Grid Banquet Slated Nov. 30

W. A. Madden, president of the Avon Park Athletic Association announced this week that plans are underway for a football banquet to be held on November 30.

A prominent speaker is being sought for the event. Tickets will go on sale in the near future.

Plans for a similar banquet following the baseball and basketball seasons are also underway.

School Board Told Attendance On Increase

In a much briefer than usual session Tuesday night, School Board members were told that the county's ten schools were running well above that of a year ago.

A total gain of 256 was noted in the report given by County Superintendent Andy Miracle.

Attendance figures for the first two months of this term show that 4,523 students have attended classes.

Enrollment figures were also well above those of last year. Current enrollment in county schools is 5,118 or 306 more than the 4,812 last year.

The percentage of attendance is identical this year as last—94 per cent.

Avon Elementary had the largest attendance with 775, a gain of 61 over last year.

Two students in the county are now in the ...

No Action By Grand Jury In AP State Audit

Council Plans For Special Meet On Raises

The on again, off again subject of a pay raise for city employees is apparently on again. At the regular meeting of the city council Monday night, board members agreed to call a special meeting to iron out a uniform pay raise schedule.

They did not set a specific date for the meeting however.

Jimmy Doherty, a newcomer to the five-man board, presented the question to the board. He argued with board president H. H. (Chic) Farlow that the subject should be discussed at the next meeting.

In other action, the city council Monday night agreed to make a salary survey for the city employees.

Mr. Farlow said that the city council should not be in a hurry to make a salary survey.

Farlow qualified his negative vote when he said that he would not make a final decision before making a final decision.

15-Year Resident Passes Nov. 6

Mrs. Anna Lipstreu, age 87, passed away Tuesday, November 6, at Walker Memorial Hospital. She came to Avon Park 15 years ago from Cleveland, Ohio. She was a member of the First Methodist Church.

Correction

Mike Duggan, Eagle Scout, participated in the Scout ceremonies held last Monday night, and not his older brother, Robert, as was reported in the newspaper account. Mike is the youngest Eagle Scout in the Gulf Ridge District.

NEW RESIDENTS

Mr. and Mrs. M. O. Dawson, who are from West Virginia, have joined the new residents of Avon Park. They are presently living at 1106 W. Pleasant Street.

SILVER SPRINGS

The first president of the University of Florida, who established the university in Gainesville in 1906, was Dr. Andrew Shedd.

Junior Women Meet at Ridge Area Day School

In conjunction with a program aimed at bettering the Junior Women's Club held its November meeting at the Ridge Area Day School Tuesday night. The meeting was held in the school cafeteria and was attended by a large number of women. The program was presented by the school principal, Mrs. J. C. Rainbow, who was the guest speaker. The program was a very successful one and the women enjoyed it very much.

Witnesses To Hold Second Assembly Meet

The assembly will cover the Florida Circuit No. 7 which comprises 10 cities from Naples to Zephyrhills. J. C. Rainbow, president of the local group, said, "since we are living in serious times, it is imperative for Christians to assemble frequently for mutual encouragement and edification through instruction from God's word. About 40 families from Avon Park and Sebring are expected to attend the meeting. Rainbow said the theme of the assembly will be "Spread The Word of Life."

If you want to wake up to success, you'll better wake up to reality.

BREAK GROUND FOR HOSPITAL ADDITION—Official ground breaking ceremonies for the new 32-bed unit at Walker Memorial Hospital were held last week. Shown at the ground breaking are, left to right: Jim Mann, M. C. Telford, Audley Lynd, Ward E. Ray Wells, Charles McCallie and Mayor E. A. DeLaney. All are members of the hospital's advisory committee except Lynd and DeLaney. Lynd is administrator of the hospital. (Cleveland Studio Photo.)

AVON PARK LAKES NEWS

By Thomas L. Merrill Phone GL 3-4146

All Avon Park Lakes Association members are urged to attend a November 18th convention at the Club House on Thursday, November 18th at 8:30 p.m. The purpose of the meeting will be to nominate incumbents to fill vacancies on the Board of Governors. The meeting of Patriots Chapter of D.A.R. was held Monday at the home of Mrs. Wm. C. Schaeffer in Sebring. Speakers for the afternoon were Mrs. August Luyben, Mrs. J. Schutt, and Mrs. Clarence Rye.

The regular monthly meeting of the Board of Governors of the Avon Park Lakes Association convened on Thursday at the club house.

Thirty Association members enjoyed a card party on Tuesday night at the club house. Hostesses for the evening was Miss Bertha Donahue.

We are all happy to welcome Mrs. Helen Adams home from the Winter Haven Hospital. She will welcome callers during her recuperation period.

The Square Dance group had a pleasant evening on Wednesday at the club house. There were three squares, 24, lively dances.

Mr. and Mrs. Al Diebold's new grandson "arrived" last week. The parents, Mr. and Mrs. Richard Diebold, of Kalamazoo, Michigan, named the new baby boy Kenneth Orville.

Congratulations, grandparents Mr. and Mrs. Clarence Spencer have returned to their home on Lake Adelaide. They had a delightful summer at their cottage in the Winter Haven Hospital. The Spencers also enjoyed visiting their children and grandchildren in Rochester, New York. Welcome home!

Mr. and Mrs. John Schorn of Sioux City, Iowa are building their new home near Lake Chilton. We welcome you, new neighbors.

We are sorry to lose our good friends and neighbors, Mr. and Mrs. John Schorn of Sioux City, Iowa are building their new home near Lake Chilton. We welcome you, new neighbors.

Red Devils Prepare For Sebring...

(Continued from page one)

Stricker, the Red Devils drove 15 yard penalty line. The use of arms on offense and the Devil drive looked downed with second down and 15 yards needed for a first down. The float-drive Stricker was called on twice in succession and picked up seven yards on his first try. Then he broke loose to all out on the 20 yard line. Stricker took a pitch-out from Sullivan and simply outran Okechobee defense into the end zone for the Devil's first score. A couple of key blocks by Red Devils opened up the corner for Stricker and that was all that was needed. Max Still's run for the PAT was stopped short of the goal line but Avon Park's early 6-0 lead.

Neither team was able to move for a first down during the time remaining in the first quarter and at the second period opened, Okechobee was forced to punt as Billy Miracle charged into the Brumans' backfield and threw Lawrence for a seven yard loss on third down. The Chobee punt was a 44 yard beauty however, and Padgett took it right at the goal line and moved it out to the 15. The Devil offense was stymied after an offside penalty moved the Devils back to their own ten and Bill Ward hotted a 37 yard punt out on third down.

Okechobee was held for three downs on the 50 but another 15 yard penalty against Avon Park on fourth down gave the Brumans new life on the Devil 33 and it looked like the Big boys were moving for a TD as they marched the ground to Avon Park's 15 yard line. Here the Devil defense held leaving the Brumans needing three yards to keep their drive alive and Avon Park took over on their own 15 after a great defensive stand. Again the eager Red Devils jumped off-side and committed a backfield interference penalty to take two yard penalty to move through the middle. Sullivan called on Stricker again and the speedster showed his heels to the Brumans as he went in under the line and rolled out and carried the ball over himself on the try for the extra point to give Avon Park a 15-0 lead early in the third quarter.

Okechobee, badly rattled by now, fumbled after a 30 yard punt. The return and the offside DeWayne Lember recovered to give Avon Park another offensive attempt at their own 33. The Devil started moving on the ground with Madden, Sullivan, Padgett and Stricker picking up the yardage for four first downs and a 14 yard dash to the Brumans five yard stripe. The Brumans pulled themselves together at this point and threw Sullivan for a two yard loss, then he Madden took the ball and still for another two yard loss leaving the Devils on the fourth and goal from their own nine yard marker. Sullivan called for a pass but the Brumans knocked it down as they held four downs on their own five.

Inspired by their strong defensive stand, the Okechobee team showed Avon Park fans a glimpse of no pain and caught still for another two yard loss leaving the Devils on the fourth and goal from their own nine yard marker. Sullivan called for a pass but the Brumans knocked it down as they held four downs on their own five.

Neither team could generate an offense in the remainder of the fourth quarter. Devil lineman Andy and Bill Stricker teamed up to stop one Brumans drive at midfield but failing and then recovering a fumble. Andy fell on the ball for the Devils. As the game time dwindled on Avon Park's defense pushed the Chobee team back to their own one-half yard line from the 19 yard line. On the last play of the game, Okechobee punted out from their own and came to the Devil 30 and the final whistle blew giving the Red Devils a very satisfying 15-0 upset over the Brumans eleven.

The University of Florida offers 11 closed circuit television courses for academic credit in French, journalism, humanities, and chemistry.

Nebraska Native Is Buried Here

Funeral services were held at Stephenson Funeral Home Chapel last Friday for William Ames who died on November 7 at his West Canfield Street home.

Ames, 82, was a native of Hastings, Nebraska, and a member of Jehovah's Witnesses.

Survivors include his widow, Mrs. Nellie Ames, a daughter, Mrs. Bessie Hill, a son, William Lee Ames and three brothers, Frederick, Morris and Frank.

Interment was in Boggsville Cemetery.

The University of Florida offers instruction in approximately 100 different areas of specialization. In 85 of these, course material is offered to lead to undergraduate degrees.

Eighty departments offer work leading to the master's degree, and 45 to the doctor's degree.

THANKSGIVING DAY RESOLUTION

As the Thanksgiving Day President issues his message, a certain day to be set apart for the people of the United States shall give us a chance to look back on the things that have happened this year. It is a day of thanksgiving, when we can look back on the things that have happened this year. It is a day of thanksgiving, when we can look back on the things that have happened this year. It is a day of thanksgiving, when we can look back on the things that have happened this year.

But to me it means something more — It's the day we should take an hour or so out from the rush of time to think about the year that's almost past. Because it's a quiet time, it's easier to do this on Thanksgiving Day than on New Year's Day. Because it's a special time to be thankful, we can look back, with thanks, before looking ahead, with hope. Although we thank God every day for His blessings and favors, on Thanksgiving Day we can get a better perspective of the past year than is possible from day to day or week to week, and thank Him for our personal safety and comfort, for the rich, beautiful, although troubled Nation in which we live, for the joys we've experienced, for the sorrows that are a part of each life, for our families and friends — new and old.

In this quiet hour, we can consider what mistakes we have made, and what successes we have known. Reviewing the past year, the most important events stand out, while the trivia, vitally important at the time, fade into the background. It is a time to lay plans for the coming year — to think about what we would like to accomplish, to decide how far up the road we would like to travel.

Haven't we all made New Year's Resolutions and then lost them, or torn them up when we found we couldn't keep the grandiose resolutions? By using common sense and good judgment, knowing our strengths and our weaknesses, we can make resolutions that fit our way of life. With thanks in our hearts, at Thanksgiving time we are more liable to make plans that are in keeping with possible fulfillment.

Green Reports Increase In Tax Collections

Tallahassee — State Comptroller Ray E. Green reported recently that October sales tax collections totaled \$1,174,107, an increase of \$988,619, or 4.9 per cent over the same month last year.

The Comptroller said the increase was "most gratifying" in view of the fact September's collections for August, normally a good tourist month, were up only 1.94 per cent over the same period last year.

Green said sales tax collections for the current fiscal year, July through October, total \$3,006,832, up 7.03 per cent over the same period last year.

The announcement by the State Industrial Commission that non-farm employment for September totaled 1,302,000, an increase of 21,000 over the same period last year, was a sound indication of the increase over August of 16,500 supported this improvement. We hope that the increase in the construction field means a revival of activity in the field.

The national picture also indicates some improvement. The new car business is strong and the Department of Commerce reported new highs in September for three leading indicators. They were for new orders for machinery and equipment, plans of companies to buy capital goods, and prices in relation to labor costs.

The Comptroller said gasoline tax collections for September's business totaled \$3,423,142, down 8 per cent or \$75,985, under the same period last year.

He added, however, that sales for the current fiscal year total \$2,256,311, up 5.8 per cent or \$2,331,417, over the same period last year.

Winn-Dixie Stores, Inc., reported a 7.32 percent increase in sales during the 4-week period ended October 20 compared with the corresponding period a year ago. It was announced.

The volume was \$62,313,645 compared with \$57,554,418 last year, an increase of \$4,759,227. For the 16-week period ended October 20, sales were \$243,733,699 compared with \$229,139,465, an increase of \$14,594,234 or 6.4 percent over 1961.

An increase also was reported for the 52-week period ended October 20, when sales totaled \$777,624,073 compared with \$739,240,671 last year, an increase of \$38,383,402 or 5.2 percent over 1961.

Winn-Dixie, which operates a number of supermarkets in the local area, now has 583 retail stores throughout the state, compared with 539 units a year ago.

Soil Conservation News

By SAM POLSTON
U. S. Soil Conservation Service

Mrs. Edna P. Lockett was assisted this week by the Soil Conservation Service Engineers in the design and location of five water control structures and 4,000 gun pumps to irrigate 1,380 acres of clover pasture. The Florida Soil Conservation Service at Lake Lillian serves as a water supply.

N. R. Jackson of Venus was assisted this week in developing plans to irrigate 60 acres of watermelons. He has a 16" well that produces 3,000 gallons of water per minute. The well will irrigate about 600 acres of pasture in addition to the watermelons. Jackson grew about 60 acres of melons last spring. He says, "It is foolish to try and grow watermelons, clover pasture or anything else in the spring without water for irrigation."

Glenn Murphy planted 100 acres of clover pasture this week. He is using a mixture of Gator Hye and Florida Oates to give quick grazing while the White Clover is getting started. Bob Hall of the Fishbearing Creek Valley is planting a mixture of several clovers with pangra grass for winter grazing. He is seeding two pounds White Dutch, two pounds California Burr, two pounds Hubam, and two pounds Kendall Red. This mixture is planted on 160 acres that will be irrigated. Hall says the California Burr will give the quickest grazing. The Hubam next, then the Kendall Red. The White Dutch will be the slowest to come but will re-seed itself and be permanent where the others are only good for one season.

Robert Barben is installing a 16 inch diameter well to irrigate 400 acres of citrus just north of DeSoto City. Upon completion the overhead sprinkler will require only 33 per cent of the labor as does the perforated pipe now being used in his groves on Lake Lotella. Barben is on the Highlands Soil Conservation District Board of Supervisors.

Several Lake Placid citrus growers are now preparing to install the permanent overhead irrigation system in their groves. Among them are R. P. Punt, Malcolm Waters, Buck Clinard, and Badie Badenham.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

For even then, beer was Florida's traditional beverage of moderation. Beer still provides enjoyment for Floridians, and a good thing for many of them — not only the employees of the Brewing Industry itself, but also for Florida farmers and other suppliers of the materials brewers use.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

IN FLORIDA, a handful of determined patriots in Tampa fought for 2 days, finally preventing an intended invasion by two Union ships, which fled. All Florida cheered this feat with glasses of beer.

Today, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Smathers Now Stumping For M Dystrophy

Now that Senator George Smathers has been re-elected for a third term and the political campaign has ended, the popular Senator is campaigning again — but this time as honorary state chairman for the muscular dystrophy program for raising funds to fight this dreadful disease.

The statewide campaign for raising funds for muscular dystrophy is underway and continues throughout the month of November. Bill France, president of Daytona International Speedway, is state campaign chairman and Jerry Lewis is national campaign chairman.

Little Michael Gregory Frits, eight-year-old son of Commander and Mrs. Charles Frits of Cecil Field, Jacksonville, is the Florida state chairman. He and his mother are stumping his appeal along with those of Senator Smathers and Mr. France for the financial support of the statewide campaign.

Little Michael asks that Floridians, when they sit down to their Thanksgiving dinner and offer blessings that they remember the children who will be sitting in wheel chairs at tables elsewhere. These will be children afflicted with muscular dystrophy — children whose days are numbered. They, too, should be remembered.

The muscular dystrophy campaign in Florida continues through the month of November.

Among the 64 counties in Florida where pulpwood is produced, leading in production last year were Nassau, St. Johns and Hamilton. Total production for the three counties exceeded \$5 million.

CHECK PAINS OF ARTHRITIS RHEUMATISM

Don't let your joints stiffen when you get up in the morning. That's what you need. And that's what you get when you take PRUVIO Tablets. Pains, stiffness and swelling go away. And effective over 15 years of use. PRUVIO Tablets are the only tablets so directed for 10 days. Given this fact, PRUVIO may help you. You must get the wonderful relief millions have or your money back. At drugstore everywhere.

HUGH TONER

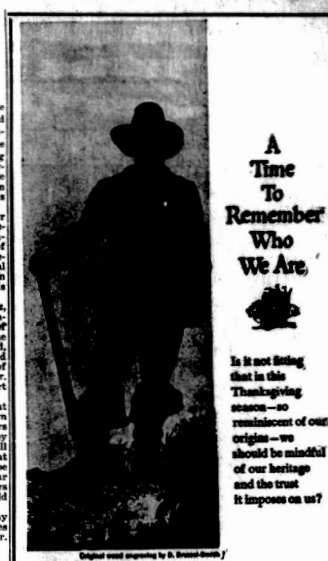

Son-In-Law Of Avonians To Top Post

Hugh Toner, son-in-law of Dr. and Mrs. F. L. Edwards of Avon Park formerly of Hartford, Conn., has been named Chicago area sales representative for Raytheon Company's Radarange microwave ovens.

Toner, married to the former Elizabeth Joan Edwards, will direct sales to hotels, restaurants, cafeterias and institutional customers through dealers and distributors in the Midwest.

Before joining Raytheon, Toner had executive chief positions in leading hotels and restaurants in the British Isles and the United States and luxury liners out of London.

The Toners and their two children, Dierdre, 6, and Shanon, 4, reside in Deerfield, Ill.

It is not fitting that in this Thanksgiving season — so reminiscent of our origins — we should be mindful of our heritage and the trust it imposes on us?

Meet the Jeep Gladiator, the first 4-wheel drive truck to offer passenger car smoothness on the highway, sure-footed 'Jeep' traction off the road.

The Gladiator's 140 hp. Tornado-ONE engine is America's only automotive overhead camshaft engine. It produces higher torque at lower engine speeds, costs less to operate than comparable conventional engines.

Other Gladiator features include: Jeep's 4-wheel drive with simplified, single-shift knob control and, for the first time in any 4-WD vehicle, optional automatic transmission and independent front suspension.

See the Gladiator-J-300 with 120-inch wheel base and 7-ft. box, J-300 with 126-inch wheel base and 8-ft. box, GVW's up to 6000 lbs.

Step in. Size it up. Try it out at your Jeep Dealer's

Tax Collections Up 8 Per Cent Over Last

Florida state collections for 1961, over the previous year, are up 8 per cent, the F.T. Chamber of Commerce recently said.

This sum includes, however, license fees paid to the state for the 1961-62 fiscal year. The state's population in 1961, Florida's another step in population since that time.

"On a per capita basis, Florida's population and local government revenue for 1961 was 4 per cent higher than for 1960."

"Not included in the total was a sum returned by the state to the federal government for expenditures for the fiscal year 1961. This amount was \$1,484,200,000, or 8 per cent in 1961."

"State-local year in Florida, reviewing and feeding to \$1,484,200,000, an increase of \$1,484,200,000, or 8 per cent in 1961. Included in \$1,484,200,000, an increase of \$1,484,200,000, or 8 per cent in 1961."
