CHEESE SAUCE

4 tablespoons flour
2 cups grated cheese
2 cups milk
4 tablespoons fat

Melt fat and blend in the flour to make a smooth mixture. Add milk slowly and cook over very low heat, stirring constantly, until thickened. Add salt to taste — about ¼-teaspoon. Cook 3 to 5 minutes longer, stirring occasionally. Add 2 cups finely grated cheese to sauce. Stir until cheese is melted. Be careful not to overcook.

FRIED LIVER AND ONIONS

1 pound liver, sliced (beef or pork)
Salt
Pepper
Flour
Bacon grease

Remove skin and heavy blood vessels from liver. To make the flavor of pork liver milder you may want to scald it—that is, pour boiling water over it and drain. Sprinkle liver with salt, pepper and flour. Cook in the bacon grease at moderate heat until lightly browned on one side. Turn and brown on the other side. Do not add water and do not cover. Slices ½-inch-thick take about 5 minutes on each side. Take care not to overcook. Slice 2 large onions into fry pan with 2 tablespoons bacon grease. Fry over medium heat until onions are glossy; serve on top of liver.

STRICTLY FRESH

Stronger Aluminum Siding Is Offered

PITTSBURGH, Pa. — A new, stronger aluminum residential siding — more resistant to denting and easier to handle than previously available material — has been introduced by Alcoa Building Products Inc., a subsidiary of Aluminum Co. of America.

The siding is fabricated from a specially tempered alloy recently developed by Alcoa.

E. J. Gibbs, manager of siding sales for ABP, said the product offers additional advantages to the homeowner, builder, and dealer-distributor.

Gibbs explained: "Because of its added rigidity and hardness, Alcoa siding fabricated from the specially tempered alloy feels sturdier than other aluminum siding of the same thickness. It cuts cleaner with manual and mechanical saws, breaks off smoother, and can be installed with ease. The extra strength also reduces the chance of damage resulting from rough handling during shipment and construction.

First Baseball Game of Season Scheduled Friday Night Against Bulldogs of Arcadia

High school baseball will get under way at Head Field Friday night at 7:30 o'clock when the Avon Park Red Devils meet the DeSoto High Bulldogs of Arcadia in the season opener.

The following night, Saturday, March, 12, the Devils again will play at home, hosting the Frostproof Bulldogs in a 7:30 o'clock game.

Coach Ralph Hill, the Devils' mentor, will have eight returning lettermen with which to build his 1966 team. Members of the team who also played basketball reported out for practice Monday and will get four days of work before Friday night's game.

The lettermen: seniors Bobby Coleman (shortstop), Ronnie Jackson (pitcher and outfielder), Carl Holden (centerfielder), Mike Knapp (lefthanded hurler and outfielder), and Spencer Oberle (third baseman); juniors Emmitt Money (pitcher and firstbaseman) and Joe Strickler (outfielder); and sophomore Dean Lemler (catcher).

Coach Hill expects to start those eight lettermen, and also will count on Jim Powell, Hoppy Rewis and Johnny Elder to see action.

Others out for the team are juniors Carl Barnes, Roscoe Bass and Gary Neal; sophomore Kenny Gainous, Robert Sizemore and Bill Knapp; and freshmen Mike Vanderbilt, Billy Jackson, Steve Walker, Larry LaFlam, Glenn Sizemore, Gene Landress, and Ralph Barnes.

Some of these boys will play "B" squad ball as soon as practice starts for that team.

Coach Hill advises that season tickets will be on sale at the gate for $5 for the nine home games (and possibly one more). Regular admission price is 75 cents for adults and 40 cents for students, so a season ticket will save $1.75 for an adult holder who attends the nine home games.

Legion of Merit Medal Awarded Posthumously to Col. McClelland

Colonel Harold M. McClelland received the Legion of Merit (posthumously) in ceremonies at MacDill Air Force Base, Tampa, last Friday. Major General Walter B. Putnam, commander of the Tactical Air Warfare Command, Eglin Air Force Base, presented the medal to Mrs. McClelland.

Colonel McClelland was commander of the 12th Tactical Fighter Wing at MacDill from May 14, 1962 to July 17, 1965, the date of his death. During this period, the colonel commanded the first operationally ready Phantom F-4C wing in the U.S. Air Force.

The citation to the award reads, in part: "He provided outstanding leadership, planning and direction resulting in the earliest availability in this unit which is now actively employed as a vital, effective instrument of national policy."

The 12th Wing is now based at Cam Ranh Bay, Viet Nam.

Colonel McClelland was born in Avon Park, Feb. 22, 1919. He attended Avon Park High School and the University of Tampa. He was graduated from Flying School, Maxwell Air Force Base, Ala., in 1941 and commissioned a second lieutenant in the Air Corps.

The next year he spent as a fighter pilot with the 45th Fighter Squadron, 15th Pursuit Group, Hawaii.

During the period September 1942 to December 1944, he flew 275 missions in the Pacific, piloting P-38, P-39 and P-40 aircraft. During this period of his combat career he was assigned to the 35th Fighter Squadron, 8th Fighter Group, in New Guinea, as a squadron commander.

In January 1945, Major McClelland was assigned to the Atlanta Air Base, Atlanta, Ga., where he served as air base commander and base operations officer.

During the period June 1947 to June 1949, Major McClelland attended the University of Florida, where he obtained his Bachelor of Science degree.

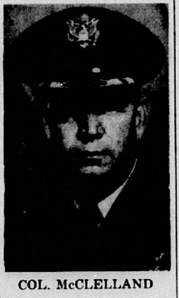
In July 1949 he was assigned as a pilot instructor at Randolph Air Force Base, Texas.

The next three years he served with the Flight Training Group, Craig Air Force Base, Ala., as a group commander.

In November 1953 he was assigned to the Far East Air Forces. He served as deputy commander, 49th Fighter Bombardment Group, and during this period he established a world's jet fighter distance record, flying a Republic F-84 Thunderstreak from Tokyo to Newcastle, Australia.

In 1956 he assumed duties as director of operations for the Fifth Air Force at Nagoya Air Base, Japan.

Between September 1957 and June 1958, Colonel McClelland attended the Air War College at Maxwell Air Force Base, Ala.



COL. McCLELLAND

In July 1958 he became chief, career Development Division, Headquarters, U.S. Air Force, Washington, serving in that capacity until May 1961.

He was appointed chief, Personnel Policy Division, Headquarters, U.S. Air Force, in May 1961, serving in that position until his assignment to MacDill as 12th Wing commander.

Colonel McClelland was a rated command pilot with more than 4,100 flying hours accumulated mostly in fighteraircraft.

Among the awards and decorations he received were the Distinguished Flying Cross with three Oak Leaf clusters and the Air Medal with six Oak Leaf clusters.

He is also survived by his three children: Sandra, Michael, and Margo.

Minor League Schedule Starts Next Monday

Eight Minor League teams will begin action next Monday night at Avon Park's Little League field, N. Anoka and W. LaGrande, when the Angels, sponsored by Leon's Sporting Goods, meet the Giants, backed by Townsend Lumber Co. in the opening game at 6 p.m.

A second game starting at 7:15 will pit the Braves (Western Auto) against the Red Legs (Phillips Corner).

The Minor League, a division of the Avon Park Little League, Inc., is headed by J. T. Landress. The eight teams will each play a seven game schedule playing each team playing the other one time.

Games will be played each Monday, Tuesday, and Thursday nights with four teams playing each night.

On Tuesday night, March 15, the Cardinals (One Hour Cleaners) will take on the Tigers (Avon Park Motor Co.) in the 6 p.m. game, and, the Dodgers (Lanes Records and TV) play the White Sox (Kiwanis Club) in the 7:15 game.

Teams are managed by the following men: Angels, Don Hassfurder; Braves, Jim Barnes; Cardinals, Herman DuBoice; Dodgers, John Wilburn; Giants, Roger Wilson; Red Legs, Preston Sneed; Tigers, Wesley Newsome; and White Sox, Earnest Prevatt.

The schedule will end with two games on April 12. An All-Star game is set for April 14.

Rotary Names New Officers

David F. Lanier was elected president of Avon Park Rotary Club prior to last Wednesday's regular club meeting. Weyman S. Carver was named vice president, and William B. Young, secretary.

Directors named previously included Robert J. Barben, John Giddens Jr., Donald R. Hassfurder, Maurice Phillips, John Townsend, Charles Whitehead and James A. Heim.

Officers and directors to serve during the 1966-67 fiscal years will be seated July 1.

Garrett New Principal Of Local High School

R. Guy Garrett, assistant principal of Avon Park High School, will become supervising principal of Avon Park area schools July 1.

On the recommendation of Superintendent George F. Douglass, the Highlands County School Board Tuesday night named Garrett to succeed veteran Principal A. B. Wilhite who is retiring at the close of the current year.

In his new post Garrett will have supervision of Avon Elementary, Hopewell and Ridge Area Day School as well as Avon Park High School.

Highlands County school has three area supervising principals. With the retirement of Mr. Wilhite, Billy Cason in Sebring area becomes the "veteran" of this group. He was named to the Sebring post in January, 1965.

Aubrey Morris at Lake Placid joined the county system in July, 1965.

Mr. Garrett, who is 40 years old, originally comes from Eagle Lake near Winter Haven, where he graduated from high school. He was brought to Florida as a small child when his family moved to the state from South Carolina.

GUY GARRETT

He graduated from Stetson University, DeLand, where he lettered four years on the Hatters football team and two years on the university's baseball team. He was co-captain of the grid team in his senior year when Stetson fielded a football team.

His master's degree came in 1957, also gained at Stetson, where he received his BS degree.

Mr. Garrett started his teaching career in Highlands County, teaching two years at Sebring as a biology instructor. He handled the school's B squad in all three sports.

It was in 1952 that he came to Avon Park High as a biology and history instructor and assistant football and head baseball coach. He has been an assistant grid mentor 13 years, and handled the baseball 12 years where he brought much glory to local sports.

He compiled a 228 won record in baseball, losing only 42 games during the 12 fine years when Red Devils baseball teams won two state championships. Seven of his 12 teams went to the state tournament.

Ridge Conference titles came to Devil baseball teams during nine of his 12 years.

Mr. Garrett is proud of the accomplishments of a number of boys he helped moulded into baseball players as several went on to gain college scholarships after leaving APHS with high scholarstic honors.

And, he has coached against lads he coached here; boys who gained basics from his instructions, and who learned and liked his brand of sportsmanship enough to follow in his footsteps.

He became assistant principal in 1964 to A. B. Wilhite at the latter's instistance, who, he declares "has done such an outstanding job for so many years. His shoes are much too big for me to fill now, but I hope some day to be able to fill them."

Mr. Garrett is a deacon in the Union Congregational Church of Avon Park where his family has an active part in the religious life of the community.

A Mason, he also is a member of the Lions Club.

Mr. Garrett married the former Miss Jane Whitworth of Winter Haven in that city in 1947. She is a bookkeeper at Sebring Packing Co.

In speaking of the dedicated educator he is succeeding, a man who has guided a large number of APHS graduates into many prominent national and sectional positions, Mr. Garrett said of Mr. Wilhite "he has brought honesty, integrity, dignity and dedication to duty to the office he filled at Avon Park High School as well as the state and county educational field."

Continuing, he added that, "I am proud that I would even be considered to replace a man who has done such an outstanding job for so many years. The only reason I have considered replacing him is because he has promised to give me his advise and help."

30 More Units Granted To Housing Authority

Thirty additional units have been granted the Avon Park Housing Authority by the federal housing authority, bringing the total to be built here to 130 units.

The 30 units are to be added the 50 already granted for low-cost housing and 50 for elderly persons.

Announcement of the additional grant was made on the return from Atlanta of a group from the local Housing Authority. They attended a planning and briefing session with federal housing officials in charge of the southern area.

There they signed a loan contract of approximately $26,000 for preliminary work here in connection with the construction of the 130 Housing Authority units.

And, they were informed officially of the addition of the 30 units.

It was brought out that actual start of work here is in the distant future, with much preliminary work entailed.

Making the trip to Atlanta were architects James Heim of Avon Park and James Sellew of Sarasota, James Turnbull, an Authority commissioner, Mayor E. A. DeLaney Sr., representing the City Council, and Don E. Correll, executive director of the local Authority, and J. T. Landress, chairman.

Correll, named director some weeks ago, took over fulltime work with the local Authority on Monday. He is expected to announce location of the Authority's office and its hours shortly.

The group left Avon Park last Sunday and returned here Tuesday night.

Band Auction Scheduled This Afternoon

Come one, come all and hear the call of the auctioneer on The Mall this afternoon.

This is the day.

Starting at 2 p.m., and lasting until the auctioneer—Wayne Albright—is hoarse and the last item sold, "funsapoppin" in another manner will be staged to benefit Avon Park's High School Band.

Band Parents Association members have been working aruously several months collecting items for Albright, a licensed auctioneer, to sell with his chant of "who'll raise it?"

It promises to be a festive occasion and holiday air this afternoon on The Mall as item by item is sold.

Francis Wood has been in charge of the collection, getting townspeople and merchant to donate that the band may be better equipped with all that a fine band needs.

The goods on auction—item by item—will go to the highest bidder.

If what you want does not come up first the committee has prepared for just such an eventuallity—band parents have planned a food booth for a supper snack.

So, if you did not come to buy just for the fun, and you like what is occuring, you won't have to rush home to prepare a bite. Have it at the band auction as the band toots up a storm of melodious notes.

It will be an afternoon of entertainment, fun, eats and music. And, the band will benefit.

Devil Runners Meet Today

The Red Devils second track meet of the season will be held at Avon Park's new track east of Memorial Field this afternoon when Wauchula, Frostproof and possibly Naples cindermen start moving at 3:45 p.m.

Avon Park coach Jeff DeCola expects Hardee High, Wauchula, to give his team real competition, especially in the 100 and 220-yard dashes.

Last year Hardee's Brooks tied Avon Park's Harold Callaway in the 100 and won the 220 here late in the season. Both boys are running much better this year according to DeCola.

Admission is 50 cents for adults, 25 cents for junior and senior high school students, and 10 cents for elementary pupils if they buy their ticket at school the day of the meet.

Teachers Will Receive Pay Increase

Highlands County teachers will receive a pay boost next year. The School Board Tuesday night voted a $200 per year raise in the base salary —from $4,500 to $4,700—and raised the increment for a Master's degree from $400 to $600 per year.

The salary index which has been in operation for sometime, was extended. It had applied to Rank III teachers with 12 years experience, and in the coming year will apply for those with 13 years experience, and the Rank II teachers with 17 years experience come under the index in the coming year. In the current year the Rank II index applied only up to 15 years.

A salary index for principals was adopted. Superintendent George F. Douglass said that while it does not carry a pay raise it does "insure that a differential will be maintained."

Six persons who are now serving 10.5 months per year as building principals are to go on an 11-month year and this will raise their pay.

Teachers who hold a Master's degree will be on a base salary of $5,300, and their index will, in the future, be computed from that base. In the past the index figure, for everyone, was the beginning Bachelor's degree base.

All pay adjustments will add $74,608 to the budget next year.

Douglass said, "I had promised the board that I should keep my recommendations within the money I could conservatively estimate coming in. I have done

Senior Players To Register On Saturday

Senior baseball players, boys in the age group of 12 - 15 who desire to play in the Avon Park Little League Inc., setup, are asked to register at Little League Field Saturday morning.

According to Virgil Sizemore, Little League Inc., worker, registration hour will be between 9 and 10 o'clock that morning. League workers will be at the field then to assist in the registration.

All boys in the above age group—12-15—desirious of playing baseball are asked to register Saturday morning.

Desegragation Is Topic For School Board

Further desegregation in the public school system is ordered in new directives from the federal Department of Health, Education and Welfare.

Provisions of the new "guidelines" were presented to Highlands County School Board Tuesday night by Chairman Henry Bailey and Superintendent George F. Douglass.

"We initiated our desegregation program last year in good faith, and we have made progress. These are additional problems," Douglass said, "but I think if we approach these problems in the same manner we can overcome them too."

At a meeting in Miami last week federal representatives explained that some progress must be shown in desegregation of school faculties and staff. Also, "explanations will be asked" for schools where the student population continues to show very small amount of integretation.

School Attorney Frank Bryant pointed out that the new federal guidelines are divided into two sections—one for schools using a geographic area assignment plan and one for those using a freedom of choice plan.

"Highlands County has a combination plan. Most of the school population is under geographic assignment, but in some areas, principally the sparsely populated parts of the county, a freedom of choice plan is in operation," Bryant said.

"Advertising and material to be issued to students does not cover such a combination plan, so, we are going to have to prepare statements and get approval of them," Bryant said.

He urged the board to redraw school districts to eliminate the freedom of choice zones. "Freedom of choice zones are frowned on, officially," he said.

The School Board followed

County Seeks More Teachers

Highlands County school officials have two teacher recruitment trips planned this week. Superintendent George F. Douglass will attend the teacher placement conference at Florida State University and interview prospective teachers.

James Ferrel Smith, curriculum supervisor for the county schools, is spending all of this week contacting prospective teachers at out-of-state colleges.

First College Instructors Are Named

Initial appointments for South Florida Junior College faculty were approved Tuesday night by Highlands County School Board.

Heading the list recommended by Superintendent George F. Douglass and Junior College President Dr. William Stallard was Wilford J. Beumel, named director of student personnel.

Miss Leila Louise Sebring was named librarian. Mrs. Ruth Handley and Scott K. Gibson were named to the teaching faculty.

Beumel is to be the "second in command" position, Stallard told the School Board. Beumel, now director of adult education, distributive education, cooperative education and the evening division at Manatee Junior College in Bradenton, will assume responsibilities here April 1.

His salary has been set at $10,800.

Beumel has held his present position at Manatee Junior College for three years. He is a past president of the Indiana Distributive Education Association, a former member of Indiana State Educational Advisory Committee and a past member of the executive board of Indiana Vocational and Practical Arts Association.

He received his Bachelor's and Master's degrees at University of Indiana. He is a native of Frankfort, Ind.

At Bradenton he has been active in the Junior Chamber of Commerce and Boy Scout work. He is a member of the Christian Church, is married and has three sons—ages 10, 9, 5.

Miss Sebring will begin her work with the college on April 1.

Dr. Stallard told the school board that much of "operation hammer and saw" is complete on the former supermarket which is to house the library.

He said about $15,000 is available for initial purchases of library books.

Miss Sebring is a native of Sebring and an alumna of Sebring High School and Baldwin School of Bryn Mawr, Pa. She received her Bachelor's degree from Radcliffe College, and her Master's degree in library science from Florida State University Library School.

She has taught in the National Cathedral School in Washington, D. C., and worked as a librarian in the United States Department of State. At present she is librarian for the University of Florida Experiment Station in Lake Alfred.

She is active in the Methodist Church, Florida Library Association, American Library Association and American Association of University Women.

For the initial teaching appointments two experienced

Auto Tag Sales Are Going Slow

Motor vehicle owners can purchase 1966 license tags much more quickly from the tag office in Avon Park, County Tag Agent Roland X. Droit, said.

The tags may be purchased at the Wells Motor Co.

The 1966 tags went on sale March 1, and to date the sales are "slower than for the first week of sales in 1965," Driot said.

Ridge League To Meet Here

Between 125 and 150 persons are expected here for the meeting of the Ridge League of Muncipalties composed of 25 cities in the Highlands area of Florida.

Devils Humble Sebring Cindermen As They Dominate All Events

Avon Park took first place in all 15 events as sprinter Harold Callaway set two new school records when the Red Devils defeated Sebring, 118-4 last Thursday afternoon at the local track in the first meet of the 1966 season.

Callaway won the 100-yard dash in 9.5 seconds and took first in the 220 yard dash with a 22.5 seconds mark to set two new Avon Park school records.

He also anchored the 880-yard relay team which won in 1:37.3 and he placed second in the shot put and third in the discus toss.

Senior Mike Coleman, who sat out last season with an injury, contributed three first places. The lanky hurdler was first in the 120-yard hurdles at 16.0 seconds, ran the 180-yard low hurdles in 23 seconds flat to win. He took the high jump with a 5' 4" effort.

Tom LaFlam won the mile run in 5:09.3. Sebring's Reed Benschoter trailed by John Wright of Avon Park.

Red Devil Bill Wild took the 440-yard run in 51.9 seconds. Devils Tom Nunnallee and Terry Bruner followed in order.

Jack Crunkelton placed first in the half mile run at 2:19.5 for Avon Park with teammates Jim Burrescia and Wayne Farrell placing second and third.

Bobby Burton and Smitty Callaway were second and third behind M. Coleman in the high hurdles. Bill Wild and Tom Nunnallee placed second and third behind Callaway in both the 100 and the 220 dashes. Bobby Burton also placed second behind Coleman in the low hurdles and with Sebring's Schaub coming in third.

In the field events Alfred and Henry Heilig shared honors in the shot and the discus. Alfred tossed the shot 43 feet for first, and Henry came in third. Henry threw the discus 112 feet 9¼ inches for first and Al was second with 107 feet 5 inches.

Jack Crunkelton and Phillip Curlee tied for first place in the pole vault event with 8 foot jumps.

Billy Richards was first in the broad jump with 17 feet, 10 inches followed by Crunkelton and T. Nunnallee.

Jack Crunkelton and Tom LaFlam placed second and third behind Coleman in the high jump event.

Avon Park won the three relay events. Billy Richards, Bobby Barben, Robert King, and Harold Callaway ran the 880-yard relay in 1 minute 37.3 seconds. The sprint medley relay was run by Devils Barben, Terry Bruner, Richards, and B. Burton in 2 minutes, 19.8 seconds. Bobby Barben, Jim Burrescia, S. Callaway, and John Wright took the mile relay for Avon Park in 4 minutes, 2.4 seconds.

Pesek Wants Another Tussle

Jack Pesek has issued a challenge to the Masked Infernos and has taken the clever Omar Atlas a teammate for the rematch. The tussle will be staged at the National Guard Armory Friday evening. The curtain will be pulled at 8.

He has been granted his request for a second in his corner by matchmaker Pat O'Hara as the Infernos have their manager, J. C. Dykes, in their corner to guide them.

Pesek had the Infernos staggering about the ring when, in a near ring riot, Pesek shot out of the ropes. Before he could get back into the "goings on" the Infernos pounded Jesse James, Pesek's ring partner.

This Pesek did not like so he drove them (the Infernoes) around and out following the final bell, all to the enjoyment, confusions and distress of the fans.

Having provided fun and frolic for one evening, promoter and wrestlers decided to lift the curtain again Friday on something spectacular?

Big Bob Orton also will be on the card Friday night. One of the better matmen, he has been signed to meet Billy Parks of Canada.

Joso Soto, the Puerto Rican sensation is pitted against Jack Daniels of Kentucky, not to be confused with a gentleman of similar name also from Kentucky.

Seaman Adams Participates In Recovery Task

Gunner's Mate Seaman Henry Adams Jr., USN, son of Mr. and Mrs. Henry Adams of 319 Castle St., Avon Park, participated in the Project Apollo AS-201 mission as a crewmember aboard the destroyer USS Waldron, a unit of Task Force 140.

Waldron occupied a down-range recovery station during the sub-orbital ballistic shot which initiated the program slated to put man on the moon by 1970.

Special equipment was installed on the Waldron to facilitate handling of the unmanned spacefract. Her crew has undergone training in spacecraft recovery since her selection for this mission.

Normally operating as a unit of the Atlantic Fleet's Destroyer Force, the Waldron was chosen as a recovery vessel because of her search and rescue capabilities. After completing the mission Waldron returned to her normal duty.

Ancient Egyptian records indicate radishes were common food in Egypt before the Pyramids were built.

First College

college teachers were named.

Mrs. Handley, presently an English teacher at Sebring High School, for two years taught at Alabama Polytechic Institute, Auburn, Ala. She attended Ward-Belmont School in Nashville, Tenn., and received her Bachelor's degree from University of North Carolina. She has attended University of Chicago and earned her Master's degree in English from Alabama Polytechnic Institute.

Mrs. Handley was president of Highlands County Education Association in 1964-65 and is active in several professional organizations. She is a member of First Methodist Church, Sebring.

Newly appointed math teacher Gibson comes from the Polk Junior College faculty where he taught two years. Prior to that had taught at Florida Southern for five years.

He is a native of Washington State and a graduate of Naval Academy, Annopolis, with a Bachelor of Science degree in engineering.

Following Naval duty he attended Massachusetts Institute of Technology and received a Master's degree in marine engineering. He has taken additional graduate work at University of Florida and Georgia Institute of Technology in mathematics.

He has served as an engineer with Republic Aviation Corporation and General Electric Company.

Mr. and Mrs. Gibson are members of the Episcopal church.

Realty Firm Brings Suit

Stewart Realty Corp. has brought suit in Circuit Court at Sebring to foreclose on a mortgage it is holding from Highlands Development Corp.

The Stewart corporation alleges that to secure a note for $90,000, the Highlands firm issued to Stewart a mortgage deed for lots 1 to 9, 12 to 50, 54 to 85, 95 to 108 and lot 87 in Country Club Lake Estates.

The Stewart company said that some payment had been made on the note; but in late February the Highlands company, headed by Leo N. Weisser, owed $67,388, including interest charges.

Richard Hyatt, attorney for Stewart Realty Corp., filed the foreclosure proceedings on March 2. The case was assigned to Judge Clifton M. Kelly.

that. We have made our last payment on money borrowed in 1956.

"I can see this added to other funds I found in the budget to bring available money up to at least $61,000. Surely the increases we receive each year will bring us enough to cover this new salary scale."

He said the county will receive more money from the state by eliminating all Rank V teachers. These teachers are below the state certification standards, and the state will not provide salary support for these.

"We now have 3 percent of our teachers in this Rank V category, so we are receiving only 97 percent of the money which we could be getting from the state," Douglass explained.

The School Board expressed hope that Rank V could be eliminated but was fearful it could not be done.

"Can you guarantee we'll have teachers in every classroom?" Chairman Henry Bailey asked.

Douglass said that with the new, higher base pay, he feels that Highlands County is in a better competitive position for the teachers available.

Gordon Rose, chairman of the Highlands County Education Association's salary committee, said this county is now "about on par with our neighbors."

Miss Ann Karrick, first vice president of HCEA, told the board, "I think the School Board and administration is to be congratulated on not putting all available money into the beginning base pay, but some money has been used to provide raises for the older teachers.

The School Board heard a representative of Wainwright and Ramsey, municipal finance consultant firm, explain services his firm would offer in connection with a contract to sell the School Board's $1 million in revenue certificates.

The board has said it will not make a decision on such sale until after the building survey report next week.

The board voted to buy a lot in the middle of the Lake Placid Elementary School site. Robert Dunty Jr., owner, had offered the lot for $600 which, he said, he would contribute to the Lake Placid Athletic Association.

Three of the portable classrooms, approved under a federal project, are to be placed parallel to Avon Park High School. One is to be placed at Fred Wild.

Bailey protested that "coaching is costing too much," but the board approved coaching supplements for 3 Sebring coaches —John Freeland, basketball, Jan Bennett, baseball, and Glenn Odham, swimming.

Gara Ward and Theda Miracle were placed "on call" contracts for Avon Park area.

Barbara Goosby was hired as teacher for Hopewell, and Mrs. Nora Corbett was hired as bookkeeper for the county school system.

Partial expense payment for delegates attending a Food Service Association meeting in Miami Beach was approved.

People, Firms Are Thanked

Charles S. Warrington and other Boy Scout executives of the Highlands District wish to thank the many people who gave to the Goodwill Industry drive last week.

Success was also due to the cooperation of parents and friends of the Scouts and Cubs who distributed and collected the bags.

The Rotary Club donated weiners and potato chips, and the Coca Cola Co., of which James Grunholzer is manager, furnished soft drinks for the picnic at Donaldson Park after the pick-up. Earl Green, James Scott, APCI, and the Air Force donated trucks for the distribution and collection.

Because of rainy weather, some may not have put out the bags early enough for the pick-up and were missed. If so, they are asked to put the filled bags in one of the Goodwill boxes located near the supermarkets.

Open Season Will Start On Range Gobblers

Open season starts Saturday at the Avon Park Bombing and Gunnery Range on gobblers. It will end March 27, according to Richard McClelland, game specialist with the Game and Fresh Water Fish Commission.

Hunting will be allowed only on Saturday and Sunday on the following dates, he added: March 12-13, 19-20 and 26-27.

Following are among rules hunters must observe, he said:

Hunters must check in and out of designated checking station when entering or leaving the Wildlife Management Area. Check station will be open from 4 a.m. each hunt day and will close at 2 p.m. each hunt day.

Douglass in resisting any changes in the school district changes in the school districts as they are now in operation.

"We didn't draw those maps in just a few minutes," board member R. L. Padgett said, "and I think we should stick to what we have had approved."

The attorney advised the board that "more careful attention must be given to requests for school transfers and requests for transfers must clearly indicate why transfer out of a geographic school zone is being sought.'

Bailey said the new guidelines are based on an objective of complete equality of every school in the system. "It assumes that every teacher in the system is fully qualified and capable of teaching in any school in his certified area of instruction," Bailey told the board.

Douglass said Highlands County teachers have been most cooperative and helpful in working toward desegregation of the schools and many have indicated their complete willingness to serve at any place within the school system.

Students Work On Articles For School Page

Mrs. Eberle's first and fourth period English classes are working hard this week on articles for the paper. Students from each of her two classes were chosen to see that articles were in on time and to proofread the articles which the other students brong in.

The students are as follows: Peggy Johnson, Brenda Brown, Barbara Harden, Sue O'Steen all out of first period, Kathy Lambright, Virginia Barnes, Linda Dorsey, and Tommy Tuskey all out of the fourth period class.

There are 28 students in the first period class and 23 in fourth period, for a total of 51 working on the newspaper.

There are two students assigned to a teacher or organization. Each week the students write an articles on what the teacher is doing in class and the special projects they are doing, in and our of the class. They write articles about what certain organizations are doing.

What Happens In 9th - 10th Grade English

If you should ask one of Mrs. Ginn's ninth grade English students what he or she has been studying lately, you would be answered, with a smile or a frown "The Rime of the Ancient Mariner," and that would be oh so true! Many who insisted, at the beginning, that they couldn't bear poetry have admitted finally that they have enjoyed the poem with it's eerie and colorful descriptions and its fantastic story. Those who still insist that poetry is for "sissies" are glad it is over. But not quite over after all, for next week we are memorizing a poem, not a long poem but very beautiful.

Tenth grade English classes have been enjoying the articles in Readers Digest this week. They all look forward to the magazines arrival and give it quite a through going-over. We have to admit the joke sections get their first attention.

This week a creative theme was added to their assignments and many of these themes have proved to be very origional and interesting.

Perhaps next week some of these themes may be shared with you.

Business English Classes Learning About Pronouns

The Business English classes, under the supervision of Mrs. Nancy Eberle, are just now getting back to normal, everyday working procedures. During the past week, both classes have been working steadily getting their first edition in the Avon Park Sun. This week, students have taken out their grammar books again and are getting down to business, learning the correct usage of nouns, pronouns, verbs, adverbs, adjectives, infinitives, commas, semicolons, etc.

Business English is essential not only to the student who plans to work in an office, but to anyone who is interested in leaving an impression with people with regard to everything they say.

Correct English is necessary when a person applies for a job and is also necessary in order to hold the job. Correct English also plays a large part in winning friends and influencing people, both temporarily and permanently.

Mrs. Eberle's technique of teaching keeps the student interested and alert to answer or try to answer every question she asks them.

ERNEST DOTY the art teacher at APHS, is demonstrating to Linda Holmburg the proper procedure to be followed in loading and firing the new ceramic kiln.

Art Classes Get Kiln

The art classes have recently received a new addition to its class—a ceramic kiln. This is used for china firing, glazing, bisquing, porcelain firing, glass, or stonewall.

There is also a potter's wheel included in this section of art. A potter's wheel consists of a circular dish which is made to revolve while a pot is being shaped. With this wheel the students can make vases, bowls, plates, and every other kind of pottery article except hand modeled figures.

Instead of using the potter's wheel or the molds, you can make your own shapes with your hands. These hand molded pieces are made from semi-liquid clay, and are then left to set and dry. Then they are fired to harden the object.

The students have a various array of molds to choose from. There are modern style dishes such as bowls, vases, and plates. Also there are figurines which are favorites with the class. After firing, the objects are glazed according to the student's own creative design.—JOHN SIMPSON.

Advance Work Being Taught

This year for the first time APHS is presenting a program to train Senior boys in one of three fields. Each boy who signs up for this course has a choice of Mechanics, taught by Bill Hood, Air-condition, taught by Bill Monsolvatge, and Electronics, taught by Bill Thompson

This training, or advanced education, will give these boys a better chance of making a living after graduation or to continue their education in the chosen field.

These three teachers, who are well trained in their field, take time out of each day to meet with the boys in their group and instruct them on the various projects that the classes have undertaken.

Mr. Goff works with these men, helping them as much as possible with the problems that develop through out the year.

Band Concert Is Successful

Thanks to all those fine people who braved the chilly wind Sunday afternoon, the High School band concert turned out to be a big success. There was a crowd of approximately 250 persons.

The band showed their fine technical skill as they played a very difficult number by Haydn: "St. Anthony Divertimento."

Guest soloist was Mrs. Ann MicKunas. She sang three selections: "The Sound of Music," "Till There Was You," and "I Could Have Danced All Night." As usual, her fine voice proved to be a great delight to all listeners.

Pat Silvers, director of the Forest Lake Academy Band, was guest conductor. Her excellent conducting of "The Thunderer" march brought a great round of applause.

Steve Weber, student director, conducted "Blue and the Gray" overture.

Local Girl Scouts and Brownies acted as ushers. They presented Mrs. MicKunas with a bouquet of yellow roses.

The next concert is scheduled for March 20. Please come and support your band at this next fine concert

WHAT DO YOU MOST DESIRE

"At Gideon the Lord appeared to Solomon in a dream by night: and God said, "Ask what I shall give you." I Kings 3:5.

"I wish" is perhaps the most commonly used expression in the world. The reason for its good standing may be said to be everyone's insatiate desire for something more. Man wants more of this or that; more health, more knowledge, more wealth or more power. He remains satisfied with any given situation but for a period of time. This works for general advancement but there are times when it makes it almost impossible for man to find any kind of peace in the world.

Solomon had gone to a shrine in Gibson, some seven miles northwest of Jerusalem, to celebrate his accession to the throne. There he offered up a sacrifice of one thousand burnt offerings. After he had made the sacrifice, he slept. A singular thing happened. The Lord appeared to him in a dream.

In ancient Israel there were three known ways to discover the will of God. God's will might be made known through casting lots, by a dream or through the word of a prophet. Solomon never cast lots, nor did he consult a prophet but he did have a dream. The Lord appeared and said: *"Ask what I shall give you."* I Kings 3:5.

It is interesting to note that the Lord did not stipulate what he could give Solomon but rather asked him what he wished. What do you suppose went through the young King's mind? Among the many things he might have asked for are length of days, wealth and conquest.

To have wished for length of days would have been natural, for life is sweet and the years go all too fast. Solomon must have remembered the long reign of his father. Did there come to his heart the wish that his own reign might be as long? Or maybe a few years longer?

We wouldn't be surprised, if he wished for wealth. This is a desire common to most men. So much could be done with gold. Great riches would give him power and enable him to make a grand display and that is the one thing that oriental monarchs doted on.

Then there is the glory of conquest. His father had been a great warrior and had carved out a nation where only a few warring tribes existed before. If he could only outdo his father in warfare, push out the boundaries of his country, then his name would go down in history as a great and illustrious conqueror, the molder of a greater nation than that over which his father had reigned.

These are just a few things that he might have wished for. However, Solomon's answer did not encompass any of them. *"Give thy servant therefore an understanding mind to govern thy people, that I may discern between good and evil: for who is able to govern this thy great people."* I King 3:9. He had made the best possible choice. The Lord granted his request and more; he was told that because he had chosen wisely, riches and honor would be added. History says that this promise came true.

If we should make the matter personal and ask the question: "What do you most desire?" Would you face up to life and give an honest answer? Eventually you will have to answer the question, for life demands an answer.

If you are tempted to wish for length of days, remember that Methuselah lived for 969 years but there is no record that he made any contribution to the generations through which he lived. On the other hand Jesus died at the age of 33 but who can measure the impact of his life upon world society? Where there is no purpose, length of life can be a drab thing. This matter of purpose in what a man does is so important that Thoreau could say: "To have done anything by which you earned money merely is to have been truly idle."

Florence Nightingale was without real purpose in living just before the Crimean War. She wrote in her diary: "In my thirty-first year, I see nothing desirable but death." This in spite of the fact that she was the daughter of very wealthy English parents and had been presented at Queen Victoria's court. When the war in Crimea came, she heard of the suffering of the wounded soldiers. Her response was immediate and real! She offered her services as a nurse. The British Secretary of War accepted. She was made the head of a band of nurses who were sent to Soutari to care for the wounded. She gave her talents and strength unstintingly in the care of the broken bodies of the soldiers. Soon she was given charge of the British military hospitals. She brought new spirit, sanitation, food and fuel in changing the wretchedness of hospital arrangements. So great was her contribution to the care of the sick and wounded that when the war was over, and she returned to England, she was given a welcome greater than any woman in history. Her grateful countrymen presented her with a gift of $150,000 which she used to erect the Nightingale Home For Nurses at Saint Thomas Hospital in London. She brought honor to all women by being the first of her sex to receive the British Order of Merit. All of this after she had said: "In my thirty-first year, I see nothing desirable but death."

"Ask what I shall give you," the Lord said to Solomon and says to you and me. How wise to ask for an understanding mind and heart to do our work, to lay hold on a purpose worthy of our powers!

Longfellow wrote these lines to honor Florence Nightingale:

"A lady with a lamp shall stand
In the great history of the land,
A noble type of good
Heroic womanhood."

Avon Park's Church of the Nazarene offers religious life to those of all faiths seeking solace of the church in their lives. The local church has had worshippers of many faiths this winter. It offers religious teachings of the older faiths many remember from childhood. Here, the church works closely with the Highlands County Youth for Christ program, and offers Wednesday night Bible teaching to supplement its Sunday services. It is one of the older Avon Park Churches. Its pastor came here in June, 1965 from Brevard County where he spent 8 years in church work.

Red Devils Bow In Tourney Finals To Jupiter By 54-49

Avon Park's scrappy basketball team lost out in its bid for a berth in the state tournament last Saturday night in Mulberry when Jupiter took a 54-49 victory from the Red Devils in the finals of the Class B Region 4 contest.

The Devils defeated Pinecrest of Fort Lauderdale last Friday night, 70-26, to gain the finals. Jupiter defeated Mulberry in the other semi-final game.

In the finals Saturday night, the Red Devils jumped off to a 12-11 first quarter lead but couldn't seem to hit the basket in the second quarter when Jupiter out-scored them 15-5, to go to the dressing room at half-time with a 26-17 lead.

Avon Park was still sluggish in the third period scoring only eight points as Jupiter pumped in 13 to led by 14 points at the end of the third period.

The Red Devils came back strong in the final 8-minute period as they shifted into a full court press and started hitting from the outside and swishing through some lay-up shots.

With less than a minute left to play the Devils edged to within three points of the Jupiter 5 but a foul against an Avon Park boy gave Jupiter the ball.

The free shot was missed but a Jupiter player hauled in the rebound and flipped in a final 2-pointer, giving the east coast team the victory by five points, 54-49.

Against the Pinecrest five last Friday night, the Red Devils put on quite an offensive second half show. Both teams hit slowly in the first half and Avon Park led 22-19 at the end of the second quarter.

The Devils really hit during the last two quarters and kept Pinecrest "shook up" with an aggressive defense. Avon Park scored 22 points to Pinecrest's five in the third quarter and 26 more in the fourth while holding Pinecrest to a lone field goal. The final score was 70-26.

Devil coach Lee Maness cleared his bench during the final period and reserves continued to score as they finished out the game.

Mrs. Newton also is arranging the program.

Members and leaders of the six other Girl Scout troops in Avon Park are being invited to the services at which Mrs. Harlan Herbert will speak. She is of Lakeland, and field advisor of the Heart of Florida Girl Scout Council.

Holding 8th place is Alton LaFlam with one weighing 9 pounds, 12 ounces caught in Lake Istokpoga on a Dalton Special plug.

Jesse McCalla is in 9th place with his bass weighing 9 pounds, 8 ounces caught in Lake Francis on a reel and rod using a Lucky 13 plug.

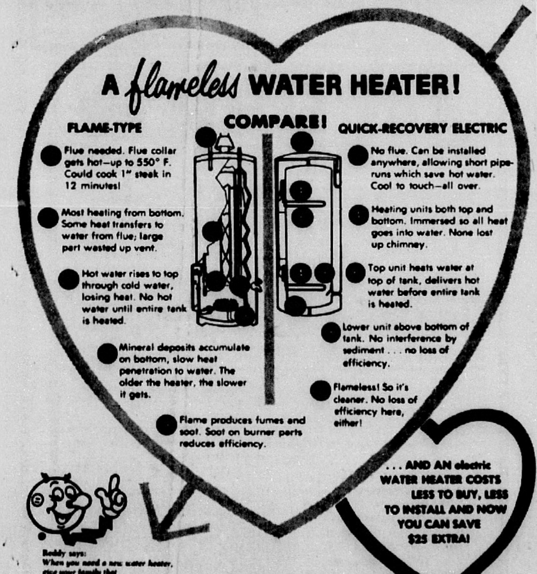
The heart of
HOT WATER HAPPINESS...



A flameless WATER HEATER!
COMPARE!
FLAME-TYPE
Flue needed. Flue collar gets hot—up to 550° F. Could cook 1" steak in 12 minutes!
Most heating from bottom. Some heat transfers to water from flue; large part wasted up vent.
Hot water rises to top through cold water, losing heat. No hot water until entire tank is heated.
Mineral deposits accumulate on bottom, slow heat penetration to water. The older the heater, the slower it gets.
Flame produces fumes and soot. Soot on burner parts reduces efficiency.
QUICK-RECOVERY ELECTRIC
No flue. Can be installed anywhere, allowing short pipe-runs which save hot water. Cool to touch—all over.
Heating units both top and bottom. Immersed so all heat goes into water. None lost up chimney.
Top unit heats water at top of tank, delivers hot water before entire tank is heated.
Lower unit above bottom of tank. No interference by sediment . . . no loss of efficiency.
Flameless! So it's cleaner. No loss of efficiency here, either!
. . . AND AN electric WATER HEATER COSTS LESS TO BUY, LESS TO INSTALL AND NOW YOU CAN SAVE $25 EXTRA!
Reddy says: When you need a new water heater, give your family that feeling of security . . .

Ask your dealer or plumbing contractor to compare costs—you'll see an electric water heater is economical all ways! And if you're a Florida Power Corporation customer and switch from flame-type to an electric water heater between March 1 and April 30, we'll give you an installation allowance of $25. HOBBY SHOW

On Thursday, March 17 from 10 a.m. to 4 p.m. there will be a hobby show with many things on display. The public is invited to display their hobby or handicraft. The public is invited to come and see the many things the folk of this community make and collect. Among other demonstrations, Marian Sunday will demonstrate the decorating of eggs with paraffin and dyes. Bernadine Ames will demonstrate the making of palm cones. Refreshments will be served from 2 p.m. to 4 p.m.

CARD GAMES

Duplicate bridge for March 3 seven pairs played 20 boards. Joseph Nickerson and Amy Kelley winners of North-South, with East and West having a try for tops with Mrs. Joseph Nickerson and Paul Kelley, having the same score as Mrs. Louie Reisner and Frank Thierolff.

As this was Mr. and Mrs. Kelley's first experience with duplicate, we think both they and their partners, Mr. and Mrs. Nickerson deserve great credit.

In pinochle on Monday, Feb. 28 high score went to Sadie Benson with 726 points. Tied for second place were Helen Merton and Claude Bynner with a score of 656.

ENTERTAINMENT

High Jinks at the Winter Guest Club Thursday evening with about 200 members gathered to laugh and be amused at the various members and their antics. It would be bad enough to wheel a wheelbarrow on a tight rope, but to carry another man in it and then run on the under side of the rope, that was too much for one evening, and it was all great fun. There was the voice throwing act by Prof. Kumquat bringing a real good laugh. The Honorable Joe Buckeye gave his views on the goings on in Washington. Robin the Great and his act proved a puzzler by his adroitness. And no show would be complete without a touch of the midway and Madame LaToole provided that touch with her "taking off" some things. Shades of days gone by were reminisced by two lady members. Seems we heard a little sigh by both before the session was over. The Beerys sang two songs in their own inimical way to the strumming of the guitar. And the evening came to an end with the singing of "God Be With You Till We Meet Again."

A variety show will be put on some Thursday evening very soon. From all reports it will be very good.

DANCE

At the Friday evening dance Cliff Seifert took over in place of Art Gorsuch, who was attending the Square Dance Jamboree in Sebring. We have had very good attendance at both the Monday and Friday dances. Among the guests last week were Mr. and Mrs. Ed Starchel, guests of the Theiroofs. They were from Westfield, N. J. Mr. and Mrs. Richard Weston of Fitchburg, Mass. were the guests of the Richard Dickensons.

NEW MEMBERS

Recently returned to Avon Park are Harry and Clara Brewster and Frank and Catherine Keil.

First time members are Henry and Pearl Haskins, Nichols and Ina Lang, William and Anna Lang.

This makes 686 members for this year.

—o—

We mourn the passing of Bill Beall, who was active in many aspects of the Club. He will be greatly missed.

—o—

The following did not appear in the March 3 issue because of mechanical difficulties.

SHUFFLING

On Feb. 23 in Lake Wales at the National Tower Tournament with 59 teams competing, Kate McAlexander and Hazel Thompson won 4th place. There were 7 teams entered from our Avon Park Club.

At our regular tournament on Saturday, Feb. 26, Class A main event winners were Andy Clarke and Walter Swyers over Ethel Kime and Ray Million.

Consolation Class A winners were Charles Fensterman and Henry Troutfetter, with Floyd Heinrich and Russell Smith coming in second.

Class B main event winners were John Eklund and Cleo Lane. Runners-up were James Chamberlain and Myrtle Hefferman.

B Consolation winners were Earl Hazard and C. M. Combs over Cliff Siefert and Lillian Rogers.

CARD GAMES

In pinochle, with 7 tables in play on Monday, Feb. 21, high score went to Asa Phillip with a score of 880. John Workman came in second with a score of 805.

DANCING

The Monday and Friday night dances continue to be well attended. Guests last week were Kay Lochen's cousins, Mr. and Mrs. Ray Kack from St. Leo, Minn. Mr. and Mrs. Chris Cabezas' son, Chris, from Washington D. C. Ella Huebner from Lake Geneve, Wis. Mr. and Mrs. Reuben Houck from Stroudsburg, Pa., and Mr. and Mrs. Irging Tallefren from L'Ance, Michigan.

HOBBY SHOW

March 17 is the date from 10 to 5, don't forget. There will be demonstrations in pine needle work by Ruth Watkins; gravel pictures by Ethel Parker; bug pins by Hazel Higgs and Caroline Webber; mosaic tile by Arlene Lane and Elsie Dickerson; hats by Alda Peter; and many others. Some of the members are giving cookies for the refreshments.

POT-LUCK

New York still comes out ahead of Michigan in attendance with 23 to 22. Eighty-three sat down to a delicious supper, with the Maynard McKinnons as the hosts. Our far away guests from Canada numbered 6.

We all sang happy anniversary to the Floyd Rybordies on their 45th anniversary.

Mrs. Everett Paxton has been doing a fine job this year of planning for hosts for each meeting. Many thanks to her.

Agnes Dentler read a poem "On Growing Old". Mr. McKinnon gave one for the men. Fred Gerst gave a reading on "The Tapestry Weavers"

With Agnes Dentler at the piano, we all sang "God be With You Till We Meet Again" as the closing number.

STUNT NITE

Thursday evening will be stunt nite, including a high wire act, a behind the scenes discourse on how our government works; Robena, the great psychic; the daring gypsy LaToole with her startling disclosures. Show will begin at 7:30.

HYMN SING

Over a hundred came to the popular hymn sing, with Fred Iffland in charge. All the hymns were sung with gusto and reverence. Earl Hazzard opened with prayer. Ula Gunning gave several numbers on the piano. Ethel Parker and Fred Iffland sang a duet and Albert Cushing gave a number on his violin with Mildred Long at the piano. Dora Milligan gave a reading "When Tildie Goes to Meetin'." Mayon Hoard then took over with the leading of the hymns, and Mr. Hoard and Bertha Brush sang "Ivory Palaces". Our closing number was given by all the men singing "The Church in the Wildwood", and Fred Iffland prayed for our safe journey home.

Col. Merchant, Retired Army Chaplain, Dies

Col. Mylon Dickinson Merchant, 81, died last Friday after a short illness. Born in Leverett, Mass., Dec. 10, 1884, he moved to Avon Park 10 years ago from Blandford, Mass.

He retired from the U. S. Army after 28 years of service as an Army chaplain. Col. Merchant entered the Army as chaplain candidate on Aug. 18, 1918.

He served in several posts in the U. S., including two tours of duty in Hawaii, and was commissioned a colonel Feb. 1, 1945. His last station was at the Port of Embarkation in California.

Col. Merchant also pastored a number of churches, being ordained at Blanford First Congregational Church in June, 1914. He was a member of the local Congregational Church, chaplain of the newly formed World War I Veterans Barracks, Avon Park, and member of the Scottish Right Consistory, Tampa, and the American Legion, Blanford, Mass.

Survivors include his widow, Mrs. Beatrice Merchant; three sons, Dr. Mylon Eugene Merchant, Cincinnati, Ohio; Robert P. Merchant, Springfield, Va.; and, Charles L. Merchant, Viet Nam; two brothers, Dr. Ely D. Merchant, Avon Park; and, Leonard Merchant, Golden, Colo.; a sister, Mrs. Charles Boardman, Avon Park, seven grand children and a great grandchild also survive.

Private funeral services were held in the Chapel of Scott-Stephenson-Smith Funeral Home with the Rev. Herbert D. Graetz officiating. In lieu of flowers, friends were asked to contribute to the Congregational Church Memorial fund.

Ten Boy Scouts And Leaders Enjoy Week-End In Everglades

Ten Boy Scouts of Troop 157 who had made some advancement in the last six weeks, enjoyed a weekend camping and exploring trip to the Big Cypress and Ten Thousand Islands, leaving last Friday afternoon and returning home Sunday afternoon.

Scoutmaster Maurice Phillips, Jim Heim, Roy Bennett, Ray Bennet, Bill Thompson, all of Avon Park, and Buck Moots of Naples, accompanied them taking five swamp buggies, which made the trip into the Everglades possible.

Headquarters was at Bill Thompson's hunting camp about five miles southeast of Miles City, south of Immokalee.

They slept in tents each night. Bill acted as chef, and the boys took on clean-up detail. On Saturday, there was a tour by "buggy" into the swamp where they hunted wild orchids, and saw many deer and other wildlife.

After a picnic lunch, they visited the historic monument at East Crossing, a fort used by the Army during the third Seminole War.

There was a short church service Sunday morning after which the boys and men traveled by car to Everglades City, and Chocoloskee Island, which is located in the northwest corner of the Everglades National Park. They enjoyed seeing the fish houses and fishing boat docks in the Ten Thousand Island area.

The following boys report an enjoyable, and educational trip: Ricky Green, Jeff Pohle, Jimmy Saunders, Dennis Saunders, Roy Revels, Ray Revels, Duane Taylor, Jose Torregrosa, Claude Reide, and David Jordon.

Secretary of State Tom Adams has announced the commissioning of Marshall S. P. Pollard, Lake Placid, as member, Board of Social Welfare, District No. 8, Highlands County.

Want to lose weight safely?

Would you like to have a streamlined figure and safeguard your health against disease caused by overweight?

The keys to achieving and keeping a pleasing figure is to improve your eating habits, according to our nutritionists with Florida Agricultural Extension Service.

They stress that you can lose weight safely and comfortably without drugs or starvation methods.

It's those extra that you eat but don't need that put on those extra pounds. Reduce calories, but don't sacrifice essential nutrients, such as proteins, vitamins and minerals.

If you want to help resist the mid-morning snack, start the day with a well-balanced breakfast.

The American Dietetic Association lists several proposals for better menu planning; A pint of whole milk is acceptable for adults. A pint of skim or non-fat dry milk, however, may be substituted, since it contains only half as many calories as whole milk.

Vegetables selected from the following group are especially low in caloric value: asparagus, broccoli, carrots, green beans, kale, squash, spinach, turnip greens, lettuce, and other greens, tomatoes, celery, cucumbers, beets, cabbage, eggplant, onions, rutabagas, cauliflower.

Eat bananas, apples, grapes, and other sweetened fruit sparingly. Non-caloric sweetening agents and three teaspoons or less of fat or oil per day will also reduce calories. Use potatoes, breads, and cereals with discretion.

Apparent weight loss may take as much as one to one and one-half weeks but after that you may expect to lose one to one and one-half pounds weekly without endangering your health.

Good food habits learned in childhood will help to prevent overweight problems later.

Homemakers can do much to cut down on calories and teach good eating habits.

Homemakers can avoid empty calorie foods such as candy, soft drinks, potato chips. Instead they can provide snacks that furnish food value as well as calories—cooked eggs, cheese, crackers with cheese or peanut butter, peanuts, fruits, and vegetables, fruit juices, ice cream.

Hold down the empty calorie added to food in preparation. Use seasonings and herbs instead of butter on vegetables. Bake, broil, and boil foods instead of frying them. Remove fats from meats, gravies and soups before serving. Omit whipped cream, rich sauces, and dressings on desserts and salads. Serve fruits without sugar or cream. Use non-fat milk instead of whole milk.

Forget to make desserts. Or make some simple dessert for example, custards, baked apple, instead of pie or frosted cake.

Serve plain bread and toast instead of rolls, biscuits, doughnuts, pancakes and waffles.

You might like to write to ADA for a free copy of its booklet, "The Best of Health to You". The address is: American Dietetic Association—620 Michigan Avenue, Chicago, Illinois, 60611.

FIX-IT TIP

To make a good varnish cleaner for floors and furniture, mix one quart hot water, one to two tablespoons turpentine and three tablespoons lemon oil. Make it up fresh each time, because the mixture must be used while hot.

PHYSICIANS GOOD INTERVIEWERS

Physicians are good interviewers. They interview the patient to get a history of the case and obtain something to go on in approaching diagnosis and treatment.

Medical history-taking is recognized as the cornerstone of good medical practice. Of the several types, none is more important than the first history-taking interview. There is more to an interview than the medical history obtained; there is consideration of the patient's state of mind and attitude.

All patients do not have fever and not all have pain, but nearly all have anxiety. The anxiety is increased for some by the imposed dependence the patient feels in having to put himself in the physician's hands and by the necessary self-exposure to history-taking and examination. Not every patient with fever receives a remedy to reduce fever at once; not every patient with a pain receives a pain killer at once; and not every patient with anxiety gets a tranquilizer or reassurance at once.

In the history-taking interview, it is important for the physician to note complaints and evidence of anxiety as valuable in leading toward further studies, diagnosis and treatment. There is also the guidance type of interview in which the physician explains to the patient the nature of his illness and the procedures — or regimen — deemed necessary and appropriate for eventual cure and control.

Skill on the part of the physician in interviewing is not measurable by time consumed, but in understanding gained. This is why medical history-taking is considered so important.

Hungry? Looking for a place to dine in leisure without hustle or bustle? Try CLAYTON'S Restaurant on U. S. 27 just south of Sebring. The Morsillos are getting ample quantities of clams and oysters for the seafood lovers. If you haven't tried their baked Clams and oysters, you are really missing something.

If you are heading toward Winter Haven, make sure that you stop in and see Nick Christy at the SUNDOWN Restaurant. This beefeater's paradise offers among their many dishes that corn-fed western beef slow roasted to seal in all the natural essences. An example is their Prime Ribs of Beef—steaming with meaty aroma and coursing with beefy juices—with all the trimmings. Also after dinner, you can enjoy dancing in their Chase Lounge, which this week is featuring 'THE ILLUSIONS', just back from Atlanta and Chicago—where they played the Zebra Lounge; Kitten Club; and the Biarritz Club.

Heading farther north, then you must stop off at LOMBARDI'S in Auburndale, where the steaks are sizziling, tasty and tender, while enjoying the music of Bruce Canova and his Quartet.

Race Time is on us and spectators watching the trial runs, will want to stop in at KAY'S Restaurant at the Air Terminal for a refreshing luncheon or a snack.

Heading south, then you must make it a point to stop by the TOWER VIEW Restaurant, which features fast service—good food at reasonable prices. The Chef recommends that you try their tender succulent whole broiled Florida lobster served with drawn butter, creamy cole slaw and french fried potatoes—can't you just taste it? Nothing much to do after dinner? Why don't you stop off at JACK'S Bar for a short or a long beer—he has just the brand you drink.

Excitement will be found when you visit the EL CID Lounge in Ft. Meade. Frank Wiesser, the host, says they now have the Go Go girls again.

A short distance up the road on U. S. 27, you will find GEORGE'S Coppertop Lounge. Shortly he will be opening his steak house, which will also provide more dancing space. First time here? You will enjoy Johnny Kragon at the keyboard while sipping one of those delicious large dry martinis served in frosted crystal glasses that only their bartender "DON" can make like you like them.

Feel like some exercise—why not try RIDGE Lanes for bowling—they not only have the most up-to-date equipment — a snack bar when you're hungry but also the most genial host and hostess Mr. and Mrs. Grey Hammond recent comers to Highlands County with Texas charm.

WRESTLING is on the agenda at the Armory in Avon Park this Friday evening. We have many enthusiasts in this field—one gentleman from Lake Placid bought 5 seats in the front row for the entire ticket. He loves it!

Atop the PLACID TOWER (The Tower of Peace) located on U. S. 27 just north of Lake Placid, you can see a panorama that you won't forget—this is a must for everyone — natives and visitors alike. No place else can you enjoy a view of a portion of God's most wonderful creation — don't miss this one. Plan to spend some time here as they also have many other things to see and do including the miniature golf course and their browsing gift shop with hand carved items from Haiti.

Wanting to relax and enjoy a good movie? Why not stop in the HILANS Theatre in Avon Park they are showing a really excellent one featuring Burt Lancaster—don't rush girls—in The Hallelujah Trail. A top cast will show you how the West was Fun! Also on the billboard is another good offering Family Fun—this is Walt Disney's "Golden Horseshoe Revue." Both are now showing until Sunday.

I bid $5—MR ALBRIGHT the auctioneer, at Ridge Auctions says that he has many items from here and abroad that are really different and also some real good buys—bid it right on auction night in Avon Park every Friday night.

THEATRE LOVERS—Did you miss the Broadway production of "The Subject Was Roses"? You now have a chance to see it at Musicarnival in West Palm Beach this Friday and Satuurday. It is a short hop by plane—if you fly, rent one from MARR'S Aircraft, if you drive yourself, it is easy on this well driven highway to West Palm Beach—we have many commuters going both ways by plane and car. Starring in this Pulitzer Prize Play is the ladies' favorite

Dennis O'Keefe—co-starring is the son of Dan Duryea, Peter, who is making a name for himself. Broadway actress Liz Ross takes the female lead in this excellent comedy-drama. Only a short time to see this one—Dave Brubeck Quartet will give a swinging evening concert this

Sunday — Arthur Godfrey, originally of radio fame — will be featured in his new musical variety show at the West Palm Beach theatre in-the-round starting this coming Tuesday for a week's run. His cast includes Carmel Quinn, the Godfreymen Dixieland group and the Four Saints. The red head is back!

Special Day For 'Photogs'

Because photographs may not be taken during the presentation of the Black Hills Passion Play at Lake Wales, arrangements have been made for the public to take pictures following a matinee performance on March 23.

The entire cast of 150 performers will be held over following the regular presentation that Wednesday afternoon for mass scenes. The matinee starts at 3 p.m. and photographers will be able to begin making photographs at 5:15 p.m.

In the event of inclement weather, the photographers' day will be postponed until the following Wednesday, when the final matinee of the season will be held.

Special arrangements are being made for press photographers to set up scenes they specifically want.

The Black Hills Passion Play, which opened its 14th season in Lake Wales Feb. 20, will continue with night performances through April 17, with a show every night during Holy Week. Regular presentations are at 7:30 p.m. Tuesdays, Thursdays, and Saturdays, 6 p.m. Sundays and 3 p.m. Wednesdays.

Junior College Site Selection Group To Be Here Today

Selection of a site for the future home of the South Florida Junior College is expected to be made know shortly.

It is understood a site survey team from the Florida Department of Education is expected in Avon Park today (March 17) to view the three sites which have been considered locally.

One, the Touchton site on SR 64 a short distance west of U. S. Hwy. 27, was the original site offered for location of the college.

Since it was first offered, and following announcement that the Junior College would be located in this area, two other sites were tossed into consideration.

One, state-owned property adjacent the Florida Alcoholic Rehabilitation Program Center.

Another is south of the city on Hwy. 27.

Last Sunday (March 13) the Advisory Council of the FARP gave their approval to the request for adjacent FARP property to be considered as a site for the college.

The College Advisory Board requested the Highlands County School Board to contact FARP concerning the tract of land on the west boundary of the Avon Park Hospital.

Joseph C. Ziesenheim, FARP administrator, said in a letter to the Highlands School Board, "I am sure that you understand that the action of the Advisory Council is an expression of their recommendation and that final decision of your request would be made in Tallahassee."

While a permanent site is still to be selected the college is going ahead and will be located in temporary quarters within a few months. Mid-August has been set for the opening target date for the first classes.

Several educators have been named to join Dr. William Stallard, college president, on the staff of the newest college in the Florida educational system. Latest additions were named last week by the Highlands School Board.

These included Wilford J. Beumel, director of student personnel; Miss Leila Louise Sebring, librarian, and, Mrs. Ruth Handley and Scott K. Gibson on the teaching faculty.

Beumel will be second in command to Dr. Stallard.

South Florida Junior College Citizen's Committee Is Granted Charter By State

South Florida Junior College Citizen's Committee Inc., has been granted a charter by the state, according to Secretary of State Tom Adams. It was filed March 4 by David F. Lanier, attorney, and Committee secretary.

Applicants named in the charter are among officers announced at the Committee's formation meeting held here several weeks ago in the director's room of the Avon Citrus Bank.

They include Ted J. Ward, Robert M. Gay, Charles W. Whitehead Jr., all of Avon Park.

Gay is president of the Committee, Ward, vice president; Lanier, secretary; Whitehead, treasurer, and, Dr. William A. Stallard, college president, ex-officio member.

All officers and directors are to serve one year, with the Committee's objective the raising of $50,000 to provide temporary quarters in Avon Park for the Junior College.

These quarters are to be located in the Todd and Brickell buildings on E. Main Street which are undergoing remodelling now to house classrooms and library, the latter in the Todd building.

Vice presidents and directors were named to represent cities in Highlands and Hardee Counties which will be served by the Junior College. DeSoto County also is expected to send students to the Junior College.

Others named as committee vice presidents and directors, with the vice presidents named first in each instances:

O. K. Stringer and C. M. Stewart, Wauchula; John Alexander and W. H. Gillard, Zolfo Springs; Alfred Moretz and Alfred Eide, Lake Placid; John Carson, Mrs. Elgin Bayliss, Sebring; Fred L. Cotton and Mac D. Bryan, Bowling Green.

Those desiring to contribute to the college fund may send contributions to the treasurer, Mr. Whitehead, care of the Avon Citrus Bank, Avon Park.

HIGHLANDS COUNTY EDUCATION Association elected officers March 10, at the Woodlawn Elementary Cafetorium in Sebring with Ann Karrick (left) Avon Park, elected president; Carl Harner of Sebring, vice president; Jamie Edge, (right) Avon Park, secretary; and Jean Moore, Lake Placid, treasurer.

Miss Karrick is the third president from Avon Park, the first being Sarah Sellers and the second, Betty Anderson.

Miss Karrick has been accepted in the Doctorial program at the University of Kentucky, and will start work this summer.

Shirley Furr and Dean Griffin were elected to the professional rights and responsibilities committee from Avon Park.

Installation banquet will be in May.

Teacher Wage Potential Is Better Here

A higher beginning salary versus a better potential wage was found by James Ferrel Smith following first teacher-recruitment trip of the year.

Smith, curriculum supervisor for Highlands County schools, interviewed about three dozen prospective teachers in a recruitment swing through Mississippi and Alabama last week.

"We are looking for the best," Smith said, "and we are finding that the demand is far exceeding the supply." He said he encountered one recruiter from Georgia who was seeking 400 new teachers for a Georgia county.

"In comparison our beginning salary is low," Smith said. The average salary offered by other recruiters was $5,200—$500 more than Highlands County. "Our Master's salary is very competitive, and potential wages in this county are much better than in many offering higher starting salaries."

Last week the Highlands County School Board adopted a new schedule for teachers with the Master's degree, setting the increment for the higher degree at $600 per year.

Smith will make another recruitment trip later and visit colleges in the Carolinas and Tennessee.

Jahna Renamed Hospital Board

Secretary of State Tom Adams has announced the recommissioning of Frederic W. Jahna, Avon Park, as member of the board of commissioners of the Highlands County Hospital District. Jahna represents District No. 1.

Merchants Aid Avon Park Celebrate

Local and sister city merchants are helping Avon Park celebrate its 77th birthday which occurs this month.

Special shoppers' bargains are being advertised on an inside page of this issue of The Sun. Read the ads and maybe you will be more than fortunate in the purchases you make and the prizes you may receive:

A grand prize of $100 in gift certificates from participating merchants.

There are also prizes of $5 in groceries from Kwik Chek and another $5 certificate for third.

Register with participating merchants. Patronize them for values.

Prizes will be awarded at the bandshell in The Mall of Avon Park, Saturday at 2 p.m.

Application Filed For National Bank

Application for a charter to organize a national bank in Avon Park has been filed with the U.S. comptroller of the currency by seven well-known local men, and the application has been accepted.

William J. Briscoe, former bank president with wide experience in the banking business in New York and Miami, is one of the group and is acting as their representative.

When granted, the bank will be located at the Food Fair Shopping Center at the south end of Main Street and U.S. Hwy. 27.

Organizers plan to issue 30,000 shares of stock for a total consideration of $502,500. The breakdown they say will be capital, $300,000; surplus, $150,000 and undivided profits, $52,500, making the total.

City Ponders Overtime Pay For Workers

City councilmen Monday night pondered overtime pay for city employees called onto overtime jobs.

Net result of the discussion was a decision to study the matter, then offer a plan within several weeks that will furnish guidelines to employees, bosses and City Hall personnel.

The matter came to a head when overtime approval was asked by two departments for two men. It was granted.

And, it was disclosed that the city pays $1.50 per hour for overtime. The flat sum regardless if regular salary schedule is more than that per hour. Bosses get no overtime.

The city is not affected by the wage and hour law.

Councilman Clarence King asked for a detailed breakdown of garbage collection costs, including trash. He asked City Clerk Lucille Shockley to prepare costs, including that of trucks and employees involved.

Councilman George Border told King he could be assured that the garbage and trash collection is "not a paying proposition."

Avon Archers were assured, if their insurance is in effect, their temporary use of an airport site is still good. E. W. Schoonard, Archers president, asked if the group could still use the property as the arch-

Mark M. Wheeler, who has been with Florida Power Corporation 19 of his 27 years in the utility business, the last 15 years as a member of the company's community development department, will be the dinner speaker.

Several chamber of commerce in the FPC area were assisted in their formation by Wheeler and his department. Many daily receive his assistance.

He is a leader in and has assisted many civic and charitable drives in his home county of Pinellas. He was named the Outstanding Civitan of the Year in 1952 at St. Petersburg, and in 1953 the St. Petersburg Jaycees named him the Outstanding Citizen of the city.

Wheeler has been a member of Pinellas County Park Board 13 years, eight of which he has been its chairman. There are eight parks and more than 1,500 acres under his supervision, including the 884-acre Fort DeSoto Park.

He also has received several other awards for his promotional work of various areas and parks.

Melvin Bass Remains In Critical Condition In Lakeland Hospital

Melvin Bass, 32, popular Avon Park businessman injured in the explosion of a parachute flare last Saturday morning, remains in serious condition at a Lakeland hospital.

Bass, turkey hunting at the Avon Park Bombing and Gunnery Range where a Wildlife Game Management Area is located, suffered critical injuries to the left side of his face in the explosion.

Surgeons who spent 5½ hours with him in the hospital operating after he was rushed to Lakeland in efforts to save his life, friends said, are attempting to save his hand damaged in the blast.

Bass, married and father of several children, also suffered a fractured skull from the force of the explosion, it is understood.

The accident occured early Saturday when he found an unexploded parachute flare, friends said, and, they quoted him as saying, he pulled on a line protruding from the case.

Beside the badly shattered left jaw and injured hand, Bass suffered arm injuries beside the mutilated hand.

His condition, termed critical following the accident, remains in that situation but his doctors now express hopes for his recovery.

When the area was opened last Saturday for several weekends for turkey hunting Game and Fresh Water Commission officials issued warnings to Range visitors to avoid any military object seen lying on the ground.

Now, Major M. R. Harden, commanding officer of the Avon Park Bombing Range, has reiterated a warning frequently issued by the Air Force, in charge of the Range, adding it to that of Richard McClelland, Game and Fish Commission specialist. Major Harden said, hunters are warned "not touch or closely approach any military device found on the Management Area lands regardless of how harmless it may appear."

Ridge League Of Municipalities Dines Here

Approximately 110 members, officers and guests of the Ridge League of Municipalities attended the monthly dinner meeting at the Avon Elementary School Cafeteria last Thursday night.

The City of Avon Park entertained the League at a buffet dinner, with the city's official family acting as hosts.

Majority of the 25 cities and towns which are League members were represented, a number having a several officials present, along with a number of guests.

Polk County Rep. Lawton Chiles Jr., expressed confidence during his discussion of the special session of Legislature that federal courts will accept the 48 senator - 117 representative plan the session offered.

It comes near meeting, Chiles said, the criteria demanded by the U. S. Supreme Court when it tossed out the reapportionment plan the last Legislature adopted.

He remarked on the lopsided county distribution in referring to the one-man, one-vote edict, noting that in two districts senate candidates will have to represent as many as

RULING MAY AFFECT MANY

While state legislators put on their wrestling exhibition with the knotty reapportionment problem, a Leon County circuit judge issued a ruling that could affect more people more directly than anything the legislature may do in the next week.

Judge Hugh Taylor ordered state Comptroller Fred O. Dickinson to refuse to accept all county tax rolls where property assessment levels show an "intentional and systematic undervaluation."

The judge held that undervaluation of property for tax purposes can be grounds for suspension of a county assessor, and said the comptroller could go to court in any county to force its tax assessor to comply with state law requiring 100 per cent valuations.

This would seem to make the comptroller a sort of state tax assessor, with almost unlimited power to enforce the law.

But, wait. The court also told Dickinson he must "recognize that the values of items of property are in some degree matters of opinion, and he should not attempt to substitute his opinion for that of a local assessor of taxes whose assessments are honestly made."

That brings us abruptly back to the point where the ideal of uniform tax assessment has always foundered.

Regardless of how the legislature and the courts have attempted to define "full cash value," "fair market value," or "just value,"—and they have tried—fairness or justness of tax assessments in the various counties has always hinged on the individual opinions of tax assessors.

There seems to be little in the new ruling that would change this.

The judge did say the comptroller was not bound by Railroad Assessment Board figures on assessment levels. On the contrary, he said, the comptroller has the duty to make studies for himself on which to form a considered judgment as to the level of each county's taxes.

But how he could apply such judgment without substituting his opinion for that of a local tax assessor is not clear.

Outright rejection of under-assessed tax rolls still seems to be the only potent club available to the comptroller, and its use could throw county governments into chaos.

Basically, this seems to be a judicial attempt to reap the benefits of a State Tax Commission without actually establishing such a commission by law.

The need for uniform tax assessments in counties is obvious. Lack of it denies taxpayers of certain counties equal protection of the law. An example is the 17-county Central and Southern Florida Flood Control District, where a fixed millage is levied against widely-varying assessment levels.

The need was recognized long ago, and several attempts have been made to meet it—without success. Several years ago, a gubernatorial campaign issue was a State Tax Commission which would have placed the responsibility in Tallahassee. Grass roots opposition killed it.

In 1957, then-Gov. LeRoy Collins urged the legislature to set up a State-Local Board of Property Assessments. Citizen and legislative sentiment killed that one too.

Subsequently Collins created a furor by threatening to remove any county tax assessor who failed to assess at "full cash value," but he later modified the edict by saying he would insist on compliance only after a "good definition" of the term could be found.

None ever was, apparently; no assessors were removed. And today the assessor is still the final authority unless it can be shown that his "opinion" on assessment levels is an intentional effort to defeat the state law.

Next round of the battle will be in the Florida Supreme Court. If it merely affirms the lower court's ruling, nothing much will have been accomplished toward abating the din of inequity.

Report of James A. Haley, Congressman, 7th District

WASHINGTON—If the Federal Bureau of Investigations' annual report on the nationwide increase in cream was a shocker—and it was—the timely followup of President Johnson's proposals for doing something about this too-long neglected situation is gratifying.

The President's message to Congress embraced a wide-ranging program of police, court, prison and law reforms as part of an intensified war on crime. It is my sincere hope that Congress will take up, as soon as possible, this long-needed program, seriously and with as little politics as possible.

But this is not just a matter for Congress, nor for state legislatures, city councils—nor for federal, state and local law enforcement agencies. This is a problem which faces all of us—schools, churches, parents—and one which will never be solved until it has become the unanimous concern of the entire population.

The FBI report for the calendar year 1965 showed a nationwide rise of 5 percent in the crime index over 1964 and, for the country as a whole, all crime classifications were up on volume. The violent crimes showed increases of 6 percent in murder, 7 percent in criminal assaults, 5 percent in robbery and 3 percent in aggravated assault.

As a Southerner, there was one very heartening thing about the report to me—although, as usual, this was not given any attention in the national press, which seems willing to report on the South only when the news is bad. The fact is that the report showed only a 1 percent increase in crime in the South, compared with 9 percent for the Western States, 7 percent for the Northern states, and 3 percent for the North Central States.

But as citizen of the United States, and particularly as a resident of Washington for the greater part of each year, there was this very distressing feature of the report: It showed that crime in the District of Columbia rose—for the umpteenth straight year—by 11 percent. This is a horrible situation for a national capital which should be not only a model for the whole country, but for the whole world as well.

Happily, President Johnson recognized this situation in his message to Congress, and made certain special recommendations for both immediate and long-range programs to curb a crime situation which has gotten almost completely out of hand here.

Certainly something must be done to take Washington out of the category of a jungle where crime is so rampant that it is unsafe to walk any street at all at night and even some streets in daylight—where violence is so prevalent that it occurs even in the Capitol grounds, or in sight of the White House, and in the areas of memorials to such great Americans of the past as Washington, Jefferson and Lincoln.

One badly needed step in this direction, apparently, can be taken only by the courts. Most crimes of hoodlum-type violence—muggings, yokings and the like—are committed here by juveniles. And it is quite noticeable that vast numbers of these young criminals, when apprehended, turn out to be already under arrest—but at liberty under trifling bonds—on earlier charges of similar acts of violence. I do not know the answer—but I do know that the courts must find one if Washington ever is to become the crime-free showplace the President wants it to become.

Five of the largest counties in the state will have approximately 50 percent of the representation in the house and senate, he continued.

While the representatives reached a decision rather rapidly on house seating most of the special session was devoted to rearranging a satisfactory seating in the senate, he noted.

No-Hitter Tossed At AP

Two Winter Haven pitchers teamed up to hurl a no-hitter at the Avon Park Red Devils at Head Field Tuesday night as the Class AA Polk County school defeated the local baseball team 4-1.

Winter Haven nine got six hits off Devil starter Emmitt Money and reliefer Mike Knapp for four runs. Blue Devil catcher Rick Anderson connected for a triple, double, and single driving in three of his team's four runs.

Red Devil catcher Carl Holden scored Avon Park's lone run in the bottom of the fourth. He drew a walk, advanced to second on a sacrifice bunt by Ronnie Jackson, and scored from second on an error at first on Bobby Coleman's slow dribbler down first.

The loss set Avon Park's record at 2-1 and gave Winter Haven a 3-1 mark.

Avon Park's "B" team won in an afternoon contest at Head Field Tuesday taking Okeechobee 9-2 in the first jayvee action of the season. The Devil "Bees" play nere Friday afternoon at 4 p.m. against Wauchula.

Letters To Editor

What Type Movie Wanted

The following movies have been shown over the last four months at the Hilans Theatre: So Dear To My Heart; Git; Ole Yeller; Shenandoah; Billie; The Hallelujah Trail; Fluffy; World of Abbot and Costello; How The West Was Won; Sons of Katie Elder: all good family type movies. All have the critics highest ratings for family entertainment. How many of the above have been seen?

Hollywood is spending millions in "Family Type Movies," and is losing millions because the public will not support them with their attendance. Only a small number of people attend the above type and the motion picture industry, like any other industry, must produce what the public pays to see, if they expect to stay in business.

Now, even now, Hollywood is still releasing and theatres are still showing family movies to see if the public is ready to support them.

The Hilans Theatre's policy is to present to this area a variety of movies so that our customers will have a choice. We play adult type pictures but we also play good family type movies. Yet, it is the adult type pictures which attract the comments. It is a rare day that we ever hear anything nice said about our family pictures. Please remember that the only way we have of knowing what the majority wish to see is by our attendance.

Eventually this gets back to Hollywood, where the producers select story properties, produce, and distribute the type that brings the largest crowds to the theaters.

Summing up the above, there are many programs the Hilans Theatre will not exhibit even though we know large box office grosses would result. If people, therefore, are interested in family entertainment, they should bring their children and attend as a family. When this happens, all can be rest assured of more and more family type movies from Hollywood.

Sincerely,
Mona DuPree, Manager
Hilans Theatre

REP. WILBUR BOYD

Rep. Boyd Announces For State Senate

Rep. Wilbur Boyd of Palmetto who has represented Manatee County in the House for the past eight years announced his candidacy for Senate in District 28 which embraces Highlands, Desoto, Hardee, Manatee and Sarasota Counties.

Boyd is a Democrat and a lifelong resident of Palmetto.

Boyd stated that with his experience and background in agriculture and business he believes he can make a good senator for this district.

He said there are three things that he will do if elected.

First "I will vigorously represent the people of this district; second I will use the best business judgment that I have in pursuing the responsibilities of this important office, and third I will always remember that the office I temporarily hold belongs to the people and no one else.

He has been active in civic affairs in Manatee County for years—past president of Palmetto Kiwannis, Palmetto Jaycee's and Manatee County Boys Club and past chairman of Manatee County Democratic Party.

He has received Good Government awards from both Manatee County Jaycee clubs; selected by the Florida press as one of the outstanding members of the House.

He is 38, married to former Fay Tuten of Hamilton County in north Florida, and has four children, three girls and a boy.

A Methodist, he is past chairman of board of stewards at Palmetto First Methodist Church.

Boyd's grandfather, grandmother and father and mother, were reared in Hardee and Desoto Counties.

Kelly Pleased By Results Of Straw Votes

Former State Sen. Scott Kelly, candidate for governor, said he is "highly pleased" with the results of two university straw votes which showed him leading all other candidates by a substantial margin.

Voting at the University of Florida Law School at Gainesville gave Kelly 177 votes to 154 for Miami candidate Robert King High and 105 for incumbent Gov. Haydon Burns.

A total of 34 votes in that poll were split among a number of people who are not running for the post.

At Florida State University, Tallahassee, a straw vote conducted in conjuction with the student body elections, gave Kelly an even wider margin.

Totals there were 1,140 for Kelly, 971 for High, 311 for Burns and 68 for Claude Kirk, Republican candidate from Jacksonville.

"Naturally I am highly pleased with those results but I fully realize the election is in May at the official ballot boxes, and that's the one we're working for," Kelly said.

The Lakeland businessman said he attributed his good showing in the university straw votes to "acceptance of my overall program giving top priority to education plus an overall dissatisfaction with the present administration."

Kelly said the results of the polls indicate that his campaign is gaining momentum.

Another straw vote held in conjunction with student body elections at Polk Junior College at Bartow gave Kelly 190 votes to 55 for High and 40 for Burns.

A University of Florida student body election poll conducted a month ago placed Kelly in second place with 2,032 votes, slightly behind High who had 2,258 votes "which again underscores the fact that we are gaining statewide support rapidly when you compare the earlier polls with the most recent ones," Kelly concluded.

Girl Scout Rededication Rites Held

Last Sunday at the Union Congregational Church 50 Avon Park Girl Scouts and their leaders rededicated themselves to the Christian principles of Scouting.

In an impressive ceremony, the girls marched into the church followed by the color guard carrying the Christian flag, the American flag and the troop flags. Flag bearers were Marian Lincango, Lindy Barben, Lani Newton, Rita Rich and Denise Carlisle.

Cadette Scout Janet James led the Scouts and congregation in the Pledge of Allegiance.

After the girls had rededicated themselves to Scouting by repeating their oath, they sang "When're You Make A Promise," led by Cadette Scout Winnie Davis and accompanied by David Sechrist on the cello.

An inspiring address was given by Mrs. Harlan Herbert of Lakeland, field advisor of the Heart of Florida Girl Scout Council.

Rev. Herbert D. Graetz charged the girls and leaders with keeping their promise and laws within the ideals and teachings of the church.

Red Cross Still Needs Dollars

The Red Cross appeal in Avon Park has received approximately 70 percent of its goal, according to George Walper, chairman.

Citing service given citizens of Avon Park by Highlands County Chapter of the Red Cross, Mr. Walper noted during the past seven months the case load of service to the military forces averaged approximately 50 percent of all cases. A large percentage of these cases, involved Avon Park men.

Red Cross summer swimming instruction, he added, is a benefit available to children of Avon Park. Last summer these classes were also conducted at Camp Wingmann. A total of 298 certificates were issued since Jan. 1, 1965. These were earned by Boy and Girl Scouts, city firemen, school bus drivers, and others.

Those desiring to join the Red Cross may contact either the Red Cross office, 19 N. Commerce, Sebring, or Fund Chairman, Box A, Avon Park.

Lions Learn About Paper

Gus Roberts, a member of the Lions International, discussed the making of paper during the Avon Park Lions Club meeting recently in the new 38-foot addition to the clubhouse.

Roberts started in the paper industry in 1918 as a timekeeper, working his way up to eventually become plant traffic manager. He was employed by the A. W. Paper Co., retiring after 25 years with the firm.

He displayed numerous varieties of finished paper and its uses in industry.

He also showed materials used in the manufacture of paper supplied by the Eagle A Paper Division of the Brown Co., including rosin, rags, glue woodpulp and various other ingredients. Roberts told of how they are added as pulp is produced from which the finished product finally rolls

The club, during a short business meeting, set aside the next meeting night to the Sebring Grand Prix concession planning.

Addition the clubhouse includes a kitchen, special soundproof ceiling and fluorescent lighting.

A number of club members worked on the construction while Clay Viles and Dick Enoch were on the job at all times.
