Letters To The Editor

Wells, Editor

Avon Park

203 West Main Street

Avon Park, Florida

Dear Mr. Wells:

I am a member of the Board of Directors of the Sebring Chamber of Commerce in receipt of a copy of your April 19, 1962 issue with the editorial appearing on page two, entitled "OUT OF BOUNDS," marked for their specific attention. Each director appreciates receiving such marked copy. However, we do not in any way feel that we are out of bounds on the position we have taken to inquire the attitude of candidates for the Highlands County seat in the House of Representatives.

We endorse no candidate; but we do favor creation of a hospital in this county.

We sincerely appreciate your congratulations on the work of our Chamber of Commerce, as well as the work of the Lake Placid Chamber of Commerce, in pushing the passage of the hospital referendum establishing the hospital district.

We are most anxious to see a hospital created in our County, because we firmly believe the same is vitally needed and, according to your own writings, we are on a sound basis in promoting a hospital, which is in keeping with the promotion of better economic conditions in a given area. However, because of the large size of this project it had to be submitted to the voters of Highlands County.

The district which was created by the referendum last Fall has now determined that, in order to finance this hospital, it is necessary that bonds be issued. Under our system of government, the bonds cannot be issued without the approval of the freeholders of the County.

More important, we believe the voters of Highlands County are determined that this hospital is to belong to them. The fact it will be a public institution, makes all persons living in the county shareholders in the organization, with a definite voice in its operation.

Our time-honored principles of government would be most undemocratic if we were to deny the owners a voice in making decisions affecting their institution. If you will re-read our letter of April 11, 1962 which we sent to the candidates and is the subject matter of your editorial, you and your reading public will readily note that our inquiry was issued in the interest of the voters of Highlands County in order that they might know where their future representative stands in relation to our hospital which has yet to be financed and constructed.

It is readily apparent that the representative from Highlands County has always in the past, and unquestionably in the future, performed an important role in the establishing and maintaining of the hospital. It took an Act of the Legislature to make it possible for the voters to establish the hospital district.

Everyone connected with public affairs and political agencies of the State of Florida, such as municipalities, County Commissioners, the various departments of the State government, and the like, knows that from time to time legislation is needed through our State Legislature in the form of enabling acts to carry out many objectives. The member of the House of Representatives nearest to the situation and the department of government is a vital link between the people and the government, in relationship to the proposed legislation.

The Board of Directors of the Sebring Chamber of Commerce respectfully requests:

That you print in the next issue of your newspaper our letter of inquiry dated April 11, 1962, addressed to Messrs. Adams and Morris.

That you print in full the replies of each of the candidates as the same are received.

That you print in full the text of this letter, so that your reading public is entitled to know the details which make-up the background of our inquiry.

Very truly yours,
SEBRING CHAMBER
OF COMMERCE
Ernest M. Breed,
President

EDITOR'S NOTE: The Sun took its stand on publishing the letters addressed to Messrs. Adams and Lee last week. This stand has not changed, therefore neither will their answers be published.

Remodeling Complete, Touchton's To Open With Big Sale Today

Touchton Drug Co., 3 West Main Avenue Park, completed an extensive remodeling program this week which saw the store completely redecorated and enlarged. As a result of the work a remodeling sale begins today and will run through next week, along with the traditional One Cent sale which the store runs annually.

Announcement was also made this week that the store will begin giving S & H Green Stamps when it opens for the remodeling sale.

The drug store now occupies more than 10,000 square feet of floor space, utilizing the 3,000 square feet that the Avon Citrus Bank formerly occupied. With the remodeling came new lighting, new display counters, added restaurant dining booths and a wall to wall paint job for the entire store.

R. C. Akin, store manager, pointed out that the drug store is now one of the most modern and complete in the Ridge section as well as being one of the largest in the area.

He said that the photography of the store has been expanded and ranks among the best in the state.

The manager said the additional floor space enables the display of more items, as well as the addition of some new items. He emphasized that the store now stocks a complete department for care of pets, featuring shampoo, tonics, etc.

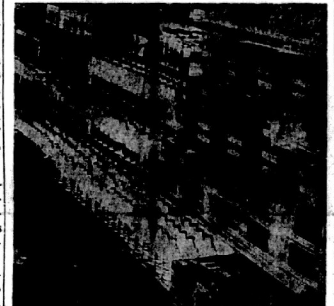

Touchton's will continue to be affiliated with the Rexall chain as the One Cent sale will indicate.

Akin stressed that shoppers "will certainly get their money's worth for the next week at Touchton's", especially since the store is going all out with many bargains that are not normally found as sale items.

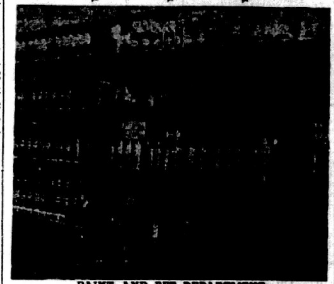

The store is open seven days a week and also features a modern, well-stocked prescription department, which is managed by Phil Webber.

Channel catfish do not normally reproduce in ponds or small lakes. Fishery Biologists often stimulate reproduction at fish hatcheries by injecting the catfish with hormones.

Sales Tax Revenue Increases Over Same Period Year Ago

TALLAHASSEE—Sales tax collections off \$308,318, or revenue for the first nine months of the current fiscal year increased \$7,889,355 or 5.72 per cent over the same period for the previous year, State Comptroller Ray E. Green said today.

Green pointed out that gains made during the January-March quarter were responsible for the increase.

"Of the \$7,889,355 increase, a total of \$4,414,895 was contributed by the 11 business categories which received immediate direct benefits from the tourist dollar during the January-March quarter," the state comptroller said.

"This is further evidence that the fine tourist season has pulled the state's sagging sales tax revenue up to the optimistic position of possibly making the best of the year."

Green said if the lumber and building supply industry had shown signs of recovery during the period the revenue estimate to date probably would be on schedule.

"Gross sales for the lumber and building supply industry during the nine-month period were down \$111,796,092 as compared with 1960-61, with sales in the refreshments.

Hibiscus Circle Holds Annual Cleaning Meet

The Hibiscus Circle of the Garden Club held their annual Clean-up breakfast at the Wayside Park on South Highway 27 Thursday morning. The ladies arrived at 9:30 with tools for the purpose of cleaning the park and caring for the plants and shrubbery. The Park has always been the project of Hibiscus Circle.

Each lady brought her own breakfast which was enjoyed in the lovely morning atmosphere of the park. A short business meeting was held. New members received were Mrs. Don Williams, Mrs. Hubert Bussard and Mrs. Richard McLeeland.

Mrs. C. R. Ginn was elected as president of the circle. Mrs. Pearl Ford resigned from the office to accept the chairmanship of the 1963 Flower Show.

The May meeting will be held at the home of Mrs. Richard Thayer with Mrs. Ben T. Stewart as co-hostess.

Channel catfish do not normally reproduce in ponds or small lakes. Fishery Biologists often stimulate reproduction at fish hatcheries by injecting the catfish with hormones.

The Farm Front
by Doyle Conner
Department of Agriculture

If you drive around very much in central and south Florida you've probably encountered more than once one of the big, long flatbed trucks that transport huge loads of sod. Did you ever wonder how much of a business turf grass has developed in this state?

It wasn't until after World War II that our commercial sod farming got underway on an important scale. Now turf grass and the maintenance and development of lawns—private, institutional and public—has become big business in Florida. The latest estimates from the Florida Turfgrass Association for the year 1959, put the grand total at 123 million dollars. Undoubtedly it has been increasing in the last two years.

Of the total, 20 million dollars is the retail value of commercial sod produced in 1959. The balance is the estimated cost of maintenance of lawns and grounds for homes and apartments (labor not included), churches and cemeteries, tourist courts and hotels, golf courses, highway rights of way, schools and city and state parks.

This is another contribution Florida agriculture is making to beautification of our state and the enhancement of its charms in the eyes of millions of our tourist visitors.

Current estimates place the number of Florida's commercial turf farms at about 125, with total acreages ranging from 25,000 to 50,000. Bulk of this production is in the area south of Lake Okechobee to Ft. Lauderdale on the east coast.

Florida's expanding turf-grass growers now are marketing out various tropical grasses in hopes of developing more and better lawn coverings for use in our state. What they have learned is expected to be presented during the first annual Florida Turfgrass Trade School scheduled for May 28-30 at Miami Beach. And to make certain they learn a bit more, our Florida growers have invited growers from South America to attend the show. The plan is to exchange ideas and knowledge on the grasses grown in the two Americas.

The trade show is to be staged at the Dunes Hotel at Miami Beach and at the Plantation Field Laboratory of the Florida Experiment Station at Fort Lauderdale. It will include exhibits of equipment, chemicals, insecticides, fertilizers and soil treatments needed for a successful turfgrass operation.

On the agenda will be a visit to the work plot of the newly formed turfgrass division located at the Experiment Station's field laboratory. This plot reveals many of the problems of growing turfgrass under sub-tropical conditions. It should be of particular interest to those growers who might attend from South Florida as well as from South and Central America and the Caribbean area. The show will be of interest to personnel concerned with institutional grounds, parks, golf courses and lawn services and maintenance agencies.

...
The Florida Department of Agriculture's Division of Turfgrass Industry administers a Turfgrass Certification Program which is closely allied with the work and accomplishments of our turf growers.

...
Department of Agriculture at the Miami Beach meeting will be James H. Conner, visiting inspector who heads the Division's certification program. He is to be assisted by a number of men who handle the certification work in other parts of the state.

close-up look at the nine grasses presently included in the program.

The purpose of the certification program is to provide sources of superior turfgrasses that are true to variety type and reasonably free of injurious insects, diseases, nematodes and weeds. This will provide protection for the consumer, and for the grower, too, with prospects of a better market for better grasses.

Thus far, the program includes nine grasses which have been thoroughly tested and released by Florida and Georgia experiment stations. From Georgia have come improved bermudagrass—Tifgreen, Tifdwarf, Tifway and Emerald—and St. Augustine—St. Augustine and Meyer varieties. The Florida station at Gainesville came up with an improved St. Augustine—Florida—also tested two bermudagrasses, Emerald and Everglades No. 1, for release.

Under provisions of the program, growers wishing to participate in the plan have only to meet all requirements for growing areas in order to obtain the certified grass varieties for foundation planting.

HENDERSON IN HOSPITAL
Frank D. Henderson, who is patient at Walker Memorial Hospital is reported to be improving. Mrs. Henderson's brother and wife, Mr. and Mrs. W. H. Grover, of Rochester, N. Y. are here with her.

County Agent Outlines Proper Methods For Growing Camellias

By Best Harris
Highlands County Agent

Don't expect those prize camellias, foliage plants and other ornamentals to perform properly for you if you don't attend properly to their feeding.

We know that special plants require special fertilizer materials for their best growth. There are some significant differences between fertilizer materials for use on flowers and ornamentals and those in use on the farm.

According to Dr. W. L. Pritchett of the Florida Agri-

ultural Experiment Station, a "fertilizer material" is any substance containing nitrogen, phosphorus, potassium, or any other recognized plant food element used primarily for its plant food content.

The term "fertilizer grade" means the percentage of total nitrogen, available phosphorus, acid, and potash contained in the fertilizer. For example, a 100 pound bag of 6-6-6 fertilizer contains 6 pounds of nitrogen and 6 pounds each of phosphorus and potash.

Most small packets of fertilizer for potted plants con-

tain a mixture of soluble mineral materials so that it can be applied in the water. These fertilizers are more expensive than commercial fertilizers used on the farm. Use such concentrated fertilizers with caution to prevent salt injury. No concrete rule on rate of application can be given due to the variation in analysis or concentration. See, follow the manufacturer's recommendations—but DON'T exceed them.

Most materials in commercial fertilizers used on farms are derived from minerals. Although they may not be completely water soluble, their nitrogen—and to a lesser extent, their potash—may

be leached from our sandy soils. To reduce this loss by leaching and reduce the frequency of feeding, organic sources of nitrogen are often used in lawn and shrubbery fertilizers. These natural organic materials, such as manure, sludges, and tankage also contain small amounts of the trace elements—in some cases sufficient amounts to prevent deficiencies.

Many fertilizer materials are acid forming. That is they make the soil more acid. Organic materials, such as manure, have a more alkaline reaction. They have the advantage of being easier to handle, are less likely to cake during storage and are less likely to burn the grass, since the pellets tend to roll off the grass blades onto the soil.

So, while most fertilizers are compounded for the same use, they are more expensive than those compounded for lawn use. They have many advantages, but they should be used with care. If you are not sure of the proper use, ask for help. The best way to get the most out of your fertilizer is to use it properly.

THE AVON PARK SUN, APRIL 24, 1962—PAGE 5

For example, azaleas and camellias need an acid soil and so need acid-forming fertilizers.

Most fertilizers for lawns are now granulated or pelleted. They have the advantage of being easier to handle, are less likely to cake during storage and are less likely to burn the grass, since the pellets tend to roll off the grass blades onto the soil.

So, while most fertilizers are compounded for the same use, they are more expensive than those compounded for lawn use. They have many advantages, but they should be used with care. If you are not sure of the proper use, ask for help. The best way to get the most out of your fertilizer is to use it properly.

Former Resident Dr. Waters To Dies In Belle Glade Hospital

Ben Austin, age 64, and a former resident of Avon Park, passed away April 19, at the Belle Glade Memorial Hospital, following a long illness. He was born in New London, N. C. and came to Florida in the early '30s, as supervisor of the Rex Beach Farms. Before his illness he was supervisor of the parks and water system in South Bay. He was a member of the Baptist Church.

He is survived by his wife, Mrs. Georgia Partin Austin; three sons, Warren, Horace and Norman; two daughters, Lou Ann and Jennie, all of South Bay; three brothers, Bruce, Norman, C. J. & J. Austin, Willard, N. C. W. P. Austin, New London, N. C.; two sisters, Mrs. Van Chaney, Wingate, N. C. and Mrs. Annie Benton, Monroe, N. C.

Funeral services were held Saturday at 10 a. m. in the Methodist Church, Belle Glade and interment was at Ridge Lawn Cemetery in Clewiston.

Relatives in Avon Park include Mr. and Mrs. Vernon Waters, Mrs. Dora Owens, Mr. Jim Partin, Faber Rigdon and Mr. and Mrs. Herman Simer.

Little Leaguers Hold Practice

The Avon Park Little League has gotten off to a good start with four teams holding practices regularly. The managers are checking out their players in different positions and will have their line-ups ready for action opening night.

Last Thursday night a group of interested men started working on the field to get it in shape for the first game. The night crew worked on the fence was partially put up. The concession stand box was moved into place.

The Field and Grounds committee is doing a good job of preparing for the new season and other committees are also working hard to make the 1962 season a successful one.

The season schedule will be printed in next week's edition of the Sun.

Florida's suicides jumped from 215 in 1960 to 272 in 1961.

The Best of Health to You

There are three fundamental necessities for the enjoyment of life on this earth, health, friends and money. No one enjoys happiness, contentment and peace of mind without good health. There can be no money and no friends if through watching after it carefully and upon proper advice from the medical profession. We have friends and money but they cannot help us take care of those people who are not fortunate enough to have excellent health. Florida is one of the fastest growing States in the Union. In the past 5 years Highlands County population alone has increased 3,000, or at the rate of 1,600 per year. However, hospitals and doctors have not increased in proportion.

All citizens of Highlands County are interested in its continuous substantial growth from tourists, retired people settling here and new industries. To continue to enjoy the increase in population and to secure any new industries or additional tourists at all in the future we must provide adequate medical and hospital facilities.

No sensible industry would under any condition attempt to establish itself in Highlands County with our present medical and hospital facilities because it is the policy of all industry to see that their personnel and employees have adequate facilities for maintaining good health. Presently Highlands County has every known health, wonderful climate, high dry land, pure water, intelligent, hard working people, and good and sound government; but it does not have adequate medical and hospital facilities now to cope with increasing population of the future.

The past 10 years I have been interested in and worked for and have supported the proposition that we need adequate hospital and medical facilities in Highlands County, Florida.

I wholeheartedly endorse the mandate of the people on November 7, 1961 when they established a County Hospital District in Highlands County, and I will do everything possible to cooperate and help the people fulfill the mandate expressed by them in their election.

There is no substitute for adequate hospitals, nurses and hospitals if Highlands County is to take its place along with other fast growing counties in the State of Florida.

A VOTE FOR HARRY LEE TO YOUR HOUSE OF REPRESENTATIVES IS AN ADVOCATE FOR ADEQUATE HOSPITAL AND MEDICAL FACILITIES FOR HIGHLANDS COUNTY.

VOTE MAY 20, 1962

HARRY LEE

(Paid Political Ad.)

State Rebekah Meeting Held In St. Pete

D.D.P. Bonnie Decker and Mrs. Mildred Waddell of Tampa represented the Eleanor Sevens Rebekah Lodge No. 65 at the 27th session of the I.O.O.F. Lodge and Rebekah Assembly of Florida held in St. Petersburg April 12-20.

Mrs. Vivian Stedman, page for the choir, and Mrs. Catherine Mather of Sebring Lodge No. 28 also attended the assembly.

One of the highlights of the assembly was the banquet honoring Sovereign Grand Master, Verdie Dowd; the president of the International Association of Rebekah Assemblies, Marjorie Chase; Grand Master, Dwight Crosby and Rebekah President, Gaynell Whightman.

The new state president elected was Mrs. Maye Kernan of West Palm Beach. A reception will be held in her honor on Sunday, May 6 from 5 to 6 p. m. in the Union Congregational Church of West Palm Beach.

Catherine Mather was installed as District Deputy President of District No. 11. Bonnie Decker was appointed chairman of the Rebekah Colfax Memorial Fund.

Party Held For Ann McDaniel

Little Miss Ann McDaniel celebrated her sixth birthday with a party at her home Saturday. Her guests included members of her kindergarten class and her Sunday School class.

While the youngsters enjoyed an Easter Egg Hunt, Sharon Lee, Margaret Duggan and Vivian Rich assisted Mrs. McDaniel with entertainment.

After Ann opened and admired her gifts the group was served refreshments. Besides the lovely birthday cake, they had fancy cookies which were decorated with faces and flowers by Mrs. McDaniel.

Two Birthdays Observed Here

Mrs. Ethel McKelvine was hostess on Sunday with an Easter dinner, the occasion being the observance of her birthday and that of her twin, little Ann McDaniel, who was 6 years old.

The guests included Ann and her parents, Mr. and Mrs. David P. McDaniel and son, Bill. Miss Mildred Myers and the Rev. and Mrs. Russell Boaz.

CARD OF THANKS

We wish to thank our neighbors and friends for all their help in our hour of sorrow. Thanks for the beautiful flowers, spiritual thoughts and special prayers for all the loved ones. They shall always be remembered.

Mrs. E. J. McDaniel
John H. McDaniel
Ann McDaniel

TEACHERS CONVENTION

Mrs. Margaret McDaniel, of Avon Park, was one of the teachers who attended the Florida State Teachers' annual convention.

What Do Men Consider Charming In A Woman?
 (A Collection of Candid Comments)

For some time I have been making a collection of straight-from-the-shoulder masculine comments on the intriguing subject of what men genuinely like (or don't like) in women.

The men whose considered opinions were sought are all successful, highly-outspoken men, the sort of men whose opinions intelligent women would value.

These candid comments will be both revealing and salutary to women who want to be happy with the men in their lives!

Women can be either inspiration or exasperation!

Exasperation:

1. Being too talkative about nothing (which probably means about what doesn't interest me)
2. Going over and over the same thing to make a point
3. Clucking at me as though I still wore rompers
4. Inspiration:
1. Being interested in what interests me
2. Asking for my opinion as though it matters
3. In my wife - managing the home smoothly without worrying me about it
4. Making a point clearly and simply.

Romance

"A 'Dut-Complex' in a woman is ruinous to a happy marriage. A man wants to feel that a woman gives whatever she gives to marriage out of Love - not duty!"

"A woman makes a sad mis-

Good Taste In Humor

"I don't like to hear a woman (or anybody else for that matter) wisecrack incessantly. It gets pretty tedious. And too often you find yourself the butt of the joke. Who enjoys being the butt of a joke? Really, I mean."

"I like her to enjoy a good time, but not to be a clown. Somebody has wisely said 'It is the salt of conversation, not the food!'"

Test

"No woman should ever try to get something on a man - or vice versa."

"I love a woman who knows how to say the right thing at the right time. So does every body else!"

Help The Complaints

"I feel for men whose wives save up all their complaints and problems to greet them at night."

take when she can't forget about household concerns at occasion to feel romantic about her husband!"

"When it comes to romantic relationships, I don't expect a woman to be aggressive, but I do like enthusiastic and genuine response!"

Appreciation And Responsiveness

"I fell in love with my wife because she listens to what I say, as though it is important. She even laughs at my jokes no matter how many times she has heard them! With a few like that, I'm not likely to be like a haven. It's the greatest blessing a man could have!"

"Give me a woman who never brings up a morbid subject!"

Not Too Demanding Of Attention

"I am grateful for a woman who is not always seeking compliments, or hurt if constant attentions aren't forthcoming. A man often has more crucial matters on his mind than whether or not a woman's earnings are becoming!"

Individuality

"Wherever I see a woman walking down the street with her knees bobbing in and out below the hem of her skirt (which looks awkward on anybody) this is my reaction: I lose respect for her individuality. I like to see a woman have enough moral courage to not follow fashion if it looks insane."

"I particularly admire a woman who has the good sense to dress to look like a woman at her best. Women should not all look alike."

"A woman should have hobbies, to enrich her personality. And she should have a genuine interest in a man's hobbies, whether she shares in them or not."

Generosity

"I especially appreciate a woman who gives of herself, who has a friendly feeling toward the human race."

Natural-Looking Beauty

"Why should a woman think that make-up can conceal a neglected complexion? A beautiful skin is a woman's greatest asset!" If you haven't received your gift copy of "Beauty Unlimited" send your request to me on a postcard, care of this newspaper.

"I am attracted by a beautiful appearance: a smooth, soft skin; a good figure (lovely bosom, curves, etc.). And when I add an attractive, delicate fragrance and a pleasant voice, ah!"

Femininity

"It does my heart good to see a woman remember what women are for - to give comfort - not to hurt; to cherish - not to destroy; to be tender and feminine - not sharp, not hard, not masculine!"

"Breathes there a man with soul as dead who never to himself hath said 'I'd like to meet a modern old-fashioned girl'?"

To Sum It All Up

"A man needs a woman to be a woman!"

Next Charm Circle: "He Makes Me Feel So Stupid!"

Good Sportsmanship

"How can a man be comfortable with a woman whose feelings are too touchy - who can't gracefully accept any even slightly-critical comment from anyone?"

No Boredom, Please

"I cringe inwardly from masculine humor. Humor should make you feel good - not like a dart board!"

Good Sportsmanship

"How can a man be comfortable with a woman whose feelings are too touchy - who can't gracefully accept any even slightly-critical comment from anyone?"

FPC Fred Dukes Assigned To Signal School

WHITE SANDS MISSILE RANGE, N. M. (AHTNC) — Army FPC Freddie J. Dukes, son of Mrs. Dorothy Roland, 304 Woodruff Heights, Avon Park, Fla., recently was assigned to the Signal Missile Support Agency at White Sands Missile Range, N. M.

The agency provides communications-electronics support for the guided missile program at the 5,600 square mile range in northwestern New Mexico.

Dukes, a polo player in the agency's 16th Signal Company, entered the Army in November 1959 and completed basic training at Fort Jackson, S. C.

The 20-year-old soldier, son of Irvin Dukes, Florida, AIA, attended Crestview (Fla.) High School.

FIP Cautions Drivers Watch For The Blind

TALLAHASSEE—Be on the lookout for the person who carries a white cane—for that person cannot see you!

And a white cane in the hands of any pedestrian on our streets or highways carries a special message, says the Florida Highway Patrol.

Under a legislative act the white cane has been adopted as a signal to all motorists that the person who carries it is blind.

A number of blind people have been injured in the state in recent months which brings from the Patrol the timely appeal to look out for the person with a white cane and give him the brakes.

"Our blind people are engaged in many types of hazardous," the Patrol says, "and they find it necessary to do a

lot of walking because they can not drive."

"Be ever mindful of what the white cane with a red tip five feet from the ground means, and be extremely cautious when approaching a person who carries one."

There are approximately 12,000 blind people in Florida.

State Farmers, Fishermen Get Tax Refunds

Florida farmers and commercial fishermen have already received a total of \$591,455 in gasoline tax refunds for 1961 with more than 40 claims to be settled, State Comptroller Ray E. Green said recently.

A total of 2,400 claims have been paid to date, with the total to look out for the person with a white cane and give him the brakes.

"Our blind people are engaged in many types of hazardous," the Patrol says, "and they find it necessary to do a

farmers are refunded the tax was passed in 1953 and the tax, provided the gas is used exclusively for farming and commercial fishing, Green said.

"Better have your automobile insured for safety than for safety during pleasant spring weather."

Here and There— Ft. Lauderdale Girl Is Visitor In Avon Home

Glenda Horton, Airman Porter Married At Fla. Avenue Church

Miss Glenda Horton, daughter of Mr. and Mrs. J. W. Horton, 1415 S.W. 11th St., Ft. Lauderdale, Fla., was married to Airman Porter at the Florida Avenue Church, Ft. Lauderdale, Fla., on Thursday, April 19, 1962.

The bride wore a white silk gown and carried a bouquet of white flowers. The groom wore a tuxedo. The ceremony was performed by Rev. J. M. Gibson, pastor of the church. The bride's parents and the groom's parents were guests of honor. The reception was held at the home of the bride's parents.

Mr. and Mrs. Porter are expecting a child in the near future. They will reside in Ft. Lauderdale, Fla. The bride and groom are both employed in the aviation industry.

RETURN FROM SAVANNAH

Mr. and Mrs. Durrah Martin and daughter, Miss Paty Martin, returned Monday from Savannah, Georgia, where they visited another daughter, Mrs. James Sizemore and children. Mrs. Sizemore is in Spain at Ski Shows as well as being an accountant by profession.

Bride Elect Honored At Morning Party

Miss Peggy Williams, bride elect of Kenneth Wells, was feted with a cake party at the home of Mrs. Raleigh H. Lawhorn, Saturday morning.

Mrs. James Turnbull and Mrs. Gerald Wicker were co-hostesses with their mother for the party.

Miss Linda Shepherd and Miss Diane Landress kept the bride's book during the calling hours. Mrs. Sam F. Longbottom and Mrs. J. H. Ford assisted with the hospitalities. A bridal arrangement of palms and daisies adorned the table where the guests registered. Red roses and Easter Lilies were used in the living room.

Mr. and Mrs. Porter Elected Officers

The Woman's Auxiliary to the Highlands County Medical Society installed new officers at the dinner meeting Monday night held at the Jandara Hotel. The ladies met jointly with the Medical Society for dinner and afterwards each group met separately for business and programs.

Dancers Club Meets Saturday

The annual Spring Dinner Dance was enjoyed by the Friendly Dancers Club at the Jacaranda Hotel, Saturday, April 21.

As a farewell to those who will soon be leaving for their homes in the north, the men's quartet sang a number of musical selections with Mrs. Edna Jackson at the piano.

Runkles In South Dakota

Mr. and Mrs. Jim Runkle and family, former residents of this city, are in Rapid City, South Dakota where he is communications test engineer for a missile project.

Soil News

This week the Soil Conservation Service Engineers assisted the Santa Fe Ranch in the layout and construction of V-type ditches on 200 acres of improved pasture. This brings to a total of 1400 acres of pasture with water control established.

According to Victor Fernandez, who is part owner and manager of the ranch, plans are now being made to drill a deep well to irrigate 700 to 1,000 acres of clover pasture. Victor says this dry season has proved that clover is out of the question at least in years like this unless you have irrigation water.

Avon Woman's Club President To Attend Federation Meeting

Mrs. S. F. Elkhill, president of the Avon Park Woman's Club and Mrs. J. A. Terp will be in Tampa this week attending the annual convention of the Florida Federation of Women's Clubs.

Wedding Party Entertained

Mr. and Mrs. Harold Guerdit and Mr. and Mrs. E. A. Martin entertained members of the Williams-Wells wedding party with a hamburger fry at the Guerdit home on Lake Lillian Saturday evening.

WMU CONVENTION

Mrs. Art Turner, president of the WMU, First Baptist Church, Mrs. A. D. Childers, Mrs. Johnson and Mrs. Cliff Thomas will be among those attending the annual session of the Florida Woman's Missionary Union in Orlando this week.

F. S. Jordan's Grandson Cited

Ed Jordan of Sebring, grandson of Mr. and Mrs. F. S. Jordan of Avon Park, who is a senior at Sebring High School, has been invited to attend the Florida Psychological Association's annual convention at Miami Beach and to be a guest on program there Saturday, April 28.

Ed will go as the guest of William P. Hill, Ph.D., who is a psychiatrist with the Florida Alcohol Rehabilitation Program. Dr. Hill is on the recruiting and science fair committee for the state which exists to interest and encourage students in the field of scientific projects. He became interested in Ed's exhibit at the State Science Fair held in Pensacola recently.

The title of the exhibit was "The Ability of White Rats to Learn a Set Process," and showed young man's special ability and his interest in the field of psychology. He was awarded a blue ribbon at the State Science Fair, and honorable mention from the Florida Medical Association and the Florida Psychological Association.

Do You Know?

THE TAKES AND DIRECTLY BY FLORIDA'S VISITORS LAST YEAR APPROXIMATELY \$20,000,000. THIS IS ABOUT 13.6% OF THE TOTAL TRAVEL COLLECTED BY THE STATE AND WOULD ENOUGH TO BUILD IN NEW SCHOOLS, HIGHWAYS AND 600 SITES OF NEW HOMES!

Start today to save in one of our fully insured, earning accounts, for a more carefree life. Set your savings-goal at the amount of six months of your salary — then you'll have sufficient cash to take care of almost any emergency. You'll find it's easier to save here, too, where...

CAUGHT ... RED HANDED?

Mrs. Terp will also visit her son and his family, the Donald Terps, who recently moved to Tampa.

Mrs. L. L. Hood, president of the Junior Woman's Club and Mrs. James Ivey will also attend the convention. Other Junior Club members going over on Tuesday for the luncheon at the Hillsborough Hotel were Betty Jo Camp, Roberts Elder, Helen Todd, Pat Peterson, Sarah Beaves and Wilma Smith.

LUTHERAN MEETING

Mrs. Wm. Becker, Mrs. Harry Gibson, Mrs. A. F. Hoppe, Mrs. M. R. Jackson and Mrs. J. A. Blomquist will attend an all day meeting of Lutheran Church Women in Sarasota on Thursday.

CYPRESS GARDENS, FLA.—A shy photographer at Cypress Gardens caught these six lovely specimens red-handed sampling watermelon between shots. The girls should know they can't hide from the camera at the "photographer's" wonderland.

Babe Ruth To Begin Season On May 21

A meeting of the Ridge Babe Ruth League was held last Thursday night at the Sebring Fire Station with President Russ Albritton presiding. A tentative starting date for the season was set for May 21. Tryouts were held here last Saturday and tryouts will be held in Sebring this week. Avon Park will field two teams this season with Thomas Jenkins and Pat Casey managing the teams. John Eubanks, chief umpire, named the following men who will serve with the team during the coming season: Art Young, Ted Schumaker, Lennie Curl, Don Hansen and Dick Hyatt. Games will begin at 7:30. Exact details as to schedule will be announced as soon as availability of fields is determined, according to Clyde Simmons, publicity chairman for the league.

TB and Health Group to Hold Annual Meeting

The annual dinner meeting of Highlands County TB and Health Association will be held at 6:30 p. m., Thursday, May 3 at the Sebring Hotel. Guest speaker will be Dr. Hawley H. Souley of Tampa, president of the Florida TB and Health Association.

Election of new officers will be held and annual reports will be reviewed. An entertaining program is being arranged, according to Mrs. Mabel Thompson, executive director of the Highlands County group, who is in charge of the affair.

CARD OF THANKS

We wish to express our appreciation and thanks to our many friends and neighbors for their messages of condolence, beautiful floral offerings, kindness and help during the loss of our loved one. Also, a special thanks to the doctors and nurses who were in attendance. The Milburn Hart Family.

ENJOY ROTARY LADIES NIGHT—The theme was "Down on the Farm," and as one can see, this trio was well decked out for the occasion, which was the annual Avon Park Rotary Club Ladies Night, held at Highlands Hammock State Park last Wednesday. Left to right: Mrs. Whit Whitcomb, Club President; Franklyn Ward and Mrs. Shepherd. Bottom photo shows "Farmer" Jim Heim as he watches progress of the softball game.

Methodists To Host Institute

The First Methodist Church hosted a Sub-District Vacation Church School Institute, here Wednesday, May 2. Workers for the various churches met to study and make plans for their Summer Church Schools, under the direction of Mrs. E. C. Keboch, district director of children's work.

Opening date for the Vacation Church School—First Methodist has been set for June.

Research Field Day Slated At Brooksville

The Animal Husbandry Research Division of the United States Department of Agriculture will hold a field day at Brooksville on Friday, May 4 from 9:30 a. m. to 4 p. m. The event will be held at the West Central Florida Experiment Station at Chiswick Hill, just north of Brooksville.

The program will open with an address by Dr. J. C. Curnin, head of the department of Animal Science at the University of Florida, Gainesville. His subject will be "New Developments in Beef Cattle Feeding."

The value of crossbreeding with special emphasis on the use of Charolais will be explored by Dr. R. S. Temple of Knoxville, Tenn.

A cattle exchange project, between Brooksville and Monticello will be explained by Dr. E. J. Warwick of Beltsville, Md.

The afternoon session will deal with the subject of "How To Make Money By Culling Cows." Dr. Marvin Roger of the Florida Experiment Station will speak and make a demonstration on the subject.

Following the program, a tour will be taken of the experiment station with special emphasis on how to grow out bull calves, replacement heifers and management of the cow herd.

All Highlands County cattlemen are urged to attend the day long field day.

Demco Club Meets Thursday

Dr. J. D. Holliman and Mrs. Gertrude Holliman presented a program on cancer to the women of the Home Demonstration Club when they held their regular monthly meeting last Thursday at the home of Mrs. Marvin R. Overdorf, 912 W. Bell Street.

Following the showing of movies, Dr. Holliman answered questions. The entire program was most interesting and enlightening to those who attended.

Mrs. J. L. Stotts and Mrs. Orville Castine showed articles made from ceramic tiles. The club is considering this a project.

The hostesses served hot coffee and cake. Mrs. C. E. Kerr presided in the absence of the president, Mrs. J. L. Bridges.

Susan Booth 11th Birthday

Susan Booth, daughter of Mr. and Mrs. N. E. Booth, Jr., celebrated her 11th birthday at her home at Highland Lakes with a luncheon party. Games were played, with Patricia Miller and Sherry Smith winning prizes. Susan opened her many lovely gifts, after which the luncheon was served, complete with birthday cake and ice cream.

Girls helping Susan celebrate were: Patty Hallen, Fran Thompson, Emily Rowland, Ann Handie, Celia Albritton, Marilyn Smith, Marion Turner, Patricia Goff, Melaine McClure, Cheryl Ford, Lisa Benson, Sherry Smith, Faye Dodd, Glenda Childers, Mary Bates, Leatrice Smith, Eadie Biggs, Patricia Miller, Judy Sany, Elaine Cochran, Gwen Townsend and Jeannette Deboe.

Final Meeting Of Dance Club

The Friendly Dancers Club held their final dance at the Jaramado Hotel for the season, at which time they selected a new commander. The new leader has some new ideas for a good season in the future. They decided to hold the dances at the hotel again and the first will be in October.

Mrs. and Mrs. Clifford Seifert furnished music and instructions for the club members. Mrs. C. A. Lehman reported for the affair.

So They Say

... In this case the man says that the woman is a real beauty. The woman says she is a real beauty.

Great new toothpaste for your entire family. Or choose from our line of toothpaste. **89¢**

Walker Memorial To Celebrate Hospital Week: Free Blood Typing

Walker Memorial Hospital is the most careful human attention to his individual needs. The country and the entire nation are observing National Hospital Week. May 1 to May 7, 1932. This year's theme, "Your Service and Personal Attention," is being observed by Walker Memorial Hospital, said Dr. L. L. Lynd, administrator of the hospital, "and Patient Care," points out the fact that each patient who enters a hospital today is met by a staff of trained nurses and doctors who will benefit from the future of that institution. Scientific advances and techniques, a new medical technique," Lynd said, "but they are passed on to the patient only because physicians, nurses and other medical personnel are present to use them." Each patient has special needs that can be met only by individual attention. While the scientific and technical advances contribute to a patient's recovery, they must be prescribed and provided individually to meet the patient's exact needs, Lynd said.

To fulfill this goal, community hospitals have more than two employees for every patient. Each year, one in eight persons is hospitalized, and such a large number of persons are hospitalized because of medical science and from the attention of the hospital staff. As a special feature in connection with Hospital Week, the Walker Memorial is inviting those in the community who have never had their blood typed, to plan to have this done, Sunday through Thursday, during the hours from 9-12 noon and 2-4 p. m. This is of importance to you to have this information available should a transfusion be necessary, and the Walker Memorial Hospital is glad to render this service free of charge.

Additional equipment has been added during the past year, which each visitor will have the opportunity of observing. To those who are interested, they will be glad to show the new generator. It is reported that during the past week this installation has been completed and it was demonstrated that it is capable of furnishing light for the entire institution as well as operating both elevators. Patients can now be assured of light within a few minutes of a power breakdown. A separate lighting system is being provided for the operating room and delivery room which automatically continues uninterrupted service.

Hospital Day will be observed on Sunday, May 6 from 8-4 p. m. and an invitation is extended to all to visit your Walker Memorial Hospital. Free punch will be served during these hours.

The human heart beats about eight-tenths of a second between each contraction.

Shepherd Speaks In Jacksonville

Ernest A. Shepherd, Administrator of the Florida Asylum for the Insane, addressed a luncheon meeting of the Jacksonville-Duval County Safety Council in the Seaside Hotel in Jacksonville, April 28. Shepherd discussed alcohol and safety, and detailed the effects of alcohol on judgment, reaction time and muscular coordination. He also presented a film titled "Alcohol and the Human Body."

MOTHER-DaUGHTER BANQUET

The Wednesday Service Guild will sponsor the annual Mother-Daughter Banquet at the First Methodist Church, Wesley Hall, Thursday, May 10, at 6:30 p. m. All ladies of the church are invited to make reservations for themselves and their daughters, or someone else's daughter.

Many Florida cities have had banquets to their water supply because the State Board of Health says this reduces bacterial decay as much as 65 per cent.

Rev. John W. Walker, Minister

Observe this Sunday as *Christian Home Service Day*. Let us aid our Laymen's Organization in applying Christianity to the Solution of Human Problems. Help remedy the tragedy of *Adult Delinquency*—the greatest reason for *Juvenile Delinquency*. The failure of parents has resulted in wrecking millions of young lives. Then Mr. and Mrs. — be sure your failure does not cost you and God the soul of your child.

Wake up! Get right! Make a move in the direction of the church and take your teen-agers with you! Just remember, the Church is the strongest dyke against evil. The Church is the greatest foe of the penitentiary. The Church is mighty important, because Christ died for it.

How can anyone afford NOT to support it — NOT to attend it — NOT to help propagate its teachings? Take your youngsters to church this *Christian Home Week*.

Spiritual Unrest, like on a very different meaning with an adult, since our families become involved in the deep-seated or get in trouble with the police.

Ministers of all faiths and the sponsors below share invitation and cost of this page. They urge you and go ur family to attend church this week.

Banking Women Meet At Avon Citrus Saturday

The Gulf Central Group of National Association of Bank Women held its regular Spring meeting at the Avon Citrus Bank on Saturday, April 28. Mary King, Chairman of the Group, presided over the business meeting.

Officers for the 1962-63 term were elected as follows: Chairman, Ruth H. Barber, Assistant Cashier of Manatee National Bank of Bradenton; Vice-Chairman, Lilien Propper, Assistant Cashier of First National Bank of Tampa; Secretary-Treasurer, Dorothy Hostettler, Assistant Cashier of Bank of Palmetto. A social session followed the business meeting.

The program featured a talk by Jane Langford, Assistant Cashier of Exchange National Bank of Tampa, on mortgage warehousing.

A buffet luncheon was enjoyed in the Board Room of the bank, which featured unusual and exotic dishes. The table was decorated with a beautiful centerpiece of flowers and fruit.

A tour of the bank by the bank women, concluded the day's activities.

Infant Death

Randall Mannin Barrow, two-day old son of Mr. and Mrs. J. C. Barrow, Jr., died at Walker Memorial Hospital Wednesday, April 25. Other survivors include a sister, Theresa, a brother, Jefferson C. Barrow, grandparents, Mr. and Mrs. J. C. Barrow, Sr., and Mr. and Mrs. Burt Hoy of Lakeland.

Gravestone services were conducted by the Rev. H. D. Gratz Thursday, Stephenson Funeral Home was in charge of arrangements.

MRS. KENNETH WELLS

Peggy Williams, Kenneth Wells United In Baptist Church Rites

The altar of the First Baptist Church was banked with palms and large baskets of white pom-poms and gladioli, and seven branched candelabra held burning candles casting a soft glow over the scene for the double ring ceremony uniting Miss Peggy Williams and Kenneth Wells in marriage, which was an event of Friday evening, April 26. The Rev. Aden D. Childress officiated.

Parents of the couple are Mr. and Mrs. E. L. Williams of Memphis, Tenn., and Mr. and Mrs. E. Ray Wells of this city.

Mrs. Joe Rice of Tampa was accompanied at the organ by Miss Bernice Johnson of Lakeland for the nuptial music. The vocal numbers were "I Love You Truly," "Because," and "The Lord's Prayer" which was sung as the couple knelt on a satin covered prayer bench.

The bride was given in marriage by her brother, Edward Williams, of Memphis, Tenn. She wore a gown of lace and tulle. The bouffant skirt was fashioned with tiers of ruffles, each having lace scalloped edges and graduating to form a chapel train. The basque waist featured a high square neckline in front which dipped to a V in back showing the natural scallop of the lace. Her veil of illusion fell from a Juliet collar of pearls and she carried a cascade of white roses and orchids on a white Bible.

Mrs. Lawler Wells was the matron of honor. Miss Cheryl Gernett and Miss Peggy Carr of Lakeland were bridesmaids. They each wore a rainbow shade of blue, pink and green nylon organza dresses with matching circular veils attached to a band of ribbon bows. Their shoes matched their dresses, and they carried white lace umbrellas filled with tinted carnations to match their dresses.

Little Miss Bonnie Sue Williams, niece of the bride and the flower girl, was dressed in lavender organza with white roses in her hair. Master Ray Johnson of Lakeland carried the rings on a white satin pillow.

Lawler Wells served his brother as best man. Ronald Farnell of Tampa and Thurston Martin were usher-groomsmen.

The bride's mother chose a two piece ensemble of powder blue brocade satin with white accessories for her daughter's wedding. Her corsage was of pink carnations.

Mrs. Wells wore a blue lace dress with a blue feather hat and her corsage was of pink carnations.

Reception

Miss Lynda Shepherd kept the bride's book and Mrs. Paul McFarland greeted the guests at the door. A large silver bowl of pink tinted rice sat beside the bride's book. Tiny silver scoops were used to pass out the rice to guests for showering the happy couple when they left for their honeymoon.

Decorations throughout the Social Hall included palms and baskets of white mums and gladioli. Bride dolls stood among the ornamental decorations of large white lilies and wedding bells.

The bride's table was overlaid with a cut work cloth and the three tiered cake stood in the center. A fancy ruffle of lace and lilies-of-the-valley surrounded the all white cake. The beautiful bride's bouquet was the only decoration on the table. Silver candelabra stood at either side of the cake, with dainty bells and valley lilies entwined among the candles. Silver compotes held nuts and mints. The bride and groom used a silver knife, engraved with their wedding date, for cutting the first piece of the cake. After pictures were made, the top layer of the cake which held a bride and groom standing under an arch of flowers and wedding bells, was set aside for a gift to the couple.

Mrs. Aden Childress and Mrs. Ophelia Rihner cut and served the cake. Mrs. Steve Roberts, Mrs. Rene Davis, Miss Diane Landress and Mrs. D. J. Willis served punch from two tables, which were overlaid with cut work cloth and decorated with fern and lilies-of-the-valley and bridal wreath. The lace umbrellas holding tinted carnations which were carried by the bride's attendants, were placed on the refreshment tables. Frozen rings of cherries and mint leaves floated in the punch bowls.

For traveling, Mrs. Wells wore a mauve pink linen suit with beige accessories and the white orchid corsage lifted from her bridal bouquet.

Upon return from their wedding trip, the couple will live in their new home on Lake Lillian. Mr. Wells is associated in business with his father.

Out Of Town Guests

Those from out of town attending the wedding were Mr. and Mrs. E. L. Williams, Mr. and Mrs. Edward Williams and daughters, Bonnie Sue and Shirley, of Memphis, Tenn.; Mr. and Mrs. J. W. Wain and Claude S. Wain of Jacksonville; Mr. and Mrs. Barrie Johnson, Miss Bernice Johnson and Ray Johnson, and Miss Peggy Carr of Lakeland; Rev. Mrs. E. C. Dunn of Belle Glade; Rev. and Mrs. E. T. Lauer of Ft. Pierce; Mrs. Barbara Ann Lauer of Ft. Myers; Mrs. Joe Rice and Mrs. J. T. Wells of Tampa.

Birthday Party For Don Gorman At Hospital

Don Gorman, who is a patient at the Walker Memorial Hospital, observed his 15th birthday, Friday, April 27.

A large group of his friends from his church, his classmates and the land gathered on the lawn of the hospital and Don was brought down from his room on a special bed to attend the party. He received an array of beautiful gifts and good wishes to help speed his recovery.

Mrs. Jack Padgett, Mrs. Fred Davis and Mrs. Seabold arranged for the birthday party. Don is the son of Mr. and Mrs. G. Logan, 414 Elm Street.

His hospitalization resulted from a recent swimming accident. According to his mother, Don will undergo surgery this week, and hopes to be able to come home soon, because he is making satisfactory progress.

A. W. ORTNIER

Evangelistic Services At Walker Church

A. W. Ortnier, pastor of the Walker Memorial Seventh-day Adventist Church, will hold a series of meetings beginning May 8 at the Walker Memorial Seventh-day Adventist Church, which is located across the lake from the Walker Memorial Sanitarium and Hospital at Avon Park.

These meetings will continue through May 11. A gospel hymn-singing will be conducted, and a 15 minute health message will be presented by a community.

Special vocal and instrumental music will be featured at each meeting.

The public is invited and admission is free. The time of the meetings is 7:30 p. m. each night.

Pastor Ortnier will speak on the following subjects:

"Is The End of the World Impending?" "A New World Order Coming Soon?" "Is Communism, Democracy or Christ's Kingdom?" "Love, Peace, and Man's Space Flight?" "Will the Prophet and the Catholic Churches Unite?" "What Does the Bible Prophecy Indicate?" "The Sign of the Times?" "How Can a Person Know If He Is Lost or Saved?"

CARD OF THANKS

I wish to thank the doctor and nurses at Walker Memorial Hospital for their kindness while I was there. Also, Mr. Robert Barringer and the APH for their donations. Also for the many prayers, flowers, cards and gifts.

Sincerely,
Mrs. H. L. Rucker
Avon Park

ATTEND ROTARY INTERNATIONAL

Mr. and Mrs. M. J. May will be the guest speakers at the Rotary International Assembly at the Avon Park Hotel at the Avon Park Hotel.

YOUR VOTE WILL DECIDE ISSUE

1 1/4 Mill Levy Will Build County Hospital

The cost of the new hospital, which will be financed by a 1 1/4 mill levy on the assessed value of property in the county, will be \$850,000. The levy will be in effect for 20 years.

Seaman said in all probability, taxwise, a majority of homeowners in Highlands County will not be affected at all, or only to a small degree, should the bond issue be approved by 50 per cent plus one of the voters.

For example, he pointed out, a homeowner whose property is assessed at \$6,000 by the county for tax purposes (about 40 per cent of actual market value) would, after \$5,000 homestead exemption, be responsible for only \$1,25 a year. A table of the cash values, assessed valuation and the cost figures on the 1 1/4 mill levy appears on the next page. Thus individual landowners can quickly estimate their personal investment in the county hospital.

Although an outside figure of \$850,000 had been set for the bond issue, it is possible, Seaman continued, that with the 40 per cent of total hospital construction cost participation by Hill-Burton funds, the initial county indebtedness can be set as low as \$600,000 or less.

This smaller figure would not reduce the proposed 1 1/4 mill levy, but would reduce by several years the 20-year period in which to pay off the bonds. Further, he said, the bonds could be put up for sale, with his firm as agents, within 60 to 70 days after the referendum is passed.

Highlands Commissioners Adopt Resolution Urging Support Of Voters

Five members of the Highlands Board of County Commissioners on Tuesday, April 17, affirmed their signatures to a resolution prepared by County Attorney R. H. Dunty unanimously endorsing the validation of the proposed hospital. Cecil Skipper, Board Chairman, said he had reviewed the plans for the proposed hospital, and was confident that it would be a valuable addition to the county's health care facilities.

RESOLUTION

WHEREAS, the Board of County Commissioners in regular session, this 17th day of April, A. D. 1962, in the office of the Board of County Commissioners in the courthouse in Sebring, Highlands County, Florida, have taken into consideration the forthcoming referendum for the validation of bonds for the purpose of constructing a county hospital, and

WHEREAS, the Legislature of the State of Florida, passed Chapter 61-2232 on April 19th, 1961 creating said hospital district and

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners do hereby affirmatively endorse the validation of the proposed hospital bonds and do further state that in their opinion the method of financing said hospital is of the best interest of the county, Florida and do respect-fully request and urge all qualified freeholders to vote for the issuance of the bonds in the primary election on May 8, 1962.

Vote FOR Bonds!

Highlands Commissioners Adopt Resolution Urging Support Of Voters

Five members of the Highlands Board of County Commissioners on Tuesday, April 17, affirmed their signatures to a resolution prepared by County Attorney R. H. Dunty unanimously endorsing the validation of the proposed hospital. Cecil Skipper, Board Chairman, said he had reviewed the plans for the proposed hospital, and was confident that it would be a valuable addition to the county's health care facilities.

RESOLUTION

WHEREAS, the Board of County Commissioners in regular session, this 17th day of April, A. D. 1962, in the office of the Board of County Commissioners in the courthouse in Sebring, Highlands County, Florida, have taken into consideration the forthcoming referendum for the validation of bonds for the purpose of constructing a county hospital, and

WHEREAS, the Legislature of the State of Florida, passed Chapter 61-2232 on April 19th, 1961 creating said hospital district and

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners do hereby affirmatively endorse the validation of the proposed hospital bonds and do further state that in their opinion the method of financing said hospital is of the best interest of the county, Florida and do respect-fully request and urge all qualified freeholders to vote for the issuance of the bonds in the primary election on May 8, 1962.

THIS RESOLUTION adopted this 17th day of April, A. D. 1962.

Highlands County's proposed new hospital, pictured here by the hospital architects-engineers, Connell, Pierce, Garland & Friedman, of Miami, will be planned in accordance with the highest nationally-accepted standards, incorporating the most modern and scientific advances in hospital design and equipment.

Full consideration is being given by the architects-engineers, working in close collaboration with Hospital Consultant Tracy B. Hare, Miami, to efficient planning for ease and economy of maintenance and operation, for patient safety and comfort, and esthetic quality of the structure, as well as economy of construction cost, in the fire-resistant, three-story, 40,000 square foot hospital.

Estimated cost for construction, major equipment, and tieing in with utilities, etc., will be approximately \$1,200,000.

First floor of the proposed hospital would house the basic facilities, including: administration and visitors' areas; emergency section, including emergency operation room; radiology department (X-Ray); operating rooms; central storage; pharmacy; dining room; kitchen; housekeeping room (linens storage and sorting); employee and physicians' facilities and boiler room to service the hospital's various mechanical functions.

The 40-bed second floor would include an isolation ward and nurses' stations. Third floor

would be devoted to a 16-bed maternity wing, delivery rooms and nurses' stations.

The new Highlands hospital would be air conditioned throughout, and all interior finishes would be of maximum durability to provide the highest possible degree of sanitation and beauty.

In addition to all latest-type equipment throughout, this hospital is being designed for utmost functionalism and convenience. Among its special features will be: explosion proof, conduction-type flooring, as well as special air conditioning, in the operation sections; delivery tubes for small articles; service and passenger elevators; laundry chutes; complete mechanical centralized vacuum and oxygen systems to serve all patient rooms; mechanical admissions communication system, and mechanical dishwashing.

Close attention to patients' need will be made possible by the installation of another mechanical facility... electronic nurses' call systems, which will enable nurses and patients to communicate with each other between the nurses' station and the patients' beds. As an added patient comfort, provision will be made in all rooms for television and telephone.

Separate entrances will be provided for visitors, service, emergency and staff. Paved parking areas, accommodating 125 automobiles, will be located convenient to all entrances.

Well To Know Just What We Will Vote Upon

In order that freeholders of Highlands County may vote intelligently on the May 8 referendum in connection with the proposed county-owned hospital, it is extremely important that eligible voters have complete knowledge of the issue upon which they will cast ballots.

The November 1961 election regarding the Florida, issue created the Highlands County Hospital District, thus empowering the governor of Florida to appoint a hospital commission to proceed with plans for financing, constructing, managing and maintaining a hospital in this county.

Tuesday, May 8, 1962, the eligible voters of this county will be asked to vote on the hospital issue, but only to determine the manner in which the hospital will be financed. No other decisions are to be made on this day. The voters are necessary in Tuesday's balloting.

The ballot reads: "Shall Highlands County, Florida, issue general obligation bonds in the aggregate principal amount of not exceeding \$850,000, bearing interest semi-annually... for the purpose of acquiring, constructing, furnishing and equipping of a new hospital..."

The proposed method of bonding for construction is the only method by which Highlands County hospital will be eligible for 40 per cent (about \$340,000) participation in the Hill-Burton Act of Congress. These funds have been secured by the approval of the voters Tuesday.

Thus it is so important to know just what you are voting for... simply the method by which our hospital will be financed. No other decisions are to be made on this day. The voters are necessary in Tuesday's balloting.

Vote FOR Bonds!

Questions And Answers Pertaining To Highlands Hospital Proposition

Q. WHO WILL OPERATE THE HOSPITAL?

A. Under the provisions of House Bill 77 the Governor of Florida appointed five commissioners, one from each of the five county districts, no one of which being a member of the medical profession, who serve staggered terms, without compensation. Full control of the hospital will be in the hands of this commission.

Q. WILL THE HOSPITAL BE FINANCIALLY NECESSARY?

A. Accepted formulas say 17 beds per 1,000 population is the standard for a hospital. Highlands County has a population of 21,300. (This figure is extremely low.) The minimum number of beds required would be 361. Based on our own calculations to the population our present population is 21,300, we need a minimum of 361 beds. Even these figures do not take into account our winter — or summer — visitors, or the fact that, generally speaking, our population consists of more than the average number of older people.

Q. WILL DOCTORS HAVE ANY CONTROL OVER THE OPERATION OF THE HOSPITAL?

A. No. The hospital will be under the complete control of the Highlands County Hospital Commission. This board will employ all personnel and have vast experience in this field.

Q. WILL ALL USERS OF THE HOSPITAL'S SERVICES PAY ESTABLISHED RATES?

A. Yes. All patients are to pay the established rates. However, indigent residents (who must have one year or more of residence), may be treated without charge at the discretion of the Highlands County Hospital Commission. Welfare patients of course will be treated and then paid from welfare funds.

Q. WHAT ARE WE REALLY VOTING ON MAY EIGHT?

A. Issuance of bonds to finance Highlands County's share of the cost of building the hospital.

Q. WHY IS IT NECESSARY FOR THIS COUNTY TO FINANCE SUCH A HOSPITAL?

A. Because exhaustive investigation indicated that a new hospital could not be financed by voluntary contributions. The American Hospital Association, which is open to any registered doctor who is a member in good standing in the American Hospital Association, with private nursing services available to patients at the patient's cost, and registered nurses in good standing in the Nurses Association.

Q. WILL THE HOSPITAL BE SO CONSTRUCTED AS TO PROVIDE FOR EXPANSION?

A. Of course, yes, but the approval of future expansion will be in the hands of the Commission.

Q. WHAT ABOUT EMPLOYED HOSPITAL DOCTORS?

A. A number of doctors with long experience in the medical field, and highly trained specialists in the many new fields of medicine, will be selected by the hospital commission to advise the hospital.

Q. WHO CAN VOTE ON THIS BOND ISSUE ON MAY EIGHT?

A. Only the Freeholders in Highlands County who have established residence in the county and are registered to vote in the county.

Q. WHY CAN'T ALL RESIDENTS VOTE ON THIS BOND ISSUE?

A. Because, since enactment of laws to limit residence to a legal question, only registered Freeholders are permitted to vote.

Passion Play Closes After Record Season

The well-known production will return to Florida in 1962 with a tentative opening date of Sunday, February 10th, and closing on April 21st, one week after the end of next year.

For the ten years and a total of 362,087 patrons have seen the Passion Play at the Lake Wales Amphitheatre.

In only two other past years, 1954, and 1959, the attendance here exceeded 40,000.

Officers of the Lake Wales Amphitheatre Corporation, which sponsors the Play's appearance in Florida each year as a service to the community project, are making plans to construct a covering for possibly 1,400 seats of the outdoor auditorium so that starting

The Avon Park Lakes Club has a new fishing record for the month of April. The record was set by Mr. and Mrs. J. W. Smith, who caught a 10.2 pound largemouth bass on the club's new fishing pier. The fish was caught on a live shiner and weighed in at 10.2 pounds and 15.5 inches long. This is the largest largemouth bass ever caught on the pier. The Smiths were fishing on the pier on April 28th. The pier is a new addition to the club and is located on the south end of the lake. It is a very popular spot for fishing and is open to all members of the club. The club has a total of 12 fishing piers and is a very popular spot for fishing. GETS LONE SINGLE Eddie Bates, crossing home plate, moves around to score after collecting Avon Park's only hit in their 3-4 win over Wauchula last Friday. Wauchula catcher Jack and Umpire Moe Walker watch the action.

Red Devils End Regular Sked With Win

The Avon Park Red Devils ended their regular season schedule last Friday night with a 4-1 win over the Hardee High Wildcats at Head Field. The win of the Devils season record at 12 wins and 4 losses. A 1-0 loss to Okaloosa on the Brahman's home field last Wednesday afternoon, threw the Devils into second place in the final Ridge standings with a 10-2 loss record behind Sebring's 13-2 Ridge accounting.

FAMILIAR FIGURE, DIFFERENT ROLE—The appearance of Dale Landress, left, on the mound at Head Field is a familiar sight to many Avon Park fans. He has assumed a different role, however—Coach of the Hardee High School baseball team of Wauchula. Here Landress watches pitcher Russell throw warmup pitches. On yes, Landress lost to his former coach Guy Garrett, 5-4.

Eleanor Severns Rebekah Lodge
All members are reminded to attend the regular meeting Tuesday night, May 7, at 8 o'clock in the Brickel Building of the Rebekah Lodge. Past Deputy President, Beaulieu, will make her report on the 42nd annual session of the Rebekah Assembly held in St. Petersburg, April 11-20.

Fashion Show At High School
The Home Economic Classes and Future Homemakers of America chapter will present a fashion show at the high school auditorium Monday night, May 7, at 7:30 p. m. Mrs. Violet Mosley, sponsor, states that the eligible girls will also be presented with their chapter degrees at this meeting. Any interested parent or person in the community is invited to attend.

Avon Park's lone hit came off the bat of substitute Eddie Bates in the third frame. Bates had gone in to second base when centerfielder Jackie Seims came out in the first inning. Wauchula took a two run lead in the first inning and added another run in the top of the second to lead three to nothing. The Devils pushed over two runs in their half of the second and went ahead in the third with two more runs. Wauchula tied the game up 4-4 in the top of the fourth, but Joe Jackson scored the winning run in the bottom of the fifth after reaching first on an error by the third baseman. Jackson scored on hits and a walking error by the pitcher. Last Wednesday Avon Park blew a four run lead in the sixth and then held on until the last of a dusty ninth to lose 5-4 to Okaloosa. The Devils scored their first run in the top of the third when Bobby Bates hit an inside the park home run. In the fifth Avon Park added three more runs on three hits and two "Choke" errors. But the Brahman came back determined in the sixth and scored four runs on three singles and an error to tie the game up 4-4. In the seventh and ninth innings the Devils had a man on third but couldn't get him home. Then in the last of the ninth, an error by the Red Devil second baseman put the lead-off batter, John Lott on first. John Ard followed with a single and Ross Orsola went down with out number on a strike out. Alex Fulford followed with another strikeout, but Larry Baulerson was walking to lead the bases after losing harrier Leonard had a full count on him. Then Dave Allgood, the Brahman catcher, rapped out a single to drive in the winning run.

Sullivan gave up seven hits—all singles—fanned 13 batters and walked ten during his nine innings on the hill. The loss set Sullivan record at seven wins and three losses. Cary Baldwin took credit for the win for Okaloosa, after coming in to relieve Don Lawrence in the fifth. Avon Park got three hits off the two pitchers. Sullivan got two singles as did Joe Jackson and Bobby Bates got a home run and a single. Max Still hit a double and John Rhodes singled.

Home Loans At Lowest Rates
The word has gotten around (but perhaps you haven't heard) that First Federal is the best place to borrow to buy a home. And, no wonder - First Federal rates are the lowest; we offer terms that fit your personal budget; our service is fast and courteous! See us for your loan now.
