PAVING NEARS COMPLETION—Avon Park motorists are expected to breathe a sigh of relief within the next few days as contractors wind up a paving project in the city. Equipment is shown adding the finishing touches to the South end of The Mall last week. The paving project has been underway here for several months, repairing and resurfacing a number of streets.

Student Enrollment Climbing In County

Portable Unit Use Discussed By Board

Increasing enrollment in Highlands County Schools has again caused the County School Board to take a long look at its pocketbook and plans for additional classrooms.

The increase enrollment was pointed out by Superintendent Andy Miracle as the board met in regular session Tuesday night. Miracle's figures showed a steady increase throughout the county, with Avon Park holding a slight lead.

According to the superintendent, the county has had a net gain of 390 students since the end of the last school term through January 1.

Increases in the county: Avon Park—102 white, 76 Negroes; total 178. Sebring—108 white, 66 Negroes; total 174. Lake Placid—24 white, 14 Negroes; total 38.

Although no official action was taken on the problem, the board discussed the possibility of purchasing portable classrooms. The superintendent and board members are planning a trip to another county presently using the portable units to determine the feasibility of putting them in operation here.

Other school board actions:

Approved a Driver Education program for E. O. Douglas Negro School in Sebring for the Fall term beginning in September 1962.

Tabled a request from a Sebring High student regarding school attendance by a married student. The student plans to marry a serviceman in April—six weeks before graduation. Since the serviceman will be transferred overseas in May the request was for waiver of the recently adopted school board policy prohibiting married students from attending county schools.

Accepted resignation of James Tavenière, Sebring High basketball coach. Appointed Wallace Cox to the position.

Approved request for Science Fair students to attend Regional Science Fair in Brooksville in March.

Avon Citrus Bank To Dedicate New Home Monday Morning

The Avon Citrus Bank has announced plans for the dedication of their new building next Monday morning. William Briscoe, bank president, said J. V. Chapman, deputy commissioner of banking for the State of Florida will be on hand for the dedication.

Invitations have been issued to Governor Farris Bryant and his cabinet and to all legislative officials of Highlands and Polk County.

All Highlands County officials have also been invited to attend the dedication. Mayors E. A. DeLaney, Avon Park and J. D. Hunt, Sebring and the Avon Park City Council are included on the guest list.

Father John F. Mangrum, rector of the Episcopal Church of Redeemer here will give the invocation. He will be followed on the speaker's platform by Mayor DeLaney.

Chapman will give the dedication address and then cut the ribbon at 9 a. m. officially opening the new bank building.

After the ribbon cutting ceremonies, the invited guests will be given a tour of the building and served a light breakfast.

At 11:30 the group will go to Pinecrest Lakes Club for a social hour and lunch. Arrangements have been made by the bank for the visiting dignitaries to play a round of golf if they desire, Briscoe said.

The bank has scheduled a grand opening for the public on Saturday, February 24. At that time escorted tours will be given. Refreshments will be served.

Big Christmas Buying Pushes Sales Tax Collections Upward

Increased buying during the recent Yuletide season pushed tax collections above those of a year ago, according to State Comptroller Ray E. Green. Green said tax collections reported in January for December sales totaled $18,578,800.70 an increase of $1,145,422.75 over the $17,433,377.95 of a year ago.

Highlands County followed the trend of the balance of the state. Total sales tax collections during January of 1961. Tax Collections in December for November sales in Highlands County totaled $36,753.12.

Total state sales tax collections for the current fiscal year, July through January amount to $101,072,073.26, an increase of $3,324,690.87 over the same period last year.

Green said that he was encouraged by the sales tax collection increase, but that a continued increase would be necessary before the estimated revenue figure for the fical year would be reached.

Rush Expected For Tag Sales

Extra clerks have been added to the Sebring and Avon Park vehicle tag offices.

In anticipation of a larger-than-usual last minute rush, Supervisor Roland X. Droit began Monday adding to his staff.

"We are doing all we can, but we are going to have some lines," Droit said. "We are going to keep the office in Avon Park (at Wells Motor Co.) open on Saturday, and the court house office will work this Saturday. But we never have found any way to avoid a long line on the last day."

February 20 is the deadline this year.

Droit, who a week ago complained of an unusual lag in tag sales, said this week that "sales are picking up and business was heavy Monday."

Beware Out Of State Insurance

The Sun takes this means of warning its readers against purchasing insurance from out-of-state companies without first making an investigation into the background of the company.

This matter was brought to the Sun's attention this week in regard to the Old American Insurance Company of Kansas City, Mo. This company is not licensed in Florida and information regarding the liability of it is not available from the State Treasurer.

J. Edwin Larson, State Treasurer, said claims against unlicensed companies are difficult to process in our courts and residents should be warned to investigate before purchasing policies from same.

Devil Cagers End Regular Season; Bump Sebring, 61-47

Coach Lee Maness's Red Devil basketball squad gave the Avon Park student body a welcome Valentine present this week by bringing home a sweet victory over the Sebring Blue Streaks Tuesday night. The Devils closed out their regular schedule with the 61-47 win over their arch rivals on the Streaks home court. The win set the Red Devils final regular season record at ten wins and seven losses while the Sebring loss left the Streaks under the 500 mark with nine wins and 11 losses.

Avon Park's quintet will stay in shape for the District tourney to be held February 27 through March 2. Coach Maness hopes to schedule another game for February 20 to keep the boys at their peak.

The Red Devils hit 47.1 per cent of their floor shots against Sebring and made 11 of 17 free shots for a 64.7 percentage while the Blue Streaks netted only 36.5 per cent of their field goals and 56.2 per cent of their free shots.

Avon Park jumped off to an early lead and had a 17-11 advantage at the end of the first quarter. Then Sebring closed the gap and the Devils led by only one point 28-27 at halftime. The score see-sawed back and forth until midway through the final quarter when the Devils moved into a lead which Sebring couldn't overcome.

The outstanding rebounding and shooting of Bobby Bates and Joe Jackson kept the Red Devils on even terms with the Sebring five while David Johnson and Dave Llewelyn managed to keep the Blue Streaks in contention until the final whistle. Bates flipped in 21 points, mostly from the outside, and Jackson scored four field goals and three free shots for 11 points for the winners. Leonard Sullivan swished 12 points through the nets for Avon Park. Johnson hit for 20 and Llewelyn racked up 11 for Sebring.

Bates made ten out of 18 shots from the floor for the [illegible]

Sebring's junior varsity took a 53-36 win from the Avon Park "Bees" to ease the Blue Streaks pain somewhat. Gary Rapp scored 19 of Sebrings points and Bobby Coleman hit for 13 for Avon Park. Wolfgang Halbig scored 12 points for the losers also.

Kathleen Defeats Devils

The Kathleen Red Devils completely dominated the action last Friday night as they handed Avon Park's quintet its seventh loss of the season with a 78-51 defeat.

The Kathleen five took full advantage of their home court by hitting a high percentage of their field goals and sinking 18 free shots to score their 78 points against the hapless Avon Park team. Angus Williams, Kathleen's left guard, made 19 points to take game high scoring honors. Roy Reynolds added 17 more for the winners and Mike Couch accounted for 18 points for the Polk County team.

Avon Park's players, unable to pull themselves together into a team, trailed throughout the game. They were behind 26-9 at the first break and by halftime Kathleen led 39-21. At the end of the third quarter the Kathleen boys were ahead 54-35 and outscored Avon Park 24 points to 16 in the final period to win 78-51.

Kathleen's "B" squad raced to an 36-21 win over the Avon Park jayvees to remain undefeated this season.

Council Buys Hose For New Fire Engine

Sebring Chamber Host To Avon, Placid Thursday

The Sebring Chamber of Commerce was host to a meeting Thursday night of representatives of Avon Park and Lake Placid Chambers of Commerce. The joint meeting was held in the Sebring Chamber.

This was the second such meeting, called within a month, to form a tri-community council to discuss and act upon problems of mutual interest in Highlands County.

Roy E. Seims, president of the Avon Park Chamber, reported that his organization had voted in favor of joining and the members were anxious to see it succeed.

R. E. Koerber, secretary, stated that the Lake Placid Chamber had also approved of participating in the organization.

Jerry Beeler, chairman of a special committee appointed by Ernest Breed, president of the Sebring Chamber, stated that his organization heartily favored the creation of the county-wide group.

The organization will be known as Highlands County Development Commission and its membership will be composed of three representatives from each Chamber.

Officers elected were: Jerry Beeler, chairman; D. D. Cunningham (Lake Placid) vice-chairman; and Anna Belle Worden (Avon Park) secretary-treasurer.

Gasoline Tax Collection Up

Gasoline sales in Highlands County during December were well above those of a year ago, according to a report issued today by State Comptroller Ray E. Green. Green said 1,003,635 gallons of gasoline were sold in the county during December and the taxes were collected in January.

The increased gas sales accounted for a tax collection of $70,254.45. This figure is well above the $64,008.59 recorded a year ago. Collections in December for November sales amounted to $64,309.49.

Miss Janie Wells and Max Still, were selected by the student body of Avon Park High School to reign as Miss Avon Park High and Mr. Avon Park High School, in a contest sponsored by the Student Council.

Janie is the daughter of Mr. and Mrs. C. I. Wells. She came to Avon Park from Live Oak and entered school here in the sixth grade.

Max is the son of Mr. and Mrs. Virgal Still. He was born in Avon Park and has attended school here since the first grade.

Avon Students Compete For Scholarship

Five Avon Park seniors were among the 13 students taking the First Federal Scholarship Award examination in Sebring Monday morning.

The students are competing for the $1,000 scholarship which was set up recently by the savings and loan group. In addition to $1,000 grant, two $200 grants will also be issued.

Avon Park students taking the exam: Marilyn Graetz, Chica Durden, Frankie Smith, Patricia Britt, and Richard Caldwell.

Sebring: Sharon Elaine Elliott, Delores Corston, Johnnie Singer, and Moses Aaron.

Lake Placid: Ronnie Bowen, Sally Negus, Corky McKee and Mary Dian Dinney.

The examination was given by Mrs. Orpha Brown, County Coordinator of Pupil Personnel Services. Winners will be announced at the end of the school term.

Driver Given Thinkin' Time

In County Court Tuesday one driver appeared to answer to two separate counts of driving without a license. Florida Highway Patrolman Charles Johns told Judge Mervin Rehrer that the accused had boasted that "no one is going to keep me from driving".

"We'll give him a little jail time to think that over," was the Judge's response.

Air Frolics In Final Stages

Final plans were underway this week for the Air Frolics scheduled for Feb. 25 at the Avon Park Municipal Airport. The Frolics are presented by the Tampa Chapter of the Florida Area Club in cooperation of the Avon Park Chamber of Commerce and Royal M. Coats, Manager of the Jacaranda Hotel.

This year's event is expected to be the biggest in six years, with pilots converging on the area from throughout the state.

Performances will include aerobatic flying, radio-controlled model aircraft, a sky-diving performance and other events.

FISHERMAN'S SUNDAY

The annual Fisherman's Sunday services will be held at the Union Congregational Church this Sunday morning at 9:00 and 11:00 o'clock. Cards will be available for the old fashioned fish fry which is a yearly event and will be held at Lake Byrd Lodge on Thursday, February 22, with servings at 5:30 and 6:30 p.m. This event is thoroughly enjoyed by many people every year.

Larger Mains Promised For Southern Avon

[illegible]

The board members were still not completely satisfied with the bids Monday and thought at first they would request new bids. Then came the ticklish situation.

Fire Chief Wilbur Giddens told the group that the new truck would be delivered sometime between March 1 and 15 less than a month hence. He also pointed out that delivery on fire hose required a normal delivery time of a 40-day minimum. Thus the request for new bids would have put the city in the position of having a brand new fire engine and no hose to fight a fire with.

To ease the plight the board decided to accept the bid of Fabric Fire Hose Co., Sandy Hook, Conn. for 1000 feet of 2½ inch hose and 350 feet of 1½ inch hose for the truck.

Giddens, although he probably wasn't aware of it, pointed out the need for the new truck when he gave his monthly fire report. The report showed that the department had answered 15 calls during January. The breakdown showed five calls for structures, eight for grass or woods, one automobile and one rescue call. Total fire loss to date for the fiscal year, $9,725.

Council voted to lay 1200 feet of six-inch water line South of Cornell street parallel to U. S. 27-98. The line will come to within 600 feet of the city limits. The move will enable residents in the area to qualify for lower insurance rates since the protection will be greater with the enlarged line.

A request by Arch Singletary for waiver of zoning ordinances to allow the construction of a commercial building near Anoka Street was referred to the zoning board. Singletary evisioned a garment factory to employ Cuban refugees which he is instrumental in bringing to this country through a church mission he supports on the Caribbean island.

Bombing Range Said Possible Tracking Site

An announcement by the State Council on Economic Development has spurred local business men to new hopes on the reactivation of the Avon Park Bombing Range.

According to a story in The Tampa Tribune on Friday, February 9, Radio Corporation of America and General Electric are competing for construction of tracking facilities at Avon Park in connection with the moonshot program.

An effort by Avon Park Chamber of Commerce officials to verify the authenticity of the report met with little success however.

Otho B. Bruce, director of industrial services for the Florida Development Commission would only say that several sites are being considered for the tracking station.

Chamber officials also attempted to contact United States Senator Spessard L. Holland of Bartow on the report, but he was confined to his bed with sickness and would make no comment.

The Chamber group did learn however from an official Air Force source that an area in Central Florida, along with a Caribbean site was under consideration for a facility that would require from "100 to 150 personnel." No definite locations were pinpointed.

[illegible] Act of Congress of March 3, 1879

[illegible] Price $4.00 Per Year in Advance

A VERY REAL DANGER

The Federal Power Commission is proposing a [illegible] survey to develop a long-range program for meeting the country's electric power requirements. The goal is the eventual creation of a coordinated and [illegible] nationwide power system. As the FPC sees it, the 3,600 power systems now operating in the nation should key their future expansion plans to a national rather than a local or regional scale. This means that investor-owned utilities, municipal systems, cooperatives, and state and federal projects would be urged to coordinate their facilities over wide regions, using all forms of power-producing facilities. The survey would cost $380,000 and, if approved by Congress, would be completed by the middle of next year. It would then be made available to Congress, the power industry, and the public at large.

A great many people will be attracted by this idea. And there is no doubt that interconnection of electrical facilities can help to produce the best of service at the lowest cost. Investor-owned utilities in various parts of the country are now constructing interties extending over wide areas in the normal course of expansion and development. The problem posed by the FPC plan is that it would undoubtedly be seized upon by the socialized power zealots as one more weapon in the war to take over private enterprise in the power field, and eventually, on a piece-by-piece basis, wind up with a nationwide government monopoly — tax free and tax-subsidized. It looks like one more political move to wipe out local and state controls preliminary to nationalizing our industry.

It is this very real danger that must be guarded against. Ever-improving power service is not a synonym for socialized power service. Indeed, just the opposite is true.

Survey of New Phone System Made By Sun; Reaction Mixed

Following installation of the new PBX telephone system in the Highlands County Court House the first of February, the Avon Park Sun made a partial survey of the offices affected.

Reaction to the new system was mixed, but tended to leave the impression that once the new facility had been in use a while it would be a vast improvement over the old single-line set up. Some of the comments are found below:

"The switch-over should have been given more publicity," was the comment heard most frequently when county court house employes were questioned about the new telephone switchboard.

The switchboard began operating on Feb. 1 and includes all the county offices in the court house, but does not include Highlands County Board of Public Instruction offices.

Supervisior of Registration Roland X. Droit said, "Oh, I get along fine calling out, but oh my incoming calls. Everytime I pick up the phone these days there is someone fussing about not being able to get me. It turns out they have tried the old number—the one in the phone directory several times before calling information for the new number."

"I wish all [illegible] county newspapers [illegible] the change to the sys[illegible] prominent place [illegible] Park Sun did." [illegible]

[illegible] W. H. Prescott [illegible] been a little [illegible] change [illegible] It's in[illegible] change [illegible] a new [illegible]

[illegible] Clerk Earl Rich [illegible] Clerk Charles [illegible] about the new [illegible] Lairsey explained that the commissioners' office and the clerk's offices have [illegible] received a large amount of calls which do not rightly belong in those offices.

"With the [illegible] system it is easy to transfer the call to the right office," Lairsey said. "People who are calling from other parts of the county on a toll call or long distance are glad to get to the right office on one call."

County Welfare Director Anna Dee Church told the commissioners at their meeting Tuesday, "I think the new switchboard is going to be fine. It was confusing at first, but we have our desk arrangement worked out now, and for me it's going to be a very good thing."

The switchboard, which is housed in a box about 18 inches square, is located in the welfare office.

Mrs. Church said that having a full time switchboard operator to ansnwer incoming calls probably will be most helpful for herself, Veterans Service office Harvey Roberts and Juvenile Counselor Robert Lindsey.

Clerk Rich said, "It is the nature of the welfare, veterans service and juvenile counselor jobs that the staff must spend a lot of time away from their desks. They are needed out on the field. Now they can leave word with the switchboard operator who will take messages while they are gone. Before, the telephones in those offices often had to be unattended."

It's the absence of an operator that worries Judge Clifton Kelly. The Circuit Court Judge regularly works in his office on Saturdays, Sundays and holidays when the court house—and switchboard—are closed.

People who work in the court house offices on off hours say that phones are ringing constantly. The Judge, who wishes to receive his calls without intercepting a mass of inquiries for officials, has requested that a private line be installed in his office. The private line will use the number listed in the present telephone directory for Judge Kelly. His office will still be connected on the switchboard too.

During regular office hours he may be reached by either number.

Judge Mervin Rehrer also has requested a private line for the County Judge's office.

Rehrer has criticized the new system on the ground that it is more expensive than the old system of private lines into each office.

Commissioner Carl McIntyre summarized the feelings of many court house staffers when he said that he "imagines this is much like my new tractor".

McIntyre, who is engaged in agriculture, said, "Awhile back my son convinced me that we just couldn't operate without a fancy new tractor.

"We bought the new tractor and for a few days we were ready to give it away. It was so different, and our old machinery seemed so much better. Well, a little later we began to wonder how we ever lived without the new tractor, and every day now we are asking ourselves why we didn't get it sooner.

"It takes a little time to get used to change, but once we do the new way often sems wonderful. I think we'll soon feel that way about the switchboard."

It is not enough to do good; one must do it the right way.

Washington Report

By Congressman Jim Haley

WASHINGTON—As I am sure all of you who receive this letter are, I am glad indeed that the United States succeeded in mustering a 14-to-1 vote, with six nations abstaining, to expel Cuba from the Organization of American States—Cuba being, of course, the only outright negative vote.

But I think that this statistical victory must be put in perspective. Looked at in another way (on the basis of population) our Latin American supporters were defeated—as I had the opportunity to point out on the floor of the House the other day—by a vote of 140 million persons in countries for a "soft" line on Castro to only 56.5 million people in countries favoring a "hard" line against the Cuban menace.

Of course, under the "unit" rule in effect at Punta del Este, Castro's Cuba was duly expelled from OAS. As satisfying as this action may have been to us, it is impossible to avoid the conclusion that the lineup of the nations voting indicates trouble ahead for the United States.

(Nations refusing to go down the line against Castro were Brazil, Argentina, Mexico, Chile, Bolivia and Ecuador, none of whom voted against us, but all of whom abstained—which under the circumstances was about the same thing as voting "no.")

The relative size of these six nations, in contrast with those 14 which supported our position, makes it somewhat difficult for me to subscribe fully to Secretary of State Dean Rusk's statement (with which President Kennedy agreed) that "the hemisphere has taken a long stride forward."

I will concede that we certainly did not take a step backward, and even will agree that we may have taken a little step ahead. But I must agree with the statement made informally by the foreign minister of a large and friendly power that we had merely "thrown Cuba out of the OAS by getting a majority of pygmies to outvote a majority of giants." I do not think we can ignore this in assessing the situation ahead.

It is true that since Punta del Este, there have been some heartening signs of toughening attitudes in the hemisphere toward Castro. Notable among these has been in abstaining Argentina, where top-ranking military leaders demanded—and seemingly won—that President Arturo Frondizi abandon the "soft" stand he had taken at Punta del Este and side with the United States. This, and other signs, offer hope.

Also significant, of course, was the President's very belated order imposing an embargo on United States trade with Cuba. As you know, I have pleaded with both the Eisenhower and Kennedy administrations to take this course, and was the first member of the Florida congressional delegation to take this position. While I think the move would have been more effective if taken earlier, I am nonetheless happy it now is done.

Doing Continues Mission Talks

Robert Doing of Nokomis, Fla., is continuing his week-long Preaching Mission at Church of the Redeemer, Avon Park, which he began on Sunday night. He will speak each night at 8 p. m. through Friday.

A famous business man in New York, Mr. Doing gave up an administrative position with the New York Telephone Co., to travel around the world promoting the Strait Gate movement. He has preached in churches of all denominations on four continents.

On Thursday night, at the coffee hour following the service, Mrs. Robert Doing will show slide films of the Preaching Mission tours in Australia, New Zealand, Hong-Kong, and India. Mrs. Willis Stoddard, president of St. Faith's Guild of Church of the Redeemer, which is sponsoring the Mission, extends an invitation to everyone in the community to hear Mr. Doing and to see the picture.

WSCS Circles

Mrs. S. M. Swaney was assisted by Mrs. Wallace Wyman to entertain Circle Six of the WSCS, Methodist Church, at her home 512 E. Canfield Street, Tuesday morning. Mrs. W. A. Kindel presented the program. Mrs. Clara Truex, circle chairman, was welcomed back following her trip for two months to California.

Circle One met in Wesley Hall for a luncheon at noon on Tuesday. Mrs. Estelle Fisher, circle chairman, conducted the business.

Auto Crash Is Fatal To Avon Park Woman

Funeral services were held Saturday afternoon in the Stephenson Chapel for Mrs. Vera McGinnis Sellers who died as the result of an automobile accident Thursday morning.

Mrs. Sellers died as the result of injuries sustained when her automobile collided with a citrus fruit truck at the intersection of North Lake Avenue and the Truck Route here.

Services were conducted by The Rev. H. D. Graetz of the Union Congregation Church. Mrs. Sellers was a native of Taylorsville, Ga., and had been a resident of Avon Park for 49 years.

She was a member of the Union Congregational Church and an active member of the Business Woman's Club and the Avon Park Woman's Club.

The deceased is survived by her husband, Henry C. Sellers, manager of the B & B Supermarket here and a brother, T. J. McGinnis.

Pallbearers were: S. C. Pardee, Franklyn Ward, Paul Jordon, Jack DeLaney, James Heim and Charles Metcalfe. Honorary Pallbearers: Hubert Bussard, Dick Lee, Charles Bever, Mr. Reeder, John Townsend, Royal Coats, Bill Young and M. G. Whitcomb.

Burial was in Bougainvillea Cemetery here.

The alcoholic with TB is hard to find because he often is not willing to participate in a case-finding effort.

CRUSADE IN SEBRING

An interdenomination evangelistic crusade will begin in Sebring on February 26. Dr. Ford Philpot, widely known evangelist, will be the speaker at the nightly meetings scheduled for the Sebring High School Auditorium. The crusade is sponsored by the Sebring Ministerial Association. Several specials are also scheduled during the services.

About Town Via The Mall

Television Lament—

I seldom see the great or even good television shows. Friends call and say, "Did you see the great show on channel 8 last night at 10:30?" And I didn't. I was in my workshop or reading or had gone to the drive-in or perhaps was just sitting staring into space. Then again I have a call: "Be sure to watch TV at 9:30 on Friday." I really set my mind to it, but, sure as shootin', I either forget or look at the clock to find it is ten o'clock and I have missed it.

Occasionally our daughter sees a great television show by never turning the set off and I have even tried this. I have sat through hours of cartoons and old Western pictures and Lassie, right through the song stylists and the sad comedians. This turns out to be the day when no good shows are on. This so exhausts me that for days I never turn the set on for anything special, but the family informs me that the screen was lousy with great shows. I guess I am just unfortunate.

I don't know how to participate in the great richness I suspect is going on around me. I see the forests of antennas, the darkened rooms from which conversation, reading and even one level of consciousness have disappeared, and I am sore that I can't seem to take a part in it.

Our small fry is going to be all right because she can't remember how it was before. To her television is a way of life—as natural as breathing. Sometimes I wish I could share it with her—or do I?

• • •

Ideas Pay Off—

One of the most interesting things to watch is when a businessman installs something new or different, just to pep up his business. Some prove only advertising gimicks, but most ideas offer real value to the customer. One such is the engine washing machine that Joe Vass, of Joe's Pure Oil on the Mall, has installed. For a fee of only $6.25 you can have the dirtiest auto engine completely washed and cleaned like new—even ending up by waxing the entire works along with the wiring. "With such a cleaning your car will bring about $50 more on a trade in," says Joe. Even the car dealers agree with this.

Then, every week, Joe gives away a prize, either 10 gallons of gas, car mats or seat covers. The drawing tickets are free at Joes—by just buying gasoline there.

You can bet he'll have another such advertising idea before long. Other merchants could take a tip from Joe.

• • •

Can Handle It—

"After a trying day with the kids," says Mrs. Merle Dickens, "I like to take the car and go for a long drive; I like to have something in my hands I can control."

Courtesy Pays—

Mr. and Mrs. William C. Johnson, of Johnson's Nursery on Wauchula Road, are going to a lot of expense in replacing flowers and shrubs, killed by the recent frosty weather, for their regular customers. "We really can't afford it," said Johnson, "But our customers' good will is very important to us." (Maybe the Johnsons signed the Rotary Club's "Four Way Test Plan."

Statisticians estimate that there are at least 100,000 active tuberculosis cases that never have been tracked down. Many who have the disease don't even know it. But the tuberculin test or chest X-ray can discover TB early, when it's easiest to cure.

CHAPEAU HONORED—Mrs. N. A. Marteny, left, Chapeau Departmentale of the Florida Eight and Forty was the honored guest at a dinner last week at the Avon Park Legion Home. Mrs. Jim Heim, of the local group is shown with Mrs. Marteny.

Eight and Forty Chapeau Is Honored By Local Organization

Salon 687 of the Eight and Forty held a dinner honoring the Chapeau Departmentale, Mrs. N. C. Marteny of Weirsdale, Tuesday, February 6, at the Legion Home. The Eight and Forty organization is composed of women who are invited into membership because of outstanding service rendered to the American Legion Auxiliary. Highlands Salon 687 is composed of women from Lake Placid, Sebring and Avon Park.

Chapeau Marteny reminded the women of the three fold purpose of Eight and Forty, namely fun, fellowship and service and she stressed the necessity for continued service to the Auxiliary. Projects the Departmentale and Nationale expects to complete this year include furnishing a recreation room at the National Jewish Hospital in Denver, Colorado.

Departmentale de Florida has as their project a closed circuit TV to be installed at the Tubercular Hospital in Tampa which can be used by tubercular children to permit them to visit with their parents.

Other guests at Tuesday's meeting included Mrs. E. E. Brower and Mrs. Francis Lee, both of Bartow.

Valentine Party At Marsh Home

A Valentine Party at the home of Mr. and Mrs. George Marsh, 326 E. Pine Street, Saturday night, brought together 19 relatives for an evening of food and fun. There were also seven guests attending who were not relatives.

Hearts and flowers were used in the decorations. A covered dish supper was enjoyed, followed by games of cards. Mrs. Marsh had planned a novel prize package for the lucky lady, who found upon opening the package that it contained humorous gifts for each lady present. The ladies had also surprised their hostess with making her a large Valentine hat which she had to wear during the evening.

Those present to enjoy the occasion were Mr. and Mrs. Delbert Peters, Mr. and Mrs. James Brown, Mr. and Mrs. C. E. Lehman, Will and Ward Owens, all of Avon Park; Mr. and Mrs. Clyde Peters, Mr. and Mrs. Earl Peters, Grover Peters, Mr. and Mrs. William Cleland, all of Hicksville, Ohio; Mr. and Mrs. Olin Lehman, of Fort Wayne, Ind., all who are relatives of The Marshs. Also present were Mr. and Mrs. Edwin Feehan, Bowling Green, Ohio; Mr. and Mrs. Brock Cline and Mr. and Mrs. Dock Keller of Hicksville, and Mrs. Alta Robinson.

Jesse Murray In Accident

Jesse Murray is in the Okeechobee General Hospital following an accident Monday afternoon near that city. He is reported to be badly cut and bruised about the face and head, suffering from loss of blood, but the first X-ray reports did not show any broken bones.

Mrs. Murray was driving and her parents, Mr. and Mrs. O. A. Moree, were riding in the car, and Jesse was on the front seat. An oncoming car swerved directly in front of the Murray car causing a head on collision, throwing Murray through the front windshield. The driver of the other car, an elderly man, was reported to have blacked out and was unable to recall what had happened.

The other occupants of the Murray car were not injured seriously.

The Murray's daughter, Joyce, and her husband, Bill McGee, of Orlando, arrived late Monday after the accident to go to Okeechobee for Mrs. Murray and the Morees.

Jesse has been employed at Green's Surplus Store and Pure Oil Company for a number of years.

Former Avon Banker Guilty

Clifford L. Hall, 26 and a former employee of an Avon Park bank, was sentenced to three years in prison last week on an embezzlement charge.

Hall pleaded guilty to embezzling $15,759 from the First National Bank of Tampa by making false loans. Federal Judge William J. Barker sentenced Hall Friday.

Wedding Plans Announced By Miss Burton

Miss Carol Burton and Raymond Hall have completed plans for their wedding which will take place Saturday, February 24, at 8 p.m. in the First Baptist Church.

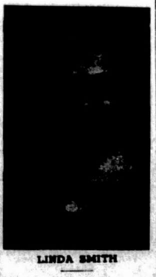
Miss Mary Lou Bailey of Arcadia will be the maid of honor. Miss Nancy Coleman will be the bridesmaid and little Miss Marcia Walker and Teddy White of Ft. Myers will be the flower girl and ring bearer.

Robert Hall will serve his brother as best man and Joe Milton will be the groomsman.

Mr. and Mrs. Burton will entertain with a reception at their home at the Motel Sharon following the wedding. No formal invitations will be issued. All friends are invited to attend the wedding and the reception.

CAMP MEETING CLOSES

Avon Park Camp Meeting closed Sunday with fine interest, helpful meetings and splendid offering. Over one thousand dollars was contributed to missions. A new cement block, 18 room, two-story modern dormitory is to be built before next year's camp. With much labor donated, the cost is estimated at $11,000. Of this amount, the camp has over $7,500 in cash and pledges.



LINDA SMITH

Linda Smith Is Homemaker Of Tomorrow

Miss Linda Dianna Smith, daughter of Mr. and Mrs. Leo Smith, is the winner from Avon Park High School in the 1962 Betty Crocker Search for the American Homemaker of Tomorrow, thus becoming eligible for one of the 102 scholarships which total $110,000.

Linda's paper, which received the highest score in the test given December 5, will now be entered in competition with those of winners in other high schools of the state for state honors.

The State Homemaker of Tomorrow will be named in the Spring, and will receive a $1,500 scholarship from General Mills, sponsor of the program.

Over 406,132 girls in 12,874 schools participated in this eighth year's program of the Betty Crocker Search.

Fred G. Roche Passes Feb. 10

Fred G. Roche, 131 E. Camphor Street passed away Saturday morning Feb. 10. He was born in Brooklyn, N. Y., Dec. 23, 1917, and had come to Avon Park in November of 1961. Survivors include his mother, Mrs. Fannie S. Roche, and his grandfather, Fred G. Simcox. He was a member of the Lutheran Resurrection Church.

Services were conducted by the Rev. J. W. Walters Saturday evening at 7 p.m. in the Stephenson Funeral Chapel and his body was forwarded to Brooklyn for burial.

The deceased father had passed away two years ago. He and his mother had just completed their new home on Camphor Street recently. She was accompanied to Brooklyn by her sister-in-law, Mrs. Ethel Roche, who was vacationing in Miami. They were met by Mrs. Roche's brother, James Simcox, at River Edge, N. J., who accompanied them on to Brooklyn for the funeral and burial.

GUEST SOLOIST

Dr. T. M. Daniel will be the guest soloist at the 11 o'clock worship service at the First Methodist Church, Sunday, February 18.

DEPARTMENT OF AGRICULTURE

I don't know whether Mr. Khrushchev's Russia goes in for agricultural fairs, but if it does I'm guessing they'd be pretty sorry events.

A parade of armed might past the Kremlin with planes roaring over Red Square doesn't equal the significance of a score of big, successful agricultural fairs as a display of strength. Armed might depends on industry to sustain it. But a nation's industry can't be run efficiently by an under-fed, half starved population. Khrushchev boasts of armed might, but his food supplies . . .

Latest revelation about the condition of Russian agriculture is Mr. K's dressing down of 1,300 agricultural workers from all parts of Byelorussia. Pravda, the Communist party newsnewspaper, quoted him as saying 516,000 hogs had been lost and 395,000 pigs had died from poor treatment and lack of feed. He also accused the farmeds of selling the government nearly half a million cattle that were underweight, apparently from lack of fodder.

So, how do we stand in America in the meat department?

The volume of meat processed by U. S. packing plants during 1961 reached an all-time high, exceeding 28 BILLION pounds, according to H. R. Davison, president of the American Meat Institute.

The American pig crop increased 5 per cent over 1960, from 88.5 to 93 million head. Cattle numbers rose 1 per cent, from 96 to 97 million. Florida, with 393,000 swine on farms on January 1, 1961, ranked 23rd among the states, up one position over the previous year.

In his comments about 1961 progress, Mr. Davison cited two current trends in the livestock industry which he said are important to producers: (1) orderly, well-spaced marketings, and (2) development of meat-type animals.

Some cattlemen may be skeptical concerning a recent prediction that "within ten years there will be no steers raised for beef."

That's a statement by Dr. Koch of the University of Nebraska who recently took a scientific short course in West Germany and toured research farms and stations in several European countries.

Dr. Koch said the use of bulls for beef fattening is tied to a strong trend among European consumers toward demand for more lean meat. Reason for the European aversion to fat is the same as the trend of recent years in America—a change in work patterns with less emphasis on caloric needs and an increase in spendable incomes has resulted in growing demand for "meaty type" animals.

Bulls provide a partial answer, according to Dr. Koch, because their carcasses have less fat and bulls have greater efficiency of feed conversion.

Swine raisers who have noticed comments about possibilities of artificial insemination for improving swine breeding, will be interested in comments by Dr. J. H. Shropshire of the University of Delaware. He says synchronized breeding may be the only practical system for artificial insemination of hogs.

Females to be bred must all come into heat at the same time, the Delaware specialist asserts, because artificially breeding each one separately would be more trouble than it's worth.

Dr. Shropshire advocates female hormones in feed to prevent heat. When the hormones are removed, practically all the females will come in heat at the same time in a few days. Synchronized breeding will save time and labor; breeding and farrowing schedules can be predetermined; and age uniformity will make the hogs easier to handle, feed and market.

From 1950 through 1959, amount of steel used to make combines went up 45.8 per cent; amount used in manufacturing farm tractors increased 32.2 per cent. At the same time output per farm worker rose 63 per cent.

Steel wire is now being combined with paper to produce wire-reinforced paper which holds its shape and when used in a carton, is as hard to rip as a mortgage.

County Mental Health Head Speaks To Avon Junior Women

Dr. Alan Gessner, Director of Mental Health for Polk County, was guest speaker for the Junior Woman's Club, Tuesday night, Feb. 5. Many husbands and other guests attended the meeting. Dr. Gessner spoke on "Children and Their Problems", and the audience participated in an interesting discussion period following his talk.

President, Betty Jo Camp, conducted the business session when reports of various activities were heard. Clarice Ford told of the progress being made on the playground. The club voted to add $700 to the playground fund which will go towards purchase of a large circular slide. Ann Moore read a list of members selected as prospective officers by the nominating committee. The election will be held in March.

The Fashion Show scheduled for March 1, was discussed by Sara Reaves, general chairman, and Betty Lawson, ticket chairman, passed out tickets for each club member to sell. Sara Reaves also announced plans for the Vogue Sewing Contest to be held in Bartow. Several club members are planning to enter garments in the contest.

Hostesses for the meeting were Eve Booth, Lil Hassfurder and Sara Heatherly, who used a Valentine decor for the refreshment table where they served coffee and cake.

Post 69 Aux. Slates Dinner Meeting Feb. 22

Members of the Highlands Post 69 American Legion and Auxiliary will be entertained with a motion picture, "The Berlin Airlife", at their joint dinner meeting, Thursday, Feb. 22, in the Legion Home. The picture will be shown by Major Johanna B. Meuller, 1365 Photographic Squadron, United States Air Force, Orlando.

Major Meuller was born in Wildbad, Germany. Attended school in France and received a scholarship at Northwestern University, Evanston, Illinois.

She entered the military service, WAAC, in February 1943. Had basic training at Daytona Beach, Fla. From there went to Washington, D. C. to be assigned to the Army Air Forces Public Relations Office in the Pentagon. Received overseas assignment to Headquarters United States Air Forces Europe at Wiesbaden, Germany, 1946. Remained there as Assistant to the Chief of Information until 1948.

Was assigned VIP Escort Officer for the Berlin Airlift which involved the planning and accompanying of VIPs sent on official duty from the United States Air Force, to become aquainted with operations of the Berlin Airlift.

Dresser Industries Earnings Improve

Dresser, a major producer of a widely diversified line of machinery and equipment used by the oil and gas and kindred trades, experienced an 11 per cent gain in earnings in face of a 4 per cent decline in sales in the past fiscal year ended Oct. 31, 1961. In addition, it realised consistent quarter-to-quarter and year-to-year earnings betterment during the last three quarters of the past fiscal year.

Dresser earned $2.16 a share in fiscal 1961, on sales of $236 million vs net of $1.94 a share on sales of over $245 million a year earlier. More importantly, however, are indications that at long last the company is breaking out of the narrow $1.94 to $2.16 a share profit range experienced in the four years 1958-61, and is now headed for a higher earnings plateau, well over double the present $1.20 a share annual dividend rate, which affords a 4.4 per cent return in the current market.

Looking beyond the seasonally slow January 31 quarter, expectations are that fiscal 1962 earnings will run on the order of $2.50 a share on sales of $250 million. And if heightened business recovery is experienced, the leverage of higher dollar volume could conceivably carry profits to $2.75 to $3 a share, it is estimated.

Valentine Party At Avon Church

The Junior Pilgrim Fellowship enjoyed a Valentine Party in the Social Hall of the Congregational Church Saturday night. Red and white streamers and hearts decorated the hall. The main event of the evening was the selection of the King and Queen of Hearts. Chuck Warrington and Gail Bennett were chosen with Gary Bennett and Georgia Anne Franza as runner-up.

A variety of games were enjoyed and records furnished music for dancing.

Miss Priscilla Easterlin, sponsor for the group, was assisted with the refreshments by John Townsend and Gary Bennett.

Homemaking Today ...the Modern Way

By Faye Gordon

Home Service Department
Florida Power Corporation

This main dish is succulent, has a different crust. Toast the special holidays next week with one of the following desserts.

Cheese Crusted Veal Pie

2 lb. veal cutlets, cut in cubes
2 tbsp. margarine
1 tsp. salt
¼ tsp. pepper
½ tsp. marjoram
1 tsp. sugar
2 cups water
1 No. 2 can tomatoes
1 No. 2 can small white onions, drained
2-3 tbsp. flour
2 hard-cooked eggs, cut in wedges
1 pkg. (10 oz.) or 2 sticks pie crust mix
¾ cup very finely grated Swiss cheese
⅛ tsp. mace
Dash paprika

Brown veal cubes well in margarine in large saucepan over medium high heat; add seasonings and water. Cover and simmer until meat is tender, about 30 minutes. Add tomatoes and onions. Thicken the stock with flour dissolved in small amount of water. If gravy becomes too thick add some of onion liquid. Add the eggs.

Prepare the pie crust mix according to package instructions, adding cheese, mace, paprika to mix before the liquid. Roll dough on lightly floured surface to a 15-inch square. Trim evenly and scallop edge with end of a spoon. Line a 9 x 9 x 2" baking dish with the pastry, folding corners for perfect fit. Fill with meat and gravy mixture and fold scalloped edge in over the top. Bake at 450 degree F. 25-30 minutes until well browned and bubbly. Serves 6.

Cherry Ring

1 No. 2 can unsweetened sour red cherries
2½ cups prepared biscuit mix
2 tbsp. sugar
¾ cup milk

Drain cherries. Reserve juice. Combine biscuit mix with sugar, stir in milk with fork; mix well. Knead about ½ minute on lightly floured surface. Pat into rectangle 9 x 13." Cover with cherries. Roll as for jelly roll; coil in circle in 10-inch pie pan, making a ring. Pinch ends together. Make cuts with scissors 1" apart to within ½ inch of inside of ring; turn cut pieces on side. Bake at 425 degree F. for 15 minutes.

Meanwhile, combine ½ cup sugar, 2 tablespoons cornstarch and liquid from cherries. Cook until thick and clear. Pour over cherry ring; continue baking for 10 minutes. Serve warm.

Ever-Lovin' Heart Cake

Bake two round 8 or 9 inch layers with your favorite cake or mix. Spread frosting between layers; Then cut wedge from one side, about 3½" wide by 3" deep. The cut wedge goes on the opposite side of the cake to make the point of the heart. Frost entire cake, swirling the fluffy pink frosting over top and sides.

Strawberry Whip Frosting

1 pkg. frozen strawberries
1 egg white unbeaten
½ cup sugar

Combine ingredients in large bowl of your electric mixer. Beat 15 minutes at No. [illegible] speed.

NOTE: This frosting doesn't hold up well but is so beautiful and delicious it's worth using on a cake to be used within 2 or 3 hours.

FEBRUARY 28 IS THE DEADLINE for purchasing a license plate in Florida. This cute little miss takes time out to warn all motorists that the deadline is drawing near and urges the purchase of tags this week and avoid the last minute rush. Plates are on sale in Avon Park at the Wells Motor Co. at no extra cost.

Here's Veteran Tax Information

Veterans receiving pension or compensation checks are again asking the Veterans Administration this time of the year, "Is my VA check considered to be income and must I report it on my income tax return?"

The answer, Rufus H. Wilson, Manager of the St. Petersburg Regional office, says, is no.

Veterans benefits are tax free. These benefits which do not need to be reported include disability compensation and pension, dividends on GI insurance policies, education and training allowances, subsistence allowances for disabled veterans receiving vocational training, grants on homes for "wheelchair living", grants for motor vehicles for physically handicapped veterans, and death benefits paid to survivors.

The only exception is interest earned by GI life insurance dividends left on deposit with the VA. It is only the interest earned by such dividends, not the dividend, which is taxable and must be reported, Wilson pointed out.

U. S. Hoping For First Win At Sebring

SEBRING — The world of automotive racing fans will soon be starting on their way to the Mecca of the road racing circuits in the United States, Sebring Florida. In years past they have come by the thousands, from all over the world, in plush aircraft or tramp steamer, Rolls Royce or hitchiking each March, and for this years' all-out road racing event it's Saturday, March 24, starting at 10 a. m. to 10 p. m.

Home of the famous Sebring 12-Hour Endurance Race, the 5.2 mile course is laid out over twisting bends and mile long straights that can take the most expensive racing car in the world and in a matter of seconds reduce it to a smoldering pile of twisted metal and burning rubber. Or with a kindly flick of fortune's hand award a winning position in this 12 hour grind that soon separates the men from the boys.

Long a hope of faithful American car owners, this years' winner might well be at the wheel of a Corvette or Pontiac, with engineering development in auto racing knowhow rising as swiftly as the missles. Champions Marvin Panch, Daytona Beach, Fla. and Dick Thompson, Washington, D. C. may well be carrying the plaudits of the fans throughout the long 12 hours.

To add lustre to the already star studded field, Miss Sherry Grimes, a curvaceous 19 year old lovely from Sarasota, Florida, will be on hand to award the Atitalia Airline Cup to the winner. Miss Grimes, 1961 winner of the Miss Florida contest sponsored by the Pepsi Cola Company, has appeared at the Rockefeller Center and plans on spending her $1000 first prize in furthering her musical career.

With the big day drawing near, auto racing fans will be in for a full weekend of racing events, Friday, March 23, two races, the three hour race for cars under 1000cc in the morning, and the thrilling spectacle of open wheeled single seated Formula Juniors cars for the 130 mile race at two p. m. Friday afternoon.

Parking spaces and grandstand seat sales are far ahead of last year count. For the enthusiast to ensure that spot on the starting line or at the famous hair pin turn, write now to Automobile Racing Club of Florida, P. O. Box 71, Sebring, Florida for advance sales information. Children under 12 free.

MOB VIOLENCE

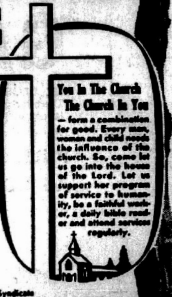
The Great Teacher, in a great sermon, taught well, the lesson of self control. If we curb anger we need not worry about murder.

Anger is the motive power that leads to murder. How terrible to know that every angry man is a potential murderer. **Everyone who is angry with his brother shall be liable to judgment.** Matthew 5:22.

How wild, how intemperate, how satanic, how malicious is an angry mob. They are men gone amuck and no human can expect fair treatment from the hot headed. **We are a Christian Democracy. That means everyone of us takes the place of the king or the police officer.**

We are, under God, keepers of the peace and of order. When the mob gathers, don't join them. Take your place by the lonely, the threatened, and insist the appointed officer deal with him.

For every man merits justice in America.



You In The Church
The Church In You

Large Crowd In Attendance At Todd Home For Library Silver Tea

The guest register revealed one of the largest numbers of people ever to attend the Library Silver Tea which was held Friday afternoon at the lovely home of Mrs. E. G. Todd. The beautiful floral arrangements were the work of Mrs. E. W. Hartt, Mrs. W. C. Touchton, Mrs. W. J. Head, Mrs. L. D. McGibboney, Mrs. Roscoe Bass and Mrs. R. R. King, Jr.

Mrs. Todd was assisted in receiving the guests by Mrs. Frank A. Thierolf, Library chairman; Mrs. S. F. Elkhill, president of the Woman's Club; Mrs. B. Frank Camp, Jr., president of the Junior Woman's Club; and Miss Avis Slaughter, Librarian.

Music was provided throughout the afternoon by Mrs. John Williams at the piano. She accompanied Mrs. Victor MicKunas, who rendered vocal solo selections for the enjoyment of the guests.

Presiding at the tea table during the afternoon were Mrs. Art Turner, Mrs. James Turnbull, Mrs. S. O. Norris, Mrs. Ralph Kelly, Mrs. J. A. Terp and Mrs. W. C. Touchton. Mrs. Charles Metcalfe, Mrs. A. M. Luyben, Mrs. Donald Ford, Mrs. Karl Merchant and many others assisted with the party.

Proceeds from the affair will go towards repairs of the library building which are badly needed. The Library Committee wishes to extend deep appreciation to all who contributed and also state that others who wish to contribute may do so at the Library or contact the Library Chairman, Mrs. Vera O. Thierolf.

MISS SHIRLEY MARSHALL

Miss Marshall Makes Plans For March Wedding

Miss Shirley Marshall, daughter of Henry Marshall and Mrs. Ruby Grant both of this city, will become the bride of James Lloyd Baucom, son of Mr. and Mrs. J. E. Baucom in a church ceremony March 10, at the Church of God.

The bride elect attended Avon Park High School. She is presently employed at Top Hat Cleaners. The groom-to-be graduated with the class of 1960 from Avon Park High School and is employed at Kwik Chek Grocery.

Plans for the wedding will be announced later.

1000 Additional Jobs Announced For Florida

TALLAHASSEE, Feb. 7 — Ten new industrial plants and three expansions—representing some 1,000 estimated new jobs—were announced for Florida during January the Florida Development Commission said today.

Continuing a diversification trend in Florida industry which in 1961 filled each of the major industrial groups recognized as standard by the federal government, new Florida plants or expansions were noted during January in manufacturing or servicefields of communications, building materials, engineering, electronics, tools and dies, precision instruments, home fixtures and citrus products.

International Business Machines Corporation (IBM) will employ 500 persons within 15 months at a new space age laboratory in Broward County. It is designed for governmental work on electronic computers and control systems for space, space surveillance, remote command and control networks.

Kraft Food Division of National Dairy Products Corporation has begun a new multimillion dollar citrus processing facility at Lakeland.

A new plant will begin operation at Callahan in Northeast Florida for the production of printing and advertising materials. Allison Electronics, Inc., national manufacturers of telephone communications equipment, has moved from Salisbury, N. C., to Orlando. Daryl Industries will complete within six months an 80,000-square-foot facility in North Dade for production of aluminum and glass fixtures. Daryl already has three plants in Florida.

The Development Commission's monthly report is based on newspaper accounts and on information given by Chambers of Commerce and other sources.

Plans Completed For State Women's Golf Tournament

Sebring, Feb. 8—Mrs. Denny Champagne, President of the Florida Women's State Golf Association, announced today that plans have been completed for the 33rd annual Women's State Tourney. Mrs. Joel Sharp, President of the Sebring Women's Golf Association has been designated as Tournament Chairman.

Headquarters for this event, for all social activities and meetings, will be the Harder Hall Hotel in Sebring. The Tourney will be played on the 6200-yard, par 74, Harder Hall course, designed by Florida golf architect, Dick Wilson. The pine tree bordered Hardee course is the scene of the annual $25,000 Haig and Haig Scotch Mixed Championship and the Women's Invitational Event. An outstanding feature of the course is the seven water holes, including the famous 17th double water hole, par 5.

The Qualifying round will be played on April 1st for the 176 match play positions. A change in the rules this year will permit all players with handicaps of 20 or under to qualify. If the field is very large, an extra qualifying round will be held on March 31st for the higher handicap players. A consolation medal play tournament will be held on the adjacent Sebring Municipal course for those who fail to qualify. Match play will run from April 2 through April 6. There will be a championship flight, plus ten other flights of 16 players each. The defending champion is Mrs. Hugh Culverhouse of Timuquana Country Club, Jacksonville, Fla. Mrs. James P. Lee of Coral Gables, last year's runner-up, Mrs. Ellen Gery, winner of the Harder Hall Invitational, and Miss Nancy Roth, former champion, are expected to participate.

The qualifying round also includes four special events. The Mildred Schwab trophy for lowest number of putts—1961 winner, Mrs. John Trish, Pensacola; The Anne Leavine trophy for low net for grandmothers—1961 winner, Mrs. Peter Mazza, Lake Worth; The Mary McKenzie team low net won by Palma Ceia Country Club and the John H. Perry trophy team low gross won by Lakewood Country Club, St. Petersburg.

An elaborate social program has been arranged, including two cocktail parties, a banquet, and other special entertainment.

Entry blanks have already been mailed to all member clubs and former tourney players. Entries close on March 19th and applications should be sent to Mrs. M. E. Stephens III, 110 Nancesowee, Sebring, Fla., who is Finance Chairman of the State Championship.

FAST DEVELOPMENT

Processing of citrus fruit has shown the greatest development in the shortest time of any segment of commercial farm food production.

Drive Started To Encourage Citrus Eating

LAKELAND—One of Florida's biggest promotional events—the "Eat More Citrus Month" campaign — is now underway with the State literally being peppered with colorful display material calling attention to the event, the Florida Citrus Commission reported.

The promotion was launched by the Commission in cooperation with State Hotel and Restaurant Commissioner Robert Riedel, the Jaycees, and transportation, restaurant and motel groups to stimulate greater use of Florida citrus and citrus products in the State. Governor Farris Bryant last month tied the campaign together by proclaiming February as "Eat More Citrus Month."

Homer E. Hooks, general manager of the Citrus Commission, said all factors were "cooperating nicely" and that the campaign "was moving ahead at full speed." He said many restaurants had reduced prices on grapefruit to encourage more users while others offered a half grapefruit free to a customer purchasing breakfast.

One of the highlights of the event, according to Hooks, will be a contest between the Jaycees of Orlando and Lakeland to see which club has the champion orange juice drinker. Orlando challenged Lakeland in the competition which will pit thirsty Jaycees in Orange County against those of Polk. The "drink-off" is scheduled later this month in Orlando.

"The Jaycees are to be congratulated for their splendid cooperation," Hooks said. "It is stunts like this which focus the publicity spotlight on the campaign and help achieve its aims."

Hooks also lauded cooperation of the airlines and railroads operating in Florida for pushing the use of citrus and citrus products on their lines, and hailed hotels and restaurants for the part they are playing.

He said specially-designed decals, stating "We Serve Florida Citrus Every Day," have been prepared by the Commission and are being distributed to restaurants all over the State. He said the Hotel Commission was assisting in the project as well as the Commission's field force in distributing the decals.

"We feel the promotion is progressing beautifully and call on all citizens and visitors alike to step up their usage of Florida citrus and citrus products," he said, adding: "By using more of the products of our largest agricultural enterprise, we help strengthen the economy of our State."

Direct employment costs for the American steel companies rose by $1,261 per employee in the period 1956 through 1960, while steel company revenues went up only $517 per employee in that period. Put another way, employment costs per employee went up 20.1 per cent while revenues rose only 2.7 per cent per employee.

Insect Expert To Speak To Audubon Group

Dr. Martin H. Muma, the well-known authority on insects from the Citrus Experiment Station of Lake Alfred, will show slides of common and unusual insects as the guest speaker of the Highlands County Audubon Society at the Pier in Sebring, February 16, at 8 p. m.

The Highlands County Audubon Society feels very happy in inviting the public since everybody in Florida knows insects. There are those of us who are interested in the fleas on our dog, and those of us who would like to know what is eating our petunias . . . or possibly it is more important. Possibly those little bugs are eating away our livelihood by eating our crops and attacking our cattle. Last of all there are those of us who squirm when we see a caterpillar, and then again there are those of us watch that same caterpillar with interest and awe thrilled by its beauty. Whichever one of these classes of people you belong to, come. You will enjoy the pictures since insects on the screen usually become things of beauty instead of squirming bugs.

There will be a free offering at the door to cover the expenses of the meeting.

On Monday, February 5 there were 7 tables of pinochle players enjoying their favorite indoor sport. When the smoke of battle cleared H. Reddick emerged high scorer with Mrs. Geneva Kaiser in second place.

Tuesday, the bridge players gathered 8 tables strong from which fray Billie Hise scored highest with 5530, Elsie Parry, second with 5240, and J. Nuber with 5179. By the foregoing scores you can see 'twas a battle royal.

The attendance at the two club dances seems to vary with the weather, the social activities, and the sight-seeing trops with visiting relatives. The maximum attendance Monday night was three sets. On Friday night there were five sets until the intermission when it dropped to three sets. We regret that all people cannot be satisfied with all numbers. Constant repetition of the popular numbers would, in time, destroy their popularity. Consequently new squares and new basics will be presented Monday night. New contras will be given and formerly popular squares revived on the Friday night program. The majority of the dancers wish this arrangement, and the wishes of the majority must prevail.

At the National Convention, held last summer in Detroit, a workshop was held each afternoon for those that wished to learn contras. With the type of the two programs known, dancers will have to adjust their attendance accordingly. The directors feel that they have a right to expect courteous and friendly cooperation from those that attend.

Avon Park Residents Return From Trip To Mississippi

Mr. and Mrs. Claude Chamberlain and his mother, Mrs. S. G. Chamberlain, who is in her 89th year, have returned from a trip to Pascagula, Miss. where they visited their son and his family, and also to Slidel, La. where the Chamberlains visited their granddaughter and family to see the newest great granddaughter, which marked the fifth generation of the Chamberlain family.

Mrs. Clara Truex has returned from a visit to California and her niece, Miss Sally Douglas, of Alta Dena, California came home with her for a visit.

Recent arrivals to the city have been Mr. and Mrs. Frank Adkins of Hebron, Md.; Mr. and Mrs. Ernest Rought of Adrian, Mich., and Mr. and Mrs. O. D. Oldee of Jacksonville.

The Rev. and Mrs. Lester Harbold and daughter, Donna, of Cincinnati, Ohio were weekend guests at the Methodist Parsonage with the Rev. and Mrs. Russell Boaz. Rev. Harbold and Mrs. Boaz are cousins.

Mrs. H. T. Harbold, who has been visiting her daughter and husband, the Rev. and Mrs. Russell Boaz, has returned to her home in Columbus, Ohio.

Mrs. Clara Farnell had her son and family, Mr. and Mrs. Ivor Farnell and son, Bruce, of Tampa and Ronald, who attends University of Florida, at Gainesville, was here for a visit this past weekend.

Mr. and Mrs. Bill Baker are visiting their grandparents, Mr. and Mrs. Henry Caffee. Bill has been transferred into Florida from Memphis, Tenn. as a sales representative with the Arthur Fulmer Company and they will be here while he is establishing his sales territory.

Mrs. J. R. Duggan spent a few days last week in Fort Pierce with her brother Frank Fee and family. She went especially to attend the wedding of a cousin, who was married Tuesday morning.

Mr. and Mrs. B. H. Easterlin of Canadohta Lake, Pa. are guests at the home of their daughter and her husband, Mr. and Mrs. W. F. Bervinkle, and their granddaughter, Miss Priscilla Easterlin.

Mr. and Mrs. Ralph Beebe of Hendersonville, N. C. made a brief visit with their former Detroit, Mich. friends, Mr. and Mrs. Frank D. Henderson.

The first Christmas Seals to fight tuberculosis were used in Denmark in 1904.

Business Up During Winter

Business activity in Florida during the winter months last year stood 8.6 per cent ahead of summer-month activity, the Florida State Chamber of Commerce said recently.

"This relationship between winter and summer business showed some improvement last year as the 1960 variation was 9.1 per cent, the largest since the early 1950's. An expanded summer tourism and a stronger year-round economy have been the principal forces tending to level off the seasonal hills and valleys in Florida's economy. The lowest variation between summer and winter in recent years came in 1959 with a 6.8 per cent difference.

"The seasonal variations, calculated from bank debits are available for a dozen Florida cities. Pensacola, where summer business usually exceeds winter activity, reversed this trend for the second straight year and had a 1.1 per cent larger winter business. Jacksonville showed winter activity 3.7 per cent ahead; Gainesville 4.7 per cent and Saint Petersburg 6.4 per cent.

"In both Orlando and Daytona Beach winter was 6.5 per cent over summer activity; Tampa's winter business stood 7.9 per cent over summer; West Palm Beach 8.7 per cent; Key West 9.9 per cent; Lakeland 11.4 per cent; Greater Miami 12.4 per cent and Fort Lauderdale 14.1 per cent. In 1960, these cities ranged up to a maximum of 18 per cent."

Florida Avenue Baptist Church Scene of Lanier-Hart Wedding

The Florida Avenue Baptist Church was the scene for the wedding of Miss Glenda Lanier of Zolfo Springs and James Henderson Hart of this city, which took place Saturday night at 7:30, with the pastor, Rev. J. M. Gilbreath officiating in the double ring ceremony. Graceful palms and white glads and mums were used to decorate the church altar. Miss Judith Hart of Wauchula rendered the traditional wedding music.

The bride wore a floor length gown of white lace over taffeta. Her only ornament was her mother's strand of pearls. She carried a white Bible topped with a white orchid and satin streamers. Her shoulder length veil fell from a small crown of pearls.

Miss Sue Cooper, the bride's maid, wore a dress of lavender lace over net and taffeta and carried a bouquet of yellow mums.

Glenn Bass served as best man. Ushers were Clifford Lightsey and Charles Ellis, both of Berea.

Mrs. Louise Lanier, the bride's mother, chose a light blue wool suit with black accessories and her corsage was of pink carnations.

The groom's mother, Mrs. D. J. Hart, wore a navy blue jersey dress with beige accessories and her corsage was also of pink carnations.

Reception

Following the wedding a reception was held in the church Social Hall. Mrs. J. M. Gilbreath assisted with the hospitalities. Mrs. John McLemore kept the guest register.

The bride's table was overlaid with a handmade lace cloth. The three tiered cake topped with a bride and groom, was flanked on either side with silver candelabra holding burning tapers and the bride's bouquet was placed beside the cake for all to admire. The bridesmaid's bouquet was laid on the table where the bride's book was kept. Mrs. Roy Bennett and Miss Pamela Hart cut and served the cake.

Mrs. Kenneth Grice and Mrs. James A. Heim presided at the punch bowl. A handmade lace cloth covered the punch table and pink camelias and fern encircled the bowl. Compotes held nuts and mints.

Mr. and Mrs. Hart will be at home on West Pine Street. He is connected with his father in the tile business.

THE FIRST STORE OF THE new Southgate Shopping Center in Sebring, Publix Market, will hold its "gala opening" today (Thursday). The new market is in the center section of the shopping center which is located near the intersection of Lakeview Drive and U. S. Hiway 27-98 South of Sebring. The new store is the 86th for the growing Florida chain. Other stores in the center are under construction and will open in the near future

New Publix Market Opens Today In Sebring Center

Publix Market in Sebring becomes the first of several new supermarkets in the area to open its doors this week. The new ultra-modern market, located at 2007 South Lakeview Drive is one of the many that have sprung up all over Florida during the past few years. The story of how the market chain began and expanded to its present stature is related below.

All the world loves a story about the individual who arises from an economic nothing to become a dynamic leader with a fantastic record of achievement! One of the most dramatic of these true stories is that of George Jenkins, founder and President of the Publix super market chain.

The son of a country storekeeper in Georgia, Jenkins landed in Florida with nine dollars in his pockets and a burning ambition to do worthy things on a huge scale. From that time, in 1925, he began a career that led him to become one of the most successful and widely-known grocery magnates in the country.

At the start, the collapse of the "boom" put him to work for a Winter Haven chain grocery store at $15 a week and a share of the gross. Within a year this young man had increased the store's weekly receipts from $1300 to $6600. This was enough to promote him to the managership of the firm's biggest store which grossed $7,000 a week, and his salary increased to $45 plus a percentage of the profits.

That was in 1928. Two years later the depression faced him with a big cut in his income. It was then that he resigned and began to make new strides toward an impressive goal. With only $500 he had saved, he opened his own store and competed so successfully with his former employer that he soon put him out of business.

In the first year after that, Jenkins grossed $120,000 and made $500 for himself—a phenomenal income in the early 1930's. Opening the Economy Store, also in Winter Haven, he added another $80,000 to his gross. He then formed the Publix Food Stores Corporation.

During the depression he showed remarkable business acumen in operating the two stores when people had little money and he often gave free groceries to the unempoyed. By 1940, Jenkins took the plunge that has made him one of the leading grocerymen of the country.

After closing the two stores, he borrowed $25,000 by mortgaging an orange grove and

GEORGE JENKINS
. . . Publix Founder

then built the first of the marble tile and stucco palaces that made up the distinctive, much-admired Publix chain. The war delayed expansion for a few years, and then shortages of building materials prevented execution of his plans. But, by purchasing a group of 19 small stores offered for sale by a retiring grocerman, and by remodeling and revamping their sales and merchandising methods, he was able within five years to increase their gross from $3,000,000 to $7,000,000 a year.

Vegetabels, groceries and meat, as well as building materials, becama more plentiful and in the following year, Jenkins began to close and replace the old stores with a distinctive design that he created himself.

Especially attractive was this modern design with the plate glass windows and special tower over the entrance. The design had an enthusiastic reception in many communities in south central and west coast Florida until by late 1957 there were 37 of them in 20 cities and had reached a gross of $77 million. By the end of 1958 the Publix operation had grown to 43 stores doing $93 million that year.

1959 saw the acquisition of seven new Grand Union stores (mainly in the southeast coast area) and more stores constructed, and the year ended with a sales volume of some $110 million dollars and 57 stores. By the end of 1960 the Publix organization enjoyed a business volume of over $140 million and some 62 stores in 32 Florida cities. Company gross sales over the years are a sharp indicator of growth, and the Publix sales figures certainly indicate that the firm is a substantial and well-managed organization. Publix has kept up with the growth of Florida, both in expansion of the operational area and in sales, as the following few figures will indicate:

1951:	$18 million in sales
1953:	28 million in sales
1955:	49 million in sales
1957:	77 million in sales
1959:	112 million in sales
1960:	141 million in sales
1961:	160 million in sales

Publix thinking and expansion has not slowed down during the 60's . . . for by June of 1961 the firm had 69 markets operating and approximately 18 more stores currently under construction or in the planning stages.

George Jenkins was not the founder of the super market as we know it today, but he and his associates have certainly been responsible for a good many "firsts" in the growing state of Florida. For example, a few of these "firsts" have been air conditioning, magic carpet doors, music to shop by, self-service meats and produce, free carry-out service, and exceptionally modern designed over-all store operations.

The Publix firm has also enjoyed a great deal of nation-wide recognition throughout the years. 1957 saw the awarding of the "Brand Names Retailer-of-the-Year" title to Publix, and for over ten consecutive years the firm has been a winner in the Super Market Institute and McCall's Magazine Advertising Awards Contest. In 1954 the Saturday Evening Post featured the operation in a full-length article which recognized the uniqueness of the Florida-born chain of Publix markets. Along with the many accomplishments throughout the years, the year of 1961 saw another big step in the Jenkins story. At the annual meeting of the Super Market Institute, Mr. George W. Jenkins was elected President of this international food field organization. You can be sure that the entire Publix family is proud of this peak of achievement, for the more than 3500 Publix employees feel extremely and unusually close to the organization that they themselves own!

From one small store in Winter Haven to a sparkling chain of 76 uniquely designed super markets spanning an area from Jacksonville to Miami and from Gulf to Atlantic coasts — from a one-man operation to one employing more than 3600—from good customer service to better and better customer service. This is the story of George Jenkins and Florida's Publix Markets . . . where shopping is a pleasure.

Mrs. Hill Is College Guest

Mrs. Patti Hill, APHS Guidance Counselor, was a guest at Rollins College over the weekend, Feb. 9-11, when she attended meetings in which registrars from many colleges gave information to the high school counselors regarding college admissions.

Miss Dona Sue Pounds, an Avon Park student at Rollins was the hostess for Mrs. Hill at a luncheon on Saturday.

Dr. B. Alder Thrasher, of Mass. Institute of Technology and the Honorable Harlan Cleveland, assistant Secretary of State, were among the speakers. Vital subjects discussed included the role of science in a liberal education and curricular developments in science and mathematics.

APHS Senior Is Honored

W. Earl Matthews, son of Mr. and Mrs. W. F. Matthews, and a senior at Avon Park High School, has been notified of his very high rating by the National Merit Scholarship Corporation, as a finalist in the competition.

A Certificate of Merit showing a high potential for college achievement as evidenced by his rating classifies him as outstanding among the thousands of high school seniors who took the examination. This award is given to about one-half of one per cent of the secondary seniors in the nation.

According to John M. Stalnaker, president of National Merit Scholarship Corporation, this is a distinct honor.

Surprise Shower For New Mother

Mrs. Herbert Kelley was surprised by her WSCS Circle members at their regular meeting Thursday morning, Feb. 8, when they met in Wesley Hall. Jane is the new mother of twins, a daughter and a son, and her circle planned a surprise baby shower for her. She received a number of useful articles for herself and the babies.

Roberta Flowers and Judy Murphy were hostesses for the meeting. They used Valentine hearts and flowers for decorations.

Those present were Kathy Griffin, Betty Ormond, Eve Booth, Barbara Cribb, Sandra Greenway, Belle Martin, Gloria Torregrosa and Vivian Rich, and the hostesses.

Only around three per cent of Florida's 140 - 150,000 alcoholics can be found in "skid rows," according to the Florida Alcoholic Rehabilitation Program. Contrary to popular belief, many alcoholics have homes, jobs, families and friends.

Maxey-Money Wedding Rites

Miss Betty Asenath Maxey became the bride of Lamon Webster Money at the home of the bride's mother, Mrs. Faye Maxey, corner of Highlands and Main Street, Saturday night at 8 o'clock. The Rev Russel A Howard performed the ceremony in the presence of a few close friends and relatives.

The bride wore a three piece ensemble of white wool with purple accessories and a corsage of white and purple mums.

The groom's brother, Daniel Money, and his wife, Barbara, were the only attendants for the couple. Karrel Phillips played the wedding march on the family organ.

Following the ceremony a reception was held. The bride's table was overlaid with a cutwork linen cloth. The three tiered cake was topped with a bride and groom. White mums and fern formed the table centerpiece, and dainty mums and fern surrounded the punch bowl. Miss Karen Lanier and Miss Jeannett Jenkins served the cake and punch.

Numerous arrangements of white mums and glads decorated the spacious living room. A crystal candelabra held white tapers burning near the organ.

The young couple have taken an apartment in the city for the present.

Poppy Day Set For Feb. 23-24

The memorial poppies worn in honor of the national war dead will help to bring aid to needy children of war veterans throughout the year, Mrs. P. C. Boney, welfare chairman for Unit 69 of the American Legion, pointed out as the Auxiliary continues preparation for the observance of Poppy Day here next Friday and Saturday, Feb. 23 and 24.

Interesting and beneficial employment for thousands of veterans in hospitals throughout the country is provided in making these poppies. Auxiliaries provide materials and pay for the poppies to help give the long time patients the encouraging experience of earning dollars again.

The poppies received by local units here are made by patients at Bay Pines Hospital who are disabled veterans of three world wars.

Furniture Plant Set To Locate In Avon Park

* * *

C of C Makes Strong Effort For Industry

Officials of the Avon Park Chamber of Commerce announced today that another industry—Kerns Furniture Company of Florida—had chosen Avon Park as a site for an assembling plant.

The announcement came after two days of surveying and negotiation by representatives of the company. According to the announcement, the Avon Park plant will be added to a list of 12 similar existing plants scattered throughout the United States.

Owners of the plant have varied operations in the West and Northwest, the announcement said.

The local branch will assemble furniture components for distribution to the Southeastern United States, chamber officials said.

Chamber officials told The Sun that Sears, Roebuck & Co. is one of the biggest consumers of goods manufactured by the company.

Site of the new industry will be the former Engleman Hatchery Building on South Forest Avenue near the SAL siding. Ed Tomblen, owner of the building, said repair would begin immediately.

Representatives of the company here for the closing were K. C. Kerns, R. M. Knop, E. E. Dakes, and H. D. Chastain. They were given a tour of the area by Roy Seims, chamber president; Mrs. Anna Belle Worden, executive secretary of the chamber and Hubbard K. Biggs, chamber director.

No announcement was made regarding the number of employees required for the operation.

Jim Haley Announces For Reelection To Congress Seat

SARASOTA — U. S. Rep. James A. Haley, Sarasota Democrat, has announced his candidacy for renomination and reelection to Congress from Florida's seventh district, pledging continued support for constitutional, sound-money government.

Haley, noting the addition of Charlotte and Okeechobee to the six counties now in his seventh district, said he welcomed the opportunity to seek support of voters in the new territory. He pledged to them the same caliber of service he has given his present constituency.

The Sarasota Democrat, who expects to qualify for reelection shortly after February 20, the first qualifying date, said Frank Henderson of Bartow will again serve as his campaign treasurer.

Haley, long-term Sarasota businessman and former Ringling Circus executive, now is in his fifth term as the congressional representative for DeSoto, Hardee, Highlands, Manatee, Polk and Sarasota counties. He is a top-ranking member of the House Interior and Insular Affairs Committee and the House Veterans Affairs Committee, and chairman of a major subcommittee of each.

"I believe my thorough knowledge of district and state problems, acquired as a member of the legislature and in long business and civic activity, coupled with the knowledge of national problems gained in nine years in Congress, will make me an increasingly effective representative," Haley said.

He added, "seniority is a powerful asset to any member of Congress. My own increasing seniority will put me in a position of more influence, both in my committees and on the floor, in working to solve the problems which face the citizens and the communities of the seventh district and of the state."

Students See "7" Blastoff

Students at Avon Elementary School were able to see the blastoff of Col. John Glenn's Friendship "7" spacecraft Tuesday thanks to the courtesy of Bill Thompson's TV.

The students were assembled in the school cafetorium when a TV set was viewed. Those unable to get into the cafetorium were allowed to listen to a radio broadcast of the event by the school inter-com system.

George Kelsey, principal at the school, said the picture was perfect.

Bomb Range Target Area To Open Mar. 1

Strategic Air Command B-52 bombers will begin low-level flights over or near Clewiston, Sebring and Avon Park, on March 1, 1962.

The flights, called "Operation Poker Deck 8-2" will be flown at altitudes of 500 feet above the highest point along the pre-determined route. The aircraft will begin their descent to 500 feet over Ft. Myers, heading West over the Gulf.

The planes will re-enter the mainland over the vicinity of Cape Romano, proceed North-East to Clewiston. Over Clewiston the aircraft will negotiate a turn North North East to Avon Park, the target area, passing over Brighton.

At Avon Park the bombers will begin a climb to 5,000 feet and proceed to Orlando where the flights terminate.

The route has been approved by the Federal Aviation Agency.

In announcing the flights, General Thomas S. Power, SAC Commander in Chief said, "The bombers will fly both day and night missions in all kinds of weather. Low-level flying increases SAC's combat crew proficiency, enabling the crews to perform any bombing tactic."

General Power emphasized that the bombers normally fly at about 320 miles per hour, so local residents will not hear sonic booms.

"In every case, the safety of local residents and of our crews will be the paramount factor in our planning," he said.

Miracle Serves On Committee

Superintendent of Schools Andny Miracle is serving with a state committee working in Lee County this week.

Miracle was invited by the State Department of Education's Survey Section, to serve as a member of a survey team which is making a detailed study of the school facilities in the Ft. Myers region.

The committee has been asked to make recommendations for the Lee County school needs in the future.

Miracle expects to return to his desk at the court house by the end of this week.

Court Audience Hears Account Of Spaceflight

A sigh of relief went through County Court Room Tuesday afternoon. A roomful of people charged with driving vehicles at speeds of 65 to 80 miles per hour were glad to hear that a man who had been "driving" at 17,000 miles per hour had made his trip safely!

The glad news of Col. John Glenn's safe return was brought to the court room from Judge Mervin Rehrer's office where a radio was kept on to enable court staff to follow the historic flight.

Like many other offices in Highlands County Court House, the County Court staff worked throughout Tuesday with one ear cocked for news.

Tax Assessor P. G. Gearing and his staff followed the orbital flight on a short-wave radio brought in for the day, and in the Tax Collections office W. H. Prescott and his staff had the aid of a little transistor radio.

Periodic reports were made to the County Commission as the commissioners had the difficult job of starting and conducting a routine business session during the exciting hours just at blast-off time.

School students did not miss out on the historic day, and at least one group of students scored their own personal triumph Tuesday. Jack Ingle, principal of Woodlawn school in Sebring, said three televisions were set up at the school so the students could observe some of the activities.

One of the sets was professionally installed. Science classes, as a special project, installed the other two, even constructed the antenna. Ingle reported that the science students were very happy to note that reception on "their sets" was just as good as the professionally installed one.

One place in the county where the orbital flight probably received little notice was at the office of Supervisor of Registration Roland X. Droit.

Tuesday was the deadline for putting on 1962 motor vehicle licenses. Throughout the day the registration office was crowded, and by the time Col. Glenn was coming back to Earth, the last-minute rush was really on, the waiting line soon reaching back toward the County Court Room entrance.

COURT HOUSE CLOSED

County offices will be closed Thursday in observance of George Washington's birthday. Regular office hours will be resumed on Friday.

NEW CLERK

Welch Fisher, Avon Park, was recently appointed driver's license clerk by Highlands County Judge Mervin Rehrer. Welch's office is located in the judge's office in the court house.

CUTS RIBBON TO OPEN BANK—J. V. Chapman, deputy commissioner of banking of the state, is shown as he cut the ribbon officially opening the new Avon Citrus Bank building Monday morning. Following the ribbon cutting the bank opened for business and invited guests were given a tour of the building. A public grand opening has been set for this Saturday. (Bank story on page 1B).

Citrus Mutual Area Meeting Set For Monday With Steak Menu

The third in a current series of 13 area Florida Citrus Mutual dinner meetings will be held in Sebring Monday night. The meeting will be held in the educational building at the Highlands County Fair grounds.

A charcoal broiled steak will be served to all Mutual members and prospective members attending the meeting.

John Sikes, Mutual public relations official, said the area meetings have become known as "grove roots meetings", since they enable Mutual officials to get their ear to the ground in the various areas of the state and discuss grower problems on a local level.

In addition to discussions and an illustrated talk on the marketing outlook for the remainder of the season by Frank Trovillion, a membership drive will also be instituted for the district.

Dale Carlton, head of Mutual's grower relations division, said a goal of 12,000 members has been set for the year. Present membership is 11,350, almost 1,000 over the same time a year ago. Highlands County membership in Mutual numbers 250.

A second note on the charcoal broiled steaks. Carlton and his crew served more than 7,500 of the delicacies last year and didn't have the first complaint.

Young No. 1 For PO Job

Acting Postmaster Bob Young was notified this week that he was number one on the registrar list for the job of permanent postmaster.

Young was appointed acting postmaster in the Spring of last year and has since been awaiting the appointment. It was not known who, if any other persons were on the list.

Avon Park Given $5000 Road Advance

[illegible]

At Tuesday [illegible] commissioner meeting [illegible] Attorney R. P. [illegible] plained that [illegible] approve [illegible] the issuance of [illegible] pital construction, the tax [illegible] for expenses has [illegible] and would continue regardless of the outcome in any particular bond election.

As yet the hospital board has not announced plans for a bond election or advanced any suggestion as to the possible amount to be requested.

The commissioners certify, to the Tax Assessor, in the summer the exact millage for the county. The earliest date, therefore, when Highlands Countians would begin to pay the new two-mill levy would be in November, 1962.

In the absence of Commission Chairman Cecil Skipper, Vice Chairman Carl McIntyre presided over a short meeting Tuesday.

Due to the absence of Skipper a further discussion of county "pay days" was tabled. Beginning in March the road and bridge crews will move from a weekly to a bimonthly schedule of pay days. A motion setting up the new schedule was approved at the first commission meeting in February. At that time Commissioners Creel and Ben McGee expressed some reservations, it was Creel who asked for further discussion on the issue.

Clerk Earl Rich read a letter to the Highlands County Commission from the Frostproof Improvement Association.

The Association is seeking to rally support for a drive to obtain improvements to U. S. 27. It asked the Highlands County commissioners to back a movement for a large taxpayer turn out for the annual State Road Department budget hearings.

These hearings, for this area, are scheduled at Bartow on March 12 and 13 with the Highlands County hearing set for late morning on Tuesday, March 13.

The Frostproof association said it is "apparant that nothing is going to be done about the four-laning of U. S. 27." The letter stated that the condition of the highway is "disgraceful and dangerous".

The association said the condition of the highway is a serious problem for the entire Ridge Area.

The Highlands County commissioners did not take any formal action on the letter but expressed sympathy with the point of view expressed. The commission has passed many resolutions requesting state road department action in improving the highway. All the right-of-way necessary for four-laning through the whole county has been obtained.

The commissioners approved a motion to advance $5,000 to Avon Park for use in its street improvement program. This amount is estimated to be less than half of the total which the city will eventually receive as its annual share of the road taxes.

Circuit Judge Clifton Kelly requested that the commission consider purchase of a shadow box for use in the court room. The Judge explained that in several recent trials X-rays have been introduced as a part of the evidence. In the absence of the shadow box, lawyers have had to "make shift" by holding the prints against the glass door to the jury room. The commissioners appropriated $50 for purchase of a stainless steel box.

The plat of LaGrande subdivision was approved, subject to the approval of the city of Avon Park.

The commission voted to advertise for bids on a 6000-gallon tank to be used for the storage of asphalt materials.

Red Devil Diamond Hopefuls Begin Practice; Open Mar. 13

Coach Guy Garrett started practice for the 1962 Red Devil baseball season with 20 hopefuls last Monday afternoon at Head Field. The Red Devils will open their 16 game schedule on March 13 against Riverview of Sarasota at Head Field.

Thirteen other baseball prospects are still out for basketball keeping in shape for the District Cage Tourney scheduled to start Tuesday, February 27.

The Red Devils, who finished second behind Deland in the Class A State Baseball Tournament here last June, will have only five returning lettermen on this year's squad. [illegible]

Basketball players expected to report out for baseball practice after the cage season ends are seniors Bobby Bates, Joe Jackson, and Jack Seims; juniors Terry Oberle and DeWayne Lemler; sophomores Leonard Sullivan, Lanse Padgett, John Rhoades, Bobby Nunnallee and James Reynolds; freshmen Keith Albritton, Wolfgang Halbig and John Rogers.

WELL DONE, JOHN!

Within the next few days and weeks there will undoubtedly be millions of words written about the successful orbit flight of Col. John Glenn, United States Astronaut.

It goes without saying, there will also be many editorials written both pro and con on this historical accomplishment. And without further comment, The Avon Park Sun will make its comments brief, with congratulations to "The Man of the Hour — John Glenn" and say WELL DONE, JOHN!

Washington Report

By Congressman Jim Haley

WASHINGTON—It is as obvious to me as it is to any government official or private economist that our present tax laws are filled with loopholes which must be plugged up if the federal government is to receive its necessary share of the national income without imposing a too disproportionate burden on any individual or group.

But I must go on the record, flatly and unequivocally, in saying that I do not think that the proposed withholding tax of 20 per cent on dividends plugs one of these loopholes, or is any way justifiable. To the contrary, I think that this step would be nothing more than the imposition of an unfair burden on selected taxpayers.

As I am certain I do not need to tell you, the House Ways and Means Committee has approved this proposal of the Administration—by what reasoning it has yet to make clear. This is a real danger sign, particularly for those persons who are living in retirement principally on the income from investments made during productive years.

I am, as I have told you before and as I reiterate now, entirely opposed to this scheme. I am quite certain that many of my colleagues in the House also are opposed to it, perhaps a majority of them. But, assuming that a majority of us oppose the dividend withholding proviso, this does not mean that it can easily be defeated.

This is true because every tax bill which comes from the Ways and Means Committee—which originates all tax legislation—passes through the Rules Committee and emerges under a so-called "closed rule." What this means is a "gag rule," under which no amendments—except those approved by the committee—can be offered to the bill.

I personally do not approve any gag rule proceedings in the House, although I recognize the dangers of trying to rewrite a tax bill on the floor. But it is a tradition in the House, because of those dangers, that tax bills are brought up under a closed rule, and that undoubtedly will be the case this time.

The tax-revision bill, as it will come to us, includes provisions which will close some loopholes which need closing. Many members who oppose the dividend withholding provision will favor these other provisions. But under the closed rule, they will not be able to vote separately on these various items—they must vote on the entire bill on an "all-or-nothing" basis.

The outcome on the tax bill thus comes down to the question of how many members who are opposed to the dividend withholding provision are in favor of the other provisions of the bill to such an extent that they feel that these other provisions overbalance their objections to dividend withholding. As I write, I personally feel that the dividend withholding proposal is so unfair that it outweighs any other features of the bill which I might, otherwise, support.

You're reaching the danger point if you get hot under the collar about cold weather driving.

Ticker Talk

HOW BUSINESS LOOKS

Continuation of consumer spending at the November-December rate would be enough to carry 1962 retail sales to a record $228 billion.

However, there is no reason to presume that retail demand will simply flatten out at this high level. The revival of demand for consumer durable goods, notably autos, should keep spending on the rise.

In fact, such an expectation is strongly backed by personal income trends; here the vigorous rise was resumed in the last three months of the year with December at an annual rate of $431.3 billion.

—o—

Personal income for the full year 1961 now is estimated at $416.7 billion—not as sturdy a gain over the $402.2 billion in 1960 as could have been hoped for as recovery got under way.

But, if the slow third quarter limited 1961's comeback, this year's prospects pretty well make up for it.

The official estimate of 1962 personal income on which the government is basing its estimates of income tax revenues is $448 billion. That would be a 7.7 per cent gain for 1962 against the 3.6 per cent rise last year.

—o—

Income from wages and salaries will continue to improve along with employment and wage rates (after allowances for seasonal characteristics).

Payroll employment in December was the highest for any month on record at 55½ million. Now that seasonal workers—retail employees, postmen, and so on—have been laid off, the total has declined. But it is doubtful if the drop has been as large as usual.

Thus, as spring comes on and outdoor work resumes, employment once more will be on the rise. And, seasonally adjusted, the number working will go on setting new records.

—o—

Rising employment, unfortunately, will not clear up the unemployment problem any time soon. But there will be an improvement.

The percentage of unemployed to the civilian labor force should be declining. Particularly, the comparison to last year's high figures will make good reading from here on.

In fact, the number of new applications for unemployment compensation early in January was sharply lower than in either 1960 or 1961.

Brownie Scouts Visit Highlands Court House

About 60 Brownie Girl Scouts, who compose Troops 79, 206 and 207 visited the County Court House in Sebring last week and heard Judge Mervin Rehrer explain the procedure of a trial in the court room, where they sat and listened for a trial in session. They also visited the chambers of Judge Kelly where he received the girls and talked with them.

Of special interest to them was the photostatic machines in the office of the Clerk of the Court, Earl Rich. Mrs. Lucille Rankin escorted them through the Health Department and explained the work of the county health doctors and nurses.

All of the girls were treated to cold drinks by Judge Rehrer.

Mrs. Fred Renfro, leader for Troop 207, was assisted by the other Troop leaders with arranging the trip, and the troop committees and many parents all helped to transport the children to Sebring.

The Farm Front

There's an old saying that "Necessity is the mother of invention." It's as true today as it was a long time ago.

To invent something worthwhile, however, is a mighty complicated matter in this day and age. I believe it was Thomas Edison, one of the greatest inventors of recent times, who said "Invention is 10 per cent inspiration and 90 per cent perspiration." I'm sure that most development and research engineers will agree.

New inventions are becoming more numerous in the field of agriculture and more kinds of specialists are devoting their talents to the farmer's problems. It's fascinating to me to see the manner in which America's great advances in technology and science are finding practical applications for improving some segments of agriculture or its many associated activities.

Mechanical harvesting of tomatoes appears to be making progress. Because of our big Florida tomato crop—about 45,500 acres with estimated value of $50,494,000 in the 1960-61 season—our growers might find that mechanical harvesting would ease considerably the pressures of rising labor costs and taxes.

Possibilities for an export market in watermelons is visioned in a recent trial shipment from South Carolina to England. If the melons arrived in good condition and are well received in Britain, and if current tariff plans for U. S. trade with Common Market countries develop favorably, Florida crop outlets, including melons and vegetables, may be greatly increased.

The State of Citrus

By John Sikes
Florida Citrus Mutual

LAKELAND — Sally Mellor is one of several versatile ladies in Florida who not only keep the home fires cooking—and see to the house-cleaning, laundering, children-upbringing and all that other women's work that's never done because there's never enough time—but also help their husbands run newspapers.

Sally and Al, her husband, edit and publish the Frostproof News. They also do the reporting, sell the advertising, get subscriptions, keep the books and, if necessary, set the type, run the presses, do the printer's-deviling and sweep out.

Mrs. Mellor, like all really busy people, manages to squeeze in time to devote her energies to important causes indirectly related to newspaper and homemaking. For example, her following letter relating to the going movement to get the nickname of those gantry cranes over at Cape Canaveral changed from "cherry-picker" to "orange picker":

"I'm sure this won't be the only letter you'll get regarding your 'cherry-picker' column. Countrary to popular Southern (the cap 'S' is ours) opinion, a cherry picker is not what picks the cherry from the tree. Rather, it is a small household tool used to pick the seed from the cherry before making pies, jam, etc.

"It seems to me that the crane that picks the astronaut from the capsule is much more like a cherry picker than anything else I can think of.

"Incidentally, if you experts could come up with a grapefruit picker; i. e., something that picks the seed from the grapefruit, you would not only have earned the right to name this crane, but have bestowed a marvelous boon on fumble fingered Yankees (the cap 'Y' is also ours) that love the yellow fruit.

"I know it's not at all logical to call the bloomin' thing a cherry picker . . . it ought to be called a cherry pitter . . . but that's just the way things work out.

"If you get the crane renamed orange pickers we shall have to assume that it's going to remove the entire capsule . . . not just the astronaut. Right?"

Now, isn't that just like a logical, hardworking lady newspaper editor, publisher, etc., to insist on being literal?

And, look, Sally: re your third paragraph calling for a 'grapefruit picker.' Have you tried Florida Citrus Mutual's grapefruit spoons? Seeds don't faze them.

Also re the last two words in your third paragraph: Couldn't you make that 'gold' fruit, like Grapefruit Gold?

The Advisory Council of the Florida Alcoholic Rehabilitation Program has approved tentative plans for formulation of a Florida School of Alcohol Studies in 1963. The Florida School will present up-to-date research findings, treatment methods and theory in the field of alcoholism.

Soil News

By O. S. Polston
U.S. Soil Conservation Service

This week Jack, Bobby and Roger Scarborough are installing 12,000 lin. ft. of tile for a subsurface drainage system on 50 acres of citrus grove. The Soil Conservation Service Engineers designed the system and are supervising construction. Mr. Ray Bennett of Avon Park has contracted to install the system with a Buckege Trencher which is a new type of equipment for this area. It is especially adopted for laying drainage tile.

The Soil Conservation Service Engineers this week also assisted Coral Ponce Corp. of Sebring in the design of a 50 acre tile drainage system on citrus grove. Mr. Robert Williams, Lake Placid Caretaker said the grove was planted in 1958 and in 1960 water damaged the entire 50 acres and he lost about 10 acres of trees.

Mr. Jimmy Whitehouse of Sebring was assisted in the Soil classification and planning a 20 acre tract of land for citrus. Included is a seepage pit to irrigate the grove.

An application was received from Mr. Glenn Murphy of Avon Park for technical assistance in planning a 640 acre ranch. He plans to develop the entire area to improved pasture grasses and clover mixture. The Soil Conservation Service engineers have been requested to assist in the design and layout of the waer control system.

Mr. L. L. Yarlett, Soil Conservation Service Range Conservationist assisted Mr. Doyle Schumacher of Sebring in developing a conservation ranch plan. Many of the more desirable species of native grasses were identified. Mr. Schumacher has experienced that a three year rotation burning program is best for cuthroat grass. Most of the bluestem the cattle will graze without burning. He is strating a renovation program of much of his improved pastures that were established for many years. Mr. Schumacher says he has realized the value of well managed timber land, for years. He has done a wonderful job and the timber is there to prove it.

Mr. and Mrs. Ira Stropes are displaying nine Blue Ribbons, representing first prizes and six Red Ribbons, for second prizes, which they won on entries they had in the State Fair in Tampa. This is the third year The Stropes have brought home top honors for their handiwork at the Fair.

Among her entries were a cross stitch quilt, a cut-work dinner cloth, a Swiss embroidered luncheon cloth and a crocheted Afghan. Among his entries were a large rug of white background with red flowers which took a Blue Ribbon.

Considering the fact that there were close to 8,000 entries in the handiwork division at the Fair, The Stropes, who make this hand work their hobby, took a fair share of the top honors.

von Burske To Welfare Board

Florida Governor Farris Bryant announced this week the appointment of R. S. von Burske, Highlands Lake, to the Board of Social Welfare, District No. 8, Highlands County.

The appointment was dated February 15, and read "I am confident that your services on this board will reflect credit not only on you but also on the citizens of the county".

Junior Women Slate Fashion Show March 1

"Fashions Out Of This World" being sponsored by the Junior Woman's Club, Thursday night, March 1, 7:30 o'clock, at the Jacaranda Hotel, will also be offering a variety of door prizes. According to Mrs. Donald Ford, chairman of door prizes, these are the nicest and best prizes ever offered. Merchants contributing these items are The Turner Furniture Company, Metcalfe Hardware, Jorden & Sons, Touchton Drug, Exie Caffee, DeLaney Hardware, Fairyland, Mercer, Inc., Park Pharmacy, Lane's Radio & TV, Mode O Day, Jacaranda Hotel and The Empire Store, Lakeland, furnishing the clothes.

All members of the Junior Woman's Club have tickets for the show, they urge you to purchase your ticket in advance, however, there will also be tickets at the door.

The door prizes will be on display in the lobby of the Jacaranda before the show.

Local Women Complete Scout Training Course

Josephine Renfro, Nina Smith, Peggy Jones and Lorraine Acri have completed a Scout Leadership Training Course which they have attended in Sebring once each week since January. Leaders from Sebring, Lake Placid and Wauchula also attended the course which was taught by Mrs. May Johnson, a veteran of 30 years in Scouting, who invested them as leaders in scouting.

The leaders celebrated their achievement with a cook-out held in Highlands Hammock Thursday of last week.

Girl Scout Cookies will go on sale March 1. The girls urge your cooperation in purchasing the cookies.

Contrary to popular belief, alcohol is not a stimulant. According to the Florida Alcoholic Rehabilitation Program, beverage alcohol is an anesthetic and a depressant.

ARBOR DAY A BIT LATE—Although Arbor Day was some time ago, students at Avon Elementary School still wanted to plant a tree. With the aid of William Johnson of Johnson's Nursery, at right of photo, three trees were planted on the school campus last week. Shown with the many students who witnessed the plantings are left to right: Mrs. R. J. Rutherford, Garden Club Chairman of Arbor Day; Mrs. Guy Decker, Garden Club President; Mrs. Fred Fenn, Chairman Nibiscus Circle Junior Gardeners; Mrs. Brooks Henderson, Federation Chairman of Junior Gardeners. Mrs. Fred Jahna, chairman of the Founder's Circle Junior Gardeners is missing from photo.

County ARC Unit Seeking Financial Aid

Your Red Cross Chapter is doing its best to give You, the Public, the Red Cross services you want and need: Disaster, First Aid, Water Safety, Home Nursing, Gray Ladies in the schools, and unstinting and effective service to the servicemen and their families. Your Red Cross Chapter works in close cooperation with Civil Defense in all of the above services, and those trained by your Red Cross Volunteer Instructors. They would be vitally needed to work with Civil Defense in case of enemy attack.

65.39 per cent of the campaign money given by you, the Citizens of Highlands County, stays in your own county. The other 34.61 per cent goes to National Red Cross Organization for many things; most important being Disaster. If each chapter did not contribute to National, National in turn could not give as a grant, an outright gift to rehabilitate disaster sufferers in your community as well as others all over these United States when disaster strikes. $19,000 was spent in Highlands County after 'Donna'.

Your local chapter has hit bottom financially. Each citizen of Highlands County should give their contribution generously - giving more than you have before, or the chapter folds. If this happens, there will be no one with your interest at heart to start the ball rolling immediately to get you or one of your family home on emergency leave in case of serious illness in your family. There will be no First Aid courses, no swimming instructions, no Home Nursing courses, no Gray Ladies in the schools. A Board of Directors made up of 15 responsible, Highlands County citizens cannot alone, keep your chapter going. They need your backing, your cooperation, and your fair contributions. If you want to know why your Red Cross Chapter has hit rock bottom, make an appointment at the Red Cross office in Sebring and a Board Member, executive secretary, or your chapter chairman will be glad to explain why.

Circle Two Of WSCS Meets Here

Circle Two of the WSCS enjoyed the hospitality of five Associate Members who entertained the circle at the Recreation Hall at Avon Trailer Park. Mrs. H. L. Longanecker, Mrs. Frank Fisher, Mrs. George DePoy, Mrs. George White and Mrs. Walter Kessler were the hostesses.

Mrs. R. A. Gerrard, circle chairman, conducted the business. Mrs. Hubert Bussard presented the program on Latin America with several members taking parts.

A delightful dessert course was served with hot tea and coffee at the close of the meeting.

Twist Contest Set At Winter Haven Mar. 10

WINTER HAVEN — The 1962 Florida Citrus Exposition will offer $100 to the teenage set's "best twisters."

It's all part of the new program to offer varied feature attractions at this year's industry sponsored show.

Plans were virtually completed for the twist contest to be held on the stage of the Lake Silver Amphitheater on March 10. The winner, in addition to taking the cash award, will be presented at an open dance that evening at Winter Haven's Nora Mayo Hall.

The contest will take place prior to a concert by Red Nichols and his Five Pennies which will climax the afternoon's activities on the opening day of the Citrus Exposition.

The twist competition will begin at 2:30 p. m.

Opening day (March 10) will begin with a downtown two-mile long parade which will wend its way to the Exposition grounds.

The second concert of the day by Nichols, will be that evening at Nora Mayo Hall.

Nichols' progressive type jazz is danceable music and will appeal to all groups.

Admission to the Exposition grounds this year is free and officials said the theme, "The Citrus Showcase" is one of the finest presented in the 38 year old history of the show.

Mrs. W. J. Head Reelected Leader Of Garden Club

Mrs. W. J. Head was elected to head the Garden Club Federation for another year, at the annual meeting held Thursday at the Woman's Club House. Other officers elected to serve with Mrs. Head were Mrs. C. R. Ginn, vice president; Mrs. E. W. Hart, secretary; Mrs. Guy L. Decker, treasurer; and Mrs. George Walter, historian.

Mr. and Mrs. L. H. Alsmeyer of Sebring were special guests at the meeting and they discussed "Soil, Plants, Day Lilies, and Hydroponic Gardening methods."

Upon arrival a social hour was enjoyed with Mrs. Decker and Mrs. Genevieve Hurd as hostesses.

The new officers will be installed March 8, when the Federation will hold a covered dish luncheon at the American Legion Home at noon.

St. Petersburg Family Visits Relatives Here Wednesday

Mr. and Mrs. Lee Rogers of St. Petersburg spent Monday in Avon Park visiting his grandparents, Mrs. Mary Harbison and Mr. and Mrs. M. L. Rogers.

Mr. and Mrs. Mylon D. Merchant spent the past weekend in Pompano Beach with his brother and wife, Mr. and Mrs. Everett Merchant.

Mrs. Leslie Collins and three year old son, Charles David, and her mother, Mrs. Ruth Crane of, Chickamauga, Ga. have been visiting her late husband's family, Mr. and Mrs. J. E. Collins. They also spent two days in Deerfield Beach visiting Jack E. Collins.

Miss Millie Pearson and Mrs. Patti Hill spent Saturday in Tampa attending a meeting of the Delta Kappa Gamma Chapters.

Mrs. Jimmy Dicus and her daughter, Gwen, of Pabor City, N. C. who have been guests of Mrs. Dicus' sister-in-law, Mrs. R. S. Reaves, and her family on Lake Lillian, left Tuesday morning to return home. Returning home also was Mrs. Noah Jacob, of Clarendon, N. C. an aunt of Mr. Reaves, who accompanied Mrs. Dicus.

According to the Florida Alcoholic Rehabilitation Program, national studies indicate the number of women alcoholics is increasing faster than the number of male alcoholics.

Nursing Posts Open In County

In following up the recent announcement of the Home Nursing Program, which is to be combined with the Highlands County Health Department, applications are now being received for the two nursing positions available.

It is proposed to employ one white and one Negro nurse. The program will be a combination of public health and bedside nursing.

Any nurse who is interested in these positions, should contact the Highlands County Health Department at the Court House in Sebring.

Mrs. Patton Is Circle Hostess

Mrs. J. M. Patton was hostess to members of her circle of the WSCS Tuesday afternoon at her home on East Elm Street.

Mrs. L. C. Hooper, circle chairman, conducted the business. Mrs. Caroline Folkestad gave the devotional and Mrs. George Mills presented the program.

The hostess served refreshments to the 12 ladies present.

MR. AND MRS. ROBERT BENNETT

Miss Jackson, Robert Bennett Wed In Ceremonies February 12

Miss Melynda Elizabeth Jackson became the bride of Robert Cary Bennett in a double ring ceremony Friday evening, January 12, in the First Baptist Church of Plant City. The pastor, Rev. H. Richard Bills, officiated.

The bride is the daughter of Mrs. Mildred S. Jackson of Plant City. Mr. Bennett is the son of Mrs. Will Bennett and the late Mr. Bennett of Avon Park.

Given in marriage by her grandfather, D. H. Sims, the bride wore a white velveteen floor length gown and carried a white Bible topped with white orchids and roses.

Mrs. Mary Jane Parolini, sister of the bride was her matron of honor. Miss Sara Jackson, sister of the bride, and Miss Shirley Martin were bridesmaids.

William Y. Bennett, brother of the groom, from Pensacola, served as best man. Another brother, James E. Bennett, of Avon Park, and Fort Gordon, Ga., Kenneth Martin and Bill Parolini were ushers.

Following a reception held in the church social hall the couple left for a wedding trip. Mrs. Bennett wore an outfit of dark green wool with gold accessories and the orchids she carried for the wedding. They will make their home in Plant City.

A smash hit on Broadway as a musical by Rodgers and Hammerstein, Universal's screen version of "Flower Drum Song" is backgrounded against the colorful streets of San Francisco's famed Chinatown. The magnificent cast is headed by, from left to right, Jack Soo, Nancy Kwan, Miyoshi Umeki and James Shigeta. Opening Sunday at the Hilane Theatre.

Citrus Used To Help Combat Flu Epidemic

Lakeland—As epidemics of colds and flu spread across the nation, the Florida Citrus Commission announced today that it was realigning its advertising to point out the vital part citrus and citrus juices play in combatting these maladies.

General Manager Homer E. Hooks said it was another indication of the flexibility of the Commission's advertising in that it could be changed to meet emergency situations on short notice.

"The medical profession is in general agreement that citrus juices, with their high Vitamin C content, are beneficial in combatting respiratory diseases including influenza," he said. "With the assistance of the State and Federal Public Health Departments, we make it a practice to watch closely for any flu epidemics that develop during the winter time. The Commission then moves in with a copy change to take full advantage of the situation."

According to latest reports Hooks said, a semi-epidemic started on the west coast and spread rapidly across the nation into the Southeast. He said children, according to reports, were being hit the hardest with about 60 per cent being absent from school while adult absenteeism averaged about 20 per cent.

"With this in mind, we are rescheduling many of our ads and in some instances, changing the copy approach," Hooks said. "In the print media, we are introducing a special copy panel, calling attention to the effect of citrus juice on flu and colds."

Grapefruit juice television spots have been concentrated in February and March. A flu commercial will be alternated with a cold commercial each week during that period, over the facilities of 166 stations.

"According to health officials, the flu epidemic this year will probably exceed that of 1960," Hooks said. "The length of our flu and colds campaign will depend how rampant these ailments become on a national scale."

The Commission's new campaign will begin February 11.

Costons To Move To Honduras

Mr. and Mrs. J. D. Coston, Jr., and their daughters, Susan, Linda and Karen expect to leave this week for British Honduras where they will make their future home.

Mrs. Coston was honored by a group of friends Thursday night at the home of Mrs. I. H. Ford when Mrs. L. D. McGiboney, Mrs. P. C. Boney, Mrs. Ray Rutherford, Mrs. R. S. Reaves and Mrs. G. L. Decker invited members of her Garden Club Circle and other friends to a farewell party.

The hostesses presented Mrs. Coston with a set of [illegible] jewelry. Refreshments were served from the dining table. An embroidered [illegible] covered the table with [illegible] piece of [illegible]
