THIS IS FREE ENTERPRISE

The Association of American Physicians and Surgeons recently sponsored an essay contest for high school students on the subject "What Is Free Enterprise?" The winner of the \$1,000 first prize was Herschel Mills, a 17-year-old student who lives in Angleton, Texas. His opening paragraph reads: "The greatest monument I have ever seen to free enterprise is the modern American supermarket. On a single shelf may be found one product under fifteen different labels, every one of those labels proclaiming its product to be the best made. Fifteen manufacturers, each trying to convince the public that only he can produce green peas capable of satisfying hunger. This is free enterprise."

There is obviously, a great more to free enterprise than a supermarket or any other kind of enterprise. But young Herschel Mills did pick a first-class example. The retail store, whether it deals in food or clothes or variety goods or appliances or anything else, is the showcase of the American system. That system demands the most intense kind of competition, both on the part of the producers whose wares are displayed and on the part of the stores themselves. A manufacturer may put out a bad product, claim the world for it, and survive for a time—but it will be a short time. A store may be derelict in its advertising and its standards of courtesy and service, and it too will survive for a time—but it will be a short time. Consumers reward the producers and distributors who serve them best.

And that is one big reason why our living standards are the highest on earth.

No worry — SAFECO Boatowners Policy rights the situation in a jiffy! You buy this better protection on a continuous basis, with automatic renewal yearly. You save time — and money, too! And, here's one policy that covers your boat whether inboard, outboard or sail — in one easy-to-understand policy! Call today!

LETTERS TO THE EDITOR

Library Plan Backed By Sebring Woman

Avon Park Sun:
For many months an effort has been in progress to establish a Public Library Service.
Dr. Wm. Berg worked very untiringly and enthusiastically contacting citizens in the county known to be interested in educational and cultural progress. These citizens for the most part saw the need of better Library Facilities and a number of them attended the initial meeting that when it came to an actual working participation, these same people were so encumbered that no time could be given to an aggressive effort.

Our County Commissioners do not see the need of a Library Service to accommodate those in outlying districts, as well as those in the Colored Sections.

With such a "We never had one before attitude" we will not be long in time to come with those Southern States reported to have a cultural lag.

Regardless of what has been said concerning the adequacy of the several libraries in the county, I personally know of numerous instances wherein individuals were unable to find the general information needed.

Our plan to hold a public hearing was not granted by the Commissioners. Even if we should lose, we would have the satisfaction of knowing we had done what we could.

In Sebring we have learned that with added hours the interest has been greatly increased. In number of books taken out has doubled, and more people have come seeking information.

Our Civilization demands that we, the people, become better informed.

If we are to have a true democracy, our interest must reach out to those in our surroundings.

This is the proposition: Highlands County by providing 15 mills per capita would provide \$1,000 which would entitle us to a Public Library. Grant of \$10,000, and a Population Grant of \$2,115.

Should we include De Soto County, the working capital would be increased by \$11,175 which would give us a sum of \$40,338. This amount would enable us to provide a bookmobile, a good stock of books, a trained Librarian and assistants.

The money granted to the Counties involved, cannot be used for building purposes, but a reasonable amount may be spent on rent.

There would be necessity be a Center in one of the counties. There would be a schedule for the visit of the Bookmobile to the different towns and settlements. Current information would be available on all levels. In addition to books, slides, records, maps, globes, other educational material would be available for use in the different communities.

Thinking of the advance made in Science, Medicine, and Invention, and the value of information on these and other progressive efforts I am wondering if in withholding this opportunity from our people we may not be denying some potential benefit to society a great privilege.

If this effort to get the Free Library goes down in defeat, we, the citizens and the Commissioners of Highlands County must of a certainty take the blame.

How about expressing your opinions in letters to the Editor?

Sun Church Page Noted By Minister

June 13, 1961

Avon Park Sun:
You will understand that our concern is in the interest of God and humanity and is promulgated through His Church, for this is the reason, of course, for our being delighted over the regular Church feature page which you carry in the Avon Park Sun each week. There is no doubt but that you and the wonderful people who sponsor this page are doing a splendid job in the promotion of God and religious morality in our community.

Every individual and business institution which has a part in this undertaking, may be assured that their contribution cannot but have a salutary effect, even on those of us who are not restricted in our beliefs to what we see in the newspaper.

We sincerely doubt whether you could do more good anywhere, with the amount of this Church page subscription than through your support of this weekly Church page. Of course, people read it whom we do not know, but we do know that these people need the direction this page gives.

Every individual and business institution which has a part in this undertaking, may be assured that their contribution cannot but have a salutary effect, even on those of us who are not restricted in our beliefs to what we see in the newspaper.

May God bless each one who in any way helps in making the program possible, such as all of us who are assured that what he does makes it easier for all of us to more faithfully live up to our religious and moral ideals.

Sincerely yours,
Herbert D. Gratz

"Beauty"
If you have never said, "I wonder what it's like... the caterpillar's track!" Put your ear to the ground while the sun warms sweet, And strained to hear: the marching of tiny little feet... Do you know the wonder, the awe—the need, the thrill of excitement, the hope and the doubt, When they dig it up to see if it's snail? Or when you've missed beauty, if you've never unfurled a leaf bud and seen its unborn green unfurled? That is never still!

In a colony of ants bringing food to their hill Or watched a lonely dog in whose eyes burn oh, so very much... Extend a hand to those who need the human touch! Have you known Gethsemane? Then felt a sudden calm Recognized the touch of God's gentle healing balm? All have seen a lovely rose, honey kissed with dew... But have you watched hours for the cocoon to debut? God used such tender loving care when he this world did plan... A wondrous prize... he gave our eyes... Then gave the world to man. You have missed beauty? It's really not too late... It may be "round the corner" or at the garden gate. It's in the star... in the leaf... or where love does abide... Often you may find it by a home... Its free to seek... don't put it off or wait till you are older... Beauty can't be bought... but it's yours for naught... it's in the eye of the beholder!

The State of Citrus

Florida Citrus Mutual

LAKELAND.—About this time every year all hands at Florida Citrus Mutual get into at least a small-sized dinner preparing for the big cooperative's annual membership meeting.

This annual get-together of mutual members and citrus growers, has grown so in crowd-size that it has become the world's largest gathering of agricultural producers assembled at one time under one roof.

This year's meeting will be held June 20 in the Water Haven. The meetings have been held at this point for the past several years, because, Nora Mayo auditorium is the largest air-conditioned meeting place in Central Florida.

The 1961 year is the 13th in Mutual's growing history. Last year the crowd at the affair topped 5,000. The auditorium was jam-packed, with hundreds of the citrus growers standing in the aisles. Already, a week before President Max Acevedo's gavel will fall calling the June 20 meeting to order, more than 1,000 advance reservations have come into Mutual's Lakeland headquarters.

It's anybody's guess at the moment how many citrus growers will attend the annual session. There are some who reckon the figure at 10,000. For some reason or other, Mutual members have been attending annual meetings, J. K. Flanagan, vice president, said, "I look at it as if the attendance record at the annual meeting will be broken again this year."

Bob Rutledge has put it conservatively, "Looks like there'll be more than 3,000 at the meeting this year."

With this kind of crowd confronting them, Rutledge keeps his staff on the active putting together a program that will do justice to all this growing interest.

At a staff huddle a day or two ago, Don Farmer, of Mutual's public relations staff, came in with a large portfolio brimming with records of past meetings and the step-by-step planning for these meetings.

He was a sort of interesting note jotted down when we were making play for the 1959 annual meeting. "Farmer said, 'Among those considered that year as guest speakers was a young U. S. senator named John F. Kennedy. Records don't show why he didn't come, but he's become pretty prominent since then.'"

CIRCLE TO MEET

The Covenant Circle of the United Congregational Church of Lakeland will meet on Wednesday, June 21, at 10 a. m. with Mrs. H. C. Gilmore, 1030 W. 10th St., Ave. The members' husbands are invited to join them at noon for luncheon. Please phone reservations to the hostess. All members of the congregation are cordially invited.

By Mrs. Marge Slocum

Work has been started on the addition to the Club House. The contract was awarded to Laycock and Provatt of Avon Park, from plans by George O. Barnes of Nautilus Drive.

The many friends of Mr. Charles Coburn are happy to have him back home again after spending several days in the Walker Memorial Hospital for a check up.

Mr. and Mrs. W. D. Walker spent the greater part of last week visiting at the home of

Mr. and Mrs. Nestor Fowler. The Walkers are from Sandi Arabia. They left Saturday for New York before returning to Arabia.

Mr. and Mrs. Arthur Barlow, of Boca Raton, former residents of the Lakes, spent Wednesday afternoon visiting friends and former neighbors.

Mr. and Mrs. Herbert Slocum have returned home after a three and a half weeks vacation up through Hammond, Ind., Chicago, Ill. and Holland

Mich. While in Hammond they visited with Mr. and Mrs. Lynn Fillmore. Mrs. Fillmore's sister, Mrs. Slocum, was returned by way of Atlanta, Ga., where they spent the last week of their trip visiting Mr. and Mrs. Robert Slocum and their son and granddaughter, Billy.

Mr. and Mrs. Boone of Orlando has moved into the Dr. Clark home on Lake Adelaide. Mrs. Boone is an employee of Inter County Telegraph and Telephone Company.

Mr. and Mrs. William Constantine of Dumont, N. J., arrived Saturday at the home of the Slocums. They are very busy making ready their new home on Carpenter Road for an early return.

Word has been received from Mrs. Norman E. Cook of Lauderdale-By-The-Sea that her husband recently passed away. Mrs. Cook is a former resident and builder was also active in community affairs during their stay on the Lakes. Our sympathy to the family.

Mr. and Mrs. Louis Robin of Milwaukee, Wis., touring Florida, surprised the John Rileys with a two day stop-over for a visit with them.

Florida Contractors and building materials firms experienced a 20 per cent drop in gross sales during the first quarter of 1961, the Florida Retail Federation reports. It was the largest decrease of any business in the state.

Morris Adams Promoted June 2

Chattanooga, Tenn.—At the final parade of the McCallie School military regiment on June 2, 1961 cadets received promotions for the 1961-62 school year. These range from Cadet Major down to junior corporal and junior sergeant among the eighth and ninth graders.

Brown Retires From Sun Staff

Raeburn L. Brown, who for the past six years has served as the bookkeeper for the Avon Park Sun office, retires from an active business career this month. He and Mrs. Brown reside at 55 North Highlands Avenue. Ray says he expects to do a lot of fishing in the future.

He first came to Avon Park in 1924 with the Eisle Brothers who were developing the Highlands Lakes area. He met and married the former Miss Sallie Myers, who was a school teacher and a native of Avon Park. Following his real estate venture in Florida, he was for 11 years connected with the New York State Insurance Department in New York City, and later joined the General Motors Company in Linden, New Jersey.

When he and Mrs. Brown and their young daughter, Susan Jane, returned to Avon Park in 1948, Mr. Brown was paymaster for the Burns and Eise Company, builders of the new Florida Power Plant here.

The Browns have one grandson, Stephen, who with his parents, Mr. and Mrs. R. J. Gusefski, live in Atlanta, Ga.

HIS DAY

Come Sunday, the world will pay homage to a very special fellow.
*He is the husband—the father—the breadwinner and the
sturdy foundation of our community.* We pause to do him
honor. He may be gruff, and stern, and tanned of face, but he is
Dad. Just get an x-ray of his heart if you really want
to see something rare. What strange, but wonderful people these
fathers are. They are the world's easiest victims of love's
attack. Just pour on a little attention, seasoned with about two
parts of tenderness and give in very small doses...since he could
never stand a big dose. Then just sit back and watch his big
heart warm up. It will respond in true father fashion. *This Father's
Day, won't you take him to God's House for an hour of worship?*

Avon Red Devils In Class A Finals

PRE-GAME CONFERENCE—Coaches of Avon Park, Riverview and umpires go over ground rules before today's contest between the Rams and Red Devils. Left to right, Umpire Cushman; Paul Susce, Riverview coach; Guy Garrett, Avon Park coach; Umpire Harris, and Umpire Belbeck, partially hidden.

Top Rams 3-2; Meet DeLand For Title

The never-say-die spirit of the Avon Park Red Devil baseball team paid off this afternoon as they posted a come-from-behind 3-2 victory over the Sarasota Riverview Rams and earn a berth in the Class A State finals opposite the DeLand Bulldogs Friday night at 8 o'clock.

A three run rally with two men down in the top of the seventh gave the Avon Park Red Devils a 3-2 win over a tough Riverview nine this afternoon at Head Field.

The Riverview Rams had taken a two run lead in the bottom of the fifth when Jerry Harrison, Ram's third sacker, and Jim Sicks, the second baseman, singled and came home on centerfielder Russ Gatlin's double. Terry Knepper followed with another double off the Devil's starter, lefty Glenn Bass, to put a man on third and second with two down.

At that point the Devil's ace right-hander, Norman Williams, came on in relief and retired the side as losing hurler Ed Touchton fired out to Jim Bates in rightfield.

It was do or die as the Red Devils came to bat in the top of the seventh. Bass led off and struck out on a called strike. Jim Bates walked and Jack Seims went in as a runner for Bates. Dale Batson was safe on a fielder's choice when Ed Touchton singled to right but the Riverview rightfielder made a magnificent throw to the left and caught Seims attempting to come home. Dick Nagel tied the game up when he singled in Batson and Touchton and scored the winning run when the Ram's shortstop errored on Bobby Bates's grounder.

Bobby Bates collapsed at second from heat exhaustion and was carried from the field for observation. At press time his condition was reported very good and he is expected to be in the line-up for tomorrow's game at 8 p. m.

With Bobby Bates out of the line-up, Lamon Money moved to catcher, Willie left the mound and went to shortstop, and Bass came back to hurl the last of the seventh frame. Bass struck out the first man, walked the second, fanned the third and threw out the fourth for the final out.

It was a big win for the Red Devils and throws them into the finals of the Class A meet tomorrow night at 8 p. m. against the DeLand Bulldogs.

The win gave Avon Park a 23-2 record for the season and marks the third time a Garrett-coached Red Devil nine has reached the finals of the State Class A meet. Avon Park won the Class A title in 1955, lost out in the semi-finals in 1956 and 1957, and lost to Key West in the finals in 1958.

Riverview's Ted Dandridge struck out 11 Red Devils and gave up only four hits as his team lost out after gaining the semi-finals with a 1-0 win over Terry Parker of Jacksonville, Tuesday afternoon.

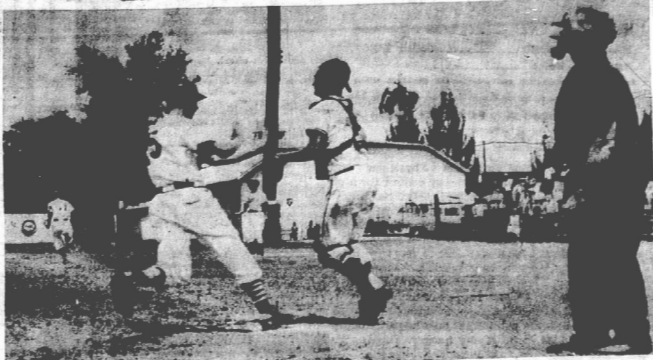

The Rams took Bass for five hits and Willis for two. Russ Gatlin came within inches of a homerun in the first inning when his long fly ball to right field hit a light pole and bounded back onto the field for a triple. Gatlin also got a double for the losers.

Bass fanned eight Rams during his five and two-thirds innings on the mound but Norman Willis took the win for the Devils to set his season record at nine wins and two losses.

Dogs 1, Maroons 8

The DeLand Bulldogs sponsored by the Palatka Maroons 1-0 in a 10 p. m. game this morning. The game had been postponed.

(Continued on page eight)

START OF RED DEVIL RALLY—Dale Batson, Red Devil first baseman crosses the plate with Avon Park's first run in the top of the seventh inning on a base hit by Dick Nagel, who is shown leaping in to first base. After this play the Red Devils erupted and scored two more runs to edge the Sarasota Riverview Rams by a 3-2 score. Umpire Harris and Riverview Catcher Bob Moxley watch the play.

Boca Ciega Meets Lee Tonight At 8

The Boca Ciega Pirates of St. Petersburg will meet the Robert E. Lee Generals in the Class AA finals tonight at Head Field at 8 p. m. for the Class AA championship.

Boca Ciega nipped defending champion Coral Gables 4-3 in the first round of the tourney and squeaked past Orlando Boone 4-3 yesterday afternoon in the semi-finals. The Pirates lived up to their name in both games by stealing the win in the seventh inning both days. Harold Lanier won both games on the mound for Boca Ciega. Lanier hurled a two-hitter against both Coral Gables and Boone.

Robert E. Lee knocked out the Jefferson Dragons of Tampa in the opening round 4-3 and slipped by the Pensacola Pioneers 1-0 in the semi-finals Wednesday afternoon. Larry Matheny was the winning pitcher for Lee against Jefferson and Jim McCune went up only two strikes to the Pensacola nine as he took the win for the Jacksonville boys Wednesday afternoon.

Lee is making its third bid for the Class AA title in the past few years. They have reached the finals twice but haven't been able to take home the bacon.

Boca Ciega is making its fourth straight appearance in the state meet.

Golden Pleased With Tourney

Lafayette Golden, executive secretary of the Florida High School Activities Association, expressed his extreme pleasure at the remarkable attendance in the State High School Baseball Tournament is drawing here at Head Field this week.

He commented that Avon Park is the most enthusiastic baseball community he has ever run across and feels that the city and tournament managers have done everything possible to make the State a success in spite of the weather.

DIDN'T MAKE IT HOME—Jack Seims, Red Devil pinch runner, rounds third base on the win for Avon Park following a double by Ed Touchton. Seims was tagged out at the plate on a perfect throw by Sarasota Riverview right fielder.

City Council Employs Plumbing Inspector

Burrescia To Receive \$100 Per Month

The Avon Park city officials announced this week that Lake Tulsie is no longer a city public beach. No life guard is on duty and anyone swimming there will do so at his own risk.

Donald Park is being completed as a beach area and will be open to the public with a life guard in the near future, officials said.

The Avon Park City Council hired a plumbing inspector at its regular meeting Monday night, heard a discussion on stray dogs, and cautioned ambulance drivers to observe speed laws when enroute to an accident.

Charles Burrescia, local plumber, was hired as inspector at a salary of \$100 per month beginning July 1. Burrescia, a member of the plumbing board will be replaced on the group by Alvin Cox, Councilman E. O. Blanford will serve on the plumbing board as the council representative.

Councilman King lead a discussion on stray dogs in the city and recommended a referendum to pen up all dogs without proper tags and inoculation. After discussion it was believed that such action would be prohibitive. The matter was tabled.

As the result of an accident here last week involving a hearse that took the life of one motorist and injured another, ambulance and hearse drivers were the subject of a discussion regarding their speeds to and from accidents and emergencies. The city clerk was instructed to inform them to observe speed laws.

In other business the council voted to buy \$10,000 of the city's bonds at 4 1/2%. Five of \$1,000 bonds mature in 1981, five in 1918. They have a 3 percent interest. Dr. Harold Henderson, veterinarian was called to hold an inoculation clinic at the fire station June 23 and 24. Lester Brown was denied a request to operate a concession stand at Donaldson Park. Heard fire activity report for May. Loss for month, none; loss to date, \$9,000.

Highlands County Commissioners held a special session Tuesday morning in an attempt to resolve difficulties arising from a conflict between the state road department and federal soil conservation department.

Focus of the conflict is the point where the new state route 66 would cross a drainage canal which is to be built southward from Lake Jackson to Lake Josephine on the point where U. S. route 27 crosses Josephine Creek.

At the Tuesday morning session the commissioners adopted a resolution requesting the state road department to appropriate funds from its primary road money to build a larger bridge than that originally planned for. Engineers have estimated that cost of the larger bridge would be \$25,000.

In May, soil conservation engineers appeared at a commissioners' meeting and explained that the state road department had announced plans for culverts set two feet below the surface of the land.

They said this planning was in keeping with "things as they are now". On April 15, Congress had approved a bill for the construction of the drainage canal. At the request of the conservationists, the board appointed Commissioner Carl McIntire to meet with the road department officials and present a request that culverts be lowered at least six feet or that other plans be made for spanning the enlarged canal.

Road money is involved only in the canal crossing, but the federal government can not proceed with construction until the crossing problem is solved.

County Attorney R. P. Dunty, Jr., said the new state route 66 is a primary road but "in order to help out the state road department and to get this needed project underway, Highlands County is contributing money from its secondary road funds".

He said to put more secondary funds into route 66 might delay work on other priority secondary road projects.

(The high priority projects now are, in addition to route 66, the street improvement programs in Avon Park, Sebring and Lake Placid.)

HIS DAY

Come Sunday, the world will pay homage to a very special fellow.
He is the husband—the father—the breadwinner and the sturdy foundation of our community. We pause to do him honor. He may be gruff, and stern, and tanned of face, but he is Dad. Just get an x-ray of his heart if you really want to see something rare. What strange, but wonderful people these fathers are. They are the world's easiest victims of love's attack. Just pour on a little attention, seasoned with about two parts of tenderness and give in very small doses... since he could never stand a big dose. Then just sit back and watch his big heart warm up. It will respond in true father fashion. This Father's Day, won't you take him to God's House for an hour of worship?

**YOU IN THE CHURCH
THE CHURCH IN YOU**
Character is a trademark of the church. It is here that young and old alike are concerned with traditions that carry and influence for a better citizenship and a stronger democracy. In the church the ministerial and visiting religious character. Therefore today declare the affairs of state in these precious times. Then we will our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

On Wednesday night when the Class A semi-finals were rained out.

The Bulldogs lone run came on the bottom of the fourth. Tom Harris led off with a double. Palatka's hurler, Gene Turnbull, struck out the next two men, but first sacker, Ray Magstrom singled to left-center to drive in Harris with the winning run.

The Maroons threatened in the fourth. Larry Lee reached first on a single with one out. Then Tom Parley lined a long one to left field and the DeLand outfielder fired the ball to the catcher to catch Lee at the plate. The catcher then fired to third for the put out on Parley as he tried to stretch his double into a triple. The double play retired this side.

Palatka's Turnbull, going on the mound for the second straight game, gave up a double and three singles to the Bulldogs.

DeLand used a pitcher-juggler act to win over the Maroons. John Jokinen started for the Bulldogs but was relieved by Ronnie Creese in the fifth after walking two men.

Creese fanned the next two men to retire the side and Jokinen came back on to start the sixth. He struck out the first batter and walked the second.

Land's coach, Tom Hill, switched again in the seventh inning, bringing out the pitcher. Creese took the win for DeLand.

The middle aged woman was found dead on the front porch of her home as the result of a shot gun blast.

The neighbors said however, they did not see the shooting. It was not known at press time when Burned would be arraigned.

YOUTHS HONORED
Youth will be honored at the Union Congregational Church this Sunday. Two young people, Miss Anne Barber and William Bates, will assist in the Morning Worship at 10 o'clock. Special music has been arranged and Rev. Herbert D. Grantz, pastor, will preach to the subject "If I Were Young Again". The church is now on summer schedule with Sunday School at 9 and Morning Worship at 10 o'clock.

WATCH THAT LITTER
Being a "litterbug" is an expensive business in Highlands County. The docket for County Court this week listed one case on the charge of throwing trash on the highway. The charged motorist did not appear in court to answer the charge; his bond was forfeited. Cost to the motorist—\$10.

The American Legion awards went to Betty Sue Mills, daughter of Mr. and Mrs. Virgil Mills, and Joe Milton, son of Mr. and Mrs. Hubert Milton. These awards are based on dependability, scholarship, sportsmanship, and loyalty. Her name will be engraved on the trophy at the school.

The \$25 bond present by the DAK for the best essay in junior high school competition went to Billy Miracle, son of Mr. and Mrs. Billy Miracle.

County Superintendent, and Mrs. Andy Miracle. Billy's subject was "Historic Rivers of the United States".

Manager Grover Bates released the Legion schedule for Post 69's team this week but added that 200 season tickets need to be sold to assure proper financing of the team. Season tickets
