Episcopal Church News

Redeemer Episcopal Churchwomen held their regular monthly meeting in the Parish House on Wednesday, October 10 following a board meeting at 1:30 p.m. Mrs. Edward Hall, president, welcomed new members and one visitor.

The various chairmen reported [illegible] activities [illegible] Fall.

[illegible] Bishop James [illegible] make his first [illegible] confirmation, [illegible] covered [illegible] Mrs. Jack [illegible] chairman for the [illegible]

Mrs. J. C. Wright reminded members of the Spaghetti Supper to be held on October 31. Mrs. A. C. Wester Jr., U.T.O. chairman gave the date of November 4, 9:30 a.m. as the time of the Fall Ingathering. Mrs. H. B. Hill is chairman of Rummage Sale scheduled for Saturday, November 10, and asked for rummage and help in conducting the sale.

The first meeting of the Fall season was held September 12 when Deaconess Bedell, now a guest at Bishop Gray Inn, gave a talk about her work with the Seminoles.

For the October meeting, Father Mangrum showed slides and lectured on the Dead Sea Scrolls.

Hostesses for the tea were Mrs. Frank Kinner and Miss Flossie Baker.

If a feller is always "thick" and tired, he's middle aged.

WORK DAY AT PARK—Members of the Hibiscus Circle of the Avon Park Garden Club held their annual work day at the Roadside Park near Hosecrafters last Thursday morning. Some of the ladies are shown as they spruced up the park. Following the work shift, the members enjoyed breakfast in the park. (Sun Photo).

Freedom 1620-1960

"Now hoist the anchor,
and spread the sails;
Head her for the West,
good master.
We'll dare the doldrums
and the gales,
And all the devils
of disaster

So may we win neither
gems nor gold,
But sweet religious
liberty".
So spake those gentlemen
of old,
And faced the wide
estranging sea.

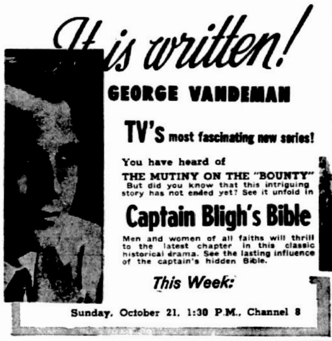
They sailed through stormy
seas and calm.
On a wild new shore
they made a landing.
They raised their voices
in a psalm
To praise the Lord where
they were standing.

"Now may I worship
as I will,"
One whispered softly
to another.
The quick-eared leader said,
"Be still.
You'll worship as we tell you,
brother."

Now that was centuries ago,
Yet still withing this
free land's borders
In many ways we are free to do
Only what somebody orders.

H. J. Fenton

Although the University of Florida began year-round operations this year under the trimester system, only a very few of its buildings are air-conditioned.



It is written!

Ticker Talk

The Garrett Corporation is the only company in its field of environmental control systems with products proven in actual space flight. It currently participates in about 25 different space and missile programs, and its equipment and systems are an integral part of practically every aircraft built in the U.S.A. since World War II. With the airplane market still representing the "bread and butter" end of its business, Garrett's sales for the current fiscal year to end June 30, 1963, are conservatively projected at around $225 million, up from the roughly $205 million of fiscal 1961-62, when profits ran $3.50 a share vs. the depressed $1.14 a year earlier. If all goes well, earnings approaching $4 a share for fiscal 1962-63 are envisaged.

United States Lines' new cargo liner, American Challenger, cut about two days off the previous sailing time from New York to Northern Europe on its maiden voyage. The Challenger inaugurates a new super-express service to London and Le Havre. She is the first of a new fleet of five United States Lines' cargo liners for this trade route. A score or more of these ships will follow to provide the same superior service to other foreign ports. Each is 671,000 cubic feet of efficient freight transportation. Within her hull, 10,600 tons of cargo can be sped over the seas at 21 knots. U. S. Lines is the largest subsidized shipping company operating under the U. S. flag. It has had an excellent record. Operating earnings for 1962 are estimated at $4.50 a share vs. $3.80 in 1961.

Today's teen-age population in the U.S. is estimated at over 23 million, and it is increasing by more than a million a year. It is estimated that teen-agers currently have available to them over $10 billion of yearly spending power. By 1970, this figure will double.

Barring unfavorable economic and political developments, The Southern Company expects record earnings in 1962 of about $2.15 a share vs. $2 in 1961 and $2.06 in 1960. The annual dividend rate has been raised by 10c a share in every prior year since 1954, reaching $1.50 in 1961, all of which augurs well for periodic dividend increases ahead.

The growth potential of auto production in some foreign countries is tremendous. For example, auto production in the European Common Market and United Kingdom—which is knocking at the door of the Inner Six—is expected to reach 8 million cars by 1965, or about 50 per cent more than present output.

Apartments this year should account for about 28 per cent of total dwelling units. This increased demand for apartments is being caused by the changing structure of our population, highlighted by sharp increases in the number of potential apartment dwellers—newlyweds and senior citizens.

The Free World demand for oil in 1961 exceeded 20 million barrels a day. It is expected to increase by a million barrels a day in 1962—and another million barrels a day in 1963—and exceed 27 million barrels a day by 1968. It is interesting to compare this million-barrel-a-day growth rate with the rapid growth following World War II, when we thought "we never had it so good." But that was only at the rate of 855,000 barrels a day.

This column is furnished by The Research Dept. of Francis I. duPont & Co. Sarasota, office phone WX-2323.

State Products Valued High During 1960

Products manufactured in Florida factories during 1960 were valued at $1,804,385,000 more than the raw materials and power used to make them, the Florida State Chamber of Commerce stated yesterday.

"This sum, the latest officially estimated, marks an 8 per cent gain over the previous year. Since 1960, Florida manufacturing has stepped up an estimated 9 per cent more. This total sum is a realistic measure of the direct contribution of manufacturing to the economy of the state as it represents the work done within factories by adding to the worth of raw materials. Payrolls of manufacturing plants in Florida totaled $848 million paid to 192,950 employees in 1960.

"Foods are Florida's principal class of manufactured goods with a value-added figure of $396 million and a payroll of $143 million in 1960. Chemical plants moved up to second place from third with added value of $291 million and a payroll of $90 million. Paper and allied products factories added $211 million and had a payroll of $71 million. Fabricated metal products added $124 million and paid employees $66 million.

"Concrete, clay and plaster products factories added $120 million and had a payroll of $55 million. Printing and publishing firms added $115 million with a payroll of $65 million.

"Lumber and primary wood products plants added $57 million with a $32 million payroll. Furniture and fixtures factories added $44 million and had a $27 million payroll. Tobacco products plants added $40 million and a payroll of $21 million. Other types of maufacturing in the state, not reported separately, include clothing, electrical machinery, transportation equipment and a host of other items.

"Among the above principal classes of manufacturing in Florida, declines, 1959 to 1960, were registered in tobacco products (7 per cent down) and in the construction-related lines: stone, clay and plaster products, structural steel and furniture and fixtures, each down slightly."

Founders Circle Met Thursday

The Founders Circle of the Garden Club met at the home of Mrs. W. C. Touchton Thursday morning with Mrs. Paul L. Rumpsa as co-hostess. Prior to the business meeting the ladies enjoyed hot coffee served with a variety of fancy pastries and sandwiches from the dining table.

Twenty-three members heard Mrs. C. Brooks Henderson report on the Jr. Gardeners and of their plans for the future. Mrs. Ernest Shepherd discussed plans for the Flower Show and told the members of their duty for the show.

The annual District meeting will be held in Lakeland on October 23. Founders Circle expects to have a large delegation attending.

Mrs. E. W. Hartt talked on freeze proof gardening. Mrs. C. R. Ginn, chairman of the circle, was in charge of the business program.

The University of Florida Library now has nearly one million volumes on its shelves. One of its largest borrower groups is Florida industry.

Lutheran Church Women Meet

The Lutheran Church Women honored Mrs Frank D. Henderson with a gift of appreciation for her services during the summer when she assisted with the church music. She was presented with a beautiful tapestry bag.

Mrs. Helen D. Becker, president of the group, conducted the business. Mrs. R. B. Dasher presented the program.

Mrs. LaLonde was hostess for the social hour which followed.

Mrs. Becker and Mrs. Harry Gibson will be attending the state conference of Lutheran Church Women to be held in Winter Park, beginning October 28.

The University of Florida, founded in 1853, became 109 years old this year.

Total enrollment for the University of Florida at the beginning of the first trimester this year was 13,783 students.

YOU'LL HARDLY BE ABLE TO CONTAIN YOURSELVES
BUT THE 1963 DART WILL
INTRODUCING COMPACT 63 DODGE DART
Dart's a new kind of compact in the large economy size. It's got family-size room, family-size comfort. Nobody gets short-changed. The roofline sweeps straight back instead of sloping off. That means lots of headroom, front and rear. Plenty of comfort for everyone aboard. Dart's too roomy to be a compact, but too darned thrifty to be anything else. Dart's standard Six is as easy on gas as other compacts, but the comparison ends right there. This same Six has the muscle of an eight. You get sizzle, space and savings. Compact Dodge Dart, backed with a 5-year/50,000-mile warranty*.
*Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first; on the engine block, head and internal parts; transmission case and internal parts; torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules.

Conner Says 1962 Farm Act Will Benefit

GAINESVILLE — Commissioner of Agriculture Doyle Conner sees new profit possibilities for Florida ranchers, farmers and rural communities in new recreational developments authorized in the 1962 Farm Act.

(The new Farm Act opens the way for an expansion of recreational facilities on locally-owned lands and authorizes loans to individual farmers, associations serving farmers and other rural people for recreational development and facilities.)

In the keynote address delivered Friday (October 12) at the opening of the Forest Land Use Conference at the University of Florida, Conner stressed the growing demands of an exploding population for outdoor recreation, and the huge potential for private landowners to meet much of that need.

"At the rate our population is growing, we'll have some 7 million to 8 million people living in our state by 1975," Conner said. "Although we're probably more recreation-minded than people in some other states, we must recognize the need for a much greater expansion of our recreation facilities.

"The areas available for camping, hunting, fishing, water sports and picnicing will have to be more numerous and widely distributed for maximum convenience. More of our lakes, streams and woodlands must be available and made convenient for use by our Florida citizens and visitors."

Conner cited pressures for shortening the present 40-hour work week as a factor in increasing the amount of leisure time for Americans. "So pronounced has the shift been in (reduction of) working time spent on the job," he added, "that we are witnessing in American today a dynamic leisure economy while our productive economy rides along at a moderate rate of increase on a high plateau."

"How far we can go in expanding recreational facilities in our large forests," Conner said, "is a problem for the managers of those lands, whether they be public or privately owned. But a huge expansion is possible in the creation of such facilities by the owners of smaller private holdings—the farms and ranches with wooded areas, streams, lakes and ponds, and the rural communities whose lifeblood is drawn from the surrounding areas.

"The opportunity is there—for cash in the farmer's pocket from fees from public use of the facilities he provides on his land — for increased business and trade in the community where additional accomodations and services are provided to attract recreation seekers to the nearby area."

Former Resident Buried In Bougainvillea

Dr. A. R. Clark of Wauchula and a former resident of Avon Park, was buried Saturday, October 6, following a lingering illness. Dr. Clark was born in Clyde, N. C. and was a graduate of Atlanta Southern Dental College, which is now the Emory University School of Dentistry. He was a Delta Sigma Delta Fraternity, a veteran of World War One and a member of the American Legion.

Survivors include his mother, Mrs. D. H. Clark of Canton, N. C.; two sons, Henry D. Clark of Wauchula and Gene A. Clark of Waco, Texas; one daughter, Mrs. James F. Simpson of West Palm Beach; one brother, Lawrence Clark of Canton, N. C.; one sister, Mrs. Jule P. Jones of Pasadena, Texas and seven grandchildren.

Funeral services were held in the First Baptist Church with the Rev. Aden D. Childress officiating. Interment was in Bougainvillea Cemetery with Stephenson Funeral Home in charge of arrangements.

Pallbearers were Wendell Smith, A. B. Wester, Jr., Otto Foster, Jack DeLaney, Carl McWilliams, H. H. Rutledge and Curtis Lawhon.

The Farm Front

by
Doyle Conner
Commissioner
Florida
Department of Agriculture

Information from Washington indicates the Federal Food and Drug Administration plans to assign 150 additional men to its force which inspects and analyzes food products for illegal pesticide residues. One of the new inspectors already has been assigned in Florida, in the Belle Glade area where fruit and vegetable production is heavy.

Activities in checking on pesticide residues by our own Department have been greatly increased in the past couple of years. The reason is twofold: (1) to protect our Florida consumers, and (2) to assist our producers to avoid starting their produce into marketing channels before any residues that may be present have declined to permissible limits.

Incidentally, I'd like to point out that a "permissible limit," or tolerance, is established only after careful testing and research, by Federal Food and Drug scientists. It usually has a safety ranging from 10 to 100. In other words, its 10 to 100 times HIGHER than it actually has to be, to make absolutely certain that it is a safe limit, and not one that provides only a questionable margin of safety.

To speed up our pesticide residues work in laboratory analyses of a greatly increased number of samplings now being taken by our inspectors, we've added a new piece of equipment to our central Food Laboratories in the Mayo Building at Tallahassee.

About the size of an average office desk, it has an imposing name and an impressive price. It's a "microcoulometric gas chromatograph" and it cost $10,000. You can be assured that we are convinced that this device will materially speed up the processing of our heavy work load in residues analyses.

A similar device is in use by the Agricultural Experiment Station in research on pesticides.

We are hoping we shall be able to obtain three more of these highly specialized devices before too long—one for each of our three mobile laboratories, two of which work largely on fruit and vegetable products, and one that specializes on milk and milk products analyses.

• • •

I'd like to stress the fact that neither your State nor Federal officials are over-looking the urgent need for taking every possible precaution to protect you, as a consumer, from any chemicals on or in your food that would be harmful to your health. In spite of some sensational stories or articles to the contrary, your health, so far as food supplies are concerned, has about the best safeguards to be found in any nation in the world.

Now and then I receive a letter from some irate reader berating me for countenancing the use of agricultural chemicals, or the sale of foods raised on "depleted soil to produce depleted people." They have a perfect right to their opinions.

However, without the use of modern pesticides and fertilizers which chemistry has furnished, our agriculture would be unable to produce the bountiful supplies that keep our food bills at the low level we enjoy today. In America today the average consumer spends only 20 to 25 per cent of his income for food, compared with 60 to 70 per cent only a few years ago.

I think it's obvious agricultural chemicals are with us to stay until something better comes along. We'll be using them because we must get the food we need to meet a constantly rising demand. But it's possible we shall witness further important progress in pesticides which, because we use them to destroy or inhibit natural enemies of our productive effort, require careful regulation of their application and a continuous watch over the results obtained from their use.

One outstanding authority has expressed the opinion that an ultimate solution for the pesticide problem is for the chemists who synthesize these products to find a way of "tailoring" them to fit a specific need—in other words, to come up with chemicals that are toxic ONLY to the pests and not to humans or livestock.

He believes too much stress has been laid on producing the most lethal poisons and not enough on confining the effect of the product to the target at which it is aimed.

• • •

In the final analysis, it appears that the amount of danger posed by pesticides is to be found in the human factor—the degree of intelligence and caution exercised by the user of a substance that is toxic to humans.

In this respect, a pesticide is not unlike an automobile. The automobile has become a "necessity" in our modern American society. It is the careless, heedless driver who poses the threat on our streets and highways. Driver education and strict enforcement of traffic rules and regulations are the only means we have to protect the public.

Its the same with pesticides. Many can be extremely dangerous unless they are used in exactly the manner the label specifies, and with due regard for neighboring premises.

Bride Elect Is Honored At Party Monday

Miss Peggy Carr of Lakeland, who will be wed to Thurston Martin on Saturday, October 27, was the inspiration for a party given at the home of Mrs. E. Ray Wells at Highlands Lakes Monday night of this week. Other hostesses were Mrs. Wells' two daughters-in-law, Mrs. Lawler Wells and Mrs. Kenneth Wells, and Mrs. P. A. McFarland, Mrs. H. A. Baughan and Mrs. Ophelia Rihner.

A combination of Fall flowers and fruits were attractively arranged in a silver bowl which stood on a table in the living room and a line arrangement of yellow blossoms were reflected in the mirrow above the mantle. Assisting the hostesses with greeting the guests were the groom's mother, Mrs. E. Allen Martin, and the honoree, Miss Carr.

Refreshments were served from the dining room. The table was overlaid with an ecru Quaker lace cloth and centered with a flower design of leaves and yellow hibiscus blossoms, flanked on either side by yellow tapers burning in silver candlesticks. Silver compotes held nuts and mints and a large chip-n-dip container held delicious tidbits. Dainty cookies, fancy sandwiches, cheese balls, and a variety of sweet pastries were served. Betty Lou and Peggy Wells presided at the large crystal bowl from which the delightful coffee frappe was served.

A wooden bowl held yellow glads on the buffet and a pair of yellow baroque candles in silver holders stood on the sideboard. Many of the guests sat in the Florida room where a most unusual arrangement of yellow lily blossoms floated in a golden bowl that had a miniature water fountain in the center.

More than a hundred friends called to meet the honoree.

Births

Murray Wilsons have a new grandson, John David Brett, born to Mr. and Mrs. Lintorn Brett of Wadley, Georgia. Upon arrival at the Waynesboro Hospital, Saturday, October 13, the young man weighed 7 pounds and 5 ounces. He shares the same birthday as that of his mother, the former Miss Wiloase Wilson, and his aunt, the former Miss Edith Wilson.

WALKER MEMORIAL

Mr. and Mrs. Billy Clark Cason of Sebring a daughter, Jeanne Clark, born October 8, weighed 8 pounds, 3 ounces. Mrs. C. W. Pabor is the maternal grandmother.

Mr. and Mrs. G. R. Spaulding of Sebring, a daughter, Elizabeth Gwenneth, born October 11, weighed 8 pounds, 8 ounces. Mrs. Verella Kopta is the maternal grandmother.

Mr. and Mrs. J. M. Barber, Sebring, a daughter, Brenda Louise, born October 11, weighed 9 pounds, 14 ounces.

Mr. and Mrs. R. M. Hester, a daughter, Dorothy Ellen, born October 8, weighed 7 pounds, 15 ounces.

Mr. and Mrs. L. C. Williford, Sebring, a daughter, Thellie Rose, born October 12, weighed 10 pounds, 5 ounces.

Mr. and Mrs. Melvin Pearson, a son, Larry Wayne, born October 14, weighed 6 pounds, 13 ounces.

Mr. and Mrs. Dallas H. Hamilton, a son, Robert Hillard, born October 15, weighed 7 pounds, 14 ounces.

Auxiliary To Host Units

Monday night, October 22, the Highlands Unit No. 69 Auxiliary will be hosts to a county meeting when the Departmental President, Mrs. Lief Brakeve, of North Miami Beach will make her official visit. Eighth District President, Mrs. Louis Fisher, of Punta Gorda, will also be a guest and the ladies will remain overnight in Avon Park and continue to Arcadia for a meeting the following day.

Auxiliaries from Sebring and Lake Placid will be present and a covered dish supper will be served at 7 p. m. prior to the meeting.

Florida Council Reports

By Wendell Jarrard, Chairman-Director, Florida Development Commission

It has been an interesting and inspiring experience to see the Florida Council of 100 develop from an idea in Governor Bryant's mind to its present status as an extremely effective and useful tool for the growth, progress, and betterment of Florida.

When the caliber of people chosen by the Governor for membership on the Council became known everybody recognized that the organization had a great potential for accomplishing many fine things for Florida. Today it is plain the Council has exceeded that potential.

Because the Development Commission and the Council work so closely together on so many projects, it is natural that we of the Commission staff would become more familiar than most people with the work the Council and its individual members are doing.

This is particularly true since many fine efforts by Council members are completely unpublicized. We know, for example, that many Council members write industrial prospects to reinforce and strengthen the Commission program for bringing new manufacturing plants to Florida. Other members have gone a step beyond writing letters to people they know in the business and industrial community—they have made personal calls on prospects whenever their own business affairs took them outside Florida.

Because of the stature of members of the Council they are able to obtain conferences with some of the biggest industrialists in the nation.

The Council and the Commission have worked closely on a number of joint projects. For example, the two organizations joined in sponsoring a very successful reception for the international news media representatives at Cape Canaveral on the eve of Astronaut Walter M. Schirra, Jr's., orbital flight.

We are working with the Council on another important program. The period October 22 - November 16 has been set aside at the Development Commission's New York Showcase to recognize the growth and potential of Florida manufacturing. The Council is selecting the exhibits to be shown and coordinating the entire observance.

Of course, a number of Council members are working as individuals in many fields in which the Development Commission is vitally interested. For example, both the Commission and the Council are represented on the Florida World's Fair Authority and because of this mutual representation both groups work together to help the Authority accomplish its important mission.

Of course, the Council has been able to do many things which are needed but which are outside the legal responsibility of any official state agency. The excellent report of Council member Stanton D. Sanson of Miami Beach on the need for more scientific education facilities is a good example.

Finally, it has been very refreshing to me at a time when some business groups and governmental agencies seem to have developed mutual antagonisms to see the close cooperation and friendly atmosphere that has constantly existed between the Council of 100 on the one hand and the Florida Development Commission on the other.

This is an excellent example of the results which can be obtained by a business approach to both government and an industrial group.

PLEADS NOT GUILTY

In County Court this week a Sebring driver entered a not guilty plea to a charge of driving while intoxicated. Paul [illegible], white, 40 will be tried in November term of County Court. His bond was set at $500. He also entered a not guilty plea to a charge of driving with an improper driver's license. Bond on that count was set at $50.

Future Farmers Meet Thursday

Reporter Frank Phillips

The Avon Park Chapter of Future Farmers of America held their monthly meeting in the high school Agriculture building last Thursday night, October 11.

Franklyn Ward was the guest speaker. His subject was on the management of a citrus nursery.

Ward used colored slides to show the members how a large nursery was operated. The program was quite helpful since the students of the agriculture classes have been studying citrus nursery programs.

PIE SOCIAL

The Annual Apron Sale and Pie Social given by the Ladies Aid of the Congregational Church will be held Tuesday, October 30 from 1 to 6 p. m. in Fellowship Hall. They will also have a white elephant sale and they invite their friends to come and enjoy homemade pie and coffee and also make a purchase if they find items they want.

Brownie Scout Troop 21 Meets

A swimming party at the home of Claire Lanier on Lake Lotela Monday afternoon was a meeting to re-activate Brownie Scout Troop No. 21.

Mrs. Angie Miller and Mrs. DeRetha Lanier are new leaders for the group which was formerly under the leadership of Mrs. Barbara Wicker and Mrs. Priscilla Seims.

Regular meetings for the group will be held each Monday afternoon at the Lanier home.

The present membership includes all fourth graders, Laura Camp, Susie Franza, Kathy Kirkland, Claire Lanier, Gail Metheny, Barbara Miller, Joan Seims, Suzanne Skipper, Patty Turnbull and Joanie Young.

RECEIVING TREATMENT

Durrah Martin, who lost a hand in July when he came in contact with a hot wire while working as a serviceman for Florida Power Corporation, has been in St. Petersburg, where he is receiving skin grafts and special treatment. Mrs. Martin has been with her husband there.

Here and There

Mr. and Mrs. Lucius Geib of Robertsville, Ohio arrived this week for the winter season. They had formerly been guests with the Samuel O. Norrises, but have purchased a mobile home and will live at the Avon Trailer Park this winter.

Harold Stewart of Tallahassee spent the weekend with his uncle and aunt, Mr. and Mrs. Ben T. Stewart.

Don't forget to renew your driver's license during the month of your birthday.

The State of Citrus

By John Sikes — Florida Citrus Mutual

LAKELAND — Oranges aren't just simply oranges any longer in Florida.

After years of being taken more or less for granted by the home folks, oranges—and grapefruit, tangerines and all the other citrus varieties—are coming into their own as shining symbols of the state's bounty.

This isn't to say that oranges haven't been equated with Florida and vice versa, since way back to maybe Ponce de Leon. But lately it seems that more and more Floridians have become more and more conscious of the orange's king-sized value to the state's economy and are plugging it—and grapefruit, etc. with the kind of loyalty and enthusiasm hitherto mainly accorded the Florida sun.

For example, U. S. Highway No. 27, bisecting the state from [illegible] top to bottom, is now officially tagged "Citrus Boulevard" on miles and miles of road markers.

Now comes a note from Norman Jones, a public relations firm in St. Petersburg, which reads substantially as follows:

"The University of South Florida at Tampa is in the process of selecting a name which will be the trademark of its athletic teams.

"Instead of selecting some animal or bird which is the tradition, why not select the name of Florida's No. 1 industry, whereby the free publicity would be of benefit to the state?"

Loyal citrusman Jones then proceeds to suggest for the said athletic teams such names as "The Grapefruiters", "The Orangemen" and "The Citrus Packers".

The astronaut folks at Cape Canaveral gave a nice nudges to the movement to paramount citrus as a Florida symbol when they agreed that "orange-pickers" was a more appropriate name than "cherry-pickers" for those gantry cranes that hoist men and material to the top of space rockets. At least one, maybe more, TV network newscaster now so uses "orange-picker" in his running accounts of the goings-on at launch time.

Might be a good idea to get the folks at Tallahassee to put a big orange, or grapefruit, on a high pole atop the capitol to symbolize the state's biggest basic industry.

In Massachusetts the citizenry pay such symbolic loyalty to a fish. On the dome of their statehouse swimming in the air for all to see is the replica of a cod-fish, an ever-reminder of this fish's import to the Massachusetts economy since the days the Pilgrims first touched Plymouth Rock.

Shouldn't Florida pay as much fealty to the orange, or grapefruit?

Cracker Politics

By ALLEN MORRIS

TALLAHASSEE — Florida's Old Campaigner was shaking his head over the dwindling amount of humor in politics today.

"Science, medicine, and politicians are neglecting laughter as good for what ails mankind," declared the Old Campaigner, speaking from the wisdom of three-quarters of a century, mostly in politics.

"I've always tried to give the people food for thought along with making them laugh. But they come up to me and say, 'Jerry, tell me that story you used in the Catts campaign.' Or some other campaign. Usually, they have to prime me, for they may know that particular story better now than I do, for it's one you can see they've treasured in memory."

For Jerry Williams Carter, this is a meal ticket election year.

"I've been perfectly loyal to my constituents. They have never gone to the polls and looked for my name on the ballot but that they have found it. I've never deserted them."

The Old Campaigner was exercising some license but he was reasonably close to the truth: his name on the November ballot for reelection as Railroad and Public Utilities Commissioner will be its 27th appearance on a statewide ticket. That's a record.

First, he was a successful candidate in 1924 for delegate from Florida to the Democratic national convention. Since then, he has been a candidate for the U. S. Senate (twice) and for Governor and, successfully, for Democratic national committeeman and, as he describes the job, "my ticket," for Railroad and Public Utilities Commissioner.

Carter came to Florida in 1907, and brought with him a love of politics. He had raised himself in the fist-swinging, knife-slashing campaigns of the Tennessee-North Carolina mountains.

"Yes, I was a fire-eater," confesses Carter. "The truth of the matter is that no Governor ever could have appointed me anything more than a convict inspector except Catts, and he appointed me Hotel Commissioner. The newspapers said I spelled 'hotel' with two 't's,' and to be perfectly frank with you I don't doubt at all that it was true."

It turned out to be a splendid mating of and job, for Carter, a sewing machine salesman out of political season, knew the shortcomings of Florida's commercial hotels of the period. He performed such miracles that the two Governors who followed Catts kept Carter as Hotel Commissioner, an unequalled record to this day.

The Catts gubernatorial campaign of 1916 turned Florida politics bottomside up. It was a squeaker, with first Catts, then his opponent certified as the Democratic nominee. There were charges of vote-count irregularities. Catts finally captured the Governor's chair as a Democrat running on the Prohibition ticket.

Jerry Carter was a strategist for Catts, a DeFuniak Springs Baptist preacher - Carter told the Florida public that "the Crackers have only three friends, God Almighty, Sears Roebuck and Sidney J. Catts." But Carter was no backroom schemer. He was out in front - way out, and one of his ideas - as Carter tells it now - brought him into collision with the Supreme court, which occupied the very same rooms where Carter now holds sway as Utilities Commissioner.

The State Canvassing Board had declared Catts the Democratic nominee, and Carter borrowed the official certificate to have a photographer make a copy. Then the Supreme court ordered the Board to reconvene and issue a new certificate to Catts' opponent. Carter had that photographed, too. He put out copies statewide, labeling the Catts one, "The Legal Nominee of the Democratic Party," and the other, "The Nominee of the Court of Supreme Contempt."

The Supreme court reacted with a contempt citation for Carter and a newspaper editor.

"We decided in conference that we wanted them to put us in jail because we figured that would elect Catts," recalls Carter. "The other side thought so, too, and brought pressure on the court to turn us loose.

"On the day of the hearing, there was a gathering at the Supreme court like never had been seen before nor since. People packed the yard and the stairway and the courtroom. We told the court we had come to see what the Supreme court of Florida would charge a native son for telling the truth.

"The court fumbled around. Then the judges got up and filed out. When they came back, they kind of expressed sympathy for us not knowing any better and said they would suspend sentence for the time being. We got up and told them we didn't want them to suspend sentence - that if we were guilty of anything we were ready to pay the penalty.

"They filed out again and when they came back they said that under the circumstances they would release us if we would please go and pay the costs. We told them we weren't going to pay anything unless we were guilty of something. And we walked out. I guess we still owe the court the $12 costs."

CWF Meets At Kime Home

The Christian Woman's Fellowship of the First Christian Church of Sebring met at the home of Mrs. Homer Kime, 415 East Main Street Monday. Mrs. Esther Sayer was in charge of the program with Mrs. Mary Wilkins, Mrs. Rose Lowden and Mrs. Irene Hudson presenting a skit on the missionary work.

Following the business and program, Mrs. Kime served refreshments to the 21 ladies who were present.

Plans were also made for a rummage sale to be held on October 27.

Party Honors Engaged Couple

Mr. and Mrs. Kenneth Wells and Mr. and Mrs. Lawler Wells entertained with a patio party honoring Thurston Martin and his fiance. Miss Peggy Carr, of Lakeland, on Saturday evening at the Kenneth Wells' home at Highlands Lakes.

The group enjoyed barbecuing ribs that were served with all the side dishes and the climax of the occasion was a churn of homemade ice cream.

New Business Women Officers

The Business Woman's Club opened the season's activities with a meeting held in the Woman's Club house Monday night.

The new president, Mrs. Murray Wilson, and the other new officers, Mrs. Exie Caffee, vice president; Mrs. Helen L. Harris, recording secretary and Mrs. Zelma Wells, corresponding secretary; are looking forward to a good year's work. They announce that the Claxton Fruit Cakes have arrived and each club member will have them for sale.

Guests on the program were Valorie Hopson and Anne Johnson, Girls' State representatives, who reported on their trip. The Business Woman's Club co-operates with the Legion Auxiliary in sending the girls to Girls' State.

Safety is a cheap commodity and a fruitful one, too.

Mission Services For Lutherans

Dr. Carl A. Honeycutt of Columbia, S. C. will be a guest at the Lutheran Resurrection Church Sunday, October 21 to open the Evangelism Mission. His sermon topics for Sunday services will be "The Place of Prayer in the Church's Mission and Christ's Comprehensive Alls."

Monday, Tuesday, Wednesday and Thursday nights' sermon topics will be "Choose We Must, Betrayal Then and Now, The Cross Confronts Our World, and The Christian's Divine Imperative."

The public is invited to attend the services and hear Dr. Honeycutt.

PLANT MART

Thursday, October 25, Avon Park Federation of Garden Clubs will hold its annual plant mart in the mall in front of the Jacaranda Hotel from 8 until 1 o'clock. Come buy your plants and annuals from us.

Teen Club Elects New Officers

New officers for the Teen Club for the coming year are Judy Pritchett, president; Judy Wester, vice president; Nancy Seabold, secretary; and Carolyn Rewis, treasurer, all elected at a recent meeting of the club.

The Teen Club is receiving encouragement from various groups to renew efforts to build the new Youth Center which was started several years ago. They adopted the new building as their project and expect to begin work towards it.

Anytime things aren't moving along slow enough already, appoint a committee.

Just for a moment, close your eyes and picture the scene in your childhood home that you liked best. Was it the music box in the front room, the grandfather clock, the large, fragrant kitchen? Whatever you are thinking of, your memory is a treasure chest of things you hold dear.

Let your mind wander further. *You will remember not only loving scenes and favorite objects, but family and friends, their ways, their thoughts, their talk. God and His goodness were mentioned often. Prayer was a common practice. There was faith and trust and a feeling of security.*

Sunday was a special day, and all activities were centered around the church and the home.

Come back to the present a moment. The Church was home to you then! It can be your home now; a place of worship where the heart remembers and rejoices.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Employment In State Faired Good In Summer

TALLAHASSEE — Florida employment came through the usual summer business slowdown in good shape.

Florida's Aug. nonfarm employment at 1,345,400 was 50,600 higher than in August, 1961, State Industrial Commission Chairman A. Worley Brown reported today.

Unemployment at 108,500 was 14,500 below August a year ago and 3,000 below July.

Brown said, "We have been highly encouraged by the way nonfarm employment has held up during the summer. The variation from month to month has not been great. In August it was virtually the same as in July. Unemployment likewise has shown a bright picture when compared to a year ago."

Brown continued, "The most encouraging highlight in August was construction which reached its highest peak at 126,000 since January 1960."

Construction was 11,000 or almost ten per cent over a year ago.

Trade at 367,200 was 14,700 above 1961; services at 224,100 were 11,400 higher; and manufacturing at 213,100 was almost 10,000 above last year.

At 95,400, transportation-communications-public utilities was down 5,300 from a year ago.

Lutheran Church News

A pot luck supper was enjoyed at the Lutheran Church Sunday, October 14. Plans were made for the Mission Services to be held at the church from October 21 to 24 and for cottage prayer meetings which will be held in the homes of shut-ins.

The church council met at the church Tuesday night with the Rev. John W. Walters conducting worship service prior to the business session.

The man who puts his hands on the steering wheel of a benzine burner with plenty of horsepower under the hood ought to have tons of brainpower under his derby.

LAKES NEWS

By Thelma L. Merrill Phone GL 3-6146

The regular monthly meeting of the Board of Governors of the Avon Park Lakes Association was held on Thursday evening at the club house.

Mary and Joe Lynch wish to thank their good friends and neighbors for the many kindnesses during Mary's hospitalization. She was grateful for the beautiful flowers and the numerous get well wishes and prayers. And that early morning coffee each day was so appreciated, Carol, you are a wonder!

The Tuesday night card party was enjoyed by 24 members of the Avon Park Lakes Association at the club house. Mrs. Pearle Beach will be hostess for the party next Tuesday night.

Mr. and Mrs. Don Jameson and Mr. and Mrs. Fred Schneider of Plymouth, Ohio motored to Tampa on Thursday and enjoyed the beauty of Busch Gardens. The Schneiders are spending a month in Florida in their home on Lake Lillian.

Saturday was Mrs. Jean Baileys birthday. We hope you had a happy day, and best wishes for the coming year, Jean.

On Monday, Mrs. Maude Bedard flew from Tampa by jet to Los Angeles. She will visit her son and daughter-in-law, Mr. and Mrs. Paul Bedard and family, in West Covena, California. Maude contemplates being in California for three months. Happy landing!

Mrs. Helen Adams did not undergo surgery last week. However, she has left the Walker Memorial Hospital and is now in the Winter Haven Hospital in Winter Haven. She welcomes visitors and cards. We all hope you will be feeling fine again soon and be up and home!

Welcome to our new neighbors. Mr. and Mrs. Karl Swanson of Rock Island, Illinois purchased the Edward Kostitch's residence on Nautilus Drive and are fast becoming Floridians. We are so happy to have you folks at the Lakes.

We received a very welcome letter from Florence and Harold LeChien. Harold is in the U. S. Veterans Hospital in Syracuse, New York and wishes to be remembered to everyone at the Lakes. He greatly appreciates the many cards and letters, but cannot personally reply to each one. We shall all look forward to Florence and Harolds return to the Lakes. Our prayers are for your speedy recovery, Harold.

Weekend guests of Mr. and Mrs. W. T. Haines were their son and daughter-in-law, Mr. and Mrs. Harold McCormick and two daughters, of Ft. Lauderdale.

Miss Roberta Fawcett of Pittsburg, Pennsylvania flew home after a weeks vacation here with her grandparents, Mr. and Mrs. Wm. Carlisle. While visiting at the Lakes, Roberta enjoyed many good times and trips - one in particular to St. Petersburg and Tampa, seeing Busch Gardens. She hopes to spend more time with her grandparents next year. Roberta was a good "tonic" for the Carlisles as they have been on the sick list.

Mr. and Mrs. August M. Luyben of Southampton Road entertained at a "bon voyage" dinner card party for Mrs. Maude Bedard on Saturday night. Mrs. Bedard flew to Los Angeles on Monday.

Members of the Association will have a Halloween masquerade party on Tuesday night, October 30th at the club house. Mr. and Mrs. Clarence Bue will be host and hostess for the evening. There will be prizes for the best costumes, delicious refreshments, "ghosts and goblins" galore. We hope everyone plans to participate in this gay evening of festivities, pranks and practical jokes!

Twenty-one amiable "fun seekers" motored to Anna Maria Island for a pleasant day of swimming and relaxing. Everyone enjoyed a picnic lunch and card playing at the shady beach. Enroute home the group had dinner in Bradenton at the Cabana Restaurant. Those having a pleasant day were: Mr. and Mrs. Don Jameson, Mr. and Mrs. Paul Calvert, Mr. Clarence Bue, Mr. and Mrs. Al Schutt, Mr. and Mrs. Wm. Constantine, Mr. and Mrs. Herb Slocum, Mr. and Mrs. Walter Meyers, Mr. and Mrs. Karl Swanson, Mrs. Al Diebold, Mr. and Mrs. L. F. Huntington, all from the Lakes. And from Avon Park were Mr. and Mrs. Clyde Krenerick and Mrs. Elzo Cornue.

Mr. and Mrs. Wm. Ackerson returned to the Lakes on Saturday after a two months vacation in Lake Mohawk - Sparta, New Jersey. They had a glorious time visiting relatives and friends. On October the second, the Ackersons' daughter and son-in-law, Mr. and Mrs. Fred Shay had an open house party in observance of the Ackersons' 50th anniversary. Congratulations and welcome home!

Guests of Mr. and Mrs. Joseph Lynch are Miss Nora Spring of Oil City, Pennsylvania and Mrs. Jane Raney of Youngstown, Ohio. They flew via jet to Tampa last Wednesday. The visitors are sisters of Mrs. Lynch.

Mr. and Mrs. Robert Murdick returned to their home on Lake Olivia last Monday. They spent the summer months in South Lyme, Connecticut. The Murdicks also enjoyed travelling to Cape Cod, to Vermont where they attended the annual festival Holiday in the Hills, then on to Canada. They visited their daughters in Massachusetts and in Pennsylvania. Welcome back to the Lakes.

"Man being unable to choose between two evils, often hunts up a third."

Hopewell School News

Library Club

The Library Club of the Hopewell School has been organised under the sponsorship of Mrs. Helen L. Britt. Our theme for the year is "More Reading for Better Understanding". We plan to work exceedingly hard in trying to accomplish our theme.

Our officers are as follows: Joan Jackson, President; Toni Gibson, Vice President; Azolene Britt, Secretary; Brenda McRae, Treasurer; King D. Britt, Reporter.

Committees: Clara Lyons, Chairman of the Book Committee; Perditha McRae, Chairman of the Magazine Committee; Cynthia Sims, Chairman of the Program Committee; Leotis McNeil, Chairman of the Social Committee.

King D. Britt, Reporter

City-Wide Program

The second grade class under the leadership of Mrs. Earnestine Johnson and Mrs. Helen Britt wishes to invite you to attend a city-wide program which will be given in the Hopewell School Auditorium, Thursday night, October 18, 1962 at 7:30 o'clock.

This program will be given for the purpose of raising funds to elect Mr. Nathaniel Packer for "Mayor of Hopewell."

The participants of the program are as follows: Miss Maye R. Hall, Mrs. Louise Strong, Mrs. Katie Myers, Mr. and Mrs. Willie J. McRae, Mrs. Daisy [illegible], Mr. James Bay, Mrs. Estelle Dickson, Mrs. Annie M. Hall, Mrs. Mattie Williams, Miss Irene [illegible], Mrs. Ethel M. [illegible], Mr. Walter Williamson, Miss [illegible] Gibbs, Mr. Timothy Williams, Mr. Elmo Collins, and Mr. M. J. Robinson.

T. L. ANDERSON

Avon Power Co. Employee Wins Speech Contest

Six employees of Florida Power Corporation have "talked "themselves to the top in the company's annual public speaking contest.

In making the announcement, M. F. Bunnell, vice president in charge of industrial relations, said: "In any society, business or social, the ability to express thoughts clearly is a key to success. In order to encourage public speaking for all employees, Florida Power Corporation has been sponsoring these annual contests since 1955."

The six winners include two men from St. Petersburg, and four men from Apopka, Avon Park, Monticello, and Zephyrhills.

In the professional group (those employees whose jobs require public speaking), first-place honors went to W. S. Soule of Monticello who received a check for $100; second-place award of $50 was presented to T. L. Anderson of Avon Park; and third-place speaker was G. F. Gramling, Jr., of St. Petersburg.

In the non-professional group, first prize of $100 was won by J. E. Ridgewell of Apopka; second prize of $50 was given to E. C. Hartney of St. Petersburg; and V. F. Hall of Zephyrhills placed third.

Each speech, on a pre-selected subject, is from 10 to 15 minutes long and is given to an audience of employees, families, and friends. The speakers are judged on the basis of speech content and delivery.

All employees of Florida Power are eligible to participate, except company officers, major general office department heads, division managers, and previous final-contest winners.

Athletic Club Meeting Slated

The Avon Park Athletic Association will hold a business meeting Thursday, Octover 18 at the Florida Power Club House.

W. A. Maddox, club president, said the meeting will get underway at 8 o'clock.

Plans Outlined For State Fair February 5-16

TAMPA—During accelerated preparations for the 58th annual Florida State Fair, February 5-16, plans were outlined for a new, expanded fairgrounds to be a major Florida attraction with year around activities and events.

Carl D. Brorein, president of the Florida State Fair and Gasparilla Association, the non-profit operating agency, said long study had made possible a realistic program for orderly expansion of America's largest mid-Winter exposition, now suffering acute growing pains on its 27-acre site near Tampa's downtown section.

"The expanded Fair facility has been designed," directors said, "to be a 12-month master salesman for all Florida, and with exhibition facilities and year around office space for foreign nations."

The Fair of the future will be dramatized by the tallest observation tower in Florida, with a modern Moorish motif, to give visitors an astronaut's view of the West Coast.

Other buildings will include an ultra-modern coliseum, groups of commercial, industrial, educational, horticultural, art, and livestock buildings, with facilities for all types of recreation, sports, entertainment, educational, commercial, social, and cultural activities.

Directors said the master plan is to be followed by specific studies of site utilization, priority and schedule of construction, and financing. The Fair association hopes to start actual construction during 1963.

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plushier inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

LEGAL NOTICE

NOTICE

Notice is hereby given that SEALED BIDS will be received by the Board of Public Instructions of Highlands County, Florida at the Office of the Superintendent of Public Instruction of Highlands County, Florida, in the Court House at Sebring, Florida, up to 2:00 P.M. O'clock Friday the 2nd day of November, 1962. CLASSROOM ADDITION TO FRED WILD ELEMENTARY SCHOOL, SEBRING, FLORIDA LIBRARY BUILDING AT THE HOPEWELL SCHOOL, AVON PARK, FLORIDA.

Plans and specifications may be examined at the office of the Board of Public Instruction of Highlands County, Florida, at Sebring, Florida, and at the office of James A. Heim, A. I. A. Architect, 124 West Main Street, Avon Park, Florida.

Drawings and specifications may be obtained from the office of the Architect, subject to the following conditions:

(a) General Contractors, wishing to submit bids may secure one set of plans and specifications upon receipt of [illegible] deposit; this deposit will be refunded upon return of the specifications and drawings in good order within ten (10) days after the bids are received.

(b) Bidders, subcontractors, and other interested parties may secure either full sets or partial sets by payment of an amount to cover the cost of printing, which cost is not returnable.

Each bid shall be accompanied by a certified check, cashier's check or bid bond in the amount of five (5%) percent of the bid, payable to the Board of Public Instruction of Highlands County, Florida, as evidence of good faith and guaranteeing that the successful bidder will execute the contract and that he will not withdraw after the bids are opened, and furnish the Board of Public Instruction of Highlands County, Florida, a bond issued by a surety company licensed in Florida, for 100% of the Contract Price, within ten (10) days after being awarded the contract, said bond guaranteeing the performance of said contract, the premium of said bond to be paid by the Contractor.

The Board of Public Instruction of Highlands County, Florida, reserves the right to reject any and all bids, and to waive any informalities.

THE BOARD OF PUBLIC INSTRUCTION OF HIGHLANDS COUNTY, FLORIDA.
By: [illegible]
Chairman of the Board of Public Instruction of Highlands Co., Florida.

Cattle Official Urges Floridians Eat Beef Stew

KISSIMMEE — Eat Beef Stew, urges President of Highlands County Cattlemen's Association Glenn Murphy. President of the Highlands County Cattlemen's Association today urged every resident in the County to serve Beef Stew once a week for the next four weeks.

"Meat, and most often beef, is the center of the menu in nearly all homes," Mr. Murphy said. "Beef is universally liked, and we know it supplies a large proportion of the food nutrients essential to good health."

"And beef stew is a delicious and economical way to serve beef to the whole family. Youngsters will love it, it will provide a hearty, tasty meal for Dad - and be sure to make plenty if you've a teen-ager or two in the house." "Active, growing teen-agers need generous amounts of beef in their diet. Beef stew is a good way to provide them with it."

"Florida's cattle industry is a leading industry in the Sunshine State. [illegible] Florida Beef [illegible]"

Home Nursing Course Offered By Red Cross

The Home Nursing Course, "Care of the Sick and Injured", is again being offered, free of charge, by the Highlands County Chapter of the American Red Cross, to the citizens of Highlands County.

Mrs. Dorthie S. Wooden, Executive Secretary, advises this course is designed to give you the simple and easy way of caring for your own families when they are ill or injured. It's short, only seven two-hour lessons.

Among the skills you learn are: How to take a temperature, make a patient comfortable in bed, use household articles to make improvised sick-room equipment such as bed trays, back rests, bedside waste disposal bags. Give medicine according to the doctor's orders, prepare and serve the proper diet to the patient, make a bed occupied by a sick person, and give a bed bath. Also you learn how to protect yourself and how to conserve your own energy and time, and to be ready to serve your community in time of emergency.

Classes for the Home Nursing Course will start Thursday, October 18 in Sebring and will continue for three weeks. Two classes will run concurrently and shall be given in the mornings, afternoons and evenings depending upon the demand. Each class will be two hours.

Those interested in joining this Home Nursing Class will please call at the Red Cross office, 17 N. Commerce or phone EV 5-8143 or at night EV 5-0025.

Delta Kappa Gamma Meeting Held October 13

Kappa Gamma Chapter of Delta Kappa Gamma Society International held a workshop and planning meeting at the Woman's Club building in Arcadia on Saturday, October 13.

Upon arrival the ladies were served cold drinks and snacks. The new president, Mrs Marita McLendon, explained the new outline of work areas as they had been set up by National which simplified the planning for committees as they set to work to make their plans for the coming biennium.

Delta Kappa Gamma is a Society of women teachers who work to keep the needs of education before the public; to inform non-members of the Society's program of work and its achievements that are of interest to the public; to obtain public support for the welfare of education and to advance the prestige of the profession.

A total of 29 members answered roll call including Miss Sarah Sellers, Mrs. Patti Hill, and Mrs. Alice Sherman from Avon Park and five other teachers from the county.

A musical program included vocal selections rendered by Walter Rall of Arcadia with Mrs. John Scott as the accompanist. His selections were: "Now Sleeps the Crimson Petals" by Roger Quilter; "Trade Winds", a John Masefield poem set to music by Frederick Keel, and "The World is Waiting for The Sunrise" by Ernest Seitz.

A delicious box luncheon was served outside under the trees. Members did full justice to the good while chatting about the news since their last meeting which was held in Lake Placid in May.

Following the luncheon the president called the business meeting to order and chairmen presented their plans for discussion and acceptance. If all plans are carried out, this biennium will be a most rewarding one for chapter members.

Commissioners

(Continued from page one)

U. S. 98 east. As now routed 98 turns east at DeSoto City, according the plan discussed by the commissioners U. S. 98 would turn southward at DeSoto City.

The commissioners expressed the notion that with new designation traffic could be channeled through more of Highlands County and "without doing any damage to anyone to the east of us".

Several months ago the counties to the south of Highlands launched a drive to have State Road 70 designated as U. S. 301. The 301 designation at present southwestward in the state and ends at Sarasota. By improving the state road and giving it a federal label, the other counties hope, their spokesmen said, to increase tourist traffic and trade.

At this week's meeting the Highlands Commissioners said this plan could in no way interfer with the drive to have route 70 also named as 98.

"The same road might very well be named U. S. 98 and U. S. 301; we have situations like that in many places."

As another matter of future planning the board decided to issue a formal conference invitation to Democratic nominee for State Legislature Morris Adams.

Commissioner McIntyre suggested, "Let's work up a list—a complete list—of our needs and then confer with Adams about the legislation we'll be needing."

At the meeting Tuesday the clerk presented a letter to the board from S. Wendell Roberts.

Roberts has been attempting to set up a garbage collection business in the northern part of the county. In his letter Roberts contended "that such a business could be a real service to the residents of that part of the county".

At present the county does not have the right to grant exclusive franchises for garbage collections or for water companies outside the municipalities.

County Attorney Dunty said that a local law which would give the county the right to set up districts and accept competitive bids for garbage and water services "could result in having much tighter control over these services".

Eugene Hamlin added that the county is also in need of a code which would provide standards for electrical and plumbing services.

In other business the commissioners: Accepted the tax rolls for the year. Tax Assessor P. G. Gearing said the total tax bill for the year will be $1,786,000; Voted approval of the Tax Assessor's procedures in refusing homestead exemption to one specific property owner; Approved the list of poll workers for the November 6 election; Promised School Superintendent Andy Miracle that work would begin immediately on a "back walk-way to Fred Wild School". Miracle said he would like for posts to be erected at the ends of the walk and spaced throughout it to insure that the walk will be used by children on foot or bicycle and never by motorists hunting a shortcut to Highlands Homes.

Approved expenditure of $100 for expenses for the county to send representatives to a regional Civil Defense meeting at Knoxville, Tenn.

Retarded Children Association To Hold Quarterly Meeting

Monday, October 22, 1962 at 7:30 p. m. the Ridge Area Association for Retarded Children will hold its quarterly meeting of the Board of Directors at the Ridge Area Day School in Avon Park. Parents and friends of retarded children are welcome to attend. Recognition will be given at this meeting of the recent gift of $200 from the Woman's Auxiliary to the Highlands County Medical Association. This gift is ear-marked for speech therapy and represents a substantial part of the budget for this work. Mrs. Harold Harper, speech therapist, is now working with nine of the 16 students at the Ridge Area Day School.

Thirteen women of Avon Park have been volunteering a morning or afternoon each week to assist in the classrooms at the school. Two more are needed to fill out the assignment periods. J. A. Wise and Junior Dennison have installed the drinking fountain and this cool, cool water is much appreciated by students, teachers and volunteers as Florida Summer continues long into Fall. Kitchen equipment is being purchased through trading stamps and the funds received from the Star Pepsi Cola caps now being collected by church groups and service organizations in the county.

At Monday's meeting final plans will be made for the annual fund drive for the Ridge Area Day School. It is anticipated that news from the National Convention in Chicago regarding research into causes and possible prevention of retardation will be available for this meeting.

NOTICE TO CREDITORS

FLORIDA STATUTES
IN THE COURT OF THE COUNTY JUDGE,
HIGHLANDS COUNTY, FLORIDA.
IN PROBATE
In re: Estate of
ADA M. STEWART

To All Creditors and Persons Having Claims or Demands Against Said Estate:

You and each of you are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of Ada M. Stewart, deceased, late of said County, to the County Judge of Highlands County, Florida, at his office in the court house of said County at Sebring, Florida, within six calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, his agent, or attorney, and any such claim or demand not so filed shall be void.

Charles Stewart,
As executor of the Last Will and Testament of Ada M. Stewart, deceased

When you're critical of another, use sweet words. You may have the cottonpicking things to eat eventually.

"Gators Pace the Race in Space" is the theme of the University of Florida's 1962 Homecoming festivities, Oct. 19 and 20.

GAME CONFERENCE—Avon Park Coach Joe Franza, right, has a brief conference with Lineman Doyle Griffin, No. 33, and halfback Wayne Strickler during the Red Devils' game with Wauchula last Friday. The conference evidently didn't net any results. The Red Devils got beat 26-0. (Sun Photo)

ZIPPER PROBLEMS—While the Red Devil gridders were having their problems on the field last week with the Wauchula Wildcats, this Avon Park cheerleader was having her own troubles. A stuck zipper. (Sun Photo)

* * *

Devils Hope To Bounce Back . . .

(Continued from page one)

was played on almost equal terms as Avon Park received and moved to the Hardee 36 before losing on downs by less than a yard. Wauchula took over and moved quickly to Avon Park's ten thanks to a 46 yard dash by Alan Thompson. Devil defensive back Lanse Padgett caught tailback Gary McEachern behind his line for a nine yard loss on the next series of plays however and the Wildcat offense died on Avon's 19. The Devils generated their longest drive of the game on the next series as Max Still reeled off a 13 yard gain and Lanse Padgett broke through twice for gains of 20 yards and 10 yards. The drive moved to Wauchula's 10 before the Wildcats stiffened and yielded only one yard in the next four plays to take over on their own nine yard marker.

The second quarter had started during the Avon Park drive and Wauchula hit the scoreboard in that period as they took the ball from their own nine and marched 91 yards to pay-dirt on 14 plays including a 13 yard pass-lateral play. McEachern scored the TD from five yards out and James Buckley kicked the point after to give Wauchula a 7-0 lead. Avon Park had the ball at their own 45 when the half ended.

The third quarter was pretty much a defensive battle with Hardee punting twice and the Devils booting deep once before losing the ball on the Wauchula 45 with an intercepted pass. After a five yard penalty backed the Wildcats back to their 40, the Wauchula offense started rolling and with two pass plays that netted them 46 yards and a 10 yard jaunt by Bill Sims, they moved to Avon Park's one yard line as the third period came to an end. The first play of the fourth period, Alan Thompson pushed through for the second Wauchula touchdown and again Buckley's boot was good to put the Wildcats out front 14-0.

On the ensuing kick-off, Avon Park let the ball roll and Wauchula covered the free ball to take possession on Avon Park's 25. In spite of two consecutive five yard penalties against the Wildcats, they managed to score again in just seven plays as they completed three for three passes including a 17 yard touchdown toss from Sims to end Pete Carlton. This time Buckley's kick was off to the side, but Wauchula had a stunning 20-0 lead with the fourth quarter barely underway.

It just wasn't Avon Park's night from then on. Wauchula kicked off again and on the first play from scrimmage the fired-up Wildcats jolted the ball loose from Lanse Padgett and took over again on Avon Park's 37. Two quick running gains and a 21 yard pass play set the ball on the Devil's six yard line. Tailback Billy Sims, Wauchula's top ground gainer for the evening, dashed around end for the final Wildcat score. An attempted run for the PAT was stopped by Avon Park, but Wauchula led 26-0 with only minutes left in the game.

The Devil's tried desperately to score as they moved from deep in their own territory out to their 35 before they were forced to kick. Wauchula moved from their 40 to Avon Park's 45 on pass interference penalty called against the Devils, but on the next play DeWayne Lemler broke through to throw Wauchula's passer for a 17 yard loss. With less than a minute to play Max Still intercepted a Wildcat pass and returned it to the Wauchula 32. The Devils had time for just one play and Sullivan's long pass was knocked down to end the game and give Wauchula their third win over Avon Park in as many years.

STATISTICS:

	A.P.	W
First downs	11	11
Rushing yardage	140	142
Passing yardage	25	110
Passes	3-9	7-9
Passes intercepted by	1	1
Punts (avg.)	2-34	2-42

Yards penalized	35	45

MAKE RESERVATIONS

All Club women are reminded to get in their luncheon reservations to Mrs. S. F. Elkhill for the District meeting to be held at the Sebring Woman's Club house Thursday, Nov. 8.

Although the University of Florida has been coeducational since 1947, male students still outnumber coeds by a ratio of 2 - 1.

Halloween Carnival Plans Are Complete

Plans for the annual Hallowe'en Carnival sponsored by the Junior Woman's Club are complete. The event will be held Saturday, October 27 with a parade down Main Street and the carnival activities in Donaldson Park.

Mrs. Wayne Cribb is chairman and Mrs. Dean Griffin co-chairman of the affair. Mrs. Robert Whitcomb and Mrs. Norman Pinardi will be in charge of the parade.

The following committees have been appointed: Food Booth, Mrs. Bill Thompson, Mrs. Charles Lyons and Mrs. Ed Moxley; Fish Pond, Mrs. James Ivey, Mrs. Louie Ballentine and Mrs. Robert Palmer; Cotton Candy, Mrs. B. F. Camp, Jr., and Mrs. Wendell Smith; Cake Walk, Mrs. Joe Torregrosa and Mrs. William Barnett; Fortune Telling, Mrs. James Clifton, Mrs. Tom Banks and Mrs. William Hill; Horse Shoes, Mrs. Charles Moore and Mrs. Tom Anderson; Ring Toss, Mrs. Cecil Quinn and Mrs. C. C. Johns; Pony Rides, Mrs. K. W. Elder; Apple Bob, Miss Patsy Perez and Miss Carolyn Kreigh; Darts, Mrs. S. W. Roberts, Jr. and Mrs. Jack McAllister.

In charge of publicity will be Mrs. G. D. Heatherly, Jr. and Mrs. D. R. Hassfurder. They urge everyone to plan to participate in the parade and the carnival which will be held immediately following the parade.

Here and There

The Charles Metcalfes are enjoying a vacation in the mountains. While away they will visit various places in North Carolina and they expect to attend the Alabama-Tennessee football game in Knoxville on Saturday.

While Charles and Marion are away, her mother, Mrs. M. R. Driver of Lakeland, will be at the Metcalfe home with Chuck and Cindy.

Mrs. Anna Belle Worden and Mrs. C. P. Anderson have been on a short trip to the North Carolina mountains and Mr. and Mrs. Walter Betts are also among those who are enjoying the mountain Fall weather.

Mrs. Ralph Kelley has returned from a 7,000 mile trip which took her into 28 states and she also spent some time with her brother, Al Moore, in Sanguerties, New York.

Mrs. A. S. Paine has returned from an extended trip to St. Louis and Chicago. She made the trip from Florida by plane and her cousins, Mr. and Mrs. J. R. Jefford, of Kingston, Ill, accompanied Mrs. Paine home by car and remained here for a short visit.

Mr. and Mrs. Raymond Dilley and Mrs. Lillian Hood are enjoying a trip to Illinois where they will visit with friends in Wood River and at various other places in the state. Mrs. Hood's sister-in-laws, Mrs. Ed Ferrell and Mrs. Lamar Stephens, of Tampa, accompanied the group on a part of the trip and they plan to visit in Dayton, Ohio.

Mrs. Fred Walton of Haines City spent a few days last week with her sister, Mrs. John L. Bridges.

Mrs. Dorothy Porterfield has returned from Highland Park, Ill. where she visited with her sister and family, the Cyrus Hollands, and attended the wedding of her neice, Miss Nancy Lynn Holland.

Mr. and Mrs. Roy Humphries of Cedartown, Ga. arrived on Tuesday for a visit with her parents, Mr. and Mrs. C. R. Barnett.

Mrs. Ed Gough was accompanied home from a visit with her daughter and family, the Wade Callis in Orangeburg, S. C., by her daughter, Virginia, when they came to be near Mrs. Gough's other daughter, Mrs. June Cooper, who had surgery at Walker Memorial Hospital last week. She is recovering satisfactorily and Mrs. Callis will be returning home this week.

Mr. and Mrs. Paul Runner and son, Duane, have returned from a weekend trip to Charleston, S. C., where they visited their son and brother, Jerry, who is serving in the U. S. Navy.

SAD FACES WERE IN abundance among Avon Park fans last Friday night and this group of band members was no exception. They were downhearted over the Red Devils' defeat at the hands of Wauchula. (Sun Photo)

Soil Conservation News

By SAM POLSTON
U. S. Soil Conservation Service

This week the Highlands Soil Conservation District Board of Supervisors elected to reinstate their present slate of officers. They are as follows: Katherin M. Waggaman, Chairman; C. L. Reynolds, Vice-Chairman, and R. P. Dortch, Sr., Secretary-Treasury. Other board members are J. C. Durrance and Robert Barben.

Elkcam Farm No. 2, Fisheating Creek Dairy and N. B. Jackson, were each assisted by the U. S. Fish and Wildlife and Soil Conservation Services in stocking their farm fish ponds with bream and shellcrackers last week. The ponds will be stocked with bass next spring.

Clover planting is now getting underway in the Highlands District. This week the Santa Fe Ranch planted 640 acres, George Waggaman 200 acres, both of Lorida. Waggaman also planted 100 acres of Florida Black Rye to give quick grazing while the white clover is getting established. Glenn Murphy also planted 15 acres of Rye and clover mixture. The Soil Conservation Service is assisting him this week in preparing an engineering plan for water control on an additional 100 acres now being made ready to plant.

The Fisheating Creek Dairy installed a 75 horse power electric pump on a 16 inch well to irrigate 650 acres of clover pasture. Hall owner of the Dairy started on the well at the beginning of the rainy season and it is now ready for operation. He said his experience with clover during the dry weather last spring proved beyond a doubt that it was essential to irrigate to have dependable clover pastures.

Lou Miller, manager of Stokley Van Camp of Avon Park says that tile drainage is the solution to flood problems in citrus groves. They have experienced considerable damage in their 160 acre lemon grove near Avon Park. Claude Howerton and George Moore Soil Conservation Service engineer assisted Miller this week in installing tile drainage to correct the problem in this grove. They installed tile drainage in their Hardee County groves last year.

Cuban Crisis Brings CD Alert In County

Schools To Be Tested With Alert Today

BULLETIN

Should any point in the United States be attacked, the Avon Park Fire Department will sound a continuous five-minute blast, CD Director Don Hansen announced at a special meeting of the Civil Defense and County Commission Wednesday afternoon.

The "take cover" signal would be a series of short blasts on the siren, lasting for three minutes, Hansen said. The director urged the public to remain calm at all times and to avoid use of streets or highways during an attack.

Plans are underway for a test alert in county schools sometime tomorrow (Thursday). Superintendent Andy Miracle also said the meeting. The commission room was overflowing with interested people.

Highlands joined other Central Florida Counties today in taking precautionary measures in the event the current Cuban crisis erupts into an emergency situation. However, officials urged that residents continue to remain calm while effecting certain procedures.

A meeting of the Highlands County Commission and County Civil Defense Director Don Hansen was scheduled for the court house yesterday (Wednesday) at 1 p. m. According to Hansen, emergency measures previously planned will be reviewed and some new steps added if the present crisis warrants such action.

Despite the alert, the Highlands County Unit of the National Guard, Battery C, 2nd How. BN, 265 Arty., had not been put on an alert, according to Capt. Dean Griffin, local commander. Griffin said however, that his contingent would also review alert programs to be ready in the event of an emergency.

Special information programs were held in all schools in the county Wednesday afternoon, explaining precautions which students should take whether in school or enroute to or from school. Miracle said this included directions such as moving to stronger parts of the building, lying face down on the floor, etc.

Miracle pointed out that plans have been heretofore made on the basis that ample warning would be received, but in the current situation, such warning might not be available. He continued that officials with the aid of Civil Defense authorities are revamping these plans to cope with the present need. Miracle strongly emphasized that his department was taking every precaution within its means to promote the safety of all students and faculty members.

The superintendent emphasized that parents should not attempt to use their automobiles to pick up children in an emergency, since they would tend to hinder evacuation procedures rather than help. Bus drivers and other personnel have been [illegible] said. Above all, Miracle urged all persons to remain calm should an emergency arise.

DON HANSEN
. . . Civil Defense Director

* * *

Avon JayCees Back Kennedy

The Avon Park JayCees wired President Kennedy their "unqualified endorsement" of his actions in the Cuban crisis Tuesday night, according to JayCee President Harold W. Warden.

Warden indicated the JayCee's Board of Directors voted Tuesday night to inform the President of the club's support in his decision to order a blockade of the island stronghold on the grounds that it poses a threat to the security of the United States.

Warden said the telegram read: "Mr. President. The Avon Park JayCees extend their unqualified endorsement of your decision to order a blockade of Cuba. You have our full support in any further actions in the Cuban crisis. Harold Warden, president, Avon Park JayCees."

The JayCees is a civic service organization composed of men under 36 years of age.

Citrus Mutual Grower Council To Meet Here

Members of Florida Citrus Mutual will take a close look at prospects for the 1962-63 citrus season and discuss Mutual activities for growers at a meeting here October 30, at 2:30 p. m. of the Avon Park Mutual Grower Council in the Directors Room of Avon Citrus Bank.

In announcing the Avon Park meeting, Robert W. Rutledge, Mutual executive vice president, said this is one of 42 Mutual Grower Council meetings being held throughout Florida's citrus-producing area within two weeks.

Rutledge will discuss the new season and Mutual's 1962-63 program.

"The Grower Councils are among Mutual's most valuable assets and we consider these meetings of greatest importance both to individual grower members and to our entire organization," Rutledge said.

"The Councils give each grower member direct representation in Mutual's programs and in the affairs of the entire Florida citrus industry. As well, the Councils provide grower members with up-to-the minute information assembled by Mutual to aid them in making the most profitable marketing decisions."

A color slide program, depicting Mutual activities and phases of the new season, will be one of the highlights of the meeting.

In addition, three Grower Council officers for the 1962-63 season will be elected by Mutual grower members. Incumbent officers of the Avon Park Council are John H. G. Hutchinson, Charles G. Metcalfe and Bill Sachsenmaier.

Dale Carlton, direcor of Mutual's Grower Relations division, will assist the officers in conducting the program.

Gridder's Fathers To Be Honored At Game Friday; Play Jesuit

Fathers of members of the Avon Park Red Devil squad will be honored guests at this Friday's football game between the Red Devils and the Jesuit Tigers at Memorial Field. Devil Father's Night was designated for this week by the Avon Park Athletic Association and the player's Pops will be seated in a special section and introduced to fans in a special program.

Last week Avon Park fans saw the Red Devils jump off to a commanding 13-0 lead early in the first quarter by capitalizing on two Arcadia fumbles and then sputter out and allow the Bulldogs to come back and push over three touchdowns to take a 20-13 Ridge Conference win. The loss put Avon Park deeper in the hole on their over-all record with two wins and four losses to their credit now.

The Jesuit Tigers from a Tampa Boys' Catholic School certainly don't appear to be a breather for the ailing Red Devils this week. Although the Tigers have posted only one win this season, their four losses have come from formidable opponents. Jesuit takes on the big ones and scouting reports say that the scores of Jesuit's games don't tell the whole story. The Tigers defeated East Bay for their lone victory after bowing to undefeated Bartow 27-0 in the season opener and dropping a 35-0 loss to Plant High of Tampa in their second outing. Riverview, also undefeated thus far, handed Jesuit a 20-7 defeat and King High of Tampa took a 18-0 win from the Tigers. Last week they had an open date and undoubtedly will be in top physical shape for this week's meeting with the ailing Red Devils.

Jesuit has a squad of big boys and are capable of playing real tough football. They run their offense from the "T" and "short punt" formations and reports are that they have improved as the season progressed.

This will be the first meeting between these two teams. Avon Park added Jesuit to its schedule to fill a vacancy caused when Belle Glade was forced to drop the Devils from its schedule in order to play all members of its conference.

Arcadia looked like a push over for the Avon Park eleven as the Bulldogs fumbled the first three times they had the ball last week at Memorial Field and the Devils pushed quickly for two touchdowns to take a 13-0 lead. But Red Devils

(Continued on page [illegible])

Junior Women Ready For Big Parade Saturday

Mothers sewed, youngsters planned and Avon Park civic organizations and business hammered and nailed this week in preparation for the forthcoming Halloween Parade and Carnival scheduled for Saturday, November 27.

Saturday's Halloween Parade, slated to be the biggest in Avon Park history, will begin at the corner of Verona Street and the Mall at 4 p. m. Saturday, and move up the Mall to the railroad tracks and return.

Costumed Youngsters will line up between Donaldson Park and the Winter Guest Club at 3:15 p. m. for judging.

Youngsters not participating in the parade may meet in the same are at 3:15 p. m. where the Woman's Club will give away favors donated by local merchants.

The 17 entries in the floats division will line up on Verona between Church Street and the Mall. Cars for dignitaries will assemble in the Armory Parking lot. Floats will be judged between 3 and 4 p. m.

At 4 p. m. the parade will take its final form and move out onto the Mall. It will circle around just short of the railroad tracks and proceed back down the Mall to Donaldson Park, where winners in all divisions will be announced and ribbons awarded.

The Junior Woman's Club Halloween Festival will open at the conclusion of the parade.

Here's Donation That Won't Effect Your P'ketbook

"This is one donation that will cost you nothing and is completely painless," Earl Rich said Tuesday when he announced that cards are now available for those who wish to contribute to an Eye Bank.

For the past few years opthomologists have been able to restore sight in some cases by transplanting a healthy cornea to an injured or diseased eye. Doctors also have found that eyes removed from persons immediately after death may be used in these operations.

Because the eye removal must be made very quickly after death, arrangements must be completed before death. Plans have been worked out whereby persons interested in contributing their eyes to an Eye Bank may complete arrangements at any time in life, and after death their wishes may be carried out.

Rich, who is sight conservation chairman for the Avon Park Lions Club, has spent several months in learning how Highlands County citizens may express their wish to contribute to an Eye Bank.

Now through the Bascom Palmer Eye Institute at University of Miami School of Medicine an Eye Bank is being established and Highlands County has received cards for volunteers.

Rich explained, "The operation to remove an eye after death in no way changes the appearance of the body. Yet, this contribution can mean years of sight to a person now blind."

Rich said the cards may be obtained from him at his home or at his office—the Circuit Clerk's office—at the county court house.

PRINCIPALS MEETING

John F. Crittenden, assistant principal at APHS, attended a two day conference of Secondary School Principals held at Stetson University, DeLand, Florida, on Monday and Tuesday of this week.

City Council Refuses State Audit Request

* * * * * *

WAYNE ALBRIGHT
. . . taxpayer head

GEORGE BORDER
. . . makes motion

ROBERT KENNEDY
. . . city auditor

* * *

Tell League To Take Action To Grand Jury

By a vote of 3 to 2 the Avon Park City Council [illegible] night rejected a [illegible] Taxpayers League [illegible] a state audit on a [illegible] basis. As a result the league, through its spokesman and president, Wayne Albright, [illegible] it would consult the people of the town to determine if they wanted an audit. If they approve, the league will attempt to circulate a petition and present it to Governor Farris Byrant requesting that such an audit be effected.

Text of the motion to reject the request was: "Not to agree to audit and any charges be taken to grand jury and if any crooks, here, let's find it out". The motion was made by Councilman George Border and seconded by Sam McKenzie. On the ensuing vote, Border, McKenzie and Board President H. M. (Chic) Farless supported the motion. Clarence King and Jimmy Doerr voted nay.

The action was taken after Albright appeared before the council representing the Taxpayers League. He requested that the board submit to a state audit "to clarify certain discrepancies". Albright indicated he thought such an audit might be conducted without cost to the city.

However, on request bp Farless, City Attorney Hue Nunnallee read the detailed state statute relative to audits. General feeling after hearing the statute was that the city would have to foot the bill, which could not be approximated until after such an audit was completed.

If the petition method were used, signatures of at least 20 per cent of the legal voting freeholders would have to be secured. Exactly how many names that would be was not certain.

As the discussion drew on, Border asked Albright what his group sought to prove by an audit. The latter cited certain acts contrary to the charter such as flowers for sick or deceased city employees or relatives of city employees and some dinners that were paid for by the city. Albright had in his possession a handful of papers which apparently were photostat copies of the paid bills. On request he showed some of them to the council. One of the bills for flowers was reported to be signed by "The Gang at City Hall".

In reply to the expenditures for dinners, Mayor E. A. DeLaney said one of the dinners cited by Albright alleged to have taken place in 1958 was for a Civil Defense meeting. DeLaney said as the result of this dinner meeting, which reportedly cost the city some $67, the city was able to obtain equipment valued at around $14,000 for about $300. DeLaney continued by appealing to Albright and his group to back the city rather than dropping a block on everything the board did.

Albright was asked by Farless to give the names of those he represented, but the league head refused to reveal their identity. He did say however, that his group had paid $200 to a Lakeland attorney to check some records in the city hall after he had been refused permission to see the records. He went on by saying that his group would take their case to the grand jury if necessary. Albright also said his group h[illegible]d voluntary and financial backing.

Following a lengthy discertation by King on a course of events which gave him the council chairmanship and how he was "pushed out of the chair" during the past three years, the motion finally came to a vote. The vote in effect told the Taxpayers League to get the audit if they could.

The city's auditing firm, Lester and Kennedy of Winter Haven, was represented at the meeting in the person of Robert Kennedy. He was asked to give a financial report of the city as of September 30—the end of the fiscal year. Kennedy opinioned after making the report that he thought the city was in good financial condition. Kennedy said his firm audits books for six towns.

About this time music from a square dance being held at the nearby Tourist Club began to echo into the hall. [illegible] City Attorney [illegible]

[illegible]

(Continued on page [illegible])

11 Tapped As New Members Of School National Honor Society

Nine Juniors and two Seniors were tapped for the National Honor Society in solemn ceremonies held Tuesday morning in the High School Auditorium.

These included Jan Adams, Pat Arnold, Bonnie Oberle, Devorah Reddick, Carol Ann Childress, Erie Lewis, Doug Stone, Pam Mason, Alice Niblett, Cheryl Guerndt and Bob Briscoe.

Ellis Watson, chapter advisor, was made an honorary member in a surprise move to him. Previously, Miss Millie Pearson and A. B. Wilhite have been made honorary members of the NHS.

Students are chosen by a Faculty Council, not on scholarship alone, but to high grades must be added service, leadership and character, for one to be tapped for the highest honor than can be achieved in high school, the National Honor Society.

The theme, "To Wish Upon A Star" was emphasized in the stage setting with a garden scene of palms and white flowers and stars suspended from the back of the stage. One large star was lit at the five points as the cardinal principles of the NHS were presented by various speakers, and this star formed the central background for the setting.

A vocal trio composed of Diane Landress, Cheryl Guerndt and Wayne Strickler, and accompanied at the piano by Linda Shepherd, rendered "When You Wish Upon A Star." Robert Duggan, Chaplain for the Avon Park Chapter, introduced the Rev. Russell Boaz who gave a devotional on the program theme. Dewayne Lemler led the flag salute. Other chapter members, Janice Mills, Marilyn Cook, George Preston, Valorie Hopson, Janie Wells, and Andy Miracle participated in the program.

Terry Oberle, president of the NHS Avon Park Chapter, greeted each of the selected members as they were presented, and each was given a white robe symbolizing the high excellency they had achieved at APHS, and the keystone and flaming torch, emblems of representing the NHS's high ideals, education, scholarship, character, leadership and service.

Luncheon

A luncheon was given in honor of the eleven new members and their Chapter Advisor, Ellis Watson, at noon Tuesday. Mrs. Watson was in charge of arrangements and was assisted by several mothers of the chapter members. The affair was held in Wesley Hall of the First Methodist Church.

Parents and grandparents of each student and the school board was invited as guests. Most of them attended both the morning ceremonies and the luncheon. Place cards marked places for about seventy at the luncheon tables which were centered with yellow and green double hibiscus and croton leaves.

Numerous appointments of seasonal flowers and fruit arrangements throughout the Hall created an atmosphere of Fall and cool weather.

Perhaps the proudest parents and grandmother were Mr. and Mrs. R. B. Oberle and Mrs. Sylvia M. Oberle, parents of Terry Oberle, president of the Avon Park Chapter, and his sister, Bonnie Oberle, new inductee into the Chapter.

TAPPED FOR HONOR SOCIETY—Left to right, seated [illegible] Lou Lewis, Douglas Stone, Carol Ann Childress, Devorah Reddick, Cheryl Guerndt, [illegible] Jan Adams, [illegible] Arnold, Pamela Mason, Bonnie Oberle, Alice Niblett. (Photo by [illegible])

Ernest Shepherd Reappointed To Alcoholic Group

Ernest A. Shepherd, Administrator of the Florida Alcoholic Rehabilitation Program, has been reappointed member-at-large of the executive committee of the North American Association of Alcoholism Programs for a two-year term.

Shepherd recently resigned as administrator of the Florida Alcoholic Rehabilitation Program, effective December 1. He will be appointed Chief of the Alcoholism Division, Connecticut Department of Mental Health.

John R. Philp, M.D., Chief of the Division of Alcoholic Rehabilitation, California Dept. of Public Health, was elected president of the NAAAP.

Park your kiddies at Hilans Theater Saturday, November 3, admission 10c for Shopportunity Special. A morning of cartoons for the young at heart.

Accused Slayer To State Hospital For Examination

Accused slayer William Houston Privette will be moved to Florida State Hospital at Chattahoochee for detailed psychiatric study.

Privette, who is charged with first degree murder for the shooting of his wife on March 29, has entered a plea of not guilty by reason of insanity.

In Circuit Court this week it was announced that court appointed psychiatrists—Dr. Zack Russ and Dr. Ernest Bourkhard, both of Tampa—had not been able to agree in their findings.

On the recommendation of Dr. Burkhard, Circuit Court Judge Clifton Kelly ordered Privette transferred to the maximum security section of the state hospital at Chattahoochee for further study.

The court appointed Florida State Hospital psychiatrists Dr. C. A. Rich and Dr. John Gumanis to conduct the new tests.

Privette is being represented by Sebring Attorney Richard Hyatt, and at the hearing this week the state was represented by Assistant State Attorney J. O. Macbeth of Sebring.

The Privette case is one of the two first degree murder cases tentatively booked for hearing during the Fall term of Circuit Court which opens in Sebring on November 6.

Woman's Club To Hear Talk By Maness Fri.

Lee R. Maness, Social Studies teacher at APHS, who will also be teaching the new course, Americanism vs. Communism in high school, will be the guest speaker at the Woman's Club meeting Friday, November 2, at which time he will discuss the Americanism vs. Communism course which will be taught to high school students beginning at the second semester of this year's school term, as provided by law passed by the State Legislature during the past session.

A covered dish luncheon will be served at 12:30 noon. Mrs. T. H. Maxwell is program chairman, the subject being "Know Your America".

Club members are asked to send cards to Mrs. George C. Adams, 184 Winter Haven Hospital, Winter Haven, who is there for treatment.

Elementary Kids Examined

Six hundred and fifty elementary students have been examined for eyes, and had their weight and height checked by the Gray Ladies with the help of many mothers who so willingly donated their time. This was accomplished during the past week.

Mr. Kelsey, the teachers and the Gray Ladies organization appreciate the help given by the mothers which made the task so quickly accomplished.

[illegible] HUNGRY TIGERS

[illegible] once wrote: "Dictators [illegible] which they dare not dis[illegible] getting hungry."

[illegible] in the prison he has made [illegible] realize the profound truth of [illegible] special correspondent William L. [illegible] Moscow today just about owns Cuba—[illegible] beard. Inexorably, Soviet Com[illegible] is closing its steel grip. Challenging the [illegible] States in the sensitive Caribbean and the Western Hemisphere, Moscow has given the world a lesson in Imperialism."

Moscow control, Mr. Ryan goes on, is virtually complete—in industry, agriculture, labor, everywhere. And Castro, now that he has served his purpose, is apparently becoming a taker, rather than a giver, of the orders that determine Cuba's current destiny.

Infinitely more important than Castro's ultimate fate is the threat that a Communist Cuba may pose to this country and hemisphere. The President, in a forthright statement has said: " . . . . If at any time the Communist build-up in Cuba were to endanger or interfere with our security in any way . . . or if Cuba should ever attempt to export its aggressive purposes by force or the threat of force against any nation in this hemisphere, or become an offensive military base of significant capacity for the Soviet Union, then this country will do whatever must be done to protect its own security and that of its allies."

Let these words be remembered. For the time may not be far distant when, dangerous as it may be, they will have to be reflected in actions.

Washington Report

By Congressman Jim Haley

WASHINGTON, D. C.—Two chairmen of important House committees have commended Rep. James A. Haley, seventh Florida congressional district Democrat from Sarasota for outstanding accomplishments of subcommittees of which he was chairman during the congressional session just ended.

Praise for Haley's "conscientious" and "outstanding" service came from Chairman Olin E. Teague (D., Tex.) of the Veterans Affairs Committee and Chairman Wayne N. Aspinall (D., Colo.) of the Interior and Insular Affairs Committee.

As chairman of the Indian Affairs Subcommittee of the latter group, Haley steered through committee and the House a total of 56 bills which became law during the just-ended session. Bureau of Indian Affairs officials told the Florida lawmaker that this may have been an all-time record for new Indian legislation, and said it would take them "months" to catch up with the work of the subcommittee.

Aspinall said in his letter to the Sarasota congressional veteran that "I want particularly to recognize the outstanding work you have done as chairman of the Indian Affairs Subcommittee. Your energy and leadership and diligent attention to the subcommittee's business [illegible] been most helpful to me.

[illegible] many Americans are apt [illegible] to the problems [illegible] of our population [illegible] of your subcommittee . . . is an outstanding accomplishment."

Teague, noting that Haley is one of only two World War I veterans serving on the Veterans Affairs Committee, praised him for "sympathetic attention" to the special problems of that group of former servicemen. He added that "you have been a vigorous advocate of the interests of veterans of World War I and I feel sure that some of the proposals on which you have been working will materialize in the next session of The Congress."

Haley recently introduced legislation which would revise the non-service-connected disability pension program, with particular emphasis on the needs of World War I veterans.

Teague also expressed appreciation for Haley's aid in getting the cost-of-living service-connected compensation increase bill out of committee and through Congress, and was appreciative of his services on the Hospital Subcommittee.

"We all realize that Florida has an unusual problem in caring for its veterans," he said. "Your efforts have been most productive in obtaining new hospital beds and in modernizing and renovating Veterans Administration hospitals in Florida."

Alcoholics and their families may receive help from the Florida Alcoholic Rehabilitation Program's outpatient clinics by calling the following telephone numbers: In Tampa: 253-3849; Miami, FR 4-0994; Pensacola, [illegible] 8-3006; and Jacksonville, [illegible] 7327.

The State of Citrus

By John Sikes — Florida Citrus Mutual

LAKELAND — Grapefruit, which has been something of a problem child in the marketing efforts of the Florida citrus industry, may well be on the way to equal status in the Florida citrus family.

Just before its recent adjournment, Congress earmarked an additional $250,000 for a program of grapefruit utilization research, viz., to develop more and better ways to sell more grapefruit. The program is expected to be enhanced by the cooperative participation of the grapefruit industries of Florida, Texas and California-Arizona, meaning these industries should put up substantial additional funds to get the program going for maximum results.

On this basis, the Florida citrus industry would need to put up $60,000 for the program.

Upon the request of Florida Citrus Mutual, the research committee of the Florida Citrus Commission, the state agency which handles citrus growers' funds for both research and advertising, is now studying ways and means to come up with the necessary money.

In a letter to the Commission, Mutual's Bob Rutledge said, "I strongly urge the Commission to make available the sum of $60,000 for the industry's share in this cooperative undertaking for the first year".

Rutledge pointed out that the other areas, Texas and California-Arizona, are "already moving ahead rapidly in their planning for these cooperative research programs".

"This is a matter of great urgency to our Florida grapefruit growers," Rutledge said. "This can be a big step forward in our continuing efforts to market grapefruit more profitably."

He said the program would provide for the assignment of six additional scientists for grapefruit research for the Florida area.

Rutledge said that in addition to seeking to develop entirely new grapefruit uses, the program would also aim to improve the quality of frozen, chilled and canned grapefruit products now being made, and, thus, "create maximum consumer acceptance of these products".

"While renewed emphasis is being placed upon the marketing of this year's Florida orange crop, this industry must ever bear in mind that Florida is expected to produce in the 1962-63 season about 90 per cent of the total U. S. supply of grapefruit, certainly the strongest incentive for us to develop the means for marketing our grapefruit the most profitably," Rutledge said.

Confirmation At Avon Park Episcopal Church

Twenty-four adults and children were confirmed as members of the Episcopal Church of the Redeemer at 9:30 a. m. Sunday, October 21, by the Rt. Rev. James L. Duncan, D. D., of Miami, Suffragan Bishop of the Diocese of South Florida. It was the largest confirmation class ever presented at the local church.

Preceding the confirmation, the Rev. John F. Mangrum, rector, administered the sacrament of Holy Baptism to five, ranging from infancy to adulthood. The older ones baptized were also members of the confirmation class.

The congregation attending the service filled the church, some being unable to find seats.

The occasion was the annual Bishop's visitation to Church of the Redeemer.

Bishop Duncan celebrated Holy Communion at 7:30 a. m. Sunday. At 11:00 a. m. he blessed the church's new rectory in accordance with the rites of the Episcopal Church. The 11 o'clock service was colorful. It began in the church, the congregation then going to the handsome rectory in a hymn-singing procession. The procession was headed by the Bishop in mitre and cope, Father Mangrum in traditional cassock and surplice, the Rev. Brother Anthony of the Order of St. Francis in his grey friar's habit, and by white-robed servers bearing Cross and lighted candles.

Bishop Duncan is one of two Suffragan Bishops consecrated this year in St. Petersburg in a ceremony viewed by many on TV. The other is the Rt. Rev. William L. Hargrave, D.D., who is stationed in St. Petersburg. The increasing numbers of Episcopalians in the Diocese of South Florida had necessitated that the Bishop, the Rt. Rev. Henry I. Louttit, D.D., have assistance. Bishop Louttit, who has visited Avon Park many times, has his headquarters at the Diocesan headquarters in Winter Park.

Spooks And Goblins Ready

All things are ready for the annual Hallowe'en Carnival sponsored by the Junior Woman's Club.

A final meeting of all committees was called by chairman, Mrs. Wayne Cribb at the home of her parents, Mr. and Mrs. Joe C. Perez on Monday night. All chairmen have rounded out plans and last minute details for a successful Spooks and Goblins event.

Both young and old are urged to dress out in costume and participate in the parade, which will assemble at 3:15 at Donaldson Park. Judging will begin at 3:30 and the parade will move down Main Street at 4 p.m.

The Carnival will be held in Donaldson Park. Various civic clubs will have food booths and there will also be plenty of entertainment for both young and old.

Collection Set For UNICEF

The Senior Pilgrim Fellowship of the Congregational Church will go out on Saturday night to collect funds for UNICEF. They invite any young people from the seventh grade and up to meet at the church at 7 p. m. if they are interested in going out with them.

The group will return to the church about 8:30 for refreshments.

H. W. Boye Is KT Speaker

E. G. Jr. Warden, H. W. Boye, of Ft. Lauderdale was the guest speaker to Holyrood Commandery No. 27 K.T. Monday, October 22.

He spoke on the progress of the K.T. Eye Foundation, which has been of great value to those who are neglected for the want of funds. The Eye Foundation is the project of the Knights Templar of the United States.

Election of officers, November Conclave.

Florida's citrus season is now a 12-month operation, officials of the Florida Citrus Exchange declare. They are predicting a banner season which should reach 20 million boxes of oranges for the first time.

Mrs. Henderson, King, Represent Medical Group

Mrs. Samuel A. King and Mrs. C. Brooks Henderson represented the Woman's Auxiliary to the Highlands County Medical Society at the Fall Conference and Board meeting of the Woman's Auxiliary to the Florida Medical Association which was held in St. Augustine, October 16, 17 at the Ponce de Leon Motel.

The conference theme, "To Know is to Grow" stressed the functions of the various committees of the Auxiliary and its public service.

The Conference, hosted by St. Johns County Auxiliary, the smallest in the state, featured a luncheon address by Dr. Robert E. Zellner, president of the Florida Medical Association.

A board meeting, composed of presidents of county auxiliaries, was held Wednesday morning at which time they adopted action encouraging water safety and also the sending of used medical text books to nations where medical texts are scarce.

Hunting Regs Amended For Citrus Hunt

OCALA—The Florida Game and Fresh Water Fish Commission has amended the hunting rules and regulations for the Citrus Wildlife Management Area for the 1962-63 hunting season. The amendment lists the number of antlerless deer to be taken by the bow hunters to one hundred and prohibits gun hunters from taking any deer other than bucks with five-inch or longer antlers. Archers will be allowed to take antlerless deer beginning November 17, until 100 have been harvested and thereafter only buck with five inch or longer antlers will be allowed.

The archery hunt opens October 20, 1962. The number of archers hunting on the area will be unlimited. The gun season will consist of four two-day hunts. The hunts will be December 26-27, 29-30, January 2-3 and January 5-6. No more than 800 hunters may participate in any one of the four two-day hunts. Gun hunters must make application to the Tallahassee officer prior to October 26. The names will be drawn by IBM machines in the Tallahassee office, November 5, and each hunter that is drawn will be notified by mail.

Citrus County sportsmen have asked the Commission to make the Citrus Area an exclusive archery area for future hunts. This proposal will be discussed at the pre-hunt regulations meetings next May and June. The Citrus Area is the best archery area in the State and draws thousands of hunters to the County.

Plans Altered For "B" Squad Football Game

Plans for the halftime show at the "B" squad football game between Avon Park and Lake Placid Thursday night have been changed and the Avon Park High School Band will perform instead of the Alumni Band as previously announced.

The game which is scheduled to get underway at 7:30 is being sponsored by the Avon Park Band Association with all proceeds going to the high school band. Admission will be fifty cents for adults and a quarter for students. Tickets are on sale now by all band members or may be purchased at the gate.

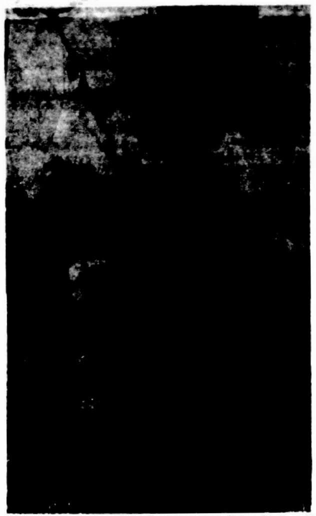
The game promises to be a real battle with the undefeated Lake Placid Green Dragons determined to add Avon Park to their list of victims. Lake Placid is building up a varsity team by playing junior varsity teams this year. Next season the Green Dragons hope to schedule several small school varsities before entering the Ridge Conference as a full fledged football member year after next.

Avon Park has a win over Sebring, a loss to Lake Wales, and a tie with Sebring. Coaches Lee Maness and Ralph Hill will start the following boys against the Lake Placid eleven: left end, Dale Pearl; left tackle, S. Y. Moseley; left guard, Darrell Landress; center, Bobby Nunnallee; right guard, Randy Wood; right tackle, Bill Nunnallee; right end, John Rodgers or Tommy Marshall; quarterback, Bobby Coleman; halfbacks, Tom Nunnallee, Steve Seims, or Robert King and fullback, Wolfgang Halbig.

Music Official State Leader

Highlands County School Music Supervisor Mrs. Inez Morgan has been chosen as one of the leaders for the state schools supervisory meeting in St. Petersburg.

The meeting is scheduled for October 29-31. On the opening day Mrs. Morgan will speak on "The Responsibility of the General Supervisor to the Music Program in Small and Medium-sized Counties". Mrs. Morgan has been music supervisor for the Highlands County schools for several years.



PRESENTING A PRETTY picture for Avon Park grid fans at home games is this attractive majorette, Barbara Biggbie. Barbara and her fellow majorettes will be performing at the game Friday night between the local Red Devils and the Jesuit Tigers. (Sun Photo)

Cracker Politics

By ALLEN MORRIS

TALLAHASSEE — The tremendous progress of Florida's program for retarded children demonstrates how the state's unique Cabinet system gets things done. This is the system which gives political scientists the shudders by appearing on paper to be an administrative monstrosity.

From a shell of an institution confining 500 in 1945, the State's centers for retarded children will have grown by December to four - at Fort Myers, Orlando, Gainesville and Marianna - with beds for nearly 5,000. And the 1963 Legislature is expected to authorize a fifth, near Miami. Still further along on the timetable are two more, one in the vicinity of Tallahassee and another in Southeast Florida.

The Governor and six elected Cabinet officers make up the Board of Commissioners of State Institutions. To the casual observer, it would seem impossible that any of these officials, busy with affairs of their departments and with their duties on about a score of other Boards, could have more than a superficial knowledge of or interest in any particular institution.

In practice, however, Cabinet members have divided themselves into committees which specialize in different institutions. Traditionally, recommendations of these committees are followed by the Governor and the full Cabinet.

In the case of the state's retarded children, the specialist has been State Treasurer J. Ed Larson, the senior member of the present Cabinet. Since 1929, when he first visited the old Florida Farm Colony at Gainesville as a member of the Legislature, Larson has had a deep and abiding concern for the welfare of mentally ill and retarded children. "I made up my mind then that I was going to do something about this," he recalls. In this determination, he has been ably seconded by Mrs. Larson.

For years after the Farm Colony was established in 1921 to care for feeble-minded and epileptic children, the institution suffered from public apathy and official neglect. Besides being overcrowded and in poor physical condition, the institution gradually lost one of its original purposes—that of providing education and training for patients. By 1945, an official survey showed it had become basically a custodial institution.

At the urging of Larson and others, the 1945 and subsequent Legislatures began giving increased appropriations for the retarded children's program. The Gainesville facility was rehabilitated and its capacity increased from 500 to 2,000.

Even with the expansion at Gainesville, however, there still was a long waiting list of patients who were eligible for admittance. So the state spent some $6,000,000 to build a new center at Fort Myers with a capacity of 960. Significantly, both the Gainesville and Fort Myers training schools have excellent programs of medical care, education, training, recreation and spiritual instruction.

Two separate events occurred which enabled the program to make additional gains. Treatment of tuberculosis patients increased so greatly in effectiveness that it was possible to release the tuberculosis hospital at Orlando for use of bedridden retarded children. Size of this facility is now being increased from 600 to 1,000 beds. Deactivation of Graham Air Force base at Marianna also made it possible to establish a center there to ultimately serve 1,000 Northwest Florida youngsters.

A member of the Sunland Training Center Division staff summed up the other day Larson's part in the program that has been made:

"Among the Cabinet members themselves, Mr. Larson, through his long, sustained interest, has become the champion of the mentally retarded."

He also noted that, although as Treasurer and Insurance Commissioner, Larson is one of the busiest men in state government, "when one talks to him about the resolving of a problem or the advancing of a progressive idea involving retarded children, he does not put it off but goes to work on this at once."

Larson regards his work in the development of the training centers as his greatest single Cabinet achievement in a career of public service that extends over four decades. That career includes serving as mayor of Keystone Heights, membership in the House of Representatives and the Senate, and as Collector of Internal Revenue for Florida. He has served in his present post since January of 1941.

"We should not allow the progress made in the care of mentally retarded children, however impressive this program may seem, to blind us to the tremendous needs remaining," cautions Larson. "More than 900 children, certified as eligible for admission, are still on the waiting list today. None of us can afford the luxury of self-congratulation until every child requiring care has been given the opportunity for that care."

VISIT NEW GRANDSON

Mr. and Mrs. C. A. Stimson were in Leesburg Sunday afternoon to see their newest grandson, born to Mr. and Mrs. Thomas Stimson Sunday morning, at a local hospital. Young Timmy Stimson returned home with his grandparents until his mother returns home with the new baby.

Two Miami Municipal Judges who have been cooperating with Alcoholics Anonymous in offering help to chronic drunkenness offenders, are seeking funds from the Florida Alcoholic Rehabilitation Program to expand their program.

Florida Power Auxiliary Meets Oct. 15

The Florida Power Auxiliary regular monthly meeting was held October 15 in the club house with Wini DeLaney, president, conducting the business. Mary Brassell led the devotional, Anne Moore gave the treasurers report and Melba Quinn, secretary, read the By-Laws and Constitution.

New committees appointed included Mary Scott, publicity and Olga Bridges, social. For the next meeting Wilma Smith and Anna Dee Harden will have a white elephant kitchen shower for the club kitchen. They ask each member to come to the party wearing an old-fashioned outfit, and to bring a kitchen item.

Plans for the Christmas party were made and Mary Brassell, Dollie Douberley and Eloise Sharpe were named for the committee in charge with Bea Warrington, Mary Scott and Wilma Smith planning the refreshments. Anna Dee Harden will be assisted by the Teenagers for decorating the club house. Olga Bridges will supervise the children's party which will be held Friday afternoon, December 21. The adult party will be held Saturday afternoon, December 22.

Ethel Wells was the lucky winner of the door prize and games were enjoyed during the evening. Eloise Sharpe, hostess, served ice cream, nuts, cold drinks and used a Hallow'en theme for the decorations.

Brothers Hold Reunion Here

Mr. and Mrs. Paul E. McClure of San Rafael, California are visiting his brother and family, Mr. and Mrs. W. Kelly McClure. This is the first meeting of the brothers in thirty-five years, as Paul had joined the Marines while a young man and went to California and had not visited his family since. Their sister, Mrs. Arthur G. Borgh, and her husband of DeLand and their two grandchildren were here to spend Sunday with the brothers and their wives.

O. K. McClure, who is a half brother to Paul and Kelly and Mrs. Borgh, had never seen his brother Paul.

Playground Cleaned Up

Helen Young and Kylene Thompson organized a clean-up day for Donaldson Park on Wednesday, October 17, for members of the Junior Woman's Club. Equipment was repaired and bushels of sand-spurs removed from the Park.

The committee chairmen and the club wishes to thank the Girl Scout Troop 117 who donated so much labor to help make the work day a success. Mrs. Thompson is leader for Troop 117.

Another work day will be planned for sometime during November.

"Mail Orders Filled Promptly"

Park Pharmacy, Inc.
11 South Lake — GL. 3-[illegible]

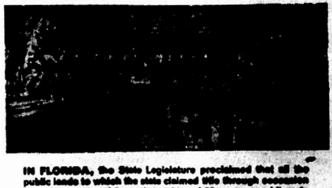
It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN FLORIDA, the State Legislature proclaimed that all the public lands to which the state claimed title through secession should be restored to market at $1 and $2 an acre, soldiers to have the right to buy at 1/4 these prices. Throughout the state the event was celebrated with foaming steins of beer.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southern hospitality to any occasion. Floridians have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.



Lunch Workers Attend Food Service Meeting

Mrs. Lucille Cothran, president of the Highlands County Schools Food Service Association and Mrs. Hazel Howell, Mrs. Leona Sanders and Mrs. Lora McFarland were among the twenty-four lunchroom workers attending the all-day meeting of Region 8 in Sarasota on Saturday. Presidents from nine counties were recognized.

In her address to the group, the region president urged all parents to learn more about the school lunch program and encourage their children to participate. More than a half million students participate daily in the program. She also pointed out that the school lunch program also benefits the states economy by using large quantities of Florida food products.

The school food service organization, in cooperation with state and county school officials is constantly seeking to improve the program which is said to be Florida's biggest agricultural customer.

AVON PARK LAKES NEWS

By Thelma L. Merrill Phone GL 3-6168

Tuesday, October 30th is an important social date for Association members to remember. This is the night of our Halloween masquerade party at the club house at 7:30 p. m. Hostesses for the evening will be Mrs. Lucy Bue, Mrs. Elizabeth Winkler, Mrs. Jule Wentworth, Mrs. Marge Slocum, Mrs. Synthia Calvert, Mrs. Eva Lawry and Thelma Merrill. The committee sincerely hopes everyone will attend the party, "masqueraded" or not - come and share a gay evening.

After travelling 12,000 miles during their three months vacation, Mr. and Mrs. Wm. Robbins are so happy to be back at the Lakes. They visited relatives and friends in Lansdale, Pennsylvania, then motored to the Pacific Northwest for a six week camping trip. The Robbins attended the World's Fair in Seattle, Washington; were in Glacier, Montana; to Mt. Ranier, to Olympic Peninsula, Washington and returned to Pennsylvania via Trans-Canada Highway. While in Pennsylvania they spent some time in the Poconos - beautiful resort area. Enroute home to Florida, they visited a son and his family in Charlottesville, Virginia, where they celebrated Mr. Robbin's birthday. Happy birthday Bill, and welcome home, folks!

Thirty members of the Avon Park Lakes Association enjoyed the Tuesday night card party at the club house. Mrs. Pearle Beach was hostess for the evening.

Congratulations to Mr. and Mrs. L. F. Huntington on their 41st anniversary.

On Wednesday night there were 24, three squares, "whirling" dancers at the club house. Also several observing Association members enjoyed the square dancing. All Association members are welcome to share in the dancing or to merely observe.

Mrs. Helen Adams is still in the Winter Haven Hospital and appreciates cards, letters and callers. Get well soon, Helen!

Mr. and Mrs. Louis Riha returned to the Lakes after a five weeks vacation. They visited their son, Robert and family, and a new grandchild, in Flushing, Long Island, New York for three weeks. The Rihas were guests of friends in Canbria Heights, Long Island, New York for several weeks prior to returning to Florida. They are pleased to be back home.

Weekend guests of Mr. and Mrs. Joseph Lynch were Mr. and Mrs. Lee Ravey of Ft. Lauderdale. Lee is a nephew of the Lynchs. Mrs. Jane Ravey of Youngstown, Ohio, who is visiting the Lynchs, will motor to Ft. Lauderdale with her son for a short visit.

Mr. Harold LeChien has been released from the Veteran's Administration Hospital in Syracuse, New York, but will return to the hospital in several weeks for a check up. We hope you will recuperate quickly, Harold.

Happy birthday to Mrs. Pansy Diebold and to Mrs. Hazel Schutt.

Ninety members of the Avon Park Lakes Association enjoyed the "covered dish" supper at the club house on Thursday. The Ackersons served anniversary cake and refreshing punch. After a delicious dinner, many played cards, others shuffleboard, and some relaxed and visited with friends and neighbors. Hostesses for the evening were Mrs. Grey Knowles, Mrs. H. Folkestad, Mrs. W. T. Haines, Mrs. Robert Hanford, and Mrs. Corwin.

On Wednesday, Mrs. Don Jameson, Mrs. Walter Meyer, and Mrs. H. Harper entertained 26 ladies at a dessert-card party at the club house. Mrs. August Luyben had high bridge score and Mrs. Lowell Stotts received consolation prize. For canasta, Mrs. Elmer Hurst had high score and Mrs. Karl Swanson received the consolation prize.

Mr. and Mrs. John W. Meyer and Pattie of Bloomington, Illinois are guests of John's parents, Mr. and Mrs. Walter Meyer. Other house guests are Mr. and Mrs. John Rundle of Calchester, Illinois. The Rundle's are parents of Mrs. John Meyer. They all had a wonderful trip to Miami and Key West last week.

Mr. and Mrs. H. Harper and Mr. and Mrs. Grey Knowles had Sunday dinner at "Tomae's" in Sebring in observance of the Harper's 43rd anniversary. Happy days!

Mr. and Mrs. Ivar Petersen of St. Petersburg are spending several weeks at their home here at the Lakes.

Mr. and Mrs. R. M. Muir of Miami visited with Mr. and Mrs. Clarence Bue for several days. On Saturday, the two couples motored to St. Petersburg for the day. The Muirs will spend some time in West Palm Beach before returning to Miami.

Thelma Merrill enjoyed the regular meeting and card party of the Business Woman's Club at the Woman's Club House last Monday.

An exhilarant day at Anna Maria Island was enjoyed by 37 "jolly" folks from the Lakes. The shady beach, swimming in the warm gulf waters, picnic lunch, card playing, visiting and relaxing were the cherry activities of the day. Enroute home the group had dinner in Bradenton. The beach party consisted of Mr. and Mrs. Wm. Robbins, Mr. and Mrs. P. K. Moore, Miss Anderson [illegible], Mr. and Mrs. Don Jameson, Mr. and Mrs. August Luyben, Thelma L. Merrill, Mr. and Mrs. L. F. Huntington, Mr. and Mrs. Al Diebold, Mr. and Mrs. John [illegible], Mr. and Mrs. Wm. Ackerson, Mr. and Mrs. Walter Meyer, Mr. and Mrs. John Meyer and Patti, Mr. and Mrs. Herb [illegible], Mr. and Mrs. Wm. Constantine. Guests of the Avon Park Lakes couples were Mr. and Mrs. Clyde [illegible], Mr. and Mrs. [illegible] Carnes, Mr. and Mrs. Briggs, Mr. and Mrs. Harold [illegible], and Mr. and Mrs. Fred Pratt.

"Kindness is a language which the blind can see and the deaf can hear."

Avon Librarian Attends Lake Wales Meeting

"Better Libraries for Everyone in Florida" was the theme for the Regional Library meeting held Friday, October 19 in Lake Wales at the Highlander Restaurant. Miss Avis Slaughter, librarian, was accompanied by Mrs. Frank Thierolf, chairman of the library board, and four other ladies to attend the meeting Friday.

Mrs. Thierolf reports that after talking with other laymen and librarians she feels that Avon Park is most fortunate to have such a fine library and a capable staff. The circulation has steadily increased, new books are being constantly added to the shelves to meet the demand of both adults and students. During the past year contributions have been made as memorials. Only non-fiction books are purchased with these funds and each book is appropriately marked. This kind of material support is always appreciated.

Visitors are welcomed to visit the library and take out a library card which costs $1.00 and entitles the holder to the use of the library books.

The library is opened on Monday, Tuesday, Thursday and Friday of each week from 2:30 to 5:30 p. m.; on Wednesday from 9:30 a. m. to 12 noon; and Saturday from 5:30 to 7:30 p. m.

Go for a gopher. Capture a gopher with the sign Trade In Avon Park. Get your prize at the Chamber of Commerce.

Florida Council Reports

By Byron C. Shouppe
Chairman, Courtesy Campaign Committee

My occupation as president of Southern Tours, Inc. of St. Petersburg, brings me in contact with numerous Florida visitors, which prompted my selection by the Florida Council of 100 to chairman a "Courtesy to Tourists" campaign next January and February. In the minds of many, the question of why such a campaign is necessary has arisen.

The answer is simply that we have a job to do, and the Chairman, Fred O. Dickinson, Jr., of our Council provided the answer when he said recently, "If ever there was a time Floridians needed to stand tall, be objective, have an optimistic outlook and work in confidence, that time is now. The greatest single economy in the state of Florida is tourism, and we must do everything in our power to insure its continued success."

The Council is ready to institute a courtesy program throughout the state during the months of January and February which will reach some ten of the estimated 13 million tourists who are expected to visit our state in 1963. This courtesy program will be designed not only to cause people to come to Florida but also to make sure they come back again and bring friends with them.

The courtesy program is predicated on the fact that following a recent Governors Conference in Hawaii, Governor Farris Bryant said on his return that Hawaii had nothing on the state of Florida except courtesy, only they work a little harder than we do to make it evident. The Governor explained that there was so much warmth shown him during his visit that he felt sorry to leave, and that Florida could well adopt the same attitude.

I have never been to Hawaii, but I have been in San Francisco, and I want to return for another visit simply because of the smiling, friendly, courteous and hospitable treatment my family and I received from the people wherever we went. I am sure many individuals have had similar experiences in other locations and that such experiences create a desire to return to those places.

If we can develop an internal educational program that will inspire each citizen of Florida to create an atmosphere of friendliness which would not only bring visitors to Florida but bring them back year after year, we will have done a great service that will insure the future of the tourism economy in our state.

We now are trying to mold our talents and resources into a campaign that will create this kind of atmosphere for our visitors and to let the world know that Florida not only offers sunshine, but, in the truest tradition of southern hospitality offers sunshine with a smile.

Organizing a program of this kind is no easy task. Ideas have to be transferred into pamphlets, posters, movies, color slides, newspaper ads and editorials, billboards, public service radio tapes, television video tapes, messages on grocery bags, handout sheets, bank statementst and public utility bill inserts, decals, press kits, restaurant table reminders, buttons, bumper strips and a grass roots campaign to make every citizen in Florida aware of tourism's contribution to his welfare.

We are fortunate to have assisting us a group of men representing the tourist industry in Florida who were charged by the Governor in 1960 with the responsibility of proposing the most effective program in which government and private enterprise could join hands in a unified program of promotion. This group was originally known as the Governor's Tourism Steering Committee, and it is now the Florida Tourism Council.

Other groups who have pledged cooperation represent attractions, restaurants, hotels, motels, all modes of transportation, petroleum interests, travel agencies and sight-seeing businesses.

We also have received pledges of 100 per cent cooperation from the Florida Development Commission, the Florida Restaurant and Hotel Commission, the State Chamber of Commerce, the State Junior Chamber of Commerce and other groups.

With such cooperation pledged and with the guidance of the Council of 100, we should have now a guarantee of success. It seems to me that only one thing more is needed—let's get to work!

BILLY MIRACLE

Bill Miracle Wins God And Country Award

Eagle Scout, Billy Miracle, was awarded the God and Country Scouting award in special ceremonies at the Union Congregational Church Sunday, October 14 at the morning service. The presentation was made by the pastor, Rev. H. D. Graetz and John L. Townsend, District Chairman of Scouting.

The God and Country award is earned by more than a year's service rendered in church work. Billy is a junior deacon in the Congregational Church and treasurer of the Pilgrim Fellowship. He has been in scouting since he first joined the Cubs at 8 years old, and is now a member of Explorer Post No. 444. He attended the National Jamboree in Colorado Springs two years ago when Scouts were observing their 50th anniversary.

Billy has attended Avon Park Schools since the third grade. He is a member of the Red Devils Football team, and a sophomore.

GA Houseparty In Jacksonville

The annual GA Houseparty was held at the Southside Baptist Church in Jacksonville this past weekend. Girls from First Baptist Church attending were Terry Guyton, Sharon Childress, Sally Beth King, Kay Taylor, Marion Turner, Debbie Gurganus, Cherie Adams, Nancy Mitchell and Delores Reynolds.

Accompanying the girls were Mrs. E. Ray Wells, Mrs. Ophelia Rihner and Mrs. Aden D. Childress.

State Council Of Churches Favor UNICEF

The Florida Council of Churches in its News Letter for September asks for continued support of UNICEF in the following statement.

"It is hoped that groups supporting UNICEF will continue to do so, as it is an agency that needs to be supported and defended. Last year after an attack by newspapers on UNICEF, the Indianapolis Church Federation sent a rebuttal to all ministers. It said, 'UNICEF is not a Communist organization. The last three Presidents of the United States supported it, Pope John III endores and contributes to it, and in 1960, 98 nations gave to it. It does provide relief to children and mothers by supplying medicine, milk and technical supplies; the U. S. does not contribute 80 per cent of its funds - in 1960 it was less than 48 per cent and in 1961 less than 46 per cent. It is not true that 75 per cent of UNICEF money goes to Communist countries - it is 2.8 per cent of the total.'"

The United Nations International Children's Emergency Fund (UNICEF) operates to bring medical care to mothers, and milk, medicine and vaccine to children. In a recent year it provided 16,000,000 vaccinations against T.B. and 32,000,000 vaccinations against malaria. 1,000,000 children were treated for trachoma. Besides waging this fight against disease, the organization provided milk rations to millions of mothers and children. At no time has money contributed to UNICEF been used for any other purpose than stated.

It is estimated that over 650,000,000 of the world's children face a short, sick and hungry life. Americans can do something to rectify this terrible condition by contributing to UNICEF.

Philmont Boy Scout Project Plans Begun

The 1963 Philmont Boy Scout Expedition Campaign was off to a good start, with 77 executives, scoutmasters and their wives attending. The meeting was held at Strollo's Restaurant in Lakeland Wednesday, October 17, 1962.

Chairman Dan Stowe of Tampa, lent an authentic atmosphere by providing Buffalo meat direct from Philmont Ranch in New Mexico, for the banquet.

Highlands County was represented by Norman Cook of Avon Park, and Mr. and Mrs. Scottie Walker of Troop 141, Sebring.

Philmont Ranch covers 127,000 acres in the beautiful "Shining Mountains" of New Mexico. This wonderland, rich in American History and Indian Lore, was granted to to Boy Scouts of America in 1938, by Waite Phillips, as a means of sharing this great piece of America with as many men and boys as possible.

Naval Recruiter Urges Go Navy

Chief Petty Officer Robert Kendrick, Navy Recruiter of Lakeland, announced today, those men who desire to "Go Navy" and who depart by the 14th of November, will be given two weeks leave during the Christmas holidays. They will then return to the Naval Training Center to complete recruit training.

Chief Kendrick will be at the Post Office in Avon Park on Wednesday the 24th from 11 a. m. until 3 p. m. to accept applications. The Recruiting Station at the Post Office in Lakeland is open daily from 9 a. m. until 5 p. m. and from 9 a. m. until 12 noon on Saturdays.

SPAGHETTI SUPPER

Episcopal Church Women will serve a spaghetti supper on Wednesday, October 31, at the Church of the Redeemer Parish House. Serving begins at 5 p. m. Tickets may be purchased by contacting Mrs. Helen Townsend or Mrs. J. C. Wright.

AFTER THE GAME SOCIAL

Young people of the First Baptist Church are enjoying a social hour after the football games on Friday nights. Many friends also attend the get-together socials which are open to all young people who wish to attend.

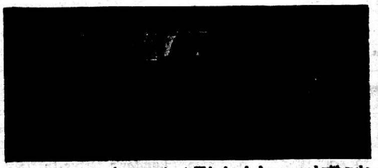
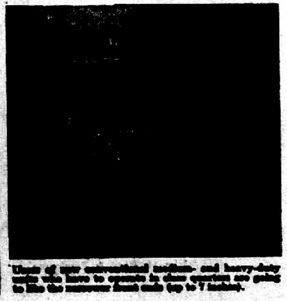
Demonstrating new '63 Chevrolet truck features the hard way!



When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have coil-spring independent front suspension—easier on truck, load and driver.



Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'hah) Peninsula?

This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

THE "NEW RELIABLES" TRUCKS CHEVROLET
Quality trucks always cost less

See the "New Reliables" now at your Chevrolet dealer's!

Growth of Florida Is Dependant Largely On Progress of Utilities

[illegible] The lack of [illegible]

[illegible] small firms, [illegible] But he stresses [illegible] will fail to realize their full potential unless all utilities are immediatey available to industrial prospects."

Replies to a questionnaire sent to the sponsors or owners of industrial districts showed incomplete utility development in a large portion of the districts.

Nine districts were without domestic water; nine others lack storm sewers or drainage; and four districts have not provided for electricity. In the case of sanitary sewers, 21 districts supplied these facilities, but 17 districts were without immediate means of waste disposal.

Prospects of attracting occupants to an organized industrial district are "surely limited for those sponsors who offer essential utilities on only a planned-for-the-future basis," Shenkel states.

When new industry is lost to competing localities because of substandard utility services there is less employment, a lower tax base, and less commercial expansion, he points out.

Existing industrial districts in the state have abundant space to meet the needs of the near future, returns from 39 districts showed. The total 8,144 acres involved in these districts showed only 19.2 per cent of the area leased or sold so far.

Shenkel says the organized industrial district - whether sponsored municipally, privately, by community groups or by railroads - offers the most expedient, economical and preferred technique to supply developed land for industry.

"Especially is this true since most districts are directed to smaller firms whose resources, capital, time and [illegible] estate know-how may be limited," he said.

Privately-sponsored districts seem to lead the other types in absolute numbers, in adapting sites to smaller firms, in securing highway locations, and in services to industrial prospects.

"If non-private sponsors hope to secure optimum results, techniques of private developers might be followed more closely," Shenkel recommends.

He says surveys prove that it is the small firms that are establishing in Florida. Among the advantages to this group are strategic (low cost) locations, better transportation, already resolved zoning issues, immediate possession of plant sites, and more economical utilities due to spreading the installation costs over all sites.

The Bureau's Economic Leaflet is available to Florida residents free upon request.

Rabid Coons On Increase In Sunshine State

Jacksonville — The number of rabid coons being found in Florida prompted Dr. W. G. Winkler of the Florida State Board of Health today to advise owners of domestic pets to have them immunized as quickly as possible.

Dr. Winkler, acting director of the Division of Veterinary Public Health, said positive cases of rabies have been found in 23 coons, 13 bats, 3 skunks, 2 fox, 1 horse, 1 bobcat, 4 dogs and 4 cats so far this year.

He said that with the hunting season approaching, dogs will be much more exposed to rabid wild life, especially coons.

"Distrust any wild life which appears tame," Dr. Winkler said. "A rabid animal loses fear and frequently appears tame. In addition, some people feed coons and then later neglect to feed them. This makes the coon come closer to houses, even upsetting garbage cans in search of the usual free meal. If any become rabid, the pet dog or cat is easy prey unless the pet has been immunized."

There have been a number of human exposures this year but no cases. There is no cure for rabies and death is certain once it is contracted by animal or man. But preventive inoculations can be given humans exposed to suspected rabid animals if the action is taken soon enough.

In 1961 there were 68 confirmed cases among animals in Florida with coons counting for the large majority. No human cases were reported but 429 doses of vaccine were dispensed by the board for use in exposed cases. There have been no rabies deaths among humans in Florida since 1948.

All animal bites are reportable by law and this, in addition to increasing animal immunizations, is credited in part for the lessened cases. Dr. Winkler said 30 days is necessary for immunization to reach its peak in animals so vaccinations should be given as quickly as possible.

APRON SALE AND PIE SOCIAL

The Ladies Aid of the Congregational Church will hold their annual Apron Sale and Pie Social in Fellowship Hall on Tuesday, October 30. Servings will be from 1 p. m. to 6 p. m.

District Six DAR Meeting

The District Six meeting of the Daughters of the American Revolution will be held on October 26 at the Plantation Inn in Lake Wales.

All members of Patriots Chapter are urged to attend this meeting.

Vote for Mrs. Shopportunity. Get your ballots from participating merchants.

P P & K Dress Rehearsal

Boys 7 through 11 years of age who plan to participate in the national Punt, Pass and Kick contest sponsored by the National Football League and the Ford Motor Company, should report for a dress rehearsal on Monday night, October 29 at 7 o'clock to the football field.

Vernon Lanier, of the Ford Motor Company, states that Coach Joe Franza will be in charge of the event.

The final contest will be held on Monday night, November 5.

For complete details of this national event refer to last week's issue of the Avon Park Sun.

Alcoholics may receive treatment for the physical, spiritual, psychological and social aspects of alcoholism at Florida Alcoholic Rehabilitation Program treatment facilities.

Paula Archer Is 5 Years Old

A gay little party at the home of Mr. and Mrs. Fred P. Archer, 106 E. Kendall Boulevard marked the fifth birthday of their daughter, Paula Jean, Saturday afternoon.

Hallowe'en favors were given to Tim Elder and LaVon Cobb who were prize winners in some of the games the children played.

Birthday cake, ice cream and punch were served to Tim and Gary Elder, Donn and Dale DuBoice, Pam Rhymes, Steve Tomek, Debby Elder, Kathy Strickland, Gina Starling, Eddie and Karen Hill, LaVon and Mike Cobb, Shirley Willis, Lola Newton and Debbie and Michael Archer.

See Miss Shopportunity 1962 judged for her beauty and charm, Saturday, November 3, the climax of Avon Park's Fifth Annual Shopportunity Days.

ATTEND GRANDSON'S BAPTISM

Mr. and Mrs. George A. Kelsey spent the weekend in Tampa with their daughter, and son-in-law, Mr. and Mrs. R. D. Reddick, Jr. They went especially to attend the baptismal services of their four months old grandson, Richard Andrew, which was held at the Hyde Park Methodist Church Sunday morning.

Alcoholism is a treatable illness.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Almost every frightening step of childhood is marked by a singular emblem of trust. A child's trembling fingers grope upward. A parent's warm grasp is felt. And youth steps forward into new paths, fear melting into confidence.

God must count on parental hands to lead His little ones to Him. For religious training is part of the vast unknown until Mother and Dad begin to lead their child each week to Church.

Yes! God counts heavily on our hands. There is no one else into whose palm our child's fingers slip so readily. No others can teach the early lessons of faith and prayer so simply, nor illustrate them so vividly at home.

Indeed, that loving hand of trust which leads a child to Church seems in turn to be clasped by the *hand of God.*

McDugald-Hornquist Engagement Announced; Wedding November 18

The engagement of Miss Marilyn JoAnn McDugald and Howard Jon Hornquist has been announced by the bride's parents, Mr. and Mrs. James N. McDugald of Avon Park, who are former residents of Dundee.

Mr. and Mrs. Harold H. Hornquist of Pompano Beach are parents of the groom to be. They are formerly from Brainerd, Minnesota, where he attended school. He holds a BBA degree from the University of Minnesota, graduating in 1957 and is now attending the University of Florida studying architecture after being employed as a general contractor for a number of years in Ft. Lauderdale.

Miss McDugald attended Haines City High School. She holds a BS degree in Education from Florida State University and also attended Purdue University, Lafayette, Indiana. She has taugh at New River Junior High School in Fort Lauderdale and at Melbourne High School, and is now teaching at Santa Fe High School in Alachua.

Both are members of the First Baptist Church of Gainesville. They plan to be married in the Baptist Temple of Dundee in Dundee, Florida, former home of the bride's family. The date for the wedding will be November 18, and all friends are invited to attend.

Lost - Two Colts

Two colts not long ago
were mine,
And strong and sound
of wind were they.
They romped the pastures
rain or shine,
For they were shaped
by hands divine,
And dearer they grew
to me each day.

But oh, the boom, boom,
boom of war
Came to their ears
from lands afar.
They shook their manes
and galloped away.
One went east and
one went west,
Over the seas and the
mountains' crest
To plunge headlong
into the fray.
Alas, I know not where
they be,
They've never, no never
come back to me.

You had two colts,
is it not true?
They romped the pasture
day by day
And as they strong
and stronger grew
They were like Heaven-sent
treasures to you,
Yours to cherish and
love always.

But oh, like mine
they caught the sound
Of battle half the
world around.
Like mine they galloped
away, away
To plunge headlong into
the fray.
What matters now
if east or west
They crossed the seas
or the mountains' crest,
Or praises won
and medals too?
They've never, no never,
come back to you.

Dear God,
to whom our people pray,
Must it be ever
and ever thus,
That wars shall come,
our youth must pay,
Our best-loved colts
be called away,
And never, oh never
come home to us?

H. J. Panton

Applegrens Honored At Church Party

A farewell dinner honoring Mr. and Mrs. Myrel E. Applegren was given by the Lutheran Churchwomen at the Lutheran Resurrection Church last Saturday evening. A large group of friends attended the delicious baked ham dinner and enjoyed the social gathering as they expressed regrets to the Applegrens who will be moving to Clermont where they will make their future home.

They both are charter members of the Lutheran Church in Avon Park. Mrs. Applegren served as secretary for the church council and he was vice president of the council up to the time he resigned to accept a position in Clermont. The Churchwomen presented Mrs. Applegren with a gift of remembrance. The Council had already made a presentation to Mr. Applegren at a recent church meeting.

A distinguished guest of the dinner meeting was Dr. Carl Honeycutt who is conducting the evangelical mission services at the church this week.

Winter Resident Passes In North

Friends have received word of the death of James Warner in New Milford, Pennsylvania.

Mr. and Mrs. Warner have been coming to Avon Park for several years and recently purchased a home on W. Charles Street. Friends will be looking for the return of Mrs. Warner who is presently with her children in New Milford.

MEDIUM-PRICE DODGE—Dodge today unveiled an expanded line of medium-price cars, increasing the number of models from six to nine. Six of the 1963 models are in the deluxe Custom 880 series and three in a new, less-expensive 880 series. Dodge officials said the 122-inch-wheelbase line provides big-car styling, luxury and performance at a moderate price. The new 880's go on sale at Dodge dealerships November 14. Pictured above is the Custom 880 four-door hardtop.

Dodge Unveils New Models At National Automobile Show Oct 20

Dodge has unveiled an expanded line of medium-price cars, increasing the number of models from six to nine.

Six of the models are in the deluxe Custom 880 series and three in a new, less-expensive 880 series.

The 1963 line was previewed for the first time Saturday (October 20) at the National Automobile Show. The new cars will go on sale at Dodge dealerships across the country on November 14, and locally at Wells Motor Co. The Standard-size, low-price 1963 Dodge and the compact Dart were introduced on October 2.

"The Dodge 880 and Custom 880 offer the American motorist big-car styling, luxury and performance at a moderate price," Dodge General Manager Byron J. Nichols said. "And we believe the 880 provides more automobile per dollar than any other car in its field."

Nichols said the expanded line of 880's "gives Dodge greater representation in the lower ranges of the medium-price field, a market with which the Dodge name has long been associated."

The 880 for 1963 features new styling, more luxurious interior appointments and many engineering advances.

Engineering improvements include increased protection against corrosion, more durable seat fabrics, all-transistor radio, a lower transmission hump which makes possible greater foot room, self-adjusting brakes with a bigger lining area, a parking lever on models with automatic transmission, and a longer-lasting, aluminized exhaust system.

The 880 has a 122-inch wheelbase and an over-all length of 17 feet, 10.8 inches. (Station wagons are an inch and a half longer.)

The three models in the Dodge 880 series are a four-door sedan and six and nine-passenger station wagons. The Custom 880 series has two and four-door hardtops, a four-door sedan, a convertible, and six and nine-passenger wagons.

Buyers of Dodge 880's have a choice of two engines. Standard is an economical 361-cubic-in h V-8 with two-barrel carburetor. This engine performs efficiently on regular grades of gasoline. A high-performance 383-cubic-inch V-8 is optional.

The Dodge 880 line also offers a fine-car range of standard and optional equipment, including the optional Auto-Pilot which functions as an automatic speed-control and speed-warning device.

The Dodge 880's styling for 1963 is highlighted by a new grille, hood, front fenders and bumper.

The wide, oval grille is concave and has a vertical texture. Dual headlights are integrated into the sides of the grille, and amber-lensed turn signals are housed in the massive front bumper. New rubber-cushioned bumper guards are optional.

A distinctive, vertical, free-standing hood ornament displays Dodge's familiar triangular trademark. Optional wheel covers also feature the delta symbol.

From the side, the new fender lines give the car a graceful, forward-thrusting profile. Highlighting the rear are circular tail-and-stop lights housed in large die-cast bezels. Optional back-up lights are placed immediately below the tail lights.

Custom 880 station wagons have distinctive hardtop roof and door styling. The 880 wagons, on the other hand, feature sedan-type styling with a full center door pillar.

The new 880 models offer a choice of 15 exterior colors, and a new buffing-type acrylic enamel provides long-lasting gloss and luster.

Inside, the medium-price Dodges have new seat designs and elegant new fabrics. The 100 per cent nylon fabrics are extremely durable and resist fading and staining. The attractive vinyls used in the interiors have a look of natural leather. And more-durable, loop-pile carpeting features new two-tone color styling.

Engineering highlights:

Dodge engineers have reduced the transmission hump by one and five-eighths inches, thus providing more foot room and improved seating comfort.

Protection against corrosion has been increased by giving the body a deeper dip in rust-preventing primer. Other anti-corrosion measures include the use of rustproof clips to attach moldings; the selection of higher-grade stainless steel for moldings, hubcaps, and other parts; and greater application of vinyl sealers.

An improved, positive-closing hood latch reduces the effort required to open the hood, yet provides maximum security and safety.

A block of fuses which protect the electrical circuits has been placed in a readily accessible position behind the lower edge of the instrument panel.

An all-transistorized 5½-watt radio provides "instant play" when it is turned on. The transistor radio uses less electricity and consequently the drain on the battery is reduced.

Windshield wipers utilizing aerodynamic principles eliminate windlift which reduces the effectiveness of conventional wipers when a car is traveling at high speed. Air flowing over the curved surface of the new wiper blade bridge produces a force that increases the pressure of the blade on the windshield.

A closed-crankcase ventilation (anti-smog) system is standard equipment on the new 880's. Instead of allowing crankcase vapors to be released into the atmosphere, the device routes them into the intake manifold, where they pass into the cylinder and are burned.

Improvements in the alternator (which replaces the less-efficient, conventional generator) increase its reliability and durability.

A parking sprag control is featured on 880 models equipped with automatic transmission. The mechanism is a positive and convenient method of locking the drive shaft and provides additional parking security. The sprag is operated by a slide lever just below the automatic transmission pushbuttons on the instrument panel.

The 1963 brakes are self-adjusting, ensuring that the car has maximum braking capacity at all times. The brakes have extra large linings with a total area of 263.4 square inches, compared with 230.4 square inches last year. (On station wagons, the area is 287.8 square inches, compared with 251 last year.)

Protection against corrosion in the exhaust system has been increased by greater use of aluminized steel. The life expectancy of the system has been extended about 25 per cent.

The 880's for 1963 also feature strong and durable unitized body construction, smooth-riding Torsion-Aire suspension, and 32,000-mile chassis lubrication.

Masons Meet Here Monday

Poinciana Lodge No. 227 of Free and Accepted Masons in conjunction with Leigh Chapter No. 85, Order of Eastern Star, will honor the Widows of all Master Masons at a covered dish supper on October 30, at 6:30 p. m. at the Masonic Temple. All Master Masons, Eastern Stars and families are invited.

A short program of entertainment will be given. Meat, bread and beverage will be furnished by the Lodge.

Barben Twins Are Now Home

Mr. and Mrs. Robert J. Barben are happy parents of twins born at Walker Memorial Hospital, October 15. The twins were given family names, Patricia [illegible], she weighed 5 pounds, 10 ounces at birth and William Murray weighed 6 pounds.

William Murray was in a Lakeland Hospital for several days and was brought home on Tuesday of this week.

Look! Look! Look!! Look at next week's issue of the Avon Park Sun for the big, big, big [illegible] Specials.

Juvenile Delinquency Declined In Florida During '61 - Rehrer

[illegible] friends who wish to help them. [illegible] He pointed out that [illegible] becoming fewer [illegible]

[illegible]

Green said not only was the rate of delinquency down, but the types of juvenile crimes are showing a change. There were fewer crimes of a serious nature.

At the same time the juvenile courts are receiving more referrals. The Counselors are busier than ever. Green attributed the drop in delinquency to the work of juvenile courts. He gave special stress to the work of trained personnel who are "seeking to rehabilitate children."

Green said that trained counselors, judges know how to act with strength, to be "a voice of authority," but to exhibit at the same time attitudes which convince the young people that they have [illegible]

[illegible] address from [illegible] Senator George [illegible] and Governor Farris Bryant made a brief ad[illegible]

A bonus of the trip was a [illegible] tour of Cape Canaveral. The counselors and judges were permitted to enter the Mercury Control Center — a privilege seldom granted. They were also permitted to visit a forward review stand to watch the launching of Ranger V the satellite which eventually missed on its attempt to take pictures of the moon.

The meeting at Cocoa Beach was attended by both Judge Rehrer and Highlands County Juvenile Counselor W. Robert Lindsay.

Arthritis which afflicts 12 million Americans costs the nation two billion dollars a year, according to the Arthritis and Rheumatism Foundation.

In response to requests by representatives of Central Florida agencies and communities, funds to establish an outpatient clinic in Orlando will be requested in the next biennial budget of the Florida Alcoholic Rehabilitation Program.

Football —

(Continued from page one)

fans sat stunned as Arcadia whittled away at the 13 point lead by scoring a touchdown in each of the last three periods while the Devils flubbed two other chances to score as they bogged down within the Bulldogs' 20.

Avon Park kicked off to Arcadia to open action in the [illegible] game and three plays later Devil tackle Bobby Ruscoe fell on a Bulldog fumble to give Avon Park the ball on Arcadia's 31 yard line. Jimbob Maddox, back in action after two weeks on the bench, reeled off a five yard gain and then Arcadia aided the Devils march with a 15 yard penalty for defensive clipping. With the ball spotted on the 13 yard line, Devil halfback Lanse Padgett took a hand-off from Sullivan, cut through a hole in the tackle slot and raced in for the score. The Devil's try for the PAT was stopped short of the goal line.

Again Avon Park kicked off to the stunned Bulldogs and this time an Arcadia back fumbled on the very first play from scrimmage and Devil lineman Andy Miracle recovered for Avon Park on Arcadia's 19 yard stripe. This time it took the Devils five plays to score with Leonard Sullivan using a quarterback keeper up the middle very effectively twice during the short drive. Sullivan went in for the TD from two yards out on a sneaker play. Lanse Padgett added the extra point by blasting through the middle of the line.

Once more Randy Rewis lofted the ball toward the Bulldogs on a kick-off. This time the kick was short and a good return by Bulldog fullback David McKinney put the ball on Arcadia's 43. Two plays later the Bulldogs fumbled for the third time and this time Jim Lyle took possession for Avon Park on the Arcadia 40. Arcadia had had enough by now however and the Bulldogs pulled themselves together and held the Devil offense without giving up a first down.

The Bulldogs moved to Avon Park's 31 on their first real drive of the game but lost the ball on downs. Avon Park took over and tried to get going but a 15 yard penalty, one of six for the Devils, drove them back and Bill Ward was forced to punt out from his 19 as the second period started.

Arcadia was not to be denied this time and the Bulldogs marched from their 49 for a touchdown. The Devils threw in 15 yards free to the Bulldogs effort with a personal foul penalty and from the Avon Park 30 three completed passes and an eight yard pick-up by R. Christ on the ground was all Arcadia needed. The touchdown came on a beautiful pass reception by end Tommy Jessup who went high into the air in the end zone to take quarterback Billy Wooten's pass out of the hands of the Devil defender. On the try for the extra point, Avon Park was penalized twice and R. Christ ran over from the one-half yard line for the seventh point.

Things still looked fine for Avon Park as the Devils took the Bulldogs kick-off and moved steadily down the field until they bogged down at Arcadia's 19 and lost the ball on downs with four yards needed for the first and ten. Arcadia netted only three yards on their next drive as they moved 30 yards forward and then took a 15 yard penalty reverse and lost 12 more yards trying a desperation pass play for the long yardage as time was running out in the first half. The Devils took over and had time for four plays but time ran out as they moved to the 15 without making a first down.

Perhaps the backbreaker for Avon Park came early in the second half. The Devils, aided by a 30 yard kick-off return by Lanse Padgett, moved the ball down the field to the Arcadia six yard line where they had a first down and goal to go. Then the Bulldogs defense stiffened and the Devils offense sputtered as four plays netted Avon Park exactly nothing and Arcadia took over on their own six.

A 20 yard scamper by halfback Joe Waldron and a 25 yard gain by fullback McKinney plus a 15 yard penalty against Avon Park moved the ball to the Devil's 40. Then Arcadia took to the air again and moved to the 20 on two completions. Again Avon Park was penalized a big one and the ball was moved half the distance to the goal and placed on the ten. The Devil's defense drove the Bulldogs back ten yards on the next two plays but the Devil's sixth 15 yarder gave Arcadia the ball on the Devil seven and two plays later Robert Womack, Bulldog left halfback, slipped through from the six for the tying score. Lanse Padgett broke through and blocked the attempted kick for the extra point and things were tied up 13-13 as the third period ended.

Avon Park got in on the fumbles after the next kick-off as a Devil back dropped the ball on the first play from scrimmage and an alert Bulldog recovered for Arcadia on Avon Park's 45. The Bulldogs were really fired up by this time and Robert Womack led the attack with a 30 yard run to the Devil four. Fullback McKinney carried the next two times and went over the middle for the winning TD from two yards out on his second try. A pass from Wooten to Strickland was good for the PAT and Arcadia took over 20-13.

The remaining action all took place between the 30 yard lines with Avon Park attempting four desperation passes as the game ended.

Arcadia put on a magnificent come back performance after three frustrating fumbles early in the game. The Bulldogs refused to go down in defeat although several of their starting players were sideline with injuries during the game. The loss of right halfback Dickie Kelly early in the game forced Coach Bob Martin to called on ailing Joe Waldron for duty at the halfback position. Waldron normally plays quarterback and alternated at that position with Billy Wooten the remainder of the game.

Baptist Circle Meets Wednesday

The Edna Stertz Circle of the First Baptist Church met at the home of Mrs. C. C. Skipper, Wednesday morning, October 17.

The meeting was opened with prayer by Mrs. Hugh Cloud. Mrs. E. C. Weaver conducted the business session and Mrs. C. W. Pabor was in charge of the program, entitled "Significance of the W. M. U. Emblem."

Taking part in the program were: Mrs. Sherman, Mrs. Strickler, Mrs. Cloud and Mrs. Davis. The hostess served cake and coffee to the 11 members and one visitor present.

City Council—

(Continued from page one)

would be free. He then told the Taxpayers League that he thought they had every right to request a state audit if they had evidence to support such action. Collyer continued that he thought the city council was honest and although a few might be unhappy, he did not think the masses were. He concluded by appealing to the League and its leaders to try to work with the city council to promote a better Avon Park.

At this point the meeting began to take on a softer tone and the council moved on to other items of business.

They heard of request from a member of the audience for the flag to be flown on The Mall on Armistice Day and Taps sounded. This was affirmed.

A new zoning board was confirmed by council. It consists of Councilman King and the following businessmen: Dan Bennett, contractor; Neal Sellers, sheetmetal shop owner; Jim Heim, architect; and Bob Barben, grove owner.

Council also voted to discontinue practice of paving streets in subdivisions when property owners paid costs. They explained that several paving companies are now operating in the area and continuing such practices would not be fair to private businesses.

Shortly before the meeting adjourned Farless made an attempt to reinstate city hall employee Mrs. Mary Durden who was fired two weeks ago. Mrs. Durden was voted out of her position by a 3-2 vote at that meeting, in a move to cut down on "overhead" in the city hall.

Farless said that due to the amount of tax work now being taken care of, it would simplify matters if Mrs. Durden were allowed to continue work. The balance of the board had little comment on the request however and the action stood. It was pointed out by King and Doerr that a 40-hour week in the city hall would take up much of the 35-hours formerly worked by the relieved employee.

Canned Lisa (Mullet) Taste Test Conducted At Alcoholic Center

Ella Albright, 14-Year Resident Passes Tuesday

Mrs. Ella B. Albright, 59, local real estate broker and wife of Richard R. Albright passed away early Tuesday morning, October 23, after a long illness. She was a resident of Avon Park for the past 14 years.

Mrs. Albright was a member of the First Christian Church and the Business Woman's Club.

Formerly Ella B. Blackmore, born March 26, 1903 at New Alexandria, Ohio. Married to Richard R. Albright at Martin's Ferry, Ohio in 1920.

Surviving besides her husband are two children. Wayne W. Albright of Avon Park and Mrs. David Hilligas of Adena, Ohio. Three sisters and one brother: Mrs. S. H. Jaber of St. Petersburg, Fla., Mrs. Ralph Park of Naperville, Ill. and Miss Grayce Blackmore of Whittier, Calif. and Mr. Ralph Blackmore of Norwalk, Calif. And four grandchildren.

Viewing at the Miselle Funeral Home until Thursday noon after which the remains will be forward to Martins Ferry, Ohio for services and interment there. Miselle Funeral Home in charge of local arrangements.

Florida's newest seafood delicacy—"Lisa"—made its debute at a "coming out" party Tuesday at the Florida Alcoholic Rehabilitation Center here.

The Lisa "came out" of a can for the first time in a taste-test of the new Florida product at the AR Center.

The State Conservation Department sponsored the test canning to boost the market for the fish—formerly known as Mullet—which comprises Florida's largest harvest from the sea. The ARP was among the first state institutions to conduct taste-tests of canned Lisa to determine reaction to the new product.

Eight cans of the initial 1,000-can test run were prepared in salads, croquettes, and a casserole for the test. The taste-test panel was composed of ten staff members and several patients.

Shopportunity Days—Thursday, Friday and Saturday of next week. Watch next weeks issue of The Sun for Shopportunity Specials.

GUILTY OF ASSAULT

An Avon Park Negroess has been found guilty on a charge of aggravated assault. Easie Mae Boone entered a plea of no contest to the charge, then Judge Clifton Kelly sentenced the woman to pay a fine of $150 or spend 60 days in the county jail.

Alcoholism costs Florida business and industry an estimated $21 million a year, according to Allan H. Dana, Industrial Consultant for the Florida Alcoholic Rehabilitation Program.

One ounce of whiskey yields about 75 calories, equivalent to a serving of shrimp, a cup of chicken soup or half of a lobster. Yet whiskey contains no essential nutrients or vitamins.

A new epoxy resin used in installing ceramic tile may end the problem of loose soap dishes in the bathroom. The epoxy has a high bonding strength that attaches accessories to the wall more firmly than ever before.

The Florida Alcoholic Rehabilitation Program and the Florida Division of Vocational Rehabilitation are cooperating in assisting treated alcoholics adjust to a productive life.

House Plan Of The Week

Designed For Waterfront Lot

Here is a compact one-bedroom masonry home designed for a narrow waterfront lot to satisfy the owner's wish for: Living-dining area, bedroom and porch facing to water, economical back-to-back plumbing for kitchen, bath and utility room; airy rooms with total floor area not to exceed 700 square feet, and maximum economy of construction and upkeep. Plan is by architect Jan Reiner, 1000 52nd St. North, St. Petersburg, Fla.

This was accomplished by the architect in the following ways: (1) An 8x20-foot screened porch faces the water, forming an airy extension of the living room. (2) The bedroom juts out 6 feet to give it a water view and excellent cross ventilation. (3) Kitchen, utility room and bathroom are grouped together for economy of plumbing installation and hot water saving. (4) The house is only 36 feet wide and the over-all floor area is 690 square feet. (5) The shed roof is not only economical, but provides gently sloping ceilings reaching a height of nearly 10 feet at the porch end of the living room.

The living-dining area has two 6-foot-wide sliding glass doors at the porch end with a 16-foot strip of indirect light mounted above them. The entrance door is on the carport side with a coat closet hiding the kitchen from view. The 7-foot-wide dining area (see dotted table and chairs on plan) is under the side window close to the kitchen.

The 6x8-foot kitchen has a U-shaped counter with the double sink (S) under the 3-foot-wide jalousie window, the refrigerator (RA) to the right and the range (R) to the left. The wall cabinets (each 6 feet long) are shown dotted on the plan.

Beyond this is the bedroom hall leading to the 5x8-foot bathroom and 10x11½-foot bedroom. The two 4-foot closets (C) and the linen closet (L) have floor-to-ceiling bifold doors.

Opening from outside is a 6x6-foot utility room containing washer (W) and water heater (dotted circle) back-to-back to the plumbing of the bath and kitchen. Under the window a work bench (B) offers scope for various hobbies.

Seen from the waterfront (see picture), the airy screened porch has its carport end made of decorative solar blocks. The room of the carport is lower than that of the house, as shown in cut. On the left side of the picture one sees the 6-foot projection of the bedroom with 4½-foot-wide awning window and the smaller window of the dining alcove.

The exterior of this 690-square-foot home is finished in pastel-painted stucco, the shed roof is topped with white marble chips for greater heat insulation, and the porch is screened with green-tinted fiberglass and has a low masonry parapet. The interior partitions are of wood frame with plaster on both sides. Flooring is terrazzo or cork tile. The ceilings follow the line of the roof, are plastered, and contain electric resistance coils for radiant heating. However, where the budget permits, an air-conditioning system could be installed in the utility room with short-run duct work reaching into all the rooms.

CARD OF THANKS

Words are inadequate to express our deep appreciation for the expressions of sympathy in our great sorrow. The beautiful floral offerings, cards, food and many other kind thoughts will be a source of comfort to us for years to come. Your prayers have sustained us and we pray that God will bless each one.

Mrs. Delores Martin Pearce
Mr. and Mrs. Jim Pearce
and Miss Mary Pearce and
other members of our family

Red Cross On Stand By Basis

The Highlands County Chapter of the American Red Cross has advised that the disaster committee, under the direction of George Stulting, is standing by in case of an emergency.

In case of an enemy attack the committee will immediately and automatically work under the direction of the Civil Defense, providing the services the Red Cross is responsible for in natural disasters.

LEGAL NOTICE

NOTICE

Notice is hereby given that SEALED BIDS will be received by the Board of Public Instructions of Highlands County, Florida at the Office of the Superintendent of Public Instruction of Highlands County, Florida, in the Court House at Sebring, Florida, up to 3:00 P.M. O'clock Friday the 2nd day of November, 1962. CLASSROOM ADDITION TO FRED WILD ELEMENTARY SCHOOL, SEBRING, FLORIDA LIBRARY BUILDING AT THE HOPEWELL SCHOOL, AVON PARK, FLORIDA.

Plans and specifications may be examined at the office of the Board of Public Instruction of Highlands County, Florida, at Sebring, Florida, and at the office of James A. Heim, A. I. A. Architect, 124 West Main Street, Avon Park, Florida.

Drawings and specifications may be obtained from the office of the Architect, subject to the following conditions:

(a) General Contractors, wishing to submit bids may secure one set of plans and specifications upon receipt of $50.00 deposit; this deposit will be refunded upon return of the specifications and drawings in good order within ten (10) days after the bids are received.

(b) Bidders, subcontractors, and other interested parties may secure either full sets or partial sets by payment of an amount to cover the cost of printing, which cost is not returnable.

Each bid shall be accompanied by a certified check, cashier's check or bid bond in the amount of five (5%) percent of the bid, payable to the Board of Public Instruction of Highlands County, Florida, as evidence of good faith and guaranteeing that the successful bidder will execute the contract and that he will not withdraw after the bids are opened, and furnish the Board of Public Instruction of Highlands County, Florida, a bond issued by a surety company licensed in Florida, for 100% of the Contract Price, within ten (10) days after being awarded the contract, said bond guaranteeing the performance of said contract, the premium of said bond to be paid by the Contractor.

The Board of Public Instruction of Highlands County, Florida, reserves the right to reject any and all bids, and to waive any informalities.

TWO BIG FLOORS OF REAL BARGAINS

Old Settlers Hold Annual Meet At Donaldson Park On Oct. 17

According to many old timers, the annual meeting of the Old [illegible] Association which was [illegible] Wednesday, October 17 in [illegible] Park was the most [illegible] they had attended in many years.

The sumptuous feast was spread on picnic tables near the club house and even when the sudden rain showers threatened to dampen the spirit of the occasion, the crowd drew closer together under the shelter and after rain was gone everyone gave thanks for the much needed moisture and the festivities continued. Everyone seemed to think that the feast was better this year than ever before, with an abundance of all kinds.

Vice President, Paul Jordon, called the business meeting to order at the following officers were elected to head the Association for another year: Ted [illegible] Ward, president; Mayor [illegible] A. DeLaney, vice president; Mrs. Sadie M. Brown, secretary and Mrs. Annie Bennett, treasurer. President Ward was absent from the meeting because of the death of his grandson in Lansing, Michigan.

Prizes were awarded to Ellis Wray for having come from the farthest distance; Jess R. Bennett for having lived in Avon Park for the longest time and Mr. and Mrs. C. R. Barnett for the oldest couple having lived here for the longest time. Ellis came from Claxton, Alabama to visit his mother, Mrs. Cora Wray. Also present were the Barnett's daughter and her husband, Mr. and Mrs. Roy Humphries, from Cedartown, Georgia.

The program. "Changes on Main Street" proved to be especially interesting with each old timer adding bits of information as they remembered the original Main Street.

To mention only a few, The Avon Park Sun building sets on the corner where G. D. Godwin, Sr. operated a livery stable in 1912 and later Ed and Frank Welch operated a garage where also Captain F. E. Wray and Clair Mann had operated a garage. In the next block George Mostris had a fruit stand, Jordon Jewelry Store was opened and a bank, general merchandise store, barber shop and restaurant also were opened for business.

Here and There

[illegible]

[illegible] Riggins' house [illegible] sister and [illegible] Mr. and Mrs. Roy Calentine [illegible] Birmingham, Ala., who [illegible] here to see their [illegible], Mr. and Mrs. Guy McDaniel of Lakeside Heights. Miss Martha Brinton, of Birmingham, made the trip with the Calentines to visit her parents, the McDaniels.

Mrs. Pearl Spink and her neice, Mrs. Dr. Boyd of Miami, and Mrs. Dorothy Neilson of Pompano Beach, have returned from a trip to Michigan and report a pleasant vacation trip with nice weather.

WAIVES HEARING

In County Court this week Oscar Howell, 41, waived preliminary hearing on a charge of auto theft. The Lake Wales Negro was bound over to Circuit Court under a $1000 bond. On a second charge, larceny of an auto tag, Howell entered a plea of guilty and was fined $50 or 30 days in jail.

School Officials Meet At Park

School Supervisors from ten counties held a meeting at Highlands Hammock on Thursday of last week. Principals for Highlands County schools joined the group of educators. The topics for discussion were the new accreditation procedures and the new course of Americanism vs Communism.

The meeting was under the direction of the State Department of Education. The luncheon at noon was served in the Hammock Dining Room.

Births

Mr. and Mrs. Solon Wilson proudly announces the arrival of a grandson born to Mr. and Mrs. Donnie Autry at a Wauchula Hospital, October 19. Weighing 7 pounds, 2 ounces at birth, the young son has been named Arthur Hoyt. The mother is the former Gail Autry.

RED DEVIL TACKLE—Jackie Turner, aggressive Avon Park Red Devil defensive end, will be in the lineup Friday night when the locals attempt to trip Jesuit High of Tampa. (Sun Photo)

Gubernatorial Candidate Scott Kelly To Speak At Vets Day

Florida Gubernatorial hopeful Scott Kelly will be the principal speaker for Highlands County's observance of Veterans Day.

Veterans Day falls on a Sunday this year so the county's celebration has been moved up to Saturday, November 10.

Kelly will speak at the climax of parade and program in Sebring.

Edward Hamill, chairman of the arrangements committee, said that Kelly will fly into Sebring on Saturday morning and must leave by 11:30 a. m. on November 10.

A busy speaking schedule has characterized Sen. Kelly's life for the past several months, and the schedule grows heavier as the Polk County Senator is mentioned more and more frequently as a candidate for Governor of Florida.

The 35-year-old State Senator was born in Florida and attended school in Quincy and University of Florida. In private life he is a general contractor and general insurance dealer.

Kelly was elected to the state senate in 1956, and in 1960 was re-elected by the largest number of votes ever received in the Democratic primary in Polk County's history.

In 1961 he was the recipient of Florida Legislative Achievement Council Award for performing the most effective committee work of any member of the 1961 Florida Legislature. In that year he was chairman of the joint Senate and House Interim Committee on Public Roads and Highways. Kelly and his committee jumped into headlines with an investigation of the State Road Department and recommendations for a reorganization of that Department.

In 1961 Kelly also won the Lakeland Junior Chamber of Commerce "Good Government Award", and he came in second in the Florida press poll for "most valuable member of the Senate".

Auto Part Agency Is Sold Here

Polk Auto Parts of Wauchula has purchased Bennie's Auto Parts on West Main Street, according to an announcement this week.

McKinley Cook will be the manager of the Avon Park branch, officials said. The local store stocks standard NAPA brands and parts for tractors, trucks, auto and a machine shop service.

MALL FLOWER SALE

Garden Clubbers invite their friends to visit the annual Plant Mart and flower sale which will be held Thursday, October 25, from 8 p. m. to 1 p. m. on the Mall in front of the Jacaranda Hotel.

The Veterans Day program for the county is being arranged by the Leslie Collier Post, No. 74, American Legion.

Bands from Avon Park, Sebring, and Lake Placid will participate in the parade, Hamill said.

Federal Tax Collections In Fla. Growing Faster Than Income

Federal tax collections in Florida have been growing at a faster rate than personal income of Floridians during the past ten years. But a one-year reversal of this trend in 1961 has revealed significant facts about the state's economy, the Florida State Chamber of Commerce said yesterday.

"Pointing up the ten-year trend, federal tax collections in the state increased 175 per cent while the personal income grew at a somewhat slower rate, 152 per cent. Nationally, the difference in rates was not so great as in Florida as internal revenue collections were up 69 per cent and personal income 64 per cent.

"Although this long-term trend is well established, the slow-down in the economy last year has reversed the trend temporarily, as in other like periods. A comparison of 1960 income and internal revenue collections illustrates this situation.

"Total internal revenue collections in Florida during the calendar year 1961 were less than one per cent over 1960 while personal income of Floridians gained 4.4 per cent. The national figures were slightly lower in each case but the relationship was the same as in Florida.

"The sum collected in Florida last year stood at $1,412,513,000. This was made up of $232,538,000 paid by corporations in the state, down 3.6 per cent; individual income taxes not withheld, $382,674,000, down 3.4 per cent and individual income taxes withheld, $648,921,000, up 5.3 per cent. The balance of the sum was principally on luxuries and dropped 2.6 per cent from the previous year.

"The make-up of Florida's population, with faster growth in numbers of youngsters and oldsters than of the middle age and income producing group, underlies the 1960 to 1961 reversal of trend", the trade body said.

Attend Game In Gainesville

Dr. and Mrs. Hubert W. Coleman were among those attending the University of Florida Homecoming in Gainesville this past weekend.

Mr. and Mrs. John Giddens, Jr., were also among the Avon Park spectators at the Gator game.

Mrs. Virgil Hall, Mrs. Louise Tomlinson, Mrs. Helen DeShong and Mrs. Mildred Ford composed a congenial group who spent the weekend in Gainesville attending the homecoming festivities. Mrs. Hall also visited her son and his family, the Virgil Halls, who live in Gainesville.

Mr. and Mrs. Hubbard Biggs and daughter, Carolyn, who is a student at FSU, atended the game. Accompanying the Biggs was Earl Wells, editor of The Avon Park Sun.

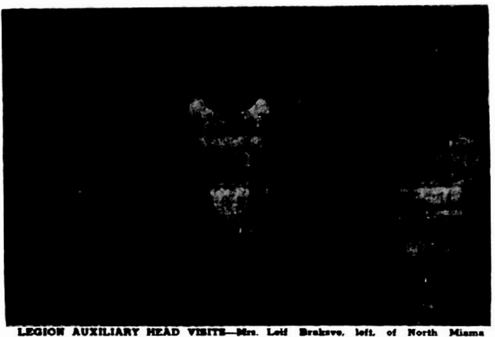
Junior Garden Club Meets Here

The Junior Garden Club of Avon Park met Thursday afternoon of last week at the Avon Elementary School and heard a program on the preparation of seed beds for planting flower seed. Presenting the program were members of the APFGC Junior Garden Club committee: Mrs. Fred Fenn, Mrs. O. F. Laye, Mrs. Richard Reaves, Mrs. Fred Jahna and Mrs. C. Brooks Henderson. They also explained and demonstrated the use and preparation of various containers for plantings.

Each child was given a container of fertilizer which was donated by Mrs. R. F. Camp, Sr., and cuttings of geraniums and coleus provided by members of the garden clubs which they are to use in preparation for the annual Flower Show which will be held in February.

Plans for the next meeting will include the teaching of basic flower arranging.

Alcoholism can be diagnosed by a qualified professional person.



LEGION AUXILIARY HEAD VISITS—Mrs. Leif Braksve, left, of North Miama Beach, President of the Department of Florida, American Legion Auxiliary, made her annual visit to Highlands County Units Monday night at the Avon Park post home. Shown with the president are, left to right: Mrs. Louis Fisher, Punta Gorda, 8th District President; Mrs. Jean Hill, President Sebring Unit No. 74; Mrs. Albert DeVane, representing Lake Placid Unit No. 25; and Mrs. Ben T. Stewart, President Highlands Unit No. 67, Avon Park. A covered dish supper preceeded an address by the state president. (Sun Photo)

New Concept Of Auto Racing For Sebring '63

An unprecedented move during this past few days at the F.I.A. annual meeting in Paris, France, has opened the way to an all new concept in American Road Racing in Sebring, for the 13th annual running of the Internationally famous 12 Hour Grand Prix Endurance Race, scheduled for March 23, 1963.

A New World Championship for specially built Prototype cars has been initiated. Prototypes, which are manufacturers experimental cars, or pilot models, will be tested under the vigorous racing conditions of the famous Sebring circuit.

In addition to the Grand Touring Championship cars, already approved by the F.I.A. Committee this entirely new class of racing car, without any engine size limitation, has been approved for competition only at Sebring in the United States, as well as the European circuits, Targa Florio, Nurburgring, Monza, Le Mans and possibly the Tourist Trophy meet in England.

No other race course in the United States will have the approval of the F.I.A. to run this type of car for the coveted World Championship points.

With the 1962 successes of Buick, Pontiac, Corvette, Ford and Plymouth it is certain that the advantages of a win at the famous Sebring 12 Hour event will bring these makes to the starting grid next March. Restricted only to certain safety features and body dimensions, the way has open for the American constructor and racing driver to wipe out the European domination of the top places in this annual classic.

Applications For Coast Guard Officer School

WASHINGTON, D. C., Oct. 3—The Commandant, U. S. Coast Guard has announced that applications are now being accepted for the Coast Guard Officer Candidate School which will convene at Yorktown, Virginia on February 11, 1963. A subsequent class for Officer Candidates will convene in September 1963.

Applicants must be between the ages of 21 and 26 and hold a baccalaureate degree from an accredited college or university at the time of selection for this school.

Upon completion of 17 weeks indoctrination at the Officer Candidate School, graduates are commissioned Ensign in the U. S. Coast Guard Reserve and required to serve on active duty for three years.

For further information write Commandant (PTP-2), U. S. Coast Guard, Washington, 25, D. C.

Avon Park Boy Scout Troop 157 High Scorer On Recent Camporee

The three patrols of Troop 157, sponsored by the Rotary Club of Avon Park, placed second, third and fourth in contest events during the Highlands District Camporee held this past weekend five miles southwest of Sebring. A patrol from the Bowling Green Troop 159 walked away with first place.

Mr. Maurice Paige, field executive for the Highlands District, stated that all nine troops in the District were represented at the Camporee. A total of 130 boys and approximately 20 adults were registered Friday evening. In addition to Troops 156 and 157 from Avon Park, troops from Sebring, Lake Placid, Frostproof, Wauchula, Zolfo Springs and Bowling Green participated in the Camporee.

At the campfire ceremony Friday evening, Troop 481, Sebring, put on its Indian ceremonial fire dances. During the evening slides of the Philmont Scout Ranch were shown by Dan Stowe, Tampa. Power was provided by a portable generator operated by Scoutmaster Scotty Walker of Sebring Troop 141. Stowe and Walker are currently promoting participation in the 1963 Philmont Expedition.

The Fox Patrol of Troop 157, Don Pyke, Patrol Leader, placed second in the overall competition largely because of their greater skill at signaling. Following close behind was the Hawk Patrol, Nelson Varnes, Patrol Leader. Placing fourth overall was the Bob White Patrol, Gary Bennett, Patrol Leader.

The events were held Saturday morning with 19 patrols participating. The events were: Signaling, fire-by-friction, lashing, compass course, stretcher relay, and chariot race.

Troop 156, sponsored by the Union Congregatinoal Church, had nine scouts on the camp and was accompanied by Norman Cook, Scoutmaster, John Townsend and Charles Warrington.

Troop 157 and 24 scouts present and was accompanied by Franklyn Ward, Scoutmaster, Jim Heim, Troop Committee Chairman, and Patrol Dads Earl Green, Roy Bennett, Ray Bennett, and Wayne Royce. Four new Tenderfoot Scouts participated in this, their first, camporee. They were: Jeffrey Pohle, Gerald Hobbs, Buddy Winegard, and Bud Thullbery.

Home Economist On The Go

by Patricia G. Hurley

The Venus Club House is the center of many community activities. Yesterday the Venus Home Demonstration Club had their annual Christmas workshop there. I carried several Christmas decorations and the women brought additional ideas for Christmas decorations, foods and gifts. They gathered in the morning to see the ideas and then stayed until mid-afternoon to make some of the items for their own use this Christmas. Each woman brought her own sandwich and Mrs. Vera Tucker, hostess, furnished the drink.

At the last regular club meeting, Mrs. V. T. Oxer, president, led the discussion concerning club projects. The members decided to have a Halloween Tacky Party Friday, October 26 at the club house. The following women are working on the details of this party: Mrs. Vera Tucker, Mrs. Robie Thompson, Mrs. Kathryn Pearce, and Mrs. Dahlia Pearce.

The club house will also be the site of a bake sale put on by the Venus club in conjunction with the November 6 election. Proceeds of the bake sale will go to the club treasury. Because of such projects, the club was recently able to buy some electric fans and lay a new soft floor covering in the club house.

Last week the Venus boys' and girls' joint 4-H club met at the club house. The highlight of the business meeting was the presentation of annual awards. The following members received awards: Myrna Lewis, Robert Aronhalt, Wayne Steedman, Dennis Coulter, Lenny Tucker, and James Aronhalt.

After the girls and boys divided, I gave the girls a demonstration on bread making, emphasizing correct measuring of dry and liquid ingredients.

Kent Filppula Is 7 Years Old

Kent Filppula observed his seventh birthday with a wiener roast at his home 102 N. Lake Avenue on Saturday. Hallowe'en horns and lollipops were given as favors and the children enjoyed a variety of games.

Those invited to help with the celebration were John Thomas Wright, Paula Allen, Dee Dee [illegible], Brent Mann, Debbie [illegible], Lynn Camp, [illegible], Roy Watson, Roger [illegible], Ricky [illegible], and Julie and Jani Filppula.

Barbara [illegible] assisted Mrs. Filppula with entertaining the children.

Here and There

Mr. and Mrs. Fay Lee of [illegible] were here for the weekend with their son and family, Mr. and Mrs. Robert E. Lee on Oak Street. Mr. Lee's sister and husband, Mr. and Mrs. J. C. [illegible] and son [illegible] of [illegible] were also here for Sunday with the Lee family.

State Residents Admitted Free To WeekiWachee

Brooksvile, (FSN) Florida residents may be the guests of the management of Weeki Wachee, West Coast tourist attraction, to witness the new underwater show "The Mermaids and the Pirates."

Any identification of Florida residency will entitle Floridians to admission to any performance during the entire month of November for a small service charge.

Theme of the new show which will be shown throughout the coming winter tourist season has been built around Florida's pirate history. It was professionally choreographed by Jack and Marilyn Nagle of Miami.

Weeki Wachee is located about 60 miles north of Tampa and St. Petersburg at the junction of U. S. highway 19 and state road 50.

Students Home For Week-End

Miss Nancy Coleman, Miss Judy Martin and Miss Mary Pearce who are attending Business School in Jacksonville, were at home for a few days.

Eddie Sharpe, Bobby Durden and Jimmy Renfro who are attending the Georgia Military College in Milledgville, Georgia have been on a weekend visit home.

Mike Harrison spent the weekend with his mother, Mrs. G. L. Harrison.

Statistician To Join State Citrus Offices

LAKELAND—A 33-year-old business research analyst is scheduled to join the Florida Citrus Commission Monday (October 22) as statistician with the Economic and Marketing Research Department, Commission General Manager Homer E. Hooks said recently.

The new staff member is Leroy Mobley, who was born in Norris City, Illinois, and graduated with bachelor and masters degrees from Southern Illinois University. A major in industrial geography, he presently is a candidate for a doctorate at Michigan State University where he is majoring in marketing geography.

Mobley did business research for the market planning department of Chrysler Corporation before moving to Miami to work for a research corporation there.

Mobley fills a statistician's position created by the Commission last month, Hooks said. In this post, Mobley will work under Dr. W. E. Black, director of the Economic and Marketing Research Department.

BIRTHDAY SURPRISE

Mrs. Z. D. Smith and Mrs. Lois Johnson planned a surprise birthday dinner for Mrs. M. C. Herrin on Sunday, October 21. Twenty-nine relatives and friends gathered at the Herrin home for dinner and brought a variety of nice gifts to the honoree.

Youth Dance At Country Club

Invitations will go out early next week to members and their guest telling of a dance for the high school group to be held at the Avon Lakes Country Club Saturday, November 3 from 8:00 p. m. until 11:30 p. m.

This dance was originally scheduled to be held October 27 but has been delayed due to a prior schedule dance at the Youth Center.

RAM AFFIRMATION

Royal Arch Mason's Religious Affirmation Day services will be held Sunday, October 28 at 7:30 p. m. at the First Presbyterian Church in Sebring. All Masons and families are invited to attend and worship with Highlands Chapter No. 42.

Citrus Commission Educational Efforts Carried To State Schools

LAKELAND — The Florida Citrus Commission's educational [illegible] on schools here and abroad have carried the story of the nutritive value of citrus to more young people in the [illegible] than during any [illegible] comparable period.

[illegible] Requests for [illegible] material in that year [illegible] with school and [illegible] health organizations [illegible].

[illegible] posters, booklets and [illegible] been requested for [illegible] public and para[illegible] schools, county and [illegible] health units in many in[illegible], according to T. I. [illegible] director of the Commission [illegible].

Hodson [illegible] a deluge of [illegible] and wastes [illegible] getting the material into the mails. This promptness has proven one of the features of the program, and hundreds of officials have taken the time to write, complimenting Hodson's office for the quick processing of requests.

A check of the department's records for the past year shows that there is no real slack period—a time when few requests come in for the materials.

"School teachers and health nurses in school programs write for the materials before classes are scheduled to begin," Hodson said. "That takes care of the summer months which might be expected to be slack months. It seems that there is a year-around need for the materials which the Commission has made available for instruction in health education."

Hodson pointed out that the program is not publicized to any great extent.

"The availability of the materials is announced through small notices in selected school and health publications which ask for listings of the Commission material," he said. "The requests come from people with school or health program connections who might read these notices. In many instances, these people pass along the information by word-of-month to others who might be interested in the materials."

The Commission program mails out about 27 pieces of material in the form of posters, booklets, leaflets, recipes, stencils and miscellaneous items, including color films. All of it points up the value of citrus in maintaining good health through nutrition.

"The importance of citrus as a source of health is presented in all this material, but not to the detriment of any other health-giving fruit or vegetable," Hodson declared. "We are interested in teaching young people that citrus is beneficial to good health, but we are more interested in teaching good health. It is this theory that has helped make the health education program so popular."

And it is popular. Hodson said that requests continually arrive from large food distributors, asking for several hundred thousand pieces of a single material which the distributor apparently feels is of interest to customers.

"We don't know how these people learn about the material, but they are very definite in what particular piece of material they want. The Commission doesn't print up enough of any one item to fill some of these requests. As far as school and health programs go, however, we feel that no request is too large to be filled."

SECURITIES BUSINESS FACES A VAST JOB IN RAISING NEW CAPITAL FOR INDUSTRY

by Edmond duPont
Senior Partner,
Francis I. duPont & Co.

America's financial community faces a vast job in the next decade—a job that will require vision as well as expanding resources. For, though industry's capital needs may not be expanding too rapidly in the next two or three years, demands on financial markets will burgeon thereafter.

Actually even now—in a time often described as high-level stagnation—corporations constantly call on the markets for big annual installments of new capital. This is the price of expanding, staying liquid, remaining competitive.

Spending on new plant and equipment this year—the cost of growing and staying competitive—will just about match the $37 billion spent in record 1957.

But remaining competitive requires more than just keeping plants modern and efficiency high. To develop new and better products, privately financed research and development will cost approximately $6 billion this year (not to mention an additional $12 billion of R and D to be paid for by Uncle Sam).

Finally, there is the necessity of keeping liquid to take advantage of broader markets made possible by intensive selling, expenditures on new product development, and efficient manufacturing.

Money for these varied needs comes from different pockets:

Research and development, generally speaking, are a charge against operations (before payment of taxes). Reserves for depreciation, too, are a pre-tax deduction from which comes a very large chunk of the capital required for plant and equipment. Then there are the earnings retained (after payment of taxes and dividends) available for general corporate purposes, including liquidity.

Thus corporations are able to "mine" a large part of these huge needs out of their own operations. This year, for example, they will have after-tax earnings of about $23 billion from which they will retain $8 billion or so after payment of dividends. Moreover, they will charge against operations some $26 billion of depreciation—money earmarked to replace plants and equipment (but, as it is not actual out-of-pocket expense, it is available for general purposes until it is needed for the earmarked purposes).

Even with such a flow of internal cash—roundly $34 billion in both 1961 and 1962—industry is far from self-sufficient. The $34 billion generated internally last year, for example, was just about equal to outlays for plant and equipment and this year's total will fall some $3 billion short of those needs.

Last year, an additional $8½ billion was added to working capital—and that had to come from the financial markets.

One reason corporations are obliged to rely heavily on the capital markets is that funds are unevenly distributed. A great many of the older and larger corporations generate a great deal more money than they may need in any given year. Companies in rapidly expanding industries, on the other hand, never seem to be able to get hold of enough. And small companies, hampered in expansion by corporate taxes, would find growth virtually impossible if it weren't for the help they get from the financial community. Funds needed by these 'have-nots' run to many billions of dollars every year, in fact.

Banks help with loans, but most of these requirements must be capitalized through sale of new securities—$10 billion a year, on the average. New capital issues last year (largest in recent years save for 1957) totaled more than $10.8 billion. Of this total, $3.3 billion was raised through sale of common stock, almost double the figure for the preceding year. Such needs, within a few years, are sure to be much larger.

This money must come, in the last analysis, from savers. A great deal of it is provided by people who invest in common stock—an ever-growing group that now numbers, by the New York Stock Exchange's count, some 17 million.

However, it is true that not all savers buy securities (much less new securities). But corporate and individual savers contribute the money that makes up the investment pool of bank deposits, insurance reserves, mutual funds, pension funds, and so on.

To be certain that savers and those in need of capital will be brought together, it is absolutely vital that the country's highly resourceful securities industry be maintained at top efficiency, meriting the public confidence it has so long enjoyed.

This column is furnished by The Research Dept. of Francis I. duPont & Co. Sarasota office phone WX-2223.

Unemployment Payments Drop For September

TALLAHASSEE — Unemployment compensation payments to Florida jobless dropped $622,982 in September from August.

Total payments in August were $4,168,479 compared to $3,545,497 in September.

State Industrial Commission Chairman A. Worley Brown attributed the decrease to improving seasonal employment conditions, a short work month, and the exhaustion of citrus workers claims prior to their fall back-to-work movement.

Brown said new claims for unemployment benefits in September were 15 per cent below August and continued claims were down 21 per cent.

Twenty-six unemployment conpensation offices reporting decreases for their areas were: Miami, down $271,309 to $889,451; Winter Haven, down $56,160 to $346,479; Tampa, down $38,603 to $405,285; West Palm Beach, down $28,834 to $112,303; Hollywood, down $24,411 to $133,377; Orlando, down $23,738 to $169,318; St. Petersburg, down $19,483 to $86,813; Ft. Lauderdale, down $15,341 to $97,000; Jacksonville, down $12,338 to $183,329; Palatka, down $11,639 to $14,464; Marianna, down $9,702 to $30,132; Clearwater, down $8,353 to $56,970; Gainesville, down $8,238 to $19,278; Cocoa, down $8,158 to $22,929; Leesburg, down $8,140 to $95,838; Pensacola, down $7,392 to $84,725; Tallahassee, down $6,588 to $17,560; Ft. Walton Beach, down $6,432 to $21,138; Lakeland, down $6,381 to $156,472; Belle Glade, down $2,927 to $13,686; Daytona Beach, down $2,510 to $37,899; Sanford, down $2,350 to $14,177; Melbourne, down $2,278 to $19,279; Lake City, down $985 to $8,648; Ft. Myers, down $561 to $33,900; and Key West, down $439 to $13,879.

The six reporting increases were: Ft. Pierce, up $6,270 to $101,398; Panama City, up $5,799 to $37,179; Ocala, up $751 to $29,324; Bradenton, up $367 to $36,743; Sarasota, up $211 to $37,482; and Perry, up $61 to $8,151.

Exams Open For Patrol Inspector

A new examination for Immigration Patrol Inspector has been announced by the U. S. Civil Service Commission, for filling positions paying $5,355 a year with the Immigration and Naturalization Service of the U. S. Department of Justice.

These positions offer young men interested in immigration law enforcement, an opportunity to begin a career in such work with on-the-job training for positions of greater responsibility. As Immigration Patrol Inspectors, they patrol areas along international boundaries by automobile, on foot, by boat, or as observers in aircraft, in search of aliens who have entered or are attempting to enter the United States unlawfully.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgement, and aptitudue for learning a foreign language; those who pass the test will be interviewed to determine if they have the personal qualities needed for the work. Since the duties are arduous, applicants must be in sound physical condition. They must be at least 68 inches tall, weigh at least 140 pounds, and have reached their 21st birthday at the time of appointment.

The closing date for receipt of applications is December 14, 1962. Full information is given in Announcement No. 289B which may be obtained, with application cards, from Mr. Gladys Smith, located at Post Office, or from the U. S. Civil Service Commission, Washington 25, D. C.

The Advisory Council of the Florida Alcoholic Rehabilitation Program has approved the Leon County Health Department's application for a grant-in-aid to establish in alcoholism service in Tallahassee. The Budget Commission must act on the application.

Here and There

Mrs. William Rutherford and daughters, Vicki, Gayle and Jan were here for the weekend with relatives and to attend the baptismal services of Mrs. Ruterford's little nephew, Ronald Charles Watson, son of Mr. and Mrs. Ellis Watson, which was held in the First Methodist Church.

Mr. and Mrs. Dwight Mullin and sons, Steve, Doug and Ricky, of Toledo, Ohio arrived this week to visit Mrs. Mullin's parents, Mr. and Mrs. Homer Mott, for a few weeks.

THE AVON PARK SUN

In The Heart of The Citrus Belt

Volume XXXIX, Number 1 — Avon Park, Florida — Thursday, November 1, 1962

MISS SHOPPORTUNITY CONTESTANTS—These lovelies will vie Saturday night for the title of Miss Shopportunity of Avon Park as a climax to the three-day shopping event here. Left to right: Pat Parrish, Lynn Cravens, Sandy Story, Torista Gaster, Patsy Martin, JoAnn Kelley, the present title holder, Betty Pierce, Beth Sullivan, Judy Cothrun, Janie Graham, Ricki Pate. Missing from photo, Charlene Burruecia. The crowning will take place on the Mall Saturday night. (Sun Photo)

Red Devils Slip Past Jesuit; Face K'Boys

* * *

Seek Third Ridge Circuit Win Friday

A re-vitalized Avon Park Red Devil squad will travel to Kissimmee Friday night for a Ridge Conference battle with the Osceola High Kowboys. The Red Devils came from behind in the fourth period of last week's game to post a 14-13 upset win over the Jesuit Tigers from Tampa.

The non-conference win against Jesuit was a big shot in the arm for the Devils who have been taking it on the chin this season from other non-conference opponents. The win set Avon Park's over all record at three wins and four losses with a two and one Ridge record.

The Kissimmee Kowboys have won four games, lost one and tied one thus far. Their Ridge record is three and one with the lone loss coming from the highly touted Okeechobee Brahmans. The Kowboys defeated Arcadia 7-6 in the season opener, [illegible] Winter Garden 13-13 and defeated Ocoee 33-0 in non-conference tilts, then shut out Fort Meade 13-0, and squeaked by Frostproof 13-7 last week with a TD in the last minute and a half of play.

Kissimmee has used the passing weapon well this season with quarterback Ed Harrell hitting his halfbacks and ends for good yardage against all opponents. Passing defense has been one of Avon Park's weaker points this season except last week when the Devils staved off a last minute Jesuit passing attack to hold on to their one point lead.

No doubt Avon Park will be [illegible] the revenge against the Kowboys who knocked the Devils out of contention for the title last season with a [illegible] [illegible]. A win is a must for both teams if they wish to stay in the battle for the conference title this year. [illegible] [illegible] Ridge Conference [illegible] [illegible] [illegible] [illegible] but the Devils still have to take on Okeechobee and Sebring.

The determined Red Devils [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

[illegible]

Murder Case On Fall Circuit Court Docket

A first degree murder case will open the Fall Term of Circuit Court in Highlands County.

At the sounding of the docket on Oct. 30 the trial of Mary Lee Vail was set for Nov. 26. The Vail woman is accused of the fatal shooting of her common law husband. She will be represented by Sebring Attorney Harry Lee.

The case of William H. Privette, under indictment for first degree murder, was continued. The state attorneys had indicated that they would seek to hold the Privette trial during the Fall Term of court, if the current psychiatric studies indicate that Privette is legally sane.

Currently the criminal docket for the Fall Term is a short one. Cashier Philip Peterson, Jr., accused of bribery, is to be tried on Nov. 27.

A dozen civil cases were scheduled for trial. The civil trials are to begin on Dec. 3.

Registration Hits 11,058 For Election

A total vote of "less than 6,000" has been predicted for the general election on Nov. 6. Highlands County Supervisor of Registration Roland X. Druit said registration of voters had crept up a little since the May primaries.

Total registration for Highlands County now stands at 11,058—10,000 Democrats, 1,014 Republicans, and 42 for other parties and independents. Total registration within Avon Park is 3,001.

Druit said that next week's election, although it includes important issues such as reapportionment, is not likely to bring out more than 55 per cent of the registered voters.

COMMISSION MEETING

The Highlands County Commission will meet next Tuesday for the first time since they changed their meeting dates. The commission will meet on the first and third Tuesday of each month.

Halloween Parade Is Biggest Ever

The annual Halloween parade held here last Saturday and sponsored by the Avon Park Junior Woman's Club has been termed by many as the biggest and best every staged in Avon Park.

The parade lineup consisted of over 70 units, including the senior and junior high school bands, civic and club floats, officials, and commercial entries. The record children's entries for costumes, floats, etc., was also well received by the hundreds of spectators who watched along both sides of the Mall.

Mrs. [illegible] Pizzuti and Mrs. [illegible] Whitcomb were in charge of the parade for the Junior Woman's Club.

Float winners were: First—Avon Park Athletic Association; Second—Avon Citrus Bank; Third—Wells Motor Co.

Winners in the children's costume competition were:

Pre-school: First—Kelly and Mark Griffin; Second—Keith Hall; Third—Julie Pilgrade.

First Grade: First—Thea Tomlinson; Second—Kyle [illegible]; Third—Lyle Dunlap.

Second Grade: First—John Thomas Wright; Second—Bobby Watson; Third—Patty Wells.

Third Grade: First—David Smith; Second—Debbie Renfro; Third—David Harvey.

Fourth Grade: First—Laura Camp; Second—Barbara Miller; Third—Sam McClure.

Fifth and Sixth Grades: First—Ryan Weber; Second—Kathy Smith; Third—John Newton.

Seventh thru 12th Grades: First—Sharon Lawrence.

Novelty: First—Alice In Wonderland, Amy, Cindy and Wanda Williams; Second—The Bee Family, Carolyn Ruth Henderson, Janice Murphy and David Matheny; Third—Rub-a-dub-dub, Three Men in a Tub, Jane, June and Tommy Daniels.

The Junior Woman's Club extended their thanks to all who participated in the parade and who aided in making it the success it was.

Following the parade, the annual carnival, complete with cake walk, fish pond and apple bobbing was held in Donaldson Park. An interesting note to the carnival was that a number of Junior Woman's Club husbands had trekked to the park early the preceding Sunday morning to pull sandspurs from the carnival area, thereby making it safe for the youngsters who took part in the parade and whose costumes called for bare feet.

Veterans Day Ceremony Here

A Veterans Day parade and ceremony will be held here on Monday, November 12, the Avon Park American Legion announced this week.

A parade will be held at 10:00 with an address [illegible] [illegible] [illegible] [illegible] [illegible] of the United States Naval Reserve. The address will be [illegible] [illegible] [illegible] [illegible].

[illegible]

Merchants Ready For Fifth Shopportunity

Here's Note To Friends Way Up North

The Sun takes this means of informing our Northern subscribers and tourist friends of the situation here in Avon Park, relative to the Cuban crisis.

Other than the presence of an occasional troop train or motorized convoy, the Cuban situation has had little effect on Avon Park or its residents.

Steps have been taken by Civil Defense agencies to inform the residents of alert procedures and what to do in case of an emergency. However, there is little or no activity related to the Cuban buildup.

We would urge our friends "up North" who were planning to return here for the winter, "don't be frightened by the Cuban crisis". Fact is, as has been noted by several congressmen, Florida is possibly less apt to be a prime target for a missile than many other parts of the country. This is based on the fact that missiles must have a trajectory of several hundred miles from point of launch, which would in most cases eliminate Florida.

So, tourist friend, the city with the mile long mall is awaiting your return with open arms. See you soon!

Highlands Farm Bureau Meeting Saturday Night

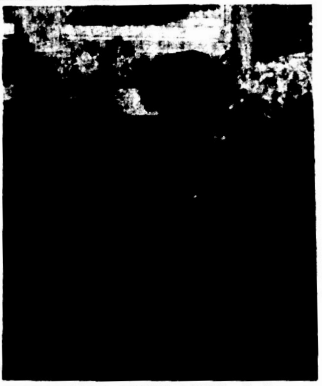
The annual Highlands County Farm Bureau meeting will be held Saturday night at the Highlands Hammock State Park. Guest speaker at the dinner meeting will be Sandy Johnson, director of Agencies of Florida Farm Bureau.

Marvin Kahn, president of the county unit, said a barbeque steak supper would be served at 5 o'clock with the business session and guest speaker following. Kahn emphasized that the meeting would be brief and that the program would be conducted on time.

All members of Farm Bureau and their immediate families are urged to attend this meeting, Kahn said.

FHA TO INITIATE

Sixty high school girls have already signed up for the Avon Park Chapter of Future Homemakers of America. Initiation ceremonies for new members will be held Monday night, November 5 at the home of Judy Taylor at the Southernaire Motel on South Highway 27. Mrs. Violet Mensley is advisor for the FHA Chapter at APHS, and she states that this is the largest number of girls ever to join the FHA chapter.



PRACTICE ALERT—A student, right, tells a faculty member the "All Clear" has sounded following a practice attack alert at Avon Park High School last week. The alert was one of many simulated throughout the state following the buildup of the Cuban crisis.

* * *

Emergency Warning Signals, Public Shelters Listed by Hansen

In answer to a request made by The Sun this week, Highlands County Civil Defense Director Don Hansen has outlined the warning signals that will be used locally in the following article, as well as the buildings that have been designated as public shelters. A resume of medical procedures is also included.

By Don Hansen
Civil Defense Director

The ALERT warning signal, which is a steady blast of 3 to 5 minutes, means that an attack is probable or that a nuclear device has been set off somewhere near enough that fallout may be dangerous. In case there is time to give this signal, it means that there will be a short period before fallout could contaminate the area, so there will be time to get home and get into the family shelter space. This shelter area should be prepared in advance. Remember that the intensity of fallout and the period of time it takes to arrive depends on the wind and weather conditions. Please be calm and after hearing this signal and if children are to come from school follow the schools plan of evacuation. Keep your radio on for instructions.

We realize that all residents of the county cannot hear the signals. The radio stations will give the warnings also so be sure to keep your radio on at all times of international tension. Police personnel will try to notify all persons in outlying districts.

The TAKE COVER signal is a series of short blasts for 3 minutes. This means attack is imminent. Take cover immediately in the best available shelter. If you are indoors go to a basement or an inner room or sit against an inner wall. If you are outdoors or in a car lie flat on the ground or on the floor of the car.

Public Shelters

There are only two government approved public fallout shelters in the county. These are in the Avon Park Elementary School and the Placid Tower. They will be stocked with government supplied shelter stocks in the near future. The areas for shelter purposes are very small and will accommodate only about 70 people in Avon Park and 300 in Lake Placid. It is important that each family be prepared to protect itself. Protection booklets can be obtained at the City Offices or in the Court House or by Calling EV 5-3547.

Other buildings have been designated as shelters in the sense that they will be used to house the homeless in our county and evacuees from other counties after an attack and the threat of fallout has passed. These will be opened one at a time as needed and will house only uninjured persons. All who are injured or sick should report to the emergency hospital at Sebring High School.

Evacuee shelters in Avon Park are as follows:

Hopewell School, Armory, Assembly of God Church, First Methodist Church, First Baptist Church, Church of God, Nazarene Church, Episcopal Church, Catholic Church.

(Continued on page four)

[illegible]

$500 In Gift Certificates To Be Given

[illegible] [illegible] [illegible] and [illegible] [illegible] [illegible] doors this morning [illegible] for the Fifth Annual Shopportunity Days running through Saturday night.

Shopportunity is sponsored by the Chamber of Commerce.

A climax to the three-day shopping event will come Saturday night with the crowning of a Miss Shopportunity and Mrs. Shopportunity and the presentation of gift certificates totaling more than $500. A giant gift certificate will also be given as a grand prize.

Merchants have been distributing coupons to shoppers this week and will continue until six o'clock Saturday night when all the stubs will be dumped into a giant barrel, with 30 lucky ticket holders receiving gift certificates ranging from $5 to $25 in value. Coupons are available from all participating merchants.

Vieing for the title of Miss Shopportunity to succeed the current throne holder JoAnn Kelley will be the following girls, all picked from Avon Park High School.

Pat Parrish, Lynne Cravens, Sandy Story, Torista Gaster, Patsy Martin, Betty Pierce, Beth Sullivan, Judy Cothrun, Janie Graham, Ricki Pate and Charlene Burruecia.

Mrs. Shopportunity contestants, one will replace the present title holder, Mrs. M. G. Whitcomb: Mrs. Mervin Rohrer and Mrs. R. L. Padgett, sponsored by the Senior Woman's Club; Mrs. Gene Crane and Mrs. Don Williams, sponsored by the Junior Woman's Club; Mrs. Richard Reaves and Mrs. Brooks Henderson, sponsored by the Garden Club; Mrs. J. L. Wells and Mrs. David McDaniel, sponsored by the Business and Professional Women's Club.

Merchants who will take part in the annual shopping event which will feature special buys for the shopper include: Jordan and Son, Jewelers; Erie Coffee Gift Shop; Park Pharmacy; Fairyland; DeLaney Hardware; Metcalfe Hardware; Baten's Department Store; Mode O' Day; Mercer's; Touchton's Drug; Western Auto Store; Do's Fabrics; Lane's Records & TV; Jacaranda Hotel; Bagwell Lumber Co.; Avon Park Inn.

Burder's Service Station; Avon Park Motor Co.; Bill Thompson's TV; Ware Furniture Co.; Wright's Package Store; Ridge Fuel Co.; Avon Citrus Bank; Wells Motor Co.; Kwik Chek; Coker Fuel; I. H. Ford Motor Co.; Neimer's; W. W. Mac Co., and Southernaire Motel.

Grand Jury To Convene November 12

First session of the grand jury for Fall Term of Circuit Court will be held on Monday, Nov. 12. This week Circuit Judge William K. Love directed that a jury be drawn.

Those on the jury list are John Edward Osborn, John C. Mason, Harvey Lee Adkins, Joe Bass, Benjamin Franklin Camp, Jr., Paul F. Richardson, Nicholas Eismont, E. Ray Wells, all of Avon Park.

George J. Conway, Willard G. Lee, Alfred P. Glass, A. J. Arehart, Donald Tauchen, A. C. Hancock, Charlie C. Sheffield, Charles Firestone, Lawrence L. Oliver, R. C. Green, Cleve Spires, Stanley C. Barnell, Floyd Sawyer, C. A. Albritton, Floyd Wilkerson, Robert G. Pollard, John August Arehart, Robert J. Jordine, Carl K. Edwards, Paul A. Walker, James R. Dale all of Sebring.

J. F. Byers, Cleveland Beasy, Marvin Beasy, Lester Waldron, B. R. Bush, of Lorida; Verris G. Bethea of DeSoto City, and Joe Barrow of Lake Placid.

[illegible] COMMUNITY EFFORT

[illegible] Avon Park area wit- [illegible] biggest and best pa- [illegible] recent years, or for that [illegible] We won't argue this point, but it [illegible] seen in a town this size. [illegible] credit for this parade must go [illegible] Avon Park Junior Woman's Club. Through [illegible] community spirit was rekindled, [illegible]

Long hours and many days were put into organizing the parade and the events that were associated with Halloween. We tip our hat to this group of women, and their husbands, who probably ate several cold meals while "the old lady was working on the parade"—no offense please.

It is our hope that more of this type of community spirit may come forth in future months.

Besides, doesn't everybody love a parade. Avon Park does.

Washington Report

By Congressman Jim Haley

SARASOTA—No more heartening news has come out of Washington in many a year than the President's decision not only to blockade Cuba but to maintain that quarantine until the Russian build-up of offensive weapons not only has been stopped but actually dismantled.

It is not necessary for me to say that I wholly support what our Government is doing with regard to Castro's Cuba. Nor do I believe it necessary for me to urge any American, and particularly those who live in Florida (only five minutes away from Cuba by missile), to stand firm behind the President.

It is traditional that while citizens of our country may argue bitterly among themselves about what should be done about almost anything, they always band together in a united front once a President, of whatever party, has made a firm decision in time of national crisis. I know this will be the case in this grave moment—and that Floridians, particularly, will back the President's move. Indeed, at the moment I write this, our Governor is in Washington to pledge that backing and find out what we in Florida should do to best support the crackdown on Communism.

Thus, I think that while it is entirely proper that we all be aware of the dangers of the moment, it behooves all of us to remain calm and use sound judgment in our actions and reactions, and to be always confident that, come what may, we will emerge victorious, and perhaps unscathed, in putting down the communist challenge being made in our own backyard to our freedom and safety.

Let's Keep
JERRY W. CARTER
COMMISSIONER
FLORIDA
RAILROAD
and
PUBLIC
UTILITIES

JERRY CARTER — has been a most loyal and faithful public servant to you . . . the residents of Florida and deserves your continued vote and support.
Regardless of whether you vote as a Democrat or Republican . . . You can [illegible] Jerry Carter your Commissioner of Florida Railroad and Public Utilities.

JERRY CARTER has the experience as your Commissioner in dealing with [illegible] of transportation and utility rate regulations, plus his [illegible] and knowledge of the astute handling of commission [illegible]

JERRY CARTER has saved Florida Residents
nearly . . . $200,000,000.
ON ELECTRICITY, GAS and PHONE BILLS.

JERRY CARTER'S PREVIOUS RECORD

[illegible] AREA — Jerry Carter was directly responsible for refunds [illegible] Southeastern Telephone Company in North Central [illegible] Florida of nearly $1 million.

SOUTH FLORIDA — Four (4) separate rate reductions on Florida Power [illegible] were ordered by the commission in 1957 reducing [illegible] $4,725,000 annually. Another $200,000 in '60, an- [illegible] in 1960 and another for $2 million. Total nearly $15 [illegible] area alone.

PENSACOLA — The Commission ordered rate reductions of $257,501 [illegible] went into effect January 1958. (Gulf Power Co.)

JACKSONVILLE — Refunds in gas amounted to $105,727 (Jacksonville Gas [illegible])

MADISON — Commissioner Carter brought before the commission the phone company serving Madison, into a public hearing on rates and an [illegible] inefficient service. Charges were cut ONE HALF! This action spurred other phone companies in the state to install more modern and efficient equipment under the supervision and through the cooperation of your Commissioner Jerry Carter and the Commission.

ALL FLORIDA — Reduced rates for natural gas have gone into effect all over the state by order of the Commission. Jerry Carter's first act was to urge investigation and it resulted in the first statewide 10 percent reduction of exchange phone charges; and abolished a 50c per month charge for desk and hand phones.

Rotary News

Bill Young
Secretary

Last week, October 24, Lee Maness, social studies instructor at Avon Park High School, was the guest speaker, introduced by Art Wilhite, Supervising Principal.

Maness' subject was Americanism vs. Communism. He has been delegated to teach this subject beginning next semester and in preparation, attended a three week course last summer for instructors on this subject at the University of Florida.

The speaker gave an interesting and informative outline of material in this course and its contents, which is now mandatory for seniors, under a 1961 State Legislative Act.

All material has been prepared under the supervision and with approval of the State Department of Education. Television broadcasts of this material has been set for regular schedule over Educational Channel 3 out of Tampa and listeners are urged to check daily programs for the time.

Reception facilities have been set up at the high school for student viewing.

Visitors at last week's meeting: C. P. Mullen, guest of Morris Adams.

Visiting Rotarians: Al Tregea, N. Y.; Stan Skillin, Mass.; Jay Noble, N. Y.; Phil Palmer, Mich.; Claude Howerton, Sebring.

Following Maness' talk this week, Rotarian George Calvin Stulting of Sebring will address the club on "What is America Coming To".

Purchases of pulpwood grown in Florida and delivered to pulp and paper mills during 1961 totaled over $45 million, says the Southern Pulpwood Conservation Association.

The underwater theatre at Weeki Wachee Spring cost in excess of a million dollars. It was more than a year in construction and was the first structure of its kind in the world.

A list of nursing and Gray Lady personnel will be published in next week's issue of The Sun.

MRS WHIDDEN CIRCLE HOSTESS

The Evelyn Stone Circle of the Florida Avenue Baptist Church WMU met at the home of Mrs. Leroy Whidden Tuesday of last week with six members and two visitors present. New officers were elected and a program presented after which the hostess served delicious refreshments.

Here and There—

Mr. and Mrs. George Mills have returned to their Lake Lotela home after spending the summer in Vermont and Ohio.

Secretaries Needed In Disaster Work

Dr. W. F. Hill, Jr., County Health Doctor, made an appeal this week for volunteer workers in the secretarial and stenographic categories in the event of an emergency.

Hill said many secretaries, stenographers and other type of office workers would be needed in connection with the Civil Defense Emergency Hospital program, since Highlands County has been designated as a receiving center for other parts of the Southeast Coast.

Volunteers in the Avon Park area should contact J. H. Bradberry, 9086 Camden Road, phone GL 3-6393. Sebring volunteers should contact George W. Holman.

In the event neither of the above can be reached, volunteers should contact A. L. Lynd, administrator at Walker Memorial Hospital, Avon Park. His number is GL 3-3161 or GL 3-3638.

Representative Howard Livingston Explains Amendments On Ballot

EDITOR'S NOTE: Highlands County Representative Howard Livingston has favored The Sun with an analysis of the nine amendments to the state constitution that will appear on the November 6 ballot. His comments and observations are listed below:

HOWARD G. LIVINGSTON
. . County Representative

Upon the request of several residents of the county, I am pleased to provide for your information a brief analysis and explanation of the nine Constitutional Amendments which will appear on the November 6th ballot.

Some 3 million Florida residents will have the opportunity to vote upon the proposed amendments; however, many news analysts state that not more than 50% will actually vote on the 6th. It is certainly my sincere wish that our residents exercise their prerogative of a free election and become acquainted with the proposed amendments.

The amendments cover a wide range of subject matter consisting of the important one of reapportionment and others of general significance to those of local application.

Several of the amendments are quite lengthy and it would be to the advantage of our residents to become acquainted with the contents in general in order that they will be informed as to the proper way in which to cast their vote.

The proposals will appear on the ballot in the following order:

No. 1. Relating to apportionment of the legislature. This amendment, if adopted, would increase the membership of the House of Representatives from 95 to 135 members and the Senate from 38 to 46 members. This amendment would remain in effect until 1971 at which time the Legislature will have the duty to reapportion its membership again. If the proposal is defeated at the polls, the Federal Court has retained jurisdiction of the reapportionment suit and would have the choice of directing the 1963 Legislature to come forth with a new proposal or require the Legislature to reapportion itself prior to the 1963 session, or it could write its own reapportionment formula. The Federal Court did this in the State of Alabama eliminating all existing districts and starting fresh without taking into account any previous districts.

The amendment is of importance to Highlands County in that it would remove us from the present 27th Senatorial District composed of four counties, namely, Hardee, Highlands, DeSoto and Glades and create a new 44th district consisting of Highlands and Charlotte Counties.

No. 2. Relating to appointment of Superintendents of Public Instruction. By this amendment, if approved, the voters of some 15 named counties would have the right to determine by referendum if their County Superintendents of Public Instruction should be appointed by the Board of Public Instruction rather than elected. If the County if dissatisfied with the appointment system after 4 years, it may be referendum requested by the Board of Public Instruction return to the former election procedure.

No 3. Pertains to impeachment of state officials. This amendment would permit the creation of a committee by the Speaker of the House of Representatives to investigate alleged grounds for impeachment against any officer subject to impeachment either during or between legislative sessions. This amendment will allow for immediate investigation of matters relating to impeachment even though the legislature was not in session. At the present time the House of Representatives cannot consider impeachment matters except while it is in session.

No. 4. Relating to jury trials in Pasco County. This amendment is strictly local in nature and would authorize civil jury trials in any branch court house within Pasco County. At the present time, trials can be had only at the court house and the residents of Pasco feel that because of inconvenience experienced by them in traveling to and from the court house, that they should have the right to conduct trials elsewhere in the county if the residents desire it.

No. 5. Abolish the office of the County Solicitor in Duval County and provides for the State's Attorney of that Circuit to take over the duties of County Solicitor.

No. 6. Relates to the number of circuit judges provided by the Legislature. This amendment would change the requirement which makes it mandatory for the Legislature to create an additional circuit judge in each circuit for each 50,000 inhabitants or a major fraction thereof. Instead this requirement would become merely optional with the Legislature.

No. 7. Revising the Preamble of the Constitution of the State of Florida. The proposed change has no substantive meaning and is merely designed as a clarification of the wording previously used. It makes no change in meaning of substantive content. It is an amendment proposed for improvement of grammar and not a change in ideas.

No. 8. Relates to the boundaries of the State of Florida. This amendment provides a more detailed description of the boundaries of the state than are presently set forth in our Constitution. It extends the boundaries 3 miles from the Atlantic Coast into the Atlantic Ocean and 3 leagues distance from the Gulf coast line into the Gulf of Mexico. In addition there is a provision that the Legislature may extend the boundaries to the limits allowed by the U. S. law and is designed to take advantage of the U. S. Supreme Court decision whereby the state could benefit from oil royalties in the event of such discovery.

No. 9. Relates to the division of the powers of the 3 branches of the government. This amendment is to clarify the division of the government of our state into 3 departments, namely, legislative, executive and judicial. Again, this is proposed for the improvement of grammar and does not change in substance the existing provisions of our Constitution. Mainly, it is a simply rephrasing to achieve grammatical correctness.

TED J. WARD
. . . heads district

Ward Elected Realtor Vice President

Ted J. Ward was elected vice president of the 10th District of Florida Association of Realtors at the annual meeting in Jacksonville, October 18-20.

Ward is a native of Illinois and came to Avon Park 27 years ago. He has been active in numerous civic organizations during this time and has been in the real estate business both here and in St. Petersburg for a number of years. He is one of the founders of the Presbyterian Church in Avon Park. He is president of the newly organized Kiwanis Club and was re-elected president of the Old Settlers Association.

In 1960 Ward was named as "The Realtor of the Year" by the Avon Park Realtors. He has served as chairman of the rules and by-laws committee of the state association and is presently on the Education Committee. He and Mrs. Ward will be going to Chicago sometime in November where he will attend the National Convention of Realtors.

Realtors from Avon Park who attended the Jacksonville convention were L. C. Hooper and Mrs. Hooper, Mr. and Mrs. Hubbard K. Biggs, Robert R. King, Jr. and Mrs. Ward and Earl Wells who was a guest of the Avon Park Realtors.

Houseparents Are Named For Juvenile Home

The first houseparents have been appointed for Highlands County juvenile receiving home. Mr. and Mrs. James Cockran, former Highlands County residents, this week moved from Tampa to assume responsibility for the operation of the home which is located in the old Kahn home on DeSoto City Road near Sebring.

The home was formally dedicated in mid-September, but full operation had been delayed because of difficulty in locating suitable houseparents.

The Highlands County Juvenile Court Board of Visitors had been charged with the responsibility for finding the home staff personnel.

Board of Visitors Chairman the Rev. Tom W. Jones of Sebring said, "We feel very fortunate in finding Mr. and Mrs. Cochran for this job. They have reared children and are grandparents with an understanding of and love for children."

According to present plans the home will be ready to receive children after Nov. 1.

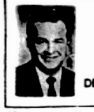
THE FARM FRONT



BY
DOYLE CONNER
COMMISSIONER
FLORIDA
DEPARTMENT OF AGRICULTURE

How many times have you read reports of an auto accident when a driver was quoted as saying " brakes failed?"

What would cause a sudden failure of brakes which presumably had been operating satisfactorily?

In passenger cars and trucks with hydraulic brakes, a failure could be caused by the "phantom killer"—a substandard brake fluid.

To combat this menace, Congress has passed a new law aimed at protecting America's auto owners against brake failure in an emergency. The law prohibits shipment in interstate commerce of any brake fluid that is not up to standard.

In Florida we have had a brake fluid law since 1959. The original law, passed by the Legislature in that year, was found to be inadequate and was replaced by a new one in the 1961 session. Responsibility for its enforcement is a function of the Department of Agriculture along with our enforcement of the laws pertaining to gasoline and kerosene inspections.

To operate safely, a fluid for hydraulic brake systems must have a boiling point high enough so it does not vaporize (turn to gas) under the heat generated by brake drum friction. Most of today's fluids that meet standard specifications are a special blending of lubricants, glycols and glycol ethers — all orgaic chemicals. They remain fluid even under stress of emergency braking.

• • •

In our laboratory analysis of brake fluid samples picked up by our inspectors around the state, we've found some peculiar materials. Many were a potential traffic hazard. Some were nothing but rubbing alcohol. Others were rubbing alcohol with some, but not enough, of the necessary organic chemicals added.

A few of the samples were plain denatured alcohol. And one (believe it or not turned out to be moonshine liquor. One of our inspectors found the owners of several pickup trucks, who did his own service work, putting beer in the hydraulic brake systems.

Any liquid would perform temporarily in a brake system—so longs as it remains a liquid. But a fluid that vaporizes under heat is NOT safe to be used for hydraulic brakes because, when it turns to gas, the gas will be compressed instead of exerting necessary pressure to force the brake shoe against the drum.

The name "phantom killer" for that kind of fluid is an apt one. As the cause of an accident the substandard brake fluid would many times be difficult to detect because, after a smashup, there's usually time for the brake system to cool down before someone thinks to beat its operation. And after it has cooled, the "killer" becomes a fluid again, so a test would show that the brakes work.

Only a laboratory analysis of the fluid in the car's system would reveal whether it could have been the cause of a temporary brake failure.

• • •

A standard brake fluid can deteriorate if the container is left uncovered because the fluid, being very hydroscopic, quickly absorbs moisture when exposed to air. For that reason, purchasers of brake fluid in large quantities, such as a 55-gallon drum, should exercise care to see that the contents are protected with airtight covers for any opening.

Because our experience in testing brake fluids has covered only the past three years, we are seeking to learn more about them under normal storage and servicing conditions. For that reason we have invited school districts throughout the state, which maintain and service fleets of school buses and buy their brake fluid in large quantities, to send us samples once a month for laboratory analysis.

Our inspections and analysis can be of benefit sometimes to a manufacturer. On one occasion when our laboratory turned in an unfavorable report on a produce which the manufacturer had specified was properly blended, he lost no time seeking the reason. After a careful investigation, he discovered his packaging was defective. When that was corrected, his fluid performed satisfactorily and we registered it for sale in Florida.

• • •

Although the toll of highway deaths in Florida has increased over last year, I note that, mile for mile, highway travel in the U. S. is more than twice as safe as it was in 1943 and three times safer than it was in 1933.

National Safety Council reports 18.6 persons died in motor vehicle accidents for each million miles traveled on the nation's highways in 1933. A decade later the death rate had dropped to 11.5 and by 1961 it was down to 5.2.

Anything we can do to reduce that figure, including the elimination of substandard brake fluids, it will be a step in the right direction.

WEEK END FATALITY—The lifeless body of Jimmy Jackson, Jr., Avon Park Negro is shown lying next to his wrecked vehicle here early Sunday morning. The mishap occurred near the Hopewell Elementary School. A Highlands County Shriff's Deputy was in pursuit of Jackson when the fatal crash occurred. The other three occupants of the car were not injured seriously. (Sun Photo)

The State of Citrus

By John Sikes — Florida Citrus Mutual

LAKELAND—It's naturally homestate pride to point out that there's magic in the words "Florida" and "Indian River".

Both denote and connote the widest range of pleasurable descriptives and conjure up the most delightful images in the minds of folks in at least 48 of the 50 states, California and Hawaii being excepted for obvious reasons.

"Florida's" built-in and practically instant suntan to the gal cult who'd sooner be caught out in the public minus mascara than with a white skin.

"Florida's" the biggest and best fishin' hole in the world to the men and boys whose standard of measuring anything in the stretchiest extension of their two arms to show how big was the one that got away.

"Florida's" a place to get warm to the cold-soaked citizens of anywhere north of the state's northern border.

And so on.

Now Marty Hearn, Florida Citrus Mutual's director of international trade who's just back from a citrus trade-tour of Free Europe, further gilds the fair names of "Florida" and "Indian River".

"The word 'Florida' or 'Indian River' stamped on grapefruit, for instance, equates with 'This Is Good' in the shopping minds of thrifty European housewives," Hearn states. "You should see them examining grapefruit in the stalls. They're not pinching it and punching it as do American housewives, say, in making personal quality tests of fruits and vegetables. No, these European housewives are looking for the word 'Florida' or 'Indian River'. When they see it they buy."

Hearn firmly believes that these magic words will do as much, or more, to boost export sales of Florida citrus as any merchandising and promotion idea that can be developed.

"Florida" or "Indian River" on grapefruit, and other Florida citrus varieties and products, in most European minds is a synonym for quality, as for instance "sterling" on silver, Hearn allows.

Hearn's enthusiasm for "Florida" as a trademark for selling citrus obviously is shared by one of the cover artists of Time magazine. On a recent Time cover the artist depicted the art of American advertising. The cover showed several familiar items from milady's girdles to milady's hair-tint, all instantly recognizable by anybody who's ever flicked through the pages of newspapers and magazines and turned on TV.

In his montage of merchandise the artist also portrayed several luscious and bright orange oranges.

On each orange there was the eloquent word "Florida". Obviously, the word conjures up visions of delight in artists' perspective, as well as in the shopping minds of Hearn's thrifty European housewives.

SCOTTISH RITE CLUB

Members are invited to the Peace Ridge Scottish Rite Club meeting which will be a dinner at the Jacaranda Hotel, November 7, at 7 p.m.

Highlands Red Cross Meets October 23

The Board of Directors of the Highlands County Chapter of the American Red Cross met at the Chapter office on Tuesday night, October 23.

First on the agenda of course was the affirmation of all out assistance to Civil Defense in case it becomes necessary in the near future due to the present world situation. Chapter chairman, John Hoy, Disaster Chairman, Rev. George Stulting and Executive Secretary, Mrs. Dorthie Wooden and Gray Lady Chairman, Mrs. E. D. Holcomb, Jr., attended the Called Civil Defense meeting on October 24.

Don Hansen, Campaign Chaiman, gave a very encourging report on the Emergency Fund Campaign held the end of September and the first of October. A total of $2,417.00 was realized by two of the communities in Highlands County. Lake Placid raised $1,080.00 and Sebring, $1,337.00. It is hoped and planned that a similar emergency campaign will take place in Avon Park in the near future.

A report on the Gray Lady, First Aid and Home Nursing programs was given by Executive Secretary, Dorthie Wooden. Additional Gray Ladies for Avon Elementary School are at present taking Standard First Aid. Gray Ladies for E. O. Douglas School have finished their Standard First Aid Course and a Home Nursing Course is currently being conducted in Sebring.

The Board voted a bonus to Mrs. Wooden for her services to the chapter.

Those present were: John Hoy, Chapter Chairman, Mrs. Albert DeVane, Mr. and Mrs. Fred Yawger all of Lake Placid, Mrs. S. F. Elkhill and Mrs. Thelma Merrill of Avon Park and John Robbins and Don Hansen of Sebring.

FFWC District 9 Meet In Sebring

Mrs. J. R. Glover of Lakeland, president of the Florida Federation of Woman's Clubs. Mrs. Mark W. Emmel of Gainesville and Mrs. Albert Huth of St. Petersburg, vice presidents, and Mrs. Herbert Savage of Miami, state director of junior clubs, will be speakers at the District 9 meeting November 8 at the Sebring Woman's Club's new clubhouse, 6779 West Lakeview Drive.

Mrs. Theon Sebring McDonald, district director will conduct the business session which opens at 10 a.m. All club members are welcome to attend. Reservations for the luncheon at noon should be made through Mrs. S. F. Elkhill.

MISS BARBARA TUSKEY

Tuskey-Renfro Engagement Is Announced

The engagement of Miss Barbara Tuskey and Thomas J. Renfro is announced by her parents, M/sgt., retired and Mrs. Arthur W. Tuskey, of Avon Park. Parents of the groom-elect are Mr. and Mrs. Leonard A. Renfro, 512 S. Verona Avenue.

The engaged couple are both graduates of Avon Park High School. Barbara was treasurer of the Senior Class and a member of the Annual Staff and numerous other activities. She is presently employed at the Florida Alcoholic Rehabilitation Center. Tommy was also a member of the APHS Annual Staff, a member of the Red Devil Circus Team and the Devil's Club. He attended the University of South Florida, Tampa for two years and is presently employed at Morrisons, Inc. in Tampa.

Plans are being made for a December wedding.

Southland Trailer Park

Mr. and Mrs. Robert Elethorp of Hammond, N. Y. have arrived. Their daughter, Mrs. Long, is visiting them at present. The Elethorps report a wonderful summer spent in Canada on the St. Lawrence River.

Mr. and Mrs. Carl Wertzbar of St. Louis, Mich., Mr. and Mrs. Tom Morrison, Hyattsville, Md., Mr. and Mrs. Dan Cunningham of Muskegon, Mich., Mr. and Mrs. Frank Fisher of Wabash, Ind., and Mr. and Mrs. Harold Staniland of Cobacank, Ontario have all arrived to begin another winter season at Southland.

Martins Fete Bridal Party At Dinner

Mr. and Mrs. E. Allen Martin entertained with a luncheon Saturday at noon for the bridal party and a few invited guests honoring Miss Peggy Carr and their son, Thurston Martin, prior to the rehearsal for their wedding which took place Saturday evening at the First Baptist Church in Lakeland.

The affair was held in the private dining room of the Half-Way House near Lakeland. The bride's chosen theme of green and gold was emphasized in the decorations. A console table overlaid with green and gold net featured a large harvest scene of fruit and flowers. Gold chrysanthemums were used on the tables. The bride's place was marked with the traditional wedding candle and a large bow of net tied at the back of her chair. Places were laid for 29 guests.

The honorees presented their gifts of remembrances to their attendants at the luncheon before the group went to the Chapel of the Church for the wedding rehearsal.

DR. SEARS AT STATE MEET

Dr. and Mrs. C. A. Sears will be attending the annual Education Sessions of Chiropractics which will be held at the Fontainebleau Hotel in Miami, November 1-3 of this week.

Francisco-Hinckley Wedding Is Event of October 6 In New York

Mr. and Mrs. Sherman S. Francisco of Avon Park wish to announce the marriage of their daughter, Shirley Ann, to Marshal E. Hinckley, son of Mr. and Mrs. E. M. Hinckley of Old Greenwich, Conn. The ceremony was performed by Canon Chase at the Cathedral of St. John the Devine, New York City, on October 6, at 3:30 p. m.

The bride wore a white lace dress with a shoulder length veil which fell from a cluster of white roses and she carried a bouquet of white orchids and stephonatis. Her only attendant was her cousin, Miss Esther A. McKee, of Staton Island, N. Y. She wore a voltage blue satin dress and her veil was held by a cluster of pink roses and her bouquet was of pink rosebuds.

The groom's best man was "Chip" Enright, a college roommate.

Mrs. Francisco wore a soft blue silk dress and Mrs. Hinckley's dress was a Fall shade of blue. Each mother had a corsage of purple orchids.

A caterer served a delicious buffet supper at the bride's apartment to relatives and friends of the young couple. Following a family tradition, the groom's aunt baked the three tiered wedding cake which was topped with a miniature bride and groom.

Shirley Ann is a former resident of Avon Park and a graduate of Avon Park High School. She completed her nurses training and passed her R.N. at Flower Fifth Avenue Hospital where she will continue to work.

Marshall is a graduate of Williams College and a third year medical student at New York Medical College which is affiliated with Flower Fifth Avenue Hospital.

The bride's family was accompanied by Mr. and Mrs. A. M. McKee, an uncle and aunt of the bride, on a motor trip to New York City to attend the wedding.

Following a short honeymoon Mr. and Mrs. Hinckley will be at home at 510 W. 110th Street, New York 25, N. Y.

Scout Court Of Honor Nov. 5

The Highlands District of the Gulf Ridge Council will hold a Court of Honor Monday night, November 5 at 7:30 in the Avon Elementary Cafetorium. Scouts from Bowling Green, Frostproof, Lake Placid, Sebring and Wauchula will be present to receive their awards.

Chuck Warrington of Troop 156 will be receiving his Eagle Scout Award in special ceremonies. The Scout leaders are expecting a large turnout and they certainly are expecting Avon Park to win the attendance award.

Go To Church On Sundays

Here and There

Dr. and Mrs. G. A. Woodward are enjoying their daughter and grandchildren, Mrs. L. R. Griffin, Jr., Ricky, Wendy, Pammy and Vicki, from Livonia, Michigan. Mr. Griffin is being transferred by his company to a Florida location and he will be with his family here intermittingly until he is permanently located.

Mrs. Delores Peace and son, Jeff, are visiting her parents, Mr. and Mrs. J. M. Martin, in South Bay.

Mr. and Mrs. George Walter are back at their home on East Oak Street after a pleasant summer visit with their daughter and family, the Hugh Barbours, in Wayne, N. J. The Walters also report a marvelous vacation trip to Shelbourne, Vermont where they visited the Vermont Museum of Originals and then a mountainous trip to the Adirondacks near Lake George.

Mr. and Mrs. S. A. Minton of Orlando were Sunday guests with Mrs. L. D. McGibboney and other relatives.

Mrs. Cora Wray is home from spending several days in Tampa with her daughter, Mrs. Frank Waddell. She was accompanied there by her son, Ellis Wray, who was visiting here from Clanton, Alabama. Mrs. Wray had surgery for the removal of a tooth while she was in Tampa. Ellis has returned to his home after a most enjoyable visit here. He came especially to attend the Old Settlers meeting and see old friends and also was a guest at the Kiwanis meeting where he met many new friends.

Servicemen's Families Get Red Cross Aid

U. S. Navy and Marine servicemen's dependents who arrived at Norfolk, Va. [illegible] the weekend from Guantanamo Naval Base in Cuba found [illegible] personal services available [illegible] them through arrangements [illegible] the Navy and Red Cross [illegible] ter chairman of the Highlands County Chapter, [illegible] said.

"The Red Cross [illegible] warm clothing, nurses [illegible] recreation for children, [illegible] portation in the Norfolk [illegible] and other services to [illegible] extensive facilities provided [illegible] the Navy. The latter [illegible] military housing for those [illegible] did not have an immediate [illegible] for locating elsewhere.

Mr. Hoy was informed by [illegible] National Red Cross [illegible] the organization was [illegible] with a large [illegible] dockside at Norfolk as [illegible] quarters for interviewing [illegible] arriving families.

"Twenty caseworkers [illegible] hand to interview [illegible] help them with their [illegible] problems of communication with relatives in the [illegible] travel to their ultimate [illegible] tion, clothing needs and [illegible] portation around Norfolk," Mr. Hoy said. "Volunteers of the Norfolk Red Cross chapter were assisting staff of the National Red Cross."

The Red Cross, he said provided warm clothing to many families who departed Cuba hurriedly, wearing summer apparel. Special phones were installed at Red Cross headquarters and families were asked to there with relatives at their anticipated destination [illegible] determine that their [illegible] acceptable. Game Commission Lists Series Of Managed Hunts For Season

[illegible] Special turkey hunts are scheduled for the Citrus Wildlife Management Area, Citrus County, December 26-27, 29-30, January 2-3, and 5-6. Three special two-day quail hunts will also be held on the Citrus Area, January 12-13, 19-20, and 26-27.

Managed public hunts for the Commission-supervised wildlife management areas will be:

1. Blackwater Wildlife Management Area, Santa Rosa and Okaloosa Counties, in two phases, November 17 to December 2, and December 15 to January 1. Open to quail and squirrel hunting to February 24. Special turkey "gobbler only" season, March 30 to April 14. Best hunting: Deer, Turkey, Quail, Squirrel.

2. Eglin Field Air Force Reservation, Santa Rosa, Okaloosa, and Walton Counties, in two phases, November 17 to December 2, and December 15 to January 1. Best Hunting: Deer, Quail. Special turkey "gobbler only" season, March 30 to April 14.

3. Roy S. Gaskin Wildlife Management Area, Calhoun, Bay and Gulf Counties, November 17 to January 13. Best Hunting: Deer, Quail.

4. Apalachee Wildlife Management Area, Jackson County, November 17 to January 12. Hunting permitted Tuesdays, Thursdays, Saturdays, and Sundays. Best Hunting: Duck, Quail, Dove, Snipe.

5. Liberty Wildlife Management Area, Apalachicola National Forest, Liberty County, November 17 to January 13. Best Hunting: Deer, Bear, Squirrel.

6. Leon-Wakulla Wildlife Management Area, Apalachicola National Forest, Leon and Wakulla Counties, November 17 to January 13. Best Hunting: Deer.

7. Aucilla Wildlife Management Area, Jefferson, Taylor, and Wakulla Counties, November 17 to January 6. Best Hunting: Deer, Bear, Turkey, Squirrel, Ducks. Special turkey "gobbler only" season, March 30 to April 14.

8. Steinhatchee Wildlife Management Area, Dixie and Lafayette Counties, November 17 to January 6. Best Hunting: [illegible] Turkey, Squirrel.

9. Osceola Wildlife Management Area, Osceola National Forest, Baker and Columbia Counties, November 17 to January [illegible] Best Hunting: Deer, [illegible] March [illegible] April [illegible]

10. [illegible] Wildlife Management Area, [illegible] Baker [illegible] Counties, November [illegible] to January 6. Best Hunting: [illegible] Turkey. Special turkey "gobbler only" season, March [illegible] April 14.

11. [illegible] Hammock Wildlife Management Area, Levy [illegible] November 17 to January [illegible] Best Hunting: Deer, [illegible] Squirrel, Ducks.

12. Camp Blanding Wildlife Management Area, Clay County, November 17 to January 6. Best Hunting: Deer, Turkey, [illegible] Wild Hog.

13. Guano River Wildlife Management Area, St. Johns County, November 17 to January 6. Hunting permitted on Wednesdays, Thursdays, Saturdays and Sundays only. Best Hunting: Waterfowl, Wild Hogs, Squirrel, Deer.

14. Ocala Wildlife Management Area, Ocala National Forest, Marion and Putnam Counties, November 17 to January 6. Best Hunting: Deer, Turkey, Squirrel.

15. Tomoka Wildlife Management Area, Flagler and Volusia Counties, November 17 to January 6. Best Hunting: Deer, Turkey, Squirrel.

16. Farmton Wildlife Management Area, Volusia and Brevard Counties, November 17 to January 6. Best Hunting: Deer, Turkey, Squirrel.

17. Citrus Wildlife Management Area, Citrus County, special archery, deer, and quail hunts.

18. Croom Wildlife Management Area, Hernando and Sumter Counties, November 17 to January 6. Best Hunting: Deer, Quail, Squirrel.

19. Richloam Wildlife Management Area, Hernando, Sumter, Pasco Counties, November 17 to January 6. Best Hunting: Deer, Turkey, Squirrel, Quail.

20. Avon Park Wildlife Management Area, Highlands and Polk Counties, November 17 to January 6. November 22 to 25, and December 22 to January 1, open; at all other times, open only on Saturdays and Sundays. Best Hunting: Turkey, Quail.

21. Cecil M. Webb Wildlife Management Area, Charlotte County, November 17 until allowable number of birds are taken (probably 3,500). Best Hunting: Quail, Deer.

22. Lee Wildlife Management Area, Lee County, November 17 to January 13, hunting permitted only on Saturdays and Sundays. Best Hunting: Deer, Turkey, Quail.

23. Okeechobee Wildlife Management Area, Okeechobee County, November 17 to January 6. Hunting allowed Saturdays, Sundays, and legal holidays only. Open November 21 to 25 for Thanksgiving holidays. Best Hunting: Turkey, Quail, Deer.

24. Fisheating Creek Wildlife Management Area, Glades County, November 17 to January 6. Best Hunting: Turkey, Quail, Squirrel.

25. J. W. Corbett Wildlife Management Area, Palm Beach County, November 17 to January 6. Best Hunting: Deer, Quail, Wild Hogs.

26. Devil's Garden Wildlife Management Area, Hendry County, November 17 to January 27, hunting permitted only on Saturdays and Sundays. Best Hunting: Turkey, Quail.

27. Everglades Wildlife Management Area, Palm Beach, Dade, Broward Counties, November 17 to January 6. Best Hunting: Deer, Wild Hog, Waterfowl.

Summaries of regulations and licenses and permits for the hunts may be obtained from County Judges' offices.

PAT FOR PADGETT—Bulling his way across the goal line for an important extra point is Red Devil Lanse Padgett, No. 18. The point spelled the difference between victory and a tie, as the locals edged the Jesuit Tigers by a 14-13 margin. (Sun Photo)

* * *

Football —

(Continued from page one)

[illegible] Jimbob Maddox took Jesuit's kick-off on his 25 and charged through to the 44 before the Tiger line could pull him down. From that point the Devils started their winning drive. Padgett reeled off four yards and Maddox added one. Then a five yard penalty against Jesuit gave the Avon Park eleven a first and ten on the Tiger 45. Speed halfback Strickler quickly added another first down with a 17 yard dash around right end. Maddox bulled through for gains of three and five yards and Padgett got enough for another first down with a two yard off tackle slant. Maddox drove for three more yards to put the ball on the Tiger 15. Then Strickler took a pitch-out from Sullivan and skirted left end to the one foot line where defensive back George Wright slammed him down with a viscious tackle. Leonard Sullivan took the ball over on the next play with a quarterback sneak to tie the game up 13-13. For the all-important extra point, Sullivan faked a hand-off to fullback Maddox up the middle and then pitched out to Strickler who danced into the end zone untouched for the needed point.

Avon Park's first touchdown drive was also a sustained march on the ground as Maddox, Padgett, Still and Sullivan ground out the yardage in small chunks except for a 16 yard romp by Maddox midway in the drive. The going got tough on the Jesuit 13 when the Devil's had a first and ten and drew a five yard penalty for off-sides. But with first and 15 Padgett picked up four and then Maddox, the workhorse of the evening, picked up just enough for the first down in three carries. With the ball on the one foot marker, Sullivan took no chances on a fumble and held the ball himself as he sneaked over for the score. Lanse Padgett blasted through the middle for the PAT to put Avon Park ahead 7-0.

Avon Park had another golden scoring opportunity later in the first quarter when the Devil defense held the Tigers and forced them to kick from deep in their own territory. The kick was a short one and Avon Park took possession on the Jesuit 41. The Devils drove to the Tiger three yard line but a 15 yard penalty on fourth down moved them back to the 18 and Lanse Padgett's halfback pass missed its mark to give Jesuit the ball at that point. Several plays later Jesuit fumbled and tackle Jackie Turner recovered for Avon Park. The Devils moved down to the Tiger 20 this time before their drive sputtered out.

Jesuit's first score climaxed a fustrating drive by the Tigers. After receiving 25 yards in penalties, the Tigers faced a second and 24 situation. So quarterback Clifford Fernandez faded back and heaved a long one down field to left halfback George Wright who hauled in the pigskin on the 50 yard line and out-ran the Avon Park secondary for the TD. Juno Cox, Jesuit halfback, was stopped by the Devil defense when he tried to run the extra point and the Devils held a shaky 7-6 lead at halftime.

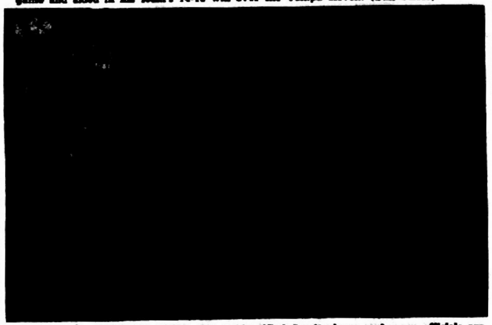
The third period was dominated by Avon Park again as they held Jesuit to only one first down and moved as far as the Tiger 15 at one point in the quarter before another 15 yard penalty on fourth down thwarted their efforts and a fumble on the ensuing play gave Jesuit the ball on their own 37. The quarter ended at that point and after the ball had been moved to the opposite end of the field, Jesuit ran the ball for one yard and then unleased another spectacular pass play that resulted in a TD for the Tigers. Halfback Juno Cox took a hand-off from his quarterback and rolled out to the side to throw a long one to end Mike La Barbera on the Devil 45. La Barbera raced down the sideline pursued by defensive back Max Still who made his dive seconds late as he brought the ball carrier down just over the goal line. George Wright sliced through off tackle for the extra point to put Jesuit out front 13-7 with approximately seven minutes of playing time left in the game.

After Avon Park took over the lead again, Jesuit had two opportunities to score and only the determined efforts of the Avon Park defense kept them from upsetting the Devil's lead. The Tigers first attempt was stopped when Max Still intercepted a fourth down pass on Avon Park's 23. The Devils were held without a first down and Bill Ward's punt, aimed for the sidelines to prevent a runback, was short setting up another golden opportunity for the Jesuit boys on Avon Park's 43. A completed pass from Wright to end Tom Thro moved the Tigers to the Devil 20 and another chunk from Wright to Cox set the ball on Avon Park's nine. The Devils got real tough at this point however and held fullback Ronnie Sanchez to no gain and then caught Fernandez for a six yard loss as he attempted to pass. A final pass was broken up at the last second by the Avon Park safety man and the game ended as Avon Park held at their 15.

Statistics:

	A.P.	J.
First downs	14	6
Rushing yardage	208	68
Passing yardage	5	176
Passes	1-6	4-12
Passes int. by	1	0
Punts	2-25	3-27
Fumbles lost by	1	1
Yards penalized	55	105

OUCH, GET OFF MY HEAD—An Avon Park player on the bottom of this pile gets the business end of a fellow teammate's cleats last Friday in the game with Jesuit. Thanks to good equipment however, he sustained no injuries and continued in the game and aided in his team's 14-13 win over the Tampa eleven. (Sun Photo)



LOST—ONE CONTACT LENS—An unidentified Jesuit player and game officials are shown as they attempted to find a contact lens lost by the Tiger player during last weeks game here. This reporter wasn't able to learn if the expensive item was located. (Sun Photo)

Lumber Expected To Play Prime Role In Housing For Population

America's astronauts have been receiving well deserved national acclaim for fantastic conquests of outer space.

But serious space problems remain to be solved—closer to home.

Many U. S. cities are already overcrowded and their populations are still growing fast. The worst may be yet to come. The largest baby crop in the nation's history was born during World War II. These "babies" will reach family-forming stage in the years immediately ahead. Where and how are we going to find the space to house them?

Many of the nation's leading industries, municipal and civic planners have already come to grips with this impending problem. Some clues as to their probable line of attack may be found in current construction trends.

According to the Southern Pine Association, one hint may be discerned in the boom in apartment building. In an effort to approximate a residential flavor, designers have been applying home building techniques to one, two and three story apartment buildings.

While accomodating large numbers of families, this new style of apartment has some of the advantages of a single family residence. In many instances, the apartments are grouped around a centrally located outdoor area. The latter contains ample "running room" for children, attractive landscaping and occasionally a swimming pool.

The interiors follow a residential pattern. Room atmospheres are informal and there is a decided emphasis on "warm" materials, such as wood paneling, and on color and texture interest.

Many modern apartment buildings use a glamorous residential technique—the wood plank-and-beam system—which permits large windows adjacent to the central yard.

Such apartments are appealing to younger families who are comparative strangers in new cities. Early friendships are formed with apartment neighbors, in addition to enjoying a homelike atmosphere.

A second significant trend, in this "conquest of space," is a return to the two-story dwelling.

With post World War II emphasis on ranch homes and the contemporary style, the two story home was briefly in disfavor. In part, this was reaction against the often massive and aesthetically unsatisfying two-stories of the Victorian era. Otherwise, it grew from a strong if mistaken belief that the streamlined contours of contemporary styling could be achieved only in one story dwellings.

IN VETS HOSPITAL

Friends will regret to learn that Ector C. Money is in the Veterans Hospital at Bay Pines, St. Petersburg for treatment.

A psychiatrist says you can avoid a nervous breakdown by working hard. Got any other choices?

Schwinn Re-elected Chairman Of Highlands Democratic Committee

A "rejuvenated" Highlands County Democratic Executive Committee met this week and elected officers. S. F. Schwinn, chairman for the past six years, was named for another four year term as chairman of the Committee.

Mrs. F. Elgin Bayless of Sebring was re-elected vice chairman. Miss Martha Lauderback of Sebring had been appointed secretary, and C. M. Payne's term as treasurer is not up until 1963.

Commenting on the meeting Mrs. Bayless observed, "We are very gratified by the attendance at the meeting." The commissioners meeting room at the county court house was well filled for the session.

Mrs. Bayless commented that the committee seems very enthusiastic. "We plan for the committee to be far more active than it has in the past." She said the first major project for the committee is a "get out the vote" drive.

"We feel that each passing day brings to us a new awareness of what a great privilege it is to be able to vote. We hope that every registered voter in Highlands County will go to the polls on Tuesday."

She said the committee will concentrate on urging support for "all Democratic nominees".

Treasurer Payne told the committee session on Monday that the party has $2,800 in the county committee treasury. Chairman Schwinn said this would probably "be enough to take care of expenditures for the general election and for the 1964 general election.

All elected county officials were invited to attend the committee meeting on Monday. And several new committeemen were introduced.

Stetson Seeks Applicants For 1963 Classes

Stetson University is sending out application forms for the Fall 1963 freshman class, Paul Parker, director of admissions, has announced. Those interested should apply now, Parker said, since available space at the University is limited.

Parker also advised candidates for admission to take the College Board tests required by Stetson as early as possible, preferably on the December 1, January 12, or March 2 testing dates.

Candidates who do this can expect earlier decisions on applications. Applicants who wait until the May 18 date for College Board tests, take the chance that the freshman class enrollment will be filled, Parker said.

Candidates for Stetson admission must take the Scholastic Aptitude Test, English Composition and Math Achievement tests and the Writing Sample of the College Boards.

Applicants who have completed all necessary papers for admission to Stetson by January 15, may receive notification by January 24. Those filing before February 15, may be notified on March 7, and those filing by March 1 should receive notification on April 4. After April 4, decisions will be made as applications are completed.

Examinations are only one of the factors upon which judgments are made for Stetson admission, Parker said. Other highly important criteria are the prospective freshman's high school record, his health report, recommendations of teachers and guidance counselors, and other references.

If all the information gathered on the applicant is favorable, the University will admit the student with confidence that he is capable of completing his work and making a good adjustment to college, Parker asserted. Every effort is being made by Stetson's Admissions Committee to admit only those students who are capable and willing to earn a Stetson degree, he added.

High school seniors interested in admission to Stetson should follow this step-by-step procedure:

1. Write for an application from the Director of Admissions, Stetson University, DeLand.

2. On receipt of the Stetson application form, complete and return as soon as possible. The applicant should give the transcript for grades 9 through 11 to his high school principal for completion. The student's record for the first semester of the senior year is not needed unless Stetson officials make a special request for it.

3. Also have completed and returned early in the Fall the teacher reference form, a confidential supplement form, and a health report.

4. Obtain from the high school counselor or principal an application for the appropriate College Board tests and return it to Box 592, Princeton, New Jersey. Specify as early a date as possible for taking tests, and request that scores be sent to Stetson University, DeLand, Florida.

5. On notice from the College Entrance Examination Board, take tests at the time and place specified.

6. Await word from the Stetson University Admission Office.

All tests required for admission are standard examinations prepared by the College Entrance Examination Board, New York. They are not the same as the Florida 12th Grade Admissions Test administered in every Florida high school the student's senior year—Stetson does not require this test for admission, Parker pointed out.

College Board exams now being required by an increasing number of colleges are administered at testing centers located throughout the U. S. An applicant need go no farther than 60 miles from home to take the tests. Stetson University's DeLand campus is one of the designated testing centers.

Judge Rehrer Conducts Meeting On Treatment For Alcoholics

Representatives of half-a-dozen types of courts met in Miami recently to study proposals for a "mutual program" on alcoholism.

Highlands County Judge Mervin Rehrer called the meeting which gave major attention to the question of compulsory treatment for confirmed alcoholics.

Judge Rehrer is chairman of the Florida County Judges Association's Mental Health Committee.

Judge Rehrer said, "The problem is a mutual one among all branches of the judiciary in Florida."

He told the court representatives that a program is needed "which would not be too expensive to make it prohibitive . . . and most of all a plan which would provide for treatment of the alcoholic so that he can be restored to the status of a sound citizen".

The Highlands Judge maintains that alcoholism is the only form of mental illness in which the "patient" is required to decide for himself whether or when he will receive treatment.

He said that through such meetings as one in Miami, he hopes that Florida judiciary will, by next meeting of the Legislature, work out some "common positions".

Those attending the meeting and the groups they represented were Gene Williams of Dade County, judge of criminal court; W. Marion Hendry of Tampa, justice of peace court in a metropolitan area; O. W. Hancock of Immokalee, justice of the peace in a rural area; Milton J. Wallace of Miami, city judge in a metropolitan area; Henry Balaban of the 11th Circuit, judge of circuit court.

30,000 Tax Statements Are Mailed

The 1962-63 tax year rushed into opening days. On Monday, the first day to collect taxes for the new year, between 500 and 600 payments were made, totalling about $10,000, Tax Collector W. H. Prescott said.

Prescott said virtually all the early payments were on real estate. Payment on intangible taxes had been very small in the first days.

The Tax Collector's office on Oct. 25 and 26 mailed out approximately 30,000 individual statements. This represented, Prescott said, property owned by 17,000 different persons.

Former Coast Guard Auxiliary Man Urges Flotilla For Avon Area

J. Paxton Hill, a past commander in the U. S. Coast Guard Auxiliary, this week urged the boating minded residents of Avon Park to back a Flotilla.

A Flotilla, as Hill pointed out, comprises a minimum of 10 boats which would qualify as a Coast Guard Auxiliary Facility. The boats would be in the 14 foot and over class and would contain all necessary safety equipment for approval by the Coast Guard.

Men and women alike can belong to the Auxiliary, Hill said. The Auxiliary is the civilian counterpart of the regular Coast Guard. It promotes safer and more efficient operation of motorboats and fosters better compliance with boating laws and regulations.

Instruction in seamanship, piloting, maintenance, navigation and lifesaving and accident prevention are included in the program. Auxiliary members on occasion with patrol regattas, assist in emergencies during floods, storms, etc. They will also aid in such events as the Kissimmee Boatacade.

Hill, Wallace Kaiser and the Rev. Russell Boaz were among the Coast Guard officials taking part in the recent Kissimmee River jaunt. Anyone interested in a Flotilla is urged to contact either Hill, Boaz or Kaiser at one of the three numbers listed here: GL 3-3382, 3-6238 or 3-3964.

DAR Meeting November 5

The DAR will meet Monday, November 5 at 2:00 p. m. with Mrs. William C. Schaffer, 1211 North Lakeview, Sebring. Mrs. Byron Wheeler of Lake Placid will present the program "Cuba and its relationship to our hemispheric defense". Mrs. Wheeler has just returned from a trip to the West where she was invited to speak on the Cuban situation to many groups.

Congregational Women Slate Reorganization

The first conference of the United Congregational Churches of Christ, Women's Fellowship of the Florida Conference will convene at Lake Byrd, Monday, November 5, for a three day session.

The Florida Women's Fellowship is the first in the nation to re-organize following the merger of the various church groups forming the United Congregational Churches of Christ in America.

Dr. Lillian Gregory, who was a delegate to the Rotterdam World Conference of Congregational Churches this summer, will be among the guest speakers.

Anyone desiring to attend the conference should register at Lake Byrd Lodge, state conference center for the Congregational Churches of Christ in Florida.

Postmaster Gives "Insurance" Tips To Mailers of Christmas Parcels

Although the Post Office Department is not in the insurance business, it does provide three services which offer protection against the possibility of loss or damage to mail matter, according to Postmaster R. D. Young.

Those who may have been hesitant about mailing a camera, watch, pair of field glasses, or other valuable item to a friend or relative at Christmas time may obtain some ease of mind through the protection offered by insured, registered, or collect-on-delivery (c.o.d.) mail. These special services provide for payment of indemnity in the event the package covered is lost, rifled, or damaged.

On parcels of this type claims may be filed at any post office, branch, or station by either the mailer or the recipient. Claimants are allowed the value of the damaged item at time of mailing, or the cost of duplicating the item, or the cost of repairs to partially damaged items up to the amount covered by the fee paid. The wrapper or postal receipt under which the parcel was mailed must be submitted when the claim is filed. Invoices showing purchase price, cost of repairs, or cost of duplicating damaged or lost articles are generally required. On claims involving used items or items in need of repair, an allowance must be made for any depreciation due to age or wear, or for repairs needed at the time of mailing.

Insured, registered, or c.o.d. parcels may be opened and the undamaged items removed. It is not necessary that parcels suspected of containing damage be inspected by the post office before being opened. Only the items for which a claim is made are required to be submitted with the wrapper or other evidence of insurance.

Undamaged portions of sets of dishes, glasses, etc., must be submitted if the damaged pieces cannot be replaced. Payment in such cases is made for the entire set unless the claimant desires to retain the undamaged items. If the undamabed portion of the mailing is retained, a fair salvage value is determined by the post office. The salvage value, however, may not be the total value of the set.

Claims involving loss of or damage to family heirlooms, keepsakes, and the like, on which the claimant places a

Winter Guest Club News

With the coming of cooler weather, comes also our many friends from the northern states to spend a few months in Florida's incomparable climate. With their return many activities at the Winter Guest Club have resumed and others have picked up steam.

The pinochlers turned out four-table strong last Monday afternoon with Verenette Grimshaw earning the high scores. Mr. Mindard came in second-best.

It must be the bridge players were all at a party, or had other things to do as there was only one table at play, with Chas. Gruber winning high score.

Under our ever popular "[illegible]", the shuffleboard games have been most interesting. An abler person than your scribe will have to explain the [illegible] of the point system. [illegible] Suffice it to say that [illegible] has added much to the interest. [illegible] October 24 the main [illegible] was won by Louie Reisner and [illegible] Kull. Lura Pickell and Harry Longanecker took the consolation honors while the runners-up were Sallie Wyman and Harry Gibson.

On October 27 the main event winners were Louie Reisner and Harold Arms; Eldred Gruber and Clay Kull were runner-up. The Consolation event was taken by Tony Kerr and Harry Longanecker.

It seems the dancers (some, at least,) never stop. All summer there was one, and sometimes two dances each week. When Mr. Wagner left to spend the summer at Hendersonville, Cliff Seifert took over that activity. In July, when Mr. Krenerick left for a few weeks' vacation, the dancers decided to forego that evening's pleasure, in deference to the exceedingly hot weather. With the first of October both dance leaders were back on the job, the dancers were rarin' to go, and now that activity is in full swing.

As was true last winter, the Monday night dances feature quite a fast tempo, with many new numbers being presented each evening. "Johnnie and Edie" had opportunities during the summer to enlarge their already extensive repetoire, and there is an eager, enthusiastic crowd on hand each Monday to enjoy and learn. A feature being stressed this season is the increasingly popular pattern round dance. Many of these use old, familiar tunes, with a danceable pattern. The Monday program will feature two squares and a round in that succession thru the evening.

On Tuesday at 9:30, any beginners who wish to learn the dances will find Mr. Wagner at the club house, ready to help them. In the event there are no beginners, the time will be used to learn new rounds.

On Friday evening the dance program has an entirely different approach. These dances are planned for the Winter Guest Club members, the majority of whom spend from three to five months of the summer in the north. They are, nevertheless, interested in dancing and wish to have a part in the program, but due to the shorter time here, they are not prepared to keep up with those who are here the whole season and attend several dances each week. On Friday the program features traditional squares, waltzes, polkas, and fox trots, besides mixers and a few pattern rounds. Many of our winter visitors enjoy dancing but not the squares so the program on Friday evening will be a square, then a couple dance, alternating throughout the evening. This program evidently has found favor with quite a few, as there were four squares on the floor for most numbers Friday evening, with the floor crowded for the waltzes and other couple dances.

It was planned to start the Saturday evening potluck dinners on Saturday last, but this was postponed because of the annual Hallowe'en parade. So, you knife-and-fork wielders, pack your basket, come to the club house on Saturday, no later than 5:30, and enjoy a sociable hour, so says

THE TATTLER

Devil "Bees" To End Season Thursday Night

[illegible] Lake [illegible] touch [illegible] Steve [illegible] A pass [illegible] Bernie Lewis [illegible] the PAT.

[illegible] fumble recovered on Avon [illegible] 25 set up Lake Placid's next score. Hard running fullback, Roger Scarborough, took credit for the Green Dragon's next score as he bulled over from the four. The run for the extra point was stopped short of the goal but the visitors were out front 13-0 at halftime.

Scarborough swept around right end for the Dragon's final touchdown early in the third period and once more the junior Devils held on the running try for the bonus point.

The fourth quarter was strickly a defensive battle although Avon Park managed to penetrate to Lake Placid's 17 at one point in the game.

It was the fifth straight win for the Lake Placid eleven. The loss gave Avon Park a record of one win, two losses, and one tie.

More than 4,000 Boy Scouts attended the sixth annual Rose Allen Boy Scout Encampment at Silver Springs recently to gain first hand knowledge of survival secrets.

Fruit, honey, milk, grains and saps of plants have been used in the production of alcoholic beverages at one time or another, says the Florida Alcoholic Rehabilitation Program.

Circle Hostess

Mrs. C. E. Ackerman was hostess to the Marilyn Bonnell Circle of the First Baptist WMU Tuesday afternoon of last week. Twelve members were present with one new member and one visitor.

In the absence of Mrs. W. C. Touchton, chairman, the co-chairman, Mrs. A. N. Bowen, conducted the business. Mrs. ett and four other ladies discussing the WMU Emblem from its beginning to this the 75th anniversary year of the Woman's Missionary Union. Special prayers were made for the church missionaries and leaders of the nations of the world.

The hostess served delicious refreshments at the close of the meeting.

DAR Meeting

On Friday, October 26, the District Six of the Florida Society of Daughters of the American Revolution convened in Lakes Wales at the Plantation Inn.

State Officers, State Committee Chairmen, District Director and Chapter Regents presented reports of DAR activities.

Chapters represented at the meeting were from Bartow, land.

The representatives from Patriots Chapter were: Mrs. August M. Luyben, Regent; Mrs. J. A. Vasek, Vice Regent; Mrs. Demos Mandis, Chaplain; Mrs. M. E. Stephens, Corresponding Secretary; Mrs. A. H. Schutt, Treasurer; Thelma L. Merrill, Registrar; Mrs. B. H. Griffin, Mrs. Clarence Bue, Mrs. Eugene Borda, Mrs. W. J. Lockett, Chairman Motion Picture Committee, and Mrs. M. F. McGee.

F. W. Theile arrived last week at The Villa near Avon Park, where he plans to spend the winter. Mr. Theile has been at his home in Buffalo, New York during the summer.

Among the college students spending the weekend with their families were Claire Maxwell and Chica Durden from Gainesville and Ben Earnest from USF, Tampa.

Mr. and Mrs. Fred Wood are back at their home 710 N. Lake Green, Ohio. Mrs. Wood is a sister to Leo Wagner, and she reports that Mr. and Mrs. Wagner will be arriving in the near future.

CARD OF THANKS

The family of Mrs. Harriett Nancy Capell wishes to thank their many friends for the flowers and kind expressions of sympathy shown at the recent death of thir loved one.

Mr. and Mrs. T. E. Capell

At The Churches

THAT'S A WONDERFUL STORY!

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Yes, that's a wonderful story. Maybe he'll be president some day, or like the man in the storybook. Maybe his picture will one day be shown in an historic sketch—a flashback of the life of someone famous.

It could be you. It could be your own child, or someone you know. The young have dreams, the old have visions. But, from young dreams come realities.

The greatest reality is God. He is waiting . . . for you. He waits in your church. Relive the dreams of long ago this Sunday . . . in church we call those dreams, prayers! For prayer is often but a wish, and frequently a silent "thank you" sighed to God. You can face stern realities with stronger faith, if you have that faith renewed—often.

Avon Trailer Park News

Mr. and Mrs. Earl Amick from Syracuse, Indiana were among the first arrivals to Avon Trailer Park this season, and friends are delighted to find his health much improved.

Mr. and Mrs. Harry Longanecker from New Carlisle, Indiana are back and enjoying the new aluminum awning on their trailer home which adds [illegible] beauty and comfort.

Mr. and Mrs. Bert Scheepers [illegible] Fontaine from Canada [illegible] this week and as [illegible] just ahead of the [illegible] north.

Mr. and Mrs. Bland Neukirk from South Bend, Indiana arrived this week with extra items from storage and now they are contemplating the addition of a new cabana to their home.

Mr. and Mrs. Arthur Fouty have sold their home in Robinson, Illinois and are presently making their home in Lakeside, this in a new mobile home. The next big question is, will they be Buckeyes or Crackers?

Friends here are sorry to loose the Roy Van Oostens who moved to Orlando to be near their son who lives there.

New arrivals include Mr. and Mrs. E. A. Harris and the Vern Mesnards. Mr. and Mrs. Ed Parhan who hail from Michigan, recently arrived and have had as their guests his two sisters and their husbands, Mr. and Mrs. William Kelly from Redondo Beach, Calif. and Mr. and Mrs. Theo Phalen from Wildwood. The Phalens are former residents of Avon Trailer Park, and they enjoyed visiting their old friends here.

Coming from Michigan are Mr. and Mrs. Guy Engelbert, Mr. and Mrs. Axel Nyholm, and the Engelbert's houseguests, Mr. and Mrs. Verne Reithmiller, from Jackson, Mich. Returning from New York State are Mr. and Mrs. Frank Foote. They were among the first residents of the Park when it opened five years ago. Mr. and Mrs. Walter Douglas from Illinois and Mr. and Mrs. C. P. Bruner, Mr. and Mrs. Ivan Hile, and Mrs. Paul Sutherin, all from Ohio; the Joseph Lynchs from Massachusetts and Mrs. Ella Roenneberg returning from Freeport, Illinois, all are here to enjoy the friendly Avon Trailer Park for the winter season.

Mr. and Mrs. W. J. Horton from Washington, D. C. have joined the community here.

Mr. and Mrs. John Foley have returned to the trailer park in Lake Alfred.

Homemakers To Attend District Meeting Nov. 3

A bus load of FHA girls from Avon Park High School will be going to Bartow Saturday, November 3 where they will attend a District Meeting. An expected 1,000 Future Homemakers will be attending.

The bus will leave at 7:45 a. m. and each girl should bring a lunch. Mrs. Devon Reddick and Mrs. Charles Metcalfe will be assisting Mrs. Violet Moseley to chaperone the trip.

Theme for the meeting, "Guideposts for Progress" will be developed on the subjects of Education, Discovering Self, Citizenship and Family Living.

Cindy Metcalfe will be a candidate for a state office of vice president of program work. Devorah Reddick and Carol Ann Childress will be in charge of a short recreational period for the group.

Sunday guests with Mr. and Mrs. Harry Longanecker were Mr. and Mrs. Charles Brush of Byrd Lake.

Returning from a summer at Shell Lake, Wisconsin are Mrs. Lula Maddrell and Mrs. Bess Raas.

To prove that mobile homes have everything, the Harrises and Engelberts both have organs in their trailers and their neighbors have been enjoying the beautiful organ concerts and the vocal numbers rendered by Mr. Harris and Mr. Engelbert.

Councils Will Meet Separately

The Student Council of APHS and junior high decided on Monday afternoon to hold separate meetings this year. They plan to meet on alternating Monday afternoons.

New officers for Junior High School elected at Monday's meeting are Bobby Border, president; Nancy Seibold, vice-president, and Arline King, secretary-treasurer. Teacher, J. A. Joveless, will sponsor the Junior High Student Council.

MRS. WHIDDEN CIRCLE HOSTESS

The Evelyn Stone Circle of the Florida Avenue Baptist Church WMU met at the home of Mrs. Leroy Whidden Tuesday of last week with six members and two visitors present. New officers were elected and a program presented after which the hostess served delicious reffeshments.

Home Economist On The Go

by Patricia G. Hurley

Civil Defense is foremost in most of our minds today. I have copies of "Shelter Reserve Food Supply" prepared by the United States Department of Agriculture which gives the food needed by one person or a family of four for a period of two weeks. Anyone who wants a free copy may come by the Home Demonstration Office in the Post Office basement and pick it up.

Miss Louise Sommerall and I were talking the other day about inexpensive ways to decorate a home. She said that she slipcovered her sofa with unbleached muslin and trimmed it in a color. She used burlap to make inexpensive but attractive draperies.

Mrs. George Dundas showed me the many ways she has used Con-Tact self-adhesive vinyl on shelves and in drawers because it is much more durable than regular shelf paper. She put it on her closet rods a year ago. The hangers slide easily over it and it looks like new. You might like to try this, especially if your closet rods are metal and are prone to rust. Mrs. Dundas used a matching pattern on her hat boxes. She also used this easily cleaned material to cover a metal filing cabinet.

Mrs. Violet Moseley, Avon Park High School Home Economics teacher, asked me to talk to her girls about Color in the Home. I was glad to take one of my house plans along with paint and fabric swatches to create color schemes for each room.

While at the high school, I ate lunch with some of the teachers, including Mr. Don Hansen, who said, "You know my daughter, Corinne, she's in the 4-H Club in Sebring." Mr. Guy Garrett and I talked about North Carolina. I learned that as a child he often visited relatives in my home town, Wilson.

OLD Mr. BOSTON

YE INTELLIGENT BUYER'S GUIDE TO FINEST LIQUORS

Like Fine Scotch, Canadian, Rum & Brandy...

KENTUCKY WHISKEY TASTES BEST AS A BLEND!

There's only one way to make a good Kentucky Whiskey taste better . . . blend it with other Kentucky Whiskeys and grain neutral spirits.

For years, the secret behind the famous smoothness of Scotch and Canadian whiskies is the fact that they are actually blends of several different types of Scotch and Canadian whiskies. Most Rums and Brandies are blends too, of several different types of these well-known liquors.

Now, Mr. Boston actually improves on the natural rich flavor of good Kentucky Whiskey by selecting several of the best and blending them together with choice grain neutral spirits. Result: smooth flavor balance and mildness that straight Kentucky just can't match. Try a bottle of Mr. Boston's Rocking Chair soon!

AMERICA'S TOP-SELLING KENTUCKY BLEND

Soil Conservation News

By SAM POLSTON
U. S. Soil Conservation Service

The Highlands Soil Conservation District assisted Highlands Hammock State Park this week with a water control problem in the camping area. Recommendations were made for the construction of 2,000 feet of a diversion ditch.

Von Maxey of Sebring is installing an overhead sprinkler irrigation system on 26 acres of grove near DeSoto City. The system is for a dual purpose of frost protection and irrigation. The Soil Conservation Service Engineers designed a seepage pit in the edge of Jackson Creek swamp to supply about 1,200 gallons per minute. He is using an electric pump.

Leon Tubbs was assisted this week in preparing a basic conservation plan on 120 acres in the Upper Fisheating Creek Watershed. He will plant 40 acres of citrus, 20 acres of which is already established and 80 acres of improved pasture grasses.

An application for assistance was received this week from D. A. Griffis on 10 acres of citrus on which 2,500 feet of drainage ditch is being staked out by John H. Ausburn Soil Conservation Service Engineering Technician. Griffis has experienced flooding of this citrus in the past.

George Cross, cooperator of the Highlands Soil Conservation District was assisted this week by Claude Howerton Soil Conservation Service Technician in staking ditches for drainage on his land in the Kissimmee River Watershed.

Thirty-two water control structures were installed this week by Bob Hall of Fisheating Creek Dairy at Venus. This completes the irrigation system on 600 acres of clover pasture to be irrigated from a 16 inch well that pumps 3,500 gpm.

Girl Scout Troop 117 Works

Girl Scout Troop No. 117 did their good turn by helping the Junior Woman's Club in their clean-up day of Donaldson Park last Wednesday when the girls all picked sandspurs from the Park grounds.

Girl Scout Calendars for 1963 are being sold by troop members. Plans are in the making for a camping trip and the girls are working on their badges and finishing their second class rank.

Members of Troop 117 are Patty Hallam, Frances Thompson, Ann Mandis, Marilyn Smith, Patricia Miller, Cheryl Fout, Robin Williams, Celia Albritton, Susan Biggs, and Marcia McDugald, the scribe. New members include Susan Booth, Marcia Ward, Judy Sea, and Sharon Bennett.

Here and There

Mrs. Mable Staggers had a surprise visit from her son, Harvey Staggers, who is retiring from the United States Army and the two left Friday for a trip to Cincinnati, Ohio where they will visit Mrs. Staggers' daughter and other relatives. Mrs. Staggers' sister, Mrs. Minnie Slack, of Fairmount, West Virginia, who spends much of her time here, returned last week from a summer vacation in West Virginia.

Melvin Rogers and son, Johnny, of Miami, spent the weekend here with his parents, Mr. and Mrs. M. L. Rogers.

Miss Kathy Polk of Lake Placid, who is attending the USF in Tampa, was here to visit her grandparents, Mr. and Mrs. M. L. Rogers.

Mr. and Mrs. Harold Nute and Mrs. Pearl Spinks spent Saturday at Cape Coral, each reporting a pleasant day.

Mr. and Mrs. A. C. Hornung of Daytona Beach spent the weekend here with their daughter and her family, the Pat Whites, at Lotela Terrace.

CIRCLE HOSTESS

The Victoria Brasington Circle of the First Baptist WMU met at the home of Mrs. L. W. Wicker, Tuesday morning, October 23 at 9:30. Mrs. Wicker is chairman of the circle. Mrs. Bryce Martin, program chairman, presented a program on the WMU Emblem. At the close of the meeting the hostess served refreshments to seven members and two visitors.

SANDRA JO WEAVER

Weaver-Knowles Engagement Is Announced

Mr. and Mrs. William Weaver of North Anoka Street have announced the engagement of their daughter, Sandra Jo, to Wayne C. Knowles, son of Mr. and Mrs. Alvin O. Knowles of West Bell Street.

The Weavers are formerly from Portsmouth, Ohio where the bride-elect graduated from Portsmouth East High School in 1960. She was employed at the Mercy Hospital in Portsmouth and since coming to Avon Park has been employed in the office of Drs. Ostling and Daniel.

The groom-elect was graduated from Avon Park High School in 1957; has served in the United States Navy and is now employed by Life Casualty Insurance Company.

Plans for the wedding will be announced.

Route U. S. 1

I started out one autumn day,
  Northward bound in a
    Ford coupe,
Along a route called
    Number One,
  That runs from Jax
    to Washington.

I turned aside when night
    came down
  Just at the edge of some
    small town,
Turned aside just to rest
    my head
  In a nice motel.
    Alas, Instead

Upon a sleepless couch lay I
  Whilst snorting trucks
    went roaring by,
Masters of the concrete road,
  Bearing each its monstrous
    load

Of barrels, boxes, biscuits,
    bales,
  Whiskies, gins, beers
    and ales,
Things in sight and things
    unseen,
  Smelly oils and gasoline.

Ah me, 'tis inconceivable,
  Yet really quite believable,
That such a racket must go on
  From dewy eve till
    misty morn.

There's something wrong
    if one must lie
  Awake all night,
    nor close an eye,
For whilst the stars
    their vigil keep
  The roaring trucks
    just murder sleep.

Lord, let me travel on a
    country lane,
  Where life may be slow
    but life is sane,
Where one may sleep
    in his nightgown
  Like a birdling on its
    nest of down.

Quite undisturbed
    by rumbling trucks,
  By nothing worse than
    pigs or ducks.
Preserve me, Lord, from that
    Route One,
  Which runs from Jax
    to Washington.

H. J. Fenton

BROWNIE TROOP NO. 206

Brownie Scout Troop No. 206 will meet for their first time this Fall at the Scout Hall Monday, November 5. Troop 206 is sponsored by E. H. Green. Mrs. Lorrarine Acri and Mrs. Green are chairman and co-chairman. They request that all mothers attend this first meeting with the children, who are all third graders.

Florida Council Reports

By George A. Smathers,
United States Senator

To represent a dynamic and progressive state like Florida, bursting with increased population and the tremendous activities generated by the federal government's new space programs, is quite different from representing a New England or Middle Western state, whose growth is either gradual or relatively static.

Just trying to keep up with trends, developments and plans for new projects is difficult even with the huge volume of information which reaches me by mail, and, on some days, my daily mail exceeds 2,000 pieces. This volume would normally tax the staff of any senator, but somehow we manage to handle it.

However, the usefulness of a senator is dependent to a large extent on the quality of the "feed-back" in communication he receives from reliable sources within the state. If a senator is to do his job properly, he must not only understand the conditions in his state, but he must understand the developments which are in the making.

Therefore, I welcomed the establishment of the Florida Council of 100. I recognized that such an organization composed of outstanding businessmen, industrialists, and educators in the state could provide an energetic group of men who were completely dedicated to the advancement of our economy, our educational system, and the general progress of the state. Such a group of men could furnish quality "feed-back" information with which I could take constructive action in the halls of Congress.

I have already had the satisfaction of working with the knowledgeable members of the Council of 100 on projects involving the U. S. Department of Defense and the National Aeronautics and Space Agency. The help of these well-informed and experienced members has been indispensable in negotiations to further our best interests with these agencies and the results have been most fruitful.

I am proud that it was in Florida that the first statewide Council of this special kind was formed - an organization which is in no way financed or staffed by the state government or any other government agency, but which operates solely on the basis of serving all levels of government for the mutual benefit of all the people in the state.

I feel sure that in the years to come businessmen's organizations from throughout the nation will seek out the council for advice about setting up similar organizations within their own states. To me, this reflects the kind of leadership which has contributed so much to the spectacular growth of Florida in the last decade and will no doubt be instrumental in generating every greater progress in the coming ten years.

MRS. WILLIAM H. BOWLES, center, of Winter Park is shown with Mrs. Ralph Kelley, left, president of the Women's Fellowship of the Congregational Church at a meeting of the group last week. Mrs. F. A. Wood, vice-president is at the right. (Sun Photo)

Winter Park Woman Is Guest Speaker At Congregational Church

Mrs. William H. Bowles of Winter Park was the guest speaker for the Fall meeting of the Woman's Fellowship of the Union Congregational Church at their luncheon meeting held Thursday in Fellowship Hall, opening the Fall season of work.

Mrs. Bowles is a District Chairman and a member of the Florida Conference Center at Lake Byrd where she is on the Board of Directors. Her inspirational message was entitled "Partners with God".

Mrs. Ralph Kelley president of the Woman's Fellowship of the Congregational Church, conducted the business. Mrs. F. A. Wood, vice president, introduced the speaker. Mrs. Ernest Abbott gave the devotional.

A cold plate luncheon was served at noon with Mrs. H. C. Krenerick in charge of arrangements. Summer flowers and greenery decorated the long tables.

Mrs. S. O. Norris urged everyone to attend the annual Pie Social on Tuesday, and Mrs. George Langmann announced plans for the Migrant Tea to be held November 28, when everyone is to bring a toy to be wrapped for Christmas presents for migrant children.

Mrs. Frank Edwards made a request for quilt scraps which will be sent to the Indians who will use them for their sewing projects.

Here and There

Friends have received word that Mr. Worth Rodgers of West LaGrande Street, who has been in a hospital in Pennsylvania for several weeks, is recuperating and that he and Mrs. Rodgers are now with their daughter and son-in-law, the Rev. and Mrs. Wayne Allen, at Vandergrift, Pa. and that they hope to return to their home here in the near future.

The Rodgers have a new grandson, Jeffery Dale, born to Rev. and Mrs. Allen on October 24. Mrs. Allen will be remembered here as Sandra Rodgers.

The Harve Olsens have returned from an extended vacation trip which took them to St. Paul, Minnesota and into North Dakota on business and back to Denton, Texas where they visited their daughter and family, Mr. and Mrs. Russell Pasonault, and baby daughter, Becky.

Mr. and Mrs. Kenneth Rehrer of Key Marathon, spent the weekend here with his brother, Judge Mervin Rehrer, and family.

Mr. and Mrs. D. M. Earnest had her brother, D. L. Pipkin, of Bonifay, here for the weekend. Also their son, Benjamin, was home from the University of South Florida, Tampa, to spend the weekend with her family.

Mr. and Mrs. C. W. Shimel have arrived at their new home on West State Street. They spent the summer at their home, Galesburg, Illinois. He is a retired postal clerk and they are receiving a warm welcome as new residents of Avon Park.

Singing Tower To Be Open Every Day Now

LAKE WALES—There will be no more "off seasons" at the Singing Tower. For the first time in the Tower's 34-year history, a carillon program will be offered every day of the year, effective immediately, it was announced here this week.

In the past there have been no carillon recitals from Sept. 15 to Dec. 1 and from May 1 to June 15. The new policy will provide 45-minute programs starting at 3 p. m. even during the Fall and Spring seasons when tourist travel is traditionally below average.

As at present, there will continue to be single selections of carillon music presented every hour of the day following the Westminster melody and hour strike.

The Singing Tower, created by Edward Bok, houses one of the world's great carillons and Florida's only cast bell carillon. Consisting of 71 bells ranging in weight from 11 pounds to 22,400 pounds, it was cast in Loughborough, England, and installed in the Singing Tower in 1928. In 1957 a "Carillon Americana," made in Sellersville, Pa., was added to the music facilities in the Tower. It contains pieces of bell metal that are struck by small hammers; the resulting sounds are amplified. Most recitals consist of selections played on both the old and new instruments.

Until six years ago, carillon music was offered four times a week during the Winter season only. Then Summer recitals were added. The new daily schedule completes the musical cycle that began in 1928.

Owned and maintained by the non-profit American Foundation, the grounds of the Singing Tower are open from 8:30 a. m. to 5:30 p. m. daily. A nominal parking fee is collected; there is no admission charge.

USF Transfers On Increase

TAMPA — The number of transfer students from the state's junior colleges has more than tripled at the University of South Florida this Fall as the institution enters its third year.

Figures compiled by the USF Registrar's Office show 241 transfers from the junior colleges enrolled for credit course, compared to only 68 a year ago. Total enrollment at the University for the Fall trimester is 3,662.

Transfers from the junior colleges include 145 from St. Petersburg, 33 from Manatee, 16 from Dade County, 12 from Orlando, seven from Broward County, six from Palm Beach, five from Brevard, and four each from Daytona Beach and Central Florida.

SOMETHING COMFORTABLE

INTRODUCING THE 1963 DODGE

The something comfortable in this case is a 1963 Dodge Polara 4-door hardtop. It's not the clinging kind of comfortable, either. More like housecoat comfortable. Lots of room to move around in. See how the roof sweeps straight back instead of rounding off. That means plenty of headroom for passengers, front and back. Seats are sofa-soft and chair-high. All Dodge models offer this kind of comfort at a variety of prices—all low! We have a number of interesting items for the male set, too. For economy, a hustling 225 cubic inch 6. For action, a stable full of V8 horsepower. For assured satisfaction, a revolutionary new 5-year/50,000-mile warranty*.

*Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts; torque convertor, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules. Factory approved remanufactured parts may be used for replacement.

Dr. and Mrs. E. R. Overley are receiving a warm welcome by friends upon their return here from their home in Fort Thomas, Kentucky.

Mr. and Mrs. Roy Watts left last week to spend a few weeks at their home in Weaverville, N. C.

Mr. and Mrs. Joseph Keiter of Alliance, Ohio arrived this week to spend the winter at the campground.

Friends regret to hear that Mr. and Mrs. L. E. Dietz have been detained at their home in Chattanooga, Tennessee to be near their 20-year-old grandson who was injured in an automobile accident near Nashville on October 6.

USF Biologist Is Bird "Man"

TAMPA — A University of South Florida biologist is counting birds to help the State Board of Health fight the encephalitis virus.

Dr. Glen E. Woolfenden, using binoculars and a note pad, is making a comparison of bird populations in suburban areas of Tampa and St. Petersburg. The census is part of the health board's research program seeking new knowledge about encephalitis.

Woolfenden's unusual counting and identifying project shows the kind and approximate number of birds in comparable areas of the two cities.

The driver who sins in traffic repents in the hospital.

National Meeting Set

TAMPA — A new national organization in higher education, created a year ago under the guidance of a University of South Florida dean, will hold its first annual meeting in Michigan this week.

The Association for General and Liberal Studies, organized at the urging of USF's Dean of Academic Affairs, Sidney J. French, will attract more than 100 college and University representatives to its first two-day meeting on the Michigan State University campus.

See Mrs. and Miss Shopportunity 1962 crowned Saturday, November 3, in the grandstand Mall at Avon Park.

If you think your driving needs no improvement, you'd better watch out. It does!

Peggy Carr, John Thurston Martin Wed In Lakeland Baptist Church

[illegible] Chapel of First Baptist Church, Lakeland, was the scene Saturday night, Oct. 27 of the marriage of Miss Peggy [illegible]

[illegible] was appliqued with Alencon lace. The lace appliques were repeated on the bouffant skirt which ended in a chapel train. Her headpiece of seed pearls [illegible] of illusion.

Attending the bride were Miss [illegible] Thomas, maid of [illegible] and Miss W[illegible] Prescott, [illegible] and Miss [illegible]

[illegible] Lawson Wells [illegible] Wells.

[illegible] ensemble [illegible] taffeta and silk [illegible] with white accessories. Mrs. Martin wore a Teal blue [illegible] with matching accessories. Both mothers had a corsage of gold tinted chrysanthemums.

Reception

A reception was held in the church social hall adjoining the chapel when the guests greeted the newlyweds and their attendants and families. Assisting with hospitalities were Mrs. Thomas, Mrs. Dale Haak, Mrs. Richard Levering, Mrs. Jay Lehman, Miss Mary Smoot, Miss Linda Thompson, Miss Betty Kennedy, Miss Barbara Elliott, Miss Judy Britt, Miss Marie Robbins and Miss Charlotte Corley.

The bride's table was overlaid with a white linen damask cloth and centered with the four tiered cake. Dainty green and gold flowers adorned the cake and a bridal motif stood on top. Silver candelabrum with burning tapers complimented the silver table appointments. Lime punch was served from another table where silver dishes held nuts and mints.

A large bowl held gold and green rice to shower the happy couple as they left for a wedding trip to the East Coast. For traveling the bride wore a brown and gold wool suit.

Mr. and Mrs. Martin will make their home in Clearwater where he is Youth Director for the YMCA and she will be employed at La Femme's Beauty Salon.

FHA TO INITIATE

Sixty high school girls have already signed up for the Avon Park Chapter of Future Homemakers of America. Initiation ceremonies for new members will be held Monday night, November 5 at the home of Judy Taylor at the Southernaire Motel on South Highway 27. Mrs. Violet Moseley is advisor for the FHA Chapter at APHS, and she states that this is the largest number of girls ever to join the FHA chapter.

AVON PARK LAKES NEWS

By Thelma L. Merrill Phone GL 3-8146

A card party for Association members was held at the club house on Tuesday night. Thirty members enjoyed the evening playing bridge, canasta and pinochle. Refreshments were served by the hostesses for the evening, Mrs. August Luyben and Thelma Merrill.

Mr. and Mrs. Henry Kempker and Mr. and Mrs. Lewis Rood motored to Winter Haven on Saturday and visited with friends.

Mr. C. P. McGowan of Carbondale, Illinois and her two sons, Messrs. Sidney and Paul McGowan of Chicago, Illinois were guests of Mr. and Mrs. J. T. Johns last week. Prior to their return to Illinois, the McGowans visited in Miami and Clearwater.

We were all saddened with the news of the death of Mr. Harold LeChien last week. Harold had been hospitalized in the Veterans Hospital in Syracuse, New York for several months. We convey our condolence and pray for your strength and comfort in your great sorrow, Florence.

The ladies of the Women's Group of the Avon Park Association had their weekly meeting on Thursday afternoon at the club house, Mrs. Pearle Beach president, presiding. The ladies made items for the Cancer Society. Hostesses for the afternoon were Mrs. Pansy Diebold and Mrs. Thelma Rood. The regular monthly business meeting will be next Thursday.

Mary Schmely has returned home from Walker Memorial Hospital where she was under observation for a week. We hope you are feeling much better, Mary.

Those from the Lakes attending the District six DAR meeting on Friday in Lake Wales were Mrs. August M. Luyben, Regent of Patriots chapter, Mrs. Al Schutt, Treasurer, Mrs. Clarence Bue, and Thelma L. Merrill, Registrar. State officers, State Committee Chairmen, District Director, Chapter officers and members from Bartow, Lake Wales, Sebring, Avon Park, Lakeland and Winter Haven participated in the stimulating sessions.

Shuffleboard enthusiast are enjoying the new courts and benches.

We are in a period of great crisis and it is imperative that we not be overwhelmed by our fears. We have consolation through reverent prayer, seeking wisdom, courage, divine guidance, and blessings, for we must not waver in our faith.

Mr. and Mrs. Don Edmondson motored to Tampa for the day on Saturday.

Mrs. Lowell Stotts spent a delightful week in Clearwater visiting Mr. and Mrs. Arthur Nootbaar in their new home in the Sunset Lake Estates. While in Clearwater, Mrs. Stotts was also the guest of Mr. and Mrs. Clarence Dissinger in Reddington Shores. The Stotts, the Nootbaars and the Dissingers were neighbors in LaGrange, Illinois. Di enjoyed the reunion with her friends and former neighbors.

Friends and neighbors of Mrs. Ruth Huntington sincerely hope she is much improved and will be "up-to-par" soon.

Mr. and Mrs. Paul Calvert are in Owensboro, Kentucky for the funeral of Mr. Michael Callas, brother-in-law of Mrs. Calvert. We convey our sympathy to Synthia and Paul.

Dr. and Mrs. William Lavelle returned to their home on Nautilus Drive last week. The Lavevlles spent the summer months in their home at Hunter Lake, Parkside, New York and were very busy enjoying their sons and daughters and the 40 grandchildren. Welcome home folks!

The Square Dancers from the Lakes "joined-forces" at the Trailer Park on Wednesday night. There were three squares, 24, swinging dancers, and many interested observers.

Mrs. George Burroughs is on the "indisposed" list. You must recuperate quickly Charlie, and hasten the enjoyment of your lovely new home.

On Sunday Mr. and Mrs. Walter Meyers entertained 22 guests at a "covered dish" dinner at the club house in honor of their son and family, Mr. and Mrs. John Meyer. John and family have returned to their home in Bloomington, Illinois after a pleasant vacation in Florida.

Mother of Avon Man Succumbs

Mrs. Harriett Nancy Capell, age 82, passed away at the Walker Memorial Hospital Monday, October 22. Mrs. Capell was born at Lake Weir, she came to Highlands County fourteen years ago from Orange Lake and made her home on U. S. Highway 27, South. She was a member of the South Side Baptist Church in Sebring.

Survivors include two sons, Edward C. Capell of Avon Park, and Johnny Capell of California; two daughters, Mrs. Charles O. Osteen of Sebring and Mrs. Charles McCarthy of Bath, N. Y.; seven grandchildren, seventeen great grandchildren and two great-great-grandchildren.

Services were held at Warren Funeral Home in Sebring with burial in Pinecrest Cemetery.

"Success must be preceded with preparation; How you use today determines how tomorrow will use you."

Surprise Party For Mrs. Griffin

Mrs. Willard C. Griffin was surprised on her birthday Saturday when a group of friends dropped in Saturday night to bring her gifts, and a large cake mysteriously appeared on the dining table, all pre-arranged by her husband.

Adding to her pleasure was their daughter and her husband, Mr. and Mrs. Griffin's mother, Mrs. Alberta Thompson, of Wildwood, and Mrs. Elliott Ladrie of Melbourne, who came for the weekend. Guests included Mr. and Mrs. Virgil Still, Mr. and Mrs. W. P. O'Steen, Mr. and Mrs. Virgil Tondee, Mrs. Gertrude Craft, Linda and Doyle Griffin and Reese Parrish.

The group enjoyed viewing movies made on various occasions by them and the birthday cake which was served with hot coffee and cold drinks.

Adult Class In History, Civics Considered

There is a possibility that an adult course in American History and Civics may be set up in Highlands County, if sufficient interest is shown in such a course, according to information received from A. B. Wilhite this week.

Since several persons in the past have inquired about the possibility of setting up such a course and since it is one of the requirements for receiving the high school equivalency diploma which is issued through and by the State Department of Education, this information is issued to all interested adults.

In order to put on the course, an enrollment of at least 20 persons would be required. The course would be conducted by the Highlands County Board of Public Instruction and meet on a certain number of times per week at night.

Interested adults should contact Area Supervising Principal, A. B. Wilhite, at the Avon Park High School.

Get your driver's license now. It will be good for two years, you know.
