Red Devils Journey To Frostproof Friday

Defeat Fort Meade 12-0 Last Week

The Avon Park Red Devils, fortified with a new-found confidence from last week's 12-0 win over Fort Meade, will travel to Frostproof Friday night seeking their second Ridge Conference win over the winless Bulldogs.

Last Friday, Avon Park put on a surprising display of defensive power against the Miners who had shut-out Frostproof 19-0 the previous week. The Devils also unveiled a powerful running attack with a new series of plays which resulted in 317 yards gained on the ground against the Fort Meade defense.

Although Frostproof is winless in its first three games, the Bulldogs played Punta Gorda on even terms last week to gain a 7-7 tie on the Tarpons field. The Bulldogs lost their opening game to Sebring by a score of 43-7 and then dropped their second Ridge game to Fort Meade the next week.

Buldog coach Frank Mattox, in his second season at Frostproof, has 12 returning lettermen on his squad. The Bulldogs run from the Split T and Wing T and have been alternating lefthanded Don Sebastian and Doyle Kelly at quarterback this season. Alex Restina plays fullback on the team and 170 pound Leroy Mauldin and 165 pound Chuck Thomas are the Bulldog halfbacks.

Mauldin is the big gun in the Frostproof backfield. He is the favorite pass receiver on the team and also does the punting for the squad. An Avon Park scout rates Mauldin as the best punter in the Ridge this year. The Frostproof eleven is definitaly upset minded this year and have a good enough squad to beat any Ridge team that takes them too lightly.

Linemen Billy Miracle and Doyle Griffin drew praise from Coach Franza for their play in last week's victory over Fort Meade. Miracle and Griffin replaced Bobby Briscoe and Bill Scott in the Devil's offensive line when the two senior linemen were sidelined with knee injuries. Both Briscoe and Scott are still doubtful starters for this week's game against the Bulldogs.

Sophomore fullback Jimbob Maddox also impressed Red Devil coaches and fans with his determined drives. The young fullback, in his first season of football, gained 128 yards in 24 carries last week for an average of 5½ yards per carry. Halfbacks Max Still and Lanse Padgett added over 70 yards each to the total offensive yardage. Still averaged six yards per carry for 12 carries and Padgett ground out a five yard average carrying 15 times.

But the most impressive aspect of the game to Red Devil fans was the Avon Park defense which refused to let the Fort Meade offense get started. DeWayne Lemler and David Ward backed up the Red line and what the hard hitting linemen couldn't stop, Lemler could. John Rhoades was also a thorn in the Miners side as he played his defensive halfback position very well. Rhoades intercepted one Miner pass and was in on the kill on most every tackle. Much credit must be given to all of the defensive Devil players because it was an obvious team effort what stopped the Fort Meade backs before they could take advantage of their speed.

Fort Meade Game

An alert, aggressive Avon Park defense, led by defensive halfback DeWayne Lemler, stopped the Fort Meade offense cold last Friday night at Memorial Field as the Red Devils took an important 12-0 Ridge victory from the Fighting Miners.

The rock-ribbed Devil defense gave up only 46 yards on the ground and seven in the air. The Miners were in Devil territory only three times—twice when they recovered Avon Park fumbles on the 12 and the [illegible] and again when they [illegible] the [illegible] after recovering a [illegible] fumble on their own [illegible]. Fort Meade made only two first downs—one each half—and both included penalty yardage against the Devils. The Miners were forced to punt six times and lost the ball twice on fumbles.

Avon Park's offense showed much improvement over last week as the Devils managed to score twice and have a third TD called back by a penalty. However, the Devil offense still sputtered out on three different occasions within their op-

(Continued on page Seven)

RED DEVIL CAPTAIN Max Still, (No. 32), turns his right end for short yardage during the final period of the Avon Park-Ft. Meade game last Friday night. The senior letterman runs from the left halfback slot. (Sun Photo)

Sizemore To Head Avon Park Little League; Field Plans Underway

At a meeting of the Avon Park Little League held last week in the Avon Elementary School, Virgil Sizemore was elected president, succeeding Archie Jordan.

Other officers elected were: J. T. Landress, vice president; Dorothy Atkins, secretary and Harmon Atkins, treasurer. Phillip Wooten is the player agent.

The league decided to expand to six teams with 12 players for each team. All players will participate in each game.

According to league officials, the site for the new field at the corner of LaGrande and Anoka near the Avon Elementary School has been surveyed and work is expected to begin this week.

The City of Avon Park allotted $2,000 toward construction of the field and 17 local merchants have pledged $100 each toward the new field. The pledgers will be given advertising space for 10 years for their donations.

Pledgers at this time are: Leon's Sporting Goods—electric scoreboard, John Phillips, Jimmy Doerr, Morris Adams, Avon Citrus Bank, Western Auto, Charlie Burrescia, Lemler's A & W Drive-In, Albritton's Barber Shop, Smith Upholstery, Turner Furniture, Griffin's Restaurant, Avon Park Cafe, E. W. McMasters, Highlands Coca Cola Bottling Co., Sanford Hartt, and DeLaney Hardware.

The board of directors: Vern Griffin, Leon DeLaney and Rene Davis.

Devils-Streaks To Match "B" Teams Thursday

The Avon Park and Sebring junior varsities, who played to a scoreless tie last week in Sebring, will meet again Thursday night at 7:30 on Memorial Field to see if their offensive teams can generate enough steam to score.

Coach Lee Maness and assistant coach Ralph Hill have been working on their offense which is led by freshman quarterback Bobby Coleman. The Avon Park "Bees" held the larger Sebring boys well on defense last week but couldn't move the ball against the big Sebring line.

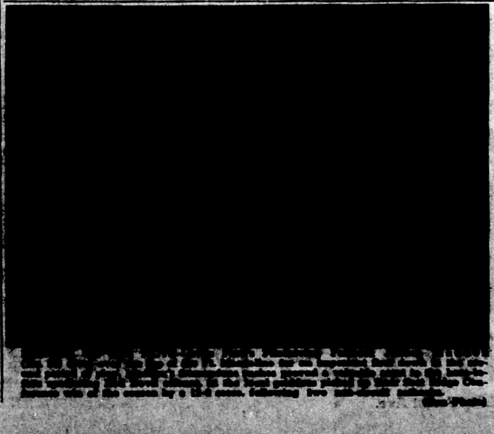
The game promises to be a good one with both teams determined to prove they can win this second meeting between the rival schools.

The Avon Park squad will have the following boys to call on for backfield duty: Bobby Coleman, Emmett Money, Tom Nunnallee, Buddy Thomas, Bobby Barben, Wolfgang Halbig, Carl Holden, Steve Seims, Robert King, Richard Harrier, Bill Wild and Jim Ward.

Linemen available for action are: Billy Nunnallee, Bobby Nunnallee, Danny Butler, John Rodgers, Tommy Marshall, Dale Pearl, S. Y. Moseley, Donny Simpson, Darrell Landress, Kenny Cook, John Townsend, Randy Wood, Sammy White, Terry Dennison, Steve Weinzirl, Gary Briscoe, Danny McMasters, Henry Hellig and Waylon Mitchell. Johnny Elder and John Church serve as managers for the B squad.

MRS. BOLDUC IN HOSPITAL

Mrs. Paul Bolduc is reported to be improving at Walker Memorial Hospital where she has been undergoing treatment for the past two weeks.



[illegible]

Shopportunity Head Named

Mrs. Exie Caffee, owner of Exie Caffee Gifts, has been named chairman of the Fifth Annual Shopportunity Days to be held in Avon Park, Nov. 1, 2, 3.

The Chamber of Commerce sponsored shopping event is held annual to stimulate trading in Avon Park.

Mrs. Caffee announced that instead of different prizes to be given by participating merchants as in the past, gift certificates will be presented to winners this year, enabling them to make purchases which they desire.

Lions Plan For Benefit Grid Game October 13

Football, the rough and tumble variety, is what the fans can expect from the forthcoming "All-Negro Game Classic" on Saturday evening, October 13th, at Memorial Field in Avon Park.

The Avon Park Lions Club, which sponsors this annual event for the benefit of their special youth projects, has lined up two notable colored teams to provide action aplenty.

Coach William Blanding's "Tigers" from the E. O. Douglas High School of Sebring will be battling the "Trojans" of the Smith-Brown High School of Arcadia, under the able coaching of Richard Bowers. Coach Blanding recently led his crack squad to a crushing 43-6 victory over a very tough Clearwater team.

Adding to the pageantry of this exciting game will be a dazzling performance by not one, but two excellent bands from Sebring and Arcadia during the pre-game and half-time periods.

Game time is 8 p. m., so with the ticket rush now on (only $1.25 for adults and 60c for students), be sure to make arrangements for this outstanding football contest as soon as possible. Reservations at any of these Avon Park merchants: Albritton's Barber Shop, Avon Citrus Bank, DeLaney's Hardware, Leon's Sport Shop, Stimson's Gulf Service, and Wells Motor Company.

Clinton Young Dies Monday At Walker

Clinton M. Young, who has lived in Avon Park for the past 10 years, passed away at the Walker Memorial Hospital on Monday. He was born May 2, 1873 in Asylum, Pa. He was retired from a candy manufacturing plant, a member of the Presbyterian Church and came to Avon Park from Souix City, Iowa. He had wintered here for a number of years before he moved to make his permanent home at 13 West Charles Street.

He was a member of AFAM Tyrian Lodge No. 506, a 32nd degree Mason, Scottish Rite Commandery 18 and Abu Bekr Temple.

Survivors include his widow, Mrs. Elizabeth A. Young, who resides at the Hillcrest Nursing Home; two sons, Charles A. Young of Doubley, Mass. and John E. Young of Ames, Iowa; two grandchildren and one great grandchild.

Services were held Wednesday morning at the Miselle Funeral Chapel with the Rev. H. D. Graets officiating. Remains were forwarded to Towanda, Pa. for interment.

Council Reorganized At Midnight Session

TAKE OFFICE OATHS—Assistant City Clerk Edna Leighton, right, administers the oath of office to incoming city council members at a midnight meeting of the city officials Sunday. Left to right: Jimmy Doerr, Clarence King and George Border. King and Border are incumbents and Doerr is serving his first term. (Sun Photo)

MIDNIGHT MASS—Despite the lateness of the hour, the city council chambers were filled at midnight Sunday for the reorganization of the Avon Park City Council. Photo shows the crowd on hand which overflowed into the city hall corridors. (Sun Photo)

Farless [illegible]

[illegible] board [illegible] midnight [illegible] meeting to order [illegible] and made a short farewell speech.

In the speech the long-time board member told those present he was proud of his part in the progress of the city, but was "also proud that he was now out of it". He cited some of the improvements and accomplishments made during his tenure in office. Before vacating the chair he also stated that he hoped local voters would attend council meetings all year long, not just prior and after election. Kirkland then relinquished the chair and gavel to Vice President H. M. (Chic) Farless.

After Farless assumed the chair, Assistant City Clerk Edna Leighton administered the oath of office and loyalty oath to incoming councilmen George Border, Clarence King and Jimmy Doerr. Border and King are incumbents and Doerr is making his first political venture. They were the three top vote getters of 11 candidates in the election of September 11.

Next order of business was nominations for president of the board. Doerr opened the nominations by nominating King—a former council president—but the motion died from lack of a second. Border then nominated Farless for the chairmanship and the motion was seconded by Sam McKenzie.

As the chair called for discussion on the nomination King objected to Farless as chairman of the board relating as to how he had handled the fire department and further commented he did not think Farless was qualified for the office. He also mentioned "some gossip going around town" relative to Farless. However, there was no elaborating on the "gossip". Border commented on the gossip and said "didn't necessarily think gossip true and thought story had been enlarged upon in telling". He did not elaborate either.

A rumor has circulated through Avon Park this week that Farless would resign from the president's seat, giving way to Border, in order that the council may have harmony during the coming year. Farless and King have swapped verbal blasts on numerous occasions during recent months on the operations of the fire department which is under Farless. King also campaigned in the recent election on the personal and unnecessary use of some of the fire department trucks. He has also questioned the amount of gas and oil used by some of the trucks in the department.

On the ensuing vote, Border and McKenzie favored the motion and King and Doerr opposed the action. Farless broke the deadlock and voted for himself.

When nominations for vice president opened, King nominated Doerr, but again there was no second. McKenzie then nominated Border and Farless vacated the chair temporarily to second the motion. The roll call was unanimous in favor of Border.

The next order of business was a decision on hiring city employees. Border motioned that all city employees be rehired as they now stood. His motion received a second from McKenzie. However, on the following discussion, Doerr questioned the right of hiring all city employees at one time and expressed his objection at making a blanket approval.

City Attorney Hue Nunnallee called the board's attention to a clause in the city charter relating to action at the organizational meeting of the council. According to the attorney, only a council president and vice president could be named at the midnight session and that other appointments or action would have to wait until the first regular meeting on October 8.

Upon learning of the charter provisions, Border withdrew his motion.

Rehearsals Set For Annual Messiah Sing

Sunday, October 7, 3 p. m. at the Methodist Church in Sebring the first rehearsal for the annual performance of G. F. Handel's Messiah will be held in preparation for presentation of the famous oratorio.

This is a county-wide organization that was founded nine years ago as The Lake Placid Messiah Society. All interested people are invited to attend the first rehearsal. Soloists will be chosen from local talent.

Rev. Charles H. Noble, Jr., minister of music for the Sebring Methodist Church, has been chosen as director for the Messiah. Mrs. Noble will be the organist.

Rev. Noble, a Californian, felt a call to full time Christian work while studying for opera and concert work in San Francisco. He graduated from Asbury College in 1949, traveled in evangelistic work, served churches in Atlanta, Ga. and Pensacola, conducted music workshops at Huntingdon College, Birmingham, has directed a 100 voice choir and taught private voice. Mrs. Noble studied piano and organ, served as organist in many churches, and was accompanist for a voice studio as well as teaching piano and organ.

Officers for the Messiah Society are Mrs. Hubert Roberts, Lake Placid, president; Mrs. George Kelsey, Avon Park, vice president; Mrs. Martha Ward, secretary; Jack Hancock, treasurer.

Old Settlers Plans Made

The Old Settlers Association board members met in the office of Ted J. Ward, the president, Tuesday afternoon and made final plans for the annual meeting of the group which will be held Thursday, October 17.

Committees were appointed to handle details. Mr. Ward reported that a program is being planned under the title "Changes on Main Street".

Avon Park Kiwanis Club To Hold Charter Night at Jacaranda Hotel

The Kiwanis Club of Avon Park will be officially chartered Saturday night, October 6 in a dinner meeting at the Jacaranda Hotel.

Club President Ted J. Ward said that over 150 Kiwanians from throughout the state are expected to attend the charter night.

The evening address and presentation of the charter will be made by District Governor Dr. James W. Parrish of DeLand. Parrish, vice president of Stetson University, is a former president of the Florida Baptist Convention, Stetson Alumni Association and the Downtown Kiwanis Club of Miami.

The native Floridian received his Bachelor of Arts degree at Stetson and Master of Theology degree at Southern Baptist Theological Seminary, Louisville, Ky.

Organization of the Avon Park service club took place on July 31, under the sponsorship of the Sebring Kiwanis Club. Thirty-five men representing many different civic and industrial interests compose the charter membership of the club.

Presiding at the charter night program will be Walter Woolfolk, Lt. Governor of the 10th District. Sam Longbottom, member of the sponsoring Sebring club will present gifts to the new club.

Officers of the Avon Park Club: Ted J. Ward, president; Robert D. Young, first vice president; Henry L. Caffee, second vice president; The Rev. Aden Childress, secretary; James N. McDaguid, treasurer. The Board of Directors: Elwood V. Adams, Thomas Banks, Wm. E. Booth, John F. Crittenden, Charles E. Lyon, Bert M. Nunnallee, John W. Wright.

Charter members of the club in addition to the officers and directors:

Lamar C. Bailey, Dan G. Bennett, Z. Blake Childress, Keith E. Collyer, C. Shelburn Crotty, John C. Church, Arthur Durham, William M. Fletcher, Henry M. Flowers, Thomas B. Hallam, Jimmy M. Hanchey, George W. Haynie, Louis C. Hooper, James A. Ivey, Thomas E. Moxley, Raymond McDonald, Paul A. McFarland, R. Harold Nute, Dr. Walter M. Ost, Dr. John E. Palagrove, Philip F. Weber, Patrick E. White, Alfred G. Yarbrough.

Alumni Band To Practice

Plans were underway this week for the annual Avon Park High School Alumni Band performance, featuring former members of the school band.

The band will march between halves of the Avon Park-Lake Placid "B" squad game on Oct. 25. A practice session has been scheduled for Saturday night at the high school auditorium.

All former band members and majorettes are urged to attend this session.

PLEASE, PLEASE DON'T THROW ME IN THE WASTEBASKET

Editors are asked to run editorials on everything from Lefthanded Pool Players to campaigns to send arm clothing to penguins in the Antarctic.

Ninety-nine per cent of the canned editorials that come in our mail are filed—in the waste basket.

Here's one that survived, simply because it makes sense.

It calls for our support of the School Clothing Drive for Goodwill Industries October 8-11.

It lists four reasons why the drive should have our whole-hearted support.

1. Gives youngsters the opportunity to actively help the handicapped, thus learning good citizenship; 2: Provides jobs for the handicapped; 3: Helps families living on low incomes, enabling them to buy clothing and other needs in Goodwill stores at budget prices; 4: Reminds us that this is a good time to house-clean, and by giving our repairable discards to Goodwill we're helping others less fortunate.

Make sense? Good! Then fill a Goodwill bag October 8. If you haven't a youngster in school ask a neighbor's child to bring you a Goodwill bag.

Washington Report

By Congressman Jim Haley

WASHINGTON, D. C. — As you know from reading the newspapers, we are approaching the end of this long session of The Congress (at least I hope we are) and the tempo of legislative activity has increased sharply. As a result, I am going to try to pack into this single letter a lot of comment.

I would like to say, in the first place, that I am naturally delighted that The Congress has gone on record as expressing determination that the United States will use military force—if necessary—to prevent any Communist build-up in Cuba which would pose a military threat either to our own country or to the Western Hemisphere in which we live.

I am prayerful that this resolution will have the intended effect of warning off the Russians, the Red Chinese, and Fidel Castro himself, if any of these have had any notion that the Communists could colonize the western hemisphere, or successfully create military bases in Cuba or elsewhere which could be used as a launching pad for an invasion of the United States. If the resolution, combined with the promise of action our President has asserted we will take, does not accomplish this purpose, then in the new Congress, we must take an even stronger stand against Communist encroachment.

On another matter, I join with thousands of you in being thankful that the conferees of the House and Senate who have written a tax revision bill into what will be its final form have had the wisdom to exclude from it any provision requiring the levying of withholding taxes against income from dividends and interest. My position on this is well known to all of you. From the moment this provision was suggested as a part of our tax law, I have been opposed to it. And when it was approved by the House, under a gag rule and over my opposition, I stated my hope that the Senate would kill the requirement, and that the joint conferees on the issue would uphold the Senate position. That has happened.

I am less than happy that the Senate has voted to restore to the foreign aid appropriations bill about $800 million of the $1.2 billion cut out by the House. But I am hopeful that the conferees on the bill will settle on a figure substantially under the $4.4 billion voted by the Senate. The Senate figure, while less than the authorization for this program, still is far too high. I do not, as you know, favor this foreign aid program. But I certainly favor any action to reduce its deficit-making costs.

As a final word, I note with pride that the House has just voted to inscribe the motto, "In God We Trust," on a marble slab to be installed behind the Speaker's Rostrum, the focal point of our vast House chamber. I think it highly appropriate, in this time of world crisis, when we may be as a nation at the crossroads of our destiny, that the representatives of all the people have voted this recognition of our dependence on our Supreme Creator.

CIRCLE MEETING CHANGED

Members of the Founders Circle of the Garden Club are notified that the meeting place has been changed from Mrs. Fred Jahna's home and will be held at the home of Mrs. W. C. Touchton, Thursday, October 11, at 9:30 a.m. Mrs. E. W. Hartt will discuss Freeze Proof Gardening.

Avon Methodist Church Is Host To Seminar

More than twenty Methodist women, officers of the Sarasota District who were overnight guests in Avon Park for the Seminar which was held on Thursday at the First Methodist Church, were honored with a reception on Wednesday night in Wesley Hall following the midweek prayer service.

Mrs. Guy L. Decker, district secretary of literature and publications, and Mrs. John L. Bridges, president of the Woman's Society of Christian Service, were assisted by Mrs. A. F. Riggins and other ladies with serving punch and cookies while the ladies enjoyed a get-acquainted social hour. The refreshment table was centered with the punch bowl which was surrounded by an arrangement of Fall flowers and leaves.

Special guest speakers for Thursday's meeting were Mrs. C. Durwood Johnson of Quincy, state vice president of the WSCS, and Mrs. Howard V. Weems of Sebring, past president of the state WSCS.

Buicks, Pontiacs for 1963 On Sale At C & C Pontiac-Buick-GMC Sales

Thursday, October 4, the C & C Pontiac-Buick-GMC Sales and Service at 41 South Ridgewood Drive, Sebring, will show the 1963 Buicks and Pontiacs to the Ridge Area.

The 1963 Buicks for the first time is offering a complete line with distinctive styling for each series, from the Special right up through the Riviera and Electra 225. Each series has a completely different appearance.

Engineering refinements include self-adjusting brakes, the new Delcotron alternator-generator which charges the battery while the engine is idling.

Smart new interiors, luxuriously done in a wide choice of nylon, leather and vinyl fabrics, add to the overall decor of both the Special and regular line.

The entire Buick line comes in 26 models, nine in the Special, seven in the LeSabre, one in the Invicta and three in the Wildcats, one in the Riviera and five in the Electra 225 series.

The Pontiac for 1963 has styling and engineering developments more impressive than ever before.

The wide track models in the three all-new Pontiac series reflect the highest standards in body styling, performance, ride and handling, dependability and serviceability.

In addition to new styling, new colors and new interiors, the 1963 Pontiac offers greatly improved front and rear suspension, self adjusting brakes, increased engine performance, less owner maintenance and significant developments in new accessories and safety items.

Rev. Pickens To Madeira Beach

Rev. John E. Pickens has accepted a call to serve as Associate Minister of the Church-by-the-Sea, which is a Congregational Church, in Madeira Beach. He has already reported for duty.

Since retiring from the staff of the Florida Congregational Christian Conference, Reverend Pickens has served various churches as Interim Minister. His son, the Rev. John E. Pickens, Jr., is minister of the Church-by-the-Sea. This father and son team will be working closely together.

Rev. and Mrs. Pickens will retain their home here which is located at 60 East Wolf Street while he is working at Madeira Beach.

Don't forget to renew your driver's license during the month of your birthday.

RETURNS FROM CHICAGO

A. L. Lynd, administrator for the Walker Memorial Hospital, is back from a two weeks trip to Chicago. The first week he attended a meeting for Basic Institute training at the American Hospital building and the second week he spent at the American Hospital meeting for hospital administrators which was held at the McCormick Building in Chicago.

REBEKAH PRESIDENT

Mrs. Maye Kernen of West Palm Beach, state president of the Rebekah Assembly of Florida, was in town Tuesday of last week. She came especially to visit Mrs. Fannie Spinks at the Hillcrest Nursing Home. Mrs. Spinks is a past president of the State Assembly.

WORK AT WAYSIDE PARK

Members of Hibiscus Circle are reminded that the annual Work Day will be held Thursday, October 11, at the Wayside Park on Highway 27, south of Avon Park. Each lady is to bring her food and drink and work stools, also fertilizer, and report at eight o'clock Thursday morning for duty.

A new fall package vacation booklet is available from the Florida Development Commission. It lists some 1,000 package vacations available to visitors in all areas of the state.

Ticker Talk

After several years of testing, the U.S. Army has selected the diesel engine of Mack Trucks, Inc. for the initial phase of its program to standardize five-ton military vehicles with diesel power plants in place of the presently used gasoline engines. The order calls for 2,564 turbo-charged engines, with a total value of $8.4 million, to be manufactured at the company's new Hagerstown, Md. plant.

Industry estimates call for approximately 24,000 domestic well completions during the last half of this year, which would approximate the 24,184 wells completed in the same 1961 period. Management of the Halliburton Company, which exchange loss of 14c a share) against $2.01 for the same period last year, is therefore expecting a continuation of favorable results for the balance of 1962. In all of 1961, net equalled $4.10 a share, or well above the $2.40 annual dividend, which yields approximately 4.8 per cent, based on recent market prices.

After steadily increasing its share of the total retail cosmetic sales from 14.0 per cent in 1950 to 20.0 per cent in 1955, the house-to-house sales segment of the cosmetic industry subsequently showed an increase of less than 1 per cent in terms of market penetration up through last year. However, the 20.7 per cent captured by the home sales group in 1961 was of a much larger market ($1,933 million last year) than the 20.0 per cent garnered of the $1,524 million of retail cosmetic sales in 1958 and of the $1,192 million in 1955.

In raising its quarterly dividend from 50c to 55c a common share recently, The Electric Storage Battery Company completed 62 years of quarterly dividend declarations, a record enjoyed by few American companies. ESB, which will be 75 years old next June, has a record of uninterrupted quarterly dividends since December, 1900.

A revolutionary new process for television picture tube bulbs has been introduced by Kimble Glass Company, subsidiary of Owens-Illinois Glass Company, which makes the glass envelopes for picture tubes. The new process, called Kimcode, enables the nation's billion-dollar-plus television industry to make picture tubes lighter, shorter and more economical. It is probably the most important development in picture tube manufacture since Kimble introduced the first mass-produced rectangular bulb in 1949, company sources reveal.

Armstrong Cork Company reported record sales and near-record earnings for the first six months of 1962 at $156.5 million and $1.85 a common share, up 5.8 per cent and 10.8 per cent, respectively, compared with year earlier results. Since 1949, sales have risen from $163 million to over $302 million in 1961, as earnings increased from $10.2 million to $18.5 million during the same interval. Moreover, as a result of greatly intensified research and product development work, more than one-third of current sales volume stems from products which were not in the company's line at the start of the 1950's.

This column is furnished by The Research Dept. of Francis I. duPont & Co. Sarasota office WX-2323.

All-Star Classic At Tampa Track

The first annual Tampa Kennel Prevue All-Star Classic is the highlight of the second full week of greyhound racing at the Tampa Greyhound Track.

Sought After, owned by G. A. Alderson, was installed as the favorite after posting his third straight Grade A win. Chief rivals include Mac Walter, last year's Tampa champion; Sodrac Park Derby winner Stan, and Sarasota Suncoast, a standout at Sarasota.

There were 16 fine stars named for the Speed Classic which will find finals on Saturday night. The Saturday racing schedule will open with a matinee at 2:05 o'clock and follow with 11 races at night.

Included in the Speed Classic field are Good Timing, El Saeta, Ruby Keeler, Silver Skiff, Prince Rain, Flying Power, Easy Zest, Cactus Pollyana, Great Uncle, Sadder Time, Please Too and Rinaker, representing the 16 fastest greyhounds in the South.

Coming on the list of special events is University of Tampa Night on October 11 and Charity Night on October 18 when all proceeds will go to the university and local charities.

Citrus Industry To Provide For Movie Programs

LAKELAND—Fifty additional prints of a Florida Citrus Commission color film dealing with the role of oranges in diet and nutrition programs for athletic conditioning will be distributed shortly to high schools across the nation.

The added supply of the movie, "The Winning Formula," was made available by the Commission at the request of Modern Talking Picture Service of Washington, D. C., the booking agency which presently is distributing 120 prints of the film to 5,400 high schools in 30 selected cities. Forty-two black and white prints are being distributed to television stations.

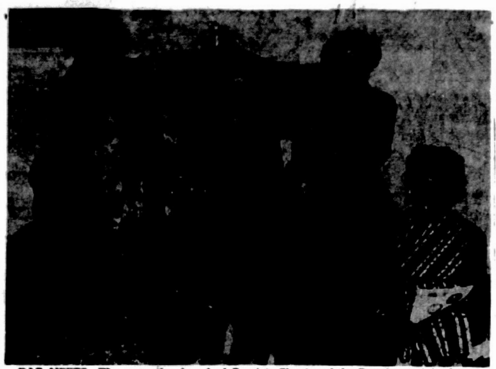
The movie, which features All-American Quarterback Roman Gabriel of last year's North Carolina State College football team, offers tips on training for sports, with emphasis placed on football. Oranges and orange juice are depicted as important items in the training program since the ascorbic acid and hesperidin in the fruit condition the circulatory system to resist bruises.

Thomas E. Healion, head trainer at Northwestern University at Evanston, Illinois, states that football players there drink an average of 25 ounces of orange juice daily as a part of the training table regimen. Chilled oranges, sliced into quarters, are regular half-time refreshers for all grid teams in the Big Ten Conference, according to Healion.

The movie also offers comment of several other athletic trainers and coaches regarding the effectiveness of orange juice in a condition program. Appearing in the film are Penn State Coach Rip Engle and Earle Edwards, coach at North Carolina State, as well as Herman Bunch, trainer at North Carolina State, and Dave Wike, trainer at the University of Miami in Florida.

Tips are offered on basic requirements for pre-season, in-season and off-season conditioning which are important in all sports activity.

The 16-mm movie, in sound and color, is 15 minutes long and available free to schools and community groups. Requests for use should be sent to Modern Talking Picture Service's office at 3 East 54th Street, New York 22.



DAR MEETS—The executive board of Patriots Chapter of the Daughters of the American Revolution met at the home of Chapter Regent Mrs. A. M. Luyben, in Avon Park Lakes last week. At that time programs for 1962-64 were discussed and an informal luncheon served. Shown discussing plans are: Seated, left to right, Mrs. Luyben, Mrs. J. A. Vasek, vice regent; Mrs. Demos Mandis, chaplain; Mrs. H. A. Jones, recording secretary. Standing: Thelma Merrill, registrar; Mrs. A. H. Schutt, treasurer and Mrs. M. E. Stephens, corresponding secretary. (Sun Photo)

* * *

First Meeting of Patriots Chapter Of The DAR Held Here Monday

Mrs. D. M. Mandis, "Manwood", Avon Park, was hostess of the first meeting of the Patriots Chapter of the D.A.R. on Monday, October 1, 1962, commemorating th Anniversary of the National Society.

Mrs. August M. Luyben, Regent, emphasized the Society's threefold objective: to foster and encourage the study and preservation of American History; to promote and encourage education; and to foster and maintain true American patriotism. The Chapter theme for the year is "Prove all things; hold fast that which is good."

Mrs. Howard Livingston presented a very interesting book review on "Florida's Golden Sands." The book covers the history of Florida's east coast, citing it is a land of contrasts and contradictions and the fact that certain settlements are older than the most ancient settlements of Virginia or Massachusetts. Florida belongs to the Nation, for people from every state seeks its silver and romantic beaches and beautiful waters to bask in its golden sunshine.

Mrs. J. A. Vasek, Vice Regent, read a message from our President General, Mrs. Robert V. H. Dundan, of Washington, D. C. who indicated this month is the appropriate time to observe the Anniversary of the National Society, which Society was organized in October, 1890.

After the program meeting, delicious delicacies and coffee were served, also refreshing punch.

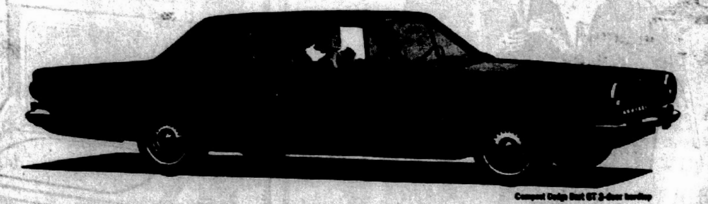
DODGE PRESENTS THE DEPENDABLES FOR 1963!

Dodge Polara 2-door hardtop

1963 DODGE . . . BEAUTIFUL NEW ENTRY IN THE LOW-PRICE FIELD



Compact Dodge Dart GT 2-door hardtop

1963 DODGE DART . . . A FRESH NEW COMPACT IN THE LARGE ECONOMY SIZE

INTRODUCING THE 1963 DODGE

Now a complete new line of cars in the low-price field. The 1963 Dodge! People who see it just naturally get carried away. Reasons? 1. The looks: Great! 2. The price: Low! Wouldn't you rather own a Dodge than other low-priced cars? 3. The room: Big! Notice how the roofline sweeps straight back. That means ample headroom for the people in back, not just the ones in front. Seats? Your choice of models with sofa style, buckets or fold-down center arm rest. 4. The upkeep: Low! Dodge is rust-protected. The body unitized. The brakes self-adjusting. A major grease job lasts 32,000 miles, an oil change 4,000. 5. The feel behind the wheel: Like nothing else! Five strong engines to choose from. Smooth-going torsion-bar ride. Easy low-friction steering. Comfortable chair-high seats. Nylon, leather-grained vinyls. There are several hundred more reasons why you'll be carried away. Your Dodge Dealer has 'em all.

INTRODUCING COMPACT '63 DART

At last. A compact that doesn't give anyone the sardine treatment. The 1963 Dodge Dart! Now everybody gets a fair shake on room. Note the roofline. It goes straight back. Result: Even rear-seat hat wearers are treated with deference. And so are those who like some action for a change. Dart's standard Six leaves run-of-the-mill compacts waiting and wheezing. Its optional engine (just a few bucks more) is the same way, only more so. Economical? Like you'd expect a compact to be! That's the whole idea. Dart's too roomy to be a compact, too darned thrifty to be anything else.

Few compacts cost less than Dart. None offers the value. A unitized body, for example, that's rust-protected. 32,000 miles between major grease jobs. Road-smoothing torsion-bar ride. An alternator. A high-speed starter for fast starts. Two series. Nine models, including two converts. See your Dodge Dealer.

NEW 5-YEAR/50,000-MILE WARRANTY! Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first; on the engine block, head and internal parts; transmission case and internal parts; torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules. Factory approved remanufactured parts may be used for replacement.

IT'S 1963 AT YOUR DODGE DEALER! THE DEPENDABLES ARE HERE!

"Clean Sweep" Underway In Highlands

"Operation Clean Sweep" got under way in Highlands County today with the appointment of Robert Dunty, Jr., of Lake Placid as county chairman. "Clean Sweep" is a statewide move to register all eligible residents so they may vote in the general election November 6.

Dunty, the county attorney, was appointed to county chairmanship by Henry L. Williford of Sarasota, Democratic State Committeeman for the 7th Congressional District. Williford is in charge of the registration effort in the district.

The Sarasota attorney explained that in addition to registering eligible citizens not now on the county voting lists "Clean Sweep" will continue its campaign through the election by trying for a record voter turnout.

"Where our first job is to increase registrations in the district we also want to promote a better turnout at the polls on November 6," Williford said. Current figures show that on the average only three out of every five eligible residents in the district are registered to vote.

"Here in Highlands County only 49 per cent of your registered voters cast a ballot in the first primary this year," Williford noted. "We hope through this registration effort which will be led locally by Mr. Dunty and his committee to aid a minimum of 538 voters to the county rolls," he added.

Of Highlands county's estimated population of 22,303 there were 10,750 residents registered to vote in April of this year. There is an estimated total of 13,703 eligible voters in the county now.

Three Local Men Enlist In Navy

Robert M. Pearl, son of Mr. and Mrs. Marvin Pearl, Thomas S. Singletary, son of Mr. and Mrs. James S. Singletary, and Harold H. Baucom, son of Mr. and Mrs. James E. Baucom, all of Avon Park, have enlisted in the U. S. Navy under the "Buddy Plan."

The three young men will remain together throughout their recruit training. Pearl, Singletary, and Baucom are recent graduates of the Avon Park High School.

They are presently assigned to the Recruit Training Center, Great Lakes, Ill.

DR. CARL A. HONEYCUTT

Lutherans To Hold Mission Week Services

Dr. Carl A. Honeycutt of Columbia, South Carolina will be the guest preacher for the Evangelism Mission services, assisting the pastor, Rev. John W. Walters, for the week of October 21 through 25.

Dr. Honeycutt has served the Ebenezer Lutheran Church in Columbia since 1949. He has also had pastorates in Virginia and Pennsylvania.

Dr. Honeycutt is serving on the Board of the Lutheran Synod of South Carolina, the Home Mission Board, Stewardship Committee and Examining Committee and is active in civic and community affairs as well as church.

The Lutheran Resurrection Church is the newest church building in Avon Park. It faces East Main Street near Highlands Avenue. The public is invited to attend the week's services of the evangelism mission and also the regular church services.

New 1963 auto tags with numbers reserved at request of the buyer are being sold in advance by local tag license bureaus. They cost $1 extra.

JAMES ANDERSON

Anderson Will Represent FARP At Dakota Meet

James M. Anderson, administrative assistant of the Florida Alcoholic Rehabilitation Program, will represent the ARP at the 13th Annual Meeting of the North American Association of Alcoholism Programs (NAAAP) in Bismark, North Dakota, October 7-11.

The NAAAP is an international organization founded in 1949 as an organized body for official state alcoholism programs and provincial programs from Canada.

Ernest A. Shepherd, ARP administrator, is past-pressident of the NAAAP and a member-at-large of the organization's Executive Committee.

Game Officials Accepting Names For Citrus Hunt

LAKELAND—Hunters who wish to participate in the 1962 gun hunts on the Citrus Wildlife Management Area were advised today by Manager J. O. Brown, South Florida Region of the Game and Fresh Water Fish Commission, that all applications must be in Tallahassee by Friday, Oct. 26.

Drawing for permits will be held in the Tallahassee office of the Commission on Monday, November 5.

A total of 800 hunters will be drawn for each of the four two-day hunts, Dec. 26-27, Dec. 29-30, Jan. 2-3 and Jan. 5-6, Brown said.

A public hunting area permit, in addition to regular license requirements, is necessary for any person, except residents over 65 years of age, to hunt on the management area, he said. Children under 15 years of age must obtain both a license and the special permit, Brown said, and must be accompanied by an adult.

Application forms, to be eligible for the drawing, must include the hunt area permit number for each applicant. Permits may be obtained at time of buying regular license, he said.

Brown also said that general information sheets about the hunt, and application form, may be obtained by writing the Lakeland office of the Commission.

"Robin Hoods" To Get Special Hunting Areas

TALLAHASSEE — Florida's modern day "Robin Hoods" will have an opportunity to test their archery skill and hunting ability during two special hunts this fall, according to A. D. Aldrich, director, Game and Fresh Water Fish Commission.

Archery hunting will be permitted on the Citrus Wildlife Management Area, in Citrus County, from October 20 through December 2. Daily hunting will be allowed during the first nine days, to be followed by special weekend hunts on November 3-4, November 10-11, November 17-18, November 22-25, and December 1-2, with that portion of the area south of State Road 480 open week days after the first nine days. The Eglin Wildlife Management Area in northwest Florida will open for special archery hunting October 27 and continue with daily hunting through November 11.

Bow-and-arrow hunters will be required to possess a special permit in addition to the regular hunting license. Special Citrus permits costing $5.00 may be obtained from officers of the County Judge in Citrus County. Permits will also be available at No. 2 and No. 4 checking stations during the first nine days of the Citrus hunt. Eglin hunting permits costing $4.00, or a composite permit for hunting and fishing costing $5.00 may be obtained through the Air Force Forestry Section at Jackson Guard Station, Niceville, or at any forestry tower on the Eglin Reservation.

In addition to legal buck deer, archers on the Citrus hunt will be allowed a special maximum limit of 200 antlerless deer during the periods November 17-18, November 22-25, and December 1-2. A daily bag of one and season bag of two deer will be in force during the special hunt. Eglin archers will not be restricted to daily and season bag, but may harvest only buck deer with five inch or longer antlers.

Archers may continue to hunt on the Eglin area during the regular hunting season November 17-December 2, and December 15-January 1 in a special area that is designated for archers only.

Don't forget to renew your driver's license during the month of your birthday.

SPECTATORS AT GAME

Mr. and Mrs. J. Morris Adams were among the other state legislators who gathered at Gainesville and enjoyed a tour of the University Campus before attending the Tech-Gator football game in the afternoon. Bob and Willa Pearl Padgett accompanied friends from Frostproof to the game. Bob and Mary Ann King were also among those attending the game.

Don't forget to renew your driver's license during the month of your birthday.

Boat-A-Cade Slated To Begin October 25

KISSIMMEE — The famous [illegible] Boat-A-Cade is a [illegible] thing this year. It will be [illegible] Oct. 2[illegible]. Festivities begin [illegible]. This was decided by the Boat-A-Cade Board which [illegible] full [illegible] promotion and [illegible] The Board was [illegible] falling [illegible] Kissimmee [illegible] The [illegible] is now [illegible] Lake Tohopekaliga [illegible] of the construction [illegible] control structure [illegible] lake level rises to [illegible] ft. [illegible] a by-pass [illegible] it was said. The [illegible] reportedly stands at [illegible] arrangements will [illegible] launch into Lake [illegible] of the lake here is [illegible] different level. Some old-[illegible] are betting that the [illegible] be high enough.

[illegible] Riggs, President of the Boat-A-Cade, said he had [illegible] the level of the Kissimmee River. It is in better condition now than it was a year ago, he said. This means it should be in fine shape by the Boat-A-Cade.

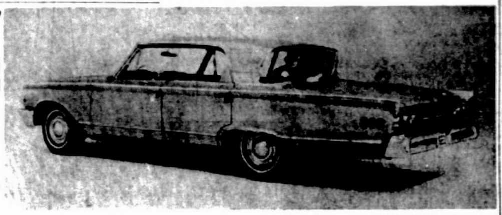
Seniors Take Tests Tuesday At High School

Senior tests were taken all day Tuesday by the 74 members of the APHS Senior Class. This Senior Testing Program is statewide.

Teachers from APHS and Avon Elementary School attended the FEA District meeting in Kissimmee on Monday and all students enjoyed a holiday. There were 2,300 teachers and principals from the four counties of Highlands, Hardee, DeSoto and Polk who attended the meeting which was held at the beautiful Tupperware Auditorium near Kissimmee.

Mrs. Vi Moseley, home economics instructor will be attending the State Home Economist Convention in Miami this week from Thursday through Saturday.

Don't forget to renew your driver's license during the month of your birthday.



Dramatic new styling plus increased power and performance highlight the changes in the 1963 Mercury Monterey. The unique, reverse slope, rear window which goes up and down, virtually eliminates visibility problems caused by ice, snow, rain or frost. The 390 Marauder V-8 engine now becomes standard, replacing a 223 six-cylinder engine and 292 V-8 which are no longer available on the Monterey. A total of eleven models — including the four-door custom shown above — are offered in the Monterey, Monterey Custom and S-55 bucket seat series.

1963 Mercurys On Display at Avon Park Motor Company Thurs. A.M.

Dramatic new styling features plus increased power and performance highlight the changes for the 1963 Mercury Monterey. The 1963 Mercurys will go on display in Avon Park, Thursday at Avon Park Motor Co.

The completely restyled Monterey, the big car entry in the Mercury line, includes a unique reverse-sloped rear window and roof line that sets the car apart from all other American cars.

The new rear window, which goes up and down, has important functional advantages as well as styling appeal. The window slants inward and virtually eliminates visibility problems caused by rain, snow, frost or ice. The window, which is power operated, provides excellent ventilation when opened. The new roof also allows more than half an inch of additional rear seat headroom.

In addition to the new roof line, the exterior of the Monterey has been completely restyled. All major sheet metal and ornamentation has been changed. The front features a new bumper and concave grille. The rear of the car has new quarter panels, new bumper, and triple tail lights. Slanted blade-type fenders extending the length of the car, add crispness to the styling.

The 390-Marauder V-8 now becomes the standard engine on the Monterey, replacing the 223 six-cylinder and 292 V-8 engines which are no longer available on Monterey. The standard 390 engine with two-barrel carburetor is rated at 250 horsepower and uses regular fuel. With four-barrel option, the engine is rated at 300 horsepower. Both 390-engines may be equipped with dual range Merc-O-Matic transmission, the fully synchronized four-speed floor mounted manual transmission. A newly designed fully synchronized three-speed manual transmission is available on the standard 390-engine.

A Mercury Marauder 406 V-8 engine, equipped with either four or six-barrel carburetor, is available as an option. The 406 is rated at 385 horsepower with the four-barrel carburetor and at 405 horsepower with the six-barrel carburetor. The 406 engines are available only with the four-speed, floor-mounted manual transmission.

Ben D. Mills, Ford Motor Company vice president and general manager of Lincoln-Mercury Division, said that the decision to make the 309-Marauder engine standard on the 1963 Monterey was prompted by the large percentage of V-8 engines ordered on the 1962 models. "The desire for more lively performance is not for speed alone," Mr. Mills said. "More and more drivers are seeking an added margin of power for high speed passing and emergencies. These engines are designed to give added performance in the middle speed ranges, where this type of power is needed most.

The 1963 Monterey will offer an alternator as standard equipment in place of the conventional DC generator, which will increase reliability of the electrical system and lengthen battery life.

The 1963 Monterey also incorporates many engineering advances to reduce the cost of car maintenance. In addition to the many service-saving features which have been introduced on the Monterey in the past two years, such as 6,000 mile oil change and minor lubrication, 30,000 mile major lubrications, 30,000 mile fuel filter and two-year or 36,000 mile radiator coolant, the 1963 Monterey will offer:

- Elimination of the 1,000 mile inspection.
- Extension of the major classis lubrication interval from 30,000 miles to 36,000 miles.
- Longer-life battery.

"Cushion-Link" suspension, which has given the Monterey a reputation for a soft, plush ride, has been improved for 1963. The suspension permits the wheels to move rearward as well as upward to isolate road harshness from the passengers.

Realtors Cooperate To Protect Public From Questionable Sales

Adoption of a six-point program by the National Association of Real Estate Boards to protect the public against the dangers of buying certain subdivided land by mail and solely on the basis of advertising solicitation was announced today by Hubbard Biggs, president of the Avon Park Area Board of Realtors.

Biggs said that the Executive Committee of the 72,328-member Association adopted the program recently and urged the [illegible] local boards of Realtors, [illegible] the Avon Park board, [illegible] check on any promotions that may be made [illegible] to sell distant [illegible] by mail on the basis [illegible] claims and without [illegible] real estate counsel [illegible] purchase inspection by [illegible] buyers.

"There has been a wave of [illegible] recently by un[illegible] operators that have [illegible] the sale to the public [illegible] for vacation or re[illegible] homes that are ill-[illegible] use or investment," the president of the board said.

"To take one instance, a [illegible] took several large newspaper ads to describe in glowing terms mountainous [illegible] in a western state. What he said was true, but he neglected to mention that the mountain top had been covered by lava many years ago and that water would be a major problem. This would have been revealed by a personal inspection by potential buyers, but the ad was keyed to purchase without such inspection at extremely low down payments."

Biggs added that the local board, as a matter of meeting its continuing responsibility to protect the public interest emphasized in the NAREB Code of Ethics, would cooperate fully with the National Association in this effort.

The six points in the NAREB program are:

1. Reemphasis of existing policy (adopted in May of this year) cautioning the public against the purchase of real estate by mail without personal inspection or without first obtaining the counsel of a sound real estate advisor.

2. Realtor collaboration with law enforcement agencies, including postal authorities, state attorneys general, the Federal Trade Commission, state real estate license law officials, and others, to obtain enforcement of existing laws and correction of abuses in the sale of subdivided lands.

3. Reference to state real estate associations for consideration in light of circumstances existing within the states of model legislation drafted by the Association's License Law Committee. This legislation is aimed at the regulation of the sale of subdivided land both in states in which the land is located and also in which it is offered. State associations are to be provided also with a record of the laws by which so-called "free lot" promotions are curbed in some states.

4. Preparation of a suggested guide containing basic information by which prospective land purchasers may inform themselves on prudent steps to take in purchasing subdivided lands.

5. Cooperative work with publications to develop standards for use in the acceptance or rejection of offered advertising for subdivided lands and an appeal to publications to exercise caution in accepting such advertising.

6. Provision for a continuing committee to study all possible abuses in land subdivision schemes and a recommendation that all member boards support Better Business Bureaus or other civic organizations in their efforts to investigate and curb the "by mail" sale of subdivided lands.

Three Couples Return From Western Trip

Mr. and Mrs. I. H. Ford, Mr. and Mrs. Sam F. Longbottom and Mr. and Mrs. L. W. Wicker returned this week from a month's tour of the West. Their trip took them through Colorado where they visited many interesting places; the Rocky Mountain National Forest, Salt Lake City, Yellowstone Park, where they found the weather below freezing, through Montana and to Washington where they visited the World's Fair in Seattle.

They made a side trip into Victoria, British Columbia where they saw the world famous Butchart Gardens. In Oregon they enjoyed the scenic coastal regions and to California for many of the famous spots. The Grand Canyon, Carlsbad Caverns and a trip into Mexico were also on their agenda.

Following their wonderful trip, the six report that they are glad to be back home.

Local Pastor Hosts S. S. Class

The Welcome Class of the First Methodist Sunday School enjoyed a covered dish supper at the home of Rev. and Mrs. S. M. Swaney on Saturday night. Mr. and Mrs. R. Devon Reddick assisted hospitalities.

Class president, Earl Rich, was absent and Mrs. Reddick, vice president had charge of the program. Rev. Swaney conducted a Bible quiz which proved to be most interesting.

See you in church Sunday

LANSE PADGETT, Red Devil halfback, is one of the reasons Avon Park defeated the Fort Meade Miners last Friday night. Padgett ran the ball 15 times for an average of five yards per carry. Padgett is a junior in the Avon Park High School.

The State of Citrus

By John Sikes — Florida Citrus Mutual

LAKELAND — When next-grove neighbors sit down together and thresh over their Florida citrus situations they're pretty certain to come up with constructive and profitable answers.

The generalization becomes self-evident when these neighborly deliberations are fortified with the necessary information and facts upon which to base specific conclusions.

Florida Citrus Mutual's 42 Grower Councils provide the basis, plus the facts and information, for these deliberations and for helping the Mutual grower member maintain his reputation as the best informed agricultural producer in the world.

These Councils are Mutual's member representatives in each community where Florida citrus is produced. The three and four officers of each Council, elected by the growers themselves, give Mutual the added strength of 140 to 150 "field men" to provide pertinent production and marketing information to each of Mutual's 12,000-plus members.

Growers require all the data possible upon which to base their own decision for selling their fruit.

In turn, these Grower Councils sound out the thinking and suggestions of growers for the solving of citrus problems in each community. Much of this thinking and many of these suggestions on the local level may well become an essential part of Mutual plans and programs to benefit the entire membership.

Mutual keeps seven staff members in the field at all times to provide grower members with information they need and to bring back growers' suggestions for improving Mutual's services.

"But it is this neighbor-to-neighbor exchange of ideas in each citrus-producing community that provides Mutual with some of its most valuable opportunities for strengthening its programs for all of our 12,000 members," Bob Rutledge, Mutual executive vice president, says.

"As well, these 140 to 150 Grower Council officers give Mutual a ratio of about one field man per 80 to 85 grower members instead of one to about 1,800.

"Obviously, this closer and neighborly relationship results in the swift and effective exchange of information and ideas that benefit Mutual's entire membership."

RECOVERING AT HOME

C. E. Kerr, who suffered a sun stroke two weeks ago, and has been in Tampa for examinations and treatment, had returned home and wishes to express his thanks to the city policeman who kindly picked him up and took him home following his stroke near the post office.

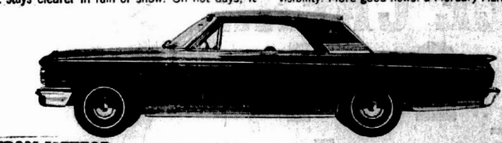
Meteor announces three new wagons
30,000-mile major chassis lube (minor lube at 6,000 miles) for all Mercurys
New 4-speed floor shift available for Comet
Extra-roomy trunks for all Mercury car lines
Comet introduces two jaunty convertibles
New Lightning 260 V-8 available for Meteor
Console-mounted gear shift standard on bucket seat Monterey S-55
New Breezeway roof for the elegant Monterey
A Marauder 390 V-8 now standard for Monterey
Self-adjusting brakes for all Mercurys
Meteor introduces two new hardtops
Two-Year Warranty
Or 24,000 miles, whichever comes first
Now all Mercurys have 2-year/24,000-mile warranty pioneered by Lincoln Continental on 1961 models
New bucket-seat models for each Mercury line

BURSTING WITH NEWS...'63 MERCURYS

NEWS-MAKING ROOF FROM MONTEREY. The advantages of Monterey's distinctive styling go far beyond its beauty. This is elegance that works. See how the recessed rear window slants inward? It stays clearer in rain or snow. On hot days, it opens for breezeway ventilation. The overhanging roof shades rear-seat passengers from the sun, gives more headroom, keeps glare off the rear window for better rearview visibility. More good news: a Mercury Marauder 390 V-8 is Monterey's standard engine.



SPARKLING NEW MODELS FROM METEOR. For 1963, Meteor is the hot brand. Meteor is the sparkler with a whole new line of models in the low-price field—sleek new low-to-the-road hardtops, sedans, and three new station wagons. Feel sporty? Try the racy Meteor S-33 hardtop, with individually adjustable bucket seats and a handy console. For brilliant performance to match Meteor's sparkle, a new Lightning 260 V-8 is available in every model. And you save on upkeep with Mercury service-savers.

THE LID'S OFF COMET. Now a jaunty new convertible joins Comet's all-fun line. This sleek, rakish beauty comes in two models: the Custom and the dashing S-22, with bucket seats and optional stick shift. All Comets now have a complete package of service-savers like self-adjusting brakes. And Comet still heads its class with the largest trunk, longest wheelbase, and best resale value record. See Comet's whole happy '63 line-up: convertibles, sedans, station wagons. Fun-test your favorite Comet now!

COMET • METEOR • MONTEREY: PRODUCTS OF Ford MOTOR COMPANY • LINCOLN-MERCURY DIVISION

First showing '63 MERCURYS . . . at these showrooms

* Lincoln-Mercury Division, Ford Motor Company, warrants to its dealers, and its dealers, in turn warrant to Mercury owners as follows: That for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers, of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance services, routine replacement of maintenance items such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings and normal deterioration of soft trim and appearance items.

AVON PARK MOTOR COMPANY
East Main and Verona Ave. Phone GL 3-4553 Avon Park, Fla.

MACHINE SHOP OPERATORS—Jim Kimbrel, left, manager and Jay Price, assistant manager of Ridge Parts and Machine Shop are shown as they made preparations for a grand opening next week. (See advertisement in this week's Sun). Kimbrel comes to Avon Park from Lake Alfred and was formerly associated with Jackson Bearing and Supply of Winter Haven. He and his wife and two children reside on East Husky. Price, formerly employed by a Sebring parts dealer, resides in the Pinecrest section. The new shop will carry a complete machinery department, in addition to parts and supplies.

CRACKER POLITICS

By ALLEN MORRIS

TALLAHASSEE — The big, and probably necessary, gamble taken by Bud Dickinson is beginning to look better.

No one will know for sure until the votes are counted in May of '64 but the apparent gain in popularity by Governor Bryant should react in Dickinson's favor.

That calculated risk taken by former State Senator Fred O. Dickinson, Jr., of West Palm Beach was to tie his political fortune to the tail of the Bryant administration, whose titular chief had helped knock Dickinson out of the gubernatorial race in '60.

Dickinson deliberately sought a place on the Bryant team in defiance of the tradition that Florida voters, certainly in modern times, have been leery of political crown princes: acknowledged or suspected.

In fact, it's still an open question as to whether so popular a governor as LeRoy Collins helped or hurt Doyle E. Carlton, Jr., by coming out publicly for him in Carlton's run-off with Bryant for the '60 Democratic nomination.

Anyway, Dickinson, who had finished fifth in the '60 race, decided upon the tradition-defying course because he felt a place on the Bryant team would enable him to most effectively expose the movers and shakers of Florida life to his undeniable charm.

He talked of the Development Commission as his vehicle, but settled for a better berth, the chairmanship of the quasi-independent Council of 100, a voluntary group of business leaders who paid the Council's - and Bud's - way.

The Council chairmanship has given Dickinson the opportunity, on the high, non-political ground of public service, to address people everywhere who wanted to make their communities bigger and better. There isn't any question but that this stimulation was helpful to many communities.

Yet, since the Council had only the purpose of stirring people to do things for themselves, Dickinson escaped the fire which accompanies decision-making. The chairmanship proved generally to be a politically ideal post, helping everyone and harming no one.

Even the Development Commission, dedicated to the same general mission of helping everyone and possessing millions of tax dollars to accomplish this happy end, occasionally bumps into a situation - usually by misadventure - which results in someone being offended. But the Council of 100, having no such administrative responsibilities, has had no apparent bad days.

Right now, it appears that Chairman Dickinson will have run his string with the Council in about four to six months, for already people are beginning to take sides for the next governor's race. The logical course seems for Dickinson to report "mission accomplished" to the Council and Bryant at that time, and ask to be relieved as chairman so he may openly campaign.

In hindsight, the difficult decision made by Dickinson in the day or two after the first primary in 1960, to tie to Bryant, appears to have been a wise one for him.

His alternatives, pursued by one or another of the others then eliminated, were (1) to stay aloof from the runoff, as Jacksonville's Mayor Haydon Burns did, or (2) to publicly announce a preference but not campaign, as Ted David did for Carlton, or (3) to be put in the position of having made a choice without actually saying so, as John McCarty did when his much-esteemed sister-in-law, Mrs. Dan McCarty, declared her intention to vote for Bryant.

In considering whether Dickinson has improved his public acceptance by his choice, the place where he started from must be kept in mind. Of the 937,067 votes cast in the first Democratic primary of '60, Dickinson received 115,520, with a fifth cast in his home county of Palm Beach.

This is, admittedly, a rough measuring stick, for each gubernatorial competition is different (for example, four years before his triumph, Bryant had collected 110,469 votes in the first, winner-take-all primary of 1956 when LeRoy Collins was nominated with 434,274 votes). But it does indicate the foundation on which Dickinson had to build for '64. Regardless of the other names on the '64 ballot, it is unlikely Dickinson will lose any substantial number of '60's faithful 115,000.

Dickinson, by tying himself to Bryant's kite, has identified himself with what appears to be today's yearning by the Florida public to capitalize upon the opportunities - unforeseen in '60 - presented the state by the Space Age. Toward realizing those opportunities, in industry and in education and in other ways, Dickinson's Council of 100 has been in vigorous pursuit.

Paralyzed Youth Returns Home

Hazel Miller, a 17 year old high school student from Macon, Georgia who was injured in a diving accident on Lake Tulane in July will be receiving a warm welcome in her hometown this week.

Hazel was visiting her uncle and family here, the Horace Kings, when the accident occurred. She was taken to the Lakeland Hospital for thearpy treatments. She is still paralyzed from the waist down, but will enter the Warm Springs Hospital at Warm Springs, Georgia to continue her rehabilitation program.

While in the Lakeland Hospital, Hazel made headlines in several newspapers, and her story was also told on radio and television because of the inspiration she had received from the Lakeland High School students who restored her determination to live and walk again, by their constant visiting and keeping her cheered. Upon leaving the hospital a group of students gave a party in the hospital auditorium for Miss Miller.

WORK AT WAYSIDE PARK

Members of Hibiscus Circle are reminded that the annual Work Day will be held Thursday, October 11, at the Wayside Park on Highway 27, south of Avon Park. Each lady is to bring her food and drink and work stools, also fertilizer, and report at eight o'clock Thursday morning for duty.

DEFENSIVE STANDOUTS IN RED DEVIL WIN — DeWayne Lemler, No. 27, and Robert Duggan proved to be a thorn to the Ft. Meade backfield last Friday night as they displayed outstanding defensive savy. Lemler playing lineback or end on several occasions tripped up opposing blockers and then nailed the ball carrier. An unidentified band member offers refreshment to Duggan after the game. (Sun Photo)

Red Devils Journey Friday —

(Continued from page one)

ponent's 20 yard line. With the exception of three lost fumbles, the Avon Park offensive squad was able to move the ball through and around the Fort Meade line at will until they neared the Miner goal line. Devil drives died on the Fort Meade nine, ten, and five yard lines for lack of yardage or due to a fumble.

The first quarter of play was highlighted by Fort Meade's deepest penetration of the game. The Devils forced the Miners to punt for the second time and the punted ball hit Avon Park's safety man as he tried to let the ball roll. The on-rushing Miner line pounced on the ball at Avon Park's 13 to give the Miner's a big break with a first and ten from that point. A mix-up in the Miner backfield caused a fumble on the next play however and Devil tackle Jackie Turner recovered for Avon Park to snuff out the threat quickly. Five plays later Avon Park lost another fumble to the Miners on the Devil 25 and again the Fort Meade team's chances looked good. An off-side penalty against the over-eager Miners and the stiff Devil line drove them back four yards in five plays to give Avon Park the ball on their own 29 as the first quarter drew to a close.

From this point Avon Park started their 71 yard touchdown drive. As the second period started, the Devils ate up the yardage on the ground with sophomore fullback Jimbob Maddox accounting for 39 of the yards including one 22 yard scamper. Senior halfback Max Still added an eight yard gain and junior halfback Lanse Padgett took the ball over for the score on a 17 yard off tackle dash. The Devil's plunge for the PAT was stopped short and Avon Park led 6-0.

Fort Meade had possession twice in the second period and moved for one first down early in the period aided by an off-side penalty against the Devils. Avon Park drove from their own 30 to the Miner nine but lost on downs as Still, Maddox and Padgett could gain only seven yards on four running plays from the 16 yard line.

Avon Park received the second half's opening kick-off on their 30 and moved swiftly to Fort Meade's 35. Miner halfback, Dickie Ballanger, halted the Devil onslaught with a pass interception on Fort Meade's 20 but two plays later John Rhoades, outstanding Devil safety back, evened the score by hauling in a Miner pass to give Avon Park possession again on the Miner 32. It took the Devils just nine running plays, including a five yard penalty set back, to chalk up their second touchdown with Maddox slicing off-tackle for the last two yards to pay dirt. An 11 yard gain by Still highlighted the short TD drive. Still ran the extra-point try around end but a penalty against the Devils nullified the point and a completed pass from Sullivan to Bill Ward was stopped short of the goal line on the second try holding the score at 12-0.

A 15 yard clipping penalty against the Miners drove them back to their own 20 on the next series. The Devils hard driving defense moved in fast and caused a fumble which Devil lineman Andy Miracle recovered for Avon Park on the Miner 14. Max still shook loose on the first play and crossed the goal line but a penalty against the Devils erased the score and the Red offense sputtered out on the Miner five yard line just one yard short of a first down.

The fourth quarter was all played on the Miner's half of the field with Avon Park moving to Fort Meade's ten on one drive only to lose the ball three yards short of a first down. Two drives by the Miners were stopped cold by the Devil defense without a first down on either and the game ended with the Devils in possession of Fort Meade's 35 yard marker.

Home Economist On The Go

by Patricia G. Hurley

Members of the Highlands County Home Demonstration Advisory Committee put their heads together Monday afternoon in my office and came up with some excellent ideas for the coming year. This newly formed committee is made up of two representatives from each of the Home Demonstration Clubs. Its purpose is to pool ideas of club women in all parts of the county. Their first job is to plan monthly programs and also special events for the year 1962.

Present were Mrs. V. T. [illegible] and Mrs. Dahlia Peace from Venus; Mrs. Thelma Glenn and Mrs. Scottie Nessor from Lake Placid; Mrs. Betty Neel and Mrs. Cora Campbell from Sebring and Mrs. Bobbie Ma[illegible] and Mrs. Hermie Harvey from Avon Park.

Reports of [illegible] polls revealed that [illegible] want to emphasize [illegible] clothing and textiles during the coming year.

The representatives seemed quite enthusiastic about plans for a spring clothing workshop. This workshop should [illegible] they thought, some outstanding talks and demonstrations by clothing specialists. The women said they wanted to learn more about choosing fabrics, how to lay out patterns and how to care for sewing machines properly. They also want to know more about which clothing styles are more becoming to them as individuals.

To climax the year's emphasis on clothing and textiles, the women decided to have a County Home Demonstration Dress Revue.

Monthly metings during the year will feature programs on foods and home improvement as well as clothing and textiles. Programs planned include How to Select Draperies, Furniture Arrangements, The Use of Herbs and Seasonings, and Basic Steps in Canning and Freezing.

Representatives planned some additional programs and special events that individual clubs requested.

Florida Council Reports

By Fred O. Dickinson, Jr.
Chairman The Florida Council of 100

Two men talked one evening in 1960 about forming an organization of businessmen and educators who would develop a new approach to the solution of some of Florida's problems. One was Farris Bryant, who had just been elected governor. I was the other.

We became involved in a long, detailed discussion as to what could be done to improve the economic health of Florida. We discussed a plan which has been used successfully, on a limited scale, in North Carolina when Luther Hodges, now the U. S. Secretary of Commerce, was governor.

This discussion probed ever deeper into the possibilities, and the Florida Council of 100 was born that night. The purpose of this then infant organization was (1) to assist the governor and all appropriate city, state and federal agencies in attracting new industries; (2) stimulating our tourist economy; (3) establishing a space science educational complex and upgrading all phases of higher education, and (4) instituting new programs to develop our state's almost untapped natural resources.

The council has been able to work swiftly and successfully because its members are real leaders in the fields of industry, business and education. These council members have cared for and reared this infant council into its second year, and into a shining example of American ingenuity.

Each member pays $800 a year into the council to finance its operation. In addition, these members pay their own expenses to meetings, even finance out of their own pockets the publication of reports. None of them, including the chairman, receive compensation for his efforts. They have given freely that which no state could afford to buy.

This is the first organization of its kind in the United States. It is only right that it was born in a state whose citizens traditionally have stood on their own feet and found ways in many cases to solve their own problems.

Here are one hundred persons working in the closest cooperation with all branches of government as a unique example of a cooperative venture to make sure that Florida's bright past is exceeded by an even brighter future.

The Council members come from all sections of the state, and no section is more important than any other. The economic health and well-being of Florida's smallest hamlet is of as much importance and receives just as much attention as do the problems of the urban centers.

In future columns, various members of the council will bring you special reports on particular fields in which they have devoted their energy, money, time and talent. We will bring you comments from elected officials and appointive officers in state and federal government who deal with specific problems.

Each of these columns will bring you thoughtful, sincere and penetrating discussions on Florida today and what we can do about Florida's tomorrow.

Guest Speaker For Avon WSCS

Mrs. Maude Parker from Sebring was a guest speaker at the general meeting of the Woman's Society of Chrisian Service, held Tuesday morning. She discussed the mission study book, "Rim of East Asia", which will be studied in the WSCS during October. Mrs. R. A. Gerrard presented an inspirational devotional message on "Who Is My Neighbor," with Mrs. George Kelsey, Mrs. Dean Griffin, Mrs. Ellis Watson and Mrs. Fern Kerr each participating. Mrs. S. M. Swaney was program chairman.

Following the program, the president, Mrs. John L. Bridges, conducted the business session.

Don't forget to renew your driver's license during the month of your birthday.

Homemakers Club Organized

The newly organized club of young homemakers sponsored by the County Home Demonstration Agent, Mrs. Pat Hurley, has been named the Young Homemakers Club. Their first meeting was held Thursday, September 27, at the home of Mrs. Harriet King.

Jeanette Andrews gave the devotions and Bobbie Maddox welcomed each guest. Mrs. Hurley showed a film on electricity and talked to the group on the subject.

The next meeting will be held November 1, at three o'clock at the home of Mrs. Hermie Harvey. Any young homemaker up to the age of 35 who is interested in joining the club is invited to attend this meeting.

Officers for the club are Bobbie Maddox, president; Hermie Harvey, vice president; Harriet King, secretary; Jennie Spurlock, reported.

Refreshments were served by the hostesses, Harriet King and Gloria Arnold.

WALKER MEMORIAL

Mr. and Mrs. Franklin Beard, Lake Placid, a daughter, Amy Susan, born September 18, weighed 6 lbs., 12 oz.

Mr. and Mrs. Kenneth Wayne Childers, a daughter, Sharon Lynn, born September 19, weighed 6 lbs., 11 oz.

Mr. and Mrs. J. L. Griffis, Sebring, a daughter, Pamela Jill, born September 19, weighed 9 lbs., 7 oz.

Mr. and Mrs. Carl Wesley Harner, Sebring, a son, Darryl Wayne, born September 21, weighed 9 lbs., 4 oz.

Mr. and Mrs. Jim Russell Browning, Sebring, a daughter, Patricia Laurie, born September 21, weighed 6 lbs., 13 oz.

Mr. and Mrs. Edgar Eugene Stokes, a son, Steven Curtis, born September 23, weighed 8 lbs., 7 oz.

Mr. and Mrs. Raymond Allen Hall, a daughter, Vesta Lee, born September 23, weighed 5 lbs., 11 oz.

Mr. and Mrs. R. Dixon Hoggard, Sebring, a son, Mark Richard, born September 24, weighed 7 lbs., 4 oz.

Mr. and Mrs. Billy Frank Cooper, a son, Steven Frank, born September 26, weighed 7 lbs., 10 oz.

Mr. and Mrs. Noah Dillard Coatney, a son, Joey Edward, born September 26, weighed 6 lbs., 11 oz.

Mr. and Mrs. Wendel Brown, Lake Placid, a daughter, Sheila Joann, born September 29, weighed 7 lbs., 8 oz.

Mr. and Mrs. Enoch Manley Walker, Sebring, a daughter, Jeannette Lynn, born September 30, weighed 6 lbs., 14 oz.

Mr. and Mrs. Earl Steere Van Etta, 3rd, Sebring, a son, Earl Steere, 4th, born October 1, weighed 6 lbs., 10 oz.

Mr. and Mrs. William Thomas Baker, Sebring, a daughter, Belinda Kay, born October 2, weighed 7 lbs., 12 oz.

New Rambler Agency To Spotlight New Models With Grand Opening

Hamilton Rambler of U. S. 27, South of Sebring will show the 1963 Rambler on Friday, October 5, as a Grand Opening feature. J. Wallace Hamilton is the owner of the new Rambler dealership for Highlands County.

Hamilton came to Sebring from Jacksonville, where he was officer manager of Meadowbrook Farms Dairy. He was also in the farm equipment business for 13 years in Live Oak and Jasper.

A new building houses the Hamilton Rambler showrooms with the finest equipment for service of all automobiles as well as a complete parts department.

Jack Wise, assistant manager, was formerly service manager of Huskemp Rambler in Miami. He has a thorough knowledge of the Rambler automobile and its backround. Other staff men include Dewey Rouse, sales department; Jim Scates, service department; Walter Tost, lubrication department and Mrs. Hamilton is the office manager.

Features of the 1963 Rambler are many, including the double-safety brake system which was pioneered by Rambler in 1962. This has been improved. The new twin-stick floor shift over-drive is also featured. Ceramic-armoured muffler and tailpipe, and deep-dip rustproofing are only a few of the fine features of the 1963 Rambler on display Friday at Hamilton Rambler.

Congregational Group Supper

The young adult club of the Union Congregational Church will have their regular monthly covered dish supper at 7 o'clock Saturday night, October 6 in the YAC Room. All YAC members and prospective members are urged to come and bring a covered dish and table service.

Members are asked to invite another couple to the dinner meeting.

Following the supper there will be a brief business meeting and a short film. Hostesses will be Mrs. Albert Lawrence and Mrs. C. S. Warrington.

Weeki Wachee has been a tourist attraction since 1949. It is now owned by American Broadcasting-Paramount Theatres and is operated through its subsidiary Florida State Theatres.

Glazed ceramic tile on walls seldom needs special cleaning except to remove a film which sometimes gathers from the splashing of soapy water.

SMITH FAMILY MOVES

The Wilson Smith family has moved into their new home at 1005 West Walnut Street near Highway 27 South of Avon Park. Mr. Smith is opening a new Funeral Home establishment and will be offering all of the services connected with the business. His telephone number is GL 3-3145.

[redacted]

HAPPY DAYS HERE AGAIN—Carol Beckam, captain of the Avon Park cheerleaders, is all smiles last Friday night after the Red Devil gridders scored their second touchdown over the Ft. Meade Miners. The locals gained their first win of the season in the encounter. (Sun Photo)

A PYRAMID FORMS A picturesque background for A. J. Ott and friend while he was on location for an American construction company in Egypt. See story below

A. J. (Red) Ott, Export Trade Enthusiast Is Home From Egypt

A. J. (Red) Ott arrived at [illegible] Avon Park Lakes [illegible] and he and Mrs. Ott [illegible] Beaumont, Texas to [illegible] son, Martin (Buddy) [illegible] is a student at Lamar [illegible] at Beaumont, where he is [illegible]

Ott has just returned from Egypt where he supervised the construction of a large plant for The Marley Company of Kansas City, Missouri. Marley International, Inc. prepared a summary of major installations in recent months which covered 25 countries around the world, high-lighting the present scope and geographical breadth of the Marley's market abroad.

The following account and above picture appeared in the monthly publication, "Marley Remarks" which shows Red and his faithful retainer, Abul, near two of the world's wonders in Egypt. On completion of construction, Red reported to the owner's offices in Cairo and upon finding that he had a day and a half to wait for his homeward flight, the company assigned him a car and a guide for an extensive sightseeing tour.

Ott is a keen observer and reporter of life as it is lived. He says that life has no pattern in Egypt, it is a composite picture of the manners and cultures of all ages. "I could sit on my patio at the hotel in the evening and watch an entire world go by. Europeans, Africans, bedouins of a hundred tribes, all were part of the changing scene at Suez. The plant was just 12 miles from this city at the south end of the canal.

"There is no intolerance of foreigners, no undue restrictions of movement and no outward manifestation of politics which is near the surface at all times in the near east. The man in the street is pro-Nasser for he has received some benefits, such as reduction of the work-day week from 12 to 16 hours."

Ott says that to overcome the language barrier and to speed construction of the plant he divided his lumber into 10 piles and the hardware into 10 piles. Next he learned the symbols for the figures from one to 10 in the Arabic numerals. Using numbers and symbols he marked each pile of material and the system worked excellently. He found the workmen to be the best mechanics he had found outside the United States and better than many in the states. Their machine shop was elaborately equipped and the men used the tools expertly.

"Life was not completely serene but I loved every minute of it." Fruits and vegetables were beautiful, but certain to cause dysentary. They can irrigate the desert and grow anything. With refrigeration sadly lacking freshly caught seafood was the basic entree for at least two meals every day. The fish, of varieties new to the American palate, were prepared in many ways. Shrimp, always plentiful, was purchased live at the docks. They averaged four shrimp to the pound, and curried, boiled or broiled, they were the piece-de-resistance to Red.

Ott reports that a $15,000,000 expansion program is contemplated and that it should require at least two more Class 600 Double-Flows constructed which he hopes to erect for the company. "Where else can you stand on the fan deck of a tower and watch the world's commerce pass in review? In the morning a ship went north in the canal every few minutes, in the evening the orderly parade went south."

Fireworks Part Of Sebring Semi-Centennial

A surprise spectacular awaits those attending the Sebring Semi-Centennial Celebration, Saturday evening, October 13th.

The full hour fireworks display will be staged at 8 p.m. by Edward Kolisek, a Sebring resident, known throughout the country as one of the best professional pyro-technicians.

According to Kolisek, because the discharge of the displays will be made over the water in Lake Jackson, it will be possible to build the shells four or five times the usual size when used where the discharge is made over the land area. This, of course, means longer and more colorful sky illumination and resultant water reflections.

Another unusual spectacle will be attempted when as a climax to the fire works display, three hundred, 8000 candlepower flares will be lighted simultaneously around the entire circular shore line of Lake Jackson. The Sebring Kiwanis Club has taken team work responsibility to distribute the flares to residents on the lakefront and will station member Kiwanians around the shore line to light flares where there are no residents. At the sound of the 9 o'clock curfew whistle, all flares will be lighted simultaneously. The flares will brilliantly illuminate the 11 mile circular shore line for 1½ minutes with a golden light, appropriate to the Golden Anniversary Celebration. Never before has such a spectacular fireworks demonstration been attempted.

Senator Spessard L. Holland will unveil and dedicate a Sebring memorial marker in Circle Park, Saturday, Oct. 13, at 3 p.m.

USE SUN CLASSIFIEDS

KAREN KIRKLAND, head majorette of the Avon Park Band majorette corps, poses for a Sun photographer during a recent practice session. Karen, a senior, leads the majorettes in routines during halftime at Avon Park home football games. (Sun Photo)

MADDOX ROTARY SPEAKER

W. A. Maddox, examiner of Florida Small Loan Offices, was the speaker at the Avon Park Rotary Club, Wednesday. Maddox told the club members of his work, which is directly under Comptroller Ray E. Green. Maddox covers 14 counties and 130 offices in his operations.

CIRCLE MEETING CHANGED

Members of the Founders Circle of the Garden Club are notified that the meeting place has been changed from Mrs. Fred Jahna's home and will be held at the home of Mrs. W. C. Touchton, Thursday, October 11, at 9:30 a.m. Mrs. E. W. Hartt will discuss Freeze Proof Gardening.

Here and There

Mrs. A. B. Wilhite spent the weekend in Miami with her mother, Mrs. Bertha Wilson, and also visited her two sisters.

The Devon Reddicks and daughter, Devorah, visited Mr. and Mrs. R. D. Reddick, Jr., and son, Randy, in Tampa on Sunday.

Mrs. Gladys Rutledge has returned from a two months vacation she spent in the eastern states with friends. She went first to Cape Cod, Mass. and from there she visited numerous other places over the state then to Deerfield, New Hampshire and Portland, Maine.

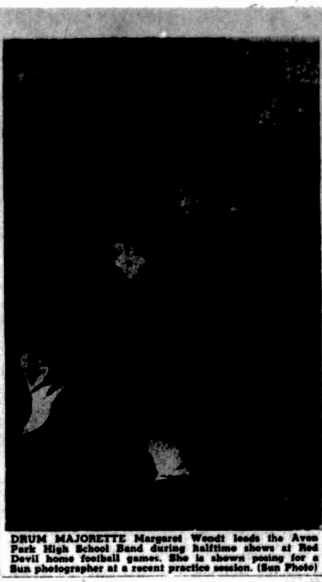
Mr. and Mrs. Raymond Dilley and Mrs. Joyce Rutledge have returned from a trip to the mountains and to Bainbridge, Maryland where they visited Mr. and Mrs. Jay Clark. Mrs. Clark is the former Miss Joyce Taylor of Hollywood, Florida. She returned to Florida with the group and plans to remain here while her husband is taking some special training with the United States Navy.

Among those making the trip to Gainesville on Saturday to see the Georgia Tech-Gator football game were Mr. and Mrs. Kenneth Kreigh who were accompanied by friends from Frostproof; The Andrew W. Miracle family; T. Hayes Maxwell, Earl Wells, Robert Duggan and Ramon Serrano; Mr. and Mrs. Richard Derkman and Fred Guerndt.

Mrs. G. L. Harrison has returned from Wilmore, Kentucky where she accompanied her daughter, Salie, who returned to Asbury College, where she is a senior. Mrs. Harrison's sister, Mrs. George Jordan, of Ocala, made the trip and enroute home they visited her son, The Rev. Monroe Grand, and family, at Monroe, Ga. Mrs. Harrison and Salie also visited friends in Atlanta, and Mrs. A. Reynolds in Haines City who is Mrs. Harrison's mother.

REBEKAH PRESIDENT

Mrs. Maye Kernen of West Palm Beach, state president of the Rebekah Assembly of Florida, was in town Tuesday of last week. She came especially to visit Mrs. Fannie Spinks at the Hillcrest Nursing Home. Mrs. Spinks is a past president of the State Assembly.



DRUM MAJORETTE Margaret Wendt leads the Avon Park High School Band during halftime shows at Red Devil home football games. She is shown posing for a Sun photographer at a recent practice session. (Sun Photo)

Watson-Frazier Wedding Sept. 22

Miss Carolyn Watson and Gene Frazier were married on Saturday, September 22, with the Rev. J. P. Morgan officiating in a private ceremony.

Mrs. Charles Watson spent a few days in Sanford to be with her daughter who was at the home of her grandparents, Mr. and Mrs. F. A. Wolfer.

The groom's parents live in Columbus, Ohio. He has been stationed at the United States Naval Base in Sanford.

Following the wedding Mr. and Mrs. J. Alexander entertained the wedding party at their home in Sanford.

Mr. and Mrs. Frazier left for a wedding trip to Columbus, Ohio to visit his family, and then they will go on to Cincinatti where he will be stationed.

A new fall package vacation booklet is available from the Florida Development Commission. It lists some 1,000 package vacations available to visitors in all areas of the state.

1963 Oldsmobiles To Be Shown At I. H. Ford, Avon Park Dealer

The 1963 Oldsmobile 88's and 98's including two new 98 models, along with the Starfires and F-85's, will go on sale at I. H. Ford Motor Co., Avon Park, beginning October 4, according to Donald Ford.

"The 1963 models," Ford said, "feature fresh youthful styling, stronger model identification, many improvements for customer comfort and important engineering advances."

In highlighting the new features of the 1963 Oldsmobiles, Ford cited J. F. Wolfram, Oldsmobile general manager and a General Motors vice president: "To meet the varied wants and needs of today's individual buyers," Wolfram said, "Oldsmobile is offering 26 highly distinctive models for 1963, ranging from the crisply designed, longer-looking F-85 to the most elegant 98's we've ever built.

"Styling distinctiveness, impressively apparent in each 1963 Oldsmobile series," Wolfram continued, "has been gained through sweeping changes in body and sheet metal, individualized grilles, rear quarter surfaces and tail lamps, bright metal accent trim and contemporary roof and upper structure design. New rooflines have been designed for the Dynamic and Super 88 Holiday Sedans and for the Starfire. Two new 98 models have been added."

In describing Oldsmobile's full-size cars, Wolfram said that they are styled with long, sleek lines, incorporating special characteristics for each series.

"In addition to the totally new and appealing exterior styling of the Dynamic 88," he added, "interiors are richer and more tastefully appointed.

"The Super 88", he said, "is more glamorous than ever with new luxury trim and fabrics inside and distinctive accent moldings outside. As an example, the edges of wheel openings and rocker panel in the 1963 Super 88 are outlined in stainless steel.

"Oldsmobile's Starfire, for 1963," Wolfram said, "is a full-size sports car with its own Starfire engine, Hydra-Matic, power brakes, power steering, bucket seats, power console and tachometer as standard equipment. In addition, the fresh new styling of the Starfire Coupe features a concave rear window complementing its highly individualized roofline."

Wolfram described the 98 models for 1963 as the most luxurious cars Oldsmobile has ever offered.

"The flagship of the Oldsmobile fleet," he said, "is the new 98 Luxury Sedan - the epitome of elegance in a motor car. It is of six-window design with a custom interior trim including built-in door arm rests containing controls for the electric windows (standard equipment). Assist grips on the back of the front seat aid entry and exit. Both front and rear seats contain center arm rests.

"Another new model is the 98 Custom Sports Coupe, a sophisticated sports car combining the distinction of 98 exterior appearance with the excitement of bucket seats, power console and the outstanding maneuverability of the famous Starfire engine," he added.

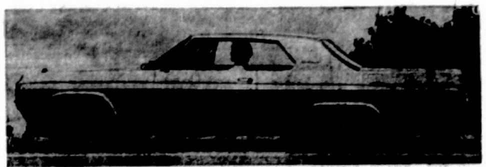
"In all these cars, 88's, 98's and Starfires," Wolfram continued, "are important advancements toward the greater comfort, convenience and safety of the driver and his passengers."

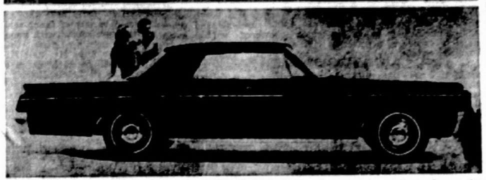
He said that all 1963 Oldsmobiles are equipped with a new door interlock system which increases resistance to door-opening under impact. Self adjusting brakes are standard equipment on all models.

Wolfram also announced a "positive pilot" turn signal system to warn the driver should one of the signal lights become inoperative.

The new custom deluxe steering wheel has soft padding added to the spokes which are designed for increased protection of the driver.

A new padded instrument panel houses recessed control knobs to further contribute to passenger safety.





TOP — This is the 1963 Starfire, Oldsmobile's full-size sports car. With its crisp, youthful styling theme, fresh new roofline and concave rear window, the Starfire is further identified by the tailored aluminum band along the sides. It has its own grille. Bucket seats, center console, Hydra-Matic transmission, power brakes and power steering are standard equipment. Produced in both coupe and convertible models, the Starfire is powered by Oldsmobile's ultra-high compression 345 horsepower Starfire engine equipped with dual exhausts.

BOTTOM — A complete styling change including a fresh new roofline gives the 1963 Oldsmobile Super 88 Holiday Sedan a sheer new look. Interiors in this series are more impressive with greater emphasis on luxury in fabrics and appointments. Door armrests are set in brushed aluminum panels and the Holiday Sedan is equipped with a center rear seat armrest. All Super 88 models feature greater series identification in exterior appearance. For example, wheel openings are tastefully outlined by stainless steel moldings. Powering all Super 88 models is Oldsmobile's 330 horsepower Skyrocket engine.

★ ★ ★ ★ ★ ★

The heating, ventilating and air conditioning systems are operated by a single control unit to maintain a more constant temperature under all weather conditions.

"Other changes for additional interior comfort," Wolfram continued, "include virtual elimination of the front-floor-to-sill step-in and a near 50 per cent reduction in the size of the front floor tunnel. The rear tunnel is four inches narrower than in 1962 models.

"Another important improvement is Oldsmobile's optional 'Tilt-Away' steering wheel," he said. "By operating a small lever at the base of the steering column, the driver may position the steering wheel at whatever angle best suits him. He may also tilt the wheel to its most vertical position for easier entry and exit."

All 1963 radios have been transistorized for instantaneous reception. In addition to the deluxe and super deluxe models, Oldsmobile this year has introduced another optional radio—an AM-FM receiver.

Wolfram said that other engineering advances include revised rear suspension geometry and newly designed body mountings for more all-round driving pleasure through amazingly quiet and smooth operation. The cars corner better due to improvements in sway control. For added maneuverability, turning diameter has been reduced almost three feet.

Standard on all Oldsmobiles for 1963 is a positive crankcase ventilation system which greatly diminishes crankcase fumes. "An exclusive Oldsmobile development," Wolfram explained, "this ventilation device contains a dual action valve. At idle and at low speeds, the valve remains closed and all the mixture is routed directly to the carburetor throttle body. At higher speeds, the valve opens and the fumes are divided, with the major portion directed into the air cleaner snorkel intake air stream where it is mixed with outside air and refiltered before entering the carburetor."

A new generator, the Delcotron, improves charging at idle speeds, thus prolonging battery life. The Delcotron is a self-contained unit and requires no further lubrication during normal life of the car.

On all Oldsmobile 88's, 98's and Starfires, the speedometer is driven off the left front wheel instead of through a gear in the transmission, for quieter operation.

All 1963 full-size Oldsmobiles are powered by 394 cubic inch displacement engines designed to give utmost efficiency on premium grade fuels.

The Rocket engine, rated at 280 horsepower with two-barrel carburetor and 10.25 to 1 compression ratio, is standard on the Dynamic 88.

The Super 88 and most 98 models are equipped with the Skyrocket engine, using the same compression ratio but developing 330 horsepower with a four-barrel carburetor.

Oldsmobile's high performance engine, the 345 horsepower Starfire, is standard on both Starfire models and the new 98 Custom Sports Coupe.

Engine options are available only on Dynamic 88's. They include the Skyrocket engine at extra cost, or at no extra cost for those who prefer to use regular grade gasolines, a 260 horsepower, 8.75 to 1 compression ratio version of the Rocket engine.

The Hydra-Matic transmission, standard on Starfire and 98 models, is also available as an extra-cost option on all Oldsmobile F-85's, Dynamic 88's and Super 88's. A three-speed synchromesh transmission is standard on these models.

Foster-Cox Wedding Set For October 20

Mr. and Mrs. Otto Foster have announced the engagement and forthcoming marriage of their daughter Sylvia, to Roger William Cox, of Atlanta, Ga.

The bride-elect attended the University of Florida, Gainesville and recently went to Atlanta where she accepted a secretarial position.

The groom-to-be is the son of W. F. Cox of St. Joseph, Missouri and his mother is Mrs. J. D. Wilson, also of St. Joseph.

Mr. and Mrs. Foster will go to Atlanta for the wedding of their daughter which will be held in the St. Marks Methodist Chapel in the afternoon of October 20. Their other daughter, Betty Claire, is also in Atlanta.

No invitations have been issued to the wedding which will be attended by the families and a few close friends.

Dutch Wife Here For First Visit

Mr. and Mrs. Joe C. Lee and their 18-month-old daughter Donna, are here from Roomer [illegible] Holland for a visit with his parents, Mr. and Mrs. C. S. Lee, and other relatives.

Joe is introducing his Dutch wife and their daughter for the first time to his family. He is enroute to Chicago, Ill. where he will be re-stationed with the United States Army Inspection service after a four year stay in Holland.

Avon Couple Is Honored On 57th Anniversary

In recognition of their 57th wedding anniversary, Mr. and Mrs. A. W. Rodgers of 23 W. LaGrande St., have received a letter of congratulations and a gift package of the "57 Varieties" from the H. J. Heinz Company.

Mr. and Mrs. A. W. Rodgers celebrated their 57th wedding anniversary on September 6, 1962.

B. D. Graham, [illegible] vice president [illegible] Heinz [illegible] United States, said [illegible] this happy [illegible] it fitting that [illegible] sary be [illegible] makers of Heinz [illegible]

Mrs. Watson Is Party Hostess

A [illegible] party at the home [illegible] Watson on [illegible] honored [illegible] White, who was ob- [illegible] birthday.

[illegible] each bear- [illegible] fans [illegible] were served [illegible] White [illegible] Kate [illegible] and [illegible] hostess.

Pink Ladies Begin Training

Twenty ladies reported for the first class of instruction Monday night, to become Pink Ladies as an auxiliary to the Walker Memorial Hospital. The meeting was held in the [illegible] Room of the hospital. [illegible] Lynd, director of the [illegible] and Mrs. Gladys J. [illegible] were instructors for [illegible] first meeting.

[illegible] class was divided and [illegible] meet consecutively for [illegible] four weeks Monday [illegible] seven to nine [illegible] and Tuesday after- [illegible] from one to three [illegible].

Dees-Klemm Wedding Event Of Sept. 29 In Fla. Avenue Church

Miss Mary Ann Dees became the bride of William Harold (Bill) Klemm in a double ring ceremony Saturday evening, September 29, in the Florida Avenue Baptist Church with the Rev. J. M. Gilbreath officiating. Two baskets with fan shaped arrangements of white chrysanthemums and gladioli spikes were placed at either side of the altar with palm fronds forming large open fans standing back of the altar. Mrs. Dolan Hill rendered a program of nuptial music.

The bride's parents are Mr. and Mrs. Paul Dees and the groom's parents are Mr. and Mrs. Harold Klemm. Bill has spent much time with his grandmother, Mrs. Clara Truex.

The bride was escorted to the altar on the arm of her father. She wore a white street length dress of nylon organdy with a full skirt that featured a very deep hem. The fitted bodice was of sheer lace with bracelet length sleeves and a low back scooped neckline. Her veil fell from a small head crown of pearl flowers and her bouquet was white rosebuds and tuberoses showered with satin ribbon.

Miss Erlene Dees was her sister's maid of honor. She wore a lace dress in a delicate pink shade with a pink satin cumberbund.

Chester Andrews was best man for the groom.

Reception

The groom's parents entertained with a reception at their home on East Canfield Street, honoring the newly weds following the church ceremony.

A beautifully embroidered white linen cloth covered the dining table where the bride's cake stood three tiers high with a bridal motif on the top. Dainty pink rosebuds adorned the cake. A pair of crystal candlesticks holding burning tapers flanked either side and crystal compotes held nuts and mints. A variety of fancy sandwiches were served with punch.

Upon return from their honeymoon trip, Mr. and Mrs. Klemm will be at home in an apartment on Lotela Road.

Go To Church On Sundays

Legionnaires Hear Reports From Students

Guests at the Family Night Dinner of the American Legion Post No. 69 and the Ladies Auxiliary held Thursday night at the Legion Home included the four high school students who attended Boys' State and Girls' State in Tallahassee this summer and also their parents: Anne Johnson and Valorie Hopson, Mr. and Mrs. J. A. Johnson and Mr. and Mrs. Preston Hopson; Andy Miracle and Robert Duggan, Mr. and Mrs. Andrew Miracle and Mr. and Mrs. J. R. Duggan; also Mrs. Ethel McKelvaine, president of the Business and Professional Woman's Club which assists with sending the girls.

A large map of the state of Florida decorated the wall and individual place markers were small state maps with Avon Park and Tallahassee cities marked with a star. These were made by the Junior Auxiliary members. About 80 people enjoyed the delicious dinner, and heard the excellent reports given by the students.

The girls were presented by Mrs. Patti Hill who is the representative for the girls to the Auxiliary and the BPW. A certificate of appreciation was presented to Mrs. McKelvaine for the WPW Club.

Francis LaFlamm who represents the boys, introduced them for their reports. The boys were given certificates to give to the Rotary Club and the Lions Club when they report to them, because both clubs assist with sending the boys to Boys' State.

The Legion Auxiliary had held their regular meeting on Tuesday night and in addition to their regular business had made final plans for the Family Night Dinner.

APPRECIATION DAY

Highlands County Representative Elect Morris Adams joined Governor Farris Bryant and members of the state legislature and board of control and cabinet for the first annual Legislative Appreciation Day at the University of Florida last Saturday. The session was held at J. Hillis Miller Health Center.

Don't forget to renew your driver's license during the month of your birthday.

[illegible] Mrs. August M. [illegible] Road [illegible] Manor [illegible] Miss [illegible] the sum[illegible] and [illegible] Mr. and [illegible] The [illegible] Dr. Helen [illegible] Europe several [illegible] was home for only [illegible] Helen Louise is [illegible] at Purdue University. Their son, William, was home for the summer. He is attending the University of Delaware, working on his P.H.D. in Chemical Engineering. Welcome home folks!

On Monday, Mr. and Mrs. Walter Meyers and Mr. and Mrs. Elmer Hurst motored to Cape Coral for the day.

The regular meeting of the ladies of the Women's Group of the Avon Park Lakes Association was on Thursday, Mrs. Pearle Beach president presided. The ladies worked on two projects - the making of items for the cancer society and the making of toys for the Ridge Area Day School. Hostesses for the afternoon were Mrs. Emma Coburn, and Mrs. Bertie Knowles.

Mr. and Mrs. Fred Schnieder of Plymouth, Ohio visited with Mr. and Mrs. Don Jameson of Carpenter Drive on Sunday.

The Desautels on Nautilus Drive entertained guests at a dessert luncheon bridge party on Wednesday. Mrs. Marguerite Meyers had high score for the afternoon and Mrs. Jane Jameson received the consolation prize.

Happy to report that Mrs. Mary Lynch, who is in Room 238 at the Walker Memorial Hospital, is doing nicely.

Mr. and Mrs. Donald W. Tyree and family of Marietta, Georgia, are residing in the Donald Ball home on Nautilus Drive. Mr. Tyree is Weather Observer at the Bombing Range. Welcome to the Lakes!

Mrs. Olga Fowler is spending a month with relatives in New Jersey.

A special meeting of the Board of Governors of the Avon Park Lakes Association was held on Monday night at [illegible] at the club house.

Mr. and Mrs. James Anderson of Southampton Road entertained [illegible] guests Saturday night. The pleasant occasion was in celebration of Mr. Anderson's birthday. Happy birthday!!

Mrs. August M. Luyben, Regent of Patriots Chapter of the D.A.R. entertained the new 1962-1964 Officers and Committee Chairmen at a luncheon meeting in her home on Friday. Ladies from the Lakes holding office are: Mrs. August M. Luyben, Regent, Mrs. A. H. Schutt, Treasurer, and Thelma L. Merrill, Registrar.

Mrs. Charlie Burroughs, Mrs. Jule Wentworth, Miss Bertha Desautels, and Mrs. Maude Beiard spent Friday in Cape Coral.

We hear too much about higher standards of living and not enough about higher standards of life."

Calling the Man in the Moon

Mr. Man in the Moon,
up there in the blue,
Please lend me your ear
for I'm calling you.
I'm taking the trouble
to put you wise,
To warn you are in
for quite a surprise.

There are fellows down here,
smart fellows too,
Who are making big rockets
to fly up at you.
They're hoping to land
in your yard some day,
Then claim the whole moon
for the U.S.A.

Ha! You smile at that?
You don't believe it?
You mean to say
you can't conceive it,
That folks thinking up
such crazy things
Must surely belong to
the lunatic fringe?

Now you may be right.
I wouldn't know.
I can't swear it's
going to be show.
To make such a prophecy,
may be one shouldn't,
So many big things have
been done that couldn't.

But listen to this.
They have tried it twice,
And the second rocket went
up really quite nice,
Only missing the mark,
and now you are all smiles,
By a hundred and fifty
thousand miles.

But what of that?
They have the yen
To try it again and again
and again.
So long as the money holds out,
you know,
They will keep putting
on this astral show.

Oh sure, it's expensive
for folks in the red,
Some three hundred billions
or so 'tis said.
But that doesn't worry 'em,
for the plain fact is
We can always get money
by levying taxes.

Taxes, they have no
pleasant sound,
But help to make
the world go round.
That's all, Mr. Moon.
I've given you warning.
Now I must ring off
for it's almost morning.

H. J. Fenton

Halloween Carnival In Planning Stage

The annual Hallowe'en carnival which is sponsored by the Junior Woman's Club, will be held in Donaldson Park on Saturday, October 27.

A planning meeting was held at the home of Mr. and Mrs. Joe Perez on Lotela Road Tuesday night, September 25. Mrs. Wayne Cribb and Mrs. Dean Griffin were hostesses and served Cokes and cookies to the 21 members attending.

Mrs. Cribb and Mrs. Griffin are chairman and co-chairman for the carnival. Mrs. Robert Whitcomb will direct the parade with Mrs. Norman Pinardi as co-chairman. Mrs. D. R. Hassfurder and Mrs. George Heatherly will handle the publicity.

The parade will assemble at 3:15 p. m. in the Park, back of the post office. The judging will be held at 3:30 and the parade will move down Main Street at 4 o'clock.

As in past years, the observance of Hallowe'en will be orderly and fun for everyone. Both children and adults are urged to wear costumes and march in the parade. The food booths will be sponsored by various civic organizations and many church groups are planning to participate in the UNICEF drive.

See you in church Sunday

Avon HD Club Reorganized

The Home Demonstration Club enjoyed hot biscuit and coffee at the home of Mrs. Olga Bridges Thursday morning, September 24, prior to a business and program meeting, with Mrs. Pat Hurley, the new county demonstration agent in charge.

A letter from Miss Betty Duckett, former demonstration agent, was read, expressing her thanks for the farewell gift from the club. Olga Bridges and Kay Giddens were appointed to represent the club on the County Advisory Council. They are president and vice president of this club which is the Senior Group.

Mrs. Hurley had charge of the program. Plans were completed for the year's work. On the agenda was a discussion of Christmas work, recipes and also new memberships.

The meeting day was changed to Friday. The next meeting will be at the home of Mrs. H. C. Krenerick at 9:30 a. m., Friday, October 19.

Don't forget to renew your driver's license during the month of your birthday.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
