THE AVON PARK SUN

In The Heart of The Citrus Belt

Volume XXXVII, Number 36

Avon Park, Florida — Thursday, July 6, 1961

10c Per Copy

MISS FLAME CROWNED—Mary Jane Hughes, left, Miss Florida Flame of Sebring, crowns Miss Anna Ziegler with the title of Miss Flame of Avon Park during Tuesday's Fourth of July Celebration at Donaldson Park. Runnersup Freda Bennett and Alice Morse look on. Miss Ziegler will represent the Avon Park Fire Department at the annual convention in Sarasota next May.

Anna Ziegler Named Fire Beauty Queen

July Fourth Celebration Is Success

Miss Anna Ziegler, daughter of Mr. and Mrs. John Ziegler, was crowned Miss Flame of Avon Park Tuesday night during the Fourth of July celebration held at Donaldson Park on Lake Verona. Miss Ziegler was sponsored by the Johna Ready-Mix Co.

The crowning of Miss Flame was a highlight of a full day of activities sponsored by the Avon Park Firemen's Association. Freda Bennett, sponsored by A & W Root Beer and Alice Morse sponsored by Sani-Cream were runnersup. The girls were chosen on the number of votes each received from citizens placed through the city. The proceeds went to the Avon Park Rescue Unit.

Miss Ziegler was crowned by "Miss Florida," Mary Jane Hughes of Sebring. The newly crowned queen will represent the local firemen's group at the annual convention in Sarasota next May.

Other contestants in the beauty contest: Carla Denton, Colleen Runner, Tonia Gaster, Nancy Cooper, Chita Duran, Naomi Elder, Faye Welford, Ruth Borden, Gail Runner, Sue Cooper, Freda Bennett, Lois Ann Thompson, Sandy Cook, Patty Elder, Hattie Leighton, Donna Fay Wiggins, Carol Beckham.

A parade down the main opened the day's activities featuring the city's fire engines, police department, city councilmen and mayor, as well as the array of beauty contestants.

Following the parade, a boat show, with drivers displaying the skill at handling their craft was held on Lake Verona. Jimmy Lyle was named the winner, and Jimmy Parker the runnerup. Willard Griffin was named as the runnerup but declined the honor due to his association with the sponsoring firemen's organization.

At one o'clock an outstanding ski show was featured on Lake Verona, with some of the area's top talent participating to the delight of hundreds who watched from shore and from cars parked on Main Street.

Those taking part in the ski show: Donna Sue Pounds, Jan Saylor, Clara Layton, Carrie Hutchinson, Ed Tauschman, Ronnie and Freda Schaeffer, Allen Dillow, Jim Bob Mad-dox, Eddie Delaney, and Reggie Butler, and Mrs. and Mrs. Bob Pealer.

Following the ski show the beauty contest took place with several of the contestants giving their opinions on the success of the evening, when questioned by master of ceremonies Royal Coats.

A fish supper was served between 5 and 7 o'clock with several hundred hungry spectators partaking. The day's events were wrapped up with a dance at the army with all types of dancing.

Robber Given Trip, But Not To New York

Boy L. Robertson is going to take a trip at the county's expense, but he is bound for Balford instead of New York.

In Circuit Court on Monday morning Robertson pleaded guilty to two counts of breaking and entering and two counts of grand larceny.

Judge Clinton Kelly set sentences of one to five years on each of the breaking and entering charges and five years in the state penitentiary on each of the grand larceny charges. The sentences are to run concurrently.

Robertson admitted that he had broken into Jordan's Jewelry Store at the intersection of Highway 1 and Highway 27 in Avon Park. He was apprehended in Sebring when he tried to pawn one of the watches stolen from the Avon Park store.

The pawn attempt came after the 18-year-old Negro had tried to persuade county welfare officials that he should be given funds for a bus ticket to New York. County Welfare worker Anna Dee Church told Robertson that the welfare funds were exhausted and suggested that he might raise money for the trip by "pawning your watch."

Robertson is a resident of Gastonia, Ga.

Bond Set For Two Avon Park Men Monday

Preliminary hearings were to be held in County Court this week for two white residents of Avon Park.

Larry William Sanders, who is charged with grand larceny, waived preliminary hearing Monday afternoon. Judge Clinton Kelly set bond at \$1,000.

Harold Jackson appeared in court Monday and requested a preliminary hearing on charges of aggravated assault. His bond also was set at \$1,000.

Robert Ward, also of Avon Park, pleaded guilty to driving while intoxicated and to allowing an unauthorized person to drive. On the former charge he was fined \$250 or 30 days in jail, and his driver's license was revoked for a year. On the second charge he was fined \$25 or 30 days in jail.

Ward's companion, Dollie Parks of Sebring, was found guilty of driving while intoxicated and driving while her license was revoked. On the driving charge she drew a fine of \$250 or 30 days in jail. For driving while her license was revoked she was fined \$25 or 30 days in jail.

Vernon Negro Ishman Ministe was fined \$150 or 30 days in jail for driving without a license; he told the court he had never taken any driver's tests and had never purchased a license.

A series of charges netted a total of 16 days in jail for Lloyd Lee Vick of Lake Florida. Longest sentence, 90 days, was for carrying a dangerous weapon.

He also drew a sentence of 30 days for drunkenness and an additional 30 days for violation of a previous suspended sentence.

Avon Citrus Bank Shows Increase Since December

The statement of condition issued this week by Avon Citrus Bank showed resources topping the \$7 million mark.

Total resources of the bank compared to \$6,912,350 six months ago.

Deposits of the bank also showed an increase—from \$5,149,058 in December to \$6,471,041 at the end of the current six-month period.

A complete statement of the bank's condition can be found in this week's issue of The Sun.

Assessor Makes Report On Valuation

Fla. Power Asks For July Rate Hearing

On June 30, Florida Power Corporation filed a formal petition with the Florida Railroad and Public Utilities Commission for permission to modernize and revise its rate structure and rate schedules. This action was in accordance with a letter of intent the company submitted to the Commission on May 23.

The company asked to be heard as soon after July 1 as the Commission can arrange it in its heavy schedule. It is expected that the date, time and place of the hearing will be announced by the Commission, which has jurisdiction over investor-owned electric utilities and their rates and charges to the public.

PPC President W. J. Clapp re-emphasized a statement he made when the letter of intent was submitted to the Commission. "We have made a six-month study of our rate structure and we hope the results of these studies will enable the Florida Railroad and Public Utilities Commission to consider reductions in rates in all cases where it is feasible."

Avon Graduate Wins 16-Piece Silver Service

Miss Martha O'Steen was notified this week that she was the winner of a handsome 16-piece starter set of sterling silver flatware in the nationwide "Graduate to Sterling" contest sponsored by the Sterling Silverware of America.

Martha's name was selected from some 70,000 entrants in the national drawing in New York City. She was among the 1961 high school graduates who registered the name of their favorite pattern with a local sterling retailer.

Jordan and Sons Jewelers is the local store participating in the "Girl Graduate to Sterling" contest offering prizes totaling \$25,000 in cash and sterling silver. They will make the presentation to Martha sometime early in August.

Miss O'Steen is to be married in July to Jimmy Cook of Gaines City. She is presently enjoying a round of parties and showers both here and in Gaines City.

This is the third year that Jordan has participated in the sterling silver contest sponsored by the Sterling Silverware of America.

LAST MONDAY night's American League junior baseball game between Avon Park's Post 86 and Naples was rained out at Head Field and has been re-scheduled for Saturday night, July 8, at 8 p.m.

THAT'S NOT THEM—Ho—Ho—Ho—Ho, just tell me three little words that'll send me straight to heaven! She—Go shoot yourself!

ANDY MIRACLE AND ROBERT DUGGAN

Avon Park Scouts Leave For Four-Week Camp In New Mexico

Andy Miracle and Robert Duggan, members of the newly organized Explorer Scout Troop of Avon Park, left early Wednesday morning to join the chartered bus in Lake-nau taking 35 Scouts from Florida to Cimarron, New Mexico where they will spend a month at Philmont Scout Ranch. Nineteen of the scouts making the trip are from the Gulf Ridge Council.

En route the boys will stop at U.S. Air Force bases where they will be accommodated overnight. They will sight-see along the way and visit state capitols. The total trip will cover seven states and the country of Mexico, a total of 4,250 miles.

Philmont Scout Ranch was donated in 1941 by Walter H. Hays, a local citizen, and expressed on the entrance plaque, "To the Boy Scouts of America, perpetuating faith, self-reliance, integrity, freedom, principles, used to build a great country by the American Pioneer." So that, future citizens may through thoughtful adult guidance and the inspiration of nature visualize and form a code of living to diligently maintain these values and ensure proper destiny."

Ward Installed As President Of Rotary Club

G. Franklin Ward, long-time resident and nurseryman of Avon Park, was installed as president of the Rotary Club at the group's regular meeting Wednesday at noon in the Jaccaranda Hotel.

Ward succeeds Roy E. Seims, who will serve as vice president for the coming year. William B. Young is secretary and treasurer of the club.

Directors who will serve with Ward are William J. Briscoe, Robert M. Gay, James A. Hain, Harry L. Hood, Hue E. Nunnally, Louis Wainwright, E. Ray Wells.

The program at Philmont will include mountain climbing, archeology, gun handling, and the inspiration of nature.

No smoking is allowed, in keeping with the Scout oath to keep "physically strong."

Religious services are held for all faiths.

This will be the first camping trip for Andy and Robert. Their younger brothers, Billy and Mike, attended the National Boy Scout jamboree in Colorado last summer.

Real Estate, Personal Up 4 1/2 Million

Highlands County real estate and personal property valuations for 1961 are \$51,509,153 — a gross increase of four and a half million dollars in the past year.

Tax Assessor P. G. Gearing said there had been an increase of approximately one and a half million in the valuation of homesteaded exempt property. Non-exempt property went up by \$2,898,243 — this included \$2,646,878 in real estate and \$251,365 in personal property.

Valuation of railroad and telegraph property dropped by more than \$75,000. This loss occurred with the Seaboard Airline Railroad gave to the county about 10 miles right-of-way known as the Istokopas spur line.

"The increase of about 10 percent valuations," Gearing said, "is due mostly to new home and business construction, a continued increase in subdivision sales of home sites and a normal appreciation in grove and real land values."

The intangible tax roll went up by \$5,677,960. Gearing noted that the lower rate of increase to falling prices on the stock market and personal property.

Gearing's report was presented to the county commissioners on Monday. On Monday afternoon the commissioners met to review the Tax Equalization Board, but not one taxpayer appeared to question his property's valuation.

In presenting his report, Gearing said that the Tax Assessor said 33 new subdivisions were begun in the county in 1960. In the past three years a total of 127 subdivisions have been launched.

In other business Monday the commissioners adopted a resolution accepting, for maintenance, the State Road Department sent a letter to the commissioners stating that once the present work of America, perpetuating faith, self-reliance, integrity, freedom, principles, used to build a great country by the American Pioneer; So that, future citizens may through thoughtful adult guidance and the inspiration of nature visualize and form a code of living to diligently maintain these values and ensure proper destiny."

Wasting the Labor of the People

Thomas Jefferson said: "I place economy among the first and most important virtues and public debt as the greatest of dangers to be feared. To preserve our independence we must not let our leaders load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities and in our comforts, in our labor and in our amusements. If we can keep the government from wasting the labor of the people, under the pretense of caring for them, they will be happy."

Those words might well be emblazoned on every one of the thousands of buildings occupied by the federal government.

What is our government doing today if it is not "wasting the labors of the people under the pretense of caring for them?" What is it doing if it is not creating perpetual debt?

If we as individuals were to operate under the same financial philosophy as our government, we would never give a thought to our incomes and would think only of what we would like to spend. We could plan that trip to Bermuda, buy that extra car, get that luxurious yacht, build that desirable addition to the house, purchase a country estate for our leisure hours, and tell ourselves that we must have all these things simply because we want them. Of course we would end up in the bankruptcy courts and perhaps in jail.

On the other hand, if the federal government ran its financial affairs the way the average American family does, it would begin by estimating what its revenues should be and then would adjust its spending to stay within the limits of the income. And we would pay something every year on the national debt.

Such a revolution in government financing is long overdue.

Not the least effect of an exorbitant rate of taxation is the loss of freedom. For as Thomas Jefferson also said, "We must make our choice between economy and liberty, between profusion and servitude."

The State of Citrus

By John Shiles — Florida Citrus Mutual

LAKELAND — Doubtless, none of us ever guessed that enzymatically debittered grapefruit products are just around the corner.

But a modest scientist who doesn't care for his name to be linked with no vague distance or time "just around the corner" is authority for the enzymatically debittered grapefruit. That is, he is bittered but about grapefruit. It means, he disclosed, that science ultimately will take the last trace of bitterness out of grapefruit products. That is, what little bitterness there is left after the Florida sun has shed its beneficent rays upon the fruit to sweeten it naturally.

Moreover, this scientist asserts that some time in the future, "just around the corner," even this little trace of grapefruit bitterness may be put to profitable use in a by-product. He named over a synergistic list of chemicals into which the bitterness might go, but came down to understandable language when he said "the bitterness might even be used to make beer better."

Seems this would have no connection with the taste of beer, but would infuse some sort of enzymatic action in the brew about in the manner of yeast, if they use yeast in beer-brewing.

The grapefruit speculation came up after Florida Citrus Mutual's Bob Rutledge demonstrated "grapefruit gold," a brand new automobile paint made from citrus seed oil. During the demonstration Rutledge explained that "grapefruit gold" paint merely dramatized the by-product potentials in grapefruit that imaginative research could develop.

Taking this cue from Rutledge, our scientist went on to speculate on still other citrus by-product potentials, some are already in use and to heck with that might be acquisition.

For instance, a citrus food-drink to lengthen the life of us mortals. Doesn't straight Florida citrus juice, seething with all kinds of minerals and vitamins, already do this?

Pharmaceuticals for the treatment of heart, respiratory and nervous life. What about these things?

I put up every week by just one of Florida's big citrus

Deadly Reckoning

by Robt. Day

How are you cleaning about it? Why? The truck on a curve, and it's the driver's fault.

Roadside driving and driving off the roadway caused almost 600,000 casualties in 1960.

CRACKER POLITICS

By Allen Morris
TALLAHASSEE — The only new agency created by the '61 Legislature could occupy the role of navigator for the ship of state.

Like the navigator of a ship or a liner, COED has the task of forecasting what's ahead. It has no operational duties whatever. Its success depends in some measure on remaining aloof from the practical application of whatever findings it makes.

It's the captain or pilot-in-command of Florida, the Governor or other administrators—who has the ultimate responsibility for determining the course, taking the navigator's report into account.

Up to now, Florida has been so busy running fast just to stay up with the demands of the present that there has been no real opportunity to give thought to the future. Among the operating agencies there are planning departments, but, as in the case of the road department, the present overtakes the future so that construction is always made from citrus wastes. Don't

Too, there is a tremendous time lag in getting governmental statistics. An electric power company will know within a few days its number of new consumers during the preceding month. But State agencies often run months or years behind although the timely receipt of data from processing machines is helping some departments reduce this lag.

Looking ahead in government is not a new idea. COED is not novel in purpose. There have been numerous like-minded commissions in the past, creatures usually of the legislative branch. Their reports, however, have been reports whose practical use was that keeping the paper makers busy.

Unusually these reports have been so thick that the operational people haven't had the time to read them. An exception: The Citizens Commission on the Future of 1943-47. Its energies brought the Minimum Foundation Program into being. Its report is still being consulted. This is due to all levels of public interest by breaking down its master plan into booklets and even leaflets with cartoon-type illustrations.

With the hope (along with others) of getting position reports on Florida's future, in time for these to be useful, Governor Bryant appointed to COED a number of business and professional leaders accustomed to having their facts served up on a single page.

Altogether, he named fifteen men to COED. And as the catalyst, as the chairman to harness in teamwork the many different talents of those men, he named Ouida Baggett Regan.

Of her, Governor Bryant once said: "Don't let those baby blues fool you" (Actually, her eyes are gray-green). The Governor was warning against any snap judgment which would underestimate Regan's acumen by her son of her attractiveness. (She's blonde, five feet tall, weighs one hundred pounds, wears good clothes well.)

She is the only woman member of Bryant's statewide campaign finance committee. Along with now being chairman of COED, she serves also as the legislative liaison member of Bryant's wide-ranging, promotional Council of One Hundred. (This may be something for the psychologist to ponder: why the presence of one woman possesses a certain mystique, while that of two or more would not.)

There must be some better way of describing Mrs. Regan's competence, yet it is a fact that she has earned more than a million dollars since returning home to Pensacola at 21, a divorcee with the desperate

Jim Haley Reports

WASHINGTON, D. C. — Without any attempt to "lecture," I think that as the nation pauses to celebrate Independence Day it would be well for each of us to give some thought to just how much, or how little is left to us as individuals and as citizens of our local communities and states.

"I believe that we can all agree that much of our independence has been taken away from us by centralization of power in the federal government, and by the near-confiscatory taxes which we as individuals and businessmen have to pay to foot the bills for all the schemes and programs by which centralization has been accomplished."

But I think we also must realize that the end is not in sight for abolition of our local and state governments by the power-hungry octopus of federal bureaucracy. The federal aid to education program proposed by the Administration is an example of the kind of scheming by which those who want all power centralized in Washington would destroy what is left of the independent authority of our state and local governments.

I am happy to say at this writing, the outlook for passage of a federal aid bill at this season of the Congress is dim indeed. The "liberals" have fallen out among themselves on so many issues — aid to parochial and private schools and an education program for military veterans among them — that it looks like the whole legislative program for education will be blocked for this year.

This is good news, I believe you will agree. But I can tell you that it is better news than you know. Recently, I have had an opportunity to look at official report (government publication OE-10010) put out by the Department of Health, Education and Welfare and its Office of Education. After the report was printed, HEW officials suddenly decided it was "premature," and hastily suppressed it. But having had an opportunity to read it, I can tell you that the report is nothing more nor less than a blueprint for the taking over by the federal government of our entire public school system, and approval for the establishing an international public education system run by Washington.

The philosophy of the report, as far as control of our public schools by the federal government is concerned, can be found in the following:

Could it be that royal rump over Buckingham Palace hasn't got Prince Philip got athlete's feet? Or more likely, Antony Armstrong-Jones isn't been able to get his hands on the footman's first installment, I imagine it began: "Once a husband there lived in a big palace, I'd like to read about the Queen's feet. I'm getting a lot of reading about the President's back."

A few feet of colorful, stain-proof ceramic tile behind the kitchen range can make life happier and safer for the housewife. This back-of-the-range area, we left unprotected, has traditionally been a great big source of cleanup headaches. Ceramic tile is remarkably easy to clean, and it's also thoroughly fire-and-scorch proof.

Florida vacationers and residents are competing for some \$75,000 in cash and merchandise during the Tri-City Sun-coast Fiesta now going on in the Tampa, Clearwater, St. Petersburg area.

Civil Service Commission Opens Examinations For Safety Inspector

The United States Civil Service Commission has announced examinations for filling the positions of Safety Inspector, \$4,245 a year, and Inspector of Locomotives, \$4,955 a year, with the Interstate Commerce Commission; and Maritime Safety Assistant, \$4,435 a year, and Maritime Safety Officer, \$7,560 and \$8,955 a year, in the Bureau of Labor Standards, U. S. Department of Labor. The positions to be filled are located in various cities throughout the United States.

To qualify for the positions of Safety Inspector or Inspector of Locomotives, applicants must pass a written test and have had appropriate experience. Applications for Safety Inspector will be accepted until further notice. Applications for Inspector of Locomotives must be filed not later than September 5, 1961. Further information is given in Civil Service Announcements 2592 and 2603.

No written test is required for the Maritime Safety Assistant or Maritime Safety Officer positions. Applicants will be rated on their experience and training relevant to the duties of the positions. Applications for these positions will be accepted until further notice. Full information is given in Announcement 2618.

Civil Service announcements and application forms may be obtained from Gladys Smith, located at Post Office or from Don't bumper chase—you can catch trouble that way.

Avon Women Attend State Club Meeting

District 9, of the Florida Federation of Woman's Clubs, held a workshop in Haines City, Wednesday, June 28. Attending from Avon Park were Mrs. S. F. Elkhil, president of the Woman's Club, Mrs. J. A. Terry, Mrs. F. A. Erickson and Mrs. Helene Becker. Mrs. Wendel Smith, Mrs. Norman Todd, Mrs. Wayne Cribb and Mrs. Jimmy Pearce.

The Avon Park Woman's Club was presented with a certificate of Honor Roll for having met all 16 requirements for an honor roll club. The club was also cited for having a monthly speaker of International Relations.

The meeting was held at the library, with a luncheon at noon being served in the Club House.

The guest speaker was Captain Edward M. Valentine, U. S. Naval Reserve, who talked about "What We Learn About America from Communism."

The laughs are packed in as happily as the stars in "The Last Time I Saw Archie," comedy opening Thursday at Milana Theatre through United Artists release. That's Jack Webb and Robert Mitchum in the front seat, and behind them are Don Knotts, Robert Strauss, France Huyen, Louis Nye, Martha Hyer and an assortment of limbs and lovelies on the wheezy movie ride you just took.

FAMILY VISITS

Mr. and Mrs. John Carawia, and children, Peggy, John, Priscilla, and Elizabeth of Trumbull, Conn., are visiting her parents, Mr. and Mrs. Demos Mandis for their annual summer vacation.

Efforts Made To Inform On Hemophilia

The National Hemophilia Foundation has two chapters in Florida. Mrs. Deletha Lanier is president of the South Florida Chapter of N.H.F. which meets monthly. The other chapter is in Sarasota, and known as the West Florida Chapter.

The National Foundation has been making a great effort to get more information to the public on what hemophilia is and what can be done to relieve the sufferer from this ailment. A film entitled, "Man Sometimes Conquers," is available upon request to any club or individual who is interested without cost. Mrs. Lanier will arrange for this film to be sent to anyone who will contact her.

Donations to the National Foundation may be sent to the secretary of the South Florida Chapter, Mrs. William David, 3170 S. W. 20th Street, Miami, Florida.

PASSES IN NORTH
Word is received by friends here that Orestis Ray passed away recently in Granby, Conn. Mr. and Mrs. Ray have lived in the Vicksburg division for several years, and he has been in poor health before going north. Mrs. Ray's address is P. O. Box 268, Granby, Conn. for anyone who wishes to contact her.

Polk County Native Passes Here June 27

Mrs. Viola Alderman, age 76, passed away Tuesday, June 27, following a lingering illness.

Mrs. Alderman was born in Polk County and came to Avon Park fourteen years ago to make her home with her brother, H. E. Godwin, who preceded her in death several years ago. She had endeared herself to a host of friends by her kind manner and gracious charm. She was a member of the First Methodist Church and active in the Garden Club and Woman's Club of this city.

She is survived by a daughter, Mrs. Vernon Lanier and three grandchildren, Miss Jan Saylor, and Henry and Elaine Lanier; and one sister, Mrs. Louis Hart of Okaloosa.

Funeral services were conducted by the Reverend Dean Stephens of Pinellas Park, at the First Methodist Church, Thursday afternoon. Interment was in Evergreen Cemetery, in Fort Meade.

Survivors were Roxane Bass, G. D. Godwin, Jr., J. C. Durance, W. J. Durance, Ralph Durance and David Lanier.

In lieu of flowers the family

Racing Monies Distributed

A final distribution of racing monies was made on June 29 in the amount of \$2,950.00 to each county, bringing to a total of \$187,800 each county has received from this source during the current fiscal year. Ray E. Green, State Comptroller announced today.

Last year each county received \$188,700, or \$1,100 more during 1959-60 than was received this year, for a decline of 0.5 per cent.

During 1958-59, a total of \$12,642,200 was distributed to Florida's 67 counties, comparing with a total during 1957-58 of \$12,569,200 or a decrease of \$73,000.

These farm mortgages in Florida numbered 3,742 last year, down about one fourth from the number handled in 1959. The average size of loans, however, has been increasing consistently in recent years and came to \$11,624 last year compared with a national average of \$9,870.

These data refer to loans secured by real estate, made during the year for farm improvement and the purchase of additional property. Florida farmers usually borrow most heavily from individuals. Last year individual loans made up 34 per cent of the state total of \$10,440,000. The federal land bank negotiated 18 per cent of the total, of \$1,820,000 and banks and trust companies

Florida Farmers Borrowed Less Money Last Year—State Chamber

Florida farmers borrowed less money last year than during any year since 1954, the Florida State Chamber of Commerce said yesterday.

"Farm, grove and dairy real estate mortgages recorded in the state last year came to \$43,500,000, down 10 per cent from 1959 and about half the 1961 volume which was the peak year for these recordings. Nationally, there was a 9 per cent drop, 1959 to 1960.

"These farm mortgages in Florida numbered 3,742 last year, down about one fourth from the number handled in 1959. The average size of loans, however, has been increasing consistently in recent years and came to \$11,624 last year compared with a national average of \$9,870.

These data refer to loans secured by real estate, made during the year for farm improvement and the purchase of additional property. Florida farmers usually borrow most heavily from individuals. Last year individual loans made up 34 per cent of the state total of \$10,440,000. The federal land bank negotiated 18 per cent of the total, of \$1,820,000 and banks and trust companies

loaned 10 per cent, of \$4,500,000. Insurance companies loaned 7 per cent, amounting to \$3,045,000. The balance (\$17,855,000) was secured from a combination of lenders including associations and government agencies. Only insurance companies and the federal land bank showed gains in these loans last year over 1959.

"While year-to-year real estate mortgages have been decreasing since 1957 in Florida, total farm debt has been increasing since 1954. On January 1, 1960, the total debt of Florida farmers for all farm purposes came to \$211,250,000, a net gain of 12 per cent, or \$24,067,000, since January 1, 1959.

"Lenders securing the debt in Florida are principally in active farms. Only a small portion of the properties involved are former farm lands in the process of being converted to urban uses."

TO APPEAR ON TV
Mrs. Orbin, General Federation President of the Woman's Clubs of America will be a featured guest on the "Today" show, Friday, July 14th, television show on channel 8.

HOW TO MAKE THIS DREAM COME TRUE!

If you've found your dream home and have the down payment, then we loan you the balance at lowest rates. If you still lack the down payment, see us about a savings account now. By saving regularly here, you'll soon have the cash!

WE HELP YOU OWN YOUR OWN HOME PROTECT YOURSELF WITH SAVINGS!

BE SAFE, EARN MORE, SAVE HERE!

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

Ford wagons have features that only America's station wagon specialists can bring you.

- There's more room. Ford's extended load deck is the longest and widest in its field.
- There's more convenience. You can have a power-operated roll-down rear window in any Ford wagon.
- There's more distinction. The Country Squire (above) is the only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings. Ford's Ranch Wagon is America's lowest-priced, full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between oil changes, 4,000 miles between oil changes. Stop waiting for that wagon you've always wanted. Swap for a '61 Ford wagon now! Save for a '61 Ford, the wagon America loves most!

Today is the day to STOP...SWAP...SAVE

Avon Park Lakes News

By Mrs. Marge Shuman
Phone GL 2-4021 — Box 397, Rt. 2

VI Carlisle has returned to his home after spending three weeks in Pittsburgh, Pa., where she visited her children and grandchildren. Mr. and Mrs. Jerry Lagiere spent two days in Clearmont last week on a combined business and pleasure trip. Manager Joseph Chmely of day, Mr. and Mrs. Arthur Hoot-Bayona, N. J., and Father Ed-bar, who were their next door

neighbors in LaGrange, Ill. Mr. and Mrs. Howard Mehrling and daughter Ginger, are up from Miami Springs for a vacation on the Lakes. Last Thursday a group from the Lakes who enjoy square dancing, got together at the Optimist Club in Lake Wales in the late afternoon for swimming followed by a covered dish supper and dancing in the evening. Hosted by Mr. Krenetick. We all had a good time. Mr. and Mrs. James Anderson celebrated their 33rd wedding anniversary last Friday evening and were surprised at the home of Mr. George Barnes when a number of neighbors

and friends got together for cake, ice cream and coffee. —Marge Shuman

NAMED TO BOARD

Richard L. Drensel of Lake Placid has been appointed a member of the Highlands County Selective Service Board No. 39. Drensel is a dairy producer, coming to Highlands County from Dade County. Other members of the board are Dr. H. N. Rafferty and S. J. Rudasill of Sebring, and J. A. Hein, Avon Park.

Government Jobs of Clerk, Technician Open

The Fifth U. S. Civil Service Regional Office is accepting applications for the positions of Clerk, GS-1, GS-2 and GS-3 paying \$3,185 to \$5,760 and medical technician and medical radiology technician, paying \$4,040 to \$5,355. A written test is required for Clerk. No experience is required for grades GS-1 and GS-2. For grade GS-3, competitors must have had 1 year general office clerical experience. No written test is required for medical technician and medical radiology technician. Applicants must have appropriate experience or training. Applications for clerk will be accepted if received or postmarked on or before July 17, 1951. Applications for medical technician and medical radiology technician will be accepted until further notice. Persons interested in these positions may get application forms or information as to where such forms are available at any post office (except the Atlanta, Georgia, Office) or the Fifth U. S. Civil Service Regional Office, Federal Office Building, 275 Peachtree Street, N. E., Atlanta 3, Georgia.

A total of 275 requests for information were handled from all areas of the United States and Canada during the month of February.

TO SHOW FILM

John Crittenden will show movies and talk on Civil Defense at the Florida Power Clubhouse on Lake Lotela, Thursday night, July 12 at 8 p.m. All husbands and wives of Florida Power employees are invited to attend the meeting. Hostesses will be Mrs. Richard Birt, Mrs. Calvin Fletcher and Mrs. Edward Sharpe.

They won

...without army, or navy, or air force. Thirteen small struggling colonies set themselves against imperial might, and they won. Led by men of character, devotion, courage and high ideals, the men of Valley Forge won our Independence, our Fourth of July. They were lovers of Liberty and of God. But our freedom did not come easy. God bless the memory of those historic patriots who laid everything on the altar for their country... their lands, their homes, their families, their very lives. Are we worthy to follow in their train? Just what are we paying for this rich inheritance? Let us bow, on this Fourth of July, in devout gratitude. Let us help make "Christian America" truly Christian, more loyal and more Godly.

Club Warns Against Long Driving Stints

TAMPA—The "marathon at attitude" toward vacationing is dangerous, warns the Peninsula Motor Club (A.A.A.) urging motorists to use moderation on their summer trips.

The A.A.A. club pointed out that the motorist who tries to cram a month of activity into two weeks of vacation is running the risk of a traffic accident, unnecessary fatigue, illness, among other things.

To help motorists enjoy a safe and sane vacation, the Peninsula Motor Club issued the following list of suggestions:

- 1—Get an early start before the roads are jammed with traffic.
- 2—Try to stop for the night before darkness, it is safer to drive in daylight.
- 3—Drive only a reasonable distance each day. It is foolish to set a rigid schedule, and then rush to meet it. Three to four hundred miles a day is plenty.
- 4—Stop every 100 miles or so for a coffee break and a stretch. It will rest you, and your driving will be more efficient.
- 5—Eat and drink in moderation. You will enjoy your vacation more.
- 6—Take the sun in moderate doses. A bad case of sunburn can be very painful.
- 7—Use precaution in swimming, especially when young children are involved. Do not try to swim too far, and be certain a qualified lifeguard is in the area.
- 8—Finally, try to remember that there will be other vacations. It is not necessary to see and do everything on this one. Relax and enjoy yourself.

Employment On Upward Trend According To State Commission

TALLAHASSEE—Signs of three points during May to 204 employment stabilization in the State's larger areas and four other factors were cited today by the State Industrial Commission Chairman A. Worley Brown, as indications that Florida non-farm employment is holding steady and ready to move upward with the continued improvement in the nation's economy.

The four favorable indications, Brown said, were:

1. The Commission's employment index adjusted for seasonal variation moved upward

three points during May to 204 employment stabilization in the State's larger areas and four other factors were cited today by the State Industrial Commission Chairman A. Worley Brown, as indications that Florida non-farm employment is holding steady and ready to move upward with the continued improvement in the nation's economy.

2. May's unemployment total of 120,650 was well below the recession peak of 128,000 in March.

3. Manufacturing in May was up 2,900 over May a year ago at 211,000.

4. Construction made slightly more than seasonal recovery in May, rising 2,400 above April to 104,900.

However, Brown pointed out that the close of the winter tourist and citrus canning seasons are prelude to the slackening summer season. Nonfarm employment in Florida dropped 15,800 from April to a total of 1,304,600 in May.

In addition, Brown said, the June employment report will show a considerable increase due to students and graduates entering the labor market. Out-of-state jobseekers leaving Florida in May caused the unemployment somewhat, Brown said.

A favorable comparison with May a year ago showed virtually no change in total non-farm employment in the large population areas in the State with the exception of Orlando, up 1,600 from May of 1960 to 78,000; Palm Beach up 1,300 to 24,500; and Pensacola up

500 to 53,100.

Other areas remained practically the same as a year ago. They were Miami at 307,500; Jacksonville, 142,500; Hillsborough, 111,100; Pinellas, 82,400; and Polk at 52,600.

WATER SAFETY CLASS

A water safety class was scheduled to get underway in Sebring July 4th at 7 o'clock at the Malcom Waters pool on S. Lakewood Dr. Fred Davis and Mrs. Nita Stewart will direct the class. Candidates must hold either a junior or senior life saving certificate to participate.

Dependable people make dependable drivers.

Avon Resident Passes Sunday

A. L. King, age 69, passed away Sunday, July 2, at a local hospital, following a brief illness. He came to Avon Park from Madison about four years ago. He was a native of Madison and retired from the dry cleaning business. He was a member of the First Baptist Church.

Survivors include his widow, Mrs. Myrtle King; a daughter, Mrs. Virginia Jackson, of Orlando; two sons, R. R. King of Tallahassee; and H. E. Beugnot of Miami; three sisters, Mrs. Mary Kirkland and Mrs. D. K. Stephens, both of

Miami and Mrs. Lena Williams of Valdosta, Ga. and one brother, Joe King of Avon Park.

Funeral services were conducted by the Rev. A. D. Childers in the First Baptist Church, Tuesday at 11 a.m. Interment was in Bougainville Cemetery. Misses J. M. O'Brien, I. H. Ford, Milton Martin, J. E. Collins, Henry Coffee and P. O. Goff.

Don't criticize the other fellow about his shortcomings unless you've got enough sense to do it better.

EUROPEAN TRIP DELAYED

Mrs. E. A. Ricketts and her sister, Mrs. Joe Penland and son, Joseph, of San Diego, California, had plans to leave this week for an extended trip to Europe, but after a week here Joseph became ill and had to return to California, and then Mrs. Penland was called home because of his condition. So their trip to Europe has been postponed for the present. When Joseph is recovered they will again plan to make the trip where they expect to visit some places the Penland family has lived in Europe. Mr. Penland is a captain in the U. S. Navy.

Talking of Pets

37 Million Cats

27 million... that's the latest tabulation of our feline population. Cats now rate as the most popular four-legged pet, outnumbering dogs by one million, says the Pet Food Institute.

This probably comes as no surprise to the cat. They've been purring their way into our affection since history began. Your widespread feline tabby cat probably traces his family tree back to the royal cat-pal of ancient Egypt. Perhaps his forebears sailed with the Spanish Armada, or held court in a Siamese temple.

Easy to feed and care for, a cat is an ideal pet for a busy modern family. He is naturally clean, house breaks easily and makes few demands on your time. One of his chief charms is his sleek beauty, so keep your cat in tip-top condition by following these simple rules:

Be sure he has a balanced diet. A cat has special dietary requirements so don't expect him to thrive on table scraps. Modern commercial cat foods are formulated to supply all your pet's food requirements and to appeal to his taste, too. Feed a kitten four times a day; a full grown cat twice a day.

Always give your cat plenty of fresh water. Be sure you keep his food and water bowls clean.

Brush his coat at least every other day. Your cat will groom himself often. However, brushing removes loose hair and helps prevent hairballs in his stomach.

In return your cat will give you hours of amusement and loving companionship. He'll be a purr-fect pet.

FAST, EXPERT

SHOE REPAIR

Finest workmanship. Quality materials.

Why buy new shoes when we can repair your old ones to wear? New heels and soles add mileage!

Avon Woman Returns From Visit To Louisville, Kentucky

Widely Known
Citrus Authority
Passes July 2

E. T. Keenan, age 79, of Frostproof died Sunday, July 2. He had been a resident of Frostproof for more than 40 years.

He was a recognized authority on the history of Florida, particularly that of the Seminole Indians. He was a retired major in the U. S. Engineering Corps, a scientist and chemist, having contributed numerous technical papers to national and international organizations. For many years he served as a grove consultant for citrus men of this area.

In 1944 Mr. Keenan was the Republican candidate for governor of Florida. He was active in the civic affairs of Frostproof.

Funeral services were held in Frostproof and his remains were sent to Virginia for burial in Arlington National Cemetery.

Ball Schedule

A full week of baseball is scheduled by the three leagues in action this summer in Avon Park.

Thursday (6 p. m.) Little League: FPE vs. Lions and Rotary vs. First Baptist.

Friday (6 p. m.) Little League: Avon Citrus Bankers vs. VFW at Head Field.

Saturday (7:30 p. m.) Babe Ruth League: APCI vs. JCs in Sebring; (8 p. m.) Legion vs. Lions at Avon Park; and (9 p. m.) Legion vs. Bradenton at Head Field.

Sunday (8 p. m.) Legion: Avon Park vs. Naples at Head Field.

Monday (7:30 p. m.) Babe Ruth League: APCI Employees vs. Avon Citrus Bankers at Head Field.

Tuesday (6 p. m.) Little League: Lions vs. Rotary and FPE vs. First Baptist.

The Avon Park Legion nine plays in Wauchula, July 10 and in Naples, July 12.

Tondees Observe
Wedding Date

Mr. and Mrs. Virgil Tondee, Jr. observed their first wedding anniversary Sunday, July 2 at their home on N. Anoka Avenue, with only the families present.

They served a part of their wedding cake which had been saved for the occasion. A pink and white damask cloth covered the table and a line of flowers was served from a punch bowl. Mrs. Tondee's muscine blossoms encircled the punch bowl.

Those present were Mr. and Mrs. Marshall Davis, Mr. and Mrs. Virgil Tondee, Mr. and Mrs. Rene Davis and the host and hostess.

Mrs. Solving Gerrard has returned from a visit in Louisville, Ky., where she visited her son, Ralph, and his family and her sister. Her niece and family from Minnesota were also in Louisville while Mrs. Gerrard was there.

Gary Holloway of Orlando, has been visiting his aunt and uncle, Mr. and Mrs. Richard Derkman. The Derkmans spent a few days last week at Vero Beach, and enroute home they picked up Gary. His parents, Mr. and Mrs. Sam Holloway, came down Saturday for him.

Mr. and Mrs. Cleve Williams of Orlando are spending a few days with his sister and family, Mr. and Mrs. Wiley Cochran.

Mr. and Mrs. Wayne Renner are visiting their parents in Somers, Ohio. He will return home this week, but she plans to spend a month longer in Ohio.

Mr. Sam King's brother, Henry T. Butler, his wife and two young sons, and Mrs. King's mother, Mrs. B. P. Butler, are guests of Dr. and Mrs. King. They arrived Saturday evening from Hollywood, Fla., for the holidays. Mrs. King's mother will stay on for an indefinite period. Saturday at midday, Mrs. King's son, Bruce, and his two cousins, Jeff and Mark Butler, of Hollywood, arrived by train.

Mr. and Mrs. John Garber and sons, Johnny and Sammy, of Fort Myers, will spend the week-end with their parents, Mr. and Mrs. Paul Zuck, and Mr. and Mrs. T. G. Harrison and families. The Garbers' daughter, Gwyn, is already here with her grandparents.

Sunday, T. G. Harrison and daughter, Vicki, and Mrs. Garber and her children will leave for a Georgia vacation. They will visit relatives in Sand Springs and Wrightsville, Georgia.

Mrs. Moree
Passes Friday

Mrs. Martha Dixie Moree, 60, of 608 N. Verona Avenue, Friday, June 30. She came to Avon Park 7 years ago from West Virginia. She was a member of the Florida Avenue Baptist Church.

Mrs. Moree is survived by her husband, C. O. Moree, two daughters, Juanita Chambers, Mable, and Virginia; Mrs. Lucille Clevering, Mrs. Harbor, Florida and one brother, Abe Hatfield, West Virginia.

Funeral services were conducted Monday, June 3, from the Florida Avenue Baptist Church with the Reverend J. M. Gilbreath officiating.

Burial was in the Mt. Zion cemetery. Burial was in the Mt. Zion cemetery.

Baptists Hold Little Loop Lead
As Play Moves Into Final Week

The first place First Baptist team takes on the Lions on Thursday night in the 6 p. m. game and Rotary plays First Baptist in the night cap. Next Monday night closes out the regular season schedule and features the Lions vs. Rotary in the opener and FPE vs. First Baptist in the second game.

The Lions held off a last inning threat by the Rotary on Thursday night to win 6-4. Tommy LaFlam slammed out two doubles for the winners and Gary Neal and Chuck Long both contributed a single. Rotary got six hits off winning pitcher Gene Landress. Chuck Warrington and Bobby Jones both got a double and Chuck Dunsy, John Townsend and Charles Rewia, and Jeffery Stukey all hit a single each for Rotary.

On Tuesday night the Rotary won an easy one when they took a 6-0 forfeit win from the Florida Power Employees who didn't have enough players on hand to field a team.

In the opening game Tuesday night the First Baptist had a no-hitter thrown at them by Lion hurler Tom LaFlam but managed to score two runs to win 2-1. Betty Williams scored a run in the first when he was walked, advanced to second and

third on fielders choices and then was walked home. Rene Rewia scored the winning run. He was walked, took second and third on past balls and stole home. Winning pitcher Bobby Barben gave up only one hit to the Lions—a double by Tom LaFlam. LaFlam's hit drove in the Lions only run, which was scored by Dennis Richards. LaFlam scored on 15 batters while hurling his no-hitter but walked ten men. Barben fanned nine batters and walked only two as he allowed one hit.

Thursday night, July 6, the FPE team takes on the Lions in the 6 p. m. game and Rotary plays First Baptist in the night cap. Next Monday night closes out the regular season schedule and features the Lions vs. Rotary in the opener and FPE vs. First Baptist in the second game.

Biggs Family
Attends Meet

Mr. and Mrs. Hubbard K. Biggs and daughters, Carolyn and Susan, were in Miami this week where they attended the Florida Association of Insurance Agents, which was held at the Fontainebleau Hotel.

According to reports, Susie enjoyed the trip most of all. She was among the youngsters who were guests of the hotel for their recreation program while her parents attended the meetings. The banquet, Saturday night featured the Ames Brothers and Jimmy Nelson for entertainment.

Fla. Power Corporation Announces
Changes In Executive Positions

A re-alignment of executive responsibilities at the Florida Power Corporation has been announced by J. Shirley Gracy, senior vice president in charge of division operations and sales.

A. V. Benson, formerly vice president in charge of the Lake Wales, Northern, Ocala, and Winter Park divisions, has been named vice president in charge of the divisions in the company's 31-county service area.

Andrew H. Hines, Jr., formerly director of area development, was promoted to executive assistant in division operations.

Gracy said that the new position of vice president in charge of governmental relations would fill the need for providing staff assistance and direction to the company's relationship with municipalities in the obtaining of franchises and franchise renewals and in the negotiation of municipal power contracts for street lighting, water pumping

and other uses. This would also apply to the relationship between the company and the Florida Electric Cooperative Association, a group of other governmental agencies and other organizations.

Benson is a veteran of 33 years service with FPC and previously served as division manager in Winter Park and Lake Wales. He is active in the Rotary Club, Methodist church and other organizations.

Prior to becoming a vice president of FPC in 1959, Pickett was manager of the St. Petersburg division since 1945.

Through the years he has been very active in the Chamber of Commerce, Exchange Club, Goodwill Industries and participated in numerous other civic activities.

Hines is a mechanical engineering graduate of the University of Florida, a registered engineer in the State of Florida, and former regional secretary of the American Society of Mechanical Engineers. After four years in research and development engineering with the

General Electric Company, he joined FPC in 1951. He has long been active in the industrial development of Pinellas County as head of FPC's industrial and area development departments and as a member of the Executive Board of the Committee of 100.

Miss Nancy Holland of Chicago, Visiting Relatives In Avon Park

Miss Nancy Holland, Chicago, Ill., is visiting her aunt, Mrs. E. B. Porterfield, Nancy attended school here when she made her home with her aunt for one winter.

Mr. and Mrs. J. A. Johnson are entertaining her sister and husband, Mr. and Mrs. Earnie Truman of Ft. Pierce; their daughter and husband, Mr. and Mrs. J. Adams and little daughter, Lisa, of Daytona Beach.

Fred and Blue Monteleone and their little daughters, Anne and Alice, have returned to their home in Ocala, after spending several weeks with her parents, Mr. and Mrs. W. J. Head.

Mrs. C. L. Sutherland and children, Tracy and Parks, of Lake Worth, are with her mother, Mrs. C. P. Anderson, while Mr. Sullivan is attending summer school at the University of Florida, Gainesville. He is a member of the faculty at the Junior College of Fort Worth and is working on his PhD at the university.

Mr. and Mrs. W. P. O'Brien have returned from a vacation trip that took them through Alaska, where they visited with the Rev. and Mrs. Stuart, and to Valdosta, Georgia, where they were guests of Mr. and Mrs. Donald Langford. She is the former Miss Mary Sally Sawyer, who made her home with the O'Brien family for several years before her marriage. They also visited with relatives in Tallahassee, Alabama and enroute home stopped to see Mr. and Mrs. Garvis Wells, Moultrie, Ga., who were former residents of Avon Park.

Mr. and Mrs. Vernon Tyson and daughters, Nancy and Sally, of Largo, were in town Saturday, for golf and to visit with friends. Gene Sharpe went home with them to stay a week with Nancy.

Mr. and Mrs. Sam Blacklock and little daughter, Connie, of Coral Gables, were visiting with her mother, Mrs. L. Harris and the Mac Flowers family for a few days last week.

The Rev. and Mrs. Jack Witt and son, James, of Jacksonville, are visiting their parents, Mr. and Mrs. T. O. Martin and Mrs. Lettie C. Witt for a few days. The Rev. and Mrs. Dean Martin of Pinellas Park were also guests with the Martins this week.

Miss Ginger Melching of Miami Springs is visiting Miss Claire Maxwell. Ginger's parents, Mr. and Mrs. Howard Melching, are spending a few days at their home in Avon Park Lake. Ginger has been attending the pre-registration conference at the University of Florida, Gainesville, where she will be entering school this fall.

The Misses Jane and Jean Tilla, twin sisters, of St. Petersburg, are visiting their grandfather, H. W. Reddick, and other relatives here.

Mr. and Mrs. J. A. Perez, Joe, Patsy and Lewis, enjoyed a vacation trip to New Orleans where they visited Mrs. Perez's brother and wife, Mr. and Mrs. Roy Sellers. They spent some time in Alexander City with her mother, Mrs. L. E. Sellers before going to Atlanta, Ga., where Patsy joined Mrs. Louis Sugart and Pura Ann Delaney for their trip to New York City and other points of interest in the northern states and Canada.

Alvin Riggins Passes Sunday After Illness

Alvin F. Riggins, age 75, passed away at the Walter Memorial Hospital, Sunday, July 2, following a lingering illness. He was a retired business man. He and Mrs. Riggins operated a small nursery at their home on 400 South Andrus Street. He was born in Tallapoosa County, Alabama.

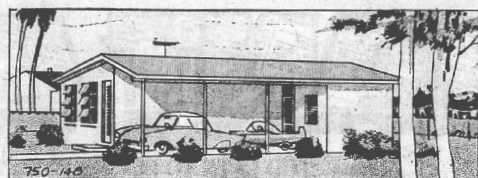

Since coming to Avon Park 13 years ago, Mr. Riggins had been a faithful and active member of the First Methodist Church.

He is survived by his widow, Mrs. Ann Estelle Riggins; two daughters, Mrs. Al Rodgers, Ocala; two sons, Alvin F. Riggins, Jr., Fort Lauderdale, and Elmo H. Riggins, Miami; three grandchildren; a brother, Laurence Riggins, Birmingham, Ala.; and two sisters, Mrs. A. B. Williams, Birmingham and Mrs. E. A. Lewis, Bessemer, Ala.

At the request of Mr. Riggins, funeral services were held from the Stephenson Funeral Chapel with the Rev. Russell Ross, pastor of the First Methodist Church, conducting the services in the Boguanville Cemetery, Tuesday afternoon, July 4.

Those from out of town here to attend the funeral were all of his children and two of Mrs. Riggins' sisters and their husbands, Mr. and Mrs. Guss Borders and Mr. and Mrs. W. H. Smith, all of Miami.

Go To Church On Sundays

Design Given For 1 Bedroom Retire Home

The design of even a small, one-bedroom retirement home has to meet certain specific requirements. In the case of Home No. 750-148 the requirements were several: (1) a compact, easy-to-build slab - on-grade masonry house that a retired "do-it-yourselfer" could build with a minimum of outside help (and on a minimum budget); (2) the living room, kitchen and screened porch should face the preferred exposure and view, which were in the back; (3) the house should fit a 65-foot lot with no major windows facing the neighbors.

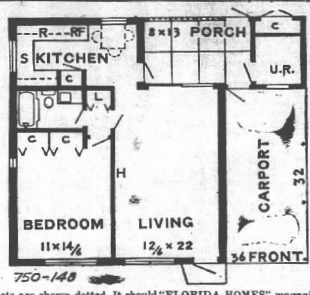

The picture shows the side-front view with the carport in the foreground with the utility room behind it and the front door and bedroom to the left. The gently pitched saddle roof has its ridge line over the masonry wall of the carport, thus allowing a higher ceiling for the central living room and a lower one for the bedroom and kitchen.

The 12'x22' living room receives light at the front from the double awning window and jalousie door, and has at the back an 8-foot-wide sliding glass door leading to the 8'x15' screened porch. There is ample wall space for furniture and pictures on the side walls.

30-inch-wide opening (a door here is optional) joins the living room with the 6'x8' dining alcove of the "living kitchen." The dining table (dotted on plan) is close to a 3-foot wide window and to a jalousie door to the screened porch. This porch will be convenient for warm weather eating and potting and it also offers access to the garden and carport.

In fact, one of the charms of this house is the ease of access from one part to another and at the same time, separation of rooms.

The kitchen proper occupies an area of 8'x10'. It has a double sink (S) under the 4'x6' window and with the refrigerator (R) and hood and the range (RP) to the right and another counter and doorknob (D) to the left. Wall cabinet (C) to the left. Wall cabinet (C) to the left. Wall cabinet (C) to the left.

Florida Homes magazine (available on newsstands or by mailing 50c to Box 11567, St. Petersburg 33, Florida).

GERTRUDE A. PRESTON Mrs. Gertrude A. Preston, age 78, passed away at the home of her son, Edwin P. Creasney, Holly Shores Sunday, July 2.

Funeral services were held in the Stephenson Funeral Chapel, Tuesday with the Rev. LeRoy Lawler officiating. Interment was in Boguanville Cemetery.

Funeral services were held in the Stephenson Funeral Chapel, Tuesday with the Rev. LeRoy Lawler officiating. Interment was in Boguanville Cemetery.

Funeral services were held in the Stephenson Funeral Chapel, Tuesday with the Rev. LeRoy Lawler officiating. Interment was in Boguanville Cemetery.

Talking of Pets

27 Million Cats That's the latest tabulation of our feline population. Cats now rate as the most popular four-legged pet, outnumbering dogs by one million, says the Pet Food Institute. This probably comes as no surprise to the cat. They've been purring their way into our affections since history began. Your wide-eyed tiger baby can probably trace his family tree back to the royal cat-eggs of ancient Egypt. Perhaps his forebears sailed with the Spanish Armada, or held court in a daisies temple.

Easy to feed and care for, a cat is an ideal pet for a busy modern family. He is naturally clean, house-breaks easily and makes few demands on your time. One of his chief charms is his sleek beauty, to keep your cat in tip-top condition by following these simple rules:

Be sure he has a balanced diet. A cat has special dietary requirements so don't expect him to thrive on table scraps. Modern commercial cat foods are formulated to supply all your pet's food requirements and to appeal to his taste. Feed a kitten four times a day; a full grown cat twice a day.

Always give your cat plenty of fresh water. Be sure you keep his food and water bowls clean. Brush his coat at least every other day. Your cat will groom himself often. However, brush him with a fine-toothed comb to prevent hairballs in his stomach.

In return your cat will give you hours of amusement and loving companionship. He'll be a pure-fect pet.

The city of Palatka has earned national recognition for improvement in its Pedestrian Program. The recognition came in the form of a citation by the American Automobile Association.

Zucks Return To Home Here

Mr. and Mrs. Paul Zuck of Norristown, Pa. are at their home on Lake Byrd for the summer months. On their way down through Florida they stopped to visit their daughter and family, Mr. and Mrs. Jimmy Hetherington at Keystone Heights. Her granddaughters, Gwen Garber of Ft. Myers, who was visiting with the Hetheringtons and Cindy Hetherington, accompanied the Zucks to Avon Park, and are enjoying a visit here with their grandparents.

Mr. and Mrs. Jimmy Hetherington and their other children, Billy, Lisa and Holly, were here for the week-end visiting the Zucks and his parents, Mr. and Mrs. W. M. Hetherington.

PERMITS FOR JUNE

The City of Avon Park records building permits for the city totaling an approximate value of \$125,000 for the month of June, including 16 residential and two commercial buildings, with a total of \$340 paid to the city for permits.

Avon Woman Returns From Visit To Louisville, Kentucky

Widely Known Citrus Authority Passes July 2

E. T. Koenig, age 79, of Frostproof died Sunday, July 2. He had been a resident of Polk County for more than 40 years.

He was a recognized authority on the history of Florida, particularly that of the Seminole Indians' wars. He was a retired major in the U. S. Engineering Corps, a scientist and chemist, having contributed numerous technical papers to national and international organizations. For many years he served as a grove consultant for citrus men of the area.

In 1944 Mr. Koenig was the Republican candidate for governor of Florida. He was active in the civic affairs of Frostproof.

Funeral services were held in Frostproof and his remains were sent to Virginia for burial in Arlington National Cemetery.

Ball Schedule

A full week of baseball is scheduled by the three leagues in action this season in Avon Park.

Thursday (6 p. m.) Little League: FPE vs. Lions and Rotary vs. First Baptist.

Friday (6 p. m.) Babe Ruth League: Avon Citrus Bankers vs. VFW at 7:30 p. m. Babe Ruth League: APCI vs. Lions at 8 p. m. Legion: Avon Park vs. Bradenton at Head Field.

Saturday (8 p. m.) Legion: Avon Park vs. Naples at Head Field.

Monday (7:30 p. m.) Babe Ruth League: APCI Employees vs. Avon Citrus Bankers at Head Field.

Tuesday (6 p. m.) Little League: Lions vs. Rotary and FPE vs. First Baptist.

The Avon Park Legion nine plays in Wauchula, July 10 and in Naples, July 11.

Tondees Observe Wedding Date

Mr. and Mrs. Virgil Tondee, Jr. observed their first wedding anniversary Sunday, July 2 at their home on N. Anoka Avenue, with only the family present.

They served a part of their wedding cake which had been saved for the occasion. A pink damask cloth covered the table and line of foot was served from a punch bowl. Pink hibiscus blossoms encircled the punch bowl.

Those present were Mr. and Mrs. Marshall Dyer, Mr. and Mrs. Virgil Tondee, Mr. and Mrs. Rene Davis and the host and hostess.

July 4th Boat Show Winners

TOP PHOTO — JIMMAY LYLE, left, was named the winner of the boat show held on Lake Verona here Sunday as part of the Fourth of July Celebration. He is shown receiving an ice chest for his efforts from Royal Coats, master of ceremonies for the day. RIGHT — Jim Parker, right, accepts an ice chest for second place in the boat show from master of ceremonies Coats.

Baptists Hold Little Loop Lead As Play Moves Into Final Week

The first place First Baptist third on fielders choice and then walked home. Rance Lewis scored the winning run. He was walked, took second and third on past balls and stole home. Winning pitcher Bobby Barben gave up only one hit to the Lions—a double by Tom LaFlam. LaFlam's hit drove in the Lions only run which was scored by Dennis Richards. LaFlam struck out 15 batters while hurling his no-hitter but walked ten men. Barben fanned nine batters and walked only two as he allowed one hit.

Thursday night, July 6, the FPE team takes on the Lions in the 6 p. m. game and Rotary plays First Baptist in the night cap. Next Monday night closes out the season with a doubleheader and features the Lions vs. Rotary in the opener and FPE vs. First Baptist in the second game. The First Baptists and the Lions have a tie game to play off before the season ends.

Team Standings: W L T First Baptists 9 5 1 Rotary 7 7 1 Lions 7 7 1 FPE 5 10

The Lions held off a last inning threat by the Rotary on Thursday night to win 4-3. Tommy LaFlam slammed out two doubles for the winners and both contributed a single. Rotary got six hits off winning pitcher Gene Landress. Chuck Warrington and Bobby Jones both got a double and Frank Dudley, John Townsend, Charles Lewis, and Jeffery Stucky all hit a single each for Rotary.

On Tuesday night the Rotary won an easy one when they took a 6-0 forfeit win from the Florida Power Employees who didn't have enough players on the field to field a team.

In the opening game Tuesday night the First Baptist had a no-hitter thrown at them by Lion hurler Tom LaFlam but managed to score two runs to win 2-1. Scotty Williams scored a run in the first when he was walked, advanced to second and

Biggs Family Attends Meet

Mr. and Mrs. Hubbard K. Biggs and daughter, Carolyn and Susan, were in Miami this week where they attended the Florida Association of Insurance Agents, which was held at the Fontainebleau Hotel. According to reports, Suzie enjoyed the trip most of all. She was among the youngsters who were guests of the hotel for their recreation program while her parents attended the meeting. The banquet Saturday night featured the Ames Brothers and Jimmy Nelson for entertainment.

Fla. Power Corporation Announces Changes In Executive Positions

A realignment of executive responsibilities at the Florida Power Corporation has been announced by J. Shirley Gracy, senior vice president in charge of division operations and sales.

A. V. Benson, formerly vice president in charge of the Lake Wales, Northern, Ocala, and Winter Park divisions, has been named vice president in charge of governmental relations.

W. M. Pickett, formerly vice president in charge of the St. Petersburg and Clearwater divisions, has been given the responsibility for all six of the divisions in the company's 11-county service area.

Andrew H. Hines, Jr., formerly director of area development in the obtaining of governmental relations with municipalities in the obtaining of franchises and franchise renewals and in the negotiation of municipal power contracts for street lighting, water pumping

and other uses. This would apply to the relationship between the company and the Rural Electric Cooperative served by the company and with other governmental agencies to assure mutual understanding and effectiveness.

Benson is a veteran of 23 years service with FPC and previously served as division manager in Winter Park and Lake Wales. He is active in the Rotary Club, Methodist church and other organizations.

Prior to becoming a vice president of FPC in 1959, Pickett was manager of the St. Petersburg division since 1945. Through the years he has been very active in the Chamber of Commerce, Exchange Club, Goodwill Industries and participated in numerous other civic activities.

Hines is a mechanical engineering graduate of the University of Florida, a registered engineer in the State of Florida, and former regional secretary of the American Society of Mechanical Engineers. After four years in research and development engineering with the

General Electric Company, he joined FPC in 1951. He has long been active in the industrial development of Pinellas County as head of FPC's industrial and area development departments and as a member of the Executive Board of the Committee of 100.

ATTEND FAMILY REUNION Mr. and Mrs. L. C. Hooper and daughter, Judy, spent the week-end in Jacksonville, with his sister and family, Mr. and Mrs. Frank Dyal. On Sunday, a family reunion was held at the home of their aunt, Mrs. E. B. Lewis in Jacksonville.

Mrs. Don Southland and granddaughter, Paye Southern, have been visiting the Hoopers. They have also had their little granddaughter, two year old Misty Hooper, of Ocala, visiting with them here.

Hubbard Biggs Agency 714 Highway 27 North Avon Park

TEARS OF JOY—Ann Engler was forced to shed a few joyful tears Tuesday when the announcement came that she had been named Miss Flame of Avon Park. She received more votes than any of her 18 competitors from married women in the city.

Here and There—

Miss Nancy Holland of Chicago, Visiting Relatives In Avon Park

Miss Nancy Holland, Chicago, Ill., is visiting her aunt, Mrs. R. R. Porterfield, Nancy attended school here when she made her home with her aunt for one winter.

Mr. and Mrs. J. A. Johnson are entertaining her sister and husband, Mr. and Mrs. Earnie Truman of Ft. Pierce, their daughter and husband, Mr. and Mrs. J. Adams, and little daughter, Lisa, of Daytona Beach.

Paul and Blum Montedoro and their little daughters, Anne and Alice, have returned to their home in Omaha, after spending several weeks with her parents, Mr. and Mrs. W. J. Head.

Mr. C. L. Sutherland and children, Tracy and Parker, of Lake Worth, are with her mother, Mrs. C. P. Anderson, while Mr. Sullivan is attending summer school at the University of Florida, Gainesville. He is a member of the faculty at the Junior College of Fort Worth and is working on his PhD at the university.

Mr. and Mrs. W. P. O'Brien have returned from a vacation trip that took them through Alaska, where they visited with the Rev. and Mrs. Allan Stuart, and to Valdosta, Georgia, where they were guests of Mr. and Mrs. Donald Langford. She is the former Miss Mary Sally Sayers, who made her home with the O'Brien family for several years before her marriage. They also visited with relatives in Tallahassee, Alabama and enroute home stopped to see Mr. and Mrs. Garvis Wells, Moultrie, Ga., who were former residents of Avon Park.

Mr. and Mrs. Vernon Tyson and daughters, Nancy and Sally, of Largo, were in town Saturday, for golf and to visit with friends. Owen and went home with them to stay a week with Nana, Sam Blalock and little daughter, Connie, of Coral Gables, were visiting with her mother, Mrs. Helen L. Harris and the Mac Flowers family for a few days last week.

The Rev. and Mrs. Jack Witt and sons, Tommy and Jackie, of Marietta, Georgia, are visiting their parents, Mr. and Mrs. T. O. Martin and Mrs. Lettie C. Witt for a few days. The Rev. and Mrs. Dean Martin of Pinellas Park were also guests with the Martins this week.

Miss Ginger Mehling of Miami Springs, is visiting Miss Claire Maxwell, Ginger's parents, Mr. and Mrs. Howard Mehling, are spending a few days at their home in Avon Park Lakes. Ginger has been attending the pre-registration conference at the University of Florida, Gainesville, where she will be entering school this fall.

Alvin Riggins Passes Sunday After Illness

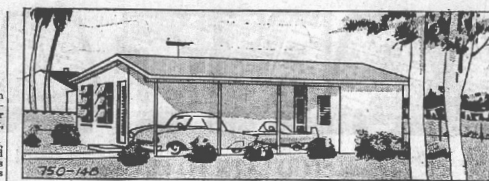

Alvin F. Riggins, age 75, passed away at the Walker Memorial Hospital, Sunday, July 2, following a lingering illness. He was a retired business man and Mrs. Riggins operated a small nursery at their home on 400 South Anoka Street. He was born in Tallapoosa County, Alabama.

Since coming to Avon Park 11 years ago, Mr. Riggins had been a faithful and active member of the First Methodist Church. He is survived by his widow, Mrs. Ann Estell Riggins; two daughters, Mrs. Preston Rogers, Miami; Mrs. Al Rogers, Ocala; two sons, Alvin F. Riggins, Jr., Fort Lauderdale, and Elmo H. Riggins, Birmingham, Ala.; four great grandchildren; a brother, Lawrence Riggins, Birmingham, Ala.; and two sisters, Mrs. A. Williams, Birmingham and Mrs. E. L. Weaver, Bessemer, Ala.

At the request of Mr. Riggins, funeral services were held from the Stephenson Funeral Chapel with the Rev. Russell Boat, pastor of the First Methodist Church, conducting the service. Interment was in Douglassville Cemetery, Tuesday afternoon, July 4.

Those from out of town here to attend the funeral were all of his children and two of Mrs. Riggins' sisters and their husbands. Mr. and Mrs. Owen Borders and Mr. and Mrs. W. H. Smith, all of Miami.

Go To Church On Sundays

Design Given For 1 Bedroom Retire Home

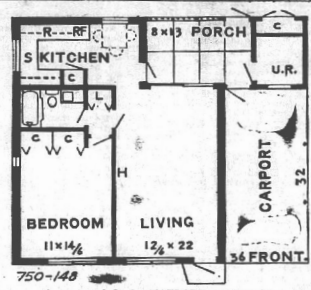

The design of even a small, one-bedroom retirement home has to meet certain specific requirements. In the case of Home No. 750-148 the requirements were several: (1) a compact, easy-to-build slab-on-grade masonry house that a retired "do-it-yourselfer" could build with a minimum of outside help (and at a minimum budget); (2) the living room, kitchen and screened porch should face the preferred exposure and view, which were in the back; (3) the house should fit a 65-foot lot with no major windows facing the neighbors.

The picture shows the side front view with the carport in the foreground with the utility room behind it and the front door and windows of the living room and bedroom to the left.

The gently pitched saddle roof has its ridge line over the main part of the carport, thus allowing a higher ceiling for the central living room and kitchen. The 12 1/2 x 22 living room receives light at the front from the double awning window and jalousie door and has at the back an 8-foot-wide sliding glass door leading to the 8 x 15 screened porch. There is ample wall space for furniture and pictures on the side walls.

A 30-inch-wide opening (a door here is optional) joins the living room with the 6'8" dining alcove of the "living kitchen." The dining table (dotted on plan) is close to a 8-foot-wide window and to a jalousie door to the screened porch. This porch will be convenient for warm weather eating and relaxing and it also offers access to the garden and carport. In fact, one of the charms of this house is the ease of access from one part to another and at the same time, separation of rooms.

The kitchen proper occupies an area of 8 1/2 x 9. It has a double sink (S) under the 4 1/2-foot-wide window, with the range (R) and hood and the refrigerator (RF) to the right. No. 750-148 were drawn by another carter and architect Jan Reiner of New York City. The left wall and

nets are shown dotted. It should be noted that the living room is not seen from the work counter area.

A 3'x4' hall offers entrance to bedroom, bathroom, a 3-foot linen closet (L), and the living room. The bedroom is generously sized and has two 4-foot closets (with floor-to-ceiling bi-fold doors) (C), two front windows, and a small side window for cross ventilation. The 5'x8' bathroom has a 5-foot wide vanity counter containing the wash basin.

Back of the 10'x23' carport is a 5'x6' utility room and a closet (C) for garden tools. Laundry appliances may be installed in the utility room or in the kitchen (and the same holds for the water heater). The carport can hold a compact car and a boat.

The construction of this 750 square foot home is as follows: the 4-inch-thick floor slab is poured over continuous vapor barrier and compacted soil; exterior walls are of 8-inch concrete block with stucco on the outside and insulation and plaster on the room side; interior partitions are wood frame with plaster on both sides; ceilings follow the line of the roof and are also plastered in order to hold the electric coils for radiant heat. Another way of heating this home may be an oil-fired dual wall heater (see "H" on plan).

Plans for retirement home No. 750-148 were drawn by another carter and architect Jan Reiner of New York City. The left wall and

Talking of Pets

27 Million Cats
27 million... that's the latest tabulation of our feline population. Cats now rate as the most popular four-legged pet, outnumbering dogs by one million, says the Pet Food Institute.

This probably says as no surprise to the cats. They've been paring their way into our affection since history began. Your wide-eyed tiger tabby can probably trace his family tree back to the royal cat-gods of ancient Egypt. Perhaps his forebears sailed with the Spanish Armada, or held court in a Siamese temple.

Easy to feed and care for, a cat is an ideal pet for a busy modern family. He is naturally clean, house-breaks easily and makes few demands on your time. One of his chief charms is his sleek beauty, so keep your cat in tip-top condition by following these simple rules:

Be sure he has a balanced diet. A cat has special dietary requirements so don't expect him to thrive on table scraps. Modern commercial cat foods are formulated to supply all your pet's food requirements and to appeal to his taste, too. Feed a kitten four times a day; a full grown cat twice a day.

Always give your cat plenty of fresh water. Be sure you keep his food and water bowls clean. Brush his coat at least every other day. Your cat will groom himself often. However, scratching removes loose hair and helps prevent hairballs in his stomach. In return your cat will give you hours of amusement and loving companionship. He'll be a purr-fect pet.

The city of Palatka has earned national recognition for improvement in its Pedestrian Program. The recognition came in the form of a citation by the American Automobile Association.

Girl Staters Return Home

Ruth Border and Frankie Smith who represented Avon Park at Girls State, Tallahassee, last week returned home Friday.

The American Legion Auxiliary and Business Women's Club sponsor the girls. Frankie and Ruth both took several honors in the mock government, by being elected to the House of Representatives and both were elected as Councilmen in their cities. Frankie was also elected as a County Commissioner.

They helped to draft a bill which passed the House and was ready to come before the Senate.

The girls report a most interesting and educational trip.

Bride Elect Feted With Shower Thurs.

Miss Carolyn Streith was the honoree for a bridal shower Thursday night, June 22, at the home of Mrs. Paul McFarland on West Charles Street. Mrs. Donald Ford was co-honoree.

A decorated umbrella opened over the gift table, showered with ribbon streamers above a miniature bride doll. The gifts were lingerie for the bride's trousseau.

Games with a bridal theme were enjoyed. The hostesses served a strawberry float and cookies.

Guests included Mrs. W. W. McFarland, Mrs. Willard Griffin, Mrs. C. A. Stinson, Mrs. John Warner, Mrs. Cora Wray, Miss Myrtle Smith, Mrs. W. M. Streith, Nelda Streith, the honoree and the hostesses.

Bride Elect Shower Honoree

Miss Martha O'Steen, bride elect of James Willard Cook, Jr. of Haines City, was honored with a shower Thursday night. The party was held in the Garden Club building in Haines City, and hostesses for the affair were Mrs. Clarke Pope, Mrs. Clinton Pope, Mrs. Robin Cook, Mrs. C. H. Fitch, and Mrs. Jim Sotherland.

The honoree and her mother, Mrs. W. P. O'Steen and Mrs. J. W. Cooke, Sr. were each presented with a corsage of white tili mums. A garden scene was created with wrought iron seats and palms and flowers where the honoree was seated to receive her array of gifts.

The refreshment table held a gorgeous arrangement of white glads and mums down the center of the table with an oval of red roses in the center and candles burning at either end. The punch bowl was completely hidden amid the flowers. Fancy sandwiches, cheese crux, nuts and mints were served with the punch. About fifty guests attended.

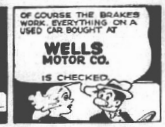

Conard Eagle Airways, Ltd., an independent airline, recently received permission to compete with BOAC, a nationalized British airline, on the rich North Atlantic route to the United States.

Chefs from Florida's many dining showplaces will be among the more than 6,000 culinary artists who will gather on Miami Beach next fall to attend the National Culinary Arts, Food and Equipment Exposition Sept. 23-25.

fore, a second mortgage and would bring a higher interest rate than the four and a half percent now being paid. The water control problems of the Lake Frances area were referred to the budget hearing. Attorney Dundy said he had received a letter from the Central and Southern Flood Com-

missioners. According to that letter a water control structure can be built into Jack Creek for a cost of about \$12,000. Property owners in the Lake Frances area had requested the commissioners to help them find some way to control the flow of water from the lake into Jack Creek.

They complained that the lake is often so low that their boats are useless. Commissioner James Creel said the property owners had "shown their willingness to work."

They helped to construct a temporary dam at the mouth of the creek. The commissioners decided Monday to contact the property owners to learn whether they would be willing to bear a portion of the expense for installing a permanent water control structure.

A letter was received from the Highlands County Cattlemen's Association requesting the board to approve the county agriculture budget. The Cattlemen said they had studied the budget and find it conservative.

Tentative approval was given to the plan for Citrus Lakes Colony. The board accepted a bid from Avon Park Motor Company for new dump truck for District 3. The low bid was \$3,587.

Miss Strenth, Herman Moye Wed June 25

Miss Carolyn Strenth, daughter of Mr. and Mrs. W. M. Strenth, and Herman Moye, of Wauscha, were united in marriage June 25, in a double ring ceremony, performed by the Rev. John L. Childress in the First Baptist Church at twelve o'clock noon.

Attending the bride and groom were Miss Faye Nash of Fort Myers and Sonny Wooten of Fort Myers. The bride was given in marriage by her father. She wore a white dress of crisp organza and white accessories.

Mr. Moye is the son of Mr. and Mrs. Lewis Moye of Wauscha. The couple expect to make their home in Wauscha.

Walker Memorial
Mr. and Mrs. Grady Tal-madge King, Sebring, a daughter, Sharon Lynn, born June 25, weight 7 lb. 15 oz.

Mr. and Mrs. Joseph Walter Hutchinson, a son, Milton Lazarus, born June 27, weight 8 lb. 8 oz.

Mr. and Mrs. Silas Bryant, a son, James Hayward, born July 3, weight 6 lb. 8 oz.

HER JOY DAY
At the Christmas party, Freddy and Jessie had been playing one of those old-fashioned games with forfeits, and the girl had been ordered to give the young man ten kisses.

"Let's see," said Jessie, pausing for breath, "that's seven, isn't it?"

"Only six," corrected Freddy.

"Seven, I think."

"No, six."

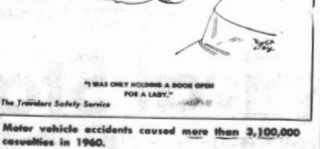

"Seven!"

"Six!"

"Look here," said the girl, wearily, "sooner than have any argument, we'd better start all over again."

CONTESTANT INTERVIEWED—Chica Durden, right, a contestant in the July Fourth Beauty Contest sponsored by the Avon Park Firemen's Association, is shown during an interview with Royal Coats, master of ceremonies for the day's events. Chica is the daughter of Mr. and Mrs. C. R. Durden.

Motor vehicle accidents caused more than 3,100,000 casualties in 1960.

STAND IN ON THE CORNER, watching the girls go by. That's exactly what Avon Park residents did Tuesday during the Fourth of July parade. Two of the beauty contestants are shown as the parade moved down the Mall, enroute to Donaldson Park.

"TOO LATE TO CLASSIFY"

By Russell Kay
One of the most constructive pieces of legislation accomplished by the legislature last session was passage of a law governing the issuance of driver's licenses in this state.

The law provides for the issuance of licenses during the month of birth. When the system gets in full operation by 1963, all licenses will be issued for a period of two years.

Until that time some motorists will hold a one-year license, some a validation sticker or temporary license.

To thoroughly acquaint the public with just how the new system will operate, the State Highway Patrol has issued a comprehensive folder giving detailed information which is available on application to the department in Tallahassee or from any State Highway Patrolman or Patrol office or from your county judge.

To avoid confusion or misunderstanding I suggest that you make it a point to obtain a copy of this circular now and study it as the new law will go into effect Sept. 1, 1961 and it is important that you understand when to apply for your new license, what to do if you expect to be out of state at the time, and certain other situation.

The advantage of the new law is that it spreads licensing throughout the year and avoids the rush and standing in line that is the case where all licenses are renewed at the same time. The lengthened period for which the licenses are valid also benefits the motorist and saves an immense amount of work for the department.

Someone had a happy thought when the Labor Day week-end was selected to inaugurate this new system, because it emphasizes the importance of the new regulations in providing greater safety to all of us. The Labor Day week-end is usually marked by a high death and accident rate on our highways.

The new system will provide tighter control over irresponsible drivers, reduce the number of improper licenses that have plagued our enforcement officials and law-abiding citizens, and contribute

to greater safety to Florida's drivers and pedestrians.

The cost of your new license for a one-year period will be \$1.50 and for two years \$3. An additional 25c being added to the cost to cover an extended driver education program.

Once you have renewed your license under the new system, you will always renew it thereafter during the month of your birth every two years, depending on whether you were born in an odd or even numbered year.

I would like to repeat my suggestion that you apply now for a copy of the new regulations and study it prior to the inauguration of the new system. It is not possible to cover couch!"

the detailed information contained in the department circular but it is easy to obtain and easy to understand.

Governor Bryant, the Florida Citizens Advisory Committee on Highway Safety, American Automobile Association, Florida Safety Council and other agencies that helped develop this progressive program are to be congratulated as well as our legislature for its effective efforts in passing the legislation.

THIS IS THE PLACE
Mr. Fixit (the handyman): "I hear you have something here that doesn't work."

Idle Mechanic's Wife: "I sure have. He's in there on the tenn. It is not possible to cover couch!"

LIONS CLUB INSTALLS—Installation of Lions Club officers for the coming year was held Tuesday night at the Jaccaranda Hotel. Left to right: Bob Orr, of Sebring, Deputy District Governor, who installed the new slate; Malcolm Cova, president, J. T. Landress, retiring president; C. Elton Cova, 1st vice-president; Wilson Smith, secretary. Back row: Frank Camp, Jr., treasurer; Fred Guendel, 2nd vice-president; Jim Tamer, 3rd vice-president; Ernest Lane, and Fred Garrett, directors. Ladies night was also celebrated as part of the festive occasion.

Fire Pump Obtained From Council By Council

Drainage Okayed For Road Dept.

Meeting in regular session Monday night, the Avon Park City Council took action on a number of items for a new pump for a fire engine, since the city has obtained a desired pump already from the Civil Defense surplus warehouse at Camp Blanding.

The pump will be used to replace one on what is known as the "grass fire truck."

During the meeting several other items were tabled, with no action taken, including a request from the Governor's Tourism Steering Committee for a \$100 donation and a request that an ordinance be passed requiring boats to have an observer on board when pulling skis.

A Mr. Brown approached council about rental or purchase of King's Court. He was told when his representatives desired, a meeting would be held to discuss the proposal.

The fire report for the month showed that six alarms were answered during the month, five construction fire and one grass fire. Loss for the month, \$1,560. Loss to date, \$10,860. No time was lost from sickness or accidents during the month.

Permission was granted to the State Road Department for use of land required to lay 42" drainage line, which will empty into Lake Verona.

The drainage will serve the South end of the Mall area and the Verona Avenue and Bell Street sections.

Youth Pleads Guilty In Court Monday

An Avon Park youth is awaiting sentencing on a charge of grand larceny. Larry Sanders in Circuit Court Monday entered a plea of guilty to a charge of grand larceny.

He was released in the custody of his parents while a pre-sentencing investigation is being made. Sanders, who is 17 years old, admits stealing rings in the Avon Park area.

Now bonds, who is charged with armed robbery, pleaded guilty was placed on probation for five years.

Monroe Bladwin appeared in county court Monday on a charge of possession of explosives without a license and transportation without a license. Judge Clifford Kelly set bond at \$1,000.

Firemen Net \$600 Fourth

The Avon Park Firemen's Association netted about \$600 on the 4th of July celebration last week. The total amount will be applied on the purchase price of the new Rescue Unit recently acquired by the Firemen's Association.

According to Mac Flowers and Durrah Martin, the Association wishes to thank all who participated in the day's activities. The APHS band and the APCI orchestra and their directors, as well as everyone who worked towards the success of the celebration.

First Baptists Win Little League Title With Two Wins This Week

The First Baptists won the 1961 Little League title last Tuesday night when they took a one-run win in a play-off victory over the Lions and then went on to win the Florida Power Employees 2-1 in the final game of the season. The two wins gave the First Baptists a total two wins in two games.

The First Baptists, who are managed by Raymond Cook, have held the league lead for most of the season and held off a surging Rotary club the past week to take the title.

The tie-play-off between the Lions and the First Baptists was the final inning of a game started May 16. The Lions won 1-0 and scored on run off winning hurler Billy Jackson.

The First Baptists came to bat and Bobby Barbee's single and Johnny Elder's double helped tie things up and then with the bases loaded the Lions pitcher walked in the winning run. Gary Neal singled and scored the Lions only run.

In the tieback between the First Baptists and the Florida Power Employees, the First Baptists slammed out eight hits including two triples and two doubles. Dean Lemler led the batting with a triple, a double and a single. Rance Rewin had a triple and a single, Bobby Barbee, the winning pitcher, had 2 singles and Ronnie Laye had a single to help drive in the 26 runs. F.P.E. got three hits, Bobby Barbee, Joel Carpenter, and Russell Ridwell all hit singles for the losers. Robert King, Glenn Moore and Steve Walker all pitched for the F.P.E.

The opening game between the Lions and Rotary was Rotary all the way. They scored their nine runs on five hits. Charles Lewis hit a triple, Chuck Warrington, the winning pitcher, hit a double and a single, Glenn Sizemore hit a double and Bobby Jones had a

single. Carl Barnes and Tommy LaFram both singled for the Lions only hits. LaFram was the losing pitcher.

Final Standings: First Baptists 2-1, Lions 1-1, Rotary 1-1, Florida Power Employees 1-1. The First Baptists won 2-1 in the final game of the season. The two wins gave the First Baptists a total two wins in two games.

The First Baptists won the 1961 Little League title last Tuesday night when they took a one-run win in a play-off victory over the Lions and then went on to win the Florida Power Employees 2-1 in the final game of the season. The two wins gave the First Baptists a total two wins in two games.

The tie-play-off between the Lions and the First Baptists was the final inning of a game started May 16. The Lions won 1-0 and scored on run off winning hurler Billy Jackson.

All-Stars To Play Exhibition

The Avon Park Little League All-Stars, coached by J. C. Walker, will play two exhibition games against another All-Star team picked from the regular players of the four teams on Tuesday and Thursday nights of next week.

The 14 player All-Star team will participate in the District 4 Little League tournament in Lake Wales starting the 20th of July.

Next Thursday night the championship trophy will be presented to the First Baptist team for the 1961 season.

APCI Tops Bank Nine In Babe Ruth Play Here

The Avon Park Correctional Institution Employees Babe Ruth team defeated the Avon Citrus Bankers last Monday night at Head Field 10-6 for their first win of the year.

It was the first meeting of the two Avon Park teams who have both taken beating from the two Sebring entries in the league. The Employees now have a record of one win and four losses while the Bankers are holding down place with no wins and four losses.

The Employees scored their 10 runs on eight hits off the Bankers pitchers. Sammy White led the Employees at the plate with three singles and Randall Barnes and Eddie Bates both had a double. Singles were hit by Kenny Cook, Jimmy Powell and Ivan Bennett.

The Bankers collected five hits off the Employees pitchers including a homerun by Jim Bob Miller. Jim Bob Miller has home over the left field fence in the sixth inning. Maddox also got a single. Steve Selins, Pep Hutchinson, and Danny Butler got singles for the losers other hits.

Last Friday night the Employees lost to the Sebring J.C.'s by a score of 10-11 in Sebring. The Employees collected five hits off winning pitcher Pervis Keith. Aberration and Wolfgang W. Wade lost him, but this is a favorable promise for Mr. Markham. Volusia has about four times as many students as we have. We should not stand in his way, so, I recommend that we release Mr. Markham.

Markham's duties have included general supervision of instruction in grades 1 through 12, overseeing the lunchroom program and administration of the National Education Defense Act.

Miracle said that state regulations for the supervisory position require that the supervisor be between the ages of 35 and 45 and have training and experience in supervision for grades 1 through 12.

"We do not," Miracle told the school board, "have any one in the county who meets all of the state department of education's requirements."

The Superintendent said that he has sought aid from the state education department in locating possible replacements for Markham. He said that one of the persons recommended by the state department would live in the county this week.

AT FARM INSTITUTE Charlie Collins, Fieldman for the Southern District of Florida Farm Bureau, is attending the American Farm Bureau Training Institute in Stillwater, Okla. He left Thursday of the past week and was joined by three other Fieldmen of the state to make the trip.

Two drivers were fined in County Court Monday on charges growing out of two minor traffic accidents.

Anna Ruth Blodcoe was found guilty of improper passing. Highway Patrolman C. C. Johns, who investigated, said that in order to avoid a head-on collision with the Blodcoe car, a truck driver had to brake so quickly that his semi jackknifed.

The Blodcoe car was not damaged, but damages to the truck were estimated at \$700. No one was injured.

A fine of \$60 or 30 days in jail was set by Judge Clifford M. Kelly.

The accident occurred on U. S. 9 near the Oak Garden Trailer Park.

Mary Alice Howard of Avon Park was found guilty of driving at a speed too great for conditions.

E. L. Newman said the Howard vehicle was involved in a one car accident on Route 96 near the Four E Fishing Camp.

The driver told the court that because of water standing on the road, she decided to slow down, but when she slowed down the car went out of control and skidded into a ditch.

She was ordered to pay court costs of \$12.50.

Also in County Court Monday two drivers were fined guilty of driving while intoxicated.

County School Board Slices '61-62 Budget

Resignation Of Supervisor Is Accepted

The resignation of Julian Markham as general supervisor of public instruction was accepted by the Highlands County school board Tuesday night.

Markham, who has been an employee of the Highlands County schools for 12 years, was released from his contract effective August 1. He has accepted appointment as director of instruction for Volusia County schools.

Markham said he had "grieved and cut everywhere" in preparing the budget of \$1,945,412. This hearing on this budget is set for 9 a. m. on Friday, July 21.

Miracle said the school board went into the new year with a balance of \$14,599.12. This, added to anticipated receipts of \$1,899,744, balances the budget for 1961-62.

In 1960-61 the budget estimated expenditures at \$2,215,467.

Instructional salaries of \$1,175,392 make up the largest item in the new budget. Transportation will cost \$50,255, and capital outlay is estimated at \$53,553. The regular July meeting of the school board Tuesday night.

Early in the meeting the board took another step toward reducing the school budget. The board approved the resignation of Julian Markham as general supervisor of public instruction.

LIFE SAVING CLASS—A good turnout of students desiring to pass the requirements for junior and senior life saving certificates reported this week to the city's new life saving class. The class is shown in the water, (behind youngsters) demonstrating the proper method of approach and carry for a frightened victim. The classes are held weekly at the pier and anyone desiring to enter the classes may do so.

Water Sports Top Attraction In Summer Recreation Program

Avon Park '9' Tops 'Chobee'

The Avon Park town team trumped all over an Okaloosa baseball team last Tuesday night at Head Field. The local boys scored 22 runs to the visitors in an exhibition of power at the plate.

Avon Park plans to set up several more games for the future and then enter the state tournament to be held in Ocala next month.

Playing for the Avon Park town team were: Johnny Starling, Norman Willis, Glenn Bass, Leroy Starling, Dale Landress, Jim Pearce, Tommy Donoherty, Bill Rouse, Winkle Williams, Dale Baleson, Jerome Antley and Sam Elder.

TAXPAYERS MEET

The Avon Park Taxpayers League held a business meeting on July 6, at which time plans for future meetings, subjects of discussion at the meeting included "Why The City Council Stopped Publishing The Monthly Paper," "Is Our City Operating Within The Yearly Budget?" The group also discussed election of officers for the coming year, a notice of which will be published before the next meeting. Wayne Albright is president of the league. Mr. Guy L. Decker is secretary-treasurer.

Other activities of the program are progressing as planned and any young person interested is urged to participate in some phase of the program.

Mrs. Hutchinson said that she is eager for her daughter, who is now entering second grade, to be "taught third grade material."

She said that at Lake Placid and Woodlawn Elementary in Sebring each child is "taught at his own level."

"At Avon Park Elementary," she said, "only first grade books are permitted in the first grade and only second grade material in the second grade—regardless of the ability or interests of the individual child."

She said that each school has submitted its plan for teaching reading in the coming year and that some questions raised by Mrs. Hutchinson are dealt with.

The board approved a motion to call the Shilper Lanier reduction. A board of appraisers on the value of the land at \$1.50 and according to the state law the board may sell the land at public auction or to private sale but must receive at least the appraised value.

Henry Bliley made a motion that these papers who are now being held in the state land office be sold to the state at \$1.50 per acre.

The question of the ownership of this land owned by the state is being handled by the state land office.

The board approved a motion to call the Shilper Lanier reduction. A board of appraisers on the value of the land at \$1.50 and according to the state law the board may sell the land at public auction or to private sale but must receive at least the appraised value.

New Citrus Drink Headed For The Market

ORLANDO, July 10.—A new and tasty Florida grapefruit juice drink, not yet on the market, was described here today by the top administrative officer of the Florida Citrus Commission as "one of the brightest spots" in the Commission's plan to bolster consumption of Florida grapefruit.

General Manager Homer E. Hooks, speaking before a meeting of the Florida Citrus Commission at the Cherry Plaza Hotel here, said the new grapefruit product was recently developed by scientists at the Citrus Experiment Station.

"This is canned, highly sweetened grapefruit juice which has a relatively high acid content," Hooks said. "The consumer simply mixes one can of water with the can of grapefruit juice and the result is a tasty grapefruit drink, without any sharp or bitter taste."

Hooks said the product requires no freezing "or even refrigeration which makes it very convenient to distribute and use." The final product, he added, will have 50 per cent pure grapefruit juice in it "which is considerably more than grapefruit drinks on the market today."

The Commission official said one of the biggest problems over the years has been in developing more use of grapefruit juice by children.

"I feel this new drink might do the trick," he stated.

"Of course, we've hesitated for a long time in promoting anything other than pure citrus juices. But in the case of grapefruit, I feel that we should now reexamine this policy if there is a chance that by marketing this 'half and half' drink we could sell a great deal more grapefruit than we have been doing by following the policy of the past." He added that the Commission would conduct taste panels and market tests on the new product next fall.

"I feel it has tremendous possibilities for vastly increasing total grapefruit consumption," he said.

Hooks' mention of the new drink was preceded by his pledge of greater promotional support for grapefruit, fresh and processed, as part of what he described as "the new Frontier for Florida Citrus."

He said grapefruit is facing increased production and declining per capita consumption. He suggested that more grapefruit be advertised more heavily behind fresh grapefruit where the opportunities look more favorable for increasing grapefruit consumption.

"This would in turn tend to prevent an over-supply of grapefruit going out of the state in cans, further depressing the processed grapefruit market," Hooks stated. He added that for the second time in history, Florida shippers last season shipped more fresh grapefruit out of the state than fresh oranges, giving added weight to its market potentials.

He said part of the new "Frontier" would be to increase grapefruit exports both fresh and processed, to intensify research for finding new uses for grapefruit, and to develop new sales and promotional activities aimed directly at the consumer.

Winn-Dixie Sales Increase

An increase of 630 per cent in sales was recorded by Winn-Dixie Stores during the 53-week period ended July 1, 1961, corresponding with a 62-week period which ended June 25, 1960, it was announced today by Winn-Dixie Stores, Inc.

The company, which operates a number of supermarkets in this area, now has a total of 536 retail stores and three wholesale units throughout the South, compared with 12 retail stores and nine wholesale units in 1960.

The Winn-Dixie 53-week sales volume totaled \$767,021,213 as compared with \$721,532,377 this time last year, an increase of \$45,488,836.

Avon Park Lakes News

By Mrs. Marge Slocum
Phone GL 3-4221 — Box 287, Rt. 2

A group of 24 friends and neighbors from the Lakes gathered at the home of Mrs. Dorothy Andrews, Monday evening, to bid her good by and wish her much happiness in her new home. Mrs. Andrews will live in Fletcher, N. C., with her sister, Miss Maud Morrow who has been visiting here for a few days. Mrs. Andrews will be active in the Mountain Sanitarium and Hospital there and can be reached at that address.

A second group of about 12 ladies, who call themselves the Grandmothers Club, gathered at the house about the same time to convey their good wishes too. Refreshments were served later.

Mrs. Don Edmondson has returned home after spending two weeks at the bedside of her father, Mr. Claud Tucker who is very ill in the Monroe Jackson Hospital, Hollywood, Fla.

Family, friends and neighbors of Mrs. Pearl Johnson are happy to have her back home again after her stay in the Lakeland General Hospital. She says she is feeling quite well after her operation.

Yec. Sgt. and Mrs. Beldon Douglas and sons, Billy, Bobby and Jimmy, from Ft. Worth, Texas, visited the latter mother, Mrs. E. L. Armour the past three weeks.

Mr. Clarence Bue has returned home from a two week business trip to Owensboro, Ky. Mr. and Mrs. Edgar Benson from Urbana, Ohio, have been spending some time here on the Lakes. The Bensons plan on becoming permanent residents this fall.

Mr. Guy Wing of Palmisto was a guest at the home of Mr. and Mrs. Chas. G. Coburn, Thursday.

Rev. and Mrs. Bromley from Frostproof were dinner guests

last Thursday with the Haines. Mrs. Jennie Helman and daughter, Lauretta, of Miami are visiting at the home of Mr. and Mrs. Herb Welch. Mrs. Helman is Mr. Welch's sister. They hope to be able to locate here permanently.

Our Christian sympathy to Mr. Leonard Dusen who has recently returned home from Knoxville, Tenn., where he attended the funeral services of his brother-in-law, Mr. W. Arthur Rivers, now resting in Sunset Cemetery, Clinton, Tenn.

Our Fourth of July picnic was quite well attended by 35 members and guests. The weather was real nice, everyone gathered around the tables on the patio at the club house and enjoyed a meal out in the open

air since our club house is not yet completed.

Mr. and Mrs. Dave Tillman of Syracuse, N. Y., spent the weekend with Mr. and Mrs. Harold A. Lechen. The Tillmans are on their way to Fort Meyers to visit Mr. Tillman's brother.

We are sorry to report Mrs. Paul Parker was rushed to the Walker Memorial Hospital in a coma Tuesday, July 4th and at this time her condition has not changed. Her son, Paul Parker, Jr., and family arrived last Thursday from Indianapolis, Ind., to be with the family.

Mr. and Mrs. Orville Castine have returned from a five week business and pleasure trip to Michigan. Mrs. Castine attended a Triennial Alumni banquet in Fenton, Mich.

Collections Of Sales Tax Jump

Sales tax collections for the month of June based on May sales amounted to \$13,555,712, an increase of \$2,280,30, or 0.17 per cent over the \$13,329,412 collected during the same month last year.

Total sales tax collections this fiscal year amount to \$122,814,380.82, an increase of \$2,175,748.10, or 2.7 per cent over the \$119,638,632.72 collected to date last fiscal year.

These results are encouraging and I hope the trend will continue.

Gasoline tax collections during the month of June based on May sales amounted to \$10,488,431.33, an increase of 0.2 per cent over the \$9,971,861.84 collected during the same month last year.

There are 43 race horse breeding farms in Marion County, birthplace of Kentucky Derby winners Needles and Carry Back.

Winter Guest Club News

As everybody knows, Bill Shakespeare once wrote a play called "A Midsummer-Night's Dream". Taking a hint from that the Stroller wakes up from his midsummer-snap to turn in a report on the summer activities of the Guest Club. Said activities are neither numerous nor exciting, but worth report-

ing perhaps for the sake of people north and west, and of course for sake of posterity. Who knows but what So and So's great grandchildren may get quite a chuckle, may be a kick out of reading how old great-granddads danced the Whoop-who every Friday night in the year of '61. Certain facts are worth preserving, and hence this mid-

summer spiel in the year of '61. For the past several weeks the shuffleboard courts have stood idle and empty. That is, all but one. Our single shaded court has been in daily use right along except Sundays and rainy days. Every morning about 8:30 a certain group of eager sealoats have been playing there, a varying number from four up. Those who get there first have priority over all the others, and play first. Those who come later have to wait till some player surrenders his place to somebody else if they play at all. First come, first served, and take turns on the courts;

these are the rules, the first of which is observed exactly, the other somewhat loosely. That is in the daytime. When evening shadows fall and showers stay away then more courts are in use by eager players aiming to keep in practice. On Wednesday and Saturday evenings the regular tournaments are run off, always attracting a goodly number.

Dancing did not stop with the end of the winter season. That fine indoor sport has kept up every Monday and Friday evening with always enough dancers present to make two sets and sometimes three. However, the dance scheduled for the

10th was postponed until the 12th to coincide with a pot-luck supper planned for the evening. That insured a large attendance and everybody had a grand time. After supper the floor was cleared for action. The dancers danced, and those dudes and others who didn't dance enjoyed the evening looking on or shuffled the cards and played for fun. The Friday evening dance will go on as usual.

There have been two grand dinners worth recalling in this column. The first was on Memorial Day. The long tables were set up and we seem to recollect that the number of hungry diners were 48, a goodly number for the season. The second dinner was on the glorious Fourth when 36 sat down at the groaning board and did full justice to a grand set-up of fried chicken, baked beans, sliced ham, salads of all kinds, pies and cakes aplenty and gallons of iced tea in pitchers, bottles, jugs and demijohns. It was a famous dinner, in the midst of which Mrs. Book rose to read in her graceful way a brief article reminding us that the Declaration of Independence was in effect a splendid declaration of religious faith, appealing to "the Supreme Judge of the World for the rectitude of our intentions" . . . and to which we pledge "our Lives, our Fortunes, and our sacred Honor."

It was a timely reminder since most of us have come to the 4th as just another holiday. The dinner over, tables cleared, and the baskets of fragments gathered up to be taken home, the diners adjourned to the porch to chat and to watch the ski performers on the lake. And so ended the glorious 4th in the year of '61, and so ends this midsummer spiel by The Stroller.

Costume Party At Theatre Here

The Hilans Theatre will hold a special Pirate Costume Party Saturday afternoon, as part of the promotion for the movie, "Morgan, The Pirate". All youngsters who attend the theatre on that day in pirate costume or are made up to resemble a pirate will receive a free pass. There will be a special prize for the youngster who is judged as having the best costume. The prize is presented by Chick-Away, Food Take Out.

"LET ME PRAY"

... 'Oh, Lord!' —
in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart.

With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child. Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God. With firm faith that sees beyond the failures of men — Father, you have let me pray."

Style, Comfort Featured In I-BR Home

A one bedroom retirement home can embody the "style" and comfort usually associated with much larger homes. For example, take the entrance feature of Home No. 872-149.

Here a roof-covered and recessed front door opens into a 3'x11' foyer or hall (with coat closet) leading both to the living room and to the bedroom wing—an unusual refinement in a small home. This foyer is daylighted by a large jalousie window which provides cross-ventilation for the living room.

The 7 1/2'x9' kitchen, which has a door for privacy from the foyer, has parallel counters with a double sink (S) under a wide awning type window and the range (R) and hood to the right. The opposite counter includes a storage cabinet (C), the refrigerator (RF) and an 18-inch wide counter with a serving window to the dining table (shown dotted on plan). Wall cabinets are shown dotted. The service door (Jalousie type) provides easy access to the car and the utility room. It should be noted that this is a front kitchen for the homeowner who likes a view of the street as she works.

The large living room (17'x20') is extended visually in two directions by sliding glass doors: toward the waterfront or garden and into the 5'x15' screened porch which also has a pleasant outlook. As mentioned above, this living room has cross-ventilation through the large jalousie window in the foyer, as well as a window on the carport side. As an optional feature, a small skydome is suggested over the dining table to bring a direct ray of sunlight to the inner end of the living-dining area.

The square bedroom (13'x13') has a double window and door opening into the screened porch and into the 5'x15' screened porch which also has a pleasant outlook. As mentioned above, this living room has cross-ventilation through the large jalousie window in the foyer, as well as a window on the carport side. As an optional feature, a small skydome is suggested over the dining table to bring a direct ray of sunlight to the inner end of the living-dining area.

The 5'x13 1/2' bathroom has the bathroom built into a formica counter with storage space beneath it. The toilet is placed behind the tub so that it may be used as a seat at the vanity. The 5-foot sink is placed away from the window.

The 12-foot-wide carport has a double window and door opening into the screened porch and into the 5'x15' screened porch which also has a pleasant outlook. As mentioned above, this living room has cross-ventilation through the large jalousie window in the foyer, as well as a window on the carport side. As an optional feature, a small skydome is suggested over the dining table to bring a direct ray of sunlight to the inner end of the living-dining area.

Red Cross News

The Board of Directors of the Highlands County Chapter of the American National Red Cross will meet Thursday, July 13 at Fisher's Restaurant in Sebring for a "Dutch Treat" dinner at 7 p. m.

A meeting will be held immediately following at the Red Cross Office.

All board members are urged to attend.

THE FOUR-WAY TEST

1. IS IT THE TRUTH?
2. IS IT FAIR TO ALL CONCERNED?
3. WILL IT BUILD GOODWILL AND BETTER FRIENDSHIPS?
4. WILL IT BE BENEFICIAL TO ALL CONCERNED?

Procedure Is Given For Boat Registry

Ernest Mitts, director of the State Division of Conservation announced today the following procedure for pleasure boat owners who buy new boats during the month of July, 1961.

Mr. Mitts stated that any person who buys a pleasure boat during the month of July must carry their bill of sale on board until operating the boat on August 1, 1961.

He said that after August 1 the new boats must be registered. This may be done at any Tax Collectors office in the state.

Fees for registering the boat will be the same as before. Pleasure boat owners will be given the month of August to register or re-register their boats.

Enforcement of this law will begin on September 1, 1961.

There is only one long staple cotton gin in the United States... and it's in Florida... near Leesburg.

ROTARY OFFICIALS INSTALLED.—G. Franklyn Ward, front row left, new president of the Avon Park Rotary Club receives the gavel and best wishes from former president Roy Selma and Secretary Bill Young. Ward's record of directors stands in the rear, left to right: Ray Wells, Elva Runnelow, Jim Hain, Harry Wood, and Louie Wainwright.

Florida's 22 State Parks Roll Out Welcome Mat To Summer Visitors

A cool dip in the ocean? A hike along a nature trail? These are some of the activities that Florida's 22 state parks are offering this summer.

The parks, located throughout the state, give vacationers a chance to enjoy picnicking, swimming, boating, fishing or hiking in Eden-like retreats. Camping, at reasonable rates of \$1.50 a day plus tax, can be enjoyed at 15 of the parks.

Those who exist in natural scenic beauty will find the parks represent a Florida unspoiled and preserved such as the early settlers found. Ranging from ocean-side to inland facilities, the parks are as varied as the state itself.

Collier-Seminole, for instance, is located 17 miles south of Naples in the Everglades region. Here can be seen the subtropical foliage and animal life found in the vast acreage of mangrove and marsh. Of special interest are the Royal Palm Hammock, which has the tallest Royal Palm in Florida (90 feet), and the Barron Collier Memorial, a statue commemorating the pioneer settler and developer of the area.

A delightful contrast is Torrey State Park, near Bristol in Northwest Florida. The high bluffs overlooking the Apalachicola River give the illusion of being in the mountains. Trees, shrubs and wild life here are reminiscent of the foothills of the Alleghenies. Noteworthy botanically are the rare Torreya tree and the Florida Yew found only in this area.

For those who enjoy beach recreation, the state has six parks located along the coast. Anastasia, near St. Augustine Beach, has low coastal dunes and a picturesque lagoon in addition to the Atlantic Ocean. Further up the coast at Fernandina Beach is Fort Clinch Park with ideal bathing and picnicking facilities. Near Jacksonville is North Little Talbot Island, also with swimming facilities in the Atlantic or St. Johns River. Down at Fort Lauderdale in the Gold Coast area is Hugh Taylor Birch

Park, with some of the most extensive beach frontage in the world. An underpass beneath AIA gives bathers easy access to the beach without traffic hazards.

Not completely developed as yet but still open to the public is Oscar Scheurer Park in the Gulf at Osprey. Here vacationers can combine shell hunting with bathing and picnicking. Around the Gulf Coast at Panama City Beach is St. Andrews Park, noted for high sand dunes and a jetty extending into the ocean. The park has camping facilities fronting on the bay.

Historic Fort Pickens Park, two miles west of Pensacola Beach on Santa Rosa Island, provides sightseeing tours of the fort along with picnicking, swimming and camping facilities. The fort was twice attacked but never taken by Confederates during the War Between the States. Down in the fort's dark dungeon can be seen the cell where the Apache chief, Geronimo, was imprisoned.

If the beauty of hammocks, swamps, unusual birds and animal life exert an appeal, Florida has some inland parks that could very well be called the "Jungle of the South." Highlands Hammock State Park, near Sebring, has jungle-like hammocks, a wild orange grove and 10 miles of nature trails. Vacationers enjoy a Catwallow Trail over swampy waters and, if lucky, catch a glimpse of some of the park's 150 deer as they feed.

Wakulla River Park, 17 miles east of Sarasota, is Florida's largest park and rated as one of the finest wild life sanctuaries in the country, with sometimes as many as 50,000 wild birds roosting at Upper Myakka Lake. Stretches of savannah broken by clusters of Sabal palms add to the scenic beauty. The park is one of two in the state with cabins for rent in addition to regular camping facilities. Another inland park noted for the scenic beauty of North Florida is Gold Head Branch, located near Keystone Heights or 40 miles southwest of Jacksonville. A beautiful ravine set amid groves of pine makes for ideal family recreation. This park also has cabins for rent.

Rivers add to the beauty and recreation of several state parks. Jonathan Dickinson, at Hobe Sound, has the blue waters of the Loxahatchee River to increase enjoyment of camping and vacationers. Tomoka State Park, near Ormond Beach, has two rivers, the Halifax and Tomoka, lending their special charms.

At Hillsborough River State Park, 23 miles northwest of Tampa, the river forms a series of rapids before coursing past the riverbank, providing a scenic camping area. O'Leno, 20 miles south of Lake City, is noted for the Santa Fe River, tributary of the Suwannee, which flows through the park. Further north is Suwannee River Park, west of Live Oak. At Manatee Springs State Park, near Chief Land, the Suwannee again provides its beauty 1,900 feet away from one of the major springs in the country. A broad boardwalk borders the swimming area and provides boating facilities.

The unusual always has allure. Florida has two parks with distinctive attractions. Killdeer Gardens, north of Tallahassee, is the only park with formal gardens. The beauty of the park's azaleas, dogwood and cypresses in the spring annually draws thousands. Although the gardens are closed during the summer, the park's recreation area on Lake Hall remains open year round and provides opportunities for picnicking, swimming, boating or fishing.

Since the underground caverns at Florida Caverns were first discovered, this park, near Marianna, has been a major attraction. The unusual subterranean rock formations and the cave's cool 65-degree temperature are specially attractive.

Other parks with special attractions but not completely developed include Jim Woodruff Park, on Lake Seminole and near the dam at Chattahoochee, and Pellicer Creek, 15 miles south of St. Augustine.

With so many state parks offering such varied recreation and scenic beauty, the vacationer need not go out of Florida to enjoy a day of fun.

Avon Dealer Given Comet Car Franchise

The Avon Park Motor Co. has been associated with the Ford Motor Company for over 29 years, and will celebrate their 30th year of service in September of this year.

The '61 Comet is called the "better compact car" by dealers across America, and has been a proven success since its introduction into the compact car class.

Spirited design and fine-car styling give Comet the most successful look in its field. Low wide and spacious, it even has a standard size, roomy six-passenger room and solid comfort. The 114-inch wheelbase—longer than any other compact—provides for a smoother, more comfortable ride.

Two economy engines that operate on regular gas are also available—the high-performance Thrift Power 170 and the standard Thrift Power Six.

In addition to the spacious interior, the luggage compartment features 28.5 cubic feet of storage space. A single, solid structure of steel—a combination of strength and economy.

Nearly two feet shorter on the outside than conventional size cars, Comet offers the superior ride you'd expect only in the larger car. Newly designed steering system gives less road-shock, bumps and jars. And, the low center of gravity offers better stability, and better all-around handling, steering, parking and maneuverability.

The Comet comes in the 2-door sedan, 4-door sedan, and the 2-door and 4-door station wagon. A wide range of accessories is also available.

Southland Trailer Park

Friends will be glad to hear that E. R. Garrison, who has been in a Lakeland hospital for many years, is recovering satisfactorily and expects to be home factually and expects to be home this week.

Ben Henningham is enjoying a vacation at Fort Erie, Ontario.

Mr. and Mrs. Boyle, the Park owners, are busy getting the Park ready for the return of their seasonal guests.

Luncheon For Bride-Elect

Mrs. D. J. Willis was hostess to the attendants of bride-elect, Martha O'Brien, Saturday, July 8, at the home of her mother, Mrs. C. A. Timmons, 701 LaGrande Street, with a luncheon at noon.

She served a cold plate meal on tables overlaid with white lace cloths. Roses and cut flowers carried out a theme of pink and green in the decorations. A large wedding bell was suspended above the bride's table and miniature bride and groom ornaments centered each table.

Guests included Mrs. J. W. Cook, the bridegroom's mother, and Mrs. Peggy Cook, both of Haines City; Mrs. W. P. O'Brien and Miss Martha O'Brien, the bride-elect; Miss Sue O'Brien, Mrs. Donald Ford, Albritton, Miss Claire Maxwell and the hostesses, Mrs. Timmons and Mrs. Willis.

The longest distance in the world, when an emergency arises, is between the accelerator and the brake.
