SPEAKING OF SUCCESS

A number of times I have made the speech, "To Achieve Success." In it I say, "The No. 1 quality to achieve success is the ability to get along with people. A survey made by one of our universities reveals that 65% of all people who fail in business fail not because of lack of brains or skill, but because of the inability to get along with other people."

Norman G. Shildie said, "The fellow whose mind tips toward opportunities leads the happier business life." That is true, but in addition to a mind leaning toward opportunities, I think the man who keeps trying, and then tries again, leads the happier business life.

The man who throws his shoulders back and talks with all the confidence in the world has everything in his favor. He has the breaks in his favor, and he has luck on his side. Don't wait around for opportunities to come your way. Start out and meet them half way. Start working, in fact, do more than your share, and opportunities will come your way. "The man who wins may have been counted out several times—but he didn't hear the referee." He kept trying, and trying again. A man like that has an advantage, even over a man of like ability.

Austin E. Mills said, "The way to develop self-confidence in public speaking is simply by speaking in public." To qualify yourself for anything, that is, to be a more interesting conversationalist, to be a better salesman, to meet people more easily, you will do better if you can speak in public. If you train yourself in public speaking, you will come near to succeeding in any endeavor. Any way to speak in public is, of course, to get up and speak. You'll get used to it. Have something to say and get up and speak.

Master the ability to get along with people and you will have success within your grasp if you will keep trying and strive for it.

Editorial in the Americanizer by Walter L. Hays, President of American Fire and Casualty Company, Orlando, Florida

CRACKER POLITICS

By Allen Morris
TALLAHASSEE.—Unrecognized, the next Governor is making the moves now which will bring him to the victory platform. With the Bryant administration barely nine months in office and still trying to extricate itself, just two years remain before "62's" hopefuls begin committing themselves finally to that struggle.

Here, listed alphabetically, are the names of those regarded by top politicians as the men to watch, together with a capsule of professional comment: Secretary of State, J. Lee Adams of Orange Park: He's young, properly ambitious, and certainly energetic. He occupies a Cabinet office which gives him time and opportunity to pursue other governmental interests.

Mayor Haydon Burns of Jacksonville: This is the man the others feel they will have to beat, a role Burns earned by his strong finish in the '56 first primary. Eyes statewide will be on the '62 mayoralty election, a time of testing in a number of ways.

People E. Carlton, Jr., of Washington: His problem is one of convincing those who backed him in '60 that this experience could make him a better candidate. Can Humphrey-Dumpty be fitted together again?

LeRoy Collins of Tallahassee: Ah, there's the enigma. He says no man who twice has been governor and is so doing achieved national fame and fortune could be interested in returning to a provincial state. But LeRoy Collins, with a strong sense of history, might like the idea of an encore. He denied third term plus the craning of any feeling the long-folks would "go" on Collins himself in defeating the gubernatorial candidate of his choice, Doyle Carlton. Congressman William C. Cramer of St. Petersburg: Bill Cramer is rolling up an escalator propelled by Democratic optimism and his own smartness. He would could be the next GOP governor since Reconstruction, if not in '64 then later since he's young enough to wait.

First O. (Bud) Dickinson of West Palm Beach: He ran strong in '60 in those television areas where stay-at-homeers had the choice of watching him or the gubernatorial candidate of his choice, Doyle Carlton. Chairman of the Bryant Council of 100, he rides a nonpolitical vehicle to bring him to public attention.

What's Your Postal I. Q. ?

1. The Parcel Post Service was instituted in 1913. It has proved to be one of the most widely used services and has facilitated the exchange of farm products and goods between the rural and urban areas. The Post Office Department now handles more than one million parcels annually. Insurance and Collect on Delivery Parcel Post services were also instituted during 1913.

2. TRUE—Box rent may be paid annually or quarterly at the option of the backer. A patron renting a box on an annual basis who surrenders the box before the end of the fiscal year for which rent has been paid may apply for a refund of that portion of the box rent that is applicable to all full quarters remaining in the fiscal year. No refund may be made for the remaining portion of the quarter in which the box is surrendered.

3. TRUE—Box rent may be paid annually or quarterly at the option of the backer. No refund may be made for the remaining portion of the quarter in which the box is surrendered.

The State of Citrus

By John Sikes — Florida Citrus Mutual

LAKELAND.—If Ben Franklin, with his wisdom the wise among us today he'd no doubt approve of the way Florida grapefruit growers are moving toward helping themselves and their pocketbooks.

It's a case of grapefruit growers having the opportunity to make dollars out of pennies and letting dollars take care of themselves.

Rutledge was referring to the current industry move toward setting up a grapefruit marketing order, which would include provisions and funds for stepped up grapefruit advertising and merchandising. A basic product research, that might well develop a variety of new grapefruit uses that could greatly expand grapefruit sales in future seasons.

If grapefruit growers, by their own votes, approve the order they may say an additional two cents per box on the order they produce to raise some \$600,000 for the marketing program and for research to develop new grapefruit products and by-products. Florida grapefruit growers now pay six cents per box on their production for advertising and merchandising programs and operational and research expenses of the Florida Citrus Commission. Funds under the proposed marketing order would supplement these existing programs.

J. J. Parrish, Jr., of Titusville, who heads the Grapefruit Stabilization Committee which formulated the marketing order, says it's a good bet that the order "could bring an additional \$15 to \$17 million in returns to Florida grapefruit growers" during the 1961-62 season.

Under Parrish's reckoning, this could mean a doubling of around 50 cents per box on the two cents per box investment the growers would make in the marketing order. Mutual respects the 1961-62 grapefruit crop to range from 33 to 37 million boxes.

The grapefruit marketing order, as recommended unanimously by Mutual's directors, would come under the Stabilization Amendment to the Florida Citrus Code, the "Bible" under which the industry operates. The Amendment was enacted by the legislature last Spring and, in Rutledge's words, "gives our growers the legal means to develop programs and pay for the programs, themselves — to help themselves."

Under Parrish's reckoning, this could mean a doubling of around 50 cents per box on the two cents per box investment the growers would make in the marketing order. Mutual respects the 1961-62 grapefruit crop to range from 33 to 37 million boxes.

Jim Haley Reports

WASHINGTON, D. C.—President Kennedy's parting letter to the two eminent managers from the recent neutralist "summit" at Belgrade was plain: that our President is just as aware as I am that all the lavishes of our foreign aid hands-out have not been enough to buy the friendship of nations not naturally our friends.

I wrote you last week that I thought the Belgrade conference was a graphic display of the failure of the foreign aid program, and I was of course pleased to read that the President shares some of my misgivings about the meeting.

At the end of his letter in Indonesian President Sukarno and President Keita of Mali, President Kennedy had found in the neutralist declaration a desire to bring about relaxation of tensions which "if applied in a truly neutral and objective manner, could be of positive benefit in easing world tensions."

But elsewhere in his letter, our President indicated his realization that the "neutralist" proceedings and a declaration of neutrality to be made in the West. By clear implication they condoned, for the Soviets, policies they condemned for the West.

I thought President Kennedy recognized this plainly when he endorsed the neutralist reference to the rights of all nations to independence, and then with more than a touch of irony, wrote that he presumed these principles applied equally to the people of Germany and Berlin.

The truth is that at no time during the neutralist conference was unity or self-determination in the hands of the United Nations. The remarks about self-determination were directed exclusively at areas remaining under control of Western nations.

Our President also took pains to point out to the Messrs. Sukarno and Keita that the Berlin crisis was initiated by Russian aggression. He properly underlined the fact that it was the Russians who rejected agreement on abolishing nuclear bomb tests in the atmosphere, and pressed for a resumption of such tests on a mass scale.

The neutralist declaration failed to mention these things. But the bombing tests were discussed at length—almost exclusively in the sense that the United States was somehow to blame for the fact that the Russians were engaged in them.

The rest of President Kennedy's letter summed up as a Western declaration of its own right to self-determination and its firm decision to defend that right against further communist aggression. We must all stand firm behind the President in his efforts to implement this declaration in the days and months ahead.

The winter months are dangerous months. It will soon be cold weather again. Have your car made ready for the cooler days and nights ahead.

SEAFOOD MENUS

Baked Red Snapper
Clean, wash and dry fish. Rub inside and out with salt. Place fish in a greased baking pan. Brush with melted butter or other fat and lay slices of bacon over the top. Bake in a moderate oven 350 degrees, for 40 to 60 minutes or until fish flakes easily when tested with a fork. Baste with melted fat if fat seems dry while baking.

PLAIN BAKED FISH:
Clean, wash and dry fish. Rub inside and out with salt. Place fish in a greased baking pan. Brush with melted butter or other fat and lay slices of bacon over the top. Bake in a moderate oven 350 degrees, for 40 to 60 minutes or until fish flakes easily when tested with a fork. Baste with melted fat if fat seems dry while baking.

SAUCE FOR BAKED FISH:
1/2 cup melted butter or margarine
1/2 teaspoon paprika
1 tablespoon lemon juice
Mix all ingredients and serve with baked fish.

Sunshine State Pecan Pie
1 cup white sugar
1 cup white Karo syrup
1 cup chopped pecan meats
2 eggs

1/8 lb butter
1/2 teaspoon salt (scant)
Cream butter and sugar; add salt, well beaten eggs, syrup and chopped nut meats. Mix well. Bake in warm pastry shell 1 hour at 300 degrees.

Tampa's Ybor City Rotary Club and the Pan American Commission are giving San Pedro Sula, Honduras, a hand in setting up a modern traffic control system.

Avon Park

Mrs. Sullivan Named Youth Group President

Mrs. Betty Sullivan was re-elected as president of the Avon Park Youth Association at the annual meeting of the organization last Monday night. Elected to serve with her were Mrs. Alene Farnell, vice president; Mrs. A. B. Wester, Jr., secretary; and Mrs. L. C. Hooper, treasurer.

Mrs. Sullivan appointed Mrs. J. A. Johnson as special parties chairman and Mrs. E. P. DeLaney, Jr., as publicity chairman. The Association plans more entertainment for the youth, beginning with a special party on the Saturday night before Halloween.

A Fall Day was set for Saturday, November 4, to replenish the treasury which was depleted during the past year with the painting of the inside of the building and re-upholstering of the furniture. A new ice cream freezer was also purchased for the Youth Center.

The officers of the Avon Park Youth Association wish to have the public understand that their organization is responsible for keeping the Youth Center on the Watchtowers functioning and in no way are they connected with the former Youth Development group which was organized to raise money and build a youth center.

Old Settlers Annual Meeting

Advanced notice of the annual meeting of the Old Settlers Association is made by the board with a hope that more old-timers can arrange to attend this year. The day has been changed from Wednesday to a Thursday because of the bad weather in town who attend Rotary on Wednesday, and who would also like to attend the Old Settlers meeting.

Thursday, October 19, 1961 is the date set for the annual affair which will be held at the Tourist Center in Donaldson Park.

CHEVROLET ON DISPLAY—Donald Ford, left, of I. H. Ford Motor Co., and Frank Collins, salesman and Willard Griffin take a sneak preview of the 1962 Chevrolet early this week. The complete line of Chevys will go on display here Friday, Sept. 29.

Chevrolets On Display At I. H. Ford Motor Company

Chevrolet's passenger car, proved. Heaters and built-in front seat belt anchors are standard equipment on all 1962 Chevrolet cars. A limited slip differential and air-conditioning are also available throughout the line of 32 passenger car models.

This will bring the company's 1962 passenger car line-up to 32 models—highest in its history—available: the Corvair, Corvair, Chevy II and standard Chevrolet lines. These cars will be displayed in Avon Park at I. H. Ford Motor Co., beginning Friday, September 29.

The new Chevy II is larger than the Corvair but smaller than Chevrolet's regular car. Station wagons, a hardtop sport coupe and a convertible are included among nine models in the new line which emphasizes simplicity in styling and maximum functionalism in design.

Although the Chevy II design is basically conventional, it offers new front-mounted four and six-cylinder engines, integral frame and body construction with bolt-on front end and plate rear springs. Both three-speed manual and automatic transmissions will be available.

From a styling standpoint, the standard Chevrolet for 1962 reflects the greatest change, although Corvair models and the Corvair will also feature a number of appearance changes as well as new exterior colors and interiors.

The new standard Chevrolet features a crisp, tailored look. The 1962 models have completely new sheet metal, grill work, bumpers and ornamentation, as well as new exterior colors and restyled interiors. New roof lines for sedans and the Impala sport coupe also highlight the new styling.

Among the major changes are a new 327 cu. in. V8 engine, a new weight-saving Powerglide automatic transmission and disc brakes with advanced two-ply design. The new V8 engine is rated at 250 horsepower. It replaces the 348 cu. in. engine except for use in heavy trucks. Its performance equals the 348, but fuel economy and engine operating efficiency are both improved.

Heaters and built-in front seat belt anchors are standard equipment on all 1962 Chevrolet cars. A limited slip differential and air-conditioning are also available throughout the line of 32 passenger car models.

Corvette for 1962 will display a new body side cove treatment, as well as new radiator grille and emblems. The higher-powered 327 cu. in. V8 engine will replace the 283 cu. in. engine in this popular American sports car.

The new Chevy II, while being slightly larger on the outside than the Corvair, is designed to give passenger car and luggage space more nearly equal that of the standard Chevrolet. The car is 183 inches long and has a 110-inch wheelbase. It is 70.8 inches wide and 55 inches high.

E. N. Cole, Chevrolet general manager, said "The Chevy II is designed to provide good basic transportation for the average American family and at the most reasonable cost. This includes not only the original purchase price but also more economical operating and maintenance expenses."

The nine Chevy II models are divided into three series, with station wagons listed in each.

In addition, two-door and four-door sedans are included in the 100 and 300 series. The Nova series also includes a sport coupe and convertible.

Economy of operation is emphasized in both the four-cylinder and six-cylinder engines designed specifically for the Chevy II. This will mark the first time since 1928 that Chevrolet has offered a four-cylinder power plant. The four-cylinder engine has a 153 cu. in. displacement and is rated at 90 horsepower. The six-cylinder unit has 194 cu. in. displacement and generates 120 horsepower.

Both automatic and three-speed manual transmissions are available in the Chevy II.

The body-frame integral design used by Chevy II provides unusual strength and torsional rigidity as well as weight savings. The highly functional design of the entire car allows maximum conversion of exterior size to usable interior space for passenger comfort and luggage storage. In addition, the unitized front end structure will decrease maintenance costs because of easier access of components and parts for maintenance, repair or replacement.

Survey Set For Determining Use Of Wood Supply

Just how fast is our county using its available supply of wood? This is one of the questions to be answered by survey being conducted by Florida Forest Service Foresters.

Florida Forest Service Foresters throughout the state are contacting all primary wood processing plants, such as sawmills, fence companies and ladder manufacturers to determine the annual drain of forest products from the state's shrinking forest acres.

A recent survey shows the need for wood products by the end of the next 40 years will be twice the present rate of consumption. The indicated needs cannot be met if the present growth rate rate continues. This means Florida must make better use of its forest products and at the same time take steps to meet their future needs through stepped-up reforestation programs and intensifying forest management.

Landowners interested in assistance with reforestation, harvesting and marketing, improving forest land preparation or any other timber land operation should contact their local County Forester or the District Forester, Florida Forest Service, P. O. Box 2067, Lakeland, Florida.

Landowners interested in assistance with reforestation, harvesting and marketing, improving forest land preparation or any other timber land operation should contact their local County Forester or the District Forester, Florida Forest Service, P. O. Box 2067, Lakeland, Florida.

Avon Trailer Park

Avon Trailers, Mr. and Mrs. Earl Amick and Mr. and Mrs. Orel Marshall entertained with a picnic at their Lake WaWa home, in Kyreness, Ind., Friday, Sept. 8.

Guests attending: Mr. and Mrs. Harry Longnecker, Mr. and Mrs. Frank Fisher, Mr. and Mrs. George Depoy, Mr. and Mrs. Linville Meyers, Mr. and Mrs. Walter Kessler, Mr. and Mrs. Alva Thompson and Mr. and Mrs. Charles Kinsdon, Eldon, and Charles Kinsdon.

All of these people are expected here for the coming winter season.

Soil Conservation News

By Sam Pooleton — U. S. Soil Conservation Service

Jerry L. Chensness, Soil Conservation Service Engineer, has been assigned to the Sebring office as Project Engineer on the upper Josephine-Jackson County Watershed Project. Jerry moved to Sebring from Gainesville, Fla., where he began work with the Soil Conservation Service, October 1960.

Forestry and diving, Jerry says are his hobbies. In fact he was a commercial deep sea diver from 1953 to 1960. He worked part time during summers as a diver to earn money for his education. He said the worst assignment he ever had as a diver was recovering bodies from the wreckage that hit Cameron, La. in 1957. Jerry said "that body recovery salvage work almost made me give up diving. He relates many other interesting experiences while down under the deep blue salvaging ships and laying off-shore oil lines.

His wife, Betty, is a registered nurse. She was employed at the Sunnyside Training Center for retarded children while they were in Gainesville. She plans to do private duty nursing in Sebring after they get settled down.

Jerry as Project Engineer on this Watershed will supervise the engineering survey and assist in the design of plans for the 13 miles of canal and seven water control structures. The project starts at Lake Jackson near Sebring and runs 15 miles to the junction of Josephine Creek and U. S. Highway 27. When the contract is let he will then serve as Inspector to see that the project is completed according to plans.

RETURN FROM VISIT
Mr. and Mrs. C. A. Graber and family have just returned to their home on Lake Lillian after a four-months trip through the Northern States, going across the Straits on the Mackinac Island Bridge in Michigan and viewing the upper and lower falls of the Taconumun River, going to Copper Harbor, then returning to their home in Canton, Ohio. They also visited their two sons and families.

COIN CLUB ELECTS

The Coin Club of Highlands County met Monday night of last week in the lounge of the First Federal Savings and Loan Association of Sebring for the election of new officers, who are Lloyd C. Carlson, president; Clarence H. Cox, vice-president; Helen Robbins, secretary-treasurer; and the new directors are Mrs. Henry Root and David Ring.

The Highlands District Court of Honor, Boy Scouts of America will be held at the Lake Placid School at 7:30 Monday, October 2. All Boy Scouts and parents are requested to be present.

FRIDAY
A New World of Worth from Chevrolet for '62!

'62 Impala Sport Coupe—with a roof line that looks like a convertible!

'62 CHEVROLET *Rich new styling with Jet-smooth ride!*

Here's everything a car fancier could want. Freshly minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-petting Jet-smooth ride. A new choice of V8 skeddadle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work. The standard six and V8 are triggered to do special things on regular gas, and for real half-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. ■ New steel front fender underskirts guard against corrosion. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Corvair Monza Club Coupe

Lake Byrd Lodge Manager Retires

Mr. and Mrs. Larry Soars, who managed the Lake Byrd Lodge for a number of years, have retired and purchased a home at Delray Beach where they will make their new home.

While at Lake Byrd Lodge as manager and hostess, the lodge was brought into the best of physical condition and much new equipment was installed. They have many friends here who wish them happiness in their new location.

APCI Custodial Officer Passes

Death claimed Leonard R. Ham on Saturday, September 22, following a short illness. Mr. Ham was a custodial officer at APCI. He was born in Pomeroy, Ohio. He had resided in Avon Park for three years, and was a member of the Lutheran Church.

Survivors include his widow, Mrs. Julian Ham, and two sons, Donald F. Ham, of Spokane, Washington, and Ford, attending Brevard College in Pomeroy, N. C. A funeral service will be held at the Stephenson Funeral home in the Stephenson Funeral their daughter to the college.

AT BREVARD COLLEGE

Miss Faye Watford, daughter of Mr. and Mrs. Frazier Watford, is attending Brevard College in Brevard, N. C. A funeral service will be held at the Stephenson Funeral home in the Stephenson Funeral their daughter to the college.

What's your station? What is your destination? "There is a way that seemeth right unto a man, but the ends thereof are the ways of death." We are all aboard the train of life. Around the next curve may be your station. This is the road which leads to life eternal. You may travel in this way if you will. Are you ready, prepared? Are your plans made? "The path of the just is as a drawing light that shineth more and more unto the perfect day." The 'Great Conductor' counsels: "Strive to enter in by the narrow gate!" To those who follow His counsel he says: "Ye shall find rest unto your souls." What is your station?

You In The Church... The Church In You

Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful. Be a Churchman!

RIDGE ROUNDUP

BY EARL WELLS
EDITOR AVON PARK SUN

Ridge Conference. Teams proved themselves back east last week, as they played five hand-cup games and came out victorious in all but one—that, a tie.

Schriber's 14-0 win over Lake Wales of the SWFC was the most impressive to us, since we had figured the Highlanders would come out on top. However, Coach Glenn Osburn's boys produced a rock-ribbed defense that would not yield a first down to the visitors.

Kissimmee, featuring a stout defense, emerged a 21-0 victor over the Lakeview Red Devils of Winter Garden. The Kowboys were outplayed on the ground, but displayed a potent aerial game to score the one-sided win.

Arcadia, who lost her opener to conference foe Kissimmee, cut back on the win trial with a 15-6 victory over the Paula Gordia Tarpons.

The Panthers of Mulberry shook off a 51-0 opening game loss to Avon Park and came bounding back to dump Pinecrest of the Tampa Bay Circuit. Mulberry was superior in all departments, gaining 202 yards on the ground and 114 in the air. Pinecrest could only muster a total of 80 yards.

In the final non-conference meet, Okeechobee and Clewiston fought to a 0-0 stalemate in Okeechobee. The Browns and Tigers fought on even terms throughout the game, with Clewiston making one scoring threat, but that was nipped by a strong defense.

Fullard intercepted a pass. Circuit-wise, Avon Park and Ft. Meade were the winners. Tallying 14-12 at the half, the Avon Park Red Devils caught fire in the second half with David Barfield leading the charge and upended the Kathleen Red Devils 30-14. Kathleen managed to put a few points on the board, but they were not enough to stop the Red Devils from scoring four touchdowns.

Elementary PTA Holds Initial Meeting of Year

The first meeting of the Avon Elementary PTA was held in the cafeteria with the new president, Lewis Miller, conducting the short business session.

Mrs. Ella Watson, secretary gave the recommendations from the executive board, and announced the terms of business was the purchase of a new book for the school library.

Mrs. Glen Hancock gave the devotional. George Kelsey, school principal, introduced the teachers and noted the enrollment of 743 pupils to date, which is the largest in the school's history.

The new year books were available, and the PTA expressed thanks to Ella Watson and his commercial class for making the books.

Miller announced the County PTA meeting which will be held with a covered dish supper at the Woodlawn Elementary School, Saturday, October 7, and urged parents to attend.

At the close of the business,

parents visited with teachers in their individual classrooms. The next PTA meeting will be October 14, when John Crittenden will present a Civil Defense program.

Florida Avenue Baptist News

The Roxie Jacob Circle of the Florida Avenue Baptist Church held their covered dish supper in the Social Hall, Saturday, September 23, at 6 p.m. All members and their families were invited. A variety of very interesting and amusing games were enjoyed by all.

Those attending were: Debbie and Randy Ward, Mr. and Mrs. J. M. Gilbreath, Mr. and Mrs. Leroy Whidden, Mr. and Mrs. Melvin Kanpfer, Mrs. Charles Howze, Nita and Susan Howze, Mr. and Mrs. Jimmy Walton, Tommy and Lynn Walton, Mr. and Mrs. Eddie Summer, Mr. and Mrs. Dewey Carpenter, Dewey, Danny and Faye Carpenter, Mr. and Mrs. Claude Cole, Mr. and Mrs. Virgil Sizemore, Robert, Glenn, and Howard Sizemore, Gail and Jimmy Chestnut.

Introduction of a new Custom series and extensive styling improvements distinguish the Mercury Monterey for 1962. The crisp roof is four inches longer and there are major styling changes in the rear of the car. The Monterey and the Monterey Custom series offer a total of 12 models, including the Custom four-door hardtop shown here. Nine engine-transmission combinations are available. Cost of ownership for the Monterey is reduced by extending normal servicing intervals to twelve-to-four-year for the average driver.

Styling Changes Featured In '62 Mercury Going On Display Here

Extensive styling changes, new luxury interiors and introduction of a new Custom series feature the 1962 Mercury Monterey on display this week at the Avon Park Motor Co.

The Monterey is the top entry in a wide range of products for Mercury in 1962. The Mercury name banner includes the Monterey, the compact Mercury Comet and the new standard-size Mercury Meteor to be introduced later in the year.

The Mercury Monterey this year offers 12 models in the standard and new Custom series. The Monterey have been lengthened an inch over last year to 213½ inches, but the wheelbase remains 120 inches.

"A major factor of the new Monterey is increased owner value which is derived from further reductions in cost-of-ownership," according to Ben D. Mills, Ford Motor Company vice president and general manager of Lincoln-Mercury Division.

Items which reduce expenses for operating include: Oil change cycle increased from 4,000 to 6,000 miles. Extended-life radiator coolant which normally takes care of anti-freeze protection for two years. New fuel filter with replaceable element good for normal service of 30,000 miles. Chassis pre-lubricated at factory requiring no major grease job for 30,000 miles. Use of regular-grade fuel in all but the highest compression engine.

Interiors are restyled with a new instrument panel, new trim materials and colors, and more use of bright-finish metal for such items as turn signal, gear shift lever and control knobs. Electrically operated windshield wipers clear 50 per cent more area.

Additional sound deadening material has been added to the car for quieter performance. Improved mountings where the body and engine are joined to the chassis reduce road vibrations and result in a smoother ride.

OBSERVES 82 BIRTHDAY
B. F. Martin was 82 years old Wednesday, Sept. 27, and was the day quietly at his home on Lake Anoka with the family. Mr. and Mrs. L. N. Smith of Tampa were here for the occasion. Despite his age and a recent minor accident, Mr. Martin is active and enjoys gardening.

Weeki Wachee Water Circus Premiere Oct. 1

Weeki Wachee, the unique attraction on Florida's West Coast, has announced that its new mermaid show, UNDERWATER CIRCUS, will premiere October 1.

The new mermaid spectacular promises to be a new high in underwater entertainment, with more exciting acts, an enlarged cast of sparkling, fresh young talent recruited from sixteen states, Canada, and Bermuda.

Underwater trapeze acts, diving mermaids performing on sea horses, and many other thrilling routines all precede the death-defying 117½ foot mermaid deep dive into the underwater grand canyon. This year for the first time, the deep dive will be attempted in a mermaid tail, doubling the danger and making it more daring than ever before.

The management at Weeki Wachee has announced that

President To Visit Rebekahs

All Rebekahs of the Eleanor Seavers Lodge No. 65 are making ready for the official visit of the state president, Gaynell Wightman, of Miami, who will visit here Monday, October 2.

A banquet will be held in the Brickell Hall with the Seavers Lodge No. 28 participating. A practice session will be held Friday, this week, at 7:30 in the Brickell Hall.

HOME FROM TRIP
Mr. and Mrs. Claude Chamberlain arrived home last week from a two months trip that took them to California where they visited their daughter and son-in-law, William M. Wright, in Washington, Oregon, Wyoming, and Idaho. Where they visited their relatives. En route home, they stopped in Lawrence, Kansas to pick up their mother, Mrs. S. G. Chamberlain, who accompanied them back to Florida to spend the winter.

1962 MERCURY'S

best looking buys...now in each size

FIRST SHOWING! THE NEW 1962 MERCURY'S (COMPACT AND BIG)

MERCURY COMET

merit ahead of the compact crowd

MERCURY MONTEREY

the best looking boy for the big car man

HIGHLIGHTS: COMPACT MERCURY COMET. Talk value and you're talking MERCURY COMET. It's the compact with the extras that make the difference. Take beauty. This is the only compact with fine-car styling. You get extra room plus a smoother ride (up to 7.5-inch longer wheelbase than other compacts). Extra trunk space for as many as six extra suitcases. Extra savings on oil and upkeep. This year you can drive 6,000 miles between oil changes. A new type anti-freeze, anti-rust coolant lasts two years or 30,000 miles. Extra resale value, too (best record of any compact). The price? With or below most compacts.

HIGHLIGHTS: BIG, LUXURIOUS MERCURY MONTEREY. This is Mercury's finest car. The very top of the line. It is especially built for the big-car man—with those big extra values a man likes. More room than other cars near its price—for long legs and big families. An extra-long wheelbase (120") for that solid, luxury-car "feel." A smoother, quieter ride—the result of exclusive Cushion-Link Suspension. A wide engine choice—"6" or three V-8's. Plus the kind of savings that really cut upkeep. Routine service is needed only twice a year (at 6,000- to 30,000-mile intervals)! The price? Well within the popular-price range.

WIN A 1962 MERCURY AT OUR ANNOUNCEMENT SHOWING. 13 CARS GIVEN AWAY. 12,600 PRIZES IN ALL!

(See your Mercury dealer and see how you can win one of these fabulous prizes. Now to October 14.)

Winn-Dixie Net Earnings, Sales Moving Upward

Net sales and earnings of Winn-Dixie Stores, Inc., which operates 536 supermarkets in this section and throughout the Southeast, were the highest on record during the fiscal year ended July 1, it was announced in the annual report to stockholders.

An increase of 9.2 percent in net earnings over the previous year was attained, and a 5.31 percent increase was recorded in sales, President A. D. Davis and Board Chairman James E. Davis reported.

Total sales of Winn-Dixie for the fiscal year (53 weeks) were \$767,044,880 compared with \$721,552,377 for the preceding year. The company has shown an increase in sales for 11 consecutive years and continues to rank seventh in annual sales volume in the chain food store industry.

Net earnings after taxes were \$17,050,880, or \$13.44 per common share compared with \$16,225,000, or \$12.54 per share for the preceding year. The company has shown an increase in net earnings for each of the past 19 years. Net earnings on sales were 2.22 percent compared with 1.9 percent last year.

It was emphasized that such profits amounted to only \$22.20 per \$1,000 of annual food expenditures by the average family.

Dividends were paid during the fiscal year at the rate of \$7.05 per common share, as compared with \$6.90 per share last year, an increase of 17.5 percent. This represents the 15th consecutive year for which the annual rate has increased and the 26th consecutive year in which cash dividends have been paid.

The current annual dividend rate was increased to \$8.84 per share (\$8.07 per share), an increase of 19 percent, by the payment of the monthly dividend in July, 1961.

Working capital at July 1 amounted to \$69,174,938 compared with \$64,800,416 at the beginning of the year.

During the fiscal year, the company opened 49 of the 54 new stores that were in various stages of development at the end of the previous year. During the year 23 old stores were closed and the net gain of 26 stores was the largest realized in recent years.

At the beginning of the new fiscal year, 57 new retail stores were in process of development, 25 of which are new locations and 12 will replace existing stores. It is anticipated that all of these will be open by June 30, 1962.

At the start of the new fiscal year, 3,765 employees, with service of five years or more, were participants of the company's non-contributory employee profit sharing and retirement plan. This represented better than 30 percent of the regular full-time employees.

It is anticipated that Winn-Dixie's total sales during the current fiscal year of 53 weeks will amount to approximately \$800,000,000, an increase of 4.3 percent over the previous 53-week fiscal year.

FEED GRAIN EXPORTS — U. S. feed grain exports from July, 1960, through June, 1961, were 11.0 million tons, up two percent from the 10.8 million shipped in the same months of 1959-60.

REAL ESTATE — 220 Acre Ranch—Close to Avon Park — Improved pasture, some clover on muck, cross fences—Price \$250.00 per acre with good terms.

Large Crowd Attends First PTA Meeting of New School Year

One of the largest crowds ever to attend PTA turned out to welcome the teachers and to view the new Science Building when the PTA met Thursday night for the first session of the season.

R. M. Gay, president, requested no business, and the evening was spent in socializing which began officially when the teachers formed a long receiving line under the arcade by the gym building and were greeted by the parents.

The out-of-door meeting was the first of its kind to be held at the High School and proved to be highly successful.

The refreshment table was set under the colonnade with large punch bowls at either end of the table. Trays of homemade cookies were served with the punch. Mrs. J. A. Johnson and Mrs. R. B. King, Jr. were assisted in serving by girls from the PTA Chapter, including Barbara Garahan, Marjorie Hall, Carol Ann Childress and Deborah Reddick.

Mrs. Charles G. Metcalfe and Mrs. Robert Barben planned name tags on each person to help make the get-acquainted procedure easier. Sara Sloan, Valerie Hopson, Janice Mills, and the new Science Building were the PTA Chapter, assisted with escorting the groups through the new building.

James B. Martindale was proudly explaining some of his new equipment, and although many of those listening did not understand such things as "sound waves" and "node lines", they appreciated the new and modern equipment and the fact that APHS students have a teacher who is so well prepared to teach science.

The Industrial Arts department, headed by P. O. Goff, is predicted to turn out more students who will be qualified to take up positions in local establishments when they are graduated. The department has more than a dozen new machines of various kinds for wood, metal and electrical work, and both electrical and safety welding devices. Hundreds of small tools are also arranged neatly in locked cabinets and the room also has ample table space for all students to work at their various projects.

The new Science Building is completely covered to insure better health and protection for the bus students. Since the PTA has for many years looked forward to the time when the walk-ways between all buildings would be covered, the large turnout to Thursday night's meeting was significant of the organization's appreciation of this accomplishment. The school board completed the project this summer.

The Welcome Class of the First Methodist Sunday School held a covered dish supper and monthly business meeting at the home of Mr. and Mrs. David McDaniel, Saturday night, assisted by Mr. and Mrs. Clarence Smith. A delicious supper was enjoyed by 20 members.

Mrs. Russell Boas gave the devotional. R. D. Stone, class president, conducted the business.

British Doctor Visits Alcoholic Rehabilitation Center Last Week

Dr. Griffith Edwards, of the Maudsley Hospital, London, England, visited the Florida Alcoholic Rehabilitation Center last Friday, as part of a tour of alcoholic treatment facilities in the United States and Canada.

Dr. Edwards, who drove to Avon Park from Princeton, N. J., is responsible for inpatient care and outpatient supervision of alcoholics seeking treatment at the Maudsley Hospital, where he is in his final year of psychiatric training.

He arrived in the United States in mid-August, and has visited treatment and research facilities in Yale, Boston, New York, Toronto, Lexington and Atlanta. Funds for the trip were provided by his hospital.

Alcoholism in England, he said, is not as stigmatized as it is in America. The government health service in England provides sick leave for alcoholics undergoing treatment. Dr. Edwards said, "Dr. Edwards said he noted 'a much greater critical awareness of the problem in Florida' than he had seen elsewhere."

He added he was particularly impressed by the state's efforts in the field, and its "fresh, dynamic, lively attitude toward the problem."

Current estimates, he noted, place England's alcoholic population at approximately 300,000. Alcoholics are treated in Mental Hospitals in England.

New Faces On Hopewell's Faculty List

Ernest E. Sims, principal at Hopewell Elementary Junior High School, announced this week that enrollment at his school is above that of previous years.

Sims also announced several faculty changes. Miss Mae Zita Brewton, 1st grade; Carl C. Burdett, 5th and 6th grade; and John L. Hinson, physical education and boys basketball coach.

The school's campus was visited by Mrs. Edwards last Monday—who represented a group from London, England, interested in the school's operation. Mrs. Edwards' comments were good, Sims said.

The problems of migratory students in the area were studied last week, when Dr. Tullman of Daytona Beach visited the school.

Presently the school is making plans for an appearance of the internationally famous Winged Victory Chorus, which will appear at the school on October 12.

CONGREGATIONAL MEETING. There will be a congregational meeting at the First Christian Church tonight (Thursday), when annual reports and business will be brought before the church.

Bake Sale Set By Glee Club

The APHS Glee Club will hold a bake sale on Main Street, Saturday, September 30. They expect to have baked goods of all kinds to sell all day long.

The proceeds will be used for additional robes and other needs of the Glee Club.

John J. Almlie, the new Glee Club director, and the officers of the club will appreciate your patronage. Those in charge of the bake sale are officers of the High School Club: Jerry Draughon, Cheryl Guernsey, Kathy Dasher and Diane Sizemore; and from the Junior High Club: Judy Cothran, Janet Doublerly, Deborah Ward and Vernay Thomas.

Search Is On For Queen Of Orange Bowl

MIAMI.—The annual statewide search is on for a queen to reign over the Orange Bowl Festival, Greater Miami's famed holiday extravaganza, Dec. 24-Jan. 6.

In addition to the queen, four princesses will be selected from among contest entries, the OB Committee has announced.

The 1962 Orange Bowl Queen will be the most talked-about and most photographed in the 28-year history of the festival, according to officials.

Her Royal Majesty will be seen on millions of television screens from coast to coast during a record 11½ hours of network coverage allotted to the upcoming Festival.

Along with fame and prestige, the queen will receive a complete festival wardrobe, plus a \$500 scholarship to the Florida school of her choice.

In past years, the coveted Orange Bowl crown also has led to lucrative modeling, television and movie contracts—not to mention matrimony.

The contest is open to out-of-state girls attending school in Florida, as well as to Florida residents.

If the winning entrant is sponsored by her sorority, or by a fraternity, student newspaper or other campus organization, her sponsoring group will be presented with a beautiful plaque with a color photograph of the queen.

Contestants must be between 18 and 24 years of age, never married and not a professional entertainer. Professional models are eligible.

Queen hopefuls should submit three unretouched black and white photos, preferably eight by 10 inches. Pictures should include a full-face portrait, another in street or evening wear and a third in swim suit or shorts ensemble.

Photos must be accompanied by a separate sheet listing name, age, height, weight, color of hair and eyes, bust-waist-hip

NEW COUNSELOR—Robert Lindsay is the new Juvenile Counselor for Highlands County, assuming the full time position this month. He succeeds Avon Park Mayor E. A. Delaney, who held the post on a part-time basis.

measurements, schools attended, hobbies, school activities, ambitions, previous contests won and to take part in the festival program if selected as queen or as one of the princesses.

Former princesses are eligible for the queen title only. Semi-finalists will be selected from the photographs and resumes and will be invited to Miami for a full day of interviews with the judging committee.

Pictures and personal data should be sent to: Orange Bowl Queen Contest, P. O. Box 35, 722, Miami 35, Fla.

Entry deadline is Oct. 24.

CD CLASS ENDS

Thursday of this week marks the end of the second round of classes in Personal Survival in Disaster, taught by John Crittentend, director of the direction of Civil Defense.

130 members will have completed the course in these classes which met in two sessions, Monday and Thursday, during the past weeks.

Shorter Days Make Driving More Risky

TALLAHASSEE.—As the days grow shorter with the approach of winter, so do the chances of the reckless driver to make it through the year, declared Florida Highway Patrol Commander H. N. Kirkman.

"The mileage death rate is always higher at night than in the daylight hours," said the patrol chief, "although the volume of traffic might be much heavier during the daytime."

The reason for accident increase after sundown, said Kirkman, is pretty obvious.

Too many drivers disregard the obvious fact that darkness hides danger.

Effective weapons against the hazards of driving after dark include good headlights, properly adjusted.

A speed that won't outrun those headlights, and a constant attitude of alertness.

Longer hours of darkness, inclement weather and reduced visibility face all drivers in the months ahead, Kirkman said.

"The warning about after-dark driving applies equally as much to the pedestrian," warned Kirkman. "About one third of all pedestrian deaths occur in traffic between the hours of 5 and 8 p. m."

The patrol commander warned: Drive and walk with care.

LEGAL NOTICE

NOTICE OF SPECIAL TAX SCHOOL DISTRICT BIENNIAL ELECTION

Notice is hereby given that the Biennial Special Tax District Election will be held on Tuesday, November 20, 1961, at the regular polling places in the county.

There is a School Trustees will be elected to the Board of Education for a two (2) year period. Also the Special Tax School District will be elected to the Board of Education.

All qualified electors who reside in the county and who vote in the general election shall be eligible to vote in this election.

ANDREW W. MURKIN, Supervisor, Tallahassee, Florida, Tallahassee County, Florida.

Pub. Sept. 28, Oct. 6, 12, 19, 1961.

BIG GUNS TAKE BREATHERS—These five Avon Park Red Devils take things easy in the fourth quarter of last week's game with Kathleen after the locals came from behind to build up a 39-14 lead over their opponents. Left to right, Jack Seims, quarterback Ed Touchton, end Lenon Money, halfback Reese Parrish, tackle David Barnfield, fullback Dr. M. W. Coleman, extreme left, team physician checks to make sure all are in good shape.

Births

Mr. and Mrs. Guillermo Fernandez of Sebring, a son, Quintino Domingo Fernandez, born September 19, weighed 9 lbs.

Mr. and Mrs. David Mathew Carpenter, a daughter, Brenda Joyce, born September 20, weighed 6 lbs., 4 oz.

Mr. and Mrs. Denev Norman Moten, Fort Meade, a son, Wesley David, born September 23, weighed 8 lbs., 4 oz.

Mr. and Mrs. John D. Randall, Jr., Sebring, a son, Charles David, born September 24, weighed 8 lbs., 5½ oz.

Mr. and Mrs. Roscoe Cecil Eiland, Jr., Sebring, a daughter, Lisa Kay, born September 25, weighed 8 lbs., 7 oz.

Florida accounted for 58 per cent of new firms established in the nation during the first six months of this year, the Florida State Chamber of Commerce reports.

Play life like you would a game of tennis—serve well.

LP Gas Sales Soar In State

The sale of LP gas in Florida was up 4 per cent in 1960 over the previous year and the total volume sold exceeded 207 million gallons, the Florida State Chamber of Commerce said yesterday.

Last year's sales volume was 248 per cent over 1950 in the state. The national gains were 6 per cent over 1959 and 146 per cent over 1950.

Expansion of the use of LP gas in homes and commercial establishments in Florida was up 10 per cent last year over 1959 and accounted for a volume of 170,871,000 gallons. Trucks and other internal combustion machines used 15,905,000 gallons, up 18 per cent over the year.

"These gains were somewhat offset by a drop in use of the gas by manufacturing plants as a result of a switch-over to other fuels. Plants manufacturing gas used 12,736,000 gallons (ultimately consumed by other users), a drop of 37 per cent from 1959 and other manufacturers consumed 7,475,000 gallons, down 16 per cent.

Miscellaneous users accounted for the 1,173,000 gallon balance of the 207,200,000 gallon total last year.

"A breakdown by types of gas used in Florida last year shows 162,964,000 gallons of propane, 1,565,000 gallons of butane and 41,533,000 gallons of mixtures."

THIS WAY, JACK—Avon Park Coach Joe Francis gives Gleny Yeaeger Realty a quick word of advice during last week's game with Kathleen. Seims, the Red Devil's number one signal caller, will be in the starting line up Friday night against Ft. Meade.

Search For "Jeanie" Underway At Stephen Foster Memorial

WHITE SPRINGS.—You'd have to go a long, long way to find as lovely or talented girls as the ones who come from all over Florida each year to sing in the Stephen Foster Memorial "Jeanie With the Light Brown Hair" auditions.

Miss Thelma A. Bolin, special events director at the Florida music shrine on the Suwannee River, can cite the facts and figures to prove it.

Preparing for the 11th annual auditions to be held February 10, Miss Bolin said she had been "checking over the names of entries in the 'Jeanie' auditions for the past two or three years and I was amazed at the number of these young women who have been in the news the past few months."

Here are some of the girls (17 to 21 years old) who have been recent participants in the colorful "Jeanie" vocal auditions:

Sherry Grimes, Sarasota, the current Miss Florida who represented the state at the Miss America contest at Atlantic City. She also sang on the "Toll Mack," "Original Amateur Hour."

Carol Long, Orlando, winner of the Miss Dixie contest at Daytona Beach.

Vernice McCormick, Miami, 1959 "Jeanie," who earned a singing role in the Broadway stage play "13 Daughters" last Spring.

Lynn Collier, St. Petersburg, who sang the role of "Jeanie" this summer in "The Stephen Foster Story," Paul G. Klinger's musical drama at Bradenton, Ky.

Cheryl Claiborne, Miami, the 1961 "Jeanie," who was soprano soloist and member of the music staff this summer at the Junaluska Methodist Assembly in North Carolina.

Priscilla Thayer, Tampa, who, as a member of the Wittenberg (Ohio) University Choir, participated in a 44-day European tour during July and August.

Of course, Miss Bolin said "there have been so many of the girls who have made news by getting married that I couldn't list them. One, however, was our loved 1960 'Jeanie,' Joyce Marie Garland of Brooksville."

Requirements for the "Jeanie" auditions are that the girls must be single and 17 to 21 years old; must be talented singers; must be attractive and capable of presenting a talent show on television or radio concert. Each must be sponsored by a Florida Federated Music Club and each must appear in a gown representative of the year.

Requirements for the "Jeanie" auditions are that the girls must be single and 17 to 21 years old; must be talented singers; must be attractive and capable of presenting a talent show on television or radio concert. Rotary News

Honri Guertin, an administrative director of Mass Brothers Department Store, Tampa, was the Rotary Club speaker Wednesday noon.

Guertin, speaking from experience, presented some of the many obstacles a downtown shopping area must overcome to stay in competition with suburban centers. He held a discussion period following his address.

NEW RESIDENTS
Mrs. LaFaye Maxey has purchased the new home at the corner of N. Highlands and E. Main Street, where she and her son, Robert, and daughter, Betty, and her nephew, Max Dye, are making their home. They moved here from the Maxey Ranch near Sebring. Betty is a Junior at A.P.H.S.

GUESTS AT WORDEN HOME
Col. and Mrs. Jack Knowles are houseguests of his sister and her husband, Mr. and Mrs. Harold Worden, Col. Knowles has recently retired from the U. S. Army. Mrs. Worden's parents, Mr. and Mrs. G. Knowles of Ireland, were weekend guests with the family.

RESUME MEETINGS
The Missionary Society of the First Christian Church has resumed activities following the summer vacation period. Officers of the Society: Mrs. Fred Davis, president; Mrs. George Beckham, vice president; Mrs. Stanley Skillen, secretary and treasurer. The meeting will be at the church on the third Tuesday even of the month.

WILHITE HOME
1st and son, James A. Wilhite and son, John, are visiting their parents, Mr. and Mrs. A. B. Wilhite, and Mr. and Mrs. Stafford Williams. Let Wilhite is stationed at Camp Stewart, Georgia with the U. S. Air Force, and is slated for a future assignment in the near future.

Taxi drivers in Daytona, Ohio, are handing out trading stamps to customers along with the change from their fares.

A Boy's Eyes

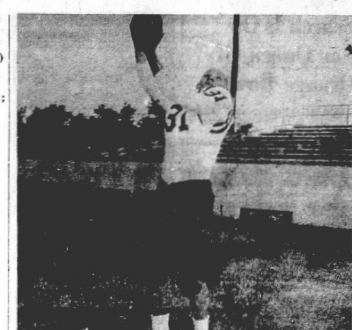

I'd like to be a Cub Scout— (His eyes were deepest blue) "I'd like to learn, and play, and build." Like Jim and Freddy do. "I know how to use a hammer; I can drive a nail if I try. I'm eight years old, I'm big and strong." And hardly ever cry. "I gave him the application And parent-participation sheet. (His eyes were filled with sunshine As he left on dancing feet.) Next day, my friend was back again."

A dejected little lad. "I guess I'll skip the Cub Scouts." (His eyes were dark and sad.) "My Mom is awful busy, she has lots of friends, you see. She'll never have time for a den."

He hardly has, for me. "And Dad is always working— He's hardly ever there. To give them any more to do just wouldn't be quite fair." He handed back the papers With the dignity of eight years.

And, smiling bravely, left me (His eyes were filled with tears) To put sunshine in his eyes. Do you see your own boy's eyes? As other people may? How he looks when you're "too busy?" Or "just haven't time today?" A boy in such a special gift— Why won't you realize, It only takes a little time To put sunshine in his eyes.

Pat Beardslee, Den Mother Hawthorne, California Submitted by John Townsend Reprint from Sept. 1961 Issue of Scouting Magazine

SCORING STYLE—Red Devil and Ed Touchton goes high in the air to show Sun photographer how he snared a pass for an extra point in the Avon Park - Kathleen game last week. Touchton also scored on an end-around play.

Football

(Continued from page one)
from moving, but a booming 45-yard kick by Karey and a 45-yard clipping penalty saw the 35-yard line. From that point it took Avon Park seven plays to score, with Jack Seims for the final seven yards. The attempted pass for the extra point, Karey's hands as he lunged to the 35-yard line.

With seconds remaining in the half, Rodney Dull took the kickoff and returned it 30-yards to Avon Park's 25-yard line. Karey took to the air and three plays later Gary Ely snared an 18-yard pass from Sunny Lindsay in the end zone. Karey kicked the point giving the visitors a 14-12 halftime lead. Ironically, an Avon Park defender deflected the ball into Ely's hands as he lunged to the 35-yard line.

Following intermission, Kathleen scored an on-side kick and recovered the ball on the Avon Park 45-yard line. They could not move the ball however and kicked to the three, with Money returning the 13-yard line. Barefield, Seims, Money and Benton alternated in ball-carrying, but ran out of gas on the 35-yard line.

RALLY DAY
Rally Day has been set for Sunday at the First Christian Church and plans are underway to break all attendance records. Following worship services, a covered dish and fellowship hour will be enjoyed. Donald Weldon, minister of the church will deliver a special message at 11 o'clock.

OPERATION SUCCESSFUL
Jim Bob Maddox is recovering from a successful knee operation which took place in Gainesville last week. He returned home this week and is recuperating at his home on Lake Isle.

The 170 pound sophomore had looked very promising in pre-season football drills as he worked out at the football position. The operation is expected to make it possible for him to resume participation in athletics the last of basketball season or the first of the baseball season this year.

COVERED DISH SUPPER
All Legionnaires and Auxiliary members and their children are invited to attend a covered dish supper at the Legion Home, Thursday night, September 28, at 7 p.m. Each one attending is to bring their own table service. District Commander, Ferris Davis, of Moore Haven is expected to be present.

35, from where Money booted out of Kathleen's 35. The visitors flourished, then kicked to the Avon Park 37. On the second play from scrimmage, Money took off on one of his famed side-stepping exhibitions and wound up in the end zone 35-yards away. Touchton took a Seims pass for the bonus point.

The play shattered the hopes of Kathleen and it was all Avon Park. The balance of the game, Kathleen ended his scoring rampage late in the period when he went over from 19-yards out after Money and Benton had moved the ball into position from mid-field. Touchton took an end-around hand-off, for the PAT.

DELIVERY SERVICE
All materials are priced FOB store. Delivery can be made at a very small charge. Delivery charges are figured at .04 cents for each dollar's worth delivered. For example, on a \$20.00 purchase, delivery charge would be 80 cents. Maximum charge is \$8.00 per load. (Our trucks have a two ton capacity). Charges are slightly higher if the delivery is to be made a long distance. (For instance, to another city or town).

Practically all merchandise is purchased in carloads. Some is shipped direct to the store and some is distributed through a central warehouse. The savings are passed on to you.
