National Lead's broadly diversified operations served it well during the 1958 and 1960 recessionary periods, when net of $3.6? and $4.10 a common share, respectively, still covered the $3.25 a share dividend maintained since 1956. It likewise permitted substantial outlays for expansion and modernization. Modest earnings betterment from operations is expected of 1961, compared with the $4.10 a share of 1960. A FATHER'S PLEA

Dear Driver:

A few weeks ago, I saw a little girl struck by a car as she tried to cross the street. I saw a father race toward her and hold her to him as she struggled in the agony of death. I saw all the plans that had been made for her dashed and I saw the look of dispair that came over his face. I could only offer a prayer that such a thing might never happen again.

Today my daughter, who is six years old, started off to school. Her cocker spaniel, whose name is Scott, watched her leave and whined his belief of the folly of education.

Tonight we talked about school. She told me about the girl who sits in front of her, a girl with yellow curls, and about the boy across the aisle who makes faces; about the teacher who has eyes in the back of her head; about the trees in the school yard and the big girl who does not believe in Santa Claus.

We talked about a lot of things—tremendously vital and unimportant things.

Now, as this is written, she is sound asleep with her doll 'Paddy' in her arms.

When her doll gets broken or her finger gets cut or her head gets bumped, I can fix them. But when she starts across the street—then, Mr. Driver, she is in your hands.

Much as I wish I could, it's not possible for me to be with her all the time. I have to work to pay for her home, her clothes, her education.

So, Mr. Driver, please help me to look out for her. Please drive carefully. Please drive slowly past schools and at intersections. And please remember that sometimes children run from behind parked cars.

Please don't run over my little girl.

With deepest thanks for whatever you can do for her, I am,

Very sincerely yours,
(signed) FATHER

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

"What shall I render unto the Lord for all His benefits?" (Psalms 116:12). Every man of earnest and serious mind must ask himself this question as he meditates on the goodness and the Grace of God toward him. We want to do what is right in our every association with God and man. The Government takes as its proper share at least twenty per cent of every man's income. WHAT IF GOD SHOULD REACH DOWN INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS TO HIM? How much would be left for us? Have you raised corn? Or did you and God work together in making the corn crop? And just which of you put more time and energy into the process? Have you "struck" oil? Who spent centuries creating the oil and holding it in the underground lake until you came along? Is the oil really all yours? What is God's share? YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS; WHAT IS HIS PORTION?

Jesus Christ is our revelation of the generosity of God who has been the eternal Giver, enriching us with every sort of good thing. From the day of the first creation God has been at work with and for man. Each of us represents in his body and in his soul the everlasting toil of God, who truly wants to make us His children and who desires us to join Him in making an ever better world for His sons and daughters to live in. JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP IN THE PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?

Jewish and Christian people have agreed that we ought to give at least a tenth of our income to God and His Church for the carrying on of His redemptive program. A tenth will not necessarily discharge all our debt, but it will show a sense of deep gratitude. Everything is His, even the cattle of a thousand hills and the abundant harvest from the fields. He gives us everything which makes life abundant. Our ideal is to join in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be good partners with God. Let us be His co-workers. MAY WE GLADLY GIVE BACK TO HIM AT LEAST A TENTH OF WHAT HE SO FREELY GIVES US."

Elementary Teachers Attend Reading Demonstration March 1

The teachers of Avon Elementary School attended a Reading Demonstration given by the Row Peterson Company on Thursday, March 1, in the Woodlawn Elementary School in Sebring.

The Row Peterson textbooks are used in the county schools and the demonstration was given by Tom Shannon and Miss Tillman, representatives of the company, in order to help the teaching personnel use their material to the best advantage. Many helpful hints and useful techniques were gotten by the local faculty.

Mrs. Mary Roberts, County Elementary Supervisor, arranged the profitable day for the Highlands County teachers with the help and encouragement of Andrew Miracle, Superintendent, and the School Board. The primary teachers attended the morning demonstrations which were especially geared to their grades and the elementary intermediate teachers had the afternonon hours for their instruction.

During the hours that the teachers were away from their rooms a group of parents and friends took their places as "substitute" teachers. Without the help of this unselfish group the educational meeting could not have been held. Their valuable service made the absence of the classroom teacher possible. Each teacher briefed the parents on the work previously and classroom work continued without interruption.

Mr. George Kelsey, principal, and the teachers of Avon Elementary would like to express their sincere thanks to these mothers and friends who helped so much on Thursday:

In the first grade were Mrs. Albert Lawrence, Mrs. Lucy Robinson, Mrs. Don Teal, Mrs. Dick Rhodes, Mrs. Charles Snelgrove, Mrs. James Parker, Mrs. W. W. Stringer and Mrs. Harold Hopson.

In the second grade were Mrs. Louis Wainwright, Mrs. Gerald Wicker, Mrs. Bennie Harvey, Mrs. Sarah Heatherly, Mrs. A. C. Wester, Jr., Mrs. George Townsend, Mrs. S. S. Pardee and Mrs. John Acri.

In the third grade were Mrs. Charles Watson, Mrs. Fred Renfro, Mrs. Sara White, Mrs. Fred Jahna, Mrs. Cecil Skipper, Mrs. Ernest Gore, Mrs. Roy Seims.

In the fourth grade were Mrs. J. H. Bradberry, Mrs. Phil Weber, Mrs. Robert Barber and Mrs. Art Turner.

In the fifth grade were Mrs. Patricia Jones, Mrs. Louise Perkins, Mrs. Walter Mandis, Mrs. Hugh Booth and Mrs. Bill Thompson.

In the sixth grade were Mrs. Elton Crews, Mrs. Harmon Atkins, Mrs. Louis Wainwright, Mrs. Edna Long and Mrs. Marguerite Oberdoorf.

"Moon Boom" Expected To Help Economy

The Florida "Moon Boom", and the upward trend of the State's economy because of man-to-moon projects, is reflected in Florida Power Corporation's 1961 annual report released this week to stockholders.

A unique feature of this year's report is its timeliness of illustration. Although planned months ago, and released only today, the four-color cover highlights a rocket blast-off from a Florida launching site.

According to W. J. Clapp, president of Florida Power, gross revenues increased by 9.3 per cent; net earnings from common stock climbed 5.2 per cent; and customer growth, although at a slightly lower rate than in 1960, was up an average of 10,722 customers.

The report stresses how Florida and the territory served by the company has become an important consumer market as well as sharing in the industrial growth resulting from the "Moon Boom". During 1961, the State has moved from 10th to 9th place in population standings.

To keep up with this rapid growth, and as evidence of faith in the future, Florida Power expended a total of $35,100,000 for new construction in 1961. Clapp stated, ". . . in order to complete the 1962 construction program, which was increased to $39 million, it will be necessary to obtain $22 million of outside capital."

A ten-year growth tabulation in the report shows the impact of the State's growth on the company, and an increase of 441 per cent in the company's taxes paid to Federal, State and local governments.

Clapp also pointed out: "The maximum peak-hour load was 805,000 kilowatts—a surge of 49,000 kilowatts over 1960." He said that this increase was a little less than the two preceding years and that the maximum peak-hour load was 167 per cent greater than 10 years ago. Per-share earnings for 1961 were: $1.37 compared with $1.30 for 1960. A dividend of 24 cents was paid to common stockholders in December, 1961, which moved up the annual rate from 88 cents to 96 cents per share.

New Quarters For Claims Court

Highlands County Small Claims Court has a new court room. The Small Claims Court now holds bi-weekly sessions on the ground floor of the court house in the office opposite the county health department.

The court shares this office with the Social Security Administration.

Small Claims Court, presided over by Judge David Lanier, formerly met in the small court room on the first floor of the court house. That room is used as court room for County Court and Juvenile Court and serves as "private" office for Juvenile Counselor Robert Lindsay.

Deposit-Free Motor Oils Now Available

Standard Oil Company (Kentucky) is now offering Southern motorists a line of revolutionary new motor oils, it was announced today by W. C. Smith, president of Standard Oil Company (Kentucky).

Sold under the brand name RPM these new motor oils contain an ashless detergent that halts engine wear, Smith stated. This detergent leaves no ash deposits, keeps combustion chambers clean and moving parts free of sludge so that engines perform better, last longer and require less maintenance.

"These new RPM oils have been thoroughly road-tested in other marketing areas and millions of miles of customer driving have proved that ashless detergents do a remarkable job of halting engine wear," the Standard spokesman said.

With the introduction of new RPM Motor Oils, Standard's retail outlets will offer the only complete line of deposit-free oils in the South.

Loan Official Visits Maxwells

Mr. and Mrs. Clyde W. Shahan of Rome Ga. were weekend guests of her sister and family, The Hayes Maxwells. The Shahans were in Miami attending the Southeastern Conference of United States Savings and Loan League which is an organization covering 11 states. Mr. Shahan was elected president at the Miami meeting.

Mr. and Mrs. T. H. Maxwell, Jr. of Miami accompanied The Shahans to Avon Park, and on Sunday Mr. and Mrs. Hayes Maxwell took them to Tampa where they returned to Rome via jet plane.

Other members of the Maxwell family spending the weekend here were Miss Claire Maxwell and Mr. and Mrs. W. R. Day and baby daughter, Bonnie Claire, of Gainesville.

It's pretty hard to convince the kids that the shortage of teachers is a calamity.
