playing them well. The shuffleboard tournament on Wednesday the 28th December, went on as usual with a goodly crowd of players eager for fame. All had a good time but the fame went to Williams and Heath for winning first place, and to Stetten and Campbell for taking the consolation prize. The usual Saturday tournament was fittingly called off out of respect to Mrs. Clara Caton, whose funeral took place on that afternoon and attended by a goodly number of club members. Mrs. Caton was a gentle lady, long a member of this club, known and liked by everybody. She passed away at the fine age of 82, and to her daughter, Dorothy Johnson, this club extends a sympathetic hand in this hour of trouble.

As we take this to press on Monday hog jowls and blackeyed peas are being a goodly number to the surprise dinner in the clubhouse. Ever since Charles Lamb wrote his essay on roast pig, pork in all its forms has been most attractive. But more about this next week, also about the big tournament on Tuesday which in a way will christen the new spectators bench. And now at the threshold of the new year, even as Tiny Tim prayed, "God bless us everyone," amen or so be it says

Founders Garden Circle Meets Thursday

The Founder's Circle will hold their January meeting on Thursday, January 12 at the home of Mrs. A. C. Wester, with Mrs. R. L. Maxson the co-hostess. The time of the meeting has been changed. Coffee will be served at 1:30 and the business meeting will be called to order promptly at two o'clock. Mrs. Wester and Mrs. R. C. Ostling will discuss the Flower Show Schedule and the program, arranged by Mrs. W. J. Head and Mrs. C. E. Lanier will present three arrangements, illustrating the theme of the Flower Show "Yesterday, Today and Tomorrow".

Champion Cherry Pie Is Served To Guests At Mrs. Ward's Party

Mrs. T. J. Ward entertained her Sunday School Class at her home on E. Circle Street last Wednesday afternoon. Mrs. Ward is the teacher of the class of adult ladies of the Presbyterian Church in Sebring. They have completed another knitting project of wool caps and scarves and bandages for a leper colony in the mission field.

During the afternoon social hour the ladies enjoyed several Bible games, and were served cherry pie and coffee, with Miss Linda Griffin, the winner in the recent Cherry Pie Contest, baking and serving them her cherry pie.

AP Band Group To Operate Fair Food Booth

Second to none will be the Food Booth at the Highlands County Fair this year which will begin on January 16 and run through January 21.

The food booth will be manned all day long and until closing time each night by members of the Association to help raise money for the Mardi Gras trip to New Orleans in February.

Unlike previous years, the food will be offered at lower prices and there will be a greater variety of food from which to choose. All efforts are being made to give quick, efficient service with a minimum of waiting time for hungry purchasers. Homemade cakes and pies, fresh hamburgers and hot dogs, French fries, coffee, hot chocolate and candy will please the palate of any and all fair goers.

Don't forget to stop at the home town food booth and plan to eat a delicious snack while attending the fair. Anyone interested in contributing time, money, or food stuffs is asked to contact either Mrs. Mary Darden at 3-3555 or 3-4835, or Mrs. Eloise Sharpe at 3-4832.

Advancement Committee Holds Eagle Review

On Thursday, December 29, 1960, the Advancement Committee of the Highlands District Committee Boy Scouts of America held an Eagle Board of Review at the Jacaranda Hotel in Avon Park. Billy M. Frantz of Avon Park Troop 156 was examined by the Board and found qualified for the rank of Eagle. This is one of the highest honors which can be bestowed on a Boy Scout and we congratulate Scout Billy M. Frantz.

APCI Employees Club Has Party On New Years

The Employees Club of the APCI enjoyed a New Year's Eve party Saturday evening, when a large group of employees and their families gathered in the new Training Center Building for the occasion. The entire ballroom was appropriately decorated and the guests sat around small tables that were centered with candles and flowers.

The Institution had furnished music for dancing. Buddy McKenzie and Bill Booth were in charge of arrangements. Cold drinks and potato chips were served.

During the evening an offering was taken to add to the Beth Sasser Fund and the committee in charge was delighted with the amount raised.

As the New Year dawned, Mr. L. L. Walworth, Supt. of the APCI, gave a brief talk about the work and aims of the Institution for the coming year.

Chancel Choir Rehearsal — 8:00 P.M.
1st Tuesday of the month—
General Meeting of the Woman's
Society of Christian Service—9:00 A.M.

each crumb

...is precious but who among us needs the whole loaf?
Bread is vital but perhaps we should NOT live only to eat.
We are invited to break the bread as Jesus broke it and the
Great Baker stored the earth with plenty for all. Woe be
it to the selfish hand who holds the knife and cuts the
slices thin. We are told to beware of him who withholds
corn, for the people shall curse him. Our body
is of the earth and must be fed from the earth.
But the soul is of Heaven and must be
fed with Heavenly bread. Then let
us worship in church this week and
pray to God to, "Give us
this day our daily bread."

You In The Church
The Church in You
— forms a combination
for good. Every man,
woman and child needs
the influence of the
church. So, come let
us go into the house
of the Lord. Let us
support her program
of service to humanity.
Be a faithful worker,
a daily bible reader
or attend services
regularly.

WHAT OTHER EDITORS SAY — EDUCATION—BETTER LIVING

Higher education is basic to the economy of Georgia and its continued expansion. Many of the state's skilled industrial workers, its public school teachers, and leaders in government and business have been trained by our University System.

Industrial research and training of technical workers by this system has made it possible for many new manufacturing plants and industries to come to Georgia.

Our doctors, for which there is great need in some communities, are trained by this system. Through the teaching hospital of the state's medical school, over 10,000 Georgians from all but one county in the state received treatment in one year.

The home economics programs in our system of higher education feed the lives of all Georgians. Home-makers, dietitians, nutritionists, and many other people who prepare the food we eat get their training from our Universities.

The teachers of our public schools are dependent upon our institutions of higher education for much of their training. The kind of training they receive determines the quality of education your children receive. The University System of Georgia has served the people well. But in the future, the people of Georgia will expect even more from this system. By 1974 nearly twice as many young men and women as now will want to enroll in college.

The Universities of this state must get ready for this population growth today. But unless it receives greater financial support, it cannot do this.

The faculty of a University must be composed of highly trained persons. Georgia competes with other states for these people. But not very effectively, since average salaries of faculty members in the University System of Georgia are below average for universities in the South and the nation.

In fact, the per capita investment in higher education in one of our neighboring states is more than twice as much as in Georgia, \$13.50 compared to \$6.16 in our state.

Whether or not Georgia's institutions of higher education flourish depends largely upon the support given by the people of Georgia. Higher education must prosper if Georgia is to prosper. Won't you give your support to the University System so that the future of our state will remain strong and vigorous.

GRASSROOTS OPINION

EL DORADO, KAN., TIMES: "Running the paper to please one's self is highly desirable. But most editors can't even do that. Every issue of their sheet is full of boneheads that only God knows how they got there. Moreover, editors truckle first to finicky subscribers, second to employee demands and third to Uncle Sam, who is always around with outstretched hand whether the place makes any money or not."

"As we say, if one can overcome those irresistible forces in the making of a newspaper, and please only himself, he could be credited with pulling the nearest trick of the year—any year."

SAFETY IN THE HOME

Editors write editorials about safety in the home and people continue to be injured and killed in stupid accidents. Some of the accidents are so unnecessary, and the result of such carelessness, they belie description.

A man is electrocuted while using his electric shaver in the bathtub. Another is electrocuted trying to use a drill while standing in water. A man falls off a ladder, which had not been properly propped at the bottom. A child takes poison some adult left within reach.

Children lock themselves in abandoned refrigerators, and smother. Women cut themselves, slip or trip in high heels or burn up the home by carelessness with cigarettes or matches.

What good can one more editorial do—to lessen the rate of serious and tragic accidents in the home? It can make you think about the problem, and take preventive action, which will prevent accidents in your home. You can check the bathtub mat. You can check the medicine chest. You can become safety conscious—and that will be of more value than anything else.

Accidents on the highways take some 37,000 lives a year. Home accidents take a similar toll. One hears much about careful driving but comparatively little about careful living in the home. Yet it is just as important to be careful living at home, as on the highways.

In home accidents, it is rarely the case on the highways. It follows, then, that safety consciousness in the home can prevent more accidents than on the highway. Every home accident is preventable. Look around your home today and prevent one!

"TOO LATE TO CLASSIFY"

By Russell Kay

With the holidays out of the way Floridians can settle down and face the new year with confidence. Few states have a better outlook for 1961. The so-called recession has affected Florida less than most states. Business may be feeling the pinch in some areas but the overall situation is good and promises to get better.

Under the able leadership of Governor Farris Bryant, Florida should make steady progress. His appointments have met with public approval and the manner in which he has taken hold indicates his experience and sound knowledge of the state's problems. I do not envy him his job, but I consider him a dedicated man, deeply concerned with the welfare of Florida and feel that Florida is fortunate to have him as Chief Executive.

I look for a good tourist season. The severe cold weather over most of the nation has driven many sun-seekers to Florida. Few states have a better outlook for 1961. The so-called recession has affected Florida less than most states. Business may be feeling the pinch in some areas but the overall situation is good and promises to get better.

While vacancies are a problem in some areas, hotels and motels are appearing regularly from now on. Floridians can help the situation by being friendly and courteous. Tourist attractions throughout the state are stepping up their promotion, featuring everything possible to promote the state. Attractions like Silver Springs, Cypress Gardens, SeaWorld, and Weeki Wachee Spring all report splendid attendance with the outlook bright for the balance of the winter season.

Airlines, railroads and buses all report good business with advance reservations ahead of last year in many instances. They are arranging schedules in order to take care of the expected increased traffic during the next several months. Fast jet service has put Florida closer to the centers of population than ever before and package tours make it possible for people of modest means to visit the state at moderate cost.

Industrial expansion will continue to bring both growth and the location of new plants and with the expansion of others. Probably the biggest industrial development this year will be noted in the Everglades where many millions of dollars will be invested in the expansion of the sugar industry.

The United States Sugar Corporation is planning the construction of a new sugar mill at a cost of \$15-million and in a joint agreement with the Savannah Sugar Refining Company, some other operators, some from Cuba, are planning heavy investments and are requiring large acreage of suitable sugar land.

The stepped up missile program and effort to put a manned satellite into space will mean further advancement of the state with new electronic plants and other allied industries locating here and whose manner of life is to be changed by an intricate layout of charts, graphs, etc., how many dollars Madam U. S. Housewife is going to have next month, next June, ad infinitum, to spend—particularly how much Florida is going to spend for Florida citrus.

Fellow's name is Bob White, no quail but a hawk with the figures. He is, not just incidentally, the oldest Mutual staff member to work for the Mutual organization a month before Mutual began active operations more than 12 years ago.

Example of White's record of accuracy: He's never been more than a pin-feather or two of a percentage point off in his pricing forecasts for from orange concentrate, fresh fruit, etc.

So what's with bringing up this citrus—say by the way, he's the CO of a miscreant during WW II, if that has anything to do with the case—as of

Well, you want to know how much money you're going to have to spend in 1961, don't you? That's for Florida citrus and everything else.

"Consumer disposable income (in the U.S.) is expected to increase by seven per cent by the end of 1961," graphs White. This total C.D.I., he says, will be an all-time high.

Apply that to your own pocketbook and if you don't come out that much ahead drop by and pay a where's-that-fellow call on Bob White on New Year's Day 1962.

CRACKER POLITICS

By Allen Morris

Legislature.

By tailoring the agency budgets to the amount of money they

calculate to be safely available during the two years beginning

July 1, the members of the Budget Commission will put

squarely up to the Legislature the responsibility for financing

a very penny beyond that sum.

This would include such major

expansions already proposed at the University of South Florida

and the establishment of a new university at Boca Raton and a

new training center for seafarers in Northwest Florida.

Florida tax collections still are running ahead of past years but, significantly, the rate of increase

has fallen off. Green says the biggest loss resulted from the

slowdown in construction. The State was hurt both directly in

the loss of sales tax on the construction materials, the furniture

and the appliances which would have come into those buildings,

and indirectly through the diminished buying power of the

workers.

Only the fact the schools will not need some \$12 to \$15 million

of the money earmarked for their use, says Comptroller Green, will enable the State government to

get through the remaining six months of the present fiscal period without reducing its

spending. Revenue is running about \$10 million below the estimate.

(Green said schoolmen expect an unusual amount of

sickness brought down the average of children in daily attendance, an element of the

formula by which the State makes payments to counties for their schools. This also illustrates the

"city" situations which make risky business of long-range forecasts of State tax yields and money needs.)

"I hate to sound pessimistic," concluded Green, "but I certainly can't be optimistic from the history of the past six months. I

think somebody has got to tell the people the real facts of life. Of course, I am hopeful the new national administration will make

more money available in the future. Naturally, I want a

whole of a tourist season. But then it comes to making a budget for the two years after next

July 1, I must be guided by the facts already known. I must be

present rate of outgo. (That estimate of tax yield is predicated upon touring spending as good or better as has been the recent experience.)

1. Salary increases to State employees, including teachers, will be about five per cent more than the amount of money required to

sustain operational spending at present rate of outgo. (That estimate of tax yield is predicated upon touring spending as good or better as has been the recent experience.)

2. There certainly won't be much, "if anything," for new buildings anywhere, beyond putting in unoccupied floors of existing structures. The Sunland Training Center, a 500-bed hotel, has one.

3. The Budget Commission will slash departmental requests to prevent a balance budget in the

session's over.)

Right now, the State has in sight from existing tax sources about five per cent more than the amount of money required to sustain operational spending at present rate of outgo. (That estimate of tax yield is predicated upon touring spending as good or better as has been the recent experience.)

Recent studies conducted at the Florida Range Cattle Experiment Station at Ocala show that improved, fertilized pastures are profitable. Tests were conducted with 60 cow herds here. These showed that the cost of producing a 100

pound calf on native pastures was \$24.62, on improved pastures, \$15.55; and on improved pastures with grasses and clover, \$14.91. Per cent calf crop on native pastures was only 62 per cent; while on improved grass-clover pastures it was 88 per cent.

Improved pastures are even more important to the dairymen, according to Dr. O. C. Ruehle of the University of Florida College of Agriculture. Recent studies from the Gainesville Dairy Research Unit near Gainesville have shown that the cost of producing a 100

pound calf on native pastures was \$24.62, on improved pastures, \$15.55; and on improved pastures with grasses and clover, \$14.91. Per cent calf crop on native pastures was only 62 per cent; while on improved grass-clover pastures it was 88 per cent.

Not all of Florida's land is suited for improved pastures. However, vast acreages of land can probably be planted to improved pastures. Many farmers establish improved pastures following cash crops such as tomatoes or watermelons, especially when the costs of clearing virgin land is prohibitive for pasture use.

We in Florida are fortunate to have such a great potential to produce grass. With more industries coming to Florida and with the enormous increase in population in Florida, land is becoming more expensive and the demand for food is growing. The extensive cattle operation where few cattle range over vast acreages eventually going to be forced to change to a more intensive system where more cattle will graze on highly improved pastures.

To improve pastures to the greatest advantage, a lot more attention will have to be given to the pasture itself. But there is no doubt that improved pastures will greatly reduce the feed bill for Florida cattlemen. Therefore, such pastures are Florida's foremost farm opportunity.

Letters TO THE EDITOR

January 6, 1961
Dear Sir: How many people know the meaning of the word "nepotism"? For those who would like to know, the word is defined as "favoritism (employment) by reason of relationship rather than merit."

Nepotism has long been practiced by Latin-American dictators who appoint friends and relatives to political offices. There are not enough positions in existence, new jobs are created for them.

Nepotism, it is generally agreed, does exist in the United States in some political, business, and educational systems, but per-

haps less obviously than it occurs among our neighbors to the south.

Those who secure their positions by nepotism and who do not need the income express greed and selfishness. They may deprive a worthy individual of a much needed job.

The people who are appointed to office through nepotism are often not as well qualified for their position as a trained applicant who does not have the influence of family relationship. It is easy to see how much inefficiency may result from the exercise of nepotism.

The worst feature of nepotism is the opportunity it offers for corruption, tyranny and the arbitrary abuse of authority when the members of the same family are in related administrative or executive positions.

Sincerely yours,
Theodore Rakoski

Well Fertilized Pasture Land Proves Profitable

Improved, well fertilized pastures pay off. In fact, the time is not far off when cattlemen will be able to afford no other kind of pasture. These showed that the cost of producing a 100

Well, you want to know how much money you're going to have to spend in 1961, don't you? That's for Florida citrus and everything else.

"Consumer disposable income (in the U.S.) is expected to increase by seven per cent by the end of 1961," graphs White. This total C.D.I., he says, will be an all-time high.

Apply that to your own pocketbook and if you don't come out that much ahead drop by and pay a where's-that-fellow call on Bob White on New Year's Day 1962.

FIRST METHODIST CIRCLES

Circle One enjoyed a luncheon meeting in Wesley Hall, Tuesday, Jan. 10 at noon. Each circle member brought a covered dish of food. Several guests attended the meeting.

Mrs. George Kelsey, circle chairman, conducted the business. Mrs. Estelle Fisher and Mrs. E. B. Garrison were in charge of the program.

Mrs. Zeno Warner was hostess for Circle Two at her home on East Main Street. Assisting Mrs. Warner were Mrs. Alta Robinson and Mrs. Sylvia Book. Mrs. Ben T. Stewart presented the program. Mrs. R. A. Gervard is circle chairman.

The hostesses served hot coffee and tea with a delicious banana nut loaf.

Circle Three met with Mrs. George Mills on Lake Lotela with Mrs. Virgil Tondese as co-hostess. Mrs. A. F. Higgins, circle chairman, was absent because of the illness of her husband, and the program was presented by Mrs. L. C. Hooper and Mrs. J. R. Kent.

The hostesses served ice cream topped with strawberries, and hot coffee.

Mrs. Ray O. Cohen was hostess to the Tuesday morning circle, Number Six, at her home on Avocado Road, Highlands Lakes. Co-hostess with her was Mrs. Sidney Curtis, who also lives on Avocado Road.

Arrangements of Spring flowers were used throughout the house. Prior to the business meeting the hostesses served hot coffee and pecan rolls.

Mrs. Clara Trux, circle chairman, conducted the business session. Mrs. Frank Henderson presented the devotional.

The Wednesday morning circle Number Five, met at the home of Mrs. T. H. Maxwell. Upon arrival the ladies were served breakfast delicacies with hot coffee from the dining table.

Mrs. John L. Bridges, circle chairman, conducted the business. Mrs. Claude Chamberlain gave the program from the Methodist Woman, "Forward Through the Ages."

Circle Four was entertained in Wesley Hall Monday evening when Mrs. Mack Flowers, Mrs. Karl Rish and Mrs. Ellis Watson were hostesses.

Mrs. William Dixon is circle chairman, and the program was given by several members of the circle.

The hostesses served a jello dessert with banana bread and hot coffee.

Congregational

The annual meeting of the church is being held this evening (Thursday) with a covered dish supper at 6:30 o'clock in Fellowship Hall.

A special service of installation will be held on Sunday morning at 11:00 o'clock for those who have been elected to be officers and committee members of the Union Congregational Church for 1961. All such are urged to be present. Rev. H. D. Graetz has taken as his sermon subject a well-known prayer, "Lord, Revive Thy Church, Beginning With Me." The 9:00 o'clock service will be held as usual. This early service has met with a good response.

The Congregational Men's Club will have a Ladies Night Supper this Sunday evening at 6:00 o'clock in Fellowship Hall. A good supper and an interesting program are assured.

What is the meaning of the phrase "Thy Kingdom come" in the Lord's Prayer? Did Jesus think of the Kingdom as past, present or future? How can the Kingdom be past, present and

future all at one time? These are some of the questions that will be raised and discussed at the 9:00 o'clock session of the School of Religion on Tuesday morning. This school is being conducted in the Religious Education Building and is open to the public. Dr. Ruth Phillips teaches a class in the meaning of the world and the science of living in it at 10:10. There is a coffee break from 9:50 to 10:10.

Devotional and Bible Study at 7:30 o'clock on Tuesday evening

Here is a good place to find again the lost habit of Bible reading. The one book that everybody has and so few read.

Mrs. Victor McKinnis is organizing a Children's Choir which will meet for rehearsals on Wednesday afternoon at 3:30 o'clock. The Junior Choir will begin rehearsing on Sunday evenings as part of the program of the Union Pilgrim Fellowship.

The Gospel Circle will meet in Fellowship Hall on Wednesday afternoon at 1:30 o'clock. There will be a Birthday Tea for those women who have birthdays in January, February and March. There will be a work meeting of all women interested in making surgical dressings at 9:00 o'clock on Wednesday morning. There is a great need for these dressings. Let anyone who can spare some time, please come. In Fellowship Hall.

Lake Placid

To Hold Big Dragon Roar

Lake Placid will hold its fifth annual Homecoming on Friday, January 27, 1961. On the previous day, January 26 at 7:30 p. m. there will be a "Dragon Roar" which will consist of a bonfire, skits, and a pep rally led by the cheerleaders. Then on January 27, at 2:30 p. m. there will be a mass parade through town. Sebring and Avon Park bands have been invited to participate. Next on the agenda will be two basketball games with Ridge Conference for Ft. Meade School furnishing the opposition. These games will begin at 6:30 p. m. featuring the boys junior varsity and varsity.

Following the games there will be a Homecoming social hour and an informal dance at which the Homecoming Queen for 1961 will be crowned.

Donations to the New March of Dimes Will Help Prevent Crippling Diseases

Millions of families throughout the United States this month have received the March of Dimes mailer.

If the millions on the receiving end of this gigantic mail operation coast-to-coast and in Hawaii and Alaska have already done so, now is the time to return the favor by enclosing a donation to the county March of Dimes chapter, local leaders urged this week. The world's largest voluntary health organization is seeking to prevent crippling diseases, with its sights set on birth defects and arthritis and on continued work in polio.

These mailers, which reproduce the campaign theme, "Prevent Crippling Diseases—Please Say Yes to the New March of Dimes," were addressed in great part by adult volunteers who, by combing through telephone and other directories, were able to "spot" just about every family in their county. Addresses of new homes, not included in telephone books, were obtained by these volunteers from real estate boards, but letters from other official records, and from chambers of commerce.

Hopefully, each of the 44 million families in the United States will have an opportunity to help prevent crippling diseases by contributing to the March of Dimes between now and Jan. 11.

The blue mailer contains an envelope with a pocket for a March of Dimes contribution by check or cash and with space for the donor's name and address. A brief message addressed to "Dear Neighbor," explains the expanded program of the National Foundation and elsewhere on the mailer a few health figures are given—for example, that blind defects cripple one out of every 10 babies in the United States; that polio can still strike down any one of more than 50 million unvaccinated persons in the country.

County chapter officials say

"Mailers, mailers everywhere!" says Linda Breen, of Columbus, Ohio, 1961 March of Dimes National Foster Child, as the "model" one of the contribution envelopes. Mailers are to be returned to the county March of Dimes chapter. Linda is recovering from birth defects of one spine and excess hair on her back.

Fla. State Fair Plans Big Citrus Exhibit

Citrus and vegetable exhibits proudly displayed by the nation's fastest growing state will take the spotlight at the 56th annual Florida State Fair in Tampa, Feb. 7-18.

Hundreds of thousands of Floridians and out-of-state visitors will view nature's miracles, combined with the knowledge of Florida's citrus growers, as large yellow, juicy oranges in assorted Valencia, Pinesapple, Hamlin, Navel, Parson Brown, Temple, and Glen Grog, Pope

Summer and others are piled high in colorful exhibits. The citrus industry will also feature grapefruit, lemon, lime, tangerines, tangelo, mandarin and other members of Florida's finest fruits.

Sharing the stage in the 22 miles of exhibits will be a variety of Florida's resources including dairy and beef cattle shows, FFA and 4-H events, horticultural displays, county exhibits, swine, poultry, rabbit and honey shows.

The 11-day spectacular will feature top grandstand attractions with a live, in-person presentation of the famous radio-TV program "Truth or Consequences" plus a host of other celebrated acts.

Three parades and pageants will provide glitter and gaiety to the fair calendar. Tampa Shriners will lead off on opening day, Tuesday, Feb. 7 for their annual filled jamboree. Jose Gasparilla and his jack booted bucaniers will capture the city on Monday, Feb. 13 in the colorful Gasparilla Invasion and parade. Tampa's Latin Quarter will stage the night fantasy "Caribbean Carnival" with a parade through Ybor City.

Magazine Names Ona Cattleman

Birmingham, Ala.-Dr. William Gordon Kirk, head of the Range Cattle Experiment Station in Ona, is named 1960 Man of the Year in Service to Florida Agriculture by The Progressive Farmer. The announcement is made by Editor Alexander Nunn in the magazine's January issue.

For five years before he joined the Cattle Range Experiment Station in 1941, Dr. Kirk was assistant animal husbandman with the Agricultural Experiment Station and assistant professor with the University of Florida's College of Agriculture. His research work includes showing the range cattle industry how to increase returns from grass pastures by using a combination of native and improved grasses; providing more feed on rangeland in the flatwoods areas of southern Florida, particularly through addition of clover to pastures; building up herds by using improved sires; working out a mineral supplement for the southern Florida area; and determining feeding value of citrus molasses, citrus pulp and whole grapefruit for beef cattle. He has also helped in research showing the value of crossbreeding beef cattle under Florida conditions and that inheritance is the biggest factor in beef tenderness.

Dr. Kirk graduated from the University of Saskatchewan, receiving advanced degrees from Iowa State College. He belongs to many professional societies, including Agricultural Institute of Canada, American Association for the Advancement of Science, and Florida State Cattleman's Association.

School Board Has Busy Meet Tuesday Evening

The Highlands County School Board faced a busy agenda in solving Tuesday night at their regular session.

After clearing away the regular run of business as paying bills and approving minutes the board they approved the visitation of the schools in the Highlands county fair next week.

At the request of A. B. White, supervising principal in Avon Park permission was

granted to the School Boy Patrol to attend Washington D. C. in May. They further agreed to pay a teacher to accompany the group.

They granted the use of the gymnasium to the "Pitch Fork" school publication, for dances following the basketball games here.

The board disapproved the request of Hopewell school to change their educational trip from Bok Tower to Story Land in Pompano Beach.

They accepted the resignation of Lillie M. Thomas from the Hopewell school faculty and approved the appointment of Wanda Shaw Wilson to the vacancy.

Cheering Blue Streaks Hand Devils Second Straight Cage Defeat

Cheering Blue Streaks closed the Avon Park Red Devils 19 last Tuesday night on the waka home court with Bill Clark pacing the winners with 20 pts. It was the second straight for the Red Devils, who lost their first four games at their first four games.

Bill Clark made 20 free throws and in 11 field goals for the Blue Streaks. Owens and Lanier both hit for the winners. Glenn was top scorer for Avon with 12 while Joe Miller and Nick Nagel both added ten for the Devils. Lamont hit for seven for the Red

Streaks. The superior height and made good 25 of their free shots to snow the Devils under.

Friday night the Devils will be at home with Kathleen furnishing the opposition for both the "B" squad and the varsity five. Next Tuesday night Avon Park will travel to Lake Placid for another Southern Division battle against the Green Dragons from south Highlands county.

Sebring also took the jayve game by a score of 42-35. Tony Richter led Sebring with 14 points. Jackie Seims again was high man for Avon Park with 12 points followed by Leonard Sullivan with nine.

GIRL SCOUT TROOP 79

Troop 79 held their first meeting of the new year Thursday at the Clubhouse, and after the Flag Ceremony, they divided into new patrols, as follows: Sunflower Patrol, Cindy Dubose and Patricia Childers, leaders; Cardinal Patrol, Winifred Davis and Martha Wright, leaders; Lovely Star Patrol, Ila MacKintosh and Martha Mosley, leaders.

Following the meeting, Mary Kay McDowell and her mother, Mrs. Jack McDowell served refreshments.

Maligne Coffee Cake Needs Day-Old Bread

"Maligne Lake Coffee Cake" is just what the doctor orders when one visits mile-high Maligne Lake in Jasper National Park, Alberta, right in the heart of the Canadian Rockies, says Mrs. Iris Betkowsky, the English-born wife of the leading medical man in the vast Canadian Rockies National Park which is larger in area than the State of Connecticut.

"Doctor George," as Iris' husband is popularly known, is not only a private practitioner but he attends to the medical needs of the guests of the swank resort, Jasper Park Lodge and the scores of Canadian National Railways employees in the Jasper region. He is known in the Mountain Country to be "mighty fond of plain but good desserts," Iris says.

So, Mrs. Betkowsky, working with Major Fred Brewer, international ally-famed mountain guide and writer, whipped up a specialty which they dubbed "Maligne Lake Coffee Cake."

"Doctor George" goes forth in a big way and so does most everything else—more they're tasted. And this cake is "out of this world," says Ted Van Dyke, manager of Jasper Park Lodge and a connoisseur of gourmet food.

Van Dyke insists that to be properly enjoyed, a good cup of tea—or better mind the cream, and sugar—should be served with

Maligne Lake Coffee Cake
Cut the crusts off top, sides, ends of day-old bread. Cut loaf in half lengthwise and then cut each half into ten or twelve cubes (not cutting right through to bottom). Cream one-quarter pound butter and one-half cup brown sugar with one tablespoon cream; spread this mixture over top and sides of loaf, also put a little more on the top than sides. Sprinkle the top with finely crushed walnuts and cinnamon. Bake in loaf pans, hot oven (450°F.) 20 minutes.

Association To Sell Food For Band Trip

In an effort to swell their larder in preparation for a trip to New Orleans for the Mardi Gras, members of the Avon Park Band Association will go all-out in the operation of the food booth at the Highlands county fair next week.

The group has reported that they are planning a wide variety of foods and that the prices will be lowered on the food they do serve.

Homemade cakes and pies, fresh hamburgers and hotdogs, French fries, cakes, coffee, hot chocolate and candy will please the palate of any and all fair goers.

Anyone interested in contributing time, money, or food stuffs is asked to contact either: Mrs. Mary Duden at 3-4333 or Mrs. Eloise Sharpe at 3-4632.

Sales Tax Collections Show Increase

Sales tax collections for the month of December based on November sales amounted to \$13,856,711.14, an increase of \$1,031,011.78, or 1.11 per cent over the \$12,700,000.36 collected during the same month last year.

Total sales tax collections this fiscal year, July through December, amount to \$79,414,044.44, an increase of \$1,295,386.05, or 1.54 per cent over the \$78,118,658.39 collected to date last year.

Gasoline tax collections during the month of December based on November sales amounted to \$1,245,444.44, an increase of \$2,044,063.69, or 3.6 per cent over the \$56,367,181.75 collected to date last fiscal year.

Negro Is Indicted In Murder Case

The Grand Jury met Monday in Sebring and returned on true bill. It was an indictment for first degree murder against Elijah Fletcher.

Fletcher was arrested in Avon Park on Christmas eve following a shooting in the old USO building in the quarters here.

Following a preliminary hearing, December 29, he has been held without bond after the death of Isaac Lewis Gibson. Another Negro, Julius Jones was shot in the back during the foray.

Fletcher, who is represented by Attorney Haywood Davis, was to be arraigned in circuit court this week.

Packages Thwart Even Most Hungry

This little story was given to us by Wallace G. Kaiser 314 S. Highlands Drive. . . Ain't it the truth, Ed.

Watching TV the other night I got hungry and thought I'd like a cracker. Did you every try to get a cracker out of one of these new fangled packages? I searched through the cupboard for the box, finally found it, opened the wrapper, lifted the lid, took out a cracker, opened the wrapper and took out two crackers. Then closed the wrapper, placed it back in the box, closed the lid, replaced the wrapper, put the box back in the cupboard and closed the door.

McLemore - Traverse Engagement Is Announced Here This Week

Mr. and Mrs. John H. McLemore announce the engagement and approaching marriage of their daughter, Delores Joy, to Gerald William Traverse, son of Mr. and Mrs. Fred Nagelschmidt.

Miss McLemore is a graduate of Avon Park High School where she was a class officer for two years, member of the student council, head cheerleader in her senior year, yearbook queen at present, senior notable, treasurer

of the Letterman's Club and a member of the high school circus and basketball team. She is presently employed as a secretary by the Avon Park Correctional Institution.

Mr. Traverse attended high school in Pittsfield, Massachusetts, where he was a member of the football team. He served three years in the Army and spent thirty-one months of that time in Europe. He is an employee of Phillip's I. G. A.

Mr. Traverse is presently employed as a secretary by the Avon Park Correctional Institution.

The wedding will be held at 2:00 P. M. on Friday, Dec. 30, at the home of Rev. O. K. Collier in Arcadia.

Mrs. Traverse is the former Mrs. E. J. Alwood, who was employed at the Touchton Drug Store for a number of years. Mr. Traverse came to Avon Park from Live Oak about a year ago, and is employed in the grove and nursery business.

The bride wore for her wedding a light blue suit with a corsage of pink carnations. She was attended by Mrs. Charles Alwood who wore a beige lace dress with a red and white carnation corsage. Mr. Alwood was best man for the groom.

Among those attending the wedding were Mrs. A. C. Winegard, Mr. and Mrs. A. R. Winegard, Mr. and Mrs. Richard Baggett of Sarasota and Mr. and Mrs. Claude E. Floyd of Blenda.

Circuit Court Hears Several Cases

Several cases are before the Circuit Court this week in Sebring, among them are the following:

Dorthea Flett-Hendricks and her husband are seeking to sue Charles Sherwood, operator of the Avon Park Automatic Laundry, Mrs. Flett-Hendricks, allegedly suffered a hip injury when she slipped and fell in the Avon Park laundrette on July 3, 1959. She charged Sherwood with negligence in the maintenance of the laundrette (charging that the floor was allowed to become wet and slippery and that the room was poorly lighted). She is asking for damages in excess of \$1,000. Her husband is asking for damages "in excess of \$1,000" to cover medical expense and in payment for inconvenience and unhappiness caused by his wife's injury.

All day Monday, and on a part of Tuesday, the case of Emmet Dewayne Lantry vs. Eunice Insurance Co. was heard. Lantry, a trucker from Atlanta, Ga., was seeking to force the insurance company to make a payment of "at least \$4,000." This bulk of this amount was claimed for payment for a truck, driven and owned by Lantry, which was destroyed in a 1956 accident in Ohio.

Harry Lee represents the plaintiff in both these cases. The insurance company is represented by Howard Livingston and Sherwood is represented by Grady Burton of Wauscha.

Members of the jury on Monday's case: Roland Dilly and Wilard C. Griffin from Avon Park, E. N. Hatcher and J. E. Carson of Sebring, Almon Johnson and James M. Cooney, Jr. of Lake Placid.

Judge Clifton M. Kelly was presiding.

In other cases before Circuit Court, Gregg Willie Johnson, 67-year-old Negro from Lake Placid, was sentenced to serve a year in the state penitentiary. Johnson had entered a plea of guilty to a charge of assault with intent to commit murder.

Theodore Matthews, who had pleaded guilty to a charge of grand larceny, was placed on probation for five years.

How well do you guard your checkbook? Someone has estimated that bad check artists are stealing at the rate of \$10,000 per minute. Here are some tips to keep your cash from being included in that figure:

• Don't leave your checkbook lying around the house or on a store counter. A checkbook tells a thief where you bank and gives him enough of a clue to your handwriting for him to forge your signature.

• Destroy old bank records and cancelled checks when you're through with them. They reveal how you sign your name and the twists and turns of your penmanship.

• Never use a pencil to write a check. It can too easily be erased and the amount changed to a higher figure.

• Write your checks clearly and simply.

• Don't leave spaces between dollar signs and numbers, or between numbers and words.

Council In Benevolent Mood Monday

After several weeks of vacation due to the holidays, the Avon Park City council went into session Monday evening to catch up on some lost time in the business of running the city.

A letter from Edward Teppert requesting the lowering of the assessment during 1961 on the Lake Lotella clubhouse on his property due to storm damage. Teppert stated that this building would be taken down.

The request was turned over to the assessor.

A representative of the Ju Chamber of Commerce, Turnbull, asked for a donation of \$50 for the county fair.

The council voted to give group the requested funds.

Again in a benevolent mood the council donated \$500 to Avon Park Band to help since their trip to the M. Gras in New Orleans. An off-pocket donation was made by the councilmen themselves as they dug down to help band to the tune of nearly \$1.

The group decided not to re-roof the water tower in under repair but rather to patch the existing roof until a new one can be budgeted next year.

A man needs a lot of expert help in raising a family

Remember when nobody wore your good neckties but you?

A man can count on a lot of expert help while he raises a family. Clergymen, teachers, doctors—all will give you a valuable assist.

And so will we. Our job—the job of all of us in a full-service commercial Bank—is to see that you get all the sound financial backing and advice you need when you need it. It's up to us to help your family do the very best with the money you make.

The man who gets the most out of life usually has a full-service Bank that stands beside him, and, very important, is willing to vouch for him.

This friendly relationship grows and grows right along with your family.

WHAT IS A FULL-SERVICE BANK? It's simply a complete Bank, a commercial Bank. For unlike many financial institutions that offer only one or two services, a full-service commercial Bank handles all your money needs. These services include: Savings Accounts • Checking Accounts • Personal Loans • Car Loans • Home Loans • Business and Farm Loans. By using these services you build your Personal Standing in your community.

Our neighborhood full-service commercial Bank stands ready to help you with all your financial needs.

Avon Trailer Park— Park Queen Is Honored With Party

Mrs. Isabelle Booth, who observed her 81st birthday January 4, was given a wonderful surprise party when 37 women from the Park joined together at the Clubhouse to honor Mrs. Booth, who is considered the Queen of the Park. Regardless of her age, Mrs. Booth is very active, keeping her own trailer and visiting the neighbors who always enjoy her cheerful visits.

Mrs. Booth received many beautiful gifts. A long table decorated with gladioli, held the very large birthday cake. Newcomers welcomed into the Park this week are Mr. and Mrs. Alfred Hager from Canton, Ohio and Mr. and Mrs. Phil E. Paulson and son, Gordon, from St. Ignace, Mich. Gordon spent only a few days before going to Jacksonville where he was to take his aptitude tests prior to entering the army for basic training at Ft. Benning, Ga.

Mr. and Mrs. Roy Girtan have qualified to enter the State Shuffleboard Tournament to be held in Lake Wales, Feb. 1, 2, 3. Mr. and Mrs. L. J. Booth entertained the Euchre Club Thursday evening. Prizes were won by Mrs. Henry Groome, Mrs. Frank Fisher, Mr. James Dunn and Mr.

Walter Kesler. Guests of Mr. and Mrs. Arch Massey have been Mr. and Mrs. Andrich and their granddaughter, Diane, from Pee Wau Kee, Wis. and Mr. and Mrs. H. Smith and Mrs. Stevens from Lakeland.

Word is received from Mr. and Mrs. Grant Knight of Ocala, who were former residents of the Park that they are the proud parents of twins, born Nov. 12. The boys have been named Billy Ray and Robbie Joe.

Mr. and Mrs. Walter Douglas returned Saturday from spending the holidays in Hazelcrest, Ill. and Kalamazoo, Mich.

Mr. and Mrs. William D. Lane of Lakeland, whose home is in Dunnsburg, N. Y., called on Mr. and Mrs. Frank H. Foote Sunday afternoon. Roy Gidding and daughter, Gladys, were guests of Mr. and Mrs. Arch S. Massey, Sunday afternoon.

Friends regret to hear that Ray Wheeler is in the hospital and extend to him their best wishes for a speedy recovery. The Shuffleboard Tournaments at the Park are in full swing. The first one was held Monday, Jan. 2, with 32 players in the game. The Park are in full swing. The first one was held Monday, Jan. 2, with 32 players in the game.

Monday, Jan. 16, will be the next tournament. The time is one o'clock and visitors are welcome to come and watch the game.

Minutes Of Regular Council Meeting Held At City Hall January 9, 1961

All members present including the Mayor and City Attorney.

Invocation given by Mr. Dilley. The minutes of the previous meeting read and approved. (No meeting was held December 26, 1960.)

A letter was read from Mr. Tepper requesting the lowering of the assessment of 1961 on the clubhouse on its property due to storm damage. Mr. Tepper stated that this building would be taken down. This would be turned over to the assessor.

Jim Turnbull, representing the Junior Chamber of Commerce requested a donation up to \$50 for the Highlands County Booth. This request was granted with the motion coming from Mr. Dilley, seconded by Mr. Kirkland and carried. (Highlands County Fair.)

Mr. Luscomb and Rev. Gratz, representing the High School Band, requested a donation for the Band trip to the Mardi Gras in New Orleans. Motion by Mr. Blanford, seconded by Mr. Kirkland and carried that the City donate \$350 toward this trip.

Motion by Mr. Kirkland seconded by Mr. McKenzie that the December bills be paid. Upon roll call Mr. Kirkland, Mr. McKenzie, Mr. Dilley and Mr. King voted "aye". Mr. Blanford voted "nay".

Mr. Carl McWilliams met with the Council to discuss the refunding of the old water tank. After a lengthy discussion it was decided to patch the present roof until such time as this could be budgeted for next year.

The following fire report was read: (Period for month of December 1960)

Construction fires, 6; Grass or woods, 5; Emergency calls, 2; Automobile, 2. Total, 15.

Held drill practice for Volunteers Dec. 5, 1960.

Devils Suffer First Defeat

The Red Devil basketball team was handed its first loss of the season by the undefeated Okechobee Brahmas last Friday night in Okechobee. The Brahmas won by a score of 57-42 to post their sixth straight victory.

Bill Phillips, Robin Hollingshead and Dag Dickson scored thirty-five of the Okechobee team's points in five field goals and five free shots for fifteen points while Hollingshead and Dickson scored ten each. Glenn Ham with twelve, Joe Jackson with eleven and Joe Milton with eight points led the Red Devil scoring attack.

The Red Devils were hampered by lack of height and the rebounding of Okechobee. Phillips left the shorter Red Devil players with only twelve rebounds for the entire game. Bobby Bates took credit for five of the team's rebounds as he turned in another fine defensive performance for Avon Park. The Devils were also played with poor passing. Over twenty bad passes were recorded on the team's statistic chart.

The free shot percentage of the Devil five dropped to its lowest mark of the season against Okechobee. The Devils hit for ten out of eighteen charity shots for a 55.5%. Avon Park committed twenty fouls to the Brahmas' thirteen.

The Jayvee game also was won by Okechobee 43-23 moving the Avon Park "Hogs" deeper into the loss column to a 1-3 record. Jackie Seims bucketed nine points

and Terry Oberle hit for eight to lead the losing Avon Park team's scoring. Nine different boys contributed to Okechobee's total 48 points with Coker's ten being high.

SEBRING, March 25, 1961-

Regulations, approved by the Federation Internationale de l'Automobile, governing body of all international road racing circuits, have been mailed to all interested owners and drivers. Returned entries show an overwhelming interest in this race comparable only to the 24 Hour Race run at LeMans in France every June.

Debris from Donna's mighty

planned for Friday, March 24th.

The big one running the full

twelve hours Saturday, March

25th from 10 a. m. to 10 p. m.

with new low prices for both

days should prove a real crowd

pleaser.

Dr. Ost Joins Local M.D.'s Practice

Dr. Walter M. Ost has opened offices in the Medical Building along with doctors Coleman and King. He began his practice Monday, Jan. 9.

Dr. Ost was born in New Jersey in 1910. He moved to North Carolina as a child. His pre-medical training was taken at Collegeville, Tennessee. He received the B.S. degree from Washington Missionary College in Takoma Park, Washington, D. C. in 1938; the M.A. degree from The George Washington University, Washington, D. C., and the M.D. degree from The College of Medical Evangelists, Loma Linda, California in 1948. Dr. Ost interned at Tampa General Hospital, Tampa, Fla. He is a member of Phi Delta Kappa, and has licenses to practice medicine in Calif., N. C. and Fla. In 1959 he married Blanche Black of Asheville, N. C.

Dr. Ost has practiced medicine in Long Beach, Calif., Burnsville, N. C. and recently in the state of Florida.

In 1958, Dr. Ost sold his practice in North Carolina and took a sabbatical year, visiting 46 countries and traveling over 80,000 miles—mostly by air.

His residence is at Highland Lakes and his home phone is GL 5-5333.

Hotpoint's half-million-dollar, steel and warehouse building, which will serve Florida and Georgia, opens this month in Jacksonville. The modern structure has floor space of more than 15,000 square feet.

PUBLIC NOTICE

For Dick Williams and Representative G. Livingston, will hold a public hearing on Local Legislation, in the County Commissioners' Room in the Court House on Monday, January 18th, 1961. All persons are cordially invited to attend.

Thanks Are Extended To Basket Donors

The Children's Christmas Basket Committee wishes to thank those who so generously contributed to the fund with which to purchase food for more than seventy needy families. This project is sponsored by the Lion's Club, but food for the baskets has to be bought with money contributed by local citizens, and this year's response has been most encouraging. The following are those who donated to this worthy cause.

H. J. Hahn, Ethel Williamson, Seventh-day Adventist Church, Kate V. Tompkins, Ethel T. Reid, A. M. Owens, First Baptist Church, The Gourmet Club (J. Applegate, Sec'y), Unknown, Geneva K. ADDITIONAL MERCURY COMFORT Only Mercury has Cushion-Link Ride (standard on Monterey and 1960) — a unique suspension system that absorbs jolts and jars that come through to you in other cars. It "gives" ward and forward as well as up and down. And Mercury has a longer wheelbase (120 inches) and greater weight (up 41 pounds heavier) than other cars in its price range. Result: you enjoy a smooth, solid, steady big-car ride you'd expect pay much more for. There's plenty of stretch-out room in Mercury, too — even more rear seat hip, shoulder and head room than in last year's spacious Mercury. Wider doors and more trunk space, too.

ADDITIONAL MERCURY VALUE There's extra value in Mercury's engine choice — all the way from the Super-charge powerful Marauder V-8's. And even the top-performing V-8's deliver up to 15% in Mercury's seven self-servicing features. From self-lubricating chassis to self-serve mile you drive. Court Metes Out Fines To Bum Drivers

Fines totaling \$200 or 120 days in jail were meted out to Richard Priddy in county court Monday.

Priddy, 20-year-old white resident of Sebring, drew fines in two counts—reckless driving and leaving the scene of an accident.

The accident occurred on New Year's night. Priddy suffered internal injuries and lacerations. James Eldon Hampton, 23, suffered fractured ribs and abrasions on his face. Howard W. Watford, 19, suffered an abrasion on his left wrist. All were riding in the Priddy car, which was demolished in the accident.

John Allen Brown and Melvin Dewey Nicholas entered pleas of guilty to charges which grew out of a minor traffic accident. Brown was charged with failure to yield right of way and Nicholas with improper passing.

There were no injuries. Judge Mervin Rehder directed that each pay costs of \$12.50 or 10 days in jail.

Ronald Lee Clark, who was involved in a minor traffic accident on the west side of Highway 27, was assessed costs of \$12.50 or 10 days in jail. Clark was charged with giving an improper signal.

Andrew Butler and Ralph Wiedenman, each charged with driving while intoxicated, were fined \$250 or 30 days in jail and lost of driver's licenses for three months.

An out-of-state driver, who led Florida Highway Patrolmen a fast pace was fined \$100 or 60 days in jail. Patrolman F. A. Blomsey said the driver was in for an arrest when the driver "slowed down to 85" at Sebring.

Monday's court session was a long one—a total of 110 cases were on the docket.

Defense Chairman DAR Speaker

DAR, R. A. Baures of St. Petersburg, State Chairman of National Defense was the guest speaker at the January meeting of Patriots Chapter, Daughters of the American Revolution held in the Parish House of St. Agnes Episcopal Church Monday afternoon.

Mrs. Baures' message alerted the members to the ever increasing dangers of Communist subversion in the United States and recommended that all people purchase and read J. Edgar Hoover's book, "Masters of Deceit" that they may be well informed on this danger to our freedom as a nation.

Mrs. Clyde C. Swihart, past Regent, presided at the business session in the absence of the Regent, Mrs. W. J. Leckert, at which time Mrs. Vernon Lanier was welcomed as a new member of the National Society.

Hostesses for the afternoon were the associate members of Patriots, Mesdames, C. J. Johnson, chairman, F. W. Coon, W. G. Gibson, W. H. Herring, S. J. Jacobson, V. G. Reynolds, H. W. Twinn, W. S. Voron, Ernest Abbott, Roy Hollinger with Mrs. Wm. H. Remy pouring at the lovely tea table centered with a beautiful arrangement of pink carnations.

Guests attending besides Mrs. Baures of St. Petersburg and Mrs. C. F. Steward of Boca Ciega were Mrs. C. A. McWhitney of Warsaw, N. Y.; Mrs. W. A. Backley, Hanston, Va.; Mrs. Theron Lane, Avon Park; Mrs. S. F. Fletcher, Mrs. Robert Kaufman and Mrs. W. J. Atkinson all of Sebring.

Money To Be Distributed

Comptroller Ray E. Green announced today that each county will receive \$14,500 this week as their share of race track funds.

This makes a total to date of \$41,000 received by each county. The distribution of \$41,000 exceeds by \$3,500 the total received by the counties at this time in any previous year.

Tampa—\$10,000 BASS BUSS—This 18-inch large mouth Black Bass means \$10,000 for Mrs. Louise Sheridan of Winter Haven, Florida, and her intensely appreciative husband. Mrs. Sheridan hooked the top prize specimen 18 hours after the opening of a \$500,000 Florida fishing contest and fish research project sponsored by the Jos. Schlitz Brewing Company. The company had tagged and released 2,700 salt and fresh water fish in a 15-county zone in southwest Florida, with tag values ranging from \$25 to \$1,000 and one grand prize fish worth \$10,000. Mrs. Sheridan, 38-year-old mother of three children and employed as a cafeteria cashier, snared the big one in Lake Howard near her home while fishing with her husband, a legless veteran of World War II. The Schlitz contest will be held in three other zones of Florida in coming months with a total of 12,000 fish tagged throughout the state for cash awards totaling \$500,000. Each of the three zones also will have one \$10,000 fish released.

Highlands Educators Hear Leader

Raulito Alonso, a Florida director of the National Education Association, will address members and guests of the Highlands County Education Association on Thursday evening, Jan. 19 at the Avon Elementary School Cafeteria.

The topic of the evening will be high points in the legislative program to be presented at Tallahassee in March. Mr. Alonso is chairman of the Florida Education Association Program Action Committee.

Dessert will be served at 7:00. The meeting will begin promptly at 7:30. Interested patrons of the school program are invited to attend.

IN MEMORIAM

Mr. George L. Benton, who was the victim of a highway accident, was born in Emerson County, Wis., Nov. 29, 1906, the son of George and Della Keys Benton.

Four years later the family moved to Yonkers, Ind., where he finished the Delaware County Schools and attended the Ball State College at Muncie, Ind.

His life's work was that of a machinist, the trade which he was serving at the time of his death. He joined the Seventh-day Adventist Church in 1945.

His wife, Florence, who was also injured in the accident that took the life of her husband, is still in the hospital recovering from some broken bones and bruises. She has served as the Executive Housekeeper at the Walker Memorial Hospital for the past three years. She is receiving the heartfelt sympathy of many friends in this area.

CD Director Speaks To Jr. Woman's Club

The Junior Woman's Club speaker at the Tuesday evening's meeting was Don Hansen of Sebring, who is the county's Civil Defense Director. He spoke on "Bomb Fallout and Personal Survival." Following his talk, a question and answer period brought out much good information for these club members.

June Watts gave the devotional with a recipe for Happiness for 1961.

President, Marva Turner, presided during the business session and announced that the By-Laws of the Club are to be amended at the February meeting.

The Junior Club will assist with the Library Silver Tea, which is to be held Feb. 2nd at the home of Mrs. W. C. Touchton on Lake Lotela.

As a part of their welfare projects the club will arrange transportation to St. Petersburg for a child who goes for treatments, and the club also takes care of some medical work for others.

The Highlands County School will have as their theme, "Education In The Space Age", which should be very interesting.

31 Displays

Thirty-one contestants for the title of Highlands County Fair Queen have been entered, according to Sebring Firemen's Auxiliary, sponsor of the queen contest to be held at the fair.

Final judging will be held on the opening night, when ten will be chosen for the finals set for Jan. 16-21.

The judges, two beauties and a photographer, will be provided by Dick Pope of Cypress Gardens. At Frank will be the master of ceremonies.

The queen will receive \$75, in addition to the title. The runners-up will get, in order, \$50, \$25, \$20, and \$15.

Of the 31 girls entered, 20 are from Avon Park, six from Lake Placid, and five from Sebring.

The contestants, and their sponsors:

From Avon Park—Carol Beckham, Touchton's Drug; Freda Bennett, Griffin's Restaurant; Chica Darden, DeLaney Hardware; Carolyn Elliott, Hilans Theatre; Naomi Elder, Lane's Records and TV; Kathleen Taylor, Avon Park Motor Co.; Linda Griffin, I. Atom Display

"Atoms in Action", one of the

U. S. Atomic Energy Commission's newest traveling exhibits will be shown in the Highlands County Fair.

"Atoms in Action" consists of colorful panels and models designed to provide explanation of the many peaceful uses of atomic energy in a graphic, easy-to-understand manner. One panel describes the principal components of the atom. Another explains how useful energy is obtained by atomic fission—the splitting of atoms of heavy elements such as uranium and plutonium. Other panels show how radioactive materials are used in agriculture, medicine, and industry.

Visitors will also see three "atom" exhibits: an animated model of an atomic power plant; an illuminated explanation of the fusion process, where power is produced by uniting atoms of light elements at extremely high temperatures and pressures; and a three-foot model of the N. S. Savannah—the nation's first nuclear-propelled merchant ship.

Like all of the Atomic Energy Commission's free traveling exhibits, "Atoms in Action" is operated by the Commission by the Museum Division of the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tennessee—a non-profit educational corporation of southern universities and colleges.

G. L. Benton Dies From Auto Accident Injuries

George Leon Benton, age 61, who died as the result of an accident was buried Monday, Jan. 9.

He passed away at the Walker Memorial Hospital, Thursday evening about 9:30, following the automobile accident which happened Wednesday, Jan. 4.

Mr. Benton was born in Richland Center, Wis., and came to Avon Park from Warren, Ohio two years ago. He was a member of the Seventh-day Adventist Church and was employed as a machinist at the 8th Air Depot.

He is survived by his widow, Mrs. Florence Benton; a daughter, Mrs. C. R. Coffey of Atlanta, Ga.; a son, Mr. George L. Benton, Jr., of Los Angeles, Calif., and one sister, Mrs. Marie Van Matre, Watston, Ill. and five grandchildren.

Funeral services were conducted from the Seventh-day Adventist Church by Elder Gene F. Cherry. Interment was in the Bougainvillea Cemetery, with Missie Funeral Home in charge of arrangements.

Palbearers were Harold Brown, James Brown, Steve Ashcraft, Thomas Strickland, Earl Hughes and Alton Tompkins.

Installation Is Jointly Held By Masonic Bodies

Two of Avon Park's Masonic bodies installed officers Tuesday, January 10.

The Chapter headed by George Chadwick and the Commandery headed by J. Edwin were installed by installing officers: James McDonald DDGHC, assisted by Paul Chapman DDGEM of the council and Elmer McArthur DDGEC of the Commandery.

A good attendance was reported on hand to welcome the new officers.

Venison Is Served At Nursing Home

Richard McClelland and Jesse Waldon of the game department found three illegal dogs that had been killed in the Avon Park Bombing Range Hunt Area, and they presented the meat to the Hillcrest Nursing Home in Avon Park, and the Children's Orphanage in Lakeland, as a gift from the State Game and Fresh Water Fish Commission.

McClelland points out that under the laws of the state in all cases where game or fish are confiscated by the department, or where they are accidentally killed, the meat or fish is given to some charitable institution.

Jimmy Cooper Returns To Rollins College

Jimmy Cooper, who spent the holidays with his mother, Mrs. Jose Cooper and his grandmother, Mrs. Ed Gough, has resumed his studies at Rollins College, Winter Park.

Other guests at the Gough home were Mr. and Mrs. R. W. Calla and their daughter, Cheryl, of Orangeburg, S. C.; Mr. and Mrs. Johnny French and daughters, Carol and Nancy of Miami and Miss Jane Goodnow of St. Petersburg.

Winter Guest Club News

The "surprise dinner" on last week Monday, the 2nd of January, really did surprise some of us. Never having had hog jowls and blackeyed peas before we regarded that combination with suspicion. We wondered if we dared to sample it. We did. We not only sampled it but took a second helping, then rubbed our tummies with satisfaction. It was good. Figuratively it was the cat's whiskers. And so was everything else on the table, salads, cornbread, cakes et cetera.

The donor of that dinner, as we found out shortly after sitting down, was Mr. Coats of the Jacaranda, who made a pleasant little speech at the beginning. Both pig and peas were cooked at the hotel and served elegantly of the service there. It must have delighted Mr. Coats to see how that dinner drew people to sample it. By actual count there were 141, and all hungry as hunters, who were present, and did they fill the room? They did. All the long tables were occupied, and a number of card tables had to be set up to accommodate the crowd. It is safe to say that if anybody here after offers to set up a hog jowl and blackeyed peas dinner in this clubhouse, the offer will be accepted with alacrity and thanks. And here we offer our profuse thanks to Mr. Coats and his cooks, and best wishes for the rest of this year of our Lord 1961.

As we barged into the club grounds one morning lately we saw Mr. Baker, who is always busy about something here, just about to raise the flag to the mast head. We suggested that it might be fine if some bugler were only present to sound colors as the freedom's emblem went up. He agreed and said that Bill Johnson had bugled a lot in the army and might do it here. We approached Bill, who acknowledged he had bugled in the army but didn't want to bugle any more. Well, that might be expecting too much of a man every day, so let's forget about it.

The big qualifying tournament went off with a bang last week. It began at nine in the morning and lasted till high sundown that afternoon. We understand that 500 people were on hand, players and spectators, an estimate and now a count we suspect. But it was a huge crowd, which occupied every court and filled the new bleachers and all the benches leaving standing room only and not much of that. Out of the 76

Nichols of Chilton Road were grieved to learn of the sudden death of Mr. Nichols Saturday afternoon. It was reported that Mr. Nichols was catching minnows from a small stream in the Red Hills section and his wife was fishing in the nearby pond. In the excitement of extinguishing a small grass

fire that had started, Mr. Nichols suffered a heart attack. Mr. and Mrs. Earl Spencer were passing by, and in answer to Mrs. Nichols' call for help, Mrs. Spencer applied artificial respiration while Mr. Spencer went to phone for help. Their efforts were fruitless, however, as were those of the doctors at Walker Memorial Hospital where he was taken by the Mistle ambulance. The body was prepared for burial and sent to their former home in Peterborough Ont. Mrs. Nichols followed by plane Sunday afternoon to complete funeral arrangements up there.

The regular monthly meeting of the Board of Governors of

Flameless ELECTRIC HEATING

First electric refrigeration, then electric cooking, automatic washing, electric air conditioning, and now — **ELECTRIC HEATING**. Clean as Florida sunshine, it means new comfort and convenience for you!

If you're planning to build or remodel, call your electric heating contractor or our local office for information on how you can heat your home electrically.

6 Good Reasons for Heating Your Home Electrically!

- Electric Heating is HEALTHFUL**
There are no drafts, cold floors or overheated rooms — no irritating fumes or dust.
- Electric Heating is SAFE**
There are no burners to adjust — no flames of any kind. No combustible fuel to store.
- Electric Heating is PRACTICAL**
As chimneys, flues and fuel storage facilities are not needed, building costs are lower.
- Electric Heating is EFFICIENT**
There is no loss of heat up the chimney. All the energy is used to heat your home.
- Electric Heating is COMFORTABLE**
Electric heat provides gentle, even warmth with room-by-room temperature control.
- Electric Heating is CLEAN**
Because there's no combustion, there's no soot, dust or smoke to soil your home.

What's The Weather?

This is a New Year and only God knows how much of good or bad will blow our way. The weather vane knows no difference between the points of the compass. Her job is to look straight ahead into whatever winds that blow... and the more severe the wind pressure the greater her accuracy. That's our lesson. God also tries us by pushing strong winds into our face, by laying blocks in our path and by shoving temptations before us. Then let us face up to His test. This way He finds out those who love Him; those who seek Heaven; and those who support His Church. Like the weather bird... resign your will to God.

E. J. Nichols Dies Of Heart Attack Sunday

Ernest James Nichols, age 54, died of a heart attack, Saturday, Jan. 7. He was a native of Peterborough County, Ontario, Canada. He had come to Avon Park only two months ago. He was a Mason, and a farmer.

His survivors include his widow, Mrs. Sheila Martha Nichols, Avon Park Lakes, and a daughter, Mrs. Rosemary Ballentine, Sudbury, Ontario.

His body was shipped to Peterborough, Ontario for services and interment. Mizelle Funeral Home was in charge of arrangements.

St. Margaret's Annual Card Party Thursday

The St. Margaret's Guild of the Episcopal Church will hold their annual card party in the Parish House, Thursday, Jan. 26 beginning at 7:30.

Mrs. Frank Kinner, general chairman of arrangements, says there will be prizes and refreshments.

Mrs. Mabel Buckle is in charge of tickets.

Open House Is Held At Swaney Home On Sunday

The Rev. and Mrs. Stockton W. Swaney entertained members of the Sunday School Class they teach at the First Methodist Church, along with other members of their families, Sunday afternoon, at their home, 512 E.

Miss Faye Gordon Wins Award

CONGRATULATING MISS FAYE GORDON, Florida Power Corporation home service adviser here and first winner of the utility's Amy Thompson Award, are from left J. G. Graves, FPC's Lake Wales division manager; C. H. Watson, Avon Park district manager; Shirley Gray, senior vice-president; and Mrs. Marian Rodcliffe, FPC home service director.

Miss Faye Gordon, Florida Power Corporation home service adviser here has been named winner of the Amy Thompson Award for excellence in home service work during 1960.

Presented for the first time this year, the annual award was established by the utility as a continuing tribute to the late director of home service. During her 33 years of service, Mrs. Thompson's home service programs won national recognition and numerous awards.

Miss Gordon was presented a plaque for "outstanding contributions to community, customer and company" by FPC President W. J. Clapp during a luncheon in her honor at the St. Petersburg Yacht Club, Jan. 4.

In addition, Miss Gordon will attend the Live Better Electrically Women's Conference in Chicago with Mrs. Martin Maccliffe, present FPC home service director. The Conference is sponsored by the home service committee of the Edison Electric Institute.

A home economics graduate of Florida Southern College, Miss Gordon joined Florida Power in 1928. She is a member of the official board of the Solving Methodist Church where she is active in youth work. During the past year, she has worked extensively with garden clubs, 4-H groups and home demonstration clubs.

Miss Gordon is chairman of the Avon Park community booth at the Highlands County Fair. She is a past president of the Junior Women's Club and a past chairman of the Highlands County cancer drive.

Pioneer Resident Dies Thursday

Mrs. Frances Krause, age 80, died at an Avon Park Hospital, Thursday, Jan. 5, where she had been a patient for a few months.

Mrs. Krause was the widow of the late, Charlie Krause. She was a native Floridian, coming to Avon Park from Punta Gorda in 1916. She was a member of the Episcopal Church of the Redeemer.

There were no immediate survivors. Funeral services were held from the Episcopal Church, Saturday, Jan. 7, at 10 o'clock with the Rev. Stuart M. Stewart officiating. Interment was in the Bogalaville Cemetery with Mizelle Funeral Home in charge of arrangements.

Funeralbearers were William Monakovsky, A. C. Wester, Walter Mandis and George Townsend.

New Arrivals Are Here For '61 Season

Mr. and Mrs. Paul Clark and son, Daniel, of Meadville, Pa. arrived this week.

Friends are glad to welcome Weldon and Lola Powell of Antwerp, Ohio, back for the season. Mr. and Mrs. Floyd Knapp have had as their guests Mr. and Mrs. Glenn Ramsey of Winter Garden for a few days. Over the weekend Mr. and Mrs. Elmer Forney of Zephyrhills were guests of the Knapps.

A large number of residents enjoyed the 500 Card Game in the Recreation Hall Friday evening. Mr. Buck Garrison was the high scorer for the men, with a total of 3,920 and Mrs. Evelyn Fritz was the high scorer for the ladies with a total of 3,310.

Each Wednesday morning the Park residents enjoy a Coffee Break in the Recreation Hall. This has become a very popular get-together hour for everyone.

Friendship Class Meets Monday Evening

The Ladies Friendship Bible Class of the First Methodist Church held the monthly meeting in Wesley Hall Monday evening. A covered dish dinner was enjoyed at 6 p. m. when the ladies invited their husbands to attend. Mr. E. R. Garrison and Mrs. William Drake were hostesses for the meeting. Mrs. Claude Chamberlain is the class teacher.

The ladies have assumed a project recently of supporting a sixteen year old girl in Korea to see that she gets through high school.

The Kiplinger Florida Letter reports that cross-state barge canal backers are encouraged by president-elect John F. Kennedy's victory. Canal hopefuls say Kennedy gave the proposed project a lukewarm pre-election endorsement and that chances of authorization are somewhat brighter.

VITAMINS MUST BE ABSORBED BY THE BODY

The potency of vitamins in a bottle is important. But, even more important is whether it is in a form the body will absorb.

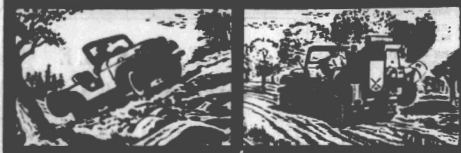

Vitamins manufactured to sell at the lowest price cannot afford the expense of every possible test for intake potency. The vitamins we supply are made by the same firms who make our prescription drugs. No expense is spared to achieve the best. Yet, the cost per dose is small.

Appeal Goes Out For New March Of Dimes

"We can't all be doctors, but every one of us in Highlands County can help win the fight to prevent crippling diseases. Right now the most important thing we can do is volunteer our services to the 1961 New March of Dimes. January campaign against crippling birth defects, arthritis and polio." H. M. Flowers, Avon Park campaign director, said today. "We need people to help us raise money to find a way to prevent the birth defects that afflict one out of every 16 babies born in this country. Their efforts also will help us find a way to bring relief to the 11,000,000 Americans who have arthritis and other rheumatic diseases. They will also be doing their part in The National Foundation's continuing battle to stamp out polio and assist those who have already been stricken," he added.

"Enlist in the New March of Dimes," he requested, "by calling on volunteer services at GL 3-4582 or GL 3-3747."

Briscoe Is Named To Head Miami Bank

William Briscoe, former president of the Avon Citrus Bank has accepted the position of president and director of the P. N. American Bank in Miami. Mr. Briscoe by accepting the Miami post, created the vacancy which was filled this week with the election of Ed Touchton as Citrus Bank president. Briscoe told the Sun this week that though he accepted the advancement and promotion with Pan American, he had really enjoyed his two years in Avon Park and viewed with pleasure the many people and friends he has met and known while here. He said that his family will remain in Avon Park until school is out in the spring.

Work On S-66 Road To Begin

The construction and resurfacing of more than 15 miles on State Road S-66 in Hardee County is expected to be started by February 1, the State Road Department announced today. Warren M. Carson of Tampa, Road Board member for District One, said the \$728,353 project extends from U. S. 17 in Zolfo Springs southeasterly 15.7 miles to the Highlands County line.

The improvement project includes resurfacing SR S-66 from the intersection with U. S. 17 east to the outskirts of Zolfo Springs and constructing a paved facility the remaining distance to the Highlands County line. The paved road will be almost entirely on new location with limited portions following the path of an existing graded road. The project also involves constructing a 120-foot and a 200-foot concrete bridge plus three multiple concrete box culverts. Ewell Engineering and Contracting Company of Lakeland has been awarded the contract and will have 380 days to complete the project.

Returns From Med. Cruise

Mrs. Clay W. Kull of Anoka Lake Beach, has returned from a two months cruise aboard the "Concordia Sun," a Norwegian Ship.

Mrs. Kull joined her sister and friends from Mount Cinnamon, Mich., to make this cruise and tours of the Mediterranean countries. They visited eighteen ports in the Canary Islands, French Morocco, Egypt, Lebanon, Syria, Turkey, Greece, Italy, Sicily, Spain and Sardinia.

Mrs. Kull's party made picnics of the Texas power as their ship moved past it last Saturday, and she states that she learned of the tragic collapse of the Tower.

Jeff Barrow — Accepts Post

Avon Park Businessman Accepts Red Cross Campaign Chairmanship
J. C. Barrow, Jr., manager of Townsend Lumber Company for Avon Park, enthusiastically accepted his appointment to head up the 1961 Red Cross Campaign for Members and Funds, by the Highlands County Chapter of the American National Red Cross.

Mr. Barrow was graduated from the Sebring high school and entered the contracting business with his father, J. C. Barrow. In 1951 he became manager of Townsend Lumber Company in Avon Park. He is a member of the Avon Park Chamber of Commerce, the Zoning Board of the City of Avon Park and he served three years

To Mardi Gras—Donations Accepted For Band Trip

Several months ago the Avon Park High School Band received an invitation to be one of the marching bands in the Annual Mardi Gras parade in New Orleans. The band members will also have the opportunity of seeing many historical and interesting sights in and about the city. The High School Band Association, which is made up of parents of the band members, voted to accept the invitation and raising the necessary funds to make the trip. They have completed several projects, but as the time draws near to leave, find they are still short of the total necessary amount.

It is felt by the Band Association that if this fact were generally known many interested citizens would be glad to give the band the assistance necessary to successfully reach their goal. Since all funds must be in by the first of March, we feel that a final effort at this time is in order. Contributions have been received so far this week from Mrs. McKennie, Mannie Kirkland, Hugh Nunnallee and Mayor Delaney.

Anyone wishing to help out in this worthy cause, please send checks or cash to Mrs. A. B. Whitte at the high school. Make checks payable to the Avon Park Band Association Mardi Gras Fund.

Volunteers Needed For Mothers' March

An urgent plea for Mothers' March volunteers for the New March of Dimes was issued today by Margalo Sutton, executive chairman in charge of the house-to-house drive.

"We need more volunteers to secure their time for our Mothers' March on Jan. 31," Mrs. Sutton said. "We need aid from our neighbors from every section of the city, and we need them urgently."

The civic leader said that the Mothers' March for the New March of Dimes is the greatest single volunteer effort put forth by the women of America for any cause.

"More than a million women march each year to help The National Foundation raise funds in its battle to prevent crippling diseases—birth defects, arthritis and polio," she stated.

"These women give gladly of their time because they know how vital March of Dimes programs can be to the 250,000 children born in this country each year with significant birth defects, to the 11,000,000 Americans suffering from arthritis and rheumatism and to the tens of thousands of polio patients who still need National Foundation help."

"Please say YES to our plea for volunteers and march to prevent crippling diseases by calling my home at 3-4476 or 3-3521."

Mr. Barrow expressed the opinion that with good organization throughout the county, and especially in view of the money that cash inflow to the county through the National Red Cross because of Donna's Disaster, need not be a great one when the quota of \$9,000 could be topped.

Highlands County Chapter Board Members took to Jeff and his co-workers to pull the chapter back into financial stability.

Courthouse Revamp Will Cost Nearly \$410,000

Remodeling, relocating, and adding to the county's office space may cost as much as \$410,000. On Tuesday the Highlands county commissioners received the results of an office survey made by the architectural firm Reynolds, Smith and Hills.

Late in 1950 this firm had submitted to the commissioners a count house study which estimated that modernization of the present building—new electrical system, plumbing changes, air conditioning and elevator installation—would cost about \$205,000.

The commissioners then authorized the architects and engineers to continue their study of the court house to determine the most efficient use of space. On Tuesday Architect, William J. Webber of Tampa, representing Reynolds, Smith and Hills, presented to the county officials a plan which calls for extensive "reshuffling" within the present structure and erection of a court house annex.

Preliminary plans call for a two story annex, possibly to be located on the site of the old jail. Principal feature of the plan is the relocation of county offices to group them according to function. Webber said, "It is surprising how much space is available in the court house—by some shuffling around."

The plans presented Tuesday suggest that all tax offices might be moved to the ground floor of the present building and all offices for the board of public instruction would be grouped on the third floor. Additional space for the county court, juvenile court and county clerk would be made available on the first floor.

The architects estimate that relocating and rearranging offices in the present building could cost about \$47,000. Cost of the annex was set at \$158,000. These costs added to the relocation costs, bring the total bill to \$410,000 "at the outside."

Webber repeatedly emphasized that the plans presented Tuesday are "very rough and tentative." The plans were presented at an afternoon session and in addition to the commissioners, clerk and deputy, those attending were Tax Assessor P. C. Gray, Collector W. E. Prescott, Superintendent of Registration Roland Drift, Superintendent of Public Instruction Andy Miracle, Judge Mervin Reher.

At the morning session of the commissioners, William Power and Theron Delaney appeared on behalf of the health department. They asked the commissioners to frame three local bills for presentation to the state legislature.

These bills would set a sanitary code for Highlands County, introduce the Southeast Building Code to this county and provide for rabies control measures in the entire county.

Chairman Eugene Hamilton named Commissioners James C. Creel and Ben McGee to a committee to work with the health department on these measures. The board voted to advertise for two-year bids on gasoline and

BRINGING THE FIRE TO THE FIREMEN—This fire early Tuesday morning in the quarters at Warren Lanchouse on Fairfield street proved to be a stubborn one indeed. The firemen extinguished this overcasted stove several times but it would continue to flare up again. They dragged the stove out the door where it again exploded into flames. It was again put out. This time for good. —Sun Newspaper.

Drivers Face County Court

Three drivers, involved in two different traffic accidents, charged in county court Monday.

John Edward Osborne was charged with making an improper turn which resulted in an accident on Road 27, two miles south of Lake Placid. Highway Patrolman F. A. Blossay said Osborne's auto was not involved directly, but autos following him collided when Osborne made an abrupt turn without giving proper signal.

Judge Mervin Reher set a fine of \$25. A truck driven by James Allen collided with a car driven by William Walker. Walker was charged with improper passing and Allen was charged with driving a truck with improper tags and with not having fuses on a trucking load.

Patrolman Blossay, who investigated, said the accident occurred on Route 98 at Lorita. He said the truck, driven by Allen, was making a left-hand turn from Route 98 when it was struck by the Walker car.

County court's docket was crowded this week with 148 cases being heard Monday. This morning (Wednesday) the January

term of court opened, and during the rest of this week defendants who had requested jury trial will be heard.

Monday the docket listed seven cases of driving while intoxicated. Arthur J. O'Berry, Thomas Sylvia Merrill, Donald Gene Mearns entered pleas of not guilty. Bond for each was set at \$500 and these cases will be tried in March.

Thomas Jefferson, charged with reckless driving while drinking, pleaded not guilty, and he will be tried in March. Pleas of guilty to driving while intoxicated were entered by George Wallace Heaselden, Glenn Bernard McMahon, Emmett Fletcher Richards, Curtis Ray Zorn.

Zorn, who faced the additional charge of driving while his license is suspended, successfully waged a battle to escape a jail sentence.

State laws which govern the driving while intoxicated cases provide that one conviction automatically costs the driver his license for a minimum period of three months. The law further states that drivers later convicted for driving while their license is revoked will face a

mandatory jail term.

Zorn contended that since his license had been suspended under another law (failure to carry proper liability insurance) a jail term was not required by law. He won that point but drew a \$50 fine (or 30 days in jail) for driving without a license.

He pleaded guilty to driving while intoxicated and on that count drew another fine of \$500 or three months in jail and lost driver's license rights for three months.

Richards was fined \$200 or three months in jail for driving while intoxicated and lost his driver's license for three months. Heaselden drew a fine of \$250 or three months in jail and lost his license for three months on a driving while intoxicated conviction. He pleaded guilty, also, to having no driver's license and was ordered to pay an additional fine, \$200 or 15 days in jail.

McMahon was fined \$250 or three months in jail and lost his license for three months. Bonnie Warren, arraigned on charges of breaking and entering, waived preliminary hearing and bond was set at \$1,000.

Elected To Council
Sgt. Otis Gentry of the Florida National Guard has been elected to the Board of Council of the Third Army Non-Commissioned Officers Academy at Ft. Jackson, S. C. Gentry is now attending the six-week Academy.

Commissioners also passed a motion that all meetings for the county commissioners board room (on the second floor of the court house) be scheduled through the Deputy Clerk Charles Laird.

The board requested that it be given consideration for space in the court house some time in the future. The board received the annual reports from the county officials. These reports showed excess fees as follows: Tax Assessor \$489.58; Tax Collector \$782.09; Clerk of Circuit Court \$293.31; County Prosecutor \$147.25; County Judge \$569.79.

The board approved the bond for Deputy Sheriff Robert Lewis Anshart. The board voted to advertise for bids for a dump truck to be used in District 5.

Commissioners also passed a motion that all meetings for the county commissioners board room (on the second floor of the court house) be scheduled through the Deputy Clerk Charles Laird.

Avon Park Beauties Take Seven Of Top Ten Spots

The top ten of the 32 girls who entered the contest for the title of the Highlands County Fair Queen, were picked Monday night when the lovely girls paraded before the judges, who were all from Cypress Gardens. The reigning Teenage Queen, Marilyn Crane, Mrs. Bea Anton and Perry Kennis were the judges who had to make the very difficult decisions to eliminate twenty-two of the beauties from the group of girls who came from all over the county.

The queen and her four attendants will be chosen from the top ten beauties Friday night at 8 o'clock, on the Fair Grounds.

The ten girls selected in Monday night's contest to appear again Friday night are Ingrid McNeesters, Hattie Leighton, Carol Beckham, Margaret Hagin, Gerdy Elliott, Chae Durden and Betty Sue Mills, all of Avon Park; Helen Rosner and Judy Williams of Lake Placid and Marian Weeks of Sebring.

PICKED AS THE TEN FINALISTS are shown here. They are, left to right: Ingrid McNeesters, Avon Park; Carol Beckham, Sebring; Margaret Hagin, Avon Park; Hattie Leighton, Avon Park; Gerdy Elliott, Sebring; Chae Durden, Avon Park; Betty Sue Mills, Avon Park; Helen Rosner, Avon Park; Judy Williams, Lake Placid; and Marian Weeks, Sebring.

OTHER EDITORS SAY — THE GROWING STATES

The latest Washington estimate on growth for the current decade — the sixties — shows that the western states and Alaska, and a few other states, will experience rapid growth in the next ten years.

The fastest growing state in the United States is expected to be Florida, which now has a population of 4,930,000, and which is expected to have a population of 7,631,000 by 1970. This is a gain of 54.8 percent.

Alaska is expected to grow at a rate of better than 50 percent, and Arizona is expected to grow at a rate of approximately 47 percent. These states are expected to be the leaders. But other states also will grow rapidly. California is expected to grow by 37 percent, Hawaii by 36 percent, Nevada by 35 percent, New Mexico by 34 percent, Colorado by 25 percent, Connecticut by 26 percent, New Jersey by 24 percent and Utah by 25 percent. Other states which are expected to grow faster than average are Idaho, Indiana, Louisiana, Ohio, Oregon, Texas, Virginia and Washington.

Only two states are expected to lose population — Arkansas and North Dakota.

States which are expected to grow very much slower than the national average include: Alabama, Iowa, Kentucky, Mississippi, Missouri, Nebraska, New York, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, and West Virginia.

CLARISSA, MINN., INDEPENDENT: "Fourteen of 21 nations invited to check their weather conditions coordinated with the passes of the new weather eye, Tiro II, orbited by the United States, have shown an interest in cooperating. They will get pictures relayed from Tiro II for comparative analysis with their own observations. The Soviet Union, one of the original 21 invited, had not accepted when the weather eye was successfully in orbit. They preferred to decry the Tiro as a spy satellite."

SHELBY, MONTANA, PROMOTER: "President-elect Kennedy had much to say on the subject of lost prestige. Statistics disclose that during the past five years under the American capitalist system, our national income totaled \$2 trillion. The workers' share of this was 67 per cent; professional people (lawyers, doctors, teachers) 11.9 per cent; farmers 5.5 per cent; landlords, 3.2 per cent; bond holders, 3.2 per cent; corporations 5.7 per cent (gross income)."

"Whether or not this gives us the power to dazzle or charm or whether it promotes jealousy, we are not going to say. We do not even know that it promotes general admiration, but we would surmise that such an accomplishment might command respect, esteem and honor."

GRASSROOTS OPINION

PORT HURON, MICH., TIMES HERALD: "Industry is not something which should be tolerated—it should be wisely appreciated."

That remark, made at an Industrial Development workshop at Romeo by George Catlin, of Detroit Edison Company, should be the credo of any community... which enjoys industry's blessings.

Today in the United States there are more than 13,000 commissions, departments and companies representing cities, counties, states and areas, engaged in fierce competition to woo industry to their areas."

CARLSBAD, N. M., CURRENT ARGUS: "We have now seen tangible results of the effectiveness, in the United Nations, of the Afro-Asian bloc. Twice recently, this group of 45 nations voted together on a side opposite that taken by the United States... Americans should be prepared for more of this sort of thing. Former Colonial nations feel a common interest, and will vote so."

Students of the United Nations are concerned over something more fundamental here. This is the growing tendency to vote national and continental interest first, principles second."

CLARKSDALE, MISS., REGISTER: "It is sometimes difficult for Americans to understand the power that a man such as Fidel Castro can wield over illiterate and unthinking people. Yet we must not forget that more than once in our own history, and so very long ago, considerable numbers of Americans gave ear to demagogues. To prevent this, Castro and his kind from rising to the top it is necessary to treat the very serious and deep-seated problems which permit them to flourish."

EASLEY, S. C., PROGRESS: "This Country wouldn't be in such a mess today if the Indians had adopted a more stringent immigration laws."

"TOO LATE TO CLASSIFY"

—By Russell Kay

If Mr. Castro lived in Tampa he would have real reason to worry about an invasion, for it is rumored that not only is an invasion of this city planned, but the date has been definitely set for Monday, Feb. 13.

While Mayor Lane has not appealed to the United Nations he has been in touch with the Department of Defense and has been assured that the Army, Navy, Airforce and Marines have been alerted and will be here to help defend the city against the onslaught of Jose Gaspar and his crew of money pirates expected to arrive in the good ship Gasparilla and attack the city.

In Tampa and Ybor City the cry is "Gasparilla Si, Yankens No, and Everybody Say Si" for this is Tampa's festive season of parades, pageantry and frolic. The 1961 Florida State Fair and Gasparilla Carnival promises to top all others in beauty, splendor and gaiety.

For eleven big days and eleven big nights Tampa will let her hair down and celebrate as never before. Beginning with the official opening of the Fair and the big Shrine's Parade on Tuesday, Feb. 7 there will be a thrilling, fun-packed day through Saturday, Feb. 18, the closing date of the Fair and the departing date of King Gasparilla, who will sail away in a gorgeous display of fireworks, not to return for a year.

The Florida State Fair has been termed "Florida's Showman's Paradise." Its colorful exhibits of fruits, vegetables, ornamentals, minerals and a wide variety of other amusements and exhibits with amazing artistry and originality emphasize the enthusiastic pride each county takes in its contribution to Florida's progress.

Cotton, tobacco and field crops from north and west Florida, citrus fruits, vegetables, berries and commercially grown flowers from south Florida and the central area of the state; poultry, dairy products and cattle from all sections, make up the individual county displays and are supplemented by the state-wide showing of breeding stock, beef and dairy cattle, hogs, poultry and rabbits.

Among the special entertainment events scheduled for the period are the great Shrine Parade on Tuesday, Feb. 7; Future Farmers Day, Saturday, Feb. 11; Gasparilla invasion and parade, Gasparilla Day, Monday, Feb. 13; Governor's Day, Monday, Feb. 14; International Day, Thursday, Feb. 16, honoring our Latin American neighbors; and climaxed with the gigantic illuminated night parade, 4-11 Club Day and the departure of Gasparilla on Saturday, Feb. 18.

These colorful days will be supplemented by daily shows and events in front of the grandstand including the presentation of one of television's famed shows, "Truth or Consequence," with Bob Barker as master of ceremonies and other nationally known stars including Huguette Castle, the world renowned tight wire artist; Ann Marston, world champion woman archer, and holder of 11 archery titles; Teddy Phillips and his orchestra, featuring Colleen Levey; the Phil-Aires and others. A full 30 minutes of top-flight thrill packed entertainment.

Spectacular auto races are scheduled for four afternoons during the Fair and midway fun and frolic is provided by the world's largest carnival organization, the Royal American Shows. Come, bring the family. Don't miss the 1961 Florida State Fair and Gasparilla Carnival at Tampa, Feb. 7 to 18, 1961.

Federal employees last year reportedly saved an estimated \$68.5 million in labor and material through suggestions, according to a report from Squamtown on the Potomac.

Or, to put it another way, they made that much available to be blown elsewhere.

Government employees suggest better ways to do things by dropping ideas in suggestion boxes. If only they accepted the suggestion it paid. Last year they got about \$2.5 in awards.

I figure that \$2.5 is a drop in the bucket compared to what was paid those top echelon civil servants who cook up the worst ways to do things.

During the year more than 400,000 suggestions to increase efficiency and economy were dropped in boxes. I figure that's a pretty low number. The government must be doing at least half a million things the government ways.

"WAS A TIME YA HAD TO BE BORN IN A LOS CABIN TO BE PRESIDENT, SONNY... BUT THIS FELLER MADE IT RIGHT FROM OUR OWN FLORIDA SUNSHINE 'N SURF"

CRACKER POLITICS

By Allen Morris
TALLAHASSEE — There's a grimace, the like of which we have not seen here since the depression years of the 1930's, about the current approach to State budgetmaking.

What is really new is the joining of forces by the leadership of both the executive and legislative branches to shut off spending at the amount expected to be available during the two years beginning July 1.

It may be that additional spending will be authorized in the Legislature before the regular session ends on June 2, but the machinery of government is rigged against this.

Speaker-elect William V. Chappell, Jr., of Ocala, picked for the House appropriations committee only those members he felt would (1) hold spending to anticipated needs and (2) write what is known as a "line" budget.

A "line" budget sets forth appropriations on an item by item basis. This works two ways. It enables the Governor to pick out and veto the items he dislikes without doing violence to the rest of the appropriations. And it means the money can be spent for the Legislative purpose, and so it means.

In recent years, the State has operated on what might be described as a "lump sum" budget. An item of money is appropriated by the Legislature and appropriated money for agencies under conditions which permit the agency to shift about within each agency.

There are reasonable arguments on either side of this matter of the kind of appropriations law a fast-growing state should have. The Legislature meets only for 60 days every other year. But certainly a "line" budget for the purpose of the State who want to maintain tight control over expenditures.

As for his chances to be elected, Pepper said he had always carried Duval County, even over homeowner George Smathers, who turned him out of the Senate seat in 1950, and over U.S. Senator Howard W. Call.

Syde Patrick Deeb says he would rather give a party than make a "billion-dollar" paper. (The furniture came back the next day, and so did 100 who dropped in after the inaugural ball.)

The biggest of course, honored Farris and Julia Bryant. For that, Syde made Deeb have movers empty their home of most of its furnishings so 450 people could be served pre-inaugural supper. (The furniture came back the next day, and so did 100 who dropped in after the inaugural ball.)

Deeb is a first generation American of a Syrian family which numbered 11 boys and girls. Syde attended the University of Florida with the idea of becoming a lawyer, but was called to the bar in 1935 to help with family affairs. (He was attending Gainesville at the time.)

BIRTH OF GREAT LITERATURE

Why is it that we get our most inspiring thoughts by Night?

When others we must not disturb, by turning on the light...

Or maybe sometimes we're in church, or at a concert grand...

Don't let it get you down, my friend... You'll make it some dark night!

Scouting University To Convene

The University of Scouting, Gulf Ridge Council Boy Scouts of America, will convene Saturday, Jan. 21 in Plant City, Fla. All classes will be held at Plant City High school.

The purposes of the session will be to offer adequate training courses to those interested in Scouting. There will be 20 two hour courses and six hour courses given to include instruction for Cub, Boy Scout, and Explorer Leaders, Den Mothers, Assistant Commissioners, Commissioners, Merit Badge Counselors, and any others interested in Scouting.

Registration will start at 1:00 p.m. and classes will continue throughout the afternoon and evening. There is a registration fee of \$1.25 which includes the cost of dinner. It is urged that registration fee and reservation be submitted to the Council office, 180 W. Brown St., or P. O. Box 382, Tampa, Florida no later than Jan. 16.

The University Staff is made up of Dr. James Griffiths, Council Chairman, Leadership Training; Dr. LeRoy Laster, Dean of University of Scouting; Elmer Baker, National Director of Relationship; Eugene C. Bowne, Assistant National Training Director; Thomas Little, Deputy Assistant Executive; Donald Yoho, Physical Arrangements; and Herman Chaffin, Jr., Registration Chairman.

President of the Gulf Ridge Council, J. Everett Allen, of Lakeland, has set up many sound goals in financing, camp development, and service to institutions for the year 1961, and it is urged that all persons in the Gulf Ridge Council area who are interested in Scout work participate in this University of Scouting seminar to better qualify ourselves to help our young men of tomorrow look to the future with strength of character, body, and mind.

Shelter Plan For Highlands County Is Set Out Here In Fine Detail

The Highlands County Red Cross, Health Department and Civil Defense have prepared a detailed disaster shelter plan for use in our county. A picture of the map and location of shelters is shown above. These maps are on display at the County Health Department, Court House, and the Red Cross Chapter office on S. Commerce St. in Sebring. Anyone interested in obtaining more detailed information on shelters can come to either of these offices to see the maps.

We would like to remind you again that it is imperative that each citizen of the county prepare a disaster shelter area in his own home. Your best protection to yourself and family is to stay in your own home in your own shelter. The disaster shelters shown on the map will be used primarily to house evacuees from major target areas in Palm Beach and Dade Counties. Only in your own home is destroyed are you to report to the shelter nearest your home.

The hospital shelters will be staffed with medical personnel and nurses and first aiders will be sent to all shelters when necessary. Hospital shelters will be opened first and others will be opened one at a time according to need. In case of enemy attack shelter information will be given on the radio so keep tuned to your Coastal station. Avon Park shelters are as follows:

1. Howell school (elementary school)
2. Armory (hospital)
3. Assembly of God Church (hospital)
4. Avon Park High School (hospital)
5. First Methodist Church School
6. Avon Park Elementary School
7. Camp Wingham (emergency hospital)
8. Walker Memorial Hospital (emergency hospital)
9. First Baptist Church
10. Lake Byrd Congregational Center
11. Church of God
12. Nazarene Church
13. Episcopal Church
14. Catholic Church
15. Griffin Packing House
16. Pincrest Lakes Club
17. Florida Ave. Congregational Center
18. Alcoholics Rehabilitation Center
19. Jacaranda Hotel

Detailed information on preparing your home emergency shelter can be obtained by sending a card to the Civil Defense office in the county court house.

Visitation Brings Four Auxiliaries Here

The American Legion Auxiliaries of Avon Park, Lake Placid, Sebring and Wauchula sent representatives to a meeting held at the Griffin Restaurant Wednesday at noon, for the purpose of making plans and arrangements for the annual visit of the Department President, Gayle Anderson of Tampa. The official visit will be made Feb. 24, and the place for the meeting will be the Knights Restaurant in Wauchula, at 8 p. m.

Those attending the planning session were Mrs. Ben T. Stewart and Mrs. P. C. Boney; Mrs. John Berry of Lake Placid; Mrs. Marie Arnold; Lily Tuck and Mary Conway all of Sebring; Mrs. Grady Burton and Mrs. Phil Durranse of Wauchula.

Busy Season Reported At Lake Byrd Center

The Congregational Church's State Conference Center, which is located on Lake Byrd is enjoying a busy season. This past week a group of young people who are the State Pilgrimage Fellowship officers were there for a workshop. Also a group of Laymen from the Fellowship group have been attending a planning session. Arriving January 20 will be a group of young people from the Lejeune Presbyterian Church who will hold a planning meeting at the Lodge. The Rev. T. Albert Lawrence, who has been appointed the new minister of Christian Education for the Congregational Conference Center has arrived, and he will be rendering a full service to the churches of the state in the field of Christian Education.

Polk County Claims Great Fair Exhibit

TAMPA—A new and different spectacular presentation of Florida's great agricultural and natural resources will be shown by Polk County at the Florida State Fair in Tampa, February 7-18. W. F. Hayman, Polk county agent, said his staff and exhibitors will be added with a showing of phosphate products along with home canned foods of the home demonstration department. Members of Polk's 4-H club will participate actively in the fair's livestock program, and will send more than 800 boys and girls to the fair on a 4-H special train on 4-H Club day, Saturday, February 18.

With 12 other participating counties, Polk will provide the nation's largest winter exposition of farm, grove and ranch products. The exhibiting counties include Columbia, Gadsden, Indian River, Hardee, Hernando, Highlands, Hillsborough, Manatee, Marion, Pasco, Polk and Volusia.

Seminole Invade Great Masterpiece

LAKE WALES.—Seminole Indians invaded the Great Masterpiece this week. The attack was friendly, though, as the Indians sought only to erect a monument on the land of their forefathers. Sent from the Dania Reservation, the Seminoles brought tree limbs and crude tools to build a "Chicken". The structure is the type of dwelling in which some Indians still live today.

Two days were spent constructing the crude house. There are no sides, but the roof is low and wide. This design keeps rain from reaching the center of the earth floor.

Most Chickens have elevated floors to protect the occupants from the damp ground. In winter, blankets may be hung as walls to keep out cold winds.

What about hurricanes? "Don't" worried right through the Dania Reservation with no effect to the buildings. Water was easily shed by the thick roofs made of matted palm leaves.

The Great Masterpiece grounds were the last camping site of the Seminoles before they moved to the Everglades. Now visitors to the attraction are reminded of the historic area by guides telling of the Indian wars and customs. Daughters of the American Revolution (D.A.R.) have erected monuments and gained national recognition for the site.

Legislative Conference Representatives from the PTAs in the county will be attending a Legislative Conference in Tallahassee January 24, 25, 26. Mr. Julian Markham, County Supervisor of Schools and who is also a member of the State Board of Managers of the Florida Congress of PTAs, will be driving up and he will be glad to have others make the trip with him.

Avon Park Man Is Named To Head Red Cross Drive For Highlands

The Board of Directors of the Highlands County Chapter of the American National Red Cross held their regular January meeting, Thursday, January 12, at the New Tower Restaurant in Lake Placid.

Chapter Chairman, Fred Davis, announced that Jeff C. Barrow, Jr., has accepted the County Chairmanship of the 1961 Campaign for Members and Funds. All board members present pledged their assistance in working with Mr. Barrow and the respective community chairman.

George Woodham, as chairman of a committee appointed for the purpose of securing a board member from Sebring nominated John W. Robbins. Mr. Robbins was unanimously elected to the board.

The next board meeting will be held in Sebring on February 9.

Those present were Fred Davis, chairman of Avon Park; Mrs. Albert DeVries, Mrs. James W. Kelly, Richard Archibald, Leonard B. Kray, treasurer, all of Lake Placid; Mrs. Gordon Burris, George Woodham of Sebring and Mrs. Dortha S. Wooden, executive secretary.

Methodist Bishop Is Entertained

Bishop James W. Henley, Florida's new Methodist Bishop, and Mrs. Henley were entertained at the First Methodist Church, Thursday evening, Jan. 12, with a covered dish dinner. Dr. Harry H. Waller, District Superintendent, and Mrs. Waller accompanied Bishop and Mrs. Henley, who were making a tour of the Sarasota District; in a whirlwind swing around the state in an effort to visit all churches and parsonages throughout the Florida Conference.

Rev. Marvin H. Thompson, pastor of the First Methodist Church, took the occasion to invite the retired Methodist ministers who are living in Avon Park, that they might meet the new Bishop and his wife. In addition to the ministers, Mr. and Mrs. J. L. Carrier were invited to attend the dinner. They were former friends and members of Bishop Henley's church in Nashville, Tenn. before he was made a Bishop.

Welcoming Bishop and Mrs. Henley and Dr. and Mrs. Waller were Rev. and Mrs. Marvin H. Thompson and their children, Stephen, Rebecca, Jane, Sarah, Kristi and Melissa. As the ministers and their wives were introduced, Bishop Henley said it was like the roll-call of the ministers attending the General Conference. Those present to honor the Bishop and Mrs. Henley and Dr. and Mrs. Waller were the

Thompson and Carriers and Rev. and Mrs. Chester Lewis; Dr. and Mrs. Clarence Marston; Rev. and Mrs. Homer Smith; Rev. and Mrs. William Hooker; Jerome Shultz, whose late father was a minister; Mrs. Claude Roe and Mrs. Jerome Shultz, the widow and daughter of a minister, all who were members of the North-east Ohio Conference; Dr. and Mrs. Ezra L. The Lake Placid players scored ten or more points each, while Avon Park's Glenn Bass carried the scoring load for the Devils by hitting nine field goals and twelve free shots for a total of 30 points. Jim Kelly led the Dragons with 16 points. Bill Durrance hit for 12, and Cliff Carter pushed 10 points through the Lake Placid hoop to help defeat the visiting Avon Park team.

The Lake Placid "B" team, coached by the Avon Park Junior varsity 40-41 in a close opening game. Only one point separated the score at halftime in the "B" game, but the Avon Park boys had a slow third quarter and never could catch the winners after that. Leonard Sullivan was high scorer for Avon Park with 15 points and Bush led Lake Placid with 18.

Friday night the Red Devils will entertain Mulberry here with the "B" game opening up the action at 6:30. Next Tuesday night the Devils have an open date before starting the second half of the season.

\$1000 Fish Caught In Contest

The first \$1,000 fish caught in Zone I of the \$500,000 Schiltz Fishing Contest was landed Sunday by A. M. Bieger, 2739 South Tamiami Trail, Sarasota.

Bieger was fishing off City Island in Sarasota with his granddaughter, Eloise Brownell, when he brought in a one-pound redfish with the Schiltz tag number A-251. He took the fish to Sarasota Schiltz wholesale distributor Gerald Cigarman who identified the fish as a \$1,000 prizewinner.

There are still 22 \$1,000 fish swimming in the area in addition to over a thousand fish that carry tags valued at \$25, \$50, and \$100.

Rolls 675 Series

Margaret Kaufman broke all existing women's records at Ridge Lakes last Thursday night when she rolled a 675 series in the Ridge Rollers league. Mrs. Kaufman posted games of 213, 247, and 215 to rack up the high series. She bowls for Kahn's Department Store, presently located at 121 S. 1st St. in Sebring, with another series or two like last week, they could be on top. Mrs. Kaufman has been bowling since 1949. She and her husband, Mitt, are a fine bowler in his own right. She is a member of the Sebring and Sebring about two years ago from Illinois.

Moss Will Race At Sebring

C. A. (Lucky) Camer, President of the Camoradi International Racing Team, with headquarters in England, filed the first official entry to be accepted for the International 12 Hour Endurance Race at Sebring, March 26, 1961. Camer has placed his racing organization in an enviable position of using the newest of road racing machinery plus the signing of two championship caliber drivers for Sebring.

Lucky has signed Britain's ace driver, Stirling Moss, one of the world's most famous drivers as well as Masten Gregory of Kansas, rated at one of the few international drivers to attain international recognition on the championship trail of international road racing circuits. They will be at the wheel of a new "Type 60" "Brinckley" Maserati, an entirely new car, powered with a 2.8 litre engine located behind the driver. This car is now undergoing final tests at Modena, Italy, and will be shipped to Sebring very shortly in readiness for the 12 hour gruel on the grueling five point two mile race circuit.

Moss holds the existing lap record at Sebring of 94.996 m.p.h. made last year in the former "Type 61" Maserati.

Kathleen Hands Devils Third Straight Loss

Kathleen's Red Devils handed the Avon Park Red Devils their third straight defeat last Friday night when they outscored them 40-47 at the local gym.

The Avon Park boys couldn't stop the red hot shooting of Roy Gullledge who tossed in 16 field goals and two free shots to score 34 points for Kathleen. Tommy Kemp added 11 more points for the winners who took the lead early in the second quarter and stayed out front the remainder of the game.

Joe Milton led the Avon Park scoring with 16 points and he was followed closely by Joe Jackson with 13 points.

Kathleen also won the "B" game by a score of 55-39. Gullledge, White, and Hall scored 16, 14, and 12 points each for the Kathleen squad. Jackie Seims scored 16 points for Avon Park to share high scoring honors with Gullledge, and Leonard Sullivan hit five field goals to score 10 points for Avon Park.

Whichever size you go for, you'll go better in a Dodge

Some people like full-size cars. Others prefer compacts. Either way, it's OK by us. We make both. Our standard-size car is the Dodge Dart. It is priced model for model with Ford and Chevrolet. However, Dart has features its major competitors can't match: A unitized, rust-proof body.

Torsion-bar front suspension. And a new device called an alternator-generator that charges at idle, makes a battery last far longer than usual. There are 23 Dart models with Economy Six or one of five V8 engines. Try the full-size Dodge Dart at your dependable Dodge Dealer.

ACHES AND PAINS NEED NOT COME WITH AGE

Our ancestors usually suffered the "misery" of many discomforts as they grew older. They did not have geriatric medicine which prevent aches and pains, or the harmless analgesics to relieve them.

These new drugs can be obtained on a physician's prescription, after he has determined by a careful examination the ones which can help you most. Visit your Doctor now and live better and longer.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if stopping nearby. A great many people entrust us with their prescriptions. May we compound yours?

Church News...

Congregational

The congregation of newly elected deacons will take place during the 11 o'clock service of worship on Sunday morning, Rev. Mr. Gieske will preach the second sermon on the general theme: "Lord, Revive Thy Church, Beginning With Me".

The 9 o'clock service on Sunday morning has proved a boon to folks who have planned things for the day. Young families find this a service that fits their needs for worship. Don't neglect worship on the Lord's Day, come to

this service. The Board of Deacons will meet on Sunday evening at 7:30 o'clock in the YAC Room. This meeting is for the purpose of organization and setting the work program for the year.

The Board of Trustees will meet on Monday evening at 7:30 o'clock. The annual report for 1960 will be heard and the Board will be reorganized. All members are urged to attend.

Why is it that some churches use "DEBTS" in the Lord's Prayer, while other churches use "Tributes"? Do you understand this petition in the Lord's Prayer? Come to the class on New Testament which is conducted each Tuesday morning at 9 o'clock in the Religious Education Building. Coffee break is at 9:30. Dr. Ruth Phillips lecture at 10:30. This Tuesday she will tell us...

First Band Concert To Be Sunday, Jan. 29

The Avon Park band was represented at the Florida Music Education Association all state meeting in Tampa this past weekend, by Mike Harrison and Earl Allison, who were accompanied by Vic McKinnas, band director. Mike and Earl were among the other 1400 high school students participating in the concert Sunday afternoon that was televised over a Tampa station.

Director, McKinnas says the first concert of the season will be rendered by the APHS band in the auditorium Sunday afternoon, Jan. 29. As has been the custom in past years the concerts are reserved for the enjoyment of the winter guests in Avon Park.

The band is working very hard in preparation for their trip to New Orleans. They will leave February 9th for the trip to attend the Mardi Gras and march in the parade.

Parents of the band students are operating the Food Booth at the Highlands County Fair.

Women's Club Director

One hundred women board Mrs. T. C. Hodson, Director of District Nine of the Florida Federation of Women's Clubs, review the history and accomplishments of the women of the General Federation of Women's Clubs since its organization in 1868. Today the Federation boasts a membership of over eleven million with clubs in fifty-eight countries around the world. Headquarters are in Washington, D. C. where the GFWC president lives and maintains a staff of thirty members.

Among the accomplishments to be credited to the efforts of the women are the reforms including the eight hour work day, the Child Labor Law, the Pure Food and Drug Act, Prison Reform and many government agencies, 90 per cent of all libraries were organized by the Women's Clubs. Independence Hall in Philadelphia was restored as a national shrine and the welfare program for Korea, are among the later projects of the GFWC. The Juvenile Court system resulted from efforts of the Women's Clubs to get the children out of the judicial system of Adult Jails and Court trials into a court designed especially for children and youthful offenders.

Mrs. S. F. Eklund, Avon Park club president, presided over the meeting. She introduced Mrs. Hodson District Nine Director and also Mrs. E. L. Kinsinger, District Secretary, both from Lakeland. Mrs. Samuel O. Norris and Mrs. Edward Knutson were in charge of the program. Mrs. Myron D. Merchant gave the devotional and Dr. Ruth Phillips talked on the International Crisis at the present time.

The program was interspersed with piano duets and solos rendered by Mrs. Edna Jackson and Mrs. John Williams to the delight of everyone present. Among the guests present was Mrs. Art Turner, president of the Avon Park Junior Club.

The luncheon meeting was held in Wesley Hall of the First Methodist Church. The ladies of the WFC served the luncheon. The long tables were centered with yellow chrysanthemums and ferns. Camellias and ferns were used on the long window ledge and at other points of interest in the hall.

AVON PARK LAKES NEWS

Herbert B. Welsh, Correspondent

Phone GL 3-4716 Box 289, Rt. 2

The regular monthly meeting of the Board of Governors of the Avon Park Lakes Association was held Thursday eve, Jan. 12 with all members present plus twenty-one visiting members. After hearing reports from the various committees, Chairman Lybren appointed a Nominating Committee to recommend candidates for the three vacancies in the Board occasioned by terms expiring February 6th. These incumbents are Leonard E. Duncan, Thad Keefe (now selling as Treasurer) and Bertha Desautels, Secretary. The Nominating Committee is composed of Earl Spencer, Lee Wentworth and James Carlisle and it is hoped that they will be prepared to make their report at the business day meeting to be held after the Pot-Luck Supper, Thursday eve, 10th. All members of the Association are urged to be present at this meeting and make any additional nominations that may be desired. The Chairman also expressed willingness to entertain any suggestions as to changes in the wording or location of the recently erected signs.

Mrs. Harold Lachien was Hostess at the regular meeting of the Ladies' Club Thursday afternoon. Nineteen members attended. Mrs. Mildred Armour returned home last Tuesday after a visit of three weeks with her daughter and husband, Mr. and Mrs. Belton Douglas of Ft. Worth, Texas. Paul Bennett died in late Friday night after two long days' drive from Ft. Wayne, Ind. Accompanying him were Mr. and Mrs. Curtis Rodgett who are neighbors of the Bennetts of Eagle Island. After a flying trip west Friday to Washington D. C. for a short vacation, Mrs. Bennett will join Paul here for a few weeks.

Mr. and Mrs. H. C. Woodruff came in from Oak Hill, N. Y., Friday eve, 6th, to occupy their home on Nantux and Olivia Drive. They have with them their daughter and husband, Mr. and Mrs. Albert Walter and two children from Greenville, N. Y.

At the same time, Mr. and Mrs. Gerry Ligniero moved to their new home on Fairview Road which has been under construction by Lee Wentworth.

Mr. and Mrs. Lewis Road returned Saturday evening to their home on Hartman Road after a three week visit with relatives in Bowling Green, Ohio.

Mr. and Mrs. Warfield Arnold and son, Robert, of St. Petersburg have taken residence in the Schaefer property on Verona Road. Mr. Warfield will operate a repair shop for small motors in connection with Frank Homburg's new nursery on Highlands Blvd.

Rev. and Mrs. H. Folkstadt had as dinner guests last Wednesday, Mr. and Mrs. Herbert Hansen of Colfax, Wis., Mr. and Mrs. C. Jensen of Elk Mound, Wis., Mr. and Mrs. George Wiley of Menominee, Wis., and Mr. and Mrs. Roger Myers of Avon Park.

Mrs. James Carlisle was hostess to the Women's Guild of the First Methodist Church, Thursday, Jan. 5th at her home on Rochester Road. There were thirteen present and Mrs. Marvin Thompson led the devotions.

Isaac Van Vansant left Tuesday for Doylestown, Pa. via Washington and Philadelphia to attend to some business affairs. Gladys Halliday and Nell Henderson who made many friends here during their stay here last winter a year ago in the Denmore property on Priester Road, spent several days with the Paul Parkers last week. They are staying in New Port Richey this winter.

At the annual meeting of the Union Congregational Church of Avon Park, held Jan. 12, one of our community, Mrs. Robert W. Murdock, was elected a member of the Board of Trustees.

This election breaks a precedent in naming a woman to serve in this capacity for the first time, thus giving the Women's Fellowship of the church a representation.

Mrs. Murdock has served the Congregational Churches in several offices in Massachusetts before coming to Florida, presently holding the position of Treasurer of the State Women's Fellowship.

Sunday the 15th was the occasion for two birthdays in the Community. Mrs. Velma Duncan celebrated her anniversary at the Herb Welsh home. Those present to offer their congratulations: her husband, Leonard, Mr. and Mrs. George Reynolds, Mr. and Mrs. Paul Parker and Mr. and Mrs. Welsh.

Mr. and Mrs. P. W. Bengel of Boca Raton was visiting with Mr. and Mrs. John Bengel from Wednesday to Monday and joined in the celebration of John's birthday Sunday. Phone calls from Mrs. Bengel's sister and daughter-in-law up North whose birthdays also fell on Sunday occasioned a mutual exchange of congratulations and best wishes.

SOURCE of VALUES

We can get them from *The Old Book*—
values a-plenty to make the New Year
really new. Of course the months, the weeks, the
hours are much like the old ones.

We should carry all the good things of
yesteryears over into the New Year,
and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make
the difference. Be more kind and patient
in the home circle—then it will be a new house

this year. Exhibit a better spirit

as you do the old task—and the

office, or shop, or kitchen will be a new

place for the New Year. Worship God

more sincerely and work more in His

program of service—then you

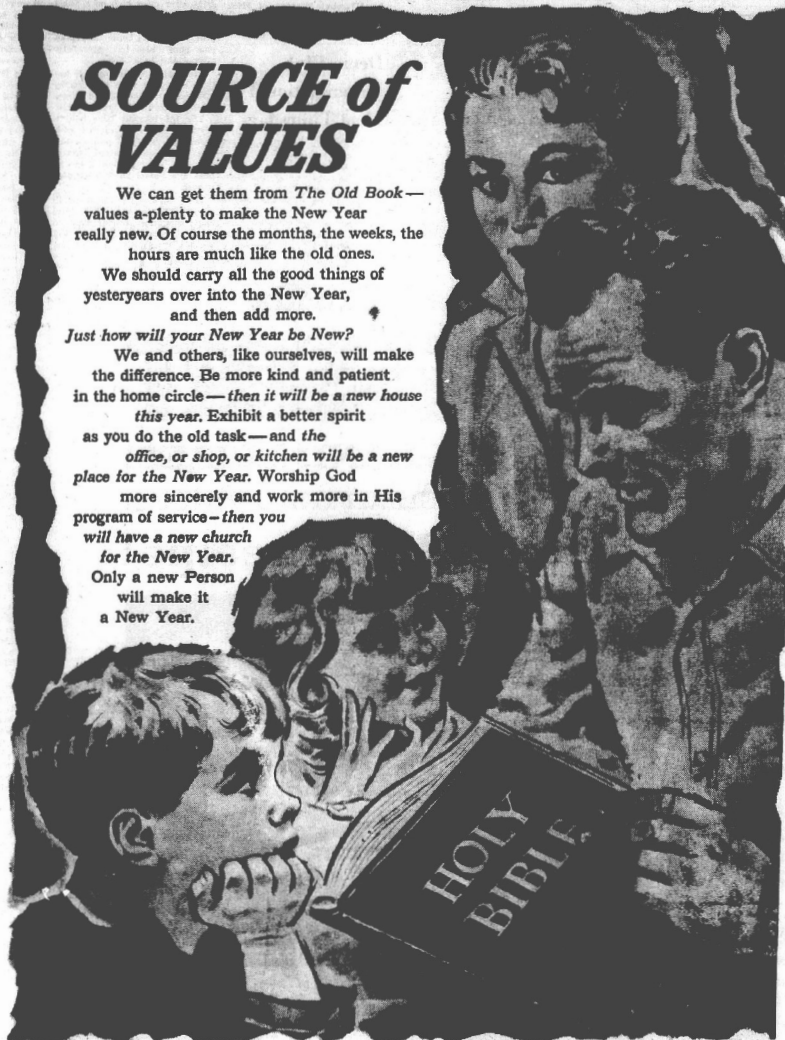

will have a new church

for the New Year.

Only a new Person

will make it

a New Year.

Qualifications

Are Given For School Material

"The exceptionally low rate of postage on books and certain other educational materials makes them inexpensively available to millions of our people." Postmaster Singleton said today. This contribution of the Postal Service to a well-informed public is important to our free democratic way of life and to world understanding and peace.

Under the present rate, parcels weighing 16 ounces or more, containing books; 16-millimeter films and 16-millimeter film catalogs (except films and film catalogs mailed to commercial theaters); printed music; printed objective test materials, photograph recordings; and manuscripts for books, periodical articles, and book reviews, may be mailed at the rate of 6c for the first pound and 3c for each additional pound. Thus 5 pounds of books may be mailed from New York to Los Angeles for just 28c, while the ordinary parcel post rate would be \$2.00.

All parcels to be mailed at the special rate must be clearly endorsed on the addressed side of the wrapper "Educational Materials" and are subject to the following qualifications:

1. Books must contain 24 pages or more. 22 of which are printed, permanently bound and consisting wholly of reading matter. No advertising, other than incidental announcements of books, is permissible.
2. 16-millimeter films must be positive prints in final form for viewing, and 16-millimeter film catalogs must be 24 pages or more, at least 22 of which are printed.
3. Printed music must be in bound or in sheet form.
4. Printed objective test materials and related accessories

Nazarene Church Sets New Gift Record

Per capita giving of \$142.37 set a denominational record in 1960 in the Church of the Nazarene. The increase was nearly \$1 per person over the preceding year.

Giving for all purposes climbed to a record \$4,530,000, an increase of \$317,000. The total was \$280,000 in 1959.

The annual statistical report released by Dr. S. T. Ludwig, Kansas City, general secretary, showed that membership increased to 318,583. This was a net gain of 7,289 persons.

The denomination started new church work or a net gain of 45 during the year and a total of 4,741 churches on Jan. 1, 1961. Gains in membership also were recorded for 1960 by the Sunday school, Foreign Missionary society and the Young People's society.

American Samoa and Denmark were among world areas in which new Nazarene work started in 1960. At year-end, the denomination had more than 450 full-time missionaries in 42 world areas.

Special appeals for world missions at Thanksgiving and Easter each exceeded \$100,000.

Commenting on the report, Dr. Ludwig said: "Total giving for all purposes during 1960 exceeded anything we have done as a denomination. The \$142.37 per capita figure also was a church record."

The membership gain of 7,289 per cent, while not quite up to 1959, was better than we had expected in view of our quadrilateral world assembly held last June in Kansas City."

Saturday To Climax Tower Opening

LAKE PLACID—A giant fireworks display Saturday night will climax a three-week grand opening celebration for Placid Tower and Placid Plaza development.

Placid Tower is Florida's newest tourist attraction located at the Central Florida community just 14 miles south of Sebring. The fireworks display will be from the top of the Tower and the developers are anticipating a very unusual spectacle. Prior to the fireworks, a drawing will be held for more than \$200 in prizes. Visitors to Placid Plaza have been registering free at all of the new businesses that make up the new commercial development for the past three weeks. These include a new luxury motel and restaurant, and a service station.

Edward Kolack of Sebring, a specialist in getting on display fireworks, will handle the task of this demonstration from the top of the Tower. A large crowd is expected to visit during the day and stay for the drawing and fireworks.

Placid Tower is described as the world's tallest concrete block structure. It stretches 400 feet above one of the highest points in this, the Ridge section. Visitors during the past three weeks have been able to see points of view from many miles away. All of Highlands County is clearly visible, and with the aid of binoculars points much further away can be seen.

Tower Restaurant held its opening day last Sunday by serving several hundred persons from this immediate area. A special grand opening for Tower 5600 Restaurant is also planned this weekend.
