THE FROSTING IS ONLY ON THE CAKE...

The refrigerator is NON-frosting!

Today's modern homemakers are learning that refrigerators can be frosting-free! That means they're work-free too. So easy to keep spotless because there's never a hint of frost to chip at... to mop up. (Labels in the freezer compartment are always readable, too.) Look at the new NON-frosting electric refrigerators at your nearby appliance dealer's. We think you'll agree with modern homemakers who say, "Frosting belongs on cakes... but never in your refrigerator!"

Clockwise from bottom: Jet-smooth Chevrolet Impala, Chevy II Nova 400, Corvette Sting Ray, Corvette Monza Spider

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.
And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want — be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.
So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

Lions-Rotary Hold Joint Meeting

Dr. H. W. Williams, District 10, Sebring, Fla., addressed the joint meeting of the Lions and Rotary clubs last Tuesday evening. He spoke on the subject of "Certainty in the Space Age" and in doing so, gave us a great deal to think about.

Dr. Williams said that more than 100 years ago, in 1492, Christopher Columbus discovered a new world. This rapid change in history should be a warning to us, for the future is uncertain. The fast pace of the world today has brought about a feeling of uncertainty in the hearts and minds of men. According to Dr. Williams, uncertainty stems from a lack of faith in the really important things of life.

Dr. Williams feels that this country is ready to make a change and develop a meaningful purpose in life. His message for dispersing uncertainty was for the development of the human factor. We must have faith in our Creator and in the future of our country. Dr. Williams said that we must have faith in the really important things of life.

County Board Fights To 4-Lane Route 27

Commissioners Walker Memorial Hospital Drive Put Ceiling At \$1 Million

The long-sought four-laning of U. S. 27, at last, has been approved by the Avon Park Board of Commissioners. The board, in a 4-2 vote, approved the plan to four-lane U. S. 27 from the Lennox Truck Stop south of Lake Placid to Fairmont Drive at Sebring.

The commissioners passed a resolution stating that Highlands County, out of its secondary road funds, would share in the cost of four-laning U. S. 27 from the Lennox Truck Stop south of Lake Placid to Fairmont Drive at Sebring. The resolution put a \$1,000,000 ceiling on the county's participation.

In an interview with Rich Governor Bryant last week, said, "It isn't every day we are offered a \$1,000,000 worth of help."

McIntyre said that state road department board members from this district, Warren Cason expressed pleasure that the county had designated the road south of Lake Placid for improvement, and the engineers with Cason were equally pleased that the plan included "the rough spot south of Sebring."

They told McIntyre they would "naturally try to find the money" for the U. S. 27 project, but it would be three weeks before a decision could be reached.

The Highlands County men said it is apparent that Representative Adams and State Senator Hayward Davis "have been working hard."

With the softening of the state's stand, the commissioners put in some kind words on (Continued on page 12)

Walker Memorial Hospital Drive Scheduled For Two More Weeks

The weeks of intensive work will mark the closing of the hospital in Sebring, Fla., and the opening of the Walker Memorial Hospital in Avon Park, Fla. The hospital in Sebring will be closed for two more weeks, from June 10 to June 13, while the hospital in Avon Park is prepared to receive patients.

"Christianity is not a cloak put on, but a life put in."

Investigation Continues On School Fire

The investigation into the fire at the Avon Park School is continuing. The fire occurred on June 7, 1966, and caused significant damage to the school building.

The blaze, which broke out in a half a dozen places, caused about \$100,000 in damage to the building and \$50,000 in damage to the furnishings, according to School Superintendent Andy Miracle.

Miracle said that even though new addition has just been completed, the fire damaged building is needed and will be repaired. He said all the space was gone, he said.

Fire Chief Golden feels there is definite possibility of arson. Jack Savage, special investigator for the National Board of Fire Underwriters, along with Sam Stevens, State Fire Marshall from St. Petersburg, are still investigating the cause of the fire.

E. O. Douglas School Will Hold Commencement Friday Night

Avon Park will hold its public representation in the E. O. Douglas School commencement Friday night.

The county's Negro high school will graduate a class of 38 — 17 from Avon Park, 14 from Sebring and five from Lake Placid.

A lion's share of the class honors were captured by an Avon Park boy, Errol S. Taver. He is valedictorian and winner of the Ernest Federal Scholarship. The scholarship holder plans to use to attend Central State University, Xenia, Ohio.

In addition to these honors Taver also won the Highlands County Teachers Association Scholarship, the science award, the agriculture award, and, with Samuel Nason, III, shared the awards in English and social studies.

Harold A. McRae of Avon Park won the best athlete award. Charles Calvin Broomfield of Avon Park is to sing a solo at commencement.

Special awards are to be presented at the commencement by Sam F. Longbottom, chairman of Highlands County Board of

AP Restricted Area Enlarged

Effective at 0001 EST, June 22, 1963, the Avon Park Restricted Area (R-2001) will be enlarged and divided into four areas.

Legs approximately 8 miles wide extend outward from the present area for 8 miles in a NW direction and 14 miles in a SE direction. They will have a designated altitude of 100 to 6,000 MSL. The present area will be enlarged to the ENE and the designated altitude is surface to 4,000'.

Another area will border this one on the NE and will extend from the surface to 12,000'. All areas will be designated on a continuous basis and reports from the portion of the State indicate that the off operating from MacDill AFB have been using these areas for some time.

Check the Airman's Guide and NOTAMS for the exact boundaries of these areas and use extreme caution when flying anywhere in the vicinity.
