Provine-Farrell Rites Held In Avon Park Methodist Church

The First Methodist Church was the scene of a simple but impressive ceremony Saturday afternoon at five o'clock, when Mrs. Claire Provine and Clyde Farrell were united in marriage. The Rev. Russell Boaz, pastor of the church, officiated. Mrs. Jerome Shultz rendered organ music which included the bride's favorite selections. Beautiful baskets of white gladiolus decorated the church altar.

The bride was attended by her cousin, Mrs. J. Paxton Hill. She wore a soft pastel blue dress with white accessories and an orchid corsage. Mrs. Hill was

attired in blue with white accessories and a corsage of white carnations.

Mr. Farrell was attended by Richard E. Noel.

Mrs. Harvey Hart, aunt of the bride, and with whom she has made her home since coming to Avon Park, wore a muted pink broadcase dress with white accessories and a white carnation corsage.

Following the wedding ceremony a reception was held in Wesley Hall. The three tiered bride's cake was baked by Mrs. Virgil Tondoe, a close friend of the bride.

The refreshment table was overlaid with a cut work cloth and white flowers, entwined in greenery, made an attractive setting for the punch bowl. Mrs. Tondoe presided at the punch bowl and Mrs. Boaz cut and served the cake. Mrs. Curtis McKennie and Mrs. Kenneth Grimes assisted with hospitality.

After a wedding trip to northern Florida, Mr. and Mrs. Farrell will be at home at 1066 West Pleasant Street. She is a teacher in the Avon Elementary School and he is employed at the Ford Motor Company.

County Suffers Severe Forest Fire Season

County Ranger Norman Wil-
liams said today that 77 fires
during the first half of this
year burned 3,380 acres in
Highlands county. This com-
pares with the 16 fires and 728
acres burned during the similar
six-month period last year.

Shortage of rainfall, which
results in dry woodlands and
makes it easier for fire to start,
was the basic reason for the in-
crease in number of fires re-
ported in most Florida counties.
Drought conditions also were
responsible for larger acreage
burned.

Forest fires have their origin
usually through human careles-
ness, incendiarism, and light-
ning. Fifty-one of the state's 67
counties—including Highlands
county—are protected by units
of the Florida Forest Service.

Statewide, the forest fire
season which began last fall
was termed the "worst forest
fire season since 1923-24." Dur-
ing the first six months of 1962,
6,800 forest fires in Flori-
da burned 246,000 acres of pro-
tected forestland.

On unprotected land an esti-
mated one and one-half million
acres burned, mostly in Polk,
Volusia, Hendry, Broward, Deak,
and Oklawaha counties.

Generally over Florida, June
rains have relieved a forest fire
situation described by the State
Forester as extremely critical.

Two city employees appeared before council at the last regular meeting seeking pay raises. Action was deferred on their plea until the survey could be made and digested.

Council was in general agreement to remove the parking meters from the city streets, but postponed any definite action pending an investigation of an alleged balance on the purchase price of the meters.
