Avon Park Area Teachers To Report For Duty Next Week

Area Supervising Principal, A. R. Whitte, announces that teaching personnel will report for duty next Monday, August 20, at 8:30 a. m.

The Avon Park High School faculty will meet jointly with the Avon Elementary group at the Avon Cafeteria.

The morning program will consist of devotion, introductions and preliminary instructions relative to the pre-school period, both local and county wide, from August 20 until September 4, which is the day school opens.

While reports that all teaching vacancies in the area have been filled and that all personnel will report during the pre-school period.

Advanced registration of new students indicates an increased enrollment of both elementary and high school students in the new school year.

Students who registered before the close of last school year will not need to appear in advance of the opening day of school, but new students entering for the first time will need to report to their respective schools. Graders one through six will report at the Avon Elementary School and 7th and 8th grades

at the Avon Park High School.

The tentative dates for these registrations is Tuesday, August 28. Parents or guardians will need to accompany these students and execute the required forms necessary in connection with registration.

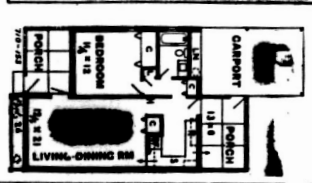

School will reopen on Tuesday, September 4. More detailed information will be given in next week's issue of the Avon Park Sun.

Methodist WSCS Circles Met

Mrs. Ray O. Cohen entertained Circle Six of the WSCS at her home on Avenida Road, Tuesday morning. Mrs. Cohen is chairman of the circle and Mrs. Russell C. Boaz led the devotion.

The hostess served a variety of fancy pastries with hot coffee and tea.

Circles Two and Three met Tuesday afternoon in Wesley Hall for a business and program meeting.

CARD OF THANKS

Our sincere thanks to all our friends who remembered us with so many lovely cards while Sam was in the hospital and for the nice food and offers to help since we are back home.

Mr. and Mrs. Samuel G. Hamilton

In Memory of Companion and Sir Knight,

Royal Master Craftsman

When the creator of all things called from his earthly labors on July 25, 1962, our Brother Royal Master Craftsman

Home Features Noise Baffle And Privacy

Protection against noise and bothersome light from neighbors and street is an important consideration of many a retiree. Extra heavy draperies, blinds, shades, trees and fences as well as harsh words and angry feelings, seldom prove to be fully effective. Preventive measures, such as found in this one-bedroom retirement home No. 710-152, designed for a narrow lot, do more to minimize the dangers of annoying noise and light.

The 8 x 12 corners screened front porch is the "buffer zone" between the house and the outside, shielding the bedroom window and the house entrance. Being high, it does not cut down on the daylight supply for the bedroom window. The large window of the living room is flanked by two tall baffles made of perforated concrete blocks ("pila" blocks). Their function is to block the light and outdoor view. Both 32 inches deep, they cut down on the daylight supply from the sides, add to the appearance of the house, and at the same time, they make the masonry planter under the window face toward the neighbors who may be less than 15 feet away. The baffles may be used in the windows.

Since airiness and ventilation are important for comfort in Florida living, the living-dining area, the kitchen and the rear porch are open to each other. Both 32 inches deep, they cut down on the daylight supply from the sides, add to the appearance of the house, and at the same time, they make the masonry planter under the window face toward the neighbors who may be less than 15 feet away. The baffles may be used in the windows.

The 8 x 12 1/2 kitchen has a U-shaped work counter with the sink (S) under the side window, a pass-through window to the porch on the left and a serving window to the living room on the right. The refrigerator (REF.) is located between the window and the 2-foot coat closet (C), while the range (R) is near the jalousie door leading to the porch.

The 8 x 12 1/2 bathroom has a U-shaped work counter with the sink (S) under the side window, a pass-through window to the porch on the left and a serving window to the living room on the right. The refrigerator (REF.) is located between the window and the 2-foot coat closet (C), while the range (R) is near the jalousie door leading to the porch.

Home No. 710-152 was designed by Jan Reiter, editor of Florida Homes magazine. (Magazines available on newsstands or by mail for one dollar to 1000, 52 St. St. St. Petersburg 10, Fla.)

VISITS PARENTS HERE

Major Powell Skipper and Mrs. Skipper and their children, Powell, Jr., and Toy Ann, have been visiting his parents, Mr. and Mrs. Otto Skipper, since their return from Germany where he has been on a tour of military duty. They left this week for Wichita Falls, Texas where Major Skipper will become assistant professor of Military Science at Midwestern University.

JOE D. KINSEY

ANNOUNCES THE OPENING OF LAW OFFICES

AT 116 SOUTH COMMERCE AVENUE SEBRING, FLORIDA

FOR THE GENERAL PRACTICE OF LAW

PUBLIC NOTICE

IN THE COUNTY COURT, TENTH JUDICIAL CIRCUIT IN AND FOR HIGHLAND COUNTY, FLORIDA

BEFORE ME, CLAUDE MOONEY, a minor, By Ulla Jackson his attorney.

NOTICE

You are hereby notified that a Petition has been filed in the above titled Court by Ulla Jackson, a minor, and you are required to serve a copy of your answer or objections to the petition, if any, on the undersigned, at the office of the Clerk of the Circuit Court, Sebring, Florida, on or before the 15th day of August, 1962.

Witness my hand and the seal of said Court at Sebring, Florida this 15th day of August, 1962.

EARL RICH, CLERK OF CIRCUIT COURT

Pub. Aug. 14, 15, 16, Sept. 6, 1962.

I cannot say, I will not say. That he is dead. He is just away! With a cheery smile and a wave of the hand He has wandered into an unknown land.

And left us dreaming how very fair He needs must be since he lingers there. And you—oh you who are the wildest years For the old time step and the glad return, Think of him faring on, as dear In the love of There Think of him still as the same, I say, He is not dead—He is just—away!"

Then we how in humble submission to the will of God who doth all things well and shall cherish the memory of this dear Brother who has gone before us.

That we extend to the bereaved family our deepest sympathy.

Boating Council Slates Inspection Here Today

The Avon Park Boating Council will inspect the state's boats today. The council will inspect the two men who represent the Florida Boating Council, as well as the State Board of Conservation, the Game and Fresh Water Fish Commission, Florida Sheriff's Association and the United States Coast Guard.

Supervising Principal, A. R. Whitte, repeated a request for donations of two TV sets in order that the program get underway at the start of this school term. Whitte stated that the high school plans to take advantage of as many TV programs as possible, working them into the regular classes to supplement the curriculum. He also hopes to include some programs on Americanism vs. Communism in the new course to be taught here this year.

Sikes Family To Settle Here

Mr. and Mrs. James A. Sikes, former residents of Avon Park, have returned from Branford, Florida to make their home here. They have purchased the Smith property on West Pine Street where they will reside. Mr. Sikes was head of the Park Department for the City until his retirement in 1960. He is a retired minister of the Free Will Baptist Church. Mrs. Sikes is a member of the First Christian Church. Their many friends here will welcome them back to Avon Park.

B & B CUTS PRICES—To emphasize his store's new policy, Henry Sellers, manager of the Avon Park B & B Super Market, winds a meat cleaver indicating that his store has gone discount and is cutting prices. Sellers said all items in the store have been marked down and B & B will continue the discount price policy. (Photo By Sun)

Special Equipment Installed At APHIS To Receive Education TV

Special equipment which will enable Avon Park High School to take advantage of Educational Television classes from Channel 1 in Tampa has been installed at considerable cost to the school this past week, but the school is still in need of two additional TV sets in order to assure adequate viewing by the students.

Supervising Principal, A. R. Whitte, repeated a request for donations of two TV sets in order that the program get underway at the start of this school term. Whitte stated that the high school plans to take advantage of as many TV programs as possible, working them into the regular classes to supplement the curriculum. He also hopes to include some programs on Americanism vs. Communism in the new course to be taught here this year.

Six outlets have been placed in the auditorium for a possible six TV sets in the future and a new antenna has been installed on the roof of the high school building. A booster plant has been installed in a room on the second floor to enable reception from Channel 1.

Plans are to place three TV sets at the front of the auditorium—one in front of each section of seats—so that students in large classes can all see without any strain. At present only one set is ready for use in the middle section. Anyone interested in presenting a set to the school or donating money for a new set should contact Whitte at the high school.

City Council—

(Continued from page one)

tion, all firms presently employed by the city passed the requirements set forth by the board.

An appeal for funds to aid in construction of a Little League baseball field was tabled, pending the results of a budget planning meeting in the near future. Plans are afoot for construction of a new field and the city was requested to furnish lights for the field. Cost of the lights was thought to be around \$2,000.

Just before adjournment, Mayor E. A. Delaney presented council with plans for a traffic control structure at the intersection of The Mall and U. S. 27-98. The plans, prepared by the State Road Department, call for four lights at the heavily traveled intersection. Although all the preliminary work is performed by SRD, the city will have to foot the bill for purchase and installation of the lights. This is expected to run in the neighborhood of \$4,000.

In addition to Blanford, other council candidates in attendance at the Monday meeting included Jimmy Doerr, Bill Lucomb and former councilman J. B. Sparks.

Here And There— Avon Woman Returns Home From Georgia

Miss Mildred Myers is back home from spending several weeks with her sister in Augusta, Ga.

Mrs. Ethel McKelvin has been a patient at Walker Memorial Hospital for several days.

Mr. and Mrs. S. G. Hamilton are home from Orlando, where he was in the hospital.

Mrs. A. F. Riggins has returned to her home after spending the summer visiting her children.

Mr. Addie Lee Best arrived home Monday from her trip to Europe where she visited her son and daughter-in-law, L. A. and Mrs. Charles Best in Spain.

Mrs. Mary Shearer of Montverde is the guest of Mrs. Georgia Dinning this week.

Mrs. Fleming Jones of Clermont was the weekend guest of her aunt and uncle, Mr. and Mrs. Ray O. Coburn on Avocado Road.

Mrs. Hance Glover of Monticello is here to attend the funeral of her cousin, Mrs. Mary Edith Wild, and a child here she is a guest of Mr. and Mrs. Lamar Wild on Lake Anoka.

Young plantations of planted pines must have been fire—even as mature trees should have. In fact, small trees are almost completely vulnerable to fire.

No, Gettrude, there will never be a driver fast enough to outdo the Grim Reaper.

In a surprisingly short time, non-productive land can be converted to profit producing pines. Ask your farm forester.

See Florida This Summer

Juniper Springs Makes Idyllic Forest Retreat

Swimming is a favorite pastime for visitors to Juniper Springs in Florida's Ocala National Forest. The woodland retreat has ideal facilities for rest and trailer camping and also offers rental cabins. Juniper Springs is another reason Governor Farris Bryant and the Florida Development Commission are urging Floridians to vacation in their own state this summer.

Juniper Offers Restful Haven For Campers

A forest evokes imagery of tall pines and running waters. Juniper Springs, a recreation area located in the heart of Florida's Ocala National Forest, has these and much more.

A beautiful springs with an old fashioned mill house and a creek with a waterfall and a clear flowing stream and nature trails leading through the forest—these are a few of the natural attributes of Juniper Springs.

The 420-acre park is located 27 miles east of Ocala on State Highway 40 and has been a major recreation area since it opened in 1938. Only a few miles away scenes for "The Yearling" were filmed.

Juniper Springs is another reason Governor Farris Bryant and the Florida Development Commission are urging Floridians to see their own state this summer.

The springs form the nucleus for Juniper's recreation. The vivid blue waters remain a constant 72 degrees year around and are ideal for swimming. A picnicking park with tables, grills, a bathhouse and concessions stand border the springs. Inviting trails lead over rustic foot bridges crossing the spring run-off.

Not far away is the camping area, divided into sections for trailers, tents and cabins. Permits are obtained from the attendant who lives on the premises.

Value such as this has induced many people to leave the Chevrolet trucks every year since 1937.

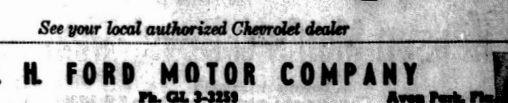

This can be a good time to buy a modern new Chevrolet truck.

Let's summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make you far next year's needs. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time.

Come in and take full advantage of it.

Collections Of Use Tax Jump

TALLAHASSEE — Use tax collections from out-of-state firms totaled \$231,265 during fiscal year 1961-62, an increase of 114 per cent over the previous year. State Comptroller Ray E. Owen said recently.

The comptroller pointed out that a new 1963 use tax collector was named 174 per cent. The number of accounts, which totaled 2,892 in 1960-61, have increased to 4,100.

"Collections from this source totaled \$3,350,892 in 1955-56, or 2.9 per cent of the total revenue from sales and use tax sources," Owen said.

"Collections during the fiscal year 1961-62, however, totaled \$231,265, or 1.74 per cent of the revenue from this source."

"We are quite proud of our record which is indicative of the fine relationship which has been developed with business men and firms throughout the nation. This has been a major factor in the overall increase in sales and use tax collections during recent years from both in-state and out-of-state."

"We are quite proud of our record which is indicative of the fine relationship which has been developed with business men and firms throughout the nation. This has been a major factor in the overall increase in sales and use tax collections during recent years from both in-state and out-of-state."

Coffee Honors Mrs. Wainwright

Mrs. John Townsend and Mrs. Andrew Miracle were hosts for an informal coffee at the lovely country home of Mrs. Townsend on Wednesday morning of last week, honoring Mrs. L. L. Wainwright who is moving to Tallahassee to make her future home.

The guests were served from the dining table which was overlaid with a linen cloth. A variety of party pastries and cookies were served with either hot coffee or iced drinks.

The invited guests included mostly the members of the original Friday Morning Coffee Club.

Your Home—A Heat Storage Battery?

Ever wonder why your home stays hot and muggy even after the sun goes down and cool breezes begin to blow? Or why your air conditioning expenses are excessive? It's because your home acts as a "storage battery" for the great amounts of heat it is exposed to during the day. According to Eugene L. Perrine, technical consultant for the Vermiculite Institute, most of today's building materials such as brick, block, and wood have a high heat capacity.

"High heat capacity materials," explains Perrine, "hold heat for a long time after being brought to a high temperature, requiring a long time to throw it off after the heat source has been removed."

This condition causes your home to stay hot into the night or results in overloaded air conditioners and high electric bills. The homeowner's answer to the problem is insulation. Unfortunately, most of today's homes have insufficient insulation or insulation that has settled or deteriorated and is now inadequate.

"Efficient insulating materials have a low heat capacity, meaning they quickly release any heat they have been subjected to," Perrine reports. "Particles of the mineral vermiculite, for example, will feel cool only moments after being removed from flames of 2,000 degrees."

A layer of vermiculite insulation in the attic stops the day's heat before it reaches the other building materials. As a result, rooms are cooler and the heat is dissipated quickly once the sun goes down, enabling the occupants to derive full benefit from the cool night air.

This insulation "shield" allows air conditioning units to do a more effective job. The impact of even the sun's hottest afternoon rays is reduced while at the same time cooled air is prevented from escaping. To the homeowner, this means increased comfort at substantial savings in air conditioning electric bills.

The benefits from effective insulation can be gained through the application of a four type insulation such as vermiculite, available from local lumber and building supply dealers.

Walton Crews Completes ROTC Summer Camp

Fort Benning, Ga. (AHTN)—Cadet Walton N. Crews, Jr., 20, whose parents live on Route 2, Avon Park, Fla., completed six weeks of training at the Reserve Officer Training Corps (ROTC) summer camp at Fort Benning, Ga., August 5.

Cadet Crews is active in the ROTC program at Florida Southern College in Lakeland and is a member of Lambda Chi Alpha fraternity.

He is a 1959 graduate of Frostproof High School.

Florida's largest tourist volume for 1961 was repeat visitors. Sixty-four per cent of the tourists had visited the state previously.

YWA Girls Have Bandage Rolling

The YWA girls of the First Baptist Church enjoyed a get-together at the home of Miss Janice Mills, 12 West Winthrop Street last week for the purpose of rolling bandages for a Baptist hospital in Panama, Korea, where Miss Lucy B. Wright is a medical missionary.

In addition to the bandages prepared by the girls they collected a variety of items such as thread, used TV dinner trays and foil plates, old Christmas cards and toilet articles for a nursery, which they sent to Miss Wright for use in the hospital.

Along with their work, they also enjoyed fun and food.

July was the peak tourist month for Florida in 1961. Of the 12,840,230 tourists who visited the state last year, 1,976,589 came during July.

State Economy On Upswing C of C Reports

Florida's economy rounded out the first six months of this year on the upswing, the Florida State Chamber of Commerce reported recently.

Although principal indicators show a definite perkiness, the trade body said, it cautioned that there are still some soggy spots which should be watched continuously.

"Over-all business activity through June this year, as measured by sales tax collections, was up 11 per cent over the same period of last year and custom collections gained 17 per cent. Gasoline sales increased 6 per cent compared with a 5 per cent national gain. Bank deposits in Florida increased 8 per cent, somewhat below the 10 per cent national gain."

"Non-farm employment in the state stood 5 per cent over 1961 by mid-June of this year, compared with a 3 per cent national increase. Every category of employment, including construction, showed gains in Florida."

"Not so fortunate were Florida farmers whose cash income through May of this year is running about 2 per cent behind 1961. Nationally, farm income showed a 2 per cent drop."

"New business incorporations in Florida were 9 per cent ahead of 1961 at mid-year but June registered a 7 per cent drop, the first monthly drop this year."

According to Dun and Bradstreet, the number of Florida firms failing during the first six months of this year was down 20 per cent.

"Construction of all types showed a 6 per cent gain in dollar value in Florida during the first half of this year, just under the national figure. However, the number of new housing units, both single and multi-unit, in Florida are still down. Through May, the drop was 6 per cent compared with a national gain of 11 per cent. Residential mortgage secured by Florida homes are up 15 per cent."

FPC Exchanges Power With The Southern Co.

Florida Power Corporation, of St. Petersburg, Florida, and the system companies of the Southern Company, Atlanta, Georgia, today announced the signing of a new power interchange contract for the seasonal exchange of 100,000 kilowatts of capacity between their respective electric power systems. The signing was announced jointly by W. J. Clapp, President of Florida Power Corporation, and by Harile B. Branch, Jr., President of the Southern Company.

Believed to be the first seasonal power exchange arrangement of its kind, the contract calls for the Alabama, Georgia, Gulf, and Mississippi Power Companies, comprising the Southern System, to supply 100,000 kilowatts of electric capacity to the Florida Power Corporation during winter months when the use of electricity in Florida is at a maximum, and for the Florida Power Corporation to supply equivalent capacity to the Southern system companies during summer months when Southern's loads are at their highest. Each system thereby gains the practical equivalent of an additional

100,000 kilowatt generating plant, but at still smaller cost than the comparable periods of both 1960 and 1959.

The contract, which is being submitted to the Federal Power Commission for approval, calls for joint studies to determine whether additional transmission lines will be required to facilitate the exchange. It is estimated that the cost of transmission line additions will be only a fraction of the savings to be realized by the two systems.

The impact of air conditioning has caused the Southern System summer load to be in excess of its winter load for the past six or seven years, whereas Florida, even with a substantial air conditioning load, experiences its electric power peak in the colder months due to the larger number of residents who flock to that State during the winter season.

In future years, it is expected that the capacity exchange will be substantially in excess of 100,000 kilowatts. Mr. Clapp and Mr. Branch emphasized that this step is one of many which business-managed power utilities are taking to counteract the effects of inflation and to continue to provide reliable electric service at low cost.

Tourist expenditures in Florida during 1961 amounted to a record \$2,943,265,000. Major items included 23 per cent for lodging, 18 per cent for food and drink in restaurants, 12 per cent for amusements, 11 per cent for clothing and footwear and eight per cent for gasoline.

Here and There—

Kelly McClure Family Enjoying Vacation At Florida Beaches

The Kelly McClure family is enjoying their vacation at the beautiful beaches of Florida. The family, consisting of Mr. and Mrs. Kelly McClure and their children, are currently staying at the Avon Park Hotel. The McClure family has been enjoying the beautiful weather and the relaxing atmosphere of the Florida beaches. They have been spending their days at the beach, swimming, sunbathing, and enjoying the beautiful views. The McClure family is looking forward to continuing their vacation and enjoying all that Florida has to offer.

Patrol Urges Motorists Take Care For Kids

TALLAHASSEE—The Florida Highway Patrol today urged motorists to take extra care for children when driving on the roads.

The protection of our school children is the responsibility of everyone who uses our streets and highways as well as those who operate and instruct our vehicles," declared Patrol Captain H. N. Kirkman. Speaking of parent responsibility, Kirkman emphasized the importance of teaching children the fundamentals of safety from "infancy on" and the need for "setting good examples" for children to follow.

Students have a major role in the life-saving effort on our streets and highways from "traffic deaths" through the time when they are driving their own cars," said Kirkman who continued, "A motorist is expected to give children the 'brakes' but our youth owe the motorist a responsibility too. They should be careful to obey always the pedestrian rules, and they should learn that the proper use of our highways is a serious business."

For school bus drivers, Col. Kirkman had the appeal to continue the practice of ever-watchingness and observe to the letter all traffic rules on highways for safety and precaution.

He directed some remarks to the motoring public, emphasizing their responsibility to school children. "Observe all school buses when the red signal goes on and the stop signal is extended, and be careful anywhere children are walking," Kirkman warned. On highways with a dividing strip of at least four feet or a physical barrier, it is not necessary to stop for a school bus in the opposite lane.

Former residents visit Mr. and Mrs. Fred Pelen of Dale City, who are former residents of Avon Park, entertained with a special day and dinner party at their home in Dale City on Sunday. Company from Avon Park who went to enjoy the hospitality of the Pelenes were Helen and C. R. Ginn, Sadie and Ray Brown and Thelma and Raymond Dillay.

Two grants totaling more than a half million dollars have been approved by the Board of Control for the University of Florida's nuclear science program.

HAY-FEVER Pollen Allergy Sufferers

Here's good news for you! Sufferers from "hay fever" SYNA-CLEAR Decongestant tablets cut instantly and continuously to pollen and clear all nasal sinus cavities. One "hard core" tablet gives up to a 4-hour relief from pain and pressure of congestion. Allow you to breathe easily, stops watery eyes and runny nose. You can buy SYNA-CLEAR at your favorite drug counter, without need for a prescription. Satisfaction guaranteed by maker. Try it today.

MISS MARTHA CAROL BOWERS, daughter of Mr. and Mrs. Harold M. Bowers of Ft. Meade and granddaughter of Mr. and Mrs. L. D. Roberts of 311 Tulane Circle, Avon Park, was recently named outstanding camper and hostess at the Florida State University Twirling camp held in Tallahassee. The camp was held from July 23 to August 11. Martha Carol is a frequent visitor in Avon Park.

Florida Lagging On Use Of Funds For Interstate Roads

TAMPA—Florida lags on utilizing available Federal aid funds for interstate roads, but an official reported here Tuesday that the State Road Department regard this as a "temporary condition."

Addressing the downtown Tampa Lions Club at the Flamingo Hotel, Hampton Dunn, public relations director for the state road department, said that the State Road Department regard this as a "temporary condition."

At the present time, the state ranks 46th among the states in utilizing the 80 per cent Federal contribution.

The United States Bureau of Public Roads in Washington recently expressed concern over the "lagging" of Florida and seven other states. Rex M. Winton, Federal Highway Administrator, told the Council of State Government that "We are pushing these states to catch up."

Collins Family Holds Reunion At Ft. Ogden

The Collins family reunion was held at the Peace River Park near Fort Ogden on Sunday, August 12, commemorating the 50th birthday of (Little) Grandma Collins. Mrs. Nettie Collins of Ft. Ogden.

Attending from Avon Park were her son, J. E. Collins, and Mrs. Collins, their son, Charlie Collins, and several other members of the family, including the Kelley McClures and Little Grandma's great granddaughter, Linda, and her husband, Mr. and Mrs. Wesley Newsome.

Seventy-eight relatives were present for the all day affair, some coming from Texas to attend the reunion.

NEW DENTIST IN TOWN Dr. and Mrs. John E. Palgrove of Atlanta, Georgia were in town early this week completing arrangements for Dr. Palgrove to open an office where he will practice dentistry. It was reported that Dr. Palgrove will be here in the near future.

THE LADIES CHATTING OVER TEA SAY IT'S THAT WONDER GAG FOR ME!

RIDGE FUEL CO

Seedlings Are Available Now For Planting

TALLAHASSEE, Aug. 16—No shortage of fine seedlings for this winter's planting is expected, but the Florida Forest Service does advise landowners to place seedling orders early.

Advance orders get priority attention at the state's four seedling nurseries when "lift" of the seedling crop for shipment begins late this fall. After the lift starts—removal for shipment and transplanting—seedlings may not be available to fill delayed orders.

Slash pine can be assured, if placed promptly, R. A. Jordan, nursery supervisor said.

Farmers, and private and public landowners planted 94,800,000 seedlings in Florida last season, mostly slash pine. Even so, reforestation at that rate is not equal to projected future demands of wood-using industries.

The current crop of seedlings for transplanting this season is of excellent quality, according to Florida Forest Service nurserymen. The increased demand last year, additional long-leaf seedlings will be ready for sale during the upcoming season. Red Cedar, loblolly, and pine, catalpa, bald cypress, and Arizona cypress will also be available.

Seedling order blanks are available at any Forest Service office—farm forester, county forester, or state forester. Also SCS, ASC, and county agricultural agent's office. Seedlings are sold at cost, \$4.00 per thousand for pines, loblolly, and slash.

Avon Park Campground

Rev. and Mrs. T. Homer Smith are expected home this week from an extended visit and vacation trip to Virginia and Ohio.

Mrs. C. H. Roe is back home from spending several months in relative quiet at the Florida State University.

Rev. and Mrs. William Hooker will leave Monday for a visit to relatives in Lexington, North Carolina, Kentucky, Michigan and Ohio.

Mr. and Mrs. Jerome Shultz will also leave Monday for a vacation trip to Washington, D. C. and Ocean Grove, New Jersey.

Automobiles brought the largest number of tourists to Florida during 1961. Those coming by car comprised 50 per cent, by train 11 per cent, by plane 37 per cent and by bus two per cent.

New Faculty Members

AVON PARK HIGH SCHOOL—Avon Supervising Principal A. B. Wilshire right, welcomes new members of the APHS faculty during orientation exercises this week. Left to right: Dorothy Reed, the Ward, Aaron Craven and Norma Fletcher, shaking hands with Wilshire. (Sam Photos).

AVON ELEMENTARY SCHOOL—Principal George Kelley, left, is shown with the new faculty members at his school. Left to right: Eleanor Truscott, Shirley Furr, Ann Karickhoff, Doris Thompson and Mrs. Mildred Webber who will teach at the Ridge Arroyo Dry School for Retarded Children. (Sam Photos).

Candidates Vie For Share Of Eligible Vote

Candidates for the Avon Park City Council election on September 11 are campaigning earnest this week in hopes of collecting enough of the 4,500 eligible votes for election.

Three seats will be filled on that day, those presently held by George Borden, Marvin Kirkland and Clarence King. All three are seeking re-election.

Other candidates in the running are: Bill Luscomb, Kilton Hill, E. E. Shumaker, Mrs. Louise Armstrong, Lucy Bennett, James Lowry, E. O. Blanford and J. R. Stokes. Stokes and Blanford are former members of the board and Mr. Armstrong is a former city clerk.

County Supervisor of Registration Roland D. Drost released the new figure this week, which was only four more than a year ago. He pointed out, however, that a number have moved in and to Avon Park during that period. He will conduct the election for the city.

JayCees Plan Political Rally On September 8

The 11 candidates for City Council will get an opportunity to air campaign issues and discuss their qualifications for office at a city-wide political rally to be sponsored by the Avon Park JayCees on Saturday, September 8, at the bandstand on the Mall in downtown Avon Park.

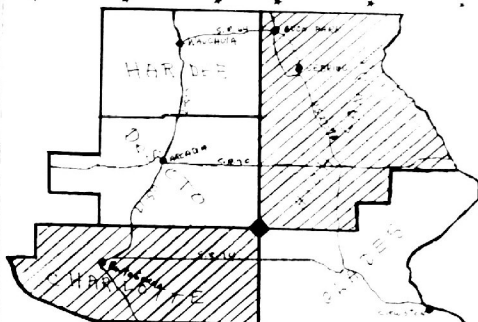

Steve Roberts and Norm J.C. Political Rally, said the event will begin at 3 p.m. with a kickoff by Mayor E. A. Delaney, Sr.

All 11 candidates for Council will be invited to speak at the rally, they added. Jack W. McMinister of Avon Park will be emcee for the event.

Seeds will be provided around the bandstand and refreshments will be served.

The JayCees, an organization of young men interested in community action and good government, regularly sponsor political rallies for major elections.

Board Opposes New Legislative Districting

Commissioners of the Florida Legislature have approved a new legislative districting plan which will go into effect in 1963.

During the last regular session of the Legislature, the Florida Legislative Commission passed a resolution expressing complete opposition to any reapportionment plan which would result in a Highlands/Charlotte Bonafide district. The Commissioners and Representative Livingston maintain that west coast Charlotte and Highland counties are so dissimilar that one man cannot represent both counties.

As the map at left will show, there is not a single road that directly connects Highlands and Charlotte Counties. The two counties are connected only by a section marker which is located far from any populated area. In order for a person to get to Charlotte from Highlands County he must first travel through Hardee or Glades County.

Another sore point between Highlands and the state government came up at this week's commission meeting when a letter was read from the State Road Department asking the county to serve its secondary road priority list.

The letter said that the state department would like to complete the hard surfacing of state road 621 south of Lake Placid. To do this, the letter stated, the county would have to drop some other project from its present list.

Commissioner Carl McIntyre said "it appears that our million dollars is not going to be used to work on 27 so we'll have to make money for another project."

Attorney R. P. Dwyer, Jr., told the county that the state will not use any primary funds on a matching grant this year.

Some months ago the county had offered to match state road funds, to improve U. S. 27 through Highlands County. No formal reply to the offer has been received. The county would have to make a road fund for the 27 project.

The Commissioners Tuesday instructed the county attorney to write to the state road department and ask why it would be necessary to strike a secondary project since the county has indicated that it does have funds available. McIntyre said many of the secondary projects are through the planning stage and are ready for contracts to be let.

Another letter from the state road department stated that the newly appointed county engineer to build an underpass at the intersection of state road 64 and 606. A move is underway to build a good highway from Bradenton eastward across the state. Back of this movement asked the commissioners to support their plan for the underpass.

A letter was received from the newly appointed county engineer, Miss Patricia Hurley, Miss Hurley, who has been in Highlands County on September 1, requested a meeting with the Commissioners.

One bid was received in the new transportation commission to build a new county trunk. The eight-mile-long bid was for a new trunk to the county from the Court house.

Mother of Avon Park Merchant Passes Friday

Mrs. Clio Walker Metcalfe of Bartow, mother of Charles G. Metcalfe, died at her home Friday night, after an illness of several months. Mrs. Metcalfe, age 76, was the widow of the late Grover C. Metcalfe, a life time resident of Bartow, having come with her parents as an infant.

Mrs. Metcalfe was an active civic leader, a member of the First Methodist Church where she was a leader in the Service work. She was a member of the United Daughters of the Confederacy for nearly 60 years, holding chapter, district and state offices. She was a charter member of the Bartow chapter, Daughters of the American Revolution. She was a member of Bartow Woman's Club and Bartow Garden Club.

Bartow her son, Charles G. Metcalfe, of Avon Park, the deceased is survived by two daughters, Mrs. Ella Frances Wilson of Ocala, and Mrs. Clio Metcalfe Davis of Knoxville, Tenn.; three grandchildren and a great grandson.

Pastoral services were held Monday morning from the First Methodist Church in Bartow with the pastor, Rev. Don E. Rider, officiating. Interment was in Woodlawn Cemetery with the A. Whidden Funeral Home in charge of arrangements.

Memorial gifts were made to the Polk County Unit of the American Cancer Society, in memory of the deceased.

The deceased had often visited her son and family here and had many friends in Avon Park.

Funeral services will be held at 10 a.m. Monday at the First Methodist Church in Bartow with the pastor, Rev. Don E. Rider, officiating. Interment was in Woodlawn Cemetery with the A. Whidden Funeral Home in charge of arrangements.

Seminole Pow For Second Annual Pow Wow Saturday; Public Invited

Seminole Indian Chief Billy Owens announced this week that plans were pending completion for the Second Annual Seminole Pow Wow to be held at the Brighton Indian Reservation, Saturday, August 25.

Owens said activities would begin at 10 a.m. and continue through 4 p.m.

Highlights of the day will be the dedication of a new recreation building. Other activities of the day include native Indian dances, alligator wrestling, exhibit of crafts and various sports, all of which are free to the public.

A barbecue chicken dinner will be served, for which there will be a charge, Owens said. The Chief told The Sun that about 500 of the 1200 Seminoles still living in Florida are expected to be present for the Pow Wow.

The Rev. Henry Cypress will deliver the invocation and Chief Owens will give a short history of the Seminole tribe.

Special guests of the day will be the Honorable John Crow, Assistant Commissioner of Indian Affairs of Washington, D. C., Virgil M. Harrington, Seminole Indian Agent will also be present.

Owens said all of his tribe will be dressed in their native costume during the day and extended an invitation to all residents of the Avon Park area to attend the event.

Carolina Man Held In Theft

An Asheville, N. C. man has been bound over to Circuit Court on the charge that he had stolen several items from a Sebring lawyer's office.

In County Court Monday, Peter Lilia Vines, 35-year-old white man, entered a not guilty plea to a grand larceny charge. Judge Marvin Behrer set bond at \$10,000.

Vines is accused of having stolen items from the office of Attorney Guy Kinney. The Sheriff's Department is investigating.

Also in County Court Monday, Paul J. Sheffield entered a plea of not guilty to a driving while intoxicated charge. Sheriff's 36, white, resides in Frostproof. His bond was set at \$500 and trial will be held in the September term of court.

Rev. Mann New Pastor of Avon Nazarene Church

The Rev. Walter C. Mann, former pastor of the Wausau Nazarene Church, has assumed the pastorate of the Avon Park Nazarene Church.

Mann, 40, attended Trevecca Nazarene College, Nashville, Tenn., before assuming the Wausau pastorate, with his wife Louise and children Clifford, Patricia and Brent.

He is residing at the church home at 707 West Main Street.

The Rev. William E. Spurlock, pastor of the local congregation has moved to Forest Hill Nazarene Church, Jacksonville.

Comments have been made on the church's financial condition. Last year, the church received \$10,000 in contributions. This year, the church received \$12,000 in contributions.

The church's financial condition is good. The church has a good financial condition. The church has a good financial condition.

MISS PAT TONDEE

Miss Tondée, Mr. Woodward To Wed In Dec.

Miss Pat Tondée, 21, of New York City, and Mr. J. H. Woodward, 24, of Avon Park, Fla., will be married in a ceremony at the home of Mr. Woodward's parents, Mr. and Mrs. J. H. Woodward, 111 S. E. 1st St., Avon Park, Fla., on Saturday, Dec. 1, at 4 p.m.

Miss Tondée is a graduate of Avon Park High School and will receive her Bachelor of Science degree in home economics from Florida State University, Tallahassee, in December.

Mr. Woodward was graduated from Neptune High School, Neptune, New Jersey, and received his Bachelor of Arts degree from Muskingum College, Ohio, and his Master of Science degree in Mathematics from Florida State University.

He is a member of the faculty at Carabell High School. Plans are being made for a December wedding.

44 Teachers At County 'Shop'

A total of 44 Highlands County public school teachers are enrolled in the teachers' workshop. The workshop, which carries three hours of college credit for the participants, began on August 13 and will continue through August 31.

The sessions are being held at Woodlawn Elementary School in Sebring.

Dr. Wynne Hines and Dr. Glenn Hain, both of the education faculty at University of Florida, are leading the workshop study on "Curriculum."

Hy-Lands Keg League Meeting Set For Aug. 23

Organizational meeting of the Hy-Lands Bowling League will be held at Ridge Lanes at 7:00 p.m. on Thursday, August 23 (tonight). Consideration will be given to rules governing play for the coming season, and any proposed changes from last year's rules, among other matters.

It is the present intent of the officers to keep the meeting as brief as possible.

Some of us can't even prove to ourselves that we deserve what we get.

It was through the nation's efforts of the Legion and its Auxiliary that the Department of Public Education established the Legion and Auxiliary have always been involved in education and the youth of the nation.

Miss Dorothy Sasser, chairman of the Hy-Lands Community Service committee, will be in charge of arrangements for the meeting. The Junior members will make the table decorations.

Here and There—Tondees Return From Visit In North Florida

Mr. and Mrs. Virgil L. Tondée and daughter, Pat, spent the weekend in Tallahassee and they also visited in Wewahatcha where Pat will begin instruction in October. Pat will be graduating from Florida State University in December.

Upon return home Mrs. Tondée's brother, Ernest Crook, and his wife and children, Betty, Gay and Mack, from Monticello, Georgia, and their parents, Mr. and Mrs. C. B. Crook, and their daughter, Mrs. Crook, and their daughter, Mrs. Crook, were here for a few days.

Mr. and Mrs. B. J. Thigpen have arrived from a visit with their daughters and their family in North Carolina, including Mr. and Mrs. B. L. Heath in Greensboro, and Mr. and Mrs. C. H. Hayes in Raleigh. Mrs. Heath came down to help with the driving. They visited their son, Jonathan L. Thigpen and family in Wilmington, Delaware, and Mr. and Mrs. H. B. Wharton in Booneville, Virginia. The Whartons are winter residents of Avon Park.

The Thigpens report that their four thousand mile trip took them through some beautiful cropland and mountains and the wonderful highways and scenic views. They were away for two weeks during the entire trip.

Mr. and Mrs. O. F. Layne and children, Nina, James and Don, are back home from a pleasant vacation trip to New York City and a wonderful vacation drive through The Great Smoky Mountains.

AUXILIARY TO MEET

American Legion Auxiliary, Post No. 69 will hold their regular meeting Tuesday, August 28, at 8 p.m. in the Hall on West Bell Street. All members are urged to attend.

Woods On Trip To Alabama

Mr. and Mrs. F. A. Woods, who manage the Lake Byrd Lodge which is the state conference grounds for the Congregational Churches of Florida, are on a vacation and they will also visit relatives in Alabama.

While the Woods are away, the Rev. and Mrs. H. H. Marquis of Warrenton, Ill., are staying at the Lodge. Rev. Mar-

dis is a student at the Chicago Theological Seminary, Chicago, Ill. He is also a relative of Dr. H. N. Tuttle and the Herman Elsworths at Lake Byrd.

Americans drank 130 quarts of fluid whole milk per person in 1961, just 4 quarts less than 1960. At the same time, record consumption of many other dairy foods showed that the public welcomes a variety of products in the dairy field: cottage cheese, ice cream and frozen desserts, as well as various forms of low fat and non-fat milks.

SHARING

Sharing isn't one of those things that come naturally. It takes a fair bit of "character building" before two youngsters get to the point where they're happy to go fifty-fifty on so much as a bottle of pop!

Fred and Marilyn, as it happens, have learned a lot about sharing in church. For, many years ago, Christ clearly demonstrated that man should be neither selfish nor greedy, and that to live successfully he must learn to give not only of himself, but of his possessions.

In a small, childlike, but completely joyous way, Fred and Marilyn are putting these teachings into practice — just as in many more serious ways, they will be putting other teachings of the Church into use, throughout their lives.

Mr. and Mrs. Ward, Newly-Weds To Teach In Avon Park Schools

Mr. and Mrs. Joseph Edward White, newly-weds, will be teaching in the Avon Park schools. Mr. White, 32, is a graduate of the University of Florida and will be teaching in the Avon Park schools. Mrs. White, 31, is a graduate of the University of Florida and will be teaching in the Avon Park schools. They were married in the Avon Park church on August 19, 1962. They will be teaching in the Avon Park schools for the next year.

The nation's dairy cow population set a new record last year. Some 17,400,000 cows were milked, producing 125.3 billion pounds of milk, or 30.372 quarts per cow per day. Output per cow in 1961 was about 3,354 quarts during the year.

FAILURE TO YIELD the right of way by the driver of this station wagon, Elizabeth Moore Blue, 16, resulted in the above damage. The blue vehicle emerged from the Wauchula Highway into the path of a tractor trailer at the intersection of U. S. 37 last Friday. Mrs. Blue was not seriously injured. R. L. Maxwell, driver of the truck was not injured. (Sun Photo).

Miss Nowling, Mr. Ross United In Marriage

Miss Elaine Nowling, daughter of Mr. and Mrs. Richard Nowling, was united in marriage to Mr. and Mrs. Oliver Ross, Saturday evening, August 18, at the home of the groom's parents on West Hill Street.

Miss Joan Van Inwagen, secretary of the Public from Sebring, heard the wedding vows in the simple ceremony before a group of friends and relatives.

The bride wore a steel-length dress of navy blue with a train of white tulle. She carried a bouquet of white and orange flowers. The groom wore a tuxedo and carried a sword.

Following the ceremony a reception was held for the couple. The bride and groom were seated at a table with their parents and other relatives. The reception was held at the home of the bride's parents.

There are 174 farms, a record low number. But today's dairy cows have established new records for quality and growth of milk.

Bride's Aunt Is Dinner Host On Saturday

Following the wedding ceremony last Saturday morning for Miss Edith Wilson and Tommy Griffin, the entire wedding party was hosted by a dinner at the home of Mrs. Solon Wilson, off the Wauchula Road.

Guests for the affair included Edith's mother, Mrs. Wilson, Mrs. Allison Griffin, Mrs. Eow Henderson, and her cousin, Mrs. Louise Aubrey. The couple and their parents, the invited guests included Rev. and Mrs. Allen H. Childers, dates for the afternoon, and many of the out of town guests who were here to attend the wedding.

The Wilson home was transformed into a hotel with white paper-lace hall of various sizes displayed prominently. Other decorative appointments included a miniature bride and groom, the bride's white lace covered Bible, the flower girl's basket filled with rose buds and the satin pillow which was to be carried by the ring bearer. The plans were arranged with a sense depicting the going-away of the bride and groom. The get-away was a miniature Model-T with all of the typical markings for the just-married couple.

Guests were seated at small tables with places marked by cards bearing a bride and groom motif.

Edith and Tommy presented their attendants with gifts of Silver for remembrance of the happy occasion.

New Welcome Station At Fernandina

FERNANDINA BEACH — An unusual ground-breaking ceremony took place here last week for a new \$225,000 Florida Marine Welcome Station and municipal marina.

Gloria Brody of Jacksonville, Miss Florida, guided a huge anchor suspended from the boom of a crane to turn the first earth for the project. Wendell Jarrard, chairman-director of the Florida Development Commission, was the main speaker. Gordon T. Butler of the Florida League of Municipalities was master of ceremonies.

The welcome station will be operated by the Development Commission to serve visitors traveling the Intracoastal Waterway by boat. It will offer, for refreshments, water travel information, refueling and servicing facilities and boat docking space.

Milk is really "mankind's most nearly perfect food," as is so often asserted by nutritionists, food chemists and educators. The statement is made because a sixth of the nation's food energy and 75% of its calcium requirements come from dairy foods. Milk products also are prime sources of vitamins — furnishing nearly half of the national intake of riboflavin, a fifth of the Vitamin A, and significant quantities of thiamine and ascorbic acid.

Commissioners

(Continued from page one)
five-year lease-purchase plan and commissioners found that the bid had not been prepared properly. Under a ruling from the state auditor, purchases under a lease-purchase contract must not show an interest rate or carrying charge.

No action was taken on the Motorola bid, but it appeared that the bid will be revised with the various charges that are now itemized being incorporated into a single figure along with the basic \$9,125.00 price.

The board received a petition to permit closing of certain streets in the Granada Hills subdivision south of Avon Park and gave conditional approval to a plat for Watson Heights subdivision west of Sebring.

Teachers

(Continued from page one)
while, if adult expectations are high the level of education is high and students stay in school.

He said the PTA can do much to influence public opinion and build a climate friendly to good schools.

Communities which will accept educational change have a higher quality of education. Where community or school leadership sets up barriers to change, stagnation follows.

The Tuesday meeting at Woodlawn was a part of the two-weeks of special preparation by the teachers of the county.
