Winter Guest Club News

Since our last report, in which we noted the passing of one staunch member, three more have gone West over the Great Divide. We shall miss them in the days to come, but let us wish them God speed and cheer them on. Mrs. Gochenour passed away on the 2nd of August. Mr. Charles Colmery on the 28th, and Mr. Ed Dobbins on the 3rd of September.

Few of us knew that for the past eight or ten years we had a baseball umpire among us. Mr. Charles Colmery served in that capacity for a number of years, calling balls and strikes and outs with accuracy and impartiality. But the Great Umpire called him out at last, and he obeyed the call.

Tourists come and tourists go. While time moves on with even pace. We saw him yesterday, but oh, Today he's just a remembered face.

But where is thy victory, O grave, And death where is thy sting? Only the worn out garment you have.

The spirit, like bird on the wing, Has flown far away from earth's grim dust To realms beyond the sun. The Great Creator said He "must" have the spirit said, "I come".

When the tourist tide begins to set this way again, it will meet some obstructions unless present conditions here are considerably improved by then. But, turners may wonder where they are at when they behold Lake Avenue turn up from end to end, and divers other thoroughfares in a more or less similar condition. And many may find

it a bit of trouble to drive from their homes in town to the club house grounds, so many streets verberate in cars. It may be quite a roundabout journey, and having arrived here they may find parking space at a minimum. Oh, well, it will be all shipshape again in good time, in a year or two probably. Good old Avon Park is putting off the old and putting on the new, and we'll all sing hallelujah when it's done.

The Labor Day supper drew a goodly number to enjoy it and the fine conviviality that marked it. Supper over, the rest of the cool and pleasant evening was spent by numbers dancing in the house or playing shuffle board outside. There were 45 in attendance.

Speaking of shuffleboard we note that the usual half dozen still play every morning on the one shaly court, Mr. Jim Brown usually winning most of the games. It is even so says the Stroller.

"Parrish" Starts Run At Hilans

Troy Donahue, the teenagers new baritone, is cast with Claudette Colbert and a group of bright young stars in the Warner Bros. drama, "Parrish", a Technicolor production of Mildred Seegar's novel, laid in Connecticut's Tobacco Valley, opening Sunday at the Hilans Theatre.

Miss Colbert plays Donahue's mother in the film, her first Hollywood appearance in five years. She has been starring on Broadway for two years, having enacted a lead opposite Charles Boyer in the stage hit, "The Marriage-Go-Round".

The "Parrish" cast is divided into the youth and the mature segments of players, whose romantic and personal problems run in a startlingly parallel pattern in the picture. Karl Malden and Dean Jagger appear among the older group.

Pearl Todd Circle Meets

The Pearl Todd Circle of the W.M.U. of the Florida Avenue Baptist Church was entertained at the home of Mrs. Marshall Reynolds on East Thomas Street, Thursday night. Twelve members and one visitor were present.

The Bible Study, "Intercessory Prayer" was taught by Lena Mrs. Phillips. Elsie Preva and Mrs. Reynolds assisted with the program. Others present included Irene Shields, Letha Ross, Tec. Capell, Mary Ella Scott, Virginia Church, Eunice Shaw, Leila Hall, Irene Albright, Eric Lewis and Mrs. Leslie McFee.

The hostess served a delicious homemade cake with cold drinks.

STOKES IN GEORGIA
Mr. and Mrs. Milton Stokes and sons, Milton and Jeffrey, left Monday for a trip to Milledgeville, Georgia. Milton will enter Georgia Military College, and the family will return home.

RETURNS TO TENN.
Morris Adams, son of Mr. and Mrs. J. M. Adams, will return for his second term at the McAllister School in Chattanooga, Tenn. this year.

Miss Jan Saylor, Mr. Stewart Wed In April 15 Ceremonies

Mrs. Vernon Lanier entertained with a luncheon on Saturday at which time she announced the marriage of her daughter, Jan Saylor, to Spencer Boyd Stewart of Reading, Mass.

White orchids and a picture of the young couple on the center-piece for the table where the guests were seated. With mums and carnations were used around the party rooms. The food was served from a buffet table.

Florida Businessman Favors The Mature Worker — Commission

TALLAHASSEE—Florida businessmen continue to bypass the young inexperienced worker for the more mature and better trained employee.

State Industrial Commission Chairman A. Worley Brown said, "Our figure over the years bear out the fact that the Florida businessman prefers mature and trained personnel. That's quite reasonable and understandable. At the same time our records show that Florida businessmen do give valuable work opportunities to thousands of young people."

"But the steadily declining rate of young people under 18 getting jobs in the face of a rising population," Brown continued, "is irrefutable proof of the value of training and education in the Florida labor market today. Therefore, as we approach the fall school opening, the best course for young people is to go back to school or to enroll in the apprenticeship program."

Brown backed his admonition with statistics on the Florida youth labor market.

In 1950 there were 32,747 work certificates issued to young people under 18 years of age. That was almost a ten per cent decrease from the 36,249 certificates issued in 1949.

Brown said there was a drop of 25 per cent from the 16,602 certificates issued during the first half of 1951. And the same 25 per cent decline was reflected in the numbers of on-the-job injuries to young workers during the first half of 1951.

There were 749 minors injured on-the-job during the first six months of this year. Of that number, 314, or 42 per cent, were found to be illegally employed. In the great majority of these cases, the infraction was the failure of the employer to require a work certificate from the youth applying for a job. This failure in most instances, was due to a lack of familiarity with the Florida Child Labor Law.

"The work certificate is the key to proper observance of the Child Labor Law," Brown explained. The certificate is not issued to the minor by the county school superintendent until all the requirements of the law have been met. Thus, the certificate is a protection both the minor and the employer," he said.

Brown emphasized that the total number of certificates issued does not represent all the young people working in the State, because minors working on farms or as domestic workers in homes are not covered by the Child Labor Law, except for those working under 18 years of age when school is in session. In fact," Brown said, "the total number of young people

Winter Haven School To Open September 18

WINTER HAVEN (Special)—Designed to fill a program of education lacking in East Polk, Highlands and Hardee counties, a Winter Haven school next month will be equipped to teach all courses of the business sciences.

Recognizing the lack of a junior college, a man and wife team has instituted a school of secretarial, accounting and business administration courses.

Because of the need of trained persons with these skills, 90 per cent of the graduates of the June class have been placed in employment.

The school was started by Mr. and Mrs. Richard H. Morgan. They formerly were commissioned by the Perry Business System, which has 400 schools under its program. The Morgans established 12 of these schools before deciding to start one of their own.

Mr. Morgan, a graduate of University of West Virginia and West Virginia Business College, Mrs. Morgan is the former Leo Foster of Sebring, where she had been insurance business. He serves as president and she as vice president and secretary.

In addition they have a faculty of six, all with five or more years of teaching experience.

The college also has dormitories for both men and women. Courses run from nine to 24 months.

In addition to standard courses in accounting, shorthand and typing, the school offers psychology, salesmanship, mathematics, personality development, English, bookkeeping, filing, indexing, business law, personnel management, principles of advertising, office management, retail management, and even four hours credit in CPA problems, investments and insurance.

Courses start Sept. 18, Jan. 8, April 2, and June 25.

Past Regents Honored By Mrs. Mandis

Mrs. Clyde C. Swihart, Past Regent of Patriots Chapter D.A.R., who will be leaving Avon Park to make her home near Leesburg, was honored on the home of Mrs. Dena Mandis, Thursday afternoon.

The house was a patriotic theme in decorations. A cut-work linen cloth covered the dining table from which refreshments were served. Mrs. D. T. Lockett, chapter regent, presided at the silver service. The Misses Anne and Linda Mandis, granddaughters of the hostess, assisted with the serving.

Guests included members of Patriots Chapter and a few other friends.

Decision Due From Carlton

Doyle E. Carlton, Jr., says he hopes to decide by the end of the year whether he will run for governor again in 1954.

Gov. Farris Bryant defeated Carlton in the Democratic primary runoff last year. Jacksonville Mayor Haydon Burns ran third and Fred O. Dickinson, Jr., of West Palm Beach ran fifth. Burns and Dickinson have also indicated they will run again in 1954.

Mrs. Jane Arnold, Clearwater, who is vice-chairman of the Classroom Teachers Department of the Florida Education Association, is a tall, green speaker. The teachers and guests were entertained with a special musical program furnished by Paul Gustaf, Don Miser, Vic McKinnis and John Amlie, who formed an orchestra group.

TO SCHOOL IN GEORGIA
Bobby Durden, son of Mr. and Mrs. C. R. Durden, left Monday for Milledgeville, Georgia where he will attend school. Mrs. Durden accompanied her son, returning home Tuesday.

children from Ashburton, Fla.

The ladies of the Avon Park Lakes Woman's Group are having their first meeting today at 1:30 p. m. since the completion of the enlargement of the club house. There is much to be done in planning and work for our fall bazaar in November. So ladies all come to help make the bazaar a success.

Although the number of injuries showed a slight increase for the same period, deaths were down for a comparable time as was the number of accidents which dipped over 3,000 from 63,647 in 1960 to 60,098 this year.

"It is a significant half year trend that we hope and pray may keep us a little safer as the year comes to an end and some four months from now," declared Comdr. H. N. Kirkman.

Injuries for the first half of the year totaled 25,011 against 22,245 for a like time last year, or a 1,266 injury increase. The number of deaths, however, had dropped from 601 to 559, a sizeable decrease of 45.

Highway Wrecks Down In State

TALLAHASSEE. — For the first time since war year 1945 Florida chronicled fewer highway crashes during the first half of 1961 than for comparable time last year the Florida Highway Patrol said today.

the Academic and God

The Great Teacher once said, when the fig tree buds it is spring. We might add, when the youngsters go back to school, it is fall. What a challenge back-to-school brings.

It is time to learn more about math, and science, and citizenship, and God. How necessary to our American way of life are these basic requirements in our educational system. Our curriculum must include some precepts of Jesus if we are to have sufficient moral and spiritual stamina to endure. It has been said, education without a knowledge of God is dangerous. Our teachers, our preachers, and all loyal Americans should see to it that our basic education be broad enough to include both the academic and God. Of course our youngsters should be loyal to their colors, to their school, but they should also be faithful subjects of the Great God. They should worship in church every week.

Miss Carolyn Sue George Weds In Double Ring Ceremony August 26

Miss Carolyn Sue George and Eddie Allen Scott exchanged wedding vows in Lane's Chapel Methodist Church at Waugh, Mich., Saturday, August 26 at 8 o'clock. The double ring ceremony was solemnized by the Rev. Vaughn E. Powell, before an altar arranged with two seven branch candelabra and two palms and a bouquet of yellow gladioli and greenery. Yellow satin bows marked the family pew.

Mr. and Mrs. Howard George of near Waugh, are the parents of the bride and Mr. and Mrs. Carrie L. Scott of Avon Park, are the parents of the groom.

Mrs. Winifred Kincaid, organist, played the traditional Wedding March by Lohengrin and Mendelssohn's recessional, with a selected program of bridal airs.

Entering with her father, the bride was radiant in a ballgown of white embroidered nylon over polished cotton with a three tiered skirt. Her finger-

length veil fell from a crown of seed pearls. She carried a white Bible crested with yellow roses and streamers tied in lovers knots.

Miss Karen Bowman was the bride's only attendant. She was attired in a ballerina gown of pastel blue taffeta with a matching hat. Her corsage was of white carnations.

Serving as best man was Joe George, brother of the bride and the ushers were Winifred Kincaid and Lloyd George, brother of the bride.

Mrs. George selected for her daughter's wedding a navy blue dress with matching accessories. She wore a corsage of white carnations. Mrs. Scott, the groom's mother was unable to attend the wedding.

Reception

About fifty guests registered for the reception which followed in the church social room, with Mrs. LaDonna Adair, sister of the bride, in charge of the bride's box.

Mrs. Kincaid, Misses Cheryl Coffey, Karen Bowman, Vergilia Philpot and Carolyn Kincaid, assisted with the hostessing. Covering the bride table was a white lace cloth. The centerpiece was formed of yellow roses. A three tiered cake decorated with yellow rose buds and topped with miniature bride and groom was cut and served with punch, nuts and mints. Napkins were inscribed, "Carolyn and Eddie" in a silver bridal motif. White wedding bells and yellow bows decorated the room.

Mr. and Mrs. Scott plan to make their home in Jacksonville, where he is with the U. S. Navy. They were in Avon Park last week before he returned to his base and she remained here for a visit with the Scott family.

The annual meeting of the club will be held Wednesday night September 13, and every member should plan to attend this meeting. The club is for each of the members and it is unfair that only a few attend such an important meeting. Each and every member should make this an important affair by coming out and voicing his ideas and suggestions as to what the club needs, how it should be managed and what is the best for all.

We all know that it is nice to have someone else do the work and we enjoy the fun, however, there is no reason why only a few should have the responsibility of such a large enterprise such as our club.

I know as well as a great many others that we could easily name the men who have spent so much of their time in making the club what it is, and we all know that we appreciate the work they have done, however, just think what a great deal more could be accomplished if more of the members would attend the meetings, help to plan some of the affairs, and

really put their shoulders to the wheel. The meeting is Wednesday night, September 13, at 7 p. m. Tid bits will be served, and there will be room for all, so let's make this a big night and show the directors that we are interested in having a great club, and showing them that we are very much interested in what is going on now, and what we can do in the future. I am sure we will all feel better, and will enjoy the club more.

Accidental Poisoning On Upward Trend

JACKSONVILLE — A total of 1,694 persons were treated for accidental poisoning at Florida's 20 poison control centers from January 1 to June 30, 1961, the Florida State Board of Health reports.

The centers, located in hospitals, are equipped with comprehensive card files naming poisonous commercial products and plants with antidotes so that immediate treatment may be given.

The most common cause of poisoning was internal medicine — 877 cases of which 295 involved aspirin. Insecticides accounted for 204 cases, cleaning and polishing agents, 163; kerosene 126.

Dr. J. E. Fulghum, acting director of the Bureau of Special Health Services of the state board, said such accidents could be reduced drastically if parents would be careful to place such things as aspirin, kerosene, cleaning agents and insecticides out of the reach of children.

Poison control center doctors have handled a year's worth of the persons poisoned in Florida actually are treated at the centers.

White females accounted for 795 cases, the majority — 566 — being internal medication. There were 22 poisonings for children under a year, 339 for one-year olds, 402 for two-year-olds and 204 for three-year-olds. There were 501 cases for persons 20 and over.

Dr. Fulghum said poison records are intricate and slow in being filed from counties and no accurate death total for the period could be given. However there were 44 white male deaths last year, 19 female; 29 non-white males and 15 non-white females. There were 21 deaths of children up to four years; 16 for the 1 to 4 age group; 66 in the 15-54 group; 16 in the 55 and over; and one undetermined.

Dr. Fulghum called attention to a new federal law, effective Feb. 1, requiring "caution" labeling on common household aids such as bleaches, cleaning agents, detergents, poisons, solvents, waxes and wood finishes if there is a hazard in their use or storage around the house.

Although man keeps trying, he has not come up with a faster means of communication than man keeps trying to keep a secret.

"When Julie Werner wrote 'Around the World in 80 Days' who'd of thought that something would be making the trip in 88 minutes a few months later?"

Dr. Fulghum said the centers are equipped with a card file of the names of persons who have been poisoned in Florida, and he said that the centers are equipped with a card file of the names of persons who have been poisoned in Florida.
