Apartment Contract Signed In Sebring

Garden Areas, Swimming Pool Are Planned

A construction contract was let last Friday by Town House Enterprises of Ft. Lauderdale to Cowan Construction Co. of Mid-Florida, for the building of Edgewater Arms condominium apartments, Frank Souder, Jr., president of Town House Enterprises, said recently.

The amount of the contract is well over half a million dollars, Cowan stated. Construction is to start within 25 days.

Edgewater Arms condominium apartments will have 46 units, Souder said, with garden areas, a heated swimming pool, shuffleboard, and a private beach and dock on Lake Jackson. The apartments will be of one-bedroom and two-bedroom sizes. The location is on Lakeview Drive, at the end of Center Street, next to the city pier.

"Over 30 per cent of the apartments in Edgewater Arms North have already been contracted for," Souder said.

"All apartments will have wall-to-wall carpeting, central heating and air conditioning, built-in kitchen ranges and ovens, and garbage disposal units," he added.

Young Men 21 to 35 Sought For Jaycees

Young men between the ages of 21 and 35 have been urged to join the "young men of action" in this community, according to Robert Whitcomb, president of the Avon Park Jaycees.

"The Avon Park Jaycees are in the midst of their annual membership drive," Whitcomb said, "and we're anxious to contact every young man in Avon Park who is interested in serving his community."

"I've heard any number of young men in Avon Park express ideas which are sound and potentially of great benefit to Avon Park," he said, "yet what can one young man do alone?"

"The Avon Park Jaycees offer young men an opportunity to express their ideas in a fertile atmosphere, and test them against the sounding board of free discussion," he said.

"Ours is a service club," he said, "and we're looking for men who are willing to serve their community through leadership."

Young men interested in attending a Jaycee meeting and becoming acquainted with the club members are urged to contact Whitcomb at the Avon Citrus Bank, or talk to any Jaycee.

The Avon Park Jaycees announced that advance tickets to the Haig & Haig Golf Tournament can be purchased at Avon Citrus Bank and Chick-A-Way Now.

Ridge Area Day School To Gain From Haig & Haig Tour.

The Avon Park Jaycees have announced that the full proceeds from the sale of advanced tickets for the Haig & Haig Golf Tournament, December 5-8, will be turned over to the Ridge Area Day School for Retarded Children.

Robert Whitcomb, president of the local civic club, said today the full $1 purchase of the ticket will be turned over to the Day School. The ticket admits the bearer to all three days of tournament play, he said.

The Jaycees have been [illegible] supporting the Day School in connection with the national Jaycee emphasis [illegible] mental retardation, one of the club's main projects this year.

The Haig & Haig Tournament offers $10,000 in prizes and is expected to attract the [illegible] names in golf.

[illegible]

[illegible] the world.

[illegible] Avon Park," he added.

"I want to re-emphasize [illegible] that every cent of the purchase price of these advance tickets will go to the Ridge Area Day School. The Jaycees are not even deducting their own expenses in the sale."

AP High Band Will Perform Sat., Dec. 7

Plans are being completed by the Band Association members and the sponsors to entertain the public on the Mall and over the air by WAVP Radio Station Saturday, Dec. 7. The program will start promptly at 9 a.m. and continue all day.

Director Vic McKunas will direct the entire Avon Park band. Beautiful Christmas carols and other numbers will be played.

Merchants, business and professional people will bring to you greetings and invite you to their store for your early Christmas shopping. Many specials will be offered by the merchants for this occasion.

It is the hope of the Band Association that everybody will avail themselves for this special holiday program, either in person on the Mall or listen in over their radio at home.

Short Week For Schools, County Offices

This is a short week for Highlands County schools and county offices.

The schools and offices will be closed Thursday and Friday for the traditional Thanksgiving. Monday they were closed as a gesture of respect to the late President John F. Kennedy.

Highlands County school officials said they are now assuming that the Monday recess will be made up at a later date. A day may be added to the end of the school year, or, it has been suggested that a day might be subtracted from the Dec. 21-Jan. 5 Christmas holiday.

Highway Patrol Say "Winterize" Your Car Now

TALLAHASSEE. The Florida Highway Patrol today reminded motorists that "winterizing your car now is an investment that will pay off in big dividends" during the coming cold weather months.

The Patrol said that now is the time to take preventive measures to insure safe driving between now and next Spring. And warned unless such precautions are taken many motorists will find themselves stranded far from a service station, stalled in heavy traffic or involved in a wreck during the winter months.

Here is a list of suggestions to be followed in preparing for the winter driving:

Get antifreeze in, in Northern areas, if you haven't already done so. Florida weather is unpredictable.

Get a motor tune-up to insure against a sudden change in temperature causing motor stalls.

Check your battery and brakes, two of the most important items on your automobile.

Check the muffler and exhaust system in general. Insure yourself and family against carbon monoxide poisoning.

Check the windshield wipers, the lighting system, the tires and install and use seatbelts.

"The motorist who neglects his preventive maintenance duties eventually finds himself in trouble one way or another, in trouble like being stranded far from a service station or a garage, stalled in traffic or involved in an accident," the Patrol warned.

Take this driving tip: Today's inspection is tomorrow's protection.

Since their departure from the Lakes last spring, both Mr and Mrs Willis have been confined to the hospital where they have undergone surgery, Mrs Willis on three occasions. We are happy to learn that both are now feeling fine and welcome them back to the Lakes. They plan to build a home on their lots in the near future and make the Lakes their permanent home.

Everyone at the Lakes was greatly saddened by the death of Mr Don H Jameson, which occurred at Walker Memorial Hospital last Thursday, and the deepest sympathy of all is extended to Mrs Jameson and other members of his family. In addition to Mrs Jameson other survivors include two sons, Don W and Fance J., and five grandchildren of Doylestown, Ohio. Mr and Mrs Jameson came to the Lakes two years ago from Rittman, Ohio. the Secret of THANKSGIVING

ALL FOR THE CHURCH
THE CHURCH FOR ALL

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Does the "horn of plenty" make us thankful?

We do not become thankful by our abundance. The spoiled child lavished with gifts is not thankful.

It is not the horn of plenty, but the bigness of our heart that makes us thankful. The blessings God gives are infinite, but we must have the capacity to receive. Like a child who carries a bucket of water from the sea, we can only carry as many blessings as our heart will hold.

The capacity to receive comes through worship and prayer. We go into the presence of God and think deeply about our life. Understanding is awakened. With new eyes, we see our blessings and are grateful. We kneel poor and rise rich.

Thanksgiving Day brings us a special [illegible] for worship and prayer. Isn't this why we want to be in Church with our family? Here we discover the secret of thanksgiving.

There's Lots More In '64 Grand Prix

"THERE'S LOTS MORE IN SIXTY FOUR." That's the watchword for The Sebring 12 Hours Endurance Race which is the only championship GT and GT Prototype auto road race in North & South America. This will be the 14th running of this annual classic for the world's fastest cars and proven champion drivers. On Saturday March 21, 1964, this internationally famous auto road race will start at the old [illegible] of 10 a.m. and finish at 10 p.m. Twelve hours later and more than one thousand miles of a flat out testing of men and cars. (NB: Due to requests from Press affiliates from all over the world we trust that this schedule will be more satisfactory to all concerned.)

The 1964 spectacle of Sebring will continue to take the lead of all auto road racing events throughout the United States and Canada. The Sebring 12 Hour Endurance Race is the only race in the United States which will count for points toward both the World Championship for Manufacturers of Prototypes and the Grand Touring Class [illegible]. Other [illegible] are The Targa Florio, Italy, Nurburgring, Germany, and the 24 Hour Race at Le Mans, France.

Sebring's prestige in the world of automotive events is further enhanced by being authorized to award the largest point total of any road race in the United States counting toward the Championship of Manufacturers' Prototypes and Grand Touring divisions, with a coefficient of 1.6 points. Points are awarded to winning cars in the Prototype and GT divisions with each first place receiving 9 points, 2nd place 6 points, 3rd 4 points and on down through sixth place. The coefficient of 1.6 for The Sebring 12 Hour Endurance Race is used to multiply the first place total of nine points giving a total of 14.4 points to the manufacturer with a similar computation down through the sixth position.

Last, but not least of the many honors to be won at the Grand Sebring 12 Hour Endurance Race in 1964 will be the awarding of points counting toward the famed [illegible] World Speed and Endurance Challenge Trophy, awarded each fall to the winning manufacturer.

In keeping with the "MORE IN SIXTY FOUR" for Sebring a 200 kilometer Stock Car Race has been added to the program for Friday March 20. This race will be open to stock sedan cars of both American and foreign make.

Roadblock For Retarded Drive Delayed Until This Weekend

In deference to the state of mourning for President Kennedy the roadblock to obtain funds for the Ridge Area Day School was postponed from Saturday Nov. 23 to Saturday Nov. 30, Joe Schaffer, Commander of American Legion Post 69 announced Tuesday that J. A. Wise, Chairman of the [illegible]

Mrs. Sal King, president of the Ridge Area Association for Retarded Children expressed the appreciation of the Association to the Post members for their willingness to work for the retarded. It was fitting that the roadblock be postponed. No one knows more than the parents of our retarded children what a tragic loss this nation has sustained. Mr. Kennedy was the first president to give his recognition to the great problem of mental retardation. [illegible] Mr. Kennedy [illegible] created the President's Panel on Mental Retardation. [illegible]

The President's father, Joseph P. Kennedy and members of the family created the Joseph P. Kennedy Jr. Foundation. This foundation has played a leading role in [illegible] research into the causes of retardation. The Florida [illegible] at its annual banquet this past year praised the National Association for Retarded Children and its local units for spearheading the drive to help retarded children. The Ridge Area Association for Retarded Children is one of these local units.

The Ridge Area ARC is involved in its annual drive to obtain funds to operate the Ridge Area Day School during the coming year. Dr. Hubert Coleman is heading the drive to obtain $5,000. "This amount is only $250 per pupil being trained at the Day School," Dr. Coleman said. Surely this is a reasonable outlay in order that these children be given the chance to realize their greatest potential."

"We sincerely hope that those people who have not as yet made their contribution will give serious and prayerful thought to this matter. Unless our goal is reached we shall have to cut down on the services the Association is providing these children."

The Ridge Area Day School now has an enrollment of 20 pupils from all parts of the county. The Highlands School Board furnishes one teacher, the Ridge Area ARC another. The School Board furnishes textbooks, supplies and transportation. The Association pays for all other operating costs of the school.

Red Devils End Poor Season With 2-8 Record

The Avon Park Red Devil football squad closed out a dismal season with a 13-7 loss to the Sebring Blue Streaks last Wednesday night at Fireman's Field in Sebring. The loss set the Devil's record at two wins and eight losses over-all and put them in the Ridge Conference cellar with a 1-5 mark in the loop.

Sebring drove seventy-four yards after the opening kick-off for their first touchdown with Gary Rapp going over for the six pointer from two yards out. A twenty-five yard gain by Buddy Fordham highlighted the drive. Rapp also added the conversion point with an off-tackle slant setting the Streaks out front 7-0 early in the first period.

The Red Devils evened the score up 7-7 early in the second quarter with a seventy-eight yard drive of their own. Several gains by Jimbob Maddox and three key pass completions sparked the long drive and Keith Albritton went into the end zone for the TD from five yards out to put Avon Park on the scoreboard. Maddox blasted over for the PAT to tie the game up. Neither team could score again and Sebring intercepted a Devil pass on the Streak goal line and ran it out to the twenty as the first half ended.

Two fifteen yard penalties kept Avon Park deep in their own territory early in the third period and on the Devil's second offensive drive of the second half, Sebring's Guy Lewis pounced on an Avon Park fumble on the Devil eighteen yard stripe to set up the Streak's second TD.

From the eighteen it took Sebring only five running plays to rack up six more points. Again it was fullback Gary Rapp who took the ball in for the score but the try for the conversion point was stopped short of the goal line and Sebring led 13-7.

Avon Park took the following kick-off and marched from their own ten yard line to Sebring's twenty-three before a poor decision by the Red Devils on a penalty against the Streaks cost them the ball as they were unable to make the needed two yards on fourth down. Had the Devils taken the penalty they would have had two opportunities to make the two yards.

Sebring moved for two first downs before the Devils halted their final drive but a fine kick put Avon Park back on their own two yard line with ninety-eight yards between them and pay dirst. The Devils moved the ball out well, however, and on a series of completed passes were able to cross the fifty before losing the ball on downs. Sebring ran one play before the final whistle sounded giving the Streaks their third straight win over the Avon Park team in as many years.

The game was the final one for quarterback Leonard Sullivan, halfbacks Lanse Padgett and Pep Hutchinson, center Randall Barnes, guard Randy Wood, and tackle Jackie Turner. Padgett was the Devil's leading ground gainer for the season.

New Telephone Directory Makes Changes

The new telephone directory received by subscribers this week shows many improvements.

The multi-color directory cover was developed to be both functional and attractive. As you will note, on the left hand side of the front cover it is possible to quickly pinpoint the exact geographic areas, counties and communities covered by both the white and yellow pages of the directory. In addition, the exchanges which appear in the front portion of the directory are listed on the right hand side of the front cover for easy reference. In addition, the directories have appropriate thumb cuts to facilitate their usefulness.

The information pages of the directory have been revised and updated. The inside front cover, which was greatly improved to aid our customers in case of emergencies.

Two alphabetical sections were included in the directory. The alphabetical section in the front lists the exchanges and customers most frequently called by the intended users of this directory, while the listings of customers in the less frequently called exchanges appear in the back portion of the book. The Yellow Pages are in the middle of the directory.

The familiar "r" which formerly appeared in all residence listings has been delated and in its place business designations were adopted as needed.

The telephone number prefix, or Central Office name, has been abbreviated. However, we have provided a legend for these abbreviations at the top of each page.

The Yellow Pages section of the directory has been completely interlocked. This change will greatly reduce the searching time required to locate advertisers and provide a fair and equitable means for alphabetically listing advertisers under their respective Yellow Pages Headings. The telephone number prefix, or Central Office name, has also been abbreviated in the Yellow Pages, and, as in the white pages, these abbreviations have been identified at the top of each page.

Harry P. Greep To Head '64 State Cancer Crusade Drive

Harry P. Greep, Founder and President, Atlantic Federal Savings and Loan Association, Fort Lauderdale, has been named voluntary state chairman of the 1964 educational and fund-raising Cancer Crusade which will be conducted in April by the Florida Division of the American Cancer Society. He succeeds James (Jimmy) Kynes, Tallahassee, who headed the successful 1963 Cancer Crusade. The announcement of the appointment was made by N. W. Larkum, M.D., Naples, recently elected Society's president for the 1964 term.

Greep has been active in the American Cancer Society for 15 years. He was Crusade Chairman for Broward County on two occasions, served on various Society Committees and was president of the Society's Broward County Unit for three terms, 1957-1960. In accepting the chairmanship of the Society's 1964 Cancer Crusade, Greep said, "The incidence of cancer in families not only in

HARRY P. GREEP

our own state, but throughout the land has reached such proportions that the disease has become of top ranking concern. Just think of the many persons you know or have heard about, who have been stricken by cancer and you'll agree that cancer is a major foe which we all must fight."

"I have accepted the State Crusade chairmanship," Greep said, "because I feel deeply that cancer research projects will lead to a cure if the public generously contributes the needed funds for research purposes and public education programs which can help save lives by bringing about earlier detection and treatment."

Greep also announced that a minimum budget of $1,150,000 would be needed during 1964 to support accelerated cancer control programs of public and professional education, research projects and cancer patient services. "Once again," he said, "we look forward to generous and thoughtful contributions from the general public, trades, industries, and organizations, to help in the fight against cancer — the vicious disease which still strikes two out of three American families, and annually takes the lives of more than 8,500 Floridians."

Lights at Rt. 27 And Mall Installed

The new traffic lights at the west end of the Mall and Route 27 are now installed and operating. It is quite a complicated system and until drivers are used to the operation every driver should be careful of his driving at that corner. The fast moving traffic on 27 both north and south will be controlled with these lights but plenty of time should be allowed by drivers approaching the lights for the cars to come to a stop. Wait for the Green to show before you move and stop as soon as the Amber light shows. At an intersection of this kind extreme caution should be followed at all times. Let's all try and keep this a safe intersection.

Manhunt Ends With Capture At Okeechobee

A widespread manhunt which sprang into being early on Friday morning ended late Sunday night when Cornealous Franklin Warren, 23, was taken into custody at Okeechobee.

Warren, who escaped from the Flora City state road camp near Brooksville, was spotted in Sebring about 2 a.m. Friday, stealing gasoline. A Sebring city policeman gave chase.

Before Warren was captured, three airplanes, bloodhounds, the facilities of four county sheriff departments had joined the search.

Arrest was made by men from the Okeechobee County Sheriff's Department. Deputies from DeSoto, Hardee and Okeechobee had assisted Highlands County Sheriff Broward Coker and his department.

Warren is charged with stealing a car in Sebring, stealing two shotguns and breaking into a trailer and stealing clothing.

Sheriff said, Warren, who had been serving a two year prison term for auto thefts, will be held in this county to be tried for breaking and entering, armed robbery and grand larceny.

At the short session Tuesday the commissioners agreed to begin advertising for a public hearing on water and garbage franchises for the county. Highlands Court News

A [illegible] Lake Placid man appeared in Circuit Court Monday to answer to charges of failure to appear for jury duty. Leonard Dingman was called for jury duty in Circuit Court the week of November 18.

He later admitted that he had written an angry letter to the Sheriff in which he stated that he would not appear for duty. Judge Clifton Kelly ordered the reluctant juror brought into court and on November 19 Dingman was told that he would have an opportunity for a full hearing at a later date.

In court Monday Dingman was represented by Attorney R. P. Dusty, Jr.

Dingman appeared to be near tears as he told Judge Kelly that he "did not know what got into me and why I acted that way." Judge Kelly said that Florida law provides that fine should be set for not appearance for jury duty, and he set Dingman's fine at $20.

An Avon Park man has been bound over to Circuit Court on a charge of assault with a deadly weapon. A preliminary hearing was held in County Judge's Court on Monday, and Judge Mervin Rehrer set bond for Leonard Harvard at $5,000.

At the same time Cecil Rose, 43, of Wauchula waived preliminary hearing on an aggravated assault charge. His bond was set at $1,500. He also entered a not guilty plea to a drunk charge, and he will be tried on that charge during the January term of County Court. Bond on that charge is $35.

DISCUSSING THE ANNUAL Christmas Program which the Woman's Club presents each year at the Union Congregational Church are (L to R), Mrs. Earl Jackson, Program Chairman; J. Howard Allen, High School Glee Club Director; Mrs. A. M. Luyben, Program Chairman; and Mrs. S. F. Elkhill, President of the Avon Park Woman's Club.

Florida Citrus Exposition To Have New Buildings

Winter Haven, Nov. 26 — What is described as a "most serviceable" type of structure by competent authorities will be built as the first unit of the new plant of the Florida Citrus Exposition on a 16-acre site just south of the Winter Haven city limits.

The circular-type building will have a diameter of 160 feet (only 20 feet smaller than the huge Florida Building being erected for the New York World's Fair of 1964-65) and nearly a half acre of floor space. The height of the dome will be 65 feet. The cost of $162,000 will be covered by an appropriation of $25,000 by the City of Winter Haven, another $25,000 from the State Department of Agriculture's Fair and Livestock Committee's funds. The balance to be a loan from three local banks. The structure of concrete and aluminum construction will have an orange-colored dome emphasizing the importance of the citrus industry in the state's economy.

The architectural plan calls for the later construction of two adjoining buildings of similar style. They will have a diameter of 125 feet and will be built at two year intervals. Following their construction, the exhibits will be moved from the main building to the new units which will make it possible to use the larger auditorium for conventions and gatherings of a varied nature, which will include area, state and national meetings. Citrus officials have expressed the hope that such facilities will insure the establishment of an annual convention early in the citrus season that will bring representatives of all segments of the industry, as well as brokers, buyers and auction market men, here to discuss citrus problems and potentialities.

The Exposition board is presently negotiating with the Florida Citrus Commission for plans to incorporate the state museum (now located in the Florida Citrus Building here) into the new building.

When the new plant is occupied, the building will be open on a year-round basis, designed to attract "winter" and "summer" tourists.

There are a lot of good ways to become a failure, but never taking a chance is the most successful.

Hibiscus Garden Circle Hold Meeting

The members of the Hibiscus Garden Circle met with Mrs. Ann Stewart at her home on Pleasant Street Thursday of last week at 2 p.m. The home was beautifully decorated using a Thanksgiving motif.

Mrs. O. F. Laye was in charge of the business meetings. Members contributed to the funds for the gardening program at APCI and also to send a child to the State Conservation Camp in Ocala.

Mrs. J. T. Gibbs distributed names to the group for individual remembrances to the patients at Hillcrest Nursing Home. Fruit baskets and floral arrangements will be taken to the home periodically.

Mrs. Hubert Bussard gave the report on Junior Gardening.

Mrs. R. H. Thayer reported that the plant mart was one of the most successful staged. She also told the group of the plans for the forthcoming Christmas Tea on Dec. 12.

Mrs. Ted Ward, World Gardening chairman, reminded members to give Christmas cards to be sent to a Foreign Mission in Taiwan.

Members were told of the plans being drawn up for the landscaping of the east and west ends of the Mall.

Mrs. I. H. Ford gave the flower show report and announced the various committee chairmen. The show will be held in March of 1964.

Mrs. Ben Stewart was in charge of the program for the afternoon, which was a flower show, using the theme "Thanksgiving arrangements". All members participated in judging the arrangements. First place blue ribbons went to Mrs. Charles Swartz for an artful carnucopia arrangement and to Mrs. P. C. Boney for her arrangement of vari-colored peppers. Second place red ribbon was presented to Mrs. O. F. Laye for her traditional arrangement using red gladiolus. Third place white ribbon was presented to Mrs. J. T. Gibbs for her arrangement of dried materials in an antique wooden sewing stand.

After the flower show, members adjourned to the dining room. The table was overlaid with a gold and white embroidered cloth, and centered with a lovely arrangement by Mrs. George Kelsey. Refreshments consisting of holiday type cakes, cookies and nuts were served by our hostess. Mrs. George Kelsey presided at the coffee service.

Minute Maid Co. Pays Growers $2.5 Million

ORLANDO (FNS) Checks totaling nearly $2.5 million were recently mailed to members of Florida Orange Marketers, Inc. by Minute Maid Co. as partial payments for fruit in the 1962-63 pools.

The payments included more than $1 million for early and mid-season fruit and nearly $1.4 for valencias. To date, according to a Minute Maid spokesman, the company has paid more than $22 million for all varieties in the 1962-63 pools.

Minute Maid has predicted that if the industry pricing remains stable, the average return for fruit in the 1962-63 Florida Orange Marketers pools will surpass the previous all-time high average for their 1957-58 fruit.

AVON PARK LAKES NEWS

By Cynthia T. Calvert Phone GL 3-6532

Mrs Harold Lechien has returned to her home from Zephyrhills where she spent the Thanksgiving week with Mr and Mrs Tom Brown

Mr and Mrs William Robbins entertained with a dessert bridge party at their home on Saturday night. Three tables of players were present. Mr and Mrs Clarence Bue won first prize, Mr and Mrs Karl Swanson second prize and consolation prizes were won by Mr and Mrs J W Barnes and Mr and Mrs Walter Beach

Mr and Mrs Jack M Calvert and children, Kevin and Kathy of Oviedo, Fla, spent the Thanksgiving weekend with Jack's parents, Mr and Mrs Paul Calvert

The Tuesday night Game Night at the club house was attended by 35 players. Mrs J W Barnes and Mrs Charles Coburn, who were hostesses, served tempting refreshments to those present. Everyone at the Lakes is invited to attend these nights. There are always Bridge, Canasta and Pinochle games. If others enjoy different games come out and start a group for those games.

Mr and Mrs Harry Taylor have gone to Miami where they will spend the next couple months. Mr Taylor will assist one of his friends in the management of a large apartment building while there.

Mr Albert Ott, who is currently supervising a construction project for his company at Ft Benning, Ga, spent the Thanksgiving weekend with Mrs Ott at their home on the Lakes.

Mr and Mrs Allen Jackson of Cleveland, Ohio and Mrs Jackson's parents, Mr and Mrs Herman Springob of Pittsburg, Pa were guests last Monday of Mr and Mrs James M Carlysle. The visitors were on their way north after vacationing in Florida. Mrs Jackson and Mrs Carlisle worked together for many years in Pittsburgh

Mrs Conrad Moehlman spent the Thanksgiving weekend with Dr and Mrs Harry Harmes and children at Merritt Island

Mr and Mrs William I Constantine were in Zephyrhills last week visiting Mr and Mrs Harold Constantine and Miss Mildred Constantine. Mr Harold Constantine is an uncle of William.

The Canasta Group which meets at the home of one of the group each week were guests of Mrs Ed Tryon last Monday afternoon

Mr and Mr.s John Lawry of Sarasota spent Thanksgiving with Mr and Mrs Clarence Bue at their home on Shamrock Road.

Mrs. Paul Heritage spent last Monday and Tuesday in St. Petersburg visiting her sister, Mrs. Izetta Grant, who returned home with Mrs. Heritage to spend Thanksgiving with the Heritages.

Mr. Clarence Dannehauer from Pennsylvania, who is spending some time at Sun City, has arrived at the Lakes with Mr and Mrs Ivy Estep and will spend several days in the Vanartsdalen home

Mr and Mrs Robert W Murdick spent the Thanksgiving weekend with Mr and Mrs Phillip Murdick in St Petersburg

Mr and Mrs William Thomas have come down from their home in Grover Hill, Ohio to spend the winter and complete the finishing of their home

Mr and Mrs Paul Bennett visited Mrs Chadwick in Clearwater on Thanksgiving Day and returned by way of Lakeland to spend the evening with Mr and Mrs C J Murray

Mr and Mrs Charles Hopper and Mr and Mrs Walter Niersthemer of Miami were guests of Mr and Mrs Ed Tryon on Thanksgiving Day and on the following day were guests of Mr and Mrs Albert Rehie

The Thanksgiving dinner served at the club house was a huge success with 111 persons present. All report a wonderful time feasting on turkey with all the trimmings for a typical Thanksgiving Day dinner. At the beginning of the feast the turkeys were stuffed but by the end of the repast about everyone present was "stuffed." The club house was beautifully decorated with flowers in keeping with the season. The dinner committee was composed of Mesdames Charles Keys, Orville Castine, William Robbins, Floyd Hetrington and Ed Tryon. The thanks of all those who attended go to the committee members and any others who assisted in any way in making the day such a success.

Paul Calvert took his five-year-old grandson, Kevin, on a train trip to Palm Beach and back Sunday ostensibly to give the boy his first train ride. We suspect the "old man" was as thrilled as the little boy inasmuch as he has been an ardent rail fan for many years, and at the former home in Kentucky maintained a large collection of "Railroadiana." His collection of some 6,000 time tables was one of the most complete in the United States, covering every railroad in North America as well as many foreign countries.

Mr and Mrs Karl Swanson, Mr and Mrs John Bengel and Mr and Mrs William Constantine motored to Weeki Wachee Springs last Tuesday to have dinner and enjoy the underwater show

Mrs. Earl Smith of Largo spent the Thanksgiving weekend with Mr and Mrs Orville Castine at their home on the Lakes. Mrs. Smith is a cousin of Mr. Castine.

Mrs. Lena S Blythe has arrived from Grover Hill, Ohio and will spend the winter at her home on Corvallis Road. She hopes to complete the interior work on the home during her stay this year.

Mr. and Mrs. William A. Thonie of Succasunna, N. J. are spending two weeks with Mr and Mrs. William Ackerson at their home on Zenith Road. Mrs. Thonie is a daughter of the Ackersons. On Thanksgiving evening they all had a long telephone visit with Mr. and Mrs. Fred Shea and family in Sparta, N. J. Mrs Shea is also a daughter of the Ackersons, so although the family could not all be together for the day they had the pleasure of visiting by phone.

A Reminder

One of the charms of being young, is the ability to forget. That is, to forget quickly, what might appear to be a hurt, a wrong, a slight, an injury. Then, as we grow older, there is a tendency to brood over hurts, and wrongs, and injuries — real or imaginary — and sometimes we lose that beautiful mental balance, between forgetting and remembering.

There is a place to take all your hurts, your memories, your injuries of spirit; that place is your church. There you will find peace and contentment. Tie a string around *your* finger, now! Remember church this Sunday!

Bible Lesson At C. S. Society

The Thanksgiving Bible Lesson at the Christian Science Society emphasized praise to God for the ways in which He has revealed Himself to humanity.

Included in the readings was a verse from II Corinthians (2:14): "Now thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savour of his knowledge by us in every place."

Related readings from the Christian Science textbook stressed the need to show our thanks through our daily lives: "To keep the commandments of our Master and follow his example is our proper debt to him and the only worthy evidence of our gratitude for all that he has done" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 4).

After laying her eggs, the female octopus does not eat while guarding them for as long as six weeks. After the last egg is hatched, she always dies within a week, says experts at Marineland of Florida.

Among [illegible] projects of the Mutual, he said, is cooperation with Federal and State agencies in guarding against importation of infested citrus from Mexico [illegible] infected with the Mexican fruit fly.

Another current project is the support of the present U. S. tariff applying to citrus imports from countries where labor and production costs are about 2? cents per box as compared to 60 and 70 cents per box in this country.

He told about the fruit protection program that had been started in this season to guard against the theft of citrus, saying that it is now a centrally directed program and that two deputies had been assigned to this duty by the Highlands County Sheriff's Department.

In a question and answer period following the talk, speaker Rutledge was asked about the threat from synthetic products. He said that the drinks and ades marketed in recent years and heavily promoted following the freeze were an important competitive factor, but he referred to these as "Substitute Products." He said that the real danger was the ever present possibility of a "test tube" product being devised, what he termed a "Replacement Product," having natural flavor and perhaps exceeding the genuine product in vitamin and mineral content.

In answer to a question about foreign competition, he said that Brazil alone, if all its available, suitable land was utilized, could out produce the World [illegible] without [illegible] use of fertilizer.

Experience Teaches 4-H'ers Value of Their Club Work

Miss Simpson

Lee

Miss Billings

Miss Pascoe

Four teen-age 4-H'ers from Polk, Jefferson and Orange Counties will enjoy expense-paid trips to the 42nd National 4-H Club Congress at the Conrad Hilton hotel overlooking Chicago's Lake Michigan shoreline. The annual event takes place the week after Thanksgiving.

Jackie Pascoe, 16, of Nichols, as the state dress revue winner, will model her prize-winning ensemble at the congress. She will be the guest of Simplicity Pattern Co. Inc.

Bob Lee, 17, of Winter Haven, first in the state dairy program, is sponsored by the Oliver Corporation. As automotive winner, Pat Billings, 17, of Orlando, will be the guest of the Firestone Tire & Rubber Company; and Randa Simpson, 16, of Monticello, safety winner, gets her trip from General Motors. State winners are selected by the Cooperative Extension Service which directs 4-H programs.

Dresses Cost Less

Over a five-year period Miss Pascoe has saved almost $1,000 by making her own clothes. This year in dress revue she modeled her four-piece coordinated outfit of pink burlap coat, skirt and shorts and a cotton print blouse.

At 4-H camp she taught classes in dress design, modeling and sewing. Next summer she plans to go to a fashion school in New York before enrolling in college. She is a daughter of Mr. and Mrs. H. L. Pascoe. She is serving as second vice president of Polk County 4-H Council and president of Mulberry Junior-Senior 4-H Club.

Lee, who is a son of Mr. and Mrs. R. E. Lee who have a 125 acre dairy farm, became interested in the dairy program before he was a 4-H'er. For almost nine years he has been feeding baby calves for his father.

Lee banks his prize money and uses the profits from calf raising to increase his herd. He now has 25 head including twins.

Last year at Orlando he was one of the top four in dairy judging and represented Florida at the national show. Lee stated, "I may not be a dairyman as my life's work, but I know what I have learned will help me in applying myself to my vocation."

Girl Auto Expert

Although the 4-H Automotive program is new in Orange County, Miss Billings has won all available awards. After becoming the owner of a car and obtaining a driver's license, she decided to learn more about the care and operation of automobiles.

She learned the mechanics of an engine and how to change tires; studied the development of the automobile and for safety's sake made a scrapbook of car accidents illustrated in newspapers and magazines.

Miss Billings previously carried a variety of projects ranging from home economics to entomology. She was chosen to attend the Citizenship Short Course in Washington, D.C., last summer. She is a daughter of Mr. and Mrs. Thomas A. Billings.

Miss Simpson, daughter of Mr. and Mrs. Stuart C. Simpson, stressed safety throughout her community. She gave demonstrations, helped to erect a safety sign on U. S. highway 19 and distributed pamphlets.

Miss Simpson is vice president of both Jefferson County 4-H Council and High School 4-H Club; a teacher of crafts at 4-H Camp and assistant life guard.

Enemies are the heritage of success. Nobody envies a failure.

No problem will go away just because its feelings are hurt at being ignored.

National Infant Testing Program Helps Prevent Mental Retardation

Kits for early detection in babies of PKU, which can cause severe mental retardation, are assembled for distribution to U. S. hospitals by Sheila M. Kuhn, lab technician. March of Dimes contributions supported research in this health area by Dr. Robert Guthrie, Children's Hospital, Buffalo, N. Y.

[illegible] ... it possible to screen all babies ... [illegible] ... United States Public Health Service ... with the cooperation of state health departments in this country. The PKU Central Laboratory in Buffalo is shipping ... kits each week to hospitals throughout the United States. Each kit contains materials for 5 ... tests. Dramatic results are already becoming apparent.

Of a little girl in New York State, who was among the first 850 babies routinely tested after the field trial started in that area, Dr. Guthrie has said: "This is probably the first baby in medical history to be diagnosed within the first month of life without sacrificing the brain of an older brother or sister."

Post Office Expands Window Service

Postmaster R. D. Young announced today that window service at the Avon Park Post Office will be expanded on Wednesday and Saturday until 5 p.m. for the purpose of acceptance of parcel post and the sale of stamps only, beginning Dec. 11 through Saturday Dec. 21. Regulation size parcels may be mailed and stamps will be sold at all windows except the Money Order Window.

Patrons are asked to please use the local and out-of-town labels for separating their Christmas Cards and other mail, and hand large bundles in at the windows. This provides an enormous time saving at our office. Labels are available from your carrier or may be obtained at the Post Office. Patrons are also requested to please wrap and pack packages securely using strong twine and sturdy boxes.

Home Economist On The Go

by **Patricia G. Hurley**

If you will be using a lot of candied fruits between now and Christmas, perhaps you would like to make citrus peel using a quick method.

Miss Mary Marshburn was in the office a few days ago telling me that she had tried this recipe from our circular 235 and that it was much quicker than her old recipe. Here's how you make the crystallized peel.

Use one grapefruit, two oranges, two cups sugar and one cup water. Wash fruit, cut in half and remove plup and membrane. Leave the white "rag."

Cut peel into strips ¼ inch wide and place in saucepan with two quarts of water. Boil five minutes. Drain. Repeat boiling process three times to remove bitter flavor. Lay peel on clean cloth, cover and press out excess water.

Mix sugar and water; bring to a boil, and stir until sugar is dissolved. Add peel and boil gently 10 minutes. Let stand overnight.

Cook on low heat until most of the syrup is absorbed. Remove peel and roll in granulated sugar. Cook on rack. Roll again in sugar and store in container with loose lid. Keeps two to three weeks.

The 4-H girls at Venus are doing a fine job of making green 4-H skirts to wear with white blouses. Mrs. B. L. Pearce is assisting the girls with this project.

Girls in this club are Lydia Coulter, Sharon Hale, Gloria Hicks, Jane Oxer, Patsy Pearce, Julia Roberts, Deleta Pearce, Martha Ann Sheeley, and Linda Parrish. These girls have also bought green 4-H jackets which they proudly wear.

When you come to our county fair the week of January 13 plan to stop by the 4-H booth and see some of the articles the girls have made.

SPENDS WEEKEND IN CITY

Mr. Richard Fenton, research forester, accompanied by his two sons, William and Michael, spent the Thanksgiving weekend with his parents, Mr. and Mrs. Horace Fenton, Seminole Ave. Their elder son, Admiral C. R. Fenton, USN, and his wife Millie of Indian Lake Estates, joined them for the Thanksgiving Day dinner. It was a most happy family reunion.

The two performing pilot whales at Marineland of Florida eat a total of 18,250 pounds of squid each year.

GRETCHEN CORBAN

She is a member of Phi Mu National Social Fraternity and of Chi Beta Phi National Scientific Honorary Fraternity. She is presently interning in Medical Technology at Triplet General Hospital, Honolulu, Hawaii.

TO HOLD BAKE SALE

The apron and bake sale that was to be held in the Wesley Hall at the Methodist Church, Nov. 23, was postponed due to the death of President Kennedy. Plans are made to have the bake sale on Saturday, Dec. 7, from 9 a.m. to 3 p.m. Free coffee will be served and the public is cordially invited.

Episcopal Women To Meet Dec. 11th

The ECW of the Episcopal Church of the Redeemer will meet at the home of Mrs. Demos Mandis on Wednesday, Dec. 11, at 10 a.m.

There will be a short business meeting, followed by a social hour which will be highlighted by the spirit of the Christmas season.

Those who have attended previous gatherings at the Mandis home will be eagerly looking forward to this meeting, and those who have not been there have an enjoyable visit in store for them.

Anyone needing transportation should be in the church parking lot following the 9 a.m. Holy Communion and healing service.

ENTERTAIN WITH HOLIDAY DINNER

S/Sgt. and Mrs. William R. Marris and Rickey shared their Thanksgiving dinner by inviting the Rev. and Mrs. George Braaks, of the Assembly of God Church, and S/Sgt. and Mrs. John Mullins and son, Jerry, to their home at 417 Byrd Ave. The Thanksgiving Prayer was given by the Rev. George Braaks. The day was a very thankful one.

4-H Youth Program And The Nation's Agriculture

[illegible]

... developments.

Who, two decades ago, envisioned the technological changes, the mechanical, chemical and biological developments that today make our agriculture the most efficient in the world, the efficiency which enables 92 per cent of our working force to choose non farm occupations?

We can be reasonably assured that future developments will be products of the minds of young men and women presently living on a farm, and who will leave the farm, but not agriculture, to find work. Many of these young people will carry to their jobs a solid background of specialized experience, skills and training gathered in the 4-H agricultural program supervised by the Extension Service of land-grant ...

[illegible] 4-H scholarship funds [illegible]

[illegible] will be presented to 275 of the nation's most outstanding 4-H youths and to young adults who once were 4-H Club members.

Presentations will be made during the 42nd National 4-H Club Congress at Chicago the first week in December. This annual event is the showcase of some 1,500 boys and girls representing the best of 4-H in all 50 states and Puerto Rico. Hosts will be the business executives whose firms provide the trips, scholarships and other 4-H assistance.

If this far-reaching interest and support continues through the next four decades it has in the last four, the technological advances still on the drawing board, and many more not yet conceived will have a better chance to become realities. Thus investment in rural youth pays big dividends ... dividends that keep the U. S. A. agri-business in the unique position it vigorously guards today.

Business Backs 4-H Clubs Nation-Wide

Incentives Help Make Best Better

U.S. business firms contributed $1.25 million in 1963 toward recognition and encouragement of the nation's 2,225,000 4-H Club members, the director of the National 4-H Service Committee has announced.

Norman C. Mindrum, director of the committee, said the record figure made possible awarding of college scholarships and fellowships valued at $145,000. They were presented this year to 275 of the nation's most outstanding 4-H youths and to young adults who once were 4-H'ers.

The financial support also was used for more than 180,000 other awards to members of the nation's more than 94,000 local 4-H Clubs. The clubs are in about 3,100 counties in all 50 states and Puerto Rico.

The national committee, headquartered in Chicago, utilizes the funds to assist the Cooperative Extension Service advance the 4-H program.

Awards Since 1900

"Awards are an integral part of 4-H," Mindrum said, "and have been provided as incentives and recognition for young people since the early 1900s."

Help from 57 business firms now backing 4-H dates back in some cases to the 1920s. The average tenure for all donors is 18 years.

The scholarships, nearly all for $500 each, were awarded Dec. 1-5 during the 42nd National 4-H Club Congress in Chicago, attended by more than 1,500 delegates. Their expense-paid trips, considered both educational and cultural, were awarded by more than 30 of these firms.

Funds for programs ranging from bread baking to entomology are channeled through the 4-H committee, incorporated in 1923 when a handful of business firms provided $3,400 to help the growing club program. In the last 10 years alone, the number of county medals awarded has increased from about 85,000 to nearly 180,000.

"Each donor has an interest in boys and girls, an appreciation of the need for youth development and a feeling that the organization can serve 4-H in a wholesome manner with limited self gain," Mindrum said.

Diversified Support

Among the business firms supporting 4-H in 1963 are American Forest Products Industries, Inc.; American Oil Foundation; Atchison, Topeka and Santa Fe Railway System; California Chemical Company—Ortho Division, Cities Service Oil Co.; Chicago and North Western Railway Co; Chicago, Burlington and Quincy Railroad Co.; The Conrad Hilton Hotel; Chicago Board of Trade, and Cudahy Packing Company.

Also Elgin National Watch Company; General Motors; Heisdorf & Nelson Farms, Inc.; Homelite, a division of Textron Inc.; Humble Oil & Refining Company; Illinois Central Railroad; International Minerals & Chemical Corporation; Livestock Conservation, Inc.; Massey-Ferguson Inc.; Moorman Mfg. Co.; The Milwaukee Road; Olin Mathieson Chemical Corporation; Edward T. Meredith Foundation, Successful Farming; Pure Oil Company; Ralston Purina Company; The Sears-Roebuck Foundation; The Singer Company; Standard Oil Company (Kentucky); Standard Oil Company (Ohio); The West Bend Company; Wilson & Co., Inc.; and friends of the late Thomas E.
