Commission Meet Changed

Highlands County commissioners will meet for their second meeting for March. The board will convene at 8 a.m. on Thursday, March 22.

The meetings are usually held on Tuesdays, but the March 20 meeting conflicts with the semi-annual session of the Florida County Commissioners Association. The Association will meet in Jacksonville on March 20, and several of the Highlands County board members are planning to attend.

Slate Remains Clear For Five Incumbents

With filing time half gone, only incumbents have qualified to run in the May primary. During the past week three incumbent school board members filed to run for re-election.

Henry Bailey of Sebring will be seeking his fourth term as a member of the school board. E. Ray Wells of Avon Park will be seeking his third full term, and John W. Wirtz, Jr., of Lake Placid will try for a second term.

School board members serve four years.

At board meeting on Tuesday, Bailey and one resident of district 5 (now represented by Bailey) had indicated an interest in running for the board. Deputy Circuit Clerk Charles Lantry said he had received no inquiries about another school candidate.

Incumbent commissioners James Crow and Eugene Hamilton are the only candidates for board of commissioners to date. Deadline for qualifying for the primary is March 20.

County Court Jurors Named

The March term of County Court was scheduled to begin at 9 a.m. on March 21.

Citizens called for jury duty during this term are Willis E. Stoddard, Earl J. Pyke, Donald Layton Edwards, Lee A. Westworth, Elton M. Lawrence, Walter E. Seager, Billy C. Murphy, Ted J. Ward, Gerald R. Wheeler, Hubbard T. Higgs, all of Avon Park.

Ben E. Tillman, Charles D. Mackley, H. J. Sutterfield, Henry Dembia, Wade G. Breen, H. K. Webster, Marcus H. Pyle, Thomas N. Lott, C. E. Jones, Jr., O. L. Williams, all of Sebring.

Edna Montanosa of Lorido, Carl Prescott, Jr., of Brighton, Carl Williams and T. J. Hayes of Lake Placid.

Gasoline Tax Collections Up

Gasoline tax collections in Highlands County during February for state made in January are still on the increase. State Comptroller J. E. Green announced this week.

A whopping 1,016,190 gallons of gas was sold in the county during January for a tax collection of \$713,323.50, based on a tax of seven cents per gallon. This figure was far ahead of the same collection period a year ago when \$59,178.56 was collected. Collections for January of this year were \$119,254.45.

Total gasoline tax collections for the state during February were \$11,194,992.89 compared to \$10,821,517.17 in 1961. Collections in January were \$11,190,646.22.

Mayor DeLaney Complimented At Dinner Meet

What began as a celebration heralding the completion of a drive paying tribute to Avon Park ended in a real test: a memorial dinner for Mayor E. A. DeLaney, Tuesday night.

The City of Avon Park played the role of host to past and present city councilmen and Highlands County Commissioners, all of who had a hand in obtaining the street paving locally.

However, shortly after the dinner affair got underway, it became apparent that Mayor DeLaney was the "man of the hour" as many of his associates poured out glowing tributes to the long-time city aviant.

According to the sentiments expressed by those present, DeLaney was the driving force behind the street program and is largely responsible for its success.

Several county commissioners made particular note of the fact that DeLaney had been behind the street program and all of the county. On two occasions he was given standing ovations for his efforts.

As a conclusion to the meeting, DeLaney was thanked for what he would continue to strive for the better of Avon Park, Sebring, Lake Placid and all of the county. On two occasions he was given standing ovations for his efforts.

Highlands County Judge Mervin Rehner is completing plans for the annual Winter Conference of the Florida County Judges' Association, March 28-31. Judge Rehner will be host for the conference as it convenes at Pinecrest Lakes Club.

Judge Monroe W. Treiman of Hernando County is president of the Association.

Panel discussion on major areas of county court will highlight the conference. On Thursday judges are to participate in discussion on "Uniform Administration of Criminal Courts," "Alcoholism and Mental Health," and "Admission of Children to State Institutions."

Friday's discussion will include a session on "Problems in Probate Guardianship and Incompetency Proceedings" and an informal discussion of liaison between circuit courts and county courts with an emphasis on conflict in jurisdiction.

On the opening day there will be separate sessions for juvenile judges and county judges not having juvenile jurisdiction.

The first day of the conference (March 28) will close with a luncheon in honor of Judge and Mrs. Rehner by the visiting judges and their wives.

Conie Purvis, a passenger in the city company truck, was injured in the accident and last week filed a civil damage suit against Deck.

This accident occurred on U. S. 90 east of Sebring, and was one of the half-dozen collisions reported in the same area on the same morning.

County Juvenile Counselor To Speak At High School PTA

Problems concerning the Highlands County juvenile court and the problems of teenagers will be the topic of discussion when members of the Avon Park High School Parent-Teacher Association meet at the high school at 8 o'clock tonight.

Robert Lindsay, juvenile counselor, will be the speaker. For the evening he will discuss the problems of teenagers and the problems of the juvenile court.

Other program features will include selections by groups of the Avon Park High School band, flute trio, clarinet quartet, flute solo, brass choir and a second clarinet quartet. The youngsters will be presented by Vir. McKinnis, band director, who is grooming his charges for district and state music contests this spring.

President Robert M. Gay will preside at tonight's PTA session. A number of matters of business will be discussed.

Annual Spelling Bee Slated For April 6 At Sebring School

Plans were underway this week for the annual Highlands County Oral Spelling Bee to be held at Sebring High School on April 6.

The spelling bee will again be sponsored by the county newspapers—the Avon Park Sun, Sebring News and Lake Placid Journal.

Pupils in grades 4-8 inclusive are eligible to enter the contest, but in all cases must be under 16 years of age. Certificates of merit will be given for the winners and runners-up from each school in the elementary and junior high division.

The over-all county champion will receive \$10 in cash and a trophy. The runner-up will receive a \$5 cash prize.

Last year's contest was won by Jane Ellen Thompson, Avon Park, who has since moved to Buckley of Lake Placid.

Winners of Avon Park Elementary and Junior High School will be announced when they become available.

Two Avon Park men were among the drivers penalized in County Court this week for driving while intoxicated.

William Park, Jr., white, 28, and Louis McCaffrey, white, 25, both entered pleas of guilty.

Park also pleaded guilty to driving with improper brakes and with improper tire. Judge Mervin Rehner assessed costs (\$12.50) or 10 days in jail on each of these charges.

The car is to be held until the brakes are repaired, and it is proper license is not obtained. The fine on that charge is to be paid to \$25 or 15 days in jail.

On the driving while intoxicated charge Park is to pay \$200 or 30 days in jail, and the driver's license was revoked for a year.

McCaffrey was fined \$200 or 30 days in jail and his license revoked for three months.

The accident occurred on U. S. 90 east of Sebring, and was one of the half-dozen collisions reported in the same area on the same morning.

The Salvation Army annual appeal, the first for a long time, is now well underway, with the appeal letters now in the mail for the following cities and towns: Sebring, Avon Park, Wauchula, Lake Placid, Bowling Green, Zolfo Springs, and other nearby communities.

County Pupils Score Major Science Wins

Students of the Avon Park, Sebring, and Lake Placid elementary schools scored major wins in the District Science Fair held last week in Brooksville. The Avon Park students won the most ribbons, with three blue ribbons and three red ribbons.

The Sebring students won two blue ribbons and one red ribbon. The Lake Placid students won one blue ribbon and one red ribbon.

The opening paragraph of the letter makes reference to the "Operation Alert" which is a name used in connection with anti-communist drives in several Florida communities but which has not been used by any Highlands County organization.

Miracle said that 24 teachers at Avon Park Elementary and 25 at Avon Park High School have received the same letter. He did not have the exact count on the number received in Sebring, and 20 have been forwarded to Lake Placid teachers. The Lake Placid letters had postmarks from that community.

The letters received in Avon Park were postmarked Sebring, and some of the Sebring letters had been mailed in Avon Park. Miracle said he had been hearing of teachers receiving communistic letters from the school system usually from Lakeland.

The board approved the Highlands County School Board's recommendations of Kenneth Smith as principal for Deltona City School for the 1962-63 year.

The board clarified policy on the use of school auditoriums and set a minimum rental fee of \$15 and a maximum of \$25 for the use of the auditorium for a dance or social on May 25.

The Avon Park Civic Club was given permission to use the Avon Elementary Cafeteria for a talent show, but supper and refreshments were not permitted.

Avon Park National Honor Society was given permission to engage in a money-making project with a soft drink company. The board assured it was carrying on outside school hours.

E. O. Douglas school was granted permission for two educational trips—to a hand clinic in Clearwater on March 24 and to the Madison Play in Lake Wales on April 7.

In making the assistance for Highlands County students to attend the state science fair, the Science Coordinator said that a student must accompany his entry. Two of the students with qualifying entries have indicated that they will not be able to go to the state fair, but Clark expects the other 10 qualifiers to make the trip.

The Anne-Bell Worthington, senior at the South Highlands school, died enroute to a Sebring hospital after her car crashed off U. S. 27 about three miles south of the Sebring city limits.

The vehicle went off the highway, striking a cement culvert and then hit a second culvert before coming to rest in a ditch. Trooper A. J. Hobbs of the Florida Highway Patrol investigated.

Council To Require House Moving OK

Action Taken After Citizens Appeal Monday

In a somewhat unexpected meeting of the city council Monday night, measures were taken to govern future moving of houses within the city limits.

On a motion by Chairman King, the board unanimously approved an order requiring approval by the group before a house may be moved either into the city or transferred to another location.

The move was made after several homeowners appeared, raising stronger requirements. The group was also told that the city had no right to require a house to be moved either into the city or transferred to another location.

In other action, the board approved a resolution to award a special award to a citizen who had donated a large sum of money to the city for the purchase of a new fire truck.

The board also approved a resolution to award a special award to a citizen who had donated a large sum of money to the city for the purchase of a new fire truck.

The Red Devils were not here much time to sit back and have a good time, however, the Lake Placid High School team will be here at Brooksville for the Lake Placid Conference.

One of the main and most important of the season and next Monday afternoon the Devils will travel to Anniston to take on the Bulldogs in another conference battle.

MATCHLESS

in power is God. How generously He deals with His world. All of our physical necessities are miraculously supplied by Him. He planned it so all wild creatures could live in abundance. He pointed us human beings to faith in God and challenged us strongly by citing the birds, "Your Father feedeth them." Then pause by the clear stream, take in the fresh air, examine the fruits of His fields and "Be Still and know that He is God." Just who among us would doubt that He gave us the soil, the seed and the sea??? He gave His church for congregating and praising The Lord. It is here He quickens our spirits by the revelation of truth and goodness and feeds our deeper needs with His love and grace. He is the matchless beneficent.

Ira McClarren Observes 92nd Birthday Here

Ira McClarren observed his 92nd birthday Monday, March 12. His daughter, Mrs. Howard Messinger and her husband, from Clearwater were here to spend the day with Mr. McClarren.

The McClarrens came to Avon Park in 1946 from To-

ledo, Ohio. They owned a home on N. Lake Avenue and even as you warm dinner rolls since Mrs. McClarren's death. Then place it on the napkins in three years ago he has made the serving basket. It helps to keep the rolls hot during the meal.

He has been honored with many gifts and good wishes from his friends.

There is a difference between good, sound reasons and reasons that sound good.

Miss Shirley Marshall and James Lloyd Baucom were married Saturday night in the Church of God. The Reverend Thomas White performed the ceremony in the absence of the pastor, the Reverend Don Staton, who is recovering from an illness. Baskets of white gladioli and chrysanthemums and palms decorated the altar. Mrs. Ray Johnson, pianist, rendered the traditional wedding music and accompanied Miss Annette Rich, vocalist.

The bride wore a formal length gown of white tulle and set with the top of the bodice and cap sleeves made of Chantilly lace. Her bouquet featured a yellow throned orchid and her shoulder length veil fell from a small headpiece.

The bride's only attendant, Miss Helen Thomas, wore a dress of pink nylon and carried a bouquet of red roses.

Harold Baucom attended his brother as best man.

Following the ceremony a reception was held at the home of the bride, 834 South Verona Avenue.

Miss Betty Hill, cousin of the groom, kept the guest register. The beautiful tiered bride cake was cut and served by Mrs. Elva Jackson. Mrs. Myrna Johns, both sisters of the bride, presided at the punch bowl. Miss Linda Baucom, sister of the groom assisted with the serving.

PICK A SIZE PICK A PRICE

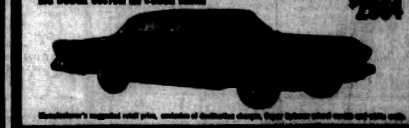

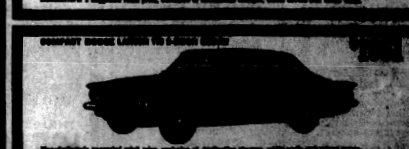

Now there's a Dodge in every class. While they differ in size, power, appointments and price, they have a lot in common, too. Rustproofed body. Low-friction steering. Turbo-Aero V-6, 2400 cubic inches between gas jets.

BIG DODGE CUSTOM 88. This is the big one. Almost 16 feet long, 125" wheelbase. One-of-a-kind. A mighty 261 cu. in. V8 puts out 188 horsepower. It's big, all right. Custom-made for the big car man.

NEW SIZE DODGE DART. Stand right in the middle of the big and little. Two feet shorter than America's longest car; two feet bigger than the smallest. You get maneuverability and room, economy and performance. The standard air engine is the most powerful going. The standard V6 puts anything near Dodge's price.

COMPACT DODGE LAMB. By 1963, the only car in America with a full headlight camera. You'll call it America's smallest when you try the snug fit of its standard 170 cu. in. V6. So if you want a compact that does more than save gas, Lamb's your answer.

Racing World Awaiting 12 Hour Sebring

SEBRING—March 24th coming for road racing fans from all over the world.

With an overflowing entry list of sport cars and specially designed high speed racing cars the 12th Annual 12 Hour Endurance Race here at Sebring, Saturday, March 24th, the go signal under the guiding hand of Honorary Starter, Florida State Senator George Smathers, will present to spectators the most glorious spectacle of road racing ever presented in the Western Hemisphere.

Not since the days of Jimmy Doolittle in the monstrous Duesenbergs has the road racing fan had the opportunity of seeing America's trained drivers bid for the elusive crown of world champion in an American made car.

Chevy powered Chaparrals, built and designed by Hal Sharp and Jim Hall of Midland, Texas, will blend their thrifty roar with the supreme blast of power from Italian born Ferraris and Kersalts.

Stirling Moss, England, and Innes Ireland from Scotland, both world famous road racing pilots will be swapping driving shifts in this one of a kind event which takes place in the 1000 mile duel over the 5.2 mile road racing course here at Sebring.

Unlike the oval of stock car racing, this twisting, turning road course takes the split second judgment of men used to shifting down through the gears for a hairpin bend, lighting fast tape on the fiery red disc brakes and away for the mile long straight that will see tachometer needles in the 8000 bracket and speeds will over 160 miles an hour.

Coming in under the deadline for entries is an experimental "salon" with all the goodies entered by Holman-Moody, Charlotte, North Carolina speed engineers with "Jocko" Magliacomo of Poughkeepsie, New York, East Coast stock car champ and Ulf Norinder, Sweden, drivers.

Advance sale of tickets to this salvo of men and machines pitted against the clock is far ahead of last year's famous 12 Hour. Fans are urged to take advantage of the few remaining open spots left at the hairpin corners and famous "sea" bend.

Write or call Advance Sales, P.O. Box 71, telephone EV 5-7161 to avoid disappointment Friday and Saturday, March 23rd and 24th.

How Do I Get Going? I'm a person who has a hard time getting started. But I don't think I'm alone. EVERY morning I wake up and wonder how I'm going to get started. I'm not too different. A complete stranger once showed me how to wake up early in the morning. Any problem? It's life. It's not more than average. But it's really worth it. It's the first thing in the morning. Because of my bedridden condition, I was told to start off about like a cold mother that needs a change of clothes. How do I get going? Ruth R.

Answer: Dear Ruth R. —
Your change of "plugs" we'll
accomplish by using our neat
little trick of substituting
what-you-do-want for what-
you-don't want.
What-you-don't want — The
"Blue Monday" habit.
What-you-do-want — A
"Oh — what-a-beautiful-morn-
ing" habit.

Here's How
We're going to give you a remarkable facility of your mind which no doubt you have but which is retrograde and not very remarkable.
Haven't you often said and thought, "I wish I could remember that!" Now I want to wake you up in the morning at exactly the desired time might be? When you wake up, you will have a clear and genuine desire to be awakened at the specified time.
Without benefit of alarm clock, you will awaken at the desired time.
So why not make further use of this time faculty of your mind?
