The commencement program will be presented in its entirety by members of the Senior Class.

Devils Host To Boone Friday

The Avon Park Red Devils will play the Boone Braves of Orlando here at Head Field Friday night at 7:30. The game is a warm-up for the state tournament to be held here June 12-18.

Boone, winner of the Class AA, Class 3 tournament, has a 12-4 record for the season. The Boone baseball hitter is outfielder Doug Gordon who has a .444 season average at the plate. Marvin Dawkins, the Boone junior rightfielder, is the best picking record with 11 wins and only 3 losses in his career. The Boone coach is Jim Hahn.

The Red Devils have a 21-1 season record. Laverne Hinesy is the leading batter with a .387 average. Bobby Bates, David Carter, Eddie Smith, and Steve Smith are the top pitchers. The team is coached by Coach Smith.

Fire Department To Test Sirens

The Avon Park Fire Department announced today that a special testing of three new sirens located in different sections of the city would take place at noon Saturday.

The sirens will blow for about one minute during the test. They will be controlled from a master panel at the central fire station. The sirens are at the following locations: West Withthrop Street at water tank, East Withthrop Street and Fairhills Avenue, South Highlands Avenue and Council Street.

Each Saturday the sirens will be used for fires and as a part of the Civil Defense alarm system.

JayCee Safety Checkup Here This Weekend

Plans were nearing completion today for the National Safety Check scheduled for Friday and Saturday adjacent to the Seaboard Railway Station. The project is sponsored locally by the Avon Park JayCees.

Motorists were urged by Mayor Delaney in a proclamation last week and by the JayCees to avail themselves of this free safety check. The checks will be under the direction of the Highway Patrol, City Police and the Highlands and County Sheriff's Department.

Time scheduled for the inspections will run from 11 a.m. to 5 p.m. Friday and 9 a.m. to 5 p.m. Saturday.

The ten-point safety check will include brakes, front and rear light, steering, tires, exhaust system, glass, windshield wipers, rear view mirror and horn.

After a car has been safety checked and approved the driver will be given a windshield sticker signifying that the car has passed the check.

Firemen Praised For MOD Drive

The Avon Park Fire Department was praised this week by the chairman of the Highlands County Chapter of the March of Dimes for their work in the recent campaign.

In a letter to the department from Leon Tolar, it was pointed out that through the concerted efforts of the group and several other organizations, the campaign set a new record for Avon Park. Mark Flowers was chairman of the drive here.

One good turn calls for another, and the Firemen were told their services would be appreciated again next year.

Drownings Prompt School Safety Class

Program In Effect Here Seven Years

The tragic water mishap near Lake Placid last weekend when two young children drowned has prompted the Highlands County School officials to speed up a proposed summer program for the area. Superintendent of Schools Andy Miracle said this week.

Bob Collier, 16, and his sister, Diane, 10, children of Mr. and Mrs. Bob Collier, were drowned Sunday afternoon while wading in Lake Istokopos when they stepped into a deep hole. Neither is reported to have been able to swim.

If the summer program is instituted in the Lake Placid area, a primary phase of instruction will be relative to water safety and teaching youngsters to swim and take care of themselves in the water.

At present Avon Park and Sebring have Summer programs of which the water phase is a big part. The Avon Park program has been in effect seven years. Youngsters from the elementary grades through junior and senior high school are given instruction and some take extensive training in life saving.

Highlands, like many other counties in Florida has an abundance of lakes, which should necessitate such training. Miracle said. The county Red Cross chapter also works in conjunction with the school on the training program.

Pairings Are Announced For State Tourney

Lafayette Golden, executive secretary of the Florida High School Athletic Association, has announced the pairings for the opening round of the state high school basketball tournament to be played here at Head Field, June 12-18.

In Class A play the Avon Park Red Devils have been paired with the Maitland team. In Class B play the Maitland team will be matched against the Jacksonville team. In Class C play the Maitland team will be matched against the Jacksonville team. In Class D play the Maitland team will be matched against the Jacksonville team.

Class AA has matched Boone Braves of Orlando against defending Class AA champion Coral Gables. Sarasota High School will play Orlando. Jacksonville will play Tampa. Pensacola will play North Miami.

The time schedule for these games has not yet been announced. However there will be two games played each afternoon and two each evening on Monday, Tuesday, and Wednesday, with the two finals scheduled for Thursday night and the possible play-off between the two classes set for Friday night.

Reservations from press representatives and teams are already coming in and information concerning the tournament and facilities are being mailed out to all persons concerned with the tournament. Plans for the actual running of the event are progressing nicely.

Soil Conservation News

By Sam Polston — U. S. Soil Conservation Service

The Soil Conservation Service has started the construction survey on the Upper Josephine-Jackson Creek Watershed Project. The survey began at the lower end of the project where Josephine Creek crosses U. S. Highway 27. It is anticipated that the survey will take several weeks to progress to the upper end of the project where it terminates at Lake Jackson.

The landowners group headed by C. M. Payne met at the Courthouse, Monday, to try to work out a plan with the County Commissioners and State Road Department to enlarge and lower the culverts on Jackson Creek where the new Highway 66 crosses. Paye appointed an executive committee of landowners to handle current problems affecting the Watershed Project. Appointed were: Von Maxey, Jack Ingle, Leon Tubbs and Reginald Mer.

This week the Soil Conservation Service Engineer assisted several cooperators in the layout of water control systems. Among them were Bob Hall and Wilson Pearce of Venus, and the Durrance of Lake Placid and Doyle Schumacher and Bill Payne of Sebring.

Now that summer rains have begun, citrus grove owners are planting cover crops. Bob Barben Soil Conservation District Supervisor planted 160 acres of hairy indigo near DeSoto City this week. Guy Finley, Otis Smith and Jack Clark also planted indigo cover crops in their groves recently.

Mrs. Stewart Passes Tuesday

Mrs. T. C. Stewart, mother of Ben T. Stewart of Avon Park, passed away at her home, G. A. following a brief illness.

Mrs. Stewart, 89 years of age, suffered a stroke last week. She has spent several winters here where she has a host of friends.

Her son, and a nephew visited the deceased shortly before she died.

Avon Elementary Cafeteria Scene Of Spanish Class Banquet Thurs.

The Spanish classes of Avon Elementary School brought their year's activities to a close Thursday with a lavish Spanish banquet at the school cafeteria.

The menu included arroz con pollo, tamales, tacos, lech, paella, dulce con frutas, y pepitas. The boys and girls enjoyed tasting foods new to them, including delicious sopa de garbanos (Spanish bean soup) made and furnished for the occasion by Vern Griffin.

Guests present for the dinner included Julian Markham, general supervisor of Highlands County; A. B. Whitte, area principal; and George Kelley, principal. Mr. Markham was assisted in judging the costumes worn by the boys and girls by Mrs. Marianna Lee, teacher of the Spanish program in the primary grades.

The judges found their task very difficult, since virtually all the students had put together very elaborate and authentic costumes.

Priests were awarded to these children: Jeffrey Stokely and Marcia Ward, most authentic; Marie Herin and Gerald Miller, most representative; Clay Fields and Barbara Wicker, best from the primary class.

The cafeteria was decorated with authentic artifacts from Mexico and Spain, loaned to the students by residents of Avon Park who have made trips to those countries. A highlight of the day was the presentation of awards to those students in the fifth grade classes who showed outstanding achievement in the Spanish language.

Mrs. Elmer Fields, fifth grade teacher, presented a cup to Reggie Weber and Rose Rimes; a trophy to the boys and a cup to Lynn Fields.

Red Devil Coach Garrett Named Ridge Coach Of Year

Coach Guy Garrett has been selected as the baseball coach of the year for 1961 by members of the Avon Park Red Devil squad, which will represent Class A's group six in the state playoffs.

Garrett's team posted a 21-1 record this season.

Four members of the Red Devil squad were chosen for the All-Ridge honor baseball team: Normie Norman, Wayne Glenn, Shortstop Lamon Milton. Other Ridge players selected for the conference honor squad were Mulberry's Bob Murphy and Quinn Clements, Sebring's Don D'Armitt and Wayne Parks, and Snooky Oliver from Lake Wales.

Willis won eight games and lost one while batting .268 for Avon Park this year. Baseball ten games and lost none. Money took credit for three mound wins and led the Devils at the plate with a 400 average. Milton led the Devils in runs batted in—26.

The Ridge Conference's coach of the year came as no surprise to Avon Park fans. Since 1953 Red Devil teams under Garrett's coaching have brought home eight of the possible nine Ridge Conference championship trophies. His 1956 club won the Class A state crown and his 1955-56 teams won 40 of 48 straight games.

C. C. C's assistance has proved to be one of his greatest assets over the years. His enthusiasm, desire to work, and exceptional ability have carried him to the boys through 10 years and the individual help he has given to team members has improved the quality of team play.

Garrett went on to say that J. C. was the best high school baseball player he had ever seen and that he thought Avon Park was very fortunate to have a person of his ability and interest. J. C. played baseball for a Triple A club in the former Brooklyn Dodgers farm system for several years.

Avon Park fans are proud of Coach Guy Garrett and the boys on the 1961 Red Devils baseball team. Let's win the state crown again this year!

Chinch Bugs Increasing With Summer

Signs of increasing damage from chinch bugs in St. Augustine lawns are in evidence now that warmer weather is here. In many areas of the state the brown, unsightly patches caused by these pests are highly apparent.

One encouraging aspect of the whole chinch bug problem, however, is the fact that many home owners and professional lawn treaters report considerable success in the control of these creatures with a new chemical known as ethion. Available for chinch bug control in turf for the first time this year as a result of recent U. S. Department of Agriculture acceptance for this application, the compound has shown extremely well in experiment station trials and initial consumer usage.

Many homeowners, as was initially the case with DDT and other new well known chemicals, have encountered some difficulty locating ethion formulations in their local hardware stores, nurseries and garden shops. Actually the chemical is readily available but is best identified by specific brand names. These include: Escal Ethion; Escal Ethion; Chemical Chinch Bug Spray; Hurri-Green Chinch Bug Spray with ethion; Ideal Brand EBN; NACCO Ethion; Niagara Ethion; Ortho Bug Spray; Security Brand Lawn Chinch Bug Killer; Super Extra Value Ethion; Tower Ethion; and UNICO Ethion.

For those who are uncertain of how to recognize chinch bugs, they are small, dark, flat, about one-quarter inch long, with whitish wings. They do their damage at ground level, around the base of grass. Their lot in life is to suck juices from the stems, causing the turf to turn brown and die. St. Augustine grass is one of their favorite targets.

An easy separator between them is cold, but it beats better at room temperature.

First Baptist Little Leaguers Lead Avon Park Loop With 4-1-1 Record

The First Baptist Little League team won a playoff game and the regular scheduled game from the Rotary nine last Tuesday night to set their season record at four wins, one loss, and a tie. Florida Power Employees' squad skinned by the Lions 7-6 in the Tuesday night-cup to move into second place with four wins and two losses.

The First Baptist boys pushed over one run in the last of the single tie-playoff inning to take the postponed win. Scotty Williams scored the winning run on errors. He reacted first on an error, advanced on Wayne Doubler's single and scored on another error. Linwood Hobbs got the Rotary's only hit of the inning.

In the regular scheduled game the First Baptist scored three runs on four hits to take a 3-2 win from the Rotary. Bobby R. Barber gave up only one hit to the Rotary boys—a single by Linwood Hobbs. Scotty Williams, Wayne Doubler and Rance Rewis a single each for the First Baptist and Johnny Elder rapped out a double for the Rotary. Chuck Warrington was the losing pitcher.

The Florida Power Employees' team got only three hits off losing pitcher Tommy LaPlam. The Lions scored seven runs. The Lions scored their six runs on six hits off winning hurler Emmett Money. Bobby R. Barber gave up a single each for the Rotary. Rance Rewis and Rance Rewis connected for two runs. Emmett Money, Carl Barnes, and Gary Neal all singled for the losing Lions nine.

Last Thursday night, the Florida Power Employees' team handed the Rotary their defeat behind the three hit pitching of Emmett Money. The Lions won their first game of the season with a 9-3 win over the previously undefeated First Baptist boys.

In the opening game Bobby R. Barber blasted out a home run for the winning F.P.E. team and a single. Emmett Money pitched for the F.P.E. team by Tim DeWarrington. Money pitched for the F.P.E. team by Tim DeWarrington. Money pitched for the F.P.E. team by Tim DeWarrington.

1961 Tax Sales Show Increase

The 1961 tax sale receipts jumped sharply over the receipts of a year ago. High county tax collector W. H. Prescott reported that the sales were at \$820,000. The county tax collector W. H. Prescott reported that the sales were at \$820,000. The county tax collector W. H. Prescott reported that the sales were at \$820,000.

A year ago the sale of 117 items brought in \$200. The sale Monday was for 171 items. Prescott reported that most of the sales were at eight per cent.

The Tax Collector said he believes the increase in the number of items this year is a "reflection of the times." "Things are tighter than they were a year ago," he said. "Money is more scarce."

Boat Owners Warned Of Proper Registry

Attention all boat owners in Florida, the State Board of Conservation draws attention to the fact that any person having purchased or is purchasing a boat that has been previously registered from another individual or dealer must make application for transfer of ownership.

It is pointed out that this application must be made before July 1, 1961, so that the boat owner can re-register his boat for the next year.

Applications for transfer of ownership may be obtained from any local Conservation Agent or Tax Collector in counties where the owner lives. Agents or Tax Collectors will advise the necessary fees.

Applications after they are filled out will then be sent to the State Board of Conservation office in Tallahassee. The new transfer certificate will be issued in the new owners name and mailed back to them.

Boat owners are urged to attend to this matter so that they will not be handicapped when the time comes to re-register their boats on July 1, 1961.

"THIS WORLD"

...what is it dad? To me it seems to be a multitude of jealous people, who have forgotten God, and are experimenting with scientific formulas that could tear us apart. What does it mean—"Am I my brother's keeper?"

What a thought for this age...for men who literally carry our lives in their hands. At best we are confused. The time-table is tipped in favor of total destruction. Why, oh why, will wise men "deaf-ear" God? He said, "I am the way and the truth." He gave us His church where we could learn to love each other more, but many a man refuses to be called to worship. God, have mercy on all those who stray, and help us explain the world through love.

You In The Church
The Church is You
...form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.
