of the other four members of the honor team. Sharing the honor with Bates were Rodgers Burton and Bill Phillips, of Okechobee, Elton Jones of Ft. Pierce and Dyle Edwards of Arcadia.

The six foot two and a quarter inch Red Devil right forward is captain of the Avon Park five this year. He averaged 14 points a game for 16 games and also averaged 10 rebounds per game. Bobby also led in assists for the Red Devils and was an outstanding defensive player for the local five this season.

Coach Lee Manass says Bobby is the most improved player in a year's time than he has ever coached. He went on to say, "He is strictly a team player. He can play any position on the team and is always willing to play where ever necessary to benefit the team the most."

Bates is a senior this year and lettered in basketball for the second time this season.

Speck Fishing Season at Peak Says Commission

TALLAHASSEE — Florida fishermen are happily seeing "specks" before their eyes during the current peak fishing season for black crappie in Central and South Florida.

Commonly called speckled perch or "specks", the black crappie are being taken in limit strings by fishermen on most waters southward of the approximate line from Lake Crescent to Orange Lake and the lower Suwannee River.

The Game and Fresh Water Fish Commission reports that the peak "speck" fishing season should continue excellent, barring unusual weather, until late March throughout South and Central Florida.

Northern Florida fishermen will not enjoy peak speck fishing conditions until late February through April. Fishing access for largemouth black bass will continue to improve in all sections of the state as the water temperatures begin approaching 70 degrees. Fishing for bluegills will improve as the water temperature approaches 73 to 80 degrees.

Women's Day In Court Set For March 8

A new feature will be in-
cluded in the Highlands County
women's club's Day in Court.
Judge Merrin Behrer, in
announcing the annual af-
fair, said the March 8 session
will include a discussion of
legislation being prepared for
the next session of the Florida
Legislature.

Judge Behrer says the juve-
nile judges of the state give
much credit to the Florida Fed-
eration of Women's Clubs for
building public support for pro-
gressive legislation.

The junior and senior
women's clubs of Lake Placid,
Sebring and Avon Park have
been invited to attend the
March 8 session of Juvenile
Court. After the hearings, the
Judge and Juvenile Counselor
Robert Lindsay will present
some of the proposed legislation.

One of the bills, Lindsay said,
will be one to require local com-
munities to participate in an
"after-care" program for the
young people who are released
from state training camps.

An "after-care" bill was pre-
sented in 1961, but Legislature
did not act on it. The bill now
being readied is "an improve-
ment" over the 1961 proposal,
Lindsay said.

Judge Behrer said all mem-
bers of the six women's clubs
in the county are being "urged"
to attend the Day in Court.
Juvenile Court is one court
which is not concerned with
"fables," the Judge said, and
has hearings on behalf of a
child. We are always seeking to
find the cause for the trouble in
this child's life. We are trying
to eliminate the cause rather
than to punish.

"This is so different from
the way our adult courts operate
that we think a trip to Juvenile
Court is an important part of
citizenship education," Behrer
said.

He continued, "Juvenile Court
work has an amazing scope. On
March 8 we may conduct hear-
ings on four different types of
case—juvenile delinquency, de-
pendency, truancy and traffic.
Florida is one of the few states
in which the Juvenile Court has
original and exclusive jurisdic-
tion over all cases involving
children under 17 years of age.
We think this is a great
strength in our system, but it
does give our work staggering
proportions at times."

Juvenile hearings are usually
conducted in the Judge's office,
but on March 8, the Day in
Court will be conducted in the
court room on the second floor
of the court house.

Unusual Audience Planned For March 23 County Traffic Court

Traffic violators who are

crest Lake Club here, March
25-28. The conference, sponsored
jointly by the Florida Bar As-
sociation and the General In-
surance Division of Florida, will
be attended by approximately
100 judges, mayors, justices of
peace, prosecutors and en-
forcement officers.

John E. Niklos will be con-
ferring with the traffic court
officials.

The traffic court officials
will register on March 25 and
will be in session at 8 a. m.
on Monday, March 26.

Court, and Chairman of the
Florida Traffic Court Confer-
ence, will preside at the open-
ing session.

Judge John A. Rudd of Tal-
lahassee and Chairman of the
Florida Traffic Court Confer-

Seafood Menus
FANCY FISH 'N' GRITS

Prepare grits several hours
before they are to be served.
Here is how:
Boil one quart milk; 1/2 cup
butter; One cup grits; One tea-
spoon salt; One cup grated
Cheese; 1/2 cup melted butter
for topping; 1/2 cup grated
Parmesan cheese.

Bring milk to boil. Add butter
cut into small pieces. Gradually
add grits (not instant kind).
Let boil again and continue
cooking until mixture is thick
and grits soft. Remove from
heat and add salt. Beat with
beating mixer for five minutes.
Pour into casserole dish and set
aside. When ready to prepare
for dinner, cut the grits into
squares and pour into shallow
battered, casserole. Pour the
additional melted butter over
grits and sprinkle with the
grated Parmesan cheese. Heat
in hot oven, 400 degrees F., for
30 minutes. Run under broiler
heat before serving to brown
top. Serve with crisply fried
fillets. Enough for eight.

BAKE LUNCHEON GUESTS—Among the many out-
door guests who attended the Avon Citrus Bank luncheon
at Pleasant Lakes Club Monday were Ben H. Griffin,
left, President and Betty Kelly, center, of Lakeland. At
the right of photo is F. Edgar Boylston, president of Treas-
ury, and Mrs. Griffin is a State Senator from Polk.

Florida Rapidly Becoming One Of Top Tree Farming States

Along with its citrus fruit
and resort activities, Florida is
becoming a vast company
of "tree farms" and "forest
factories." This is indicated by
figures from the United States
Forest Service, Southern Pine
Association, American Forest
Products Industries, Inc. and
other agencies.

As of January 1, 1962, the
state had nearly six million
acres of "tree farms." Of the
state's 6400 industrial estab-
lishments, more than one-fourth
are "forest factories" engaged in
the manufacture of lumber,
paper, furniture, boxes and
other products of timber.

Nationwide, 47 states share
millions of acres of "tree
farms." Just three states—
Florida, Alabama and Georgia—
have nearly one-third of the
enormous total. During 1961
alone, Florida's forest in-
dustry, farmers and other
forest owners increased their
state's tree forest accumu-
lation by almost one-half million
acres. More than one-sixth of
the total land area of Florida
is now invested with "tree
farms."

Latest Forest Service reports
indicate that the annual growth
of Southern Pine sawtimber in
Florida exceeds harvest by 45
percent. "Sawtimber" is a term
for trees of sufficient size and
quality for lumber manufacture.
The extensive growth of timber
in this category undercovers
the progress of Florida's lumber
industry toward a key forecast
role in the nation's economy.

The federal Forest Service
has predicted that Florida and
11 neighboring states will even-
tually become the main source
of the nation's total lumber sup-
ply. Already, the 12 states are
providing a substantial share
with Southern Pine ranking as
a major structural species na-
tionally and representing two
thirds of the region's total
lumber output.

Florida's present annual
growth of softwood sawtimber,
mostly Southern Pine, is esti-
mated at 925 million board feet.
The annual harvest for lumber,
poles, pilings, etc. is estimated
at 642 million board feet.

This, of course, is encouraging
news to the hundreds of thou-
sands of Floridians who own
livelihoods directly or indirectly
to forest products manufacture.
Present sales of Florida forest
products—more than three
quarters of a billion dollars a
year—could be eventually
doubled or tripled with cor-
responding increases in pay-
rolls and representing a
ultimate growth and market
potential in the forest products
field.

Strong incentives for timber
producers and the workers of
Florida's "forest factories" are
moving to the hotel.

gerous. Chloroform or cyanide dust

LONG THOUGHTS

Who can measure the length of a thought! Especially the thought of a child! A good thought is like the acorn, which becomes the Live Oak tree, which may live for a thousand years. Some thoughts are much longer than that. Aristotle urged upon men the "golden mean," and many business men today are following him; he lived three hundred years before the beginning of our era. The decalogue, or Ten Commandments, are long thoughts about how women and men should live. Perhaps the thoughts stirring in this child's mind have been dropped there by a parent or by a teacher or by a neighbor. Isn't it rather wonderful that you and I can start a train of thinking and of living, in a child, that may go on forever? How long is "forever"? That is how long some thoughts are.

Can you remember a word spoken to you in the long ago? Some of us treasure what seemed a chance thought passed to us by a careful teacher many years ago. When the soil is right and a mind is eager to know, seeds are precious. Have you learned a lesson that you count of great value? Do you wish that someone had passed it to you when you were young? Then why not for some other child what you wish had been done for you? Would you not like to live forever in the esteem of another? Perhaps the child is our opportunity for some worthwhile immortality. Help her leave for posterity some long thoughts. What a pity that a good thought or a bit of wisdom we have garnered through many years should die with us! It does not need to die. The child near you is the good soil into which you may drop the good seed thought. "A sower went forth to sow." Every woman and every man is a sower. Is the seed good that we sow? What will the harvest be, for the thoughts we are putting into the minds of retentive childhood? Your thoughts and mine may become inspiring or discouraging thoughts to these precious persons that we love. Is it important then that we think straight, clean, sweet, kind, loving thoughts? These should be long thoughts. Attend your church regularly.

Food Fair Unveils New Super Market

First of Four Stores For Shop Center

As hundreds of shoppers anxiously awaited the new Food Fair Supermarket here Wednesday morning, when the ribbon officially opening the new Food Fair Supermarket here yesterday morning. The new store is located in Avon Plaza, at the West end of the Mall and U. S. 90.

The ultra-modern 16,000 square foot supermarket is one of four stores that will comprise the new shopping center in Central Florida. The other three, including a Kmart, a new store, are expected to open in the near future.

Manager of the supermarket is Thomas V. Banks, a native Floridian who has been associated with Food Fair Stores for six years. He will supervise a staff most of which has been recruited from the area.

The new Food Fair supermarket will feature more than 3,000 food and household products in 17 separate departments with emphasis on quality, quantity and service.

In addition to the usual items, the new Food Fair will also feature fresh as frozen steaks, some 250 different cuts and varieties of meats, a complete line of frozen foods, toys, magazines. The new Food Fair is air-conditioned throughout. Self-service efficiency and ease is aided by a complete directory which lists alphabetically the location of every item in the store. There are seven conveyor-type and an "express" booth for fast check-out service and parking for 244 cars.

Store hours for opening week, through Saturday, March 3, will be 8:30 to 9 p.m. Monday through Thursday; 8:30 a.m. to 9 p.m. on Fridays and 8:30 a.m. to 5 p.m. on Saturdays.

Founded in Harrisburg, Pa., in 1929, Food Fair opened its first supermarket in that city in 1933. Today, the firm ranks as the fifth largest of the nation's major retail food chains and the tenth largest of retailers of all types.

Three Released From Hospital Following Unusual Accident Here

A freak automobile accident, which resulted in the death of a woman, Wednesday morning, when an automobile went out of control in the store parking lot. The accident occurred at 8:30, just at the time hundreds of shoppers converged on the supermarket for the grand opening.

While attempting to park, Mrs. Pearl Bryant, Avon Park, lost control of her car and rammed a parked station wagon owned by Clarence Payne, Babson Park. The impact drove the Payne vehicle forward into the other parked car owned by Harry Kelly, Avon Park.

The Kelly vehicle then lurched forward into the crowd of shoppers waiting to enter the store.

Taken to Walker Memorial Hospital for X-rays and examination were: Mrs. Frances Moore, 129 N. Central, Avon Park; Leon Farwell, 411 W. Canfield, Avon Park; and Mrs. Bryant. All were released home after it was learned that

none of the three sustained any serious injury.

Patrolman Alton LaPlam of the Avon Park Police Department investigated the accident. He said no charges have been filed pending a further investigation.

An estimate of damages to the three vehicles was not immediately available, but was not believed to be heavy. (See photos on page eight)

DELENA IRENE HILL

Miss Delena Irene Hill, age 68, passed away Friday, February 23 at the Walker Memorial Hospital following a short illness. Miss Hill was a registered nurse and a member of the Seventh-day Adventist Church. She lived in Clearwater several years and came to Avon Park from Tennessee.

She is survived by one brother, Luther Hill of Anguere, in California.

Florida Sheriffs Honored By Freedom Foundation Society

The sheriffs of Florida have been honored by the Freedom Foundation of Valley Forge, Pa.

Highlands County Sheriff Howard Coker said the foundation is honoring the Florida Sheriffs Association for its work through the Boys Ranch. Sheriff Coker said he had received this week the following message: "The trustees, directors and officers of the Freedom Foundation at Valley Forge, Pa. announced... the selection of the Florida Sheriffs Association by the distinguished national and school awards jury to receive the George Washington Honor Medal for the community program—Florida Sheriffs Boys Ranch. And outstanding achievement in helping to bring about a better understanding of the American way of life."

The Boys Ranch, located at Live Oak, provides a home for boys from all parts of the state, whose own parents and homes are inadequate. The Sheriffs Association often points out that the law enforcement officials look on the Boys Ranch as their greatest weapon into prevention of crime and wasted lives.

ing achievement in helping to bring about a better understanding of the American way of life."

The Sheriff said the Boys Ranch, although it is a venture only a few years old is becoming very well known nationally, but this is the first time it has been honored by the Freedom Foundation.

Parents Urged Watch Children

Avon Park parents were given a word of warning this week by the city council to keep a closer eye on their offspring pending a study on whether or not to issue a curfew on youngsters.

The action came after council heard several reports of vandalism by youngsters in the area.

The board appealed to parents for help in the matter in order that the 10:00 a.m. curfew which is a city ordinance would not have to be invoked.

The curfew would effect all youngsters under 16 years of age.

Court Plagued With Improper Driving Permits

"Isn't there some way of making employers feel more responsible?" Judge Mervin asked again this week. The board appealed to parents for help in the matter in order that the 10:00 a.m. curfew which is a city ordinance would not have to be invoked.

The state law requires any one "driving for hire" to hold a chauffeur license.

Drivers are held responsible for knowing this, but County Court officials are becoming increasingly irritated because so many employers are becoming more lax in their employment of the law or even ask whether they hold the proper type of license.

Surly it isn't asking too much for an employer to tell each new man that he'll have to get a chauffeur's license. Prosecutor Hue Nunnally commented.

Nunnally pointed out that employers, or owner of the vehicle, may be charged with "allowing an unauthorized person to drive." He said several employers have been charged the past, "and we may have to go back to doing that," he concluded.

Two Jacaranda Guests Killed

Mrs. Walter Ferguson and Mr. C. C. Cole, recent guests at the Jacaranda Hotel here, were killed Tuesday near Cross City when the car in which they were riding crashed into a bridge.

Miss Ida Lambert, a third passenger in the car, was reported to be injured, but her condition was not known.

The trio was enroute to Tulsa, Okla. when the mishap occurred.

Pennsylvanian Passes Here

Leo David Kerr, age 69, died at his home Tuesday, February 27. He was a native of Titusville, Pa. and came to Avon Park from Pittsburgh three years ago. He was a retired draftsman and a member of Our Lady of Grace Catholic Church, Survivors include his widow, Mrs. Gertrude A. Kerr, and a grandson.

The funeral services will be held at the chapel of Stephenson Funeral Home Friday evening at 7:30. Burial will be at Our Lady of Grace Catholic Church Saturday morning at 10 a.m. Rev. Father Emil A. Hearing officiating. Interment in Bougainville Cemetery.

The bloodhounds pressed the Avon Park Devils off and on throughout the game and took advantage of hot outside shooting to surge ahead. The Devils led 19-7 at the end of the first quarter and held a 56-22 advantage at halftime. Mutual Says Forecast Is Good For Balance of Season

The outlook for a prosperous 4,000,000 boxes Trowell said, finish to the current citrus season is good. That was the word grapefruit, fresh fruit, ship this week from Frank Trowell, executive vice president of Florida Citrus Mutual.

Trowell was the featured speaker at a Mutual aid meeting held in Sebring Monday night. He said the outlook for grapefruit grower to reap a well deserved dividend for this year's crop.

When asked about the future for sectioning in Florida, Trowell said a new automatic machine is undergoing tests and if it proved successful, it would revolutionize that segment of the citrus industry.

Trowell revealed that Highlands County growers are symbolic of most of those throughout the state—in almost all cases, production being as good or better than that of a year ago.

Over 200 Highlands County growers members attended the Mutual dinner meeting, which is the third in a series of 13 planned over a year ago, by almost the group.

Circuit Judge Announces For Re-election

Circuit Judge J. H. Willson announced this week he will be a candidate to succeed himself in the 1962 Democratic primary.

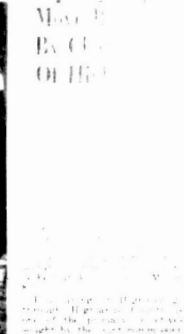

Willson was appointed Judge of the Twelfth Judicial Circuit in 1950 after having been elected Polk County Solicitor in 1948. Prior to his appointment as circuit judge he practiced in law on the circuit.

Willson came to Polk County in 1921 and was admitted to the bar in 1927. Prior to his appointment as circuit judge he practiced in law on the circuit.

Judge and Mrs. Willson have two daughters, Mrs. Ruth Pollock of Sebring, Fla., and Mrs. Mary Jane Garrett, Bartow.

Lee said he would make his decision in the next few weeks. The seat was formerly held by Howard G. Livingston of Sebring, who declines to run for re-election. Morris Adams, Jr., Avon Park businessman, has already announced that he would be a candidate for the two-year office.

A third man in the race has been "street talked" recently. He is Richard Dumas of Lake Placid, who owns dairy interests in Avon Park.

Thousands Attend Bank Open House

Literally thousands of persons came out for the open house of the Avon Citrus Bank, Saturday, as the bank opened all facilities to enable visitors to see the entire operation.

Not only did thousands attend the open house in person, but hundreds more kept the bank's new PARK telephone system humming with congratulatory calls.

The popularity of the bank's institution was well in evidence by the many arrangements of flowers which were found throughout the building. Those attending the open house were treated to refreshments, favors and a personal welcome by bank officials and employees. Kiddies present for the event were given balloons marking the occasion.

William Breece, bank president, said he "never dreamed so many people were so interested in the bank's progress." He went on to say that he was most gratified with the response given Avon Citrus Bank by its patrons and friends.

A complete picture of the open house can be found on Page 1-B of this week's Sun.
